FINANCIAL INSTITUTIONS, INC.

Financial Institutions, Inc. is a financial holding company organized in 1931 under the laws of New York State. We offer a broad array of deposit, lending and other financial services to individuals, municipalities and businesses in Western and Central New York through our wholly-owned New York-chartered banking subsidiary, Five Star Bank (the Bank). The Bank has also expanded its indirect lending network to include relationships with franchised automobile dealers in the Capital District of New York and Northern Pennsylvania. Additionally, the Bank has formed a wholly-owned subsidiary, Five Star REIT, Inc., which is a special purpose real estate investment trust. We also offer insurance services through our wholly-owned insurance subsidiary, Scott Danahy Naylor, LLC, a full service insurance agency. Our executive offices are located at 220 Liberty Street, Warsaw, New York.

Our Business Strategy

Our business strategy has been to maintain a community bank philosophy, which consists of focusing on and understanding the individualized banking needs of individuals, municipalities and businesses of the local communities surrounding our banking centers. We believe this focus allows us to be more responsive to our customers' needs and provide a high level of personal service that differentiates us from larger competitors, resulting in long-standing and broad-based banking relationships. Our core customers are primarily comprised of small- to medium-sized businesses, individuals and community organizations who prefer to build a banking relationship with a community bank that offers and combines high quality, competitively-priced banking products and services with personalized service. Because of our identity and origin as a locally operated bank, we believe that our level of personal service provides a competitive advantage over larger banks, which tend to consolidate decision-making authority outside local communities.

A key aspect of our current business strategy is to foster a community-oriented culture where our customers and employees establish long-standing and mutually beneficial relationships. We believe that we are well-positioned to be a strong competitor within our market area because of our focus on community banking needs and customer service, our comprehensive suite of deposit and loan products typically found at larger banks, our highly experienced management team and our strategically located banking centers. A central part of our strategy is generating core deposits to support growth of a diversified and high-quality loan portfolio.

REGULATION AND SUPERVISION

The Bank is a New York-chartered commercial bank and its deposit accounts are insured by the Deposit Insurance Fund (the DIF) of the Federal Deposit Insurance Corporation (the FDIC). The Bank is a member of the Federal Reserve Bank and Federal Home Loan Bank systems and is regulated by the New York State Department of Financial Services (NYSDFS). The Company and the Bank are subject to extensive regulation under federal and state laws. The regulatory framework is intended primarily for the protection of depositors, federal deposit insurance funds and the banking system as a whole and not for the protection of shareholders and creditors. Asset growth, deposits, reserves, investments, loans, consumer law compliance, issuance of securities, payment of dividends, establishment of banking offices, mergers and consolidations, changes in control, electronic funds transfer, management practices and other aspects of operations are subject to regulation by the appropriate federal and state supervisory authorities.

As a bank holding company, we are subject to the Bank Holding Company Act of 1956, as amended (BHCA), and the rules and regulations of the Board of Governors of the Federal Reserve System (Federal Reserve Board). We are required to file reports with, and otherwise comply with the rules and regulations of the Federal Reserve Board and the SEC.

Table of Contents

The Bank must file reports with the NYSDFS and Federal Reserve Board concerning its activities and financial condition, in addition to obtaining regulatory approvals before entering into certain transactions such as mergers with, or acquisitions of, other depository institutions. Furthermore, the Bank is periodically examined by the NYSDFS and the Federal Reserve Board to assess compliance with various regulatory requirements, including safety and soundness considerations. This regulation and supervision establishes a comprehensive framework of activities in which the Bank can engage, and is intended primarily for the protection of the DIF and depositors rather than for the protection of security holders. The regulatory structure also gives the regulatory authorities extensive discretion in connection with their supervisory and enforcement activities and examination policies, including policies with respect to the classification of assets and the establishment of loan loss allowances for regulatory purposes.

These regulatory authorities have extensive enforcement authority over the institutions that they regulate to prohibit or correct activities that violate law, regulation or a regulatory agreement or which are deemed to be unsafe or unsound banking practices. Enforcement actions may include the appointment of a conservator or receiver, the issuance of a cease and desist order, the termination of deposit insurance, the imposition of civil money penalties on the institution, its directors, officers, employees and institution-affiliated parties, the issuance of directives to increase capital, the issuance of formal and informal agreements, the removal of or restrictions on directors, officers, employees and institution-affiliated parties, and the enforcement of any such mechanisms through restraining orders or other court actions. Any change in laws and regulations, whether by the NYSDFS, the FDIC, the Federal Reserve Board or through legislation, could have a material adverse impact on us, our operations and our stockholders.

Because we are a holding company, our rights and the rights of our creditors and the holders of the securities we are offering under this prospectus to participate in the assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization will be subject to the prior claims of the subsidiary's creditors, except to the extent that we may ourselves be a creditor with recognized claims against the subsidiary.

In addition, dividends, loans and advances from the Bank to us are restricted by federal law.

The preceding was a brief summary of the regulatory framework applicable to us and our subsidiaries. For a more detailed discussion of the material elements of the regulatory framework applicable to bank holding companies and their subsidiaries, and specific information relevant to us and the Bank, you should refer to the Form 10-K, and any other subsequent reports filed by us with the SEC, which are incorporated by reference in this prospectus.

Table of Contents**RISK FACTORS**

Investing in our securities involves risks. Before making an investment decision, you should carefully consider the specific risks set forth under the caption "Risk Factors" in the applicable prospectus supplement and under the caption "Risk Factors" in our filings with the SEC, which are incorporated by reference into this prospectus.

RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth our historical ratio of earnings to fixed charges and our ratio of combined fixed charges and preferred stock dividends to earnings. You should read this table in conjunction with the consolidated financial statements and notes to the consolidated financial statements that are incorporated by reference into this prospectus.

A statement setting forth details of the computation of the ratios below is included as Exhibit 12.1 to the registration statement.

	Years Ended December 31,				
	2014	2013	2012	2011	2010
Ratio of Earnings to Fixed Charges					
Including interest on deposits	5.94	5.79	4.63	3.49	2.68
Excluding interest on deposits	26.49	29.80	31.88	15.78	10.17
Ratio of Earnings to Combined Fixed Charges and Preferred Stock Dividends					
Including interest on deposits	4.77	4.54	3.77	2.90	2.12
Excluding interest on deposits	11.67	11.23	10.84	7.12	4.16

We have computed the ratio of earnings to combined fixed charges and preferred stock dividends set forth above by dividing pre-tax income before fixed charges and preferences by fixed charges and preference dividends. Fixed charges are the sum of:

interest expensed and capitalized;

amortized premiums, discounts and capitalized expenses related to indebtedness;

an estimate of the interest within rental expense; and

preference security dividend requirements of consolidated subsidiaries.

DESCRIPTION OF DEBT SECURITIES

General

We may issue senior debt securities or subordinated debt securities. Senior debt securities will be issued under an indenture, referred to as the senior indenture, and subordinated debt securities will be issued under a separate indenture, referred to in this section as the subordinated indenture. The senior indenture and the subordinated indenture are collectively referred to in this section as the indentures. The senior debt securities and the subordinated debt securities are collectively referred to in this section as the debt securities. The debt securities will be our direct unsecured general obligations.

This prospectus describes the general terms and provisions of the debt securities. When we offer to sell a particular series of debt securities, we will describe the specific terms of the securities in a supplement to this prospectus. The prospectus supplement will also indicate whether the general terms and provisions described in this prospectus apply to a particular series of debt securities.

The following briefly describes the general terms and provisions of the debt securities and the indentures. We have not restated these indentures in their entirety in this description. We have filed the forms of the indentures, including the forms of debt securities, as exhibits to the registration statement of which this prospectus is a part. We urge you to read the indentures, because they, and not this description, control your rights as holders of the debt securities. The following description of the indentures is not complete and is subject to, and qualified in its entirety by reference to, all the provisions in the respective indentures. Capitalized terms used in the summary have the meanings specified in the indentures.

Neither indenture limits the amount of debt securities that we may issue under the indenture from time to time in one or more series. We may in the future issue debt securities under either indenture. As of the date of this prospectus, we had not issued any debt securities under either indenture.

Neither indenture contains provisions that would afford holders of debt securities protection in the event of a sudden and significant decline in our credit quality or a takeover, recapitalization or highly leveraged or similar transaction. Accordingly, we could in the future enter into transactions that could increase the amount of indebtedness outstanding at that time or otherwise adversely affect our capital structure or credit rating.

The debt securities will be exclusively our obligations. Neither indenture requires our subsidiaries to guarantee the debt securities. As a result, the holders of debt securities will generally have a junior position to claims of all creditors and preferred shareholders of our subsidiaries.

Terms of Each Series of Debt Securities Provided in the Prospectus Supplement

A prospectus supplement and any supplemental indenture relating to any series of debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

the form and title of the debt securities;

whether the debt securities are senior debt securities or subordinated debt securities and the terms of subordination;

the principal amount of the debt securities;

the denominations in which the debt securities will be issued;

the portion of the principal amount which will be payable if the maturity of the debt securities is accelerated;

the currency or currency unit in which the debt securities will be paid, if not U.S. dollars;

Table of Contents

any right we may have to defer payments of interest by extending the dates payments are due and whether interest on those deferred amounts will be payable as well;

the place where the principal of, and premium, if any, and interest on any debt securities will be payable;

the date or dates on which the debt securities will be issued and the principal, and premium, if any, of the debt securities will be payable;

the rate or rates which the debt securities will bear interest and the interest payment dates for the debt securities;

any mandatory or optional redemption provisions;

the terms, if any, upon which the debt securities are convertible into other securities of ours or another issuer and the terms and conditions upon which any conversion will be effected, including the initial conversion price or rate, the conversion period and any other provisions in addition to or instead of those described in this prospectus;

any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;

any deletion from, changes of or additions to the covenants or the Events of Default (as defined below) under *Provisions in Both Indentures* *Events of Default and Remedies* ;

any changes to the terms and conditions upon which the debt securities can be defeased or discharged;

any restriction or other provision with respect to the transfer or exchange of the debt securities;

the identity of any other trustee, paying agent and security registrar, if other than the trustee; and

any other terms of the debt securities.

We will maintain in each place specified by us for payment of any series of debt securities an office or agency where debt securities of that series may be presented or surrendered for payment, where debt securities of that series may be surrendered for registration of transfer or exchange and where notices and demands to or upon us in respect of the debt securities of that series and the related indenture may be served.

Debt securities may be issued under an indenture as original issue discount securities to be offered and sold at a substantial discount below their principal amount. Material federal income tax, accounting and other considerations applicable to any such original issue discount securities will be described in any related prospectus supplement.

Original issue discount security means any security which provides for an amount less than the principal amount thereof to be due and payable upon a declaration of acceleration of the maturity thereof as a result of the occurrence of an Event of Default and the continuation thereof.

Provisions Only in the Senior Indenture

Payment of the principal, premium, if any, and interest on the unsecured senior debt securities will rank equally in right of payment with all of our other unsecured senior debt.

Provisions Only in the Subordinated Indenture

Payment of the principal, premium, if any, and interest on the subordinated debt securities will be unsecured and will be subordinate and junior in priority of payment to prior payment in full of all of our senior indebtedness, including senior debt securities and other debt to the extent described in a prospectus supplement.

Provisions in Both Indentures

Consolidation, Merger or Asset Sale

Each indenture generally allows us to consolidate or merge with a domestic person, association or entity. They also allow us to sell, lease or transfer our property and assets substantially as an entirety to a domestic person, association or entity. If this happens, the remaining or acquiring person, association or entity must assume all of our responsibilities and liabilities under the indentures including the payment of all amounts due on the debt securities and performance of the covenants in the indentures.

However, we will only consolidate or merge with or into any other person, association or entity, or sell, lease or transfer our assets substantially as an entirety according to the terms and conditions of the indentures, which require that:

the remaining or acquiring person, association or entity is organized under the laws of the United States, any state within the United States or the District of Columbia;

the remaining or acquiring person, association or entity assumes our obligations under the indentures; and

immediately after giving effect to the transaction, no Default or Event of Default, as defined below, shall have occurred and be continuing.

The remaining or acquiring person, association or entity will be substituted for us in the indentures with the same effect as if it had been an original party to the indentures. Thereafter, the successor may exercise our rights and powers under the indentures, in our name or in its own name. If we sell or transfer all or substantially all of our assets, we will be released from all our liabilities and obligations under any indenture and under the debt securities. If we lease all or substantially all of our assets, we will not be released from our obligations under the indentures.

Events of Default and Remedies

Pursuant to the indentures, **Default** with respect to any series of debt securities means any event which is an Event of Default, or any event that, after notice is given or lapse of time or both, would become an Event of Default. The term **Event of Default** with respect to any series of debt securities means any of the following:

failure to pay the principal of or any premium on any debt security of that series when due;

failure to pay interest on any debt security of that series for 30 days;

subject to certain exceptions, failure to perform any other covenant in the indenture, other than a covenant default in the performance of which has expressly been included in the indenture solely for the benefit of series of debt securities other than that series, that continues for 90 days after being given written notice as

specified in the indenture;

our bankruptcy, insolvency or reorganization; or

any other Event of Default included in any indenture or supplemental indenture.

If an Event of Default with respect to a series of debt securities occurs and is continuing, the trustee or the holders of at least 25% in principal amount of all of the outstanding debt securities of a particular series may declare the principal of all the debt securities of that series to be due and payable. When such declaration is made, such amounts will be immediately due and payable. The holders of a majority in principal amount of the outstanding debt securities of such series may rescind such declaration and its consequences if all existing Events of Default have been cured or waived, other than nonpayment of principal or interest that has become due solely as a result of acceleration. Upon a bankruptcy event of us, the principal amount of all debt securities shall be immediately due and payable.

Table of Contents

Holders of a series of debt securities may not enforce the indenture or the series of debt securities, except as provided in the indenture or a series of debt securities. The trustee may require indemnity satisfactory to it before it enforces the indenture or such series of debt securities. Subject to certain limitations, the holders of a majority in principal amount of the outstanding debt securities of a particular series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power of the trustee. The trustee may withhold notice to the holders of debt securities of any default, except in the payment of principal or interest, if it considers such withholding of notice to be in the best interests of the holders.

An Event of Default for a particular series of debt securities does not necessarily constitute an Event of Default for any other series of debt securities issued under an indenture. Further, an Event of Default under the debt securities of any series will not necessarily constitute an event of default under our other indebtedness or vice versa.

Modification of Indentures

Under each indenture, generally we and the trustee may modify our rights and obligations and the rights of the holders with the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of any series affected by the modification, voting as one class. No modification of the principal or interest payment terms, no modification reducing the percentage required for modifications and no modification impairing the right to institute suit for the payment on debt securities of any series when due, is effective against any holder without its consent.

In addition, we and the trustee may amend the indentures without the consent of any holder of the debt securities to make certain technical changes, such as:

curing ambiguities or correcting defects or inconsistencies;

evidencing the succession of another person to us, and the assumption by that successor of our obligations under the applicable indenture and the debt securities of any series;

providing for a successor trustee;

qualifying the indentures under the Trust Indenture Act of 1939, as amended, which we refer to in this prospectus as the Trust Indenture Act ;

complying with the rules and regulations of any securities exchange or automated quotation system on which debt securities of any series may be listed or traded; or

adding provisions relating to a particular series of debt securities.

Discharging Our Obligations

We may choose either to discharge our obligations on the debt securities of any series in a legal defeasance, or to release ourselves from our covenant restrictions on the debt securities of any series in a covenant defeasance. We may

do so at any time on the 91st day after we deposit with the trustee sufficient cash or government securities to pay the principal, interest, any premium and any other sums due to the stated maturity date or a redemption date of the debt securities of the series. If we choose the legal defeasance option, the holders of the debt securities of the series will not be entitled to the benefits of the indenture except for registration of transfer and exchange of debt securities, replacement of lost, stolen or mutilated debt securities, conversion or exchange of debt securities, sinking fund payments and receipt of principal and interest on the original stated due dates or specified redemption dates.

We may discharge our obligations on the debt securities of any series or release ourselves from covenant restrictions only if we meet certain requirements. Among other things, we must deliver an opinion of our legal counsel that the discharge will not result in holders having to recognize taxable income or loss or subject them to

Table of Contents

different tax treatment. In the case of legal defeasance, this opinion must be based on either an IRS letter ruling or change in federal tax law. We may not have a default on the debt securities discharged on the date of deposit. The discharge may not violate any of our agreements. The discharge may not result in our becoming an investment company in violation of the Investment Company Act of 1940.

Information Concerning the Indenture Trustee

We will designate a trustee under the senior indenture and the subordinated indenture before the issuance of the debt securities.

Under provisions of the indentures and the Trust Indenture Act governing trustee conflicts of interest, any uncured Event of Default with respect to any series of senior or subordinated debt securities will force the trustee to resign as trustee under either the subordinated indenture or the senior indenture. Any resignation will require the appointment of a successor trustee under the applicable indenture in accordance with its terms and conditions.

The trustee may resign or be removed by us with respect to one or more series of debt securities and a successor trustee may be appointed to act with respect to any such series. The holders of a majority in aggregate principal amount of the debt securities of any series may remove the trustee with respect to the debt securities of such series.

Each indenture contains certain limitations on the right of the trustee thereunder, if it becomes our creditor, to obtain payment of claims in some cases, or to realize on property received in respect of any such claim, as security or otherwise.

The trustee is required to submit an annual report to the holders of the debt securities regarding, among other things, the trustee's eligibility to serve, the priority of the trustee's claims regarding certain advances made by it, and any action taken by the trustee materially affecting the debt securities.

Each indenture provides that, in addition to other certificates or opinions that may be specifically required by other provisions of an indenture, every application by us for action by the trustee shall be accompanied by a certificate of our officers and an opinion of counsel, who may be our counsel, stating that, in the opinion of the signers, we have complied with all conditions precedent to the action.

Governing Law

The indentures are and the debt securities will be governed by the laws of the State of New York.

No Personal Liability of Officers, Directors, Employees or Shareholders

Our officers, directors, employees and shareholders will not have any liability for our obligations under the indentures or the debt securities by way of his or her status. Each holder of debt securities, by accepting a debt security, waives and releases all such liability. The waiver and release are part of the consideration for the issuance of the debt securities.

Form, Denominations and Registration; Global Securities; Book Entry Only System

Unless otherwise indicated in a prospectus supplement, the debt securities of a series will be issued only in fully registered form, without coupons, in minimum denominations of \$1,000 or integral multiples in excess thereof. You will not have to pay a service charge to transfer or exchange debt securities of a series, but we may require you to pay

for taxes or other governmental charges due upon a transfer or exchange.

Table of Contents

Unless otherwise indicated in a prospectus supplement, each series of debt securities will be deposited with, or on behalf of, The Depository Trust Company, or DTC, or any successor depository, which we call a depository, and will be represented by one or more global notes registered in the name of Cede & Co., as nominee of DTC. The interests of beneficial owners in the global notes will be represented through financial institutions acting on their behalf as direct or indirect participants in DTC.

Ownership of beneficial interests in a global note will be limited to persons, called participants, who have accounts with DTC or persons who hold interests through participants. Ownership of beneficial interests in the global notes will be shown on, and the transfer of these ownership interests will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

So long as DTC, or its nominee, is the registered owner or holder of a global note, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities of that series represented by such global note for all purposes of the indenture, the debt securities of that series and applicable law. In addition, no beneficial owner of an interest in a global note will be able to transfer that interest except in accordance with DTC's applicable procedures, in addition to those under the applicable indenture.

Payments on debt securities represented by global notes will be made to DTC or its nominee, as the registered owner thereof. Neither we, the trustee, any underwriter nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in global notes, for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any action taken or omitted to be taken by the depository or any participant.

We expect that DTC or its nominee will credit participants' accounts on the payable date with payments in respect of a global note in amounts proportionate to their respective beneficial interest in the principal amount of such global note as shown on the records of DTC or its nominee, unless DTC has reason to believe that it will not receive payment on the payable date. We also expect that payments by participants to owners of beneficial interests in such global note held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in street name. Such payments will be the responsibility of such participants.

Transfers between participants in DTC will be effected in accordance with DTC rules. The laws of some states require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer beneficial interests in a global note to such persons may be impaired. Because DTC can only act on behalf of participants, who in turn act on behalf of others, such as securities brokers and dealers, banks and trust companies, called indirect participants, the ability of a person having a beneficial interest in a global note to pledge that interest to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of that interest, may be impaired by the lack of a physical certificate of that interest.

DTC will take any action permitted to be taken by a holder of debt securities of a series only at the direction of one or more participants to whose account interests in global notes are credited and only in respect of such portion of the aggregate principal amount of the debt securities of a series as to which such participant or participants has or have given such direction.

If: (1) the depository notifies us that it is unwilling or unable to continue as depository or if the depository ceases to be eligible under the applicable indenture and a successor depository is not appointed by us within 90 days; or (2) an Event of Default with respect to a series of debt securities shall have occurred and be continuing, the respective global

notes representing the affected series of debt securities will be exchanged for debt securities in definitive form of like tenor and of an equal aggregate principal amount, in authorized denominations. Such definitive debt securities will be registered in such name or names as the depositary instructs the trustee. Such instructions will most likely be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in global notes.

Table of Contents

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its direct participants, including those who may act as underwriters of our debt securities, and by the New York Stock Exchange, Inc., the NYSE MKT LLC and the Financial Industry Regulatory Authority. Access to the DTC system is also available to others such as indirect participants that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

Although DTC has agreed to the foregoing procedures to facilitate transfers of interests in global notes among participants of DTC, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we, the trustee, any underwriter nor any paying agent will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

DESCRIPTION OF COMMON STOCK

Introduction

The following section describes the material features and rights of our Common Stock. The summary does not purport to be exhaustive and is qualified in its entirety by reference to our Certificate of Incorporation and our By-laws, each of which is filed as an exhibit to the Registration Statement of which this prospectus is a part, and to applicable sections of the Business Corporation Law of the State of New York, which we refer to as the NYBCL.

General

We are authorized to issue up to 50,000,000 shares of Common Stock. Each share of Common Stock entitles the holder to the same rights, and is the same in all respects, as each other share of Common Stock. Holders of Common Stock are entitled to: (1) one vote per share on all matters requiring a shareholder vote; (2) a ratable distribution of dividends, if and when, declared by the board of directors (the Board); and (3) in the event of a liquidation, dissolution or winding up of us, to share ratably in all assets remaining after holders of shares of Preferred Stock have received the liquidation preference of their shares plus accumulated but unpaid dividends (whether or not earned or declared), if any, and after all of our other indebtedness has been provided for or satisfied. Holders of Common Stock do not have cumulative voting rights with respect to the election of directors and have no preemptive rights to acquire any of our additional, unissued or treasury shares or our securities convertible into or carrying a right to subscribe for or acquire our shares of capital stock. The shares of Common Stock, when issued in the manner described in this prospectus, will be fully paid and nonassessable.

Dividends

We have historically paid regular quarterly cash dividends on our Common Stock and the Board presently intends to continue the payment of regular quarterly cash dividends, dependent upon our results of operations, tax considerations, capital requirements and subject to the need for those funds for debt service and other purposes and the restrictions described below. The amount of future dividends will depend upon earnings, financial condition, capital

requirements, other regulatory requirements and other factors, and will be determined by our Board on a quarterly basis. We cannot guarantee that we will continue to pay dividends or that, if paid, we will not reduce or eliminate dividends in the future.

Table of Contents

New York State law applicable to the declaration of distributions by a business corporation also limits our ability to declare and pay dividends. A corporation generally may not authorize and make distributions if, after giving effect thereto, it would be unable to meet its debts as they become due in the usual course of business or if the corporation's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if it were to be dissolved at the time of distribution, to satisfy claims upon dissolution of shareholders who have rights superior to the rights of the holders of its common stock.

In addition, as a bank holding company, our ability to declare and pay dividends is subject to the guidelines of the Federal Reserve Board, which we refer to as the FRB, regarding capital adequacy and dividends. It is the policy of the FRB that bank holding companies should pay cash dividends on common stock only out of income available over the past year, and only if prospective earnings retention is consistent with the holding company's expected future needs and financial condition. The policy provides that bank holding companies should not maintain a level of cash dividends that undermines the bank holding company's ability to serve as a source of strength to its subsidiaries.

While we are a legal entity separate and distinct from our banking and other subsidiaries, these subsidiaries are the principal assets, and as such, a substantial part of our operating funds and, for the foreseeable future, all of the funds available for the payment of dividends are derived from the Bank. The New York Banking Law provides that the Bank may not declare dividends during the calendar year that exceed the sum of the Bank's net income during the current calendar year and the retained net income of the prior two calendar years unless the dividend has been approved by the Superintendent of Banks of the State of New York. Thus, future dividends will depend upon the earnings of the Bank, its financial condition and its need for funds. Capital adequacy requirements serve to limit the amount of dividends that may be paid by the Bank. Under federal law, the Bank cannot pay a dividend if, after paying the dividend, the Bank will be undercapitalized. The Federal Deposit Insurance Corporation, which we refer to as the FDIC, may declare a dividend payment to be unsafe and unsound even though the Bank would continue to meet its capital requirements after the dividend. Also, because the Company is a legal entity separate and distinct from its subsidiaries, our right to participate in the distribution of assets of any subsidiary upon the subsidiary's liquidation or reorganization will be subject to the prior claims of the subsidiary's creditors. In the event of a liquidation or other resolution of an insured depository institution, the claims of depositors and other general or subordinated creditors are entitled to a priority of payment over the claims of holders of any obligation of the institution to its shareholders, including any depository bank holding company (such as the Company) or any shareholder or creditor thereof.

Holders of Common Stock are entitled to participate equally in dividends or other distributions when, as and if declared by the Board out of funds legally available therefor. Subject to those regulatory restrictions described above, dividends may be paid in cash, property or common shares, unless we are insolvent or the dividend payment would render it insolvent.

Transfer Agent & Registrar

The transfer agent and registrar for our Common Stock is American Stock Transfer & Trust Company.

Anti-takeover Effects of Certain Provisions in our Certificate, By-laws and the NYBCL

Some provisions of our Certificate of Incorporation, our By-laws, and the NYBCL may be deemed to have an anti-takeover effect and may collectively operate to delay, defer or prevent a tender offer, a proxy contest or takeover attempt that a shareholder might consider in his or her best interest, including those attempts that might result in a premium over the market price for the shares held by our shareholders. These provisions are intended to discourage certain types of coercive takeover practices and inadequate takeover bids. This also encourages persons seeking to acquire control of us to negotiate with us first. As a result, shareholders who might desire to participate in such

transactions may not have an opportunity to do so. In addition, these provisions will also render the removal of our Board or management more difficult. The following discussion is a summary of certain material provisions of our Certificate of Incorporation and our By-laws, copies of which are filed as exhibits to the Registration Statement of which this prospectus is a part.

Table of Contents

Directors. The Board is divided into three classes. The members of each class are elected for a term of three years and only one class of directors is elected annually. Thus, it would take at least two annual elections to replace a majority of our Board. Further, the By-laws impose notice and information requirements in connection with the nomination by shareholders of candidates for election to the Board or a proposal by shareholders of business to be acted upon at an annual meeting of shareholders.

Advance Notice of Shareholder Proposals and Nominations. Our By-laws establish an advance notice procedure for shareholders to make nominations of candidates for election as directors or to bring other business before any meeting of our shareholders. The shareholder notice procedure provides that only persons who are nominated by, or at the direction of, the Board, or by a shareholder who has given timely written notice prior to the meeting at which directors are to be elected, will be eligible for election as directors and that, at a shareholders' meeting, only such business may be conducted as has been brought before the meeting by, or at the direction of, the Board or by a shareholder who has given timely written notice of such shareholder's intention to bring such business before such meeting.

Under the shareholder notice procedure, for notice of shareholder nominations or other business to be made at a shareholders' meeting to be timely, such notice must be received by us not less than 60 nor more than 90 days prior to the meeting.

A shareholder's notice to us proposing to nominate a person for election as a director or proposing other business must contain certain information specified in the By-laws, including the identity and address of the nominating shareholder, a representation that the shareholder is a record holder of our stock entitled to vote at the meeting and information regarding each proposed nominee or each proposed matter of business that would be required under the federal securities laws to be included in a proxy statement soliciting proxies for the proposed nominee or the proposed matter of business.

The shareholder notice procedure may have the effect of precluding a contest for the election of directors or the consideration of shareholder proposals if the proper procedures are not followed, and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal, without regard to whether consideration of such nominees or proposals might be harmful or beneficial to us and our shareholders.

Restrictions on Call of Special Meetings. Our By-laws provide that special meetings of shareholders can only be called by the Board, the President or the holders of at least a majority of the outstanding shares entitled to vote at the meeting.

Prohibition of Cumulative Voting. The Certificate of Incorporation does not authorize cumulative voting for the election of directors.

Preferred Stock Authorization. Our Board, without shareholder approval, has the authority under our Certificate of Incorporation to issue Preferred Stock with rights superior to the rights of the holders of Common Stock. As a result, Preferred Stock, while not intended as a defensive measure against takeovers, could be issued quickly and easily, could adversely affect the rights of holders of Common Stock and could be issued with terms calculated to delay or prevent a change of control of the Company or make removal of management more difficult.

DESCRIPTION OF PREFERRED STOCK

We are authorized to issue up to 210,000 shares of two classes of Preferred Stock, consisting of: 10,000 shares of Class A Preferred Stock and 200,000 shares of Class B Preferred Stock. The Certificate of Incorporation provides that

both classes of Preferred Stock are issuable in one or more series. Two series of Class A Preferred Stock have been created, the Series A 3% Preferred Stock (the 3% Preferred Stock) and the

Table of Contents

Fixed Rate Cumulative Perpetual Preferred Stock, Series A (the TARP Preferred Stock), and one series of Class B Preferred Stock has been created, the Series B-1 8.48% Preferred Stock (the 8.48% Preferred Stock). At December 31, 2014, 1,492 shares of 3% Preferred Stock, 171,906 shares of 8.48% Preferred Stock and no shares of TARP Preferred Stock were issued.

Our Board may, in the future, designate additional series of Preferred Stock, and fix the relative rights, preferences and limitations of each series. The authorized but unissued shares of our 3% Preferred Stock, 8.48% Preferred Stock, TARP Preferred Stock and any new series of Preferred Stock designated by the Board may be issued by the Board in the future.

3% Preferred Stock

Holders of 3% Preferred Stock are entitled to receive an annual dividend of \$3.00 per share, which is cumulative and payable quarterly. Holders of 3% Preferred Stock have no preemptive right in, or right to purchase or subscribe for, any additional shares of our capital stock. Dividends or dissolution or liquidation payments to the holders of 3% Preferred Stock and TARP Preferred Stock must be declared and paid, or set apart for payment, before any dividends or dissolution or liquidation payments can be declared and paid, or set apart for payment, to the holders of 8.48% Preferred Stock or Common Stock. The 3% Preferred Stock is not convertible into any other of our securities.

TARP Preferred Stock

On December 23, 2008, pursuant to a Capital Purchase Program, we issued to the Treasury 7,503 shares of TARP Preferred Stock. In March 2011, we redeemed all outstanding shares of TARP Preferred Stock. We have no intent to issue any additional shares of TARP Preferred Stock.

Holders of TARP Preferred Stock are entitled to receive an annual dividend of 5% for the first five years from December 23, 2008 to, but excluding, February 15, 2014. From and after February 15, 2014, such rate will increase to 9% per annum thereafter, if, as and when declared by our Board out of funds legally available therefor. Such dividends are cumulative and payable quarterly. Holders of TARP Preferred Stock have no preemptive right in, or right to purchase or subscribe for, any additional shares of our capital stock. The TARP Preferred Stock is not convertible into any other of our securities.

Holders of TARP Preferred Stock will have no voting rights, except as otherwise from time to time required by applicable law, and class voting rights on the following matters: (i) any authorization or issuance of shares ranking senior to the TARP Preferred Stock; (ii) any amendment to the rights of the TARP Preferred Stock; or (iii) any merger, exchange or similar transaction which would adversely affect the rights of the TARP Preferred Stock. Any class vote held on these matters entitles each share of TARP Preferred Stock to one vote and requires approval of at least 66 2/3% of the shares of TARP Preferred Stock outstanding at such time.

Dividends on the TARP Preferred Stock and the 3% Preferred Stock must be declared and paid, or set apart for payment, before any dividends can be declared and paid, or set apart for payment, to the holders of 8.48% Preferred Stock or Common Stock. If dividends on the TARP Preferred Stock are not paid in full for six dividend periods, whether or not consecutive, the authorized number of our directors shall automatically be increased by two and the holders of the TARP Preferred Stock shall have the right, with holders of shares of any stock ranking on parity with the TARP Preferred Stock, voting together as a class, to elect two directors to fill such newly created directorships at our next annual meeting of shareholders (or at a special meeting called for that purpose prior to such next annual meeting) and at each subsequent annual meeting of shareholders until all accrued and unpaid dividends for all past dividend periods have been declared and paid in full at which time such right shall terminate.

Table of Contents

8.48% Preferred Stock

Holders of 8.48% Preferred Stock are entitled to receive an annual dividend of \$8.48 per share, which is cumulative and payable quarterly. Holders of 8.48% Preferred Stock have no preemptive right in, or right to purchase or subscribe for, any additional shares of our capital stock and have no voting rights. Accumulated dividends on the 8.48% Preferred Stock do not bear interest, and the 8.48% Preferred Stock is not subject to redemption. Dividends or dissolution payments to the holders of 8.48% Preferred Stock must be declared and paid, or set apart for payment, before any dividends or dissolution payments are declared and paid, or set apart for payment, to the holders of Common Stock. The 8.48% Preferred Stock is not convertible into any other of our securities.

DESCRIPTION OF DEPOSITARY SHARES

General

We may, at our option, elect to offer fractional shares of preferred stock, which we call depositary shares, rather than full shares of preferred stock. If we do, we will issue to the public receipts, called depositary receipts, for depositary shares, each of which will represent a fraction, to be described in the prospectus supplement, of a share of a particular series of preferred stock.

The shares of any series of preferred stock represented by depositary shares will be deposited with a depositary named in the prospectus supplement. Unless otherwise provided in the prospectus supplement, each owner of a depositary share will be entitled, in proportion to the applicable fractional interest in a share of preferred stock represented by the depositary share, to all the rights and preferences of the preferred stock represented by the depositary share. Those rights include dividend, voting, redemption, conversion and liquidation rights.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions received in respect of the preferred stock to the record holders of depositary shares in proportion to the numbers of depositary shares owned by those holders.

If there is a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary shares, unless the depositary determines that it is not feasible to make the distribution. If this occurs, the depositary may, with our approval, sell the property and distribute the net proceeds from the sale to the holders.

Withdrawal of Stock

Unless the related depositary shares have been previously called for redemption, upon surrender of the depositary receipts at the office of the depositary, the holder of the depositary shares will be entitled to delivery, at the office of the depositary to or upon his or her order, of the number of whole shares of the preferred stock and any money or other property represented by the depositary shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the depositary will deliver to the holder at the same time a new depositary receipt evidencing the excess number of depositary shares. In no event will the depositary deliver fractional shares of preferred stock upon surrender of depositary receipts.

Table of Contents

Redemption of Depositary Shares

Whenever we redeem shares of preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing shares of the preferred stock so redeemed, so long as we have paid in full to the depositary the redemption price of the preferred stock to be redeemed plus an amount equal to any accumulated and unpaid dividends on the preferred stock to the date fixed for redemption. The redemption price per depositary share will be equal to the redemption price and any other amounts per share payable on the preferred stock multiplied by the fraction of a share of preferred stock represented by one depositary share. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata or by any other equitable method as may be determined by the depositary.

After the date fixed for redemption, depositary shares called for redemption will no longer be deemed to be outstanding and all rights of the holders of depositary shares will cease, except the right to receive the moneys payable upon redemption and any money or other property to which the holders of the depositary shares were entitled upon redemption upon surrender to the depositary of the depositary receipts evidencing the depositary shares.

Voting the Depositary Shares

Upon receipt of notice of any meeting at which the holders of the preferred stock are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of the depositary receipts relating to that preferred stock. The record date for the depositary receipts relating to the preferred stock will be the same date as the record date for the preferred stock. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the number of shares of preferred stock represented by that holder's depositary shares. The depositary will endeavor, insofar as practicable, to vote the number of shares of preferred stock represented by the depositary shares in accordance with those instructions, and we will agree to take all action which may be deemed necessary by the depositary in order to enable the depositary to do so. The depositary will not vote any shares of preferred stock except to the extent it receives specific instructions from the holders of depositary shares representing that number of shares of preferred stock.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary receipts will pay other transfer and other taxes and governmental charges and such other charges as are expressly provided in the deposit agreement to be for their accounts.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so, and we may remove the depositary at any time. Any resignation or removal of the depositary will take effect upon our appointment of a successor depositary and its acceptance of such appointment. The successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

We may offer warrants separately or together with one or more additional warrants, debt securities, preferred stock, depositary shares or common stock, or any combination of those securities in the form of units, as described in the appropriate prospectus supplement. If we issue warrants as part of a unit, the accompanying prospectus supplement will specify whether those warrants may be separated from the other securities in the unit prior to the warrants' expiration date. Below is a description of certain general terms and provisions of the warrants that we may offer. Further terms of the warrants will be described in the prospectus supplement.

The applicable prospectus supplement will contain, where applicable, the following terms of and other information relating to the warrants:

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts, including purchase contracts issued as part of a unit with one or more other securities, for the purchase or sale of our debt securities, preferred stock, depository shares or common stock. The price of our debt securities or price per share of common stock, preferred stock or depository shares, as applicable, may be fixed at the time the purchase contracts are issued or may be determined by reference to a specific formula contained in the purchase contracts. We may issue purchase contracts in such amounts and in as many distinct series as we wish.

The applicable prospectus supplement may contain, where applicable, the following information about the purchase contracts issued under it:

whether the purchase contracts obligate the holder to purchase or sell, or both, our debt securities, common stock, preferred stock or depository shares, as applicable, and the nature and amount of each of those securities, or method of determining those amounts;

whether the purchase contracts are to be prepaid or not;

whether the purchase contracts are to be settled by delivery, or by reference or linkage to the value, performance or level of our common stock or preferred stock;

any acceleration, cancellation, termination or other provisions relating to the settlement of the purchase contracts;

United States federal income tax considerations relevant to the purchase contracts; and

whether the purchase contracts will be issued in fully registered global form.

The applicable prospectus supplement will describe the terms of any purchase contracts. The preceding description and any description of purchase contracts in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the purchase contract agreement and, if applicable, collateral arrangements and depositary arrangements relating to such purchase contracts.

DESCRIPTION OF UNITS

We may issue units comprised of two or more of the other securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

Table of Contents

The applicable prospectus supplement may describe:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;

any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units;

the terms of the unit agreement governing the units;

United States federal income tax considerations relevant to the units; and

whether the units will be issued in fully registered or global form.

The preceding description and any description of units in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the form of unit agreement which will be filed with the SEC in connection with the offering of such units, and, if applicable, collateral arrangements and depository arrangements relating to such units.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of the securities for general corporate purposes unless otherwise indicated in the prospectus supplement relating to a specific issue of securities. Our general corporate purposes will likely include support for organic growth, and may also include, among other things, financing possible acquisitions of branches or other financial institutions, diversification into other banking-related businesses, extending credit to, or funding investments in, our subsidiaries, repaying, reducing or refinancing indebtedness, or repurchasing our outstanding common stock. The prospectus supplement with respect to an offering of securities may identify different or additional uses for the proceeds of such offering.

The precise amounts and the timing of our use of the net proceeds will depend upon market conditions, our subsidiaries' funding requirements, the availability of other funds and other factors. Until we use the net proceeds from the sale of any of the securities for general corporate purposes, we will use the net proceeds to reduce our indebtedness or for temporary investments. We expect that we will, on a recurrent basis, engage in additional financings as the need arises to finance our corporate strategies to support our growth, to fund our subsidiaries, or otherwise.

PLAN OF DISTRIBUTION

We may sell our securities in any of the following ways:

to or through underwriters

through agents

through broker-dealers (acting as agent or principal);

directly by us to purchasers, through a specific bidding or auction process or otherwise; or

through a combination of any such methods of sale.

Each time that we use this prospectus to sell our securities, we will also provide a prospectus supplement that contains the specific terms of such offering. The prospectus supplement will set forth the terms of the offering of such securities, including:

the name or names of any underwriters, dealers or agents and the type and amounts of securities underwritten or purchased by each of them;

Table of Contents

the public offering price of the securities and the proceeds to us and any discounts, commissions or concessions allowed or reallocated or paid to underwriters, dealers or agents;

any exchange on which the securities will be issued; and

all other items constituting underwriting compensation.

If we use underwriters in the sale of any securities on a firm commitment basis, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Generally, the underwriters' obligations to purchase the securities will be subject to certain conditions precedent. The underwriters will be obligated to purchase all of the securities if they purchase any of the securities. We may also engage underwriters on a best efforts basis.

We may sell the securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of our securities and any commissions we pay to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

To the extent that we make sales to or through one or more underwriters or agents in at-the-market offerings, we will do so pursuant to the terms of a distribution agreement between us and the underwriters or agents. If we engage in at-the-market sales pursuant to a distribution agreement, we will issue and sell shares of our common stock to or through one or more underwriters or agents, which may act on an agency basis or on a principal basis. During the term of any such agreement, we may sell shares on a daily basis in exchange transactions or otherwise as we agree with the underwriters or agents. The distribution agreement will provide that any shares of our common stock sold will be sold at prices related to the then prevailing market prices for our common stock. Therefore, exact figures regarding proceeds that will be raised or commissions to be paid cannot be determined at this time and will be described in a prospectus supplement. Pursuant to the terms of the distribution agreement, we also may agree to sell, and the relevant underwriters or agents may agree to solicit offers to purchase, blocks of our common stock or other securities. The terms of each such distribution agreement will be set forth in more detail in a prospectus supplement to this prospectus. If any underwriter or agent acts as principal, or broker dealer acts as underwriter, it may engage in certain transactions that stabilize, maintain or otherwise affect the price of our securities. We will describe any such activities in the prospectus supplement relating to the transaction.

In the sale of the securities, underwriters or agents may receive compensation from us in the form of underwriting discounts or commissions and may also receive compensation from purchasers of the securities, for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Discounts, concessions and commissions may be changed from time to time. Dealers and agents that participate in the distribution of the securities may be deemed to be underwriters under the Securities Act, and any discounts, concessions or commissions they receive from us and any profit on the resale of securities they realize may be deemed to be underwriting compensation under applicable federal and state securities laws.

We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase our securities at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth

in the prospectus supplement, and the prospectus supplement will set forth any commissions or discounts we pay for solicitation of these contracts.

Agents and underwriters may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribution with respect to payments which the

Table of Contents

agents or underwriters may be required to make in respect thereof. Agents and underwriters may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates in connection with those derivatives then the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of securities. The third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment).

Until the distribution of the securities is completed, rules of the SEC may limit the ability of any underwriters and selling group members to bid for and purchase the securities. As an exception to these rules, underwriters are permitted to engage in some transactions that stabilize the price of the securities. Such transactions consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities.

Underwriters may engage in overallotment. If an underwriter creates a short position in offered securities by selling more securities than are set forth on the cover page of the applicable prospectus supplement, the underwriters may reduce that short position by purchasing the securities in the open market.

The lead underwriters may also impose a penalty bid on other underwriters and selling group members participating in an offering. This means that if the lead underwriters purchase securities in the open market to reduce the underwriters short position or to stabilize the price of the securities, they may reclaim the amount of any selling concession from the underwriters and selling group members who sold those securities as part of the offering.

If more than 10% of the net proceeds of any offering of securities made under this prospectus will be received by Financial Industry Regulatory Authority (FINRA) members participating in the offering, or affiliates or associated persons of such FINRA members, the offering will be conducted in accordance with FINRA Rule 5110.

Item 15. Indemnification of Directors and Officers.

We are incorporated under the Business Corporation Law of the State of New York (the "NYBCL").

Under the NYBCL, we have broad powers to indemnify our directors, officers and other employees. The applicable sections of the NYBCL: (i) provide that the statutory indemnification and advancement of expenses provision of the NYBCL are not exclusive, provided that no indemnification may be made to or on behalf of any director or officer if a judgment or other final adjudication adverse to the director or officer establishes that his acts were committed in bad faith or were the result of active and deliberate dishonesty and were material to the cause of action is adjudicated, or that he personally gained in fact a financial profit or other advantage to which he was not legally entitled; (ii) establish procedures for indemnification and advancement of expenses that may be contained in the certificate of incorporation or by-laws, or, when authorized by either of the foregoing, set forth in a resolution of the shareholders or directors of an agreement providing for indemnification and advancement of expenses; (iii) apply a single standard for statutory indemnification for third-party and derivative suits by providing that indemnification is available if the director or officer acted in good faith, for a purpose which he reasonably believed to be in the best interests of the corporation, and, in criminal actions, had no reasonable cause to believe that his conduct was unlawful; and (iv) permit the advancement of litigation expenses upon receipt of an undertaking to repay such advance if the director or officer is ultimately determined not to be entitled to indemnification or to the extent the expenses advanced exceed the indemnification to which the director or officer is entitled. The NYBCL permits the purchase of insurance to indemnify a corporation or its officers and directors to the extent permitted.

Edgar Filing: FINANCIAL INSTITUTIONS INC - Form S-3

As permitted by the NYBCL, our Amended and Restated By-laws, provide that we shall indemnify our officers and directors, as such, to the fullest extent permitted by applicable law, and that expenses reasonably incurred by any such officer or director in connection with a threatened or actual action or proceeding shall be advanced or promptly reimbursed by us in advance of the final disposition of such action or proceeding upon receipt of an undertaking by or on behalf of such officer or director to repay such amount if and to the extent that it is ultimately determined that such officer or director is not entitled to indemnification.

Article 7 of our Amended and Restated Certificate of Incorporation, as amended, provides that none of our directors shall be held liable to us or our shareholders for damages for any breach of duty in his or her capacity as

a director unless a judgment or other final adjudication adverse to him or her establishes that (i) his or her acts or omissions were in bad faith or involved intentional misconduct or a knowing violation of law, (ii) he or she personally gained in fact a financial profit or other advantage to which he or she as not legally entitled, or (iii) his or her acts violated Section 719 of the NYBCL.

In addition, we have purchased insurance policies that provide coverage for our directors and officers in certain situations where we cannot directly indemnify such directors or officers.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act of 1933, as amended, and is therefore unenforceable.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933, as amended (the Securities Act);
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement. *provided, however*, that paragraphs (1)(a)(i), (1)(a)(ii) and (1)(a)(iii) do not apply if the registration statement is on Form S-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act to any purchaser:
 - (i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the

registration statement; and

- (ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the

registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act) (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in

connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by them is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

- (d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.
