IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS

FOR THE STOCKHOLDER MEETING TO BE HELD ON MAY 28, 2015

The 2015 Proxy Statement and 2014 Annual Report of WESCO International, Inc. are available to review at: www.proxydocs.com/wcc.

We are pleased to continue to take advantage of the Securities and Exchange Commission (the SEC) rule that permits companies to furnish proxy materials to stockholders over the Internet. On or about April 10, 2015, we will begin mailing proxy materials. A Notice of Internet Availability of Proxy Materials (the Notice) contains instructions on how to vote online or by telephone, or in the alternative, request a paper copy of the proxy materials and a proxy card. By furnishing a Notice and access to our proxy materials by the Internet, we are lowering the costs and reducing the environmental impact of our Annual Meeting. We encourage you to sign up for direct email notice of the availability of future proxy materials by submitting your email address when you vote your proxy via the Internet.

QUESTIONS AND ANSWERS

1. Who is entitled to vote at the Annual Meeting?

If you held shares of WESCO International, Inc. (WESCO or the Company) Common Stock at the close of business on April 2, 2015, you may vote at the Annual Meeting. Each share is entitled to one vote on each matter presented for consideration and action at the Annual Meeting.

In order to vote, you must either designate a proxy to vote on your behalf, or attend the Annual Meeting and vote your shares in person. The Board of Directors requests your proxy so that your shares will count toward a quorum and be voted at the meeting.

2. What matters are scheduled to be presented?

Proposal 1 Elect three Director nominees for a one year term expiring at the 2016 Annual Meeting of Stockholders.

Proposal 2 Approve, on an advisory basis, the Company's executive compensation.

Proposal 3 Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2015.

Action may be taken at the Annual Meeting with respect to any other business that properly comes before the meeting, and the proxy holders have the right to and will vote in accordance with their judgment on any additional business.

3. How do I cast my vote?

There are four different ways you may cast your vote. You may vote by:

the Internet, at the address provided on the Notice;

telephone, using the toll-free number listed on the Notice;

following the instructions on the Notice to request a paper copy of the proxy card and proxy materials and then marking, signing, dating and returning each proxy card in the postage-paid envelope provided; or attending the Annual Meeting and voting your shares in person.

The deadline for voting by Internet or telephone is 11:59 p.m., E.D.T., on Wednesday, May 27, 2015.

4. What if I don't indicate my voting choices?

If you return your signed proxy card but do not mark the boxes showing how you wish to vote on any particular matter, your shares will be voted **FOR** the election of each of the Director nominees named in this Proxy Statement, **FOR** the approval, on an advisory basis, of the Company's executive compensation, and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our Company's independent registered public accounting firm for the year ending December 31, 2015.

5. How do I revoke or change my vote?

If you have returned a proxy via mail, telephone or Internet, you may revoke it at any time before it is voted at the Annual Meeting by:

notifying the Corporate Secretary at the Company's headquarters office;

sending another proxy dated later than your prior proxy either by Internet, telephone or mail; or

attending the Annual Meeting and voting in person by ballot or by proxy.

6. What does it mean if I receive more than one Notice?

If your shares are registered differently and are in more than one account (for example, some shares may be registered directly in your name and some may be held in the Company's 401(k) Retirement Savings Plan), you may receive more than one Notice from the Company or a broker, bank or other nominee account with respect to your shares held in street name. Please carefully follow the instructions on each Notice you receive and

Table of Contents

vote all of the proxy requests to ensure that all your shares are voted.

7. May I attend and vote my shares in person at the Annual Meeting?

Shares held beneficially through a broker, bank or other nominee may not be voted in person at the Annual Meeting UNLESS you obtain a Legal Proxy . A Legal Proxy must be obtained from your broker, bank or other nominee that holds your shares. Without a Legal Proxy , you will not be able to attend and vote those shares in person at the Annual Meeting at the Sheraton Station Square, located at 300 West Station Square Drive, Pittsburgh, Pennsylvania.

Shares registered directly in your name with our transfer agent, Computershare, may be voted in person at the Annual Meeting.

Directions to the Annual Meeting at the Sheraton Station Square, 300 West Station Square Drive, Pittsburgh, Pennsylvania, are available at www.wesco.com.

8. Who will count the votes?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes, and there will be a duly appointed inspector of election who will certify his or her examination of the list of

stockholders, the number of shares held and outstanding as of the record date, and the necessary quorum for transaction of the business for this meeting. These persons will count the votes at the Annual Meeting.

9. May I elect to receive a paper copy of proxy materials in the future?

Table of Contents

PROXY SOLICITATION AND VOTING INFORMATION

Holders of our Common Stock at the close of business on the record date of April 2, 2015 may vote at our Annual Meeting. On the record date, 44,235,373 shares of our Common Stock were outstanding. A list of stockholders entitled to vote will be available at the Annual Meeting at the Sheraton Station Square, located at 300 West Station Square Drive, Pittsburgh, Pennsylvania, and during ordinary business hours for 10 days prior to the Annual Meeting at the Company's principal executive offices. Any stockholder of record may examine the list for any legally valid purpose.

The Board of Directors is soliciting your proxy to vote at our Annual Meeting of Stockholders, and at any adjournment or postponement of the meeting. In addition to soliciting proxies by mail, telephone, and the Internet, our Board of Directors, without receiving additional compensation, may solicit in person. We have engaged Morrow & Co., LLC, 470 West Ave., Stamford, CT 06902 to assist us in the solicitation of proxies, and we expect to pay Morrow & Co., LLC approximately \$8,500 for these services, plus reimbursement of their expenses. Brokerage firms and other custodians, nominees, and fiduciaries will forward proxy soliciting material to the beneficial owners of our Common Stock, held of record by them, and we will reimburse these brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in doing so. The cost of this proxy solicitation will consist primarily of printing, legal fees, and postage and handling. We will pay the cost of this solicitation of proxies.

To conduct the business of the Annual Meeting, we must have a quorum. The presence, in person or by proxy, of stockholders holding at least a majority of the shares of our Common Stock outstanding will constitute a quorum. Abstentions, broker non-votes and votes withheld from Director nominees count as

shares present for purposes of determining a quorum. A broker non-vote occurs when a broker, bank or other nominee holder does not vote on a particular item because the nominee holder does not have discretionary authority to vote on that item and has not received instructions from the beneficial owner of the shares. In the absence of voting instructions from the beneficial owner of the shares, nominee holders will not have discretionary authority to vote the shares at the Annual Meeting in the election of Directors, or the approval, on an advisory basis, of the Company's executive compensation, but will have discretionary authority to vote on the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2015. Broker non-votes will not affect the outcome of any of the matters scheduled to be voted upon at the Annual Meeting and are not counted as shares voting with respect to any other matter on which the broker has not voted expressly. Proxies that are transmitted by nominee holders for beneficial owners will count toward a quorum and will be voted as instructed by the nominee holder.

The election of Directors will be determined by a plurality of the votes cast. The Board has adopted a Director resignation policy in the event a Director receives less than 50% of the votes for his or her re-election in an uncontested election. Only votes FOR or WITHHELD affect the outcome of the election of Directors. The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2015, and the approval, by non-binding vote, of our executive compensation will require affirmative votes by a majority of the shares present, in person or by proxy, and entitled to vote and voting on the proposal at the Annual Meeting. Abstentions will not affect the outcome of any of the matters scheduled to be voted upon at the Annual Meeting.

Election of Directors

ITEM 1 PROPOSAL TO VOTE FOR ELECTION OF DIRECTORS

The following Directors have been nominated for election to our Board:

Director Nominees (with a term expiring at the 2016 Annual Meeting of Stockholders): John J. Engel, Steven A. Raymund, Lynn M. Utter

BOARD OF DIRECTORS

The Board, composed of ten directors as of the filing date of this proxy statement, is currently divided into three classes. Prior to the 2014 Annual Meeting of Stockholders, each of the classes was elected to serve three-year terms which were staggered such that the classes were as equal in number as possible depending on the total number of directors at any time. At the 2014 Annual Meeting of Stockholders, upon the recommendation of and approval by the Board, our stockholders approved an amendment to the Company's Restated Certificate of Incorporation to declassify the Board. Each Director elected after the 2014 Annual Meeting of Stockholders, whether to succeed a Director whose term has expired or to fill any vacancy, will be elected for a one-year term expiring at the next annual meeting. Directors elected at the 2014 Annual Meeting of Stockholders or earlier will serve the remainder of their respective terms before standing for re-election. Accordingly, our declassified board structure will be fully implemented at the 2017 Annual Meeting of Stockholders.

The current term of the Director Nominees expires this year, and their successors are to be elected at the Annual Meeting for a one-year term expiring in 2016, subject to earlier retirement, resignation or removal. William J. Vareschi, a current Class I Director, will not be standing for re-election to the Board in accordance with the Company's Director retirement age policy. Mr. Vareschi's term will end on May 28, 2015 at the Annual Meeting. The terms of the Class II and Class III Directors do not expire until the Annual Meetings of Stockholders to be held in 2016 and 2017, respectively.

Should all nominees be elected as indicated in the proposal above, the following is the complete list of individuals who comprise our Board of Directors and Board Committees immediately following the Annual Meeting, unless otherwise noted.

Director Independence

Our Board has adopted independence standards that meet or exceed the independence standards of the NYSE, including the new enhanced independence requirements for compensation committee members. In addition, as part of our independence standards, our Board has adopted categorical standards to assist it in evaluating the independence of each of its Directors. The categorical standards are intended to assist our Board in determining whether or not certain direct or indirect relationships between its Directors and our Company or its subsidiaries are material relationships for purposes of the NYSE independence standards. The categorical standards establish thresholds at which any relationships are deemed to be material.

In February 2015, the independence of each Director was reviewed, applying our independence standards. The review

considered relationships and transactions between each Director and his or her immediate family and affiliates and our management and our independent registered public accounting firm.

Based on this review, our Board affirmatively determined that the following Directors are independent: Ms. Beach Lin, Mr. Griffin, Mr. Morgan, Mr. Raymund, Mr. Singleton, Mr. Tarr, Ms. Utter and Mr. Vareschi. Mr. Morgan's relationship described under Transactions with Related Persons Related Party Transactions was determined by our Board to be immaterial because Mr. Morgan did not receive any material benefits from his company as a result of his company's ordinary business transactions with us.

Director Qualifications and Director Diversity

Our Nominating and Governance Committee reviews with the Board at least annually the qualifications of new and existing Board members, considering the level of independence of individual members, together with such other factors, including overall skills and experience. Each Director's particular and specific experience, qualifications, attributes or skills which support his or her position as a Director on our Board are identified for each Director on pages 3 to 5.

The Nominating and Governance Committee considers various factors in determining whether to recommend a candidate for nomination as a Director, including an individual's aptitude for independent analysis, level of integrity, personal and professional ethics, soundness of business judgment, and ability and willingness to commit sufficient time to Board activities. The Nominating and Governance Committee consults with the Board to determine the most appropriate combination of

characteristics, skills and experiences for the Board as a whole with the objective of having a Board whose members have diverse backgrounds and experiences. The Nominating and Governance Committee considers candidates diverse in geographic origin, gender, ethnic background and professional experience and evaluates each individual in the context of the individual's potential contribution to the Board as a whole to best promote the success of the Company's business, represent stockholder interests through the exercise of sound judgment, and allow the Board to benefit from the group's diversity of backgrounds and experiences.

The Nominating and Governance Committee also reviews the characteristics of incumbent Board members and prospective Board members to ensure that the Board, as a whole, possesses the experience, expertise and competencies that are relevant or desirable. The Nominating and Governance

Table of Contents

Corporate Governance

Committee uses a skills matrix to assess the overall composition of the Board, including such characteristics as CEO experience, financial or marketing expertise, supply chain or industry experience, mergers and acquisitions experience, international experience, technology expertise, and operational or strategy experience, among others. The Nominating and Governance

Committee may also target prospective candidates for Board membership based on their attributes compared to current Board members to achieve a good overall Board composition. The Nominating and Governance Committee applies the same criteria to all candidates that it considers, including any candidates submitted by stockholders.

Board and Committee Evaluations

Each year, our Board and Committees conduct evaluations to assess their effectiveness and adherence to the Corporate Governance Guidelines and Committee charters, and to identify opportunities to improve Board and Committee performance. Our Nominating and Governance Committee has responsibility for oversight of the Board evaluation process. In addition, the Lead Director also conducts a one on one interview with each

Board member, and the Committee Chairs conduct one on one interviews with each of their respective Committee members. The results of the Board and Committee Evaluations are communicated to all Board and Committee members and all Board members participate in this continuous improvement process.

Compensation Committee Interlocks

None of our executive officers serves as an executive officer of, or as a member of, the compensation committee of any public company that has an executive officer, director or other designee

serving as a member of our Board. No member of our Compensation Committee has been an executive officer of the Company.

Executive Sessions and Lead Director

During 2014, the non-management members of our Board met in executive session at each regularly scheduled Board of Directors meeting. Our Lead Director, Mr. Vareschi, presided over these executive sessions. In addition, Mr. Vareschi has

broad authority to call and conduct meetings of the independent Directors. The duties and responsibilities of our Lead Director are described in more detail in the section below.

Board Leadership Structure

Since May 2011, Mr. Engel has served as Chairman of the Board. The Board believes that Mr. Engel's combined role of Chairman and Chief Executive Officer is in the best interests of the Company and its stockholders at this time, and that Mr. Engel is the Director best situated to serve as Chairman because of his detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company, his familiarity with the Company's business and industry, and his ability to identify strategic priorities essential to the future success of the Company. The Board believes that the structure is best for the Company at this time because it provides for clear leadership responsibility and accountability, while providing for effective corporate governance and oversight by an independent Board of strong and seasoned Directors with an independent Lead Director.

Mr. Vareschi serves as the Board's independent Lead Director and presides over executive sessions of the Board. Mr. Vareschi will serve as the Lead Director until his planned retirement from the Board upon the expiration of his term at the 2015 Annual Meeting of Stockholders, at which time Mr. Singleton will become the new Lead Director. The non-management members of our Board meet in executive session at each

regularly scheduled Board meeting. The Audit, Compensation, and Nominating and Governance Committees are all chaired by and comprised solely of independent Directors in accordance with independence standards of the NYSE, and thus oversight of key matters is entrusted to the independent Directors. Each of these Committees also meets in executive session without members of management present. The responsibilities of the Lead Director include the following:

Presides at all meetings of the Board at which the Chairman is not present, including meetings of independent Directors held in Executive Session;

Has the authority to call meetings of the independent Directors;

Oversees the Board evaluation program;

Evaluates, along with the members of the Compensation Committee and the full Board, the CEO's performance, and meets with the CEO to discuss the Board's evaluation;

Serves as a liaison between the Chairman/CEO and the independent Directors;

Consults with the Chair of Nominating and Governance Committee and the Chairman regarding recommended appointment of Committee members, including Committee chairs; and

The Lead Director assures that appropriate independence is brought to bear on important Board and governance matters. In addition, there is strong leadership vested in and exercised by the independent Committee chairs, and each Director may request inclusion of specific items on the agendas for Board and Committee meetings.

Considering all of the above, the Board believes that a combined Chairman and Chief Executive Officer, together with the Lead Director, is an appropriate Board leadership structure and is in the best interests of the Company and its stockholders at this time.

Director Resignation Policy

The Board has adopted a resignation policy under which any Director who does not receive a majority of votes for his or her

re-election is expected to offer his or her resignation for the Board's consideration.

Board's Role in Oversight of Risk Management

Management is responsible for risk management, and the Board's role is to oversee management's efforts in this area. As part of their regular meetings and deliberations, the Board and its Committees review and discuss matters of significance regarding operational, financial and other risks that are relevant to the Company's business. Strategic risks and operating risks are monitored by the Board through discussions regarding the Company's strategic and operating plans and regular reviews of the Company's operating performance. The Audit Committee of the Board discusses and reviews guidelines and policies with respect to risk assessment and risk management and discusses

with management the Company's major financial risk exposures and the steps management takes to monitor and control such exposures. In addition, management assesses the Company's enterprise risk and reviews with the entire Board significant risks and associated mitigating factors on an annual basis. The Compensation Committee of the Board reviews the potential for risk related to the Company's compensation arrangements, including compensation arrangements and policies for executives, and determines whether any such arrangements are likely to encourage excessive or inappropriate risk taking.

Stockholder Proposals for 2016 Annual Meeting

If you wish to have a stockholder proposal included in the Company's proxy soliciting materials for the 2016 Annual Meeting of Stockholders, you must submit the proposal to the Company at its principal executive offices by our deadline, which is 120 days prior to the first anniversary of the mailing of this Proxy Statement, or December 12, 2015. restated By-Laws not less than 90 days nor more than 120 days prior to the first anniversary of the 2015 Annual Meeting, or between January 29, 2016 and February 28, 2016. Item 2 Approve, on an Advisory Basis, the Company's Executive Compensation

ITEM 2 APPROVE, ON AN ADVISORY BASIS, THE COMPANY'S EXECUTIVE COMPENSATION

This year, the Company is seeking that the stockholders approve the compensation of the Company's named executive officers (commonly referred to as "say-on-pay") as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding named executive officer compensation and the narrative description accompanying such disclosure. As initially approved by our stockholders at the annual meeting of stockholders in 2011, and consistent with the Board's recommendation, we are submitting this proposal on an annual basis. This vote is advisory only, meaning it is non-binding on the Company; however the Board and Compensation Committee will review and carefully consider the results when evaluating future compensation decisions.

We encourage stockholders to review the Compensation Discussion and Analysis section beginning on page 17. As described in detail under Compensation Discussion and Analysis, our compensation program is designed to attract and retain the highest caliber executives possible and to motivate and reward them for achieving results that create stockholder value. The Compensation Committee believes that the Company's compensation program and practices reflect a pay-for-performance philosophy designed to align our compensation program and practices with our stockholders' long-term interests.

Compensation Structure: Elements of our program include the following:

Our program is straightforward and comprises three main elements: (1) base salaries; (2) annual cash incentive bonuses; and (3) long-term incentive awards. The annual cash incentive and long-term incentive components of our compensation program reflect the pay-for-performance philosophy that underscores the Company's overall compensation strategy, as a significant portion of total named executive officer compensation is at-risk;

In our 2014 Advisory Vote on Executive Compensation, the Company's executive compensation program received the approval of more than 99% of the shares voted, and we kept our compensation program in 2014 similar to our program in 2013 overall. We believe the vote reinforces our Committee's decisions on compensation structure;

Annual cash incentive bonuses are paid upon the achievement of a set of measurable Company financial performance metrics and individual performance objectives;

Our long-term incentive awards consist of performance shares, stock appreciation rights and restricted stock units, the value of which depends on the value of the Company's stock, thus encouraging achievement of long-term value creation benefiting all stockholders;

We believe we have an appropriate mix of short and long-term compensation based on balanced performance metrics which align our incentive and compensation programs with the interests of stockholders;

Our Company uses perquisites on a very limited basis, and we do not provide tax gross-ups on executive-only perquisites;

The Company has committed that it will not enter into any new or materially amended agreements with executive officers providing for excise tax gross-ups with respect to payments contingent upon a change in control and, indeed, has not entered into any such agreements (the Company has two pre-existing employment contracts entered into prior to 2010 that include excise tax gross-ups under certain change in control circumstances);

We have stock ownership guidelines for officers and Directors, and until the stock ownership guidelines are met, an officer or Director must hold a minimum of 50% of the pre-tax value realized at the exercise or vesting of equity awards;

Our officers and Directors are prohibited from engaging in hedging transactions involving our stock and from pledging shares as security for loans;

Equity award agreements with our employees (including our named executive officers) include confidentiality and other covenants protecting our business interests and provide for forfeiture of the awards or benefits received under them if the covenants are violated;

We have a clawback policy to provide for recovery of incentive compensation, if any, in excess of what would have been paid to our executive officers or former executive officers in the event that the Company is required to restate financial results and also to provide for clawback of incentive compensation in the event of misconduct by an executive officer or former executive officer;

Table of Contents

Item 2 Approve, On An Advisory Basis, The Company's Executive Compensation

The Compensation Committee annually reviews the potential for risk regarding our compensation program design, including incentive compensation; and

We believe that there is an effective level of corporate governance over our compensation programs, as all of our Compensation Committee members are independent according to the independence standards of the NYSE and SEC, and the Committee retains an independent compensation consultant to conduct annual reviews of executive compensation and advise on best practices.

The Board endorses the Company's executive compensation program and recommends that the stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders approve the compensation of the Company's named executive officers as disclosed pursuant to Item 402 of SEC Regulation S-K, including as described under the Compensation Discussion and Analysis section, as well as the accompanying compensation tables and the related narrative disclosure, in the Company's 2015 proxy statement.

EXECUTIVE SUMMARY

Introduction

Our management and our Board of Directors have consistently believed that a straightforward and transparent philosophy and approach to compensation design is fundamental to creating stockholder value. Our program comprises three main elements: (1) base salaries; (2) annual cash incentive bonuses; and (3) long-term incentive

awards. We believe that this approach has enabled us to attract and retain extraordinary management talent and to deliver strong results to our stockholders.

In our 2014 Advisory Vote on Executive Compensation, the Company's executive compensation program received the approval of more than 99% of the shares voted, endorsed and confirmed our decisions on compensation structure. Our compensation program in 2014 was generally consistent with our program in 2013. Beginning at the December meeting and ending in February, executive compensation is reviewed and a total compensation review is conducted regarding salary, bonus and equity awards, based on the compensation structure and philosophy described in this Compensation Discussion and Analysis section.

Pay for Performance The annual cash incentive and long-term incentive components of our compensation program reflect our pay-for-performance philosophy, since annual cash incentive bonuses are paid upon the achievement of a set of measurable Company financial performance metrics and individual performance objectives. The equity award values depend on the value of the Company's stock, and in the case of performance shares depend on the achievement of specific performance metrics and goals, thus encouraging achievement of long-term value creation that benefits all stockholders.

The Company's three-year Total Stockholder Return was 43.8%, and its one-year Total Stockholder Return for 2014, 2013 and

2012 was (16.3%), 35.1% and 27.2%, respectively. The Company did not meet its financial plan objectives in 2014. As a result, and consistent with our pay-for-performance philosophy, 2014 variable compensation was below target levels, and performance shares earned, based on 2012-2014 performance, were negatively affected.

Ownership Guidelines, Hedging and Clawbacks We have stock ownership guidelines for officers and Directors, and our officers and Directors are prohibited from engaging in hedging transactions involving our stock and from pledging stock as security for loans. We have adopted a clawback policy to provide for recovery of incentive compensation, if any, in excess of what would have been paid to our executive officers or former executive officers in the event that the Company is required to restate financial results and also to provide for clawback of incentive compensation in the event of misconduct by an executive officer or former executive officer.

Limited Perquisites We use perquisites on a very limited basis, and we do not provide tax gross-ups on executive-only perquisites. We have committed to not enter into any new or materially amended agreements with executive officers providing for excise tax gross-ups with respect to payments contingent upon a change in control, and we have not entered into any such agreements. We have only two pre-existing employment agreements (entered into prior to 2010) that include excise tax gross-ups under certain change in control circumstances.

In this Executive Summary, we describe our philosophy, approach and the way we assess our compensation practices. We believe that this process is a pillar of our high performance corporate culture and important to our ongoing success.

Compensation Philosophy

Structuring a balanced, fair and properly-crafted compensation program for our executive leaders is a critical component that promotes our high performance culture and contributes to our ongoing success. Our compensation philosophy begins with the recognition that our success depends on the talent of our workforce and our relationships with customers and suppliers. Our focus on consistency, service and continuous improvement are critical factors, and to encourage high level performance of our leaders we have constructed a compensation plan that rewards the behavior of our executives in their pursuit of the following three broad goals.

The first of our philosophical tenets is to retain an excellent management team. Fielding a consistent and high performing team is critical to our success as a company. Developing and strengthening our corporate relationships with our customers and suppliers over the long-term puts us in an opportune position to grow our business intelligently and profitably. Equally important is the consistency of internal leadership in support of our corporate mission and sustaining our high performance culture.

The second philosophical goal of our compensation planning is to put the Company in a position to recruit strong leaders as we grow our business and expand our product and service offerings. Our Chief Executive Officer was recruited eleven years ago as our Chief Operating Officer. We were able to recruit and

retain him because of our culture and a compensation package that aligned his performance with our strategy of creating value for our customers, suppliers and stockholders. During the past several years, we have recruited other leaders at our executive leadership level who joined the Company for the same reasons. Our consistency of approach in aligning our compensation plans to our strategy has been an important reason for our recruiting and retention successes.

Finally, the third goal of our compensation planning is to reward our executives fairly and provide proper and balanced incentives for long-term value creation. Essentially, we want to provide a level of annual base compensation that is fair. When our executives perform at a level of high achievement, we reward them with attractive but capped annual cash bonus awards. In years when they perform below agreed upon standards, they may receive little or no bonus. In terms of long-term incentives, we believe that the performance of our stock is the purest measure of our performance. Fundamentally, we are owned by our stockholders who can sell their stock when they believe that we are underperforming and who may purchase more shares as we perform at higher levels of growth and profitability. We believe that the opportunity to participate in the performance of our equity is the most direct link between performance and pay. We reward our executives with equity incentives to align their interests with those of the stockholders and maintain ownership guidelines to instill that mindset.

Compensation Approach

The three central elements to our executive total compensation approach, base salary, short-term incentives and long-term incentives, are further refined by design: our base salary and short-term incentives are cash based; and our long-term incentives are equity based. Based on our objectives, we believe it is appropriate that we target our three compensation elements at approximately the 50th percentile of comparable companies in the peer group. The Company's target total cash compensation and long term incentives for the NEOs have been generally below the 50th percentile of the comparator group.

We use the services of a nationally recognized independent compensation consultant, Meridian Compensation Partners, LLC (Meridian), which provides us with research information and data. We query our consultant on new developments, best practices and trends in compensation, and Meridian serves as a resource to our Compensation Committee (the Committee). However, the Committee makes its own decisions, uses its own judgment and comes to its own conclusions relating to elements regarding plan design and absolute determinations of total compensation rewards.

Compensation Assessment

For our compensation philosophy and approach to work properly, the Committee must assess the effectiveness of our compensation programs at least annually, using a variety of external and internal resources. In conjunction with Meridian, the Committee reviews the composition of our peer group annually. We purposely choose a large selection of similarly sized companies because we believe that those companies are representative of the talent pool that we compete with to recruit and retain talent. This approach has proven successful, as the last three NEOs that we hired came from large corporations that were not direct competitors of ours and not in the distribution industry. We also believe that a large pool of comparable

companies is better than choosing a smaller group to ensure a proper sample size for comparison purposes. When we engage professional search firms to assist us in identifying senior executive talent, they recruit from a set of corporations even larger than our peer group.

Our management team conducts a thorough leadership review process every year. Our focus on talent management is critical to our high performance culture and ongoing success. In the course of that intensive, annual review process, the entire Board and our Committee are informed of relevant issues relating to our senior management team. We are thus able to review personal

development plans, actual performance, and alignment to corporate standards and expectations. From that feedback, we are able to derive a deeper understanding of whether our total compensation plans continue to promote our corporate

objectives. We can use this information to help assess the appropriateness of our compensation approach for any individual whose compensation we review.

Summary

Our philosophy, approach, and the manner in which we assess our total compensation planning have been consistently applied since we became a public company. We intend to maintain our

high standards and make sure that the objectives and total compensation of our senior executives are aligned with the objectives of our stockholders.

COMPENSATION SETTING PROCESS

Our Board has delegated to the Committee, composed entirely of independent Directors under the independence standards of the NYSE and SEC, the responsibility of administering executive compensation and benefit programs, policies and practices. The Committee may also delegate certain matters to a subcommittee in its discretion. Annually the performance of the management team is reviewed relative to financial results and non-financial measures, including the areas of strategic and organizational development. Compensation levels for our NEOs are reviewed and approved on an annual basis.

Our compensation setting process for NEOs consists of the following steps:

Consider the Company's financial performance;

Review external market data;

Confirm the reasonableness of total compensation awards as well as the reasonableness of each component of compensation when compared to peer companies;

Assess overall Company performance in relation to our objectives, competition and industry circumstances;

Assess individual performance, changes in duties and responsibilities, and strategic and operational accomplishments;

Adjust base salaries, as appropriate, based on job performance, leadership, tenure, experience, and other factors, including market data relative to our peer companies;

Make awards under our long-term incentive plan that reflect recent performance and an assessment of the future impact each NEO can have on the long-term success of the Company;

Review the metrics and goals of the performance share plan; and

Apply consistent practices from year to year for annual cash incentive award payments based on an evaluation of pre-established operating and financial performance factors, non-financial performance criteria, and strategic, operational, and organizational development objectives.

As previously noted, the Committee also engages an independent compensation consultant to assist in reviewing its compensation practices, to provide market comparison information, and to make recommendations.

USE OF COMPENSATION CONSULTANTS

To assist in the compensation setting process, the Committee engages Meridian, an independent, internationally recognized executive compensation consultancy firm, to provide information and advice regarding compensation and benefit levels and incentive plan designs. Meridian is engaged by, and reports directly to, the Committee, which has the sole authority to hire or fire Meridian and to approve fee arrangements for work performed. The Committee has authorized Meridian to interact with management on behalf of the Committee, as needed in connection with advising the Committee. The Committee has assessed the independence of Meridian pursuant to SEC and NYSE rules and concluded that Meridian's work for the Committee does not raise any conflict of interest.

In particular, the Committee retains Meridian to prepare compensation plan reviews, identify general trends and practices in executive compensation programs, assist in selecting the comparator group, use market data to perform a study of the compensation of senior management at comparable and similarly-sized (by revenue) companies, and furnish its input regarding the compensation and incentives of the Chief Executive Officer and other executives. In addition, the Committee has sought the recommendation of the Chief Executive Officer regarding the other NEOs relative to compensation adjustments and individual performance objectives he believes would be appropriate to achieve the Company's strategic and operational goals. Our Committee

Compensation Discussion and Analysis

meets in person or telephonically at least five times each year, and our Committee's Chairman meets with management and our independent compensation consultant more regularly throughout the course of the year. The working relationship between the Committee and management is constructive and

independent. Our Committee reports to the entire Board of Directors at every Board meeting on its activities, the research commissioned from our compensation consultant and on the Committee's specific compensation deliberations and decisions that directly affect our executive leadership team.

COMPENSATION COMPARATOR GROUP

In 2014, the Committee reviewed analyses of compensation paid by companies in our comparator group through the use of marketplace compensation profiles prepared by Meridian. The comparator group comprises comparably-sized, industrial firms, distribution companies and businesses with dispersed locales for which logistics are important, companies in industries in which

asset management, in addition to operating margin, is a relevant measure of company performance, and other large distributors, wholesalers and retailers, which are potential competitors for executive talent of interest to WESCO.

The current comparator group includes the following 42 companies:

COMPENSATION COMPARATOR GROUP

Andersen Corporation	Cameron International Corporation	Kohler Company	Rockwell Automation	The Pantry, Inc.
Anixter International, Inc.	Darden Restaurants, Inc.	Lennox International, Inc.	Ross Stores, Inc.	United Stationers Inc.

AutoZone, Inc.	Ecolab	NCR Corporation	Sauer Danfoss, Inc.	W.W. Grainger, Inc.
Avis Budget Group	Fastenal Company	NewPage Corporation	Schneider National, Inc.	Waste Management, Inc.

BorgWarner	Hy Vee, Inc.	Pitney Bowes, Inc.	Spartan Stores, Inc.
Brinker International, Inc.	Ingredion Inc.	Praxair, Inc.	The Bon-Ton Stores, Inc.

¹ For 2015, OfficeMax Incorporated and Sauer-Danfoss, Inc. will be removed due to acquisitions.

² Boise, Inc. was acquired by Packaging Corporation of America which was added to the group.

The Committee reviews compensation practices among these companies to provide the Committee with relevant data in setting appropriate compensation levels for its NEOs. This market analysis, which is conducted by Meridian, makes it possible to evaluate and assess compensation for numerous executive positions that are not included in proxy statements or other

public filings. To adjust for a variation in size among our Company and the companies in the comparator group and to get comparable data for its analysis, Meridian uses regression analysis to adjust market values for differences in company size, based on annual revenues.

Role of 2014 Advisory Vote on Executive Compensation in the Compensation Setting Process

The Committee reviewed the results of the 2014 stockholder advisory vote on NEO compensation and incorporated the results as one of the many factors considered in connection with the discharge of its responsibilities and in determining compensation policies and decisions for 2014. Because an

overwhelming majority (more than 99%) of our stockholders approved the executive compensation program for 2013 described in our 2014 proxy statement, our compensation program for 2014 remained generally consistent with the program in 2013.

ELEMENTS OF COMPENSATION

Base Salaries

Base salaries are intended to provide our NEOs with a level of competitive cash compensation that is critical for retention and appropriate given their positions, responsibilities and accomplishments with the Company. Salaries for NEOs are reviewed annually. The Committee reviews detailed individual salary history for the NEOs and compares their base salaries to salaries for comparable positions at companies within our comparator group. From time to time, the Committee adjusts base salaries for executive officers to reflect performance, changes in job scope, and market practices among the comparator group generally based on the 50th percentile of base salaries for comparable positions.

Effective as of April 1, 2014:

Mr. Engel's base salary was increased to \$950,000 from an annualized rate of \$920,000;
Mr. Van Oss' base salary was increased to \$675,000 from an annualized rate of \$650,000;

Mr. Parks' base salary was increased to \$460,000 from an annualized rate of \$400,000;

Ms. Lazzaris' base salary was increased to \$400,000 from an annualized rate of \$360,000; and

Ms. Windrow's base salary was increased to \$385,000 from an annualized rate of \$350,000.

In determining adjustments to base salaries, the Committee considers Company performance, prevailing economic conditions, base salaries of recent additions to management, performance assessments, changes in duties and responsibilities, comparable salary practices of companies within our peer group, the recommendation of Mr. Engel (in the case of the other NEOs), and any other factors the Committee deems relevant.

Short-Term Incentives

Our practice is to award cash incentive bonuses for achievement of our strategic, financial, operational, and organizational development objectives. Target short-term incentives are designed to provide compensation opportunities generally approximating the 50th percentile of the comparator group and are reviewed on an annual basis.

Annually, the Company's performance criteria and financial and operational targets are reviewed and approved for the upcoming year. For purposes of the 2014 annual incentive program, the performance measures for our NEOs, all of whom are corporate

officers with broad-ranging responsibilities across the entire enterprise or for multiple operating and/or corporate support functions, consist of the achievement of Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA), Free Cash Flow, and Return On Invested Capital (ROIC) targets, along with individual performance objectives. The performance measures we used to determine annual cash incentive bonuses for Messrs. Engel, Van Oss and Parks and Messes. Lazzaris and Windrow, the relative weightings of such measures and the related payout as a percentage of opportunity are reflected below:

Performance Measure	Weighting	Percent Achievement	Payout Percent of Maximum Opportunity⁽¹⁾
Earnings Before Interest Taxes Depreciation and Amortization	25%	< 85% 85% to 100%	0% Up to 50%
Free Cash Flow	25%	>100% to 115% < 85% 85% to 100%	Between 50% and 100% 0% Up to 50%
Return on Invested Capital	25%	>100% to 115% < 85% 85% to 100%	Between 50% and 100% 0% Up to 50%
Individual Performance	25%	>100% to 115% <25%	Between 50% and 100% 0%
Total (as a percent of Opportunity)	100%	25% to 100%	Up to 100% 0% to 100%

⁽¹⁾ Amounts interpolated, as appropriate.

The Committee determined that performance against the 2014 financial objectives of EBITDA and ROIC resulted in an achievement level of 90% on each metric and that performance against the 2014 financial objective of Free Cash Flow resulted in an achievement level of 91%. The Committee reviewed and

made a qualitative assessment of individual performance and accomplishments as described below. With respect to the NEOs other than himself, the Chief Executive Officer makes recommendations to the Committee for the Committee's consideration.

Her actual bonus was \$150,000 based on the financial components described on the prior page and an individual performance component based on the Committee's assessment of Ms. Windrow's performance regarding development of the human resources function, leading various talent management initiatives, diversity and inclusion strategy and compensation and benefits strategy.

We retain the right to increase or decrease performance objectives or to make discretionary adjustments to annual incentive awards to reflect acquisitions, changes in responsibility, external changes, or changes in business conditions that have a material impact on the fairness of the previously established performance factors.

Long-Term Incentives

The purpose of long-term incentives is to carefully align compensation with stockholder value creation. Executing the business strategy necessarily requires tradeoffs of short and long-term performance. Accordingly, our incentives are designed to encourage and reward both short and long-term performance. We believe that the optimal method to deliver long-term incentives is through stock appreciation rights (SARs), restricted stock units (RSUs), and performance shares. We use RSUs to strengthen the retention qualities of our equity program and to be consistent with prevailing market practices. The mix of these equity awards, however, is geared toward motivating and rewarding management for achieving stockholder value creation. Performance share awards for the NEOs represent 30% of the total value (at target) of each NEO's equity award, and SARs and RSUs represent 50% and 20% of the total value, respectively.

Performance share awards are based on two equally-weighted performance measures of relative total shareholder return and the three-year average net income growth rate achieved by the Company during the three-year performance period. The award vests in the form of a number of shares of the Company's common stock. The number of performance shares actually earned, if any, will depend on the attainment of certain levels (threshold, target, maximum) of the performance measures and

may range from one-half the target amount of performance shares (at the threshold performance level) up to two times the target amount of performance shares (at the maximum performance level). In the event of a Change in Control (as defined in the Company's Long-Term Incentive Plan), the performance shares will vest at the target level. Our SARs vest ratably over three years, and our RSUs cliff vest after three years. Our SARs settle in stock upon exercise.

Our philosophy is to grant equity-based long-term incentives having an economic value (based on the Company's standard stock award assumptions for accounting purposes) which generally approximates the 50th percentile of grants by companies in our comparator group. We believe this target allows us to attract, motivate and retain the executive talent necessary to develop and execute our business strategy. Notwithstanding this objective, the Company's target long-term incentives for the NEOs were generally below the 50th percentile of the comparator group for 2014.

In 2014, we granted 274,508 SARs, 63,117 RSUs and 44,046 performance shares to all award recipients. The awards were approximately equal to 1% of the weighted average outstanding stock of the Company. With respect to the NEOs other than

himself, the Chief Executive Officer makes grant recommendations based on each individual executive's expected long-term contributions to the value creation of the Company and consideration of market data. The Chief Executive Officer's recommendations and Meridian's analysis are considered in making grant determinations. With respect

to the Chief Executive Officer, we determine (without the input of the Chief Executive Officer) the amount of his grant.

In 2014, we granted performance shares, SAR and RSU awards to approximately 160 employees. The performance share, SAR and RSU grants to our NEOs in 2014 were as follows:

Our Insider Trading Policy prohibits our Directors and NEOs from engaging in hedging transactions involving Company securities and from pledging Company securities as collateral for loans.

Performance Shares awarded in 2012 for the three-year performance period ended December 31, 2014 (the 2012 Performance Shares) were earned by the named executive

officers. Performance was measured over a three-year cycle and used two performance goals, relative Total Shareholder Return (TSR) and 3-year average Net Income Growth, with each goal weighted 50% of the target performance share award. The actual award amount could range from 0% to 200% of target. The table below details the payout of the 2012 Performance Shares based on performance over the three-year period:

	Target		Actual		% of
	Performance	Payout Factor	Performance	Payout Factor	
Relative TSR (percentile rank among peer group)	50 th percentile	1 x (Target)	43 rd percentile	0.64 x (Target)	50%
Net Income Growth (3-year average growth rate)	10%	1 x (Target)	12%	1.2 x (Target)	50%

Total Payout Factor = (TSR Payout Factor * TSR goal weighting) + (Net Income Growth Payout Factor * Net Income Growth goal weighting)

Calculation of the shares to be awarded (relative to target) = $(0.64 * 0.5) + (1.2 * 0.5) = 0.92$

Accordingly, based on the Target Award of 2012 Performance Shares to each named executive officer and the Total Payout Factor determined by the Company's performance during the three-year performance period, the number of shares earned by each named executive officer is shown in the following table.

	Target Award of 2012 Performance Shares ⁽¹⁾	Payout Factor	Actual Number of Earned Shares
Engel	14,458	x 0.92	13,302
Van Oss	7,694	x 0.92	7,078
Lazzaris	1,750	x 0.92	1,610
Windrow	1,750	x 0.92	1,610

⁽¹⁾ Mr. Parks was hired in 2012, after the date of the 2012 Performance Share Award.

For more information on the vesting and distribution of shares in connection with the 2012 Performance Shares, see the *Option Exercises and Stock Vested Table* on page 31.

Retirement Savings

Our Company maintains a 401(k) Retirement Savings Plan for all eligible employees, including the NEOs. In 2014, the Company matched employee contributions at a rate of \$0.50 per \$1.00 of

contributions up to 6% of eligible compensation. The Company did not make a discretionary payment in 2014 for the plan year ended in December 2013.

Table of Contents

Compensation Discussion and Analysis

We also maintain an unfunded non-qualified deferred compensation plan for a select group of qualifying management or highly compensated employees, including the NEOs. Participants may defer a portion of their salary and are eligible for a Company match at a rate of \$0.50 per \$1.00 up to 6% of eligible compensation less any Company match paid under the 401(k) plan. Earnings are credited to employees' accounts based on their deemed investment selections from offered investment funds. Notwithstanding any provision of the Deferred Compensation Plan or benefit election made by any participant

deemed to be a key employee, benefits payable under the Deferred Compensation Plan will not commence until at least six months after the key employee's separation from employment. See the Non-Qualified Deferred Compensation table on page 32 for more information regarding the NEOs' benefits under the Deferred Compensation Plan.

Our Company does not have a defined benefit or supplemental retirement plan or any plans providing for post-retirement health benefits for our NEOs.

Health and Welfare Benefits

We provide health benefits to full-time employees, including the NEOs, who meet the eligibility requirements. Employees pay a portion of the cost of healthcare on an increasing scale correlated to higher annual incomes. Accordingly, the NEOs' percentage share of the cost of benefit coverage under our plan is higher than other employees. Our health and welfare benefits

are evaluated periodically by external benefits consultants to assess plan performance and costs and to ensure that benefit levels approximate the median value provided to employees of peer companies. As a risk management measure, we also offer executive physicals involving diagnostic testing.

Perquisites

During 2014, the Company provided a limited number of perquisites to the NEOs. They primarily consist of a vehicle allowance, club memberships and spousal travel to certain business functions. The Compensation Committee determined that it is in the Company's best interest to continue providing

these perquisites in order to offer a competitive pay package. The Company does not provide tax gross-ups on executive-only perquisites. See the All Other Compensation table on page 28 for more information regarding the perquisites given to our NEOs.

Clawback Provisions

We have adopted a clawback policy to provide for recovery of incentive compensation, if any, in excess of what would have been paid to our executive officers or former executive officers in the event that the Company is required to restate financial results

and also to provide for clawback of incentive compensation in the event of misconduct by an executive officer or former executive officer.

OTHER COMPENSATION AND EMPLOYMENT ARRANGEMENTS

Stock Ownership Guidelines and Holding Periods for Executive Officers

Our Board has adopted stock ownership guidelines for certain executive officers. For the NEOs, the ownership guidelines are as follows:

Chief Executive Officer five times annual base salary;

Chief Operating Officer and Chief Financial Officer three times annual base salary; and

Chief Human Resources Officer and General Counsel two times annual base salary.

These officers are expected to acquire their initial ownership positions within five years of their appointment and to hold those ownership positions during their service as executives of the Company. Until the stock ownership guidelines are met, an officer must hold a minimum of 50% of the pre-tax value realized at the exercise or vesting of equity awards. All of our NEOs have acquired or are acquiring equity in accordance with the guidelines. See Security Ownership on page 13 for more information on their ownership positions. See also Director Compensation on page 40 for information about Stock Ownership Guidelines for Directors.

Chief Executive Officer Compensation

Mr. Engel's compensation is higher than the compensation of other NEOs due to the broad scope of his responsibilities as Chief Executive Officer, including executive leadership in the development, articulation and promotion of the Company's vision, goals and values, the development and execution of the

Company's long-term strategy and annual operating and financial plans, the development and motivation of the senior management team, ensuring the recruitment, training and development of the required human resources to meet the needs of the Company, and overall service as the principal

spokesperson for the Company in communicating with stockholders, employees, customers, suppliers, and our Board and Board committees. During the year, Mr. Engel's base salary, as well as his target total compensation for 2014, including

salary, target annual cash incentive and long-term incentives, were below the 50th percentile of the Company's comparator group.

Employment, Severance or Change in Control Arrangements

Mr. Engel has a 2009 Employment Agreement that provides for, among other things, an initial annual base salary of \$725,000 with a target bonus of not less than 100% of base salary, as may be adjusted in the Compensation Committee's discretion. Mr. Engel also receives long-term equity-based incentives under the Company's Long-Term Incentive Plan as determined by the Committee. In the event that prior to a change in control Mr. Engel's employment is terminated by the Company without cause or by Mr. Engel for good reason, he will be entitled to receive monthly cash payments for 24 months in an amount equal to his monthly base salary as of the termination date, a lump sum cash amount equal to his target annual incentive opportunity for the year in which he was terminated and accelerated vesting of all stock-based awards, exercisable for up to 18 months, except for performance based awards where operational or performance criteria have not been met. If such termination occurs within two years after a change in control, Mr. Engel will instead be entitled to receive (i) a lump sum cash payment equal to two times the sum of his annual base salary and his annual target incentive opportunity as of the termination date, (ii) a gross-up payment to offset certain excise taxes, if any, (iii) prorated incentive compensation for the year in which he was terminated and (iv) accelerated vesting of all stock-based awards, exercisable for up to 18 months, except for performance-based awards where operational or performance criteria have not been met. As disclosed previously, other than the two pre-existing employment agreements with Messrs. Engel and Van Oss, the Company has no other agreements with executive officers providing for excise tax gross-ups with respect to payments contingent upon a change in control. In addition, the Company committed that it will not enter into any new or materially amended agreements with executive officers providing for excise tax gross-ups with respect to payments contingent upon a change in control and, indeed, has not entered into any such agreements. See "Potential Payments Upon Termination" on page 33 for additional information. The 2009 employment agreement has a term of three years and thereafter is subject to one-year automatic extensions. Mr. Engel is subject to confidentiality obligations during the term of his employment and for five years thereafter. He is bound by restrictive covenants in the form of non-competition and non-solicitation of employees and customers during the term of his employment and for a period of two years thereafter.

Mr. Van Oss has a 2009 Employment Agreement that provides for, among other things, an initial annual base salary of \$600,000 with a target bonus of not less than 80% of base salary, as may be adjusted in the Compensation Committee's discretion. Mr. Van Oss also receives long-term equity-based incentives under the Company's Long-Term Incentive Plan as determined

by the Committee. In the event that prior to a change in control Mr. Van Oss' employment is terminated by the Company without cause or by Mr. Van Oss for good reason, he will be entitled to receive monthly cash payments for 24 months in an amount equal to his monthly base salary as of the termination date, a lump sum cash amount equal to his target annual incentive opportunity for the year in which he was terminated and accelerated vesting of all stock-based awards, exercisable for up to 18 months, except for performance-based awards where operational or performance criteria have not been met. If such termination occurs within two years after a change in control, Mr. Van Oss will instead be entitled to receive, (i) a lump sum cash payment equal to two times the sum of his annual base salary and his annual target incentive opportunity as of the termination date, (ii) a gross-up payment to offset certain excise taxes, if any, (iii) prorated incentive compensation for the year in which he was terminated and (iv) accelerated vesting of all stock-based awards, exercisable for up to 18 months, except for performance-based awards where operational or performance criteria have not been met. As disclosed previously, other than the two pre-existing employment agreements with Messrs. Engel and Van Oss, the Company has no other agreements with executive officers providing for excise tax gross-ups with respect to payments contingent upon a change in control. In addition, the Company committed that it will not enter into any new or materially amended agreements with executive officers providing for excise tax gross-ups with respect to payments contingent upon a change in control and, indeed, has not entered into any such agreements. See Potential Payments Upon Termination on page 35 for additional information. The 2009 employment agreement has a term of three years and thereafter is subject to one-year automatic extensions. Mr. Van Oss is subject to confidentiality obligations during the term of his employment and for five years thereafter. He is bound by restrictive covenants in the form of non-competition and non-solicitation of employees and customers during the term of his employment and for a period of two years thereafter.

Mr. Parks would be entitled to receive a severance payment equal to one year's base salary plus pro rata bonus if he is terminated by the Company without cause, or he terminates his employment for good reason, as described on page 37. Mr. Parks is bound by restrictive covenants in the form of non-competition and non-solicitation of employees during the term of his employment and for a period of one year thereafter.

Ms. Lazzaris would be entitled to receive a severance payment equal to one year's base salary plus pro rata bonus if she is terminated by the Company without cause, if she terminates her employment for good reason, or if her employment is terminated

within one year following a change in control of the Company (other than for cause), as described on page 38.

Ms. Windrow would be entitled to receive a severance payment equal to one year's base salary plus pro rata bonus if she is terminated by the Company without cause, or she terminates her employment for good reason, as described on page 39. Ms. Windrow is bound by restrictive covenants in the form of non-competition and non-solicitation of employees during the term of her employment and for a period of one year thereafter.

The Company's LTIP provides that SAR and RSU awards would vest upon consummation of a Change in Control transaction, and our performance share award agreements provide that

performance share awards would vest at the target level upon consummation of a Change in Control transaction. The payments to the NEOs upon consummation of a Change in Control transaction for accelerated vesting of equity awards are set forth in the first column of each table on pages 33 to 39.

During 2006, our Board adopted the WESCO Distribution, Inc. 2006 Severance Plan which provides severance benefits to all eligible employees, not limited to executives. In accordance with the WESCO Distribution, Inc. 2006 Severance Plan, in the event of an involuntary termination without cause, an eligible employee would receive severance payments of up to 52 weeks of base pay based on the employee's completed years of service.

Compensation Practices and Risk

On an annual basis, the Committee reviews the potential for risk regarding our compensation program design, including incentive compensation. The Committee has reviewed the Company's compensation programs for employees generally and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on the Company. The Committee believes that the design of the Company's annual cash and long-term equity incentives provides an effective and appropriate mix of incentives to help ensure the Company's performance is focused on long-term

stockholder value creation and does not encourage the taking of short-term risks at the expense of long-term results. As previously noted above, the Company also maintains stock ownership guidelines and has adopted a clawback policy that applies to incentive compensation, if any, in excess of what would have been paid to our executive officers or former executive officers in the event that the Company is required to restate financial results and also to provide for clawback of incentive compensation in the event of misconduct by an executive officer or former executive officer.

Deductibility of Executive Compensation

We consider the anticipated accounting and tax treatment to the Company and our executive officers when reviewing executive compensation and our compensation programs, and generally intend for compensation paid to its executive officers to be within the limits of, or exempt from, the deductibility limits of Section 162(m) of the Internal Revenue Code. However, the Company reserves the right to pay compensation that is not deductible and a portion of the executive officers' compensation paid in 2014 was not deductible. The deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or exercise of previously granted rights or termination of employment.

Code Section 162(m) generally imposes a \$1 million limit on the amount that a public company may deduct for compensation

paid to the Company's CEO and certain other highly compensated executive officers (together, the covered employees). This limitation does not apply to compensation that meets the requirements under Section 162(m) for qualifying performance-based compensation (i.e., compensation paid only if the individual's or the Company's performance meets pre-established objective goals based on stockholder-approved performance criteria).

An annual incentive pool is established and approved based on achievement of certain performance conditions from which RSUs and annual incentive plan awards are paid to covered employees, and then negative discretion is applied to this pool to decrease (but not increase) the amount of any award payable from the pool to covered employees.

(1) Represents the grant date fair value of SAR awards computed in accordance with FASB ASC Topic 718. These equity awards are subject to time-based vesting criteria. The assumptions used in calculating these amounts are set forth on pages 63 to 65 of our financial statements for the year ended December 31, 2014 in our Annual Report on Form 10-K. All the equity awards were granted under the WESCO International, Inc. 1999 Long-Term Incentive Plan, as amended and approved by our Board and stockholders.

(2) Represents aggregate grant date fair value of RSUs and performance share awards in accordance with FASB ASC Topic 718, which, with respect to performance shares, is the value based on the target level of achievement (determined to be the probable outcome of the performance conditions at the time of grant). In the event the maximum performance conditions are met, these values would be: for Mr. Engel \$2,339,956; Mr. Van Oss \$1,050,146; Mr. Parks \$600,181; Ms. Lazzaris \$315,112; and Ms. Windrow \$300,091. RSUs are subject to time-based vesting criteria and performance shares are subject to achievement of certain performance targets over a three-year performance period. The assumptions used in calculating these amounts are set forth on pages 63 to 65 of our financial statements for the year ended December 31, 2014 in our Annual Report on Form 10-K. All the

equity awards were granted under the WESCO International, Inc. 1999 Long-Term Incentive Plan, as amended and approved by our Board and stockholders.

- (3) Represents annual cash incentive bonus amounts earned for each fiscal year in accordance with SEC rules, but approved and paid in the following year.
- (4) See the All Other Compensation table on page 28 for additional information.

The amounts for Mr. Engel include club dues of \$19,458 and imputed income for spousal travel. The amounts for Mr. Van Oss include club dues and imputed income for spousal travel.

(2) Represents a \$1,000 monthly automobile allowance.

(3) The Company does not provide tax gross-ups on executive-only perquisites.

(4) The retirement savings program includes both the Retirement Savings Plan, a qualified 401(k) plan, and the Deferred Compensation Plan, a non-qualified deferred compensation plan for certain management and highly compensated employees. Company contributions to the retirement savings program include matching contributions and discretionary contributions. The table below breaks down the Company contribution by plan and contribution type. Company matching contributions are capped at 50% of participant deferrals, not to exceed 3% of eligible compensation. Matching contributions are made to the 401(k) plan up to maximum limits established by the IRS, with any excess contributed to the deferred compensation plan. Similarly, discretionary contributions are made to the 401(k) plan up to maximum limits established by the IRS, with the excess contributed to the deferred compensation plan.

⁽¹⁾ Represents possible annual incentive cash awards that could have been earned in 2014 at target and maximum levels of performance. Amounts actually received by the NEOs under the annual incentive plans for 2014 performance are set forth in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 27. For further information about the annual incentive plans, please see the related discussion beginning on page 21.

⁽²⁾ Represents possible performance share awards granted in 2014 that could be earned at threshold, target, and maximum levels of performance over a three-year performance period. Each performance share award is based on two equally-weighted performance measures of relative total shareholder return and the three-year average net income growth rate achieved by the Company during the three-year performance period ending December 31, 2016. For further information about the long-term incentive performance share awards, see discussion beginning on page 22.

⁽³⁾ Represents the number of SARs granted in 2014 to the NEOs. These SARs will time vest and become exercisable ratably in three equal increments annually on the anniversary date.

- (4) Represents the number of RSUs granted in 2014 to the NEOs. The RSUs will cliff vest on the anniversary date in 2017.
- (5) Represents the full grant date fair value of SARs, RSUs and Performance Shares under ASC Topic 718 granted to the NEOs. With respect to awards subject to performance-based vesting conditions, grant date fair value is based on an estimate of the probable outcome at the time of grant which reflects achievement at target performance. For additional information on the valuation assumptions, refer to Note 12 of the Company's financial statements in the Annual Report on Form 10-K for the year ended December 31, 2014.
- (6) Represents the exercise price for the SARs and the grant date per share value of RSUs granted, which was the closing price of our Company stock on February 18, 2014, in accordance with Committee action on the grant date indicated.

Director Compensation

DIRECTOR COMPENSATION

Compensation

Independent members of the Board of Directors receive compensation in the form of an annual retainer and an annual equity award. Directors have the ability to defer 25% to 100% of the retainer. Deferred amounts are converted into stock units and credited to an account in the Director's name using the average of the high and low trading prices of our Common Stock on the first trading day in January of that year. In 2014, each Board member received an annual retainer of \$90,000, and the Lead Director received an additional retainer of \$20,000. The Chair of the Audit Committee received an additional retainer of \$20,000, each other member of the Audit Committee received an additional retainer of \$5,000, the Chair of the Nominating and Governance Committee received an additional retainer of \$10,000 and the Chair of the Compensation Committee received an additional retainer of \$15,000.

In addition to the retainer, non-employee Directors are reimbursed for travel and other reasonable out-of-pocket expenses related to attendance at Board and Committee meetings. Directors receive no additional compensation for Board or Committee meeting attendance. Members of our Board who are also our employees do not receive compensation for their services as Directors.

For 2014, non-employee Directors received equity grants in the form of RSUs in the amount of \$100,000, prorated based on

service. RSUs vest on the third anniversary of the date of the grant. If a Director's Board service ends as a result of a scheduled Board term expiration, then all of the Director's equity will vest in full. If a Director's Board service is terminated prior to a normal termination or re-election date, then unvested equity is forfeited. In February 2014, each non-employee Director received a grant of 1,172 RSUs, prorated based on service. The RSUs awarded February 18, 2014 have a grant price of \$85.35, the closing price of our Common Stock on February 18, 2014.
