FUND DISTRIBUTIONS AND MANAGED DISTRIBUTION PLAN

The Board of Trustees of the Virtus Global Multi-Sector Income Fund (the Fund) adopted a Managed Distribution Plan (the Plan) which provides for the Fund to make a monthly distribution rate of \$0.156 per share. Under the terms of the Plan, the Fund seeks to maintain a consistent distribution level that may be paid in part or in full from net investment income, realized capital gains, and a return of capital, or a combination thereof.

If the Fund estimates that it has distributed more than its income and capital gains in a particular period, a portion of your distribution may be a return of capital. A return of capital may occur, for example, when some or all of the money that you invested in the Fund is paid back to you. A return of capital distribution does not necessarily reflect the Fund s investment performance and should not be confused with yield or income.

To the extent that the Fund uses capital gains and/or return of capital to supplement its investment income, you should not draw any conclusions about the Fund s investment performance from the amount of the Fund s distributions or from the terms of the Fund s Managed Distribution Plan.

The amounts and sources of distributions reported in Section 19(a) notices of the 1940 Act are only estimates and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund s investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send shareholders a Form 1099-DIV for the calendar year that will tell you how to report distributions for federal income tax purposes.

The Board may amend, suspend or terminate the Managed Distribution Plan at any time, without prior notice to shareholders, if it deems such action to be in the best interest of the Fund and its shareholders.

Information on the Virtus Global Multi-Sector Income Fund is available through the closed end fund section on the web at www.Virtus.com. Section 19(a) notices are posted on the website at <https://www.virtus.com/our-products/closed-end-fund-details/VGI>.

MESSAGE TO SHAREHOLDERS

Dear Virtus Global Multi-Sector Income Fund Shareholder:

Dear Virtus Global Multi-Sector Income Fund Shareholder: I am pleased to share with you the annual report for the Virtus Global Multi-Sector Income Fund (VGI), which discusses performance for the 12 months ended November 30, 2017. This report contains commentary from the portfolio management team at Newfleet Asset Management on how the fixed income markets and the fund performed during the period, including the contribution of the options overlay strategy to fund performance.

For the fiscal year ended November 30, 2017, the fund's net asset value (NAV) gained 14.87%, including \$1.872 in reinvested distributions, and its market price increased 35.99%. For the same period, the fund's benchmark, the Bloomberg Barclays Global Aggregate Bond Index, gained 6.53%, including reinvested dividends.

On behalf of Newfleet Asset Management and Virtus Investment Partners, I welcome our new Investors and thank all shareholders for entrusting your assets to us. Should you have any questions or require support, the Virtus customer service team is ready to assist at 1-866-270- 7788 or through the closed-end fund section of our website, www.virtus.com.
Sincerely,

George R. Aylward

VIRTUS GLOBAL MULTI-SECTOR INCOME FUND

MANAGER'S DISCUSSION OF FUND PERFORMANCE (Unaudited)

NOVEMBER 30, 2017

About the Fund

Virtus Global Multi-Sector Income Fund's (NYSE: VGI) (the Fund) investment objective is to maximize current income while preserving capital. The Fund seeks to achieve its investment objective by applying an approach, and extensive credit research, to capitalize on opportunities across undervalued areas of the global bond market. *There is no guarantee that the Fund will achieve its investment objective.*

The use of leverage currently enables the Fund to borrow at short-term rates and invest at higher yields on its investments. As of November 30, 2017, the Fund's leverage consisted of \$69 million of borrowings pursuant to a line of credit, which represented approximately 26% of the Fund's total assets.

Portfolio Review – Newfleet Asset Management LLC (Newfleet)

Newfleet's multi-sector fixed income strategies team manages the Fund, leveraging the knowledge and skills of investment professionals with expertise in every sector of the bond market, including evolving, specialized, and out-of-favor sectors. The team employs active sector rotation and disciplined risk management for portfolio construction, avoiding interest rate bets and remaining duration neutral. Newfleet also manages the Fund's options overlay strategy. The options overlay strategy seeks to generate additional income through the purchase and sale of paired out-of-the-money puts and calls. The following commentary is provided by the portfolio team at Newfleet and covers the Fund's fixed income portfolio and options overlay strategy for the fiscal year ended November 30, 2017.

How did global fixed income markets perform during the Fund's fiscal year ended November 30, 2017?

Most spread sectors outperformed U.S. Treasuries during the fiscal year ended November 30, 2017. The global growth outlook remained favorable and the search for yield persisted through the end of the fiscal year. Within most fixed income sectors, longer duration and lower quality assets were key drivers of performance.

The positive tone of the market that continued after the surprise outcome of the U.S. presidential election faced numerous challenges over the fiscal year. Geopolitical tensions with North Korea, continued gridlock in Washington, moderate volatility in oil prices, and major weather events such as Hurricane Harvey caused periods of weakness within spread sectors. However, these periods were short-lived as investors bought into any meaningful dip in prices, quickly pushing prices higher.

As anticipated, the Fed raised its target rate 0.25% on three separate occasions during the last 12 months to a range of 1.00% to 1.25%. During its September 2017 meeting, the Fed announced the start of its balance sheet reduction plan.

Over the last 12 months, yields increased across the curve, but more so among shorter maturities, which caused the curve to flatten.

What factors affected the Fund's performance during the period?

Edgar Filing: Virtus Global Multi-Sector Income Fund - Form N-CSR

The underperformance of U.S. Treasuries relative to most fixed income spread sectors was the key driver of the Fund's underperformance for the fiscal year ended November 30, 2017. Among

fixed income sectors, the Fund's allocations to corporate high yield, emerging markets high yield, and yankee high quality securities were the largest positive contributors to performance for the fiscal year.

During the fiscal year, the Fund's allocation to agency mortgage-backed securities detracted from performance, although the Fund's underweight versus the benchmark was beneficial. Though exposure to the high yield sector contributed to the overall performance of the Fund, our bias toward higher quality securities detracted from returns during a period in which lower quality outperformed.

How did the options overlay strategy perform for the Fund during the fiscal year?

Fund performance was significantly enhanced by the options overlay strategy during the fiscal year ended November 30, 2017. This strategy seeks to exploit well-known pricing inefficiencies in the index options market by selling put and call spreads to generate premium income.

The option trading environment was highly unusual. Implied volatility levels, as measured by the CBOE Volatility Index (VIX), traded at or near historic lows for most of the 12-month period. This reflected the risk on positioning observed across most securities markets, as investors appeared willing to push aside fears of volatility in the relentless pursuit of a series of all-time market highs.

For the options overlay strategy, the result was a relatively tight spread between short options for most trades, which provided little room for the S&P 500® Index to move during the two-week duration of a typical trade.

Despite this rather tight positioning, the options overlay strategy was able to contribute in excess of 3% (gross of fees) to Fund returns for the fiscal year. This success reflected the relatively low number of gap moves during the year. Large, sudden moves in the S&P 500® Index can lead to losses for the strategy, as we saw early in the prior fiscal year. A market that steadily grinds higher, as we have seen for much of 2017, provides a relatively accommodative environment for the options overlay strategy.

MANAGER'S DISCUSSION OF FUND PERFORMANCE (Unaudited) (Continued)

NOVEMBER 30, 2017

Credit & Interest: Debt securities are subject to various risks, the most prominent of which are credit and interest rate risk. The issuer of a debt security may fail to make interest and/or principal payments. Values of debt securities may rise or fall in response to changes in interest rates, and this risk may be enhanced with longer-term maturities.

Foreign & Emerging Markets: Investing internationally, especially in emerging markets, involves additional risks such as currency, political, accounting, economic, and market risk.

High Yield-High Risk Fixed Income Securities: There is a greater level of credit risk and price volatility involved with high yield securities than investment grade securities.

ABS/MBS: Changes in interest rates can cause both extension and prepayment risks for asset- and mortgage-backed securities. These securities are also subject to risks associated with the repayment of underlying collateral.

Bank Loans: Loans may be unsecured or not fully collateralized, may be subject to restrictions on resale and/or trade infrequently on the secondary market. Loans can carry significant credit and call risk, can be difficult to value and have longer settlement times than other investments, which can make loans relatively illiquid at times.

Leverage: When a fund leverages its portfolio, the value of its shares may be more volatile and all other risks may be compounded.

Call/Put Spreads: Buying and selling call and put option spreads on the SPX Index risks the loss of the premium when buying and may increase downside losses.

Market Price/NAV: At the time of purchase and/or sale, an investor's shares may have a market price that is above or below the fund's NAV, which may increase the investor's risk of loss.

For information regarding the indexes and certain key investment terms see the Key Investment Terms starting on page 7.

KEY INVESTMENT TERMS (Unaudited)

NOVEMBER 30, 2017

Bloomberg Barclays Global Aggregate Bond Index

The Bloomberg Barclays Global Aggregate Bond Index is a market-weighted index of global government, government-related agencies, corporate and securitized fixed income investments.

The index is calculated on a total return basis. The index is unmanaged, its returns do not reflect any fees, expenses, or sales charges, and it is not available for direct investment.

Chicago Board Options Exchange Volatility Index[®] (CBOE VIX[®])

The CBOE VIX[®] shows the market's expectation of 30-day volatility. It is constructed using the implied volatilities of a wide range of S&P 500[®] index options. This volatility is meant to be forward looking and is calculated from both calls and puts. The CBOE VIX[®] is a widely used measure of market risk and is often referred to as the investor fear gauge. The index is unmanaged, its returns do not reflect any fees, expenses, or sales charges, and it is not available for direct investment.

Exchange-Traded Funds (ETF)

An open-end fund that is traded on a stock exchange. Most ETFs have a portfolio of stocks or bonds that track a specific market index.

Federal Reserve (the Fed)

The Central Bank of the U.S., responsible for controlling money supply, interest rates, and credit with the goal of keeping the U.S. economy and currency stable. Governed by a seven-member board, the system includes 12 regional Federal Reserve Banks, 25 Branches, and all national and state banks that are part of the system.

S&P 500[®] Index

The S&P 500[®] Index is a free-float market capitalization-weighted index of 500 of the largest U.S. companies. The index is calculated on a total return basis with dividends reinvested. The index is unmanaged, its returns do not reflect any fees, expenses, or sales charges, and it is not available for direct investment.

- (1) Non-income producing.
- (2) Variable rate security. Rate disclosed is as of November 30, 2017. For loan agreements, the rate shown may represent a weighted average interest rate. Information in parenthesis represents benchmark and reference rate for each security. Certain variable rate securities are not based on a published reference rate and spread but are determined by the issuer or agent and are based on current market conditions, or, for mortgage-backed securities, are impacted by the individual mortgages which are paying off over time. These securities do not indicate a reference rate and spread in their descriptions.
- (3) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers. At November 30, 2017, these securities amounted to a value of \$130,549 or 67.8% of net assets.
- (4) Regulation S security. Security is offered and sold outside of the United States, therefore, it is exempt from registration with the SEC under Rules 903 and 904 of the Securities Act of 1933.
- (5) No contractual maturity date.

- (6) Interest payments may be deferred.
- (7) This Note was issued for the sole purpose of funding a loan agreement between the issuer and the borrower. As the credit risk for this security lies solely with the borrower, the name represented here is that of the borrower.
- (8) This loan will settle after November 30, 2017, at which time the interest rate, based on the LIBOR and the agreed upon spread on trade date, will be reflected.
- (9) Value shown as par value.
- (10) Security in default, no interest payments are being received during the bankruptcy proceedings.
- (11) All or a portion of the security is segregated as collateral for written options.
- (12) Security in default, interest payments are being received during the bankruptcy proceedings.
- (13) 100% of the income received was in cash.
- (14) Security valued at fair value as determined in good faith by or under the direction of the Trustees. This security is disclosed as a Level 3 security in the Fair Value Hierarchy table located after the Schedule of Investments.
- (15) All or a portion of the portfolio is segregated as collateral for borrowings.
- (16) Amounts are less than \$500 (not reported in 000s).
- (17) Shares of this fund are publicly offered and its prospectus and annual report are publicly available.
- (18) The value of this security was determined using significant unobservable inputs and is reported as a Level 3 security in the Fair Value Hierarchy table located at the end of the Schedule of Investments.

There were no transfers between Level 1, Level 2, or Level 3 related to securities held at November 30, 2017.

(1) Amount is less than \$500.

Some of the Fund's investments that were categorized as Level 3 were valued utilizing third party pricing information without adjustment. Such valuations are based on unobservable inputs. A significant change in third party information could result in a significantly lower or higher value of Level 3 investments.

Management has determined that the amount of Level 3 securities compared to total net assets is de minimus; therefore, the rollforward of Level 3 securities and assumptions are not shown for the period ended November 30, 2017.

VIRTUS GLOBAL MULTI-SECTOR INCOME FUND

NOTES TO FINANCIAL STATEMENTS

NOVEMBER 30, 2017

Note 1. Organization

The Fund was incorporated as a statutory trust under the laws of the State of Delaware on November 9, 2011. The Fund commenced operations on February 23, 2012, as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the 1940 Act). The Fund's investment objective is to maximize current income while preserving capital.

Note 2. Significant Accounting Policies

The Trust is an investment company that follows the accounting and reporting guidance of Accounting Standards Codification Topic 946 applicable to Investment Companies.

The following is a summary of the significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates, and those differences could be significant.

A. Security Valuation

Security valuation procedures for the Fund, which include nightly price variance, as well as back-testing items such as bi-weekly unchanged price, monthly secondary source and transaction analysis, have been approved by the Board of Trustees of the Fund (the Board , or the Trustees). All internally fair valued securities are approved by a valuation committee appointed by the Board (the Valuation Committee). The Valuation Committee is comprised of certain members of management as identified to the Board and convenes independently from portfolio management. All internally fair valued securities are updated daily and reviewed in detail by the Valuation Committee monthly unless changes occur within the period. The Valuation Committee reviews the validity of the model inputs and any changes to the model. Fair valuations are reviewed by the Board at least quarterly.

The Fund utilizes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The Fund's policy is to recognize transfers between levels at the end of the reporting period.

Level 1 quoted prices in active markets for identical securities (security types generally include listed equities).

Level 2 prices determined using other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).

Level 3 prices determined using significant unobservable inputs (including the Valuation Committee's own assumptions in determining the fair value of investments).

A description of the valuation techniques applied to the Fund's major categories of assets and liabilities measured at fair value on a recurring basis is as follows:

Equity securities are valued at the official closing price (typically last sale) on the exchange on which the securities are primarily traded or, if no closing price is available, at the last bid price and are categorized as Level 1 in the hierarchy. Restricted equity

VIRTUS GLOBAL MULTI-SECTOR INCOME FUND

NOTES TO FINANCIAL STATEMENTS (Continued)

NOVEMBER 30, 2017

securities and private placements that are not widely traded, are illiquid, or are internally fair valued by the Valuation Committee, are generally categorized as Level 3 in the hierarchy.

Certain non-U.S. securities may be fair valued in cases where closing prices are not readily available or are deemed not reflective of readily available market prices. For example, significant events (such as movement in the U.S. securities market, or other regional and local developments) may occur between the time that non-U.S. markets close (where the security is principally traded) and the time that the Fund calculates its net asset value (NAV) (at the close of regular trading on the New York Stock Exchange (NYSE), generally 4 p.m. Eastern time) that may impact the value of securities traded in these non-U.S. markets. In such cases, the Fund fair values non-U.S. securities using an independent pricing service which considers the correlation of the trading patterns of the non-U.S. security to the intraday trading in the U.S. markets for investments such as American Depositary Receipts, financial futures, ETFs, and certain indexes, as well as prices for similar securities. Such fair valuations are categorized as Level 2 in the hierarchy. Because the frequency of significant events is not predictable, fair valuation of certain non-U.S. common stocks may occur on a frequent basis.

Debt securities, including restricted securities, are valued based on evaluated quotations received from independent pricing services or from dealers who make markets in such securities. For most bond types, the pricing service utilizes matrix pricing that considers one or more of the following factors: yield or price of bonds of comparable quality, coupon, maturity, current cash flows, type, and current day trade information, as well as dealer supplied prices. These valuations are generally categorized as Level 2 in the hierarchy. Structured debt instruments, such as mortgage-backed and asset-backed securities, may also incorporate collateral analysis and utilize cash flow models for valuation and are generally categorized as Level 2 in the hierarchy. Pricing services do not provide pricing for all securities and therefore indicative bids from dealers are utilized which are based on pricing models used by market makers in the security and are generally categorized as Level 2 in the hierarchy. Debt securities that are not widely traded or are internally fair valued by the Valuation Committee, are generally categorized as Level 3 in the hierarchy.

Listed derivatives, such as options, that are actively traded are valued based on quoted prices from the exchange and are categorized as Level 1 in the hierarchy. Over-the-counter derivative contracts, which include forward currency contracts and equity-linked instruments, do not require material subjectivity as pricing inputs are observed from actively quoted markets and are categorized as Level 2 in the hierarchy.

Investments in open-end mutual funds are valued at NAV. Investments in closed-end funds are valued as of the close of regular trading on the NYSE each business day. Both are categorized as Level 1 in the hierarchy.

A summary of the inputs used to value the Fund's net assets by each major security type is disclosed at the end of the Schedule of Investments for the Fund. The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

B. Security Transactions and Investment Income

Security transactions are recorded on the trade date. Realized gains and losses from the sale of securities are determined on the identified cost basis. Dividend income is

VIRTUS GLOBAL MULTI-SECTOR INCOME FUND

NOTES TO FINANCIAL STATEMENTS (Continued)

NOVEMBER 30, 2017

recognized on the ex-dividend date or, in the case of certain foreign securities, as soon as the Fund is notified. Interest income is recorded on the accrual basis. The Fund amortizes premiums and accretes discounts using the effective interest method.

C. Income Taxes

The Fund is treated as a separate taxable entity. It is the Fund's intention to comply with the requirements of Subchapter M of the Internal Revenue Code and to distribute substantially all of its taxable income to its shareholders. Therefore, no provision for federal income taxes or excise taxes has been made.

The Fund may be subject to foreign taxes on income, gains on investments or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries as applicable based upon current interpretations of the tax rules and regulations that exist in the markets in which it invests.

Management of the Fund has concluded that there are no significant uncertain tax positions that would require recognition in the financial statements. As of November 30, 2017, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2014 forward (with limited exceptions).

D. Distributions to Shareholders

Distributions are recorded by the Fund on the ex-dividend date. Income and capital gain distributions are determined in accordance with income tax regulations that may differ from U.S. GAAP.

The Fund has a Managed Distribution Plan which provides for the Fund to make a monthly distribution of \$0.156 per share. Distributions may represent earnings from net investment income, realized capital gains, or, if necessary, return of capital. Shareholders should not draw any conclusions about the Fund's investment performance from the terms of the Fund's Managed Distribution Plan.

E. Foreign Currency Translation

Non-U.S. investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the foreign currency exchange rate effective at the end of the reporting period. Cost of investments is translated at the currency exchange rate effective at the trade date. The gain or loss resulting from a change in currency exchange rates between the trade and settlement date of a portfolio transaction is treated as a gain or loss on foreign currency. Likewise, the gain or loss resulting from a change in currency exchange rates between the date income is accrued and the date it is paid is treated as a gain or loss on foreign currency. The Fund does not isolate that portion of the results of operations arising from changes in foreign exchange rates on investments from the fluctuations arising from changes in the market prices of securities held. Such fluctuations are included with the net realized and unrealized gain or loss on investments.

F. When-issued Purchases and Forward Commitments (Delayed Delivery)

The Fund may engage in when-issued or forward commitment transactions. Securities purchased on a when-issued or forward commitment basis are also known as delayed delivery transactions. Delayed delivery transactions involve a commitment by the Fund to purchase or sell a security at a future date (ordinarily up to 90 days later). When-issued or forward commitments enable the Fund to lock in what is believed to be an attractive price

VIRTUS GLOBAL MULTI-SECTOR INCOME FUND

NOTES TO FINANCIAL STATEMENTS (Continued)

NOVEMBER 30, 2017

or yield on a particular security for a period of time, regardless of future changes in interest rates. The Fund records when-issued and delayed delivery securities on the trade date. The Fund maintains collateral for the securities purchased. Securities purchased on a when-issued or delayed delivery basis begin earning interest on the settlement date.

G. Loan Agreements

The Fund may invest in direct debt instruments which are interests in amounts owed by a corporate, governmental, or other borrower to lenders or lending syndicates. Loan Agreements are generally non-investment grade and often involve borrowers that are highly leveraged. The Fund may invest in obligations of borrowers who are in bankruptcy proceedings. Loan agreements are typically senior in the corporate capital structure of the borrower. A loan is often administered by a bank or other financial institution (the lender) that acts as agent for all holders. The agent administers the terms of the loan, as specified in the loan agreement. The Fund's investments in loans may be in the form of participations in loans or assignments of all or a portion of loans from third parties. When investing in loan participations, the Fund has the right to receive payments of principal, interest and any fees to which it is entitled only from the lender selling the loan participation and only upon receipt by the lender of payments from the borrower. The Fund generally has no right to enforce compliance with the terms of the loan agreement with the borrower. As a result, the Fund may be subject to the credit risk of both the borrower and the lender that is selling the loan agreement. When the Fund purchases assignments from lenders it acquires direct rights against the borrower on the loan.

The Fund may invest in multiple series or tranches of a loan, which may have varying terms and carry different associated risks. Loan agreements may involve foreign borrowers and investments may be denominated in foreign currencies. Direct indebtedness of emerging countries involves a risk that the government entities responsible for the repayment of the debt may be unable, or unwilling, to pay the principal and interest when due.

The loan agreements have floating rate loan interests which generally pay interest at rates that are periodically determined by reference to a base lending rate plus a premium. The base lending rates are generally LIBOR (London Interbank Offered Rate), the prime rate offered by one or more U.S. banks or the certificate of deposit rate. When a loan agreement is purchased the Fund may pay an assignment fee. On an ongoing basis, the Fund may receive a commitment fee based on the undrawn portion of the underlying line of credit portion of a loan agreement. Prepayment penalty fees are received upon the prepayment of a loan agreement by a borrower. Prepayment penalty, facility, commitment, consent and amendment fees are recorded to income as earned or paid.

H. Expenses

Expenses incurred together by the Fund and other affiliated open- and closed-end funds are allocated in proportion to the net assets of each such fund, except where allocation of direct expense to each fund or an alternative allocation method can be more appropriately used.

In addition to the net annual operating expenses that the Fund bears directly, the shareholders of the Fund indirectly bear the Fund's pro rata expenses of any underlying mutual funds in which the Fund invests.

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Earnings Credit and Interest

Through an arrangement with the Fund's previous custodian, which ended in September 2017, the Fund received either an earnings credit or interest on agreed upon target un-invested cash balances to reduce the Fund's custody expenses. The credits are reflected as Earnings credit from custodian and the interest is reflected under Interest income in the Fund's Statement of Operations for the period, as applicable.

Note 3. Derivative Financial Instruments and Transactions

(\$ reported in thousands)

Disclosures about derivative instruments and hedging activities are intended to enable investors to understand how and why the Fund uses derivatives, how derivatives are accounted for, and how derivative instruments affect the Fund's results of operations and financial position. Summarized below are such disclosures and accounting policies for each specific type of derivative instrument used by the Fund.

A. Options contracts

An options contract provides the purchaser with the right, but not the obligation, to buy (call option) or sell (put option) a financial instrument at an agreed upon price. The Fund pursues an option income strategy whereby it purchases and sells out-of-the-money puts and calls, creating an options spread designed to generate a consistent level of option cash flow which should result in additional yield. The Fund is subject to equity price risk in the normal course of pursuing its investment objectives.

When the Fund purchases an option, it pays a premium and an amount equal to that premium is recorded as an asset. When the Fund writes an option, it receives a premium and an amount equal to that premium is recorded as a liability. The asset or liability is adjusted daily to reflect the current market value of the option. Holdings of the Fund designated to cover outstanding written options are noted in the Schedule of Investments. Purchased options are reported as an asset within Investment in securities at value in the Statement of Assets and Liabilities. Options written are reported as a liability within Written options at value. Changes in value of the purchased option is included in Net change in unrealized appreciation (depreciation) on investments in the Statement of Operations. Changes in value of written options is included in Net change in unrealized appreciation (depreciation) on written options.

If an option expires unexercised, the Fund realizes a gain or loss to the extent of the premium received or paid. If an option is exercised, the premium received or paid is recorded as an adjustment to the proceeds from the sale or the cost basis of the purchase. The difference between the premium and the amount received or paid on effecting a closing purchase or sale transaction is also treated as a realized gain or loss. Gain or loss on purchased options is included in Net realized gain (loss) from investments in the Statement of Operations. Gain or loss on written options is presented separately as Net realized gain (loss) from written options in the Statement of Operations.

The risk in writing covered put options is that the Fund may incur a loss if the market price of the security decreases and the option is exercised. The risk in buying options is that the Fund pays a premium whether or not the option is exercised. The use of such instruments may involve certain additional risks as a result of unanticipated movements

VIRTUS GLOBAL MULTI-SECTOR INCOME FUND**NOTES TO FINANCIAL STATEMENTS (Continued)****NOVEMBER 30, 2017**

in the market. Writers (sellers) of options are normally subject to unlimited risk of loss, as the seller will be obligated to deliver or take delivery of the security at a predetermined price which may, upon exercise of the option, be significantly different from the then-market value. However, the Fund may limit its risk of loss when writing an option by purchasing an option similar to the one that is sold, except for the fact it is further out of the money.

The Fund invested in derivative instruments during the year (the period) in the form of writing put/call options and buying put/call options on the S&P 500® Index. The primary risk associated with these derivative instruments is equity risk.

The following is a summary of the Fund's options contracts as presented in the Statement of Assets and Liabilities as of November 30, 2017:

Assets: Purchased options at value	\$ 326 ⁽¹⁾
Liabilities: Written options at value	(2,761)
Net asset (liability) balance	\$ (2,435)

The following is a summary of the Fund's options contracts as presented in the Statements of Operations.

Net realized gain (loss) from purchased options	\$ (9,658) ⁽²⁾
Net realized gain (loss) from written options	17,846
Net change in unrealized appreciation (depreciation) on purchased options	107 ⁽³⁾
Net change in unrealized appreciation (depreciation) on written options	(2,315)
Total realized and unrealized gain (loss) on purchased and written options	\$ 5,980

⁽¹⁾ Amount included in Investment in securities at value.

⁽²⁾ Amount included in Net realized gain (loss) from investments.

⁽³⁾ Amount included in Net change in unrealized appreciation (depreciation) on investments.

For the period ended November 30, 2017, the average daily premiums paid by the Fund for purchased options was \$309 and the average daily premiums received by the Fund from written options was \$665.

Note 4. Investment Advisory Fees and Related Party Transactions

(\$ reported in thousands)

A. Adviser

Virtus Investment Advisers, Inc. (the Adviser), an indirect wholly-owned subsidiary of Virtus Investment Partners, Inc. (Virtus), is the investment adviser of the Fund. The Adviser manages the general operations of the Fund, including oversight of the Fund s subadviser.

As compensation for its services to the Fund, the Adviser receives a monthly fee at an annual rate of 0.95% as a percentage of the average daily managed assets which is defined as the value of the total assets of the Fund minus the sum of all accrued

liabilities of the Fund (other than the aggregate amount of any outstanding borrowings or other indebtedness, entered into for the purpose of constituting financial leverage).

B. Subadviser

Newfleet Asset Management, LLC (Newfleet), an indirect wholly-owned subsidiary of Virtus, is the subadviser of the Fund. The subadviser manages the investments of the Fund for which they are paid a fee by the Adviser.

C. Administrative Services

Virtus Fund Services, LLC (VFS), an indirect wholly-owned subsidiary of Virtus, serves as administrator to the Fund. For the services provided by the administrator under the Administration Agreement, the Fund pays the administrator a monthly asset-based fee calculated on the Fund's average daily managed assets.

For the period ended November 30, 2017, the Fund incurred administration fees totaling \$262 which are included in the Statement of Operations within the line item Administration and accounting fees.

D. Trustee Fees

For the period ended November 30, 2017, the Fund incurred Trustees fees totaling \$180 which are included in the Statement of Operations within the line item Trustees fees and expenses.

E. Affiliated Shareholder

As of November 30, 2017, affiliates of Virtus Investment Partners, Inc. held 9,489 shares of the Fund, which represent 0.08% of shares of common stock outstanding. The shares may be sold at any time.

Note 5. Purchases and Sales of Securities

(\$ reported in thousands)

Purchases and sales of securities (excluding U.S. Government and agency securities, and short-term investments) for the period ended November 30, 2017, were as follows:

	Purchases	Sales
	\$ 140,025	\$ 135,134

The purchases and sales of long-term U.S. Government and agency securities for the period ended November 30, 2017, were as follows:

	Purchases	Sales
	\$ 9,334	\$ 11,118

Note 6. Illiquid and Restricted Securities

Investments are generally considered illiquid if they cannot be disposed of within seven days in the ordinary course of business at the approximate amount at which such securities have been valued by the Fund. Additionally, the following information is also considered in determining liquidity: the frequency of trades and quotes for the investment, whether the investment is listed for trading on a recognized domestic exchange and/or whether two or more brokers are willing to purchase or sell the security at a comparable price, the extent of market making activity in the investment and the nature of the market for investment.

VIRTUS GLOBAL MULTI-SECTOR INCOME FUND

NOTES TO FINANCIAL STATEMENTS (Continued)

NOVEMBER 30, 2017

Restricted securities are illiquid securities, as defined above, not registered under the Securities Act of 1933, as amended (the 1933 Act). Generally, 144A securities are excluded from this category, except where defined as illiquid.

The Fund will bear any costs, including those involved in registration under the 1933 Act, in connection with the disposition of such securities.

The Fund held securities considered to be illiquid at November 30, 2017, with an aggregate value of \$296 representing 0.15% of the Fund's net assets.

At November 30, 2017, the Fund did not hold any securities that were both illiquid and restricted.

Note 7. Credit Risk and Asset Concentrations

In countries with limited or developing markets, investments may present greater risks than in more developed markets and the prices of such investments may be volatile. The consequences of political, social or economic changes in these markets may have disruptive effects on the market prices of these investments and the income they generate, as well as the Fund's ability to repatriate such amounts.

High-yield/high-risk securities typically entail greater price volatility and/or principal and interest rate risk. There is a greater chance that an issuer will not be able to make principal and interest payments on time. Analysis of the creditworthiness of issuers of high-yield/high-risk securities may be complex, and as a result, it may be more difficult for the Adviser and/or subadviser to accurately predict risk.

The Fund may invest a high percentage of its assets in specific sectors of the market in the pursuit of its investment objective. Fluctuations in these sectors of concentration may have a greater impact on the Fund, positive or negative, than if the Fund did not concentrate its investments in such sectors.

The Fund borrows through its line of credit for the purpose of leveraging its portfolio. While leverage presents opportunities for increasing the Fund's total return, it also has the effect of potentially increasing losses. Accordingly, any event which adversely affects the value of an investment held by the Fund would be magnified to the extent the Fund is leveraged.

Note 8. Borrowings

(\$ reported in thousands)

On March 14, 2016, the Fund renewed its Credit Agreement with a commercial bank that allows the Fund to borrow cash from the bank, up to a limit of \$90,000, which may be increased to \$110,000 under certain circumstances (Commitment Amount). Borrowings under the Credit Agreement are collateralized by investments of the Fund. The Credit Agreement results in the Fund being subject to certain covenants including asset coverage and portfolio composition (among others). If the Fund fails to meet or maintain certain covenants as required under the Credit Agreement, the Fund may be required to repay immediately, in part or in full, the loan balance outstanding under the

Credit Agreement, necessitating the sale of securities at potentially inopportune times. Interest is charged at LIBOR plus an additional percentage rate on the amount borrowed. Commitment fees are charged on the undrawn balance, if less than 75% of the Commitment Amount is outstanding as a loan to the Fund. There were no commitment fees paid or accrued for the period ended November 30, 2017. The Credit Agreement is renewable by the Fund with the bank's consent and approval of the Board. The Credit Agreement can also be converted to

a 179 day fixed term facility, one time at the Fund's option. From December 1, 2016 to November 30, 2017, the average daily borrowings under the Credit Agreement and the weighted daily average interest rate were \$69,000 and 1.86%, respectively. At November 30, 2017, the amount of such outstanding borrowings was as follows:

	Outstanding Borrowings	Interest Rate
	\$ 69,000	2.09%

Note 9. Indemnifications

Under the Fund's organizational documents, its Trustees and officers are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, in the normal course of business, the Fund enters into contracts that provide a variety of indemnifications to other parties. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund and that have not occurred. However, the Fund has not had prior claims or losses pursuant to these arrangements and expects the risk of loss to be remote.

Note 10. Capital Transactions

At November 30, 2017, the Fund had one class of common stock, no par value shares, of which unlimited shares are authorized and 11,279,962 shares are outstanding.

Registered shareholders may elect to have all distributions paid by check mailed directly to the shareholder by Computershare as dividend paying agent. Pursuant to the Automatic Reinvestment and Cash Purchase Plan (the "Plan"), shareholders not making such election will have all such amounts automatically reinvested by Computershare, as the Plan agent, in whole or fractional shares of the Fund, as the case may be. During the periods ended November 30, 2017, and November 30, 2016, there were 24,726 shares and 0 shares issued pursuant to the Plan, respectively.

On December 1, 2017, the Fund announced a distribution of \$0.156 to shareholders of record on December 11, 2017. This distribution has an ex-dividend date of December 8, 2017, and is payable on December 18, 2017.

On January 2, 2018, the Fund announced a distribution of \$0.156 to shareholders of record on December 29, 2017. This distribution has an ex-dividend date of January 4, 2018, and is payable on January 9, 2018.

Note 11. Regulatory Matters and Litigation

From time to time, the Adviser, Newfleet and/or their respective affiliates may be involved in litigation and arbitration as well as examinations and investigations by various regulatory bodies, including the Securities and Exchange Commission (the "SEC"), involving compliance with, among other things, securities laws, client investment guidelines, laws governing the activities of broker-dealers and other laws and regulations affecting their products and other activities. At this time, the Adviser believes that the outcomes of such matters are not likely, either individually or in

the aggregate, to be material to these financial statements.

VIRTUS GLOBAL MULTI-SECTOR INCOME FUND**NOTES TO FINANCIAL STATEMENTS (Continued)****NOVEMBER 30, 2017****Note 12. Federal Income Tax Information**

(\$ reported in thousands)

At November 30, 2017, federal tax cost and aggregate gross unrealized appreciation (depreciation) of securities held by the Fund were as follows:

	Federal Tax Cost	Unrealized Appreciation	Unrealized (Depreciation)	Net Unrealized Appreciation (Depreciation)
Investments (including purchased options)	\$263,238	\$8,811	\$(9,604)	\$(793)
Written Options	(2,761)			

The fund utilized losses deferred in prior years against current year capital gains of \$898.

Capital losses realized after October 31 and certain late year losses may be deferred and treated as occurring on the first day of the following fiscal year. For the fiscal year ended November 30, 2017, the Fund deferred and recognized qualified late-year losses as follows:

Late Year Ordinary Loss Deferred	Late Year Ordinary Loss Recognized	Capital Losses Deferred	Capital Losses Recognized
\$	\$487	\$1,198	\$921

The components of distributable earnings on a tax basis (excluding unrealized appreciation (depreciation) (which is disclosed above) consist of the following:

Undistributed Ordinary Income	Undistributed Long-term Capital Gains
\$	\$

The differences between the book and tax basis components of distributable earnings relate principally to the timing of recognition of income and gains for federal income tax purposes. These differences may include the treatment of non-taxable dividends, foreign currency gain or loss, derivatives, passive foreign investment companies, partnerships, operating losses, losses deferred due to wash sales and other differences. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications to capital paid in on shares of beneficial interest.

Short-term gain distributions reported if any, are included in Capital Gain Distributions on the Statements of Changes in Net Assets, are reported as ordinary income for federal tax purposes. Distributions are determined on a tax basis and may differ from net investment income and realized capital gains for financial reporting purposes.

VIRTUS GLOBAL MULTI-SECTOR INCOME FUND**NOTES TO FINANCIAL STATEMENTS (Continued)****NOVEMBER 30, 2017**

The tax character of dividends and distributions paid during the fiscal periods ended November 30, 2017 and November 30, 2016, was as follows:

	Period Ended	
	2017	2016
Ordinary Income	\$ 13,115	\$ 10,078
Long-term capital gains	4,437	
Return of Capital	3,527	10,992
Total	\$ 21,079	\$ 21,070

The difference between the distributions reported on the Statement of Changes and this table is due to distributions that are declared in the current fiscal year and paid in the following fiscal year that qualify to be treated, for tax purposes, as paid in the year the distribution was declared.

For financial reporting purposes, book basis capital accounts are adjusted to reflect the tax character of permanent book/tax differences. The reclassifications have no impact on the net assets or NAV of the Fund. As of November 30, 2017, the Fund recorded reclassifications to increase (decrease) the accounts as listed below:

Capital Paid in on Shares of Beneficial Interest	Undistributed Net Investment Income (Loss)	Accumulated Net Realized Gain (Loss)
\$	\$(600)	\$600

Note 13. Recent Accounting Pronouncement

In October 2016, the SEC released its Final Rule on Investment Company Reporting Modernization (the Rule). The Rule contains amendments to Regulation S-X which impact financial statement presentation, particularly the presentation of derivative investments. The financial statements presented are in compliance with the most recent Regulation S-X amendments.

Note 14. Subsequent Events

Management has evaluated the impact of all subsequent events on the Fund through the date the financial statements were issued, and has determined that there are no subsequent events requiring recognition or disclosure in these financial statements.

Report of Independent Registered Public

Accounting Firm

To the Board of Trustees and Shareholders of

Virtus Global Multi-Sector Income Fund

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations, of changes in net assets, and of cash flows and the financial highlights present fairly, in all material respects, the financial position of Virtus Global Multi-Sector Income Fund (the Fund) as of November 30, 2017, the results of its operations and its cash flows for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the periods indicated, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as financial statements) are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities as of November 30, 2017 by correspondence with the custodian, brokers and the application of alternative procedures where securities purchased confirmations had not been received, provide a reasonable basis for our opinions.

REINVESTMENT PLAN

The Reinvestment Plan (the Plan) offers shareholders a convenient way to acquire additional shares of the Fund. Registered holders will be automatically placed in the Plan. If shares are held at a brokerage firm, contact your broker about participation in the Plan.

REPURCHASE OF SECURITIES

Notice is hereby given in accordance with Section 23(c) of the 1940 Act that the Fund may from time to time purchase its shares of common stock in the open market when Fund shares are trading at a discount from their net asset value.

PROXY VOTING INFORMATION (FORM N-PX)

The Adviser and subadviser vote proxies relating to portfolio securities in accordance with procedures that have been approved by the Fund's Board. You may obtain a description of these procedures, along with information regarding how the Fund voted proxies during the most recent 12-month period ended June 30, free of charge, by calling toll-free 1-866-270-7788. The Fund files a complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. Form N-Q is available on the SEC's website at <http://www.sec.gov>. Form N-Q may be reviewed and copied at the SEC's Public Reference Room. Information on the operation of the SEC's Public Reference Room can be obtained by calling toll-free 1-800-SEC-0330.

AUTOMATIC REINVESTMENT AND CASH PURCHASE PLAN

The Virtus Global Multi-Sector Income Fund (the Fund) allows you to conveniently reinvest distributions monthly in additional Fund shares thereby enabling you to compound your returns from the Fund. By choosing to reinvest, you will be able to invest money regularly and automatically, and watch your investment grow.

It is important to note that an automatic reinvestment plan does not ensure a profit, nor does it protect you against loss in a declining market.

Enrollment in the Reinvestment Plan

It is the policy of the Fund to automatically reinvest distributions payable to shareholders. A registered shareholder automatically becomes a participant in the Fund's Automatic Reinvestment and Cash Purchase Plan (the Plan). The Plan authorizes the Fund to credit all shares of common stock to participants upon a distribution regardless of whether the shares are trading at a discount or premium to the net asset value. Registered shareholders may terminate their participation and receive distributions in cash by contacting Computershare Trust Company, N.A. (the Plan Administrator). The termination will become effective with the next distribution if the Plan Administrator is notified at least 7 business days prior to the distribution payment date. Registered shareholders that wish to change their distribution option from cash payment to reinvest may do so by contacting the Plan Administrator at 1-866-270-7788. In the case of banks, brokers, or other nominees which hold your shares for you as the beneficial owner, the Plan Administrator will administer the Plan based on the information provided by the bank, broker or nominee. To the extent that you wish to participate in the Plan, you should contact the broker, bank or nominee holding your shares to ensure that your account is properly represented. If necessary, you may have your shares taken out of the name of the broker, bank or nominee and register them in your own name.

How shares are purchased through the Reinvestment Plan

When a distribution is declared, nonparticipants in the plan will receive cash. Participants in the Plan will receive shares of the Fund valued as described below:

If on the payable date of the distribution, the market price of the Fund's common stock is less than the net asset value, the Plan Administrator will buy Fund shares on behalf of the Participant in the open market, on the New York Stock Exchange (NYSE) or elsewhere. The price per share will be equal to the weighted average price of all shares purchased, including commissions. Commission rates are currently \$0.02 per share, although the rate is subject to change and may vary. If, following the commencement of purchases and before the Plan Administrator has completed its purchases, the trading price equals or exceeds the most recent net asset value of the common shares, the Plan Administrator may cease purchasing shares on the open market and the Fund may issue the remaining shares at a price equal to the greater of (a) the net asset value on the last day the Plan Administrator purchased shares or (b) 95% of the market price on such day. In the case where the Plan Administrator has terminated open market purchase and the Fund has issued the remaining shares, the number of shares received by the Participant in respect of the cash distribution will be based on the weighted average of prices paid for shares purchased in the open market and the price at which the Fund issued the remaining shares. Under certain circumstances, the rules and regulations of the Securities and Exchange Commission may require limitation or temporary suspension of market purchases of shares under the Plan. The Plan Administrator will not be accountable for its inability to make a purchase during such a period.

If on the payable date of the distribution, the market price is equal to or exceeds the net asset value, Participants will be issued new shares by the Fund at the greater of the (a) the net asset value on the payable date or (b) 95% of the market price on such date.

AUTOMATIC REINVESTMENT AND CASH PURCHASE PLAN (Continued)

The automatic reinvestment of distributions will not relieve Participants of any income tax which may be payable on such distributions. A Participant in the Plan will be treated for federal income tax purposes, as having received on a payment date, a distribution in an amount equal to the cash the participant could have received instead of shares. If you participate in the Plan, you will receive a Form 1099-DIV concerning the Federal tax status of distributions paid during the year.

Charges to Participate in the Plan

As a Participant in the Plan you will not pay any charge to have your distributions reinvested in additional shares. The Plan Administrator's fees for handling the reinvestment of distributions will be paid by the Fund. There will be no brokerage commissions for shares issued directly by the Fund in payment of distributions. However, each Participant will pay a pro rata share of brokerage commissions incurred (currently \$0.02 per share, but may vary and is subject to change) with respect to the Plan Administrator's open market purchases in connection with the reinvestment of distributions.

Voluntary Cash Purchase Plan

Participants in the Plan have the option of making additional cash payments for investment in shares of the Fund. Such payments can be made in any amount from \$100 per payment to \$3,000 per month. The Plan Administrator will use the funds received to purchase Fund shares in the open market on the 15th of each month or the next business day if the 15th falls on a weekend or holiday (the Investment Date). The purchase price per share will be equal to the weighted average price of all shares purchased on the Investment Date, including commissions. There is no charge to shareholders for Cash Purchases. The plan administrator's fee will be paid by the Fund. However, each participating shareholder will pay pro rata share of brokerage commissions incurred (currently \$0.02 per share, but may vary and is subject to change) with respect to the Plan Administrator's open market purchases in connection with all cash investments. Voluntary cash payments should be sent to Computershare Trust Company, N.A., PO Box 43078, Providence, RI 02940-3078.

Participants have an unconditional right to obtain the return of any cash payment if the Plan Administrator receives written notice at least 5 business days before such payment is to be invested.

Automatic Monthly Investment

Participants in the Plan may purchase additional shares by means of an Automatic Monthly Investment of not less than \$100 nor more than \$3,000 per month by electronic funds transfer from a predesignated U.S bank account. If a Participant has already established a Plan account and wishes to initiate Automatic Monthly Investments, the Participant must complete and sign an automatic monthly investment form and return it to the Plan Administrator together with a voided check or deposit slip for the account from which funds are to be withdrawn. Automatic monthly investment forms may be obtained from the Plan Administrator by calling 1-866-270-7788.

Termination of Shares

Shareholders wishing to liquidate shares held with the Plan Administrator must do so in writing or by calling 1-866-270-7788. The Plan Administrator does not charge a fee for liquidating your shares; however, a brokerage commission of \$0.02 will be charged. This charge may vary and is subject to change.

Once terminated, you may re-enroll in the Plan (provided you still have shares registered in your name) by contacting the Plan Administrator at 1-866-270-7788.

AUTOMATIC REINVESTMENT AND CASH PURCHASE PLAN (Continued)

Additional Information

For more information regarding the Automatic Reinvestment and Cash Purchase Plan, please contact the Plan Administrator at 1-866-270-7788 or visit our website at Virtus.com.

The Fund reserves the right to amend or terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to written notice of the change sent to the members of the Plan at least 90 days before the record date for such distribution. The Plan also may be amended or terminated by the Plan Administrator with at least 90 days written notice to participants in the Plan.

CONSIDERATION OF ADVISORY AND SUBADVISORY AGREEMENTS

BY THE BOARD OF TRUSTEES

The Board of Trustees (the Board) of Virtus Global Multi Sector Income Fund (the Fund) is responsible for determining whether to approve the continuation of the investment advisory agreement (the Advisory Agreement) between the Fund and Virtus Investment Advisers, Inc. (VIA) and of the subadvisory agreement with Newfleet Asset Management, LLC (the Subadviser) (the Subadvisory Agreement) (together with the Advisory Agreement, the Agreements). At an in-person meeting held on November 14, 2017, the Board, including a majority of the Trustees who are not interested persons, as defined in the Investment Company Act of 1940, as amended (the 1940 Act), of the Fund (the Independent Trustees) considered and approved the continuation of each Agreement due for renewal, as further discussed below.

In connection with the approval of the Agreements, the Board requested and evaluated information provided by VIA and the Subadviser which, in the Board's view, constituted information necessary for the Board to form a judgment as to whether the renewal of each of the Agreements would be in the best interests of the Fund and its shareholders. The Board also considered information furnished throughout the year at regular Board meetings with respect to the services provided by VIA and the Subadviser, including quarterly performance reports prepared by management containing reviews of investment results and periodic presentations from the Subadviser with respect to the Fund. The Board noted the affiliation of the Subadviser with VIA and potential conflicts of interest.

The Board was separately advised by independent legal counsel throughout the process. For each Agreement, the Board considered all the criteria separately with respect to the Fund and its shareholders. The Board considered all factors that it considered relevant, including those discussed below. The Board did not identify any one factor as all-important or controlling, and each Trustee attributed different weights to the various factors. The Board also discussed the proposed approval of the Agreements in executive sessions with its independent legal counsel at which no representatives of VIA or the Subadviser were present.

Nature, Extent and Quality of Services

The Trustees received in advance of the meeting various data and information regarding the nature, extent and quality of the services provided under the Agreements, including responses by VIA and the Subadviser to detailed requests submitted by independent legal counsel to the Independent Trustees on their behalf. The Trustees also previously had received presentations by VIA's and the Subadviser's senior management personnel. The responses to the information requests and the presentations included, among other things, information about: the background, experience and investment philosophy of senior management and investment personnel responsible for managing the Fund; the resources, operations and compliance structure of VIA and the Subadviser; and the investment process, investment strategies, personnel, compliance procedures, and overall performance of VIA and the Subadviser.

In considering the Agreement with VIA, the Board considered VIA's process for supervising and managing the Subadviser, including: (a) VIA's ability to select and monitor the Subadviser; (b) VIA's ability to provide the services necessary to monitor the Subadviser's compliance with the Fund's investment objectives, policies and restrictions as well as provide other oversight activities; and (c) VIA's ability and willingness to identify instances in which the Subadviser should be replaced and to carry out the required changes. The Trustees also considered: (a) the experience and capability of VIA's management and other personnel; (b) the financial condition of VIA, and whether it had the financial wherewithal to provide a high level and quality of services to the Fund; (c) the quality of VIA's own regulatory and legal compliance policies, procedures and systems; (d) the nature, extent and quality of administrative and other services

CONSIDERATION OF ADVISORY AND SUBADVISORY AGREEMENTS

BY THE BOARD OF TRUSTEES (Continued)

provided by VIA and its affiliates to the Fund; (e) VIA's supervision of the Fund's other service providers; and (f) VIA's risk management processes. It was noted that an affiliate of VIA serves as administrator to the Fund. The Board also took into account its knowledge of VIA's management and the quality of the performance of VIA's duties, as well as information from the Fund's Chief Compliance Officer regarding the Fund's compliance policies and procedures established pursuant to Rule 38a-1 under the 1940 Act.

With respect to the services provided by the Subadviser, the Board considered information provided to the Board by the Subadviser, including the Subadviser's Form ADV, as well as information provided throughout the past year. The Board noted that the Subadviser provided portfolio management, compliance with the Fund's investment policies and procedures, compliance with applicable securities laws and assurances thereof. The Board also noted that VIA's and the Subadviser's management of the Fund must be carried out in accordance with the investment objectives, policies and restrictions set forth in the Fund's prospectus and statement of additional information. The Board considered the Subadviser's portfolio management services, including: (a) the scope of its operations; (b) its portfolio management capabilities; (c) the breadth and depth of its management, investment and research personnel; and (d) the various support services that it provides to the Fund. The Board considered the investment management process and strategies employed by the Subadviser, and experience and capability of the Subadviser's management and other personnel committed by the Subadviser to the Fund. The Board also considered the: (a) quality of the Subadviser's regulatory and legal compliance policies, procedures and systems; and (b) the Subadviser's brokerage and trading practices, including with respect to best execution and soft dollars. The Board also took into account the Subadviser's risk assessment and monitoring process. The Board noted the Subadviser's regulatory history, including the fact that the Subadviser was not currently involved in any regulatory actions, investigations or material litigation.

Investment Performance

The Board considered performance reports and discussions at Board meetings throughout the year, as well as a report (the Broadridge Report) for the Fund prepared by Broadridge Financial Solutions, Inc., an independent third party provider of investment company data, furnished in connection with the contract renewal process. The Broadridge Report presented the Fund's performance relative to a peer group of other closed-end funds (the Performance Universe) and relevant indexes, as selected by Broadridge. The Board also considered performance information presented by management and took into account management's discussion of the same, including the effect of market conditions on the Fund's performance. The Board noted that it also reviews on a quarterly basis detailed information about both the Fund's performance results and portfolio composition, as well as the Subadviser's investment strategies. The Board noted VIA's expertise and resources in monitoring the performance, investment style and risk-adjusted performance of the Subadviser. The Board also took into account its discussions with management regarding factors that contributed to the performance of the Fund.

The Board considered that, while the Fund's year-to-date performance for the period ended June 30, 2017 was below the median of the Performance Universe for the same period, the Fund's performance for the 1-, 3- and 5-year periods ended June 30, 2017 were above the median of the Performance Universe for the same periods. The Board also considered that the Fund outperformed its benchmark for each period.

CONSIDERATION OF ADVISORY AND SUBADVISORY AGREEMENTS

BY THE BOARD OF TRUSTEES (Continued)

Management Fees and Total Expenses

The Board considered the fees charged to the Fund for advisory services as well as the total expense levels of the Fund. This information included comparisons of the Fund's net management fee and total expense level to those of its peer group (the Expense Group). In comparing the Fund's net management fee to that of comparable funds, the Board noted that such fee includes both advisory and administrative fees. The Board also noted that the subadvisory fee was paid by VIA out of its management fees rather than paid separately by the Fund. In this regard, the Board took into account management's discussion with respect to the advisory/subadvisory fee structure, including the amount of the advisory fee retained by VIA after payment of the subadvisory fee. The Trustees also considered the fee rates payable by accounts and funds managed by the Subadviser.

In addition to the foregoing, the Board considered, among other data, the information set forth below with respect to the Fund's fees and expenses. The Board took into account management's discussion of the Fund's expenses, including the type and size of the Fund relative to the other funds in its Expense Group.

The Board noted that the Fund's contractual management fees were above the median of the Expense Group, and that the Fund's actual total expenses were above the median of the Expense Group.

Profitability

The Board also considered certain information relating to profitability that had been provided by VIA. In this regard, the Board considered information regarding the overall profitability of VIA for its management of the Fund, as well as its profits and those of its affiliates for managing and providing other services to the Fund, such as administrative services provided to the Fund by a VIA affiliate. In addition to the fees paid to VIA and its affiliates, including the Subadviser, the Board considered other benefits derived by VIA or its affiliates from their relationship with the Fund. The Board reviewed the methodology used to allocate costs to the Fund, taking into account the fact that allocation methodologies are inherently subjective and various allocation methodologies may each be reasonable while producing different results. The Board concluded that the profitability to VIA and its affiliates from the Fund was within a reasonable range in light of the quality of the services rendered to the Fund by VIA and its affiliates, and other factors considered.

In considering the profitability to the Subadviser in connection with its relationship to the Fund, the Board noted that the fees payable under the Subadvisory Agreement are paid by VIA out of the fees that VIA receives under the Advisory Agreement, and not by the Fund. In considering the fees payable by VIA to the Subadviser, the Board noted that, because the Subadviser is an affiliate of VIA, its profitability might be directly or indirectly shared by VIA and, therefore, the Board considered the profitability of VIA and the Subadviser together. For each of the above reasons, the Board concluded that the profitability to the Subadviser and its affiliates from their relationship with the Fund was not a material factor in approval of the Subadvisory Agreement.

Economies of Scale

The Board considered the extent to which economies of scale would be realized as the Fund's assets grow, and whether the fee levels reflect these economies of scale for the benefit of Fund shareholders. The Board noted that economies of scale may develop for certain funds as their assets increase and their fixed fund-level expenses decline as a percentage

of assets, but that closed-end funds such as the Fund typically do not have the ability to increase substantially their asset base as do open-end funds.

CONSIDERATION OF ADVISORY AND SUBADVISORY AGREEMENTS

BY THE BOARD OF TRUSTEES (Continued)

The Board also considered the advisory fee rate in relation to the current asset size of the Fund, and whether any economies of scale exist at that size. The Board concluded that, given the Fund's closed-end structure, no changes to the Fund's advisory and subadvisory fee structure were necessary or advisable at this time. The Board agreed that it would be appropriate to monitor this matter in the event that the assets of the Fund were to increase substantially via a secondary or rights offering, capital appreciation, reinvested dividends, the use of leverage or some other means.

Other Factors

The Board considered information regarding potential fallout or ancillary benefits that may be realized by VIA, the Subadviser and their respective affiliates as a result of their relationships with the Fund. The Board noted that an affiliate of VIA provides administrative services to the Fund. The Board noted management's discussion of the fact that, while the Subadviser is an affiliate of VIA, there are no other direct benefits received by the Subadviser in providing investment advisory services to the Fund, other than the fee earned under the Subadvisory Agreement.

The Trustees concluded that potential fallout benefits that VIA and the Subadviser may receive, such as greater name recognition or increased ability to obtain research and brokerage services, as applicable, may, in some cases, benefit the Fund.

Conclusion

After considering all factors that it considered relevant, the Board, including a majority of the Independent Trustees, approved the Agreements with respect to the Fund as in the best interests of the Fund and its shareholders.

Item 4. Principal Accountant Fees and Services.

Audit Fees

- (a) The aggregate fees billed for each of the last two fiscal years for professional services rendered by the principal accountant for the audit of the registrant's annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years are \$29,922 for 2017 and \$31,025 for 2016.

Audit-Related Fees

- (b) The aggregate fees billed in each of the last two fiscal years for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the registrant's financial statements and are not reported under paragraph (a) of this Item are \$2,411 for 2017 and \$2,374 for 2016. Such audit-related fees include out of pocket expenses.

Tax Fees

- (c) The aggregate fees billed in each of the last two fiscal years for professional services rendered by the principal accountant for tax compliance, tax advice, and tax planning are \$3,200 for 2017 and \$4,200 for 2016.

Tax Fees are those primarily associated with review of the Trust's tax provision and qualification as a regulated investment company (RIC) in connection with audits of the Trust's financial statement, review of year-end distributions by the Fund to avoid excise tax for the Trust, periodic discussion with management on tax issues affecting the Trust, and reviewing and signing the Fund's federal income tax returns.

All Other Fees

- (d) The aggregate fees billed in each of the last two fiscal years for products and services provided by the principal accountant, other than the services reported in paragraphs (a) through (c) of this Item are \$0 for 2017 and \$0 for 2016.

- (e)(1) Disclose the audit committee's pre-approval policies and procedures described in paragraph (c)(7) of Rule 2-01 of Regulation S-X.

The Virtus Global Multi-Sector Income Fund (the Fund) Board has adopted policies and procedures with regard to the pre-approval of services provided by PwC. Audit, audit-related and tax compliance services provided to the Fund on an annual basis require specific pre-approval by the Board. As noted above, the Board must also approve other non-audit services provided to the Fund and those non-audit services provided to the Fund's Affiliate Service Providers that related directly to the operations and financial reporting of the Fund. Certain of these non-audit services that the Board believes are a) consistent with the SEC's auditor independence rules and b) routine and recurring services that will not impair the independence of the independent auditors may be approved by the Board without consideration on a specific case-by-case basis (general pre-approval).

The Audit Committee has determined that Mr. Brian Zino, Chair of the Audit Committee, may provide pre-approval for such services that meet the above requirements in the event such approval is sought between regularly scheduled meetings. In any event, the Board is informed of each service approved subject to general pre-approval at the next regularly scheduled in-person board meeting.

(e)(2) The percentage of services described in each of paragraphs (b) through (d) of this Item that were approved by the audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X are as follows:

(b) 0%

(c) 0%

(d) N/A

(f) The percentage of hours expended on the principal accountant's engagement to audit the registrant's financial statements for the most recent fiscal year that were attributed to work performed by persons other than the principal accountant's full-time, permanent employees was less than fifty percent.

(g) The aggregate non-audit fees billed by the registrant's accountant for services rendered to the registrant, and rendered to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant for each of the last two fiscal years of the registrant was \$480,822 for 2017 and \$669,623 for 2016.

(h) The registrant's audit committee of the board of directors has considered whether the provision of non-audit services that were rendered to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were not pre-approved pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant's independence.

Item 5. Audit Committee of Listed Registrants.

(a) The registrant has a separately designated audit committee consisting of all the independent directors of the registrant. The members of the audit committee are: William Moyer, Philip R. McLoughlin, Brian T. Zino, , James B. Rogers, James M. Oates and R. Keith Walton.

(b) If applicable, provide the disclosure required by Rule 10A-3(d) under the Exchange Act (17 CFR 240.10A-3(d)) regarding an exemption from the listing standards for audit committees.

Item 6. Investments.

(a) Schedule of Investments in securities of unaffiliated issuers as of the close of the reporting period is included as part of the report to shareholders filed under Item 1 of this form.

(b) Not applicable.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

The Proxy Voting Policies are as follows:

POLICY REGARDING PROXY VOTING

The Boards of the Funds¹ have adopted this Policy to govern the exercise of stock ownership rights with respect to Fund Portfolio Holdings.

- I. **Definitions.** As used in this Policy, the following terms shall have the meanings ascribed below:
- A. **Adviser** refers to the primary adviser of each registered investment company covered by this policy.
 - B. **Board** refers to the Boards of Trustees or Directors of the Funds (collectively, the **Fund**).
 - C. **Corporate Governance Matters** refers to changes involving the corporate ownership or structure of an issuer whose securities are within a Portfolio Holding, including changes in the state of incorporation, changes in capital structure, including increases and decreases of capital and preferred stock issuance, mergers and other corporate restructurings, and anti-takeover provisions such as staggered boards, poison pills, and supermajority voting provisions.
 - D. **Delegate** refers to the Adviser or Subadviser to whom responsibility has been delegated to vote proxies for the applicable Portfolio Holding, including any qualified, independent organization engaged by an Adviser or Subadviser to vote proxies on behalf of such delegated entity.
 - E. **Management Matters** refers to stock option plans and other management compensation issues.
 - F. **Portfolio Holding** refers to any company or entity whose securities are held within the investment portfolio(s) of one or more of the Funds as of the date a proxy is solicited.
 - G. **Proxy Contests** refer to any meeting of shareholders of an issuer for which there are at least two sets of proxy statements and proxy cards, one solicited by management and the others by a dissident or group of dissidents.
 - H. **Social Issues** refers to social and environmental issues.
 - I. **Subadviser** refers, individually or collectively, to each registered investment adviser that serves as investment subadviser to one or more of the Fund.

J. Subadviser Procedures shall have such meaning as described in Article IV, Section C hereof.

K. Takeover refers to hostile or friendly efforts to effect radical change in the voting control of the board of directors of a company.

¹ Funds include Virtus Alternative Solutions Trust, Virtus Asset Trust, Virtus Equity Trust, Virtus Opportunities Trust, Virtus Retirement Trust, Virtus Global Multi-Sector Income Fund, Virtus Variable Insurance Trust, Duff & Phelps Select Energy MLP Fund, Inc., Virtus Total Return Fund Inc. and Virtus Global Dividend & Income Fund Inc.

- II. **General Policy.** It is the intention of the Fund to exercise stock ownership rights in Portfolio Holdings in a manner that is reasonably anticipated to further the best economic interests of shareholders of the Fund. Accordingly, the Fund or its Delegate(s) shall endeavor to analyze and vote all proxies that are considered likely to have financial implications, and, where appropriate, to participate in corporate governance, shareholder proposals, management communications and legal proceedings. The Fund and its Delegate(s) must also identify potential or actual conflicts of interest in voting proxies and address any such conflict of interest in accordance with this Policy.
- III. **Factors to consider when voting.**
- A. A Delegate may abstain from voting when it concludes that the effect on shareholders' economic interests or the value of the Portfolio Holding is indeterminable or insignificant.
- B. In analyzing **anti-takeover measures**, the Delegate shall vote on a case-by-case basis taking into consideration such factors as overall long-term financial performance of the target company relative to its industry competition. Key measures which shall be considered include, without limitation, five-year annual compound growth rates for sales, operating income, net income, and total shareholder returns (share price appreciation plus dividends). Other financial indicators that will be considered include margin analysis, cash flow, and debt levels.
- C. In analyzing **contested elections**, the Delegate shall vote on a case-by-case basis taking into consideration such factors as the qualifications of all director nominees. The Delegate shall also consider the independence and attendance record of board and key committee members. A review of the corporate governance profile shall be completed highlighting entrenchment devices that may reduce accountability.
- D. In analyzing **corporate governance matters**, the Delegate shall vote on a case-by-case basis taking into consideration such factors as tax and economic benefits associated with amending an issuer's state of incorporation, dilution or improved accountability associated with changes in capital structure, management proposals to require a supermajority shareholder vote to amend charters and bylaws and bundled or conditioned proxy proposals.
- E. In analyzing **executive compensation proposals** and **management matters**, the Adviser shall vote on a case-by-case basis taking into consideration such factors as executive pay and spending on perquisites, particularly in conjunction with sub-par performance and employee layoffs.
- F. In analyzing **proxy contests for control**, the Delegate shall vote on a case-by-case basis taking into consideration such factors as long-term financial performance of the target company relative to its industry; management's track record; background to the proxy contest; qualifications of director nominees (both slates); evaluation of what each side is offering shareholders as well as the likelihood that the proposed objectives and goals can be met; and stock ownership positions.
- G.

Edgar Filing: Virtus Global Multi-Sector Income Fund - Form N-CSR

In analyzing shareholder proposals, the Delegate shall vote on a case-by-case basis taking into consideration such factors as whether implementation of the proposal is likely to enhance or protect shareholder value; whether the issue(s) presented in the proposal are more appropriately or effectively dealt with through legislation or government regulation; if the company has already responded in an appropriate and sufficient manner to the issue(s) raised in the proposal; whether the proposal's request is unduly

burdensome or overly prescriptive; whether any increase in disclosure or transparency requested would have a deleterious impact; and whether the company's current approach to the issue(s) presented are comparative to current industry practice.

IV. *Delegation.*

- A. In the absence of a specific direction to the contrary from the Board of the Fund, the Adviser or Sub-adviser that is managing a Fund is responsible for voting proxies for all Portfolio Holdings of such Fund in accordance with this Policy, or for delegating such responsibility as described below.
- B. The Adviser and any Subadviser delegated with authority to vote proxies for Portfolio Holdings shall be deemed to assume a duty of care to safeguard the best interests of the Fund and its shareholders. No Delegate shall accept direction or inappropriate influence from any other client, director or employee of any affiliated company and shall not cast any vote inconsistent with this Policy without obtaining the prior approval of the Fund or its duly authorized representative(s).
- C. With regard to each Fund for which there is a duly appointed Subadviser to whom the Adviser has delegated authority to vote proxies for Portfolio Holdings, the Subadviser shall vote proxies for the Portfolio Holdings in accordance with Articles II, III and V of this Policy, provided, however, that the Subadviser may vote proxies in accordance with its own proxy voting policy/procedures (Subadviser Procedures) provided that the Adviser must have reviewed the Subadviser Procedures and determined them to be reasonably designed to further the best economic interests of the affected Fund shareholders. The Subadviser will promptly notify the Adviser of any material changes to the Subadviser Procedures. The Adviser will periodically review the votes by the Subadviser for consistency with this Policy.
- D. With regard to each Fund for which there is a duly appointed Subadviser, the Adviser may retain responsibility for voting any and/or all applicable proxies.

V. *Conflicts of Interest.*

- A. The Fund and its Delegate(s) seek to avoid actual or perceived conflicts of interest in the voting of proxies for Portfolio Holdings between the interests of Fund shareholders, on one hand, and those of the Adviser, Subadviser, Delegate, principal underwriter, or any affiliated person of the Fund, on the other hand. The Board may take into account a wide array of factors in determining whether such a conflict exists, whether such conflict is material in nature, and how to properly address or resolve the same.

While each conflict situation varies based on the particular facts presented and the requirements of governing law, the Board or its delegate(s) may take the following actions, among others, or otherwise give weight to the following factors, in addressing material conflicts of interest in voting (or directing Delegates to vote) proxies pertaining to Portfolio Holdings: (i) rely on the recommendations of an established, independent third party with qualifications to vote proxies such as Institutional Shareholder Services; (ii) vote pursuant to the recommendation of the proposing Delegate; (iii) abstain; (iv) where two or more Delegates provide conflicting requests, vote shares in proportion to the assets under management of each proposing Delegate; (v) vote shares in the same proportion as the vote of all other holders of shares of such issuer; or (vi) the Adviser may vote proxies where the subadviser has a direct conflict of

interest.

- B. Each Adviser or Subadviser that is managing a Fund shall promptly notify the Chief Compliance Officer of the Fund (or, in the case of a Subadviser, the Chief Compliance Officer of the Adviser) in the event that any actual or potential conflict of interest is identified, and provide the Adviser's or Subadviser's recommendations for protecting the best interests of Fund's shareholders. No Adviser (or Subadviser) shall waive any conflict of interest or vote any conflicted proxies without the prior approval of the Fund CCO or the Board (or the Executive Committee thereof) pursuant to section C of this Article.
- C. In the event that a determination, authorization or waiver under this Policy is requested at a time other than a regularly scheduled meeting of the Board, the Fund CCO shall be empowered with the power and responsibility to interpret and apply this Policy and provide a report of his or her determination(s), authorization(s) or waiver(s) at the next following meeting of the Board.

VI. *Miscellaneous.*

- A. A copy of the current Policy Regarding Proxy Voting and the voting records for each Fund (Form N-PX) shall be kept in an easily accessible place and available for inspection either physically or through electronic posting on an approved website. The Fund shall provide a copy of its most recent Form N-PX filing to any shareholder within three business days of receipt of such request.
- B. The Fund CCO shall present a report of any material deviations from this Policy at the next regularly scheduled meeting of the Board and shall provide such other reports as the Board may request from time to time. Each Adviser and/or Subadviser shall provide to the Fund a record of its effectuation of proxy voting pursuant to this Policy at such times and in such format or medium as the Fund shall reasonably request. Each Adviser and each affected Subadviser shall be solely responsible for complying with the disclosure and reporting requirements under applicable laws and regulations, including, without limitation, Rules 204-2 and 206(4)-6 under the Investment Advisers Act of 1940 (the "1940 Act"), as amended. Each Adviser and/or Subadviser shall gather, collate and present information relating to the proxy voting activities of itself and/or its Delegate(s) in such format and medium as the Fund shall request in order for the Fund to discharge its disclosure and reporting obligations pursuant to Rule 30b1-4 under the 1940 Act.
- C. Each Adviser and/or each affected Subadviser shall pay all costs associated with proxy voting for Portfolio Holdings pursuant to this Statement of Policy and for providing records to the Fund in appropriate detail and format to facilitate its disclosure and reporting obligations pursuant to Rule 30b1-4 under the 1940 Act.
- D. Each Adviser or Subadviser may delegate its responsibilities hereunder to a proxy committee established from time to time by the Adviser or Subadviser, as the case may be. In performing its duties hereunder, the Adviser or Subadviser, or any duly authorized committee, may engage the services of a research and/or voting adviser or agent, the cost of which shall be borne by such entity.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

(a)(1) Identification of Portfolio Manager(s) or Management Team Members and Description of Role of Portfolio Manager(s) or Management Team Members

David L. Albrycht, CFA. David Albrycht is president and chief investment officer of Newfleet Asset Management, an investment management affiliate of Virtus Investment Partners. Prior to joining Newfleet in 2011, Mr. Albrycht was executive managing director and senior portfolio manager with Goodwin Capital Advisers, a former affiliate of The Phoenix Companies, Inc. which was the former parent company of Virtus.

Mr. Albrycht is the senior portfolio manager of several multi-sector fixed income strategies, some dating back to the early 1990s. In his role as CIO, Mr. Albrycht drives top-down strategy for Newfleet's investment platform, which includes multi-sector and dedicated sector strategies for high yield, bank loans, flexible credit, and distressed debt. In addition to managing mutual funds and variable investment options in these strategies, Mr. Albrycht is co-manager of three closed-end funds and three exchange traded funds, as well as two offshore funds. Additionally, Mr. Albrycht is responsible for the structuring and management of Newfleet's CLO platform. Mr. Albrycht earned a B.A., cum laude, from Central Connecticut State University and an M.B.A., with honors, from the University of Connecticut. He has been working in the investment industry since 1985.

Benjamin Caron, CFA. Ben Caron is a senior managing director and portfolio manager at Newfleet Asset Management, an investment management affiliate of Virtus Investment Partners. Mr. Caron assists the senior portfolio manager in the management of several Virtus mutual funds, including the Virtus Newfleet Multi-Sector Short Term Bond Fund, Virtus Newfleet Multi-Sector Fixed Income Fund, Virtus Newfleet Senior Floating Rate Fund, Virtus Newfleet Tactical Allocation Fund, and Virtus Newfleet High Yield Fund. He assists in the management of two fixed income variable insurance trust Series and the closed-end Virtus Total Return Fund (NYSE: DCA), and he is a named co-portfolio manager of the Virtus Global Multi-Sector Income Fund (NYSE: VGI), a closed-end fund. Prior to joining Newfleet in 2011, Mr. Caron was on the fixed income team at Goodwin Capital Advisers, a former affiliate of the Phoenix companies Inc. which was the former parent company of Virtus. He joined Goodwin Capital in 2002 as a client service associate for the institutional markets group focusing on institutional fixed income clients. Earlier in his career, he was with Fidelity Investments, where he was responsible for client management and sales in the managed account group. Mr. Caron earned a B.A. from Syracuse University and an M.B.A. from Suffolk University. He has been working in the investment industry since 1996.

Kyle A. Jennings, CFA. Kyle Jennings is the head of credit research for the multi-sector fixed income strategies at Newfleet Asset Management, an affiliate of Virtus Investment Partners. Mr. Jennings is also co-portfolio manager of the Virtus Newfleet Senior Floating Rate Fund, the Virtus Newfleet High Yield Fund, and the Virtus Global Multi-Sector Income Fund (NYSE: VGI), a closed-end fund. Mr. Jennings has been a member of Newfleet's corporate credit research team since 1998 and currently covers the gaming, healthcare, and automotive industries.

He is also a member of the team that formulates the leveraged finance strategy for the multi-sector fixed income strategies. Prior to joining Newfleet in 2011, Mr. Jennings was on the fixed income team at Goodwin Capital Advisers, a former affiliate of the Phoenix Companies Inc. which was a former parent company of Virtus. Before that, he was a credit research analyst in the banking industry for Shawmut Bank, Ironwood Capital, and Citizens Bank. Mr. Jennings earned a B.S. in finance from the University of Connecticut and has held the Chartered Financial Analyst designation since 2001. He began his career in the investment industry in 1992.

Daniel Senecal, CFA. Daniel Senecal is managing director, credit research at Newfleet Asset Management, an investment management affiliate of Virtus Investment Partners. Mr. Senecal is the co-head of corporate credit research and is responsible for the energy and chemical industry sectors and the Latin American sovereign credit sector. He also is co-portfolio manager of the Virtus Global Multi-Sector Income Fund (NYSE: VGI), a closed-end fund. Prior to joining Newfleet in 2011, Mr. Senecal was on the fixed income team at Goodwin Capital Advisers, a former affiliate of the Phoenix Companies Inc. which was a former parent company of Virtus. He began at Goodwin Capital in 1997 as a corporate credit research analyst, followed by several roles, including sector manager for investment grade corporate credit and sovereign credit. He was also the lead portfolio manager for the Phoenix High Yield Fund from 2003 until 2005 and the Phoenix Emerging Market Fund from 2004 to 2005. Earlier in his career, Mr. Senecal completed a formal credit training program at Shawmut National Bank where he was a credit research analyst and lender. He also worked at BankBoston as a corporate bond analyst. Mr. Senecal earned a B.A. in economics and English from Assumption College and an M.B.A. in finance from the University of Connecticut. He began his career in the investment industry in 1990.

(a)(2) Other Accounts Managed by Portfolio Manager(s) or Management Team Member

There may be certain inherent conflicts of interest that arise in connection with the portfolio managers' management of the Fund's investments and the investments of any other accounts they manage. Such conflicts could include the aggregation of orders for all accounts managed by a particular portfolio manager, the allocation of purchases across all such accounts, the allocation of IPOs and any soft dollar arrangements that the adviser may have in place that could benefit the Fund and/or such other accounts. The Board of Trustees has adopted policies and procedures designed to address any such conflicts of interest to ensure that all transactions are executed in the best interest of the Fund's shareholders. Each Adviser is required to certify its compliance with these procedures to the Board of Trustees on a quarterly basis. There have been no material compliance issues with respect to any of these policies and procedures during the Fund's most recent fiscal year. Additionally, there are no material conflicts of interest between the investment strategy of any Fund and the investment strategy of other accounts managed by portfolio managers since portfolio managers generally manage funds and other accounts having similar investment strategies.

The following table provides information as of November 30, 2017, regarding any other accounts managed by the portfolio managers and portfolio management team members for the Fund. As noted in the table, the portfolio managers managing the Funds may also manage or be members of management teams for other mutual funds within the Virtus Mutual Fund complex or other similar accounts.

Potential Conflicts of Interests

Describe any material conflicts of interest that may arise in connection with a Portfolio Manager's or Management Team Member's management of the registrant's investments and investments of other accounts. Include, for example, material conflicts between the investment strategy of the registrant and investment strategy of other accounts managed by the Portfolio Manager or Team Member and material conflicts in allocation of investment opportunities between the registrant and other accounts managed by the Portfolio Manager or Team Member.

(a)(3) Compensation Structure of Portfolio Manager(s) or Management Team Members

Virtus, along with its affiliated investment management firms, including Duff & Phelps, Newfleet, and Kayne (collectively, Virtus), is committed to attracting and retaining the highest caliber employees and investment talent. The company's compensation and benefits program is comprehensive and designed to reward performance and commitment to our shareholders. Virtus personnel receive a competitive base salary, an incentive bonus opportunity, and a benefits package. Certain professionals who supervise and manage others also participate in a management incentive program reflecting their personal contribution and team performance. Certain key individuals also have the opportunity to take advantage of a long-term incentive compensation program, including potential awards of Virtus restricted stock units (RSUs) with multi-year vesting, subject to Virtus corporate board approval, and opportunities to defer their compensation and reduce tax implications.

Following is a more detailed description of Virtus' compensation structure.

Base Salary Each individual is paid a fixed base salary, which is designed to be competitive in light of the individual's experience and responsibilities. Virtus management uses independent, third-party compensation surveys of the investment industry to evaluate competitive market compensation for its employees.

Incentive Bonus Incentive bonus pools for non-investment personnel are generally based upon overall Virtus profitability. Annual incentive payments for investment personnel are based on targeted compensation levels, adjusted for profitability and investment performance factors, and a subjective assessment of contribution to the team effort. Individual payments are assessed using comparisons of actual investment performance with specific peer group or index measures. For compensation purposes, a fund's performance is generally measured over one-, three-, and five-year periods and an individual manager's participation is based on the performance of each fund/account managed. The short-term incentive payment is generally paid in cash, but a portion may be payable in Virtus RSUs.

Other Benefits Employees are also eligible to participate in broad-based plans offered by Virtus, including 401(k), health, and other employee benefit plans.

While portfolio manager compensation contains a performance component, this component is adjusted to reward investment personnel for managing within the stated framework and for not taking unnecessary risk. This approach ensures that investment management personnel remain focused on managing and acquiring securities that correspond to a fund's mandate and risk profile and are discouraged from taking on more risk and unnecessary exposure to chase performance for personal gain.

We believe we have appropriate controls in place to handle any potential conflicts that may result from a substantial portion of portfolio manager compensation being tied to performance. The Fund Chief Compliance Officer reports any Whistle Blower complaints involving the Funds to the Audit Committee(s) of the applicable Fund Board(s) on a quarterly basis. As both the Virtus and the Fund Procedures prohibit inappropriate retaliation against employees, there are no current plans to amend these Procedures.

(a)(4) Disclosure of Securities Ownership

For the most recently completed fiscal year ended November 30, 2017, beneficial ownership of shares of the Fund by Messrs. Albrycht, Caron, Jennings and Senecal are as follows. Beneficial ownership was determined in accordance with rule 16a-1(a)(2) under the Securities Exchange Act of 1934 (17 CFR 240.161-1(a)(2)).

Name of Portfolio Manager or Team Member	Dollar (\$) Range of Fund Shares Beneficially Owned
