AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

On September 6, 2017, Cogint, Inc., a Delaware corporation (cogint, the Company, we, us, our, and similar terms entered into a Business Combination Agreement (the Business Combination Agreement) with BlueFocus International Limited, a private company limited by shares registered in Hong Kong (BlueFocus, and the transactions contemplated by the Business Combination Agreement collectively, the Business Combination). Under the terms of the Business Combination Agreement, at the closing of the Business Combination, among other things:

- (1) BlueFocus will contribute to cogint all of the equity interests of (a) Vision 7 International Inc., a Canadian company (Vision 7), (b) We Are Very Social Limited, a limited company domiciled and incorporated in England and Wales (WAVS), (c) Indigo Social, LLC, a Delaware limited liability company (Indigo), and (d) any entity that BlueFocus acquires from the date of the Business Combination Agreement to the closing of the Business Combination that is a Permitted Acquisition, as such term is defined in the Business Combination Agreement (each, an Acquisition Entity and, together with Vision 7, WAVS, and Indigo, the Contributed Entities);
- (2) BlueFocus will contribute to cogint (a) \$100 million in cash (the Cash Contribution) and (b) in cash, any net working capital shortfall of the Contributed Entities when compared to such entities normalized net working capital (the Working Capital Shortfall, and together with the Cash Contribution, the Cash Consideration). cogint intends to use the proceeds of the Cash Contribution to (i) repay, if outstanding, a promissory note (the Red Violet Note) issued by cogint to capitalize Red Violet, Inc., a Delaware corporation (Red Violet) in an amount up to \$20 million, (ii) pay off certain transaction-related expenses, and (iii) pay the balance to cogint stockholders and certain warrant holders as of the Record Date (as defined below) as a cash dividend or dividend equivalent expected to be in the range of \$0.95 to \$1.10 per share (the Cash Dividend);
- (3) In exchange for the Contributed Entities and the Cash Consideration, at closing BlueFocus will receive a number of shares of Common Stock of cogint, par value \$0.0005 per share (the Common Stock), representing 63.0% of the issued and outstanding shares of cogint Common Stock on a fully diluted basis after giving effect to such issuance (the Purchased Shares); and
- (4) BlueFocus will repay, assume, or refinance cogint s indebtedness, other than the Red Violet Note, as of the closing of the Business Combination.

The Business Combination is also conditioned on cogint, immediately before closing the Business Combination, spinning off its wholly-owned subsidiary Red Violet by distributing 100% of Red Violet s common stock pro rata to holders of cogint Common Stock and certain warrants (the Spin-off). As a holder of cogint Common Stock, you will receive a number of shares of Red Violet common stock for each share of cogint Common Stock you hold at the close of business on a date to be determined by the Company s Board of Directors (the Board) as the record date for the Spin-off and the Cash Dividend (the Record Date) at a ratio to be determined by the Board (the Spin-off Ratio). In addition to the Spin-off, and in connection with the Business Combination, cogint will take the following actions immediately before or at closing and conditioned thereon:

- (1) amend and restate its certificate of incorporation (the Amended and Restated Charter) to (i) increase the number of authorized shares of Common Stock from 200,000,000 to 400,000,000 to provide for the issuance of the Purchased Shares, (ii) provide for BlueFocus to take action by written consent as long as it continues to own at least a majority of the issued and outstanding Common Stock, and (iii) provide an understanding with respect to corporate opportunities and transactions with BlueFocus and its affiliates post-closing; and

In addition, the Board and the Board's Compensation Committee have approved an increase in the number of shares of Common Stock eligible for issuance under the Company's 2015 Stock Incentive Plan (the 2015 Plan) by 1,000,000, resulting in an aggregate of 13,500,000 shares issuable under the 2015 Plan (the Plan Increase). earnings and profits; then (2) a reduction in such stockholder's tax basis in cogint's common stock (but not below zero) to the extent the amount received exceeds the amount referenced in clause (1); and then (3) a gain from the sale or exchange of cogint common stock to the extent the amount received exceeds the sum of the amounts referenced in clauses (1) and (2).

Table of Contents

Q: Why is the Company acquiring the Contributed Entities?

A: During the first quarter of 2017, cogint decided to explore the possibility of selling its digital marketing business. The separation of cogint's risk management business from its digital marketing business enables investors to better evaluate the financial performance, strategies and other characteristics of each company. This will permit investors to make investment decisions based on each company's own performance and potential, and enhance the likelihood that the market will value each company appropriately.

As cogint's risk management and digital marketing businesses have distinct financial and operating characteristics, the separation of the businesses will simplify the management and organization structures of each company, allowing each company to adopt strategies and pursue objectives appropriate to its needs, focus more exclusively on improving its operations, and enable the optimization of capital deployment and investment strategies necessary to advance innovation. Further, the separation brings greater clarity to the market place as to each company's core competencies, allowing each company to compete more effectively and nimbly within its respective markets.

Fluent is a digital marketing company operating within the highly-competitive digital marketing industry. Fluent is seeking to expand within the U.S. and internationally. Fluent's business is complementary to the existing portfolio of BlueFocus's businesses. The Business Combination enables Fluent to establish an international presence by leveraging the existing customer relationships of the Contributed Entities, while creating a unique marketing services company that delivers end-to-end solutions to its customers.

Q: What will be the ownership of the Company after completing the Business Combination?

A: After the closing of the Business Combination, Company stockholders and certain Company warrant holders existing as of immediately before the closing will own 37.0% of the issued and outstanding cogint Common Stock on a fully diluted basis and BlueFocus will own 63.0% of the issued and outstanding cogint Common Stock on a fully diluted basis.

Q: Will my rights as a stockholder change after completion of the Business Combination?

A: After completion of the Business Combination, cogint will remain a Delaware corporation, however, immediately before closing the Business Combination, we will amend our certificate of incorporation as set forth in the Amended and Restated Charter. Our current certificate of incorporation and the Amended and Restated Charter are substantially the same in terms of stockholders' rights other than with respect to the following matters:

- (1) increase the number of authorized shares of Common Stock from 200,000,000 to 400,000,000 to provide for the issuance of the Purchased Shares;
- (2) provide for BlueFocus to take action by written consent as long as it continues to own at least a majority of the issued and outstanding Common Stock; and
- (3) provide an understanding with respect to corporate opportunities and transactions with BlueFocus and its affiliates post-closing.

Furthermore, after we complete the Business Combination, we may amend the Amended and Restated Charter to, at the discretion of the Board, effect the Reverse Stock Split within the range of one to two and one to four, with the exact ratio to be determined by the Board before closing.

If the Business Combination is not completed, we will not implement the Amended and Restated Charter and we will not effect the Reverse Stock Split.

Q: Who will manage the Company after the Business Combination is completed?

A: The Company will continue to be managed by the Board, however, at closing of the Business Combination certain individuals will resign as directors and the remaining directors will appoint new directors in accordance with applicable law, the Company's Amended and Restated Charter, the Amended and Restated Bylaws (as defined below) and the Stockholders' Agreement so that thereafter the Board will be composed of seven (7) directors. Pursuant to the Stockholders' Agreement, (1) Mr. Schulke and Mr. Conlin will be entitled to jointly nominate one director, and (2) Mr. Brauser and Dr. Frost will be entitled to jointly nominate another director, who will initially be Mr. Schulke. The Company and BlueFocus are obligated to take the necessary actions to ensure that such nominees are elected to the Board and that such directors are not removed without the nominating individuals' consent unless they are removed for cause. In either case, the applicable stockholders who nominated the removed director will be entitled to jointly nominate the replacement director. In addition, our current executive officers will resign and the Board will appoint new executive officers.

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

This Information Statement contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act, and Section 21E of the Exchange Act. Such forward-looking statements contain information about our expectations, beliefs or intentions regarding our product development and commercialization efforts, business, financial condition, results of operations, strategies or prospects. You can identify forward-looking statements by the fact that these statements do not relate strictly to historical or current matters. Rather, forward-looking statements relate to anticipated or expected events, activities, trends or results as of the date they are made. Because forward-looking statements relate to matters that have not yet occurred, these statements are inherently subject to risks and uncertainties that could cause our actual results to differ materially from any future results expressed or implied by the forward-looking statements. Factors that could cause actual results, events and developments to differ include:

the inability to complete the Business Combination due to the failure to satisfy the conditions in the Business Combination Agreement or to complete the Business Combination during any specific timeframe;

the occurrence of any event, change or other circumstance that could give rise to the termination of the Business Combination Agreement, including a termination that could require us to pay BlueFocus a termination fee;

the amount of the costs, fees, expenses and charges related to the Business Combination;

risks that the Business Combination and the Spin-off disrupt current plans and operations and create difficulties in employee retention;

risks related to diverting management's attention from ongoing business operations; and

other risks detailed in the section titled "Risk Factors" and in our other filings with the SEC. See the section titled "Where You Can Find More Information."

Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. Except for our ongoing obligations to disclose material information under the Federal securities laws, we undertake no obligation to release publicly any revisions to any forward-looking statements after the date they are made, whether as a result of new information, future events or otherwise.

RISK FACTORS

You should carefully consider the risk factors described below, together with the other information contained in this Information Statement. If any of the following events occur, our business, financial condition and operating results may be materially adversely affected. In that event, the market or trading price of our securities could decline and you could lose all or part of your investment. This Information Statement also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in the forward-looking statements as a result of specific factors, including the risks described below.

Risks Related to the Business Combination

We may not complete the Business Combination.

Although the Business Combination has been approved by our Board and the Consenting Stockholders, completion of the Business Combination remains subject to regulatory approvals and other conditions that must be met before closing, including completion of the Spin-off. If any condition to close is not met or waived, the parties may not move forward with the Business Combination in accordance with the termination provisions of the Business Combination Agreement. If we do not complete the Business Combination, we will not effect the Spin-off and you will not receive the Cash Dividend.

The acquisition of the Contributed Entities in the Business Combination involves risks associated with acquisitions and integrating the acquired businesses, including the potential exposure to significant liabilities, and the intended benefits of the Business Combination may not be realized.

The acquisition of the Contributed Entities in the Business Combination involves risks associated with acquisitions and integrating the acquired businesses into our existing operations, including that:

our senior management's attention may be diverted from the management of daily operations to the integration of the businesses acquired in the Business Combination;

we could incur significant unknown and contingent liabilities for which we have limited or no contractual remedies, indemnification rights against BlueFocus or insurance coverage;

the businesses and operations acquired in the Business Combination may not perform as well as we anticipate; and

unexpected costs, delays, and challenges may arise integrating the businesses acquired into our existing operations.

Even if we successfully integrate the acquired business into our operations, it may not be possible to realize the full benefits we anticipate or we may not realize these benefits within the expected timeframe. If we fail to realize the benefits we anticipate from the acquisition of the Contributed Entities, then our business, results of operations, and financial condition may be materially and adversely affected. Additionally, under the Business Combination Agreement, BlueFocus may purchase Acquisition Entities without our consent before the closing of the Business

Combination and these acquisitions involve the same risks as described above.

We have incurred significant transaction and transaction-related costs in connection with the Business Combination.

We have incurred significant costs in connection with the Business Combination and the Spin-off, including legal, accounting, consulting, financial advisory, and related fees. We may incur additional costs to retain key employees. We may also incur fees and costs related to formulating integration plans. Although we expect that the elimination of duplicative costs, as well as the realization of other efficiencies related to the integration of the businesses, should allow us to more than offset incremental transaction and acquisition-related costs over time, this net benefit may not be achieved in the near term, or at all.

Table of Contents

The market price of our Common Stock may decline as a result of the Business Combination.

The market price of our Common Stock may decline as a result of the Business Combination if, among other things, we are unable to achieve the expected growth in earnings, or if the operational cost savings estimates in connection with the integration of the Contributed Entities' businesses are not realized, or if the aggregate transaction costs related to the Business Combination are greater than expected, or if the value of the cash savings attributable to the amortization of goodwill is less than anticipated. The market price also may decline if we do not achieve the perceived benefits of the Business Combination as rapidly or to the extent anticipated by financial or industry analysts or if the effect of the Business Combination on our financial results is not consistent with the expectations of financial or industry analysts.

Changes in applicable tax laws, policies and regulations or unfavorable resolution of tax matters may result in additional tax liabilities to us, which could adversely impact our cash flows and results of operations.

After the Business Combination, our businesses will be subject to taxation in the U.S. and multiple foreign jurisdictions. The U.S. is considering corporate tax reform that may significantly change the corporate tax rate and the rules applicable to the taxation of earnings of foreign subsidiaries. In addition, international tax reform remains a priority with the Organization for Economic Cooperation and Development's Action Plan on Base Erosion & Profit Shifting and in foreign jurisdictions in which we operate. Given the uncertainty of the potential changes, we are unable to determine whether the net consolidated impact of such changes on us would be positive or negative. However, the impact of any tax legislative, policy or regulatory changes by federal, state and local, or foreign authorities may result in additional tax liabilities which could adversely impact our cash flows and results of operations.

Furthermore, as a result of our businesses being subject to taxation in the U.S. and multiple foreign jurisdictions after the Business Combination, our effective tax rate will be derived from a combination of applicable tax rates in the various jurisdictions in which we will operate. In preparing our financial statements, we will estimate the amount of tax that will become payable in each of such jurisdictions. Our effective tax rate, however, may be different than experienced in the past due to numerous factors, including changes in the mix of our profitability from country to country, changes in accounting for income taxes and changes in tax laws. Any of these factors could cause us to experience an effective tax rate significantly different from previous periods or our current expectations. In addition, we are regularly under audit by tax authorities, and the final outcome of tax audits and related litigation could be materially different than that reflected in our income tax provisions and accruals. The unfavorable resolution of any audits or litigation could have an adverse impact on future operating results and our financial condition.

Risks Related to the Business of the Contributed Entities

The Contributed Entities receive a significant portion of their revenues from a limited number of large clients. A loss of any such clients would adversely affect the Company's financial condition.

A relatively small number of clients contribute a significant percentage of each company's revenues. In the six-month period ended June 30, 2017, Vision 7 and WAVS derived approximately 50% and 42% of their revenues, respectively, from their top ten clients. Moreover, many of the companies' clients do not have long term contracts with the companies. Therefore, spending from existing clients may be reduced or stopped altogether on short notice for any reason or no reason. A reduction in spending or a loss of any of these clients, if not replaced by new clients or an increase in revenue from other existing clients, would adversely affect such company's financial condition.

Table of Contents

Clients periodically review and change their advertising and marketing requirements and relationships.

The Contributed Entities operate in a competitive industry. Key competitive considerations for retaining existing clients and winning new clients include the ability to develop solutions that meet client needs, the quality and effectiveness of services and the ability to serve clients efficiently. Clients periodically put their advertising and marketing businesses up for competitive review. Vision 7 and WAVS have won and lost accounts as a result of such reviews. To the extent that the companies are not able to remain competitive or retain important clients, the companies revenues may be adversely affected.

The Contributed Entities rely extensively on information technology systems, and cybersecurity incidents could adversely affect the companies.

The Contributed Entities rely on information technology systems and infrastructure to, among other things, manage their businesses, maintain client advertising and marketing information and process, store and transmit data. Increased cybersecurity threats and attacks pose a risk to the companies' systems and networks. Security breaches, improper use of the companies' systems and unauthorized access to the companies' data pose risks that sensitive data may be exposed to unauthorized persons or to the public. The companies may also have access to sensitive or personal data that is subject to privacy laws and regulations. Despite the companies' efforts to protect their systems and networks and sensitive data, the companies may be vulnerable to security breaches, theft, misplaced or lost data, employee malfeasance and additional known and unknown threats. Such events could harm the companies' reputations, impair their abilities to attract and retain clients and subject them to claims or litigation arising from damages suffered by clients.

Government regulation may limit the scope and content of the Contributed Entities' services, which could affect the companies' ability to meet their clients' needs and reduce client spending on the companies' services.

Government agencies affect the scope, content and manner of presentation of advertising, marketing and corporate communication services through regulation and other governmental action. Among other things, such regulation may seek to alter the tax treatment of advertising expenditures by certain industries or for certain products and services. Regulatory action may affect the companies' ability to meet their clients' needs and reduce client spending on the companies' services.

Any future economic downturn may cause a slowdown or reduction in advertising and marketing services spending.

In an economic downturn, the Contributed Entities' existing clients may spend less on the companies' services. The risk of reduced client spending is heightened because many of the companies' clients may reduce spending with short notice for any reason or no reason. New clients will also be more difficult to attract in an economic downturn, and any such prospective clients may demand services at lower costs.

The Contributed Entities depend on the knowledge, abilities and skills of their personnel as well as such persons' relationships with clients.

To a large extent, the success of the companies is attributable to the knowledge, abilities and skills of certain key personnel. If the companies lose the services of such persons, the companies may not be able to hire suitable replacements, and they may incur significant additional expenses to recruit and train new personnel, which could severely disrupt the companies' businesses and prospects. The companies also rely on such persons' relationships with clients. The loss of such persons might also mean losing clients, which would adversely affect the companies.

Table of Contents

The Contributed Entities' clients are demanding services that are increasingly more technical in nature. If the companies are unable to attract, re-train or retain personnel with such technical expertise, the companies' revenues could be affected.

The companies' clients are increasingly demanding advertising and marketing services that are more digital and technical in nature. Recruiting personnel to perform these services is difficult in the current competitive labor market where such talent is sought after by numerous firms, including large technology companies. Re-training existing personnel to perform these services may prove too costly and time-consuming. And retaining existing personnel with such technical expertise may prove difficult and expensive because such expertise is in high demand. If the companies are unable to attract, re-train or retain personnel with such expertise, the companies' revenues may be adversely affected.

If Vision 7's or WAVS's goodwill or other intangible assets become impaired, the companies' financial conditions may be materially affected.

Both Vision 7 and WAVS include goodwill and other intangible assets on their respective balance sheets. Under U.S. GAAP, most of these intangible assets must be tested for impairment on an annual basis or more frequently whenever events or circumstances indicate that their carrying value may not be recoverable. If the companies' intangible assets are determined to be impaired in the future, they may be required to record significant, non-cash charges to earnings during the period in which the impairment is determined to have occurred. Any such charges could, in turn, have a material effect on the companies' results of operation and financial conditions.

The Contributed Entities face financial and operational risks from doing business internationally.

The Contributed Entities face certain risks from doing business internationally, including the following: exchange rate fluctuations could materially affect the companies' businesses, financial conditions and results of operations, and this risk is heightened because the companies' functional currencies are not the U.S. Dollar; the companies are subject to various tax regimes, and a change in tax treatment could materially affect the companies; and social or political instability could affect the companies' abilities to meet their clients' needs. In particular, as subsidiaries of cogint following the Business Combination, profits of the Contributed Entities may be subject to U.S. taxation when earned, when distributed to cogint, or both. In addition, there are certain tax reform proposals currently being considered by the United States Congress. It is uncertain whether any such proposals will be enacted into law. However, if certain of the proposals were to become law, it could alter, potentially adversely, the U.S. taxation of the earnings of foreign subsidiaries of U.S. companies such as Vision 7 and WAVS.

Under the Amended and Restated Charter to be adopted immediately before closing of the Business Combination, BlueFocus and some of our directors and officers are not required to bring to our Board corporate opportunities they may become aware of.

The Amended and Restated Charter, which will be adopted immediately before the closing of the Business Combination provides that if BlueFocus or, subject to certain exceptions, any of its directors and officers that are also directors or officers of the Company, learn of a potential transaction or matter that may be a corporate opportunity for both us and BlueFocus, neither BlueFocus nor the applicable director or officer will have an obligation to communicate or present such corporate opportunity to us and will not be liable to us or our stockholders for breach of any fiduciary duty for failure to bring such corporate opportunity to us or in the event BlueFocus acquires or seeks the corporate opportunity for itself. As a result, we may not be presented with certain corporate opportunities that BlueFocus or certain of our directors and officers may become aware of and that we could otherwise decide to pursue absent the provision in the Amended and Restated Charter. Additionally, the vote of at least 80% of the votes entitled

to vote is required to amend, modify or repeal this provision of the Amended and Restated Charter.

Table of Contents

Vision 7 relies on third party financing to fund its operations. A loss of such financing could have a material effect on the company's daily operations.

Vision 7 depends in part on the willingness and ability of third party lenders to make loans to the company. A loss of any such financing relationships could disrupt Vision 7's operations and materially decrease the company's revenues.

Risks Relating to Our Common Stock

The concentration of our stock ownership may limit individual stockholder ability to influence corporate matters.

Upon completion of the Business Combination, BlueFocus will own 63.0% of the issued and outstanding cogint Common Stock on a fully diluted basis. As a result, BlueFocus will be able to exert significant influence over all matters requiring stockholder approval, including the election of directors and determination of significant corporate actions. The interests of BlueFocus may not always coincide with the interests of other stockholders, and BlueFocus may act in a manner that advances their best interests and not necessarily those of other stockholders, which could affect the prevailing market price for our securities.

Future sales or issuances of our securities may dilute the ownership of existing stockholders and cause the market price of our Common Stock to decline.

We will likely need to obtain additional capital through equity or debt financing. There can be no assurance that we will be able to obtain such capital on commercially reasonable terms, if at all. In addition, if we obtain capital by issuing equity, such transaction(s) may dilute the proportionate ownership and voting power of existing stockholders.

Table of Contents

Exclusivity; Voting Agreement

The Company and its subsidiaries may not, and may not permit their representatives to, solicit or encourage acquisition proposals from third parties (an Acquisition Proposal), or provide information in connection with or engage in negotiations in connection with an Acquisition Proposal.

Unless, prior to receipt of the required stockholders' approval, the Company receives an unsolicited superior written Acquisition Proposal (a Superior Proposal) or there has occurred an unknown and unforeseeable intervening event, the Company cannot change its Board recommendation of the Business Combination nor enter into a transaction agreement with a third party with respect to an alternate Acquisition Proposal. In the event of a Superior Proposal or intervening event, the Company must negotiate in good faith with BlueFocus with respect to any necessary changes to the Business Combination Agreement that may address the foregoing issues.

Certain stockholders of the Company were required to enter into a voting agreement (the Voting Agreement) included as Annex H to this Information Statement that contains (1) a requirement that such stockholders vote in favor of the matters set forth in the Written Consent, (2) a prohibition on stock transfers prior to the Closing, subject to limited exceptions, and (3) an exclusivity and nonsolicitation provision substantially similar to that entered into by the Company in the Business Combination Agreement.

Indemnification

Under the Business Combination Agreement the Company does not have any post-Closing indemnification obligations to BlueFocus, and BlueFocus does not have any post-Closing indemnification obligations to the Company. The representations, warranties and covenants in the Business Combination Agreement of all parties terminate at Closing, subject to limited exceptions.

Conditions to Closing

Conditions to the Closing of the Business Combination generally include:

receipt of the required Company stockholders' approval;

no injunctions or laws prohibiting the transactions contemplated by the Business Combination Agreement;

consent under HSR and CFIUS approval;

effectiveness of registration statement of Red Violet and consummation of the Spin-off;

(i) accuracy of the representations and warranties of the Company and BlueFocus, in each case except for inaccuracies that, individually or in the aggregate would not have a Company Material Adverse Effect or Parent Material Adverse Effect (as such terms are defined in the Business Combination Agreement), as the case may be and in each case subject to certain exceptions, (ii) performance by the Company and BlueFocus of their

respective covenants and agreements, (iii) absence of a Company Material Adverse Effect and Parent Material Adverse Effect since the signing of the Business Combination Agreement and (iv) and an officer's certificate of each of the Company and BlueFocus certifying to items (i) through (iii);

approval by Nasdaq of the listing of the Purchased Shares; and

delivery by the Company of a spreadsheet with certain calculations with respect to outstanding Company Common Stock, options, RSUs, warrants and Purchased Shares.

Termination and Termination Fees

The Business Combination Agreement may be terminated as follows:

By the Company or BlueFocus (1) by mutual agreement, (2) if there is a permanent injunction prohibiting the Business Combination, (3) if the Closing has not occurred within 12 months from signing, (4) if the

Table of Contents

other party is in breach of its respective representations or warranties or covenants which would cause the condition to closing with respect to the foregoing to fail to be met and such breach is not cured within 30 days after delivery of notice of such breach by the terminating party to the other party or (4) if CFIUS informs the Company and BlueFocus that it has recommended or intends to recommend the prohibition of the Business Combination.

By BlueFocus if either the Written Consent and executed Voting Agreement related thereto or the Stockholders Agreement are not delivered within 24 hours after signing, or the consent of the Stockholders is not obtained at the stockholders meeting, as the case may be, or if the Board changes its recommendation to the stockholders to authorize the Business Combination.

By the Company, if it has received a Superior Proposal and has complied with the procedure in the Business Combination Agreement with respect to such Superior Proposal, or if the Company is ready to consummate the Business Combination and the conditions to closing are met or will be met at Closing, and after notice thereto, BlueFocus fails to consummate the Closing.

Additionally, neither party has any liability following termination except for liability for fraud or intentional breach prior to such termination, subject to the survival of certain provisions, and with respect to any termination fees, if due. The Company must pay BlueFocus a termination fee in the amount of \$3 million if the Business Combination Agreement is terminated by BlueFocus due to the Company's breach or failure to timely deliver the required Written Consent and the Company enters into another acquisition transaction within 6 months of such termination. Such fee is also due if the Board changes its recommendation with respect to the Business Combinations or enters into an agreement with respect to a Superior Proposal.

BlueFocus must pay the Company a termination fee of \$5 million if (i) there is an injunction or prohibition, or a necessary governmental consent is not obtained, in each case which would permit the Company to terminate the Business Combination Agreement and such injunction, prohibition or consent, is imposed by the government of China or the Shenzhen Stock Exchange, (ii) the Company terminates the agreement due to BlueFocus's breach of its covenant with respect to incurrence of indebtedness for borrowed money, or (iii) the Company terminates the agreement due to a failure by BlueFocus to consummate the Business Combination upon the satisfaction of all Parent's closing conditions after receiving notice thereof.

Stockholders Agreement

Simultaneously with the signing of the Business Combination Agreement, the Company, BlueFocus and certain of the Company's stockholders entered into the Stockholders Agreement, which will become effective at the Closing. Stockholders of cogint are urged to read the Stockholders Agreement in its entirety. Subject to certain exceptions for permitted transfers and transfers not exceeding certain amounts, until the earlier of the date in which (1) either Mr. Schulke or Mr. Conlin ceases to be employed by the Company or its affiliates or (2) such Fluent Legacy Stockholder and certain of its permitted transferees hold less than 100,000 shares of Common Stock, neither Mr. Schulke nor Mr. Conlin or certain of their permitted transferees may transfer any Covered Shares.

Additionally, Mr. Brauser agrees to cause Marlin Capital Partners, LLC to comply with the foregoing restrictions with respect to 1,000,000 RSUs held by Marlin Capital Partners, LLC, as if such securities were Covered Shares.

Termination

The Stockholders Agreement will terminate on the earliest of (1) the termination of the Business Combination Agreement in accordance with its terms, (2) three (3) years from the Closing and (3) such time as the Legacy Stockholders cease to own in the aggregate at least fifty percent (50%) of the aggregate number of shares of Common Stock held by them at the Closing.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF VISION 7

You should read the following discussion and analysis in conjunction with the Selected Financial Data included in this section and Vision 7's consolidated financial statements and related notes thereto, and interim consolidated financial statements and related notes thereto, included elsewhere in this Information Statement. In addition to historical consolidated financial information this discussion contains forward-looking statements that reflect Vision 7's plans, estimates, and beliefs. Actual results could differ from these expectations as a result of factors including those described under Risk Factors, Special Note Regarding Forward-Looking Statements and elsewhere in this Information Statement. All amounts in this discussion are presented in Canadian dollars.

Company Overview

Vision 7 offers a wide range of integrated communications services under four operating networks: Cossette, Citizen Relations, The Camps Collective/Level Eleven, and V7 Media. Services are designed to help clients reach their business and communication objectives. These services encompass a broad range of marketing communications disciplines, including: advertising; digital and video production; branding and design; brand activation and experiential marketing; sponsorship, events and relationship marketing; CRM, database, direct marketing and promotion; interactive marketing, applications and digital platform development, business-to-business technology solutions (B2B practices), mobile marketing; media buying and channel planning, strategic planning and research; public relations; alliance marketing and social media.

On December 30, 2014, 1861710 Alberta Inc. acquired all shares issued and outstanding of Vision 7 International ULC (Vision 7 ULC), a worldwide communication agency based in Canada, having offices in Canada, the US and the UK. Prior to December 30, 2014, Vision 7 ULC was wholly-owned by a private equity firm and certain members of management. Just prior to the acquisition, the major part of the UK operations of Vision 7 ULC and other smaller subsidiaries were spun-off and distributed to the former shareholders. Following the acquisition, 1861710 Alberta Inc. merged with its newly acquired subsidiary on December 30, 2014 to become Vision 7. In this discussion, Predecessor entity refers to Vision 7 ULC and Successor entity refers to Vision 7. Figures for the Predecessor entity are not directly comparable to Vision 7's figures due to the fact that the Predecessor had additional activities that were not purchased by the Successor, and the 2014 predecessor period (the period from January 1, 2014 to December 31, 2014) includes non-recurring transaction related expenditures amounting to \$11.1 million as part of the 2014 loss from continuing operations before income taxes. In addition, the figures for successor periods reflect the new accounting basis as the acquisition was accounted for using the purchase method of accounting which resulted in a new basis for the assets acquired and liabilities assumed.

Six-month period ended June 30, 2017 to the same period in 2016

Revenues

Income was \$80.9 million for the six-month period ended June 30, 2017 compared to \$77.6 million for the same period in 2016, an increase of 4%. All four operating networks contributed to the growth. The increase was mainly the result of revenue growth from the existing customer base. Some of those customers were acquired during fiscal year

2016 and were therefore generating limited or no revenues in the comparative period.

Operating Expenses

Salary and professional costs were \$57.2 million for the six-month period ended June 30, 2017 compared to \$55.5 million for the same period in 2016, an increase of 3%. The increase was mainly the result of the increase in personnel needed to support the growth. The proportion of salary and professional costs versus income has decreased mainly due to tight control on spending as well as delay in replacing some employees in one of the networks.

Table of Contents

Office and general expenses were \$18.6 million for the six-month period ended June 30, 2017 as compared to \$19.8 million for the same period in 2016, a decrease of 6%. The decrease was mainly the result of greater focus on office and general expense efficiencies and increased costs in the 2016 comparable period related to the move of Vision 7's London and New York City offices.

Financing expenses were \$1.0 million for the six-month period ended June 30, 2017 as compared to \$1.9 million for the same period in 2016, a decrease of 47%. The decrease was mainly the result of reduced interest charges on the credit facilities due to the lower average balance in the senior debt, a \$0.2 million gain following the sale of an investment in an associate and the decrease in foreign exchange loss during the six-month period ended June 30, 2017 as compared to the same period 2016.

Income tax expense was \$1.5 million for the six-month period ended June 30, 2017 as compared to \$0.4 million for the same period in 2016, an increase of 275%. The increase was mainly the result of the increase in pre-tax income for the six-month period ended June 30, 2017 as compared to the same period 2016. In addition, the distribution of profit and loss by country also impacted the effective tax rate. More specifically, the reduction in the effective tax rate is due to the fact that the loss from UK operations, where the statutory tax rate is lower than the other jurisdictions, was lower in the six-month period ended June 30, 2017, as compared to the same period in 2016.

Net income was \$2.7 million for the six-month period ended June 30, 2017 as compared to \$0.1 million for the same period in 2016, an increase of 2600%, as a result of the foregoing.

Year ended 2016 to year ended 2015

Revenues

Income was \$159.6 million for the year ended December 31, 2016 compared to \$148.2 million for the same period in 2015, an increase of 8%. All four operating networks contributed to the growth. The increase was mainly the result of new client wins in 2016.

Operating Expenses

Salary and professional costs were \$110.3 million for the year ended December 31, 2016 compared to \$103.2 million for the same period in 2015, an increase of 7%. The increase was mainly the result of an increase in personnel to support the growth partially offset by lower restructuring costs.

Office and general expenses were \$38.3 million for the year ended December 31, 2016 as compared to \$36.6 million for the same period in 2015, an increase of 5%. The increase was mainly the result of an increase in indirect costs to support growth and additional non-recurring administration costs associated with the move of Vision 7's London and New York offices.

Financing expenses were \$3.6 million for the year ended December 31, 2016 as compared to \$2.8 million for the same period in 2015, an increase of 29%. The increase was mainly the result of foreign exchange loss associated with variance in GBP/CAD exchange rates and the loss of an associate following the investment, in December 2015, in Cossette Health Inc., partially offset by reduced interest charges on the credit facilities due to decreased senior debt.

Income tax expense was \$3.2 million for the year ended December 31, 2016 as compared to \$2.3 million for the same period in 2015, an increase of 39%. The increase was mainly the result of increased pre-tax net income.

Net income was \$4.3 million for the year ended December 31, 2016 as compared to \$3.3 million for the same period in 2015, an increase of 30%, as a result of the foregoing.

Table of Contents

Year ended 2015 to year ended 2014

**It should be noted that for ease of comparison, the period from December 30, 2014 through December 31, 2014 (Successor), and the period from January 1, 2014 through December 29, 2014 (Predecessor) were combined. The 2-day period ended December 31, 2014 is not considered significant. Figures for the Predecessor entity are not directly comparable to Vision 7's figures because there was a different basis of accounting.*

Revenues

Income was \$148.2 million for the year ended December 31, 2015 compared to \$137.3 million for the same period in 2014, an increase of 8%. All four operating networks contributed to the growth. The increase was mainly the result of growth in existing customer base and a positive foreign exchange impact of \$2.1 million resulting from the variance between the USD and CAD during the year.

Operating Expenses

Salary and professional costs were \$103.2 million for the year ended December 31, 2015 compared to \$97.8 million for the same period in 2014, an increase of 6%. The increase was mainly the result of additional headcount in all divisions in support of growth, higher severance costs resulting from non-recurring restructuring costs and appreciation of the USD and GBP against the CAD.

Office and general expenses were \$36.6 million for the year ended December 31, 2015 as compared to \$35.9 million for the same period in 2014, an increase of 2%. The increase was mainly the result of additional amortization and depreciation charges for fixed and intangible assets following the purchase price accounting for the acquisition and the appreciation of the USD and GBP against the CAD. The increase was partially offset by transaction costs recorded in office and general expenses in 2014 in connection with the sale of the predecessor to BlueFocus.

Financing expenses were \$2.8 million for the year ended December 31, 2015 as compared to \$4.5 million for the same period in 2014, a decrease of 38%. The decrease was mainly the result of foreign exchange gain attributed to the variance in the USD and GBP against the CAD and deferred financing costs recorded in 2014 related to the acquisition by BlueFocus.

Income tax expense was \$2.3 million for the year ended December 31, 2015 as compared to a tax recovery of \$0.1 million for the same period in 2014. The increase in tax expense was mainly the result of the increase in pre-tax income in 2015 as compared to a loss in 2014.

Income (loss) from continuing operations was \$3.3 million for the year ended December 31, 2015 as compared to a loss of \$0.8 million for the same period in 2014, as a result of the foregoing.

Discontinued Operations

On December 29, 2014, the Predecessor distributed its interest into the vast majority of its UK operations (UK Spin-off) for no consideration. Vision 7 distributed the fair value of this investment to its shareholders by way of a capital dividend and a reduction of its share capital.

In accordance with the provisions of IFRS 5, upon the UK Spin-off, which represented a major geographical area of operations, the UK operations were classified as a discontinued operation. As such, relevant amounts in the consolidated statements of profit and loss and comprehensive income (loss) and cash flows have been retroactively

reclassified to reflect the UK Spin-off as a discontinued operation.

Critical Accounting Policies, Estimates and Judgments

Vision 7's consolidated financial statements have been prepared in accordance with IFRS as issued by the IASB.

The preparation of consolidated financial statements in accordance with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of Vision 7's assets, liabilities, revenues, expenses and related disclosures. Judgments, estimates and assumptions are based on historical experience, expectations, current trends and other factors that management believes to be relevant when Vision 7's consolidated financial statements are prepared.

Management reviews, on a regular basis, Vision 7's accounting policies, assumptions, estimates and judgments in order to ensure that the consolidated financial statements are presented fairly and in accordance with IFRS. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

A summary of those significant accounting estimates and assumptions, as well as significant judgments used in applying accounting policies in the preparation of Vision 7's consolidated financial statements, can be found in note 2 to Vision 7's consolidated financial statements as at December 31, 2016 and December 31, 2015 and for the years ended December 31, 2016 and December 31, 2015.

Net Cash and Cash Equivalents (Used in) Provided by Operating Activities from continuing operations

Net cash and cash equivalents (used in) provided by operating activities from continuing operations consist primarily of net income (loss) adjusted for certain non-cash items, including share-based compensation, depreciation and amortization, deferred taxes, and other non-cash charges. It is also impacted by the net change in non-cash working capital items.

Six-month period ended June 30, 2017 to the same period in 2016

Net cash and cash equivalents used in operating activities from continuing operations during the six-month period ended June 30, 2017 primarily reflected Vision 7's net income of \$2.7 million, combined with non-cash expenses that included \$4.4 million of amortization of premises, equipment, intangible assets and deferred financing fees and \$0.5 million of share-based compensation costs. Working capital sources of cash and cash equivalents decreased the cash and cash equivalent balance by \$15.3 million during the period and was primarily the result of payments of accounts payable during the period.

Table of Contents

The net cash and cash equivalents used in operating activities from continuing operations totaled \$7.5 million for the six-month period ended June 30, 2017 as compared to \$16.0 million used for the same period in 2016. The variance was mainly the result of the net change in non-cash working capital items and by a higher income in the six-month period ended June 30, 2017 as compared to the same period in 2016.

Year ended 2016 to year ended 2015

Net cash and cash equivalents provided by operating activities from continuing operations during the year ended December 31, 2016 primarily reflected Vision 7's net income of \$4.3 million, combined with non-cash expenses that included \$8.9 million of amortization of premises, equipment, intangible assets and deferred financing fees and \$1.1 million of share-based compensation costs. The net cash and cash equivalents provided by operating activities from continuing operations totaled \$7.9 million for the year ended December 31, 2016 as compared to \$19.3 million for the same period in 2015. The decrease was mainly the result of the net change in non-cash working capital items. As explained above, the impact of this change was negative in 2016 however, the impact was positive in 2015 due to the stronger collection of accounts receivable during the last few days of the period while the level of accounts payable remained consistent to its 2014 level. This was offset by the stronger net income in 2016 as compared to 2015.

Year ended 2015 to year ended 2014

Net cash and cash equivalents provided by operating activities from continuing operations during the year ended December 31, 2015 primarily reflected Vision 7's net income of \$3.3 million, combined with non-cash expenses that included \$8.3 million of amortization of premises, equipment, intangible assets and deferred financing fees and \$0.4 million of share-based compensation costs. Working capital sources of cash and cash equivalents increased the cash and cash equivalent balance by \$7.8 million during the period and was primarily the result of increased collection of accounts receivables during the period.

The net cash and cash equivalents provided by operating activities from continuing operations totaled \$19.3 million for the year ended December 31, 2015 as compared to \$30.8 million for the same period in 2014 (successor and predecessor combined). The variance was mainly the result of the net change in non-cash working capital items.

Net Cash and Cash Equivalents Used in Investing Activities

Vision 7's investing activities have consisted of investment in leasehold improvement, purchases for computer-related equipment and capitalization of software. This category also includes the cash invested in business combinations and business disposal as well as loans to employees and shareholders.

Six-month period ended June 30, 2017 to the same period in 2016

The net cash and cash equivalents used in investing activities totaled \$3.1 million for the six-month period ended June 30, 2017 as compared to \$4.2 million used in the same period in 2016. The variance was the result of a \$0.5 million investment in Cossette Health Inc., and an employee advance of \$0.7 million related to a share purchase for the six-month period ended June 30, 2016, with no comparable investment or advance in the same period in 2017. In addition, there were significant leasehold improvements for the six-month period ended June 30, 2016 for Vision 7's Vancouver, London and New York City offices.

Year ended 2016 to year ended 2015

The net cash and cash equivalents used in investing activities totaled \$4.8 million for the year ended December 31, 2016 as compared to \$8.5 million used in the same period in 2015. The decrease was mainly the

Table of Contents

result of additional cash used in 2015 for the renovation and moving of office space. In addition, in 2015, Vision 7 paid the balance of the purchase price of the Acquisition.

Year ended 2015 to year ended 2014

The net cash and cash equivalents used in investing activities from continuing operations totaled \$8.5 million for the year ended December 31, 2015 (successor) as compared to \$186.8 million used in the two-day period ended December 31, 2014 (successor) and to \$10.2 million used in the 363-day period ended December 29, 2014 (predecessor). The main investing activity of the two-day period ended December 31, 2014 consisted of the initial payment for the Acquisition. The main investing activity for the 363-day period ended December 29, 2014 consisted of the impact of the business disposal of the UK operations done prior the Acquisition, as well as additions of computer equipment and software.

Net Cash and Cash Equivalents provided by (used in) Financing Activities

Six-month period ended June 30, 2017 to the same period in 2016

The net cash and cash equivalents provided by financing activities totaled \$9.8 million for the six-month period ended June 30, 2017 as compared to \$11.4 million for the same period in 2016. The variance was mainly the result of the lease inducement received in the six-month period ended June 30, 2016 in connection with the lease in New York City.

Year ended 2016 to year ended 2015

The net cash and cash equivalents used in financing activities totaled \$6.3 million for the year ended December 31, 2016 as compared to \$22.0 million used in the same period in 2015. The variance is mainly explained by the fact that a larger net repayment of debt was made in 2015 as compared to 2016.

Year ended 2015 to year ended 2014

The net cash and cash equivalents used in investing activities from continuing operations totaled \$22.0 million for the year ended December 31, 2015 (successor) as compared to \$197.2 million provided by investing activities for the two-day period ended December 31, 2014 (successor) and to \$7.2 million used in the 363-day period ended December 29, 2014 (predecessor). The variances were mainly the result of the movements in the long-term debt and the issuance of shares. During the two-day period ended December 31, 2014, Vision 7 financed the Acquisition through new debt and issuing the shares to the new shareholder.

Capital Management

Vision 7 defines the components of its capital structure as follows:

1. shareholders' equity;
2. long-term debt, including the current portion; and
3. short-term borrowings (including bank overdraft).

Vision 7's objectives when managing capital are to:

1. maintain financial flexibility in order to preserve its ability to meet financial obligations and execute its operating and strategic plans;
2. deploy capital to provide an appropriate investment return to its shareholders; and
3. maintain a balance between the shareholder's equity and the liability components of the capital structure to allow multiple financing options to Vision 7 should a financing need arise.

Vision 7's financial strategy is designed and formulated to maintain a flexible capital structure consistent with the objectives stated above and to respond to changes in economic conditions and the risk characteristics of the underlying assets. Vision 7 manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. Vision 7 monitors its capital structure through measuring, on a current and prospective basis, debt-to-EBITDA and ensures its ability to service debt and meet other fixed obligations by tracking its fixed charge coverage ratio.

Vision 7 is subject to financial covenants in its operating credit facility agreement, which are measured on a quarterly basis. Vision 7 is in compliance with all financial covenants as of June 30, 2017. Finally, Vision 7 is not subject to any external requirements arising from regulatory or similar authorities.

Trend information

Vision 7 s income is directly impacted by the retention and spending levels of existing clients and by Vision 7 s ability to win new clients. The most significant factors affecting Vision 7 s business and results of operations include national, regional and local economic conditions, Vision 7 s clients profitability and budget management, mergers and acquisitions of Vision 7 s clients, changes in top management of Vision 7 s clients and Vision 7 s ability to retain and attract key employees. New business wins and client losses occur due to a variety of factors. The two most significant factors are (i) Vision 7 s clients desire to change marketing communication firms and (ii) the creative product that Vision 7 offers compared to Vision 7 s competitors. A client may choose to change marketing communication firms for a number of reasons, such as a change in top management and the new management wants to retain an agency that it may have previously worked with. In addition, if the client is merged or acquired by another company, the marketing communication firm is often changed. Further, global clients are trending to consolidate the use of numerous marketing communication firms to just one or two. Another factor in a client changing firms is the agency s campaign or work product is not providing results and they feel a change is in order to generate additional revenues. Clients will generally reduce or increase their spending or outsourcing needs based on their current business trends and profitability.

Most of Vision 7 s expenses are recognized rateably throughout the year and are therefore less seasonal than revenue. Vision 7 s revenue is typically lowest in the first quarter and highest in the fourth quarter. This reflects the seasonal spending of Vision 7 s clients and incentives earned at year end on various contracts.

Salaries and professional costs consist of payroll costs, employee performance incentives, including annual profit sharing plan and long-term incentive awards, costs for temporary workers, severance and other benefits associated with client service professional staff and administrative staff. Salaries and related expenses do not vary significantly with short-term changes in revenue levels; however, salaries may fluctuate due to the timing of the hiring of personnel, including independent contractors, to support revenue growth and changes in the performance levels and types of employee incentive awards. Additionally, we may take severance actions in areas where we have or anticipate decreases in operating performance or to enhance Vision 7 s teams or leadership. Changes in Vision 7 s incentive awards mix can impact future-period expense, as annual profit sharing awards are expensed during the year in which they are earned, and long-term incentive awards are expensed over the performance period.

Office and general expenses primarily include rent expense, professional fees and depreciation and amortization costs. Due to their nature, those costs are mainly incurred equally throughout the year.

Off-balance sheet arrangements

Letters of guarantee

As at December 31, 2016, letters of guarantee totalling an aggregate amount of \$6.7 million, maturing at various dates from September 2017 to December 2026 have been issued under Vision 7 s credit facility.

Guarantee

On December 7, 2016, Vision 7 started to perform media placement business on behalf of Horizon Media Canada (HMC) to serve a Canadian client of the latter. As such, Vision 7 had to provide to HMC's media suppliers, a guarantee of obligation fulfillment for the execution of media buys undertaken on behalf of HMC's client. The guarantee has been provided by Vision 7's principal financial institution for a maximum amount of \$8.5 million. Vision 7 shall never exceed \$12.0 million in liability in connection with media buys on behalf of HMC's

media suppliers. In return, HMC's parent company, Horizon Media Inc. (USA), had to provide Vision 7 with an equivalent guarantee that it will fulfill its obligations to Vision 7 or any of its involved subsidiary.

There were no significant changes to those off-balance sheet arrangements as of June 30, 2017.

Contractual Obligations and Commitments

Contractual obligations are cash that we are obligated to pay as part of certain contracts that we have entered during Vision 7's course of business. Below is a table that shows the projected outlays as of December 31, 2016:

<i>(In thousands of Canadian dollars)</i>	Total	Payments due in:			
		Less than 1 year	1-3 years	3-5 years	More than 5 years
Finance lease obligations	804	348	416	40	
Operating lease obligations	45,066	6,414	12,869	12,406	13,377
Total	45,870	6,762	13,285	12,446	13,377

There were no significant changes to those contractual obligations as of June 30, 2017.

Table of Contents**QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK FOR VISION 7****Foreign Currency Risk Management**

As Vision 7 operates internationally, it is exposed to currency risks as a result of potential exchange rate fluctuations.

Vision 7's closing and average exchange rates for 2016 and 2015 are as follows:

	2016		2015	
	Average	Closing	Average	Closing
US dollar / Canadian dollar	1.3248	1.3427	1.2787	1.3840
Great Britain Pound / Canadian dollar	1.7962	1.6564	1.9540	2.0407
Hong-Kong dollar / Canadian dollar	0.1707	0.1732	0.1658	0.1786

Sensitivity analysis

Foreign exchange risk arises on financial instruments that are denominated in foreign currencies. The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure of Vision 7's financial instruments recorded in its statement of financial position.

The impact on earnings before tax (EBT) for fiscal year 2016 is the following:

<i>(in thousands of Canadian dollars)</i>	Variation	CAD/USD	CAD/GBP	Effect on EBT CAD/HKD
Gain (loss)	+10%	\$ 135	\$ 137	\$ 76

The impact on earnings before tax (EBT) for fiscal year 2015 is the following:

<i>(in thousands of Canadian dollars)</i>	Variation	CAD/USD	CAD/GBP	Effect on EBT CAD/HKD
Gain (loss)	+10%	\$ 1	\$ 31	\$ 30

Vision 7's results, in its respective functional currencies are subject to fluctuations as a consequence of exchange rate movements where transactions are made in currencies other than the functional currencies. In addition, most of cash inflows and outflows in entities having a functional currency other than the reporting currency is done in their respective functional currency. Vision 7 then considers these risks to be relatively limited and therefore does not hedge its foreign exchange risk.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Vision 7 has an interest rate risk exposure arising from its fixed- and variable-rate financial instruments. In light of the current composition of cash and cash equivalents, and long-term debt (ratio of fixed- to variable-rate debt), fixed-rate instruments expose Vision 7 to fair value risk, while variable-rate instruments give rise to cash flow risk exposure.

Management of Interest Rate Risk

Vision 7 has entered into interest rate swap agreements in order to address the interest rate risk inherent in the senior debt, which accrues interest at variable rates as described in note 12 of Vision 7's consolidated financial statements for the year ended December 31, 2016. Under the terms of the agreements, maturing in December 2018, Vision 7 receives from the counterparty a monthly payment equal to the CDOR 1-month amount of interest on a notional amount of \$10.0 million and pays the counterparty a fixed rate of 1.13%.

Table of Contents

As at December 31, 2016 and 2015, the fair value of the swap agreements was determined with reference to a quotation from one of its financial institution which Vision 7 accepts as the fair value of this instrument.

Sensitivity analysis

The interest rate risk primarily relates to financial instruments carried at fair value. Assuming a 100-basis point increase in interest rates impacting the measurement of these financial instruments, as of December 31, 2016, taking into account the interest rate swaps, the impact on EBT would have been a negative adjustment of \$0.2 million as at December 31, 2016 (\$0.3 million as at December 31, 2015).

Revenue

WAVS had revenue of £32.6 million for the six months ended June 30, 2017 compared to £25.4 million for the same period in 2016, an increase of 28%. The increase was mainly the result of organic growth and increased production revenues.

Cost of Sales

WAVS had cost of sales of £22.6 million for the six months ended June 30, 2017 compared to £16.8 million for the same period in 2016, an increase of 35%. The increase was mainly the result of an increase in third party spending related to production costs and increased staffing costs.

Operating Expenses

WAVS had operating expenses of £9.3 million for the six months ended June 30, 2017 compared to £6.8 million for the same period in 2016, an increase of 35%. Operating expenses excluding foreign exchange income or loss increased 22% during the six months ended June 30, 2017 compared with the same period in 2016.

Operating Profit

WAVS had operating profit of £0.7 million for the six months ended June 30, 2017 compared to £1.9 million for the same period in 2016, a decrease of 64%. The decrease was mainly the result of foreign exchange rate loss, increase in staff costs and reduction of revenue in We Are Social CRM Pty Ltd.

WAVS had revenue of £59.3 million for the twelve months ended December 31, 2016 compared to £43.2 million for the twelve months ended December 31, 2015, an increase of 37%. The increase was mainly the result of increased growth in Europe operations, up £7.0 million compared to 2015, twelve months of China operations versus a partial year in 2015, up £1.9 million compared to 2015, and increased growth in Australia operations due to a new, large client, up £1.6 million compared to 2015. There were a number of seasonal events, including the Olympics and the European Football Championships, and trends towards higher quality video production, that also contributed to the growth.

WAVS had cost of sales of £38.8 million for the twelve months ended December 31, 2016 compared to £30.1 million for the twelve months ended December 31, 2015, an increase of 29%. The increase was primarily due to increased third party outsourced production spend related to clients.

Operating Expenses

Excluding foreign exchange income of £1.5 million in 2016 and foreign exchange expense of £0.1 million in 2015, the increase in operating expenses would have been 67%. The increase in operating expenses was mainly the result of increased rent associated with new and expanded office space in London to cover the growth of headcount and to build out production facilities, representing a £1.0 million increase in 2016 in associated costs. In addition, operating expenses from Brazil operations increased £0.7 million in 2016 as a result of one-time charges associated ceasing operations in Brazil in December 2016.

Operating expenses include goodwill amortization of £0.2 million in each period which would not be incurred under US GAAP.

Operating Profit

WAVS had operating profit of £5.4 million for the twelve months ended December 31, 2016 compared to £3.0 million for the twelve months ended December 31, 2015, an increase of 83%. Changes in ownership in 2014

On April 1, 2014, concurrent with the sale of a majority of WAVS to BlueFocus, WAVS acquired a controlling interest in its Italian office and minority interests in operations in the UK, France, Singapore, Brazil, Germany and the US.

Revenue

WAVS had revenue of £43.2 million for the twelve months ended December 31, 2015 and £38.4 million for twelve months ended December 31, 2014, an increase of 12%. The increase was mainly the result of the increased revenue from WAVS's Italian operations, the opening of a Chinese office and growth in the UK and France. This growth was partially offset by negative operating results in Australia and Germany.

Cost of Sales

WAVS's cost of sales was £30.1 million for the twelve months ended December 31, 2015 and £25.9 for the twelve months ended December 31, 2014, an increase of 16%. The increase was mainly the result of the increase in outsourced production costs associated with WAVS's UK, Italy and France operations.

Operating Expenses

WAVS had operating expenses of £10.1 million for the twelve months ended December 31, 2015 compared to £5.4 million for the twelve months ended December 31, 2014, an increase of 86%. The increase was mainly the result of opening of the China office, increasing 2015 expenses by £0.5 million, an increase in rent and on-site costs in the UK relating to a new office space, and the additional three months of expense from Italy operations, which was operational for the entire 2015 year and only approximately 9 months in 2014.

Operating expenses include goodwill amortization of £0.2 million in 2015 and £0.1 million in 2014, which would not be incurred under US GAAP. The increase was mainly the result of goodwill being amortized for 12 months in 2015 and only 9 months in 2014 and a change in accounting standards in 2015 which required goodwill be amortized over 10 years as compared to 20 years in 2014.

Operating Profit

WAVS had operating profit of £3.0 million for the twelve months ended December 31, 2015 compared to £3.8 million for the twelve months ended December 31, 2014, a decrease of 23%. The decrease was mainly the result of less revenue from Australia and Germany operations and additional operating expenses, partially offset by increased operating profit from Italy operations.

Table of Contents**Profit After Taxation**

WAVS had taxation expenses of £1.5 million for the twelve months ended December 31, 2015 compared to £0.9 million for the twelve months ended December 31, 2014. Tax expenses were higher in 2015 primarily because of high tax rates in markets where we were particularly profitable and because the 2014 expense included loss adjustments in Australia and tax elections in Brazil.

WAVS had profit after taxation of £1.4 million for the twelve months ended December 31, 2015 compared to the £2.9 million for the twelve months ended December 31, 2014, as a result of the foregoing.

Profit for the year

WAVS had minority interest expense of £0.0 million in 2015 and £0.1 million in 2014.

Below is a summary of the capitalized research and development costs for the CRM platform. There is an associated research and development tax return taken, which is recorded in line with IAS 20.

Table of Contents**Capitalization policy**

WAVS capitalizes development expenditure as an intangible asset when it is able to demonstrate all of the following:

- (a) The technical feasibility of completing the development so the intangible asset will be available for use or sale.
 - (b) Its intention to complete the development and to use or sell the intangible asset.
 - (c) Its ability to use or sell the intangible asset.
 - (d) A market exists for the asset.
 - (e) The availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset.
 - (f) Its ability to measure reliably the expenditure attributable to the intangible asset during its development.
- Capitalized development expenditure is initially recognized at cost and subsequently measured at cost less accumulated amortization and accumulated impairment losses.

Capitalized development expenditure is amortized on a straight line basis over its useful life, which is 36 months. WAVS considers these useful lives to be appropriate because this is the period in which WAVS is expected to receive the majority of the economic benefit.

All research expenditure and development expenditures that do not meet the above conditions are expensed as incurred.

Contractual obligations

WAVS has operating lease obligations as set out below.

	Interim Jun-17
Expiry date:	
Within one year	2,768
Between two and five years	9,431
In over five years	5,994
	18,193

Trend Information

Overall global marketing communications expenditures are growing slowly or not growing. However, the sector that WAVS operates in, broadly defined as digital and social marketing, has seen investment grow at a faster rate than the overall industry.

Table of Contents**QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK FOR WAVS****Foreign Currency Risk Management**

As WAVS operates internationally, it is exposed to currency risks as a result of potential exchange rate fluctuations.

WAVS's closing and average exchange rates for 2016 are as follows:

	Average	2016 Closing
Great Britain Pound / US Dollar	0.75	0.82

Sensitivity Analysis

Foreign exchange risk arises on financial instruments that are denominated in foreign currencies. The foreign exchange risk sensitivity analysis is calculated by aggregating (i) outstanding intercompany loans and (ii) the amount of profit before earning in currencies other than WAVS's functional currency, the pound sterling. WAVS makes loans to its subsidiaries, which have functional currencies other than the pound sterling. As a result, WAVS is subject to foreign exchange gain and loss on revaluations of these loans. As of June 30, 2017 there were approximately £1.0 million of current intercompany loans outstanding. A 10% variation in exchange rates would impact WAVS's profit before taxation (PBT) by approximately £0.1 million. In addition, WAVS's results are subject to fluctuations as a consequence of exchange rate movements where transactions are made in currencies other than the pound sterling. In 2016, approximately £4.3 million of PBT was denominated in currencies other than pound sterling. Therefore, a 10% variation in exchange rates would impact WAVS's PBT by approximately £0.4 million.

The impact on PBT for fiscal year 2016 is the following:

<i>(in thousands)</i>	Variation	Effect on PBT GBP/USD
Gain (loss)	+10%	£530

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. WAVS has limited borrowing and loan capital, and therefore WAVS believes it is not significantly exposed to interest rate risk during the next 12 months.

BACKGROUND OF THE BUSINESS COMBINATION

Highlighted below is a detailed chronology of events leading up to and subsequent to the execution of the Business Combination Agreement.

In the ordinary course of business, the Board, along with cogint's senior management (cogint Management), which includes Messrs. Derek Dubner, Chief Executive Officer, James Reilly, President, and Dan MacLachlan, Chief Financial Officer regularly review cogint's businesses, its strategic direction, performance and prospects in the context of developments in the industries in which it operates and the competitive landscape in the markets in which it operates. The Board and cogint Management regularly discuss potential strategic alternatives, including possible transactions that could maximize stockholder value of its various businesses, including the digital marketing business, and transactions that could enhance cogint's strategic outlook.

Since cogint's acquisition of Fluent in December 2015, cogint's digital marketing business has experienced significant growth separate and apart from that of cogint's risk management business. In late 2016, cogint Management decided to explore a potential sale of all or a majority of the outstanding equity securities or assets of cogint's digital marketing business, including its subsidiaries Fluent and Q Interactive, LLC, as cogint Management believed a separation of its digital marketing business from its risk management business would:

lead to additional value creation and enable each business to compete more effectively within its respective markets;

allow the two independent companies' respective management teams to adopt strategies and pursue objectives appropriate to their respective needs to focus more exclusively on improving each company's operations, thereby maximizing stockholder value over the long term for each of cogint and Red Violet;

simplify the management and organizational structures of each company, allowing each company to optimize capital deployment and investment strategies necessary to advance their respective innovation roadmaps, and provide each company's management team with direct incentives and accountability to their respective investors and other stakeholders;

bring greater clarity to the market place as to each company's core competencies, allowing each to compete more effectively within their respective markets;

provide current cogint stockholders with equity investments in two separate, publicly traded companies; and

enable investors to better evaluate the financial performance, strategies, and other characteristics of each business and company, which will permit investors to make investment decisions based on each company's own performance and potential, and enhance the likelihood that the market will value each company appropriately. In addition, each company will be able to focus its public relations efforts on cultivating a distinct identity,

On December 7, 2016, cogint engaged Petsky Prunier LLC (Petsky Prunier) to act as the exclusive financial advisor related to the sale of cogint s digital marketing business.

At the Board s regularly scheduled meeting of January 18, 2017, the Board discussed the potential disposition of the digital marketing business and ratified cogint s engagement letter with Petsky Prunier. Further, the Board, in an executive session with only cogint s independent directors approved the formation of a strategic committee composed of Messrs. Brauser, Dubner, Rubin and Benz (the Strategic Committee) to explore and lead the strategic transaction discussed.

Between mid-January 2017 and mid-February 2017, Petsky Prunier met with cogint and Fluent representatives to prepare the Confidential Information Memorandum (CIM), which included, with respect to

Table of Contents

cogint's digital marketing business, an executive summary and sections dealing with industry overview, data-driven marketing solutions, roadmap and emerging solutions, technology, clients and case studies, management and organization and financial performance.

On February 15, 2017, Mr. Dubner provided an update to the Strategic Committee that cogint Management was in the process of completing the CIM with Petsky Prunier and that Petsky Prunier had identified a list of potential buyers, both strategic and financial.

Beginning on February 21, 2017, Petsky Prunier sent out 104 non-disclosure agreements for the benefit of cogint, of which 98 were entered into with interested parties. Each interested party that returned an executed non-disclosure agreement received the CIM shortly thereafter. BlueFocus returned its non-disclosure agreement on February 27, 2017 and received the CIM the same day. Representatives of Fluent, cogint and Petsky Prunier conducted introductory meetings or calls with 16 interested parties between March 9, 2017 and April 19, 2017. cogint conducted an introductory call with BlueFocus on March 22, 2017.

Between March 10, 2017 and April 3, 2017, Petsky Prunier sent a bid process letter to 92 interested parties detailing the timeline of the process, and stating that an indication of interest was to be submitted either by April 4, 2017 or April 11, 2017, depending on when the interested party received the bid process letter. The bid process letter described that the indication of interest must include (i) the purchase price, including a description of the methodology, financial basis and other assumptions underlying the purchase price, (ii) details surrounding the structure of any transaction, including the form and sources of consideration, (iii) if appropriate to the interested party, a description of the preliminary plans to integrate the digital marketing business into the purchaser's existing business, including a specific reference to Fluent's management and employees, (iv) an indication of any required internal and external approvals, as well as the due diligence required, and (v) any other material terms.

Between April 3 and April 4, 2017, cogint received indications of interest from 13 interested parties, of which 11 were financial parties and two were strategic parties. The indications of interest for the purchase of the digital marketing business provided a range of value from \$255 million to \$475 million. The BlueFocus indication of interest was received on April 3, 2017, and included a value of between \$355 million and \$420 million for cogint's digital marketing business and contemplated a business combination whereby BlueFocus would contribute certain assets to which it ascribed a valuation of approximately \$303 million in exchange for a controlling interest in the digital marketing business.

On April 11, 2017, Mr. Dubner provided the Strategic Committee with a detailed summary of the 13 indications of interest received, including an identification of the party, the range of the valuation and details of each of the indications of interest. The Strategic Committee discussed each of these indications of interest in detail with Mr. Dubner and after additional discussion, the Strategic Committee instructed Mr. Dubner to continue negotiations with each of these potential transaction partners.

On April 14, 2017, Akerman LLP (Akerman), counsel to cogint, provided cogint an initial draft of an agreement and plan of merger for review. This agreement was intended to be the primary document for the transaction and contemplated a merger between cogint, following the spin-off of its risk management business, and a newly-formed, wholly-owned subsidiary of the purchaser, with cogint being the surviving entity and the shares of Common Stock of cogint being converted into the right to receive the portion of the purchase price that corresponded to such shares.

On April 25, 2017, Akerman and cogint discussed the structure and key terms of the agreement and plan of merger, and proposed revisions which were incorporated into the draft, which was subsequently finalized.

Between April 18, 2017 and May 2, 2017, Fluent's management met in person with nine (9) interested parties (eight (8) of which had submitted an indication of interest) and had a video-conference with an additional

interested party, of which seven (7) were financial investors, one (1) was a U.S. based marketing services company and one (1) was BlueFocus. Fluent's management first met with representatives of BlueFocus on April 28, 2017.

After the interested parties submitted an indication of interest and were invited to meet with Fluent's management, they were also provided access to a virtual data room containing certain information about cogint and its digital marketing business. Additionally, three (3) other interested parties that did not submit an indication of interest were invited to meet with Fluent's management and were also provided access to the virtual data room. Beginning on April 28, 2017, Petsky Prunier provided BlueFocus and Skadden, Arps, Slate, Meagher & Flom LLP (Skadden), counsel to BlueFocus, access to the virtual data room. A draft of the agreement and plan of merger was also posted to the virtual data room on April 28, 2017, and a revised version was posted on May 5, 2017, to which the interested parties were directed to provide comments.

Thereafter, four (4) of the interested parties that submitted an indication of interest and two (2) of the interested parties that did not submit an indication of interest decided not to conduct further due diligence on the Company. Additionally, four (4) other interested parties that submitted an indication of interest and one (1) of the interested parties that did not submit an indication of interest requested additional information about the Company, and Fluent's management held due diligence calls with each of these parties on several topics, including customer trends, financial trends and operational matters. One of these parties engaged an advisor to assist in financial and accounting due diligence, and at the request of another party, Fluent management held another in-person meeting with representatives of such interested party. Subsequently, none of these interested parties proceeded towards providing comments to the agreement and plan of merger and submitting a revised indication of interest.

Between May 23, 2017 and June 2, 2017, the Company also held discussions with an additional potential strategic investor, including in person meetings with Fluent's management and diligence calls, however, on June 2, 2017, the party informed Petsky Prunier that it would not submit an indication of interest.

On June 1, 2017, PJT Partners, LLC (PJT), financial advisor to BlueFocus, provided Petsky Prunier with a revised indication of interest by BlueFocus, as well as BlueFocus's comments to the agreement and plan of merger, which restructured the transaction from a merger to a purchase of shares in exchange for cash and equity interests in certain subsidiaries of BlueFocus. PJT also provided other supporting materials in connection with BlueFocus's revised bid proposal.

Between June 1, 2017 and September 6, 2017, the parties, Petsky Prunier, PJT and the parties' respective legal advisors negotiated the terms of the Business Combination Agreement, the Company Disclosure Letter, the Parent Disclosure Letter, the Stockholders' Agreement, the Voting Agreement, the Amended and Restated Charter and the amendment to the Amended and Restated Charter and the Amended and Restated Bylaws (as such terms are defined in the Business Combination Agreement unless otherwise defined in this Information Statement and collectively, the Business Combination Documents) as well as the primary documents governing the Spin-off, including the Separation Agreement, the Tax Matters Agreement, and Employee Matters Agreement (as such terms are defined in the Business Combination Agreement and collectively, the Spin-off Agreement), beginning with the terms set forth in BlueFocus's revised bid proposal. These negotiations were generally based on precedent transactions, along with advice from outside legal counsel, Petsky Prunier and PJT, with respect to current market conditions and Delaware law, and were conducted primarily through draft documents, email correspondence and telephonic meetings and certain in-person meetings.

On June 3, 2017, Mr. Dubner provided an update to the Board and the Strategic Committee which included the BlueFocus increased offer of a \$450 million valuation on an enterprise value basis of cogint's digital marketing business, a preliminary illustrative timeline and revisions to the Business Combination Agreement reflecting

BlueFocus's current proposal. Mr. Dubner noted that other interested parties were still conducting due

diligence and cogint could still potentially receive other proposals. Additionally, the Board and the Strategic Committee decided to proceed with the negotiation of BlueFocus's offer believing that such a transaction would:

allow the Company to form a large and international marketing platform, which would offer deep expertise across several attractive and complementary capabilities including award-winning creative and brand development, performance driven marketing, digital, and social media advertising;

serve as a catalyst for the Company's international expansion by leveraging the Contributed Entities' existing footprints in Asia, Europe, and Canada to enter rapidly growing and underserved markets abroad;

create near-term opportunities to cross-sell solutions through an integrated brand and service platform offering highly complementary services that can be marketed directly to senior executives at major global advertisers;

benefit the Company's ability to attract and maintain partnerships with new direct brand clients, particularly as the company pursues cross-sell opportunities given Vision 7's long-standing expertise in brand account management;

create a larger company and revenue base and allow the Company to achieve immediate cost synergies, allowing free cash flow generated by the combined company to be deployed to invest in internal growth initiatives as well as to support possible acquisitions, which may be augmented through greater access to capital markets;

allow the Company to be better positioned to accelerate product and technology roadmaps and compete in global markets with their combined technology, talent, commercial networks across three continents, and an expanded breadth of capabilities across several key disciplines; and

allow the Company to benefit from the larger financial profile and expanded public market size as well as shareholding by a large affiliated strategic entity.

On June 7, 2017, Akerman provided Skadden with a diligence request list requesting certain information regarding Vision 7 and WAVS. Between June 20 and June 30, 2017, cogint engaged local counsel in a number of jurisdictions where Vision 7 and WAVS have operations to assist in the due diligence review of these operations and to analyze the implications of local law on the proposed Business Combination. Beginning on June 14, 2017, BlueFocus, with the assistance of PJT, granted cogint, Akerman and certain other advisors of cogint access to the virtual data room containing the diligence materials of Vision 7 and WAVS, through September 5, 2017, during which time cogint, Akerman, and certain other advisors to cogint conducted a due diligence investigation of BlueFocus, Vision 7 and WAVS. Subsequently, a due diligence investigation of Indigo was also conducted upon confirmation from BlueFocus on August 16, 2017 that Indigo would also be contributed to cogint.

On June 13, 2017, during a regularly scheduled Board meeting, Messrs. Brauser and Dubner provided the full Board with an update on the strategic process and discussed, among other things, valuation, timing, necessary approvals, tax ramifications and additional details about the BlueFocus proposal. Following discussions with Mr. Brauser and Akerman, the Board approved engaging Roth to provide certain financial advisory services in connection with the Business Combination and the Spin-off. The Board also approved engaging an outside firm to conduct due diligence on BlueFocus's officers and directors and provide additional background due diligence on BlueFocus and its affiliated entities in China and on Vision 7 and WAVS. Further, the Board approved engaging BDO USA, LLC (BDO) to assist with a quality of earnings report on the businesses to be contributed, including Vision 7, WAVS and Indigo.

On August 4, 2017, Skadden advised Akerman that for reasons unrelated to this transaction, BlueFocus needed additional time before it could finalize the Business Combination Agreement and present it to its board for approval. From August 4, 2017 through August 8, 2017, representatives of cogint, including Mr. Brauser, engaged in extensive telephonic and email exchanges with representatives of BlueFocus, including BlueFocus's CEO and CFO, whereby the parties agreed to revised terms of the Business Combination Agreement and a delayed schedule to the signing of the Business Combination Agreement.

REASONS FOR THE BUSINESS COMBINATION

In the course of the Board making the determination to enter into the Business Combination, the Board consulted with cogint Management, as well as the Company's legal advisors, and considered the following potentially positive factors, which are not intended to be exhaustive and are not presented in any relative order of importance:

the fact that the Board sought offers to purchase from a broad group of potential bidders, including financial sponsors and strategic bidders, 98 of whom entered into non-disclosure agreements with the Company and received information related to the Company, and the fact that the consideration proposed by BlueFocus reflected extensive negotiations between the parties, and such price and terms when taken together and compared to alternative proposals from other parties was viewed as the best available transaction to the Company and its stockholders with respect to the Board's strategic plan;

the Cash Dividend provides certainty of value to the Company's stockholders;

the Spin-off provides the Company's shareholders of record the opportunity to own shares in two publicly-traded companies upon the Closing;

the Contributed Entities' current and historical financial conditions, results of operations, competitive positions, strategic options and prospects and the potential synergies thereof with the Company;

the financial presentation, dated September 5, 2017, of Roth to the Board and Roth's opinion, dated September 5, 2017, to the Board as to the fairness, from a financial point of view, to cogint of the Aggregate Consideration (as defined in such opinion) to be received by cogint for the Purchased Shares, after giving effect to the Spin-off and the Cash Dividend (see the section titled "Opinion of Roth Capital Partners");

the terms of the Business Combination Agreement, including:

the termination fee owed by BlueFocus if, among other things, there is an injunction or prohibition, or a necessary government consent is not obtained, and such injunction, prohibition or consent is imposed by the government of China or the Shenzhen Stock Exchange; and

the limited instances where BlueFocus is permitted to terminate the Business Combination;

the fact that the Company conducted regulatory due diligence in connection with the regulatory approvals that would be required for the Business Combination; and

the fact that the Company conducted financial and legal due diligence on, among others, BlueFocus, BlueFocus Parent, Vision 7, WAVS, Indigo and their officers, directors, shareholders and certain current and former employees.

The Board also considered and balanced against the potentially positive factors a number of potentially negative factors concerning the Business Combination, including the following factors, which are not intended to be exhaustive and are not presented in any relative order of importance:

the risk that the Business Combination might not be completed;

the fact that the consideration consists in part of the Contributed Entities, which provides less certainty of value to the Company's shareholders than an entirely cash offer;

the restrictions on the Company's ability to solicit or engage in discussions or negotiations with a third party regarding a takeover proposal;

the fact that the Company has incurred and will incur substantial expenses related to the Business Combination and the Spin-off, regardless of whether the Business Combination is consummated;

Table of Contents

the fact that the Business Combination Agreement prohibits the Company from taking a number of actions relating to the conduct of its business prior to the closing without the prior written consent of BlueFocus, which may delay or prevent the Company from undertaking business opportunities that may arise during the pendency of the Business Combination, whether or not the Business Combination is completed.

During its consideration of the transaction, the Board was also aware of and considered that the Company's directors and executive officers may have interests in the Business Combination that differ from, or are in addition to, their interests as stockholders of the Company generally, as described in the section entitled "Interests of Our Executive Officers and Directors in the Business Combination."

After taking into account all the factors set forth above, as well as others, the Board determined that the potentially positive factors outweighed the potentially negative factors. The foregoing discussion of the factors considered by the Board is not intended to be exhaustive, but summarizes the material information and factors considered by the Board in its consideration of the Business Combination. The Board reached the decision to recommend, adopt and approve the Business Combination and the other transactions contemplated by the Business Combination Agreement in light of the factors described above and other factors the Board felt were appropriate. In view of the variety of factors and the quality and amount of information considered, the Board did not find it practicable to and did not quantify or otherwise assign relative weights to the specific factors considered in reaching its determination and individual members of the Board may have given different weights to different factors. The Board conducted an overall analysis of the factors described above, including thorough discussions with, and questioning of, management of the Company, Roth (regarding its financial presentation and opinion), and Akerman, as legal advisor, and considered the factors overall to be favorable to, and to support, its determinations. This explanation of the reasoning of the Board and certain information presented in this section is forward-looking in nature and should be read in light of the factors set forth in the section entitled "Cautionary Statement Regarding Forward-Looking Statements."

OPINION OF ROTH CAPITAL PARTNERS, LLC

cogint retained Roth to provide certain financial advisory services in connection with the Business Combination and the Spin-off, including an opinion to the Board as more fully described below. At a meeting of the Board on September 5, 2017 held to evaluate the Business Combination, Roth reviewed its financial analysis with the Board and rendered an opinion, dated September 5, 2017, to the Board to the effect that, as of such date and based upon and subject to the assumptions made, procedures followed, matters considered, exceptions to the opinion and limitations on the scope of the review undertaken described to the Board, the "Aggregate Consideration" (defined in such opinion as the Cash Contribution of \$100 million and all of the equity interests of Vision 7, WAVS and Indigo (collectively, the "Identified Contributed Entities")) to be received by cogint for the Purchased Shares, after giving effect to the Spin-off and the Cash Dividend, was fair, from a financial point of view, to cogint.

The full text of the written opinion of Roth dated September 5, 2017, which sets forth the assumptions made, procedures followed, matters considered, exceptions to the opinion and limitations on the scope of the review undertaken, is attached as Annex F to this Information Statement and is incorporated herein by reference. cogint's stockholders are urged to read the opinion in its entirety. The summary of the opinion of Roth set forth in this Information Statement is qualified in its entirety by reference to the full text of such opinion. The opinion of Roth was delivered for the use and benefit of the Board (in its capacity as such) in connection with its evaluation of the financial terms of the Business Combination. The opinion does not address the relative merits of the Business Combination (or any part thereof) or the Spin-off as compared to any alternative business strategies that might exist for cogint, the underlying business decision of cogint to proceed with the Business Combination (or any part thereof) or the Spin-off, or the effects of any other transaction in which cogint might engage. The opinion should not be construed as

creating any fiduciary duty on Roth's part to any party. The opinion is not intended to be, and does not constitute, a recommendation to the Board, any security holder or any other person as to how to act or vote with respect to any matter relating to the Business Combination (or any part thereof) or the Spin-off.

For purposes of its opinion, Roth, among other things, reviewed a draft dated August 30, 2017 of the Business Combination Agreement and a draft dated August 29, 2017 of the Separation and Distribution Agreement provided to Roth by cogint and also:

reviewed certain publicly available business and financial information of cogint that Roth believed to be relevant to its inquiry;

reviewed certain internal financial statements and other financial and operating data concerning cogint (excluding the business of Red Violet) and the Identified Contributed Entities provided to or discussed with Roth by cogint and BlueFocus, respectively;

reviewed certain financial forecasts relating to cogint (excluding the business of Red Violet) prepared by the management of cogint;

reviewed certain financial forecasts relating to the Identified Contributed Entities prepared by the managements of BlueFocus and the Identified Contributed Entities;

discussed the past and current businesses, financial condition and prospects of cogint (excluding the business of Red Violet) and the Identified Contributed Entities with the management of cogint and the managements of BlueFocus and the Identified Contributed Entities, respectively;

reviewed the reported prices and trading activity of cogint Common Stock;

compared the financial performance of cogint (excluding the business of Red Violet) and the Identified Contributed Entities and the reported prices of cogint Common Stock with that of certain publicly traded companies Roth deemed relevant;

reviewed the publicly available financial terms of certain transactions Roth deemed relevant in evaluating cogint (excluding the business of Red Violet) and the Identified Contributed Entities; and

performed such other analyses and considered such other factors as Roth deemed appropriate.

Roth also considered such other information, financial studies, analyses and investigations, and financial, economic and market criteria which Roth deemed relevant.

In conducting its review and arriving at the opinion, with cogint's consent, Roth did not independently verify, nor did Roth assume responsibility or liability for independently verifying, any of the information provided, or otherwise made available, to Roth, discussed with or reviewed by Roth, or publicly available, and Roth assumed and relied upon such information being accurate and complete in all material respects, and Roth further relied upon the assurances of the management of cogint and the managements of BlueFocus and the Identified Contributed Entities that they, each respectively, were not aware of any facts that would make any of the information regarding cogint and the Identified Contributed Entities reviewed by Roth inaccurate, incomplete or misleading in any material respect. With respect to the financial forecasts relating to cogint referred to above, Roth assumed, at the direction of cogint, that they were reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the management of cogint as to the future financial performance of cogint (excluding the business of Red Violet). With respect to the financial forecasts relating to the Identified Contributed Entities referred to above, Roth assumed, upon the advice of the managements of BlueFocus and the Contributed Entities and at the direction of cogint, that they have been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the managements of BlueFocus and the Identified Contributed Entities as to the future financial performance of the Identified Contributed Entities. Roth was not engaged to assess the achievability of the forecasts relating to cogint (excluding the business of Red Violet) or the Identified Contributed Entities or the assumptions on which they were based, and Roth expressed

Table of Contents

no view as to such forecasts or such assumptions. In addition, the Identified Contributed Entities' financial statements have been prepared in accordance with, and based on, International Financial Reporting Standards (IFRS) or United Kingdom generally accepted accounting principles. Roth expressed no view or opinion as to any accounting differences between IFRS and United Kingdom generally accepted accounting principles-prepared financial data, on the one hand, and United States generally accepted accounting principles-prepared financial data, on the other hand, and assumed that any such accounting differences would not be material to Roth's analyses or opinion. Roth was advised by BlueFocus that there were no audited financial statements for Indigo and, accordingly, Roth assumed that there would be no information contained in any such audited financial statements, if available, not otherwise discussed with or reviewed by Roth that would have been material to its analyses or opinion.

Roth was not provided with estimates of any potential synergies that could result from the Business Combination and did not perform any analysis to review or assess the potential pro forma financial effects of the Business Combination, including potential synergies, on cogint, and Roth did not consider such effects for purposes of its opinion. In addition, the financial forecasts relating to the Identified Contributed Entities referred to above did not give effect to, and, accordingly, Roth did not consider for purposes of its opinion, any contemplated potential future acquisitions by Holdings or BlueFocus of additional businesses to be contributed to cogint. Roth did not assume any responsibility for any independent valuation or appraisal of the assets or liabilities of either cogint or the Contributed Entities, nor was Roth furnished with any such valuation or appraisal. In addition, Roth did not assume any obligation to conduct, nor did Roth conduct, any physical inspection of the properties or facilities of cogint or the Contributed Entities. Roth relied upon, without independent verification, the assessments of the management of cogint and the managements of BlueFocus and the Identified Contributed Entities as to the ability of cogint to successfully integrate the businesses of cogint and the Identified Contributed Entities. Roth also relied upon, without independent verification, the assessments of the management of cogint and the managements of BlueFocus and the Identified Contributed Entities as to the technology and intellectual property of cogint and the Identified Contributed Entities (including, without limitation, the validity of, and risks associated with, such technology and intellectual property), and Roth assumed, at the direction of cogint, that there would be no developments with respect to any such matters that would affect Roth's analyses or opinion.

Roth also assumed, with cogint's consent, that the Business Combination and the Spin-off would be consummated in accordance with the terms set forth in the Business Combination Agreement and the Separation Agreement and in compliance with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal, state and local statutes, rules, regulations and ordinances, that the representations and warranties of each party in the Business Combination Agreement and the Separation Agreement were true and correct, that each party would perform on a timely basis all covenants and agreements required to be performed by such party under such agreements and that all conditions to the consummation of the Business Combination and the Spin-off would be satisfied without waiver thereof. Roth further assumed that the Business Combination Agreement and the Separation Agreement when signed would conform to the draft Business Combination Agreement and the draft Separation Agreement provided to Roth in all respects material to its opinion. Roth also assumed that all governmental, regulatory and other consents and approvals contemplated by the Business Combination Agreement and the Separation Agreement would be obtained and that, in the course of obtaining any of those consents and approvals, no modification, delay, limitation, restriction or condition, including any divestiture requirements, would be imposed or waivers made that would have an adverse effect on cogint, the Contributed Entities or Red Violet or on the contemplated benefits of the Business Combination.

Roth was not requested to, and did not, participate in the negotiation or structuring of the Aggregate Consideration or any other aspect of the Business Combination (or any part thereof), the Business Combination Agreement or the Separation Agreement or advise cogint with respect to any evaluation of alternatives to the Business Combination (or any part thereof) or the Spin-off. For purposes of its analyses and opinion, Roth did not apply any control premium or

minority or illiquidity discounts. Roth's opinion only addressed the fairness

Table of Contents

from a financial point of view to cogint of the Aggregate Consideration, without regard to the potential non-intrinsic value, if any, to BlueFocus of the Purchased Shares with respect to control or otherwise, and the opinion did not in any manner address any other aspect or implication of the Business Combination (or any part thereof) or the Spin-off, or any agreement, arrangement or understanding entered into in connection with the Business Combination or otherwise, including, without limitation, the form or structure of the Business Combination (or any part thereof) or the Spin-off, the tax, accounting or legal consequences thereof (including, without limitation, any triggering of any obligations of cogint in the event of a change of control), the amount or allocation of the Cash Dividend, the amount, terms or any other aspect or implication of any indebtedness to be incurred by Holdings or the Contributed Entities or any other debt financing, refinancing or repayment by BlueFocus and/or cogint in connection with the Business Combination or the Spin-off, the amount, terms or any other aspect or implication of either the contemplated Reverse Stock Split or the contemplated potential interim share issuance by cogint that were specified in the Business Combination Agreement, the terms or any other aspect or implication of any contemplated potential future acquisitions by Holdings or BlueFocus of additional businesses to be contributed to cogint that are permitted by the Business Combination Agreement or the fairness of the amount or nature of, or any other aspect relating to, any compensation to any officers, directors or employees of any party to the Business Combination (or any part thereof) or the Spin-off, or class of such persons, relative to the Aggregate Consideration or otherwise. Roth's opinion also did not address the relative merits of the Business Combination (or any part thereof) or the Spin-off as compared to any alternative business strategies that might exist for cogint, the underlying business decision of cogint to proceed with the Business Combination (or any part thereof) or the Spin-off, or the effects of any other transaction in which cogint might engage. Roth's opinion did not constitute legal, regulatory, accounting, insurance, tax or other similar professional advice. The issuance of the opinion was approved by an authorized Roth internal committee.

Roth's opinion was necessarily based on economic, market and other conditions as they existed and could be evaluated on, and the information made available to Roth on, the date of the opinion. Roth's opinion was not an opinion as to the underlying valuation, future performance or long-term viability of cogint, the Contributed Entities or Red Violet. Further, Roth expressed no opinion as to what the value of cogint Common Stock or any other security of cogint or Red Violet actually would be upon consummation of the Business Combination or the Spin-off or the prices at which shares of cogint Common Stock or any other security of cogint or Red Violet would trade, or otherwise be purchased or sold, at any time. Roth also expressed no opinion as to how many Purchased Shares there would actually be when calculated pursuant to the Business Combination Agreement. Although subsequent developments may affect Roth's opinion, Roth does not have any obligation to update, revise or reaffirm its opinion and Roth expressly disclaimed any responsibility to do so.

Roth's opinion was only one of many factors considered by the Board in evaluating the Business Combination. Neither Roth's opinion nor its analyses were determinative of the Aggregate Consideration or of the views of the Board or cogint's management with respect to the Business Combination or the Aggregate Consideration. The type and amount of consideration payable in the Business Combination were determined through negotiation between cogint and BlueFocus, and the decision of cogint to enter into the Business Combination Agreement and the Separation Agreement was solely that of the Board.

Summary of Financial Analyses

The following is a summary of the material financial analyses utilized by Roth in connection with providing its opinion to the Board on September 5, 2017 and does not purport to be a complete description of the analyses or data presented by Roth. Some of the summaries of the financial analyses include information presented in tabular format. The tables are not intended to stand alone and, in order to fully understand the financial analyses used by Roth, the tables must be read together with the full text of each summary. Considering the data set forth in the tables without considering the full narrative description of the financial analyses, including the methodologies and assumptions

underlying the analyses, could create a misleading or incomplete view of Roth's financial analyses.

Table of Contents

As more fully described below, Roth utilized selected public companies analyses, selected precedent transactions analyses and discount cash flow analyses in order to derive implied total equity values of the Identified Contributed Entities and implied total equity values of cogint (excluding the business of Red Violet). Roth then compared:

implied values of the Aggregate Consideration calculated by adding the Cash Contribution of \$100 million to the implied total equity values of the Identified Contributed Entities based on the financial analyses performed by Roth; and

implied values of the Purchased Shares calculated by first subtracting the Cash Dividend from the implied total equity values of cogint (excluding the business of Red Violet) based on the financial analyses performed by Roth, then deriving implied equity values on a per share basis using diluted share information provided by the management of cogint and finally multiplying the implied per share values by an assumed number of the Purchased Shares.

Roth reviewed, among other things, the following implied transaction statistics for the selected transactions:

Enterprise value as a multiple of LTM revenue of the target company; and

Enterprise value as a multiple of LTM EBITDA of the target company to the extent available.

Financial data for the selected transactions were based on public filings and other publicly available information prior to the announcement of the relevant transaction.

Table of Contents

Roth applied the following 25th and 75th percentiles of the multiples for the selected transactions to the corresponding financial data for the Identified Contributed Entities provided by the managements of BlueFocus and the Identified Contributed Entities and to the corresponding financial data for cogint (excluding the business of Red Violet) provided by the management of cogint:

Enterprise Value as Multiple of:	Implied Multiples For Selected Transactions	
	25th Percentile	75th Percentile
LTM Revenue	1.7x	3.2x
LTM EBITDA	8.4x	17.5x

Net debt was subtracted from the resulting implied enterprise values in order to derive implied total equity values of the Identified Contributed Entities and implied total equity values of cogint (excluding the business of Red Violet). Net debt data for the Identified Contributed Entities and cogint (excluding the business of Red Violet) was provided by the managements of BlueFocus and the Identified Contributed Entities and the management of cogint, respectively.

The selected precedent transactions analyses indicated the following implied value reference ranges for the Aggregate Consideration and the Purchased Shares:

Enterprise Value as Multiple of Revenue:	Implied Value Reference Ranges for Aggregate Consideration	Implied Value Reference Ranges for Purchased Shares
	LTM Revenue	\$418.9M - \$749.0M
LTM EBITDA	\$295.9M - \$553.3M	\$117.1M - \$568.9M

None of the target companies in the selected transactions reviewed is identical to the Identified Contributed Entities or cogint and certain of these companies may have characteristics that are materially different from those of the Identified Contributed Entities or cogint. The analysis necessarily involves complex considerations and judgments concerning differences in financial and operational characteristics of the target companies and other factors that could affect their comparability to the Identified Contributed Entities or cogint.

Discounted Cash Flow Analyses of the Identified Contributed Entities and cogint

Roth performed separate discounted cash flow analyses of the Identified Contributed Entities and cogint (excluding the business of Red Violet) utilizing financial forecasts relating to the Identified Contributed Entities provided by the managements of BlueFocus and the Identified Contributed Entities and financial forecasts relating to cogint (excluding the business of Red Violet) provided by the management of cogint. Applying discount rates ranging from 11.0% to 13.0%, Roth calculated (i) a range of implied values by adding the present value of the standalone unlevered, after-tax free cash flows that the Identified Contributed Entities was forecasted to generate during the second half of calendar year 2017 through calendar year 2020 and the present value of implied terminal values for the Identified Contributed Entities at the end of such period and (ii) a range of implied values by adding the present value of the standalone unlevered, after-tax free cash flows that cogint (excluding the business of Red Violet) was forecasted to generate during the second half of calendar year 2017 through calendar year 2019 and the present value of implied terminal values for cogint (excluding the business of Red Violet) at the end of such period. Roth derived implied

terminal values by applying perpetuity growth rates ranging from 2.5% to 3.5% to the terminal year's unlevered, after-tax free cash flows of the Identified Contributed Entities and cogint (excluding the business of Red Violet), as the case may be. Net debt was subtracted from the resulting implied enterprise values in order to derive implied total equity values of the Identified Contributed Entities and implied total equity values of cogint (excluding the business of Red Violet). Net debt data for the Identified Contributed Entities and cogint (excluding the business of Red Violet) was provided by the managements of BlueFocus and the Identified Contributed Entities and the management of cogint, respectively.

Table of Contents

The discounted cash flow analyses indicated the following implied value reference ranges for the Aggregate Consideration and the Purchased Shares:

	Implied Value Reference Ranges for Aggregate Consideration	Implied Value Reference Ranges for Purchased Shares
	\$280.7M - \$361.8M	\$114.0M - \$275.8M

Other Matters

The preparation of a fairness opinion is a complex process and is not readily susceptible to partial analysis or summary description. Roth believes that the foregoing summary and its analyses must be considered as a whole and that selecting portions of the foregoing summary and these analyses, without considering all of its analyses as a whole, could create an incomplete view of the processes underlying the analyses and its opinion. In arriving at its opinion, Roth did not attribute any particular weight to any analyses or factors considered by it and did not form an opinion as to whether any individual analysis or factor (positive or negative), considered in isolation, supported or failed to support its opinion. Rather, Roth considered the totality of the factors and analyses performed in determining its opinion. Roth's analyses are not and do not purport to be appraisals or otherwise reflective of the prices at which businesses actually could be bought or sold. Roth's analyses involved judgments and assumptions with regard to industry performance, general business, economic, regulatory, market and financial conditions and other matters, many of which are beyond the control of Roth, cogint, BlueFocus and the Identified Contributed Entities. An evaluation of the results of those analyses is not entirely mathematical. The estimates contained in the financial forecasts for cogint and the Identified Contributed Entities provided by the management of cogint and the managements of BlueFocus and the Identified Contributed Entities, respectively, and the implied reference range values indicated by Roth's financial analyses are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by the analyses. Much of the information used in, and accordingly the results of, Roth's analyses are inherently subject to substantial uncertainty.

Roth is a nationally recognized investment banking firm which is regularly engaged in providing financing advisory services in connection with mergers and acquisitions. cogint selected Roth to render a fairness opinion to the Board in connection with the proposed transaction on the basis of Roth's experience in similar transactions and its reputation in the investment community. Roth, as part of its investment banking business, is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate and other purposes.

Roth was engaged by cogint to render the opinion and certain other financial advisory services in connection with the Business Combination and the Spin-off and will receive an aggregate fee of \$500,000 for such services, a portion of which became payable in connection with the execution of Roth's engagement agreement, a portion of which became payable upon delivery of Roth's opinion and portions of which are payable upon Roth rendering certain additional financial advisory services, including services to be performed on a date proximate to the consummation of the Business Combination and the Spin-off. In addition, cogint has agreed to reimburse Roth for its reasonable expenses incurred in connection with its services, including the reasonable fees and disbursements of counsel, and will indemnify Roth against certain liabilities, including liabilities arising under U.S. federal securities laws, and other items arising out of Roth's engagement.

In 2016, cogint engaged Roth to assist cogint with a potential offering. The Company did not proceed with the offering and no amounts were paid to Roth in connection with the engagement. Roth and its affiliates may in the future provide investment banking and other financial services to cogint, BlueFocus or Red Violet for which Roth and its affiliates would expect to receive compensation. Roth is a full-service securities firm engaged in securities trading and brokerage activities, as well as providing investment banking and other financial services. In the ordinary course of business, Roth and its affiliates may acquire, hold or sell, for itself and its affiliates own accounts and for the accounts of customers, equity securities, or other interests or securities of cogint, BlueFocus or Red Violet, and, accordingly, may at any time hold a long or a short position in such securities.

CERTAIN COMPANY FORECASTS

The Company does not, as a matter of course, publicly disclose financial forecasts as to future financial performance, earnings or other results and we are especially cautious of making financial forecasts for extended periods due to the inherent uncertainty of the underlying assumptions and estimates. However, in connection with the evaluation of a possible transaction involving the Company, the Company's management team prepared and provided BlueFocus, the Board and the Company's legal and financial advisors certain non-public financial forecasts that were not prepared with a view toward public disclosure.

The summary of these financial forecasts presented below is included in this Information Statement because these financial forecasts were made available to BlueFocus, the Board and the Company's legal and financial advisors. The inclusion of this information should not be regarded as an indication that the Board, the Company's legal or financial advisors, or any other person considered, or now considers, such financial forecasts to be material or to be necessarily predictive of actual future results. While the financial forecasts were prepared in good faith, they are subjective in many respects and no assurance can be given that the financial forecasts will be realized or that actual results will not be significantly higher or lower than those results presented in the financial forecasts. The financial forecasts cover multiple years and such information by its nature becomes subject to greater uncertainty with each successive year.

In addition, the financial forecasts were prepared solely for internal use and not with a view toward public disclosure or toward complying with generally accepted accounting principles, which we refer to as GAAP, the published guidelines of the SEC regarding projections and the use of non-GAAP measures, or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. The financial forecasts included below were prepared by, and are the responsibility of, our management. Neither our independent registered public accounting firm, nor any other independent accountants, have compiled, examined, or performed any procedures with respect to the financial forecasts contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability. The report of the independent registered public accounting firm relates only to the Company's historical financial information. The Report does not extend to the financial forecasts and should not be read to do so.

These financial forecasts were based on numerous variables and assumptions that are inherently uncertain and may be beyond the control of the Company. Important factors that may affect actual results and cause these financial forecasts not to be achieved include, but are not limited to, risks and uncertainties relating to the Company's business (including its ability to achieve strategic goals, objectives and targets over the applicable periods), industry performance, the regulatory environment, general business and economic conditions, and other factors described in this Information Statement and the Company's filings with the SEC incorporated by reference in this Information Statement. In addition, the financial forecasts do not reflect revised prospects for the Company's business, changes in general business or economic conditions, or any other transaction or event that has occurred or that may occur and that was not anticipated at the time the financial forecasts were prepared. Accordingly, there can be no assurance that these financial forecasts will be realized or that the Company's future financial results will not materially vary from these financial forecasts.

No one has made or makes any representation to any stockholder or anyone else by inclusion in this Information Statement of the information contained in the financial forecasts set forth below. Readers of this Information Statement are cautioned not to unduly rely on the forecasted financial information. We have not updated and do not intend to update, or otherwise revise the financial forecasts to reflect circumstances, existing after the date when these financial forecasts were made or to reflect the occurrence of future events, even in the event that any or all of the assumptions are shown to be in error. The Company has made no representation to BlueFocus or any other person, concerning the ultimate performance of the Company compared to the information contained in these financial

forecasts.

The financial forecasts are forward-looking statements. For information on factors that may cause the Company's future financial results to materially vary, see "Cautionary Statement Concerning Forward-Looking Statements" as well as the other factors set forth in this Information Statement and the Company's filings with the SEC incorporated by reference to this Information Statement.

The following is a summary of the financial forecasts prepared by the Company's management and given to BlueFocus, the Board and the Company's legal and financial advisors.

In preparing these financial forecasts, the Company made the following assumptions for the periods presented:

no new acquisitions are completed other than the Business Combination;

no legislative changes affecting our business have occurred;

estimated annual growth rates for our business are based on currently known conditions; and

no significant change in our cost and expense structure.

INTERESTS OF COGINT'S EXECUTIVE OFFICERS AND DIRECTORS IN THE BUSINESS COMBINATION

The Audit Committee reviews and approves transactions in which the Company was or is to be a participant, where the amount involved exceeded or will exceed \$120,000 annually and any of its directors, executive officers or their immediate family members had or will have a direct or indirect material interest. The Company has a written policy stating that the Audit Committee is responsible for reviewing and, if appropriate, approving or ratifying any related party transactions. The related party transaction will not be approved unless at a minimum it is for the Company's benefit and is upon terms no less favorable to the Company than if the related party transaction was with an unrelated third party.

Promissory Notes

On December 8, 2015, cogint entered into and consummated the promissory notes financing (the Promissory Notes) with each of Frost Gamma Investment Trust (Frost Gamma), an affiliate of Phillip Frost, M.D., the Vice Chairman of cogint's Board of Directors, Michael Brauser, the Chairman of cogint's Board of Directors, and another investor, pursuant to which cogint issued Promissory Notes of \$5.0 million to Frost Gamma, \$4.0 million to Michael Brauser, and \$1.0 million to another investor, for an aggregate financing in the amount of \$10.0 million. Pursuant to the terms of the Business Combination Agreement, BlueFocus will repay the entire principal and accrued and unpaid interest of the Promissory Notes upon completion of the Business Combination.

Vesting of RSUs and Restricted Stock

Pursuant to the terms of the Business Combination Agreement and the Employee Matters Agreement, all outstanding RSUs, including all RSUs held by the Company's directors and executive officers, will vest immediately prior to the Record Date and all shares of Common Stock underlying such RSUs will be delivered so that such shares will participate in the Cash Dividend and the Spin-off pro rata. Similarly, all shares of restricted stock of the Company, including all shares of restricted stock held by the Company's directors and executive officers, will vest immediately prior to the Record Date, so that such shares will participate in the Cash Dividend and Spin-off pro rata.

Certain executive officers of the Company may be entitled to severance or other payments or acceleration of their RSUs and restricted stock in connection with the Closing of the Business Combination, as the Business Combination is deemed a change of control under the applicable employment or grant agreement. Additional information regarding severance or other payments due to certain executive officers and the acceleration of their RSUs and restricted stock can be found in the sections titled Potential Payments Upon Termination or Change in Control and Executive Employment and Consulting Agreements, and additional information about shares of Common Stock, RSUs and restricted stock held by the officers and directors of the Company can be found in the section titled Security Ownership of Certain Beneficial Owners and Management.

Appointment of the Legacy Directors by the Legacy Stockholders

Pursuant to the Stockholders' Agreement, from and after the Closing and until the Stockholders' Agreement is terminated in accordance with its terms, the Company and BlueFocus are obligated to take all necessary actions (1) to ensure that (i) the Fluent Legacy Stockholders, which include Mr. Schulke, CEO of Fluent, and Mr. Conlin, President of Fluent, are entitled to nominate the RSMC Director and (ii) the cogint Legacy Stockholders, which includes Mr. Brauser, Chairman and a consultant to the Company, are entitled to nominate the PFMB Director and who shall initially be Mr. Schulke, (2) to elect such Legacy Directors to the Board and (3) to nominate any successor Legacy Directors. Pursuant to the Stockholders' Agreement, the Company and BlueFocus are also obligated to take all actions

necessary to ensure that the size of the Board be seven (7) directors, which number may be increased by a majority of the Board, including the vote of the PFMB

director, and are bound by certain obligations to effectuate the appointment of the Legacy Directors.

Additionally, under the Stockholders Agreement BlueFocus is also obligated to vote all of its shares of Common Stock (1) for the election to the Board of all Legacy Directors nominated in accordance with the Stockholders Agreement and (2) to ensure that no Legacy Director is removed from office unless the removal is approved by the Legacy Stockholders nominating the Legacy Director or such removal is for cause, as reasonably determined in good faith by the Board.

Business Consulting Agreement

On October 13, 2014, the Company entered into a business consulting services agreement with Marlin Capital for a term of four years (the Marlin Consulting Agreement). Under the Marlin Consulting Agreement, Marlin Capital serves in the capacity of a strategic advisor to TBO and provides services such as recommendations on organizational structure, capital structure, future financing needs, and business strategy. The Marlin Consulting Agreement provided for equity compensation issued to Marlin Capital in the amount of 2,000,000 RSUs of TBO. The Company assumed these RSUs in the TBO Merger and the RSUs represent the right to receive 2,000,000 shares of the Company's Common Stock. The RSUs vest on four equal annual installments beginning October 13, 2015 only if certain performance goals of the Company are met. The shares underlying such RSUs will not be delivered until October 13, 2018, unless there is a change of control of the Company, including the Business Combination.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

General

The following is a summary description of the material U.S. federal income tax consequences of the Business Combination. This summary is not intended as a complete description of all of the tax consequences of the Business Combination and does not discuss tax consequences under the laws of state, local or foreign governments or any other jurisdiction. In addition, this discussion does not address other United States federal taxes (such as gift or estate taxes, the 3.8% tax imposed on certain net investment income, or alternative minimum taxes). Moreover, the tax treatment of a stockholder may vary, depending upon his, her or its particular situation. In this regard, special rules not discussed in this summary may apply to some of our stockholders. In

Table of Contents

addition, this summary applies only to shares which are held as capital assets. The following discussion may not be applicable to a stockholder who acquired his, her or its shares by exercising stock options or otherwise as compensation.

The following discussion is based on currently existing provisions of the Internal Revenue Code of 1986, as amended (the Code), existing, proposed and temporary treasury regulations promulgated under the Code and current administrative rulings and court decisions. All of the foregoing are subject to change, which may or may not be retroactive, and any of these changes could affect the validity of the following discussion.

Each stockholder is urged to consult his, her or its own tax advisor as to the particular tax consequences to him, her or it of the Business Combination described herein, including the applicability and effect of any state, local or foreign tax laws, and the possible effects of changes in applicable tax laws.

Tax Consequences of the Business Combination

We do not believe that the contribution of the Contributed Entities, the Cash Contribution, or the issuance of the Purchased Shares will give rise to the recognition of gain or loss to us or our stockholders for U.S. federal income tax purposes.

Each holder of cogint Common Stock who receives a portion of the Cash Dividend will be treated as receiving a taxable distribution in an amount equal such stockholder's portion of the Cash Dividend, which will result in: (a) a dividend to the extent of such stockholder's ratable share of cogint's current and accumulated earnings and profits; then (b) a reduction in such stockholder's tax basis in cogint's Common Stock (but not below zero) to the extent the amount received exceeds the amount referenced in clause (a); and then (c) gain from the sale or exchange of cogint Common Stock to the extent the amount received exceeds the sum of the amounts referenced in clauses (a) and (b). cogint will not be able to advise stockholders of the amount of its earnings and profits until after the end of the tax year in which the Cash Dividend occurs.

In addition, cogint or other applicable withholding agents may be required or permitted to withhold taxes at the applicable rate from all or a portion of the Cash Distribution payable to non-U.S. stockholders. Further, cogint or other applicable withholding agents may withhold from the Cash Distribution payable to non-U.S. stockholders any withholding taxes owed with respect to the Spin-off. Any cash so withheld shall be treated as if it were paid to such non-U.S. stockholders.

United States information reporting requirements and backup withholding may apply with respect to the Cash Dividend unless the stockholder: (a) is a corporation or non-U.S. holder or comes within certain other exempt categories, and, when required, demonstrates these facts (including by providing any applicable IRS form); or (b) provides a correct taxpayer identification number, certifies as to no loss of exemption from backup withholding and otherwise complies with applicable requirements of the backup withholding rules. A stockholder who does not supply us with his, her or its correct taxpayer identification number may be subject to penalties imposed by the Internal Revenue Service of the United States (the IRS). Any amount withheld under these rules will be creditable against the stockholder's U.S. federal income tax liability. Stockholders should consult their tax advisors as to their qualification for exemption from backup withholding and the procedure for obtaining such an exemption. If information reporting requirements apply to a stockholder, the amount of dividends paid with respect to the stockholder's shares will be reported annually to the IRS and to the stockholder.

Stockholders should consult their own tax advisors as to the particular tax consequences of the Business Combination to them.

ANTICIPATED ACCOUNTING TREATMENT OF THE BUSINESS COMBINATION

Based on our preliminary evaluation, for accounting purposes, the Company will recognize the Business Combination in accordance with Accounting Standards Codification (ASC) 805-40, Reverse Acquisitions. Preliminarily, we have concluded that the Company will be the accounting acquiree in the Business Combination, with the Contributed Entities, being the accounting acquirer.

Under the reverse acquisition, the accounting acquiree, the Company, will issue equity shares to the owner of the accounting acquirer, the Contributed Entities. The consideration transferred by the Contributed Entities for its interest in the Company will be based on the number of equity shares that the Contributed Entities would have issued to give the owners of the Company the same equity interest percentage in the combined entity that results from the reverse acquisition. The fair value of the number of equity shares that the Contributed Entities would have issued, combined with the Cash Consideration, will be used as the fair value of consideration transferred in exchange for the Company.

Under the acquisition method of accounting, the assets (including identifiable intangible assets) and liabilities of the Company as of the effective date of the transaction and those amounts will be added to those of the Contributed Entities. Any excess of purchase price over the fair value of the net assets acquired will be recorded as goodwill. Financial statements of the Company to be issued after the Closing will reflect these fair values and would not be restated retroactively to reflect the historical financial position or results of operations of the Company.

The Company s historical combined financial statements for the reporting period prior to the Closing of the Business Combination would be those of Contributed Entities, rather than those of the Company. The Company s consolidated financial statements for the period after the Closing, will recognize the Company and the Contributed Entities as a consolidated group for accounting and reporting purposes, albeit with a carryover capital structure inherited from the Company (attributable to the legal structure of the transaction).

THE AMENDED AND RESTATED CHARTER

General

On September 6, 2017, cogint entered into the Business Combination Agreement with BlueFocus. Under the terms of the Business Combination Agreement, among other matters:

- (1) BlueFocus will contribute to cogint all of the equity interests of (a) Vision 7, (b) WAVS, (c) Indigo, and (d) each Acquisition Entity;
- (2) BlueFocus will contribute to cogint (a) the Cash Contribution, the proceeds of which cogint will use to (i) repay, if outstanding, the Red Violet Note, (ii) pay off certain transaction-related expenses, and (iii) pay the Cash Dividend and (b) in cash, the Working Capital Shortfall;
- (3) In exchange for the Contributed Entities and the Cash Consideration, BlueFocus will receive the Purchased Shares, representing 63.0% of the fully diluted, issued and outstanding shares of Common Stock of cogint after giving effect to such issuance; and
- (4) BlueFocus will repay, assume, or refinance cogint's indebtedness, other than the Red Violet Note, as of the closing of the Business Combination.

In connection with the Business Combination, our Board has adopted and the Consenting Stockholders have approved the Amended and Restated Charter to become effective only in connection with and immediately before the Closing which will (i) increase the number of authorized shares of Common Stock from 200,000,000 to 400,000,000 to provide for the issuance of the Purchased Shares, (ii) provide for BlueFocus to take action by written consent as long as it continues to own at least a majority of the issued and outstanding Common Stock, and (iii) provide an understanding with respect to corporate opportunities and transactions with BlueFocus and its affiliates post-closing.

Increase in the Number of Authorized Shares

Under the Amended and Restated Charter, the Company will be authorized to issue four hundred million (400,000,000) shares of Common Stock, par value \$0.0005, and ten million (10,000,000) shares of preferred stock, par value \$0.0001. This is an increase of 200,000,000 additional shares of Common Stock which the Company will be authorized to issue under the Amended and Restated Charter when compared to the Company's current certificate of incorporation (the Share Increase) will permit the Company to issue the Purchased Shares to BlueFocus at the Closing of the Business Combination. The purpose of the Share Increase is to permit the Company to issue the Purchased Shares to BlueFocus at the Closing of the Business Combination in accordance with the Business Combination Agreement.

Action of Stockholders by Written Consent

Under the Amended and Restated Charter, until such time as BlueFocus or its successor-in-interest ceases to hold shares representing at least a majority of votes entitled to be cast in the election of directors, any action required or permitted to be taken by stockholders at any annual or special meeting of stockholders may be taken without a

meeting, without prior notice and without a vote, so long as written consent is obtained from the holders of the minimum number of votes that would have been required to authorize or take action if such a meeting were held. From and after such time as BlueFocus or its successor-in-interest ceases to hold shares representing at least a majority of the votes entitled to be cast in the election of directors, any action required or permitted to be taken by stockholders may be effected only at a duly called annual or special meeting of stockholders and may not be effected by a written consent or consents by stockholders in lieu of such a meeting.

Under the Amended and Restated Charter, except as otherwise required by law, special meetings of our stockholders for any purpose or purposes may only be called by (1) the Board or the Secretary of the Company

Table of Contents

pursuant to a resolution adopted by a majority of directors then in office or (2) BlueFocus or its successor-in-interest, so long as BlueFocus or its successor-in-interest is the beneficial owner of at least a majority of the votes entitled to be cast in the election of directors. No business other than that stated in the notice of a special meeting may be transacted at such special meetings.

Corporate Opportunities

In order to address potential conflicts of interest between us and BlueFocus with respect to corporate opportunities that are otherwise permitted to be undertaken by us, the Amended and Restated Charter contains provisions regulating and defining the conduct of our affairs as they may involve BlueFocus and its officers and directors, and our powers, rights, duties and liabilities and those of our officers, directors and stockholders in connection with our relationship with BlueFocus. In general, these provisions recognize that we and BlueFocus may engage in the same or similar business activities and lines of business, may have an interest in the same areas of corporate opportunities and may have contractual and business relations with each other, including directors and officers of BlueFocus serving as our directors and officers.

The Amended and Restated Charter provides that BlueFocus will have no duty to refrain from:

engaging in the same or similar business activities or lines of business as us;

doing business with any of our clients or customers; or

employing or otherwise engaging any of our officers or employees.

The Amended and Restated Charter provides that if BlueFocus acquires knowledge of a potential transaction or matter which may be a corporate opportunity for both us and BlueFocus, BlueFocus will have no duty to communicate or present such corporate opportunity to us and we will, to the fullest extent permitted by law, renounce any interest or expectancy in any such opportunity and waive any claim that such corporate opportunity be presented to us.

BlueFocus will not be liable to us or our stockholders for breach of any fiduciary duty as a stockholder of us by reason of the fact that BlueFocus acquires or seeks the corporate opportunity for itself, directs that corporate opportunity to another person or does not present that corporate opportunity to us.

If one of our directors or officers who is also a director or officer of BlueFocus learns of a potential transaction or matter that may be a corporate opportunity for both us and BlueFocus and which may be properly pursued by us pursuant to the limitations related to our technology and product development and marketing activities, our Amended and Restated Charter provides that the director or officer will have satisfied his or her fiduciary duties to us and our stockholders, will not be liable for breach of fiduciary duties to us and our stockholders with respect to such corporate opportunity, and will be deemed not to have derived an improper personal economic gain from such corporate opportunity if the director or officer acts in good faith in a manner consistent with the following policy:

where an opportunity is offered to a cogint director (but not an officer) who is also a director or officer of BlueFocus, cogint will be entitled to pursue such opportunity only when expressly offered to such individual solely in his or her capacity as a cogint director;

where an opportunity is offered to a cogint officer who is also a BlueFocus officer, cogint will be entitled to pursue such opportunity only when expressly offered to such individual solely in his or her capacity as a cogint officer;

where an opportunity is offered to a cogint officer who is also a director (but not an officer) of BlueFocus, cogint will be entitled to pursue such opportunity unless expressly offered to the individual solely in his or her capacity as a BlueFocus director; and

where one of our officers or directors, who also serves as a director or officer of BlueFocus, learns of a potential transaction or matter that may be a corporate opportunity for both us and BlueFocus in any

Table of Contents

manner not addressed in the foregoing descriptions, such director or officer will have no duty to communicate or present that corporate opportunity to us and will not be liable to us or our stockholders for breach of fiduciary duty by reason of the fact that BlueFocus pursues or acquires that corporate opportunity for itself.

The foregoing limitation of liability provisions are not intended to be an allocation of corporate opportunities between us and BlueFocus or an exhaustive statement of corporate opportunities which may be available to us.

For purposes of the Amended and Restated Charter, corporate opportunities include business opportunities which we are financially able to undertake, which are, from their nature, in the line of our business, are of practical advantage to us and are ones in which we have an interest or a reasonable expectancy, and in which, by embracing the opportunities, the self-interest of BlueFocus or its officers or directors will be brought into conflict with us.

The vote of at least 80% of the votes entitled to be cast will be required to amend, alter, change or repeal these corporate opportunity provisions.

THE REVERSE STOCK SPLIT

General

Our Board has adopted and the Consenting Stockholders have approved an amendment to our Amended and Restated Charter to authorize the Board, in its sole discretion, to effect the Reverse Stock Split of our outstanding shares of Common Stock. The authorization will permit the Board to effect the Reverse Stock Split at a ratio of between 1 for 2 and 1 for 4 (the Ratio). Also, the authorization will permit the Board to proportionately adjust all outstanding equity awards, warrants, or other derivative securities as appropriate. The Board may effect only one reverse stock split as a result of this authorization. The Board's decision as to whether and when to effect the Reverse Stock Split and at what ratio will be based on a number of factors, including market conditions, existing and expected trading prices for our Common Stock, and the continued listing requirements of Nasdaq. We will not effect the Reverse Stock Split if the Board does not in its sole discretion deem it to be in our best interests and the best interests of our stockholders. The Reverse Stock Split will be effected, if at all, after the Closing. The Reverse Stock Split will not change the par value of our Common Stock.

Purpose of the Reverse Stock Split

Our Board and the Consenting Stockholders approved the proposal authorizing an amendment to our Amended and Restated Charter to authorize the Board to effect the Reverse Stock Split based on the belief that:

effecting the Reverse Stock Split could, in some circumstances, be an effective means of maintaining compliance with the bid price requirement for continued listing of our Common Stock on Nasdaq; and

a higher stock price may help generate investor interest in us and help attract, retain, and motivate employees.

If the Reverse Stock Split successfully increases the per share price of our Common Stock, as to which no assurance can be given, the Board believes this increase may facilitate future financings, if sought, and enhance our ability to attract, retain, and motivate employees and other service providers.

Principal Effects of the Reverse Stock Split

Depending on the ratio determined by the Board, in its sole discretion, every two (2) to four (4) shares of our Common Stock either issued and outstanding or held by us in our treasury shall automatically and without any action on the part of the respective holders thereof, be combined and converted into one (1) share of our Common Stock. No fractional shares shall be issued in connection with the Reverse Stock Split. As discussed below, stockholders who otherwise would be entitled to receive fractional shares of Common Stock shall be entitled to receive cash (without interest or deduction) in lieu of such fractional share interests.

The Reverse Stock Split will be effected simultaneously for all issued and outstanding shares of Common Stock and the ratio will be the same for all issued and outstanding shares of Common Stock. The Reverse Stock Split will affect all shares of Common Stock uniformly and will not affect any stockholder's percentage ownership interests in us, except to the extent that the Reverse Stock Split results in any of our stockholders owning a fractional share. After the Reverse Stock Split, the shares of our Common Stock will have the same voting rights and rights to dividends and distributions and will be identical in all other respects to our Common Stock now authorized. Common Stock issued

pursuant to the Reverse Stock Split will remain fully paid and non-assessable. The Reverse Stock Split will not affect our continuing to be subject to the periodic reporting requirements of the Exchange Act. The Reverse Stock Split is not intended to be, and will not have the effect of, a going private transaction covered by Rule 13e-3 under the Exchange Act.

The Reverse Stock Split may result in some stockholders owning odd-lots of less than 100 shares of our Common Stock. Brokerage commissions and other costs of transactions in odd-lots may be higher than the costs of transactions in round-lots of even multiples of 100 shares.

Procedure for Effecting the Reverse Stock Split and Exchange of Stock Certificates

We will file a certificate of amendment to our Amended and Restated Charter with the Secretary of the State of the State of Delaware. The certificate of amendment would add a new provision providing that holders of our Common Stock immediately before the filing of the amendment will receive one share of Common Stock for every two to four shares of our Common Stock held at the record date for the Reverse Stock Split. Upon the filing of the certificate of amendment, and without any further action on the part of the Company or our stockholders, the issued shares of Common Stock held by stockholders of record for the Reverse Stock Split would be converted into a lesser number of shares of Common Stock calculated in accordance with the Reverse Stock Split Ratio.

For example, if a stockholder presently holds 20 shares of our Common Stock, he or she would hold between 5 and 10 shares of Common Stock following the Reverse Stock Split. Beginning on the effective date of the Reverse Stock Split, each certificate representing pre-split shares would be deemed for all corporate purposes to evidence ownership of post-split shares. As soon as practicable after the effective date of the Reverse Stock Split, stockholders will be notified that the Reverse Stock Split has been effected.

Effect on Beneficial Holders (i.e., Stockholders Who Hold in Street Name)

Upon effecting the Reverse Stock Split, we intend to treat Common Stock held by stockholders in street name, through a bank, broker, or other nominee, in the same manner as stockholders whose shares are registered in their own names. Banks, brokers, or other nominees will be instructed to effect the Reverse Stock Split for their customers holding Common Stock in street name. However, these banks, brokers, or other nominees may have different procedures than registered stockholders for processing the Reverse Stock Split. If you hold shares of Common Stock with a bank, broker or other nominee and have any questions in this regard, you are encouraged to contact your bank, broker, or other nominee to discuss their procedures to implement the Reverse Stock Split.

Effect on Certificated Shares

Upon the effectiveness of the Reverse Stock Split, our exchange agent will assist holders of Common Stock in implementing the exchange of their certificates. Commencing on the effective date of the Reverse Stock Split, stockholders holding shares in certificated form will be sent a transmittal letter by our exchange agent. The letter of transmittal will contain instructions on how a stockholder should surrender his or her certificates representing Common Stock (Old Certificates) to the exchange agent in exchange for certificates representing the appropriate number of whole post-reverse stock split Common Stock, as applicable (New Certificates). No New Certificates will be issued to a stockholder until that stockholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the exchange agent. No stockholder will be required to pay a transfer or other fee to exchange Old Certificates. The letter of transmittal will contain instructions on how you may obtain New Certificates if your Old Certificates have been lost. If you have lost your certificates, you will have to pay any surety premium and the service fee required by our escrow agent. Until surrendered, we will deem outstanding Old Certificates held by stockholders to be canceled and only to represent the number of whole shares to which these stockholders are entitled. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of shares, will automatically be exchanged for New Certificates.

Stockholders should not destroy any stock certificates and should not submit any certificates until requested to do so by the exchange agent. Shortly after the Reverse Stock Split has occurred the exchange agent will provide registered stockholders with instructions and a letter of transmittal for converting Old Certificates into New Certificates. Stockholders are encouraged to promptly surrender Old Certificates to the exchange agent in order to avoid having shares become subject to escheat laws.

Authorized Shares of Common Stock

The Reverse Stock Split will not change the number of authorized shares of Common Stock but will increase the number of authorized shares available for future issuance for corporate needs such as equity financing, retirement of outstanding indebtedness, stock splits and stock dividends, employee benefit plans, or other corporate purposes as may be deemed by our Board to be in the best interests of the Company and its stockholders. Our Board believes the increase in available shares for future issuance is appropriate to fund such matters. It will also provide the Company with greater flexibility to respond quickly to advantageous business opportunities. However, we may from time to time explore opportunities to make acquisitions through the use of stock. As a result, the Company's current number of authorized shares of Common Stock may enable the Company to better meet its future business needs.

Effect on Stock Plans

Under the Cogint, Inc. 2015 Stock Incentive Plan, if the Board implements the Reverse Stock Split, as of the effective date, the number of shares subject to all outstanding equity awards, the number of shares available for issuance, under this plan will be proportionately adjusted using the reverse stock split ratio selected by our Board. For example, if the 1-for-4 Reverse Stock Split is effected, the 999,658 shares of Common Stock that remain available for issuance under the 2015 Plan as of November 30, 2017 would be adjusted to equal approximately 249,915 shares. Our Board of Directors has also authorized us to effect any other changes necessary, desirable, or appropriate to give effect to the Reverse Stock Split, including any applicable technical or conforming changes.

Fractional Shares

No fractional shares will be issued in connection with the Reverse Stock Split. Stockholders of record who otherwise would be entitled to receive fractional shares, because they hold a number of pre-split shares not evenly divisible by the number of pre-split shares for which each post-split share is to be exchanged, will be entitled, upon the submission of a transmission letter by a stockholder holding the shares in book-entry form and, where shares are held in certificated form, upon surrender to the exchange agent of certificates representing such shares, to a cash payment in lieu thereof in an amount equal to the product obtained by multiplying (i) the closing sales price of our Common Stock as reported on the NASDAQ Capital Market on the effective date of Reverse Stock Split by (ii) the number of shares of our Common Stock held by such stockholder before the Reverse Stock Split that would otherwise have been exchanged for such fractional share interest. The ownership of a fractional interest will not give the holder thereof any voting, dividend, or other rights except to receive payment as described herein.

Stockholders should be aware that, under the escheat laws of the various jurisdictions where stockholders reside, where we are domiciled, and where the funds will be deposited, sums due for fractional interests that are not timely claimed after the effective date of the split may be required to be paid to the designated agent for each such jurisdiction, unless correspondence has been received by us or the exchange agent concerning ownership of such funds within the time permitted in such jurisdiction. Thereafter, stockholders otherwise entitled to receive such funds will have to seek to obtain them directly from the state to which they were paid.

Accounting Matters

The Reverse Stock Split will not affect the Common Stock capital account on our balance sheet. However, because the par value of our Common Stock will remain unchanged on the effective date of the split, the components that make up the Common Stock capital account will change by offsetting amounts. The stated capital component will be reduced to an amount of one-half to one-fourth (depending on the Ratio determined for the Reverse Stock Split) of its present amount, and the additional paid-in capital component will be increased with the amount by which the stated

capital is reduced. The per share net income or loss and net book value of our Common Stock will be increased because there will be fewer shares of Common Stock outstanding. Prior periods per share amounts will be adjusted to reflect the Reverse Stock Split.

No Dissenters' Rights

Under the DGCL, our stockholders will not be entitled to dissenters' rights with respect to the Reverse Stock Split, and we do not intend to independently provide stockholders with any such right.

Material U.S. Federal Income Tax Consequences of the Reverse Stock Split

The following discussion describes the material U.S. federal income tax consequences to holders of our Common Stock relating to the Reverse Stock Split. The following discussion is based on currently existing provisions of the Code, existing, proposed and temporary treasury regulations promulgated under the Code and current administrative rulings and court decisions. All of the foregoing are subject to change, which may or may not be retroactive, and any of these changes could affect the validity of the following discussion. We have not obtained a ruling from the IRS or an opinion of legal or tax counsel with respect to the tax consequences of the Reverse Stock Split. The following discussion is for informational purposes only and is not intended as tax or legal advice. Each holder should seek advice based on the holder's particular circumstances from an independent tax advisor.

This discussion assumes that a holder holds our Common Stock as a capital asset within the meaning of Code Section 1221. This discussion does not address all of the tax consequences that may be relevant to a particular stockholder of ours or to our stockholders that are subject to special treatment under United States federal income tax laws including, but not limited to, banks, financial institutions, tax-exempt organizations, insurance companies, regulated investment companies, real estate investment trusts, persons that are broker-dealers, traders in securities who elect the mark-to-market method of accounting for their securities, certain former citizens or long-term residents of the U.S., or our stockholders holding their shares of our common stock as part of a straddle, hedge, conversion transaction, or other integrated transaction. This discussion also does not address the tax consequences to us, or to our stockholders that own 5% or more of our Common Stock, are affiliates of ours, or own (directly or indirectly) an interest in BlueFocus. In addition, this discussion does not address other United States federal taxes (such as gift or estate taxes, the 3.8% tax imposed on certain net investment income, or alternative minimum taxes), the tax consequences of the Reverse Stock Split under state, local, or foreign tax laws or certain tax reporting requirements that may be applicable with respect to the Reverse Stock Split. No assurance can be given that the IRS would not assert, or that a court would not sustain a position contrary to any of the tax consequences set forth below.

If a partnership (or other entity treated as a partnership for United States federal income tax purposes) is a stockholder of ours, the tax treatment of a partner in the partnership, or any equity owner of such other entity will generally depend upon the status of the person and the activities of the partnership or other entity treated as a partnership for United States federal income tax purposes.

Except as described below with respect to cash received in lieu of a fractional share, holders generally will not recognize gain or loss as a result of the Reverse Stock Split.

The aggregate adjusted tax basis in the shares of cogint Common Stock received pursuant to the Reverse Stock Split will equal the aggregate adjusted tax basis of the shares of cogint Common Stock exchanged therefor (reduced by the amount of such basis that is allocated to any fractional share of cogint Common Stock). In general, each holder's holding period for the shares of cogint Common Stock received pursuant to the Reverse Stock Split will include the holding period in the shares of cogint Common Stock exchanged therefor. Holders that acquired cogint Common Stock on different dates and at different prices should consult their tax advisors regarding the allocation of the tax basis and holding period of such shares.

Edgar Filing: Cogint, Inc. - Form PRE 14C

Holders that, pursuant to the Reverse Stock Split, receive cash in lieu of a fractional share will recognize capital gain or loss in an amount equal to the difference, if any, between the amount of cash received and the portion of such holder's aggregate adjusted tax basis in the shares of cogint Common Stock surrendered that is

Table of Contents

allocated to such fractional share. Such capital gain or loss will generally be long-term capital gain or loss if share of cogint Common Stock surrendered in the Reverse Stock Split were held for more than one year. The deductibility of capital losses is subject to limitations.

United States information reporting requirements and backup withholding may apply with respect to cash payments made in lieu of a fractional share in the Reverse Stock Split unless the stockholder: (a) is a corporation or non-U.S. holder or comes within certain other exempt categories, and, when required, demonstrates these facts (including by providing any applicable IRS form); or (b) provides a correct taxpayer identification number, certifies as to no loss of exemption from backup withholding and otherwise complies with applicable requirements of the backup withholding rules. A stockholder who does not supply us with his, her or its correct taxpayer identification number may be subject to penalties imposed by the IRS. Any amount withheld under these rules will be creditable against the stockholder's U.S. federal income tax liability. Stockholders should consult their tax advisors as to their qualification for exemption from backup withholding and the procedure for obtaining such an exemption. If information reporting requirements apply to a stockholder, the amount of cash paid with respect to the stockholder's fractional share will be reported to the IRS and to the stockholder.

Stockholders should consult their own tax advisors as to the particular tax consequences of the Reverse Stock Split to them.

INCREASE IN SHARES AVAILABLE UNDER THE 2015 COGINT, INC.

STOCK INCENTIVE PLAN

The Board and the Consenting Stockholders have approved the Plan Increase. The primary purpose of the 2015 Plan is to attract, retain, reward and motivate certain individuals by providing them with an opportunity to acquire or increase a proprietary interest in the Company and to incentivize them to expend maximum effort for the growth and success of the Company, so as to strengthen the mutuality of the interests between such individuals and the stockholders of the Company. The increase is intended to provide for equity awards to potential newly hired persons during the pendency of the Business Combination. As discussed below under the caption New 2015 Plan Benefits, no awards have been granted to current employees with respect to the increase. However, because it is not certain how quickly the Company will close the Business Combination, the Board believes it is appropriate at this time to increase the number of shares available for issuance under the 2015 Plan.

The following discussion summarizes the material terms of the 2015 Plan. This discussion is not intended to be complete and is qualified in its entirety by (i) reference to the full text of the 2015 Plan, which is available as Annex A to the Company's 2015 Proxy Statement for the 2015 Annual Meeting of Stockholders and (ii) the amendment to the 2015 Plan to effect the Plan Increase included as Annex I to this Information Statement, both of which are incorporated herein by reference.

Administration

The 2015 Plan is administered by the Compensation Committee of the Board (for purpose of this description of the 2015 Plan, the Committee). If no Committee exists, the independent Board members will exercise the functions of the Committee.

All grants under the 2015 Plan will be evidenced by a grant agreement (an Award Agreement) that will incorporate the terms and conditions as the Committee deems necessary or appropriate.

Coverage Eligibility and Annual Grant Limits

The 2015 Plan provides for the issuance of awards (each, an Award) consisting of stock options (Options), stock appreciation rights (SARs), restricted stock (Restricted Stock), RSUs, performance shares (Performance Shares) and performance units (Performance Units). Incentive stock options (ISOs) may be granted under the 2015 Plan only to our employees. Our employees, consultants, directors, independent contractors and certain prospective employees who have committed to become an employee are eligible to receive all other types of awards under the 2015 Plan (each an Eligible Individual).

The granting of Awards under the 2015 Plan shall be subject to the following limitations, after giving effect to the Plan Increase: (i) a maximum of 13,500,000 shares of common stock may be subject to grants of ISOs; (ii) a maximum of 13,500,000 shares may be issued in connection with Awards, other than Options and SARs, that are settled in common stock; (iii) a maximum of 13,500,000 of shares may be subject to grants of Options or SARs to any one Eligible Individual during any one fiscal year; (iv) a maximum of 13,500,000 of such shares may be subject to grants of Performance Shares, Restricted Stock, RSUs, and Awards of common stock to any one Eligible Individual during any one fiscal year; and (v) the maximum value on the date of grant of Performance Units which may be granted to any one Eligible Individual during any one fiscal year shall be \$1,000,000.

Shares Reserved for Issuance Under the 2015 Plan

Subject to adjustment as described below and under the section titled Change in Control, upon approval of the increase in the number of shares available for issuance under the 2015 Plan, the total number of shares of common stock that may be issued pursuant to Awards granted under the Plan, after giving effect to the Plan

Table of Contents

Increase, shall be 13,500,000 shares. Notwithstanding the foregoing, if any Award is cancelled, forfeited or terminated for any reason prior to exercise, delivery or becoming vested in full, the shares of common stock that were subject to such Award shall become available for future Awards granted under the 2015 Plan; provided, however, that any shares of common stock subject to an Award that are cancelled to pay the exercise price of a stock option, purchase price or any taxes or tax withholdings on an Award will not be available for future Awards granted under this 2015 Plan.

If the outstanding shares of common stock are increased or decreased or changed into or exchanged for a different number or kind of shares or other securities by reason of any recapitalization, reclassification, reorganization, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock of the Company or other increase or decrease in such shares effected without receipt of consideration by the Company, an appropriate and proportionate adjustment shall be made by the Committee to: (i) the aggregate number and kind of shares of common stock available under the 2015 Plan, (ii) the calculation of the reduction of shares of common stock available under the 2015 Plan, (iii) the number and kind of shares of common stock issuable pursuant to outstanding Awards granted under the 2015 Plan and/or (iv) the exercise price of outstanding Options or SARs granted under the 2015 Plan. No fractional shares of common stock or units of other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share or unit. Any adjustments made to any ISO shall be made in accordance with Section 424 of the Code.

Stock Options

The Committee acting in its absolute discretion has the right to grant Options to Eligible Individuals to purchase shares of common stock. Each grant shall be evidenced by an option certificate setting forth whether the Option is an ISO, which is intended to qualify for special tax treatment under Section 422 of the Code, or an option which is not intended to qualify as an ISO (Non-ISO). Each Option granted under the 2015 Plan entitles the holder thereof to purchase the number of shares of common stock specified in the grant at the exercise price specified in the related option certificate. At the discretion of the Committee, the option certificate can provide for payment of the exercise price either in cash, by check, bank draft, money order, in common stock and by any other method which the Committee, in its sole and absolute discretion and to the extent permitted by applicable law, may permit.

The terms and conditions of each Option granted under the 2015 Plan will be determined by the Committee, but no Option will be granted at an exercise price which is less than the fair market value of the common stock on the grant date (generally, the closing price for the common stock on the principal securities exchange on which the common stock is traded or listed on the date the Option is granted or, if there was no closing price on that date, on the last preceding date on which a closing price was reported). In addition, if the Option is an ISO that is granted to a 10% stockholder of the Company, the Option exercise price will be no less than 110% of the fair market value of the shares of common stock on the grant date. Except for adjustments as described under Shares Reserved for Issuance Under the 2015 Plan above and Change in Control below, without the approval of the Company's stockholders, the option price shall not be reduced after the Option is granted, an Option may not be cancelled in exchange for cash or another Award, and no other action may be made with respect to an Option that would be treated as a repricing under the rules and regulations of the principal securities exchange on which the common stock is traded.

No Options may be exercised prior to the satisfaction of the conditions and vesting schedule provided for in the 2015 Plan and in the Award Agreement relating thereto. No Option may be exercisable more than 10 years from the grant date, or, if the Option is an ISO granted to a 10% stockholder of the Company, it may not be exercisable more than 10 years from the grant date. Moreover, no Option will be treated as an ISO to the extent that the aggregate fair market value of the common stock subject to the Option (determined as of the date the ISO was granted) which would first

become exercisable in any calendar year exceeds \$100,000. The Committee may

Table of Contents

not, as part of an Option grant, provide for an Option reload feature whereby an additional Option is automatically granted to pay all or a part of the Option exercise price or a part of any related tax withholding requirement.

Restricted Stock and Restricted Stock Units

The Committee may grant to such Eligible Individuals as the Committee may determine, Restricted Stock and RSUs, in such amounts and on such terms and conditions as the Committee shall determine in its sole and absolute discretion. The Committee shall impose such restrictions on any Restricted Stock and RSUs granted pursuant to the 2015 Plan as it may deem advisable including, without limitation, time-based vesting restrictions or the attainment of performance goals (Performance Goals). With respect to a grant of Restricted Stock, the Company may issue a certificate evidencing such Restricted Stock to the Eligible Individual or issue and hold such shares of Restricted Stock for the benefit of the Eligible Individual until the applicable restrictions expire. The Company may legend the certificate representing Restricted Stock to give appropriate notice of such restrictions. Unless otherwise provided in an Award Agreement, until the expiration of all applicable restrictions, (i) the Restricted Stock shall be treated as outstanding, (ii) the Eligible Individual holding shares of Restricted Stock may exercise full voting rights with respect to such shares, and (iii) the Eligible Individual holding shares of Restricted Stock shall be entitled to receive all dividends and other distributions paid with respect to such shares while they are so held. If any such dividends or distributions are paid in shares of common stock, such shares shall be subject to the same restrictions on transferability and forfeitability as the shares of Restricted Stock with respect to which they were paid. Notwithstanding anything to the contrary, at the discretion of the Committee, all such dividends and distributions may be held in escrow by the Company (subject to the same restrictions on forfeitability) until all restrictions on the respective Restricted Stock have lapsed. Holders of the RSUs shall not have any of the rights of a stockholder, including the right to vote or receive dividends and other distributions, until common stock shall have been issued in the Eligible Individual's name pursuant to the RSUs; provided, however the Committee, in its sole and absolute discretion, may provide for dividend equivalents on vested RSUs.

Unless otherwise provided in the 2015 Plan or Award Agreement, common stock will be issued with respect to RSUs no later than March 15 of the year immediately following the year in which the RSUs are first no longer subject to a substantial risk of forfeiture as such term is defined in Section 409A of the Code and the regulations issued thereunder (RSU Payment Date). In the event that the Eligible Individual has elected to defer the receipt of common stock pursuant to an Award Agreement beyond the RSU Payment Date, then the common stock will be issued at the time specified in the Award Agreement or related deferral election form. In addition, unless otherwise provided in the Award Agreement, if the receipt of common stock is deferred past the RSU Payment Date, dividend equivalents on the common stock covered by the RSUs shall be deferred until the RSU Payment Date.

Stock Appreciation Rights

The Committee has the right to grant SARs to Eligible Individuals in such amounts and on such terms and conditions as the Committee shall determine in its sole and absolute discretion. Unless otherwise provided in an Award Agreement, the terms and conditions (including, without limitation, the limitations on the exercise price, exercise period, repricing and termination) of the SAR shall be substantially identical to the terms and conditions that would have been applicable were the grant of the SAR a grant of an Option. Unless otherwise provided in an Award Agreement, upon exercise of a SAR the Eligible Individual shall be entitled to receive payment, in cash, in shares of common stock, or in a combination thereof, as determined by the Committee in its sole and absolute discretion. The amount of such payment shall be determined by multiplying the excess, if any, of the fair market value of a share of common stock on the date of exercise over the fair market value of a share of common stock on the grant date, by the number of shares of common stock with respect to which the SAR are then being exercised. Notwithstanding the foregoing, the Committee may limit in any manner the amount payable with respect to a SAR by including such

limitation in the Award Agreement.

Performance Shares and Performance Units

Performance Shares and Performance Units may be granted to Eligible Individuals under the 2015 Plan. The applicable Award Agreement shall set forth (i) the number of Performance Shares or the dollar value of Performance Units granted to the participant; (ii) the performance period and Performance Goals with respect to each such Award; (iii) the threshold, target and maximum shares of common stock or dollar values of each Performance Share or Performance Unit and corresponding Performance Goals; and (iv) any other terms and conditions as the Committee determines in its sole and absolute discretion. Unless otherwise provided in an Award Agreement, the Committee shall determine in its sole and absolute discretion whether payment with respect to the Performance Share or Performance Unit shall be made in cash, in shares of common stock, or in a combination thereof.

Performance Goals

Performance Goals will be based on one or more of the following criteria: (i) the Company's enterprise value or value creation targets; (ii) the Company's after-tax or pre-tax profits including, without limitation, that attributable to Company's continuing and/or other operations; (iii) the Company's operational cash flow or working capital, or a component thereof; (iv) the Company's operational costs, or a component thereof; (v) limiting the level of increase in all or a portion of bank debt or other of the Company's long-term or short-term public or private debt or other similar financial obligations of the Company, which may be calculated net of cash balances and/or other offsets and adjustments as may be established by the Committee; (vi) earnings per share or earnings per share from the Company's continuing operations; (vii) the Company's net sales, revenues, net income or earnings before income tax or other exclusions; (viii) the Company's return on capital employed or return on invested capital; (ix) the Company's after-tax or pre-tax return on stockholder equity; (x) the attainment of certain target levels in the fair market value of the Company's common stock; (xi) the growth in the value of an investment in the common stock assuming the reinvestment of dividends; and/or (xii) EBITDA (earnings before income tax, depreciation and amortization). In addition, Performance Goals may be based upon the attainment by a subsidiary, division or other operational unit of the Company of specified levels of performance under one or more of the measures described above. Further, the Performance Goals may be based upon the attainment by the Company (or a subsidiary, division, facility or other operational unit) of specified levels of performance under one or more of the foregoing measures relative to the performance of other corporations. To the extent permitted under Section 162(m) of the Code (including, without limitation, compliance with any requirements for stockholder approval), the Committee may, in its sole and absolute discretion: (i) designate additional business criteria upon which the Performance Goals may be based; (ii) modify, amend or adjust the business criteria described herein; or (iii) incorporate in the Performance Goals provisions regarding changes in accounting methods, corporate transactions (including, without limitation, dispositions or acquisitions) and similar events or circumstances. Performance Goals may include a threshold level of performance below which no Award will be earned, levels of performance at which an Award will become partially earned and a level at which an Award will be fully earned.

Non-Transferability

No Award will be transferable by an Eligible Individual other than by will or the laws of descent and distribution, and any Option or SAR will (absent the Committee's consent) be exercisable during an Eligible Individual's lifetime only by the Eligible Individual, except that the Committee may provide in an Award Agreement that an Eligible Individual's may transfer an award to a family member, as such term is defined in the Form S-8 Registration Statement under the Securities Act of 1933, as amended, under such terms and conditions as specified by the Committee.

Amendments to the 2015 Plan

The 2015 Plan may be amended by the Board to the extent that it deems necessary or appropriate provided, however, that the approval of the stockholders shall be required for any amendment: (i) that changes the class of individuals eligible to receive Awards under the 2015 Plan; (ii) that increases the maximum number of shares of

Table of Contents

common stock in the aggregate that may be subject to Awards that are granted under the 2015 Plan (except as otherwise permitted under the 2015 Plan); (iii) the approval of which is necessary to comply with federal or state law or with the rules of any stock exchange or automated quotation system on which the common stock may be listed or traded; or (iv) that proposed to eliminate a requirement provided herein that the stockholders of the Company must approve an action to be undertaken under the 2015 Plan. Except as expressly provided in the 2015 Plan, no amendment, suspension or termination of the 2015 Plan shall, without the consent of the holder of an Award, alter or impair rights or obligations under any Award theretofore granted under the 2015 Plan. Awards granted prior to the termination of the 2015 Plan may extend beyond the date the 2015 Plan is terminated and shall continue subject to the terms of the 2015 Plan as in effect on the date the 2015 Plan is terminated.

Change in Control

Upon the occurrence of a Change in Control (as defined in the 2015 Plan), the Committee may, in its sole and absolute discretion, provide on a case by case basis that (i) all Awards shall terminate, provided that participants shall have the right, immediately prior to the occurrence of such Change in Control and during such reasonable period as the Committee in its sole discretion shall determine and designate, to exercise any Award, (ii) all Awards shall terminate, provided that participants shall be entitled to a cash payment equal to the price per share of common stock paid in the Change in Control transaction, with respect to shares subject to the vested portion of the Award, net of the exercise price thereof, if applicable, (iii) in connection with a liquidation or dissolution of the Company, the Awards, to the extent vested, shall convert into the right to receive liquidation proceeds net of the exercise price (if applicable), (iv) accelerate the vesting of Awards and (v) any combination of the foregoing. In the event that the Committee does not terminate or convert an Award upon a Change in Control of the Company, then the Award shall be assumed, or substantially equivalent Awards shall be substituted, by the acquiring, or succeeding corporation (or an affiliate thereof).

Federal Income Tax Consequence

The rules concerning the federal income tax consequences of Awards under the 2015 Plan are technical, and reasonable persons may differ on their proper interpretation. Moreover, the applicable statutory and regulatory provisions are subject to change, as are their interpretations and applications, which may vary in individual circumstances. Therefore, the following discussion is designed to provide only a brief, general summary description of the federal income tax consequences associated with such grants, based on a good faith interpretation of the current federal income tax laws, regulations (including certain proposed regulations) and judicial and administrative interpretations. The following discussion does not set forth (1) any federal tax consequences other than income tax consequences or (2) any state, local or foreign tax consequences that may apply.

ISOs. In general, an employee will not recognize taxable income upon the grant or the exercise of an ISO. For purposes of the alternative minimum tax, however, the employee will be required to treat an amount equal to the difference between the fair market value of the common stock on the date of exercise over the option exercise price as an item of adjustment in computing the employee's alternative minimum taxable income. If the employee does not dispose of the common stock received pursuant to the exercise of the ISO within either (1) two years after the date of the grant of the ISO or (2) one year after the date of the exercise of the ISO, a subsequent disposition of the common stock generally will result in long-term capital gain or loss to such individual with respect to the difference between the amount realized on the disposition and exercise price. The Company will not be entitled to any federal income tax deduction as a result of such disposition. In addition, the Company normally will not be entitled to take a federal income tax deduction on either the grant date or upon the exercise of an ISO.

If the employee disposes of the common stock acquired upon exercise of the ISO within either of the above-mentioned time periods, then in the year of such disposition, the employee generally will recognize ordinary

income, and the Company will be entitled to a federal income tax deduction (provided the Company satisfies applicable federal income tax reporting requirements), in an amount equal to the lesser of (1) the excess of the fair market value of the common stock on the date of exercise over the option exercise price or (2) the amount realized upon disposition of the common stock over the exercise price. Any gain in excess of such amount recognized by the employee as ordinary income would be taxed to such individual as short-term or long-term capital gain (depending on the applicable holding period).

Non-ISOs. An Eligible Individual will not recognize any taxable income upon the grant of a Non-ISO, and the Company will not be entitled to take an income tax deduction at the time of such grant. Upon the exercise of a Non-ISO, the Eligible Individual generally will recognize ordinary income and the Company will be entitled to a federal income tax deduction (provided the Company satisfies applicable federal income tax reporting requirements) in an amount equal to the excess of the fair market value of the common stock on the date of exercise over the option exercise price. Upon a subsequent sale of the common stock by the Eligible Individual, such individual will recognize short-term or long-term capital gain or loss (depending on the applicable holding period).

SARs. An Eligible Individual will not recognize any taxable income upon the grant of a SAR, and the Company will not be entitled to take an income tax deduction at the time of such grant. An Eligible Individual will recognize ordinary income for federal income tax purposes upon the exercise of a SAR under the 2015 Plan for cash, common stock or a combination of cash and common stock, and the amount of income that the Eligible Individual will recognize will depend on the amount of cash, if any, and the fair market value of the common stock, if any, that the Eligible Individual receives as a result of such exercise. The Company generally will be entitled to a federal income tax deduction in an amount equal to the ordinary income recognized by the Eligible Individual in the same taxable year in which the Eligible Individual recognizes such income, if the Company satisfies applicable federal income tax reporting requirements.

Restricted Stock. The Eligible Individual who receives Restricted Stock generally will not be subject to tax until the shares are no longer subject to forfeiture or restrictions on transfer for purposes of Section 83 of the Code (the Restrictions). At such time the Eligible Individual will be subject to tax at ordinary income rates on the fair market value of the Restricted Stock (reduced by any amount paid by the participant for such Restricted Stock). However, an Eligible Individual who makes an election under Section 83(b) of the Code within 30 days of the date of transfer of the shares will have taxable ordinary income on the date of transfer of the shares equal to the excess of the fair market value of such shares (determined without regard to the Restrictions) over the purchase price, if any, of such restricted shares. Any appreciation (or depreciation) realized upon a later disposition of such shares will be treated as long-term or short-term capital gain (or loss) depending upon how long the shares have been held. If a Section 83(b) election has not been made, any dividends received with respect to restricted shares that are subject to the Restrictions generally will be treated as compensation that is taxable as ordinary income to the participant and not eligible for the reduced tax rate applicable to dividends. The Company generally will be entitled to a federal income tax deduction in an amount equal to the ordinary income recognized by the Eligible Individual in the same taxable year in which the Eligible Individual recognizes such income, if the Company satisfies applicable federal income tax reporting requirements.

Restricted Stock Units. Generally, no income will be recognized upon the award of RSUs. An Eligible Individual who receives RSUs generally will be subject to tax at ordinary income rates on any cash received and the fair market value of any shares of common stock or other property on the date that such amounts are transferred to the Eligible Individual under the award (reduced by any amount paid by the Eligible Individual for such RSU). The Company generally will be entitled to a federal income tax deduction in an amount equal to the ordinary income recognized by the Eligible Individual in the same taxable year in which the Eligible Individual recognizes such income.

Performance Units and Performance Shares. No income generally will be recognized upon the grant of a Performance Unit or Performance Share. Upon payment in respect of a Performance Unit or Performance Share,

the Eligible Individual generally will be required to include as taxable ordinary income in the year of receipt an amount equal to the amount of cash received and the fair market value of any nonrestricted shares of common stock or other property received. The Company generally will be entitled to a federal income tax deduction in an amount equal to the ordinary income recognized by the Eligible Individual in the same taxable year in which the Eligible Individual recognizes such income.

Code Section 162(m). Code Section 162(m) imposes a \$1 million deduction limitation on the compensation paid to a public company's most senior executives unless the compensation meets one of the exceptions to this limitation. One current exception (changes to which are under consideration and cannot be predicted) is for option grants made at fair market value. Another exception is for grants which are made subject to the satisfaction of one or more Performance Goals which are set in accordance with Code Section 162(m) and which are forfeited if there is a failure to satisfy those Performance Goals. The 2015 Plan has been designed so that the Committee can make grants which can satisfy the requirements for these exceptions.

Compensation Discussion and Analysis

Overview

This discussion and analysis describes the material elements of compensation awarded to, earned by, or paid to the named executive officers of the Company during 2016, and provides a brief summary of the compensation to be paid to the executive officers in 2017. Throughout this analysis, the individuals who served as the Chief Executive Officer and Chief Financial Officer during 2016, as well as other individuals included in the Summary Compensation Table and other tables below, are referred to as the named executive officers.

Background. During 2014 and before the March 21, 2015 merger (TBO Merger) between Tiger Media, Inc. (Tiger Media) and The Best One, Inc. (TBO), Tiger Media was engaged in the outdoor advertising business in China. Before the TBO Merger, Peter W. H. Tan served as Chief Executive Officer of Tiger Media and following the TBO Merger, whereby TBO became a wholly-owned subsidiary of the Company, Derek Dubner joined Peter Tan as Co-Chief Executive Officers of the Company. Jacky Wang joined Tiger Media as Chief Financial Officer on August 1, 2014. Before Mr. Wang, during 2014, Peter Tan served as Interim Chief Financial Officer. Tiger Media changed its name to IDI, Inc. in April 2015. Company subsidiary TBO changed its name to IDI Holdings in March 2015. In June 2015, in connection with the continuing shift in the Company's focus towards the big data and analytics sector via subsidiary Interactive Data, the Company's Board approved a plan to discontinue the operations of its Chinese- and British Virgin Islands-based subsidiaries. None of the executives serving the Company during 2014 and through completion of the TBO Merger served as a named executive officer during 2016 and as such neither this discussion nor the tables that follow include 2014 information.

In June 2015, the Board appointed Michael Brauser as the Company's Executive Chairman and principal executive officer, Aaron Solomon as interim Chief Financial Officer, James Reilly as President and Chief Operating Officer, and Mr. Wang changed position from Chief Financial Officer to Chief Accounting Officer. In March 2016, Daniel MacLachlan, who had been the Chief Financial Officer of TBO until early February 2015, was appointed Chief Financial Officer and Mr. Solomon was appointed Senior Vice President of Finance and Administration. In December 2015, the Company provided Peter Tan notice of non-renewal of his employment agreement. In March 2016, the Company's Board of Directors removed Mr. Tan as Co-Chief Executive Officer and appointed Derek Dubner as sole Chief Executive Officer. In July 2016, a temporary injunction was entered against Mr. Reilly, in the matter of TransUnion Risk and Alternative Data Solutions, Inc. vs. James Reilly. On

Table of Contents

March 23, 2017, the court granted Mr. Reilly's motion to modify the temporary injunction from a period of two years to one year. During the pendency of the temporary injunction, Mr. Reilly's responsibilities as President were assigned to Mr. Dubner. Mr. Reilly resumed performance of services for the Company as President effective July 1, 2017 and Mr. Dubner continued as Chief Executive Officer. In August 2016, the Board appointed Harry Jordan as the Company's Chief Operating Officer. In September 2016, the Board appointed Jeff Dell as Chief Information Officer. Also, in September 2016, IDI, Inc. changed its name to Cogint, Inc. and transferred its Common Stock exchange listing to The Nasdaq Stock Market LLC from the NYSE MKT. Effective June 23, 2017, Mr. Brauser's employment agreement was terminated but he continued to serve as Chairman of the Board (but not as a principal executive officer) and began providing strategic consulting services to the Company pursuant to a consulting agreement, as described below.

Material Elements of Our Compensation Policy

The core objective of our compensation programs for 2016 was to secure and retain the services of highly-qualified executives, with the goal of conserving cash and using non-cash compensation as incentive. We use a combination of salary and long-term equity incentives, principally in the form of restricted stock units (RSUs), to compensate our executives.

The Compensation Committee has not engaged the services of outside compensation consultants nor has it used any specific formula, factors, or particular criteria to be met by a named executive officer or assigned any relative weight to any factors or criteria. Rather the Compensation Committee has considered, holistically, the experience, skills, knowledge and responsibilities of the named executive officers in their respective roles taking into account the strategic direction of the business. Thus, as our business has shifted focus from the outdoor advertising business to big data and analytics, we have evolved our compensation strategy to align with our revised strategic focus.

Grants of equity awards are designed to provide a strong incentive for achieving long-term results by aligning the interests of our executives with those of our stockholders, while at the same time encouraging our executives to remain with the Company. The Compensation Committee believes our compensation programs for the named executive officers is appropriately based upon the Company's performance and the performance and level of responsibility of the executive officer.

Before the TBO Merger, compensation matters were largely determined by the Compensation Committee, with input from Mr. Tan other than with respect to his compensation. The Compensation Committee is responsible for the oversight, implementation, and administration of all of the executive compensation plans and programs. At that time, the Compensation Committee was comprised of Steven D. Rubin, who was the Chairman, and Robert Fried. After the TBO Merger, and the subsequent discontinuation of the outdoor advertising business, Messrs. Brauser and Dubner made recommendations to the Compensation Committee other than with respect to their own respective compensation. In December 2015, Donald Mathis, a Fluent designee to our Board, joined the Compensation Committee. In September 2016, Peter Benz joined the Compensation Committee.

Long-Term Equity Incentive Compensation

One of the key elements of our compensation strategy is long-term equity incentives, principally RSUs. A predecessor of the Company adopted the SearchMedia International Limited (SMIL) 2008 Amended and Restated Share Incentive Plan (the 2008 Plan), which established an initial pool of 359,370 equity awards to employees, directors and consultants (SMIL was combined with Ideation Acquisition Corp. (Ideation), a predecessor of the Company in 2009). The 2008 Plan was approved by the combined entities' stockholders at a Special Meeting of Stockholders held on October 27, 2009 and was later amended to increase the number of eligible equity awards to 600,000 shares, and in

September 2011, to 900,000 shares and to 1.2 million shares in December 2013.

Table of Contents

In April 2015, the Compensation Committee adopted the 2015 Plan, which provided a pool of 2.5 million equity awards. The 2015 Plan was approved by the Company stockholders at the Annual Meeting of Stockholders in June 2015. In November 2015, the Board approved an increase of the 2015 Plan from 2.5 million shares to 12.5 million shares. The Compensation Committee determined the increase in the 2015 Plan was warranted as a result of the Company's acquisition by merger of Fluent and the need to establish a pool of equity awards for the Fluent employees, as well as the anticipated expansion of the Company's business, including additional personnel. The increase in the 2015 Plan was approved by the Company stockholders at the Annual Meeting of Stockholders held in June 2016.

Effective September 6, 2017, the Board and the Company's Compensation Committee approved an increase in the number of shares eligible for issuance under the 2015 Plan by 1,000,000, resulting in an aggregate of 13,500,000 shares of Common Stock issuable under the 2015 Plan. Also, the Consenting Stockholders approved the amendment to the 2015 Plan on September 6, 2017 pursuant to the Written Consent.

2016 Compensation Policies and 2017 Compensation Matters

We continue our policy to secure and retain the services of highly-qualified executives and to provide compensation to our executives commensurate and aligned with our performance, advancing both our short- and long-term interests and those of our stockholders. We utilize base salary and non-cash long-term incentives to retain talented executives while conserving cash resources and leveraging a greater portion of overall compensation to non-cash, long-term equity incentives.

When determining base salary, the Compensation Committee did not use any specific formula, factors, or particular criteria to be met by a named executive officer and did not assign any relative weight to any factors or criteria to be considered. Rather, the Compensation Committee exercised its judgment, discretion, and experience with developing businesses by considering all factors deemed relevant. In determining base salaries for 2016, the Compensation Committee considered the experience, skills, knowledge, and responsibilities of the named executive officers in their respective roles.

As a result of providing certain consulting services, Mr. Brauser was granted 175,000 RSUs on April 29, 2015 at a fair value of \$5.60 per share, which vest over three years (the 2015 Brauser RSUs). Mr. Brauser was elected to the Company's Board and was appointed Executive Chairman in June 2015. Mr. Brauser began receiving an annual salary of \$1.00 commencing in September 2015, which was increased to \$25,000 on January 1, 2016.

In recognition of Mr. Brauser's efforts, including those as the driving force in identifying Fluent as a strategic merger partner and consummating the transaction in December 2015, based on Mr. Brauser's preference that compensation for his efforts on behalf of the Company be aligned primarily with the interests of the Company and its stockholders, the Compensation Committee entered into an employment agreement with Mr. Brauser on November 16, 2015 to increase his salary to \$25,000 per annum and provide for the award of 5.0 million RSUs outside of the 2015 Plan at a fair value of \$10.33, subject to stockholder approval (the Fluent Brauser RSUs). The Fluent Brauser RSUs were approved at the 2016 Annual Meeting of Stockholders. The Fluent Brauser RSUs vest over a four-year period, provided that the Company has gross revenue in excess of \$100 million and positive EBITDA in any one fiscal year during the vesting period (the Performance Vesting Conditions). The Company determined the Performance Vesting Conditions were met, effective March 14, 2017, and as a result, 1.25 million of the Fluent Brauser RSUs vested. Mr. Brauser has elected to defer delivery of any vested Fluent Brauser RSUs until his separation from service from the Company or death or disability. In addition, the Fluent Brauser RSUs will vest immediately upon: (i) a change in control, (ii) a termination of Brauser's employment without cause, (iii) Mr. Brauser's termination of his employment for good reason, or (iv) his death or disability (as such terms are defined in the amended employment agreement) (the Additional Vesting Conditions).

Table of Contents

On April 13, 2017, Mr. Brauser received a grant of 125,000 RSUs at a fair value of \$5.60 per share (the 2017 Brauser RSUs, and together with the 2015 Brauser RSUs and the Fluent Brauser RSUs, the Brauser RSUs). The 2017 Brauser RSUs vest over three years, with one third of the 2017 Brauser RSUs having vested on June 1, 2017 and the remaining 2017 Brauser RSUs vesting on June 1, 2018 and 2019 in equal amounts, subject to accelerated vesting under certain conditions.

On August 8, 2017, the Mr. Brauser s employment agreement was terminated, effective June 23, 2017 (the Brauser Effective Date). On August 8, 2017, the Compensation Committee also authorized an amendment to the agreement pursuant to which Mr. Brauser was granted the Fluent Brauser RSUs providing that (i) Mr. Brauser continues to serve as Chairman of the Board from the Brauser Effective Date (but no longer serves as an officer or employee of the Company, and no longer serves as principal executive officer of the Company) and (ii) the Fluent Brauser RSUs will not be forfeited provided Mr. Brauser continues to provide services to the Company in any capacity. Additionally, effective on the Brauser Effective Date Mr. Brauser began providing strategic consulting services to the Company pursuant to a consulting services agreement dated August 8, 2017 (the Brauser Consulting Agreement). Pursuant to the terms of the Brauser Consulting Agreement, Mr. Brauser s service as a consultant will be continued service for purposes of vesting of the Fluent Brauser RSUs, and as such the Fluent Brauser RSUs will continue to vest pursuant to the terms described above. For purposes of the Brauser RSUs from the Brauser Effective Date onwards, cause means (i) a material breach of any obligations under the Brauser Consulting Agreement or of Company policies, if such breach is not cured within 30 days following delivery of written notice specifying and detailing the breach complained of and demanding his cure, (ii) failure to substantially perform the Brauser Services for any reason other than his death or incapacity, (iii) an act of fraud, embezzlement, or theft relating to the Company which has caused material harm to the Company, or any conviction of a felony relating to the Company during the term of the agreement or any felony which materially interferes with his ability to perform the Brauser Services, or (iv) disclosure of the Company s confidential information , as defined in the Brauser Consulting Agreement contrary to the Company s policies or in violation of the agreement. Under the grant agreements of the Brauser RSUs, the Business Combination is deemed a change of control that triggers accelerated vesting, however, the Company expects to accelerate vesting of the Brauser RSUs before the Record Date in anticipation of the Closing of the Business Combination which will allow Mr. Brauser to participate in the Cash Dividend and in the distribution of shares of Red Violet common stock in the Spin-off with respect to these shares.

Mr. Dubner served as our Co-Chief Executive Officer from March 2015 until his appointment as sole Chief Executive Officer on March 2016. Prior to the TBO Merger, Mr. Dubner was employed by TBO pursuant to a September 30, 2014 Employment Agreement that was amended in March 2015. The Company assumed Mr. Dubner s agreement as part of the TBO Merger, whereby TBO became a wholly-owned subsidiary of the Company. Mr. Dubner s base salary was \$200,000 and the agreement provided for a two-year term. The agreement provided that if his employment is terminated without cause or as a result of any successor refusing to accept assignment, or by Mr. Dubner for good reason, or by the Company due to an adverse ruling, as those terms are defined in the agreement, Mr. Dubner will be paid severance equal to Mr. Dubner s base salary for the remainder of the term of his employment agreement, provided, however, Mr. Dubner is not in violation of the Confidentiality, Nondisclosure, Noncompetition, Nonsolicitation and Nondisparagement Agreement attached as Exhibit B to the employment agreement. Mr. Dubner s agreement provided for an initial grant of 400,000 RSUs, which vest quarterly over the term of the agreement and immediately vest upon a change of control of TBO, however, the March 17, 2015 amendment provided that the TBO Merger would not constitute automatic vesting of the initial TBO RSU grants.

The agreement provided for a cash bonus of \$100,000 upon consummation of TBO s sale, merger, consolidation, share exchange or like transaction with a publicly-traded entity and also provided for a cash bonus of \$150,000 upon raising the first \$5.0 million in any financing or series of related financings following a transaction that triggers the first bonus. Mr. Dubner was paid the \$100,000 bonus on the closing of the TBO Merger and was paid the \$150,000 bonus

shares which resulted in approximately \$10.0 million in gross proceeds. On April 29, 2015 Mr. Dubner was granted an additional 175,000 RSUs, which vest over three years.

On August 22, 2015, the Compensation Committee increased Mr. Dubner's salary to \$264,000 per annum, based on his individual and the Company's performance. In recognition of his efforts in closing the Fluent Acquisition and related transactions, the Compensation Committee amended Mr. Dubner's agreement on November 16, 2015 to reflect the previous increase in base salary, to award him 500,000 RSUs under the 2015 Plan, and to extend the term until September 30, 2017. The RSUs vest over three years and are subject to the Performance Vesting Conditions and the Additional Vesting Conditions. The Company determined the Performance Vesting Conditions were met, effective March 14, 2017. On July 7, 2016, the Compensation Committee increased Mr. Dubner's salary to \$325,000 per annum, effective July 1, 2016, based on his individual and the Company's performance in the preceding year.

On April 11, 2017, the Compensation Committee amended Mr. Dubner's agreement to extend the term of his employment through April 30, 2020 and to award him 125,000 RSUs under the 2015 Plan effective April 13, 2017 at a fair value of \$5.60. The RSUs vest over three years, with one third of such RSUs having vested on June 1, 2017 and the remaining RSUs vesting on June 1, 2018 and 2019 in equal amounts. Such RSUs vest in full upon a Company change in control, termination of Mr. Dubner without cause, termination by Mr. Dubner for good reason, Mr. Dubner's death or disability, or a termination of Mr. Dubner due to an adverse ruling (as each such term is defined in the employment agreement). Additionally, pursuant to the amendment, if Mr. Dubner's employment is terminated without cause or as a result of any successor refusing to accept assignment, or by Mr. Dubner for good reason, or by the Company due to an adverse ruling, Mr. Dubner will be paid severance equal to the greater of (x) Mr. Dubner's base salary for the remainder of the term in accordance with the Company's payroll practices in effect from time to time and (y) two (2) years of Mr. Dubner's base salary in accordance with the Company's payroll practices in effect from time to time, provided, however, Mr. Dubner is not in violation of the Confidentiality, Nondisclosure, Noncompetition, Nonsolicitation and Nondisparagement Agreement attached as Exhibit B to the employment agreement. Under the grant agreements of the RSUs awarded to Mr. Dubner, the Business Combination is deemed a change of control that triggers accelerated vesting, however, the Company expects to accelerate vesting of Mr. Dubner's RSUs before the Record Date in anticipation of the Closing of the Business Combination which will allow Mr. Dubner to participate in the Cash Dividend and in the distribution of shares of Red Violet common stock in the Spin-off with respect to these shares.

Finally, on September 5, 2017, the Compensation Committee approved an equity grant under the 2015 Plan to Mr. Dubner of 300,000 shares of restricted Common Stock effective September 7, 2017. 150,000 of such shares vested on the effective date of the grant and 150,000 vest on each of September 1, 2018 and 2019 in equal amounts. Additionally, other than sales of shares to cover taxes related to the grant, Mr. Dubner is subject to a lock-up on the sale of such shares of restricted Common Stock that expires, with respect to one-third of the shares, on each of September 1, 2018, 2019 and 2020. Under the grant agreement for the shares of restricted Common Stock awarded to Mr. Dubner, the Business Combination is deemed a change of control that triggers accelerated vesting, however, the Company expects to accelerate vesting of Mr. Dubner's restricted Common Stock before the Record Date in anticipation of the Closing of the Business Combination.

Mr. Reilly served as the Company's President and Chief Operating Officer from June 2015 through July 2016. Prior to the TBO Merger, Mr. Reilly was employed by TBO pursuant to a September 30, 2014 Employment Agreement that was amended on March 17, 2015. The Company assumed Mr. Reilly's agreement as part of the TBO Merger, whereby TBO became a wholly-owned subsidiary of the Company. Mr. Reilly's base salary was \$200,000 and the agreement provided for a two-year term. Mr. Reilly's agreement provided for an initial grant of 200,000 RSUs, which vest quarterly over the term of the agreement and immediately vest upon a change of control of TBO, however, the March 17, 2015 amendment provided that the TBO Merger would not constitute automatic vesting of the initial TBO

RSU grants.

Table of Contents

The agreement provided for a cash bonus of \$100,000 upon consummation of TBO's sale, merger, consolidation, share exchange or like transaction with a publicly-traded entity. Mr. Reilly was paid the \$100,000 bonus on the closing of the TBO Merger.

On August 22, 2015, the Compensation Committee increased Mr. Reilly's salary to \$264,000 per annum, based on his individual and the Company's performance. In recognition of his efforts in closing the Fluent Acquisition and related transactions, the Compensation Committee amended Mr. Reilly's agreement on November 16, 2015 to reflect the previous increase in base salary, to award him 500,000 RSUs under the 2015 Plan, and to extend the term until September 30, 2017. The RSUs vest over three years and are subject to certain vesting conditions.

In July 2016, a temporary injunction was entered against Mr. Reilly, in the matter of TransUnion Risk and Alternative Data Solutions, Inc. vs. James Reilly. On March 23, 2017, the court granted Mr. Reilly's motion to modify the temporary injunction from a period of two years to one year. During the pendency of the temporary injunction, Mr. Reilly's responsibilities as President were assigned to Mr. Dubner. Mr. Reilly resumed performance of services for the Company as President effective July 1, 2017.

On September 5, 2017, the Compensation Committee amended Mr. Reilly's agreement to extend the term of his employment through April 30, 2020 and modify some of its termination provisions. Additionally, the Compensation Committee accelerated the vesting of 166,666 unvested RSUs awarded to Mr. Reilly that vest on November 16, 2017. Under the grant agreement of the RSUs awarded to Mr. Reilly, the Business Combination is deemed a change of control that triggers accelerated vesting of his unvested RSUs, however, the Company expects to accelerate vesting of Mr. Reilly's RSUs before the Record Date in anticipation of the Closing of the Business Combination which will allow Mr. Reilly to participate in the Cash Dividend and in the distribution of shares of Red Violet common stock in the Spin-off with respect to these shares.

Mr. Solomon served as the Company's Interim Chief Financial Officer from June 2015 through March 29, 2016 and was appointed the Company's Senior Vice President of Finance & Administration on March 29, 2016. His salary is \$158,000 per annum, and he was awarded 50,000 RSUs on April 29, 2015 at a fair value of \$6.50 per share. The RSUs vest over three years. In recognition of his efforts in closing the Fluent Acquisition, Mr. Solomon was granted 50,000 RSUs on November 16, 2015 at a fair value of \$10.33 per share that vest over three years and are subject to the Performance Vesting Conditions and the Additional Vesting Conditions. The Company determined the Performance Vesting conditions were met, effective March 14, 2017. On April 13, 2017, Mr. Solomon received a grant of 30,000 RSUs at a fair value of \$5.60 per share. The Role of Stockholder Say on Pay Votes

The Board, Compensation Committee, and management value the opinions of our stockholders. We provide our stockholders with the opportunity to cast an advisory vote to approve named executive officer compensation, including compensation that may be paid in connection with a change in control or a termination, every year. We refer to this advisory vote as Say on Pay. At our annual meeting of stockholders held on June 13, 2017, approximately 98.7% of the stockholders who voted on the Say on Pay proposal voted in favor of the compensation of our named executive officers as disclosed in our 2017 proxy statement. Although the advisory say on pay vote is non-binding, our Compensation Committee has considered the outcome of the vote and determined not to make material changes to our executive compensation programs because the Compensation Committee believes this advisory vote indicates considerable stockholder support for our approach to executive compensation. Our Compensation Committee will continue to consider the outcome of our Say on Pay votes when making future compensation decisions for our named executive officers.

Report of Independent Auditors

To the directors of Vision 7 International Inc.

We have audited the accompanying consolidated financial statements of **Vision 7 International Inc.** (Successor), which comprise the consolidated statements of financial position as of December 31, 2016 and 2015, and the related consolidated statements of profit and loss and comprehensive income, changes in equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Vision 7 International Inc. at December 31, 2016 and 2015, and the consolidated results of its operations and its cash flows for the years then ended in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board.

1 General Information

Vision 7 International Inc. was created on December 30, 2014 by amalgamation of 1861710 Alberta Inc. and Vision 7 International ULC (Vision 7 ULC or the Predecessor). The address of Vision 7 International Inc. registered office is 1600, 7th Avenue S.W., Suite 421, Calgary, Alberta, Canada, T2P 4K9. Its principal place of business is 300, Saint-Paul Street, Suite 300, Quebec City, Quebec, Canada, G1K 7R1. The parent company is Blue Valor Limited and the ultimate parent company is Blue Focus Communication Group Limited (BlueFocus or the Acquirer).

Vision 7 International Inc. and its subsidiaries (collectively, Vision 7 or the Successor), offer a wide range of integrated communications services under four operating networks: Cossette, Citizen Relations, The Camps Collective/Level Eleven, and V7 Media. Services are designed to help clients reach their business and communication objectives. These services encompass a broad range of marketing communications disciplines, including: advertising; digital and video production; branding and design; brand activation and experiential marketing; sponsorship, events and relationship marketing; CRM, database, direct marketing and promotion; interactive marketing, applications and digital platform development; business-to-business technology solutions (B2B practices); mobile marketing; media buying and channel planning, strategic planning and research; public relations; alliance marketing and social media.

1861710 Alberta Inc. was incorporated under the Alberta Companies Act on November 20, 2014. On December 30, 2014, 1861710 Alberta Inc. acquired all shares issued and outstanding of Vision 7 ULC, a worldwide communication agency based in Canada, having offices in Canada, US and UK, in a view for the 1861710 Alberta Inc. s majority shareholder to accelerate its ambitious growth plans organizations in North America. Prior to December 30, 2014, Vision 7 ULC was wholly-owned by a private equity firm and certain members of management (former shareholders). The total consideration of the acquisition was \$211,730 (the Acquisition) (see note 3a). Prior to the Acquisition, 1861710 Alberta Inc. had not commenced operations and had nominal assets and liabilities. Following the Acquisition, 1861710 Alberta Inc. merged with its newly acquired subsidiary on December 30, 2014 to become Vision 7. Any references to the Company represent both the Successor and the Predecessor.

The Acquisition was accounted for using the purchase method of accounting which resulted in a new basis for the assets acquired and liabilities assumed. Just prior to the Acquisition, the major part of the UK operations of Vision 7 ULC and other smaller subsidiaries were spun off and distributed to the former shareholders. The results of those activities were presented under discontinued operations in the consolidated statements of profit and loss and comprehensive income (loss) of the predecessor (see note 4). The accompanying consolidated financial statements reflect Vision 7 ULC s historical accounting basis for the periods prior to the Acquisition (the Predecessor) and the Company s new accounting basis for the period following the Acquisition (the Successor). The period of January 1, 2014 through December 29, 2014 represents the prior ownership (Predecessor Period) while the period of December 30, 2014 (Commencement of Operations) through December 31, 2014 and the years ended December 31,

Edgar Filing: Cogint, Inc. - Form PRE 14C

2016 and 2015 represent Blue Focus ownership (Successor Periods).

The consolidated statements of profit and loss and comprehensive income (loss), change in equity and cash flows, and the related notes to the consolidated financial statements for the 363-day period ended December 29, 2014 (Predecessor) and for the 2-day period ended December 31, 2014 (Successor) are unaudited.

Table of Contents**2 Summary of Significant Accounting Policies****Basis of Preparation**

The Company's consolidated financial statements for the year ended December 31, 2016 included therein were authorized for issuance by the Board of Directors on March 2, 2017.

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board (IASB) and include the following significant accounting policies.

Functional and Reporting Currency

The Canadian dollar is the functional and reporting currency of the Company and its Canadian controlled entities. The functional currency of certain non-Canadian controlled entities is not the Canadian dollar. Consequently, the statements of profit and loss and comprehensive income (loss), cash flows and financial position of these entities are translated into Canadian dollars for presentation in the Company's consolidated financial statements.

Basis of Consolidation

These consolidated financial statements include all companies in which the Company, directly or indirectly, has more than 50% of the voting rights or over which it exercises control. Companies are included in the consolidation as of the date the control is transferred to the Company. The purchase method of accounting is used to account for acquisitions. Transaction costs are expensed as incurred.

Intercompany transactions, balances, and unrealized gains and losses on transactions among the companies included in the basis of consolidation are eliminated.

Subsidiaries

The principal consolidated wholly-owned subsidiaries of the Company, whose gross income represent more than 5% of total gross income, are as follows:

Name of wholly-owned subsidiary	Country of incorporation
Cossette Communication Inc.	Canada
Citizen Relations L.P. (formerly Citizen Optimum L.P.)	Canada
Citizen Relations LLC	United States
Dare Digital Limited and its subsidiaries, which are incorporated in England and other small entities were included in the scope of the consolidation of the predecessor consolidated financial statements but were presented under discontinued operations (see note 4) because those operations were spun off prior to the Acquisition.	

Investments

An associate is an entity over which the Company has significant influence, generally through an interest of 20% to 50% of the voting rights, and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to exercise significant influence over the strategic operating, investing, and financing policies of an investee even when the investor does not control or jointly control the investee. The investments in associates are accounted for

using the equity value method of accounting.

Investments in equity instruments over which the Company has no significant influence, generally interests of less than 20% of the voting rights, are considered as financial assets. Since the equity instruments of such investments are not quoted in an active market, these investments are carried at cost.

Table of Contents

Use of Estimates and Significant Judgments

The application of the Company's accounting policies requires management to use estimates and judgments that can have a significant effect on the revenues, expenses, comprehensive income (loss), assets and liabilities recognized and disclosures made in the consolidated financial statements. Estimates and judgments are significant when:

the outcome is highly uncertain at the time the estimates and judgments are made; and

if different estimates or judgments could reasonably have been used that would have had a material impact on the consolidated financial statements.

Management's best estimates regarding the future are based on the facts and circumstances available at the time estimates are made. Management uses historical experience, general economic conditions and trends, as well as assumptions regarding probable future outcomes as the basis for determining estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

Financial statement items requiring greater use of management estimates include key economic assumptions used in determining goodwill for impairment testing purposes, the allowance for doubtful accounts, the useful life of assets for amortization, the evaluation of future cash flows expected to be generated by assets, estimated contract revenue and related costs, the determination of the fair value of assets and liabilities in business combinations, provisions for income taxes, the determination of future income tax assets and liabilities, and the determination of the fair value of financial instruments.

Management is also required to use significant judgment in determining if individual brand in a location in which it carries out its activities are individual Cash Generating Units (CGU), or if these units should be aggregated at a broader level to form a CGU. The significant judgments applied by management in determining if locations should be aggregated in a given geographic area to form a CGU include the determination of expected cash inflows and whether a location cash inflows are largely independent from other locations of the said location or whether management views the cash flows of the location in the group as inter-dependent from other locations.

Significant assumptions with respect to share-based payment amounts include an estimate of the volatility of the Company's shares, forfeiture rates and the expected life of the options, which are subject to measurement uncertainty. The assumptions and models used for estimating the fair value for share-based payment transactions are disclosed in note 13.

Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods, if the revision affects both current and future periods. Actual results will differ from the estimates used, and such differences could be material.

Translation of Foreign Currencies

Functional and Reporting Currency

The Company functional and reporting currency is the Canadian dollar.

Foreign Operations

Each foreign operation determines its own functional currency and items included in the consolidated financial statements of each foreign operation are measured using that functional currency. The consolidated financial statements of each foreign operation that have a functional currency different from the Company are translated into Canadian dollars as follows:

assets and liabilities are translated at the exchange rate in effect at the consolidated statement of financial position date;

F-11

Table of Contents

revenues and expenses are translated at the average exchange rate on a yearly basis; and

gains and losses arising from such translation are recognized in other comprehensive income (loss) as cumulative translation adjustments.

Foreign Currency Transactions

Transactions denominated in foreign currencies are translated into the relevant functional currency as follows: monetary assets and liabilities are translated at the exchange rate in effect at the consolidated statement of financial position date and revenues and expenses are translated at the exchange rate prevailing at the transaction date. Non-monetary assets and liabilities are translated at historical rates and foreign exchange gains and losses arising from such translation are reflected in the net income.

Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one party and a financial liability or equity instrument of another party. The Company has classified its financial instruments as follows:

Assets and liabilities at fair value through

profit and loss

Cash and cash equivalents

Loans and receivables

Accounts receivable

Other liabilities

Accounts payable and accrued liabilities

Balance of purchase price of a subsidiary

Loans included in Other

long-term assets

Long-term debt

Financial instruments are recognized on the consolidated statement of financial position when the Company becomes a party to the contractual obligations of the instrument. Initially, financial instruments are recognized at their fair value. Financial assets and financial liabilities are subsequently measured at amortized cost except for investments in equity instruments that are quoted in an active market and balance of purchase price of a subsidiary, in which case they are subsequently measured at fair value. Changes in fair value are recognized in the statement of profit and loss and comprehensive income (loss).

Cash and Cash Equivalents

Cash and cash equivalents consist of cash as well as all highly liquid short-term investments with original maturities of three months or less reduced by the amount of bank overdraft.

Allowance for Doubtful Accounts

Accounts receivable carried at amortized cost are subject to periodic impairment review and are classified as impaired when, in the opinion of management, there is a reasonable doubt as to ultimate collection such that credit-related losses are expected to be incurred in light of all circumstances known at the date of review.

Hedging and Derivative Financial Instruments

The Company uses derivative financial instruments to manage current and anticipated risks related to interest rate fluctuations associated with the Company's credit facility.

The Company uses interest rate swaps as part of its program for managing the combination of fixed and variable interest rates portions of its debt and the corresponding aggregate cost of borrowing.

The interest rate swaps involve an exchange of interest payments without an exchange of the principal underlying the interest payments, and are accounted for as an adjustment to interest expense on the debt instrument. The corresponding amount due to or from counterparties is accounted for as an adjustment to interest expense.

Table of Contents

The Company enters into interest rate swap agreements to reduce the impact of fluctuating interest rates on financial commitments. The Company does not use derivative financial instruments for trading or speculative purposes.

At the balance sheet date, the fair value of the financial asset or liability associated to each interest rate swap, is measured and accounted for in the statement of financial position.

Any change in the fair value of these derivative instruments is recorded in net income.

Work in Progress

Work in progress consists principally of costs incurred in providing production services to clients as well as fees earned but not yet billed to clients. Such amounts are generally billed to clients at various times over the course of the production process.

Premises and Equipment

Premises and equipment acquired through a business acquisition are initially stated at fair value whereas property and equipment acquired previously or subsequent to the acquisition date are recognized at cost. Premises and equipment are amortized when they are ready for use, over their estimated useful lives, using the straight-line method and following periods:

	Periods
Furniture, fixtures and equipment	Ten years
Hardware	Three to five years
Leasehold improvements	The lesser of ten years or the remaining lease term including one renewal option

The estimated useful lives and amortization methods are reviewed at each year-end, with the effect of any changes in estimates accounted for on a prospective basis.

The gain or loss arising on the disposal or retirement of an item of premises and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in the consolidated statement of profit and loss and comprehensive income (loss).

Intangible Assets

a) Internally generated intangible assets
 Research costs are expensed as incurred.

b) System and application softwares
 System and application softwares are mainly purchased externally. The Company records direct costs associated with the development of business software for internal use as system and application softwares if the development costs satisfy the criteria for capitalization.

c) Intangible assets from business combination

The Company acquires intangible assets either as part of a business combination or through separate acquisitions. Intangible assets acquired in a business combination are recorded at their fair value at the date of acquisition and recognized separately from goodwill.

F-13

Table of Contents

d) Amortization

Intangible assets recorded in the successor consolidated financial statements are amortized over their estimated useful lives, using the straight-line method and the following periods:

	Periods
System software	Five years
Application software	Three years
Customer relationships	Ten years

Intangible assets recorded in the predecessor consolidated financial statements are amortized over their estimated useful lives, using the following methods and periods:

	Methods	Periods
System software	Straight-line	Five years
Application software	Straight-line	Three years
Customer relationships	Sum-of-the-years -digits	Five years
Favourable (unfavourable) lease agreements	Straight-line	Remaining lease term

Trade names, due to their nature, have an indefinite life. Consequently, they are not amortized. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

The estimated useful lives and amortization methods are reviewed at each year end, with the effect of any changes in estimates accounted for on a prospective basis.

The gain or loss arising on the disposal or retirement of an item of intangible assets is determined as the difference between sale proceeds and the carrying amount of the asset and is recognized in the consolidated statement of profit and loss and comprehensive income (loss).

Business Combinations and Goodwill

The Company accounts for business combinations using the acquisition accounting method, which requires to determine the fair value of net assets acquired and the related goodwill and other intangible assets. Determining the fair value of assets acquired and liabilities assumed requires management's judgment and involves the use of significant estimates, including projections of future cash inflows and outflows, discount rates, asset lives and market multiples. Considering the characteristics of advertising, specialized marketing and communication services companies, acquisitions usually do not have significant amounts of tangible assets, as the principal asset typically acquired is creative talent. As a result, a substantial portion of the purchase price is allocated to goodwill and other intangible assets.

For each business combination, the acquirer measures the non-controlling interest in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets.

Goodwill is carried at cost less accumulated impairment losses. Goodwill is allocated to each CGU or group of CGUs that is expected to benefit from the related business combination. A CGU is the smallest identifiable group of assets

that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Impairment of Non-financial Assets

Goodwill and Indefinite-life Intangible Assets

The carrying values of identifiable intangible assets with indefinite life and goodwill are tested annually for impairment. Goodwill and indefinite life intangible assets are allocated to CGUs for the purpose of impairment

Table of Contents

testing based on the level at which management monitors it, which is not higher than an operating segment. The allocation is made to those CGUs that are expected to benefit from the business combination in which the goodwill arose. The Company has elected to carry its annual impairment test during the last quarter of each year for all its existing CGUs or at any time if an indicator of impairment exists.

Non-financial Assets with Definite Useful Life

The carrying values of non-financial assets with definite useful life, such as premises and equipment and intangible assets with definite useful life are assessed for impairment whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount of the asset must be determined. Such assets are impaired if their recoverable amount is lower than their carrying amount. If it is not possible to estimate the recoverable amount of an individual asset, the recoverable amount of the CGU to which the asset belongs is tested for impairment.

Recognition of Impairment Charge

The recoverable amount is the higher of an asset's fair value less costs to sell or its value in use. If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. The resulting impairment loss is recognized in the consolidated statement of profit and loss and comprehensive income (loss). Impairment losses on indefinite life intangible assets recognized in prior periods are reassessed at each reporting date for any indications that the loss has decreased or no longer exists. When an impairment loss is subsequently reversed, the carrying amount of the asset or CGU is increased to the revised estimate of its recoverable amount so that the increased carrying amount does not exceed the carrying amount that would have been recorded had no impairment losses been recognized for the asset or CGU in prior years. An impairment loss recognized for goodwill cannot be reversed.

Income Taxes

Income tax expenses comprise current and deferred income taxes. Income taxes are recognized in the consolidated statement of profit and loss except to the extent that it relates to items recognized directly in other comprehensive income (loss) or directly in equity, in which case the income taxes are also recognized directly in other comprehensive income (loss) or equity, respectively.

Current Income Taxes

The current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be paid to or recovered from the taxation authorities. The income tax rates used to calculate the amount are those that are enacted or substantively enacted at the consolidated statements of financial position date in the tax jurisdiction where the Company and its subsidiaries generate taxable income/loss.

Deferred Income Taxes

The Company provides for deferred income taxes using the liability method. Under this method, deferred income tax assets and liabilities are determined based on deductible or taxable temporary differences between carrying values and tax values of assets and liabilities as well as the carryforward of unused tax losses and deductions, using enacted or substantively enacted income tax rates expected at the consolidated statement of financial position date to be in effect for the years in which the assets are expected to be realized or the liabilities to be settled.

Deferred income tax assets are recognized only to the extent that it is probable that they will be recovered.

Deferred tax liabilities are generally recognized for all taxable temporary differences and for taxable temporary differences arising on investments in subsidiaries, except where the reversal of these temporary

Table of Contents

differences can be controlled and it is probable that the differences will not reverse in the foreseeable future. However, deferred tax is not recognized if it arises from the initial recognition of goodwill or the initial recognition of an asset or liability in a transaction other than a business combination that, at the time of the transaction, affects neither accounting nor taxable profit and loss.

Deferred income tax assets and liabilities are presented as non-current in the consolidated statement of financial position.

Tax Credits

Some of the Company's subsidiaries are entitled to certain Canadian federal and provincial tax incentives for qualified scientific research and experimental development (SR&ED) expenditures and some are also entitled to certain refundable tax credits granted by the Government of the Province of Quebec.

These incentives are accounted for as a reduction of related expenditures when the Company has reasonable assurance that the credits will be realized.

Borrowing Costs

Finance costs of borrowing are recognized in the consolidated statement of profit and loss and comprehensive income (loss) over the term of those borrowings.

Revenue Recognition

Revenue is primarily derived from fees and commissions for services, production work and media placement.

Revenue is recognized when all of the following criteria are satisfied: (i) persuasive evidence of an arrangement exists, (ii) the price is fixed or determinable, (iii) ultimate collection is reasonably assured, and (iv) services have been rendered.

Depending on the terms of the client agreements, fees for services performed are recognized under the percentage-of-completion method or equally over the contract term.

Fees are generally recognized as earned based on the percentage-of-completion method in situations where a fee is reconcilable to the actual hours incurred to service the client, or where there is normally a direct relationship between costs incurred and the proportion of the contract performed to date. Labor and costs incurred as a proportion of expected total costs are used as an initial proportional performance measure. This indicative proportional performance measure is subsequently validated against other more subjective criteria (i.e. relevant output measures) such as the percentage of reports delivered to a client or the achievement of any project milestones stipulated in the contract. In the event of divergence between the objective and more subjective measures, the more subjective measures take precedence since these are output measures. In all cases, such revenue being limited to the amount realizable under the client contract and all foreseeable losses are included in earnings when it is determined that such losses are considered likely to occur.

Edgar Filing: Cogint, Inc. - Form PRE 14C

Fees are recognized equally over the contract term when service is provided throughout the contract period, specific resources are available when required, and the terms of the agreement support this method of accounting.

Commissions for media buys are generally earned on broadcast or production date. Some of the contractual arrangements with clients include performance-based incentive provisions which allow the Company to earn additional revenues as a result of its performance relative to both quantitative and qualitative goals. The

F-16

Table of Contents

Company recognizes the incentive portion of revenue under the performance-based contractual arrangements when specific quantitative goals are achieved, or when the performance against qualitative goals is determined by the Company's clients and a written confirmation determining the amount that will be paid is received from the client.

The majority of Company's revenue is recorded as the net amount of its gross billings less pass-through expenses charged to a client. In most cases, the amount that is billed to clients significantly exceeds the amount of revenue that is earned and reflected in the consolidated financial statements because of various pass-through expenses, such as production and media costs. The Company assess whether the agency or the third-party supplier is the primary obligor, and evaluate the terms of its client agreements as part of this assessment. In addition, appropriate consideration is given to other key indicators such as latitude in establishing price, discretion in supplier selection and credit risk to the vendor. Although the Company bears credit risk in respect of these activities, based on the fact that the Company operates broadly as an advertising agency, that the supplier is likely responsible for fulfillment of the service ordered by the client and the Company's revenue is mostly based on a percentage of the amount billed by the supplier, the Company determined that its revenue must be presented on a net basis, since the Company generally acts as an agent on behalf of its clients in its primary lines of business.

As the Company provides services essentially part of its core operations, incidental expenses, commonly referred to as out-of-pocket expenses, are generally incurred. The Company records such expenses, in circumstances where they are reimbursed by clients, as direct costs with no effect on gross income.

Lease Activities

Operating leases and deferred lease obligations

Leases are classified as either operating or finance, based on the substance of the transaction at inception of the lease. The Company leases certain office premises and equipment in which a significant portion of the risks and rewards of ownership are retained by the lessor. These are classified as operating leases. Payments made under these leases (net of any incentives received from the lessor) are charged to the consolidated statement of profit and loss and comprehensive income (loss) on a straight-line basis over the period of the lease. Any difference, including rent-free periods, between the amount paid and the amount recognized in the consolidated statement of profit and loss and comprehensive income (loss) is accounted for as deferred lease obligations.

Deferred lease obligations also include lease inducements. These are amortized on a straight-line basis over the term of the related leases as a reduction of current rental expenses.

Finance leases

Finance leases which transfer to the Company substantially all the risks and benefits of ownership of the asset are capitalized at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Finance expenses are charged to the consolidated statement of profit and loss and comprehensive income (loss) over the period of the agreement. Obligations under finance leases are included in financial liabilities net of finance costs allocated to future periods. Capitalized leased assets are depreciated over the shorter of the estimated life of the asset or the lease term, if there is no reasonable uncertainty that the Company will obtain ownership at the end of the lease term.

Share-Based Compensation

The Company has share-based compensation plans (described at note 13) and accounts for grants under these plans in accordance with the fair-value-based method of accounting for share-based compensation. Compensation expense for share options awarded under the plans is measured at the fair value at the grant date

F-17

Table of Contents

using the Black-Scholes valuation model and is recognized on a straight-line basis over the vesting period of the options granted. The Company estimates its forfeiture rate in order to determine the compensation expense arising from share-based awards.

Discontinued operations

A discontinued operation is a component of the Company that has been disposed of, or is classified as held for sale, and represents a separate major line of business or geographical area of operations and/or is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations. Classification as a discontinued operation occurs upon the earlier of the disposal of the operation (or disposal group) or the date at which the operation meets the criteria for classification as held for sale. When an operation is classified as discontinued, comparative statements of profit and loss and comprehensive income (loss) and cash flows are presented as if the operations had been discontinued at the beginning of the earliest comparative period presented.

New standards and interpretations not yet adopted

Certain new standards, interpretations and amendments to existing standards issued by the IASB or the IFRIC that are not yet effective up to the date of issuance of the Company's consolidated financial statements are listed below. The Company is assessing the impact of these pronouncements on its consolidated results and financial position. The Company intends to adopt those standards when they become effective.

IFRS 9, Financial Instruments: Classification and Measurement

IFRS 9 replaces the guidance in IAS 39, Financial Instruments: Recognition and Measurement, on the classification and measurement of financial assets. The Standard eliminates the existing IAS 39 categories of held-to-maturity, available-for-sale and loans and receivables.

Financial assets will be classified into one of two categories on initial recognition:

financial assets measured at amortized cost; or

financial assets measured at fair value

Under IFRS 9, for financial liabilities measured at fair value under the fair value option, changes in fair value attributable to changes in credit risk will be recognized in other comprehensive income (loss), with the remainder of the change recognized in profit and loss. IFRS 9 is effective for annual periods beginning on or after January 1, 2018 and is to be applied retrospectively with earlier adoption permitted with some exemptions. The Company is currently evaluating the impact of the above standard on its consolidated financial statements.

IFRS 15, Revenue from Contracts with Customers

IFRS 15, Revenue from Contracts with Customers, issued by the IASB in May 2014, and updated in May 2015, is applicable to all revenue contracts and provides a model for the recognition and measurement of gains or losses from sales of some non-financial assets. The core principle is that revenue is recognized to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard will also result in enhanced disclosures about revenue, provide

guidance for transactions that were not previously addressed comprehensively for example, service revenue and contract modifications and improve guidance for multiple-element arrangements. IFRS 15 is effective for annual periods beginning on or after January 1, 2018 and is to be applied retrospectively, with earlier adoption permitted. Entities will transition following either a full or modified retrospective approach. The Company is currently evaluating the impact of the above standard on its consolidated financial statements.

Table of Contents**IFRS 16, Leases**

IFRS 16 is a new standard that applies a control model to the identification of leases, distinguishing between a lease and a service contract on the basis of whether the customer controls the asset being leased. For those assets determined to meet the definition of a lease, IFRS 16 introduces significant changes to the accounting by leases, introducing a single, on-balance sheet accounting model that is similar to the current finance lease accounting, with limited exceptions for short-term leases or leases of low value assets. The standard is effective for annual periods beginning on or after January 1, 2019, with early application permitted for entities that apply IFRS 16. The Company is currently evaluating the impact of the above standard on its consolidated financial statements, but since the Company's business offices are all leased premises, it is expected that long-term assets and liabilities will increase upon the application of this standard.

3 Business Combination**a) Vision 7 ULC**

On December 30, 2014, 1861710 Alberta Inc. acquired all shares issued and outstanding of Vision 7 ULC, a worldwide communication agency based in Canada, having offices in Canada, US and UK, in a view for the acquirer to accelerate its ambitious growth plans organizations in North America (see note 1). The total consideration of the Acquisition is \$211,730 of which an amount of \$188,020 was paid cash at the closing date and the remaining balance was paid through the issuance of 15,000 Class A and 742,827 Class B shares and 1,037,050 vested stock options (see note 13) of the Company. An adjustment amount of \$2,592 was paid in May 2015 following the submission by the sellers of the final value of the acquired company 60 days after the Acquisition date. At the same time, the advance from the parent company amounting to \$4,710 was converted into additional Class A shares. As a consequence of these two transactions, 592,982 Class A shares were issued.

The total consideration was allocated based on management's assessment as to the estimated fair values of net assets at the Acquisition date.

Intangible assets consist of customer relationships for a total amount of \$47,900, which are amortized using the straight-line method over their estimated useful life of ten years and trade names for a total amount of \$28,400, which are not amortized but subject to an annual impairment test. Goodwill is attributable to assembled workforce and to the significant synergies expected to arise after the Acquisition by the acquirer. An amount of \$8,530 (US\$7,352) of the goodwill recognized is deductible for income tax purposes.

b) Cossette Health Inc.

In December 2015, the Company invested \$160 in Cossette Health Inc., a start-up company that delivers communications and digital services to the healthcare industry. It further invested \$490 in March 2016 increasing its ownership interest from 45.5% to 49%. On November 30, 2016, a shareholder left the company and its shares were redeemed. Following this event, the Company acquired the control of Cossette Health. The ownership interest of the Company has then increased from 49% to 73%.

The total consideration was allocated based on management's assessment as to the estimated fair values of net assets at the acquisition date.

c) Black Chalk Marketing

On December 21, 2016, the Company acquired all assets of Black Chalk Marketing, a Toronto based boutique agency created by a team of Canada's communications and event specialists. The total consideration of the acquisition is \$500. On closing date, the Company paid to Black Chalk Marketing the sum of \$200 less \$24 to be collected directly by the vendor from the Black Chalk clients. The balance of purchase price in the amount of \$300 will be paid by the delivery

of two promissory notes in the principal amount of \$150 each, payable in 2017 and 2018. These promissory notes may be adjusted downwards subject to future revenues of experiential business for Citizen North America and Black Chalk Marketing. The Company believes that it is very likely that these promissory notes will be paid entirely and therefore, has recorded a balance of purchase price at a discounted amount of \$280.

The total consideration was allocated based on management's assessment as to the estimated fair values of net assets at the acquisition date. The goodwill recognized of \$456 is attributable to workforce know-how and to the synergies expected to arise after the acquisition by the acquirer. An amount of \$375 is deductible for income tax purposes.

Table of Contents**4 Discontinued Operations (Unaudited)**

On December 29, 2014, the predecessor distributed its interest into the vast majority of its UK operations (UK Spin-off) for no consideration. The Company distributed the fair value of this investment to its shareholders by way of a capital dividend and a reduction of its share capital.

In accordance with the provisions of IFRS 5, upon the UK Spin off, which represented a major geographical area of operations, the UK operations were classified as discontinued operations. As such, relevant amounts in the consolidated statements of profit and loss and comprehensive income (loss) and cash flows have been retroactively reclassified to reflect the UK Spin-off as discontinued operations.

Components of the Company's net loss from discontinued operations are summarized below.

In the fourth quarter of fiscal year 2016, the Company performed its annual indefinite life intangible assets impairment test for its CGUs.

The recoverable amount calculated in the impairment tests was determined based on the value-in-use approach using a discounted cash flow model. The significant key assumptions include anticipated cash flows based on financial plans approved by management covering a five-year period. Other key assumptions used in the cash flows model were as follows:

	2016	2015
Discount rates (pre-tax rates)	From 10.4% to 11.0%	

Edgar Filing: Cogint, Inc. - Form PRE 14C

	(from 12.4% to 14.2%)	From 10.3% to 10.9% (from 12.2% to 14.1%)
Terminal growth rate	3%	3%
Pre-tax relief from royalty	2%	2%

No reasonably possible change of any of these assumptions would result in a carrying amount higher than the recoverable amount.

During its fourth quarter, the Company performed its annual goodwill impairment test for its CGU. For the purposes of the impairment test, goodwill was allocated and tested globally for the following reasons:

Decisions regarding clients such as in which CGU the clients are allocated are taken at the corporate/consolidated level;

Many essential services are managed centrally and are not reallocated;

The primary users of the financial statements analyze the financial performance of the Company primarily on a consolidated basis;

Goodwill is arbitrarily allocated for the purpose of computing foreign exchange difference but is monitored at a consolidated level only.

The recoverable amount calculated in the impairment tests was determined based on the value-in-use approach using a discounted cash flow model. The significant key assumptions include anticipated cash flows based on financial plans approved by management covering a five-year period. Other key assumptions used in the cash flows model were as follows:

	2016	2015
Discount rate (pre-tax rate)	10.6% (14.0%)	10.5% (13.9%)
Terminal growth rate	3%	3%

No reasonably possible change of any of these assumptions would result in a carrying amount higher than the recoverable amount.

Furthermore, the Company is involved from time to time in various types of legal and administrative proceedings in the normal course of its business. Although any litigation contains an element of uncertainty, the management believes that the outcome of such proceedings or claims will not have a material adverse effect on the Company.

Senior Debt*Successor*

In connection with the Acquisition described in note 3a, the Company contracted a \$95,000 four-year term credit facility with a financial institution. Borrowings under the facility can be in the form of letters of guarantee, bankers acceptances, Canadian rate advances, US base-rate advances, US dollar or British pound LIBOR advances, and bear interest accordingly, plus a premium based on certain financial ratios. The facility provides for a \$35,000 term loan and \$60,000 revolving loan. The term loan must be repaid in quarterly instalments representing \$1,050 per quarter in 2017, and \$1,138 per quarter in 2018 with the remainder and the revolving loan being payable on maturity date in December 2018.

Predecessor (Unaudited)

Prior to the Acquisition described in note 3a, the predecessor had an \$80,000 four-year term credit facility with a syndicate of financial institutions amending its current senior credit facility. Borrowings under the facility can be in the form of letters of guarantee, bankers' acceptances, Canadian rate advances, US base-rate advances, US dollar or British pound LIBOR advances, and bear interest accordingly, plus a premium based on certain financial ratios. The facility provided for a \$25,000 term loan and \$55,000 revolving loan. The term loan had to be repaid in quarterly instalments representing \$937.5 per quarter in 2014. The maturity date of the credit facility was initially in March 2017 but was terminated on December 29, 2014 in connection with the Acquisition and as a result the Company entered into a new agreement.

Table of Contents**Cash sweep**

In addition to those repayments, the Company agreed that it shall pay on a yearly basis, an amount equal to 50% of income before interest, taxes, depreciation and amortization, adjusted for certain items as agreed with the financial institution (Adjusted EBITDA) for the fiscal year if the funded debt to Adjusted EBITDA ratio as further described in the credit agreement is 2.5 or higher.

Letters of guarantee

As at December 31, 2016, letters of guarantee totaling an aggregate amount of \$6,695 (\$6,698 in 2015), maturing at various dates from September 2017 to December 2026 have been issued under the Company's credit facility.

Assets pledged as security

This facility is secured by first-ranking hypothecs on all assets of the Company and its wholly-owned subsidiaries, except assets under capital leases. Assets with a carrying amount of \$369,918 (\$379,964 in 2015) have been pledged to secure borrowings of the Company. In addition, the Company's wholly-owned subsidiaries pledged unconditional guarantees in respect of the Company's obligations under this facility. The Company is not allowed to pledge these assets as security for other borrowings or to sell them to a third party without the prior consent of the lenders.

Assets held under capital leases are pledged to secure obligations under their corresponding lease agreements.

Covenants

The Company is subject to financial covenants in its credit facility agreement. The Company is in compliance with all financial covenants.

The minimum annual principal repayments of long-term debt and capital leases are as follows (excluding cash sweep payments):

a) Limited Share Option Plan

Following the Acquisition of Vision 7 ULC, the Company created a plan for the limited purpose of enabling employees, directors and officers of the acquired company to exchange existing in-the-money performance options of

Vision 7 ULC with fully vested options to purchase shares of the Company, in connection with management incentive arrangements forming part of the Acquisition of all the shares in the capital of Vision 7 ULC. No additional rights under this plan shall be created or granted by the Company and all rights expire on December 30, 2024.

b) Successor Share option plan

The Company implemented in December 2015 a new share option plan. Under this new plan, employees at the Company may be granted share options in respect of Vision 7's class C common shares up to an aggregate maximum of 1,746,536 shares. For options granted in 2015, the first tranche vests immediately while the remaining four tranches will vest over a four-year period and the contractual term of these options is ten years from the date of the grant. During the year ended December 31, 2016, compensation costs amounting to \$1,070 (\$433 in 2015) were included in the statement of profit and loss and comprehensive income (loss) under "Salary and professional costs" and in shareholders' equity under "Contributed surplus".

The fair value of option granted was determined using the Black-Scholes option pricing model with the following assumptions:

	Years ended December 31,	
	2016	2015
Risk-free interest rate		Between 0.8% and 1.33%

Edgar Filing: Cogint, Inc. - Form PRE 14C

Volatility	Between 25.2% and 34.5%
Dividend yield on shares	Nil
Expected life	Between 4 to 8 years
Weighted share price	\$8.76
Fair value per option at the grant date	Between \$1.88 and \$3.59

In addition, option valuation models require the input of highly-subjective assumptions, including the expected share price volatility. Any changes in the subjective input assumptions can affect the fair value estimate.

The expected life is based on provisions in the shareholders agreement where 20% of all options can be sold to the majority shareholder each year starting in December 2019.

c) Predecessor Share option plan (Unaudited)

Under the Predecessor's share option plan, employees, directors, and officers of the Company may be granted share options in respect of Vision 7 ULC's Class C common shares, up to an aggregate of 2,993,036 Class C common shares. Any options granted over and above this maximum triggers a conversion ratio. The exercise price of an option shall not be less than the fair value of Vision 7's common shares on the day preceding the date of grant, and the option's maximum term is ten years. These options vest over a five-year period. Half of these options granted are also contingent on the annual and cumulative performance of the Company while vesting over a five-year period. Exercise of these performance-based options is authorized only during a one-month window starting July 9, 2020. Lastly, all vested options at the time of a liquidity event, such as a change of control, become fully exercisable as of the effective date of the event.

Table of Contents

In December 2014, the Company modified its stock option plan to allow option holders the following options for their time-based options:

1. To exercise all rights.
2. To dispose of all rights for a number of shares, the total value being equal to the in-the-money value of the rights prior to a spin-off.
3. To dispose of all rights for a cash amount, the amount being equal to the difference between the price per share payable by an acquirer and the exercise price.

During the period ended December 29, 2014, compensation costs amounting to \$315 were included in the statement of profit and loss and comprehensive income (loss) and in shareholders' equity under Contributed surplus. The amount has been allocated between operating expenses under Salary and professional costs for an amount of \$150 and under net loss from discontinued operations for an amount of \$165.

d) Share Purchase Financing Plan

As part of the Acquisition of Vision 7 ULC, loans that were originally provided to certain employees as financing arrangement for the purpose of facilitating the purchase of Vision 7 ULC's shares by certain employees were amended. In this regard, the Company modified the interest-free loans of certain participants to extend their maturity date from December 2014 to December 2019. Each participant has provided a personal guarantee covering up to 25% of their loan. Since the value of shares ultimately held by these employees and given as guarantee of the loans are significantly higher than their respective loan and compensation regarding such loans was already accounted for in the acquired company, the plan has not been accounted for as a share-based compensation plan.

In May 2016, the Company implemented a financing arrangement for an aggregate amount of \$370 for the purpose of facilitating the purchase of 46,823 Vision 7's class A shares by a senior executive. In this regard, the Company entered into an interest-free loan with this participant, which is reimbursable by December 2021 and covers 90% of the shares purchased. The participant has provided a personal guarantee covering up to 25% of his loan.

Given the foregoing, the Company originally accounted for the share purchase financing plan as follows: 25% of the amount loaned (\$93) as other long-term assets, and the remaining 75% of the amount loaned as a reduction of share capital. The share-based compensation costs related to the equity portion of the financing has been estimated using the Black-Scholes valuation model with the following assumptions:

	Year ended December 31, 2016
Risk-free interest rate	Between 0.53% and 0.54%
Volatility	Between 24.58% and 26.06%
Dividend yield on shares	Nil
Expected life	Between 1 to 5 years
Weighted share price	\$8.79

Edgar Filing: Cogint, Inc. - Form PRE 14C

Fair value per share at the grant date	Between \$0.60 and \$1.54
During the year ended December 31, 2016, compensation costs amounting to \$17 were included in the statement of profit and loss and comprehensive income (loss) under Salary and professional costs and in shareholders equity under Contributed surplus .	

The non-guaranteed portion of the all loans representing an amount of \$816 (\$1,833 in 2015) is presented as a reduction of share capital.

17 Capital Management

The Company defines the components of its capital structure as follows:

1. shareholders' equity;
2. long-term debt, including the current portion; and
3. short-term borrowings (including bank overdraft).

The Company's objectives when managing capital are to:

1. maintain financial flexibility in order to preserve its ability to meet financial obligations and execute its operating and strategic plans;
2. deploy capital to provide an appropriate investment return to its shareholders; and
3. maintain a balance between the shareholder's equity and the liability components of the capital structure to allow multiple financing options to the Company should a financing need arise.

The Company's financial strategy is designed and formulated to maintain a flexible capital structure consistent with the objectives stated above and to respond to changes in economic conditions and the risk characteristics of the underlying assets. The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. The Company monitors its capital structure through measuring, on a current and prospective basis, debt-to-EBITDA and ensures its ability to service debt and meet other fixed obligations by tracking its fixed charge coverage ratio.

The Company is subject to financial covenants in its operating credit facility agreement, which are measured on a quarterly basis. The Company is in compliance with all financial covenants.

Finally, the Company is not subject to any external requirements arising from regulatory or similar authorities.

18 Financial Instruments

a) Financial Risk Management

The Company is exposed to various risks through its financial assets and liabilities. The following analysis provides a measurement of risks as at December 31, 2016.

Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial asset fails to meet its contractual obligations.

The Company's principal financial assets consist of cash and cash equivalents, accounts receivable and certain other long-term assets, which represent the Company's exposure to credit risk in relation to financial assets.

The Company is protected against any concentration of credit risk through its customers and geographic diversity. As at December 31, 2016, the maximum credit risk exposure for receivables corresponds to their carrying value.

Generally, the Company does not require collateral or other security from customers for trade accounts receivable; however, credit is extended following an evaluation of creditworthiness. In addition, the Company performs on-going credit reviews of all its customers and establishes an allowance for doubtful accounts when accounts are determined to be uncollectible.

Table of Contents

Changes in the allowance for doubtful accounts were as follows as at:

	2016	2015
	\$	\$
Balance Beginning of year	264	393
Impairment losses recognized	278	381
Impairment losses reversed		(37)
Recovered during the year	(240)	(116)
Amount written-off	(39)	(359)
Foreign exchange rate differences		2
Balance End of year	263	264

The credit risk in respect of cash and cash equivalents is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The credit risk in respect of certain other long-term assets is limited because common shares acquired by the participants are pledged as security to the Company and represent more than the value of the loans granted to employees. Each participant provides a personal guarantee covering a minimum of 25% of his or her loan.

Market Risk

Market risk is the risk that changes in market prices due to foreign exchange rates, interest rates and equity prices will affect the value of the Company's financial instruments. The objective of market risk management is to mitigate and control exposures within acceptable parameters while optimizing the return on risk.

Foreign Currency Risk Management

As the Company operates internationally, it is exposed to currency risks as a result of potential exchange rate fluctuations.

The Company's closing and average exchange rates for 2016 and 2015 are as follows:

	2016		2015	
	Average	Closing	Average	Closing
US dollar / Canadian dollar	1.3248	1.3427	1.2787	1.3840
Great Britain Pound / Canadian dollar	1.7962	1.6564	1.9540	2.0407
Hong-Kong dollar / Canadian dollar	0.1707	0.1732	0.1658	0.1786

Sensitivity analysis

Foreign exchange risk arises on financial instruments that are denominated in foreign currencies. The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure of the Company's financial instruments recorded in its statement of financial position. The impact on earnings before tax (EBT) for fiscal year 2016 is the following:

	Variation	CAD/USD	CAD/GBP	Effect on EBT CAD/HKD
Gain (loss)	+10%	\$ 135	\$ 137	\$ 76

The Company's results, in its respective functional currencies are subject to fluctuations as a consequence of exchange rate movements where transactions are made in currencies other than the functional currencies. In

F-38

Table of Contents

addition, most of cash inflows and outflows in entities having a functional currency other than the reporting currency is done in their respective functional currency. The Company then considers these risks to be relatively limited and therefore does not hedge its foreign exchange risk.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has an interest rate risk exposure arising from its fixed- and variable-rate financial instruments. In light of the current composition of cash and cash equivalents, and long-term debt (ratio of fixed- to variable-rate debt), fixed-rate instruments expose the Company to fair value risk, while variable-rate instruments give rise to cash flow risk exposure.

Management of Interest Rate Risk

The Company has entered into interest rate swap agreements in order to address the interest rate risk inherent in the senior debt, which accrues interest at variable rates as described in note 12. Under the terms of the agreements, maturing in December 2018, the Company receives from the counterparty a monthly payment equal to the CDOR 1-month amount of interest on a notional amount of \$10,000 and pays the counterparty a fixed rate of 1.13%. The carrying value and fair value of these instruments as at December 31, 2016 is \$8 (\$58 in 2015) in favor of the counterparty and has been included in note 12.

As at December 31, 2016, the fair value of the swap agreements was determined with reference to a quotation from one of its financial institution which the Company accepts as the fair value of this instrument.

Sensitivity analysis

The interest rate risk primarily relates to financial instruments carried at fair value. Assuming a 100-basis point increase in interest rates impacting the measurement of these financial instruments, as of December 31, 2016 and 2015, taking into account the interest rate swaps, the impact on EBT would have been a negative adjustment of \$212 as at December 31, 2016 (\$306 in 2015).

Liquidity Risk

Liquidity risk is the risk that the Company will not have the resources to meet its obligations as they fall due.

The Company has contractual obligations (note 15) and financial liabilities (notes 11 and 12), and is thus exposed to liquidity risk.

The following maturity analysis of financial assets and liabilities was as follows as at December 31, 2016:

	Carrying amount	Undiscounted Cash Flows			Total
		Less than 1 year	1 to 3 years	3 to 5 years	
Cash and cash equivalents	4,909	4,909			4,909

F-39

Table of Contents

The Company believes that future cash flows generated by operations and access to additional liquidity through capital and banking markets will be adequate to meet its financial obligations. With senior management oversight, the Company manages the cash resources based on financial forecasts and anticipated cash flows.

b) Fair Value of Financial Instruments

The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Company's financial instruments take into account the credit risk embedded in the instrument. For financial assets, the credit risk of the counterparty is considered whereas for financial liabilities, the Company's credit risk is considered.

In order to determine the fair value of its financial instruments, the Company uses, when active markets exist, quoted prices from these markets (Level 1 fair value). When public quotations are not available in the market, fair values are determined using valuation techniques. When inputs used in the valuation techniques are only inputs directly and indirectly observable in the marketplace, fair value is presented as Level 2 fair value. If fair value is assessed using inputs that require considerable judgment from the Company in interpreting market data and developing estimates, fair value is presented as Level 3 fair value. For Level 3 fair value, the use of different assumptions and/or estimation methodologies may have a material effect on the estimated fair values.

Cash and cash equivalents, accounts receivable and accounts payable and accrued liabilities are reflected in the consolidated financial statements at carrying values that approximate fair values because of the short-term maturities of these financial instruments.

The long-term debt has a fair value approximately equal to its face value as at December 31, 2016, due to its market rate of interest.

Valuation techniques and assumptions applied for the purposes of measuring fair value

The Company must maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The Company primarily applies the market approach for recurring fair value measurements. The three input levels used by the Company to measure fair value are the following:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 Quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Table of Contents

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment. The fair value of financial assets and liabilities by level of hierarchy was as follows, as at December 31, 2016:

Fair value hierarchy	Total	Level 1	Level 2	Level 3
Loans granted to employees	272		272	
Assets	272		272	
Long-term debt	31,150		31,150	
Obligations under capital lease	804		804

Liabilities	31,962		31,962	

19 Related-party Transactions

An amount of \$570 was paid to We Are Social Ltd., a company owned by Blue Focus Communications Group, for the rent of the Company's United Kingdom office premises (nil in 2015).

Table of Contents**Share Option Plan**

The Company implemented in December 2015 a new share option plan. Under this new plan, employees at Vision 7 may be granted share options in respect of Vision 7's class C common shares up to an aggregate maximum of 1,746,536 shares. During 2017, the company issued 377,500 options (nil in 2016), vesting rateably over a five-year period. During the six-month period ended June 30, 2017, compensation costs amounting to \$528 (\$552 in 2016) were included in the statement of profit and loss and comprehensive income under "Salary and professional costs" and in shareholders' equity under "Contributed surplus".

The fair value of option granted was determined using the Black-Scholes option pricing model with the following assumptions:

	Six-month period ended June 30,	
	2017	2016
Risk-free interest rate	Between 1.1% and 1.6%	
Volatility	Between 27.1% and 29.8%	
Dividend yield on shares	Nil	
Expected life	Between 3 to 7 years	
Weighted share price	\$9.86	
Fair value per option at the grant date	Between \$2.01 and \$3.40	

In addition, option valuation models require the input of highly-subjective assumptions, including the expected share price volatility. Any changes in the subjective input assumptions can affect the fair value estimate.

The expected life is based on provisions in the shareholders' agreement where 20% of all options can be sold to the majority shareholder each year starting in December 2019.

The following table summarizes the share option plan activity during the six-month periods ended:

		Weighted average exercise price		Weighted average exercise price	
		June 30, 2017	2017	June 30, 2016	2016

Section 33 Related Party Disclosures Compensation for key management personnel
The financial statements of the Company are consolidated in the financial statements of the Group.

Company statement of comprehensive income

As permitted by s408 Companies Act 2006, the Company has not presented its own statement of comprehensive income. The Company's profit for the year was £84,118 (2015: loss of £94,770).

Basis of consolidation

The consolidated financial statements incorporate those of We Are Very Social Limited and all of its subsidiaries (i.e. entities that the Group controls through its power to govern the financial and operating policies so as to obtain economic benefits). Subsidiaries acquired during the year are consolidated using the purchase method. Their results are incorporated from the date that control passes. All financial statements are made up to 31 December.

Table of Contents

All intra-group transactions, balances and unrealized gains on transactions between Group companies are eliminated on consolidation. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by other members of the Group.

The cost of a business combination is the fair value at the acquisition date, of the assets given, equity instruments issued and liabilities incurred or assumed, plus directly attributable costs. The excess of the cost of a business combination over the fair value of the identifiable assets, liabilities and contingent liabilities acquired is recognized as goodwill.

Where a transaction results in an increased or decreased shareholding in a subsidiary, but control is not gained or lost, any excess of consideration paid or received and the carrying amount of the non-controlling interest is recognized directly in equity.

Where a transaction results in control being gained over an investment which was previously accounted for under the equity method, the carrying value of the investment is impaired to cost and thereafter accounted for as a business combination.

Investments in associates are measured using the equity method on consolidation.

Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the Group and the Company have adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

Turnover

Turnover is recognized at the fair value of the consideration received or receivable for the sale of public relations consultancy and marketing services provided to external customers in the ordinary nature of the business. The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates. Turnover is shown net of Value Added Tax.

Turnover is recognized as contract activity progresses, in accordance with the terms of the contractual agreement and the stage of completion of the work. It is in respect of the provision of promotional services including fees, commissions, and rechargeable expenses subject to specific contract. When recorded turnover exceeds the amounts invoiced to clients, the excess is classified as accrued income.

Intangible fixed assets goodwill

Goodwill is capitalized and written off evenly over 10 years as, in the opinion of the directors, this represents the period over which the goodwill is expected to give rise to economic benefits.

Intangible fixed assets other than goodwill

Research and development

The Company capitalizes development expenditure as an intangible asset when it is able to demonstrate all of the following:

- (a) The technical feasibility of completing the development so the intangible asset will be available for use or sale.

F-59

Table of Contents

- (b) Its intention to complete the development and to use or sell the intangible asset.
- (c) Its ability to use or sell the intangible asset.
- (d) A market exists for the asset
- (e) The availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset.

(f) Its ability to measure reliably the expenditure attributable to the intangible asset during its development. Capitalized development expenditure is initially recognized at cost and subsequently measured at cost less accumulated amortization and accumulated impairment losses.

Capitalized development expenditure is amortized on a straight line basis over its useful life, which is 36 months. The directors consider these useful lives to be appropriate because this is the period in which the group is expected to receive the majority of the economic benefit.

All research expenditure and development expenditure that does not meet the above conditions is expensed as incurred.

Other intangible assets

Intangible assets are initially recognized at cost and are subsequently measured at cost less accumulated amortization and accumulated impairment losses. Intangible assets are amortized to profit or loss on a straight-line basis over their useful lives, as follows:-

Purchased software 33.34% straight line

Amortization is revised prospectively for any significant change in useful life or residual value.

Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost net of depreciation and any impairment losses. Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost or valuation of each asset to its estimated residual value on a straight line basis over its expected useful life, as follows:

Leasehold buildings	Over the term of the lease
Plant and machinery	25% to 50% straight line
Fixtures, fittings and equipment	25% straight line

Residual value is calculated on prices prevailing at the reporting date, after estimated costs of disposal, for the asset as if it were at the age and in the condition expected at the end of its useful life.

Fixed asset investments

Interests in subsidiaries and associates are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognized immediately in profit or loss.

A subsidiary is an entity controlled by the Company. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

F-60

Table of Contents

An associate is an entity, being neither a subsidiary nor a joint venture, in which the Group holds a long term interest and where the Group has significant influence. The Group considers that it has significant influence where it has the power to participate in the financial and operating decisions of the associate.

Impairments of fixed assets

At each reporting end date, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Group of cash-generating units for which a reasonable and consistent allocation basis can be identified. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Recognized impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) prior years. A reversal of an impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried in at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

Financial assets

The Group has elected to apply the provisions of Section 11 Basic Financial Instruments and Section 12

Other Financial Instruments Issues of FRS 102 to all of its financial instruments.

Financial assets are recognized in the Group's statement of financial position when the Group becomes party to the contractual provisions of the instrument.

Financial assets are classified as either basic or other financial assets. The classification depends on certain criteria determined at the time of recognition.

F-61

Table of Contents

Basic financial assets

Basic financial assets, which include trade and other receivables and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortized cost using the effective interest method, unless the arrangement constitutes a financing transaction. Where the arrangement constitutes a financing arrangement, the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Other financial assets classified as fair value through profit or loss are measured at fair value.

Other financial assets

Financial assets classified as other financial assets are stated at fair value with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss includes any dividend or interest earned on the financial asset.

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. The impairment loss is recognized in profit or loss.

Derecognition of financial assets

Financial assets are derecognized only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

Financial liabilities

Financial liabilities are classified as either basic or other financial liabilities.

Basic financial liabilities

Basic financial liabilities are initially measured at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. They are subsequently measured at amortized cost using the effective interest method, with interest expense recognized on an effective yield basis.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the net carrying amount on initial recognition.

Other financial liabilities

Financial liabilities classified as other financial liabilities are stated at fair value with any gains or losses arising on remeasurement recognized in profit or loss.

Derecognition of financial liabilities

Financial liabilities are derecognized when, and only when, the Group's obligations are discharged, cancelled, or they expire.

F-62

Table of Contents

Equity instruments

Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs.

Dividends payable on equity instruments are recognized as liabilities once they are no longer at the discretion of the Group.

Taxation

The tax expense represents the sum of the current tax expense and deferred tax expense. Current tax assets are recognized when tax paid exceeds the tax payable.

Current and deferred tax is charged or credited in profit or loss, except when it relates to items charged or credited to other comprehensive income or equity, when the tax follows the transaction or event it relates to and is also charged or credited to other comprehensive income, or equity.

Current tax assets and current tax liabilities and deferred tax assets and deferred tax liabilities are offset, if and only if, there is a legally enforceable right to set off the amounts and the entity intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Current tax is based on taxable profit for the year. Taxable profit differs from total comprehensive income because it excludes items of income or expense that are taxable or deductible in other periods. Current tax assets and liabilities are measured using tax rates that have been enacted or substantively enacted by the reporting date.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is not discounted.

Deferred tax liabilities are recognized in respect of all timing differences that exist at the reporting date.

Timing differences are differences between taxable profits and total comprehensive income that arise from the inclusion of income and expenses in tax assessments in different periods from their recognition in the financial statements. Deferred tax assets are recognized only to the extent that it is probable that they will be recovered by the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is recognized on income or expenses from subsidiaries, associates, branches and interests in jointly controlled entities, that will be assessed to or allow for tax in a future period except where the Group is able to control the reversal of the timing difference and it is probable that the timing difference will not reverse in the foreseeable future.

Deferred tax is recognized on differences between the value of assets (other than goodwill) and liabilities recognized in a business combination and the amounts that can be deducted or assessed for tax. The deferred tax recognized is adjusted against goodwill.

Provisions

Provisions are recognized when the Group has a legal or constructive present obligation as a result of a past event, it is probable that the Group will be required to settle that obligation and a reliable estimate can be made of the amount of

the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the reporting end date, taking into account the risks and uncertainties surrounding the obligation.

F-63

Table of Contents

Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognized at present value. When a provision is measured at present value the unwinding of the discount is recognized as a finance cost in profit or loss in the period it arises.

Employee benefits

The costs of short-term employee benefits are recognized as a liability and an expense, unless those costs are required to be recognized as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognized in the period in which the employee's services are received.

Retirement benefits

For defined contribution schemes the amount charged to profit or loss is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments.

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessees. All other leases are classified as operating leases.

Rentals payable under operating leases, after deducting any lease incentives received, are charged to income on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the lease asset are consumed.

Foreign exchange

Transactions in currencies other than the functional currency (foreign currency) are initially recorded at the exchange rate prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary assets and liabilities denominated in foreign currencies are translated at the rate ruling at the date of the transaction, or, if the asset or liability is measured at fair value, the rate when that fair value was determined.

All translation differences are taken to profit or loss, except to the extent that they relate to gains or losses on non-monetary items recognized in other comprehensive income, when the related translation gain or loss is also recognized in other comprehensive income.

Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

F-64

Table of Contents

Impairment of assets

Assets are reviewed for impairment at each reporting date to assess whether any current or future events and circumstances suggest that their recoverable amount may be less than the carrying value. The recoverable amount is the present value of expected future cash inflows. The accuracy of any such impairment calculation will be affected by unexpected changes to the economic situation, and assumptions which differ from actual outcomes. As such, judgement is applied when determining the levels of provisioning.

Amortization period of goodwill

The directors have estimated the useful economic life of the goodwill recognized in relation to the acquisition of We Are Social Srl at 10 years. The accuracy of the estimate may be affected by future business growth and risks.

Critical areas of judgement

Operating lease commitments

In categorising leases as finance leases or operating leases, management makes judgements as to whether significant risks and rewards of ownership have transferred to the Company as lessee.

Company statement of comprehensive income

As permitted by s408 Companies Act 2006, the Company has not presented its own statement of comprehensive income. The Company's loss for the year and total comprehensive loss for the year were £94,770 (2014: loss of £73,338).

Period of account and comparative period of account

The entity changed its accounting reference date from 30 June to 31 December in the year ended 31 December 2014 in order to align the accounting period with that of the ultimate parent. These financial statements cover the year from 1 January 2015 to 31 December 2015. The comparative period of these financial statements is the period of 18 months from 1 July 2013 to 31 December 2014.

Basis of consolidation

The consolidated financial statements incorporate those of We Are Very Social Limited and all of its subsidiaries (i.e. entities that the Group controls through its power to govern the financial and operating policies so as to obtain economic benefits). Subsidiaries acquired during the year are consolidated using the purchase method. Their results are incorporated from the date that control passes. All financial statements are made up to 31 December.

All intra-group transactions, balances and unrealized gains on transactions between Group companies are eliminated on consolidation. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by other members of the Group.

The cost of a business combination is the fair value at the acquisition date, of the assets given, equity instruments issued and liabilities incurred or assumed, plus directly attributable costs. The excess of the cost of a business combination over the fair value of the identifiable assets, liabilities and contingent liabilities acquired is recognized as goodwill.

Where a transaction results in an increased or decreased shareholding in a subsidiary, but control is not gained or lost, any excess of consideration paid or received and the carrying amount of the non-controlling interest is recognized directly in equity.

Where a transaction results in control being gained over an investment which was previously accounted for under the equity method, the carrying value of the investment is impaired to cost and thereafter accounted for as a business combination.

Investments in associates are measured using the equity method on consolidation.

Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the Group and the Company have adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements

F-85

Table of Contents

Turnover

Turnover is recognized at the fair value of the consideration received or receivable PR consultancy and marketing services provided to external customers in the ordinary nature of the business. The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates. Turnover is shown net of Value Added Tax.

Turnover is recognized as contract activity progresses, in accordance with the terms of the contractual agreement and the stage of completion of the work. It is in respect of the provision of promotional services including fees, commissions, and rechargeable expenses subject to specific contract. When recorded turnover exceeds the amounts invoiced to clients, the excess is classified as accrued income.

Intangible fixed assets goodwill

Goodwill is capitalized and written off evenly over 10 years as, in the opinion of the directors, this represents the period over which the goodwill is expected to give rise to economic benefits.

Intangible fixed assets other than goodwill

Research and development

The Company capitalizes development expenditure as an intangible asset when it is able to demonstrate all of the following:

- (a) The technical feasibility of completing the development so the intangible asset will be available for use or sale.
 - (b) Its intention to complete the development and to use or sell the intangible asset.
 - (c) Its ability to use or sell the intangible asset.
 - (d) A market exists for the asset
 - (e) The availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset.
 - (f) Its ability to measure reliably the expenditure attributable to the intangible asset during its development.
- Capitalized development expenditure is initially recognized at cost and subsequently measured at cost less accumulated amortization and accumulated impairment losses.

Capitalized development expenditure is amortized on a straight line basis over its useful life, which is 36 months. The directors consider these useful lives to be appropriate because this is the period in which the group is expected to

receive the majority of the economic benefit.

All research expenditure and development expenditure that does not meet the above conditions is expensed as incurred.

Other intangible assets

Intangible assets are initially recognized at cost and are subsequently measured at cost less accumulated amortization and accumulated impairment losses. Intangible assets are amortized to profit or loss on a straight-line basis over their useful lives, as follows:-

Purchased software 33.34% straight line

Amortization is revised prospectively for any significant change in useful life or residual value.

Table of Contents**Tangible fixed assets**

Tangible fixed assets are initially measured at cost and subsequently measured at cost net of depreciation and any impairment losses. Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost or valuation of each asset to its estimated residual value on a straight line basis over its expected useful life, as follows:

Leasehold buildings	Over the term of the lease
Plant and machinery	25% to 50% straight line
Fixtures, fittings and equipment	25% straight line

Residual value is calculated on prices prevailing at the reporting date, after estimated costs of disposal, for the asset as if it were at the age and in the condition expected at the end of its useful life.

Fixed asset investments

Interests in subsidiaries and associates are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognized immediately in profit or loss.

A subsidiary is an entity controlled by the Company. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

An associate is an entity, being neither a subsidiary nor a joint venture, in which the Group holds a long term interest and where the Group has significant influence. The Group considers that it has significant influence where it has the power to participate in the financial and operating decisions of the associate.

Impairments of fixed assets

At each reporting end date, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Group of cash-generating units for which a reasonable and consistent allocation basis can be identified. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is

recognized immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Recognized impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating

F-87

Table of Contents

unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) prior years. A reversal of an impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried in at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

Financial assets

The Group has elected to apply the provisions of Section 11 Basic Financial Instruments and Section 12 Other Financial Instruments Issues of FRS 102 to all of its financial instruments.

Financial assets are recognized in the Group's statement of financial position when the Group becomes party to the contractual provisions of the instrument.

Financial assets are classified as either basic or other financial assets. The classification depends on certain criteria determined at the time of recognition.

Basic financial assets

Basic financial assets, which include trade and other receivables and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortized cost using the effective interest method, unless the arrangement constitutes a financing transaction. Where the arrangement constitutes a financing arrangement, the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Other financial assets classified as fair value through profit or loss are measured at fair value.

Other financial assets

Financial assets classified as other financial assets are stated at fair value with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss includes any dividend or interest earned on the financial asset.

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. The impairment loss is recognized in profit or loss.

Derecognition of financial assets

Financial assets are derecognized only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

F-88

Table of Contents

Financial liabilities

Financial liabilities are classified as either basic or other financial liabilities.

Basic financial liabilities

Basic financial liabilities are initially measured at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. They are subsequently measured at amortized cost using the effective interest method, with interest expense recognized on an effective yield basis.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the net carrying amount on initial recognition.

Other financial liabilities

Financial liabilities classified as other financial liabilities are stated at fair value with any gains or losses arising on remeasurement recognized in profit or loss.

Derecognition of financial liabilities

Financial liabilities are derecognized when, and only when, the Group's obligations are discharged, cancelled, or they expire.

Equity instruments

Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs.

Dividends payable on equity instruments are recognized as liabilities once they are no longer at the discretion of the Group.

Taxation

The tax expense represents the sum of the current tax expense and deferred tax expense. Current tax assets are recognized when tax paid exceeds the tax payable.

Current and deferred tax is charged or credited in profit or loss, except when it relates to items charged or credited to other comprehensive income or equity, when the tax follows the transaction or event it relates to and is also charged or credited to other comprehensive income, or equity.

Current tax assets and current tax liabilities and deferred tax assets and deferred tax liabilities are offset, if and only if, there is a legally enforceable right to set off the amounts and the entity intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Current tax is based on taxable profit for the year. Taxable profit differs from total comprehensive income because it excludes items of income or expense that are taxable or deductible in other periods. Current tax assets and liabilities are measured using tax rates that have been enacted or substantively enacted by the reporting date.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is not discounted.

F-89

Table of Contents

Deferred tax liabilities are recognized in respect of all timing differences that exist at the reporting date. Timing differences are differences between taxable profits and total comprehensive income that arise from the inclusion of income and expenses in tax assessments in different periods from their recognition in the financial statements. Deferred tax assets are recognized only to the extent that it is probable that they will be recovered by the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is recognized on income or expenses from subsidiaries, associates, branches and interests in jointly controlled entities, that will be assessed to or allow for tax in a future period except where the Group is able to control the reversal of the timing difference and it is probable that the timing difference will not reverse in the foreseeable future.

Deferred tax is recognized on differences between the value of assets (other than goodwill) and liabilities recognized in a business combination and the amounts that can be deducted or assessed for tax. The deferred tax recognized is adjusted against goodwill.

Provisions

Provisions are recognized when the Group has a legal or constructive present obligation as a result of a past event, it is probable that the Group will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the reporting end date, taking into account the risks and uncertainties surrounding the obligation.

Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognized at present value. When a provision is measured at present value the unwinding of the discount is recognized as a finance cost in profit or loss in the period it arises.

Employee benefits

The costs of short-term employee benefits are recognized as a liability and an expense, unless those costs are required to be recognized as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognized in the period in which the employee's services are received.

Retirement benefits

For defined contribution schemes the amount charged to profit or loss is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments.

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessees. All other leases are classified as operating leases.

Rentals payable under operating leases, after deducting any lease incentives received, are charged to income on a straight line basis over the term of the relevant lease except where another more systematic basis is more

representative of the time pattern in which economic benefits from the lease asset are consumed.

F-90

Table of Contents

Foreign exchange

Transactions in currencies other than the functional currency (foreign currency) are initially recorded at the exchange rate prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary assets and liabilities denominated in foreign currencies are translated at the rate ruling at the date of the transaction, or, if the asset or liability is measured at fair value, the rate when that fair value was determined.

All translation differences are taken to profit or loss, except to the extent that they relate to gains or losses on non-monetary items recognized in other comprehensive income, when the related translation gain or loss is also recognized in other comprehensive income.

Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Impairment of assets

Assets are reviewed for impairment at each reporting date to assess whether any current or future events and circumstances suggest that their recoverable amount may be less than the carrying value. The recoverable amount is the present value of expected future cash inflows. The accuracy of any such impairment calculation will be affected by unexpected changes to the economic situation, and assumptions which differ from actual outcomes. NOTES TO FINANCIAL STATEMENTS

1 KEY ACCOUNTING POLICIES

i. Basis of preparation

The interim condensed consolidated financial statements have been prepared in accordance with FRS 104 Interim Financial Reporting. The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group's financial statements for the year ended 31 December 2016, which were prepared in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland and in accordance with the requirements of the Companies Act.

The same policies and methods as followed in the annual report have been used in the preparation of the interim condensed consolidated financial statements.

The information relating to the six months ended 30 June 2017 and the six months ended 30 June 2016 is unaudited and does not constitute statutory financial statements within the meaning of section 434 of the Companies Act 2006.

The Group's statutory financial statements for the year ended 31 December 2016 have been reported on by its auditor and delivered to the Registrar of Companies. The report of the auditor was unqualified and did not draw attention to any matters by way of emphasis, or contain a statement under section 498(2) or (3) of the Companies Act 2006.

ii. Basis of consolidation

The consolidated financial statements incorporate those of We Are Very Social Limited and all of its subsidiaries (i.e. entities that the Group controls through its power to govern the financial and operating policies so as to obtain economic benefits). Subsidiaries acquired during the year are consolidated using the purchase method. Their results are incorporated from the date that control passes. All financial statements are made up to 30 June.

All intra-group transactions, balances and unrealized gains on transactions between Group companies are eliminated on consolidation. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by other members of the Group.

The cost of a business combination is the fair value at the acquisition date, of the assets given, equity instruments issued and liabilities incurred or assumed, plus directly attributable costs. The excess of the cost of a business combination over the fair value of the identifiable assets, liabilities and contingent liabilities acquired is recognized as goodwill.

Where a transaction results in an increased or decreased shareholding in a subsidiary, but control is not gained or lost, any excess of consideration paid or received and the carrying amount of the non-controlling interest is recognized directly in equity.

Where a transaction results in control being gained over an investment which was previously accounted for under the equity method, the carrying value of the investment is impaired to cost and thereafter accounted for as a business combination.

Investments in associates are measured using the equity method on consolidation.

iii. Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the Group and the Company have adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

iv. Turnover

Turnover is recognized at the fair value of the consideration received or receivable for the sale of public relations consultancy and marketing services provided to external customers in the ordinary nature of the business. The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates. Turnover is shown net of Value Added Tax.

Turnover is recognized as contract activity progresses, in accordance with the terms of the contractual agreement and the stage of completion of the work. It is in respect of the provision of promotional services including fees, commissions, and rechargeable expenses subject to specific contract. When recorded turnover exceeds the amounts invoiced to clients, the excess is classified as accrued income.

2 TURNOVER AND PROFIT ON ORDINARY ACTIVITIES BEFORE TAXATION

The turnover of the Group and profit before taxation were all derived from its principal activity.

INDIGO SOCIAL, LLC

NOTES TO FINANCIAL STATEMENTS

NOTE 1 Summary of Significant Accounting Policies

Nature of Operations

Indigo Social, LLC (Indigo or the Company) is a limited liability company formed on December 21, 2016, under the laws of the State of Delaware that commenced operations on January 9, 2017. Indigo provides global marketing services.

Basis of Presentation

The accompanying financial statements include the accounts and transactions of Indigo Social, LLC, which is a wholly owned subsidiary of SNK AD, Inc.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the use of estimates and assumptions by management in determining the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities known to exist as of the date the financial statements are published, and the reported amount of revenues and expenses recognized during the periods presented. We review all significant estimates affecting our financial statements on a recurring basis and record the effect of any necessary adjustments prior to their publication. Judgments and estimates are based on our beliefs and assumptions derived from information available at the time such judgments and estimates are made. Uncertainties with respect to such estimates and assumptions are inherent in the preparation of financial statements. Estimates are primarily used in our assessment of the allowance for doubtful accounts and revenue recognition for customer contracts.

Classifications of Current Assets and Liabilities

Assets and liabilities are classified as current or non-current on the basis of expected realization or payment within or beyond one year.

Revenue Recognition

We recognize revenue in accordance with FASB Accounting Standards Codification (FASB ASC) Topic 605, Revenue Recognition. Revenue is recognized when the service is performed in accordance with the client arrangement and upon the completion of the earnings process. Prior to recognizing revenue, persuasive evidence of an arrangement must exist, the sales price must be fixed or determinable, delivery, performance and acceptance must be in accordance with the client arrangement and collection must be reasonably assured.

For service contracts that we enter into with our customers, we act as a principal. In addition to the services we perform, we contract directly with other third-party suppliers for media, production, or other ancillary services that our customers require. We are responsible for payment for the services that those entities provide. We record revenue for the services we perform and the cost of the services of the independent third parties.

The nature of our business is that we enter into contracts to provide services for our customers. Accordingly, we recognize revenue on a proportional performance basis. The proportional performance basis is generally applied in service arrangements that require the performance of more than one act of service. Under this method, revenue is recognized based on the pattern of performance as each act is performed. The facts and circumstances of each situation is assessed to determine the pattern of performance for the recognition of revenue. A majority of our contracts are fixed fee in nature and the pattern of performance that revenue is recorded is based on a

F-126

Table of Contents

percentage of completion of milestone deliverables as defined in the contract. Additionally, we have fixed fee jobs that are performed on a monthly basis, where the pattern of performance is the services that are performed in that particular month. For those contracts, revenue is recognized monthly.

Revenues recognized in excess of amounts billed are classified under current assets as unbilled work in progress. Billings in excess of revenues are classified under current liabilities as deferred revenue.

We may incur costs subject to change orders, whether approved or unapproved by the customer, and/or claims related to certain contracts and we may even earn bonuses above and beyond our contracted fees. We determine the probability that such costs or bonuses will be recovered based upon evidence such as past practices with the customer, specific discussions, preliminary negotiations or verbal approvals with the customer. We treat items as a cost of contract performance in the period incurred if it is not probable that the costs will be recovered, or will recognize revenue if it is probable that the contract price will be adjusted and can be reliably estimated. As of September 30, 2017, there were no unapproved change orders recorded as revenue. There were \$85,000 of earned bonuses included in revenue at September 30, 2017.

Operating Expenses

Operating expenses are comprised of consultant fees and other contracted service costs. A majority of the Company's operating services are provided by a related party. See note 2. Additionally, other administrative support services, which includes management, occupancy, and other overhead costs and support services are provided by a related party at no charge to Indigo.

We provide an allowance for doubtful accounts when collection of an account receivable is considered doubtful. Receivables are written off against the allowance when deemed uncollectible. Inherent in the assessment of the allowance for doubtful accounts are certain judgments and estimates including, among others, the customer's access to capital, the customer's willingness or ability to pay, general economic and market conditions and the ongoing relationship with the customer. We consider accounts receivable delinquent after 60 to 90 days, but do not generally include delinquent accounts in our analysis of the allowance for doubtful accounts unless the accounts receivable have been outstanding for 90 days. In addition to balances that have been outstanding for 90 days, we also include accounts receivable in our analysis of the allowance for doubtful accounts if they relate to customers in bankruptcy or with other known difficulties. Material changes in our customers' business or cash flows, which may be impacted by negative economic and market conditions, could affect our ability to collect amounts due from them. Based upon our analysis, we determined that an allowance for doubtful accounts of \$0 was appropriate as of September 30, 2017.

Should our customers experience financial difficulties or file for bankruptcy, we could experience reduced cash flows and losses in excess of current allowances provided. We do not have any off balance sheet credit exposure to our customers.

We recognize unbilled receivables in circumstances such as when: revenue has been earned and recorded but the amount cannot be billed under the terms of the contract until a later date; costs have been incurred but are yet to be billed under cost reimbursement type contracts; or amounts arise from routine lags in billing (for example, work completed one month but not billed until the next month).

Income Taxes

Indigo is treated as a limited liability company (LLC) for federal income tax purposes. As such, Indigo's income, losses, and credits are included in the income tax returns of its member.

Indigo recognizes uncertain tax positions in accordance with accounting principles generally accepted in the United States of America. The tax effects from an uncertain tax position can be recognized in the financial

F-127

Table of Contents

statements, only if the position is more likely than not to be sustained on audit, based on the technical merits of the position. Indigo management has determined that there are no material tax uncertainties at September 30, 2017. With few exceptions, Indigo is no longer subject to U.S. federal, state, or local income tax examinations by tax authorities for the years before 2013. Indigo management has determined that there are no material tax uncertainties at September 30, 2017.

NOTE 2 Due to Related Party

Under an informal service agreement, an entity related through common ownership provides employees, consultants, and administrative support to perform Indigo's marketing services. Indigo is expected to reimburse the entity for direct (Salaries and Wages, travel, supplies) and indirect costs (rent and equipment) of providing these services. Related party expenses were \$619,008 for the period ending September 30, 2017 and are included within operating expenses on the statement of operations. The balance owed by Indigo to the related party at September 30, 2017 was \$219,987. Other administrative support services, which includes management, occupancy, and other overhead costs and support services, are provided by a related party at no charge to Indigo.

NOTE 3 Concentrations

Revenue

Revenues from one customer accounted for 100% of total revenues for the period ending September 30, 2017.

Accounts Receivable

One customer accounted for 100% of total accounts receivable at September 30, 2017.

NOTE 4 Subsequent Events

We have evaluated subsequent events occurring through October 31, 2017, the date that the financial statements were available to be issued for events requiring recording or disclosure in our financial statements.

Prior to September 30th, 2017 the ownership of Indigo has approved a transaction that will contribute its ownership of Indigo into a merger with other related and unrelated entities. Terms of the transaction are still being negotiated and approved by other unrelated entities.

NOTE 5 New Accounting Standards

ASU 2016-02 In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. Under this guidance, an entity is required to recognize right-of-use assets and lease liabilities on its balance sheet and disclose key information about leasing arrangements. This guidance offers specific accounting guidance for a lessee, a lessor and sale and leaseback transactions. Lessees and lessors are required to disclose qualitative and quantitative information about leasing arrangements to enable a user of the financial statements to assess the amount, timing and uncertainty of cash flows arising from leases. This guidance is effective for annual reporting periods beginning after December 15, 2019, including interim periods within that reporting period, and requires a modified retrospective adoption, with early adoption permitted. Indigo is currently evaluating the impact on our financial statements upon the adoption of this guidance.

ASU 2014-09 In May 2014, the Financial Accounting Standards Board (FASB) issued ASU 2014-09 (*ASU 2014-09*), *Revenue from Contracts with Customers (Topic 606)*, which will supersede the current revenue recognition requirements in Topic 605, Revenue Recognition. ASU 2014-09 is based on the principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU 2014-09

F-128

also requires additional disclosure about the nature, amount, timing, and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. The new guidance will be effective for Indigo's year ending December 31, 2019. Indigo has not yet determined the potential effects of the new standard on its financial statements.

UNAUDITED CONDENSED CONSOLIDATED AND COMBINED PRO FORMA FINANCIAL STATEMENTS

The following Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements are based on the historical financial statements of the Contributed Entities and cogint after giving effect to the proposed Business Combination of the companies, and the assumptions, reclassifications and adjustments described in the accompanying notes to the Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements. The unaudited Condensed Consolidated and Combined Pro Forma Balance Sheet as of September 30, 2017 gives effect to the Business Combination as if it had occurred on that date. The unaudited Condensed Consolidated and Combined Pro Forma Statements of Operations for the nine months ended September 30, 2017 and for the year ended December 31, 2016 give effect to the Business Combination as if it had occurred on January 1, 2016.

The Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements should be read in conjunction with (i) cogint's historical consolidated financial statements as of and for the nine months ended September 30, 2017 and for the year ended December 31, 2016 and the accompanying notes thereto, which are prepared in accordance with US GAAP; (ii) Vision 7's historical financial statements for the six months ended June 30, 2017 and for the year ended December 31, 2016 and the accompanying notes thereto, which are prepared in accordance with IFRS; (iii) WAVS's historical financial statements for the six months ended June 30, 2017 and for the year ended December 31, 2016 and the accompanying notes thereto, which are prepared in accordance with UK GAAP; (iv) Indigo's historical financial statements for the nine months ended September 30, 2017 and for the year ended December 31, 2016 and the accompanying notes thereto, which are prepared in accordance with US GAAP; and (v) the accompanying Notes to the Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements.

Based on preliminary evaluation, for accounting purposes, the Company will recognize the Business Combination in accordance with Accounting Standards Codification (ASC) 805-40, *Reverse Acquisitions*. Preliminarily, we have concluded that the Company will be the accounting acquiree in the Business Combination, with the Contributed Entities being the accounting acquirer, based on the following factors: (i) the existence of a controlling financial interest and the relative voting rights of the two parties (upon the Closing of the Business Combination, the Company will issue to BlueFocus shares of the Company's common stock, representing 63.0% of the Company's common stock on a fully diluted, basis after giving effect to such issuance); (ii) the composition of the board of directors of the combined entity (the board of directors of the combined company will be composed of seven directors with certain current directors resigning and the remaining directors appointing the new directors as provided for in the Stockholders' Agreement); and (iii) the composition of senior management of the combined entity (the current executive officers will resign and the new directors will appoint new executive officers).

Under the reverse acquisition, the accounting acquiree, the Company, will issue equity shares to the owner of the Contributed Entities, the accounting acquirer. For accounting treatment, the consideration transferred by the Contributed Entities for its interest in the Company will be based on the number of equity shares that the Contributed Entities would have issued to give the current owners of the Company the same equity interest percentage in the combined entity that results from the reverse acquisition. The fair value of the number of equity shares that the Contributed Entities would have issued, combined with the Cash Consideration, will be used as the fair value of consideration transferred in exchange for the Company.

Under the acquisition method of accounting, the assets (including identifiable intangible assets) and liabilities of the Company as of the effective date of the transaction will be recorded and those amounts will be added to those of the Contributed Entities. Any excess of purchase price over the fair value of the net assets acquired will be recorded as goodwill. Financial statements of the Company to be issued after the Closing will reflect these fair values and will not

be restated retroactively to reflect the historical financial position or results of operations of the Company. Following the Closing of the Business Combination, and subject to the finalization of the purchase price allocation, the earnings of the combined entity will include the effect of any purchase accounting adjustments, including any increased depreciation and amortization associated with fair value adjustments to the assets acquired and liabilities assumed.

Table of Contents

The unaudited pro forma financial data included in this Information Statement is based on the historical financial statements of cogint and the Contributed Entities, including Vision 7, WAVS and Indigo, and on publicly available information and certain assumptions that we believe are reasonable, which are described in the notes to the Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements included in this Information Statement. We have not performed a detailed valuation analysis necessary to determine the fair market values of cogint's assets to be acquired and liabilities to be assumed. For the purpose of the Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements, the preliminarily estimated acquisition consideration has been based on 80,000,000 shares of cogint's common stock owned by the current cogint shareholders, on a fully diluted basis, and the Cash Consideration of \$100.0 million. The preliminary acquisition consideration has been allocated to certain assets and liabilities using management assumptions as further described in the accompanying notes. After the Closing of the Business Combination, we will complete the valuation of the fair value of the assets acquired and the liabilities assumed and determine the useful lives of the assets acquired.

The Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements are provided for informational purpose. The pro forma information provided is not necessarily indicative of what the combined company's financial position and results of operations would have actually been had the Business Combination been completed on the dates used to prepare these pro forma financial statements. The adjustments to fair value and the other estimates reflected in the accompanying Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements may be materially different from those reflected in the combined company's consolidated financial statements subsequent to the Closing of the Business Combination. In addition, the Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements do not purport to project the future financial position or results of operations of the combined company. Reclassifications and adjustments may be required if changes to the Company's financial presentation are needed to conform cogint and the Contributed Entities' accounting policies.

These Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements do not give effect to any anticipated synergies, operating efficiencies or cost savings that may be associated with the transaction. These financial statements also do not include any integration costs the companies may incur related to the Business Combination as part of combining the operations of the companies, but do include the elimination of certain non-recurring expenses related to the Business Combination.

**NOTES TO UNAUDITED CONDENSED
CONSOLIDATED AND COMBINED PRO FORMA FINANCIAL STATEMENTS**

1. Basis of Presentation

The preceding Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements have been prepared by the Company based on the historical financial statements of cogint and the Contributed Entities, including Vision 7, WAVS and Indigo, to illustrate the effects of the proposed Business Combination. The unaudited pro forma financial data included in this Information Statement is based on the historical financial statements of cogint and the Contributed Entities, and on publicly available information and certain assumptions that we believe are reasonable, which are described below in the Notes to the Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements. The historical financial information is adjusted in the Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements to give effect to pro forma events that are (1) directly attributable to the proposed Business Combination, (2) factually supportable, and (3) with respect to the condensed combined statements of operations, expected to have a continuing impact on the combined results.

The Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements included herein have been prepared in accordance with the rules and regulations of the SEC. Certain information and certain footnote disclosures normally included in the financial statements prepared in accordance with US GAAP have been condensed or omitted pursuant to such rules and regulations; however, management believes that the disclosures are adequate to make the information presented not misleading.

The unaudited pro forma condensed combined financial information does not reflect any integration activities or cost savings from operating efficiencies, synergies, asset dispositions or other restructurings that could result from the acquisition.

2. Summary of Business Operations and Significant Accounting Policies

The Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements have been prepared in a manner consistent with the accounting policies adopted by the Company. The accounting policies followed for financial reporting on a pro forma basis are the same as those disclosed in the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016, as filed with the SEC on March 14, 2017. The Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements do not assume any material differences in accounting policies among cogint and the Contributed Entities. Upon consummation of the Business Combination, we will review the accounting policies of cogint and the Contributed Entities to ensure conformity of such accounting policies to those of the Company and, as a result of that review, we may identify differences among the accounting policies of the such entities, that when conformed, could have a material impact on the combined financial statements. At this time, we are not aware of any difference that would have a material impact on the Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements.

Table of Contents**3. Foreign Currency and US GAAP conversion adjustments**

cogint and Indigo's historical consolidated financial statements are prepared in accordance with US GAAP and their reporting currency is US dollars. Vision 7's historical financial statements are prepared in accordance with IFRS and its reporting currency is Canadian Dollars. WAVS's historical financial statements are prepared in accordance with UK GAAP and its reporting currency is UK Pounds. For the preparation of the pro forma financial information as presented in the Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements, we have converted Vision 7 and WAVS's financial statements to US GAAP. In addition, we have also translated Vision 7 and WAVS's historical financial information from Canadian Dollars and UK Pounds, respectively, to US Dollars, using the following historical exchange rates:

	Vision 7 (USD to Canadian Dollars)	WAVS (USD to UK Pounds)
Average exchange rate for the nine months ended September 30, 2017 (Statement of Operations)	1.3029	0.7771
Average exchange rate for the year ended December 31, 2016 (Statement of Operations)	1.3229	0.7468
Period end exchange rate as of September 30, 2017 (Balance Sheet)	1.2509	0.7464

4. Preliminarily Estimated Acquisition Consideration

On September 6, 2017, the Company entered into the Business Combination Agreement with BlueFocus, pursuant to which, the Company will issue to BlueFocus shares of the Company's common stock, representing 63.0% of the Company's common stock on a fully diluted basis after giving effect to such issuance. BlueFocus will contribute to the Company (i) the Contributed Entities, (ii) the Cash Consideration of \$100.0 million, and if applicable, certain net working capital adjustments. Under the reverse acquisition, the acquisition consideration transferred by the Contributed Entities for their interest in cogint will be based on the number of equity shares that the Contributed Entities would have issued to give the current owners of cogint the same equity interest percentage in the combined company that results from the reverse acquisition. The fair value of the estimated number of equity shares of 80.0 million that the Contributed Entities would have issued, combined with the Cash Consideration (as presented below), will be used as the preliminary fair value of consideration transferred in exchange for the Company.

(In thousands, except for share data)

Estimated shares of common stock owned by the current cogint shareholders	80,000,000
Closing market price as of September 30, 2017	\$ 4.90
Fair value of shares of common stock	392,000
Cash Consideration	101,646
Preliminary acquisition consideration	\$ 493,646

The Cash Consideration of \$101,646 includes the estimated remaining Cash Contribution (including \$20.0 million to be capitalized in Red Violet), after the payment of transaction-related expenses as of the Closing, plus cash and cash equivalents balance of cogint (excluding Red Violet).

(In thousands)

Cash Contribution	\$ 100,000
Less: Estimated payment of transaction-related expenses as of the Closing	(8,425)
Plus: Cash and cash equivalents balance of cogint	10,071
 Total Cash Consideration	 \$ 101,646

The preliminary estimated acquisition consideration, currently based on the closing price of the Company's common stock on September 30, 2017 of \$4.90, may change significantly if the trading price of the Company's

PF-7

Table of Contents

common stock fluctuates materially from the market value as of September 30, 2017. If the share price were to decrease by 10% or increase by 10%, the impact to total consideration and goodwill generated from the transaction would be as follows:

	10% decrease in the value of cogint common stock	Based on \$4.90, closing price of cogint common stock as of September 30, 2017	10% increase in the value of cogint common stock
Total acquisition consideration	\$ 454,446	\$ 493,646	\$ 532,846
Goodwill – excess of purchase price over identifiable assets acquired and liabilities assumed	\$ 429,507	\$ 468,707	\$ 507,907

Based on preliminary evaluation, for accounting purposes, the Company will recognize the Business Combination in accordance with ASC 805-40, *Reverse Acquisitions*. Preliminarily, we have concluded that the Company will be the accounting acquiree in the Business Combination, with the Contributed Entities being the accounting acquirer. Under the acquisition method of accounting, as of effective time of the Business Combination, the assets acquired, including the identifiable intangible assets, and liabilities assumed from cogint will be recorded at their respective fair values. Any excess of the purchase price for the Business Combination over the net fair value of cogint's identified assets and liabilities assumed will be recorded as goodwill. The preliminary estimated acquisition consideration would be allocated as indicated in the table in Note 5 below.

We have not performed a detailed valuation analysis necessary to determine the fair value of cogint's assets to be acquired and liabilities to be assumed. Accordingly, the pro forma financial statements include only a preliminary allocation of the purchase price for certain assets and liabilities based on assumptions and estimates. After the Closing of the Business Combination, we will complete the valuation of the fair value of the assets acquired and the liabilities assumed and determine the useful lives of the assets acquired. The adjustments to fair value and the other estimates, including amortization expense, reflected in the accompanying Unaudited Condensed Consolidated and Combined Pro Forma Financial Statements may be materially different from those reflected in the Company's consolidated financial statements subsequent to the Closing of the Business Combination.

5. Preliminary Pro Forma and Acquisition Accounting Adjustments

(a) Reflects the impact of the Spin-off. As a condition to the Closing of the Business Combination, immediately before the Closing, cogint will contribute its IDI Business into Red Violet. The shares of Red Violet will be distributed as a stock dividend to cogint stockholders of record as of the Record Date and to holders of derivative securities who are entitled to participate in such a dividend in accordance with the terms of their securities. An amount up to \$20.0 million of the Cash Consideration will be capitalized to Red Violet at the time of the Spin-Off, which is reflected in the total Cash Consideration. Refer to Note 4 above.

(b) Reflects the carryover capital structure inherited from the Company (attributable to the legal structure of the transaction).

- (c) Reflects the issuance of estimated 80.0 million shares of common stock, with the preliminary fair value of \$392,000, as a portion of the acquisition consideration to the current cogint shareholders, under the reverse acquisition. Refer to Note 4 above for details.

- (d) Reflects the Cash Consideration of \$101,646, which includes the estimated remaining Cash Contribution of \$91,575 (the total Cash Contribution of \$100.0 million minus the estimated payment of transaction-related expenses as of the Closing of \$8,425, of which \$2,200 has been accrued for as of September 30, 2017) and cash and cash equivalents balance of cogint (excluding Red Violet) of \$10,071.

PF-8

Table of Contents

Transaction-related expenses of \$2,200 has been included in accrued expenses and other current liabilities of cogint's historical financial statements as of September 30, 2017, which will be settled through the payment of \$8,425 (as mentioned above).

- (e) Reflects the elimination of cogint's historical equity capital.
- (f) Reflects the assumed refinancing of cogint's indebtedness as of the Closing of the Business Combination. Pursuant to the Business Combination Agreement, BlueFocus will repay, assume, or refinance cogint's indebtedness as of the Closing of the Business Combination. Based on the current information available, we believe it is probable that BlueFocus will refinance the current indebtedness. As such, we used the assumption of a five-year long-term debt in the aggregate amount of \$70.0 million, with an estimated annual interest rate of 6.5%. Interest expense arising from the refinanced debt is estimated to decrease by \$3,610 and \$3,848 for the nine months ended September 30, 2017 and for the year ended December 31, 2016, respectively. A sensitivity analysis of the estimated annual interest rate is shown below for the refinanced debt:

(In thousands)	Based on 5.9%, 10% decrease	Based on 6.5%	Based on 7.2%, 10% increase
Pro form adjustment of interest expense for the nine months ended September 30, 2017	\$ (3,912)	\$ (3,610)	\$ (3,256)
Pro form adjustment of interest expense for the year ended December 31, 2016	\$ (4,174)	\$ (3,848)	\$ (3,469)

Table of Contents

The Business Combination will result in the recognition of deferred tax liabilities of approximately \$44,951 related to the amortizable intangible assets of \$118,292, based on an expected effective income tax rate of 38%.

As the intangible assets of cogint (excluding Red Violet) will be revalued, the write-off of long-lived assets of \$3,626 will be eliminated for the nine months ended September 30, 2017.

In addition, the acquisition consideration payable in stock of \$10,225 is settled by the issuance of 2,750,000 shares of cogint's common stock to Selling Source.

- (h) Reflects the increase in the amortization expenses of \$2,014 and \$2,549 for the nine months ended September 30, 2017 and for the year ended December 31, 2016, respectively, resulting from the estimated increase in the fair value of intangible assets.
- (i) Reflects the estimated changes in share-based compensation expense. Pursuant to the Business Combination Agreement, before the Record Date, cogint expects to accelerate the vesting of all outstanding Restricted Stock and RSUs and deliver all shares of common stock underlying such Restricted Stock and RSUs so that such shares will participate in the Spin-Off and Cash Dividend pro rata.
- (j) Reflects the elimination of transaction-related expenses of \$3,902 for the nine months ended September 30, 2017.
- (k) Reflects the impact on income tax during the nine months ended September 30, 2017 and the year ended December 2016, based on an expected effective income tax rate of 38%.
- (l) Reflects the elimination of intercompany balances between WAVS and Indigo as of September 30, 2017.

6. Preliminary Pro Forma Adjusted EBITDA

We will evaluate the financial performance of the combined entity's on a variety of key indicators, including adjusted EBITDA. Adjusted EBITDA is a non-GAAP financial measure equal to net income attributable to parent, the most directly comparable financial measure based on US GAAP, adding back interest expense, income tax expense, depreciation and amortization, share-based compensation expense, acquisition and restructuring costs, and others, as noted in the table below.

(In thousands)	Pro Forma	
	Nine Months Ended	Year Ended
	September 30, 2017	December 31, 2016
Net income attributable to parent	\$ 4,341	\$ 4,639
Interest expense, net	4,777	5,934
Income tax expense	2,010	1,699

Edgar Filing: Cogint, Inc. - Form PRE 14C

Depreciation and amortization	17,591	22,277
Share-based compensation expense	6,817	9,087
Acquisition and restructuring costs	1,203	687
Non-cash loss on exchange of warrants		1,273
Non-recurring fund-raising costs		224
Adjusted EBITDA	\$ 36,739	\$ 45,820

We present Pro Forma adjusted EBITDA as a supplemental measure of the combined entity's operating performance because we believe it provides useful information to our investors as it eliminates the impact of certain items that we do not consider indicative of the combined entity's cash operations and ongoing operating performance. In addition, we will use it as an integral part of our internal reporting to measure the performance of our reportable segments, evaluate the performance of our senior management and measure the operating strength of our business.

Adjusted EBITDA is a measure frequently used by securities analysts, investors and other interested parties in their evaluation of the operating performance of companies similar to ours and is an indicator of the operational

PF-10

Table of Contents

strength of our business. Adjusted EBITDA eliminates the uneven effect across all reportable segments of considerable amounts of non-cash depreciation and amortization, share-based compensation expense and others.

Adjusted EBITDA is not intended to be a performance measure that should be regarded as an alternative to, or more meaningful than, either operating income or net income as indicators of operating performance or to cash flows from operating activities as a measure of liquidity. The way we measure Pro Forma adjusted EBITDA may not be comparable to similarly titled measures presented by other companies, and may not be identical to corresponding measures used in our various agreements.

prior to the date of this Agreement or in connection with any Acquisition Proposal to return or destroy all such confidential information or documents previously furnished in connection therewith. Subject to the terms of this Section 5.5, from the date of this Agreement until the earlier to occur of the termination of this Agreement pursuant to Article VIII and the Closing, the Company and its Subsidiaries will not, and will not instruct or authorize any of their respective Affiliates, directors, officers, employees, consultants, agents, representatives and advisors (collectively,

Representatives) to, directly or indirectly, (i) solicit, initiate, or knowingly encourage, facilitate or assist, an Acquisition Proposal; (ii) furnish to any Person (other than the Parent or any designees of the Parent) any non-public information relating to the Company or any of its Subsidiaries or afford to any such Person access to the business, properties, assets, books, records or other non-public information, or to any personnel, of the Company or any of its Subsidiaries, in any such case in connection with the making, submission or announcement of, or knowingly encouraging, facilitating or assisting, an Acquisition Proposal; (iii) participate or engage in discussions or negotiations with any Person with respect to an Acquisition Proposal (other than informing such Persons of the provisions contained in this Section 5.5); (iv) approve, endorse or recommend an Acquisition Proposal; or (v) enter into any letter of intent, memorandum of understanding, merger agreement, acquisition agreement or other Contract relating to an Acquisition Proposal, other than an Acceptable Confidentiality Agreement (any such letter of intent, memorandum of understanding, merger agreement, acquisition agreement or other Contract relating to an Acquisition Proposal, an **Alternative Acquisition Agreement**).

(b) *Superior Proposals*. Notwithstanding anything to the contrary set forth in this Section 5.5, from the date of this Agreement until the Company's receipt of the Requisite Stockholder Approvals, if the Company receives from any Person a *bona fide*, written and unsolicited Acquisition Proposal not resulting from a breach of this Section 5.5, the Company Board (or a committee thereof) may, directly or indirectly through one or more of its Representatives (including the Advisor), participate or engage in discussions or negotiations with, furnish any non-public information relating to the Company or any of its Subsidiaries to, or afford access to the business, properties, assets, books, records or other non-public information, or to any personnel, of the Company or any of its Subsidiaries pursuant to an Acceptable Confidentiality Agreement to such Person or its Representatives if and only if (i) the Company Board (or a committee thereof) has determined in good faith (after consultation with its outside legal counsel and financial advisor) that such Acquisition Proposal either constitutes a Superior Proposal or is reasonably likely to lead to a Superior Proposal, (ii) the Company Board (or a committee thereof) has determined in good faith (after consultation with its outside legal counsel) that the failure to take the actions contemplated by this Section 5.5(b) would be inconsistent with its fiduciary duties under applicable Law; and (iii) the Company has given the Parent written notice of the identity of such Person, a copy of an Acceptable Confidentiality Agreement entered into with such Person, a copy of any written materials reflecting the terms of the Acquisition Proposal, a summary of the material terms of such Acquisition Proposal to the extent not reflected in such written materials, and notice of the Company's intention to participate or engage in discussions or negotiations with, or furnish non-public information to, such Person; and provided further, that the Company will promptly (and in any event within one (1) Business Day) make available to the Parent any non-public information concerning the Company and its Subsidiaries that is provided to any such Person or its Representatives that was not previously made available to the Parent. Notwithstanding anything to the contrary set forth in this Section 5.5 or elsewhere in this Agreement, prior to the Closing, neither the Company nor any of its Subsidiaries shall terminate, amend, modify or waive any rights under, or release any Person (other than the Parent) from, any standstill or other similar agreement between the Company or any of its Subsidiaries, on the one hand, and such Person, on the other, unless the Company Board determines in good faith (after consultation with its outside legal counsel) that the failure to take such action would be inconsistent with its fiduciary duties under applicable Law.

(c) *No Change in Company Board Recommendation or Entry into an Alternative Acquisition Agreement*. Except as provided by Section 5.5(d), at no time after the date of this Agreement may the Company Board (or a committee thereof):

(i) (A) withhold, withdraw, amend, qualify or modify, or publicly propose to withhold, withdraw, amend, qualify or modify, the Company Board Recommendation in a manner adverse to the Parent;

A-56

(B) publicly adopt, approve, endorse, recommend or otherwise declare advisable an Acquisition Proposal; (C) fail to publicly reaffirm the Company Board Recommendation within ten (10) Business Days after the Parent so requests in writing with respect to the first request by the Parent and within five (5) Business Days after the Parent so requests in writing thereafter; (D) take or fail to take any formal action or make or fail to make any recommendation or public statement in connection with a tender or exchange offer, other than a recommendation against such offer or a “stop, look and listen” communication by the Company Board (or a committee thereof) to the Company Stockholders pursuant to Rule 14d-9(f) promulgated under the Exchange Act (or any substantially similar communication); or (E) to the extent applicable, fail to include the Company Board Recommendation in the Proxy Statement (any action described in clauses (A) through (E), a **Company Board Recommendation Change**); provided, however, that for the avoidance of doubt, the determination by the Company Board (or a committee thereof) that an Acquisition Proposal constitutes, or is reasonably likely to lead to, a Superior Proposal and the delivery by the Company of any notice contemplated by Section 5.5(b) to the Parent (or the taking of any other action permitted thereby), will not in and of itself constitute a Company Board Recommendation Change; or

(ii) cause or permit the Company or any of its Subsidiaries to enter into an Alternative Acquisition Agreement.

(d) *Company Board Recommendation Change; Entry into Alternative Acquisition Agreement.* Notwithstanding anything to the contrary set forth in this Agreement, at any time prior to obtaining the Requisite Stockholder Approvals:

(i) other than in connection with a bona fide Acquisition Proposal that constitutes a Superior Proposal, the Company Board (or an authorized committee thereof) may effect a Company Board Recommendation Change in response to any material event or material change in circumstances with respect to the Company that (A) was not known or reasonably foreseeable to the Company Board as of the date of this Agreement; and (B) does not relate to any Acquisition Proposal (each such event, an **Intervening Event**); provided, that an Intervening Event shall not include any act or omission of the Parent taken in compliance with the terms of this Agreement, including Section 6.2 and Section 6.20, if the Company Board (or an authorized committee thereof) determines in good faith (after consultation with its outside legal counsel) that the failure to do so in light of such Intervening Event would be inconsistent with its fiduciary duties under applicable Law if and only if:

(A) the Company has provided prior written notice to the Parent at least four (4) Business Days in advance to the effect that the Company Board (or an authorized committee thereof) has (A) so determined; and (B) resolved to effect a Company Board Recommendation Change pursuant to this Section 5.5(d)(i), which notice will specify the applicable Intervening Event in reasonable detail and the reasons for such Company Board Recommendation Change;

(B) prior to effecting such Company Board Recommendation Change, the Company and its Representatives, during such four (4) Business Day period, must have (A) negotiated with the Parent and its Representatives in good faith (to the extent that the Parent desires to so negotiate) to make such adjustments to the terms and conditions of this Agreement so that the Company Board (or an authorized committee thereof) no longer determines that the failure to make a Company Board Recommendation Change in response to such Intervening Event would be inconsistent with its fiduciary duties under applicable Law; and (B) permitted the Parent and its Representatives to make a presentation to the Company Board regarding this Agreement and any adjustments with respect thereto (to the extent that the Parent requests to make such a presentation); and

(C) if the Parent shall have delivered to the Company during such four (4) Business Day period a written and binding offer to modify the terms of this Agreement, the Company Board (or any authorized committee thereof) shall have determined in good faith, after considering the terms of such offer by the Parent, that the failure to make a Company Board Recommendation Change

in light of such Intervening Event would still be inconsistent with its fiduciary duties under applicable Law;

(ii) if the Company has received an unsolicited, written bona fide Acquisition Proposal not resulting from a breach of this Section 5.5, that the Company Board has concluded in good faith (after consultation with its outside legal counsel and financial advisor) is a Superior Proposal, then the Company Board may (A) effect a Company Board Recommendation Change with respect to such Acquisition Proposal; or (B) authorize the Company to terminate this Agreement in accordance with Section 8.1(h) to enter into an Alternative Acquisition Agreement with respect to such Acquisition Proposal (and prior to, or concurrently with, such termination pay the Company Termination Fee set forth in Section 8.3(b)(ii)), in each case if and only if:

(A) the Company Board (or a committee thereof) determines in good faith (after consultation with outside legal counsel) that the failure to do so would be inconsistent with its fiduciary duties under applicable Law;

(B) the Company has complied with its obligations pursuant to this Section 5.5 with respect to such Acquisition Proposal;

(C) (1) the Company has provided prior written notice to the Parent at least five (5) Business Days in advance (the **Notice Period**) to the effect that the Company Board (or a committee thereof) has (x) received a bona fide Acquisition Proposal that has not been withdrawn; (y) concluded in good faith that such Acquisition Proposal constitutes a Superior Proposal; and (z) resolved to effect a Company Board Recommendation Change or to terminate this Agreement in accordance with Section 8.1(h) pursuant to this Section 5.5(d)(ii) absent any revision to the terms and conditions of this Agreement, which notice will specify the basis for such Company Board Recommendation Change or termination, including the identity of the Person or group of Persons making such Acquisition Proposal, the material terms thereof and copies of all relevant documents relating to such Acquisition Proposal (in each case to the extent not previously provided by the Company to the Parent); and (2) prior to effecting such Company Board Recommendation Change or termination, the Company and its Representatives, during the Notice Period, must have (i) negotiated with the Parent and its Representatives in good faith (to the extent that the Parent desires to so negotiate) to make such adjustments to the terms and conditions of this Agreement so that such Acquisition Proposal would cease to constitute a Superior Proposal; and (ii) permitted the Parent and its Representatives to make a presentation to the Company Board regarding this Agreement and any adjustments with respect thereto (to the extent that the Parent requests to make such a presentation); provided, however, that in the event of any material revisions to such Acquisition Proposal, the Company will be required to deliver a new written notice to the Parent and to comply again with the requirements of this Section 5.5(d)(ii)(C) with respect to such new written notice (it being understood that the Notice Period in respect of any such new written notice will be three (3) Business Days);

(D) following the end of such Notice Period, the Company Board shall have considered in good faith any revisions to this Agreement made in a written offer binding upon the Parent, and shall have determined in good faith that such Acquisition Proposal continues to constitute a Superior Proposal and, after consultation with outside counsel, the failure to effect a Company Board Recommendation Change or to terminate this Agreement to accept the Alternative Acquisition Agreement would be inconsistent with its fiduciary duties under applicable Law; and

(E) in the event of any termination of this Agreement in order to cause or permit the Company or any of its Subsidiaries to enter into an Alternative Acquisition Agreement with respect to such Acquisition Proposal, the Company will have validly terminated this Agreement in accordance with Section 8.1(h), including paying the Company Termination Fee in accordance with Section 8.3(b)(ii).

(e) *Notice*. From the date of this Agreement until the earlier to occur of the termination of this Agreement pursuant to Article VIII and the Closing, the Company will promptly (and, in any event, within 48 hours) notify the Parent if any director or executive officer of the Company acquires actual knowledge of any receipt by the Company or its Representatives of (i) any Acquisition Proposal, (ii) any request for non-public information that would reasonably be expected to lead to an Acquisition Proposal, or (iii) any inquiry with respect to, or which would reasonably be expected to lead to, any Acquisition Proposal, which notice shall include the identity of the Person making such Acquisition Proposal, the material terms and conditions of such Acquisition Proposal, request or inquiry and any amendments thereto (and shall include with such notice copies of any written materials received from or on behalf of such Person relating to such Acquisition Proposal and a written summary of the material terms, if oral). The Company shall keep the Parent reasonably informed on a prompt basis (and, in any event, without 48 hours) of the status and terms of any such Acquisition Proposal, request or inquiry.

(f) *Certain Disclosures*. Nothing in this Agreement will prohibit the Company or the Company Board (or a committee thereof) from (i) taking and disclosing to the Company Stockholders a position contemplated by Rule 14e-2(a) promulgated under the Exchange Act or complying with Rule 14d-9 promulgated under the Exchange Act, including a stop, look and listen communication by the Company Board (or a committee thereof) to the Company Stockholders pursuant to Rule 14d-9(f) promulgated under the Exchange Act (or any substantially similar communication) if the Company determines, after consultation with its outside legal counsel, that failure to disclose such position would constitute a violation of applicable Law; (ii) informing any Person of the terms of this Section 5.5; (iii) making any disclosure to the Company Stockholders that the Company Board (or a committee thereof) has determined to make in good faith (after consultation with its outside legal counsel) and that the failure to make such disclosure would be inconsistent with its fiduciary duties under applicable Law or that the failure to make such disclosure would constitute a violation of applicable Law; provided that, in each case, any such statement(s) or disclosures made by the Company Board and/or any committee thereof will be subject to the terms and conditions of this Agreement, and will not limit or otherwise affect the obligations of the Company or the Company Board and the rights of the Parent under this Section 5.5.

(b) *No Consent Fee.* Notwithstanding anything to the contrary set forth in this Section 6.1 or elsewhere in this Agreement, neither the Parent, the Company nor any of their respective Subsidiaries will be required to pay or agree to pay any consent fee, profit sharing payment or other consideration (including increased or accelerated payments), or to provide additional security (including a guaranty), in connection with the Transactions in connection with obtaining any consent pursuant to any Material Company Contract or Material Holdings Contract, as applicable.

Each of the Parent (and its Affiliates, if applicable), on the one hand, and the Company (and its Affiliates), on the other hand, will promptly inform the other of any communication from any Governmental Authority regarding the Transactions in connection with such filings. If any Party or Affiliate thereof receives a request for additional information or documentary material from any Governmental Authority with respect to the Transactions pursuant to the HSR Act or any other Antitrust Laws applicable to the Transactions, then such Party will make (or cause to be made), as soon as reasonably practicable and after consultation with the other Party, an appropriate response in compliance with such request.

(b) *Divestitures.* In furtherance and not in limitation of the foregoing, if and to the extent necessary to obtain clearance of the Transactions pursuant to the HSR Act and any other Antitrust Laws applicable to the Transactions, the Parent (and its Affiliates, if applicable) will (i) negotiate, commit to and effect, by consent decree, hold separate order or otherwise, any restrictions (to be become effective solely from and after the Closing) on the activities of the Parent and its Subsidiaries, on the one hand, and the Company and its Subsidiaries, on the other hand; and (ii) contest, defend and appeal any Legal Proceedings, whether judicial or administrative, challenging this Agreement or the consummation of the Transactions; provided that, neither the Parent (or its Affiliates) nor the Company and its Subsidiaries shall be required to sell, divest, license or otherwise dispose of any capital stock or other equity or voting interest, assets (whether tangible or intangible), rights, products or businesses of the Parent (or its Affiliates), on the one hand, or the Company and its Subsidiaries, on the other hand.

Subject to Section 5.5, to the extent the Proxy Statement will be filed with the SEC in accordance with this Section 6.3(a), the Company must include the Company Board Recommendation in the Proxy Statement. The Company, with the cooperation of and in consultation with the Parent, shall use its reasonable best efforts to have the Information Statement or Proxy Statement, as applicable, cleared by the SEC as promptly as practicable after such filing (including by responding to comments of the SEC).

(b) *Stockholder Consent.* The Company shall take no action to prohibit any Company Stockholder from soliciting a Stockholder Consent, the form of such irrevocable written consent is attached hereto as Exhibit B, from any Company Stockholder in compliance with applicable Law, the Charter and the Bylaws following the execution of this Agreement by the Company. If a Stockholder Consent is received by the Company, promptly upon receipt of such Stockholder Consent, the Company will provide the Parent with a facsimile copy of such Stockholder Consent, and, within five (5) Business Days, will provide the Parent with a certificate, certifying such Stockholder Consent as true and complete (including that the shareholdings included therein are in accordance with the Company's books and records and that the Stockholder Consent constitutes the Requisite Stockholder Approvals) and executed by an executive officer of the Company.

(c) *Contents of Filings.* The Company will use its reasonable best efforts to cause the Information Statement or Proxy Statement, as applicable, to comply as to form in all material respects with the applicable requirements of the Exchange Act and the rules of the SEC and NASDAQ. The Company may not file the Information Statement or Proxy Statement, as applicable, with the SEC without first providing the Parent and its counsel, to the extent practicable, a reasonable opportunity to review and comment thereon, which comments shall be considered by the Company in good faith. On the date of filing, the date of mailing to the Company Stockholders (if applicable) and at the time of the Company Stockholder Meeting, as applicable, none of the Information Statement or Proxy Statement, as applicable, will contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading. Notwithstanding the foregoing, no covenant is made by the Company with respect to any information supplied by the Parent or any of its Affiliates for inclusion or incorporation by reference in the Information Statement or Proxy Statement, as applicable. The information supplied by the Parent or its Affiliates for inclusion or incorporation by reference in the Information Statement or Proxy Statement will not, at the time that the Information Statement or Proxy Statement, as applicable, is filed with the SEC, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading.

Notwithstanding the foregoing, prior to filing and mailing the Information Statement or Proxy Statement, as applicable (or any amendment or supplement thereto, as applicable) or responding to any comments of the SEC with respect thereto, the Company shall provide the Parent a reasonable opportunity to review and comment on such document or response. If any information relating to the Company, the Parent or any of their respective Affiliates should be discovered by the Company, on the one hand, or the Parent, on the other hand, that should be set forth in an amendment or supplement to the Information Statement or Proxy Statement, as applicable, so that such filing would not include any misstatement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, then the Party that discovers such information will promptly notify the other, and an appropriate amendment or supplement to such filing describing such information will be promptly prepared and filed with the SEC by the appropriate Party and, to the extent required by applicable Law or the SEC or its staff, disseminated to the Company Stockholders.

(e) *Consultation Prior to Certain Communications.* The Company and its Affiliates, on the one hand, and the Parent and its Affiliates, on the other hand, may not engage in any substantive communications with the SEC or its staff with respect to the Information Statement or Proxy Statement, without first providing the other Party a reasonable opportunity to review and comment on or participate in such communication, which comments shall be considered by the filing party in good faith.

(g) *Dissemination of Information Statement or Proxy Statement.* Subject to applicable Law, the Company will use its commercially reasonable efforts to cause the Information Statement or Proxy Statement, as applicable, to be disseminated to the Company Stockholders as promptly as reasonably practicable following the filing thereof with the SEC and in any event within seven (7) Business Days following the SEC Clearance Date.

6.4 Company Stockholder Meeting.

(a) *Call of Company Stockholder Meeting.* In the event that a Stockholder Consent is not delivered to the Company and this Agreement is not terminated by the Parent pursuant to Section 8.1(d), unless the Company Board has made a Company Board Recommendation Change, (i) the Company Board Recommendation shall be included in the Proxy Statement and (ii) the Company shall take all action necessary in accordance with applicable Law, the Charter, the Bylaws and the rules of NASDAQ to establish a record date for, duly call, give notice of, convene and hold a meeting of its stockholders (the **Company Stockholder Meeting**) as promptly as reasonably practicable following the mailing of the Proxy Statement to the Company Stockholders for the purpose of obtaining the Requisite Stockholder Approvals. Once the Company has established the record date for the Company Stockholder Meeting, the Company shall not change such record date without the prior written consent of the Parent, unless required by applicable Law. Without limiting the generality of the foregoing, the Company shall hold the Company Stockholder Meeting no later than forty-five (45) calendar days after the SEC Clearance Date. Subject to Section 5.5 and applicable Law, and unless there has been a Company Board Recommendation Change in accordance with Section 5.5, the Company will use its reasonable best efforts to solicit proxies to obtain the Requisite Stockholder Approvals.

Unless this Agreement is validly terminated in accordance with Section 8.1, the Company will submit the Voting Matters to the Company Stockholders, even if the Company Board (or a committee thereof) has effected a Company Board Recommendation Change.

6.5 Financing.

(a) *Taking of Necessary Actions.* Subject to the terms and conditions of this Agreement, the Parent will use its reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary, proper and advisable to obtain the Financing, including using its reasonable best efforts to consummate the Financing at or prior to the Closing. The Parent will fully pay, or cause to be fully paid, all commitment or other fees arising pursuant to the Financing as and when they become due.

(b) *Information.* The Parent must (i) use its reasonable best efforts to keep the Company informed on a reasonably current basis and in reasonable detail of material developments concerning the status of its efforts to arrange the Financing; and (ii) with respect to any Financing involving acquiring, repaying, prepaying or discharging any or all Indebtedness of the Company, Holdings or their respective Subsidiaries, upon request of the Company, provide the Company with copies of drafts of the definitive material agreements evidencing (x) such Financing, (y) the engagement of any Person by the Parent or its Affiliates to arrange, provide or syndicate such Financing, or (z) the commitment by any Person to provide all or any part of such Financing, together with all executed copies of material definitive agreements related to such Financing to the extent entered into prior to the Closing Date (including any such engagement or similar letters, and commitment letters); provided, however, that the Parent will not be required to disclose or provide any information the disclosure of which in the reasonable good faith judgment thereof is prohibited by applicable Law or Order, is subject to attorney-client privilege or would reasonably be expected to result in the disclosure of any Trade Secrets of third parties or violate any obligation of the Parent with respect to confidentiality not entered into to avoid the disclosure obligations of this sentence.

6.6 Financing Cooperation.

(a) *Cooperation.* Prior to the Closing, the Company will use its reasonable best efforts, and will cause each of its Subsidiaries to use its respective reasonable best efforts, to provide the Parent with all cooperation as it relates to the Company and its Subsidiaries reasonably necessary in connection with satisfying the conditions to, or as is otherwise reasonably requested by the Parent in connection with, arranging, obtaining and/or syndicating any financing by the Parent or any of its Subsidiaries (including the Company and its Subsidiaries other than SpinCo or the SpinCo Subsidiaries), in each case, for the purpose of making any payments required by this Agreement in connection with the Transactions (provided that the Company and its Subsidiaries will not be party to, or otherwise have any obligation in respect of, any financing of the Cash Consideration), repaying, prepaying or discharging any or all Indebtedness of the Company, Holdings or their respective Subsidiaries (excluding any Indebtedness to be assumed by SpinCo or the SpinCo Subsidiaries under the Spin-Off Agreements), and paying fees and expenses required to be paid at the Closing by the Parent or Holdings in connection with the Transactions and the foregoing financing transactions (any such financing referred above, the **Financing**), including:

(i) participating in a reasonable and limited number of meetings, presentations, road shows, due diligence sessions, drafting sessions and sessions with rating agencies and prospective lenders and their respective advisors, and otherwise cooperating with the marketing efforts for any of the Financing;

(ii) assisting the Parent and the Financing Sources with the timely preparation of customary rating agency presentations, bank information memoranda and other documentation reasonably required in

connection with the Financing, including reasonable assistance with the Parent's preparation of pro forma financial statements or pro forma adjustments;

(iii) assisting the Parent in connection with the timely preparation of (but not executing, unless effective only at or following the Closing) any pledge and security documents, currency or interest hedging arrangements and other definitive financing documents as may be reasonably requested by the Parent or the Financing Sources (including using reasonable best efforts to obtain consents of accountants for use of their reports in any materials relating to the Financing and accountants' comfort letters, in each case as reasonably requested by the Parent and at the Parent's expense), it being understood that such documents will not take effect until the Closing;

(iv) furnishing the Parent and the Financing Sources, as promptly as practicable, with financial, business and other material information regarding the Company and its Subsidiaries as may be reasonably requested by the Parent and that is customarily included in or required for a financing comparable to the Financing, including furnishing reasonable assistance with the Parent's preparation of pro forma financial statements or pro forma adjustments;

(v) reasonably facilitating the pledging of collateral (including obtaining and delivering any pay-off letters and other cooperation in connection with the repayment or other retirement of existing Indebtedness (excluding any such Indebtedness assumed by SpinCo or the SpinCo Subsidiaries under the Spin-Off Agreements for which the Company and its Subsidiaries would have no Liability from and after the Closing) and the release and termination of any and all related Liens) on or prior to the Closing Date;

(vi) taking all corporate and other actions, subject to the occurrence of the Closing, reasonably requested by the Parent to permit the consummation of the Financing; and

(vii) timely furnishing the Parent and the Financing Sources with all documentation and other information required by regulatory authorities about the Company and its Subsidiaries relating to applicable know your customer and anti-money laundering rules and regulations.

(b) *Obligations of the Company.* Nothing in this [Section 6.6](#) will require the Company or any of its Subsidiaries to (i) waive or amend any terms of this Agreement or agree to pay pursuant to the Financing any fees or out-of-pocket expenses prior to the Closing for which it has not received reimbursement or is not otherwise indemnified by or on behalf of the Parent; (ii) enter into any definitive agreement that is effective prior to the Closing; (iii) give any indemnities in connection with the Financing that are effective prior to the Closing; or (iv) take any action that would unreasonably and materially interfere with the conduct of the business of the Company and its Subsidiaries (taken as a whole) or create an unreasonable and material risk of damage or destruction to any property or assets of the Company or any of its Subsidiaries (individually or taken as a whole) prior to the Closing. In addition, (A) no action, Liability or obligation of the Company, any of its Subsidiaries or any of their respective Representatives pursuant to any certificate, agreement, arrangement, document or instrument in respect of the Financing will be effective until the Closing, and neither the Company nor any of its Subsidiaries will be required to take any corporate action pursuant to any definitive Financing documentation that is not contingent on the occurrence of the Closing or that must be effective prior to the Closing; and (B) any bank information memoranda or other documentation required in relation to the Financing will contain disclosure and financial statements reflecting the Parent, immediately subsequent to the Closing Date, as the obligor. Nothing in this [Section 6.6](#) will require (1) any officer or Representative of the Company or any of its Subsidiaries to deliver any certificate or opinion or take any other action under this [Section 6.6](#) that could reasonably be expected to result in personal Liability to such officer or Representative; or (2) the Company Board (as constituted as of prior to the Closing) to approve any financing or Contracts related thereto.

(c) *Use of Logos.* The Company hereby consents to the use of its and its Subsidiaries' logos solely in connection with the Financing in any description of the Company, its business and products, the Transaction or the Financing, so long as such logos are used solely in a manner that is not intended to or likely to harm or

disparage the Company or any of its Subsidiaries or the reputation or goodwill of the Company or any of its Subsidiaries.

(d) *Confidentiality*. All non-public or other confidential information provided by the Company or any of its Representatives pursuant to this Agreement will be kept confidential in accordance with the Confidentiality Agreement, except that the Parent will be permitted to disclose such information to any financing sources or prospective financing sources and other financial institutions and investors that are or may become parties to the Financing and to any underwriters, initial purchasers or placement agents in connection with the Financing (and, in each case, to their respective counsel and auditors) so long as such Persons (i) agree to be bound by the Confidentiality Agreement as if parties thereto, *mutatis mutandis*; or (ii) are subject to other confidentiality undertakings customary for similar financings that are at least as restrictive in all material respects as the Confidentiality Agreement.

(e) *Reimbursement*. Promptly upon request by the Company, the Parent will reimburse the Company for any reasonable out-of-pocket costs and expenses (including attorneys' fees) incurred by the Company or any of its Representatives to the extent resulting from the cooperation of the Company and its Representatives contemplated by this Section 6.6.

(f) *Indemnification*. The Company, its Subsidiaries and their respective Representatives will be indemnified and held harmless by the Parent from and against any and all Liabilities, losses, damages, claims, out-of-pocket costs and expenses (including reasonable attorneys' fees), interest, awards, judgments, penalties and amounts paid in settlement suffered or incurred by them to the extent resulting from their cooperation in arranging the Financing pursuant to this Agreement or the provision of information utilized in connection therewith (other than information provided by or on behalf of the Company), in each case, except for any Liabilities, losses, damages, claims, costs, expenses (including attorneys' fees), interest, awards, judgments, penalties and amounts paid to the extent resulting from the fraud or willful misconduct of, or any material misstatements or omissions in information provided by, the Company or any of its Subsidiaries or any of the respective Representatives thereof. The Parent's obligations pursuant to Section 6.6(e) and this Section 6.6(f) are referred to collectively as the **Reimbursement Obligations**.

(g) *No Financing Condition*. The Parent acknowledges and agrees that obtaining the Financing is not a condition to the Closing. If the Financing has not been obtained, the Parent will continue to be obligated, subject to the satisfaction or waiver of the conditions set forth in Article VII, to consummate the Closing.

6.7 Anti-Takeover Laws. The Company and the Company Board will (a) take all actions within their power to ensure that no anti-takeover statute or similar statute or regulation is or becomes applicable to the Transactions; and (b) if any anti-takeover statute or similar statute or regulation becomes applicable to the Transactions, take all action within their power to ensure that the Transactions may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise to minimize the effect of such statute or regulation on the Transactions.

6.8 Access. At all times during the period commencing with the execution and delivery of this Agreement and continuing until the earlier to occur of the termination of this Agreement pursuant to Article VIII and the Closing, (a) the Company will afford the Parent and its Representatives reasonable access during normal business hours, upon reasonable notice, to the properties, books and records and personnel and Representatives of the Company and its Subsidiaries, and (b) the Parent will cause Holdings to afford the Company and its Representatives reasonable access during normal business hours, upon reasonable notice, to the properties, books and records and personnel and Representatives of Holdings and its Subsidiaries; except in each case that such disclosing Party may restrict or otherwise prohibit access to any documents or information to the extent that, based on the advice of outside counsel, (i) any applicable Law or regulation requires such Person to restrict or otherwise prohibit access to such documents or

information; (ii) access to such documents or information would give rise to a material risk of waiving any attorney-client privilege, work product doctrine or other privilege

applicable to such documents or information; (iii) access to a Contract to which such Person or any of its Subsidiaries is a party or otherwise bound would violate or cause a default pursuant to, or give a third Person the right to terminate or accelerate the rights pursuant to, such Contract; (iv) access would result in the disclosure of any Trade Secrets of third Persons; or (v) access would unlawfully violate any privacy rights of existing or former employees of such Person or any of its Subsidiaries; provided, that such Person shall provide any documents or information so withheld to the fullest extent possible and a written description of any documents or information not provided and explanation of the basis under which such documents or information were withheld upon the advice of outside counsel. Any investigation conducted pursuant to the access contemplated by this Section 6.8 will be conducted in a manner that does not unreasonably interfere with the conduct of the business of the Company and its Subsidiaries, or Holdings and its Subsidiaries, as applicable, or create a material risk of damage or destruction to any property or assets of any such Person. Any access to the properties of the Company and its Subsidiaries, or Holdings and its Subsidiaries, as applicable, will be subject to such Person's reasonable security measures and insurance requirements to the extent such Person requesting access has been informed thereof in writing by the Person granting access and will not include the right to perform invasive environmental testing. The terms and conditions of the Confidentiality Agreement will apply to any information obtained by any Party, any of its Subsidiaries or any of its Representatives in connection with any investigation conducted pursuant to the access contemplated by this Section 6.8. All requests for access pursuant to this Section 6.8 must be directed to the Chief Executive Officer of the Company, or the Chief Financial Officer of the Parent, as applicable, or another person designated in writing by such Party.

6.9 Directors and Officers Exculpation, Indemnification and Insurance.

(a) *Indemnified Persons.* From and after the Closing, the Company and its Subsidiaries will honor and fulfill, in all respects, the obligations of the Company and its Subsidiaries pursuant to any indemnification agreements entered into before the date of this Agreement between the Company and any of its Subsidiaries and any of their respective current or former directors or officers (and any person who becomes a director or officer of the Company or any of its Subsidiaries prior to the Closing) (collectively, the **Indemnified Persons**). In addition, during the period commencing at the Closing and ending on the sixth (6th) anniversary of the Closing, the Company and its Subsidiaries will cause the Charter, Bylaws and other similar organizational documents of the Company and certificates of incorporation, bylaws and other similar organizational documents of the Company's Subsidiaries to contain provisions with respect to indemnification, exculpation and the advancement of expenses that are at least as favorable as the indemnification, exculpation and advancement of expenses provisions set forth in the Charter, the Bylaws and the other similar organizational documents of the Company and the certificates of incorporation, bylaws and other similar organizational documents of the Company's Subsidiaries, as applicable, as of the date of this Agreement. During such six (6) year period, such provisions may not be repealed, amended or otherwise modified in any manner except as required by applicable Law.

(b) *Indemnification Obligation.* Without limiting the generality of the provisions of Section 6.9(a), during the period commencing at the Closing and ending on the sixth (6th) anniversary of the Closing, the Company will indemnify and hold harmless, to the fullest extent permitted by applicable Law or pursuant to any indemnification agreements with the Company and any of its Subsidiaries in effect on the date of this Agreement, each Indemnified Person from and against any costs, fees and expenses (including reasonable attorneys' fees and investigation expenses), judgments, fines, losses, claims, damages, Liabilities and amounts paid in settlement or compromise in connection with any Legal Proceeding, whether civil, criminal, administrative or investigative, to the extent that such Legal Proceeding arises, directly or indirectly, out of or pertains, directly or indirectly, to (i) any action or omission, or alleged action or omission, in such Indemnified Person's capacity as a director, officer, employee or agent of the Company or any of its Subsidiaries (regardless of whether such action or omission, or alleged action or omission, occurred prior to, at or after the Closing); and (ii) the Transactions or any other transaction contemplated hereby, as well as any actions taken by the Company or the Parent with respect thereto, except that if, at any time prior to the sixth (6th) anniversary of the

Closing, any Indemnified Person delivers to the Parent a written notice asserting a claim for indemnification pursuant to this Section 6.9(b), then the claim asserted in such notice will survive the sixth (6th) anniversary of the Closing until such claim is

fully and finally resolved. In the event of any such Legal Proceeding, (A) the Company will have the right to control the defense thereof after the Closing; (B) each Indemnified Person will be entitled to retain his or her own counsel to the extent such Indemnified Person has defenses not available to other defendants in such Legal Proceedings or such Indemnified Person, upon the advice of counsel, reasonably believes it has a conflict of interest with the Company in such Legal Proceeding, in each case, whether or not the Company elects to control the defense of any such Legal Proceeding; (C) the Company will advance all fees and expenses (including reasonable fees and expenses of no more than one separate counsel retained by each Indemnified Person and reasonably acceptable to the Company and fees relating to posting of any bond) as incurred by an Indemnified Person in the defense of such Legal Proceeding whether or not the Company elects to control the defense of any such Legal Proceeding, subject to receipt of an undertaking by such Indemnified Person to repay such fees and expenses if it is finally determined by the court of competent jurisdiction that he or she is not entitled to indemnification in the underlying Legal Proceeding; and (D) no Indemnified Person will be liable for any settlement of such Legal Proceeding effected without his or her prior express written consent (which consent shall not be unreasonably withheld, conditioned or delayed). Notwithstanding anything to the contrary in this Agreement, none of the Company nor any of its Affiliates will settle or otherwise compromise or consent to the entry of any judgment with respect to, or otherwise seek the termination of, any Legal Proceeding for which indemnification may be sought by an Indemnified Person pursuant to this Agreement unless such settlement, compromise, consent or termination includes an unconditional release of such Indemnified Person from all Liability arising out of such Legal Proceeding.

(c) *D&O Insurance*. During the period commencing at the Closing and ending on the sixth (6th) anniversary of the Closing, the Company will maintain in effect directors and officers liability insurance (**D&O Insurance**) in respect of acts or omissions occurring at or prior to the Closing on terms (including with respect to coverage, conditions, retentions, limits and amounts) that are substantially equivalent to those of the Company's and its Subsidiaries' current directors and officers liability insurance. In satisfying its obligations pursuant to this Section 6.9(c), the Company will not be obligated to pay an aggregate amount over the policy term of such D&O Insurance in excess of 300% of the amount set forth in Section 6.9(c) of the Company Disclosure Letter (which is the amount paid by the Company for coverage for its last full fiscal year) (such 300% amount, the **Maximum Annual Premium**). If the aggregate premiums of such insurance coverage exceed the Maximum Annual Premium, then the Company will be obligated to obtain a policy with the greatest coverage available for a cost not exceeding the Maximum Annual Premium from an insurance carrier with the same or better credit rating as the Company's current directors and officers liability insurance carrier. Prior to the Closing, the Company may purchase a prepaid tail policy with respect to the D&O Insurance from an insurance carrier with the same or better credit rating as the Company's current directors and officers liability insurance carrier so long as the aggregate cost for such tail policy does not exceed the Maximum Annual Premium. If the Company elects to purchase such a tail policy prior to the Closing, the Company will maintain such tail policy in full force and effect and continue to honor its obligations thereunder, in lieu of all other obligations under the first sentence of this Section 6.9(c), for so long as such tail policy is in full force and effect.

(d) *Successors and Assigns*. If the Company or any of its successors or assigns will (i) consolidate with or merge into any other Person and not be the continuing or surviving corporation or entity in such consolidation or merger; or (ii) transfer all or substantially all of its properties and assets to any Person, then proper provisions will be made so that the successors and assigns of the Company or any of its successors or assigns will assume all of the obligations of the Company set forth in this Section 6.9.

(e) *No Impairment*. The obligations set forth in this Section 6.9 may not be terminated, amended or otherwise modified in any manner that adversely affects any Indemnified Person (or any other person who is a beneficiary pursuant to the D&O Insurance or the tail policy referred to in Section 6.9(c) (and their heirs and Representatives)) without the prior written consent of such affected Indemnified Person or other person who is a beneficiary under the D&O Insurance or the tail policy referred to in Section 6.9(c) (and their heirs and Representatives). Each of the

Indemnified Persons or other persons who are beneficiaries pursuant to the D&O

Insurance or the tail policy referred to in Section 6.9(c) (and their heirs and Representatives) are intended to be third party beneficiaries of this Section 6.9, with full rights of enforcement as if a Party. The rights of the Indemnified Persons (and other persons who are beneficiaries pursuant to the D&O Insurance or the tail policy referred to in Section 6.9(c) (and their heirs and Representatives)) pursuant to this Section 6.9 will be in addition to, and not in substitution for, any other rights that such persons may have pursuant to (i) the Charter and Bylaws; (ii) the similar organizational documents of the Subsidiaries of the Company; (iii) any and all indemnification agreements entered into with the Company or any of its Subsidiaries before the date of this Agreement; or (iv) applicable Law (whether at Law or in equity).

(f) *Other Claims.* Nothing in this Agreement is intended to, or will be construed to, release, waive or impair any rights to directors and officers insurance claims pursuant to any applicable insurance policy or indemnification agreement that is or has been in existence with respect to the Company or any of its Subsidiaries for any of their respective directors, officers or other employees, it being understood and agreed that the indemnification provided for in this Section 6.9 is not prior to or in substitution for any such claims pursuant to such policies or indemnification agreement.

6.10 Employee Matters.

(a) *Existing Arrangements.* Following the Closing, the Company will honor all of the Company Employee Plans that are sponsored by the Company or one of its Subsidiaries immediately following the Closing in accordance with their terms as in effect immediately prior to the Closing. Notwithstanding the foregoing, nothing will prohibit the Company from amending or terminating any such Company Employee Plans in accordance with their terms or if otherwise required pursuant to applicable Law.

(b) *Employment; Benefits.* Immediately following the Closing, the Company or one of its Subsidiaries will employ the employees of the Company and its Subsidiaries as of the Closing (but after giving effect to the Spin-Off) on the same terms and conditions. The Company and its Subsidiaries will cause any employee benefit plan, policy, program or arrangement (including plans, policies, programs or arrangements providing severance benefits and vacation entitlement) as may be maintained by the Company or its Subsidiaries from time to time at or after the Closing for the benefit of one or more Continuing Employee to credit such Continuing Employees with their service performed for the Company or its Subsidiaries prior to the Closing as service with the Company or any of its Subsidiaries for purposes of determining eligibility to participate, vesting and benefit accruals (other than for purposes of defined benefit pension plans), except to the extent that it would result in a duplication of benefits. Such service also shall apply for purposes of satisfying any waiting periods, evidence of insurability requirements, or the application of any preexisting condition limitations. The Company and its Subsidiaries shall honor all vacation, personal and sick days accrued by the Continuing Employees under the Company Employee Plans immediately prior to the Closing. The Company and its Subsidiaries will ensure that the Continuing Employees and their eligible spouses, dependents and beneficiaries will receive credit for the plan year in which the Closing occurs towards deductibles and annual out-of-pocket limits applicable under any health care plan of the Company or its Subsidiaries covering such persons on or after the Closing for expenses incurred during such plan year by such persons prior to the Closing.

(c) *No Third Party Beneficiary Rights.* Notwithstanding anything to the contrary set forth in this Agreement, this Section 6.10 will not be deemed to (i) guarantee employment for any period of time for, or preclude the ability of the Company or any of its Subsidiaries to terminate any Continuing Employee for any reason; (ii) require the Company or any of its Subsidiaries to continue any Company Employee Plan or any other employee benefit plan, policy, program or arrangement or prevent the amendment, modification or termination thereof after the Closing; or (iii) constitute an amendment of any Company Employee Plan or create any third party beneficiary rights in any Person.

Table of Contents**6.11 Notification of Certain Matters.**

(a) *Notification by the Company.* At all times during the period commencing with the execution and delivery of this Agreement and continuing until the earlier to occur of the termination of this Agreement pursuant to Article VIII and the Closing, the Company will give prompt notice to the Parent upon becoming aware that any representation or warranty made by it in this Agreement has become untrue or inaccurate in any material respect, or of any failure by the Company to comply with or satisfy in any material respect any covenant or agreement to be complied with or satisfied by it pursuant to this Agreement, in each case if and only to the extent that such untruth, inaccuracy or failure would reasonably be expected to cause any of the conditions to the obligations of the Parent to consummate the Transactions set forth in Section 7.2(a) or Section 7.2(b) to fail to be satisfied at the Closing, except that no such notification will affect or be deemed to modify any representation or warranty of the Company set forth in this Agreement or the remedies available to the Parties under this Agreement.

(b) *Notification by the Parent.* At all times during the period commencing with the execution and delivery of this Agreement and continuing until the earlier to occur of the termination of this Agreement pursuant to Article VIII and the Closing, the Parent will give prompt notice to the Company upon becoming aware that any representation or warranty made by the Parent in this Agreement has become untrue or inaccurate in any material respect, or of any failure by the Parent to comply with or satisfy in any material respect any covenant or agreement to be complied with or satisfied by it pursuant to this Agreement, in each case if and only to the extent that such untruth, inaccuracy or failure would reasonably be expected to cause any of the conditions to the obligations of the Company to consummate the Transactions set forth in Section 7.3(a) or Section 7.3(b) to fail to be satisfied at the Closing, except that no such notification will affect or be deemed to modify any representation or warranty of the Parent set forth in this Agreement or the remedies available to the Parties under this Agreement.

6.12 Public Statements and Disclosure. All press releases concerning this Agreement, the Transactions and the Spin-Off of (i) the Company, on the one hand, and (ii) the Parent, on the other hand, will each be reasonably acceptable to the other Party, subject to requirements under applicable Law, regulation or stock exchange rule or listing requirement. Thereafter, the Company (other than with respect to the portion of any communication relating to a Company Board Recommendation Change in accordance with Section 5.5), on the one hand, and the Parent, on the other hand, will use their respective reasonable best efforts to consult with the other Party before (a) participating in any media interviews; (b) engaging in any meetings or calls with analysts, institutional investors or other similar Persons; or (c) providing any statements that are public or are reasonably likely to become public, in any such case to the extent relating to the Transactions, except that neither Party will be obligated to engage in such consultation with respect to communications that are required by applicable Law, regulation or stock exchange rule or listing agreement.

6.13 Transaction Litigation. Prior to the Closing, the Company will provide the Parent with prompt notice of all Transaction Litigation (including by providing copies of all pleadings with respect thereto) and keep the Parent reasonably informed with respect to the status thereof. The Company will consult with the Parent with respect to the defense, settlement and prosecution of any Transaction Litigation. The Company may not compromise, settle or come to an arrangement regarding, or agree to compromise or settle, any Transaction Litigation unless the Parent has consented thereto in writing (which consent will not be unreasonably withheld, conditioned or delayed).

6.14 Stock Exchange Listing. Prior to the Closing, the Company will use its reasonable best efforts to take, or cause to be taken, all actions and do, or cause to be done, all things reasonably necessary, proper or advisable on its part pursuant to applicable Law and the rules and regulations of NASDAQ to (a) maintain the listing and trading of the Company Common Stock on NASDAQ and (b) effect the listing of the Purchased Shares on NASDAQ as of the Closing, including in each case by submitting an initial listing application to NASDAQ for the post-Closing entity with sufficient time to allow NASDAQ to complete its review before the Closing (and in

any event within fifteen (15) Business Days following written request of the Parent). The Parent will use its reasonable best efforts to take, or cause to be taken, all actions and do, or cause to be done, all things reasonably necessary, proper or advisable on its part to assist with the foregoing initial listing application and completion of review by NASDAQ. At the request of the Parent, immediately prior to the Closing, the Company shall effect the Reverse Stock Split at such ratio within the range permitted by the definition of Reverse Stock Split as may be mutually agreed by the Company and the Parent if necessary or advisable to meet the criteria for the foregoing initial listing application.

6.15 Credit Agreement: Promissory Notes. Upon request by the Parent, the Company shall, and shall cause its Subsidiaries to, timely deliver all notices and take all other administrative actions required to facilitate the termination of commitments, repayment in full of all outstanding loans or other obligations, release of any Liens securing such loans or obligations and guarantees in connection therewith, and replacement of or cash collateralization of any issued letters of credit in respect of the Credit Agreement, in each case, as of the Closing. In furtherance and not in limitation of the foregoing, upon request by the Parent, the Company and its Subsidiaries shall use reasonable best efforts to deliver to the Parent no later than three (3) Business Days prior to the Closing a customary payoff letter with respect to the Credit Agreement in form and substance customary for transactions of this type, from the agent under the Credit Agreement, which payoff letter together with any related release documentation shall, among other things, include the payoff amount and provide that Liens (and guarantees) granted in connection therewith relating to the assets, rights and properties of the Company and its Subsidiaries securing such Indebtedness and any other obligations secured thereby, shall, upon the payment of the amount set forth in such payoff letter on or prior to the Closing, be released and terminated (subject to the continuing guaranty of obligations that customarily survive any such payoff). In addition, upon request by the Parent, the Company and its Subsidiaries shall use reasonable best efforts to deliver to the Parent no later than three (3) Business Days prior to the Closing a customary payoff letter with respect to each of the Promissory Notes, which payoff letter shall include the payoff amount and provide that upon the payment of the amount set forth in such payoff letter on or prior to the Closing, such Promissory Note shall be released and terminated. To the extent requested by the Parent, the Company shall use reasonable best efforts to facilitate communication between the Parent and the lenders under the Credit Agreement and the Promissory Notes in order for the Parent or an Affiliate of the Parent to explore the possibility of assuming all or a portion of the rights and obligations of the lenders under the Credit Agreement and/or the Promissory Notes effective as of the Closing. The Company acknowledges and agrees that the Parent shall determine the financing strategy for repaying or refinancing obligations under the Credit Agreement and the Promissory Notes as of the Closing, as well as any outstanding indebtedness for borrowed money of Holdings and its Subsidiaries as of the Closing, in connection with the Transactions, including that the Parent may elect in its discretion as to whether, in whole or in part, to (i) repay such obligations and refinance with debt provided by one or more third party lenders, (ii) assume the rights and obligations of existing lenders and thereby become a lender (through the Parent or one of its Affiliates) to the Company and its Subsidiaries (provided that any such party assuming such obligations consents to the transactions contemplated hereby, if necessary, and releases SpinCo and the SpinCo Subsidiaries from any and all obligations in respect of the Credit Agreement and the Promissory Notes, as applicable) or (iii) repay such obligations and refinance with debt provided by the Parent or one of its Affiliates at interest rates and on other economic terms no less favorable in the aggregate than the obligations refinanced at Closing; *provided that*, the obligations of the Company and/or its Subsidiaries and Affiliates to the lenders under the Credit Agreement and the Promissory Notes shall be satisfied in full by the Parent or an Affiliate thereof pursuant to one of the options listed in clause (i), (ii) or (iii) as of the Closing.

6.16 No Control of the Other Party's Business. The Parties acknowledge and agree that the restrictions set forth in this Agreement are not intended to give the Parent, on the one hand, or the Company, on the other hand, directly or indirectly, the right to control or direct the business or operations of the other at any time prior to the Closing. Prior to the Closing, each of the Parent and the Company will exercise, consistent with the terms, conditions and restrictions of this Agreement, complete control and supervision over their own business and operations.

6.17 Acquisitions. Notwithstanding anything to the contrary contained in this Agreement, from the date of this Agreement until the earlier to occur of the termination of this Agreement pursuant to Article VIII and the Closing, the Parent and its Affiliates (except for Holdings and its Subsidiaries, which shall be subject to Section 5.4(x)) shall be free to acquire, or negotiate or enter into any agreement to acquire, by merger or consolidation with, or by purchase of a substantial portion of the assets of or equity in, or by any other manner, any business of any Person or other business organization or division thereof, provided, however, that the Parent shall, and shall cause its Affiliates to, keep the Company reasonably informed on a reasonably current basis of the status of any such acquisition efforts.

6.18 Spin-Off Agreements.

(a) The Company shall use its reasonable best efforts to consummate the Spin-Off in accordance with Section 2.1(a) and the Spin-Off Agreements. Without limiting the foregoing, the Company shall use its reasonable best efforts to prepare and file a registration statement (which shall, if permissible, be on Form 10) as soon as reasonably practicable and no later than thirty (30) Business Days following the date of this Agreement (together with any amendments, supplements, prospectuses or information statements in connection therewith, the **Spin-Off Registration Statement**) to register under the Exchange Act the shares of SpinCo Common Stock to be distributed in the Spin-Off. The Company shall timely provide drafts of the Spin-Off Registration Statement (and any amendments or supplement thereto) to the Parent for review and comment (which comments shall be considered by the Company in good faith).

(b) Any changes proposed by the Company to any of the Spin-Off Agreements shall be subject to the prior written approval of the Parent (which approval shall not be unreasonably withheld, conditioned or delayed in the case of any such change that does not impose or increase any Liability of the Company or its Subsidiaries (excluding SpinCo and the SpinCo Subsidiaries)). Following the execution of the Spin-Off Agreements on the date of this Agreement, the Company shall not, nor shall the Company permit any of its Subsidiaries to, alter, amend or otherwise revise the Spin-Off Agreements, or waive any term thereof or any condition to the obligations thereunder, without the prior written approval of the Parent (which approval shall not be unreasonably withheld, conditioned or delayed in the case of any such change that does not impose or increase any Liability of the Company or its Subsidiaries (excluding SpinCo and the SpinCo Subsidiaries)).

6.19 Corporate Name. The Parent hereby acknowledges that the corporate name cogint, any derivative thereof and any Intellectual Property Rights associated therewith, and the ticker symbol COGT, are included in the SpinCo Assets. (B) by the Company or the Parent pursuant to Section 8.1(c) where the failure of the Closing to occur on or before the Termination Date results from the failure of the Parent or its Affiliates to obtain any approval of any Governmental Authority in the People's Republic of China or the Shenzhen Stock Exchange required in connection with the Transactions;

(D) by the Company pursuant to Section 8.1(g) where the breach of covenant or agreement of the Parent consists of failure to perform and comply with clause (A) of Section 5.4(vi) at or prior to the Closing with respect to indebtedness for borrowed money;

provided, however, in the case of each of the foregoing clauses (A) and (B), at the time of such termination all of the conditions set forth in Section 7.1 (excluding Section 7.1(c)) solely with respect to the failure of the Parent or its Affiliates to obtain any approval of any Governmental Authority in the People's Republic of China or the Shenzhen

Stock Exchange required in connection with the Transactions) and Section 7.2 have been and continue to be satisfied or shall be capable of being satisfied on or before the Termination Date.

than one occasion, whether or not the Company Termination Fee or the Parent Termination Fee may be payable pursuant to more than one provision of this Agreement at the same or at different times and upon the occurrence of different events.

(e) *Payments; Default.* The Parties acknowledge that the agreements contained in this Section 8.3 are an integral part of the Transactions, and that, without these agreements, the Parties would not enter into this Agreement. Accordingly, if the Company fails to promptly pay any amount due pursuant to Section 8.3(b) or the Parent fails to promptly pay any amounts due pursuant to Section 8.3(c), and, in order to obtain such payment, the Parent, on the one hand, or the Company, on the other hand, commences a Legal Proceeding that results in a judgment against the Company for the amount set forth in Section 8.3(b) or any portion thereof or a judgment against the Parent for the amount set forth in Section 8.3(c) or any portion thereof, as applicable, the Company will pay to the Parent or the Parent will pay to the Company, as the case may be, its out-of-pocket costs and expenses (including reasonable attorneys' fees) in connection with such Legal Proceeding, together with interest on such amount or portion thereof at the annual rate of 5% plus the prime rate as published in *The Wall Street Journal* in effect on the date that such payment or portion thereof was required to be made through the date that such payment or portion thereof was actually received, or a lesser rate that is the maximum permitted by applicable Law, and the terms "Company Termination Fee" and "Parent Termination Fee", as applicable, shall be increased to include any such additional amounts owed pursuant to this Section 8.3(e). Notwithstanding Section 2.7, the Company Termination Fee or the Parent Termination Fee, as applicable, shall be paid without withholding or deduction for, or on account of, any Taxes. In the event that the Company or the Parent, as applicable, deducts or withholds any amount from the payment of such fees, the Company or the Parent (the "Payor"), as applicable, shall pay to the other Party (the "Other Party") such additional amounts as may be necessary to ensure that the net amount received by the Other Party after such withholding or deduction (and after deducting or withholding any Taxes on the additional amounts) shall equal the amount that would have been received by the Other Party had no such withholding or deduction been required; provided, however, that to the extent a Tax credit is available in the jurisdiction in which the Other Party is resident in respect of Taxes withheld by the Payor and this credit is available to offset Taxes otherwise payable by the Other Party in such jurisdiction so that the Other Party does not suffer any additional Tax cost as a result of amounts withheld, then no such additional amounts shall be required to be paid. The Other Party agrees to use commercially reasonable efforts to seek such credit. If a withholding tax is imposed on the Payor as a result of an adjustment to Taxes by a Governmental Authority after the payment of the Company Termination Fee or the Parent Termination Fee, the Other Party agrees to use commercially reasonable efforts to seek any available credit for the withheld tax and, to the extent such credit offsets Taxes of the Other Party, to pay to the Payor the amount of such credit (net of any reasonable out-of-pocket costs (including Taxes) incurred by the Other Party in respect of such credit).

(f) *Sole Remedy.*

(i) Subject to the Company's rights pursuant to Section 9.8 and Section 8.2(b), in the event this Agreement is terminated pursuant to a Parent Termination Fee Event, the Parent Termination Fee, to the extent the relevant fee is owed pursuant to Section 8.3(c), and the Reimbursement Obligations will be the sole and exclusive remedies of the Company Related Parties against (A) the Parent and its Affiliates; and (B) the former, current and future holders of any equity, controlling persons, directors, officers, employees, agents, attorneys, members, managers, general or limited partners, stockholders and assignees of the Parent and its Affiliates and the Financing Sources (the Persons in clauses (A) and (B) collectively, the "Parent Related Parties") in respect of this Agreement, any agreement executed in connection herewith (excluding the Confidentiality Agreement) and the transactions contemplated hereby and thereby, the termination of this Agreement, the failure to consummate the Transactions or any claims or actions under applicable Law arising out of any such breach, termination or failure, and other than in respect of the payment of the Parent Termination Fee and Reimbursement Obligations, (1) none of the Parent Related Parties will have any further Liability or obligation to the Company Related Parties relating to or arising out of this Agreement, any agreement

executed in connection herewith or the transactions contemplated hereby and thereby or any matters forming the

9.4 **Confidentiality**. The Parent and the Company hereby acknowledge that BlueFocus Communication Group of America, Inc. and the Company have previously executed a Confidentiality Letter Agreement, dated February 24, 2017 (the **Confidentiality Agreement**), that will continue in full force and effect in accordance with its terms; **provided** that it is hereby agreed that the Confidentiality Agreement shall terminate upon the earlier to occur of the Closing and the date on which the Confidentiality Agreement expires in accordance with its terms or is validly terminated by the parties thereto. The Parent and its respective Representatives will hold and treat all documents and information concerning the Company and its Subsidiaries furnished or made available to the Parent or its respective Representatives in connection with the Transactions in accordance with the Confidentiality Agreement.

9.5 **Entire Agreement**. This Agreement and the documents and instruments and other agreements between the Parties as contemplated by or referred to herein, including the Confidentiality Agreement, the Company Disclosure Letter and the Parent Disclosure Letter constitute the entire agreement between the Parties with respect to the subject matter hereof and thereof and supersede all prior agreements and understandings, both written and oral, between the Parties and their respective Affiliates with respect to the subject matter hereof and thereof. Notwithstanding anything to the contrary in this Agreement, the Confidentiality Agreement will (a) not be superseded; (b) survive any termination of this Agreement; and (c) continue in full force and effect until the earlier to occur of the Closing and the date on which the Confidentiality Agreement expires in accordance with its terms or is validly terminated by the parties thereto.

9.6 **Third Party Beneficiaries**. Except as set forth in this **Section 9.6**, the Parties agree that their respective representations, warranties and covenants set forth in this Agreement are solely for the benefit of the other Party in accordance with and subject to the terms of this Agreement. This Agreement is not intended to, and will not, confer upon any other Person any rights or remedies hereunder, except (a) as otherwise provided in this **Section 9.6**, (b) as set forth in or contemplated by **Section 6.9**, (c) the Financing Sources shall be express third party beneficiaries of, and shall be entitled to rely on and enforce directly, **Section 9.8(c)**, **Section 9.11**, **Section 9.16** and this **Section 9.6** and (d) SpinCo shall be an express third party beneficiary of, and shall be entitled to rely on and enforce directly, **Section 6.19**.

9.7 **Severability**. In the event that any provision of this Agreement, or the application thereof, becomes or is declared by a court of competent jurisdiction to be illegal, void or unenforceable, the remainder of this Agreement will continue in full force and effect and the application of such provision to other Persons or circumstances will be interpreted so as reasonably to effect the intent of the Parties. The Parties further agree to replace such void or unenforceable provision of this Agreement with a valid and enforceable provision that will achieve, to the extent possible, the economic, business and other purposes of such void or unenforceable provision.

9.8 **Remedies**.

(a) *Remedies Cumulative*. Except as otherwise provided herein, any and all remedies herein expressly conferred upon a Party will be deemed cumulative with and not exclusive of any other remedy conferred hereby or by Law or equity upon such Party and the exercise by a Party of any one remedy will not preclude the exercise of any other remedy.

(b) *Specific Performance*. Each Party agrees that irreparable damage for which monetary damages, even if available, would not be an adequate remedy would occur in the event that the other Party does not perform the provisions of this Agreement (including failing to take such actions as are required of it hereunder in order to consummate this Agreement (including, in the case of the Company, the Spin-Off) in accordance with its specified terms or otherwise breach such provisions. Each Party acknowledges and agrees that (A) the other Party will be entitled, in addition to any other remedy to which it is entitled at Law or in equity, to an injunction, specific performance and other equitable relief to prevent breaches (or threatened breaches) of this Agreement by such Party and to enforce specifically the terms and provisions hereof, including the respective obligations of

such Party to consummate this Agreement (including, in the case of the Company, the Spin-Off); (B) the right to obtain damages or the Company Termination Fee or the Parent Termination Fee, as applicable, following termination of this Agreement in accordance with the provisions of Section 8.2 and Section 8.3 are not intended to and do not adequately compensate the other Party for the harm that would result from a breach of this Agreement by such Party, and will not be construed to diminish or otherwise impair in any respect the other Party's right to an injunction, specific performance and other equitable relief; and (C) the right of specific enforcement is an integral part of the Transactions and, in the case of the Company, the Spin-Off, and without that right, the other Party would not have entered into this Agreement. Each Party agrees not to raise any objections to the granting of an injunction, specific performance or other equitable relief to prevent or restrain breaches or threatened breaches of this Agreement by such Party on the basis that the other Party has an adequate remedy at Law or an award of specific performance is not an appropriate remedy for any reason at Law or equity. When seeking an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, a Party will not be required to provide any bond or other security in connection with such injunction or enforcement, and the other Party irrevocably waives any right that it may have to require the obtaining, furnishing or posting of any such bond or other security.

(c) *No Recourse*. Notwithstanding anything in this Agreement to the contrary, if this Agreement is terminated in accordance with Article VIII, the Company, on behalf of itself and its Affiliates, agrees that none of the Financing Sources or their respective Affiliates and Representatives shall have any Liability or obligation to the Company or its Affiliates relating to this Agreement or the breach, termination or validity thereof or any transactions contemplated by this Agreement except as provided in any definitive agreement related to the Financing to which the Company or one of its Affiliates is a party.

9.9 Governing Law. This Agreement is governed by and construed in accordance with the Laws of the State of Delaware, regardless of the Laws that might otherwise govern under applicable principles of conflicts of Law thereof.

9.10 Consent to Jurisdiction; Venue. Each of the Parties (i) to the fullest extent permitted by Law, irrevocably consents to the service of the summons and complaint and any other process (whether inside or outside the territorial jurisdiction of the Chosen Courts) in any Legal Proceeding relating to this Agreement or the transactions contemplated hereby, for and on behalf of itself or any of its properties or assets, in accordance with Section 9.2 or in such other manner as may be permitted by applicable Law, and nothing in this Section 9.10 will affect the right of any Party to serve legal process in any other manner permitted by applicable Law; (ii) irrevocably and unconditionally consents and submits itself and its properties and assets in any Legal Proceeding to the exclusive general jurisdiction of the Court of Chancery of the State of Delaware and any state appellate court therefrom within the State of Delaware (or, if the Court of Chancery of the State of Delaware declines to accept jurisdiction over a particular matter, any federal court within the State of Delaware) (the **Chosen Courts**) in the event that any dispute or controversy arises out of this Agreement or the transactions contemplated hereby; (iii) agrees that it will not attempt to deny or defeat such personal jurisdiction by motion or other request for leave from any such court; (iv) agrees that any Legal Proceeding arising in connection with this Agreement or the transactions contemplated hereby will be brought, tried and determined only in the Chosen Courts; (v) waives any objection that it may now or hereafter have to the venue of any such Legal Proceeding in the Chosen Courts or that such Legal Proceeding was brought in an inconvenient court and agrees not to plead or claim the same; and (vi) agrees that it will not bring any Legal Proceeding relating to this Agreement or the transactions contemplated hereby in any court other than the Chosen Courts. Both the Parent and the Company agree that a final judgment in any Legal Proceeding in the Chosen Courts will be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable Law.

9.11 Waiver of Jury Trial. EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY THAT MAY ARISE PURSUANT TO THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH PARTY HEREBY IRREVOCABLY AND

UNCONDITIONALLY WAIVES ANY RIGHT THAT SUCH PARTY MAY HAVE TO A TRIAL BY

JURY IN RESPECT OF ANY LEGAL PROCEEDING (WHETHER FOR BREACH OF CONTRACT, TORTIOUS CONDUCT OR OTHERWISE) DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. EACH PARTY ACKNOWLEDGES AND AGREES THAT (i) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER; (ii) IT UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER; (iii) IT MAKES THIS WAIVER VOLUNTARILY; AND (iv) IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 9.11.

9.12 Company Disclosure Letter References. The Parties agree that the disclosure set forth in any particular section or subsection of the Company Disclosure Letter will be deemed to be an exception to (or, as applicable, a disclosure for purposes of) (a) the representations and warranties of the Company that are set forth in the corresponding Section or subsection of Article III of this Agreement; and (b) any other representations and warranties of the Company that are set forth in Article III of this Agreement, but in the case of this clause (b) only to the extent that the relevance of that disclosure as an exception to (or a disclosure for purposes of) such other representations and warranties is reasonably apparent on the face of such disclosure. The inclusion of any item in the Company Disclosure Letter shall not be deemed to be an admission or evidence of materiality of such item, nor shall it establish any standard of materiality for any purpose whatsoever and the inclusion of an item relating to the IDI Business, SpinCo Assets or SpinCo Liabilities does not, in and of itself, establish that such item relates to or affects the Company or the business or operations of the Company.

9.13 Parent Disclosure Letter References. The Parties agree that the disclosure set forth in any particular section or subsection of the Parent Disclosure Letter will be deemed to be an exception to (or, as applicable, a disclosure for purposes of) (a) the representations and warranties of the Parent that are set forth in the corresponding Section or subsection of Article IV of this Agreement; and (b) any other representations and warranties of the Parent that are set forth in Article IV of this Agreement, but in the case of this clause (b) only to the extent that the relevance of that disclosure as an exception to (or a disclosure for purposes of) such other representations and warranties is reasonably apparent on the face of such disclosure. The inclusion of any item in the Parent Disclosure Letter shall not be deemed to be an admission or evidence of materiality of such item, nor shall it establish any standard of materiality for any purpose whatsoever.

9.14 Counterparts. This Agreement and any amendments hereto may be executed in two or more counterparts, all of which will be considered one and the same agreement and will become effective when one or more counterparts have been signed by each of the Parties and delivered to the other Party, it being understood that all Parties need not sign the same counterpart. Any such counterpart, to the extent delivered by fax or .pdf, .tif, .gif, .jpg or similar attachment to electronic mail (any such delivery, an **Electronic Delivery**), will be treated in all manner and respects as an original executed counterpart and will be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. No Party may raise the use of an Electronic Delivery to deliver a signature, or the fact that any signature or agreement or instrument was transmitted or communicated through the use of an Electronic Delivery, as a defense to the formation of a contract, and each Party forever waives any such defense, except to the extent such defense relates to lack of authenticity.

9.15 No Limitation. It is the intention of the Parties that, to the extent possible, unless provisions are mutually exclusive and effect cannot be given to both or all such provisions, the representations, warranties, covenants and closing conditions in this Agreement will be construed to be cumulative and that each representation, warranty, covenant and closing condition in this Agreement will be given full, separate and independent effect and nothing set forth in any provision herein will in any way be deemed to limit the scope, applicability or effect of any other

provision hereof.

9.16 Amendment. Subject to applicable Law and subject to the other provisions of this Agreement, this Agreement may be amended by the Parties at any time by execution of an instrument in writing signed on behalf of both the Parent and the Company (pursuant to authorized action by the Company Board (or a committee thereof)), *provided* that Section 9.6, Section 9.8(c), Section 9.11 and this Section 9.16 (in each case, together with any related definitions and other provisions of this Agreement to the extent an amendment thereof would serve to modify the substance or provisions of any such Section) shall not be amended in a manner that is adverse to the Financing Sources or any of their respective Affiliates or Representatives without the prior written consent of the applicable Financing Sources.

9.17 Extension; Waiver. At any time and from time to time prior to the Closing, any Party may, to the extent legally allowed and except as otherwise set forth herein, (a) extend the time for the performance of any of the obligations or other acts of the other Party, as applicable; (b) waive any inaccuracies in the representations and warranties made to such Party contained herein or in any document delivered pursuant hereto; and (c) subject to the requirements of applicable Law, waive compliance with any of the agreements or conditions for the benefit of such Party contained herein. Any agreement on the part of a Party to any such extension or waiver will be valid only if set forth in an instrument in writing signed by such Party. Any delay in exercising any right pursuant to this Agreement will not constitute a waiver of such right.

CORPORATE OPPORTUNITIES

(1) In anticipation that the Corporation and BlueFocus may engage in the same or similar activities or lines of business and have an interest in the same areas of corporate opportunities, and in recognition of the benefits to be derived by the Corporation through its contractual, corporate and business relations with BlueFocus (including service of officers and directors of BlueFocus as directors of the Corporation), the provisions of this Article VIII are set forth to regulate and define, to the fullest extent permitted by law, the conduct of certain affairs of the Corporation as they may involve BlueFocus and its officers and directors, and the powers, rights, duties and liabilities of the Corporation and its officers, directors and stockholders in connection therewith.

(2) No contract, agreement, arrangement or transaction between the Corporation and BlueFocus shall be void or voidable solely for the reason that BlueFocus is a party thereto if the material facts as to the contract, agreement, arrangement or transaction are disclosed or are known to the Board of Directors or the committee thereof that authorizes the contract, agreement, arrangement or transaction, and the Board of Directors or such committee in good faith authorizes the contract, agreement, arrangement or transaction by a committee of one or more disinterested directors, even though less than a quorum. (d) if an officer or director of the Corporation, who also serves as an officer or director of BlueFocus, acquires knowledge of a potential transaction or matter which may be a corporate opportunity for both the Corporation and BlueFocus in any manner not addressed by this Article VIII, Section (4), clauses (a), (b) or (c), such officer or director shall have no duty to communicate or present such corporate opportunity to the Corporation and shall to the fullest extent permitted by law not be liable to the Corporation or its stockholders for breach of fiduciary duty as an officer or director of the Corporation by reason of the fact that BlueFocus pursues or acquires such corporate opportunity for itself, directs such corporate opportunity to another person or entity or does not present such corporate opportunity to the Corporation, and the Corporation to the fullest extent permitted by law renounces any interest or expectancy in such business opportunity and waives any claim that such business opportunity constituted a corporate opportunity that should be presented to the Corporation.

The provisions of this Article VIII, Section 4, sub-section (d) are not intended to be an allocation of corporate opportunities between the Corporation and BlueFocus or an exhaustive statement of corporate opportunities which may be available to the Corporation, pursuit of which shall be in accordance with this Certificate of Incorporation and applicable law.

(5) Any person or entity purchasing or otherwise acquiring any interest in shares of capital stock of the Corporation shall be deemed to have notice of and consented to the provisions of this Article.

(6) Notwithstanding any other provision of this Certificate of Incorporation, the affirmative vote of at least eighty percent (80%) of the votes entitled to be cast thereon shall be required to amend, alter, change or repeal, or to adopt any provision as part of this Certificate of Incorporation inconsistent with the purpose and intent of this Article VIII.

ANNEX C Certificate of Amendment to Amended and Restated Charter

EXHIBIT C

**CERTIFICATE OF AMENDMENT
TO THE
AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION
OF
COGINT, INC.**

Cogint, Inc., a Delaware corporation (the Corporation), does hereby certify:

FIRST: Article IV of the Corporation s Amended and Restated Certificate of Incorporation (the Certificate of Incorporation), is hereby amended by adding the following text to the end of Article IV:

Upon the filing and effectiveness of this Certificate of Amendment (the Effective Time), the shares of Common Stock issued and outstanding immediately prior to the Effective Time and the shares of Common Stock issued and held in the treasury of the Corporation immediately prior to the Effective Time shall automatically, without further action on the part of the Corporation or any holder of Common Stock, be reclassified into a smaller number of shares such that each two to four shares of issued Common Stock immediately prior to the Effective Time shall automatically be reclassified into one (1) validly issued, fully-paid and non-assessable share of Common Stock, the exact ratio within the two to four range to be determined by the Board of Directors of the Corporation prior to the Effective Time and publicly announced by the Corporation (the Reverse Stock Split). The par value of the Common Stock following the Reverse Stock Split shall remain at \$0.0005 per share. Notwithstanding the immediately preceding sentence, no fractional shares shall be issued in connection with the Reverse Stock Split and, in lieu thereof, any person who would otherwise be entitled to any fractional share of Common Stock as a result of the Reverse Stock Split shall be entitled to receive an amount in cash (without interest) equal to the product of such fraction multiplied by the closing price per share of the Common Stock on The Nasdaq Stock Market on the first trading day that commences after the Reverse Stock Split is effective on The Nasdaq Stock Market.

Each stock certificate that, immediately prior to the Effective Time, represented shares of Common Stock that were issued and outstanding immediately prior to the Effective Time shall, from and after the Effective Time, automatically and without the necessity of presenting the same for exchange, represent that number of whole shares of Common Stock after the Effective Time into which the shares of Common Stock formerly represented by such certificate shall have been reclassified (as well as the right to receive cash in lieu of any fractional share of Common Stock to which such holder would otherwise be entitled), provided, however, that each person of record holding a certificate or certificates that represented shares of Common Stock that were issued and outstanding immediately prior to the Effective Time shall receive, upon surrender of such certificate or certificates, if any, and transmission of a letter of transmittal, a written confirmation from the Corporation s transfer agent indicating the number of whole shares of Common Stock to which such person is entitled as a result of the Reverse Stock Split based on the aggregate number of shares of Common Stock held by such person immediately prior to the Effective Time and cash, if any, in lieu of any fractional share of Common Stock to which such holder would otherwise be entitled.

SECOND: The foregoing amendment was duly adopted in accordance with Section 242 of the General Corporation Law of the State of Delaware, with the stockholders of the Corporation acting by written consent in lieu of a meeting in accordance with Section 228 of the General Corporation Law of the State of Delaware.

5.2. Successors and Assigns; Third Party Beneficiaries. No party may assign either this Agreement or any of its rights, interests, or obligations hereunder without the prior written approval of the other parties, except that (i) the Parent may assign this Agreement to any Affiliate to which it transfers shares of Company Common Stock, provided that no such assignment shall relieve the Parent of any of its obligations hereunder and such Affiliate acknowledges and agrees in writing to be bound hereby and (ii) each Legacy Stockholder shall be entitled to assign its rights and obligations hereunder to any transferee pursuant to a Permitted Transfer, provided such transferee acknowledges and agrees in writing to be bound hereby in the same capacity as the transferring Legacy Stockholder (and upon which such transferee will be considered a Legacy Stockholder for all purposes hereunder). Subject to the preceding sentence, this Agreement will be binding upon and will inure to the benefit of the parties and their respective successors and permitted assigns. No assignment by any party, including pursuant to the foregoing clauses, will relieve such party of any of its obligations hereunder. This Agreement is not intended to, and will not, confer upon any other Person any rights or remedies hereunder.

5.3. Amendment; Waiver. Subject to applicable Law and subject to the other provisions of this Agreement, this Agreement may be amended by the parties at any time by execution of an instrument in writing signed on behalf of each of the parties. At any time and from time to time prior to the termination of this Agreement, any party may, to the extent legally allowed and except as otherwise set forth herein, (a) extend the time for the performance of any of the obligations or other acts of any other party, as applicable; (b) waive any inaccuracies in the representations and warranties made to such party contained herein or in any document delivered pursuant hereto and (c) subject to the requirements of applicable Law, waive compliance with any of the agreements or conditions for the benefit of such party contained herein. 5.5. Specific Performance. Each party hereto acknowledges and agrees that in the event of any breach of this Agreement by any of them, the other parties hereto would be irreparably harmed and could not be made whole by monetary damages. Each party accordingly agrees to waive the defense in any action for specific performance that a remedy at law would be adequate and agrees that the parties, in addition to any other remedy to which they may be entitled at law or in equity, shall be entitled to specific performance of this Agreement without the posting of bond.

5.6. Entire Agreement. This Agreement and the documents and instruments between the parties hereto as contemplated by or referred to herein constitute the entire agreement between the parties hereto with respect to the subject matter hereof and thereof and supersede all prior agreements and understandings, both written and oral, between the parties hereto and their respective Affiliates with respect to the subject matter hereof and thereof.

5.7. Severability. In the event that any provision of this Agreement, or the application thereof, becomes or is declared by a court of competent jurisdiction to be illegal, void or unenforceable, the remainder of this Agreement will continue in full force and effect and the application of such provision to other Persons or circumstances will be interpreted so as reasonably to effect the intent of the parties. The parties hereto further agree to replace such void or unenforceable provision of this Agreement with a valid and enforceable provision

that will achieve, to the extent possible, the economic, business and other purposes of such void or unenforceable provision.

5.8. Governing Law.

(a) This Agreement is governed by and construed in accordance with the Laws of the State of Delaware, regardless of the Laws that might otherwise govern under applicable principles of conflicts of Law thereof.

(b) Each of the parties (i) to the fullest extent permitted by Law, irrevocably consents to the service of the summons and complaint and any other process (whether inside or outside the territorial jurisdiction of the Chosen Courts (as defined below)) in any Legal Proceeding relating to this Agreement or the transactions contemplated hereby, for and on behalf of itself or any of its properties or assets, in accordance with Section 5.4 or in such other manner as may be permitted by applicable Law, and nothing in this Section 5.8 will affect the right of any party to serve legal process in any other manner permitted by applicable Law; (ii) irrevocably and unconditionally consents and submits itself and its properties and assets in any Legal Proceeding to the exclusive general jurisdiction of the Court of Chancery of the State of Delaware and any state appellate court therefrom within the State of Delaware (or, if the Court of Chancery of the State of Delaware declines to accept jurisdiction over a particular matter, any other state or federal court within the State of Delaware) (the **Chosen Courts**) in the event that any dispute or controversy arises out of this Agreement or the transactions contemplated hereby; (iii) agrees that it will not attempt to deny or defeat such personal jurisdiction by motion or other request for leave from any such court; (iv) agrees that any Legal Proceeding arising in connection with this Agreement or the transactions contemplated hereby will be brought, tried and determined only in the Chosen Courts; (v) waives any objection that it may now or hereafter have to the venue of any such Legal Proceeding in the Chosen Courts or that such Legal Proceeding was brought in an inconvenient court and agrees not to plead or claim the same and (vi) agrees that it will not bring any Legal Proceeding relating to this Agreement or the transactions contemplated hereby in any court other than the Chosen Courts. The Parent and the Legacy Stockholders agree that a final judgment in any Legal Proceeding in the Chosen Courts will be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable Law.

(c) EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY THAT MAY ARISE PURSUANT TO THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT THAT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL PROCEEDING (WHETHER FOR BREACH OF CONTRACT, TORTIOUS CONDUCT OR OTHERWISE) DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. EACH PARTY ACKNOWLEDGES AND AGREES THAT (I) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER; (II) IT UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER; (III) IT MAKES THIS WAIVER VOLUNTARILY AND (IV) IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 5.8.

5.9. Counterparts. This Agreement and any amendments hereto may be executed in two or more counterparts, all of which will be considered one and the same agreement and will become effective when one or more counterparts have been signed by the parties and delivered to the other parties, it being understood that all parties need not sign the same counterpart. Any such counterpart, to the extent delivered by fax or .pdf, .tif, .gif, .jpg or similar attachment to electronic mail (any such delivery, an **Electronic Delivery**), will be treated in all manner and respects as an original executed counterpart and will be considered to have the same binding legal effect as if it were the original signed

version thereof delivered in person. No party may raise the use of an Electronic Delivery to deliver a signature, or the fact that any signature or agreement or instrument was

transmitted or communicated through the use of an Electronic Delivery, as a defense to the formation of a contract, and each party forever waives any such defense, except to the extent such defense relates to lack of authenticity.

5.10. Schedule 13D. In accordance with the requirements of Rule 13d-1(k) under the Exchange Act, and subject to the limitations set forth therein, each Legacy Stockholder agrees to file an appropriate Schedule 13D no later than ten (10) calendar days following the date of the Closing.

ANNEX F Opinion of Roth Capital Partners, LLC

September 5, 2017

Board of Directors

Cogint, Inc.

2650 North Military Trail, Suite 300

Boca Raton, FL 33431

Members of the Board of Directors:

Roth Capital Partners, LLC (Roth or we) understands that Cogint, Inc. (Cogint) and BlueFocus International Limited (BFI) propose to enter into a Business Combination Agreement (the Business Combination Agreement), which provides for, among other things, the issuance and sale by Cogint to BFI of a number of shares of common stock, par value \$0.0005 per share, of Cogint (Cogint Common Stock) representing 63% of the outstanding shares of Cogint Common Stock on a fully diluted basis immediately following such issuance and sale (the Share Issuance and, such number of shares of Cogint Common Stock to be issued and sold therein, the Issued Shares) for aggregate consideration consisting of (i) all of the issued and outstanding shares of capital stock, membership interests and/or other equity interests of Vision7 International Inc., We Are Very Social Limited and Indigo Social, LLC (collectively, the Contributed Businesses), which may be contributed to Cogint directly or indirectly through contribution of all of the equity interests of one or more to-be-formed holding companies (collectively, together with any subsidiaries thereof, Holdings) of the Contributed Businesses (such contributed shares, membership interests and/or other equity interests of the Contributed Businesses or holding companies thereof, the Contributed Shares), and (ii) \$100,000,000 in cash (the Cash Consideration and, together with the Contributed Shares, the Aggregate Consideration). The Business Combination Agreement also provides for (a) as a condition to the Share Issuance and pursuant to a separate Separation and Distribution Agreement (the Separation Agreement and, together with the Business Combination Agreement, the Agreements), the spin-off of Cogint s risk management business (the SpinCo Business) by distributing to Cogint s stockholders the shares of a wholly owned subsidiary of Cogint (SpinCo), which is or will be the holding company of the SpinCo Business (the Spin-Off), and (b) concurrently with the Share Issuance, a special cash dividend or payment to the holders of equity securities of Cogint outstanding prior to the Share Issuance in an aggregate amount equal to the Cash Consideration, net of certain payments to be made or expenses to be incurred by Cogint in connection with the Share Issuance and the Spin-Off (the Special Dividend and, together with the Share Issuance and the Spin-Off, the Transaction).

You have asked us to render our opinion on whether, as of the date hereof, the Aggregate Consideration to be received by Cogint for the Issued Shares in the Share Issuance, after giving effect to the Spin-Off and the Special Dividend, is fair from a financial point of view to Cogint.

For purposes of the opinion set forth herein, we have, among other things, reviewed a draft dated August 30, 2017 of the Business Combination Agreement and a draft dated August 29, 2017 of the Separation Agreement provided to us by Cogint and also:

- (i) reviewed certain publicly available business and financial information of Cogint that we believe to be relevant to our inquiry;

- (ii) reviewed certain internal financial statements and other financial and operating data concerning Cogint (excluding the SpinCo Business) and the Contributed Businesses provided to or discussed with us by Cogint and BFI, respectively;

- (iii) reviewed certain financial forecasts relating to Cogint (excluding the SpinCo Business) prepared by the management of Cogint (the Cogint Forecasts);
- (iv) reviewed certain financial forecasts relating to the Contributed Businesses prepared by the managements of BFI and the Contributed Businesses (the Contributed Businesses Forecasts);
- (v) discussed the past and current businesses, financial condition and prospects of Cogint (excluding the SpinCo Business) and the Contributed Businesses with the management of Cogint and the managements of BFI and the Contributed Businesses, respectively;
- (vi) reviewed the reported prices and trading activity of Cogint Common Stock;
- (vii) compared the financial performance of Cogint (excluding the SpinCo Business) and the Contributed Businesses and the reported prices of Cogint Common Stock with that of certain publicly traded companies we deemed relevant;
- (viii) reviewed the publicly available financial terms of certain transactions we deemed relevant in evaluating Cogint (excluding the SpinCo Business) and the Contributed Businesses; and

(ix) performed such other analyses and considered such other factors as we have deemed appropriate. We have also considered such other information, financial studies, analyses and investigations, and financial, economic and market criteria which we deemed relevant.

In conducting our review and arriving at our opinion, with your consent, we have not independently verified, nor have we assumed responsibility or liability for independently verifying, any of the information provided, or otherwise made available, to us, discussed with or reviewed by us, or publicly available, and we have assumed and relied upon such information being accurate and complete in all material respects, and we have further relied upon the assurances of the management of Cogint and the managements of BFI and the Contributed Businesses that they, each respectively, are not aware of any facts that would make any of the information regarding Cogint and the Contributed Businesses reviewed by us inaccurate, incomplete or misleading in any material respect. With respect to the Cogint Forecasts, we have assumed, at the direction of Cogint, that they have been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the management of Cogint as to the future financial performance of Cogint (excluding the SpinCo Business). With respect to the Contributed Businesses Forecasts, we have assumed, upon the advice of the managements of BFI and the Contributed Businesses and at the direction of

Cogint, that they have been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the managements of BFI and the Contributed Businesses as to the future financial performance of the Contributed Businesses. We have not been engaged to assess the achievability of the Cogint Forecasts, the Contributed Businesses Forecasts or the assumptions on which they were based, and we express no view as to the Cogint Forecasts, the Contributed Businesses Forecasts or such assumptions. In addition, the Contributed Businesses financial statements have been prepared in accordance with, and based on, International Financial Reporting Standards (IFRS) or United Kingdom generally accepted accounting principles. We express no view or opinion as to any accounting differences between IFRS and United Kingdom generally accepted accounting principles-prepared financial data, on the one hand, and United States generally accepted accounting principles-prepared financial data, on the other hand, and have assumed that any such accounting differences will not be material to our analyses or opinion. We have been advised by BFI that there are no audited financial statements for Indigo Social, LLC and, accordingly, we have assumed that there would be no information contained in any such audited financial statements, if available, not otherwise discussed with or reviewed by us that would have been material to our analyses or opinion.

We have not been provided with estimates of any potential synergies that could result from the Transaction and have not performed any analysis to review or assess the potential pro forma financial effects of the Transaction, including potential synergies, on Cogint, and we have not considered such effects for purposes of our opinion. In addition, the Contributed Businesses Forecasts do not give effect to, and, accordingly, we have not considered for purposes of our opinion, any contemplated potential future acquisitions by Holdings or BFI of additional businesses to be contributed to the Company. We have not assumed any responsibility for any independent valuation or appraisal of the assets or liabilities of either Cogint or the Contributed Businesses, nor have we been furnished with any such valuation or appraisal. In addition, we have not assumed any obligation to conduct, nor have we conducted, any physical inspection of the properties or facilities of Cogint or the Contributed Businesses. We have relied upon, without independent verification, the assessments of the management of Cogint and the managements of BFI and the Contributed Businesses as to the ability of Cogint to successfully integrate the businesses of Cogint and the Contributed Businesses. We also have relied upon, without independent verification, the assessments of the management of Cogint and the managements of BFI and the Contributed Businesses as to the technology and intellectual property of Cogint and the Contributed Businesses (including, without limitation, the validity of, and risks associated with, such technology and intellectual property), and we have assumed, at the direction of Cogint, that there will be no developments with respect to any such matters that would affect our analyses or opinion.

We also have assumed, with your consent, that the Transaction will be consummated in accordance with the terms set forth in the Agreements and in compliance with the applicable provisions of the Securities Act of 1933, as amended (the Securities Act), the Securities Exchange Act of 1934, as amended (the Exchange Act), and all other applicable federal, state and local statutes, rules, regulations and ordinances, that the representations and warranties of each party in the Agreements are true and correct, that each party will perform on a timely basis all covenants and agreements required to be performed by such party under such agreement and that all conditions to the consummation of the Transaction will be satisfied without waiver thereof. We have further assumed that the Agreements when signed will conform to the draft Agreements provided to us in all respects material to our opinion. We have also assumed that all governmental, regulatory and other consents and approvals contemplated by the Agreements will be obtained and that, in the course of obtaining any of those consents and approvals, no modification, delay, limitation, restriction or condition, including any divestiture requirements, will be imposed or waivers made that would have an adverse effect on Cogint, the Contributed Businesses or SpinCo or on the contemplated benefits of the Transaction.

We were not requested to, and did not, participate in the negotiation or structuring of the Aggregate Consideration or any other aspect of the Transaction (or any part thereof) or the Agreements or advise Cogint with respect to any evaluation of alternatives to the Transaction (or any part thereof). For purposes of our analyses and opinion, we have not applied any control premium or minority or illiquidity discounts. Our opinion only addresses the fairness from a financial point of view to Cogint of the Aggregate Consideration, without regard to the potential non-intrinsic value, if any, to BFI of the Issued Shares with respect to control or otherwise, and our opinion does not in any manner address any other aspect or implication of the Transaction (or any part thereof), or any agreement, arrangement or understanding entered into in connection with the Transaction or otherwise, including, without limitation, the form or structure of the Transaction (or any part thereof), the tax, accounting or legal consequences thereof (including, without limitation, any triggering of any obligations of Cogint in the event of a change of control), the amount or allocation of

the Special Dividend, the amount, terms or any other aspect or implication of any indebtedness to be incurred by Holdings or the Contributed Businesses or any other debt financing, refinancing or repayment by BFI and/or Cogint in connection with the Transaction, the amount, terms or any other aspect or implication of either the contemplated potential reverse stock split or the contemplated potential interim share issuance by the Company that are specified in the Business Combination Agreement, the terms or any other aspect or implication of any contemplated potential future acquisitions by

Holdings or BFI of additional businesses to be contributed to the Company that are permitted by the Business Combination Agreement or the fairness of the amount or nature of, or any other aspect relating to, any compensation to any officers, directors or employees of any party to the Transaction (or any part thereof), or class of such persons, relative to the Aggregate Consideration or otherwise. Our opinion also does not address the relative merits of the Transaction (or any part thereof) as compared to any alternative business strategies that might exist for Cogint, the underlying business decision of Cogint to proceed with the Transaction (or any part thereof), or the effects of any other transaction in which Cogint might engage. Our opinion does not constitute legal, regulatory, accounting, insurance, tax or other similar professional advice. The issuance of this opinion was approved by an authorized Roth internal committee. Our opinion is necessarily based on economic, market and other conditions as they exist and can be evaluated on, and the information made available to us on, the date hereof. Our opinion is not an opinion as to the underlying valuation, future performance or long-term viability of Cogint, the Contributed Businesses or SpinCo. Further, we express no opinion as to what the value of Cogint Common Stock or any other security of Cogint or SpinCo actually will be upon consummation of the Transaction or the prices at which shares of Cogint Common Stock or any other security of Cogint or SpinCo will trade, or otherwise be purchased or sold, at any time. We also express no opinion as to how many Issued Shares there will actually be when calculated pursuant to the Business Combination Agreement. It should be understood that, although subsequent developments may affect our opinion, we do not have any obligation to update, revise or reaffirm our opinion and we expressly disclaim any responsibility to do so.

We were retained to render our opinion and certain other financial advisory services in connection with the Transaction and will receive a fee for such services, a portion of which became payable in connection with the execution of our engagement agreement, a portion of which is payable upon delivery of our opinion and portions of which are payable upon performance of additional financial advisory services, including services to be performed on a date proximate to the consummation of the Transaction. Cogint has agreed to indemnify us for certain liabilities and other items arising out our engagement.

Roth, as part of its investment banking business, is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate and other purposes. In the past, we have provided investment banking services to Cogint, including a prior engagement to assist Cogint with capital raising in 2016 pursuant to which engagement we became entitled to receive compensation. We and our affiliates may in the future provide investment banking and other financial services to Cogint, BFI or SpinCo for which we and our affiliates would expect to receive compensation. We are a full service securities firm engaged in securities trading and brokerage activities, as well as providing investment banking and other financial services. In the ordinary course of business, we and our affiliates may acquire, hold or sell, for our and our affiliates own accounts and for the accounts of customers, equity securities, or other interests or securities of Cogint, BFI or SpinCo, and, accordingly, may at any time hold a long or a short position in such securities.

It is understood that this opinion is for the use and benefit of the Board of Directors of Cogint (the Board) (in its capacity as such) in connection with its evaluation of the financial terms of the Transaction. This opinion should not be construed as creating any fiduciary duty on Roth's part to any party. This opinion is not intended to be, and does not

constitute, a recommendation to the Board, any security holder or any other person as to how to act or vote with respect to any matter relating to the Transaction (or any part thereof). This opinion may not be disclosed, reproduced, disseminated, quoted, summarized or referred to at any time, in any manner or for any purpose, nor shall any references to Roth or any of its affiliates be made without our prior written consent except that this letter may be reproduced in its entirety, if required, in a proxy statement or other form filed by Cogint with the Securities and Exchange Commission under the Exchange Act, provided that this letter is reproduced in such filing in full and that any description of or reference to us or summary of this letter in such filing will be in a

In furnishing this opinion, we do not admit that we are experts within the meaning of the term "experts" as used in the Securities Act and the rules and regulations thereunder, nor do we admit that this opinion constitutes a report or valuation within the meaning of Section 11 of the Securities Act.

On the basis of and subject to the foregoing, and such other factors as we deemed relevant, we are of the opinion as of the date hereof that the Aggregate Consideration to be received by Cogint for the Issued Shares in the Share Issuance, after giving effect to the Spin-Off and the Special Dividend, is fair from a financial point of view to Cogint.

Very truly yours,

Section 1.1 Offices. The Corporation may have such offices, either within or without the State of Delaware, as the board of directors of the Corporation (the **Board of Directors**) may designate or as the business of the Corporation may from time to time require.

Section 1.2 Books and Records. The books and records of the Corporation may be kept outside the State of Delaware at such place or places as may from time to time be designated by the Board of Directors.

ARTICLE II

STOCKHOLDERS

Section 2.1 Annual Meeting. The annual meeting of the stockholders of the Corporation shall be held on such date and at such place and time as may be fixed by resolution of the Board of Directors.

Section 2.2 Special Meeting. Except as otherwise required by law or provided by the resolution or resolutions adopted by the Board of Directors designating the rights, powers and preferences of any series of preferred stock and the Certificate of Designations filed by the Corporation with respect thereto (collectively, a **Certificate of Designations**), and except as set forth in the Corporation's Certificate of Incorporation, as amended or restated from time to time (the **Certificate of Incorporation**), special meetings of stockholders of the Corporation may be called only by (1) the Board of Directors or the Secretary of the Corporation pursuant to a resolution adopted by a majority of directors then in office or (2) BlueFocus, so long as BlueFocus is the beneficial owner of at least a majority of votes entitled to be cast by the holders of common stock. For purposes of these Bylaws, **BlueFocus** means BlueFocus International Limited, a private company limited by shares registered in Hong Kong, all successors to such entity by way of merger, consolidation or sale of substantially all of its assets, and all corporations, limited liability companies, joint ventures, partnerships, trusts, associations or other entities in which such entity: (i) beneficially owns, either directly or indirectly, more than fifty percent (50%) of (a) the total combined voting power of all classes of voting securities of such entity, (b) the total combined equity interests or (c) the capital or profits interest, in the case of a partnership; or (ii) otherwise has the power to vote, either directly or indirectly, sufficient securities to elect a majority of the board of

Section 2.4 Notice of Meeting. Written or printed notice, stating the place, if any, date and time of the meeting, and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such meeting, shall be delivered by the Corporation not less than ten (10) days nor more than sixty (60) days before the date of the meeting, either personally, by mail or by other lawful means, to each stockholder of record entitled to vote at such meeting. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail with postage thereon prepaid, addressed to the stockholder at his or her address as it appears on the stock transfer books of the Corporation. Such further notice shall be given as may be required by law. Except as otherwise permitted by Section 2.8, only such business shall be conducted at a special meeting of stockholders as shall have been brought before the meeting pursuant to the Corporation's notice of meeting. Meetings may be held without notice if all stockholders entitled to vote are present, or if notice is waived by those not present in accordance with Section 6.6 of these Bylaws. Any previously scheduled meeting of the stockholders may be postponed, and, unless the Certificate of Incorporation otherwise provides, any special meeting of the stockholders may be cancelled, by resolution of the Board of Directors upon public notice given prior to the date previously scheduled for such meeting of stockholders.

Section 2.5 Quorum and Adjournment. Except as otherwise provided by law or by the Certificate of Incorporation, the holders of shares of then-outstanding capital stock of the Corporation representing a majority of the then-outstanding shares entitled to vote generally at a meeting of stockholders, represented in person or by proxy, shall constitute a quorum at a meeting of stockholders, except that when specified business is to be voted on by a class or series of stock voting as a separate class or series, the holders of a majority of the then-outstanding shares of such class or series shall constitute a quorum of such class or series for the transaction of such business. Attendance of a person at a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened shall not constitute the presence of such person for the purposes of determining whether a quorum exists. The chairman of the meeting or the holders of shares representing a majority of the votes entitled to be cast by stockholders so present may adjourn the meeting from time to time, whether or not there is such a quorum. No notice of the time and place of adjourned meetings need be given except as required by law; provided, however, that if the date of any adjourned meeting is more than thirty (30) days after the date for which the meeting was originally noticed, or if a new record date is fixed for the adjourned meeting, notice of the place, if any, date, and time of the adjourned meeting and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting shall be given in conformity herewith. The stockholders present at a duly called meeting at which a quorum is present may continue to transact business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum.

Section 2.6 Conduct of Business. The chairman of any meeting of stockholders shall determine the order of business and the procedure at the meeting, including such regulation of the manner of voting and the conduct of discussion as seem to him or her in order. The chairman shall have the power to adjourn the meeting to another place, if any, date and time. The date and time for the opening and closing of the polls for each matter upon which the stockholders will vote at the meeting shall be announced at the meeting.

Section 2.7 Proxies. At all meetings of stockholders, a stockholder may vote by proxy executed in writing (or in such manner prescribed by the General Corporation Law of the State of Delaware (the "DGCL")) by the stockholder, or by his or her duly authorized attorney-in-fact. Such proxy must be filed with the Secretary or his or her representative at or before the time of the meeting at which such proxy will be voted. No proxy shall be valid after three (3) years from the date of its execution, unless the proxy provides for a longer period. Each proxy shall be revocable unless expressly provided therein to be irrevocable or unless otherwise made irrevocable by law.

Table of ContentsSection 2.8 Notice of Stockholder Business and Nominations.

(a) Annual Meetings of Stockholders.

(i) Nominations of persons for election to the Board of Directors and the proposal of business to be considered by the stockholders at an annual meeting of stockholders may be made only (1) pursuant to the Corporation's notice of meeting (or any supplement thereto), (2) by or at the direction of the Board of Directors or (3) by any stockholder of the Corporation (A) who was a stockholder of record of the Corporation (and, with respect to any beneficial owner, if different, on whose behalf such business is proposed or such nomination or nominations are made, only if such beneficial owner was the beneficial owner of shares of the Corporation) both at the time the notice provided for in paragraphs (a)(ii) and (a)(iii) of this Section 2.8 is delivered to, or mailed to and received by, the Secretary of the Corporation and on the record date for the determination of stockholders entitled to vote at the meeting, (B) who is entitled to vote at the meeting upon such election of directors or upon such business, as the case may be, and (C) who complies with the notice procedures set forth in paragraphs (a)(ii) and (a)(iii) of this Section 2.8. Except for proposals properly made in accordance with Rule 14a-8 under the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder (as so amended and inclusive of such rules and regulations, the **Exchange Act**), and included in the notice of meeting given by or at the direction of the Board of Directors, the foregoing clause (3) shall be the exclusive means for a stockholder to propose business to be brought before an annual meeting of stockholders. In addition, for business (other than the nomination of persons for election to the Board of Directors) to be properly brought before an annual meeting by a stockholder, such business must be a proper matter for stockholder action pursuant to the Certificate of Incorporation, these Bylaws, and applicable law.

(ii) For nominations of persons for election to the Board of Directors or other business to be properly brought before an annual meeting by a stockholder pursuant to clause (3) of paragraph (a)(i) of this Section 2.8, the stockholder (1) must have given timely notice thereof in writing to the Secretary and (2) must provide any updates or supplements to such notice at such times and in the forms required by this Section 2.8. To be timely, a stockholder's notice shall be delivered to, or mailed to and received by, the Secretary at the principal executive office of the Corporation not earlier than the close of business on the 120th day, nor later than the close of business on the 90th day, prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of any annual meeting is more than thirty (30) days before or more than thirty (30) days after such anniversary date, notice by the stockholder, to be timely, must be so delivered, or mailed and received, not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of (x) the 90th day prior to such annual meeting and (y) the 10th day following the day on which public announcement of the date of such meeting is first made by the Corporation. Except as provided in Section 2.5 of these Bylaws, the public announcement of an adjournment of an annual meeting shall not commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above.

(iii) To be in proper form for purposes of this Section 2.8, a stockholder's notice to the Secretary (whether pursuant to this paragraph (a) or paragraph (b) of this Section 2.8) must set forth:

(1) as to each Proposing Person (as defined below) (i) the name and address of such Proposing Person (including, if applicable, the name and address that appear on the Corporation's books and records); (ii) the class or series and number of shares of capital stock of the Corporation that are, directly or indirectly, owned of record or beneficially owned (within the meaning of Rule 13d-3 under the Exchange Act) by such Proposing Person (provided that such Proposing Person shall in all events be deemed to beneficially own any shares of any class or series and number of shares of capital stock of the Corporation as to which such Proposing Person has a right to acquire beneficial ownership at any time in the future);

(2) as to each Proposing Person, (A) any derivative, swap, or other security or transaction or series of transactions owned or engaged in, directly or indirectly, by such Proposing Person, the purpose or effect of which is to give such Proposing Person economic risk similar to ownership of shares of any class or series of capital stock of the Corporation, including due to the fact that the value of such derivative, swap, or other transactions are determined by reference to the price, value, or volatility of any shares of any class or series of capital stock of the Corporation, or which derivative, swap, or other transactions provide, directly or indirectly, the opportunity to profit from any increase in the price or value of shares of any class or series of capital stock of the Corporation (**Synthetic Equity Interests**), which Synthetic Equity Interests shall be disclosed without regard to whether (x) the derivative, swap, or other transactions convey any voting rights in such shares to such Proposing Person, (y) the derivative, swap, or other transactions are required to be, or are capable of being, settled through delivery of such shares, or (z) such Proposing Person may have entered into other transactions that hedge or mitigate the economic effect of such derivative, swap, or other transactions; (B) any proxy (other than a revocable proxy or consent given in response to a solicitation made pursuant to, and in accordance with, Section 14(a) of the Exchange Act by way of a solicitation statement filed on Schedule 14A), agreement, arrangement, understanding, or relationship pursuant to which such Proposing Person has or shares a right to vote any shares of any class or series of capital stock of the Corporation (including the number of shares and class or series of capital stock of the Corporation that are subject to such proxy, agreement, arrangement, understanding, or relationship); (C) any agreement, arrangement, understanding, or relationship, including any repurchase or similar so-called stock borrowing agreement or arrangement, engaged in, directly or indirectly, by such Proposing Person, the purpose or effect of which is to mitigate loss to, reduce the economic risk (of ownership or otherwise) of shares of any class or series of capital stock of the Corporation by, manage the risk of share price changes for, or increase or decrease the voting power of, such Proposing Person with respect to the shares of any class or series of capital stock of the Corporation, or that provides, directly or indirectly, the opportunity to profit from any decrease in the price or value of the shares of any class or series of the Corporation (**Short Interests**); (D) any rights to dividends on the shares of any class or series of capital stock of the Corporation owned beneficially by such Proposing Person that are separated or separable from the underlying shares of the Corporation; (E) any performance related fees (other than an asset based fee) to which such Proposing Person is entitled based on any increase or decrease in the price or value of shares of any class or series of the capital stock of the Corporation, or any Synthetic Equity Interests or Short Interests, if any; and (F) any other information relating to such Proposing Person that would be required to be disclosed in a proxy statement or other filing required to be made in connection with solicitations of proxies or consents by such Proposing Person in support of the nominations or business proposed to be brought before the meeting pursuant to Regulation 14A under the Exchange Act (the disclosures to be made pursuant to the foregoing clauses (A) through (F) are referred to as **Disclosable Interests**); provided, however, that Disclosable Interests shall not include any such disclosures with respect to the ordinary course business activities of any broker, dealer, commercial bank, trust company, or other nominee who is a Proposing Person solely as a result of being the stockholder directed to prepare and submit the notice required by these Bylaws on behalf of a beneficial owner;

(3) if such notice pertains to the nomination by the stockholder of a person or persons for election to the Board of Directors (each, a **nominee**), as to each nominee, (A) the name, age, business and residence address, and principal occupation or employment of the nominee; (B) all other information relating to the nominee that would be required to be disclosed about such nominee if proxies were being solicited for the election of the nominee as a director in an election contest (whether or not such proxies are or will be solicited), or that is otherwise required, in each case pursuant to and in accordance with Regulation 14A under the Exchange Act; (C) such nominee's written consent to being named in the Corporation's proxy statement, if any, as a

nominee and to serving as a director if elected; and (D) all information with respect to such nominee that would be required to be set forth in a stockholder's notice pursuant to this Section 2.8 if such nominee were a Proposing Person;

(4) if the notice relates to any business (other than the nomination of persons for election to the Board of Directors) that the stockholder proposes to bring before the meeting, (A) a reasonably brief description of the business desired to be brought before the meeting, (B) the text of the proposal or business (including the text of any resolutions proposed for consideration and if such business includes a proposal to amend the Bylaws of the Corporation, the language of the proposed amendment), (C) the reasons for conducting such business at the meeting, and (D) any material interest in such business of each Proposing Person;

(5) a representation that the stockholder giving the notice is a holder of record of stock of the Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose such business or nomination; and

(6) a representation whether any Proposing Person intends or is part of a group that intends (A) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Corporation's outstanding capital stock required to approve or adopt the proposal or elect the nominee and/or (B) otherwise to solicit proxies from stockholders in support of such proposal or nomination.

(iv) The Corporation may require any proposed nominee to furnish such other information as it may reasonably require to determine (A) the eligibility of such proposed nominee to serve as a director of the Corporation, and (B) whether such nominee qualifies as an independent director or audit committee financial expert under applicable law, securities exchange rule or regulation, or any publicly-disclosed corporate governance guideline or committee charter of the Corporation.

(v) Notwithstanding anything in the second sentence of paragraph (a)(ii) of this Section 2.8 to the contrary, in the event that the number of directors to be elected to the Board of Directors at an annual meeting of stockholders is increased and there is no public announcement by the Corporation naming all of the Corporation's nominees for director or specifying the size of the increased Board of Directors at least 120 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice pursuant to this Section 2.8 shall also be considered timely, but only with respect to nominees for any new seats on the Board of Directors created by such increase, if it is delivered to, or mailed to and received by, the Secretary at the principal executive office of the Corporation not later than the close of business on the 10th day following the day on which such public announcement is first made by the Corporation.

(b) Special Meetings of Stockholders.

(i) No business other than that stated in the Corporation's notice of a special meeting of stockholders shall be transacted at such special meeting. If the business stated in the Corporation's notice of a special meeting of stockholders includes electing one or more directors to the Board of Directors, nominations of persons for election to the Board of Directors at such special meeting may be made (1) by or at the direction of the Board of Directors or (2) by any stockholder of the Corporation (A) who was a stockholder of record of the Corporation (and, with respect to any beneficial owner, if different, on whose behalf such nomination or nominations are made, only if such beneficial owner was the beneficial owner of shares of the Corporation) both at the time the notice provided for in paragraph (b)(ii) of this Section 2.8 is delivered to the Secretary of the Corporation and on the record date for the determination of stockholders entitled to vote at the special meeting, (B) who is entitled to vote at the meeting and upon such election, and (C) who complies with the notice procedures set forth in paragraph (b)(ii) of this Section 2.8; provided, however, that a stockholder may nominate persons for election at a special meeting only to such position(s)

as specified in the Corporation's notice of the meeting.

G-5

(ii) If a special meeting has been called in accordance with Section 2.2 for the purpose of electing one or more directors to the Board of Directors, then for nominations of persons for election to the Board of Directors to be properly brought before such special meeting by a stockholder pursuant to clause (2) of paragraph (b)(i) of this Section 2.8, the stockholder (1) must have given timely notice thereof in writing and in the proper form to the Secretary of the Corporation at the principal executive offices of the Corporation, and (2) must provide any updates or supplements to such notice at such times and in the forms required by this Section 2.8. To be timely, a stockholder's notice relating to a special meeting shall be delivered to, or mailed to and received by, the Secretary at the principal executive office of the Corporation not earlier than the close of business on the 120th day prior to such special meeting and not later than the close of business on the later of (1) the 90th day prior to such special meeting and (2) the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting. In no event shall the public announcement of an adjournment or postponement of a special meeting commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above. To be in proper form for purposes of this paragraph (b) of this Section 2.8, such notice shall set forth the information required by clauses (1), (2), (3), (5), and (6) of paragraph (a)(iii) of this Section 2.8.

(c) General.

(i) Only such persons who are nominated in accordance with the procedures set forth in this Section 2.8 shall be eligible to be elected at an annual or special meeting of directors to serve as directors, and only such business shall be conducted at a meeting of stockholders as shall have been brought before the meeting in accordance with the procedures set forth in this Section 2.8. Except as otherwise provided by law, the Certificate of Incorporation or these Bylaws, the chairman of the meeting shall have the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made or proposed, as the case may be, in accordance with the procedures set forth in this Section 2.8 and, if any proposed nomination or business was not made or proposed in compliance with this Section 2.8, to declare that such non-compliant proposal or nomination be disregarded.

(ii) Notwithstanding the foregoing provisions of this Section 2.8, unless otherwise required by law, if the stockholder (or a qualified representative of the stockholder) does not appear at the annual or special meeting of stockholders of the Corporation to present a nomination or proposed business, such nomination shall be disregarded and such proposed business shall not be transacted, notwithstanding that proxies in respect of such vote may have been received by the Corporation. For purposes of this Section 2.8, to be considered a qualified representative of the stockholder, a person must be authorized by a writing executed by such stockholder or an electronic transmission delivered by such stockholder to act for such stockholder as proxy at the meeting of stockholders and such person must produce such writing or electronic transmission, or a reliable reproduction of the writing or electronic transmission, at the meeting of stockholders.

(iii) For purposes of this Section 2.8, (a) **public announcement** shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the Corporation with the United States Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the Exchange Act and (b) **Proposing Person** shall mean (1) the stockholder giving the notice required by paragraph (a) or paragraph (b) of this Section 2.8, (2) the beneficial owner or beneficial owners, if different, on whose behalf such notice is given, and (3) any affiliates or associates (each within the meaning of Rule 12b-2 under the Exchange Act for purposes of these Bylaws) of such stockholder or beneficial owner.

(iv) Notwithstanding the foregoing provisions of this Section 2.8, a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the nomination of persons for election to the Board of Directors or the proposal of business

to be considered by the stockholders at a meeting of stockholders. Paragraph (a) of this Section 2.8 is expressly intended to apply to any business proposed to be brought before an annual meeting of stockholders other than any proposal made pursuant to Rule 14a-8 under the Exchange Act. Nothing in this Section 2.8 shall be deemed to (1) affect any rights of stockholders to request inclusion of proposals in the Corporation's proxy statement pursuant to Rule 14a-8 (or any successor thereto) promulgated under the Exchange Act, (2) confer upon any stockholder a right to have a nominee or any proposed business included in the Corporation's proxy statement, except to the extent provided in Rule 14a-11 promulgated under the Exchange Act, or (3) affect any rights of the holders of any class or series of preferred stock to nominate and elect directors pursuant to and to the extent provided in any applicable provisions of the certificate of incorporation.

(v) Notwithstanding anything to the contrary contained in these Bylaws, until such time as BlueFocus ceases to be the beneficial owner of shares representing at least a majority of the votes entitled to be cast by the holders of common stock, BlueFocus shall be entitled to nominate persons for election to the Board of Directors and propose business to be considered by the stockholders at any meeting of stockholders without compliance with the notice requirements and procedures of this Section 2.8.

Section 2.9 Required Vote. Except as otherwise provided by law, the Certificate of Incorporation, any Certificate of Designations or these Bylaws, when a quorum is present, the affirmative vote of the holders of shares representing at least a majority of votes actually present in person or represented by proxy at the meeting and entitled to vote on a matter shall be the act of the stockholders. No stockholder shall be entitled to exercise any right of cumulative voting. Every reference in these Bylaws to a majority or other proportion of shares, or a majority or other proportion of the votes of shares, of then-outstanding capital stock of the corporation (or any one or more classes or series of such stock) shall refer to such majority or other proportion of the votes to which such shares of capital stock entitle their holders to cast as provided in the Certificate of Incorporation or any Certificate of Designations.

Section 2.10 Inspectors of Elections; Opening and Closing the Polls. The Board of Directors by resolution shall appoint one or more inspectors, which inspector or inspectors may include individuals who serve the Corporation in other capacities, including, without limitation, as officers, employees, agents or representatives, to act at the meetings of stockholders and make a written report thereof. One or more persons may be designated as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate has been appointed to act or is able to act at a meeting of stockholders, the chairman of the meeting shall appoint one or more inspectors to act at the meeting. Each inspector, before discharging his or her duties, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of his or her ability. The inspectors shall have the duties prescribed by law.

The chairman of the meeting shall fix and announce at the meeting the date and time of the opening and the closing of the polls for each matter upon which the stockholders will vote at a meeting.

Section 2.11 Stockholder Action by Written Consent. Any action required or permitted to be taken by stockholders at any annual or special meeting of stockholders may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of outstanding capital stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of capital stock entitled to vote thereon were present and voted; provided, however, that, and except as otherwise provided by a Certificate of Designations, from and after the date that BlueFocus ceases to be the beneficial owner of shares representing at least a majority of votes entitled to be cast by the holders of common stock, any action required or permitted to be taken by stockholders may be effected only at a duly called annual or special meeting of stockholders and may not be effected by a written consent or consents by stockholders in lieu of such a meeting. All written consents authorized by this Section 2.11 shall be delivered to the

Corporation by delivery to its registered office, its

G-7

Table of Contents

principal place of business or the Secretary. Delivery made to a corporation's registered office shall be by hand or by certified or registered mail, return receipt requested.

Prompt notice of the taking of any corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for such meeting had been the date that written consents signed by a sufficient number of stockholders to take the action were delivered to the Corporation as provided in this Section 2.11. In the event that the action that is consented to is such as would have required the filing of a certificate under the DGCL that such action had been voted on by stockholders or by members at a meeting thereof, the certificate filed shall state, in lieu of any statement concerning any vote of stockholders or members, that written consent has been given in accordance with the DGCL.

Section 2.12 Stock List. A complete list of stockholders entitled to vote at any meeting of stockholders, arranged in alphabetical order for each class of stock and showing the address of each such stockholder and the number of shares registered in his or her name, shall be open to the examination of any such stockholder for a period of at least ten (10) days prior to the meeting in the manner provided by law. The stock list shall also be open to the examination of any stockholder during the whole time of the meeting as provided by law. This list shall presumptively determine the identity of the stockholders entitled to vote at the meeting and the number of shares held by each of them. So long as BlueFocus is the beneficial owner of shares representing at least a majority of votes entitled to be cast by the holders of common stock, upon the request of BlueFocus, the stock list shall be provided to BlueFocus promptly.

Section 2.13 Specification of Treatment of Abstentions and Broker Non-Votes. Except as otherwise provided by law, the Certificate of Incorporation or these Bylaws, all action taken by the holders of a majority of the votes cast on a matter affirmatively or negatively shall be valid and binding upon the Corporation. For purposes of these Bylaws, a share present at a meeting, but for which there is an abstention or as to which a stockholder gives no authority or direction as to a particular proposal or director nominee, shall be counted as present for the purpose of establishing a quorum but shall not be counted as a vote cast.

ARTICLE III

BOARD OF DIRECTORS

Section 3.1 General Powers. The business and affairs of the Corporation shall be managed under the direction of the Board of Directors. In addition to the powers and authorities expressly conferred upon the Board of Directors by these Bylaws, the Board of Directors may exercise all such powers of the Corporation and do all such lawful acts and things as are not by law, the Certificate of Incorporation or these Bylaws required to be exercised or done by the stockholders.

Section 3.2 Number, Tenure, Qualifications and Election of Directors.

(a) The Board of Directors shall consist of not less than six nor more than twelve members. Subject to the limitations of the foregoing sentence and the rights of the holders of any series of preferred stock to elect directors under specified circumstances, the number of directors shall be fixed, and may be increased or decreased from time to time, exclusively by a resolution adopted by an affirmative vote of a majority of the entire Board of Directors which the Corporation would have if there were no vacancies at the time such resolution is adopted (the **Entire Board of Directors**).

(b) Except as provided in Section 3.9, directors shall be elected by the vote of a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors and each director so elected shall hold office until the next annual meeting of stockholders and until such director's successor is duly elected and qualified, or until such director's earlier death, resignation or removal. Directors need not be stockholders.

Section 3.3 **Regular Meetings**. Regular meetings of the Board of Directors shall be held at such place or places, on such date or dates, and at such time or times as shall have been established by the Board of Directors and publicized among all directors. A notice of each regular meeting shall not be required.

Section 3.4 **Special Meetings**. Special meetings of the Board of Directors shall be called by the Chairman of the Board, the Chief Executive Officer, a majority of directors then in office or, until BlueFocus ceases to be the beneficial owner of shares representing at least a majority of the votes entitled to be cast by the holders of common stock, BlueFocus. The person or persons authorized to call special meetings of the Board of Directors may fix the place and time of the meetings.

Section 3.5 **Notice**. Notice of any special meeting of directors shall be given to each director at his or her business or residence (as he or she may specify) in writing by hand delivery, first-class mail, overnight mail or courier service, confirmed facsimile transmission or electronic transmission or orally by telephone. If mailed by first-class mail, such notice shall be deemed adequately delivered when deposited in the United States mail so addressed, with postage thereon prepaid, at least five (5) days before such meeting. If given by overnight mail or courier service, such notice shall be deemed adequately delivered when the notice is delivered to the overnight mail or courier service company at least twenty-four (24) hours before such meeting. If given by telephone, hand delivery or confirmed facsimile transmission or electronic transmission, such notice shall be deemed adequately delivered when the notice is transmitted at least twenty-four (24) hours before such meeting. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board of Directors need be specified in the notice of such meeting, except for amendments to these Bylaws, as provided under Section 8.1. A meeting may be held at any time without notice if all the directors are present or if those not present waive notice of the meeting in accordance with Section 6.6 of these Bylaws.

Section 3.6 **Action by Consent of Board of Directors**. Any action required or permitted to be taken at any meeting of the Board of Directors, or of any committee thereof, may be taken without a meeting if all members of the Board or committee, as the case may be, consent thereto in writing or by electronic transmission, and the writing or writings or electronic transmission or transmissions are filed with the minutes of proceedings of the Board or committee. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form.

Section 3.7 **Conference Telephone Meetings**. Members of the Board of Directors, or any committee thereof, may participate in a meeting of the Board of Directors, or such committee, by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear and communicate with each other, and such participation in a meeting shall constitute presence in person at such meeting.

Section 3.8 **Quorum; Voting**. Subject to Section 3.9, at all meetings of the Board of Directors, the presence of a majority of the directors then in office shall constitute a quorum for the transaction of business, but if at any meeting of the Board of Directors there shall be less than a quorum present, the directors present thereat may adjourn the meeting from time to time without further notice. Attendance of a director at a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened shall not constitute the presence of such director for the purposes of determining whether a quorum exists. Except as otherwise provided by the Certificate of Incorporation, the act of a majority of directors present at a meeting at which there is a quorum shall be the act of the Board of Directors.

Section 3.9 **Vacancies**. Except as otherwise provided by the Certificate of Incorporation or a Certificate of Designations, any vacancy on the Board of Directors that results from an increase in the number of directors may be filled by the affirmative vote of a majority of the Board of Directors then in office, provided that a quorum is present,

and any other vacancy occurring on the Board of Directors may be filled by the affirmative vote of a majority of the Board of Directors then in office, even if less than a quorum, or by a sole remaining director. shall hold office for a term that shall coincide with the remaining term of that class. Any director elected to fill a vacancy not resulting from an increase in the number of directors shall have the same remaining term as that of his or her predecessor. No decrease in the number of directors shall shorten the term of any incumbent director.

Section 3.10 Committees of the Board of Directors. The Board of Directors may from time to time designate committees of the Board of Directors, with such lawfully delegable powers and duties as it thereby confers, to serve at the pleasure of the Board of Directors and shall, for those committees and any others provided for herein, elect a director or directors to serve as the member or members, designating, if it desires, other directors as alternate members who may replace any absent or disqualified member at any meeting of the committee. In the absence or disqualification of any member of any committee and any alternate member in his or her place, the member or members of the committee present at the meeting and not disqualified from voting, whether or not he, she or they constitute a quorum, may by unanimous vote appoint another member of the Board of Directors to act at the meeting in the place of the absent or disqualified member.

Each committee may determine the procedural rules for meeting and conducting its business and shall act in accordance therewith, except as otherwise provided herein or required by law. Adequate provision shall be made for notice to members of all meetings; one-third (1/3) of the members shall constitute a quorum unless the committee shall consist of one (1) or two (2) members, in which event one (1) member shall constitute a quorum; and all matters shall be determined by a majority vote of the members present.

No committee shall have the power or authority in reference to any of the following matters: (a) approving or adopting, or recommending to the stockholders, any action or matter (other than the election or removal of directors) expressly required by the DGCL to be submitted to stockholders for approval or (b) altering, amending or repealing any Bylaw, or adopting any new Bylaw.

Section 3.11 Removal. Any member of the Board of Directors may be removed from office at any time, subject to Section 2.11, with or without cause, by the affirmative vote of holders of at least a majority of the votes entitled to be cast to elect any such director.

The Board of Directors shall also have power, in its discretion, to provide for and to pay to directors rendering services to the Corporation not ordinarily rendered by directors as such, special compensation appropriate to the value of such services as determined by the Board of Directors from time to time. Nothing herein contained shall be construed to preclude any directors from serving the Corporation in any other capacity and receiving compensation therefor.

(a) The interest of each stockholder of the Corporation shall be evidenced by certificates for shares of stock in such form as the appropriate officers of the Corporation may from time to time prescribe. Subject to the satisfaction of any additional requirements specified in the Certificate of Incorporation, the shares of the stock of the Corporation shall be transferred on the books of the Corporation by the holder thereof in person or by his or her attorney, upon surrender for cancellation of certificates for at least the same number of shares, with an assignment and power of transfer endorsed thereon or attached thereto, duly executed, with such proof of the authenticity of the signature as the Corporation or its agents may reasonably require.

The certificates of stock shall be signed, countersigned and registered in such manner as the Board of Directors may by resolution prescribe, which resolution may permit all or any of the signatures on such certificates to be in facsimile. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed upon a certificate has ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if he or she were such officer, transfer agent or registrar at the date of issue.

(b) Notwithstanding any other provision in these Bylaws, the Board of Directors may resolve to adopt a system of issuance, recordation and transfer of its shares by electronic or other means not involving any issuance of certificates (a **Direct Registration System**), including provisions for notice to purchasers in substitution for any required statements on certificates, and as may be required by applicable corporate securities laws or stock exchange listing rules. Any Direct Registration System so adopted shall not become effective as to issued and outstanding certificated securities until the certificates therefor have been surrendered to the Corporation.

of any rights or to exercise any rights in respect of any change, conversion or exchange of stock or for the purpose of any other lawful action, the Board of Directors may, except as otherwise required by law, fix a record date, which record date shall not precede the date on which the resolution fixing the record date is adopted by the Board of Directors and which record date shall not be more than sixty (60) nor less than ten (10) days before the date of such meeting of stockholders, nor more than sixty (60) days prior to the time for such other action as described above. If the Board of Directors so fixes a date for notice of any meeting of stockholders or any adjournment thereof, such date shall also be the record date for determining the stockholders entitled to vote at such meeting unless the Board of Directors determines, at the time it fixes such record date, that a later date on or before the date of the meeting shall be the date for making such determination. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of and to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held, and, for determining stockholders entitled to receive payment of any dividend or other distribution or allotment of rights or to exercise any rights of change, conversion or exchange of stock or for any other purpose, the record date shall be at the close of business on the day on which the Board of Directors adopts a resolution relating thereto.

A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for determination of stockholders entitled to vote at the adjourned meeting, and in such case shall also fix as the record date for stockholders entitled to notice of such adjourned meeting the same or an earlier date as that fixed for determination of stockholders entitled to vote in accordance with the foregoing provisions of this Section 5.2 at the adjourned meeting.

(b) In order that the Corporation may determine the stockholders entitled to consent to corporate action in writing without a meeting, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date shall not be more than ten (10) days after the date upon which the resolution fixing the record date is adopted by the Board of Directors. If no record date has been fixed by the Board of Directors and prior action by the Board of Director is required by applicable law, the Certificate of Incorporation, or these Bylaws, the record date for determining stockholders entitled to consent to corporate action in writing without a meeting shall be at the close of business on the date on which the Board of Directors adopts the resolution taking such prior action.

Section 5.3 Lost, Stolen or Destroyed Certificates. No certificate for shares of stock in the Corporation shall be issued in place of any certificate alleged to have been lost, destroyed or stolen, except on production of such evidence of such loss, destruction or theft and on delivery to the Corporation of a bond of indemnity in such amount, upon such terms and secured by such surety, as the Board of Directors, or any financial officer of the Corporation, may in its, or his or her, discretion require.

In addition to the provisions for use of facsimile signatures elsewhere specifically authorized in these Bylaws, facsimile signatures of any officer or officers of the Corporation may be used whenever and as authorized by the Board of Directors or any committee thereof.

Section 6.5 Reliance upon Books, Reports and Records. The Board of Directors, each committee thereof, each member of the Board of Directors and such committees and each officer of the Corporation shall, in the performance of its, his or her duties, be fully protected in relying in good faith upon the books of account or other records of the Corporation and upon such information, opinions, reports or documents presented to it or them by any of the Corporation's officers or employees, by any committee of the Board of Directors or by any other person as to matters that the Board, such committee, such member or such officer reasonably believes are within such other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Corporation.

Section 6.6 Waiver of Notice. Whenever any notice is required to be given to any stockholder or director of the Corporation under the provisions of the DGCL, the Certificate of Incorporation or these Bylaws, a waiver thereof in writing, signed by the person or persons entitled to such notice, or a waiver by electronic transmission by the person entitled to notice, whether before or after the time stated therein, shall be deemed equivalent to the giving of such notice. Neither the business to be transacted at, nor the purpose of, any annual or special meeting of the stockholders or the Board of Directors or committee thereof need be specified in any waiver of notice of such meeting. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

Section 6.7 Audits. The accounts, books and records of the Corporation shall be audited upon the conclusion of each fiscal year by an independent certified public accountant selected by the Board of Directors, or a committee thereof, and it shall be the duty of the Board of Directors, or such committee, to cause such audit to be done annually.

Section 6.8 Resignations. Any director or any officer, whether elected or appointed, may resign at any time by giving written notice of such resignation to the Chairman of the Board, the Chief Executive Officer or the Secretary, and such resignation shall be deemed to be effective as of the close of business on the date said notice is received by the Chairman of the Board, the Chief Executive Officer or the Secretary, or at such later time as is specified therein. No formal action shall be required of the Board of Directors or the stockholders to make any such resignation effective, other than as required by Section 3.2.

Section 6.9 Indemnification and Insurance.

(a) As and to the extent provided in the Certificate of Incorporation, a director of this Corporation shall not be liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or may hereafter be amended. Any repeal or modification of the foregoing paragraph shall not adversely affect any right or protection of a director of the Corporation existing hereunder with respect to any act or omission occurring prior to such repeal or modification.

(b) The Corporation shall indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person (a **Covered Person**) who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a **proceeding**), by reason of the fact that he or she, or a person for whom he or she is the legal representative, is or was a director or officer of the Corporation, or has or had agreed to become a director of the Corporation, or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer,

employee or agent of another corporation or of a limited liability company, partnership, joint venture, trust, enterprise or nonprofit entity, including service with respect to

employee benefit plans, whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, against all liability and loss suffered and expenses (including attorneys' fees and expenses, judgments, fines, amounts to be paid in settlement and excise payments or penalties arising under the Employee Retirement Income Security Act of 1974 (**ERISA**)) reasonably incurred by such Covered Person in connection therewith, and such indemnification shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of his or her heirs, executors and administrators. Notwithstanding the preceding sentence, except as otherwise provided in this Section 6.9, the Corporation shall be required to indemnify a Covered Person in connection with a proceeding (or part thereof) commenced by such Covered Person only if the commencement of such proceeding (or part thereof) by the Covered Person was authorized in the specific case by the Board of Directors. The Corporation may, by the action of the Board of Directors, provide indemnification to employees and agents of the Corporation with the same scope and effect as the foregoing indemnification of directors and officers.

(c) The Corporation shall to the fullest extent not prohibited by applicable law pay the expenses (including attorneys' fees and expenses) incurred by a Covered Person in defending any proceeding in advance of its final disposition, provided, however, that, to the extent required by law, such payment of expenses in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking by the Covered Person to repay all amounts advanced if it should be ultimately determined that the Covered Person is not entitled to be indemnified under this Section 6.9 or otherwise. The rights contained in this clause (c) shall inure to the benefit of a Covered Person's heirs, executors and administrators.

(d) If a claim for indemnification (following the final disposition of such action, suit or proceeding) or advancement of expenses under this Section 6.9 is not paid in full within thirty (30) days after a written claim therefor by the Covered Person has been received by the Corporation, the Covered Person may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expenses of prosecuting such claim. In any such action the Corporation shall have the burden of proving that the Covered Person is not entitled to the requested indemnification or advancement of expenses under applicable law.

(e) The rights conferred on any Covered Person by this Section 6.9 shall not be exclusive of any other rights which such Covered Person may have or hereafter acquire under any statute, provision of these Bylaws or the Certificate of Incorporation of the Corporation, agreement, vote of stockholders or disinterested directors or otherwise.

(f) The Corporation may maintain insurance, at its expense, to protect itself and any director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such individual or entity against such expense, liability or loss under the DGCL.

(g) The Corporation's obligation, if any, to indemnify or to advance expenses to any Covered Person who was or is serving at its request as a director, officer, employee or agent of another corporation, limited liability company, partnership, joint venture, trust, enterprise or nonprofit entity shall be reduced by any amount such Covered Person is entitled to collect and is collectible as indemnification or advancement of expenses from such other corporation, limited liability company, partnership, joint venture, trust, enterprise or non-profit enterprise.

(h) Any repeal or modification of the foregoing provisions of this Section 6.9 shall not adversely affect any right or protection hereunder of any Covered Person in respect of any act or omission occurring prior to the time of such repeal or modification.

(i) This Section 6.9 shall not limit the right of the Corporation, to the extent and in the manner permitted by law, to indemnify and to advance expenses to persons other than Covered Persons, to a greater

extent or in a manner otherwise different than provided in this Section 6.9 when and as authorized by appropriate corporate action.

(j) If this Section 6.9 or any portion hereof will be invalidated on any ground by any court of competent jurisdiction, then the Corporation will nevertheless indemnify each Covered Person entitled to indemnification under clause (b) of this Section 6.9 as to all expense, liability and loss (including attorneys' fees and related disbursements, judgments, fines, ERISA excise taxes and penalties, penalties and amounts paid or to be paid in settlement) actually and reasonably incurred or suffered by such Covered Person and for which indemnification is available to such Covered Person pursuant to this Section 6.9 to the fullest extent permitted by any applicable portion of this Section 6.9 that shall not have been invalidated and to the fullest extent permitted by applicable law.

Section 6.10 Establishing Forum for Certain Actions. Except for (a) actions in which the Court of Chancery in the State of Delaware concludes that an indispensable party is not subject to the jurisdiction of the Delaware courts, and (b) actions in which a federal court has assumed exclusive jurisdiction of a proceeding, any derivative action brought by or on behalf of the Corporation, and any direct action brought by a stockholder against the Corporation or any of its directors, officers or stockholders, alleging a violation of the DGCL, the Corporation's Certificate of Incorporation or Bylaws or breach of fiduciary duties or other violation of Delaware decisional law relating to the internal affairs of the Corporation, shall be brought in the Court of Chancery in the State of Delaware, which shall be the sole and exclusive forum for such proceedings; provided, however, that the Corporation may consent to an alternative forum for any such proceedings upon the approval of the Board of Directors of the Corporation.

ARTICLE VII

CONTRACTS, PROXIES, ETC.

Section 7.1 Contracts. Except as otherwise required by law, the Certificate of Incorporation or these Bylaws, any contracts or other instruments may be executed and delivered in the name and on the behalf of the Corporation by such officer or officers of the Corporation as the Board of Directors may from time to time specify. Such authority may be general or confined to specific instances as the Board of Directors may determine. The Chairman of the Board, the Chief Executive Officer or such other persons as the Board of Directors may authorize may execute bonds, contracts, deeds, leases and other instruments to be made or executed for or on behalf of the Corporation. Subject to any restrictions imposed by the Board of Directors or the Chairman of the Board, the Chief Executive Officer or such other persons as the Board of Directors may authorize may delegate contractual powers to others under his or her jurisdiction, it being understood, however, that any such delegation of power shall not relieve such person of responsibility with respect to the exercise of such delegated power.

Section 7.2 Proxies. Unless otherwise provided by resolution adopted by the Board of Directors, the Chairman of the Board, the Chief Executive Officer, the President or any Vice President may from time to time appoint an attorney or attorneys or agent or agents of the Corporation, in the name and on behalf of the Corporation, to cast the votes that the Corporation may be entitled to cast as the holder of stock or other securities in any other entity, any of whose stock or other securities may be held by the Corporation, at meetings of the holders of the stock or other securities of such other entity, or to consent in writing, in the name of the Corporation as such holder, to any action by such other entity, and may instruct the person or persons so appointed as to the manner of casting such votes or giving such consent, and may execute or cause to be executed, in the name and on behalf of the Corporation and under its corporate seal or otherwise, all such written proxies or other instruments as he or she may deem necessary or proper in the premises.

6.6 Entire Agreement. This Agreement and the documents and instruments and other agreements between the parties as contemplated by or referred to herein, including the Exhibits hereto, constitute the entire agreement between the parties with respect to the subject matter hereof and thereof and supersede all prior agreements and understandings, both written and oral, between the parties and their respective Affiliates with respect to the subject matter hereof and thereof.

6.7 Governing Law; Consent to Jurisdiction; Waiver of Jury Trial.

(a) This Agreement is governed by and construed in accordance with the Laws of the State of Delaware, regardless of the Laws that might otherwise govern under applicable principles of conflicts of Law thereof.

(b) Each of the parties (i) to the fullest extent permitted by Law, irrevocably consents to the service of the summons and complaint and any other process (whether inside or outside the territorial jurisdiction of the Chosen Courts (as defined below)) in any Legal Proceeding relating to this Agreement or the transactions contemplated hereby, for and on behalf of itself or any of its properties or assets, in accordance with Section 6.4 or in such other manner as may be permitted by applicable Law, and nothing in this Section 6.7 will affect the right of any party to serve legal process in any other manner permitted by applicable Law; (ii) irrevocably and unconditionally consents and submits itself and its properties and assets in any Legal Proceeding to the exclusive general jurisdiction of the Court of Chancery of the State of Delaware and any state appellate court therefrom within the State of Delaware (or, if the Court of Chancery of the State of Delaware declines to accept jurisdiction over a particular matter, any federal court within the State of Delaware) (the **Chosen Courts**) in the event that any dispute or controversy arises out of this Agreement or the transactions contemplated hereby; (iii) agrees that it will not attempt to deny or defeat such personal jurisdiction by motion or other request for leave from any such court; (iv) agrees that any Legal Proceeding arising in connection with this Agreement or the transactions contemplated hereby will be brought, tried and determined only in the Chosen Courts; (v) waives any objection that it may now or hereafter have to the venue of any such Legal Proceeding in the Chosen Courts or that such Legal Proceeding was brought in an inconvenient court and agrees not to plead or claim the same and (vi) agrees that it will not bring any Legal Proceeding relating to this Agreement or the transactions contemplated hereby in any court other than the Chosen Courts. (c) EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY THAT MAY ARISE PURSUANT TO THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT THAT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL PROCEEDING (WHETHER FOR BREACH OF CONTRACT, TORTIOUS CONDUCT OR OTHERWISE) DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. EACH PARTY ACKNOWLEDGES AND AGREES THAT (I) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER; (II) IT UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER; (III) IT MAKES THIS WAIVER VOLUNTARILY AND (IV) IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 6.7.

6.8 Specific Performance. Each party acknowledges and agrees that the other parties will be entitled, in addition to any other remedy to which they are entitled at Law or in equity, to an injunction, specific performance and other equitable relief to prevent breaches (or threatened breaches) of this Agreement by such party and to enforce specifically the terms and provisions hereof. Each party agrees not to raise any objections to the granting of an injunction, specific performance or other equitable relief to prevent or restrain breaches or threatened breaches of this Agreement by such party on the basis that the other parties have an adequate remedy at Law or an award of specific performance is not an appropriate remedy for any reason at Law or equity. When seeking an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, a party will not be required to provide any bond or other security in connection with such injunction or enforcement, and the other parties irrevocably waive any right that they may have to require the obtaining, furnishing or posting of any such bond or other security.

Any agreement on the part of a party to any such extension or waiver will be valid only if set forth in an instrument in writing signed by such party. Any delay in exercising any right pursuant to this Agreement will not constitute a waiver of such right.

6.10 Severability. In the event that any provision of this Agreement, or the application thereof, becomes or is declared by a court of competent jurisdiction to be illegal, void or unenforceable, the remainder of this Agreement will continue in full force and effect and the application of such provision to other Persons or circumstances will be interpreted so as reasonably to effect the intent of the parties. The parties further agree to replace such void or unenforceable provision of this Agreement with a valid and enforceable provision that will achieve, to the extent possible, the economic, business and other purposes of such void or unenforceable provision.

6.11 Successors and Assigns; Third Party Beneficiaries. No party may assign either this Agreement or any of its rights, interests, or obligations hereunder without the prior written approval of the other parties, except that the Parent will have the right to assign all or any portion of its respective rights and obligations pursuant to this Agreement in connection with any assignment of the Combination Agreement to any Subsidiary of the Parent to the extent permitted by the Combination Agreement, provided that no such assignment shall relieve the Parent of any of its obligations pursuant to this Agreement. Subject to the preceding sentence, this Agreement will be binding upon and will inure to the benefit of the parties and their respective successors and permitted assigns. No assignment by any party, including pursuant to the foregoing clauses, will relieve such party of any of its obligations hereunder. The parties agree that their respective representations, warranties and covenants set forth in this Agreement are solely for the benefit of the other parties in accordance with and subject to the terms of this Agreement. This Agreement is not intended to, and will not, confer upon any other Person any rights or remedies hereunder.
