(a) Returns represent past performance and do not guarantee future results. Investment returns and the principal value of an investment will fluctuate. When shares are sold, they may be worth more or less than their original cost. Current performance may be lower or higher than the performance data presented. Visit www.gabelli.com for performance information as of the most recent month end. Performance returns for periods of less than one year are not annualized. Returns would have been lower had Gabelli Funds, LLC (the Adviser) not reimbursed certain expenses of the Fund. Investors should carefully consider the investment objectives, risks, charges, and expenses of the Fund before investing. The ICE Bank of America Merrill Lynch U.S. Convertibles Index is a market value weighted index of all dollar denominated convertible securities that are exchangeable into U.S. equities and have a market value of more than \$50 million. The Bloomberg Barclays Balanced U.S. Convertibles Index is a market value weighted index that tracks the performance of publicly placed, dollar denominated convertible securities that are between 40% and 80% sensitive to movements in their underlying common stocks. The S&P 500 Index is an unmanaged indicator of stock market performance. Dividends and

interest income are considered reinvested. You cannot invest directly in an index.

- (b) The Fund's fiscal year ends on September 30.
- (c) Total returns and average annual returns reflect changes in the NAV per share, reinvestment of distributions at NAV on the ex-dividend date for the period beginning November 2015, and are net of expenses. Total returns and average annual returns were not adjusted for the 2004 rights offering. For the period from December 2008 through October 2015, the distributions were reinvested on the payable date using market prices. From inception through November 2008, distributions were reinvested on the payable date using NAV. Since inception return is based on an initial NAV of \$9.30.
- (d) Total returns and average annual returns reflect changes in closing market values on the NYSE American and reinvestment of distributions. Total returns and average annual returns were not adjusted for the 2004 rights offering. Since inception return is based on an initial offering price of \$10.00.
- (e) The ICE Bank of America Merrill Lynch U.S. Convertibles Index inception date is December 31, 1994.
- (f) The Bloomberg Barclays Balanced U.S. Convertibles Index inception date is January 1, 2003.

For the six months ended March 31, 2018 and the years ended September 30, 2017 and 2016, the return was based on net asset value per share, adjusted for reinvestment of distributions at net asset value on the ex-dividend date. For the fiscal years ended on September 30, 2013 through 2015, returns were based on the market price on the payable date. Total return for a period of less than one year is not annualized.

Based on market value per share, adjusted for reinvestment of distributions at prices obtained under the Fund's dividend reinvestment plan. Total return for a period of less than one year is not annualized.

* Based on year to date book income. Amounts are subject to change and recharacterization at year end.

(a) Calculated based on average common shares outstanding on the record dates throughout the year.

(b) Amount represents less than \$0.005 per share.

(c) Annualized.

(d) Ratio of operating expenses to average net assets including liquidation value of preferred shares before reimbursement for the six months ended March 31, 2018 and the year ended September 30, 2017 would have been 0.96% and 1.07%, respectively.

(e) The Fund received credits from a designated broker who agreed to pay certain Fund operating expenses. For the years ended September 30, 2017 and 2016, there was no impact on the expense ratios.

(f) Ratio of operating expenses to average net assets including liquidation value of preferred shares net of reimbursement for the six months ended March 31, 2018 and the year ended September 30, 2017 would have been 0.96% and 1.07%, respectively.

Ellsworth Growth and Income Fund Ltd.

Notes to Financial Statements (Unaudited)

1. Organization. Ellsworth Growth and Income Fund Ltd. currently operates as a diversified closed-end management investment company organized as a Delaware statutory trust and is registered under the Investment Company Act of 1940, as amended (the "1940 Act"). Investment operations commenced in July 1986.

The Fund's primary investment objective is to provide income and the potential for capital appreciation, which objectives the Fund considers to be relatively equal over the long term due to the nature of the securities in which it invests. The Fund invests primarily in convertible and equity securities.

2. Significant Accounting Policies. As an investment company, the Fund follows the investment company accounting and reporting guidance, which is part of U.S. generally accepted accounting principles ("GAAP") that may require the use of management estimates and assumptions in the preparation of its financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

Security Valuation. Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board of Trustees (the "Board") so determines, by such other method as the Board shall determine in good faith to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by Gabelli Funds, LLC (the "Adviser").

Portfolio securities primarily traded on a foreign market are generally valued at the preceding closing values of such securities on the relevant market, but may be fair valued pursuant to procedures established by the Board if market conditions change significantly after the close of the foreign market, but prior to the close of business on the day the securities are being valued. Debt obligations for which market quotations are readily available are valued at the average of the latest bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price, unless the Board determines such amount does not reflect the securities' fair value, in which case these securities will be fair valued as determined by the Board. Certain securities are valued principally using dealer quotations. Futures contracts are valued at the closing settlement price of the exchange or board of trade on which the applicable contract is traded. OTC futures and options on futures for which market quotations are readily available will be valued by quotations received from a pricing service or, if no quotations are available from a pricing service, by quotations obtained from one or more dealers in the instrument in question by the Adviser.

Securities and assets for which market quotations are not readily available are fair valued as determined by the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons with the valuation and changes in valuation of similar securities, including a comparison of foreign securities with the equivalent U.S. dollar value American

Depository Receipt securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

Ellsworth Growth and Income Fund Ltd.**Notes to Financial Statements (Unaudited) (Continued)**

The inputs and valuation techniques used to measure fair value of the Fund's investments are summarized into three levels as described in the hierarchy below:

Level 1 quoted prices in active markets for identical securities;

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and

Level 3 significant unobservable inputs (including the Board's determinations as to the fair value of investments).

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input both individually and in the aggregate that is significant to the fair value measurement. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The summary of the Fund's investments in securities by inputs used to value the Fund's investments as of March 31, 2018 is as follows:

(a) Please refer to the Schedule of Investments (SOI) for the industry classifications of these portfolio holdings. During the six months ended March 31, 2018, the Fund had transfers from Level 1 to Level 2 of \$1,579,648 or 1.21% of net assets as of September 30, 2017. Transfers from Level 1 to Level 2 are due to a decrease in market activity, e.g., frequency of trades, which resulted in a decrease in available market inputs to determine the price. The Fund's policy is to recognize transfers among levels as of the beginning of the period.

Additional Information to Evaluate Qualitative Information.

General. The Fund uses recognized industry pricing services approved by the Board and unaffiliated with the Adviser to value most of its securities, and uses broker quotes provided by market makers of securities not valued by these and other recognized pricing sources. Several different pricing feeds are received to value domestic equity securities, international equity securities, preferred equity securities, and fixed income securities.

Ellsworth Growth and Income Fund Ltd.

Notes to Financial Statements (Unaudited) (Continued)

The data within these feeds are ultimately sourced from major stock exchanges and trading systems where these securities trade. The prices supplied by external sources are checked by obtaining quotations or actual transaction prices from market participants. If a price obtained from the pricing source is deemed unreliable, prices will be sought from another pricing service or from a broker/dealer that trades that security or similar securities.

Fair Valuation. Fair valued securities may be common or preferred equities, warrants, options, rights, or fixed income obligations. Where appropriate, Level 3 securities are those for which market quotations are not available, such as securities not traded for several days, or for which current bids are not available, or which are restricted as to transfer. When fair valuing a security, factors to consider include recent prices of comparable securities that are publicly traded, reliable prices of securities not publicly traded, the use of valuation models, current analyst reports, valuing the income or cash flow of the issuer, or cost if the preceding factors do not apply. A significant change in the unobservable inputs could result in a lower or higher value in Level 3 securities. The circumstances of Level 3 securities are frequently monitored to determine if fair valuation measures continue to apply.

The Adviser reports quarterly to the Board the results of the application of fair valuation policies and procedures. These may include backtesting the prices realized in subsequent trades of these fair valued securities to fair values previously recognized.

Investments in Other Investment Companies. The Fund may invest, from time to time, in shares of other investment companies (or entities that would be considered investment companies but are excluded from the definition pursuant to certain exceptions under the 1940 Act) (the Acquired Funds) in accordance with the 1940 Act and related rules. Shareholders in the Fund would bear the pro rata portion of the periodic expenses of the Acquired Funds in addition to the Fund's expenses. During the six months ended March 31, 2018, the Fund's pro rata portion of the periodic expenses charged by the Acquired Funds was approximately 0.04%.

Foreign Currency Translations. The books and records of the Fund are maintained in U.S. dollars. Foreign currencies, investments, and other assets and liabilities are translated into U.S. dollars at current exchange rates. Purchases and sales of investment securities, income, and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses that result from changes in foreign exchange rates and/or changes in market prices of securities have been included in unrealized appreciation/depreciation on investments and foreign currency translations. Net realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions, and the difference between the amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial purchase trade date and subsequent sale trade date is included in realized gain/(loss) on investments.

Foreign Securities. The Fund may directly purchase securities of foreign issuers. Investing in securities of foreign issuers involves special risks not typically associated with investing in securities of U.S. issuers. The risks include possible revaluation of currencies, the inability to repatriate funds, less complete financial information about

companies, and possible future adverse political and economic developments. Moreover, securities of many foreign issuers and their markets may be less liquid and their prices more volatile than securities of comparable U.S. issuers.

Ellsworth Growth and Income Fund Ltd.

Notes to Financial Statements (Unaudited) (Continued)

Foreign Taxes. The Fund may be subject to foreign taxes on income, gains on investments, or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries as applicable, based upon its current interpretation of tax rules and regulations that exist in the markets in which it invests.

Restricted Securities. The Fund may invest up to 15% of its net assets in securities for which the markets are restricted. Restricted securities include securities whose disposition is subject to substantial legal or contractual restrictions. The sale of restricted securities often requires more time and results in higher brokerage charges or dealer discounts and other selling expenses than the sale of securities eligible for trading on national securities exchanges or in the over-the-counter markets. Restricted securities may sell at a price lower than similar securities that are not subject to restrictions on resale. Securities freely saleable among qualified institutional investors under special rules adopted by the SEC may be treated as liquid if they satisfy liquidity standards established by the Board. The continued liquidity of such securities is not as well assured as that of publicly traded securities, and accordingly the Board will monitor their liquidity. For the restricted securities as of March 31, 2018, please refer to the Schedule of Investments.

Securities Transactions and Investment Income. Securities transactions are accounted for on the trade date with realized gain/(loss) on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded on the accrual basis. Premiums and discounts on debt securities are amortized using the effective yield to maturity method. Dividend income is recorded on the ex-dividend date, except for certain dividends from foreign securities that are recorded as soon after the ex-dividend date as the Fund becomes aware of such dividends. For certain securities known as contingent payment debt instruments, Federal tax regulations require the Fund to record non-cash, contingent interest income in addition to interest income actually received.

Custodian Fee Credits. When cash balances are maintained in the custody account, the Fund receives credits which are used to offset custodian fees. The gross expenses paid under the custody arrangement are included in custodian fees in the Statement of Operations with the corresponding expense offset, if any, shown as Custodian fee credits.

Distributions to Shareholders. Distributions to common shareholders are recorded on the ex-dividend date. The characterization of distributions to shareholders is based on income and capital gains as determined in accordance with federal income tax regulations, which may differ from income and capital gains as determined under GAAP. These differences are primarily due to differing treatments of income and gains on various investment securities and foreign currency transactions held by the Fund, timing differences, and differing characterizations of distributions made by the Fund. Distributions from net investment income for federal income tax purposes include net realized gains on foreign currency transactions. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent, adjustments are made to the appropriate capital accounts in the period when the differences arise. These reclassifications have no impact on the NAV of the Fund.

Under the Fund's current common share distribution policy, the Fund declares and pays quarterly distributions from net investment income, capital gains, and paid-in capital. The actual source of the distribution is determined after the end of the year. Pursuant to this policy, distributions during the year may be made in excess of required distributions.

To the extent such distributions are made from current earnings and profits, they are considered ordinary income or long term capital gains. The Fund's current distribution policy may restrict the Fund's ability

Ellsworth Growth and Income Fund Ltd.**Notes to Financial Statements (Unaudited) (Continued)**

to pass through to shareholders all of its net realized long term capital gains as a Capital Gain Dividend and may cause such gains to be treated as ordinary income, subject to the maximum federal income tax rate. Distributions sourced from paid-in capital should not be considered as dividend yield or the total return from an investment in the Fund. The Board will continue to monitor the Fund's distribution level, taking into consideration the Fund's NAV and the financial market environment. The Fund's distribution policy is subject to modification by the Board at any time.

Distributions to 5.250% Series A Preferred Shares are recorded on a daily basis and are determined as described in Note 5.

The tax character of distributions paid during the year ended September 30, 2017 was as follows:

	Common	Preferred
Distributions paid from:		
Ordinary income (inclusive of short term capital gains)	\$ 3,044,635	\$30,563
Net long term capital gains	2,621,170	26,312
Total distributions paid	\$ 5,665,805	\$56,875

Provision for Income Taxes. The Fund intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). It is the policy of the Fund to comply with the requirements of the Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provision for federal income taxes is required.

The following summarizes the tax cost of investments and the related net unrealized appreciation at March 31, 2018:

	Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Net Unrealized Appreciation
Investments	\$141,355,445	\$26,679,541	\$(5,202,535)	\$21,477,006

The Fund is required to evaluate tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether the tax positions are more-likely-than-not of being sustained by the applicable tax authority. Income tax and related interest and penalties would be recognized by the Fund as tax expense in the Statement of Operations if the tax positions were deemed not to meet the more-likely-than-not threshold. During the six months ended March 31, 2018, the Fund did not incur any income tax, interest, or penalties. As of March 31, 2018, the Adviser has reviewed all open tax years and concluded that there was no impact to the Fund's net assets or results

of operations. The Fund's federal and state tax returns for the prior three fiscal years remain open, subject to examination. On an ongoing basis, the Adviser will monitor the Fund's tax positions to determine if adjustments to this conclusion are necessary.

3. Agreements and Other Transactions. The Fund has entered into an investment advisory agreement (the "Advisory Agreement") with the Adviser which provides that the Fund will pay the Adviser a fee, computed daily and paid monthly, equal on an annual basis to 0.80% of the first \$100,000,000 of the Fund's average weekly net assets including the liquidation value of preferred stock and 0.55% of the Fund's average weekly net assets including the liquidation value of preferred stock in excess of \$100,000,000. In accordance with the

Ellsworth Growth and Income Fund Ltd.

Notes to Financial Statements (Unaudited) (Continued)

Advisory Agreement, the Adviser provides a continuous investment program for the Fund's portfolio and oversees the administration of all aspects of the Fund's business and affairs.

During the six months ended March 31, 2018, the Fund paid \$15 in brokerage commissions on security trades to G.research, LLC, Inc., an affiliate of the Adviser.

Through October 31, 2017, the Adviser waived fees or reimbursed expenses of the Fund to the extent the total expenses of the Fund (excluding brokers costs, interest, taxes, acquired fund fees and expenses, expenses chargeable to capital, and extraordinary expenses) exceed 1.10% of the weekly average net assets of the Fund. During the six months ended March 31, 2018, the Adviser neither waived fees nor reimbursed expenses to the Fund.

The cost of calculating the Fund's NAV per share is a Fund expense pursuant to the Advisory Agreement between the Fund and the Adviser. During the six months ended March 31, 2018, the Fund paid or accrued \$22,500 to the Adviser in connection with the cost of computing the Fund's NAV.

The Fund pays each Trustee who is not considered an affiliated person an annual retainer of \$8,500 plus \$1,000 for each Board meeting attended. Each Trustee is reimbursed by the Fund for any out of pocket expenses incurred in attending meetings. All Board committee members receive \$500 per meeting attended. The Lead Independent Trustee receives an annual fee of \$1,000 and the Audit and Nominating Committee Chairman each receives an annual fee of \$2,000. A Trustee may receive a single meeting fee, allocated among the participating funds, for participation in certain meetings held on behalf of multiple funds. Trustees who are directors or employees of the Adviser or an affiliated company receive no compensation or expense reimbursement from the Fund.

4. Portfolio Securities. Purchases and sales of securities during the six months ended March 31, 2018, other than short term securities and U.S. Government obligations, aggregated \$31,713,698 and \$16,447,243, respectively.

5. Capital. The Fund is authorized to issue an unlimited number of common shares of beneficial interest (par value \$0.01). The Board has authorized the repurchase of its shares in the open market when the shares are trading at a discount of 10.0% or more (or such other percentage as the Board may determine from time to time) from the NAV of the shares. During the year ended September 30, 2017, the Fund repurchased and retired 121,457 shares in the open market at an investment of \$1,005,727 and an average discount of approximately 13.95% from its NAV. During the six months ended March 31, 2018, the Fund did not repurchase any shares.

Ellsworth Growth and Income Fund Ltd.**Notes to Financial Statements (Unaudited) (Continued)**

Transactions in common shares of beneficial interest for the six months ended March 31, 2018 and the year ended September 30, 2017 were as follows:

	Six Months Ended March 31, 2018 (Unaudited)		Year Ended September 30, 2017	
	Shares	Amount	Shares	Amount
Net increase in net assets from common shares issued upon reinvestment of distributions	65,634	\$604,486	80,356	\$ 646,865
Net decrease from repurchase of common shares			(121,457)	(1,005,727)
Net increase/(decrease) from transactions in Fund shares	65,634	\$604,486	(41,101)	\$ (358,862)

The Fund has an effective shelf registration authorizing the offering of an additional \$100 million of common or preferred shares. As of March 31, 2018, after considering the Series A offering, the Fund has approximately \$70 million available for issuance under the current shelf registration

On September 18, 2017, the Fund issued 1,200,000 shares of 5.250% Series A Cumulative Preferred Shares (Series A Preferred), receiving \$28,855,381, after the deduction of offering expenses of \$199,619 and underwriting fees of \$945,000. The liquidation value of the Series A Preferred is \$25 per share. The Series A Preferred has an annual dividend rate of 5.250%. The Series A Preferred is noncallable before September 18, 2022. At March 31, 2018, 1,200,000 shares of Series A Preferred were outstanding and accrued dividends amounted to \$21,875.

The Fund's Declaration of Trust, as amended, authorizes the issuance of an unlimited number of Series A Preferred, par value \$0.01. The Series A Preferred are senior to the common shares and result in the financial leveraging of the common shares. Such leveraging tends to magnify both the risks and opportunities to common shareholders. Dividends on the Series A Preferred are cumulative. The Fund is required by the 1940 Act and by the Statement of Preferences to meet certain asset coverage tests with respect to the Series A Preferred. If the Fund fails to meet these requirements and does not correct such failure, the Fund may be required to redeem, in part or in full, the Series A Preferred at the redemption price of \$25 per share plus an amount equal to the accumulated and unpaid dividends whether or not declared on such shares in order to meet these requirements. Additionally, failure to meet the foregoing asset coverage requirements could restrict the Fund's ability to pay dividends to common shareholders and could lead to sales of portfolio securities at inopportune times. The income received on the Fund's assets may vary in a manner unrelated to the fixed rate, which could have either a beneficial or detrimental impact on net investment income and gains available to common shareholders.

The holders of Series A Preferred generally are entitled to one vote per share held on each matter submitted to a vote of shareholders of the Fund and will vote together with holders of common shares as a single class. The holders of Series A Preferred voting together as a single class also have the right currently to elect two Trustees and under certain circumstances are entitled to elect a majority of the Board of Trustees. In addition, the affirmative vote of a majority of the votes entitled to be cast by holders of all outstanding shares of the Series A Preferred, voting as a single class, will be required to approve any plan of reorganization adversely affecting the Series A Preferred, and the approval of two-thirds of each class, voting separately, of the Fund's outstanding voting stock must approve the conversion of the Fund from a closed-end to an open-end investment company. The approval of a majority (as defined in the 1940 Act) of the outstanding Series A Preferred and

Ellsworth Growth and Income Fund Ltd.

Notes to Financial Statements (Unaudited) (Continued)

a majority (as defined in the 1940 Act) of the Fund's outstanding voting securities are required to approve certain other actions, including changes in the Fund's investment objectives or fundamental investment policies.

6. Convertible Securities Concentration. It is the Fund's policy to invest at least 65% of its assets in convertible securities. Although convertible securities do derive part of their value from that of the securities into which they are convertible, they are not considered derivative financial instruments. However, the Fund's mandatory convertible securities include features which render them more sensitive to price changes of their underlying securities. Thus they expose the Fund to greater downside risk than traditional convertible securities, but generally less than that of the underlying common stock.

7. Indemnifications. The Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts. Management has reviewed the Fund's existing contracts and expects the risk of loss to be remote.

8. Change in Independent Registered Public Accounting Firm. On December 29, 2017, Tait, Weller & Baker LLP (Tait) resigned, at the request of the Fund, as the independent registered public accounting firm to the Fund. The Audit Committee of the Fund's Board of Trustees participated in, and approved, the decision to change the independent registered public accounting firm. Tait's reports on the Fund's financial statements for the fiscal periods ended September 30, 2017 and September 30, 2016 contained no adverse opinion or disclaimer of opinion nor were they qualified or modified as to uncertainty, audit scope, or accounting principle. During the Fund's fiscal periods ended September 30, 2017 and September 30, 2016 and the subsequent interim period through December 29, 2017, (i) there were no disagreements with Tait on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Tait, would have caused them to make reference to the subject matter of the disagreements in connection with their reports on the Fund's financial statements for such periods, and (ii) there were no reportable events of the kind described in Item 304(a)(1)(v) of Regulation S-K under the Securities Exchange Act of 1934, as amended.

The Audit Committee of the Fund's Board of Trustees approved the engagement of PricewaterhouseCoopers LLP (PwC) as the Fund's independent registered public accounting firm for the fiscal year ending September 30, 2018. The selection of PwC does not reflect any disagreements with or dissatisfaction by the Fund or the Board of Trustees with the performance of the Fund's prior independent registered public accounting firm, Tait. During the Fund's fiscal periods ended September 30, 2017 and September 30, 2016 and the subsequent interim period through December 29, 2017, neither the Fund, nor anyone on its behalf, consulted with PwC on items which: (i) concerned the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Fund's financial statements; or (ii) concerned the subject of a disagreement (as defined in paragraph (a)(1)(iv) of Item 304 of Regulation S-K) or reportable events (as described in paragraph (a)(1)(v) of said Item 304).

9. Subsequent Events. Management has evaluated the impact on the Fund of all subsequent events occurring through the date the financial statements were issued and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

The Audit Committee of the Fund's Board of Trustees participated in, and approved, the decision to change the independent registered public accounting firm. Tait's reports on the Fund's financial statements for the fiscal periods ended September 30, 2017 and September 30, 2016 contained no adverse opinion or disclaimer of opinion nor were they qualified or modified as to uncertainty, audit scope or accounting principle. During the Fund's fiscal periods ended September 30, 2017 and September 30, 2016 and the subsequent interim period through December 29, 2017, (i) there were no disagreements with Tait on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Tait, would have caused them to make reference to the subject matter of the disagreements in connection with their reports on the Fund's financial statements for such periods, and (ii) there were no reportable events of the kind described in Item 304(a)(1)(v) of Regulation S-K under the Securities Exchange Act of 1934, as amended.

The Audit Committee of the Fund's Board of Trustees approved the engagement of PricewaterhouseCoopers LLP (PwC) as the Fund's independent registered public accounting firm for the fiscal year ending September 30, 2018. The selection of PwC does not reflect any disagreements with or dissatisfaction by the Fund or the Board of Trustees with the performance of the Fund's prior independent registered public accounting firm, Tait. During the Fund's fiscal periods ended September 30, 2017 and September 30, 2016 and the subsequent interim period through December 29, 2017, neither the Fund, nor anyone on its behalf, consulted with PwC on items which: (i) concerned the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Fund's financial statements; or (ii) concerned the subject of a disagreement (as defined in paragraph (a)(1)(iv) of Item 304 of Regulation S-K) or reportable events (as described in paragraph (a)(1)(v) of said Item 304).

- (b) Certifications pursuant to Rule 30a-2(b) under the 1940 Act and Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto.
