Dear Fellow Stockholder:

On behalf of the Board of Directors and management of Banc of California, Inc. (the Company), we invite you to attend the Company's Annual Meeting of Stockholders (the Annual Meeting or the Meeting). The Meeting will be held at 8:00 A.M., Pacific Time, on May 31, 2018 at The Pacific Club, located at 4110 MacArthur Boulevard, Newport Beach, California.

Last year, the Company continued to execute on our vision to be California's Bank and our mission of empowering California through its diverse businesses, entrepreneurs and communities. 2017 ushered in decisive and significant changes for the Company and the Bank, not only on the business front, but also with respect to our Board of Directors, management and governance. We welcomed Richard J. Lashley, W. Kirk Wycoff, Mary A. Curran, Bonnie G. Hill and Douglas H. Bowers to the Board last year, each of whom brings a fresh perspective and expertise across multiple disciplines. As our Chief Executive Officer, Doug has been working diligently to bolster the Company's refreshed executive team with the objective of optimizing our commercial banking business.

On the governance side, the Board undertook a comprehensive review of our governance practices and implemented numerous key changes, including adopting new policies that require a more rigorous review of related party transactions and limit outside business interests, and proposing amendments to the Company's charter that were approved at the 2017 annual meeting of stockholders which will gradually declassify the Board and provide for the annual election of all directors, and which enhanced the ability of stockholders to remove directors, amend the Company's bylaws and approve amendments to the Company's charter.

The Board has continued to focus on corporate governance in 2018. In particular, a number of our stockholders have expressed concerns about the evergreen provision of our current, stockholder-approved 2013 Omnibus Stock Incentive Plan (the 2013 Plan), which automatically increases the available share pool for equity-based awards under the 2013 Plan every time the number of outstanding shares increases, and the authority given to our Board in our charter to change the number of authorized shares of the Company's stock without stockholder approval. The Board has proposed, and is recommending stockholders approve at the Annual Meeting, a new 2018 Omnibus Stock Incentive Plan, which does not contain an evergreen provision and includes other improvements over the 2013 Plan from a corporate governance standpoint. The Board is also recommending stockholders approve at the Annual Meeting a proposed charter amendment that would require stockholder approval of any future changes in the number of authorized shares of the Company's stock.

Your vote is important, regardless of the number of shares you hold. We began mailing a Notice of Internet Availability of Proxy Materials to stockholders on April 10, 2018, informing them of the availability online of our proxy statement and our Annual Report to Stockholders for the fiscal year ended December 31, 2017, along with voting instructions. You may choose to access these materials online, or you may request paper or e-mail copies. By making these materials available online and by paper only upon request, the Company is able to reduce its costs for printing and distributing these proxy materials.

Regardless of whether you plan to attend the Annual Meeting, **please read the enclosed proxy statement and vote your shares as promptly as possible.** You can vote by completing, signing and dating the enclosed proxy card and returning it in the accompanying pre-postage paid return envelope. Registered stockholders, that is, stockholders who hold stock in their own names, can also vote their shares by telephone or via the internet. If your shares are held through a bank, broker or other nominee, please check your proxy card to see if you can also vote by telephone or the

Our Board is committed to the success of the Company and we are focused on enhancing stockholder value. We greatly appreciate your continued confidence and support.

Sincerely,

/s/ Robert D. Sznewajs

PROXY STATEMENT SUMMARY

Our Strategy

Our vision is to be California's Bank with a mission to empower California's diverse businesses, entrepreneurs and communities. The Company strives to maintain a stable foundation to support execution of its strategic plan. The Company's foundation includes:

a strong and powerful brand;

superior markets in which it operates, primarily California;

the balance sheet size required to be competitive;

strong credit and capital metrics; and

an experienced commercial banking leadership team and enhanced corporate governance.

The Company has outlined the following strategic roadmap, which summarizes its strategic plan and objectives:

BANC Strategic Roadmap

The four guideposts of our strategic roadmap provide objectives for which we believe investors can track our progress and execution against our plan:

Build Core Deposits. Our number one priority is to improve our core deposit funding profile and to further reduce our reliance on wholesale and other high-cost funding sources.

Amplify Lending. In order to grow the long-term earnings power of the franchise, we need to continue to increase loan balances, both as we reduce the level of securities and to drive growth of earning assets over time. As we seek to grow our loan portfolio, we must remain focused on risk management and strong credit quality.

Normalize Expenses. We have taken steps to stabilize our expense base. Going forward, we seek to leverage the expenses we incur today to support a larger balance sheet and increased business volumes.

Creating Stockholder Value. The combination of the actions above, we believe, should enhance value for stockholders over time. We believe the foundation we have in place today, coupled with the plan we have outlined, will result in operating leverage as we grow the franchise and improve the overall earnings profile.

PROXY STATEMENT SUMMARY

Changes to our Board of Directors, Executive Team and Corporate Governance

2017 was a year of significant changes for our Board of Directors, our executive team and our corporate governance practices and policies. Our Board appointed four new independent directors following the departure of three former directors. We also welcomed Douglas H. Bowers as our new Chief Executive Officer and President, and as a member of the Board. Under Mr. Bowers' leadership, we now have a management team, including a number of newly appointed executives, that brings a fresh perspective to the Company.

Along with the changes on the Board and to our executive team, we have implemented numerous improvements to our corporate governance practices and policies. More information about these changes can be found throughout this proxy statement, including *Corporate Governance Matters*, *Corporate Governance Highlights During 2017* and *Compensation Discussion and Analysis*. *A Fresh Perspective for California's Bank: Focus on Corporate Governance and Recent Changes*.

Stockholder Outreach

Since May 2017, the Company has maintained an open communication with its stockholders, during which time the Company has met with over 75 institutional investors. This dialogue is facilitated by attendance at industry conferences and other institutional investor events. Additionally, during the first quarter of 2018, Mr. Bowers and Timothy R. Sedabres, the Company's Investor Relations Officer, led outreach efforts to the Company's largest stockholders to engage in a dialogue regarding a broad range of governance topics. These outreach efforts targeted stockholders representing collectively over 75 percent of the Company's outstanding voting common shares as of year-end 2017.

The Board values the views of stockholders and relies on these engagement efforts, along with regular dialogue with investors to shape its policies regarding corporate governance, compensation, and other items.

PROXY STATEMENT SUMMARY

2018 Governance Enhancements that are being Submitted to Stockholders for Approval

During our stockholder outreach efforts and in other discussions with stockholders, some stockholders have expressed concerns about the evergreen provision of our current, stockholder-approved 2013 Omnibus Stock Incentive Plan (the 2013 Plan), which automatically increases the available share pool for equity-based awards under the 2013 Plan every time the number of our outstanding shares increases, as well as the authority given to our Board in our charter to change the number of authorized shares of the Company's stock without stockholder approval. As a result of this feedback, as well as our Board's continued review of corporate governance best practices, the Board is recommending that stockholders approve the following proposals at the Annual Meeting, which are intended to further enhance the Company's corporate governance:

A new Banc of California, Inc. 2018 Omnibus Stock Incentive Plan (the 2018 Plan), which does not contain an evergreen provision and includes other improvements over the 2013 Plan from a corporate governance standpoint. If approved by stockholders, the 2018 Plan will replace the 2013 Plan with respect to the issuance of any future equity-based awards. In the event stockholders do not approve the 2018 Plan at the Annual Meeting, we will continue utilizing the 2013 Plan.

The Company recognizes that certain historical equity grant practices in the Company's compensation program resulted in a level of issuances that raised concerns for some stockholders due to the resulting dilution. The refreshed Board and Compensation Committee has slowed the Company's issuance of equity awards since early 2017, and the Company believes the 2017 burn rate of equity awards under the 2013 Plan of 1.70% is more indicative of its expected equity grant practices for the foreseeable future, particularly as compared to the Company's average three-year burn rate under the 2013 Plan from 2015 to 2017 of 2.44%. The significantly lower burn rate for 2017 and the proposed elimination of the evergreen provision that will occur if stockholders approve the 2018 Plan at the Annual Meeting reflect the Company's focus on sound utilization of shares available for equity awards.

A proposed charter amendment that would require stockholder approval of any future changes in the number of authorized shares of the Company's stock.

The address of each of these beneficial owners is the same main address as that of the Company. To the extent any of the beneficial owners hold fractional shares of voting common stock, such fractional shares have been rounded down to the nearest whole share. As of March 29, 2018, there were 50,079,736 shares of voting common stock issued and outstanding.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission. In computing the number of shares beneficially owned by a person and the percentage of ownership by that person, shares of voting common stock subject to outstanding rights to acquire shares of voting common stock held by that person that are currently exercisable or exercisable within 60 days are deemed outstanding. Such shares are not deemed outstanding for the purpose of computing the percentage of ownership by any other person.

STOCK OWNERSHIP

- (1) Includes 1,559,012 shares subject to appreciation rights (SARs) held by Mr. Sugarman, all of which were fully vested as of March 29, 2018. The SARs will be settled, on a net basis, in shares of voting common stock based on the fair market value of the voting common stock on the date of exercise. Assuming a fair market value per share on the date of exercise of \$19.30, which was the per share closing price of the voting common stock on the New York Stock Exchange (NYSE) on March 29, 2018, if Mr. Sugarman were to exercise all 1,559,012 of his currently exercisable SARs, he would be entitled to receive an aggregate of 621,790 shares of voting common stock. Using this net number of shares to calculate Mr. Sugarman's beneficial ownership, rather than the gross number of shares to which the SARs relate (1,559,012), the aggregate shares of voting common stock Mr. Sugarman beneficially owned would be 1,026,741, or 2.05 percent and the aggregate shares of voting common stock all directors, current and former Named Executive Officers and current executive officers that are not also Named Executive Officers of the Company as a group would beneficially own 8,032,460 shares, or 16.0 percent.
- (2) Includes 109,533 shares subject to options and 1,559,012 shares subject to SARs that are exercisable as of, or will become exercisable within 60 days after March 29, 2018.
- (3) Includes 3,401,719 shares owned by PL Capital Advisors (as defined in Note 4 to the *Stock Ownership of Greater than 5 Percent Stockholders* table above) and 20,000 shares held directly by Mr. Lashley. Mr. Lashley is a managing member of PL Capital Advisors and, therefore, Mr. Lashley may be deemed to beneficially own these shares.
- (4) Includes 2,850,564 shares owned by Patriot Partners (as defined in Note 6 to the *Stock Ownership of Greater than 5 Percent Stockholders* table above). As a managing member of Patriot Partners, Mr. Wycoff may be deemed to beneficially own these shares.
- (5) The number of shares listed for Mr. Kuelbs under the *Voting Common Stock* column is based on information known to the Company as of March 29, 2018.
- (6) Does not include 201,922 shares of Class B non-voting common stock currently outstanding and held by Mr. Seabold. The number of shares listed for Mr. Seabold under the *Voting Common Stock* column is based on information known to the Company as of March 29, 2018.
- (7) Does not include 52,284 shares of the Company's Class B non-voting common stock held by Mr. Sugarman (together with his spouse through a living trust), shares underlying a warrant held by Mr. Sugarman (together with his spouse through a living trust) to acquire 260,000 shares of the Company's Class B non-voting common stock, or 4,000 depositary shares (Series C Depositary Shares), each representing a 1/40th ownership interest in a share of the Company's 8.00 percent Non-Cumulative Perpetual Preferred Stock, Series C. The number of shares listed for Mr. Sugarman under the *Voting Common Stock* column and the number of Series C Depositary Shares beneficially owned by Mr. Sugarman is based on information known to the Company as of March 29, 2018.

Class B Non-Voting Common Stock. As of March 29, 2018, there were 508,107 shares of our Class B non-voting common stock issued and outstanding. In addition to the shares of voting common stock reflected in the table above, Messrs. Seibold and Sugarman beneficially own shares of the Company's Class B non-voting common stock. As of March 29, 2018, Mr. Seibold beneficially owned a total 201,922 shares, or approximately 40 percent, of our Class B non-voting common stock, which shares were acquired from his exercise of certain warrants between December 8, 2015 and September 30, 2016.

As of March 29, 2018, Mr. Sugarman (together with his spouse through a living trust) beneficially owned 52,284 shares, or approximately 10 percent, of our Class B non-voting common stock, acquired from the exercise of certain warrants on September 30, 2017. As of March 29, 2018, Mr. Sugarman (together with his spouse through a living trust) held warrants to purchase 260,000 shares of Class B non-voting common stock. These warrants are fully-vested, and expire at various dates between April 1, 2018 and July 1, 2018. If Mr. Sugarman and his spouse fully exercise their warrants by paying the exercise price in cash (i.e., without the netting of shares in payment of the exercise price) Mr. Sugarman would be the beneficial owner of approximately 41 percent of the outstanding shares of Class B non-voting common stock as of March 29, 2018.

For a more detailed description of the warrants to purchase shares of the Company's Class B non-voting common stock, including the initial grant date of the warrants and exercise price, please see Note 18 of the notes to the consolidated financial statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 and *Outstanding Equity Awards at December 31, 2017 Information about Warrants and Stock Appreciation Rights Warrants* below.

Series C Preferred Stock. Mr. Sugarman also beneficially owned 4,000 Series C Depositary Shares at the time of his resignation on January 23, 2017, and was believed by the Company to have beneficially owned such Depositary Shares as of March 29, 2018. This amount represents approximately 0.25 percent of the outstanding Series C Depositary Shares as of March 29, 2018. To the Company's knowledge, none of the other directors or executive officers of the Company beneficially owned any Series C Depositary Shares as of March 29, 2018.

STOCK OWNERSHIP

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10 percent of the Company's voting common stock, to report to the Securities and Exchange Commission their initial ownership of the Company's equity securities and any subsequent changes in that ownership. Specific due dates for these reports have been established by the Securities and Exchange Commission and the Company is required to disclose in this report any late filings or failures to file.

To the Company's knowledge, based solely on our review of the copies of these reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2017, all Section 16(a) filing requirements applicable to the Company's officers and directors during 2017 were met, except for an inadvertent failure by Mr. Bowers to timely file his Form 3 following the effective date of his appointment as the Company's President and Chief Executive Officer on May 8, 2017.

PROPOSAL I

Proposal I ELECTION OF DIRECTORS

General

The Company's Board of Directors currently consists of nine directors and is divided into three classes, though the number of directors will be reduced to eight effective at the conclusion of the Annual Meeting as a result of the previously reported decision of Jeffrey Karish not to stand for re-election at the Meeting. The Board intends to evaluate its membership as needed in light of Mr. Karish's departure. Previously, directors in each class were generally elected to serve for three-year terms that expired in successive years. However, at the Company's 2017 annual meeting of stockholders, our stockholders approved an amendment to our charter to progressively declassify the Board. Directors currently serving three-year terms will continue to serve until the end of their respective terms. As the term for each class of directors expires, directors will be elected to one-year terms until each of the current three classes expires, resulting in the entire Board standing for re-election for one-year terms at the 2020 annual meeting of stockholders and at each annual meeting of stockholders thereafter. The chart below depicts the process for the progressive declassification of the Board.

The existing terms of the Class III directors, which include Bonnie G. Hill, Mr. Karish and W. Kirk Wycoff, will expire at the Annual Meeting. Dr. Hill and Mr. Wycoff have both been nominated for re-election, each for a one-year term that will expire at the 2019 annual meeting of stockholders. See *Two Nominees for Director at the Annual Meeting* below.

PROPOSAL I

As noted above, Mr. Karish has declined to stand for re-election, but will continue to serve until the expiration of his term effective at the conclusion of the Annual Meeting. The Board and the Company thank Mr. Karish for his service on the Boards of the Company and the Bank. His leadership, business expertise and historical knowledge of the Company have been invaluable. Under the leadership of Mr. Karish as Chair of the Compensation and Human Capital Committee (the Compensation Committee) since the first quarter of last year, the Company has made significant improvements to its overall compensation structure. Mr. Karish has also been a committed and active member of the Board in seeing the Company through the adversities it has faced in recent years. The Board appreciates his dedication to the Company and its stockholders over the past seven years and wishes him continued success.

The terms of the remaining director classes will be as follows: Class I, with terms expiring at the 2019 annual meeting of stockholders; and Class II, with terms expiring at the 2020 annual meeting of stockholders.
- (3) As noted above, Mr. Karish has decided not to stand for re-election as a director of the Company at the Annual Meeting or as a director of the Bank at the 2018 annual meeting of the sole stockholder of the Bank. As such, Mr. Karish will continue to serve as a director of the Company and the Bank until his current term ends at the conclusion of the Annual Meeting.

The Company has established a corporate governance framework, with policies and programs that not only satisfy applicable regulatory requirements but also are expected to build value for the Company's stockholders.

Corporate Governance Highlights During 2017

The chart below summarizes the key actions taken by the Board with respect to corporate governance during 2017.

APPOINTMENTS

Appointed an **Independent Board Chair**

We separated the positions of the Board Chair and Chief Executive Officer by appointing Robert D. Szniewajs as our independent Board Chair on January 23, 2017.

Appointed **Two Independent Directors** who are also **Significant Stockholders**

We appointed two new independent directors to the Board in February 2017, Richard J. Lashley and W. Kirk Wycoff, who filled the seats vacated by the former Chair and Chief Executive Officer, who resigned in January 2017, and former Vice Chair and Lead Independent Director, who retired in February 2017. The appointment of Messrs. Lashley and Wycoff has resulted in the increase of stockholder representation on the Board and added expertise.

Appointed **Two Independent Directors** both of whom add greater **Diversity** on the Board

We engaged Korn Ferry (Korn/Ferry) to assist the Board to search for additional, qualified directors as well as consulted with a significant stockholder, Legion Group, to add two independent directors to the Board. In March 2017, Mary A. Curran and Bonnie G. Hill were appointed to the Board effective at the conclusion of the 2017 annual meeting of stockholders. The appointments of both Ms. Curran and Dr. Hill have added greater diversity and expertise to the Board.

Appointed a **New President and Chief Executive Officer**

After considering candidates identified through a separate search conducted by Korn/Ferry, Douglas H. Bowers was appointed to serve as President and Chief Executive Officer of the Company and the Bank and as a director of the Bank, effective May 8, 2017. Mr. Bowers became a director of the Company effective at the conclusion of the 2017 annual meeting of stockholders on June 9, 2017.

ADOPTIONS

Adopted a New Related Party Transaction Policy

We adopted a new, more rigorous Related Party Transaction Policy.

Adopted a New Outside Business Activities Policy

We adopted a new Outside Business Activities Policy that tightens controls on activities raising actual or apparent conflicts of interest.

Adopted a Revised Public Communications Policy

We adopted a revised form of Public Communications Policy which allows for more oversight and involvement by the Board and enhances the shared accountability for, and the review of, all public communications by the Company.

ASSESSMENTS

Revised the Director Compensation Program

On February 7, 2017, we revised the director compensation program to lower overall director compensation and impose higher stock ownership thresholds. Shortly thereafter and in consideration of the reorganization of the Board and its committees, the director compensation program was further revised effective July 11, 2017.

Assessed and Revised the Executive Compensation Program

We began an overall review, evaluation and revision of our executive compensation program, in part, on input received from our stockholders.

CORPORATE GOVERNANCE MATTERS

AMENDMENTS

Bylaws Amended

We amended our bylaws to lower the number of directors required to call a special meeting of the Board (other than special meetings called by the Chair) to two directors as compared to the prior requirement that special meetings be called by one-third of the directors.

**Amended Our Charter as Approved
by the Board**

We amended our bylaws to more closely align the majority voting provisions for director elections with the advisory proposal approved by stockholders in 2016.

We amended our bylaws to make it easier for stockholders to submit proposals or nominate director candidates at future annual meetings by (i) simplifying the information that must be provided to the Company; and (ii) changing the general submission period for such proposals and nominations from between 150 days and 180 days before the first anniversary of the preceding year's annual meeting to between 90 days and 120 days before such anniversary date.

Based on feedback received from our stockholder outreach efforts, the Board approved several proposed amendments to our charter, which stockholders approved at the 2017 annual meeting of stockholders. These amendments will progressively declassify our Board to provide for the annual election of all directors starting in 2020 and enhanced the ability of stockholders to remove directors, amend the Company's bylaws and approve amendments to the Company's charter by generally eliminating super-majority voting requirements for those items and by allowing stockholders to remove directors with or without cause.

The charter amendments approved at the 2017 annual meeting of stockholders were part of a number of corporate governance enhancements intended to give the Company's stockholders greater control over the Company's governance. Consistent with these enhancements, the Board has proposed that stockholders approve at the Annual Meeting an amendment

to the Company's charter that would eliminate the current ability of the Board to amend the charter to change the number of authorized shares of the Company's stock without stockholder approval. See *Proposal IV Approval of an Amendment to the Company's Charter to Eliminate the Ability of the Board of Directors to Change the Number of Authorized Shares without Stockholder Approval*.

Corporate Governance Framework

The key components of our corporate governance framework are set forth below:

Corporate Governance Guidelines. The Board of Directors has adopted Corporate Governance Guidelines to provide a framework for effective governance of the Company and its subsidiaries. These Corporate Governance Guidelines are reviewed periodically by the Nominating Committee, and, based upon their review, any revisions that are believed to be in the best interest of the Company are then recommended to the Board for review and approval.

Related Party Transaction Policy. In February 2017, the Board adopted a new Related Party Transaction Policy that restricts transactions with related parties by imposing rigorous standards, with the expectation that such transactions will be rare. The new policy establishes protocols for prior review of proposed related party transactions and requires that they be in, or not inconsistent with, the best interests of the Company and its stockholders. For more information about this policy, see *Transactions with Related Persons*.

Code of Business Conduct and Ethics. The Company's Code of Business Conduct and Ethics (the Code), applies to all directors, officers and employees of the Company and its subsidiaries. The Code is intended to require that all employees and directors adhere to high ethical standards and is reviewed by the Board on a regular basis.

Outside Business Activities Policy. The Board adopted a new Outside Business Activities Policy in February 2017, which supplements the Code, tightens controls on outside business activities of officers and employees and requires non-employee directors to refrain from engaging in outside business activities that create an actual or apparent conflict of interest. For more

CORPORATE GOVERNANCE MATTERS

Stock Ownership Guidelines. The Board has determined that long-term, significant equity ownership by all directors and senior officers is in the best interest of the Company and serves to align the interests of the directors and senior officers with the interests of the Company's stockholders. To that end, the Board has adopted the following stock ownership guidelines:

As required by the Company's Corporate Governance Guidelines as it was updated in February 2017, directors are expected to own stock or stock equivalents with a value equal to five times the then-current annual base cash retainer by the end of the fifth fiscal year following their appointment to the Board. We evaluate stock ownership of our directors annually, on the last day of our fiscal year. As of December 31, 2017, based on the NYSE closing stock price on December 29, 2017, all of the directors were in compliance with the Stock Ownership Guidelines then in effect.

Stock ownership guidelines are also applicable to senior officers as described in more detail below, under the section titled *Stockholder Relations and Corporate Governance Stock Ownership Guidelines*.

Directors are expected to be long-term stockholders and to refrain from selling stock other than for legitimate tax, estate planning, or portfolio diversification purposes. Other than the case of sales through Rule 10b5-1 plans or other similar automated selling programs or sales to pay taxes on compensation paid by the Company, directors are required to provide six-months' notice of any planned sale by such director (or any of his or her affiliates or immediate family members) unless prior approval is received by the Board of Directors.

Evaluating the Board's Effectiveness

information about this policy, see *Transactions with Related Persons*.

Public Communications Policy. The Board adopted a revised form of Public Communications Policy overseen by the Audit Committee which allows for more oversight and involvement by the Board and enhances the shared accountability for, and the review of, all public communications by the Company.

Insider Trading Policy. Directors, officers and employees are obligated to comply in all respects with the Code and the Company's Insider Trading Policy, as well as all Company black-outs or similar trading restrictions as communicated by General Counsel.

The Board and each of its principal standing committees (Audit, Compensation and Nominating) conduct an annual self-assessment aimed at enhancing their effectiveness. As part of the self-assessment process, each Board and committee member provides feedback on a range of topics relevant to the performance and effectiveness of the Board and the applicable committee. In addition, members of the Board participate in a peer evaluation of their fellow directors and provide comments on their own skills and qualifications. The Chair of the Board meets separately with each director to discuss the results of the peer evaluations and individual self-assessments.

The results of the self-assessment process are aggregated and summarized for the Board and for each of the principal standing committees. Comments in the summaries are not attributed to individual Board or committee members to promote candor. The aggregated results and summary of the Board's self-assessment are presented to the Board for its review and discussion at a full Board meeting, at which time the Board considers what, if any, actions might be implemented to enhance future performance of the Board. In addition, each of the principal standing committees discusses the results of its self-assessment and any actions that might be taken to improve the committee's future performance.

The Nominating Committee considers the results of the self-assessment process when it periodically evaluates the size, structure and composition of the Board, as well as the role, composition and allocation of responsibilities among Board committees.

CORPORATE GOVERNANCE MATTERS

Director Education

In accordance with the Company's Corporate Governance Guidelines, all directors are expected to maintain the necessary continuing educational requirements which include, but are not limited to: (i) a component covering professional development in corporate governance; and (ii) a component which covers educational development in subject matter areas that are deemed relevant to the Company's business. In support of continuing education, the Company incurs reasonable expenses to facilitate any mandatory educational and professional development programs or any voluntary programs which the Nominating Committee deem appropriate.

Additionally, each director is required to participate in the Company's compliance training program, wherein the Board is expected to complete annual compliance training overseen by the Company's Chief Compliance Officer.

Director Independence

In accordance with the NYSE Corporate Governance Listing Standards and the Company's Corporate Governance Guidelines, the Board conducted its review of all relationships between the Company and each director and director nominee and has affirmatively determined that, with the exception of Mr. Bowers, none of them has a material relationship with the Company or any other relationship that would preclude his or her independence under the NYSE

Corporate Governance Listing Standards. Accordingly, the Board has determined that each of our current directors other than Mr. Bowers, is an independent director under the NYSE Corporate Governance Listing Standards, as applied in accordance with the Company's Corporate Governance Guidelines. Additionally, the Board has affirmatively determined that each member of the Audit Committee meets the independence and financial literacy requirements for audit committee membership under the NYSE Corporate Governance Listing Standards and Securities and Exchange Commission Rule 10A-3(b)(1), and each member of the Compensation Committee meets the independence and other requirements for compensation committee membership as set forth in the NYSE Corporate Governance Listing Standards. See *Corporate Governance Matters Role and Composition of the Audit Committee and Role and Composition of the Compensation and Human Capital Committee* for specific independence requirements.

Board Leadership Structure

On January 23, 2017, the Board of Directors determined it was in the best interests of the Board and the Company to separate the roles of the Chief Executive Officer and Chair of the Board. The Board believes this structure increases the Board's independence from management and, in turn, leads to better monitoring and oversight of management. Although the Board believes that the Company is currently best served by separating the role of Board Chair and Chief Executive Officer, the Board reviews and discusses the continued appropriateness of this structure on an annual basis.

The Chair of the Board presides at meetings of the Board of Directors and at executive sessions of independent (non-employee) directors, and exercises leadership of Board operations. On January 23, 2017, Mr. Szniewajs, who was initially appointed as a director effective May 15, 2014, was appointed to serve as the Chair of the Board.

Prior to January 23, 2017, the Board maintained a combined role of Chair and Chief Executive Officer and, as a result of the combined role, the Board also maintained the position of Vice Chair and Lead Independent Director. With the separation of the roles of Chair of

the Board and Chief Executive Officer, the Board determined that it was no longer necessary to designate a Vice Chair or Lead

Independent Director. In addition, the Board determined that the Chair of the Nominating Committee will discharge the duties of the Chair of the Board in the event that the Chair is unavailable or unable to act.

Risk Oversight

The Boards of Directors of the Company and the Bank oversee the risk profile of the Company and the Bank and management's process for assessing and managing risks, both as a whole as well as through the Boards' committees. The Boards have two primary methods for overseeing risk. The first method is oversight by each Board as a whole and the second method is through the Enterprise Risk Committee, Credit Committee and ALCO Committee of the Boards of the Company and the Bank. The Enterprise Risk Committee is primarily focused on assisting the Boards in discharging their oversight duties with respect to risk management activities, including the establishment of the Company's enterprise risk management framework and associated policies and practices. The Credit Committee is mainly focused on assisting the Boards in their monitoring and oversight of credit processes and asset quality, and compliance with applicable regulatory requirements. The ALCO Committee assists the Boards in their monitoring and oversight of asset and liability strategies, liquidity and capital management and compliance with related regulatory requirements. In accordance with its charter, the Enterprise Risk Committee is responsible for ensuring that the Company has in place an appropriate enterprise-wide framework and processes to identify, prioritize, measure and monitor significant risks, including, without limitation, operational, technology, information security, compliance, legal, reputational, strategic, credit, interest rate and liquidity risks, with the management of credit risk and interest rate risk primarily being overseen by the Credit Committee and ALCO Committee, respectively.

During 2017, the Enterprise Risk Committee, Credit Committee, ALCO Committee and the full Board received reports from executive management and employees who oversee day-to-day risk management duties on the most critical strategic issues and risks facing the Company. The Boards, Enterprise Risk Committee, Credit Committee and ALCO Committee also received reports from the Company's Chief Risk Officer, Chief Compliance Officer, Chief Financial Officer, Chief Internal Audit Officer, the Company's independent auditors, third-party advisors, and other executive management regarding compliance with applicable laws and regulations, risk-related policies, procedures and limits in order to ensure compliance by properly evaluating the effectiveness of the Company's risk controls.

Cybersecurity risk is a key consideration in the operational risk management capabilities at the Company. Under the direction of its Chief Information Security Officer, the Company maintains a formal information security management program, which is subject to oversight by, and reporting to, the Enterprise Risk Committee. Given the nature of the Company's operations and business, including the Company's reliance on relationships with various third-party providers in the delivery of financial services, cybersecurity risk may manifest itself through various business activities and channels, and it is thus considered an enterprise-wide risk which is subject to control and monitoring at various levels of management throughout the business. The Enterprise Risk Committee oversees and reviews reports on significant matters of corporate security, including cybersecurity. The Company also maintains specific cyber insurance through its corporate insurance program, the adequacy of which is subject to review and oversight by the Enterprise Risk Committee as well.

Each of the Company and Bank Boards receives regular reports from the chairs of the Enterprise Risk Committee, Credit Committee and ALCO Committee regarding the committees' considerations and actions. The Enterprise Risk Committee, Credit Committee and ALCO Committee may address risks directly with management, or, where

appropriate, may elevate a risk for consideration by the full Boards, respectively. In addition to these committees, the other Board committees monitor risk aspects relevant to their respective areas of responsibility through direct interactions with management.

Board Composition and Meetings

During 2017, each director attended at least 75 percent of the aggregate of the total number of meetings of the Company's Board of Directors held during the portion of the year he or she was a director and the total number of meetings held by all Board committees on which he or she served during the periods he or she served, other than former director, Eric L. Holoman, who declined to stand for re-election and resigned as a director effective at the conclusion of the 2017 annual meeting of stockholders.

The Board of Directors generally requests that directors attend the Company's annual meeting of stockholders although not required and that the Board Chair attends the Meeting and, if the Chair is not an independent director, the Board generally requests that an independent (non-employee) director attend the Meeting to represent such directors. The 2017 annual meeting of stockholders was attended by six of the seven directors serving at that time as well as the three directors whose appointments were effective at the conclusion of that meeting.

The current composition of the Company Board is reflected below. All members of the Company Board also currently serve as directors of the Bank, each for a one-year term.

Regular meetings of the Company's Board of Directors were held on a quarterly basis during 2017, with additional (special) meetings held as needed, which also provided for executive sessions of directors without the presence of management. Likewise, separate sessions of only independent directors were held when required or determined by the independent directors to be necessary. Meetings held during the fiscal year ended December 31, 2017, as well as actions taken in the form of a Unanimous Written Consent by the Company's Board of Directors in lieu of holding a special meeting is set forth below.

Committee Composition of the Board of Directors and Meeting Attendance

The Board of Directors of the Company currently has six standing committees. Since all current members of the Company Board also serve as directors of the Bank, each of these committees is a joint committee of the Boards of Directors of the Company and the Bank. The Nominating Committee is responsible for evaluating the structure, composition and duties of each Board committee and recommending any changes to the Board.

In January 2017, the Board separated the compensation, nominating and governance functions into two committees, the Compensation Committee and the Nominating Committee. Shortly thereafter, further changes were made to the composition and structure of the Board's committees including the elimination of the Strategic Committee as well as the Executive Committee in order to facilitate greater participation by all members of the Board in a full range of Company matters.

Additionally and at the recommendation of the Nominating Committee, the Board changed the name of the Compensation Committee to the Compensation and Human Capital Committee wherein oversight of the talent planning and executive recruiting processes was added to the committee's responsibilities under its charter. At that same time and due to the increasing responsibilities of the Enterprise Risk Committee, the ALCO Committee and Credit Committee were formed and consequently, the duties of the Enterprise Risk Committee were trifurcated among the Enterprise Risk Committee, the ALCO Committee and the Credit Committee, respectively. The table below reflects the current composition of the Board committees.

DIRECTOR COMPENSATION

Overview

The Compensation Committee is responsible for the periodic review of compensation paid to non-employee directors and recommending changes to the Board, when the Compensation Committee deems appropriate. As indicated below under *Employee Directors*, directors who are also employees of the Company and/or the Bank receive no compensation for their service as directors.

The existing elements of the Company's director compensation program are a combination of cash and stock-based incentives to attract and retain qualified candidates to serve on the Boards of the Company or its subsidiaries. In determining the components of non-employee director compensation, the Compensation Committee considers the significant amount of time directors expend to fulfill their duties, the skill level required of Board members and the nature of the Company's business objectives.

In conjunction with the Board refresh and governance overhaul that took place at the beginning of 2017 and the restructuring of the Board's various committees in June 2017, the Board, upon the recommendations of the Compensation Committee modified several components of the Company's previous director compensation programs during 2017. In making its recommendations, the Compensation Committee considered various business objectives of the Company and the Bank for 2017, reallocation of responsibilities among the Board's committees, and reviewed director compensation programs of several of the Company's peers. Under the guidance of a compensation consultant, Pearl Meyer and Partners (Pearl Meyer), and consideration of compensation data provided by Equilar, Inc. (Equilar), both of whom were engaged by the Compensation Committee, the Compensation Committee recommended revising the Company's director compensation program effective February 7, 2017, and again effective July 11, 2017 following the joint Organizational Meeting of the Boards of the Company and the Bank. These recommended modifications, which were approved by the Board, resulted in a \$25 thousand reduction in the annual retainer for each director in 2017, and a reduction of the amounts payable to certain committee chairs and committee members. The components of the director compensation programs in effect from January 1, 2017 through December 31, 2017 are each summarized in the tables below.

Current Components of Director Compensation, effective July 11, 2017

As discussed above, the composition of the Boards of the Company and the Bank changed considerably during 2017. These changes included:

resignation of the former Board Chair;

retirement of the Lead Independent Director and Vice Chair; and

resignation of another director who opted not to stand for re-election.

As a result of these departures, the Boards of the Company and the Bank appointed:

four independent directors; and

one non-independent, employee director (the new President and Chief Executive Officer of the Company and the Bank, Mr. Bowers).

These changes to the Board's membership also required substantial changes to the composition of the Boards committees. Accordingly, the Compensation Committee reassessed the components of the director compensation program to (i) include the new ALCO Committee and new Credit Committee of the Company and Bank Boards; (ii) decrease the additional compensation paid to the directors serving on the Audit Committee; and (iii) decrease the additional compensation paid to directors serving on the Enterprise Risk Committee as a result of the trifurcation of duties among the Enterprise Risk Committee, the new ALCO Committee and the new Credit Committee which were previously overseen by the Enterprise Risk Committees of the Company and the Bank.

DIRECTOR COMPENSATION

On July 11, 2017, the Compensation Committee recommended, and the Board adopted, the changes to the director compensation program which appear in the chart below, effective immediately. We do not provide non-equity incentive plan awards, deferred compensation or retirement plans for non-employee directors.

Director Compensation from February 7, 2017 through July 10, 2017. In connection with the Board refresh and governance overhaul that took place in the first quarter of 2017, the newly formed Compensation Committee conducted a more extensive review of the Company's director compensation program. The Compensation Committee utilized the resources provided by Equilar, including their annual reports on compensation, disclosure and governance trends, in conjunction with consultations with Pearl Meyer, to assess the Company's overall director compensation program. In doing so, the Compensation Committee considered several factors, including renewed objectives of the Company and the Bank in the areas of corporate governance, stockholder relations and retail and commercial banking. With the assistance of Pearl Meyer and Equilar, the Compensation Committee recommended that the Boards change the director compensation program by decreasing overall director compensation. The changes recommended by the Compensation Committee were approved by the Boards on February 7, 2017, and went into effect immediately.

The schedule below summarizes the components of fees paid to non-employee directors for their service on both the Company Board and the Bank Board from February 7, 2017 through July 10, 2017. For those directors that either resigned from or were appointed to the Board in 2017,

the amounts reported are for service during the following periods:

for Mr. Brownstein, service from January 1, 2017 to February 7, 2017;

for Messrs. Lashley and Wycoff, service from February 16, 2017 to December 31, 2017;

Benett, Karish, Schnel and Sznawajs each received a one-time additional fee in 2017 in the amount of \$30,000 and Mr. Holoman received a one-time additional fee in 2017 in the amount of \$15,000 based upon the recommendation and approval of the independent, non-Special Committee members of the Company Board.

These include (a) RSUs granted for service on Board committees, as applicable; and (b) RSUs for the equity portion of the annual retainer.

The assumptions used in the fair value calculations are included in Note 16 to the notes to the consolidated financial statements contained in the Company's Annual Report on Form 10-K for the years ended December 31, 2017, filed with the Securities and Exchange Commission on February 28, 2018. The grant date fair value is calculated using the closing market price of the Company's voting common stock on the business day preceding the grant date, which is then recognized as an expense, subject to market value changes, over the scheduled vesting period of the award.

DIRECTOR COMPENSATION

(4) The following table presents: (a) the aggregate number of RSUs granted to each current non-employee director during 2017, the grant date fair values of which are reflected in the table above; (b) the number of RSAs that were accelerated in vesting for each of Messrs. Brownstein and Holoman in connection with their respective departures from the Board; (c) the aggregate number of outstanding unvested RSAs and RSUs held by the current non-employee directors at December 31, 2017; and (d) the aggregate number of outstanding options (both vested and unvested) held by the current non-employee directors at December 31, 2017. TRANSACTIONS WITH RELATED PERSONS

General

The Company and the Bank may engage in transactions with the Company's directors and executive officers, beneficial owners of more than 5 percent of the outstanding shares of the Company's voting common stock and certain persons related to them. Except for loans by the Bank, which are governed by a separate policy, those transactions that constitute related party transactions under Item 404 of the Securities and Exchange Commission's Regulation S-K are subject to the review, oversight and approval by a Board committee comprised solely of independent directors. In 2016 and prior years, the committee which approved such transactions was the then-acting Compensation, Nominating and Corporate Governance Committee.

In January 2017, our Board of Directors undertook certain actions to enhance corporate governance, which included separating the Compensation, Nominating and Corporate Governance Committee functions into two separate board committees, the Nominating and Corporate Governance Committee (previously defined as the Nominating Committee) focused on governance, including oversight responsibility for related party transactions and the Compensation and Human Capital Committee (previously defined as the Compensation Committee) on compensation. The Board also adopted a new, written **Related Party Transaction Policy**, which was further enhanced in February 2017 and was re-approved in March 2018, which restricts transactions with related parties to ensure such transactions meet more rigorous standards, and are in, or do not conflict with, the best interest of the Company or the Bank. Additionally, the Board adopted an **Outside Business Activity Policy** in February 2017, which was re-approved in November 2017, which tightens controls on outside business activities of officers and employees and requires non-employee directors to refrain from engaging in outside business activities that create an actual or apparent conflict of interest.

Related Party Transaction Policy

All related party transactions, as defined under the policy and other than certain pre-approved, routine transactions, must either be approved in advance or ratified by the following:

the Nominating Committee; or

a sub-committee of the Nominating Committee, none of the members of which have had any related party transaction (other than certain pre-approved related party transactions as defined under the policy, which include indemnification payments), during the current year or the two calendar years prior to their appointment to the sub-committee.

The policy provides that in reviewing related party transactions, the Nominating Committee (or sub-committee) should consider the following factors:

- What is the financial risk to the Company of the related party transaction?
- What is the reputational risk to the Company from public disclosure of the related party transaction?

During the years ended December 31, 2017 and 2016, \$83 thousand and \$0 interest, respectively, was paid by Team to the Bank on the Team Loan.

Team obtained a corporate credit card with a \$100 thousand line of credit from a third party unaffiliated with the Bank. Effective November 24, 2017, the Bank provided a guaranty for the card by obtaining a standby letter of credit issued by another institution unaffiliated with the Bank in the amount of \$100 thousand for the benefit the issuer of the credit card. This letter of credit had not been drawn upon as of December 31, 2017.

Following the closing of the Stadco Loan and the Term Loan, the Bank on August 22, 2016 reached agreement with the Team concerning, among other things, the Bank's right to name the stadium to be operated by Stadco as Banc of California Stadium. The August 22, 2016 agreement, which contemplated the negotiation and execution of more detailed definitive agreements between the Bank, on the one hand, and Stadco and the Team on the other hand (LAFC Transaction), also included a sponsorship relationship between the Bank and the Team with an initial term ending on the completion date of LAFC's 15th full Major League Soccer (MLS) season, and the Bank having a right of first offer to extend the term for an additional 10 years (LAFC Term). On February 28, 2017, the Bank executed more detailed definitive agreements with LAFC and Stadco relating to the LAFC Transaction, which are subject to MLS rules and/or approval (the LAFC Agreements).

The LAFC Agreements provide that, during the LAFC Term, the Bank will have the exclusive right to name the Banc of California Stadium and will be the exclusive provider of financial services to (and the exclusive financial services sponsor of) the Team and Stadco. In connection with its right to name the Banc of California Stadium, the Bank will receive, among other rights, signage (including prominent exterior signage) and related branding rights throughout the exterior and interior of the Banc of California Stadium facility (including exclusive branding rights within certain

designated areas and venues within the facility), will receive the right to locate a Bank branch within the Banc of California Stadium facility, will receive the exclusive right to install and operate ATMs in the Banc of California Stadium facility, and will receive the exclusive right to process payments and provide other financial services (with certain exceptions) throughout the facility. In addition, the Bank will receive suite access for LAFC and certain other events held at the Banc of California Stadium and will receive certain hospitality, event, media and other rights ancillary to its naming rights relating to the Banc of California Stadium and its sponsorship rights relating to the Team. In conjunction with the LAFC Agreements, the Company expects to decrease its other planned marketing and sponsorship expenses. In exchange for the Bank's rights as set forth in the LAFC Agreements, the Bank (i) paid the Team \$10.0 million on March 31, 2017 and (ii) has agreed to pay the following annual aggregate amounts: for the Team's 2018 MLS season, \$5.3 million; for 2019, \$5.4 million; for 2020, \$5.5 million; for 2021, \$5.6 million; for 2022, \$5.7 million; for 2023, \$5.8 million; for 2024, \$5.9 million; for 2025, \$6.0 million; for 2026, \$6.1 million; for 2027, \$6.2 million; for 2028, \$6.3 million; for 2029, \$6.4 million; for 2030, \$6.5 million; for 2031, \$6.6 million; and for 2032, \$6.7 million.

As of December 31, 2017 and 2016, the various entities affiliated with LAFC held \$33.1 million and \$76.0 million, respectively, of deposits at the Bank.

Legal Fees and Other Matters. During July 2017, the Company and the Bank became aware that the former Chair, President and Chief Executive Officer of the Company and the Bank, Steven A. Sugarman, became of counsel to Michelman & Robinson, LLP, a law firm that previously provided legal services to the Bank. For legal services that were performed for the Bank over a period of more than four months, the Bank paid Michelman & Robinson, LLP approximately \$330 thousand in fees during the three months ended March 31, 2017. No legal services were provided and \$0 was paid to Michelman & Robinson, LLP during the nine-month period from April 1, 2017 to December 31, 2017. Michelman & Robinson, LLP currently has three outstanding letters of credit with the Bank, none of which was drawn upon as of December 31, 2017, which were issued under a line of credit that was originally extended to Michelman & Robinson, LLP prior to 2008. One letter of credit was canceled on February 13, 2017. Michelman & Robinson, LLP elected to pay in full all outstanding borrowings under the line of credit in June 2017 and, thereafter, the line of credit was terminated. During the three months ended March 31, 2017, the Bank reimbursed Michelman & Robinson, LLP \$100 thousand in connection with a matter concerning funds wired by a third party to a deposit account Michelman & Robinson, LLP held at the Bank.

Consulting Agreement for the Bank. On August 4, 2016, the Bank entered into a Management Services Agreement with Carlos Salas, who was, at the time, the Chief Executive Officer of COR Clearing LLC (COR Clearing) and Chief Financial Officer of COR Securities Holding, Inc. (CORSHI). Steven A. Sugarman, the then- (now former) Chairman, President and Chief Executive Officer of the Company and the Bank, is believed by the Company to be the Chief Executive Officer, as well as a controlling equity owner, of both COR Clearing and CORSHI. For management consulting and advisory services provided to the Bank through the termination of the Management Services Agreement on November 30, 2016, Mr. Salas earned \$108 thousand in fees. On December 1, 2016, Mr. Salas became a full-time employee of the Bank and tendered his resignation from his positions as Chief Executive Officer of COR Clearing and Chief Financial Officer of CORSHI effective upon the orderly transition of his duties, but in no case later than March 31, 2017. Mr. Salas earned \$17 thousand as a full time employee of the Bank during the year ended December 31, 2016. Mr. Salas separated from the Bank on February 1, 2017.

TCW Affiliates. TCW Shared Opportunity Fund V, L.P. (SHOP V Fund), an affiliate of The TCW Group, Inc., initially became a holder of the Company's voting common stock and non-voting common stock as a lead investor in the November 2010 recapitalization of the Company (the Recapitalization). In connection with its investment in the Recapitalization, SHOP V Fund also was issued by the Company an immediately exercisable five-year warrant (the SHOP V Fund Warrant) to purchase 240,000 shares of non-voting common stock or, to the extent provided therein, shares of voting common stock in lieu of non-voting common stock. SHOP V Fund was issued shares of non-voting common stock in the Recapitalization because at that time, a controlling interest in TCW Asset Management Company, the investment manager to SHOP V Fund, was held by a foreign banking organization, and in order to prevent SHOP V Fund from being considered a bank holding company under the Bank Holding Company Act of 1956, as amended, the number of shares of voting common stock it purchased in the Recapitalization had to be limited to 4.99 percent of the total number of shares of voting common stock outstanding immediately following the Recapitalization. For the same reason, the SHOP V Fund Warrant could be exercised by SHOP V Fund for voting common stock in lieu of non-voting common stock only to the extent SHOP V Fund's percentage ownership of the voting common stock at the time of exercise would be less than 4.99 percent as a result of dilution occurring from additional issuances of voting common stock subsequent to the Recapitalization.

In 2013, the foreign banking organization sold its controlling interest in TCW Asset Management Company, eliminating the need to limit SHOP V Fund's percentage ownership of the voting common stock to 4.99 percent. As a result, on May 29, 2013, the Company and SHOP V Fund entered into a Common Stock Share Exchange Agreement,

dated May 29, 2013 (Exchange Agreement), pursuant to which SHOP V Fund could from time to time exchange its shares of non-voting common stock for shares of voting common stock issued by the Company on a share-for-share basis, provided that immediately following any such exchange, SHOP V Fund's percentage ownership of voting common stock did not exceed 9.99 percent. The shares of non-voting common stock that could be exchanged by SHOP V Fund pursuant to the Exchange Agreement included the shares of non-voting common stock it purchased in the Recapitalization, the additional shares of non-voting common stock SHOP V Fund acquired subsequent to the Recapitalization pursuant to the Company's Dividend Reinvestment Plan and any additional shares of non-voting common stock that SHOP V Fund acquired pursuant to its exercise of the SHOP V Fund Warrant.

On December 10, 2014, SHOP V Fund and two affiliated entities, Crescent Special Situations Fund Legacy V, L.P. (CSSF Legacy V) and Crescent Special Situations Fund Investor Group, L.P. (CSSF Investor Group), entered into a Contribution, Distribution and Sale Agreement pursuant to which SHOP V Fund agreed to transfer shares of non-voting common stock and portions of the SHOP V Fund Warrant to CSSF Legacy V and CSSF Investor Group. Also on December 10, 2014, SHOP V Fund, CSSF Legacy V, CSSF Investor Group and the Company entered into an Assignment and Assumption Agreement pursuant to which all of SHOP V Fund's rights and obligations under the Exchange Agreement with respect to the shares of non-voting common stock transferred by it to CSSF Legacy V and CSSF Investor Group pursuant to the Contribution, Distribution and Sale Agreement were assigned to CSSF Legacy V and CSSF

Investor Group, including the right of SHOP V Fund to exchange such shares for shares of voting common stock on a one-for-one basis.

Based on a Schedule 13G amendment filed with the SEC on February 12, 2015, The TCW Group's last public filing reporting ownership of the Company's securities, as of December 31, 2014, The TCW Group, Inc. and its affiliates held 1,318,462 shares of voting common stock (which included, for purposes of this calculation, the 240,000 shares of stock underlying the as yet unexercised SHOP V Fund Warrant). On June 3, 2013, January 5, 2015, January 20, 2015, and March 16, 2015, SHOP V Fund or CSSF Legacy V or CSSF Investor Group exchanged 550,000 shares, 522,564 shares, 86,620 shares, and 934 shares, respectively, of non-voting common stock for the same number of shares of voting common stock. In addition, on August 3, 2015, the SHOP V Fund Warrant, which was held in separate portions by CSSF Legacy V and CSSF Investor Group, was exercised in full using a cashless (net) exercise, resulting in a net number of shares of non-voting common stock issued in the aggregate of 70,690, which were immediately thereafter exchanged for an aggregate of 70,690 shares of voting common stock. Based on automatic adjustments to the original \$11.00 exercise price of the SHOP V Fund Warrant, the exercise price at the time of exercise was \$9.13 per share. As a result of these exchanges and exercises The TCW Group, Inc. and its affiliates no longer hold any shares of non-voting common stock or warrants to acquire stock. Based on TCW Group's prior report of owning 1,318,462 shares of the Company's voting common stock, TCW Group, Inc. would have owned 3.5 percent of the Company's outstanding voting common stock as of December 31, 2015.

Oaktree Affiliates. As reported in a Schedule 13G filed with the SEC on January 16, 2015, OCM BOCA Investor, LLC (OCM), an affiliate of Oaktree Capital Management, L.P., owned 3,288,947 shares of the Company's voting common stock as of November 7, 2014, which OCM reported represented 9.9 percent of the Company's total shares outstanding as of the dates set forth in the Schedule 13G. For the details of the transaction in which OCM acquired these shares, see *Oaktree Affiliates Securities Purchase Agreement with Oaktree*. However, as reported in a Schedule 13G amendment filed with the SEC on February 12, 2016 OCM and its affiliates owned 671,702 shares of the Company's voting common stock as of December 31, 2015, which OCM reported represented less than 5 percent of the Company's total shares outstanding.

Loans. Effective September 30, 2015, the Bank provided a \$15.0 million committed revolving line of credit, which was increased to \$20.0 million effective as of March 7, 2017, to Teleios LS Holdings DE, LLC and Teleios LS Holdings II DE, LLC (Teleios), which generate income through the purchase, monitoring, maintenance and maturity of life insurance policies. At the time the facility was executed, the Teleios entities were hedge funds in which Oaktree Capital Management L.P. or one of its affiliates was a controlling investor.

Advances under the Teleios line of credit are secured by life insurance policies purchased by Teleios that have a market value in excess of the balance of the advances under the line of credit. As of December 31, 2017 and 2016, outstanding advances by the Bank under the Teleios line of credit were \$16.0 million and \$15.0 million, respectively. During the years ended December 31, 2017 and 2016, the largest aggregate amount of principal outstanding under the Teleios line of credit was \$16.0 million and \$15.0 million, respectively. Interest on the outstanding balance under the Teleios line of credit accrues at the Prime Rate plus a margin. During the years ended December 31, 2017 and 2016, \$4.0 million and \$2.0 million principal, respectively, and \$1.0 million and \$462 thousand in interest, respectively, was paid by Teleios on the line of credit to the Bank.

Effective June 26, 2015, the Bank provided a \$35.0 million committed revolving repurchase facility, which was increased to \$40.0 million (the Sabal repurchase facility) effective June 11, 2017, to Sabal TL1, LLC, a Delaware

limited liability company, with a maximum funding amount of \$100.0 million in certain situations. At the time the facility was executed, Sabal TL1, LLC was controlled by an affiliate of Oaktree Capital Management, L.P. and effective September 15, 2015, Sabal was no longer controlled by Oaktree Capital Management, L.P. For more information about the facility, see above under *Transactions with Current Related Parties Sabal Loan*.

Securities Purchase Agreement with Oaktree. As noted above, as reported in a Schedule 13G filed with the SEC on January 16, 2015, OCM owned 3,288,947 shares of the Company's voting common stock. OCM purchased these shares from the Company on November 7, 2014 at a price of \$9.78 per share pursuant to a securities purchase agreement entered into on April 22, 2014 (and amended on October 28, 2014) in order for the Company to raise a portion of the capital to be used to finance the BPNA Branch Acquisition, which was completed on November 8, 2014. In consideration for its commitment under the securities purchase agreement, OCM was paid at closing an equity support payment from the Company of \$1.6 million.

Management Services. Approximately nine months before OCM became a stockholder of the Company, certain affiliates of Oaktree Capital Management, L.P. (collectively, the Oaktree Funds) entered into a management agreement, effective January 30, 2014, as amended (the Management Agreement), with The Palisades Group, which was then a wholly owned subsidiary of the Company.

TRANSACTIONS WITH RELATED PERSONS

Pursuant to the Management Agreement, The Palisades Group serves as the credit manager of pools of SFR mortgage loans held in securitization trusts or other vehicles beneficially owned by the Oaktree Funds. Under the Management Agreement, The Palisades Group is paid a monthly management fee primarily based on the amount of certain designated pool assets and may earn additional fees for advice related to financing opportunities.

During the period from January 1, 2016 through May 5, 2016 (the date the Company sold its membership interests in The Palisades Group) and the years ended December 31, 2015 and 2014, the Oaktree Funds paid The Palisades Group \$1.0 million, \$5.1 million, and \$5.3 million as management fees, respectively, which in some instances represents fees for partial year services. In addition to the Management Agreement, the Bank may from time to time in the future enter into lending transactions with portfolio companies of investment funds managed by Oaktree Capital Management, L.P.

Consulting Services to The Palisades Group. The Company completed the sale of its subsidiary, The Palisades Group, on May 5, 2016, which it originally acquired on September 10, 2013. The information included herein is based on information known to the Company as of May 5, 2016, the date the Company completed the sale of The Palisades Group. Effective as of July 1, 2013, prior to the Company's acquisition of The Palisades Group, The Palisades Group entered into a consulting agreement with Jason Sugarman, the brother of the Company's and the Bank's then- (now former) Chairman, President and Chief Executive Officer, Steven A. Sugarman. Jason Sugarman has historically provided advisory services to financial institutions and other institutional clients related to investments in residential mortgages, real estate and real estate related assets and The Palisades Group entered into the consulting agreement with Jason Sugarman to provide these types of services. The consulting agreement is for a term of five years, with a minimum payment of \$30 thousand owed at the end of each quarter (or \$600 thousand in aggregate quarterly payments over the five-year term of the agreement). These payments do not include any bonuses that may be earned under the agreement. Effective as of March 26, 2015, the bonus amount earned by Jason Sugarman for consulting services he provided during the year ended December 31, 2014 was credited in satisfaction and full discharge of all then currently accrued but unpaid quarterly payments as well as any future quarterly payments specified under the consulting agreement, but not against any future bonuses that he may earn under the consulting agreement. During the period from January 1, 2016 through May 5, 2016 (the date the Company sold its membership interests in The Palisades Group), no bonus amounts were earned by Jason Sugarman under the consulting agreement. For the years ended December 31, 2015, 2014 and 2013 base and bonus amounts earned by Jason Sugarman under the consulting agreement totaled \$30 thousand, \$1.2 million, and \$121 thousand, respectively.

The consulting agreement may be terminated at any time by either The Palisades Group or Jason Sugarman upon 30 days prior written notice. The consulting agreement with Jason Sugarman was reviewed as a related party transaction and approved by the then-acting Compensation, Nominating and Corporate Governance Committee and approved by the disinterested directors of the Board. As of May 5, 2016, the Company has no direct or indirect obligation under the consulting agreement, as the agreement was entered into between Jason Sugarman and The Palisades Group, and the Company completed the sale of The Palisades Group on that date.

CS Financial Acquisition. Effective October 31, 2013, the Company acquired CS Financial, which was controlled by Jeffrey T. Seabold and in which certain relatives of Steven A. Sugarman (the then- (now former) Chairman, President and Chief Executive Officer of the Company and the Bank) directly or through their affiliated entities also owned certain minority, non-controlling interests. Mr. Seabold previously served as Management Vice Chair of the Bank and also held prior positions as a director of the Company and the Bank; on September 5, 2017, Mr. Seabold submitted a notice of termination of employment as Management Vice Chair of the Bank pursuant to his employment agreement

with the Bank effective immediately. The Company's acquisition of CS Financial (the CS Financial Merger) was effected pursuant to an Agreement and Plan of Merger (the CS Financial Merger Agreement) with CS Financial, the stockholders of CS Financial (Sellers) and Mr. Seabold, as the Sellers' Representative.

Subject to the terms and conditions set forth in the CS Financial Merger Agreement, which was approved by the Board of Directors of each of the Company, the Bank and CS Financial, at the effective time of the CS Financial Merger, the outstanding shares of common stock of CS Financial were converted into the right to receive in the aggregate: (i) upon the closing of the CS Financial Merger, (a) 173,791 shares (Closing Date Shares) of voting common stock, par value \$0.01 per share, of the Company, and (b) \$1.5 million in cash and \$3.2 million in the form of a noninterest-bearing note issued by the Company to Mr. Seabold that was due and paid by the Company on January 2, 2014; and (ii) upon the achievement of certain performance targets by the Bank's lending activities following the closing of the CS Financial Merger that are set forth in the CS Financial Merger Agreement, up to 92,781 shares (Performance Shares) of voting common stock ((i) and (ii), together, CS Financial Merger Consideration).

The Sellers under the CS Financial Merger Agreement included Mr. Seabold, and the following relatives of Steven A. Sugarman: Jason Sugarman (brother), Elizabeth Sugarman (sister-in-law), and Michael Sugarman (father), who each owned minority, non-controlling

interests in CS Financial. Upon the closing of the CS Financial Merger and pursuant to the terms of the CS Financial Merger Agreement, the aggregate shares of voting common stock issued as the consideration to the Sellers was 173,791 shares, which was allocated by the Sellers and issued as follows: (i) 103,663 shares to Mr. Seabold; (ii) 16,140 shares to Jason Sugarman; (iii) 16,140 shares to Elizabeth Sugarman; (iv) 3,228 shares to Michael Sugarman; and (v) 34,620 shares to certain employees of CS Financial. Of the 103,663 shares to be issued to Mr. Seabold, as allowed under the CS Financial Merger Agreement and in consideration of repayment of a certain debt incurred by CS Financial owed to an entity controlled by Elizabeth Sugarman, Mr. Seabold requested the Company to issue all 103,663 shares directly to Elizabeth Sugarman, and such shares were so issued by the Company to Elizabeth Sugarman.

On October 31, 2014, certain of the Performance Shares were issued as follows: (i) 28,545 shares to Mr. Seabold; (ii) 1,082 shares to Jason Sugarman; (iii) 1,082 shares to Elizabeth Sugarman; and (iv) 216 shares to Michael Sugarman. An additional portion of the Performance Shares was issued on November 2, 2015 as follows: (i) 28,545 shares to Mr. Seabold; (ii) 1,082 shares to Jason Sugarman; (iii) 1,082 shares to Elizabeth Sugarman; and (iv) 216 shares to Michael Sugarman. The final tranche of the Performance Shares were issued on October 31, 2016 as follows: (i) 28,547 shares to Mr. Seabold; (ii) 1,083 shares to Jason Sugarman; (iii) 1,083 shares to Elizabeth Sugarman and (iv) 218 shares to Michael Sugarman.

All decisions and actions with respect to the CS Financial Merger Agreement and the CS Financial Merger (including without limitation the determination of the CS Financial Merger Consideration and the other material terms of the CS Financial Merger Agreement) were under the purview and authority of special committees of the Board of Directors of each of the Company and the Bank, each of which was composed exclusively of independent, disinterested directors of the Boards of Directors, with the assistance of outside financial and legal advisors. Mr. Sugarman abstained from the vote of each of the Boards of Directors of the Company and the Bank to approve the CS Financial Merger Agreement and the CS Financial Merger.

As used throughout this *Compensation Discussion and Analysis* and the tables that follow, RSA refers to restricted stock award, RSU refers to restricted stock unit and PSU refers to performance-contingent restricted stock unit or performance stock unit.

As discussed under *Corporate Governance Matters Committee Composition of the Board of Directors and Meeting Attendance*, during the first quarter of 2017, we separated our Compensation, Nominating and Corporate Governance Committee into two committees, with one focused on compensation and human capital-related matters and the other focused on nominating and corporate governance-related matters. We may refer to the then acting Compensation, Nominating and Corporate Governance Committee in this section when discussing compensation actions taken before the separation of the committee.

strong credit and capital metrics; and

an experienced commercial banking leadership team and enhanced corporate governance

Our Corporate Values and the Philosophy and Objectives of Our Compensation Program

Our Vision

Our vision is to be California's Bank.

Our Mission

Our mission is to empower California's diverse businesses, entrepreneurs and communities.

Our Core Values

Our core values are operational excellence, superior analytics and entrepreneurialism.

Our Strategic Roadmap

Our strong foundation of a valuable brand, great markets and experienced leadership supports our new strategic roadmap to:

build core deposits;

amplify lending;

normalize expenses; and

create stockholder value.

Our mission, vision and core values guide our compensation programs. Our compensation programs are designed to accomplish the following:

Allow the Company **to compete for, hire and retain skilled and talented executives** critical to our success today, with the capabilities required by the pursuit of our mission, vision, core values and strategic plan.

Incent executives to **achieve our strategic objectives without undue risk-taking**. Our vision and mission guide our strategic plans and, in turn, determine the compensation programs we use to incent executives to achieve strategic objectives.

Reward **long-term growth and profitability**. Encourage achievement of key operating objectives, such as growth in deposits, prudent lending and enduring customer relationships, growth of operating earnings and earnings per share.

Recognize and **reward the success of the management team as a whole** in managing the Company, and use that overall performance as the basis for determining overall compensation, taking into consideration pertinent economic conditions, interest rate trends and the competitive market environment.

Recognize and **reward individual achievement and contributions** that is consistent with our long-term objectives and core values.

Align executive compensation with interests of stockholders. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option, restricted stock grants and other equity incentive programs. Our approach to compensating management includes a review of all incentive programs to avoid imprudent risk-taking and to promote safety and soundness. We believe that compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, but rather that the value of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of the Company by our executives.

Use performance-based compensation where appropriate to link the success of the executive with the success of the Company.

A Fresh Perspective for California's Bank: Focus on Corporate Governance and Recent Changes

During 2017, our Board refocused our business and took decisive and significant action to:

Enhance our corporate governance and refresh our Board. Our Board appointed five new directors, who now constitute a majority of the Board, enhanced and adopted new policies, amended our bylaws and proposed amendments to our charter that were approved by our stockholders at our 2017 annual meeting of stockholders. The following are governance enhancements taken during 2017:

Adopted a majority vote standard for all uncontested director elections.

Separated the roles of Board Chair and Chief Executive Officer.

COMPENSATION DISCUSSION AND ANALYSIS

Increased participation by all Board members through elimination of the Executive Committee and Strategic Committee.

Separated compensation functions from nominating and corporate governance functions at the Board committee level.

Adopted a more rigorous related party transaction policy.

Adopted new restrictions on outside business activities.

Reduced director compensation and increased director stock ownership requirements.

Lowered director threshold requirements to call special Board meetings.

Enhanced accountability and prior internal review of all public communications.

Engaged outside consultant to conduct an overall governance and skills assessment of the Board.

Proposed charter amendments, which were approved by stockholders at our 2017 annual meeting to:

declassify the Board, a process being phased-in over a three-year period so that all directors will be elected annually beginning in 2020;

allow for removal of directors with or without cause by a majority vote of stockholders;

generally allow for the Company's bylaws to be amended by a majority vote of the stockholders; and

eliminate the supermajority stockholder vote requirement for certain amendments to the Company's charter.

Revised the advance notice bylaw requirements in order to make it easier for stockholders to submit proposals or nominate director candidates at future annual meetings of stockholders.

Refresh our management. Over the course of 2017 and the beginning of 2018, our Board recruited and appointed the following five new executives: Chief Executive Officer (Douglas H. Bowers), Chief Financial Officer (John A. Bogler), Head of Real Estate Banking (Jason M. Pendergist), Chief Credit Officer (Kris A. Gagnon) and Head of Deposits and Treasury Management (Rita H. Dailey). This refreshed executive team is experienced in commercial banking and we believe positions us to optimize our commercial banking business.

Engage with stockholders. We conducted stockholder outreach during the first quarter of 2017 and the first quarter of 2018 to obtain views from our stockholders about our governance and compensation practices. A number of stockholders have expressed concerns about the evergreen provision of our current, stockholder-approved 2013 Omnibus Stock Incentive Plan (the 2013 Plan), which automatically increases the available share pool for equity awards under the 2013 Plan every time the number of outstanding shares increases, and the authority given to our Board in our charter to change the number of authorized shares of the Company's stock without stockholder approval. After considering these concerns, as well as reviewing best practices about corporate governance, for the Annual Meeting the Board of Directors is recommending that stockholders approve the following proposals, which are intended to further enhance the Company's corporate governance:

A new Banc of California, Inc. 2018 Omnibus Stock Incentive Plan (2018 Plan), which does not contain an evergreen provision and includes other improvements over the 2013 Plan from a corporate governance standpoint, including the absence of liberal share recycling provisions, a one-year minimum vesting period subject to a limited exception, a prohibition on payment of dividends or dividend equivalents prior to vesting and a prohibition on payment of dividends or dividend equivalents on stock options or stock appreciation rights. No future awards will be made under the 2013 Plan if the 2018 Plan is approved by stockholders; and

A proposed charter amendment that would require stockholder approval of any future changes in the number of authorized shares of the Company's stock.

Refresh our compensation practices. Our Compensation Committee conducted a comprehensive review of our executive compensation program at the beginning of 2017, with the assistance of outside counsel Morrison & Foerster, compensation consultant Pearl Meyer as well as compensation data from Equilar, to revisit our overall compensation approach given concerns expressed by institutional stockholders and their advisors. The assessment was undertaken to:

create a more transparent compensation program;

target compensation as compared to peer banks;

COMPENSATION DISCUSSION AND ANALYSIS

deliver more uniform incentive awards to the executive team on an annual basis;

better align our pay with our performance using balanced financial performance metrics to promote growth and profitability while also ensuring the safety and soundness of the Bank; and

adopt policies to mitigate the risk of the overall executive compensation program.

Looking Forward: 2018 Compensation Structure

Continuing with the refreshed compensation structure that was implemented during 2017, for fiscal year 2018, our Compensation Committee has taken the following actions:

Approved the fiscal year 2018 cash incentive plan (2018 Annual Incentive Plan), which provides threshold, target and maximum incentive award opportunities based on four pre-determined performance objectives as well as individual or group performance objectives. The 2018 Annual Incentive Plan includes two performance gate criteria that must be satisfied before payout occur under the plan that are based on non-performing assets remaining at or below a specific percentage as well as maintaining a specific Capital Ratio level (Common Equity Tier 1 Capital Ratio). The differences between the Company's annual cash incentive plan for 2017 (2017 Annual Incentive Plan) and the 2018 Annual Incentive Plan are described below.

Approved fiscal 2018 equity awards to current Named Executive Officers (other than Mr. Grosvenor, who will be retiring as General Counsel effective April 15, 2018). Fifty percent of the awards to each executive consist of performance-contingent RSUs with target vesting of one PSU award contingent on the achievement of diluted earnings per share (EPS) growth (adjusted for share repurchases) over a three-year period, and target vesting of a second PSU award (equal in amount to the first PSU award) contingent on relative total stockholder return against an established peer group, also over a three-year period. The balance of each executive's awards was issued as RSUs that vest over time. As with the 2018 Annual Incentive Plan, all equity grants contain two gating criteria to mitigate risk based on non-performing assets remaining at or below a specific percentage as well as maintaining a specific Capital Ratio (Common Equity Tier 1 Capital Ratio).

Fiscal Year 2018 Annual Incentive Plan. On March 8, 2018, our Compensation Committee approved the 2018 Annual Incentive Plan for certain of the Company's executive officers, including, among others, Messrs. Bowers, Bogler, Boyle and Pendergist.

The 2018 Annual Incentive Plan will operate in substantially the same manner as the Company's 2017 Annual Incentive Plan, except that loan growth has been added as a performance criterion under the 2018 Annual Incentive Plan in place of classified assets to total assets, with the four corporate performance criteria of the 2018 Annual Incentive Plan consisting of loan growth, core deposit growth, return on average assets and adjusted efficiency ratio.

An additional performance gate criterion has been added to the 2018 Annual Incentive Plan relating to non-performing assets, with the two performance gate criteria consisting of non-performing assets remaining at or below a specific percentage and maintaining a specific capital ratio (Common Equity Tier 1 Capital Ratio). As with the 2017 Annual Incentive Plan, if the gating items are satisfied, then each participating executive officer will be eligible to receive an annual incentive award under the 2018 Annual Incentive Plan based on achieving (i) 2018 corporate objectives, under the four corporate performance criteria for 2018, and (ii) individual or business unit performance objectives, with the corporate and individual or business unit objectives being weighted differently based on the officer's position. The differences between the performance and gating criteria under the 2017 and 2018 Annual Incentive Plans are illustrated below.

2017 Annual Incentive Plan		2018 Annual Incentive Plan Performance

All equity grants in the table below (including the RSUs) contain two gating criteria to mitigate risk based on non-performing assets remaining at or below a specific percentage as well as maintaining a specific Capital Ratio (Common Equity Tier 1 Capital Ratio). In addition, one of the 2018 PSU grants is subject to growth in diluted Earnings Per Share (EPS) over a three-year period beginning on January 1, 2018 and ending on December 31, 2020 and the other is based on our Total Stockholder Return relative to a

During the first quarter of 2017, our independent Board Chair led an outreach effort in partnership with the Company’s Investor Relations team, to facilitate a dialogue and to communicate directly with our largest stockholders regarding a broad range of governance and strategic topics. The outreach efforts targeted stockholders collectively representing over 75 percent of our outstanding voting common shares as of year-end 2016. Our refreshed Board values investor relationships and these engagement efforts provided us with a deeper understanding of investors’ views. The feedback received from investors in these meetings has informed the Board’s actions and policies on governance matters and policies, as well as the Board’s changes to the executive compensation program for 2017.

COMPENSATION DISCUSSION AND ANALYSIS

Additionally, during the first quarter of 2018, our President and Chief Executive Officer and the Company's Investor Relations Officer led outreach efforts to the Company's largest stockholders to engage in a dialogue regarding a broad range of governance topics.

2017 Compensation Refresh

The following actions were taken by the Board's Compensation Committee during 2017 to refresh our compensation programs:

Approved an enhanced recoupment policy that enables the Board to recover or cancel cash incentive compensation and equity awards beginning with the 2017 awards described below.

Approved the fiscal year 2017 cash incentive plan, which provides threshold, target and maximum incentive award opportunities based on four pre-determined performance objectives.

Approved fiscal 2017 equity awards to current Named Executive Officers (as defined under *Compensation Discussion and Analysis Introduction*) comprised of 50 percent of performance-contingent restricted stock awards with target vesting contingent on the achievement of two performance criteria, EPS growth (adjusted for share repurchases) and relative Total Stockholder Return against an established peer group. The balance of each award was issued as restricted stock which vests over time.

Overview of 2017 Refreshed Executive Compensation Program

Key elements of 2017 refreshed compensation for our executives include the following:

Base Salary

We pay base salaries commensurate with an executive's position and experience. Subject to the terms of any employment agreement in place, base salaries for our executive officers are generally reviewed at least annually by the Compensation Committee.

Performance-Based Annual

Incentive Plan

Executive officers are given the opportunity to earn a target annual cash incentive as a percent of each officer's salary. In 2017, the Compensation Committee adopted a performance-based annual incentive program, which is intended to provide payment for achieving key annual performance objectives that are set by the Compensation Committee in the first quarter of each year.

Equity Performance-Based Incentive Awards

We provide performance-contingent equity as an additional incentive for executives to achieve the Bank's long-term goals. In general, as part of our 2017 compensation refresh, we now provide that 50% of the annual long-term incentive awards granted to our Named Executive Officers include a performance requirement.

The Compensation Committee also considers executive officer performance and recommends equity incentive awards for our Chief Executive Officer based on a variety of factors, in its discretion, and for our other executive officers based on recommendations from the Chief Executive Officer. The Compensation Committee's decisions reflect the belief that equity incentives encourage executives to focus on long-term stockholder value creation and foster alignment with our stockholders.

Other Compensation

We provide 401(k) plan, and health, disability and life insurance benefits, as well as other benefits.

The foregoing elements fit into our overall compensation objectives by helping to fulfill the future potential of our operations, facilitating our entry into new markets, providing proper regulatory compliance and helping to create a cohesive team.

Our policy for allocating between long-term and short-term compensation is to ensure adequate base compensation to attract and retain personnel, while providing incentives with an appropriate level of risk to maximize long-term value for our Company and our stockholders. Likewise, we provide cash compensation to meet competitive norms and reward good performance on an annual basis in the form of merit salary adjustments and bonus compensation to reward superior performance against specific short-term goals. We provide equity-based compensation as a long-term incentive and a means of directly aligning the interests of our executive officers with the interests of our stockholders. We believe that our overall compensation package, including benefits and equity-related awards, is competitive within the marketplace and consistent with the philosophy and objectives of our compensation program.

COMPENSATION DISCUSSION AND ANALYSIS

Revisiting the Peer Group for future Compensation Decisions. In connection with the refreshment of our compensation practices in 2017, the Compensation Committee also reviewed the prior peer group with assistance from Pearl Meyer and on March 31, 2017, approved revisions to better align compensation peers to the size of the Company. COMPENSATION DISCUSSION AND ANALYSIS

Our Compensation Program Best Practices

Based upon the evolving nature of the Company's businesses and its dynamic profile, the Compensation Committee has implemented the following compensation strategies, which the Compensation Committee considers to be key elements for a program of compensation plans as set forth in the table below:

Strong Alignment with Stockholders What We Do and What We Don't Do

Strong Alignment with Stockholders What We Do

Compensation Principles. We believe our compensation principles promote a best practice approach to compensation, by aligning the interests of our officers and our long-term strategy with the interests of stockholders and appropriately integrating risk with compensation so there are no features that could impact the safety and soundness of the Company.

Risk Events Are Considered in Pay Decisions. Our Compensation Committee conducts an annual assessment of the Bank's executive and broad-based compensation programs to ensure prudent risk management.

Share Ownership Guidelines. We require that our Chief Executive Officer own shares equal to at least 300 percent of his after-tax base salary and that the other Named Executive Officers own shares equal to at least 100 percent of their after-tax base salary.

Hedging/Pledging Policy. We have a no-hedging policy and a no-pledging policy on Company shares.

Performance-Based Awards. Our executive compensation practice focuses on performance awards that are tied to overall stockholder objectives.

Strong Alignment with Stockholders What We Don't Do

No Tax Gross Ups. Our employment agreements do not provide for tax gross-ups in the event of a change of control event.

No Repricing or Repurchase of Underwater Equity Awards. Unless our stockholders approve, we do not permit the repricing or repurchase of underwater stock options or stock appreciation rights.

No Multi-Year Guaranteed Bonuses.

No Single Trigger Severance Payments on Change in Control in Employment Agreements. Our employment agreements do not have single-trigger cash severance payments resulting solely from the occurrence of a change of control.

No Single Trigger Vesting of Equity Awards Granted under Our 2013 Omnibus Stock Incentive Plan. Other than stock appreciation rights awards that were last granted on September 30, 2015, all equity awards under the 2013 Plan made to employees generally require double trigger (i.e., a termination of employment other than by the Company for cause or by the participant without good reason) before vesting can accelerate following a change in control. For performance-based awards, the 2013 Plan provides that, unless the performance award is replaced by a similar award, it shall be deemed earned and payable in an amount equal to at least the target level of performance. Our proposed 2018 Omnibus Stock Incentive Plan, which stockholders are being asked to approve at the Annual Meeting, contains the same feature.

How We Make Compensation Decisions

The Compensation Committee will consider information from a variety of sources when assessing the competitiveness of the Company's current and future compensation levels. These sources include, but are not limited to, committee members, management, other members of the Board of Directors, publicly available compensation data regarding executive officers within the industry, the Company's understanding of compensation arrangements at other financial institutions, feedback from key stakeholders (including stockholders, regulators and holders of our senior notes and preferred stock), and advice from the Compensation Committee's consultants.

COMPENSATION DISCUSSION AND ANALYSIS

Role of the Chief Executive Officer and Interim Chief Executive Officer

Our Chief Executive Officer, Mr. Bowers, typically makes compensation recommendations to the Compensation Committee for all executive officers who report to him, who are not present during the deliberations. The Compensation Committee Chair will then make compensation recommendations with respect to the Chief Executive Officer, who will not attend that portion of the meeting. The Compensation Committee may accept or adjust such recommendations.

Prior to the appointment of Mr. Bowers in May 2017, the Interim Chief Executive Officer (Mr. Boyle) and the Interim President (Mr. Turner) would typically make compensation recommendations to the Compensation Committee for all executive officers reporting to each of them, who were not present during the deliberations. With respect to compensation of the Interim Chief Executive Officer and the Interim President, the Compensation Committee Chair made compensation recommendations and neither officer attended that portion of the meeting. The Compensation Committee could accept or adjust such recommendations.

Role of the Compensation Consultants

The Compensation Committee at times retains the services of independent consultants to assist the Compensation Committee with its consideration of the Company's compensation policies, programs and practices.

In 2017, the Compensation Committee engaged compensation consultant Pearl Meyer, a consultant that has historically provided compensation advice to the Company, to assist the Compensation Committee in 2017 with a refresh of our compensation practices. In 2018, the Compensation Committee continued its engagement of Pearl Meyer to provide advice about determination of year-end bonus amounts for Named Executive Officers as well as the continued review and assessment of our compensation practices for 2018.

Base Salary

Each of the Named Executive Officers was hired pursuant to an offer letter or an employment agreement (or subsequently signed an employment agreement) that established the Named Executive Officer's minimum base salary. Each employment agreement was the result of negotiations between the Company and the Named Executive Officer. Subject to the terms of employment agreements, salaries are reviewed and adjusted at the discretion of the Compensation Committee or the Board of Directors.

COMPENSATION DISCUSSION AND ANALYSIS

The chart below shows the annual rate of base salary for each Named Executive Officer as of December 31, 2017. Other than an increase in Mr. Kuelbs base salary at the beginning of 2017 as required pursuant to the terms of his employment agreement, there were no changes to base salary amounts as compared to 2016.

Mr. Grosvenor will be retiring as General Counsel and Corporate Secretary effective April 15, 2018, and will thereafter continue to be employed by the Company as General Counsel Emeritus.

COMPENSATION DISCUSSION AND ANALYSIS
Annual Incentives

The employment agreements or offer letters with our Named Executive Officers provide for additional or special compensation, such as incentive pay or bonuses, as the Board of Directors or Compensation Committee may from time to time determine. Employment agreements, offer letters or other arrangements for Named Executive Officers specify the following target incentive amounts; however, these amounts are targets only and the actual bonus amounts may be higher or lower than the targeted amounts at the discretion of the Compensation Committee:

Executive	Annual Target Incentive as defined by Employment Agreement or Other Arrangements	Target Description
------------------	---	---------------------------

Current Named Executive Officers

Bowers	\$700,000 ⁽¹⁾	100% of base salary.
Bogler	\$112,500 ⁽¹⁾	25% of base salary ⁽³⁾ .
Boyle	\$450,000 ⁽¹⁾⁽²⁾	75% of base salary.
Grosvenor	No specific range	No specific range.
Pendergist	\$300,000 ⁽¹⁾	75% of base salary.

Former Named Executive Officers

Kuelbs	\$600,000 ⁽¹⁾	100% of base salary.
Seabold		100% of base salary. In addition to the annual bonus, Mr. Seabold's employment agreement provided for an incentive bonus, targeted at 100% of the actual annual bonus received by Mr. Seabold.
	\$750,000 ⁽¹⁾	
Sugarman	\$800,000 ⁽¹⁾	100% of base salary.
Turner		100% of base salary. In addition to the annual bonus, Mr. Turner's employment agreement provided for an incentive bonus, targeted at 100% of the actual annual bonus received by Mr. Turner.
	\$500,000 ⁽¹⁾	
Wang	\$72,500 ⁽¹⁾	25% of base salary.

(1) As the target is based on a percentage of base salary, the target will increase if the base salary increases.

- (2) The amount in the table reflects what Mr. Boyle's target bonus opportunity was prior to the reduction in his base salary that took effect April 1, 2018.
- (3) Pursuant to the terms of Mr. Bogler's employment agreement, as Mr. Bogler joined the Company effective September 5, 2017, the target description in the table above is a pro rata percentage reflecting the portion of 2017 that he was employed by the Company. See *Compensation Discussion and Analysis Looking Forward: 2018 Compensation Structure* for information regarding Mr. Bogler's target cash incentives for 2018. *Fiscal Year 2017 Annual Incentive Plan.* After a review of stockholder comments regarding prior cash incentives, a review of the key strategic objectives of the Company for 2017, and design alternatives to provide risk mitigators in the plan design, the Compensation Committee approved a revised annual incentive plan structure for 2017. Our program is intended to provide a target annual cash incentive to each Named Executive Officer who was an executive officer throughout 2017 as a percent of the officer's salary, for achieving key annual performance objectives. Each executive had the opportunity to earn between a threshold and maximum amount based on the degree of achievement of the performance objectives.

COMPENSATION DISCUSSION AND ANALYSIS

As recently hired executives, cash incentives for Messrs. Bowers, Bogler and Pendergist were governed by their employment agreements (for Messrs. Bowers and Bogler) as well as the Committee's determination of their performance for the year. For 2018, they are subject to the Fiscal Year 2018 Annual Incentive Plan. For 2017, the annual incentive opportunity for Messrs. Boyle and Grosvenor and each former Named Executive Officer who was an executive officer at the time the 2017 Annual Incentive Plan was approved (Messrs. Kuelbs, Turner and Wang) is set forth below. Mr. Seabold was not considered in the 2017 Annual Incentive Plan as the Board of Directors determined on March 30, 2017 that Mr. Seabold no longer fit within the category of an executive officer as defined in Securities and Exchange Commission rules.

Name	Annual Incentive Opportunity as a % of Salary			Annual Incentive Opportunity in \$		
	Threshold	Target	Maximum	Threshold	Target	Maximum
Current Named Executive Officers						
Boyle	37.5%	75%	112.5%	\$ 225,000	\$ 450,000	\$ 675,000

Wang	25%	50%	75%	\$ 72,500	\$ 145,000	\$ 217,500

* Annual Incentive Opportunity as per Mr. Turner's annual bonus provision under his employment contract. The maximum payout takes into account that Mr. Turner was also eligible to receive an incentive bonus under his employment contract equal to the annual bonus subject to additional performance criteria as established by the Compensation Committee.

Each Named Executive Officer participating in the 2017 Annual Incentive Plan was eligible to receive an award based on achieving both corporate performance metrics as well as individual or business unit goals. The participating executives were eligible to earn 80 percent of their target incentive award based on corporate performance metrics, and the remaining 20 percent earned for achieving specific individual or group objectives.

Performance Objective	Threshold Performance		Maximum Performance		Performance Achieved
	Percent of Objective Cash Incentive	(Payout at 50% of Target)	Target Performance	(Payout at 150% of Target)

Adjusted Efficiency Ratio (%)	20%	57.7%	54.5%	51.5%	Below Threshold

* We define core deposits as noninterest-bearing deposits, interest-bearing demand deposits, NOW accounts, IRA accounts and money market accounts. The Compensation Committee excludes institutional banking deposits and certificate of deposits in our core deposit goal for the annual incentive plan.

In addition to utilizing several performance metrics, the 2017 Annual Incentive Plan had provisions intended to mitigate risk, including a performance gate based on maintaining a specific Capital Ratio (Common Equity Tier 1 Capital Ratio), below which no payouts, including the amounts related to individual or group objectives, could occur. The Compensation Committee and the Board also reserved the right to apply negative discretion to any calculated payments as needed to reflect the business environment and market conditions that could affect the Bank's performance and incentive plan funding, and meet applicable legal and regulatory requirements. The awards are also subject to the Company's recoupment policy that was enhanced in March 2017, as described under *Compensation Discussion and Analysis Recoupment Policy*.

COMPENSATION DISCUSSION AND ANALYSIS

The cash incentive amounts, which have been awarded under the 2017 Annual Incentive Plan, are as follows:

Officer	Core Deposit		Classified	Individual		Total Cash Incentives Earned
	Growth	ROAA	Assets to Total Assets	Adjusted Efficiency Ratio	Objectives	
Boyle *			\$ 119,250		\$ 118,125	\$ 237,375
Grosvenor			\$ 66,250		\$ 65,625	\$ 131,875

Fiscal Year 2017 Annual Cash Incentives. Our other current Named Executive Officers (Messrs. Bowers, Bogler and Pendergist), each of whom became employed by the Company or the Bank after the 2017 Annual Incentive Plan was adopted have received the following cash bonuses for 2017:

	2017 Year
Executive	End Cash Incentives
Bowers	\$ 500,000
Bogler	\$ 180,000
Pendergist	\$ 112,500

Under their employment agreements with the Company, Messrs. Bowers (whose employment began May 8, 2017) and Bogler (whose employment began September 5, 2017) were entitled to minimum annual bonuses for 2017 of \$425,000 and \$112,500, respectively. Mr. Bogler also received a \$50,000 sign-on bonus under his employment agreement. Based on individual performance, the Compensation Committee determined to award Messrs. Bowers and Bogler cash incentive payments higher than the minimum annual bonus amounts set forth in their respective employment agreements. In addition, based on the individual performance of Mr. Pendergist (whose employment began on August 28, 2017), the Compensation Committee determined to award him a cash incentive payment of \$112,500.

Long-Term Incentives

The Compensation Committee believes that a significant portion of Named Executive Officers' target compensation should be in the form of long-term incentives, which motivates leaders and key employees using awards tied to the long-term performance of the Company. These awards are intended to reward performance over a multi-year period, align the interests of executives with those of stockholders, instill an ownership culture, enhance the personal stake of executive officers in the growth and success of the Company, and provide an incentive for continued service at the Company. Long-term incentive awards are currently granted under the 2013 Plan. If the 2018 Plan is approved by stockholders at the Annual Meeting, such awards will thereafter be granted under the 2018 Plan. The Company may issue long-term incentives in three ways: upon hire, retention awards, and annual awards.

COMPENSATION DISCUSSION AND ANALYSIS

Fiscal Year 2017 Annual Equity Awards. Given the feedback from stockholders regarding the desire to provide performance-contingent equity, the Compensation Committee approved revisions to our philosophy regarding long-term incentive awards to include a performance requirement for 50 percent of the annual award of RSUs issued to each Named Executive Officer. Grants of RSUs, other than new hire awards and retention awards, generally contain one or more performance gating criteria intended to mitigate risk. Per their employment agreements, Messrs. Seibold and Turner's 2017 awards differed from the Compensation Committee's stated philosophy in regards to the mix of time-vested and performance contingent awards. In addition, Messrs. Bogler and Pendergist were hired during 2017 and received time-vested inducement awards only. Lastly, Messrs. Grosvenor, Turner and Wang also received certain time-vested inducement and retention awards. The 2017 PSUs are subject to two goals, growth in EPS over a three-year period beginning January 1, 2017 and ending December 31, 2019 (after adjusting for any share repurchases), and our Total Stockholder Return relative to a select group of comparators over the same period. The balance of the awards were granted in the form of RSUs with a four-year ratable vesting schedule.

2017 Annual Equity Awards

The following are the 2017-2019 corporate target performance measures and corresponding award opportunities approved for the Company's executive officers:

Performance Corresponding to Threshold, Target and

Performance Measure	Threshold	Maximum Payouts	
	(50% of Target Shares)	Target Shares	Maximum (150% of Target Shares)
2019 Diluted EPS	95% of Targeted Performance	Targeted Performance	105% of Targeted Performance
Relative TSR	40 th Percentile	50 th Percentile	75 th Percentile

As with the 2017 Annual Incentive Plan, both the time-vested RSUs and the PSUs have additional provisions to mitigate risk, including a performance gate based on maintaining a specific Capital Ratio level (Common Equity Tier 1 Capital Ratio), below which no payouts will occur; provided, however, that there is no performance gate for time-vested RSUs granted as new-hire inducement awards during 2017 to Messrs. Bowers, Bogler, Pendergist and Wang. The Committee also maintains the ability to reduce the awards below the calculated award levels. The PSUs are also subject to the recoupment policy. For the portion of the annual equity award where payout is conditioned on our performance relative to peers, the awards are also subject to a maximum payout at target to the extent our absolute Total Stockholder Return for the three-year period is negative, regardless of our relative performance.

COMPENSATION DISCUSSION AND ANALYSIS

As of December 31, 2017, due to the fact that the three-year performance period for these awards was still in process (the period begins on January 1, 2017 and ends on December 31, 2019), none of these awards were earned. For the awards that were granted, set forth below is the grant date of each award and the grant date fair value assuming the most probable outcome of achieving the performance conditions, as well as the grant date fair value assuming achievement of the target and the maximum levels of performance:

2017 Performance Contingent Awards Based on Diluted EPS and Relative TSR

Equity Awards to Interim Chief Executive Officer and Interim President and Chief Financial Officer. After appointment of Mr. Boyle as the Interim Chief Executive Officer and Mr. Turner as the Interim President and Interim Chief Financial Officer at the beginning of 2017, the Compensation Committee approved interim equity incentive opportunities for each officer to recognize their additional roles and responsibilities with grant date fair values in the amounts of approximately \$355 thousand and \$253 thousand, respectively.

In the case of Mr. Boyle and as set forth in the table below, \$236 thousand of the grant date fair value of the award vested on April 1, 2018 upon achievement of the performance criteria relating to brokered deposits and adjusted efficiency ratio being achieved as of December 31, 2017. Mr. Turner forfeited his interim equity incentive opportunity when he resigned from the Company in June 2017.

New-Hire and Retention Awards. At the discretion of the Board of Directors, the Company awards new-hire equity awards upon hire. During 2017, the Company granted new-hire awards of RSUs to Messrs. Bowers, Bogler, Pendergist and Wang, which vest over a period of three-to five-years. In addition, the Company granted retention awards of RSAs, which vest over a one-year period, to Messrs. Grosvenor, Turner and Wang. Messrs. Turner and Wang subsequently forfeited their retention awards upon their respective resignations from the Company.

STOCKHOLDER RELATIONS AND CORPORATE GOVERNANCE

Compensation Committee's Response to 2016 Say-on-Pay Vote

At our 2016 annual meeting of stockholders, our stockholders were presented with, but did not approve, an advisory (non-binding) proposal regarding the compensation of our executives disclosed in our proxy statement for that meeting.

In response to our 2016 advisory vote on executive compensation and as part of our overall 2017 Board and management refresh, we engaged in stockholder outreach targeting stockholders representing collectively over 75 percent of our outstanding voting common shares as of December 31, 2016 to give them the opportunity to provide feedback that would help us shape our compensation program. Additionally, our Compensation Committee retained compensation consultant Pearl Meyer to re-evaluate and assist with improving our executive compensation programs and we have made significant changes as described in this *Compensation Discussion and Analysis*. We are continuing to evaluate our compensation programs to address stockholder feedback, and to allow the Company to retain competitiveness in the market and retain and attract talented management.

Stock Ownership Guidelines

In April 2013, the Board of Directors adopted stock ownership guidelines for senior officers of the Company. The guidelines require our Chief Executive Officer to own shares equal to at least three times of his or her after-tax base salary and that the other Named Executive Officers beneficially own shares equal to at least one times of his or her after-tax base salary. Compliance with the guidelines is required to be achieved within two years from the date each officer first becomes subject to the guidelines. We evaluate stock ownership of our executive officers and directors annually, on the last day of our fiscal year. As of December 31, 2017, all of the current Named Executive Officers were in compliance with the Stock Ownership Guidelines. For stock ownership guidelines of directors, see *Corporate Governance Matters Corporate Governance Framework Stock Ownership Guidelines*.

Recoupment Policy

Under Section 304 of the Sarbanes Oxley Act of 2002, if the Company is required to restate its financial statements due to material noncompliance with any financial reporting requirements as a result of misconduct, the Chief Executive Officer and Chief Financial Officer may be required to reimburse the Company for: (i) any bonus or other incentive-based or equity-based compensation received during the 12 months following the first public issuance of the non-complying document; and (ii) any profits realized from the sale of securities of the Company during that 12-month period.

On March 29, 2017, the Compensation Committee approved an enhanced recoupment policy that provides the Board with the ability to recover or cancel cash incentive compensation and equity awards granted to officers beginning with the 2017 awards. The Board is committed to strong corporate governance and the integrity of the Company's financial statements. Under the recoupment policy, if we are required to restate the Company's financial statements to correct a

material error, or if the Board determines that a financial, operational or other performance metric used to determine the grant, vesting, payment or issuance of incentive compensation was calculated incorrectly, the Board will, if it determines in its sole discretion that it is appropriate, feasible and in the best interests of the Company and its stockholders, cause the forfeiture of outstanding incentive compensation awards and require reimbursement of all or part of the incentive compensation previously granted, vested, paid or issued, in each case, in the amount by which the incentive compensation exceeded the amount that would have been granted, vested, paid or issued based on the restated financial statements or correctly calculated metric.

The policy also provides for recoupment of gain realized from the sale of shares received under an incentive compensation award to the extent the shares would have been subject to recoupment, and for recoupment or forfeiture of awards in such amount as the Board determines from any officer who engages in illegal, fraudulent, or dishonest conduct that has or could materially adversely affect us, or that contributed to the grant, vesting, payment or issuance of incentive compensation to the officer that was greater than what would have been granted, vested, paid or issued in the absence of the misconduct.

Anti-Hedging/Pledging Policy

The Company considers it inappropriate for any director or officer to enter into speculative transactions in the Company's securities. The Company's insider trading policy prohibits the purchase or sale of puts, calls, options, or other derivative securities based on the Company's securities. This prohibition also includes hedging or monetization transactions, such as forward sale contracts, in which the stockholder continues to own the underlying security without all the risks or rewards of ownership. Directors, officers, and other employees also may not purchase the Company's securities on margin, or borrow against any account in which Company securities are held. The prohibitions do not apply to a broker-assisted cashless exercise of stock options granted as part of a Company incentive plan.

STOCKHOLDER RELATIONS AND CORPORATE GOVERNANCE

Equity Grant Policy

The Board of Directors and, by delegation, the Compensation Committee administers the 2013 Plan and establishes the rules for all awards granted under the plan, including grant guidelines, vesting schedules, and other provisions. The Board of Directors or the Compensation Committee reviews these rules periodically and considers, among other things, the interests of our stockholders, market conditions, information provided by independent advisors, performance objectives, and recommendations made by the Chief Executive Officer. If the proposed 2018 Plan is approved by stockholders at the Annual Meeting, future equity awards will be granted under that plan.

The Board of Directors or the Compensation Committee reviews the awards granted for all employees. For annual awards granted in 2017, the Compensation Committee reviewed the recommendations of the Chief Executive Officer for executives and other employees, modified the proposed grants in certain circumstances, and approve the awards effective as of the date of its approval.

The exercise prices of stock option or stock appreciation right grants are set at the closing market price of a share of Company's voting common stock on the date the Board of Directors or Compensation Committee approves the grants, except that the exercise price of each stock option granted under the 2013 Plan is equal to the closing price of the Company's voting common stock on the business day before the grant. The exercise price of new hire awards and relocation or retention grants is determined as set forth above, except that in certain circumstances the exercise price is set on the date of hire or effective date of the underlying agreement providing for such grant rather than the date of the approval thereof.

OTHER COMPENSATION POLICIES AND PRACTICES

401(k) Plan

We offer a qualified, tax exempt savings plan to our employees with a cash or deferred feature qualifying under Section 401(k) of the Internal Revenue Code (the 401(k) Plan). All employees who participate in the 401(k) Plan receive matching contributions, including the Named Executive Officers, who receive matching contributions on the same terms and using the same formulas as other participating employees. Participants are also permitted to borrow against their account balance in the 401(k) Plan.

Perquisites and Other Benefits

Our executives are entitled to few benefits that are not otherwise available to all of our employees. During 2017, the limited perquisites that we provided to our Named Executive Officers included a company car or auto allowance. In addition, the Named Executive Officers were given the option of receiving the services of a financial advisory firm to assist with their personal financial planning. Each of these perquisite programs were discontinued in 2018.

Employment Agreements

During 2017 and continuing through 2018, the Company is in the process of moving away from employment agreements with Named Executive Officers other than the Chief Executive Officer, Chief Financial Officer and employment agreements that were already in effect with the Chief Risk Officer (which expired April 1, 2018) and General Counsel (which will expire April 15, 2018). Each employment agreement was reviewed by the Compensation Committee (or its predecessor, the then-acting Compensation, Nominating and Corporate Governance Committee). The Compensation Committee determined that the compensation packages provided under these agreements was fair and reasonable on the basis of its assessment of comparable compensation opportunities available to the individuals. The specifics of these arrangements are described in detail below under *Employment Agreements*.

Payments Due Upon Termination or a Change in Control

Under the terms of our equity-based compensation plans and their respective employment agreements, our Chief Executive Officer and Chief Financial Officer are entitled to acceleration of vesting of equity awards and other severance benefits upon termination of their employment under specified circumstances, and certain of the other Named Executive Officers are entitled to acceleration of vesting of equity awards and other severance benefits upon termination of their employment under specified circumstances. The specific terms of these arrangements, as well as estimates of the compensation that would have been payable had they been triggered as of fiscal year-end, are described in detail below under *Employment Agreements Potential Payments upon Termination of Employment or Change in Control*.

Tax Impact

Prior to the enactment of H.R. 1, originally known (and referred to below) as the Tax Cuts and Jobs Act, which was signed into law on December 22, 2017, Section 162(m) of the Internal Revenue Code did not permit publicly traded companies to take income tax deductions for compensation paid to the Chief Executive Officer and the other Named Executive Officers if employed at year end (other than the Chief Financial Officer) to the extent that taxable compensation exceeds \$1.0 million per officer in any taxable year and did not otherwise qualify as performance-based compensation.

The 2013 Plan is structured so that the compensation deemed paid to an executive officer in connection with the exercise of stock options should qualify as performance-based compensation not subject to the \$1.0 million limitation. Other awards made under the 2013 Plan may or may not qualify as performance-based compensation.

The Tax Cuts and Jobs Act eliminated the performance-based compensation exception under Section 162(m), effective January 1, 2018, subject to a transitional rule that grandfathers certain awards and arrangements that were in effect on or before November 2, 2017. As a result, compensation that our Compensation Committee structured in 2017 and prior years with the intent of qualifying as performance-based compensation under Section 162(m) that is paid on or after January 1, 2018 may not be fully deductible, depending on the application of the special grandfather rules. Moreover, from and after January 1, 2018, compensation awarded in excess of \$1.0 million to our Named Executive Officers, including our Chief Financial Officer, generally will not be deductible. While the Tax Cuts and Jobs Act will limit the deductibility of compensation paid to our Named Executive Officers, our Compensation Committee will consistent with its past practice continue to retain flexibility to design compensation programs that are in the best long-term interests of the Company and our shareholders, with deductibility of compensation being one of a variety of considerations taken into account. We are currently analyzing whether to redesign any of our compensation programs in light of the amendments to Section 162(m) and other sections of the Internal Revenue Code that became effective this year.

REPORT OF THE COMPENSATION AND HUMAN CAPITAL COMMITTEE

The Compensation and Human Capital Committee of the Company's Board of Directors is comprised of the undersigned directors, each of whom is independent as independence is defined for compensation committee members under the NYSE Listed Company Manual. The Compensation and Human Capital Committee's responsibilities are defined in a written charter adopted by the Board of Directors.

The Compensation and Human Capital Committee has reviewed and discussed the above Compensation, Discussion and Analysis with management. Based on such review and discussions, the Compensation and Human Capital Committee recommended to the Company's Board of Directors that the Compensation, Discussion and Analysis be included in this proxy statement.

In addition, no compensation information is provided for Messrs. Kuelbs or Wang for fiscal 2016 and 2015 and, for Mr. Turner, for fiscal 2015 as they were not named executive officers for those years.

- (2) For 2017, represents the grant date fair values of the stock awards granted in that year, calculated under ASC Topic 718. Fair values of stock awards were valued at the closing price of the Company's voting common stock on the grant date of award. For PSUs, the grant date fair value is calculated based on the most probable outcome of the performance conditions as of the grant date. The amounts shown do not represent the actual value realized by each Named Executive Officer. The following table sets forth the grant date fair value for each award granted to the Named Executive Officers during the year ended December 31, 2017. For PSUs, both the grant date fair value assuming achievement of the most probable outcome of the performance conditions (which is the amount set forth in column of the Summary Compensation Table titled *Stock Awards*), and the grant date fair value assuming the maximum award amount is achieved are presented. See *2017 Grants of Plan Based Awards* table and the *Compensation Discussion and Analysis* for details regarding the awards.

Chief Executive Officer Pay Ratio

Below is (i) the 2017 total annualized compensation of our Chief Executive Officer, Mr. Bowers; (ii) the 2017 annual total compensation of our median employee; (iii) the ratio of the annual total compensation of our Chief Executive Officer to that of our median employee; and (iv) the methodology we used to calculate our Chief Executive Officer pay ratio:

CEO Total Annualized Compensation ⁽¹⁾	\$ 2,512,609
Median Employee Annual Total Compensation	\$ 76,588
CEO to Median Employee Pay Ratio	33:1

⁽¹⁾ Reflects an adjustment to Mr. Bowers' salary from the amount reported in the Summary Compensation Table above to reflect the amount that would have been paid to Mr. Bowers if he had served as the Company's CEO for the full fiscal year ended December 31, 2017. See *Calculation of CEO Pay Ratio* below.

Our Chief Executive Officer pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules. Our methodology and process is explained below:

Determination of Employee Population. We determined that, as of December 1, 2017, our total employee population consisted of 749 individuals, consisting of full-time, part-time, and/or temporary workers, employed by the Company and the Bank.

Identification of the Median Employee. The compensation measure we used to identify the median employee was Box 5 on Form W-2 for fiscal 2017, which identifies wages from our payroll records as reported to the Internal Revenue Service. We chose Form W-2 because our employee population consisted solely of U.S. employees, and this compensation measure applies to all U.S. employees, allowing for accessibility and broad comparability. No full-time equivalent adjustments were made for part-time employees.

Calculation of Chief Executive Officer Pay Ratio. We calculated our median employee's annual total compensation for 2017 according to the Securities and Exchange Commission's instructions for preparing the Summary Compensation Table. We then calculated our Chief Executive Officer's total compensation for 2017 using the same approach to determine the pay ratio shown above, and annualized Mr. Bowers' total compensation amount to reflect the amount that would have been paid to Mr. Bowers had he served as our Chief Executive Officer for the full fiscal year. Due to these adjustments, Mr. Bowers' total compensation for pay ratio purposes differs from the amount reported for Mr. Bowers in the Summary Compensation Table

above.

The Securities and Exchange Commission's rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. As a result, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

OUTSTANDING EQUITY AWARDS AT DECEMBER 31, 2017

Information about Warrants and Stock Appreciation Rights. Information about the warrants and stock appreciation rights granted to Mr. Sugarman is set forth below.

Warrants. Warrants were originally issued on November 1, 2010 to COR Advisors LLC, an entity controlled by Mr. Sugarman (who was a director of the Company on that date and who later became, and subsequently resigned as, President and Chief Executive Officer of the Company), to purchase the Company's non-voting common stock at an exercise price of \$11.00 per share, subject to certain adjustments to the number of shares underlying the warrants as well as certain adjustments to the warrant exercise price as applicable. These warrants vested in tranches between October 2012 and July 2013, with each tranche being exercisable for five years after the tranche's vesting date.

Subsequent to their original issuance, the warrants were transferred to a living trust for Mr. Sugarman and his spouse and, on August 16, 2016, the living trust for Steven A. Sugarman and his spouse irrevocably elected to exercise its warrants to purchase 480,000 shares. Under its irrevocable election, the living trust for Steven A. Sugarman and his spouse directed that each such exercise would occur on the last exercisable date for each tranche of such warrants (September 30, 2017, December 31, 2017, March 31, 2018 and June 30, 2018 with respect to 90,000 shares, 130,000 shares, 130,000 shares and 130,000 shares, respectively) using a cashless net exercise method and also directed that each exercise be for non-voting common stock. On September 30, 2017, in accordance with its irrevocable election, warrants to purchase 90,000 shares were exercised by the living trust for Steven A. Sugarman and his spouse, resulting in the issuance of 75,521 shares of the Company's non-voting common stock. Based on an automatic adjustment to the original \$11.00 exercise price, the exercise price at the time of exercise was \$8.55 per share. On December 27, 2017, the Company was notified that the living trust for Steven A. Sugarman and his spouse purportedly transferred warrants with respect to 130,000 shares, with a last exercisable date of December 31, 2017, to a separate entity, Sugarman Family Partners. In accordance with the irrevocable election to exercise previously submitted by the living trust for Steven A. Sugarman and his spouse, the Company considered these transferred warrants to have been exercised with respect to 130,000 shares on December 31, 2017, resulting in the issuance of 77,413 shares of the Company's non-voting common stock. On March 30, 2018, the Company was notified that the living trust for Steven A. Sugarman and his spouse purportedly transferred warrants with respect to 130,000 shares, with a last exercisable date of March 31, 2018, to Sugarman Family Partners. In accordance with the irrevocable election to exercise previously submitted by the living trust for Steven A. Sugarman and his spouse, the Company considered these transferred warrants to have been exercised with respect to 130,000 shares on March 31, 2018, resulting in the issuance of 72,159 shares of the Company's non-voting common stock on next business day, April 2, 2018.

Stock Appreciation Rights. Information about the SARs granted to Mr. Sugarman is provided below.

Initial SAR and Additional SARs. The initial stock appreciation right (Initial SAR) was granted to Mr. Sugarman on August 21, 2012 with respect to 500,000 shares. The Initial SAR provided for dividend equivalent rights, and contained an anti-dilution provision, which provided for the issuance of additional stock appreciation rights (Additional SARs) upon the Company's issuance of common stock pursuant to certain capital raises and a merger transaction, with a base price determined as of the date of issuance but otherwise with the same terms and conditions (including vesting and dividend equivalent rights) as the Initial SAR. Mr. Sugarman subsequently agreed to the elimination of the anti-dilution provision of the Initial SAR award in connection with entering into a new employment agreement with the Company on March 24, 2016. The Initial SAR and all Additional SARs will be settled in shares of voting common stock upon exercise.

Additional TEU SAR. An additional stock appreciation rights (the Additional TEU SAR) was issued to Mr. Sugarman in connection with the closing of an offering of the Company's 8.00 percent Tangible Equity Units on May 21, 2014. Each Tangible Equity Unit is composed of a prepaid stock purchase contract (each, a Purchase Contract) and a junior subordinated amortizing note issued by the Company. Each Purchase Contract settled based on minimum or maximum settlement rates of shares of voting common stock. Prior to his resignation, the Additional TEU SAR vested with respect to 254,402 shares and was forfeited with respect to 37,988 shares as a result of early settlement of some of the Purchase Contracts. The Additional TEU SAR that has vested has the same terms and conditions as the Initial SAR. In accordance with the separation agreement entered into with Mr. Sugarman in connection with his resignation on January 23, 2017, the then-remaining unvested portion of the Additional TEU SAR, relating to 7,829 shares, vested in full.

STOCK OPTION AND WARRANT EXERCISES AND STOCK VESTED

- (1) Amounts do not take into account any shares withheld by the Company to satisfy employee income taxes.
- (2) Represents the value realized upon vesting of RSAs, based on the market value of the shares on the vesting date.
- (3) Reflects the exercise as to 90,000 shares underlying a warrant to purchase shares of the Company's non-voting common stock by the living trust for Mr. Sugarman and his spouse. The exercise was done on a cashless basis, and the net number of shares of non-voting common stock issued for this exercise was 52,284. The value realized on exercise is based on the difference between the fair market value per share (as determined pursuant to the terms of the warrant) of the Company's voting common stock at the time of exercise (for these purposes: \$20.40 per share) and the exercise price of the warrant at the time of exercise (\$8.55 per share). The warrant does not represent part of Mr. Sugarman's employment compensation from the Company.

EMPLOYMENT AGREEMENTS

As of December 31, 2017, we had employment agreements in effect with four of the five current Named Executive Officers (Messrs. Bowers, Bogler, Boyle and Grosvenor) and we had entered into separation agreements with three of the former Named Executive Officers (Messrs. Sugarman, Kuelbs and Turner). The material terms of these arrangements are summarized below.

During 2017 and continuing through 2018, the Company is in the process of moving away from employment agreements with Named Executive Officers other than our Chief Executive Officer and Chief Financial Officer (Messrs. Bowers and Bogler) and employment agreements that were already in effect with our Chief Risk Officer and General Counsel (Messrs Boyle and Grosvenor). On March 8, 2018, the Compensation Committee approved changes to the compensation arrangement for Mr. Boyle effective as of April 1, 2018 as his employment agreement expired on April 1, 2018. Additionally, Mr. Grosvenor notified the Company and the Bank of his retirement as General Counsel effective April 15, 2018, the date on which his employment agreement expires. As of the date of this Proxy Statement, all other executive officers, including current Named Executive Officer Mr. Pendergist, are employed as at will employees, with base salary and potential annual incentive opportunities negotiated at the time of hire pursuant to offer letters or otherwise approved by the Compensation Committee or as part of the Company's compensation practices.

With respect to former Named Executive Officers, we had employment agreements with Messrs. Kuelbs, Seabold, Sugarman, and Turner prior to their respective resignations and all of these executives (other than Mr. Seabold) entered into separation agreements at the time of their resignations. A separate settlement agreement that was entered into with Mr. Seabold is described under *Transactions with Related Persons Transactions with Former Related Persons*.

Employment Agreements in effect as of December 31, 2017. Pursuant to their respective employment agreements, Messrs. Bowers, Bogler, Boyle, and Grosvenor are each entitled to compensation for their services at an annual base salary at the rate approved by the Compensation Committee. Further, as each executive's annual incentive is or was based on a percentage of base salary, the respective incentive amounts will increase or would increase if the executive's base salary increases. Actual amounts earned may be higher or lower than targeted. For information regarding potential payments to the Named Executive Officers upon termination of employment or change in control, see *Employment Agreements Potential Payments Upon Termination of Employment or Change in Control* below.

EMPLOYMENT AGREEMENTS

Potential Payments upon Termination of Employment or Change in Control

As discussed above, as of December 31, 2017 we had employment agreements in effect with four of our five current Named Executive Officers (Messrs. Bowers, Bogler, Boyle and Grosvenor). These agreements contain provisions for severance payments and other benefits following certain termination or change in control events. Payment of any such benefits is contingent upon a variety of factors, including the circumstances under which employment is terminated. The following chart summarizes the payments and benefits that each current Named Executive Officer with an employment agreement could have received in connection with certain employment termination scenarios based on the employment agreements in effect at December 31, 2017 (involuntary termination without cause or voluntary termination for good reason, not following or following a change in control). In addition, under the terms of respective equity award agreements with each of the current Named Executive Officers, the executives are entitled to acceleration of equity awards after termination of employment following a change in control, with performance-based awards (PSUs) vesting pro-rata based on the greater of target performance or actual performance (if measurable). In the discussion below, RSA refers to restricted stock award and RSU refers to restricted stock unit.

Benefits and Payments Upon Involuntary Termination of Employment without Cause or Voluntary Termination of Employment for Good Reason ⁽¹⁾

Termination - Change in Control		

(1) Includes normal or early retirement and voluntary or involuntary (other than for misconduct) termination, including termination following a change in control.

(2) Under his compensation arrangement with the Company that took effect April 1, 2018 (the date on which his employment agreement expired), if Mr. Boyle's employment is terminated by the Company without cause between April 1, 2018 and April 1, 2019, he will receive a severance benefit consisting of: (i) 12 months of base salary; (ii) 12 months of medical, dental and vision insurance coverage for any enrolled benefit (or the cash equivalent); and (iii) at the sole discretion of the Company's Board of Directors or the Compensation Committee, accelerated vesting of any service-based equity awards scheduled to vest within 365 days of the termination date and any performance-based stock award. Mr. Boyle's eligibility for this severance benefit will be extended for an additional year on April 1, 2019 unless the Company notifies Mr. Boyle at least 90 days in advance that it will not be so extended.

The following table shows the approximate value of the payments and benefits that the current Named Executive Officers would have been entitled to receive as of December 31, 2017 had their employment been terminated or had a change in control occurred on that date. The table excludes: (i) amounts accrued through December 31, 2017 that would be paid in the normal course of continued employment, such as accrued but unpaid salary and bonus amounts; (ii) vested account balances under the Company's 401(k) plan; and (iii) already vested equity awards. The table also excludes the effect of any cutback required under the executive's employment agreement to avoid having any portion of the executive's payments or benefits being non-deductible by the Company under Section 280G of the Internal Revenue Code and the imposition of an excise tax on the executive under Section 4999 of the Internal Revenue Code. In addition, the amounts in the table below assume that, for performance awards held by Messrs. Bowers, Grosvenor and Boyle: (i) PSUs vest pro-rata based on target payouts after termination of employment relating to a change in control, and (ii) PSUs vest in full based on target payouts after termination of employment due to death or disability. The amounts shown are merely estimates of the amounts that would be paid to each Named Executive Officer upon their termination, each in accordance

EMPLOYMENT AGREEMENTS

with their respective employment agreements (or the awards that would vest based on the equity agreements). The actual amounts to be paid (or the value of the awards that will vest) can only be determined at the time of such Named Executive Officer's termination of employment.

(1) For RSAs and RSUs, the amount shown represents the fair market value of the acceleration of vesting of the unvested awards based on the closing price per share of the Company's voting common stock on December 29, 2017 of \$20.65. For option awards, the amount shown is the value of the acceleration of the vesting of the unvested portions of the option based on the difference between the closing price per share of the Company's voting common stock on December 29, 2017 of \$20.65 and the exercise price per share of the option. For information about the unvested awards see *Outstanding Equity Awards at December 31, 2017* table.

(2) For PSUs, the acceleration of unvested shares assumes: (i) PSUs vest pro-rata based on target payouts after termination of employment relating to a change in control, and (ii) PSUs vest in full based on target payouts after termination of employment due to death or disability. For information about the unvested awards see *Outstanding Equity Awards at December 31, 2017* table.

The Audit Committee may establish pre-approval policies and procedures, as permitted by applicable law and Securities and Exchange Commission regulations and consistent with its charter for the engagement of the independent registered public accounting firm to render permissible non-audit services to the Company, provided that any pre-approvals delegated to one or more members of the committee are reported to the committee at its next scheduled meeting. At this time, the Audit Committee has not adopted any pre-approval policies. During 2017 and 2016, the Audit Committee pre-approved all of the services provided by KPMG LLP. The Board of Directors recommends that stockholders vote FOR Proposal II.

CORPORATE GOVERNANCE PROPOSALS OVERVIEW (PROPOSALS III and IV)

Based on our stockholder outreach efforts and other discussions with stockholders, as well as our Board's continued review of corporate governance best practices, the Board is recommending that stockholders approve the following proposals at the 2018 Annual Meeting, which are intended to enhance the Company's corporate governance:

A new Banc of California, Inc. 2018 Omnibus Stock Incentive Plan (2018 Plan), which does not contain an evergreen provision of the type contained in our current, stockholder-approved 2013 Omnibus Stock Incentive Plan (2013 Plan), which automatically increases the available share pool for equity-based awards under the 2013 Plan every time the number of outstanding shares increases, and includes other improvements over the 2013 Plan from a corporate governance standpoint.

The Company recognizes that certain historical equity grant practices in the Company's compensation program resulted in a level of issuances that raised concerns for some stockholders due to the resulting dilution. The refreshed Board and Compensation Committee has slowed the Company's issuance of equity awards since early 2017, and the Company believes the 2017 burn rate of equity awards under the 2013 Plan of 1.70% is more indicative of its expected equity grant practices for the foreseeable future, particularly as compared to the Company's average three-year burn rate under the 2013 Plan from 2015 to 2017 of 2.44%. The significantly lower burn rate for 2017 and the proposed elimination of the evergreen provision that will occur if stockholders approve the 2018 Plan at the Annual Meeting reflect the Company's focus on sound utilization of shares available for equity awards.

A proposed charter amendment that would require stockholder approval of any future changes in the number of authorized shares of the Company's stock.

We encourage all stockholders to read the more complete descriptions below and to vote in favor of these proposals.

PROPOSAL III

Proposal III

APPROVAL OF THE BANC OF CALIFORNIA, INC. 2018 OMNIBUS STOCK INCENTIVE PLAN

During our stockholder outreach efforts and other discussions with stockholders, some stockholders expressed concerns about the evergreen provision of our current, stockholder-approved 2013 Omnibus Stock Incentive Plan (the 2013 Plan), which automatically increases the available share pool for equity-based awards under the 2013 Plan every time the number of outstanding shares increases. As a result of this feedback, as well as reviewing best practices for equity plan design, in March 2018, upon the recommendation of the Compensation Committee of the Boards of Directors of the Company and the Bank, our Board approved the Banc of California, Inc. 2018 Omnibus Stock Incentive Plan (the 2018 Plan), subject to stockholder approval. The 2018 Plan does not contain an evergreen provision, and includes other improvements over the 2013 Plan from a corporate governance standpoint. The 2018 Plan would continue to allow us to grant equity-based awards that are integral to our philosophy of pay-for-performance.

If approved by stockholders, the 2018 Plan will replace our existing 2013 Plan with respect to any future equity-based awards on the date of the Annual Meeting (the Effective Date). In the event stockholders do not approve the 2018 Plan at the Annual Meeting, we will continue utilizing the 2013 Plan.

Purpose of the 2018 Plan

The 2018 Plan design allows the Company to:

Align employee and stockholder interests to create stockholder value.

Attract, retain and motivate highly qualified officers, employees, directors and/or consultants to ensure the Company's continued success.

Drive long-term financial and operational performance.

Adapt to evolving best practices in compensation.

Highlights of the 2018 Plan

The 2018 Plan continues many of the key corporate governance features that are currently included in the 2013 Plan, but these features have been refined to reflect market and evolving corporate governance best practices. New features include removal of the evergreen provision that automatically adds shares to the 2013 Plan, a one year vesting minimum condition and restrictions on share recycling that limit the re-use of certain shares.

The 2018 Plan does:

Provide for a minimum one-year vesting period subject to a 5% carve-out.

Provide for double-trigger vesting of awards, so that a change in control does not, by itself, trigger full vesting of an award.

Provide for administration of the 2018 Plan by the Compensation Committee, which committee consists entirely of independent directors, or such other committee or subcommittee as may be appointed by the Company's Board of Directors.

The 2018 Plan does not:

Contain any evergreen provision that automatically adds additional shares to the plan pool.

Permit direct or indirect repricing of underwater options or stock appreciation rights without stockholder approval.

Permit the grant of options with below-market exercise prices other than in connection with substitute awards.

Permit re-issuance, or recycling, of shares tendered or withheld to pay the exercise price of an option or shares used to satisfy withholding obligations with respect to outstanding awards.

Permit us to pay and deliver dividends or dividend equivalents on any awards prior to vesting or permit us to pay dividends or dividend equivalents on stock options or stock appreciation rights.

PROPOSAL III

Shares Available for Issuance under the 2018 Plan

2018 Plan

All shares available for new awards under the 2013 Plan immediately prior to the Effective Date will effectively roll into the pool of available shares under the 2018 Plan.

The number of shares that will be available for awards under the 2018 Plan will be the greater of (i) 4,000,000 or (ii) the number of shares available for new awards under the 2013 Plan immediately prior to the Effective Date.

2013 Plan

The number of shares available for issuance under the 2013 Plan is equal to 20% of the then outstanding shares of the Company's common stock, so that as the number of outstanding shares of common stock increases, so does the number of shares available for issuance under the 2013 Plan with certain exceptions.

As of March 29, 2018, there were 10,117,569 shares authorized for issuance under the 2013 Plan, of which 5,230,673 shares are subject to outstanding awards, leaving 4,886,896 shares available for new awards under the 2013 Plan. However, we expect this number to decrease following expected issuances of new awards under the 2013 Plan between March 29, 2018 and the date of the Annual Meeting.

If stockholders approve the 2018 Plan, no additional awards will be granted under the 2013 Plan, and awards previously granted and outstanding under the 2013 Plan and all prior equity plans will remain in full force and effect.

Shares underlying any outstanding 2013 Plan award that are forfeited, terminated, expired or lapsed without being exercised or otherwise settled in cash, will not become available for awards under the 2018 Plan.

2018 Plan Metrics

In reaching our conclusion as to the appropriateness of the number of shares of common stock requested to be reserved for equity-based awards under the 2018 Plan, we reviewed key metrics that are typically used to evaluate such recommendations, including burn rate and dilution.

The table below illustrates our historical grant practices under the 2013 Plan.

2013 Plan Grant Details for Prior 3 Years

Year	Stock Options	Restricted Stock Awards	RSUs Earned	Stock	Total Granted	Common Shares Outstanding	Burn Rate ⁽¹⁾ =
				Appreciation Rights Earned (Stock-Settled)			Total Granted/ Common Shares Outstanding
2015	193,696	785,605	82,673	2,973	1,061,974	38,039,622	2.79%
2016	320,000	972,636	186,661		1,479,297	52,397,221	2.82%
2017		449,534	410,184		859,718	50,591,452	1.70%
3- Year Average	171,232	735,925	226,506	991	1,133,663	46,176,098	2.44%

⁽¹⁾ Burn rate measures how rapidly we are using the share pool under an incentive plan before taking into account any shares that may be returned to the share pool. For purposes of this calculation, the number of shares of common stock outstanding was based on the amount reported on the Company's balance sheet as of the end of each respective fiscal year.

(2) Reflects the number of shares available for new awards under the 2013 Plan as of March 29, 2018. As noted above, the number of shares that will be authorized for issuance under the 2018 Plan will be the greater of (i) 4,000,000 or (ii) the number of shares available for new awards under the 2013 Plan immediately prior to the Effective Date. Accordingly, this number may, and is expected to, change before the Annual Meeting.

(3) Includes awards subject to performance-based vesting conditions based on the maximum number of shares that may be issued.

Summary of the 2018 Plan

This section summarizes the 2018 Plan, and is qualified in its entirety by the full text of the 2018 Plan, which is included as [Appendix A](#) to this Proxy Statement. Capitalized terms used below and not defined in this Proposal III are as defined in the 2018 Plan.

General:

Awards granted under the 2018 Plan may be in the form of stock options, stock appreciation rights (SARs), restricted stock, restricted stock units (RSUs), performance units or other stock-based awards. Awards may be made under the 2018 Plan for ten-years.

Administration:

The 2018 Plan will be administered by the Compensation Committee, or by such other committee or subcommittee as may be appointed by the Company's Board of Directors.

Shares Available:

The 2018 Plan Share Limit will be the greater of (i) 4,000,000 or (ii) the number of shares available for new awards under the 2013 Plan immediately prior to the Effective Date of the 2018 Plan, subject to adjustment as described below under Adjustments.

Share Recycling:

Shares underlying awards that expire or are forfeited or terminated without being exercised or settled for cash will again be available for future grants. However, shares used to pay the exercise price of an option and shares used to satisfy tax withholding obligations with respect to any award will not be available for future awards under the 2018 Plan. To the extent shares are delivered pursuant to the exercise of a stock appreciation right, the number of underlying shares as to which the exercise related will be counted against the shares available for issuance under the 2018 Plan, as opposed to only counting the net shares issued.

PROPOSAL III**Adjustments:**

Shares available for award and outstanding awards may be adjusted to reflect certain corporate transactions, and will be adjusted in the event of a stock dividend, stock split, reverse stock split, reorganization, share combination, or recapitalization or similar event affecting the Company's capital structure or certain other events affecting the shares of the Company's common stock, in each case to the extent the Compensation Committee or the Board deems such an adjustment to be appropriate and equitable.

Eligibility:

Directors, officers, employees and consultants of the Company and affiliates and prospective employees and consultants who have accepted offers of employment or consultancy. As of March 29, 2018, there were approximately 440 employees (including all officers) and seven non-employee directors (not including one non-employee director who chose not to stand for re-election at the Annual Meeting and whose term as a director will expire effective at the conclusion of the Annual Meeting) who would be eligible to participate in the 2018 Plan. The Compensation Committee (or such other committee or subcommittee as may be appointed by the Company's Board of Directors to administer the 2018 Plan) has the authority to select the eligible individuals to whom awards may from time to time be granted under the 2018 Plan.

Annual Award Limits:

The 2018 Plan provides that a non-employee director of the Company may not receive awards covering in excess of 25,000 shares during any calendar year, subject to adjustment as described above under Adjustments.

Minimum Vesting Condition:

All awards granted pursuant to the 2018 Plan must have at the time of grant a minimum vesting period of at least one-year from the date of grant, provided that awards for up to 5% of the shares of common stock authorized for issuance under the 2018 Plan may provide for a shorter vesting period at the time of grant.

Stock Options:

Options may be granted as incentive stock options, which are intended to qualify for favorable treatment to the recipient under U.S. federal income tax law, or as

non-qualified stock options, which do not qualify for this favorable tax treatment. The Compensation Committee determines the exercise price and other terms for each option granted, except that the per share exercise price of an option may not be less than the fair market value of a share on the date of grant (not less than 110% of the fair market value of a share on the date of grant in the case of an incentive stock option granted to an owner of more than ten percent of the outstanding shares of the Company's voting common stock) and the term may be no longer than ten-years from the date of grant (no longer than five years from the date of grant in the case of an incentive stock option granted to an owner of more than ten percent of the outstanding shares of the Company's voting common stock).

Stock Appreciation Rights:

The 2018 Plan provides for the award of SARs, which entitle the holder to receive upon exercise an amount equal to the excess, if any, of the aggregate fair market value of a specified number of shares of common stock over the aggregate exercise price for the underlying shares. SARs may be tandem SARs, which are granted in conjunction with an option, or free-standing SARs, which are not granted in conjunction with an option. The Compensation Committee determines the exercise price and other terms for each SAR granted, except that the per share exercise price of a SAR may not be less than the fair market value of a share on the date of grant and the term may be no longer than 10 years from the date of grant.

Restricted Stock:

The 2018 Plan provides for the award of shares of common stock that are subject to forfeiture and restrictions on transferability. Restricted shares granted under the 2018 Plan may or may not be subject to performance conditions. Except for these restrictions, and as may otherwise be set forth in the agreement between the Company and the award recipient evidencing the award upon the grant of restricted stock, the recipient will have rights of a stockholder, including the right to vote and to receive dividends; *provided, however*, that if dividends are to be paid or credited with respect to an award of restricted stock, such dividends will be accumulated and deferred and remain subject to vesting requirement(s) to the same extent as the applicable award and will only be paid at the time or times such vesting requirement(s) are satisfied. Alternatively, if so provided in the award agreement between the Company and the award recipient, cash dividends paid with respect to an award of restricted stock may be reinvested in additional restricted stock held subject to the vesting of the underlying restricted stock.

PROPOSAL III**Restricted Stock Units:**

The 2018 Plan provides for the award of RSUs and deferred share rights that are subject to forfeiture and restrictions on transferability. RSUs and deferred share rights granted under the 2018 Plan may or may not be subject to performance conditions. RSUs and deferred share rights are not shares of common stock and do not entitle the recipients to the rights of a stockholder. RSUs will be settled in cash or shares of common stock, based on the fair market value of the common stock on the settlement date.

Performance Units:

The 2018 Plan provides for the award of performance units that are valued by reference to a designated amount of cash, shares of common stock or other property. The payment of the value of a performance unit is conditioned upon the achievement of performance goals and may be paid in cash, shares of common stock, other property or a combination thereof. The performance period for a performance unit must be at least a fiscal quarter.

Other Stock-Based Awards:

The 2018 Plan also provides for the award of shares of common stock and other awards that are valued by reference to common stock.

Performance Goals:

The 2018 Plan provides that performance goals may be established by the Compensation Committee in connection with the grant of awards under the 2018 Plan.

Dividends and Dividend Equivalents:

With respect to any award that provides for or includes a right to dividends or dividend equivalents, the 2018 Plan provides that if dividends are declared during the period that the award is outstanding and unvested then such dividends (or dividend equivalents) shall be treated as the Compensation Committee designates. Specifically, the Compensation Committee may either (i) determine that no dividends or dividend equivalents shall be paid or credited with respect to the unvested award, (ii) allow for the accumulation and deferral of dividends or dividend equivalents with respect to the unvested award and provide for payment of the accumulated and deferred dividends or dividend equivalents at the time or times

the applicable vesting requirement(s) are satisfied or (iii) in the case of a restricted stock award, provide that cash dividends paid with respect to such award will be reinvested in additional restricted stock held subject to the vesting of the underlying restricted stock.

The 2018 Plan prohibits the payment of dividends or dividend equivalents on stock options or stock appreciation rights.

Change in Control:

Awards generally will not vest upon a change in control unless the participant is not provided with a replacement award. If a participant's employment terminates upon or within two-years following a change in control (other than by the Company for cause or by the participant without good reason), replacement awards will generally vest in full and any stock option or SAR held by the participant as of the change in control that remains outstanding as of such termination may be exercised until the later of (i) in the case of an incentive stock option, the last date on which such option would otherwise be exercisable, and (ii) in the case of a non-qualified stock option or SAR, the later of (A) the last date on which such option or SAR would otherwise be exercisable and (B) the earlier of (1) the third anniversary of the change in control and (2) the expiration of the term of the non-qualified stock option or SAR.

Amendment and Termination:

The Board or Compensation Committee may amend, alter or discontinue the 2018 Plan, but no amendment, alteration or discontinuation may be made that would materially impair the rights of the participant with respect to a previously granted award, except such an amendment made to comply with applicable law, the listing standards of the applicable exchange or accounting rules. In addition, no amendment may be made without the approval of stockholders to the extent such approval is required by applicable law or the listing standards of the applicable stock exchange.

If approved by stockholders at the Annual Meeting, the 2018 Plan will expire 10-years from the date of such approval, or May 31, 2028.

PROPOSAL III

U.S. Federal Income Tax Consequences

The following is a summary of certain U.S. federal income tax consequences of awards made under the 2018 Plan based upon the laws in effect on the date hereof. The discussion is general in nature and does not take into account a number of considerations that may apply in light of the circumstances of a particular participant under the 2018 Plan. The income tax consequences under applicable state and local tax laws may not be the same as under U.S. federal income tax laws.

Non-Qualified Stock Options. A participant will not recognize taxable income at the time of grant of a non-qualified stock option, and we will not be entitled to a tax deduction at such time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) upon exercise of a non-qualified stock option equal to the excess of the fair market value of the shares purchased at the time of exercise over their exercise price. We will be entitled to a deduction in the amount of ordinary income recognized by the participant, subject to the deduction limitations of Section 162(m) of the Internal Revenue Code.

Incentive Stock Options. A participant will not recognize taxable income at the time of grant of an incentive stock option. A participant will not recognize taxable income (except for purposes of the alternative minimum tax) upon exercise of an incentive stock option. If the shares acquired by exercise of an incentive stock option are held for the longer of two years from the date the option was granted and one year from the date of exercise, any gain or loss arising from a subsequent disposition of such shares will be taxed as long-term capital gain or loss, and we will not be entitled to any deduction. If, however, such shares are disposed of within such two- or one-year periods, then in the year of such disposition the participant will recognize compensation taxable as ordinary income equal to the excess of the lesser of the amount realized upon such disposition and the fair market value of such shares on the date of exercise over the exercise price. We will be entitled to a deduction in the amount of any ordinary income recognized by the participant, subject to the deduction limitations of Section 162(m) of the Internal Revenue Code. The excess of the amount realized through the disposition date over the fair market value of the stock on the exercise date will be treated as capital gain.

Stock Appreciation Rights. A participant will not recognize taxable income at the time of grant of a stock appreciation right, and we will not be entitled to a tax deduction at such time. Upon exercise, a participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) equal to the fair market value of any shares delivered and the amount of cash paid by us. We will be entitled to a deduction in the amount of ordinary income recognized by the participant, subject to the deduction limitations of Section 162(m) of the Internal Revenue Code.

Restricted Stock. A participant will not recognize taxable income at the time of grant of shares of restricted stock, and we will not be entitled to a tax deduction at such time, unless the participant makes an election under Section 83(b) of the Internal Revenue Code to be taxed at such time. If such election is made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time of the grant equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. If such election is not made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time the restrictions lapse in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. We will

be entitled to a deduction in the amount of ordinary income recognized by the participant, subject to the deduction limitations of Section 162(m) of the Internal Revenue Code.

Restricted Stock Units. A participant will not recognize taxable income at the time of grant of a restricted stock unit, and we will not be entitled to a tax deduction at such time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time of settlement of the award equal to the fair market value of any shares delivered and the amount of cash paid by us. We will be entitled to a deduction in the amount of ordinary income recognized by the participant, subject to the deduction limitations of Section 162(m) of the Internal Revenue Code.

Performance Units. A participant will not recognize taxable income at the time of grant of performance units, and we will not be entitled to a tax deduction at such time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time of settlement of the award equal to the fair market value of any shares or property delivered and the amount of cash paid by us. We will be entitled to a deduction in the amount of ordinary income recognized by the participant, subject to the deduction limitations of Section 162(m) of the Internal Revenue Code.

The foregoing general tax discussion is intended for the information of stockholders considering how to vote with respect to this proposal and not as tax guidance to participants in the 2018 Plan. Participants are strongly urged to consult their own tax advisors regarding the federal, state, local, foreign and other tax consequences to them of participating in the 2018 Plan.

PROPOSAL III
New Plan Benefits

The benefits that will be awarded or paid under the 2018 Plan are not currently determinable. Awards granted under the 2018 Plan are within the discretion of the Compensation Committee, and the Compensation Committee has not determined future awards or who might receive them.

Equity Compensation Plan Information

The following table sets forth information as of December 31, 2017 with respect to compensation plans under which shares of the Company's common stock may be issued:

Plan Category	Number of securities to be issued upon exercise of outstanding options warrants and rights	Weighted-average exercise price of outstanding options warrants and rights⁽¹⁾	Number of Securities remaining available for future issuance under equity compensation plans⁽²⁾
Equity compensation plans approved by security holders	2,029,985	\$11.45	1,277,247 ⁽¹⁾
Equity compensation plans not approved by security holders			

Equity compensation plans not approved by security holders

⁽¹⁾ The exercise price of included warrants to purchase 260,000 shares of non-voting common stock is subject to certain adjustments.

⁽²⁾

The 2013 Plan provides that the aggregate number of shares of Company common stock that may be subject to awards under the 2013 Plan will be 20 percent of the then outstanding shares of Company common stock, provided that in no event will the 2013 Plan Share Limit be less than the greater of 2,384,711 shares of Company common stock and the aggregate number of shares of Company common stock with respect to which awards have been properly granted under the plan up to that point in time.

Effectiveness of 2018 Plan

If approved by stockholders at the Meeting, the 2018 Plan will become effective on the date of the Annual Meeting. By approving the 2018 Plan, the Company's stockholders will also satisfy the NYSE requirements for stockholder approval of equity compensation plans.

As noted above, if stockholders do not approve the 2018 Plan at the Annual Meeting, we will continue utilizing the 2013 Plan.

Vote Required

The affirmative vote of a majority of the votes cast on the proposal is required to approve this proposal.

The Board of Directors recommends that stockholders vote FOR Proposal III.

PROPOSAL IV**Proposal IV****APPROVAL OF AN AMENDMENT TO THE COMPANY S CHARTER TO ELIMINATE THE ABILITY OF THE BOARD OF DIRECTORS TO CHANGE THE NUMBER OF AUTHORIZED SHARES WITHOUT STOCKHOLDER APPROVAL.**

Since 2017, the Company s Board of Directors has taken a number of actions intended to give the Company s stockholders greater control over the Company s governance. These actions have included, among others, amendments to the Company s charter proposed by the Board and approved by the Company s stockholders at the Company s 2017 annual meeting of stockholders, which provided for the declassification of the Company s Board of Directors (being phased-in over a three-year period so that all directors are elected annually beginning in 2020), the ability of the stockholders to remove directors with or without cause by a majority vote of the stockholders, the ability of the stockholders to amend the Company s bylaws generally by a majority vote of the stockholders and the elimination of the supermajority stockholder vote requirement for certain amendments to the Company s charter. Consistent with these corporate governance enhancements, the Board believes that any future changes in the number of authorized shares of the Company s stock should be subject to stockholder approval.

Section A of Article 6 of the Company s charter currently authorizes a majority of the entire Board of Directors of the Company, without action by the Company s stockholders, to amend the Company s charter to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that the Company has authority to issue. This provision, which is permitted by the Maryland General Corporation Law, has been contained in the Company s charter since the Company s incorporation in 2002. In order to facilitate the Company s significant growth since its 2010 recapitalization, which has seen the Company s total assets increase from less than \$1 billion to more than \$10 billion, the Board of Directors amended the Company s charter several times without stockholder approval to increase the number of authorized shares. The Company s charter currently authorizes the issuance of up to 450,000,000 shares of common stock, 3,136,156 of which have been classified by the Board as Class B Non-Voting Common Stock (Non-Voting Common Stock), and 50,000,000 shares of preferred stock. As of March 29, 2018, the Company had issued and outstanding 50,079,736 shares of voting common stock, 508,107 shares of non-voting common stock and 280,250 shares of preferred stock, consisting of 40,250 shares of 8.00% Non-Cumulative Perpetual Preferred Stock, Series C, liquidation amount \$1,000 per share, 115,000 shares of 7.375% Non-Cumulative Perpetual Preferred Stock, Series D, liquidation amount \$1,000 per share, and 125,000 shares of 7.00% Non-Cumulative Perpetual Preferred Stock, Series E, liquidation amount \$1,000 per share.

After careful consideration, the Board has determined, upon the recommendation of the Nominating Committee, and subject to the approval by the stockholders of this Proposal IV, that amending Section A of Article 6 of the Company s charter to eliminate the Board s ability to amend the charter to change the number of authorized shares without stockholder approval is advisable and in the best interests of the Company and its stockholders.

Proposed Amendment

As indicated above, Section A of Article 6 of the Company's charter currently provides that a majority of the entire Board of Directors, without action by the Company's stockholders, may amend the Company's charter to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that the Company has authority to issue. The proposed amendment would eliminate this provision, which would mean that any future change in the number of the Company's authorized shares of stock would require stockholder approval.

The text of the proposed amendment to Section A of Article 6 of the Company's charter is set forth in Appendix B to this proxy statement. The above description of the proposed amendment is qualified in its entirety by reference to the text of the proposed amendment.

Effectiveness of Amendment

If this Proposal IV is approved by stockholders at the Meeting, the amendment to Section A of Article 6 of the Company's charter will become effective following the filing of articles of amendment to the charter with the Department of Assessments and Taxation of the State of Maryland.

Vote Required

The affirmative vote of the holders of a majority of the outstanding shares of the Company's voting common stock is required to approve this proposal.

The Board of Directors recommends that stockholders vote FOR Proposal IV.

Notice and Access (Electronic Proxy)

Under what are commonly referred to as the e-proxy or Notice and Access rules of the Securities and Exchange Commission, companies may send stockholders a one-page notice that proxy materials are available online instead of mailing a full printed package containing a proxy card, annual report and proxy statement.

The Company is using Notice and Access for the Annual Meeting. As a result, beginning on or about April 1, 2018, the Company sent to most of its stockholders a Notice of Internet Availability of its Proxy Materials (the Notice). If you receive the Notice, you have the option of (1) accessing the proxy materials, including instructions on how to vote online, or (2) requesting that those materials be sent to you in paper form. The Company may still choose to mail hard copies of proxy materials to all or some stockholders that have not elected to have the Company send hard copies to them.

Copies of Materials

Securities and Exchange Commission rules allow a single copy of the proxy materials to be delivered to multiple stockholders sharing the same address and last name, or who the Company reasonably believes are members of the same family and who consent to receive a single copy of these materials in a manner provided by these rules. This practice is referred to as householding and can result in significant savings of paper and mailing costs.

The Company may household its proxy card, notices (including the Notice), Annual Report and proxy statement to stockholders of record that share an address. This means that stockholders of record sharing an address may not each receive a separate copy of these materials. The Company also understands that certain brokerage firms, banks, or other similar entities holding the Company's voting common stock for their customers may household proxy materials. Stockholders sharing an address whose shares of voting common stock are held by such an entity should contact such entity if they now receive: (a) multiple copies of the Company's proxy materials and wish to receive only one copy of these materials per household in the future; or (b) a single copy of the Company's proxy materials and wish to receive separate copies of these materials in the future. Additional copies of proxy materials are available upon request by contacting the Company at:

Who Can Vote

The record date for the Meeting is March 29, 2018 (the Record Date). Only holders of record of the Company's voting common stock as of the close of business on that date are entitled to notice of and to vote at the Meeting. Each stockholder is entitled to one vote for each share of voting common stock held as of the record date; provided, however, that under Section F of Article 6 of the Company's charter, no stockholder who beneficially owns more than 10 percent of the shares of voting common stock outstanding as of that date may vote shares held in excess of that amount. At the close of business on the record date, there were 50,079,736 outstanding shares of voting common stock.

Voting Shares Held in Street Name by a Broker

If your shares are held in street name by a broker, your broker is required to vote your shares in accordance with your instructions. If you do not give instructions to your broker, your broker will nevertheless be entitled to vote your shares with respect to any discretionary items, but will not be permitted to vote your shares with respect to non-discretionary items. In the case of non-discretionary items, your shares will be treated as broker non-votes. Whether or not an item is discretionary is determined by the exchange rules governing your broker.

Proposal II, the ratification of the appointment of the Company's independent registered public accounting firm, is expected to be a discretionary item. The remaining proposals are expected to be non-discretionary items. See *Information about the 2018 Annual Meeting of Stockholders How Shares are Treated when no Voting Instructions are Provided*.

Number of Shares Required to be Present to Hold the Meeting

A quorum must be present at the Meeting for any business to be conducted. The presence at the Meeting, in person or by proxy, of the holders of at least one-third of the shares of voting common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the Meeting.

If a quorum is not present at the scheduled time of the Meeting, the chair of the Meeting or the holders of a majority of the shares of voting common stock entitled to vote who are present, in person or by proxy, may adjourn the Meeting to another date, place or time. The time and place of the adjourned Meeting will be announced at the time the adjournment is taken. An adjournment will have no effect on the business that may be conducted at the Meeting.

How to Vote Your Shares

1. ***You can vote by mail.*** If you properly complete, sign and return the proxy card, it will be voted in accordance with your instructions.
2. ***You can vote by telephone.*** If you are a registered stockholder, that is, if your shares are held in your own name, you can vote by telephone by following the instructions included on the proxy card. If you vote by telephone, you do not have to mail in your proxy card. If your shares are held through a bank, broker or other nominee, check your proxy card to see if you can vote by telephone.
3. ***You can vote via the internet.*** If you are a registered stockholder, you can vote via the internet by following the instructions included on the proxy card. If your shares are held through a bank, broker or other nominee, check your proxy card to see if you can also vote via the internet.
4. ***You can vote in person at the Meeting.*** If you plan to attend the Annual Meeting and wish to vote in person, we will give you a ballot at the Meeting. Note, however, that if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a legal proxy from the holder of your shares indicating that you were the beneficial owner of those shares on March 29, 2018, the record date for voting at the Meeting, and that you are authorized to vote such shares. You are encouraged to vote by proxy prior to the Meeting even if you plan to attend the Meeting in person.

Revoking Your Proxy

If you are a registered stockholder, you can revoke your proxy and change your vote at any time before the polls close at the Annual Meeting by:

submitting another proxy with a later date;

giving written notice of the revocation of your proxy to the Company's Corporate Secretary prior to the Meeting; or

voting in person at the Meeting. Your proxy will not be automatically revoked by your mere attendance at the Meeting; you must actually vote at the Meeting to revoke a prior proxy.

If you hold your shares through a bank, broker or other nominee, you will need to follow the instructions of your bank, broker or other nominee in order to change your vote.

Actions Required if any Director Nominee Does not Receive Required Majority Vote

If a nominee for director who is an incumbent director (which includes each nominee named in this proxy statement) is not elected by a majority of the votes cast at the Meeting, then the Company's bylaws provide that the following sequence of events shall occur:

the director shall promptly tender his resignation to the Board of Directors;

the Nominating Committee shall make a recommendation to the Board of Directors as to whether to accept or reject the tendered resignation, or whether other action should be taken; and

the Board of Directors shall act on the tendered resignation, taking into account the Nominating Committee's recommendation, and publicly disclose (by a press release, a filing with the Securities and Exchange Commission or other broadly disseminated means of communication) its decision regarding the tendered resignation within 90 days from the date of the certification of the election results.

The Nominating Committee, in making its recommendation, and the Board of Directors, in making its decision, may each consider any factors or other information that it considers appropriate and relevant. The director who tenders his or her resignation may not participate in the recommendation of the Nominating Committee or the decision of the Board of Directors with respect to his or her resignation.

If an incumbent director's resignation is not accepted by the Board of Directors and/or the director is re-appointed by the Board, the director will continue to serve until his or her successor is duly elected or his or her earlier resignation or removal. If a director's

INFORMATION ABOUT THE 2018 ANNUAL MEETING OF STOCKHOLDERS

resignation is accepted by the Board of Directors, or if a nominee for director is not elected and the nominee is not an incumbent director, then the Board of Directors, in its sole discretion, may fill any resulting vacancy or eliminate the vacancy by reducing the size of the Board.

Inspector of Election

The Board of Directors has appointed Computershare to act as Inspector of Election at the Annual Meeting to tabulate the votes cast.

We will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of the Company's voting common stock. In addition, our directors, officers or employees may solicit proxies for us in person or by telephone, facsimile, internet or other electronic means for which they will not receive any compensation other than their regular compensation as directors, officers and employees.

(e) *Award Agreements.* The terms and conditions of each Award, as determined by the Committee, shall be set forth in a written (or electronic) Award Agreement, which shall be delivered to the Participant receiving such Award upon, or as promptly as is reasonably practicable following, the grant of such Award. The effectiveness of an Award shall be subject to the Award Agreement's being signed by the Company and the Participant receiving the Award unless otherwise provided in the Award Agreement. SECTION 3. Common Stock Subject to Plan

(a) *Plan Maximums.* The maximum number of Shares and/or Options and/or Stock Appreciation Rights that may be granted pursuant to Awards under the Plan shall be the greater of (i) 4,000,000 Shares or (ii) the number of Shares available for new awards under the Company's 2013 Omnibus Stock Incentive Plan (the "2013 Plan") immediately prior to the Effective Date (as defined in Section 12(a)) (the "Share Limit"). The maximum number of Shares that may be granted pursuant to Options intended to be Incentive Stock Options shall be equal to the Share Limit. Shares subject to an Award under the Plan may be authorized and unissued Shares. On and after the Effective Date, no new awards may be granted under the Company's 2011 Omnibus Incentive Plan or the 2013 Plan, it being understood that (A) awards outstanding under such plans as of the Effective Date shall remain in full force and effect under such plans according to their respective terms, and (B) to the extent that any such award is forfeited, terminates, expires or lapses without being exercised (to the extent applicable), or is settled for cash, the Shares subject to such award not delivered as a result thereof shall not be available for Awards under this Plan; *provided, however*, that dividend equivalents may continue to be issued under such

plans in respect of awards granted under such plans which are outstanding as of the Effective Date.

(b) *Limit for Non-Employee Directors.* No Participant who is a non-employee director of the Company may be granted Awards covering in excess of 25,000 Shares during any calendar year.

(c) *Rules for Calculating Shares Delivered.* To the extent that any Award is forfeited, or any Option and the related Tandem SAR (if any) or Free-Standing SAR terminates, expires or lapses without being exercised, or any Award is settled for cash, the Shares subject to such Awards not delivered as a result thereof shall again be available for Awards under the Plan. Shares tendered or withheld to pay the exercise price of an Option and Shares tendered or withheld to satisfy tax withholding obligations with respect to any Award shall not be available for future Awards under the Plan. To the extent that Shares are delivered pursuant to the exercise of a Stock Appreciation Right (whether a Tandem SAR or a Free-Standing SAR), the number of underlying Shares as to which the exercise related shall be counted against the Share Limit, as opposed to only counting the net Shares issued.

(d) *Adjustment Provision.* In the event of a merger, consolidation, acquisition of property or shares, stock rights offering, liquidation, disposition for consideration of the Company's direct or indirect ownership of a Subsidiary or Affiliate (including by reason of a Disaffiliation), or similar event affecting the Company or any of its Subsidiaries (each, a Corporate Transaction), the Committee or the Board may in its discretion make such substitutions or adjustments as it deems appropriate and equitable to (A) the aggregate number and kind of Shares or other securities reserved for issuance and delivery under the Plan, (B) the various maximum limitations set forth in Sections 3(a) and 3(b) upon certain types of Awards and upon the grants to individuals of certain types of Awards, (C) the number and kind of Shares or other securities subject to outstanding Awards; and (D) the exercise price of outstanding Awards. In the event of a stock dividend, stock split, reverse stock split, reorganization, share combination, or recapitalization or similar event affecting the capital structure of the Company, or a Disaffiliation, separation or spinoff, in each case without consideration, or other extraordinary dividend of cash or other property to the Company's stockholders (each, a Share Change), the Committee or the Board shall make such substitutions or adjustments as it deems appropriate and equitable to (A) the aggregate number and kind of Shares or other securities reserved for issuance and delivery under the Plan, (B) the various maximum limitations set forth in Sections 3(a) and 3(b) upon certain types of Awards and upon the grants to individuals of certain types of Awards, (C) the number and kind of Shares or other securities subject to outstanding

APPENDIXES

Awards; and (D) the exercise price of outstanding Awards. In the case of Corporate Transactions, such adjustments may include, without limitation, (1) the cancellation of outstanding Awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such Awards (or the cancellation of any out-of-the money Option or Stock Appreciation Right without any consideration being paid in connection with such cancellation), as determined by the Committee or the Board in its sole discretion (it being understood that in the case of a Corporate Transaction with respect to which stockholders of Common Stock receive consideration other than publicly traded equity securities of the ultimate surviving entity, any such determination by the Committee that the value of an Option or Stock Appreciation Right shall for this purpose be deemed to equal the excess, if any, of the value of the consideration being paid for each Share pursuant to such Corporate Transaction over the exercise price of such Option or Stock Appreciation Right shall conclusively be deemed valid); (2) the substitution of other property (including, without limitation, cash or other securities of the Company and securities of entities other than the Company) for the Shares subject to outstanding Awards; and (3) in connection with any Disaffiliation, arranging for the assumption of Awards, or replacement of Awards with new awards based on other property or other securities (including, without limitation, other securities of the Company and securities of entities other than the Company), by the affected Subsidiary, Affiliate, or division or by the entity that controls such Subsidiary, Affiliate, or division following such Disaffiliation (as well as any corresponding adjustments to Awards that remain based upon Company securities). The Committee may adjust the Performance Goals applicable to any Awards to reflect any unusual or non-recurring events and other extraordinary items, impact of charges for restructurings, discontinued operations, and the cumulative effects of accounting or tax changes, each as defined by generally accepted accounting principles or as identified in the Company's financial statements, notes to the financial statements, management's discussion and analysis or other the Company's SEC filings.

(e) *Section 409A.* Notwithstanding the foregoing: (i) any adjustments made pursuant to Section 3(d) to Awards that are considered "deferred compensation" within the meaning of Section 409A of the Code shall be made in compliance with the requirements of Section 409A of the Code; and (ii) any adjustments made pursuant to Section 3(d) to Awards that are not considered "deferred compensation" subject to Section 409A of the Code shall be made in such a manner as to ensure that after such adjustments, either (A) the Awards continue not to be subject to Section 409A of the Code or (B) there does not result in the imposition of any penalty taxes under Section 409A of the Code in respect of such Awards.

(f) *Minimum Vesting.* All Awards granted pursuant to the Plan shall have at the time of grant a minimum vesting period of at least one year from the date of grant, provided that Awards for up to 5% of the Share Limit may provide for a shorter vesting period at the time of grant.

(g) *Dividends and Dividend Equivalents.* In no event shall dividends or dividend equivalents be paid with respect to Options or Stock Appreciation Rights. Notwithstanding any other provision of the Plan to the contrary, with respect to any Award that provides for or includes a right to dividends or dividend equivalents, if dividends are declared during the period that such Award is outstanding, such dividends (or dividend equivalents) shall, as determined by the Committee and set forth in the applicable Award Agreement, either (i) not be paid or credited with respect to such Award, (ii) be accumulated and deferred but remain subject to vesting requirement(s) to the same extent as the applicable Award and only be paid at the time or times such vesting requirement(s) are satisfied or (iii) in the case of cash dividends paid with respect to an Award of Restricted Stock, be reinvested in additional Restricted Stock held subject to the vesting of the underlying Restricted Stock, in accordance with Section 6(b)(iii).

SECTION 4. Eligibility

Awards may be granted under the Plan to Eligible Individuals; *provided, however*, that Incentive Stock Options may be granted only to employees of the Company and its subsidiaries or parent corporation (within the meaning of Section 424(f) of the Code).

SECTION 5. Options and Stock Appreciation Rights

(a) *Types of Options.* Options may be of two types: Incentive Stock Options and Nonqualified Options. The Award Agreement for an Option shall indicate whether the Option is intended to be an Incentive Stock Option or a Nonqualified Option.

(b) *Types and Nature of Stock Appreciation Rights.* Stock Appreciation Rights may be Tandem SARs, which are granted in conjunction with an Option, or Free-Standing SARs, which are not granted in conjunction with an Option. Upon the exercise of a Stock Appreciation Right, the Participant shall be entitled to receive an amount in cash, Shares, or both, in value equal to the product of (i) the excess of the Fair Market Value of one Share at the time of exercise over the exercise price of the applicable Stock Appreciation Right, multiplied by (ii) the number of Shares in respect of which the Stock Appreciation Right has been exercised. The applicable Award Agreement shall specify whether such payment is to be made in cash or Common Stock or both, or shall reserve to the Committee or the Participant the right to

APPENDIXES

make that determination prior to or upon the exercise of the Stock Appreciation Right.

(c) *Tandem SARs.* A Tandem SAR may be granted at the Grant Date of the related Option. A Tandem SAR shall be exercisable only at such time or times and to the extent that the related Option is exercisable in accordance with the provisions of this Section 5, and shall have the same exercise price as the related Option. A Tandem SAR shall terminate or be forfeited upon the exercise or forfeiture of the related Option, and the related Option shall terminate or be forfeited upon the exercise or forfeiture of the Tandem SAR.

(d) *Exercise Price.* The exercise price per Share subject to an Option or Free-Standing SAR shall be determined by the Committee and set forth in the applicable Award Agreement, and shall not be less than the Fair Market Value of a share of the Common Stock on the applicable Grant Date, provided that in the case of an Incentive Stock Option granted to an owner of more than 10% of the Shares, the exercise price per Share shall not be less than 110% of the Fair Market Value on the applicable Grant Date. In no event may any Option or Stock Appreciation Right granted under this Plan be amended, other than pursuant to Section 3(d), to decrease the exercise price thereof, be cancelled in conjunction with the grant of any new Option or Free-Standing SAR with a lower exercise price, or otherwise be subject to any action that would be treated, under the Applicable Exchange listing standards or for accounting purposes, as a repricing of such Option or Free-Standing SAR, unless such amendment, cancellation, or action is approved by the Company's stockholders.

(e) *Term.* The Term of each Option and each Free-Standing SAR shall be fixed by the Committee, but shall not exceed ten years from the Grant Date, provided that in the case of an Incentive Stock Option granted to an owner of more than 10% of the Shares, the Term shall not exceed five years from the Grant Date.

(f) *Vesting and Exercisability.* Except as otherwise provided herein and subject to Section 3(f), Options and Free-Standing SARs shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee. The aggregate Fair Market Value (determined with respect to each Incentive Stock Option at the time such Incentive Stock Option is granted) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year (under the Plan or any other plan of the Company and its subsidiaries or parent corporation) shall not exceed \$100,000.

(g) *Method of Exercise.* Subject to the provisions of this Section 5, Options and Stock Appreciation Rights may be exercised, in whole or in part, at any time during the applicable term by giving written notice of exercise to the Company specifying the number of shares of Common Stock

as to which the Option or Stock Appreciation Right is being exercised. In the case of the exercise of an Option, such notice shall be accompanied by payment in full of the purchase price (which shall equal the product of such number of shares multiplied by the applicable exercise price) by certified or bank check or such other instrument as the Company may accept or, if approved by the Committee, payment, in full or in part and in any combination, may also be made as follows:

(i) Payments may be made in the form of unrestricted shares of Common Stock (by delivery of such shares or by attestation) of the same class as the Common Stock subject to the Option already owned by the Participant (based on the Fair Market Value of the Common Stock on the date the Option is exercised).

(ii) To the extent permitted by applicable law, payment may be made by delivering a properly executed exercise notice to the Company, together with a copy of irrevocable instructions to a broker to deliver promptly to the Company the amount of sale or loan proceeds necessary to pay the purchase price, and, if requested, the amount of any federal, state, local or foreign withholding taxes. To facilitate the foregoing, the Company may, to the extent permitted by applicable law, enter into agreements for coordinated procedures with one or more brokerage firms. To the extent permitted by applicable law, the Committee may also provide for Company loans to be made for purposes of the exercise of Options.

(iii) Payment may be made by instructing the Company to withhold a number of shares of Common Stock having a Fair Market Value (based on the Fair Market Value of the Common Stock on the date the applicable Option is exercised) equal to the product of (A) the exercise price multiplied by (B) the number of shares of Common Stock in respect of which the Option shall have been exercised.

(h) *Delivery; Rights of Stockholders.* No Shares shall be delivered pursuant to the exercise of an Option until the exercise price therefor has been fully paid and applicable taxes have been withheld. The applicable Participant shall have all of the rights of a stockholder of the Company holding the class or series of Common Stock that is subject to the Option or Stock Appreciation Right (including, if applicable, the right to vote the applicable Shares and the right to receive dividends) when the Participant (i) has given written notice of exercise, (ii) if requested, has given the representation described in Section 14(a), and (iii) in the case of an Option, has paid in full for such Shares.

(i) *Nontransferability of Options and Stock Appreciation Rights.* No Option or Free-Standing SAR shall be transferable by a Participant other than, for no value or consideration, (i) by will or by the laws of descent and distribution, or (ii) in

APPENDIXES

the case of a Nonqualified Option or Free-Standing SAR, as otherwise expressly permitted by the Committee including, if so permitted, pursuant to a transfer to the Participant's family members, whether directly or indirectly or by means of a trust or partnership or otherwise (for purposes of this Plan, unless otherwise determined by the Committee, family member shall have the meaning given to such term in General Instructions A.1(a)(5) to Form S-8 under the Securities Act of 1933, as amended, and any successor thereto). A Tandem SAR shall be transferable only with the related Option as permitted by the preceding sentence. Any Option or Stock Appreciation Right shall be exercisable, subject to the terms of this Plan, only by the applicable Participant, the guardian or legal representative of such Participant, or any person to whom such Option or Stock Appreciation Right is permissibly transferred pursuant to this Section 5(i), it being understood that the term Participant includes such guardian, legal representative and other transferee; *provided, however*, that the term Termination of Employment shall continue to refer to the Termination of Employment of the original Participant.

(j) *Termination of Employment.* A Participant's Options and Stock Appreciation Rights shall be forfeited upon his or her Termination of Employment, except as set forth below:

(i) Upon a Participant's Termination of Employment for any reason other than death, Disability, Retirement or Cause, any Option or Stock Appreciation Right held by the Participant that was exercisable immediately before the Termination of Employment may be exercised, to the extent it was then exercisable, at any time until the earlier of (A) the 90th day following such Termination of Employment and (B) expiration of the Term thereof;

(ii) Upon a Participant's Termination of Employment by reason of the Participant's death, any Option or Stock Appreciation Right held by the Participant shall vest in full and be exercisable at any time until (A) in the case of Nonqualified Options and Stock Appreciation Rights, the earlier of (i) the third anniversary of the date of such death and (ii) the expiration of the Term thereof, and (B) in the case of Incentive Stock Options, the earlier of (x) the first anniversary of the date of such Termination of Employment and (y) the expiration of the Term thereof;

(iii) Upon a Participant's Termination of Employment by reason of Disability, any Option or Stock Appreciation Right held by the Participant shall vest in full and be exercisable at any time until (A) in the case of Nonqualified Options and Stock Appreciation Rights, the expiration of the Term thereof, and (B) in the case of Incentive Stock Options, the earlier of (x) the first anniversary of the date of such Termination of Employment and (y) the expiration of the Term thereof;

(iv) Upon a Participant's Termination of Employment for Retirement, any Option or Stock Appreciation Right held by the Participant shall vest in full and be exercisable at any time until the earlier of (A) in the case of Nonqualified Options and Stock Appreciation Rights, (x) the fifth anniversary of such Termination of Employment and (y) the expiration of the Term thereof, and (B) in the case of Incentive Stock Options, (x) the 90th day following such Termination of Employment and (y) the expiration of the Term thereof; and

(k) Notwithstanding the foregoing, the Committee shall have the power, in its discretion, to apply different rules concerning the consequences of a Termination of Employment, *provided*, that if such rules are less favorable to the Participant than those set forth above, such rules are set forth in the applicable Award Agreement.

SECTION 6. Restricted Stock

(a) *Nature of Awards and Certificates.* Shares of Restricted Stock are actual Shares issued to a Participant and shall be evidenced in such manner as the Committee may deem appropriate, including book-entry registration or issuance of one or more stock certificates. Any certificate issued in respect of Shares of Restricted Stock shall be registered in the name of the applicable Participant and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award, substantially in the following form:

The transferability of this certificate and the shares of stock represented hereby are subject to the terms and conditions (including forfeiture) of the Banc of California, Inc. 2018 Omnibus Stock Incentive Plan and an Award Agreement. Copies of such Plan and Award Agreement are on file at the offices of Banc of California, Inc., 3 MacArthur Place, Santa Ana, California 92707.

The Committee may require that the certificates evidencing such shares be held in custody by the Company until the restrictions thereon shall have lapsed and that, as a condition of any Award of Restricted Stock, the applicable Participant shall have delivered a stock power, endorsed in blank, relating to the Common Stock covered by such Award.

(b) *Terms and Conditions.* Shares of Restricted Stock shall be subject to the following terms and conditions:

(i) The Committee shall, prior to or at the time of grant, condition (A) the vesting of an Award of Restricted Stock upon the continued employment or service of the applicable Participant, or (B) the grant or vesting of an Award of Restricted Stock upon the attainment of Performance Goals or the attainment of Performance Goals and the continued employment or service of the applicable Participant. The

APPENDIXES

conditions for grant or vesting and the other provisions of Restricted Stock Awards (including without limitation any applicable Performance Goals) need not be the same with respect to each recipient.

(ii) Subject to the provisions of the Plan and the applicable Award Agreement, during the period, if any, set by the Committee, commencing with the date of such Restricted Stock Award for which such vesting restrictions apply (the Restriction Period), and until the expiration of the Restriction Period, the Participant shall not be permitted to sell, assign, transfer, pledge or otherwise encumber Shares of Restricted Stock.

(iii) Except as provided in this Section 6 and in the applicable Award Agreement, the applicable Participant shall have, with respect to the Shares of Restricted Stock, all of the rights of a stockholder of the Company holding the class or series of Common Stock that is the subject of the Restricted Stock, including, if applicable, the right to vote the Shares and, subject to Section 3(g), the right to receive upon the vesting of the Shares any cash dividends paid on the Shares during the Restriction Period. If so determined by the Committee in the applicable Award Agreement and subject to Section 14(e), (A) cash dividends on the class or series of Common Stock that is the subject of the Restricted Stock Award shall instead be reinvested in additional Restricted Stock held subject to the vesting of the underlying Restricted Stock, and (B) subject to any adjustment pursuant to Section 3(d), dividends payable in Common Stock shall be paid in the form of Restricted Stock of the same class as the Common Stock with which such dividend was paid, held subject to the vesting of the underlying Restricted Stock.

(iv) If and when any applicable Performance Goals are satisfied and the Restriction Period expires without a prior forfeiture of the Shares of Restricted Stock for which legended certificates have been issued, unlegended certificates for such Shares shall be delivered to the Participant upon surrender of the legended certificates.

(v) Upon a Participant's Termination of Employment by reason of death or Disability, any then-remaining portion of the Restriction Period with respect to the Participant's Award of Restricted Stock shall lapse as of the date of termination. Upon a Participant's Termination of Employment for any other reason during the Restriction Period with respect to the Participant's Award of Restricted Stock, all Shares of Restricted Stock still then subject to the Restriction Period shall become forfeited. Notwithstanding the foregoing, the Committee shall have the power, in its discretion, to apply different rules concerning the consequences of a Termination of Employment, *provided*, that if such rules are less favorable to the Participant than those set forth above, such rules are set forth in the applicable Award Agreement.

SECTION 7. Restricted Stock Units

(a) *Nature of Awards.* Restricted stock units and deferred share rights (together, Restricted Stock Units) are Awards denominated in Shares that will be settled, subject to the terms and conditions of the Restricted Stock Units, in an amount in cash, Shares or both, based upon the Fair Market Value of a specified number of Shares.

(b) *Terms and Conditions.* Restricted Stock Units shall be subject to the following terms and conditions:

(i) The Committee shall, prior to or at the time of grant, condition (A) the vesting of Restricted Stock Units upon the continued employment or service of the applicable Participant, or (B) the grant or vesting of Restricted Stock Units upon the attainment of Performance Goals or the attainment of Performance Goals and the continued employment or service of the applicable Participant. The conditions for grant or vesting and the other provisions of Restricted Stock Units (including without limitation any applicable Performance Goals) need not be the same with respect to each recipient. An Award of Restricted Stock Units shall be settled as and when the Restricted Stock Units vest, at a later

time specified by the Committee or in the applicable Award Agreement, or, if the Committee so permits, in accordance with an election of the Participant.

(ii) Subject to the provisions of the Plan and the applicable Award Agreement, during the period, if any, set by the Committee, commencing with the date of such Restricted Stock Units for which such vesting restrictions apply (the Restriction Period), and until the expiration of the Restriction Period, the Participant shall not be permitted to sell, assign, transfer, pledge or otherwise encumber Restricted Stock Units.

(iii) The Award Agreement for Restricted Stock Units shall specify whether, to what extent and on what terms and conditions the applicable Participant shall be entitled to receive payments of cash, Common Stock or other property corresponding to the dividends payable on the Common Stock (subject to Sections 3(g) and 14(e)).

(iv) Upon a Participant's Termination of Employment by reason of death or Disability, any then-remaining portion of the Restriction Period with respect to the Participant's Award of Restricted Stock Units shall lapse as of the date of termination. Upon a Participant's Termination of Employment for any other reason during the Restriction Period with respect to the Participant's Award of Restricted Stock Units, all Restricted Stock Units still then subject to the Restriction Period shall become forfeited. Notwithstanding the foregoing, the Committee shall have the power, in its discretion, to apply different rules concerning the consequences of a Termination of Employment, *provided*, that

APPENDIXES

if such rules are less favorable to the Participant than those set forth above, such rules are set forth in the applicable Award Agreement.

SECTION 8. Performance Units.

Performance Units may be issued hereunder to Eligible Individuals, for no cash consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other Awards granted under the Plan. The Performance Goals to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Unit, *provided* that the Performance Period shall be no less than a fiscal quarter. The conditions for grant or vesting and the other provisions of Performance Units (including without limitation any applicable Performance Goals and the effect of a Participant's Termination of Employment during the Performance Period and/or prior to vesting of the Performance Units) shall be set forth in the applicable Award Agreement and need not be the same with respect to each recipient. Performance Units may be paid in cash, Shares, other property or any combination thereof, in the sole discretion of the Committee as set forth in the applicable Award Agreement.

SECTION 9. Other Stock-Based Awards

Other Stock-Based Awards may be granted under the Plan, *provided* that any Other Stock-Based Awards that are Awards of Common Stock that are unrestricted shall only be granted in lieu of other compensation due and payable to the Participant.

SECTION 10. Change in Control Provisions

(a) *General.* The provisions of this Section 10 shall, subject to Section 3(d) and Section 10(f), apply notwithstanding any other provision of the Plan to the contrary, except to the extent the Committee specifically provides otherwise in an Award Agreement.

(b) *Impact of Change in Control.* Upon the occurrence of a Change in Control, unless otherwise provided in the applicable Award Agreement: (i) all then-outstanding Options and Stock Appreciation Rights (other than performance-based Options and Stock Appreciation Rights) shall become fully vested and exercisable, and all Full-Value Awards (other than performance-based Full-Value Awards) shall vest in full, be free of restrictions, and be deemed to be earned and payable in an amount equal to the full value of such Award, except in each case to the extent that another Award meeting the requirements of Section 10(c) (any award meeting the requirements of Section 10(c), a Replacement Award) is provided to the Participant pursuant to Section 3(d) to replace

such Award (any award intended to be replaced by a Replacement Award, a Replaced Award), and (ii) (A) any performance-based Option or Stock Appreciation Right that is not replaced by a Replacement Award shall vest and become exercisable with respect to the portion of such performance-based Option or Stock Appreciation Right that is deemed to be earned as set forth below, and (B) any performance-based Full-Value Award that is not replaced by a Replacement Award shall vest and become payable with respect to the portion of such performance-based Full-Value Award that is deemed to be earned as set forth below. In determining the extent to which a performance-based Award is deemed to be earned for purposes of clause (ii) above, all applicable Performance Goals shall be deemed achieved at the greater of (x) the applicable target level and (y) the level of achievement of the Performance Goals for the Award as determined by the Committee not later than the date of the Change in Control, taking into account

performance through the latest date preceding the Change in Control as to which performance can, as a practical matter, be determined (but not later than the end of the applicable Performance Period)), multiplied by a fraction, the numerator of which is the number of days during the applicable Performance Period before the date of the Change in Control, and the denominator of which is the number of days in the applicable Performance Period; *provided, however*, that such fraction shall be equal to one in the event that the applicable Performance Goals in respect of such performance-based Awards have been fully achieved as of the date of such Change in Control.

(c) *Replacement Awards.* An Award shall meet the conditions of this Section 10(c) (and hence qualify as a Replacement Award) if: (i) it is of the same type as the Replaced Award; (ii) it has a value equal to the value of the Replaced Award as of the date of the Change in Control; (iii) if the underlying Replaced Award was an equity-based award, it relates to publicly traded equity securities of the Company or the entity surviving the Company following the Change in Control; (iv) it contains terms relating to vesting (including with respect to a Termination of Employment) that are substantially identical to those of the Replaced Award; (v) it contains terms complying with or not inconsistent with Section 10(d) below, and (vi) its other terms and conditions are not less favorable to the Participant than the terms and conditions of the Replaced Award (including the provisions that would apply in the event of a subsequent Change in Control) as of the date of the Change in Control. Without limiting the generality of the foregoing, a Replacement Award may take the form of a continuation of the applicable Replaced Award if the requirements of the preceding sentence are satisfied. If a Replacement Award is granted, the Replaced Award shall not vest upon the Change in Control. The determination of whether the conditions of this

APPENDIXES

Section 10(c) are satisfied shall be made by the Committee, as constituted immediately before the Change in Control, in its sole discretion.

(d) *Termination of Employment.* Upon a Termination of Employment of a Participant occurring upon or during the two years immediately following the date of a Change in Control by reason of death, Disability or Retirement, by the Company without Cause, or by the Participant for Good Reason (as defined in Section 10(e)), (i) all Replacement Awards held by such Participant shall vest in full, be free of restrictions, and be deemed to be earned in an amount equal to the full value of such Replacement Award, and (ii) unless otherwise provided in the applicable Award Agreement, notwithstanding any other provision of the Plan to the contrary, any Option or Stock Appreciation Right held by the Participant as of the date of the Change in Control that remains outstanding as of the date of such Termination of Employment may thereafter be exercised, until (A) in the case of an Incentive Stock Option, the last date on which such Incentive Stock Option would be exercisable in the absence of this Section 10(d), and (B) in the case of a Nonqualified Option or a Stock Appreciation Right, the later of (x) the last date on which such Nonqualified Option or Stock Appreciation Right would be exercisable in the absence of this Section 10(d) and (y) the earlier of (1) the third anniversary of such Change in Control and (2) expiration of the Term of such Nonqualified Option or Stock Appreciation Right.

(e) *Definition of Change in Control.* For purposes of the Plan:

Change in Control shall mean any of the following events:

(i) Any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) (a Person) becomes the beneficial owner (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 30% or more of either (A) the then-outstanding shares of common stock of the Company (the Outstanding Company Common Stock) or (B) the combined voting power of the then-outstanding voting securities of the Company entitled to vote generally in the election of directors (the Outstanding Company Voting Securities); provided, however, that, for purposes of this definition, the following acquisitions shall not constitute a Change of Control: (w) any acquisition directly from the Company, (x) any acquisition by the Company, (y) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Affiliated Company or (z) any acquisition pursuant to a transaction that complies with clauses (iii)(A), (iii)(B) and (iii)(C) below;

(ii) Individuals who, as of the Effective Date, constitute the Board (the Incumbent Board) cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent

to the Effective Date whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual was a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board;

(iii) Consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the Company or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the Company, or the acquisition of assets or stock of another entity by the Company or any of its subsidiaries (each, a Business Combination), in each case unless, following such Business Combination, (A) all or substantially all of the

individuals and entities that were the beneficial owners of the Outstanding Company Common Stock and the Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, greater than 50% of the then-outstanding shares of common stock (or, for a non-corporate entity, equivalent securities) and the combined voting power of the then-outstanding voting securities entitled to vote generally in the election of directors (or, for a non-corporate entity, equivalent governing body), as the case may be, of the entity resulting from such Business Combination (including, without limitation, an entity that, as a result of such transaction, owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership immediately prior to such Business Combination of the Outstanding Company Common Stock and the Outstanding Company Voting Securities, as the case may be, (B) no Person (excluding any corporation resulting from such Business Combination or any employee benefit plan (or related trust) of the Company or such corporation resulting from such Business Combination) beneficially owns, directly or indirectly, 30% or more of, respectively, the then-outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then-outstanding voting securities of such corporation, except to the extent that such ownership existed prior to the Business Combination, and (C) at least a majority of the members of the board of directors (or, for a non-corporate entity, equivalent governing body) of the entity resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement or of the action of the Board providing for such Business Combination; or

APPENDIXES

(iv) Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Notwithstanding the foregoing, (A) a Change in Control shall not be deemed to occur solely because any person acquires beneficial ownership of more than 30% of the Company Voting Securities as a result of the acquisition of Company Voting Securities by the Company which reduces the number of Company Voting Securities outstanding; *provided*, that if after such acquisition by the Company such person becomes the beneficial owner of additional Company Voting Securities that increases the percentage of outstanding Company Voting Securities beneficially owned by such person, a Change in Control of the Company shall then occur, and (B) solely for purposes of determining the timing of any payment pursuant to any Award constituting a deferral of compensation subject to Section 409A of the Code, a Change in Control shall mean a change in the ownership of the Company or the Bank, a change in the effective control of the Company or the Bank or a change in the ownership of a substantial portion of the assets of the Company or the Bank, as such terms are defined in Treasury Regulation § 1.409A-3(i)(5).

Good Reason shall mean (A) a material adverse change in the Participant's authority, duties or responsibilities as in effect immediately prior to the Change in Control; (B) a material reduction in the Participant's base salary or annual bonus opportunity, in each case as in effect immediately prior to the Change in Control; or (C) the reassignment of the Participant's place of employment to an office location more than 35 miles from the Participant's then-current place of employment.

(f) Notwithstanding the foregoing, if any Award is subject to Section 409A of the Code, this Section 10 shall be applicable only to the extent specifically provided in the Award Agreement and permitted pursuant to Section 11(b). Nothing in this Section 10 shall preclude the Company from settling upon a Change in Control an Award if it is not replaced by a Replacement Award, to the extent effectuated in accordance with Treasury Regulation § 1.409A-3(j)(ix) of the Treasury Regulations.

SECTION 11. Section 16(b); Section 409A

(a) The provisions of this Plan are intended to ensure that no transaction under the Plan is subject to (and not exempt from) the short-swing recovery rules of Section 16(b) of the Exchange Act (Section 16(b)). Accordingly, the composition of the Committee shall be subject to such limitations as the Board deems appropriate to permit transactions pursuant to this Plan to be exempt (pursuant to Rule 16b-3 promulgated under the Exchange Act) from Section 16(b), and no delegation of authority by the Committee shall be permitted if

such delegation would cause any such transaction to be subject to (and not exempt from) Section 16(b).

(b) The Plan is intended to comply with the requirements of Section 409A of the Code or an exemption or exclusion therefrom and, with respect to amounts that are subject to Section 409A of the Code, it is intended that the Plan be administered in all respects in accordance with Section 409A of the Code. Each payment under any Award shall be treated as a separate payment for purposes of Section 409A of the Code. To the extent that an Award or the payment, settlement or deferral thereof is subject to Section 409A, the Award shall be granted, paid, settled or deferred in a manner that will comply with Section 409A, except as otherwise determined by the Committee. Any provision of this Plan that would cause the grant of an Award or the payment, settlement or deferral thereof to fail to satisfy Section 409A shall be amended to comply with Section 409A on a timely basis, which may be made on a retroactive basis, in accordance with regulations and other guidance issued under Section 409A. In the case of amounts not intended to be deferrals of compensation subject to Section 409A, such as, but not limited to, annual incentive

Awards, payment or settlement of amounts under such Awards shall occur not later than March 15 of the year following the year in which the Participant has a legally-binding right to payment or settlement. In the case of amounts intended to be deferrals of compensation subject to Section 409A, the initial deferral election shall be made and become irrevocable no later than December 31 of the year immediately preceding the year in which the Participant first performs services related to such compensation, provided that the timing of such initial deferral election may be later as provided in Section 409A with respect to initial participation in the Plan and for performance-based compensation as defined under Section 409A. Notwithstanding any provision of the Plan or any Award Agreement to the contrary, in the event that a Participant is a specified employee within the meaning of Section 409A of the Code (as determined in accordance with the methodology established by the Company), amounts that constitute nonqualified deferred compensation within the meaning of Section 409A of the Code that would otherwise be payable during the six-month period immediately following a Participant's separation from service within the meaning of Section 409A of the Code (Separation from Service) shall instead be paid or provided on the first business day after the date that is six months following the Participant's Separation from Service. If the Participant dies following the Separation from Service and prior to the payment of any amounts delayed on account of Section 409A of the Code, such amounts shall be paid to the personal representative of the Participant's estate within 30 days after the date of the Participant's death. With respect to any Award that is not exempt from Section 409A, all

APPENDIXES

references in this Plan to a termination of employment or service or a separation from service shall mean a cessation or reduction in the Participant's services for the Company (and any other affiliated entities that are deemed to constitute a service recipient as defined in Treasury Regulation §1.409A-1(h)(3)) that constitutes a Separation from Service as determined under Section 409A of the Code, taking into account all of the facts, circumstances, rules and presumptions set forth in Treasury Regulation §1.409A-1(h).

SECTION 12. Term, Amendment and Termination

(a) *Effectiveness.* The Plan was approved by the Board on March 8, 2018, subject to and contingent upon approval by the Company's stockholders. The Plan will be effective as of the date of such approval by the Company's stockholders (the Effective Date).

(b) *Termination.* The Plan will terminate on the tenth anniversary of the Effective Date. Awards outstanding as of such date shall not be affected or impaired by the termination of the Plan.

(c) *Amendment of Plan.* The Board or the Committee may amend, alter, or discontinue the Plan, but no amendment, alteration or discontinuation shall be made which would materially impair the rights of the Participant with respect to a previously granted Award without such Participant's consent, except such an amendment made to comply with applicable law, including without limitation Section 409A of the Code, Applicable Exchange listing standards or accounting rules. In addition, no amendment shall be made without the approval of the Company's stockholders to the extent such approval is required by applicable law or the listing standards of the Applicable Exchange as may be required on or after the date hereof.

(d) *Amendment of Awards.* Subject to Section 5(d), the Committee may unilaterally amend the terms of any Award theretofore granted, but no such amendment shall materially impair the rights of any Participant with respect to an Award without the Participant's consent, except such an amendment made to cause the Plan or Award to comply with applicable law, Applicable Exchange listing standards or accounting rules.

SECTION 13. Unfunded Status of Plan

It is presently intended that the Plan constitute an unfunded plan for incentive and deferred compensation. The Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Common Stock or make payments; *provided, however*, that unless the Committee otherwise determines, the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

SECTION 14. General Provisions

(a) *Conditions for Issuance.* The Committee may require each person purchasing or receiving Shares pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the Shares without a view to the distribution thereof. The certificates for such Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer. Notwithstanding any other provision of the Plan or agreements made pursuant thereto, the Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to fulfillment of all of the following conditions: (i) listing or approval for listing upon notice of issuance, of such Shares on the Applicable Exchange; (ii) any registration or other qualification of such Shares of the Company under any state or federal law or regulation, or the maintaining in effect of any such registration or other

qualification which the Committee shall, in its absolute discretion upon the advice of counsel, deem necessary or advisable; and (iii) obtaining any other consent, approval or permit from any state or federal governmental agency which the Committee shall, in its absolute discretion after receiving the advice of counsel, determine to be necessary or advisable.

(b) *Additional Compensation Arrangements.* Nothing contained in the Plan shall prevent the Company or any Subsidiary or Affiliate from adopting other or additional compensation arrangements for its employees or directors.

(c) *No Contract of Employment.* The Plan shall not constitute a contract of employment, and adoption of the Plan shall not confer upon any employee any right to continued employment, nor shall it interfere in any way with the right of the Company or any Subsidiary or Affiliate to terminate the employment of any employee at any time.

(d) *Required Taxes.* No later than the date as of which an amount first becomes includible in the gross income of a Participant for federal, state, local or foreign income or employment or other tax purposes with respect to any Award under the Plan, such Participant shall pay to the Company, or make arrangements satisfactory to the Company regarding the payment of, any federal, state, local or foreign taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Company, withholding obligations may be settled with Common Stock, including Common Stock that is part of the Award that gives rise to the withholding requirement, having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes. The obligations of the Company under the Plan shall be conditional on such payment or arrangements, and the Company and its Affiliates shall, to the

APPENDIXES

extent permitted by law, have the right to deduct any such taxes from any payment otherwise due to such Participant. The Committee may establish such procedures as it deems appropriate, including making irrevocable elections, for the settlement of withholding obligations with Common Stock.

(e) *Limitation on Dividend Reinvestment and Dividend Equivalents.* Reinvestment of dividends in additional Restricted Stock at the time of any dividend payment, and the payment of Shares with respect to dividends to Participants holding Awards of Restricted Stock Units, shall only be permissible if sufficient Shares are available under Section 3 for such reinvestment or payment (taking into account then-outstanding Awards). In the event that sufficient Shares are not available for such reinvestment or payment, such reinvestment or payment shall be made in the form of a grant of Restricted Stock Units equal in number to the Shares that would have been obtained by such payment or reinvestment, the terms of which Restricted Stock Units shall provide for settlement in cash and for dividend equivalent reinvestment in further Restricted Stock Units on the terms contemplated by this Section 14(e).

(f) *Designation of Death Beneficiary.* The Committee shall establish such procedures as it deems appropriate for a Participant to designate a beneficiary to whom any amounts payable in the event of such Participant's death are to be paid or by whom any rights of such eligible Individual, after such Participant's death, may be exercised.

(g) *Subsidiary Employees.* In the case of a grant of an Award to any employee of a Subsidiary, the Company may, if the Committee so directs, issue or transfer the Shares, if any, covered by the Award to the Subsidiary, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Subsidiary will transfer the Shares to the employee in accordance with the terms of the Award specified by the Committee pursuant to the provisions of the Plan. All Shares underlying Awards that are forfeited or canceled should revert to the Company.

(h) *Governing Law and Interpretation.* The Plan and all Awards made and actions taken thereunder shall be governed

by and construed in accordance with the laws of the State of Maryland, without reference to principles of conflict of laws. The captions of this Plan are not part of the provisions hereof and shall have no force or effect.

(i) *Non-Transferability.* Except as otherwise provided in Section 5(i) or by the Committee, Awards under the Plan are not transferable except by will or by laws of descent and distribution.

(j) *Foreign Employees and Foreign Law Considerations.* The Committee may grant Awards to Eligible Individuals who are foreign nationals, who are located outside the United States or who are not compensated from a payroll maintained in the United States, or who are otherwise subject to (or could cause the Company to be subject to) legal or regulatory provisions of countries or jurisdictions outside the United States, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes, the Committee may make such modifications, amendments, procedures, or subplans as may be necessary or advisable to comply with such legal or regulatory provisions.

(k) *Deferrals.* The Committee shall be authorized to establish procedures pursuant to which the payment of any Award may be deferred. Subject to the provisions of this Plan and any Award Agreement, the recipient of an Award (including, without limitation, any deferred Award) may, if so determined by the Committee, be entitled to receive, currently or on a deferred basis, interest or dividends, or interest or (except with respect to Options and Stock

Appreciation Rights) dividend equivalents, with respect to the number of shares covered by the Award, as determined by the Committee in its sole discretion, and the Committee may provide that such amounts (if any) shall be deemed to have been reinvested in additional Shares or otherwise reinvested. Notwithstanding the foregoing, dividends and dividend equivalents with respect to Awards may not be paid until vesting (if any) of such Awards, and the Committee shall not take or omit to take any action that would result in the imposition of penalty taxes under Section 409A of the Code.

If stockholders approve Proposal IV, Section A of Article 6 of the Company s charter will be amended by striking the last sentence of Section A, as indicated below:

ARTICLE 6.

A. Capital Stock. The total number of shares of capital stock of all classes which the Corporation has authority to issue is five hundred million (500,000,000) shares, classified as follows:

1. Fifty million (50,000,000) shares of preferred stock, par value one cent (\$.01) per share (the Preferred Stock); and
2. Four hundred fifty million (450,000,000) shares of common stock, par value one cent (\$.01) per share (the Common Stock).

The aggregate par value of all the authorized shares of capital stock is five million dollars (\$5,000,000). If shares of one class of stock are classified or reclassified into shares of another class of stock by the Board of Directors pursuant to this Article 6, the number of authorized shares of the former class shall be automatically decreased and the number of shares of the latter class shall be automatically increased, in each case by the number of shares so classified or reclassified, so that the aggregate number of shares of stock of all classes that the Corporation has authority to issue shall not be more than the total number of shares of stock set forth in the first sentence of this paragraph. ~~A majority of the entire Board of Directors, without action by the stockholders, may amend the Charter to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that the Corporation has authority to issue.~~
