1.1 2017 Interim Report, dated August 23, 2017.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this Form 6-K may be viewed as forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. These forward-looking statements are, by their nature, subject to significant risks and uncertainties, and include, without limitation, statements relating to:

our business and operating strategies and our ability to successfully execute these strategies;

our network expansion and capital expenditure plans;

our operations and business prospects;

the expected benefit of any acquisitions or other strategic transactions;

our financial condition and results of operations;

the expected impact of new services on our business, financial condition and results of operations;

the future prospects of and our ability to integrate acquired businesses and assets;

the industry regulatory environment as well as the industry outlook generally; and

future developments in the telecommunications industry in the People's Republic of China, or the PRC.

The words anticipate, believe, could, estimate, expect, intend, may, plan, seek, will, would and they relate to us, are intended to identify a number of these forward-looking statements.

These forward-looking statements are subject to risks, uncertainties and assumptions, some of which are beyond our control. In addition, these forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. We are under no obligation to update these forward-looking statements and do

not intend to do so. Actual results may differ materially from the information contained in the forward-looking statements as a result of a number of factors, including, without limitation, the following:

any changes in the regulations or policies of the Ministry of Industry and Information Technology (prior to March 2008, the Ministry of Information Industry, or the MII), or the MIIT, and other relevant government authorities relating to, among other matters:

Table of Contents

the granting and approval of licenses;

tariff policies;

interconnection and settlement arrangements;

capital investment priorities;

the provision of telephone and other telecommunications services to rural areas in the PRC;

the convergence of television broadcast, telecommunications and Internet access networks, or three-network convergence; and

spectrum and numbering resources allocation;

the effects of competition on the demand for and price of our services;

any potential further restructuring or consolidation of the PRC telecommunications industry;

changes in the PRC telecommunications industry as a result of the issuance of the fourth generation mobile telecommunications, or 4G, licenses by the MIIT;

the development of new technologies and applications or services affecting the PRC telecommunications industry and our current and future business;

changes in political, economic, legal and social conditions in the PRC, including changes in the PRC government's specific policies with respect to foreign investment in and entry by foreign companies into the PRC telecommunications industry, economic growth, inflation, foreign exchange and the availability of credit;

results and effects of any investigation by the relevant PRC regulatory authorities; and

the development of our mobile business is dependent on the Tower Company.

Chairman's Statement

In the first half of this year, facing increasingly intensified market competition coupled with complicated and changing industry environments, the Company firmly rose to the challenges with a unitary goal cohering as a whole, adopting conscientious and pragmatic approach with excellent execution and marching towards the goal of being a leading integrated intelligent information services operator. With perseverance in integration and innovation, acceleration in scale development together with reinforcement of competitive strengths, the growth momentum in business development remained consistently strong. We firmly adhered to the established development strategy and comprehensively promoted the three initiatives¹ with comprehensive in-depth reforms, initially attaining effective achievement in transformation and upgrades¹.

¹ *Three initiatives refers to the implementation paths of the transformation and upgrades strategy (Transformation 3.0), namely network intelligentisation, service ecologicalisation and operation intellectualisation.*

Table of Contents

Chairman's Statement

Corporate operation continued to show solid development

In the first half of the year, the Company firmly seized the favourable opportunity of information consumption upgrade and proactively responded to the market competition. Adopting aggressive marketing strategies and rapidly expanding our scale with continual optimisation in structures, we achieved excellent performance in our operating results.

Financial results showed steady growth

In the first half of the year, operating revenues amounted to RMB184.1 billion, representing an increase of 4.1% over the same period last year. Service revenues² amounted to RMB165.8 billion, representing an increase of 6.8% over the same period last year with revenue growth surpassing the industry average. Mobile service revenues amounted to RMB75.7 billion, increased by 12.2% over the same period last year with industry-leading growth. Revenues from emerging businesses accounted for 45.0% of service revenues, representing an increase of 6.1 percentage points over the same period last year. EBITDA³ was RMB52.4 billion, representing an increase of 3.7% over the same period last year while EBITDA margin³ was 31.6%. Net profit⁴ was RMB12.5 billion, representing an increase of 7.4% over the same period last year. Basic earnings per share were RMB0.15. Capital expenditure was RMB41.1 billion while free cash flow⁵ was RMB7.2 billion with remarkable improvement over last year.

Taking into consideration the Company's profitability, cash flow level and the capital requirements for future development, the Board of Directors has decided not to pay an interim dividend this year in order to maintain adequate funding flexibility. The Board of Directors will proactively consider the expectation of shareholders' return and evaluate the final dividend proposal when reviewing the full year results and will propose to the shareholders' general meeting accordingly.

Accelerated expansion of business scale

In the first half of the year, the net increase of mobile subscribers was 14.85 million, reaching a total of 230 million and accounting for 16.8% market share, representing an increase of 0.6 percentage point from the end of last year. The net increase of 4G users was 30.15 million, reaching a total of 152 million and accounting for 17.2% market share, representing an increase of 1.2 percentage points from the end of last year while the penetration rate of 4G users reached 66%. The aggregate handset Internet data traffic increased by 126% compared to the same period last year while the DOU of 4G users reached 1.4GB, representing an increase of 56% over the same period last year with further enhancement in growth rate. The sales volume of 4G terminals was approximately 65 million, representing an increase of 48% over the same period last year, of which sales of 6-mode handsets accounted for 96%.

² Service revenues were calculated based on operating revenues minus sales of mobile terminals, sales of wireline equipment and other non-service revenues.

³ EBITDA was calculated based on operating revenues minus operating expenses plus depreciation and amortisation while EBITDA margin was calculated based on EBITDA divided by service revenues.

⁴ Net profit refers to the profit attributable to the equity holders of the Company.

⁵ Free cash flow was calculated from EBITDA minus capital expenditure and income tax.

Table of Contents**Chairman's Statement**

The number of wireline broadband subscribers continued to maintain rapid growth. The net increase of wireline broadband subscribers was 4.98 million, reaching a total of 128 million. Of which the net increase of Fibre-to-the-Home (FTTH) subscribers was 11.24 million, reaching a total of 117 million while the penetration rate reached 92%. The proportion of wireline subscribers of Hundred-Mbps or above increased rapidly and reached 37%. The net increase of e-Surfing HD subscribers was 10.79 million, reaching a total of 72.12 million. The number of Internet of Things (IoT) connected devices nearly doubled as compared to the end of last year, reaching a total of 27.98 million. The number of actively participated merchants of BestPay was close to 400,000 while the number of average monthly active users exceeded 28 million, concurrently increased more than 2 times over the same period last year.

Continual optimisation in revenue structure

In the first half of the year, revenues from Intelligent Connection ecosphere increased by 4.4% over the same period last year, accounting for 84.9% of service revenues. Of which, the mobile handset Internet access revenue, being the top revenue growth driver of the Company, increased by 35.2% over the same period last year and accounted for 26.0% of service revenues, representing an increase of 5.5 percentage points over the same period last year. Voice revenues accounted for 19.2% of service revenues, representing a decrease of 4.3 percentage points over the same period last year with further mitigation of operating risks.

Revenues from the ecosphere of Smart Family, new ICT applications, IoT and Internet Finance accounted for 15.1% of service revenues, representing an increase of 2.0 percentage points over the same period last year. Revenues from the four ecosphere increased by 22.8% over the same period last year while the proportion of the incremental revenues of the four ecosphere as a percentage to the incremental service revenues of the Company reached 43.5%. New revenue growth engines are being rapidly shaped and formed.

Attained initial effective achievement of Transformation 3.0

In the first half of this year, with our adherence to the established direction and reinforcement of strategic execution, the Company accelerated the promotion of network intelligentisation, service ecologicalisation and operation intellectualisation. The Transformation 3.0 strategy attained initial effective achievement while development capabilities were continuously accumulated.

Strengthening of network advantages

In the first half of the year, the Company endeavoured to construct three superior networks, namely 4G network, IoT network and all-fibre network with further reinforcement of network edges. With full accomplishment of refarming of 800MHz frequency and establishment of excellent full coverage 4G network, we offered superior industry-leading integrated experience to our customers. With simultaneous deployment of VoLTE, network capabilities of commercial trial were shaped and formed, laying a robust foundation for the upgrade of mobile voice business. Leveraging the 800MHz 4G network with full exploitation of low-frequency edges, the Company became the pioneer in building the first NB-IoT network with the widest coverage, largest scale and best quality in the world, which has comprehensively commenced the commercial launch and has gained network advantages of the business development of IoT. With our persistent efforts in promoting the construction of fibre network, the fibre network household coverage rate of cities and towns reached 92% while the overall average bandwidth of wireline broadband subscribers reached 62Mbps. The

Company deployed Gbps access capabilities in major cities with reference to demand, expanded the coverage of Data Centre Interconnect (DCI) and effectively promoted the construction of integrated and efficiently-centralised Content Distribution Network (CDN), resulting in further enhancement of high-speed and superior end-to-end network experience.

Table of Contents

Chairman's Statement

With a vision looking forward into the future, the Company accelerated the promotion and implementation of network evolution. On the one hand, we are deeply devoted to engaging in 5G standard formulation and technology trial runs while proactively exploring and researching the networking plan for the evolution from 4G to 5G. 5G network field trial will be conducted in 6 cities and the joint research and development of 5G applications and solutions will be launched collaborating with co-operative partners from various industries, laying foundation for 5G development. In addition, we steadily promoted the evolution of network intelligentisation, expedited the introduction and deployment of technologies such as Software-Defined Networking (SDN) and Network Functions Virtualisation (NFV) and achieved the highly efficient collaboration of network and IT. As a result, a new generation of network with the characteristics of flexibility, swiftness and elasticity with extensible functions is progressively constructed, offering state-of-the-art network experience with embedded self-selective, visible and self-served features.

Prosperity of business ecology

In the first half of the year, the Company consolidated internal resources and enhanced fundamental capabilities. Through creation of platforms, open capabilities, extended influence on industry value chain and cross-platforms integration, ecology synergies was reinforced. With converged efforts on the establishment of five business ecosystems, namely Intelligent Connection, Smart Family, new ICT applications, IoT and Internet Finance, we jointly promoted service ecologicalisation with our co-operative partners surrounding the theme of co-sharing, co-innovation, co-prosperity.

In the area of Intelligent Connection, the Company promoted the certification of 6-mode handset standard by Global Certification Forum (GCF) and Global System for Mobile Communications Association (GSMA), which was upgraded as an international standard. Customers' choice of terminals was enriched while growth potential of customers was expanded, leading to the prosperous development of terminal markets. Aiming at carrying out deepened data traffic operation, we embarked on extensive cooperation with Internet enterprises. With data traffic as the core, we innovated the form of supply and enhanced product competitiveness, accelerating the release of data demand and endeavouring to achieve a win-win outcome.

In the area of Smart Family, we created an open platform of Smart Family and co-shared capabilities such as home gateway access and integration of cloud and network, participating in the development and sales of smart devices while collaborating with co-operative partners to provide high quality and diversified Smart Family products and services. With the enrichment of premium contents in e-Surfing HD platform and enhancement of video operation, competitive strengths was persistently consolidated. With comprehensive promotion of intelligent WiFi networking services, customers were provided with personalised WiFi networking proposals, broadening new connection portal of household network. With joint efforts to build offline Smart Family experience centres partnering with Internet enterprises and household electrical appliance stores, services such as family cloud and video calls were embedded while experience marketing was commenced so as to promote upgrades of smart homes consumption.

Table of Contents

Chairman's Statement

In the area of new ICT applications, the Company integrated the capabilities including cloud, Big Data and Internet+ and converged co-operative partners in areas of contents, applications and solutions to create cloud platform with open capabilities for government and enterprise customers. With the establishment of platforms in mass entrepreneurship and innovation, we covered millions of innovative and start-up enterprises to provide assistance on technology development, innovation incubation and product operation. Targeting key areas including government administration, education, medical care and industrial Internet, we cooperated with well-known enterprises in the industry and broadened informatisation applications, effectively promoting industrial transformation and upgrades.

In the area of IoT, the Company jointly formulated the IoT module standard together with co-operative partners and assisted terminal manufacturers to expedite product launch. We launched open platform and jointly created platform capabilities featuring global connectivity, safety and reliability and intelligent decision-making. In addition, with the co-establishment of open laboratory, the threshold of research and development was reduced while the launch of new IoT applications was accelerated. With increased deployment of resources, we promoted terminal subsidies policy, took the lead in value chain development and enriched the forms of products, facilitating the stimulation of demand for IoT. Driving the ecological development through e-Surfing IoT Industry Alliance, the Company focused on three types of markets, namely smart city, vertical industry and individual consumption to promote extensive co-operation with local governments and enterprises, striving to create an IoT ecosphere with centripetal force and facilitate ecological prosperity in joint efforts.

In the area of Internet Finance, leveraging rich customers resources and reliable mobile payment capabilities, we innovated sales and marketing model and launched BestPay red packet⁶, deeply promoting the integration of Internet Finance ecosphere and Intelligent Connection ecosphere and achieving the outcome of mutual promotion and mutual driven. We created open platform of BestPay merchants and converged premium merchants to offer service capabilities including sales and marketing, gateway access payment and capital concentration. Serving as channels for each other with platforms participants, we strived to accomplish co-sharing of resources aiming at achieving mutual growth. Through close cooperation with leading enterprises in the areas of financial planning and financial technology, the Company achieved the realisation of resources complementarity, enriching content connotation and expansion path of Internet Finance services of the Company.

⁶ *BestPay red packet is an innovative model of contract package launched by China Telecom. Each month a certain amount will be refunded to contract users on proportion, which can be used for airtime topping up as well as online and offline consumption of BestPay.*

Table of Contents

Chairman's Statement

Enhancement of operating capability

In the first half of the year, the Company focused on enhancing competitive capabilities in channel sales, network operations and customer services. In the aspect of channel sales, we applied Big Data to optimise the location of sales outlets and strengthened the outlets coverage in key areas. We promoted superior outlet systems to foster the standardised operation of self-operated outlets. The promotion of B2I2C (business to Internet to customer) products on online channels was expanded and new co-operative channels such as chain stores and supermarkets were promoted. In the aspect of network operations, we expedited the response speed of installation and maintenance and optimised the end-to-end operation maintenance process so as to persistently enhance users' experience and strengthen network operations advantages. In the aspect of customer services, we executed our service commitment in fibre broadband to ensure installation within one day, repairs within one day, compensation in the event of delay and took the initiatives to publish *Government and Enterprises Customers Service Standard White Paper* in the industry, symbolising a new benchmark in services. Methods such as customer services robots and new media self-service were applied to launch smart services. The number of usage times of 'Huango' mobile online service application was close to ten billions. The Company continued to rank first in the industry in terms of customer satisfaction⁷ in both handset and wireline Internet access services.

With vigorous promotion of operation intellectualisation, the Company placed great emphasis on the corporate core construction and Big Data applications as the crucial element of intelligent operations. By adopting centralised and open Internet structure to construct enterprise Big Data platform, the Company promoted data central acquisition, data central storage, collective data handling, data mining and data modelling, and has been equipped with data applications capabilities. In opening up our capabilities of data platform and data services towards entire network, we co-shared sales and marketing service models, corporate index systems, etc., and developed tens of Big Data applications. With the promotion of precision management, precision marketing, delicated service and lean network operations, operating cost was reduced while operational efficiency was improved, injecting intelligence in the operations of the Company.

In-depth promotion of comprehensive reform

Following the implementation of Transformation 3.0, the Company has commenced comprehensive reconstitution in areas including network, businesses, operations and management. It was imperative for us to promptly expedite the establishment of suitable systems and mechanisms and operation models in alignment with the strategy.

In the first half of the year, the Company grasped the favourable and golden period of reforms and unwaveringly promoted comprehensiveness and depth of reforms. Surrounding stimulation of vitality of employees and organisations, we further reinforced market-oriented reform initiatives, optimised systems and mechanisms and innovated operational management model so as to steadily promote comprehensive transformation and upgrades with comprehensive in-depth reforms as the assurance.

⁷ *Customers' satisfaction survey from the Ministry of Industry and Information Technology.*

Table of Contents

Chairman's Statement

The Company adhered to promote reforms on organisational systems and operational mechanism with market-orientation as the core. Professional operational organisation systems were constructed to promptly respond to the frontline professional needs, forming strong and powerful vertical support. With the deepened promotion of three-dimensional inter-driven forces comprising sub-division of performance evaluation units, top-down support and professional operation, we enabled our frontline employees to have passion, capability and easiness to do. Sub-division of performance evaluation units has become the role model of China's state-owned enterprises reforms. Counting on the incentive mechanism and restriction system as the key, the Company promoted the reforms of human resources. With innovated systems of professional workstation, we emphasised training of professional talents for the enterprise transformation while we proactively strengthened market-oriented staff appointment mechanism so as to stimulate vitality of the talent teams. Insisted on value contributions as the core, we promoted in-depth reforms in resources allocation. With the strengthening of resources allocation in supporting our strategy and operation, we induced resources towards highly profitable business units. We embedded value analysis models into the procedures of business assessment, investment decision-making and cost control and perfected matching relationship of input and output. In addition, we insisted on Internet-oriented means to optimise assets management and enhanced the efficiency of asset utilisation. Internal control management was strengthened so as to enhance the capabilities to prevent and control financial risks.

Corporate governance and social responsibility

We are committed to maintaining a high level of corporate governance, attaching great importance to risk management and control. We strive to persistently enhance corporate transparency and value to ensure our healthy and orderly growth. Our efforts in corporate governance have been widely recognised by the capital markets. We were awarded Most Honored Company in Asia by *Institutional Investor* for seven consecutive years and No. 1 Overall Best Managed Company in Asia by *FinanceAsia*.

We adhere to operations with integrity, persevere in fulfillment of social responsibility and maintain a fair and orderly environment for market competition to facilitate healthy development for the industry ecology. We further implemented the Speed Upgrade and Tariff Reduction and assisted the entrepreneurship and innovation by the general public to foster the information consumption upgrade and benefit the society and the general public as a whole. We also proactively maintain the security of network and information and rigorously combat telecommunications information fraud. We received high recognition and appreciation from the society through our efforts in successfully accomplishing telecommunications assurance for Boao Forum for Asia and the Belt and Road Summit, as well as combating flooding and disaster relief.

Table of Contents

Chairman's Statement

Transformation and upgrades leading to the smart future

At present, steady improvement of the national economy and deepened promotion of reforms of state-owned enterprises creates favourable macro-environment for us. With the devoted implementation of national Cyberpower strategy and active promotion of Internet+ action plan, the transformation of traditional industry towards digitalisation, intelligentisation and environmentalisation is accelerated. Hence, the information and telecommunications industry becomes the industry with the highest growth potential among the key and fundamental industries of the national economy, bringing numerous development opportunities for us. Technologies penetration promotes industry upgrades, Internet of everything enters into new era and IoT experiences booming growth. The vast potentials of new emerging businesses such as cloud computing and Big Data coupled with rapid growth in data traffic demand opens up vast market potentials for us. Meanwhile, increasingly fierce industry competition, intensified cross-industry competition and value chain competition has evolved to competition of the entire ecosphere. Establishment of robust competitive strengths of the ecosphere is the crucial key to success.

People who can observe and analyse the trends well are intelligent. People who can grasp and dominate the trends well are winners. In the second half of the year, directly facing market competition, we will further transform the network strengths and service edges into competitive strengths. We will adhere to adopt aggressive strategy, not only intensely focusing on integration and innovation as well as in-depth data traffic operation but also facilitating persistent enhancement of scale and effectiveness, so as to ensure the achievement of excellent results for the whole year. With our unwavering promotion of Transformation 3.0, the Company will focus on the enhancement of capabilities, expansion of open cooperation and co-building of Ecosystem-Tetris with co-operative partners, resulting in continuous reinforcement of ecological strengths. We will stimulate vitality with in-depth reforms and strengthen market consciousness, breaking up the barrier of systems and mechanisms which impede productivity and cultivating good atmosphere for work and entrepreneurship. With pragmatic implementation and reinforced execution together with the strengthening of process management and control by adopting clear and effective systems, we strive to attain new achievement in corporate transformation and upgrades as well as create more value for shareholders.

Finally, on behalf of the Board of Directors, I would like to take this opportunity to express my sincere appreciation to all our shareholders and customers for their support. I would also like to express my sincere thanks to all our employees for their hard work and contributions. Furthermore, I would like to extend my sincere gratitude towards Mr. Yang Xiaowei for his excellent contributions during his tenure of office as a Director of the Company.

Report on Review of Interim Financial Statements

To the Board of Directors of China Telecom Corporation Limited

Introduction

We have reviewed the interim financial statements of China Telecom Corporation Limited (the Company) and its subsidiaries (collectively referred to as the Group) set out on pages 11 to 37, which comprise the consolidated statement of financial position as at 30 June 2017 and the related consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the six-month period then ended, and certain explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and International Accounting Standard 34, Interim Financial Reporting (IAS 34) issued by the International Accounting Standards Board. The directors of the Company are responsible for the preparation and presentation of these interim financial statements in accordance with IAS 34. Our responsibility is to express a conclusion on these interim financial statements based on our review, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Scope of Review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Hong Kong Institute of Certified Public Accountants. A review of these interim financial statements consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that these interim financial statements are not prepared, in all material respects, in accordance with IAS 34.

Table of Contents

Notes to the Unaudited Interim Financial Statements

for the six-month period ended 30 June 2017

1. Principal Activities

China Telecom Corporation Limited (the Company) and its subsidiaries (hereinafter, collectively referred to as the Group) offers a comprehensive range of wireline and mobile telecommunications services including voice, Internet, telecommunications network resource services and lease of network equipment, information and application services and other related services. The Group provides wireline telecommunications services and related services in Beijing Municipality, Shanghai Municipality, Guangdong Province, Jiangsu Province, Zhejiang Province, Anhui Province, Fujian Province, Jiangxi Province, Guangxi Zhuang Autonomous Region, Chongqing Municipality, Sichuan Province, Hubei Province, Hunan Province, Hainan Province, Guizhou Province, Yunnan Province, Shaanxi Province, Gansu Province, Qinghai Province, Ningxia Hui Autonomous Region and Xinjiang Uygur Autonomous Region of the People's Republic of China (the PRC). The Group also provides mobile telecommunications and related services in the mainland China and Macau Special Administrative Region (Macau) of the PRC. The Group also provides international telecommunications services, including lease of network equipment, international Internet access and transit, Internet data centre and mobile virtual network services in certain countries and regions of the Asia Pacific, Europe, Africa, South America and North America. The operations of the Group in the mainland China are subject to the supervision and regulation by the PRC government.

2. Basis of Preparation

These interim financial statements have been prepared in accordance with International Accounting Standard 34, (IAS 34) *Interim Financial Reporting* issued by the International Accounting Standards Board and the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited. These interim financial statements, which were authorised for issuance by the Board of Directors on 23 August 2017, reflect the unaudited financial position of the Group as at 30 June 2017 and the unaudited results of operations and cash flows of the Group for the six-month period then ended, which are not necessarily indicative of the results of operations and cash flows expected for the year ending 31 December 2017.

These interim financial statements are prepared on the historical cost basis as modified by the revaluation of certain available-for-sale equity securities at fair value.

Except as described below, these interim financial statements have been prepared in accordance with the same accounting policies adopted in the 2016 annual financial statements of the Group.

In the current interim period, the Group has applied, for the first time, the following amendments to International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board that are mandatorily effective for the current period:

Amendments to IAS 7, *Disclosure Initiative*

Amendments to IAS 12, *Recognition of Deferred Tax Assets for Unrealised Losses*

Amendments to IFRS 12 as part of the *Annual Improvements to IFRSs 2014 - 2016 Cycle*

The application of the above amendments to IFRSs has had no material effect on the Group's interim financial statements. Additional disclosures as required by the amendments to IAS 7 will be provided in the Group's consolidated financial statements for the year ending 31 December 2017.

Table of Contents

Notes to the Unaudited Interim Financial Statements

for the six-month period ended 30 June 2017

2. Basis of Preparation (continued)

The preparation of interim financial statements in conformity with IAS 34, *Interim Financial Reporting* requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

These interim financial statements contain consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the 2016 annual financial statements. The interim financial statements and notes thereon do not include all of the information required for a full set of financial statements prepared in accordance with IFRSs.

These interim financial statements are unaudited, but have been reviewed by the Audit Committee of the Company. These interim financial statements have also been reviewed by the Company's international independent auditor in accordance with Hong Kong Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*, issued by the Hong Kong Institute of Certified Public Accountants.

The financial information relating to the financial year ended 31 December 2016 that is included in these interim financial statements as being previously reported does not constitute the Group's statutory financial statements for that financial year but is derived from those financial statements. The statutory financial statements for the year ended 31 December 2016 are available from the Company's registered office. The Company's international independent auditor has expressed an unqualified opinion on those financial statements in the report dated 21 March 2017.

3. Segmental Reporting

An operating segment is a component of an entity that engages in business activities from which revenues are earned and expenses are incurred, and is identified on the basis of the internal financial reports that are regularly reviewed by the chief operating decision maker in order to allocate resources and assess performance of the segment. For the periods presented, management has determined that the Group has one operating segment as the Group is only engaged in the integrated telecommunications business. The Group's assets located outside mainland China and operating revenues derived from activities outside mainland China are less than 10% of the Group's assets and operating revenues, respectively. No geographical area information has been presented as such amount is immaterial. No single external customer accounts for 10% or more of the Group's operating revenues.

Loans from banks unsecured	<i>(i)</i>	9,874	9,935
Other loans unsecured	<i>(i)</i>	1	1
Amounts due to China Telecommunications Corporation unsecured			
Deferred consideration of Mobile Network Acquisition	<i>(ii)</i>	61,710	61,710
Total long-term debt and payable		71,585	71,646
Less: current portion		(62,566)	(62,276)

Non-current portion	9,019	9,370
---------------------	--------------	-------

Table of Contents

Notes to the Unaudited Interim Financial Statements

for the six-month period ended 30 June 2017

6. Short-Term and Long-Term Debt and Payable (continued)*Note:*

(i) *The loans from banks includes long-term RMB denominated government loans with below-market interest rates ranging from 1.08% to 1.20% per annum obtained by the Group through banks (the Low-interest Loans). The Group recognised the Low-interest Loans at their fair value on initial recognition, and accreted the discount to profit or loss using the effective interest rate method. The difference between the fair value and face value of the Low-interest Loans was recognised as government grants in deferred revenue.*

As at 30 June 2017, the loans from banks and other loans bear interest at rates ranging from 1.00% to 8.30% (31 December 2016: 1.00% to 8.30%) per annum with maturity through 2060.

(ii) *Represents the remaining balance of the deferred consideration payable to China Telecommunications Corporation in respect of the acquisition of certain CDMA network assets and associated liabilities, which were held by China Telecommunications Corporation through network branches located in 30 provinces, municipalities and autonomous regions in the PRC (hereinafter referred to as the Mobile Network Acquisition). The Company may, from time to time, pay all or part of the deferred payment at any time after the completion date without penalty until the fifth anniversary of the completion date of the Mobile Network Acquisition, which is 31 December 2017. The Company pays interest on the deferred payment to China Telecommunications Corporation at half-yearly intervals and the interest accrues from the day following the completion of the Mobile Network Acquisition. The interest rate is set at a 5 basis points premium to the yield of the 5-year super AAA rated Medium Term Notes most recently published by the National Association of Financial Market Institutional Investors before the completion date of the Mobile Network Acquisition and will be adjusted once a year in accordance with the last yield of the 5-year super AAA rated Medium Term Notes most recently published by the National Association of Financial Market Institutional Investors at the end of each year. The annual interest rates for 2016 and 2017 are 4.00% and 4.11%, respectively.*

If the amount is not paid when due, the Company is required to pay the liquidated damages on such amount at a daily rate of 0.03% of the amount in arrears from the day following the applicable due date to the date that such amount has actually been paid in full.

The Group's short-term and long-term debt and payable do not contain any financial covenants. As at 30 June 2017, the Group had unutilised committed credit facilities amounting to RMB153,329 million (31 December 2016: RMB161,229 million).

Table of Contents

Notes to the Unaudited Interim Financial Statements

for the six-month period ended 30 June 2017

7. Accounts Payable

Accounts payable are analysed as follows:

	30 June 2017	31 December 2016
	RMB millions	RMB millions
Third parties	103,860	96,675
China Telecom Group	23,891	21,343
China Tower	3,466	3,697
Other telecommunications operators in the PRC	1,265	729
	132,482	122,444

Amounts due to China Telecom Group and China Tower are payable in accordance with contractual terms which are similar to those terms offered by third parties.

Ageing analysis of accounts payable based on the due dates is as follows:

	30 June 2017	31 December 2016
	RMB millions	RMB millions
Due within 1 month or on demand	26,153	17,931
Due after 1 month but within 3 months	23,199	19,891

for the six-month period ended 30 June 2017

9. Operating Revenues

Operating revenues represent revenues from the provision of telecommunications services. The components of the Group's operating revenues are as follows:

	Notes	Six-month period ended 30 June	
		2017	2016
		RMB millions	RMB millions
Voice	(i)	31,833	36,419
Internet	(ii)	84,755	73,017
Information and application services	(iii)	37,426	34,826
Telecommunications network resource services and lease of network equipment	(iv)	9,636	8,928
Others	(v)	20,468	23,638
		184,118	176,828

Note:

- (i) Represent the aggregate amount of voice usage fees, installation fees and interconnections fees charged to customers for the provision of telephony services.
- (ii) Represent amounts charged to customers for the provision of Internet access services.
- (iii) Represent primarily the aggregate amount of fees charged to customers for the provision of Internet data centre service, system integration services, e-Surfing HD service, caller ID service and short messaging service and etc.
- (iv) Represent primarily the aggregate amount of fees charged to customers for the provision of telecommunications network resource services and lease income from other domestic telecommunications operators and enterprise customers for the usage of the Group's telecommunications networks and equipment.
- (v) Represent primarily revenue from sale, and repair and maintenance of equipment as well as the resale of mobile services (MVNO).

10. Network Operations and Support Expenses

Note	Six-month period ended 30 June	
	2017	2016
	RMB millions	RMB millions

14. Income Tax (continued)

A reconciliation of the expected tax expense with the actual tax expense is as follows:

	Notes	Six-month period ended 30 June	
		2017	2016
		RMB millions	RMB millions
Profit before taxation		16,679	15,469
Expected income tax expense at statutory tax rate of 25%	(i)	4,170	3,867
Differential tax rate on PRC subsidiaries and branches income	(i)	(203)	(211)
Differential tax rate on other subsidiaries income	(ii)	(19)	(20)
Non-deductible expenses	(iii)	180	182
Non-taxable income	(iv)	(42)	(36)
Others	(v)	(2)	(35)
Actual income tax expense		4,084	3,747

Note:

- (i) Except for certain subsidiaries and branches which are mainly taxed at preferential rate of 15%, the provision for mainland China income tax is based on a statutory rate of 25% of the assessable income of the Company, its mainland China subsidiaries and branches as determined in accordance with the relevant income tax rules and regulations of the PRC.
- (ii) Income tax provisions of the Company's subsidiaries in Hong Kong and Macau Special Administrative Regions of the PRC, and in other countries are based on the subsidiaries' assessable income and income tax rates applicable in the respective tax jurisdictions which range from 12% to 35%.
- (iii) Amounts represent miscellaneous expenses in excess of statutory deductible limits for tax purposes.
- (iv) Amounts represent miscellaneous income which are not subject to income tax.
- (v) Amounts primarily represent tax deduction on prior year research and development expenses approved by tax authorities and other tax benefits.

15. Dividends

Pursuant to the shareholders' approval at the Annual General Meeting held on 23 May 2017, a final dividend of RMB0.093043 (equivalent to HK\$0.105) per share totaling RMB7,530 million in respect of the year ended 31 December 2016 was declared and paid on 21 July 2017.

Pursuant to the shareholders' approval at the Annual General Meeting held on 25 May 2016, a final dividend of RMB0.080182 (equivalent to HK\$0.095) per share totaling RMB6,489 million in respect of the year ended 31 December 2015 was declared and paid on 15 July 2016.

The Board of Directors has resolved not to pay an interim dividend.

16. Basic Earnings Per Share

The calculation of basic earnings per share for the six-month period ended 30 June 2017 and 2016 is based on the profit attributable to equity holders of the Company of RMB12,537 million and RMB11,673 million, respectively, divided by 80,932,368,321 shares.

The amount of diluted earnings per share is not presented as there were no dilutive potential ordinary shares in existence for the periods presented.

17. Capital Commitments

As at 30 June 2017 and 31 December 2016, the Group had capital commitments as follows:

	30 June 2017	31 December 2016
	RMB millions	RMB millions
Contracted for but not provided		
Property	767	933
Telecommunications network plant and equipment	13,465	12,807
	14,232	13,740

18. Fair Value Measurements of Financial Instruments

Financial assets of the Group include cash and cash equivalents, bank deposits, investments, accounts receivable, prepayments and other receivables. Financial liabilities of the Group include short-term and long-term debt and

payable, accounts payable, accrued expenses and other payables. The Group does not hold nor issue financial instruments for trading purposes.

Table of Contents

Notes to the Unaudited Interim Financial Statements

*for the six-month period ended 30 June 2017***18. Fair Value Measurements of Financial Instruments (continued)****Fair Value Measurements**

Based on IFRS 13, *Fair Value Measurement*, the fair value of each financial instrument is categorised in its entirety based on the lowest level of input that is significant to that fair value measurement. The levels are defined as follows:

- Level 1: fair values measured using quoted prices (unadjusted) in active markets for identical financial instruments
- Level 2: fair values measured using quoted prices in active markets for similar financial instruments, or using valuation techniques in which all significant inputs are directly or indirectly based on observable market data
- Level 3: fair values measured using valuation techniques in which any significant input is not based on observable market data

The fair values of the Group's financial instruments (other than long-term debt and payable and available-for-sale equity investment securities) approximate their carrying amounts due to the short-term maturity of these instruments.

The Group's available-for-sale equity investment securities are categorised as level 1 financial instruments. The fair value of the Group's available-for-sale equity investment securities is RMB1,134 million as at 30 June 2017 (31 December 2016: RMB1,369 million), based on quoted market price on PRC stock exchanges. The Group's long-term investments, other than the available-for-sale equity investment securities, are unlisted equity interests for which no quoted market prices exist and as their fair values cannot be measured reliably, their fair values were not disclosed.

The fair values of long-term debt and payable is estimated by discounting future cash flows using current market interest rates offered to the Group for debt with substantially the same characteristics and maturities. The fair value measurement of long-term debt and payable is categorised as level 2. The interest rates used by the Group in estimating the fair values of long-term debt and payable, having considered the foreign currency denomination of the debt, ranged from 1.0% to 4.9% (31 December 2016: 1.0% to 4.9%). As at 30 June 2017 and 31 December 2016, the carrying amounts and fair values of the Group's long-term debt and payable were as follows:

	30 June 2017		31 December 2016	
	Carrying amount	Fair value	Carrying amount	Fair value
	RMB millions	RMB millions	RMB millions	RMB millions
Long-term debt and payable	71,585	71,602	71,646	71,741

During both periods, there were no transfers among instruments in level 1, level 2 or level 3.

19. Related Party Transactions (continued)**(c) Key management personnel compensation**

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Group, directly or indirectly, including directors and supervisors of the Group.

Key management personnel compensation of the Group is summarised as follows:

	Six-month period ended 30 June	
	2017	2016
	RMB thousands	RMB thousands
Short-term employee benefits	2,771	3,171
Post-employment benefits	412	392
	3,183	3,563

The above remuneration is included in personnel expenses.

(d) Contributions to post-employment benefit plans

As stipulated by the regulations of the PRC, the Group participates in various defined contribution retirement plans organised by municipal, autonomous regional and provincial governments for its employees. The Group is required to make contributions to the retirement plans at rates ranging from 14% to 21% of the salaries, bonuses and certain allowances of the employees. A member of the plan is entitled to a pension equal to a fixed proportion of the salary prevailing at the member's retirement date. Other than the above, the Group also participates in supplementary defined contribution retirement plans managed by independent external parties whereby the Group is required to make contributions to the retirement plans at fixed rates of the employees' salaries, bonuses and certain allowances. The Group has no other material obligation for the payment of pension benefits associated with these plans beyond the annual contributions described above.

The Group's contributions for the above plans for the six-month period ended 30 June 2017 were RMB3,387 million (six-month period ended 30 June 2016: RMB3,198 million).

The amount payable for contributions to the above defined contribution retirement plans as at 30 June 2017 was RMB624 million (31 December 2016: RMB596 million).

Notes to the Unaudited Interim Financial Statements

for the six-month period ended 30 June 2017

19. Related Party Transactions (continued)

(e) Transactions with other government-related entities in the PRC

The Group is a government-related enterprise and operates in an economic regime currently dominated by entities directly or indirectly controlled by the People's Republic of China through government authorities, agencies, affiliations and other organisations (collectively referred to as government-related entities).

Apart from transactions with parent company and its fellow subsidiaries (Note 19(a)), the Group has transactions that are collectively but not individually significant with other government-related entities, which include but not limited to the following:

rendering and receiving services, including but not limited to telecommunications services

sales and purchases of goods, properties and other assets

lease of assets

depositing and borrowing

use of public utilities

These transactions are conducted in the ordinary course of the Group's business on terms comparable to the terms of transactions with other entities that are not government-related. The Group prices its telecommunications services and products based on government-regulated tariff rates, where applicable, or based on commercial negotiations. The Group has also established procurement policies and approval processes for purchases of products and services, which do not depend on whether the counterparties are government-related entities or not.

The directors of the Company believe the above information provides appropriate disclosure of related party transactions.

Table of Contents

Other Information

Audit Committee

The audit committee has reviewed with management and the Company's international auditor, Deloitte Touche Tohmatsu, the accounting principles and practices adopted by the Group and discussed internal control and financial reporting matters including the review of the Company's Interim Report for the six months ended 30 June 2017.

Compliance with the Corporate Governance Code

The Company attaches great importance to corporate governance. We continued to make efforts in improving the Company's internal control mechanisms, strengthening information disclosure and enhancing the Company's transparency, developing corporate governance practices and protecting shareholders' interests to the maximum degree.

The roles of Chairman and Chief Executive Officer of the Company were performed by the same individual, for the six-month period ended 30 June 2017. In the Company's opinion, through supervision by the Board of Directors and the Independent Non-Executive Directors, with effective control of the Company's internal check and balance mechanism, the same individual performing the roles of Chairman and Chief Executive Officer can enhance the Company's efficiency in decision-making and execution and effectively capturing business opportunities. Many leading international corporations around the world also have similar arrangements.

Save as stated above, the Company has been in compliance with all the code provisions under the Corporate Governance Code as set out in Appendix 14 of the Listing Rules throughout the six-month period ended 30 June 2017.

Compliance with the Model Code for Securities Transactions by Directors and Supervisors

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers as set out in Appendix 10 of the Listing Rules to govern securities transactions by Directors and Supervisors. Based on the written confirmations from the Directors and Supervisors, they have confirmed their compliance with the Model Code for Securities Transactions by Directors of Listed Issuers regarding the requirements in conducting securities transactions for the period from 1 January 2017 to 30 June 2017.
