Dear Stockholder:

On behalf of the Board of Directors of U.S. Concrete, Inc., which we refer to as our Company, we invite you to attend the 2016 Annual Meeting of Stockholders of our Company, which we refer to as our Annual Meeting. We will hold our Annual Meeting at the Newark Liberty International Airport Marriott, 1 Hotel Road, Newark, New Jersey 07114 at 8:00 a.m. local time, on Thursday, May 19, 2016.

We again are taking advantage of the rules of the Securities and Exchange Commission, which we refer to as the SEC, that allow issuers to provide electronic access to proxy materials over the Internet instead of mailing printed copies of those materials to each stockholder. We believe that furnishing these materials electronically allows us to more efficiently provide our stockholders with our proxy materials while reducing costs and reducing the impact of the Annual Meeting on the environment. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials referenced below. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials electronically, unless you elect otherwise.

On or about April 1, 2016, we commenced the mailing to our stockholders (other than those who previously requested electronic or paper delivery) of a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy materials, the Notice of Annual Meeting of Stockholders, the proxy statement providing information concerning the matters to be acted on at the Annual Meeting, and our Annual Report to Stockholders describing our operations during the year ended December 31, 2015. If you requested printed versions of these materials, a proxy card for the Annual Meeting is also included.

We hope you will be able to attend the Annual Meeting in person. Whether or not you plan to attend, please take the time to vote. You may vote your shares via the Internet or by telephone, by following the instructions included in this proxy statement or, if you elected to receive printed versions of the materials, by signing, dating and returning the enclosed paper proxy card in the enclosed postage-paid envelope. If you attend the Annual Meeting and wish to vote your shares in person, you may revoke your proxy.

Thank you for your interest in our Company.

Meeting to be held on May 19, 2016: The Notice of Annual Meeting of Stockholders, Proxy Statement

and the Annual Report to Stockholders are available at www.proxyvote.com.

PROXY STATEMENT
FOR 2016 ANNUAL MEETING OF STOCKHOLDERS

QUESTIONS AND ANSWERS ABOUT
THE MEETING AND VOTING

Q: Why did I receive a notice regarding the availability of proxy materials rather than the printed proxy statement and annual report, and how do I request a printed copy of the proxy materials?

A: Pursuant to the rules of the Securities and Exchange Commission, which we refer to as the SEC, we have elected to provide electronic access to our proxy materials over the Internet instead of mailing printed copies of these materials to each stockholder. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials, which we refer to as the Notice, to our stockholders of record on March 24, 2016, which we began mailing on or about April 1, 2016. Instructions on how to access the proxy materials over the Internet are included in the Notice.

All stockholders will have the ability to access the proxy materials on the web site referred to in the Notice. If you received the Notice, then you will not receive a printed copy of the proxy materials unless you request them. Stockholders may request to receive a printed set of the proxy materials, on an ongoing basis, via the Internet at www.proxyvote.com, by sending an email to sendmaterial@proxyvote.com, or by calling 1-800-579-1639.

Q: What am I being asked to vote on at the 2016 Annual Meeting of Stockholders?

A: At the 2016 Annual Meeting of Stockholders of the Company, which we refer to as the Annual Meeting, we are asking you to consider and vote on the following:

the election of seven directors to serve on the Board of Directors of the Company, which we refer to as our Board, until the 2017 Annual Meeting of Stockholders of the Company (Proposal No. 1);

the ratification of the appointment of Grant Thornton LLP, as the independent registered public accounting firm of the Company for the year ending December 31, 2016 (Proposal No. 2);

the casting of a non-binding, advisory vote on the compensation of the Company's executive officers as disclosed in this proxy statement (Proposal No. 3); and

any other business that may properly come before the Annual Meeting or any adjournment or postponement thereof.

Q: Who may vote at the Annual Meeting?

A: All stockholders of record as of the close of business on March 24, 2016, which we refer to as the Record Date, are entitled to vote at the Annual Meeting. Holders of our common stock are entitled to one vote per share. As of March 24, 2016, 15,193,116 shares of our common stock were outstanding and entitled to vote.

Q: Who may attend the Annual Meeting?

A: All stockholders as of the Record Date, or their duly appointed proxies, may attend the Annual Meeting.

Q: How do I vote at the Annual Meeting?

A: You may vote in the following ways:

you may come to the Annual Meeting and cast your vote in person;

you may cast your vote by telephone by using the toll-free number listed on the Notice;

you may cast your vote over the Internet by using the Internet address listed on the Notice; or

if you elected to receive printed versions of the proxy materials, you may vote by signing and returning the enclosed proxy card. If you return the proxy card, the persons named on the card will vote your shares in the manner you indicate.

The telephone and Internet voting procedures are designed to verify your vote through the use of a voter control number that is provided on your individual copy of the Notice. The procedures also allow you to vote your shares and to confirm that your instructions have been properly recorded. Please see your copy of the Notice for specific instructions.

If you hold shares through a brokerage firm, bank or other custodian, you may vote by telephone or the Internet only if the custodian offers that option.

Q: Who is soliciting my proxy?

A: Our Board is soliciting your proxy. Certain of our directors, officers and employees also may solicit proxies on our Board's behalf by mail, telephone, email, fax or in person.

Q: Who will bear the expenses of this solicitation?

A: We will pay the costs and expenses of the solicitation. Our directors, officers and employees will not receive additional remuneration for soliciting proxies. We will reimburse banks, brokers, custodians, nominees and fiduciaries for their reasonable costs and expenses to forward our proxy materials to the beneficial owners of our common stock.

Q: What is the difference between a stockholder of record and a beneficial owner of shares held in street name ?

A: *Stockholder of Record.* If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares and the Notice was sent directly to you by us. If

you request printed copies of the proxy materials by mail, you will receive a proxy card. *Beneficial Owner of Shares Held in Street Name.* If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in street name, and the Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. If you request printed copies of the proxy materials by mail, you will receive a vote instruction form from the stockholder of record.

Q: What happens if I do not indicate how I wish to vote on one or more of the proposals?

A: If you are a stockholder of record and you return your signed proxy card but do not indicate how you wish to vote, the persons named as proxies will vote your shares (i) FOR the election of all the director nominees (Proposal No. 1), (ii) FOR the ratification of the appointment of Grant Thornton LLP (Proposal No. 2), and (iii) FOR the approval of the advisory vote on the compensation of our executive officers (Proposal No. 3). If any other matter does come before the Annual Meeting, the proxy holders will vote the proxies according to their best judgment.

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of the national securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote. Under applicable rules, brokers will not be able to vote for the election of nominees for director (Proposal No. 1) or the advisory vote on the compensation of our executive officers (Proposal No. 3), without prior instructions from you on how to vote. Therefore, it is very important that you vote your proxy so that your vote can be counted.

Q: What if I vote by proxy and then change my mind?

A: If you vote by proxy, via mail, the Internet or telephone, you may later revoke your proxy instructions by:

writing to the Company's Corporate Secretary at the mailing address in the answer to the last question below;

delivering to our Corporate Secretary at the mailing address in the answer to the last question below a properly executed proxy card dated after the date of the proxy card you want to revoke;

voting at a later time by telephone or the Internet; or

attending the Annual Meeting and casting your vote in person.

Q: When did the Company begin mailing the Notice and first distribute this proxy statement and the accompanying form of proxy to stockholders?

A: We began mailing the Notice, and first distributed this proxy statement and the accompanying form of proxy to our stockholders, on or about April 1, 2016.

Q: What constitutes a quorum?

A: The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting constitutes a quorum. We need a quorum of stockholders to hold a valid annual meeting. If you have properly voted by proxy, via mail, the Internet or telephone, you will be considered part of the quorum. We will count abstentions and broker non-votes as present for the purpose of establishing a quorum. If a quorum is not present, the Chairman of our Board or the holders of a majority of the shares of common stock present in person or by proxy at the Annual Meeting may adjourn the Annual Meeting, without notice other than an announcement at the Annual Meeting, until the required quorum is present.

Q: What vote is required to approve of each of the proposals being considered at the Annual Meeting?

A: Pursuant to our bylaws, in an uncontested election of directors, the affirmative vote of the holders of a majority of the votes cast at the Annual Meeting is required for the election of directors. A majority of the votes cast means that the number of shares voted for a director must exceed the number of votes cast against that director. Votes cast shall exclude abstentions with respect to that director's election. Pursuant to the Company's Corporate Governance Guidelines, in an uncontested election of directors, any nominee for director who has a greater number of votes against his or her election than votes for such election (a Majority Against Vote) is required to promptly tender his or her resignation following certification of the stockholder vote. The Nominating and Corporate Governance Committee will recommend to the Board whether to accept such resignation; however, if each member of the Nominating and Corporate Governance Committee received a Majority Against Vote at the same election, then the independent directors who did

not receive a Majority Against Vote shall appoint a committee among themselves and recommend to the Board of Directors whether to accept such resignations. The Board will act upon such recommendation(s) within 90 days following certification of the stockholder vote.

The ratification of Grant Thornton LLP, as our independent registered public accounting firm for the year ending December 31, 2016, requires the affirmative vote of a majority of the votes cast on the proposal. The approval of the advisory vote on our executive compensation requires the affirmative vote of a majority of the shares entitled to vote at the meeting.

Abstentions and broker non-votes will have no effect on the vote for directors or ratification of our independent registered public accounting firm. Abstentions will have the same effect as votes against the advisory vote on our executive compensation, and broker non-votes will have no effect on the result of the vote for such proposal.

Q: Who will count the votes?

A: Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes.

Q: What shares are reflected on my copy of the Notice or my proxy card?

A: The shares listed on your copy of the Notice or your proxy card represent, as of the record date, all the shares of common stock held in your name, as distinguished from shares held by a broker in street name. You should receive a separate notice or proxy card from your broker if you hold shares in street name.

Q: What does it mean if I get more than one Notice or proxy card?

A: It indicates that your shares are held in more than one account, such as two brokerage accounts, or are registered in different names. You should vote or provide a proxy for the shares covered by each Notice or proxy card to ensure that all your shares are voted.

Q: What is the deadline for submitting a proxy?

A: In order to be counted, proxies submitted by telephone or the Internet must be received by 11:59 p.m. on May 18, 2016, the day before the Annual Meeting. Proxies submitted by mail must be received prior to the start of the Annual Meeting.

Q: What is the Company's mailing address?

A: Our mailing address, and the location of our principal executive offices, is U.S. Concrete, Inc., 331 N. Main Street, Euless, Texas 76039.

INFORMATION CONCERNING THE BOARD OF DIRECTORS AND COMMITTEES

Board of Directors

Our Board currently consists of seven directors. A majority of our Board constitutes a quorum for meetings of the Board of Directors. The convening of a special meeting is subject to advance written notice to all directors.

Director Independence

Our Board has determined that six of our directors, Messrs. Davis, Cellar, Lundin, Rayner, Sutherland and Rossi are independent directors in accordance with the applicable rules of the SEC and applicable corporate governance standards of the Nasdaq stock market and that none has a material relationship with the Company that would impair his independence from management or otherwise compromise his ability to act as an independent director. There were no transactions, relationships or arrangements that were considered by our Board in determining the independence of such directors. Accordingly, the majority of the Board is currently and, if all the director nominees are elected, will be comprised of independent directors.

Board Committee and Meetings

Our Board met 14 times during 2015. Our Board currently has standing audit, compensation and nominating and corporate governance committees. Committee designations are generally made by our Board following the election of directors at each annual meeting of stockholders, upon the formation of a new committee or upon the addition or resignation of directors between annual meetings, if needed.

During 2015, each of our directors attended at least 75% of the meetings of the Board and any committee of the Board on which such director served. Members of the Board of Directors are expected to use all reasonable efforts to attend each meeting of the Board and to attend the Company's annual meeting of stockholders. A director who is unable to attend a meeting is expected to notify the Chairman of the Board or the chairperson of the appropriate Board committee in advance of such meeting. The Chairman of the Board or his designee may also request that members of management or other advisors attend all or any portion(s) of the meetings of the Board of Directors. Each of our directors attended our 2015 Annual Meeting of Stockholders (the 2015 Annual Meeting).

Audit Committee

The Audit Committee met six times during 2015. During 2015, the Audit Committee consisted of Messrs. Rayner (Chairman), Davis and Sutherland. The Board has determined that each member of the Audit Committee is an independent director in accordance with the applicable rules of the SEC and applicable corporate governance standards of the Nasdaq stock market. The Board has also determined that Messrs. Rayner and Davis are each an audit committee financial expert, as defined in the applicable rules of the SEC.

The Audit Committee assists our Board in fulfilling its oversight responsibility relating to:

the integrity of our financial statements, accounting, auditing and financial reporting process and internal control systems;

recommending to the Board whether our audited financial statements should be included in our Annual Report on Form 10-K for that year;

confirming the regular rotation of the audit partners with our independent auditor, as required by applicable law, and considering whether there should be regular rotation of our auditors;

preparing an annual Audit Committee report for inclusion in our proxy statement;

reviewing legal and regulatory matters that may have a material impact on our financial statements and reviewing our compliance policies and procedures, including meeting annually with the General Counsel regarding the implementation and effectiveness of our compliance programs;

reviewing the Company's significant financing transactions and related documentation that may have a material impact on the Company's ability to borrow to ensure the Company is able to finance its ongoing as well as future operations, and evaluating whether to recommend to the Board to approve or ratify any such financing transaction;

considering all of the relevant facts and circumstances available for related party transactions submitted to the Audit Committee in accordance with our policy regarding related party transactions;

establishing and maintaining procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls and auditing matters for the confidential, anonymous submission by our employees of concerns regarding questionable accounting and auditing matters;

performing such other functions the Audit Committee or the Board deems necessary or appropriate under applicable law, including those set forth in our Corporate Governance Guidelines.

The Audit Committee meets separately with our internal auditors and the independent registered public accounting firm to provide an open avenue of communication.

Compensation Committee

The Compensation Committee met five times during 2015. During 2015, the Compensation Committee consisted of Messrs. Cellar (Chairman), Lundin, Sutherland and Rossi. Each member of the Compensation Committee is an independent director in accordance with the applicable rules of the SEC and applicable corporate governance standards of the Nasdaq stock market. The Compensation Committee is governed by a charter adopted by our Board, a copy of which is available on our web site at www.us-concrete.com under Investor Relations - Corporate Governance.

Pursuant to the charter, the Compensation Committee has the resources necessary to discharge its duties and responsibilities, including the authority to retain outside counsel or other experts or consultants as it deems necessary. The following are the key functions of the Compensation Committee, any of which may be delegated to one or more subcommittees, as the Compensation Committee may deem necessary or appropriate:

review and approve annually the corporate goals and objectives relevant to the compensation of our executive officers, evaluate the performance of our executive officers in light of those goals and set the

compensation levels of our executive officers based on the Compensation Committee's evaluation;

review the competitiveness of our compensation programs for executive officers to (1) attract and retain executive officers, (2) motivate our executive officers to achieve our business objectives, and (3) align the interests of our executive officers and key employees with the long-term interests of our stockholders;

For additional information regarding the Compensation Committee, see "Compensation Committee Interlocks and Insider Participation" and "Compensation Discussion and Analysis."

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee met one time in 2015. During 2015, the Nominating and Corporate Governance Committee consisted of Messrs. Davis (Chairman), Cellar, Lundin, Rayner, Sutherland and Rossi. Each member of the Nominating and Corporate Governance Committee is an independent director in accordance with the applicable rules of the SEC and applicable corporate governance standards of the Nasdaq stock market. The Nominating and Corporate Governance Committee is governed by a charter

adopted by our Board, a copy of which is available on our web site at www.us-concrete.com under Investor Relations Corporate Governance.

The Nominating and Corporate Governance Committee is responsible for the duties and functions related to corporate governance matters including ensuring that we operate in accordance with our Corporate Governance Guidelines, leading the Board in its annual assessment of the performance of the Board, its committees and each of the directors and reviewing, evaluating and recommending changes to our Corporate Governance Guidelines.

The following functions are among the key duties and responsibilities of the Nominating and Corporate Governance Committee:

review and make recommendations regarding the size, composition and organization of the Board;

develop and recommend to the Board specific criteria for the selection of directors;

with respect to director nominees, (i) identify individuals qualified to become members of the Board (consistent with criteria approved by the Board), (ii) review the qualifications of any such person submitted to be considered as a member of the Board by any stockholder or otherwise, and (iii) select the director nominees for the next annual meeting of stockholders or to fill vacancies on the Board;

develop and periodically reassess policies and procedures with respect to the consideration of any director candidate recommended by stockholders or otherwise;

review and make recommendations to the Board with respect to the size, composition and organization of the committees of the Board (other than the Nominating and Corporate Governance Committee);

recommend procedures for the smooth functioning of the Board;

assist the Board in determining whether individual directors have material relationships with the Company that may interfere with their independence, as provided under applicable requirements and listing standards;

oversee the Board's annual self-evaluation process and report annually to the Board with an assessment of the Board's performance;

develop and maintain the orientation program for new directors and continuing education programs for directors;

review and discuss as appropriate with management the Company's public disclosures and its disclosures to stock exchanges relating to independence, governance and director nomination matters, including in the

Company's proxy statement;

review and assess the adequacy of its charter annually and recommend to the Board any changes deemed appropriate; and

review its own performance annually.

In carrying out its function to evaluate nominees for election to the Board, the Nominating and Corporate Governance Committee considers a candidate's mix of skills, experience, character, commitment and diversity of background, all in the context of the requirements of the Board at that time. Each candidate should be prepared to participate fully in Board activities, including attendance at, and active participation in, meetings of the Board, and not have other personal or professional commitments that would, in the Nominating and Corporate Governance Committee's judgment, interfere with or limit such candidate's ability to do so. Additionally, in determining whether to nominate a director for re-election, the Nominating and Corporate Governance Committee also considers the director's past attendance at Board and committee meetings and participation in and contributions to the activities of the Board. The Nominating and Corporate Governance Committee has no stated specific minimum qualifications that must be met by a candidate for a position on our Board. The Nominating and Corporate Governance Committee does, however, believe it appropriate for at least one member

of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules, and for a majority of the members of the Board to meet the definition of independent director within the meaning of the applicable Nasdaq listing standards. Although the Board does not have a formal policy on diversity, the Nominating and Corporate Governance Committee gives due consideration to diversity in business experience, professional expertise, gender and nationality among the Board members because different points of view based on a variety of experiences contributes to effective decision making. In considering candidates, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards.

The Nominating and Corporate Governance Committee's methods for identifying candidates for election to the Board (other than those proposed by the Company's stockholders, as discussed below) include the solicitation of ideas for possible candidates from a number of sources, including members of the Board, our executives, individuals personally known to the members of the Board and other research. The Nominating and Corporate Governance Committee also may select and compensate a third-party search firm to help identify potential candidates, if it deems it advisable to do so.

The Nominating and Corporate Governance Committee will consider nominees recommended by stockholders. Stockholders may submit nominations to the Nominating and Corporate Governance Committee in care of Corporate Secretary, U.S. Concrete, Inc., 331 N. Main Street, Euless, Texas 76039. Any stockholder wishing to nominate a person for election to the Board must comply with the advance notice deadline and submission process for stockholder proposals contained in our bylaws.

The Nominating and Corporate Governance Committee will consider all candidates identified through the processes described above, whether identified by the Board or by a stockholder, and will evaluate each of them on the same basis.

Compensation Committee Interlocks and Insider Participation

During 2015, the Compensation Committee was comprised of Messrs. Cellar, Lundin, Sutherland and Rossi. During 2015, no member of the Compensation Committee was an officer or employee of U.S. Concrete or any of its subsidiaries. During 2015, no member of the Compensation Committee had any material interest in a transaction involving the Company (except for the director compensation arrangements described below) or a material business relationship with, or any indebtedness to, the Company. None of the Company's executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, the executive officers of which served as a director of the Company or member of the Compensation Committee during 2015.

Communication with Board of Directors

Stockholders and other interested persons may communicate with our Board by sending their communication to U.S. Concrete, Inc. Board of Directors, c/o Corporate Secretary, 331 N. Main Street, Euless, Texas 76039. All such communications received by our Corporate Secretary will be delivered to the Chairman of the Board.

Company Leadership Structure

The Board of Directors is currently led by Eugene I. Davis, our non-executive Chairman. William J. Sandbrook, our President and Chief Executive Officer, serves as a member of the Board of Directors. In the absence of the Chairman, a majority of the directors present may elect any director present as chairman of the meeting. Non-management directors meet frequently in executive session without management following Board meetings. All members of the Board are elected annually.

The Board of Directors has historically separated the positions of Chairman and Chief Executive Officer. Separating these positions allows our Chief Executive Officer to focus on developing and implementing the Company's business plans and supervising the Company's day-to-day business operations and allows our Chairman to lead the Board of Directors in its oversight and advisory roles. Because of the many responsibilities of the Board of Directors and the significant time and effort required by each of the Chairman and the Chief Executive Officer to perform their respective duties, the Company believes that having separate persons in these roles enhances the ability of each to discharge those duties effectively and, as a corollary, enhances the Company's prospects for success. The Board of Directors also believes that having separate positions provides a clear delineation of responsibilities for each position and fosters greater accountability of management. For the foregoing reasons, the Board of Directors has currently determined that its leadership structure is appropriate and in the best interests of the Company's stockholders.

Risk Oversight

The Board of Directors provides oversight with respect to the Company's risk assessment and risk management activities, which are designed to identify, prioritize, assess, monitor and mitigate material risks to the Company, including strategic, operational, compliance, data security, financial and compensatory risks. The Board administers this oversight function at the Board level, and through the Audit Committee and the Compensation Committee. The entire Board oversees the strategic, operational and compliance risks. The Audit Committee focuses on financial risks, including reviewing with management, the Company's internal auditors and the Company's independent auditors, the Company's major financial risk exposures, the adequacy and effectiveness of accounting and financial controls and the steps management has taken to monitor and control financial risk exposures. The Audit Committee also oversees the Company's data security risks and strategy. The Compensation Committee considers risks presented by the Company's compensation policies and practices, as well as those related to succession and management development. The Audit Committee and Compensation Committee each report directly to our Board.

Code of Ethics

Pursuant to our Code of Ethics and Business Conduct, all employees (including our Named Executive Officers) who have, or whose immediate family members have, any direct or indirect financial or other participation in any business that competes with, supplies goods or services to, or is a customer of the Company, are required to disclose such matters to our Chief Executive Officer or General Counsel prior to transacting such business. Our employees are expected to make reasoned and impartial decisions in the workplace. Our Board members are also responsible for complying with our Code of Ethics and Business Conduct, which is in writing and is available on our web site at www.us-concrete.com under Investor Relations - Corporate Governance. You may also obtain a written copy by making a request to our Corporate Secretary by mail at U.S. Concrete, Inc., 331 N. Main Street, Euless, Texas 76039 or by phone by calling (817) 835-4100. In the event that we amend or waive any of the provisions of the Code of Ethics and Business Conduct applicable to our principal executive, financial and accounting officers, we intend to disclose that action on our website, as required by applicable law.

Director Compensation

Director Retainers and Meeting Fees

Effective October 1, 2015, we changed our non-employee director compensation from a retainer plus fee per meeting to a retainer with no per meeting fees. The following describes our non-employee director compensation before and after this change.

Prior to October 1, 2015, we paid to each of our non-employee directors the following fees, with the retainers paid quarterly in advance and the meeting fees paid quarterly in arrears:

an annual retainer of \$100,000 to the Chairman of the Board, in addition to the Board and committee retainers listed below;

an annual retainer of \$50,000 to each non-employee member of the Board;

\$1,500 for each Board meeting attended in person and \$1,000 for each Board meeting attended telephonically;

an annual retainer of \$15,000 for the Chairman of the Audit Committee;

an annual retainer of \$15,000 for the Chairman of the Compensation Committee;

an annual retainer of \$5,000 for each member (non-chair) of the Audit Committee and Compensation Committee; and

\$1,000 for each Board committee meeting attended (in person or telephonic), unless the committee meeting is held on the same day as a Board meeting, in which case the committee member receives no additional fee for attending that committee meeting.

Effective October 1, 2015, we (1) increased the annual retainer of the Chairman of the Board from \$100,000 to \$150,000 and the annual retainer of each non-employee Board member from \$50,000 to \$100,000 and (2) eliminated the per meeting fees for Board and committee meetings. The retainers for the Audit Committee and Compensation Committee did not change.

Director Equity Compensation

In addition to the change in annual retainer amounts and the elimination of per meeting fees, we also increased the dollar value of our annual equity award grants for non-employee directors from \$85,000 to \$125,000 and for the Chairman of the Board from \$127,500 to \$167,500.

We generally grant annual equity awards to non-employee directors in October as part of their remuneration for services to us. In 2015, each non-employee director (other than the Chairman) received a grant of RSUs with a grant date fair value of approximately \$125,000, and the Chairman received a grant of RSUs with a grant date fair value of approximately \$167,500. As a result, on October 1, 2015, we granted 3,343 RSUs to Mr. Davis, as Chairman of the Board, and 2,495 RSUs to each of Messrs. Rayner, Cellar, Lundin, Sutherland, and Rossi. The number of shares granted was based on the closing price of our common stock on the NASDAQ stock market on October 1, 2015. The awards vest in four installments of 25% each on January 1, 2016, April 1, 2016, July 1, 2016, and October 1, 2016, provided the award recipient remains a member of the Board through the applicable vesting dates.

Other Director Compensation

We do not pay any additional compensation to our employees for serving as directors, but we reimburse all directors for out-of-pocket expenses they incur in connection with attending Board and committee meetings or otherwise in their capacity as directors.

The table below summarizes the compensation we paid to our non-employee directors during the fiscal year ended December 31, 2015.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis describes the material elements of compensation for our executive officers identified in the Summary Compensation Table (the Named Executive Officers or NEOs). For 2015, the following individuals constituted our Named Executive Officers. The titles shown below were their titles as of December 31, 2015:

William J. Sandbrook President and Chief Executive Officer;

William M. Brown Former Senior Vice President and Chief Financial Officer;

Paul M. Jolas Vice President, General Counsel and Corporate Secretary;

Kevin R. Kohutek Regional Vice President and General Manager Atlantic Region; and

Niel L. Poulsen Executive Vice President Southeast Division.

This Compensation Discussion and Analysis addresses the following topics:

our compensation-setting process;

our executive compensation philosophy and policies;

the elements of our executive compensation program, including our compensation decisions for 2015; and

post-employment arrangements for our Named Executive Officers.

The Compensation-Setting Process

Overview

Our executive compensation program is administered by our Compensation Committee (Compensation Committee or Committee). The role of the Committee is to provide oversight and direction to ensure the establishment of executive compensation programs that are competitive in nature, enable us to attract top talent, and align the interests of our executive officers and our stockholders. The Committee is supported by our Vice President Human Resources in the design, review and administration of our executive compensation programs and receives the input of our Chief Executive Officer regarding the compensation of our executive officers, other than himself. The Committee has engaged a third party compensation consulting firm, Towers Watson (now Willis Towers Watson), a nationally recognized executive compensation consulting firm (Towers Watson), to evaluate executive officer compensation, evaluate Company practices in relation to other companies, and provide associated recommendations.

The Compensation Committee meets as often as it determines is necessary to perform its duties and responsibilities related to (i) compensation of the Company's executives and other key employees, (ii) the fees and retainers paid to non-management directors of the Company, and (iii) the Company's employee benefit plans and practices. The Committee typically meets at least biannually with our Chief Executive Officer, Vice President Human Resources, and General Counsel, and when appropriate and as needed, outside compensation consultants. The Committee also meets as needed in executive sessions without management, including at least annually, to evaluate the performance of our Chief Executive Officer, to determine his bonus for the prior calendar year, to set his base salary for the then-current calendar year, and to consider and approve any grants to him of equity incentive compensation.

The Committee works with management to establish the agenda for each meeting and typically receives and reviews materials in advance of each meeting. These materials include information that our management believes will be helpful to the Committee, as well as materials that the Committee has specifically requested. Depending on the agenda for the particular meeting, this information may include:

reports on officers' and key employees' compensation;

financial reports on year-to-date performance versus budget and prior year performance;

calculations and reports on levels of achievement of individual and corporate annual performance objectives;

information regarding compensation levels at peer groups of companies;

management's proposals for salary, bonus and long-term incentive compensation; and

proposed annual retainers, meeting fees and any other cash or equity components of compensation for non-employee directors.

Management's Role in the Compensation-Setting Process

Our management, especially our Chief Executive Officer and Vice President Human Resources, plays a key role in the compensation-setting process for the executive officers, except with respect to the compensation of the Chief Executive Officer. The most significant aspects of management's role are:

recommending salary adjustments and equity compensation awards;

recommending strategic objectives and business performance targets for approval by the Compensation Committee in connection with the annual incentive compensation plan; and

evaluating employee performance

At the Committee's request, our Chief Executive Officer participates in Committee meetings to provide:

information regarding our strategic objectives;

his evaluations of the performance of all executive officers; and

compensation recommendations as to all executive officers (excluding himself).

The Chief Executive Officer considers all relevant information and provides recommendations to the Committee regarding compensation for review, discussion and approval for all executive officers with the exception of himself. While the Committee considers the recommendation of our Chief Executive Officer, the Committee has the ultimate authority in making compensation decisions for the executive officers. The Committee reviews the performance and establishes appropriate compensation for the Chief Executive Officer in executive session without the Chief Executive Officer present.

The Compensation Committee has designated our Chief Executive Officer, Chief Financial Officer and Vice President Human Resources, collectively, as the Administrator of our short-term incentive plan, which is our annual cash bonus plan. The Compensation Committee chose those individuals because of their access to financial information and individual performance criteria necessary to administer the plan. The Administrator has the authority to interpret the plan, to exercise discretion in interpolating performance levels and award payouts outside of or between the

designated benchmarks, as well as to take all steps and make all determinations in connection with the short-term incentive plan and bonus payouts as it deems necessary. All incentive award payouts must ultimately be approved by the Committee.

Executive Compensation Philosophy and Policies

We are focused on building and maintaining a sustainable business model that consistently delivers superior returns to our stockholders. To be successful, we must attract, motivate, retain and reward key talent to provide the needed leadership capabilities to develop and execute our business strategy. Our compensation philosophy and approach is designed to support these objectives.

Our compensation philosophy is to provide competitive market compensation opportunities with an emphasis on performance-based variable pay. This pay-for-performance approach is reflected in the compensation package of all executive officers.

Our primary external market reference point for our market analysis is the 50th percentile. Our Compensation Committee uses the 50th percentile because it believes that is the appropriate level to attract and retain executive talent. Coupled with the opportunity to earn higher amounts commensurate with performance, the Committee believes high performing executives are given appropriate incentives and rewards for performance that results in improved shareholder value.

It is important to note that the external competitive market data serves as just one point of reference for the Committee. The total compensation packages for executives may vary materially from the benchmark data based on several factors, including individual performance, Company and business unit performance, retention needs, experience, strategic impact, and internal pay equity.

All components of compensation for executive officers and key management are reviewed annually to ensure consistency with our compensation philosophy and to verify that the overall level of compensation is competitive. We use the following principles in the design and administration of our executive compensation program:

Competitiveness Our compensation programs are designed to ensure we can attract, motivate and retain the talent needed to lead and grow the business. Targets for total cash compensation (base salary and short-term incentives) are generally based on median (50th percentile) market levels.

Support Business Objectives, Strategy and Values Ultimately our compensation program is designed to drive the achievement of short and long-term business objectives, support the creation of long-term value for our stockholders, and promote and encourage behavior consistent with our core values and guiding principles.

Pay-for-Performance While we establish target pay levels at or near the median or 50th percentile market levels for target level performance, our plans provide the opportunity for significantly greater rewards for outstanding performance. At the same time, performance that does not meet expectations is not rewarded.

Emphasize Stock Ownership Our compensation programs encourage an ownership mentality and align the long-term financial interest of our executives with those of our stockholders.

Individual Performance In addition to Company-wide and business unit financial measures, our annual incentive program emphasizes individual performance and the achievement of personal objectives.

Integrated Approach We look at compensation in total and strive to achieve an appropriate balance of immediate, annual and long-term compensation components, with the ultimate goal of aligning executive compensation with the creation of long-term stockholder value.

We believe that we offer a work environment in which executive employees are allowed to use their abilities to achieve personal and professional satisfaction. However, we also understand that our executive employees have a choice regarding where they pursue their careers, and the compensation we offer plays a significant role in their decisions to choose to remain with us. We believe that our compensation principles will reward and encourage our management to deliver increasing stockholder value over time and help us to attract and retain top executive talent.

Internal Pay Equity

In implementing our compensation philosophy, the Committee also compares our Chief Executive Officer's total compensation to the total compensation of the other Named Executive Officers. However, the Committee has not established a targeted level of difference between the total compensation of the Chief Executive Officer and the median total compensation level for the next lower tier of management. The Committee also considers internal pay equity among the other Named Executive Officers, and in relation to the next lower tier of

management, in order to maintain compensation levels that are consistent with the individual contributions and responsibilities of those officers.

Stockholder Say-on-Pay Votes

At our 2015 Annual Meeting, of those stockholders voting on the matter, 98.7% voted to approve our executive compensation on an advisory basis. The Compensation Committee believes this affirms stockholders' support of our approach to executive compensation and, as a result, did not change its approach in fiscal 2015, except we increased the target bonus percentage under our annual cash bonus plan for regional vice presidents and general managers from 40% of base salary to 50% of base salary. The Compensation Committee will consider the outcome of the Company's future say-on-pay votes when making future compensation decisions for the Named Executive Officers.

Compensation Consultants and Competitive Benchmarking

Compensation Consultants. As in prior years, the Compensation Committee engaged Towers Watson to analyze our current compensation program to ensure that the Company's executive, key employee and director compensation programs were:

Performance Based. Designed to be performance-based and maximize stockholder value creation.

Aligned with Strategy and Culture. Aligned with the Company's current business strategy and corporate culture.

Market Competitive. Competitive with the market in order to attract, engage, reward and retain executive and key talent.

In connection therewith, Towers Watson:

had multiple conversations with the Chairman of our Compensation Committee, Chief Executive Officer and our Vice President - Human Resources regarding 2015 compensation;

advised the Compensation Committee with respect to the review and selection of our 2015 peer group; and

advised the Compensation Committee regarding the design, implementation and valuation of our long-term equity incentive awards and respective performance metrics for 2015.

The Compensation Committee assessed the independence of Towers Watson pursuant to applicable SEC and NASDAQ rules and concluded that Towers Watson's work for the Compensation Committee does not raise any conflict of interest.

For 2015, we also subscribed to an on-line compensation service available through the Economic Research Institute (ERI). ERI compiles a robust database on job competencies, cost-of-living increases and executive compensation surveys. These three databases are used to help gauge the competitiveness of our 2015 salaries and executive compensation practices.

Competitive Benchmarking. Our compensation philosophy generally results in the establishment of total direct compensation (base annual salary, target bonus opportunity, long term incentives) that are at or near the 50th percentile of market for executives in similar positions. While the Compensation Committee's objective is to set compensation at or near the 50th percentile, the Committee does not employ a formulaic approach in setting any aspect of total compensation. The Committee has the flexibility to increase compensation when either hiring new executives who have significant industry experience, or for existing executives who demonstrate outstanding performance.

We compete against companies in many industries for executive talent. Because we believe that our benchmark peer group does not necessarily represent all of the companies that may be direct competitors for executive talent, we also rely upon general industry national survey data of companies which are of similar revenue size. This general industry data is collected and prepared for us by Towers Watson.

In 2015, Towers Watson was asked to benchmark the compensation of the Company's executive officers. In seeking an appropriate peer group, management, the Committee and Towers Watson recognized that there are few publicly-traded companies in the construction materials industry that are close to the Company's size in terms of annual revenue and market capitalization. Most other publicly-traded construction materials companies are larger than the Company and are companies with which the Company rarely competes. Despite those challenges, management and the Committee agreed on the following peer group for 2015, which was unchanged from 2014, other than the removal of Texas Industries Inc. which was acquired by Martin Marietta Materials Inc.:

Company	Primary Industry	Primary Segment and GICS Code
Vulcan Materials Company	Construction Materials	Stone Materials (15102010)
Martin Marietta Materials Inc.	Construction Materials	Stone Materials (15102010)
MYR Group, Inc.	Construction and Engineering	Heavy Construction (20103010)
Matrix Service Company	Oil and Gas Equipment	Heavy Construction (20103010)
	and Services	
Great Lakes Dredge & Dock Corporation	Construction and Engineering	Heavy Construction (20103010)
Headwaters Incorporated	Construction Materials	Stone Materials (15102010)
Sterling Construction Co. Inc.	Construction and Engineering	Heavy Construction (20103010)
Eagle Materials Inc.	Construction Materials	Concrete (15102010)
Forbes Energy Services Ltd.	Oil and Gas Equipment	Oil and Gas Field Services (10101020)
	and Services	
Integrated Electrical Services, Inc.	Construction and Engineering	Heavy Construction (20103010)
Furmanite Corporation	Construction and Engineering	Commercial Repair Services (20201070)
Orion Marine Group, Inc.	Construction and Engineering	Heavy Construction (20103010)
Argan, Inc.	Construction and Engineering	Heavy Construction (20103010)
American Woodmark Corp.	Building Products	Building Products (20102010)
Cal Dive International	Oil and Gas Equipment and Services	Oil and Gas Field Services (10101020)

The Committee believes this group of companies is an appropriate peer group for compensation setting purposes because their revenues, industry and geographic markets are most similar to the Company and provide a reasonable point of reference for comparing like positions and scope of responsibility for purposes of executive compensation. It is the Committee's view that (i) we compete for executive officers and employees from companies that are represented by this group, and (ii) investors consider the performance of these public companies when deciding to make an investment in the construction materials sector. Among this peer group, the Company ranked near the median in terms of annual revenue.

Given the changing nature of our industry and the construction industry, the Compensation Committee expects that the companies used in the benchmarking process and peer group may vary from year-to-year.

Components of Executive Compensation

The primary components of our executive compensation programs are as follows:

Annual Base Salaries. This fixed component of pay is based on an individual's particular skills, responsibilities, experience and performance. The executive officers, as well as other salaried employees, are eligible for annual increases based on performance, experience and/or changes in job responsibilities.

Annual Cash Bonuses. This variable cash component of pay is based on Company performance, business unit performance, and an individual's achievement of specified goals measured over a performance period of one year.

Long-Term Equity Incentives. This variable equity component of pay is based on an individual's compensation grade level. For 2015, we granted awards of restricted stock to all executives and key employees with 60% of the awards vesting annually over a three-year period (time-based vesting) and the remaining 40% vesting upon attainment of specified performance measures (performance-based vesting).

Non-Qualified Deferred Compensation Plan. All executive officers and certain key employees are eligible to participate in non-qualified deferred compensation plan under which they may defer up to 75% of their base compensation and 75% of their annual incentive compensation. There is no Company match for contributions to the non-qualified deferred compensation plan.

Health and Welfare Benefits. All executive officers are eligible to participate in health and welfare benefit programs that are available to substantially all non-union employees which provide for medical, dental, vision, basic life, and disability insurance needs. We do not offer any post-employment retiree health or welfare benefits.

Severance Benefits. We have entered into executive severance agreements with each of our NEOs, which provide the NEOs with varying severance compensation and benefits if their employment is terminated in a qualifying termination.

Promotion of Kevin R. Kohutek

Effective April 1, 2015, Mr. Kohutek was promoted to Regional Vice President and General Manager - Atlantic Region from Vice President and Chief Accounting Officer. To incentivize Mr. Kohutek to accept this new position, we agreed to (i) increase Mr. Kohutek's base salary from \$232,000 per year to \$272,000 per year, (ii) increase his restricted stock award under the U.S. Concrete, Inc. Long-Term Incentive Plan (the "LTIP") from \$116,000 to \$180,000 and (iii) set his bonus under the 2015 Annual Incentive Plan (the "2015 Plan") as the higher of the amount he would have earned under the corporate staff weightings or under the Atlantic Region weightings, as described in further detail below.

Promotion of Niel L. Poulsen

Effective October 27, 2015, Mr. Poulsen was promoted from Vice President and General Manager - Redi-Mix to Executive Vice President - Southeast Division. In connection with this promotion, we increased Mr. Poulsen's base salary from \$277,000 per year to \$325,000 per year and increased his 2015 target bonus amount to 55% of his new base salary.

Departure of William M. Brown

Mr. Brown resigned from the Company effective August 25, 2015. In connection with his resignation, the Company agreed to accelerate the vesting of up to 7,490 shares of the Company's restricted stock awards as recognition for his outstanding work over the past three years and his commitment to assist the Company until the appointment of a new Chief Financial Officer.

Analysis of Our 2015 Executive Compensation Program

Base Salary

Our Compensation Committee's general approach is to determine base salaries by evaluating (i) the levels of responsibility, prior experience and breadth of knowledge of the executive, (ii) internal pay equity issues, and (iii) external pay practices. The Committee reviews executive salaries annually based on a variety of factors, including individual scope of responsibility and accountability, individual performance, time with the Company and experience, strategic impact of the position, general levels of market salary increases, retention concerns, peer group data, and our overall financial results. The Committee generally grants salary increases within a pay-for-performance framework. The Committee assesses performance for base salary purposes based on goal accomplishments, with such goals being set by supervisors, or in the case of the Chief Executive Officer, by the Board.

Effective April 1, 2015, all salaried employees within the Company received a 3.0% increase in their base salary. Based upon a review of external benchmarking data and assessments of individual performance, Company performance and each NEO's contribution to the Company's performance, the NEOs received base salary increases ranging from 3.8% to 5.8% as shown in the following table. The 2015 base salaries for the NEOs, which became effective April 1, 2015, and the percentage increase from their 2014 base salaries were as follows:

Name	2015 Base Salary (\$)	Increase (%)
William J. Sandbrook	825,000	4.2
William M. Brown	325,000	5.5
Paul M. Jolas	305,000	5.8
Kevin R. Kohutek	272,000	
Niel L. Poulsen	277,000(1)	3.8

- (1) Mr. Poulsen's base salary was increased to \$325,000 in connection with his promotion to Executive Vice President Southeast Division effective October 27, 2015.

Annual Cash Bonus 2015 Annual Incentive Plan

Our Compensation Committee typically awards cash bonuses to executive officers on an annual basis. For 2015, the Committee adopted the 2015 Annual Incentive Plan, a short-term cash incentive plan for all our salaried employees, including all our executive officers. The purpose of the 2015 Plan was to attract, retain, motivate and reward team members for successful Company, business unit and individual performance, with rewards that were commensurate with the level of performance attained. The cash bonus award is intended to be a significant part of an executive officer's total compensation package subject to the performance of the executive officer.

Performance Metric Selected. Our Compensation Committee periodically reviews the appropriateness of the performance measures used in our incentive plans (including the 2015 Plan), the degree of difficulty in achieving the targets based on these measures, as well as certain strategic and nonfinancial objective criteria. In 2015, the Compensation Committee again selected Company Adjusted EBITDA as the performance measure used for determining whether bonuses would be paid under the 2015 Plan.

We define Company Adjusted EBITDA as our net income (loss) from continuing operations, excluding interest, income taxes, depreciation and amortization, derivative gain (loss), gain (loss) on revaluation of contingent consideration and gain (loss) on extinguishment of debt. Additionally, Company Adjusted EBITDA is adjusted for certain non-recurring or non-cash items. The additional items that are adjusted to determine our 2015 Company

Adjusted EBITDA were:

officer severance;

non-cash stock compensation expense; and

third-party business acquisition expenses.

Company Adjusted EBITDA Thresholds. For 2015, the Compensation Committee set the Company Adjusted EBITDA target for the 2015 Plan based on the Company's 2015 Adjusted EBITDA budget of \$126.6 million, which represented an 83.2% increase as compared to the Company's 2014 Adjusted EBITDA budget. The Committee determined that achieving 100% of the Company Adjusted EBITDA budget warranted a payout of 100% of an employee's individual target bonus award, which was consistent with the 2014 Annual Incentive Plan. In 2015, the Committee established Company Adjusted EBITDA target thresholds for an initial payout, target payout and maximum payout at \$101.3 million, \$126.6 million and \$189.8 million, respectively.

Company Adjusted EBITDA below \$101.3 million would result in no non-discretionary bonuses being paid under the 2015 Plan. Company Adjusted EBITDA performance between these thresholds would result in bonus payments being made on an interpolated basis.

Bonus Target and Maximum Percentages. Each NEO and participant in the 2015 Plan had a target bonus percentage that was (i) based on their grade level, and (ii) expressed as a percentage of their annual base salary, and could potentially earn amounts under the 2015 Plan that range from \$0 (if the threshold Company Adjusted EBITDA performance level was not met) to a designated maximum level, based on performance actually achieved. The grade level and target maximum percentage applicable to each of the NEOs for 2015 were as set forth in the chart below:

Named Executive Officer	Grade Level	Target % of Base Salary	Maximum % of Base Salary
William J. Sandbrook	21	100%	200%
William M. Brown	20	60%	90%
Paul M. Jolas	19	40%	60%
Kevin R. Kohutck	19	50%	75%
Niel L. Poulsen	19	55%	82.5%

Bonus Award Weighting and Criteria. After the threshold Company Adjusted EBITDA performance is met, the percentage of a NEO's target bonus available for payout is determined using a formula that includes the following criteria: (i) Company Adjusted EBITDA performance as compared to budget and (ii) the individual's performance against established individual performance objectives. In addition, for employees with business unit responsibility, the formula also includes the business unit's Adjusted EBITDA performance as compared to budget. The following describes the weighting of the various criteria in the bonus calculation by NEO:

For Mr. Sandbrook, 80% of the bonus award determination is based on the total Company Adjusted EBITDA performance and 20% is based on the individual's performance against established individual performance objectives. In 2014, 75% of Mr. Sandbrook's bonus award determination was based on the total Company Adjusted EBITDA performance and 25% was based on his individual performance. The Compensation Committee increased the percentage of his bonus award determination based on total Company Adjusted EBITDA to 80% from 75% based on competitive benchmarking and to increase the alignment of his bonus award with overall Company financial performance.

Edgar Filing: US CONCRETE INC - Form DEF 14A

For employees in corporate staff positions (including Mr. Brown and Mr. Jolas, but excluding Mr. Sandbrook), 75% of the bonus award determination is based on the total Company Adjusted EBITDA performance and 25% is based on the individual s performance against established individual performance objectives (the Corporate Staff Weightings).

For employees with business unit responsibility (including Mr. Poulsen), 30% of the bonus award determination is based on the total Company Adjusted EBITDA, 45% is based on the business unit Adjusted EBITDA, and 25% is based on the individual s performance against established individual performance objectives (the Business Unit Manager Weightings).

For Mr. Kohutek, because he transitioned from a corporate staff position to a position with business unit responsibility on April 1, 2015, his 2015 bonus was based on the higher of the amount he would have earned under (i) the Corporate Staff Weightings and (ii) 20% based on total Company Adjusted EBITDA, 45% based on business unit Adjusted EBITDA and 35% based on his individual performance (the Atlantic Region Business Unit Manager Weightings).

The following table summarizes for each NEO their target bonus and weighting and target amount by criteria:

Named Executive Officer	Individual Target		Company	Business	Individual
	Target	Bonus (Target	Adjusted	Unit	
	Percentage of	Percentage x Base	EBITDA	Adjusted	Goal Factor
	Base Salary	Salary)	Bonus	EBITDA	Weighting and
			Weighting and	Weighting and	Target Amount
			Target Amount	Target Amount	Target Amount
William J. Sandbrook	100%	\$ 825,000	80% (\$660,000)	0% (\$0)	20% (\$165,000)
William M. Brown	60%	\$ 195,000	75% (\$146,250)	0% (\$0)	25% (\$48,750)
Paul M. Jolas	40%	\$ 122,000	75% (\$91,500)	0% (\$0)	25% (\$30,500)
Kevin R. Kohutek	50%	\$ 136,000	20% (\$27,200)	45% (\$61,200)	35% (\$47,600)
			75% (\$102,000)	0% (\$0)	25% (\$34,000)
Niel L. Poulsen	55%	\$ 178,750	30% (\$53,625)	45% (\$80,438)	25% (\$44,688)

2015 Bonus Awards to Named Executive Officers. The following summarizes the calculation of the 2015 bonus awards paid to the NEOs:

Company Adjusted EBITDA Criteria. Our actual 2015 Company Adjusted EBITDA performance was \$141.7 million, which exceeded the threshold level, resulting in every participant in the 2015 Plan eligible to receive a bonus award. Because our actual Company Adjusted EBITDA achievement exceeded 100% of the Company Adjusted EBITDA budget for 2015, NEO bonus awards based on Company Adjusted EBITDA were paid out at 112% of their Company Adjusted EBITDA bonus target amount.

Individual Performance Criteria. The amount of a participant's available target bonus to be paid out under the individual component was determined by the accomplishment of certain objectives specified for the participant and other individual performance criteria. These performance metrics were established at the beginning of 2015 (except for Mr. Kohutek, whose individual performance criteria were established after his promotion to Regional Vice President and General Manager - Atlantic Region) and included metrics such as goal accomplishment, quality of work, and where appropriate, managerial competence and safety. We do not disclose specific individual performance goals due to the potential for competitive harm.

At the end of the year, the Compensation Committee subjectively reviews the performance of Mr. Sandbrook in achieving his individual goals and awards him from 0% to 200% of his individual goal target bonus amount. Similarly, Mr. Sandbrook subjectively reviews the performance of each of the other NEOs in achieving their individual goals and recommends to the Compensation Committee a bonus award from 0% to 150% of each of their individual target goal amounts.

For 2015, based on these subjective reviews of individual goal performance achievement, the NEOs were awarded the following percentages of their individual goal factor target bonus amount:

Name

Percentage

Edgar Filing: US CONCRETE INC - Form DEF 14A

Sandbrook	100.0%
Brown (1)	0.0%
Jolas	112.5%
Kohutek	62.8%
Poulsen	71.4%

(1) Mr. Brown resigned from the Company effective August 25, 2015 and did not earn a bonus.

The Compensation Committee met in the first quarter of 2016, and pursuant to the 2015 Plan, awarded an annual incentive bonus for each of the NEOs as set forth in the table below:

Named Executive Officer	Company Adjusted EBITDA Bonus Amount (\$)	Business Unit Adjusted EBITDA Bonus Amount (\$)	Individual Goal Factor Bonus Amount (\$)	Total 2015 Annual Bonus (\$)
William J. Sandbrook	739,200		165,000	904,200
William M. Brown (1)				
Paul M. Jolas	102,480		34,313	136,793
Kevin R. Kohutek (2)	30,464	50,490	29,893	110,847
Niel L. Poulsen	60,060	98,938	31,907	190,905

- (1) Mr. Brown resigned from the Company effective August 25, 2015 and did not earn a bonus.
(2) Mr. Kohutek's bonus was paid out under the Atlantic Region Business Unit Manager Weightings. The amount shown excludes a \$15,000 discretionary bonus for team building and integration.

Long-Term Incentive Compensation

We believe that long-term incentive awards help to create and maintain a long-term perspective among executive officers and provides a direct link to our long-term growth and profitability. However, we also understand that equity awards create dilution in our earnings per share and therefore believe that a portion of our long-term incentives should be tied directly to performance. The Committee believes that restricted stock awards (RSAs) are the most appropriate forms of equity awards to achieve our stated objectives. RSAs strongly and directly link management and stockholder interests. As a full value award, RSAs are less dilutive to stockholders than stock options since we are able to issue fewer shares in order to attain the desired level of equity compensation for our executive officers and managers.

Under our LTIP, RSAs are granted on an annual basis in amounts that vary by salary grade and role for each executive officer and manager. Generally, the award grants are awarded in the first half of the year and are (i) 60% time-based with vesting to occur in equal amount installments over a three-year period beginning on the first anniversary of the date of grant; and (ii) 40% performance-based with performance hurdles that link the equity award to achievement of stockholder value. The Committee believes that restricted shares with a combination of time and performance-based vesting criteria provide a motivating form of incentive compensation, help to align the interests of executives with those of our stockholders, foster employee stock ownership, and contribute to the focus of the management team on increasing value for our stockholders. In addition, the Committee believes the three year time-based vesting period, which is subject to the executive's continued employment with us, encourages executive retention. Our equity awards are designed to enable the Company to be competitive in an industry and market in which there are very few similarly sized companies.

Based on the foregoing analysis and objectives, the Compensation Committee approved the following structure for the 2015 equity awards:

60% of the number of shares granted consisted of RSAs with time-based vesting. Vesting will occur in equal annual installments over a three-year period beginning on the first anniversary of the date of grant.

40% of the number of shares granted consisted of RSAs with performance-based vesting (the Performance Shares). Half of the Performance Shares would vest if the average of the daily volume-weighted average closing share price (the VWAP) of our common stock over any period of twenty

consecutive trading days (the VWAP Hurdle) reached \$43.00 or more, within three years from the date of grant. The other half of the Performance Shares would vest if the VWAP Hurdle reached \$48.00 or more, within three years of the date of grant. The \$43.00 VWAP Hurdle and the \$48.00 VWAP Hurdle represented an approximately 30% and 45% premium, respectively, to the 20-day VWAP of the Company's common stock through and including March 27, 2015, which was \$32.83 per share.

The Compensation Committee met on March 30, 2015 and approved equity awards for the NEOs that were granted effective as of April 1, 2015 based on the following award values and the 20-day VWAP of the Company's common stock through and including March 27, 2015. The actual number of shares awarded was rounded up to the nearest 100 shares. The value of the awards shown in the 2015 Grants of Plan Based Awards Table differ slightly from the dollar amounts reported below due to changes in the trading price of the shares and the effects of rounding.

Name	2015 RSA Award (\$)	2015 RSA Award (#)
William J. Sandbrook	1,500,000	51,400
William M. Brown	300,000	10,300
Paul M. Jolas	265,000	9,100
Kevin R. Kohuttek	180,000	6,200
Niel L. Poulsen	180,000	6,200

Perquisites and Other Benefits

Perquisites did not constitute a material portion of the compensation to the NEOs for 2015. However, we do provide payment for the premiums associated with additional term life insurance and whole life insurance for our Chief Executive Officer.

We provide our executive officers with the opportunity to participate in our other employee benefits programs and to receive certain perquisites. The employee benefits programs in which our executive officers participate (which provide benefits such as medical coverage and group term life insurance protection) are generally the same programs offered to all our salaried employees. These programs are intended to promote the health and financial security of our employees. The programs are provided at competitive market levels to attract, retain and reward employees.

Severance Benefits Pursuant to Executive Severance Agreements

Certain executive officers, including each of our NEOs, entered into executive severance agreements with the Company. Each executive severance agreement provides for severance payments and other benefits following termination of the applicable officer's employment under various scenarios, as described below. We believe these severance benefits reflect the fact that it may be difficult for such executives to find comparable employment within a short period of time. Each such agreement also contains a confidentiality covenant, requiring the applicable officer to not disclose our confidential information at any time, as well as noncompetition and non-solicitation covenants, which prevent the executive from competing with us or soliciting our customers or employees during employment and for one year after the officer's employment terminates (subject to extension in the event of a change in control, so that the noncompetition and non-solicitation covenants will extend to cover the number of months post-termination used to determine the severance benefits payable to him). These agreements are described in further detail below under Potential Payments Upon Termination or Change in Control.

Deferred Compensation Plan

All executive officers, including our current NEOs, are eligible to participate in our non-qualified deferred compensation plan, under which they may defer up to 75% of their base compensation and up to 75% of their incentive compensation. There is no Company match for contributions to the non-qualified deferred compensation plan.

Compensation Program and Risk Management

Our Compensation Committee has conducted a comprehensive review of our compensation structure from the perspective of enterprise risk management and the design and operation of our executive and employee compensation arrangements generally and has concluded that the risks arising from our compensation policies and overall actual compensation practices for employees are not reasonably likely to have a material adverse effect on our Company. Our compensation program as a whole does not encourage our executives or other employees to take unnecessary and excessive risks or engage in other activities and behavior that threaten the value of the Company or the investments of our stockholders, as evidenced by the following design features that we believe mitigate risk-taking:

Compensation Mix. To encourage appropriate decision making and facilitate the alignment of the interests of our employees with those of the Company and its stockholders, our compensation program is structured to provide an appropriate balance of fixed and variable or at risk compensation. We believe that the allocation of variable compensation between annual cash incentives and long-term equity incentive compensation along with fixed base salaries meets our objectives and affords us the ability to attract, retain and motivate executives by providing predictable fixed income to meet the current living requirements and significant variable compensation opportunities for long-term wealth accumulation.

Base Salaries. While base salary is the only fixed element of compensation that we provide to our executives and other employees, we believe that the amounts paid are sufficient to meet the essential financial needs of these executives and employees. Consequently, our incentive compensation arrangements are intended to reward their performance if, and only to the extent that, the Company and our stockholders also benefit financially from their stewardship.

Annual Incentives. Our annual short-term incentive plan applies to salaried employees at each of our business units. While our annual short-term incentive plan for salaried employees differs from year-to-year, cash bonuses are generally awarded under the plan based on some combination of Company and business unit financial results, and individual and business unit accomplishment of strategic goals, which may include strategic position in the market, improvement in operational efficiencies, development of new products, implementation and utilization of information technology, employee development, accomplishment of various safety goals, and completion of specific transactions or projects. We do not believe that the pursuit of these objectives will lead to behaviors that focus executives on their individual enrichment rather than our long-term welfare, and we believe that the annual bonus plan does not encourage excessive risk taking as the bonus amounts are based on multiple financial and non-financial goals and objectives.

Long-Term Equity Awards. In addition to the strategic focus of our short-term cash bonus plan, our equity compensation program is specifically intended to create a long-term link between the compensation provided to executive officers and other key management personnel and gains realized by our stockholders. Our

Compensation Committee uses restricted shares with a combination of performance-based vesting criteria as long-term incentive compensation because, among other reasons, these awards provide a motivating form of incentive compensation, while contributing to the focus of our management team on increasing value for our stockholders. As these awards vest over multiple years, and the vesting of the awards is based generally on continued service with the Company, we believe the awards do not encourage executives to achieve short-term increases in stock price to the detriment of long-term growth.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a deduction to public companies to the extent of excess annual compensation over \$1 million paid to certain executive officers, except for qualified performance-based compensation. The Compensation Committee periodically considers this matter as appropriate and take action as may be necessary to preserve the deductibility of compensation payments to the extent reasonably practical and consistent with our compensation objectives.

Clawback Policy

To date, our Board of Directors has not adopted a formal clawback policy to recoup incentive based compensation upon the occurrence of a financial restatement, misconduct, or other specified events. However, restricted stock agreements covering grants to our NEOs do include language providing that the award may be canceled and the award recipient may be required to reimburse us for any realized gains to the extent required by applicable law or any clawback policy that we adopt. Our Compensation Committee intends to evaluate a clawback policy in compliance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 once additional guidance is promulgated by the SEC.

Conclusion

Based upon its review of our overall executive compensation program, the Compensation Committee believes our executive compensation program, as applied to our executive officers, is appropriate and is necessary to retain the executive officers who are essential to our continued development and success, to compensate those executive officers for their contributions and to enhance stockholder value. The Committee believes that the total compensation opportunities provided to our executive officers create a commonality of interests and alignment of our long-term interests with those of our stockholders.

- The figures shown in the Salary column of this table reflect the amount actually received by the NEO as base salary during a specified year, not the NEO's annual rate of pay for the applicable year. The rates of pay are most likely higher than amounts shown if an NEO began employment with us during a particular year or if an NEO received a salary increase during the year. Annual pay increases for all executive officers are generally not effective until April of a given year. In addition, an officer's rate of pay may change over the course of the year due to a change in job title or responsibilities.
- The amounts shown in the Stock Awards column represent the aggregate grant date fair value of awards of restricted stock determined in accordance with ASC 718. We determined the fair market value of a restricted stock award on the grant date using the closing price of our common stock on the NASDAQ stock market on the date of grant. The values shown in this column do not represent the amounts that may eventually be realized by the Named Executive Officers, which are subject to achievement of the time- and performance-based vesting conditions applicable to the awards and the price of our common stock at the time of vesting. See Note 17. Stock-Based Compensation in the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for 2015 for a discussion of our determination of the aggregate grant date fair value of these awards. The amounts

reported do not include any reduction in the value of the awards for the possibility of forfeiture.

3. The amounts in this column reflect the cash bonuses earned under the 2015 Plan and our prior short-term annual cash incentive plans.
4. The amounts in the All Other Compensation column for 2015 reflect: (a) matching contributions under our 401(k) plan of \$10,600 each for Messrs. Sandbrook, Brown, Jolas and Poulsen, and \$8,072 for Mr. Kohutek; (b) additional life insurance premiums paid by us for Mr. Sandbrook in the amount of \$28,657; (c) \$11,930 to Mr. Poulsen and \$4,675 to Mr. Kohutek for auto allowances; (d) \$77,183 to Mr. Kohutek for his relocation expenses; and (e) \$6,875 to Mr. Brown as payment for his unused vacation days at termination.
5. Represents an award of RSAs to Mr. Sandbrook on August 22, 2014 for the period from August 22, 2014 until April 1, 2015. August 22, 2014 was the first date that he was eligible for an award following the expiration of his initial stock grant in 2011 in connection with his appointment as Chief Executive Officer, which was designed to cover his first three years of employment.
6. Mr. Brown resigned from the Company in August 2015.
7. Mr. Jolas joined the Company in August 2013. No information is reported for Mr. Jolas for 2013 because he was not a Named Executive Officer during 2013.
8. No information is reported for Mr. Kohutek for 2014 or 2013 because he was not a Named Executive Officer during those years.

- The Named Executive Officers were eligible to earn annual non-equity incentive compensation under the 2015 Plan based on achievement of certain performance measures, including levels of Company Adjusted EBITDA. The overall Company Adjusted EBITDA for 2015 was above the Company Adjusted EBITDA target under the 2015 Plan. The actual amounts paid to Messrs. Sandbrook, Brown, Jolas, Kohuttek and Poulsen were \$904,200; \$0; \$136,793; \$110,847; and \$190,905, respectively. The amounts were paid on March 15, 2016. - The restricted stock awards reflected in this column were subject to performance-based vesting criteria, but there were no threshold or maximum levels that could be achieved. The performance criteria would either be satisfied at target levels, or the awards would be forfeited in the event that performance was not achieved at target levels.
- The restricted stock awards reflected in this column were subject to time-based vesting criteria, as described above within Compensation Discussion and Analysis.
- Mr. Brown resigned from the Company in August 2015 and did not receive any non-equity incentive compensation under the 2015 Plan.

Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table

Employment Terms

Although we have not entered into any employment agreements with our Named Executive Officers, certain employment terms are included in each of their executive severance agreements, the severance provisions of which are detailed below under Potential Payments Upon Termination or Change in Control. Each such agreement specifies the executive's position, location of employment, monthly base salary and annual paid vacation entitlement.

Equity Compensation Awards

We adopted the U.S. Concrete, Inc. 2010 Management Equity Incentive Plan (MEIP) in September 2010. Pursuant to the MEIP, we made awards to employees and directors in the form of stock options, stock appreciation rights, restricted stock, RSUs and other equity or equity-based grants, in addition to grants denominated in cash. On January 23, 2013, we adopted the LTIP, and our stockholders approved the LTIP at our

2013 Annual Meeting. Upon approval of the LTIP, we ceased making awards under the MEIP. However, the MEIP still applies to outstanding awards granted under the MEIP. Under the LTIP, we can grant stock options, stock appreciation rights, restricted stock awards, RSUs, cash awards and performance awards to management, employees, and directors of the Company. In 2015, we granted awards to non-employee directors only under the LTIP. As of December 31, 2015, there were 899,777 shares remaining for future issuance under the LTIP.

Restricted Stock Award Agreements

Pursuant to each restricted stock award agreement issued in accordance with the LTIP, 60% of such shares granted pursuant to an award will vest over three years in equal annual installments from the date of grant and 40% of the number of shares granted pursuant to an award will vest based on both the passage of time and the satisfaction of certain performance criteria, which are more fully described within the Compensation Discussion and Analysis section above. Any portion of the restricted stock awards that are unvested on the date of termination will be forfeited, except that if the executive's employment is terminated without cause, any portion of the restricted stock awards that would have become vested during the six month period following termination will become vested on the date of termination. Additionally, pursuant to the terms of each NEO's executive severance agreement, upon a change in control all outstanding, unvested restricted stock awards will become fully vested. Each of these terms and conditions are described in greater detail in the Potential Payments Upon Termination or Change in Control section below.

OUTSTANDING EQUITY AWARDS AT 2015 FISCAL YEAR-END TABLE

The following table provides information about the number of outstanding equity awards held by our Named Executive Officers at fiscal year-end 2015. The table also includes, where applicable, the value of these awards based on the closing price of our common stock on the NASDAQ on December 31, 2015, which was \$52.66 per share. Unless otherwise indicated, the restricted stock awards vest over three years following the grant date. All of the option awards are fully vested.

We do not maintain any defined benefit pension plans that provide for payments or other benefits at, following, or in connection with the retirement of any of our Named Executive Officers.

NONQUALIFIED DEFERRED COMPENSATION TABLE

The following table sets forth contributions by the Named Executive Officers to the U.S. Concrete, Inc. Deferred Compensation Plan (the Plan) during 2015.

Name	Executive Contributions in Last FY (\$)	Aggregate Earnings (Losses) in Last FY (\$)	Aggregate Balance at Last FYE (\$)
William J. Sandbrook	24,507	(5,139)	60,983
William M. Brown			
Paul M. Jolas			
Kevin R. Kohutck			
Niel L. Poulsen	215,790	(35,998)	439,627

The Plan is unfunded and our obligations are general unsecured obligations. Under the Plan, we are obligated to pay deferred compensation in the future to eligible participants from our general assets, although we may establish a trust to hold amounts which we may use to satisfy Plan distributions from time to time.

Pursuant to the Plan, a select group of management employees at a Grade 16 or higher, including each of the Named Executive Officers, are eligible to participate by making an irrevocable election to defer up to 75% of the participant's annual base salary, as well as 75% of any annual bonus award. Participants are 100% vested at all times in their account within the Plan. We do not provide any matching or discretionary contributions to the Plan on any participant's behalf.

Payment of Plan accounts may occur in lump sum payments upon a participant's separation from service for any reason. We require a six month delay in the payment of Plan benefits if the participant is a specified employee

pursuant to Section 409A of the Internal Revenue Code of 1986, as amended, at the time of his or her separation from service, and an earlier payment would result in the imposition of an excise tax on the participant if the amounts were received at the time of his or her separation. Earlier withdrawals may occur if the participant

incurs an unforeseeable emergency, which is generally defined as a severe financial hardship of the participant that results from an illness or an accident of the participant or a participant's spouse or dependent, a loss of property, or a similar extraordinary and unforeseeable circumstance that is beyond the participant's control.

The participant will choose how his or her Plan accounts are deemed to be invested from a list of investment options provided to him or her by the Plan administrator. For 2015, the investment options were identical to those under our 401(k) plan, except for one investment option in our 401(k) plan that is not permitted in a nonqualified deferred compensation plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Severance Benefits Pursuant to Executive Severance Agreements

Certain executive officers, including each of our Named Executive Officers, entered into executive severance agreements with us. Each executive severance agreement provides for severance payments and other benefits following termination of the applicable officer's employment under various scenarios, as described below. We believe these severance benefits reflect the fact that it may be difficult for such employees to find comparable employment within a short period of time. Each such agreement also contains a confidentiality covenant, requiring the applicable officer to not disclose our confidential information at any time, as well as noncompetition and non-solicitation covenants, which prevent the executive from competing with us or soliciting our customers or employees during the executive officer's employment and for one year after the officer's employment terminates (subject to extension in the event of a change in control, so that the noncompetition and non-solicitation covenants will extend to cover the number of months post-termination used to determine the severance benefits payable (as described below)).

In the case of a termination of the applicable officer's employment (that is not in connection with a change in control) either by us without cause or by the officer for good cause (each term as defined below), the officer would generally be entitled to the following severance benefits:

a lump-sum payment in cash equal to the officer's monthly base salary in effect on the date of termination multiplied by 24 in the case of Mr. Sandbrook and multiplied by 12 in the case of all other applicable officers, including Messrs. Brown, Jolas, Kohutek and Poulsen;

a lump-sum payment in cash equal to the amount of the officer's target bonus for the bonus year in which the termination occurs, prorated based on the number of days in the bonus year that have elapsed prior to the termination;

payment of all applicable medical continuation premiums for continuation coverage under the Consolidated Omnibus Budget Reconciliation Act, or COBRA, for the benefit of the officer (and his covered dependents as of the date of his termination, if any) under his then-current plan election for 18 months after termination;

a lump-sum payment in cash equal to the value of the officer's accrued but unpaid salary through the date of such termination, plus the officer's unused vacation days earned for the year prior to the year in which the termination occurs and a pro rata portion of the vacation days earned for the year in which the termination occurs; and

(a) in the case of Mr. Sandbrook, a pro rata portion of all outstanding and previously unvested stock options, restricted stock awards, restricted stock units and similar awards granted to the officer by us prior to the date of termination (the Unvested Awards) that would otherwise have vested during the six-month period following the date of termination if such termination had not occurred will become vested and exercisable (as applicable), and vested stock options will remain exercisable until the earlier of (1) the expiration of the twelve-month period following termination, and (2) the expiration date of the original term of the applicable stock option; and (b) in the case of certain officers, including Messrs. Brown, Jolas, Poulsen and Kohutek, fifty percent of all Unvested Awards that would otherwise have vested during the twelve month period

following the date of involuntary termination shall immediately vest upon the date of termination. Our senior management and other employees have made significant contributions to us over the past several years, and we believe that it is important to protect them in the event of a change in control. Further, it is our belief that the interests of our senior management should be aligned with our stockholders, and providing change in control benefits should eliminate, or at least reduce, the reluctance of senior management to pursue potential change in control transactions that may be in the best interests of our stockholders generally, but that may result in loss of employment for an individual Named Executive Officer.

In the event there is a change in control and within one year thereafter the officer's employment is terminated by us without cause or by the officer for good cause, the officer would generally be entitled to the following severance benefits:

a lump sum payment in cash equal to: (a) the sum of (1) the officer's monthly base salary in effect on the termination date multiplied by 12, and (2) the amount of the officer's full target bonus for the bonus year in which termination occurs, multiplied by (b) in the case of Mr. Sandbrook, 2.5, and in the case of Messrs. Brown, Jolas, Kohutec and Poulsen, 2.0;

a lump-sum payment in cash equal to the value of the officer's accrued but unpaid salary through the date of such termination, plus the officer's unused vacation days earned for the year prior to the year in which the termination occurs and a pro rata portion of the vacation days earned for the year in which the termination occurs;

payment of all applicable medical continuation premiums for continuation coverage under COBRA for the benefit of the officer (and his covered dependents as of the date of his termination, if any) under his then-current plan election for 18 months after termination; and

all Unvested Awards shall become fully vested.

In the case of termination by reason of the officer's death or long-term/permanent disability, the officer or his heirs would be entitled to substantially the same benefits as outlined above for a termination by us without cause or by the officer for good cause in the absence of a change in control, except that any Unvested Awards would not become vested, but instead would terminate immediately, with the exception of any unvested restricted stock units which would immediately vest.

In the case of a termination of the applicable officer's employment either by us for cause or by the officer without good cause, the officer would be entitled to payments for his accrued but unpaid pro rata monthly base salary and unused vacation, in each case through the date of termination, but all Unvested Awards would be canceled. Also, in the case of a termination by us for cause, all vested stock options held by the officer would remain exercisable for a period of up to 90 days, after which they would expire.

We may be required to reduce the amount of the payments due to Messrs. Sandbrook, Brown, Jolas, Kohutec and Poulsen in certain situations. Their executive severance agreements provide that in the event that any payment or distribution to such individual would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, and the aggregate amount of all payments that would be subject to the excise tax reduced by all federal, state and local taxes applicable thereto, including the excise tax, is less than the amount such individual would receive, after all such applicable taxes, if such individual received payments equal to an amount which is \$1.00 less than three times the such individual's base amount, as defined in and determined under Section 280G of the Internal Revenue Code, then, such payments shall be reduced or eliminated to the extent necessary so that the aggregate payments received by such individual will not be subject to the excise tax. In no event, however, will we provide them with a tax gross-up payment or other tax assistance payment in the event that an excise tax is imposed upon the executive officer under Section 4999 of the Internal Revenue Code.

Under each executive severance agreement, we would have cause to terminate the applicable officer's employment in the event of:

the officer's gross negligence, willful misconduct or willful neglect in the performance of his material duties and services to us;

the officer's final conviction of a felony by a trial court, or his entry of a plea of *nolo contendere* to a felony charge;

any criminal indictment of the officer relating to an event or occurrence for which he was directly responsible which, in the business judgment of a majority of our Board of Directors, exposes us to ridicule, shame or business or financial risk; or

a material breach by the officer of any material provision of the executive severance agreement. On the other hand, the officer generally would have good cause to terminate his employment if there is:

a material change in the location of his principal place of employment by us;

any material diminution in his current position or any title or position to which he has been promoted;

any material diminution of his authority, duties or responsibilities from those commensurate and consistent with the character, status and dignity appropriate to his current position or any title or position to which he has been promoted (provided, however, that if at any time he ceases to have such duties and responsibilities because we cease to have any securities registered under Section 12 of the Exchange Act or cease to be required to file reports under Section 15(d) of the Exchange Act, then the officer's authority, duties and responsibilities will not be deemed to have been materially diminished solely due to the cessation of such publicly traded company duties and responsibilities);

any material breach by us of any material provision of the executive severance agreement, including any failure by us to pay any amount due under the executive severance agreement; or
