**Item 1.01. Entry into a Material Definitive Agreement.**

***Third Supplemental Indenture with respect to 6.125% Senior Notes due 2023***

On November 19, 2015, Summit Materials, LLC (the Company) and Summit Materials Finance Corp. (together with the Company, the Issuers), indirect subsidiaries of Summit Materials, Inc., issued and sold \$300.0 million aggregate principal amount of their 6.125% Senior Notes due 2023 (the Additional Notes), which mature on July 15, 2023, pursuant to a third supplemental indenture dated as of November 19, 2015 (the Third Supplemental Indenture) to the indenture dated as of July 8, 2015 governing the 6.125% Senior Notes due 2023 initially issued in an aggregate principal amount of \$350.0 million on July 8, 2015 (the Existing Notes and, together with the Additional Notes, the Notes), by and among the Issuers, the subsidiary guarantors named on the signature pages thereto (the Guarantors) and Wilmington Trust, National Association, as trustee (the Trustee) (as amended and supplemented, including by the Third Supplemental Indenture, the Indenture). The Additional Notes were sold within the United States only to qualified institutional buyers in reliance on Rule 144A under the Securities Act of 1933, as amended (the Securities Act), and outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act. The Additional Notes are treated as a single series with the Existing Notes and have substantially the same terms as those of the Existing Notes, provided that the Additional Notes are subject to the registration rights agreement described below. The Additional Notes and the Existing Notes will vote as one class under the Indenture.

The Additional Notes were issued at 99.375% of their par value. The Notes bear interest at a rate of 6.125% per year, payable semi-annually in arrears. The Issuers' obligations under the Notes are guaranteed on a senior unsecured basis by all of the Company's existing and future wholly-owned domestic restricted subsidiaries that guarantee its senior secured credit facilities. The Notes are not guaranteed by Summit Materials, Inc.

The net proceeds from the offering of the Additional Notes will be used to redeem the remaining \$153.8 million in aggregate principal amount of the Issuers' outstanding 10½% senior notes due 2020 and to pay related fees and expenses incurred in connection with the offering, with the remaining net proceeds to be used for general corporate purposes, which may include the repayment of certain other indebtedness.

Upon the occurrence of a change of control or upon the sale of certain assets in which the Issuers do not apply the proceeds as required, the holders of the Notes will have the right to require the Issuers to make an offer to repurchase each holder's Notes at a price equal to 101% (in the case of a change of control) or 100% (in the case of an asset sale) of their principal amount, plus accrued and unpaid interest.

The Issuers may redeem all or a part of the Notes at any time prior to July 15, 2018 at a redemption price equal to 100% of the principal amount of the Notes being redeemed plus a make-whole premium and accrued and unpaid interest, if any, to, but not including, the redemption date. In addition, beginning on July 15, 2018, the Issuers may redeem all or a part of the Notes at a redemption price equal to 103.063% of the principal amount redeemed. The redemption price decreases to 101.531% and 100.000% of the principal amount redeemed on July 15, 2019 and July 15, 2020, respectively. In addition, at any time prior to July 15, 2018, the Issuers may redeem up to 40% of the Notes from the proceeds of certain equity offerings at a redemption price equal to 106.125% of the principal amount thereof, plus accrued and unpaid interest.

The Notes contain covenants limiting, among other things, the Company and the Guarantors' ability to incur additional indebtedness or issue certain preferred shares, pay dividends, redeem stock or make other distributions, make certain investments, sell or transfer certain assets, create liens, consolidate, merge, sell or otherwise dispose of all or substantially all of the Company's assets, enter into certain

transactions with affiliates, and designate subsidiaries as unrestricted subsidiaries. These covenants are subject to a number of important exceptions and qualifications. The Notes also contain customary events of default, the occurrence of which could result in the principal of and accrued interest on the Notes to become or be declared due and payable.

### ***Registration Rights Agreement***

On November 19, 2015, the Issuers, the Guarantors and Merrill Lynch, Pierce, Fenner & Smith Incorporated, on behalf of the initial purchasers of the Additional Notes described above, entered into a registration rights agreement with respect to the Additional Notes (the Registration Rights Agreement). In the Registration Rights Agreement, the Issuers and the Guarantors have agreed that they will use their respective commercially reasonable efforts to (i) file a registration statement on an appropriate registration form with respect to a registered offer to exchange the Additional Notes for new notes, with terms substantially identical in all material respects to the Additional Notes and (ii) cause the exchange offer registration statement to be declared effective under the Securities Act.

The Issuers and the Guarantors have agreed to use their commercially reasonable efforts to cause the exchange offer to be consummated or, if required, to have one or more shelf registration statements declared effective, within 270 days after the issue date of the Additional Notes.

If the Issuers and the Guarantors fail to satisfy this obligation (a registration default), the annual interest rate on the Additional Notes will increase by 0.25% for the first 90-day period immediately following the occurrence of the registration default. The annual interest rate on the Additional Notes will increase by an additional 0.25% for each subsequent 90-day period during which the registration default continues, up to a maximum additional interest rate of 1.0% per annum. If the registration default is corrected, the interest rate on the Additional Notes will revert to the original level.

If the Issuers must pay additional interest, they will pay holders of the Additional Notes in cash on the same dates that the Issuers make other interest payments on the Additional Notes, until the registration default is corrected.

Each of the foregoing descriptions of each of the Indenture, the Notes, the Third Supplemental Indenture and the Registration Rights Agreement do not purport to be complete and are qualified in their entirety by reference to the full text of each of such documents, which are filed as Exhibits 4.1, 4.2, 4.3 and 4.4, respectively, to this Current Report on Form 8-K and are incorporated herein by reference.

### **Item 1.02. Termination of Material Definitive Agreement.**

On November 19, 2015, the Issuers deposited with Wilmington Trust, National Association, as trustee under the indenture governing the Issuers' 10½% senior notes due 2020, funds sufficient to redeem all remaining \$153.8 million aggregate principal amount of 2020 Notes on December 7, 2015. Upon deposit of the redemption payment with the Trustee the indenture governing the 2020 Notes was satisfied and discharged.
