PROXY STATEMENT FOR THE 2014 ANNUAL MEETING OF STOCKHOLDERS

General Information Regarding the Annual Meeting

This Proxy Statement, which was first mailed to stockholders on or about March 26, 2014 (the "Mailing Date"), is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of SPIRIT AEROSYSTEMS HOLDINGS, INC. (the "Company"), to be voted at the Company's 2014 Annual Meeting of Stockholders (the "Annual Meeting"), which will be held at 11:00 A.M. Eastern Time on Wednesday, April 30, 2014, in the Azalea Room at the Mandarin Oriental, located at 3376 Peachtree Road NE, Atlanta, GA 30326, for the purposes set forth in the accompanying Notice of 2014 Annual Meeting of Stockholders.

Any stockholder signing and returning the enclosed proxy has the power to revoke it by (1) giving written notice of revocation of such proxy to the Company's Corporate Secretary at the address set forth above, (2) completing, signing and submitting a new proxy card relating to the same shares and bearing a later date, or (3) attending the Annual Meeting and voting in person, although attendance at the meeting will not, by itself, revoke a proxy. The shares represented by the enclosed proxy will be voted as specified therein if said proxy is properly signed and received by the Company prior to the time of the Annual Meeting and is not properly revoked. The expense of this proxy solicitation will be borne by the Company. The Company's principal executive offices are located at 3801 South Oliver, Wichita, KS 67210.

The Board has fixed the close of business on March 7, 2014 as the record date (the "Record Date") for determining the holders of Common stock entitled to notice of and to vote at the Annual Meeting. On the Record Date, there were 118,954,921 shares of Class A Common stock outstanding, held of record by 1,037 stockholders. Each outstanding share of Class A Common stock is entitled to one vote. On the Record Date, there were 22,568,567 shares of Class B Common stock outstanding, held of record by 84 stockholders, excluding shares issued to certain employees and directors of the Company which remained subject to certain vesting requirements as of the Record Date, and during the pendency of such requirements may not be voted. Each outstanding share of Class B Common stock is entitled to ten votes. Each outstanding share of Class B Common stock is convertible into one share of Class A Common stock at the option of the holder at any time after vesting.

Vote Required for Approval

The presence, in person or by proxy, of stockholders entitled to cast a majority of the votes which all stockholders are entitled to cast at the Annual Meeting is necessary to constitute a quorum for the transaction of business. The Company will count abstentions and "broker non-votes" only for the purpose of determining the presence or absence of a quorum. "Broker non-votes" occur when a person holding shares through a bank or brokerage account does not provide instructions as to how his or her shares should be voted and the broker does not exercise discretion to vote those shares on a particular matter.

Under the rules of the New York Stock Exchange ("NYSE"), brokers may exercise discretion to vote shares as to which instructions are not given only with respect to certain "routine" matters. Under the NYSE rules, Proposal 1 (election of the ten members of the Board), Proposal 2 (approval of the Spirit AeroSystems Holdings, Inc. 2014 Omnibus Incentive Plan (the "2014 Omnibus Plan")), Proposal 3 (the Say-On-Pay Proposal) and Proposal 4 (shareholder proposal recommending that the Board of Directors take steps to ensure that all of the Company's outstanding stock has one vote per

Edgar Filing: HONEYWELL INTERNATIONAL INC - Form NO ACT

Table of Contents

share) are not considered to be routine matters. Accordingly, brokerage firms are not permitted to vote shares for which they have not received voting instructions on these proposals.

With respect to Proposal 1 (election of the ten members of the Board), a plurality of the votes cast in person or by proxy at the Annual Meeting, and entitled to vote on the matter, is necessary for election of each member. As a result, the ten nominees receiving the greatest number of votes will be elected. With respect to Proposal 1, a stockholder may vote "FOR" all nominees, "WITHHOLD" its vote as to all nominees, or vote "FOR" all nominees except those specific nominees from whom the stockholder "WITHHOLDS" its vote. A properly executed proxy marked "WITHHOLD" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. The Company's stockholders do not have cumulative voting rights. Any shares not voted (whether by abstention, "broker non-vote" or otherwise) will have no impact on the election of the members of the Board.

Proposal 2 (approval of the 2014 Omnibus Plan) and Proposal 4 (shareholder proposal recommending that the Board of Directors take steps to ensure that all of the Company's outstanding stock has one vote per share) will be approved if stockholders entitled to cast a majority of the votes which all stockholders present, in person or by proxy, are entitled to vote on the matter, vote "FOR" such proposals. With respect to Proposals 2 and 4, a stockholder may vote "FOR", "AGAINST" or "ABSTAIN". Abstentions and "broker non-votes" will not be counted as votes "FOR" or "AGAINST" Proposals 2 and 4. However, because abstentions and "broker non-votes" will be counted as present at the Annual Meeting, they will have the effect of votes "AGAINST" Proposals 2 and 4.

Proposal 3 (the Say-On-Pay Proposal) represents an advisory vote and the results will not be binding on the Board or the Company. A vote "FOR" Proposal 3 by stockholders entitled to cast a majority of the votes which all stockholders present, in person or by proxy, are entitled to vote on the matter will constitute the stockholders' non-binding approval with respect to our executive compensation programs. The Board will review the voting results and take them into consideration when making future decisions regarding executive compensation. With respect to Proposal 3, a stockholder may vote "FOR", "AGAINST" or "ABSTAIN". Abstentions and "broker non-votes" will not be counted as votes "FOR" or "AGAINST" Proposal 3. However, because abstentions and "broker non-votes" will be counted as present at the Annual Meeting, they will have the effect of votes "AGAINST" Proposal 3.

Votes submitted by mail will be voted by the individuals named on the card (or the individuals properly authorized) in the manner indicated. If a stockholder submits a duly executed proxy and does not specify how shares should be voted, they will be voted in accordance with the Board's recommendations. Stockholders who hold shares in more than one account must vote each proxy and/or voting instruction card received to ensure that all shares owned are voted.

Votes cast by proxy or in person at the Annual Meeting will be received and tabulated by Computershare Shareowners Services, the Company's transfer agent and the inspector of elections for the Annual Meeting.

Householding of Annual Meeting Materials

Some brokers and other nominee record holders may be participating in the practice of "householding" proxy statements. This means that only one copy of the Proxy Statement may have been sent to multiple stockholders in a stockholder's household. The Company will promptly deliver a separate copy of the Proxy Statement to any stockholder who contacts the Company's Investor Relations Department by writing to Spirit AeroSystems, Investor Relations, P.O. Box 780008, Wichita, KS, 67278-0008, or by calling (316) 523-7040 or by sending an email request to investorrelations@spiritaero.com. If a stockholder is receiving multiple copies of the Proxy Statement at the stockholder's household and would like to receive a single copy of the Proxy Statement for a stockholder's household in the future, the stockholder should contact his or her broker, other nominee record holder, or the Company's Investor Relations Department to request mailing of a single copy of the Proxy Statement.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board currently consists of eleven directors. On March 6, 2014, Mr. Jeffrey L. Turner informed the Board that he decided not to run for re-election at the Annual Meeting. The Board will consist of ten directors following the Annual Meeting.

The Company's Corporate Governance and Nominating Committee has nominated each of the ten persons listed below for election as directors. If elected at the Annual Meeting, each of the ten nominees will hold office until the next Annual Meeting of Stockholders and until their successors are elected and qualified, or until their death, retirement, resignation or removal. The Company does not have a mandatory retirement age for its directors. All of the nominees except for Christopher E. Kubasik have served as directors of the Company since the 2013 Annual Meeting of Stockholders, and Mr. Kubasik has served as a director since November 25, 2013.

Each nominee for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unavailable to serve. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, it is the intention of the proxy holders to vote such proxy for such other person or persons as designated by the present Board to fill such vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them "**FOR**" the nominees named below. A director must receive a plurality of the votes cast in person or by proxy at the Annual Meeting, entitled to vote on the matter, and voted in favor thereof in order to be elected. As a result, the ten nominees receiving the greatest number of votes will be elected.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES.

CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

Corporate Governance Information

The Company's Corporate Governance Guidelines and the charters of the four standing committees of the Board describe the governance practices followed by the Company. The Corporate Governance Guidelines and committee charters are intended to ensure that the Board has the necessary authority and practices in place to review and evaluate the Company's business operations; to make decisions that are independent of the Company's management; and to monitor adherence to the Company's standards and policies. The Corporate Governance Guidelines are also intended to align the interests of the Company's directors and management with those of the Company's stockholders. The Corporate Governance Guidelines establish the practices the Board follows with respect to the obligations of the Board and each director; Board composition and selection; Board meetings and involvement of senior management; chief executive officer performance evaluation and elected officer succession planning; Board committee composition, responsibilities and meetings; director

Table of Contents

compensation; director orientation and education; stockholders' advisory vote for say-on-pay; and director access to members of management, employees and independent advisors. The Board annually conducts a self-evaluation to assess its compliance with the Corporate Governance Guidelines and to identify opportunities to improve Board performance.

The Corporate Governance Guidelines and committee charters are reviewed periodically and updated as necessary to reflect changes in regulatory requirements and evolving oversight practices. The Corporate Governance Guidelines comply with corporate governance requirements contained in the listing standards of the NYSE and make enhancements to the Company's corporate governance policies. In 2013, the Corporate Governance and Nominating Committee reviewed the Corporate Governance Guidelines and considered various corporate governance principles that merit consideration by the Board. As a result of its review, the Corporate Governance and Nominating Committee recommended certain improvements to the Corporate Governance Guidelines and amended the Corporate Governance Guidelines in July 2013.

Current copies of the Corporate Governance Guidelines and Code of Ethics and Business Conduct are available under the "Investor Relations" portion of the Company's website, www.spiritaero.com.

Director Independence

The Company is deemed to be a "controlled company" under the rules of the NYSE because more than 50% of the voting power of the Company is held by Onex. See "Stock Ownership Information Regarding Beneficial Ownership of Principal Stockholders, Directors and Management" below. Therefore, the Company qualifies for the "controlled company" exception to the board of directors and committee composition requirements under the rules of the NYSE. Pursuant to this exception, the Company is exempt from the rules that would otherwise require that the Board be comprised of a majority of "independent directors" and that the Company's Compensation Committee and the Corporate Governance and Nominating Committee be comprised solely of "independent directors," as defined under the rules of the NYSE. The controlled company exception does not modify the independence requirements for the Company's Audit Committee. Accordingly, the Company complies with the requirements of the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act") and the NYSE rules, which require that the Company's Audit Committee be comprised of independent directors exclusively.

The Board annually examines and makes a determination of each director's and each nominee's independence based on criteria set forth in the NYSE rules. The Board considers all relevant circumstances when examining director independence. For directors employed by, or serving as directors of, companies with which the Company does business in the ordinary course, the Board examined the amount paid by the Company to those companies and by those companies to the Company. The Board also examined the directors' memberships on other public company boards and private company, civic and not-for-profit boards, as well as any executive positions that the directors may hold and any consulting and other services that they may provide.

Based on this analysis, the Board has determined that the following directors and nominees meet the standards of independence under the Company's Corporate Governance Guidelines and applicable NYSE listing standards, including that each such director and nominee is free of any relationship that would interfere with his individual exercise of independent judgment: Mr. Chadwell, Mr. Evans, Mr. Fulchino, Mr. Gephardt, Mr. Johnson, Mr. Kadish, Mr. Raborn and Mr. Kubasik. Although the Company is a "controlled company" within the meaning of NYSE rules and qualifies for an exception to certain board of directors and committee composition requirements under such rules, independent directors currently comprise a majority of the Board, and will continue to comprise a majority following the Annual Meeting if all of the nominees for directors are elected. In contrast, the Company's Compensation Committee and Corporate Governance and Nominating Committee are not comprised solely of independent directors.

Table of Contents

Nomination of Directors

The Corporate Governance and Nominating Committee is responsible for identifying and evaluating qualified potential candidates to serve on the Board and recommending to the Board for its selection those nominees to stand for election as directors at the Company's Annual Meeting of Stockholders. While the Corporate Governance and Nominating Committee has established no minimum eligibility requirements for candidates to serve on the Board, in performing its duties, the Corporate Governance and Nominating Committee considers any criteria approved by the Board or that the Corporate Governance and Nominating Committee deems appropriate, including but not limited to the candidate's judgment, skill, education, diversity, age, relationships and experience with businesses and other organizations; whether the candidate meets the independence requirements of applicable legal and listing standards; the organization, structure, size and composition of the Board and the interplay of the candidate's experience with the experience of other Board members; the qualifications and areas of expertise needed to further enhance the deliberations of the Board; whether the candidate maintains a security clearance with the DoD; the requirements of the Special Security Agreement among Onex, the Company and the DoD (the "Special Security Agreement"); and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board.

Each potential candidate to serve on the Board must satisfy the requirements of the Company's certificate of incorporation and bylaws, conform to high standards of integrity and ethics, and have a commitment to act in the best interest of the Company and its stockholders. Furthermore, potential candidates are evaluated based on whether they, when considered with all other members of the Board, allow the Company to satisfy the requirements of the Special Security Agreement, which among other things, (i) regulates the number of directors who are representatives of Onex, the number of DoD-approved directors who previously had no relationship with the Company or any entity controlled by Onex ("Outside Directors"), and the number of directors who are cleared officers of the Company ("Officer/Directors"); (ii) requires notice to and approval of the DoD concerning the appointment, removal and replacement of Outside Directors; and (iii) stipulates DoD personnel security clearance-eligibility requirements for Outside Directors and Officer/Directors.

The Corporate Governance and Nominating Committee will consider stockholder recommendations for candidates to the Board on the same basis that it considers all other candidates recommended to it. To recommend a director candidate to the Corporate Governance and Nominating Committee, a stockholder (other than a holder of the Company's Class B Common stock) must provide the Company with a written notice that contains, to the extent known to the nominating stockholder, (1) the name, age, business address and residence address of the nominating stockholder and the person to be nominated; (2) the total number and class of all shares of capital stock and other securities of the Company that are owned beneficially and of record by the person to be nominated and by the nominating stockholder and, if such securities are not owned solely and directly by the nominating stockholder or the proposed nominee, the manner of beneficial ownership (beneficial ownership has the same meaning as provided in Regulation 13D under the Securities Exchange Act of 1934, as amended (the "Exchange Act")); (3) the principal occupation of the proposed nominee; (4) a representation that the nominating stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (5) a description of all arrangements or understandings between the nominating stockholder or any of its affiliates or associates, and any others acting in concert with any of the foregoing, each person to be nominated, and any other person or persons (naming such person or persons) pursuant to which the nomination is to be made by the nominating stockholder; (6) such other information regarding such nominating stockholder and each person to be nominated by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC, had the nominee been nominated, or been intended to be nominated, by

the Board; and (7) the consent of the person to be nominated to serve as a director of the Company, if so elected, to be named in the Company's proxy statement (whether or not nominated), and the consent of the nominating stockholder to be named in the Company's proxy statement (whether or not the Board chooses to nominate the recommended nominee). The Company may request any proposed nominee to furnish such other information as may reasonably be required by the Company to determine the qualifications of the proposed nominee to serve as a director of the Company. If a stockholder wishes to formally nominate a candidate, he or she must follow the procedures described in the Company's bylaws.

All director candidate recommendations and formal nominations for membership to the Board for the 2015 Annual Meeting of Stockholders must be sent to the Company at the address set forth below and received by the date specified for stockholder proposals. See "Other Matters Stockholders Proposals to Be Presented at the 2015 Annual Meeting of Stockholders" below. The Company's presiding officer at the Annual Meeting of Stockholders may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

Experience, Qualifications, Attributes and Skills of the Members of the Board of Directors

The Board believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee the Company's business. In addition, the Board believes that there are certain attributes that every director should possess, as reflected in the Board's membership criteria. Accordingly, the Board and the Corporate Governance and Nominating Committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

The Corporate Governance and Nominating Committee is responsible for developing and recommending criteria for director nominees to the Board for approval. As discussed above, while the Corporate Governance and Nominating Committee has established no minimum eligibility requirements for candidates to serve on the Board, in performing its duties, the Corporate Governance and Nominating Committee considers any criteria approved by the Board or that the Corporate Governance and Nominating Committee deems to be appropriate. All of the Company's Board members share certain qualifications and attributes consistent with the general criteria set forth in the Company's Corporate Governance Guidelines. For example, each of them possesses specific skills and experience aligned with the Company's strategic direction and operating challenges and that complement the overall composition of the Board. In addition, each Board member has demonstrated certain core business competencies, including high achievement and a record of success, financial literacy, a history of making good business decisions and exposure to best practices. All of the Company's Board members also possess interpersonal skills that maximize group dynamics, including respect for others, strong communication skills and confidence to ask thought-provoking questions. The Board members are enthusiastic about the Company and devote sufficient time to be fully engaged in their roles as Board members. Finally, eight of the Company's non-employee directors satisfy the independence requirements of the NYSE and the SEC rules.

In addition, the Corporate Governance and Nominating Committee annually reviews the Board's requirements for Board members and the appropriate criteria for membership to the Board.

The Board also recognizes that the Company is more effectively governed when a diversity of viewpoints, backgrounds, opinions, skills, expertise, experiences and industry knowledge are represented on the Board. Accordingly, in October 2011, the Corporate Governance and Nominating Committee adopted the Board of Directors Diversity Policy for considering diversity in identifying nominees for director. The Board of Directors Diversity Policy provides that, in nominating candidates for election to the Board at each Annual Meeting of Stockholders, the Corporate Governance and Nominating Committee and the Board shall select individuals who represent a diversity of viewpoint, professional

experience, education, skill, expertise, industry knowledge and such other factors as the Corporate Governance and Nominating Committee and the Board believe would enhance the diversity of the Board and the effective governance of the Company. Accordingly, diversity of thought, experience, gender, race and ethnic background are considered in the director evaluation process.

As discussed under the heading "Proposal 1: Election of Directors Information Regarding Nominees for Election as Directors", the Company's directors have experience with businesses that operate in industries in which Spirit operates, including commercial aviation, aviation supply and maintenance, and defense industries, or that involve important skills necessary to advise the Company in strategic areas, including finance, general management, labor negotiations, governmental affairs and business strategy. The Corporate Governance and Nominating Committee has taken the specific experience, qualifications, attributes and skills of the individual Board members into account in concluding that each should continue to serve on the Board.

Communications with the Board

Stockholders and other interested persons may send communications to the Board, the chairman of the Board, individual members of the Board, members of any committee of the Board, or one or more non-management directors by letter addressed to Investor Relations at Spirit AeroSystems Holdings, Inc., 3801 South Oliver, Wichita, KS 67210, or by contacting Investor Relations at (316) 523-7040. These communications will be received and reviewed by the Company's Investor Relations office. The receipt of concerns about the Company's accounting, internal controls, auditing matters or business practices will be reported to the Company's Audit Committee. The receipt of other concerns will be reported to the appropriate committee(s) of the Board. The Company's employees also can raise questions or concerns confidentially or anonymously using the Company's Ethics Hotline. This hotline provides the Company's employees, suppliers and other stakeholders with a mechanism for reporting unethical activities and/or financial irregularities to the Board anonymously. Such persons are able to file reports via a web-based process or a toll free telephone number. Data reported to the Ethics Hotline is reviewed quarterly with the Audit Committee and with the Company's independent registered public accounting firm to help ensure that the Company's ethics and compliance programs remain effective. The Ethics Hotline is operated by a third-party service provider and is available 24 hours a day, 7 days a week and 365 days a year. Receipt of communications clearly not appropriate for consideration by members of the Board, such as unsolicited advertisements, inquiries concerning the products and services of the Company and harassing communications, are not forwarded to members of the Board.

Board Leadership Structure

We separate the roles of chief executive officer of the Company and chairman of the Board in recognition of the differences between the two roles. The chief executive officer is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the chairman of the Board provides guidance to the chief executive officer, sets the agenda for Board meetings and presides over meetings of the full Board. Because Mr. Johnson, the chairman of the Board, is not an employee of the Company and has been determined to be an "independent director", as defined under the rules of the NYSE, the Board has not deemed it necessary to appoint a lead independent director. The chairman of the Board also presides at all executive sessions of non-management directors and serves as the focal point for directors regarding resolving conflicts with the chief executive officer or other directors and coordinating feedback to the chief executive officer on behalf of directors regarding business issues and Board management. The Board generally holds executive sessions four times a year without the chief executive officer or other employees present, unless the presence of the chief executive officer and/or any other employees is requested by the Board.

The Board of Directors' Role in Risk Oversight

The Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to achieve planned long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks of a company and what steps are required to manage those risks, but also understanding what level of risk is appropriate for that company. The involvement of the full Board in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

The Board's role in the Company's risk oversight process includes receiving regular reports from members of the Company's senior management on areas of material risk to the Company. The Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate "risk owner" within the organization to enable it to understand the Company's risk identification, risk management and risk mitigation strategies.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Board has delegated to the Audit Committee primary oversight of the risk management process. The Audit Committee focuses on a broad range of legal, financial and operational risks, including internal controls, disclosure issues, contract accounting, Sarbanes-Oxley Act compliance, Ethics Hotline reports and legal and regulatory issues, including compliance with SEC rules and regulations. The Audit Committee annually reviews a comprehensive annual risk assessment report from the Company's internal auditors. The internal audit report surveys risks throughout the business, focusing on primary areas of risk, including operational, financial, contractual, legal and regulatory, strategic and reputational risks. The Audit Committee looks at the relative magnitude of these risks and management's mitigation plan, and provides strategic advice to the Company about ways to reduce and contain risk.

The Government Security Committee of the Board focuses its risk mitigation efforts in the areas of government and International Traffic in Arms Regulations compliance, compliance with the Company's Special Security Agreement with the Defense Security Service, intellectual property protection and segregation, information assurance policies, and information technology security and counter-espionage methodologies.

In addition, in setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy. Such incentives are also designed to align our executives' interests with those of our stockholders by tying executive compensation to stockholder return and value.

Finally, the Board's Corporate Governance and Nominating Committee assists with risk mitigation by ensuring that the Board and its committees are composed of individuals with the appropriate credentials and backgrounds to assist the Company with its risk mitigation efforts, while ensuring that the Company complies with all applicable NYSE, SEC and other public company governance requirements.

Committees of the Board

The Company's Compensation Committee consists of Messrs. Fulchino, Gephardt, Johnson and Popatia, with Mr. Fulchino serving as chairman. Three of the members of the Compensation Committee, Messrs. Corporate Governance and Nominating Committee. In accordance with the Company's Corporate Governance and Nominating Committee Charter, the Company's Corporate Governance and Nominating Committee's purposes are to assist the Board in identifying individuals qualified to become members of the Board consistent with the criteria established by the Board, to determine the composition of the Board and its committees, to develop and implement the Company's corporate governance principles and to oversee risks related to the Company's governance structure or from related person transactions. The Corporate Governance and Nominating Committee is responsible for, among other things, (1) leading the search for and selecting nominees for election as directors; (2) developing qualifications for director candidates; (3) evaluating the composition and size of the Board and its committees and overseeing the function of the Board's committees; (4) formulating a policy for the consideration of diversity in the identification, evaluation and nomination of director candidates; (5) developing and recommending to the Board a set of corporate governance guidelines, reviewing and recommending any changes to the guidelines and considering other corporate governance principles that may merit consideration by the Board; (6) evaluating and recommending ways to enhance communications and relations with the Company's stockholders; (7) developing and recommending to the Board procedures for the self-evaluation of the Board and its committees and the

As a result of its annual review, the Corporate Governance and Nominating Committee recommended certain improvements to the Corporate Governance and Nominating Committee Charter and amended the Corporate Governance and Nominating Committee Charter in July 2013.

The Company's Corporate Governance and Nominating Committee consists of Messrs. Fulchino, Gephardt, Kadish, Popatia and Turner, with Mr. Fulchino serving as chairman. Three of the members of the Corporate Governance and Nominating Committee, Messrs. Fulchino, Gephardt and Kadish, are independent within the meaning of NYSE listing standards. Mr. Popatia and Mr. Turner are not independent within the meaning of the NYSE listing standards. Board Meetings and Attendance; Attendance at Annual Meeting of Stockholders

During the fiscal year 2013, there were fourteen formal meetings of the Board and additional actions by unanimous written consent. All of the then-current directors attended at least 75% of the aggregate of (i) the total number of meetings (whether regular or special meetings) of the Board (held during the period for which such person was a director), and (ii) the total number of meetings held by all committees of the Board on which the director served (during the period that such director served). Recognizing that director attendance at the Annual Meeting of Stockholders can provide the Company's stockholders with an opportunity to communicate with Board members about issues affecting the Company, the Company actively encourages the members of the Board to attend its Annual Meeting of Stockholders. The Company held its 2013 Annual Meeting of Stockholders on April 30, 2013, and it was attended by all then-current members of the Board.

Executive Sessions of Non-Management Directors

The non-management directors meet in executive session at least four times a year and generally at the end of every regularly scheduled Board meeting to consider such matters as they deem appropriate, without the Company's chief executive officer or other management present. In accordance with NYSE listed company rules, "non-management" directors are all those who are not executive officers of the Company. Among the items that the non-management directors meet privately in executive sessions to review is the performance of the Company's chief executive officer and recommendations of the Compensation Committee concerning compensation for employee directors and other senior executive officers. Mr. Johnson, who serves as the chairman of the Board, acts as the chair of the executive sessions of the non-management directors.

Arrangements and Understandings

The Company's bylaws provide that during the period that the Company's Special Security Agreement remains in effect, the Board shall be composed of, among other things, one or more representatives of Onex. Accordingly, Mr. Popatia serves on the Board pursuant to such requirement. As long as the Special Security Agreement remains in effect, Mr. Popatia will continue to serve as a member of the Board until each subsequent Annual Meeting of Stockholders of the Company and until his successor is elected and qualified, and will be nominated to stand for re-election as a director of the Company at each such Annual Meeting of Stockholders, unless Mr. Popatia resigns prior thereto or an alternative nomination is made by Onex.

COMPENSATION OF NON-MANAGEMENT DIRECTORS

Non-management directors' compensation is set by the Board at the recommendation of the Compensation Committee. In developing its recommendations, the Compensation Committee is guided by the following goals: compensation should fairly pay directors for work required in companies similar in size and scope to the Company; compensation should align directors' interests with the long-term interests of the Company's stockholders; and the structure of the compensation should be simple, transparent and easy for stockholders to understand.

The Compensation Committee reviews and recommends to the Board for its approval all compensation of the Company's non-employee directors, but no member of the Compensation Committee may act to fix his or her own compensation except as uniformly applied to all of the Company's non-employee directors for their service on the Board.

In 2005, the Board adopted a Director Stock Plan to provide certain non-employee directors of the Company or Spirit with the opportunity to acquire equity in the Company through grants of restricted shares of the Company's Class B Common stock. On April 21, 2008, the Board amended the Director Stock Plan to allow for grants of restricted stock units, provide for the grants of restricted shares of the Company's Class A Common stock or restricted stock units to comprise one-half of each non-employee director's annual director fee and provide for a one-year service vesting condition. Upon ceasing to serve as a director, a recipient will forfeit any restricted stock which was granted to him within the one year period prior to his ceasing to serve as a director and in which he has not before then acquired an interest, unless the one-year service requirement is waived by the Board. Assuming the approval of the 2014 Omnibus Plan at our upcoming 2014 Annual Meeting of Stockholders, grants to directors following the Annual Meeting will be made pursuant to the 2014 Omnibus Plan, rather than the Director Stock Plan. Under the Director Stock Plan, from inception through December 31, 2013, the Company's and Spirit's non-employee directors have received grants of an aggregate of 390,000 shares of Class B restricted Common stock, 10,129 restricted stock units and 198,726 shares of Class A restricted Common stock. Because of his affiliation with Onex and the Company's management arrangements with Onex (see "Certain Relationships and Related Transactions" below), Mr. Popatia did not receive any restricted stock grants from the Company.

In 2009, the Compensation Committee reviewed benchmark Board compensation data from Towers Watson (using a peer group established by revenue level), and Spirit's peer group of listed aerospace and defense companies and decided to set Company director compensation at the 75th percentile level to account for growth projections, the international nature of Spirit's business, and the desire to maintain the high quality of board appointments. In 2013, the Compensation Committee reviewed benchmark Board compensation data for Fortune 500 companies prepared by Towers Watson and decided not to make any changes to Company director compensation, although it agreed to further evaluate compensation in 2014.

Non-management directors receive an annual board retainer fee of \$150,000 for their service as Board members. In 2013, the annual board retainer fee paid in respect of Mr. Popatia was paid in cash to Onex Partners Advisor LP. Other than with respect to Mr. Popatia, annual board retainer fees are paid in accordance with the terms of the Director Stock Plan. Under the Director Stock Plan, at least 50% of the annual board retainer fee is required to be paid in either shares of restricted Common stock or restricted stock units of the Company, which are subject to a one-year time-vesting requirement. Directors have the option to receive the remaining 50% of their compensation in cash, restricted stock or restricted stock units. In addition to the \$150,000 annual board retainer fee, in May 2012 the Board implemented an additional annual discretionary grant of \$15,000 in equity compensation per director in accordance with the Director Stock Plan. Non-management directors who serve on any of the Board's committees receive additional individual cash retainer fees. The chairman of the Board receives an additional annual retainer fee of \$40,000, the chairman of the Audit

Table of Contents

Committee receives an additional annual retainer fee of \$15,000, the chairman of each of the Board's other committees receives an additional annual retainer fee of \$10,000, each non-management director who serves on the Audit Committee receives an additional annual retainer fee of \$12,000 and each non-management director who serves on other committees receives an additional annual retainer fee of \$8,000 per committee. No additional fees are paid for attending Board or committee meetings. The annual board retainer fees and additional individual retainer fees are payable quarterly in arrears to all directors who have served the full quarter ended prior to the date of payment. No additional or other compensation is paid to the Company's executive officers who are also members of the Board. All directors are reimbursed for their out-of-pocket expenses incurred in connection with their director services. Occasionally, certain perquisites or personal benefits are provided to non-management directors under the same general standards as perquisites or personal benefits are provided to the Company's executive officers. Perquisites and personal benefits have been provided to non-management directors and to Mr. Lawson under the standards described in the Company's Perquisite Allowance Plan, which is discussed below in the Compensation Discussion & Analysis section. All compensation paid to Mr. Lawson and all compensation paid to Mr. Turner in their capacity as an employee or consultant of the Company is described in the executive compensation tables and narrative below under the caption "Executive Compensation". Fees earned or paid to non-management directors in 2013 are listed in the "Director Compensation for Fiscal Year 2013" table below.

The Company maintains a minimum stockholding requirement for non-employee directors, other than for any Onex-designated director (currently Mr. Popatia), who is deemed to be in compliance due to Onex's stock ownership. Each existing non-employee director is expected to accumulate over four years of service on the Board (beginning on the later of (i) the initial adoption of a minimum stockholding requirement in April 2009 and (ii) the initial appointment of the director to the Board) and thereafter, while serving on the Board, to continue to hold a minimum stockholding requirement in effect prior to May 2012, which was at least the greater of (1) the number of shares of our Common stock with an aggregate market value of \$225,000 and (2) 10,000 shares. In May 2012, the minimum stockholding requirement was increased to the greater of (1) the number of shares of our Common stock with an aggregate market value of \$250,000 and (2) 12,500 shares. Non-employee directors have four years after the adoption of the increased minimum stockholding requirement to accumulate the increased amount of shares. Restricted stock units held by directors are counted in determining whether the minimum stockholding requirements are satisfied. Newly appointed members of the Board are permitted four full years of service on the Board during which to attain the minimum stockholding requirement. Information regarding the current stock ownership of the Company's directors can be found below under "Stock Ownership Information Regarding Beneficial Ownership of Principal Stockholders, Directors and Management."

Mr. Turner served as the Company's President and Chief Executive Officer until April 6, 2013 and therefore did not receive any compensation as a director of the Company prior to that date. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related-person transactions have the potential to create actual or perceived conflicts of interest between the Company and its directors and executive officers or their immediate family members. The Board reviews such matters as they pertain to transactions with related persons as described by Item 404(a) of the SEC's Regulation S-K. In deciding whether to continue to allow these related-person transactions involving a director, executive officer or their immediate family members, the Board considered, among other factors:

information about the goods or services proposed to be or being provided by or to the related party or the nature of the transactions;

the nature of the transactions and the costs to be incurred by the Company or payments to the Company;

an analysis of the costs and benefits associated with the transaction and a comparison of comparable or alternative goods or services that are available to the Company from unrelated persons;

the business advantage the Company would gain by engaging in the transaction; and

an analysis of the significance of the transaction to the Company and to the related person.

The Board determined that the related person transactions disclosed herein are on terms that are fair and reasonable to the Company, and which are as favorable to the Company as would be available from non-related entities in comparable transactions. The Board believes that there is a Company business interest supporting the transactions and that the transactions meet the same Company standards that apply to comparable transactions with unaffiliated entities.

The Board has adopted a written Related Person Transaction Policy that is communicated to the appropriate level of management and can be found under the "Investor Relations" portion of the Company's website, www.spiritaero.com. Under the policy, a related person transaction is (1) any financial transaction (including any indebtedness or guarantee of indebtedness) in which the Company or any of its subsidiaries was, is, or will be a participant, where the amount involved exceeds \$120,000 within a 24-month period, and in which a Related Person (as defined in the policy) had, has or will have a direct or indirect "material interest" as determined by the Corporate Governance and Nominating Committee, or (2) any business, consulting, professional or similar relationship which a Related Person had, has or will have, directly or indirectly, with any material customer or supplier of the Company, where the amount of compensation involved exceeds \$120,000 within a 24-month period.

The Corporate Governance and Nominating Committee is responsible for reviewing these transactions and may take into consideration, among other things, (1) the materiality of the transaction; (2) the actual or perceived conflict of interest between the Company and the related person; (3) the impact on the transaction of applicable corporation and fiduciary duty laws and rules; (4) whether any products or services provided by the related person are provided on an arms'-length basis on terms comparable to those provided by unrelated third persons; (5) whether any products or services provided by the related person are of a nature, quantity or quality, or on other terms, that are not readily available from alternative sources; (6) disclosure considerations; (7) the potential impact of the transaction on the Company's relations with its customers, suppliers, stockholders and securities markets; (8) the Company's Corporate Governance Guidelines and Code of Ethics and Business Conduct; (9) the potential impact of the transaction on the objectivity of the related person; and (10) the best interests of the Company and its stockholders.

After review of the relevant facts and circumstances, if the Corporate Governance and Nominating Committee concludes that the related person transaction is in, or is not opposed to, the best interests of the Company and its stockholders, it may approve or ratify the transaction. If the Corporate

Governance and Nominating Committee declines to approve or ratify any related person transaction, the Company's general counsel, in coordination with the affected business unit or corporate function, will review the transaction, determine whether it should be terminated or amended in a manner that is acceptable to the Corporate Governance and Nominating Committee, and advise the Corporate Governance and Nominating Committee of his or her recommendation. The Corporate Governance and Nominating Committee will then consider the recommendation at its next meeting. If the general counsel does not ultimately recommend the transaction to the Corporate Governance and Nominating Committee, or if the Corporate Governance and Nominating Committee does not approve the transaction, the proposed transaction will not be pursued or, if the transaction has already been entered into, the Corporate Governance and Nominating Committee will determine an appropriate course of action with respect to the transaction.

Below are the transactions that occurred or have continued since the beginning of the fiscal year 2013, or any currently proposed transactions, in which, to the Company's knowledge, the Company was or is a party and the amount involved exceeded \$120,000, and in which any director, director nominee, executive officer, holder of more than 5% of any class of the Company's Common stock, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

Mr. Turner, the Company's President and Chief Executive Officer until April 6, 2013 and a director of the Company, is a member of the Board of Directors of INTRUST Bank, a Wichita, Kansas bank that provides banking services to Spirit. In connection with the banking services provided to Spirit, the Company pays fees consistent with commercial terms that would be available to unrelated third parties.

In addition, the Company paid approximately \$360,000, including reimbursement of expenses, to Onex during the fiscal year 2013 for various consulting services rendered by it to the Company. As previously mentioned, Mr. Popatia is a Managing Director of Onex.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, or "Section 16(a)," requires that directors, executive officers, and persons who own more than ten percent of any registered class of a company's equity securities, or "reporting persons," file with the SEC initial reports of beneficial ownership and report changes in beneficial ownership of common stock and other equity securities. Such reports are filed on Form 3, Form 4 and Form 5 under the Exchange Act, as appropriate. Reporting persons holding the Company's stock are required by the Exchange Act to furnish the Company with copies of all Section 16(a) reports they file.

To the Company's knowledge, based solely on the Company's review of copies of these reports, and written representations from such reporting persons, the Company believes that, except as stated in the paragraph below, all filings required to be made by reporting persons holding the Company's stock were timely filed for the year ended December 31, 2013 in accordance with Section 16(a).

Mr. Turner, former President and Chief Executive Officer of the Company, inadvertently failed to timely report the withholding by the Company of 5,092 shares of Class A Common stock for the purposes of satisfying Mr. Turner's withholding tax obligations in connection with the vesting of shares granted to Mr. Turner under the Short-Term Incentive Plan (STIP). The disposition of such shares was subsequently reported on a Form 4, filed on October 3, 2013.

These targets and goals are discussed in the limited context of our compensation program and should not be considered statements of our management's expectations or estimates of our results or other guidance. We specifically caution investors not to apply these statements to other contexts.

The Company's compensation programs are designed to reward our executives for delivering both shorter-term performance results and longer-term shareholder value. Through our programs, we are able to provide a competitive total compensation package while aligning executive interests with those of our stockholders. The following highlights the key considerations our Compensation Committee considers in the development, review and approval of our Named Executive Officers' ("NEOs") compensation:

Key considerations when reading the CD&A:

Mr. Jeffrey L. Turner, our former President and Chief Executive Officer, officially retired from the Company and Spirit on June 30, 2013. Mr. Turner had been Spirit's President and Chief Executive Officer since the Company's formation in 2005. Mr. Turner remains on the Company's Board of Directors.

Our Board of Directors named Mr. Larry Lawson our new President and Chief Executive Officer on April 6, 2013. Mr. Lawson previously was the former Executive Vice President of Lockheed Martin's Aeronautics business segment.

Mr. Philip D. Executive Summary

2013 Company Performance

In 2013, Mr. Lawson was named as Spirit's new President and CEO. Mr. Lawson quickly commenced a strategic and financial review of the Company and its programs. He subsequently added new leadership talent to the team, re-organized the Company to support our customers and programs, and began working to improve operational and cost performance.

Based on the changes in leadership, 2013 was the start of a multi-year transformation that positioned the Company to move forward as we ramp up alongside our customers to all-time historical highs in commercial aircraft production rates.

The nearby charts help summarize our performance in 2013 and include several measures that are directly tied to compensation through our Short-Term Incentive Plan (STIP) and Long-Term Incentive Plan (LTIP).

Revenue in 2013 increased 10% to \$6 billion. While our earnings before interest and taxes (EBIT) performance was negative in 2013, we generated positive cash flow. Moreover, in 2013, we continued to invest heavily in order to position us for the longer-term as our customers' demand for high quality, cost-effective engineering and manufacturing intensifies.

The Company is entering 2014 with a strong cost discipline and a relentless focus on performance and accountability that should begin to yield consistent cash generation.

Table of Contents

The Company's three-year annualized total shareholder return of 18% demonstrates that the Company is creating long-term value for its stockholders. Our stock delivered a one-year total shareholder return of 101% in 2013, reflecting that stock performance continued to improve in 2013 under the Company's new leadership and clear strategic focus on performance.

To ensure we continue our commitment to and alignment with shareholder value in our pay programs, we annually grant to qualifying employees restricted shares with a value that is directly tied to our share price. In addition, to strengthen this tie to pay-for-performance, our Compensation Committee determined that, beginning in 2014, vesting of 25% of the long-term incentive grant to qualifying employees will be contingent on our total shareholder return compared to that of our peer group.

In 2013, through increases in our stock price, the Company increased shareholder wealth by nearly \$2.4 billion in total (although we acknowledge that our year-to-date stock performance has given up a portion of the 2013 gains).

The following message delivered to the Spirit executive team in 2013 by Mr. Lawson highlights the Company's focus and alignment around performance and increasing shareholder value.

2013 CEO Messages to Spirit Team:

We aligned the Company towards its customers and programs, took aggressive action to reduce costs and added talent to our leadership team.

Our 2013 actions reflect a commitment to our shareholders, customers and employees to sharpen Spirit's focus and generate cash. We are laser-focused on the right things: disciplined decision-making focused on the market, performance, cost and cash flow.

Our increased focus on the essentials of performance and quality are showing signs of progress. We've begun reducing costs as we deliver great aerostructures to our customers and generate cash to reinvest for our future.

We reported 2013 financial results reflecting continued strong demand for large commercial aircraft and strong mature program operating performance.

Our robust \$41 billion backlog represents the growing, globally-diverse demand for our industry-leading products and capabilities. As single-aisle products remain the major driver of large commercial aerospace market growth over the next twenty years, Spirit is well-positioned with approximately 62 percent of backlog on the next generation 737 and A320 families. Longer-term, we believe there are growth opportunities

in large commercial aircraft. In the defense market, we made an announcement this year of a teaming agreement with Bell Helicopter on the V-280 Valor, the next generation tiltrotor to meet the Army's Future Vertical Lift requirements.

Table of Contents**2013 Compensation Program Decisions**

Our decisions on executive compensation reflect the Company's commitment to pay-for-performance and increase alignment between the interests of executives and stockholders. Decisions made by our Compensation Committee in 2013, as well as executive compensation changes set to become effective in 2014, are described below.

Key 2013 Compensation Decisions The Company's leadership team changed significantly in 2013 with the addition of a new CEO and CFO, along with several role changes for other NEOs. The following provides a high-level overview of compensation decisions for 2013.

See pages 38-41 for details

Base Salaries

To enable the Company to attract high caliber external candidates with specialized skills, the Compensation Committee has determined that executive officers' base salaries should be paid at market median. As part of this move toward market median, David Coleal received a 52% increase due to his promotion to EVP, GM Boeing, Military, Business & Regional Jet Programs & Aftermarket, Samantha Marnick received a base salary increase of 10% in May 2013 and John Pilla's base salary increased 13% in connection with the expanded responsibilities of his promotion to EVP, GM Airbus and A350 xWB Program Management. Mr. Anderson did not receive a pay increase based on his current positioning against market median, nor did Mr. Turner due to his impending retirement.

Increases to annual base salaries noted in the table below may not match those reported in the Summary Compensation Table because of the timing of an executive's hiring, retirement or promotion.

Lawson	N/A	\$1,000,000	N/A
Turner	\$770,000	\$770,000	0%
Kapoor	N/A	\$525,000	N/A
Anderson	\$400,000	\$400,000	0%
Coleal	\$385,000	\$585,000	52%
Pilla	\$310,000	\$350,000	13%
Marnick	\$300,000	\$330,000	10%

Short-Term Incentive Plan (STIP)

Seventy-five percent of the 2013 STIP potential award was based on the company-wide quantitative measures of earnings before interest and taxes (EBIT), EBIT as a Percentage of Revenue, and Total Free Cash Flow. Twenty-five percent of the 2013 STIP potential award was based on qualitative measures evaluated by the Board.

The performance of the Company fell short of the STIP target goals set for 2013 (largely due to charges taken on several of our maturing programs, which led the Compensation Committee to award a payout of 48% of the target STIP for each NEO other than Mr. Lawson. In accordance with his Employment Agreement (detailed on page 38), Mr. Lawson was guaranteed a target annual bonus STIP award for 2013 of no less than 115% of his base salary.

Table of Contents

Discretionary Cash Award

To reflect the progress made during this transitional year to strengthen the Company for the future, the Compensation Committee approved the use of the 10% discretionary bonus pool. As our new CEO, Mr. Lawson quickly aligned the organization to support our customers and programs, added new leadership talent to the team and helped to position the Company for success. In recognition of this strong performance in his new role, Mr. Lawson received 20% of his annualized 2013 base salary as a discretionary bonus award. The other NEOs serving as officers at year-end received either 8%, 10% or 12% of base salary in recognition of their individual contributions to the business. The 2013 discretionary bonus awards will mark our last payouts of awards of this type, as the discretionary bonuses are being discontinued.

Long-Term Incentive Plan (LTIP)

Under our LTIP, which has provided for time-based awards aimed at retention, the NEOs received restricted stock grants with values ranging from \$0.5 - \$4.0 million in May 2013. Messrs. Lawson and Kapoor received additional restricted stock grants as part of their compensation packages when joining the Company. Based on the restructuring of our leadership team, Mr. Pilla, Mr. Coleal and Ms. Marnick also each received a one-time special retention restricted stock grant that vests over four years.

2014 Program Updates

See pages 65-71 for details

Consolidation of Incentive Plans

As of March 7, 2014, we had 8,992,019 remaining ungranted shares of stock allocated to four compensation plans: STIP, LTIP, EIP and DSP. Each of those plans was intended for a specific purpose, and none of them permits awards that would satisfy the performance-based exemption under IRC Section 162(m). As described in this Proxy Statement, we are seeking stockholder approval at the 2014 Annual Meeting of Stockholders of the 2014 Omnibus Plan to replace those four plans (See p. 65). If the 2014 Omnibus Plan is approved, it would not be dilutive, as it will be funded with 8.5 million shares, while the right to make awards on the 8,992,019 shares remaining under the other four plans would terminate.

Short-Term Incentive Awards

In order to strengthen the focus of the short-term incentive award on the results of the Company creating a greater link between pay and performance the qualitative component has been removed and replaced with measures relating to the program and functions in which the individual operates and an explicit focus on individual performance; the new short-term incentive awards (as described below) will have the following performance weightings:

- 70% weighting tied to Company performance
 - 25% EBIT
 - 25% Revenue
 - 50% Total Free Cash Flow
- 20% weighting on program/functional performance, and
- 10% weighting tied to individual performance

In addition, starting with 2014 payments in respect of 2013 performance, short term incentive awards to our executives will be paid fully in cash moving forward (rather than 50% cash and 50% stock, as previously awarded), in accordance with market best practices.

Table of Contents

Discretionary Cash Award

Discretionary cash bonus awards have been discontinued beginning in 2014 in order to align with our enhanced focus on accountability for performance and to align with market best practices.

Long-Term Incentive Awards

To strengthen the link between pay and performance, beginning with 2014 grants, twenty-five percent of the long-term incentive award vesting will be contingent upon how our total shareholder return (TSR) compares to our peers. Seventy-five percent of the LTIP restricted stock awards will remain time-based to support retention. Concurrently with this design change, the vesting of the time-based awards will change from four years to three years to align with market practices.

Pay-for-Performance Focus

Aligning Pay with Performance

Our success as a company depends largely on the contributions of our senior executives and their efforts to deliver strong business results and increase shareholder value. This understanding supports our commitment to pay-for-performance and shapes our approach to providing a competitive total compensation package to our NEOs.

The Company uses a balance of short- and long-term incentives as well as cash and non-cash compensation to reward NEOs for their roles in meeting company objectives. Under our pay-for-performance philosophy, executive officers have the opportunity to earn in excess of market median levels when their performance exceeds expectations. Conversely, if performance falls below expectations, our incentive plans pay below target levels.

Program Design: As designed, 84% of the total annualized direct compensation for our CEO and between 74% - 77% for our other NEOs is comprised of variable pay (notwithstanding any guaranteed minimum payments or awards under the CEO's employment agreement). The portion of target annual compensation that is variable generally increases with the executive officer's position level and impact on our performance, providing significantly more upside potential and downside risk for more senior positions as these executives have a greater influence on our performance as a whole. The actual value realized from short-term incentive awards ranges from zero if threshold performance targets are not met up to 200% of targeted amounts for exceptional company performance, while the long-term portion has been time-based variable pay (though starting in 2014, 25% of long-term awards will be tied to total shareholder return relative to our peers). Prior to 2014, discretionary awards were also offered based on individual performance against company objectives.

Performance Assessment: Our Compensation Committee uses a comprehensive and well-defined process to assess Company performance. We believe the performance measures for our incentive plans focus management on the appropriate objectives for the creation of both short- and long-term shareholder value.

The Company's incentive compensation components for NEOs are intended to link compensation performance with the full spectrum of our business goals, some of which are short-term, while others take several years or more to achieve.

Over time, our incentive compensation programs have demonstrated our commitment to pay-for-performance. As evidenced by the chart to the right, we have a record of making short-term incentive award payouts below our targets when we do not meet our performance goals.

In addition to our short- and long-term incentive plans, our stock ownership guidelines require all senior executives to meet specific ownership targets based on position. This requirement subjects these executives to the same long-term stock price volatility our stockholders experience and further aligns our executives' interests with those of our stockholders'. See page 43 for details.

CEO Pay at a Glance

Mr. Lawson's annualized target pay for 2013 positioned his target total direct compensation (base salary, target short-term incentives, target long-term and discretionary incentives) slightly below the 50th percentile of the peer group and survey data described on page 36.

Determining Compensation for 2013

Role of the Compensation Committee

The Compensation Committee of the Board is responsible for establishing, implementing and monitoring compliance with our compensation philosophy and objectives. Generally, the Compensation Committee strives for internal equity among our NEOs and, accordingly, the types of compensation and benefits offered to our NEOs are consistent among the group.

The Compensation Committee develops and modifies, as appropriate, the executive compensation philosophy and objectives, and makes recommendations to the full Board on the performance goals, objectives and compensation structure for NEO compensation.

Each year, the Compensation Committee evaluates each NEO's performance in relation to the Board of Directors' goals and objectives, and with respect to our CEO, reviews his self-evaluation. Based on these evaluations, the Compensation Committee reviews and approves our NEOs' annual compensation, including salary, short- and long-term incentives, any discretionary awards and other similar arrangements. Together with our CEO, the Compensation Committee also reviews and approves annual discretionary cash bonuses for the other NEOs.

In establishing the overall philosophy and strategy of our NEO compensation, the Compensation Committee takes into consideration the counsel and recommendations of our CEO and Senior Vice President of Corporate Administration and Human Resources, recommendations of other members of the Board, and the research analysis and advice of Towers Watson.

Edgar Filing: HONEYWELL INTERNATIONAL INC - Form NO ACT

The Compensation Committee continues to examine existing and new compensation programs and objectives to ensure that ours remain appropriate and consistent with our overall philosophy and objectives.

Table of Contents

Role of the CEO

Each year, our NEOs prepare and discuss their self-evaluations with our CEO, who presents a compensation recommendation for each other NEO to the Compensation Committee. These recommendations are based on the CEO's review of their performance, job responsibilities and importance to our overall business strategy, as well as our compensation philosophy. Although these recommendations are given significant weight, the Compensation Committee retains full discretion when determining compensation for our executive officers.

The CEO also prepares a self-evaluation and presents it to the Compensation Committee.

Role of the Compensation Consultant

The Compensation Committee retains the authority to approve and monitor all compensation and benefit programs (other than broad-based welfare benefit programs). To add rigor in the review process and to inform the Compensation Committee of market trends, the Compensation Committee utilized the services of Towers Watson in 2013. Towers Watson assisted the Compensation Committee in benchmarking our executive compensation and reviewing trends and regulatory implications for executive pay and developing incentive plan design alternatives. This information was also used by the Compensation Committee in establishing our NEOs' base salaries and target goals for compensation plan awards.

Towers Watson is engaged by our management, with the prior and ongoing approval of the Compensation Committee, and provides executive compensation consulting services that support the Compensation Committee's goal to align the interests of our executive officers with those of our stockholders. Towers Watson and its affiliates did not provide any other services to the Company in 2013. The Compensation Committee has considered the factors specified by the SEC in determining that Towers Watson provides independent advice.

Mercer Human Resources Consulting is also engaged by our management to provide non-executive compensation consulting services to the Company.

Consideration of Advisory Stockholder Vote on Executive Compensation

We believe that it is appropriate to seek the views of our stockholders on the design and effectiveness of our executive compensation program. At our 2011 Annual Meeting of Stockholders, we held our first non-binding, advisory stockholder vote on executive compensation under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. In 2011, the advisory vote on executive compensation (the Say-On-Pay vote) received greater than 93% support from the votes of our stockholders present, in person or by proxy, and entitled to vote on the matter. As an advisory vote, the results of this stockholder vote are not binding upon us; however, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by our stockholders in their vote and considered the outcome of this vote when it made compensation decisions for the Named Executive Officers. The Compensation Committee considered the 93% stockholder vote supporting our executive compensation, and accordingly decided not to make significant changes to the executive compensation that received the strong support of our stockholders.

In addition, at our 2011 Annual Meeting of Stockholders, our stockholders approved holding the advisory vote every three years (the Say-When-On-Pay vote), which we believe will allow for a meaningful evaluation period of performance against our compensation practices. In accordance with the advisory vote of our stockholders at the 2011 Annual Meeting of Stockholders, and as determined by the Compensation Committee and the Board, we will include an advisory vote on executive compensation in our proxy statement every three years.

Benchmarking Our 2013 Executive Compensation Program

Our executive compensation program total direct compensation consisting of base salary, short-term incentives and long-term incentives is compared to that of our peers in order to determine competitive levels to support the attraction and retention of our executive officers.

We benchmark executive compensation against a peer group of comparably-sized (in terms of revenue) U.S.-based companies (emphasizing aerospace, defense and auto component manufacturers). The companies specified below were included in the Towers Watson peer group analyses for 2013. The graph below demonstrates that the peers represent a reasonable range of smaller and larger companies (based on revenues). (Note that changes from the 2012 group include the removal of Esterline Technologies (less than \$2 billion in revenue) and the addition of Terex to replace it.)

The Company will measure its total shareholder return relative to this peer group to determine the degree to which the performance-based shares of restricted stock it plans to award in 2014 (if stockholders approve the 2014 Omnibus Plan) will vest.

We also used a broader survey sample for benchmarking executive compensation. In 2012, in connection with setting 2013 pay, the Compensation Committee reviewed compensation benchmarking based on national, proprietary compensation surveys. Specifically, data was prepared principally using a Towers Watson Executive Compensation custom survey on aerospace and defense, transportation, industrial manufacturing, energy and electrical equipment and services, automotive, building products and general industry companies. Comparable benchmarking was also conducted in 2013 in connection with establishing 2014 pay.

The composition of the survey group may vary somewhat from year to year based on survey participation. The survey analysis considers companies in relevant industries (aerospace and defense, machinery, auto components, and electrical equipment) as well as companies in a broad array of industries when necessary to complement data limitations. Survey data were size-adjusted to approximate Spirit's revenue either through regression or by limiting the survey sample to comparably-sized companies.

The Compensation Committee believes that overall executive compensation should be designed to be competitive with comparable companies, to reward effective execution of our goals and the individual objectives set for our executive officers, and to recognize exceptional

performance and results.

Analysis of 2013 Compensation

CEO Employment Agreement

Mr. Lawson was hired on April 6, 2013. His compensation is market-based and is 14% above Mr. Turner's target pay prior to his retirement. His Employment Agreement provided for compensation as follows:

Initial Base salary of \$1,000,000

Signing bonus of \$2,000,000 in restricted stock

Buy-out bonus of \$4,000,000 in restricted stock for foregone benefits from his previous employer

Guaranteed target annual bonus award of no less than 115% of base salary for 2013 performance

Long term incentive award equal to \$4,000,000

Company contribution of \$1,000,000 in deferred compensation credited on each of the first five anniversaries of hire date

Relocation benefits, made under Company-wide programs

Base Salaries

In the early years after our formation as a stand-alone company and the acquisition of the assets of Spirit from Boeing (the "Boeing Acquisition"), we managed salaries well below the market median with above market annual incentives to restore the opportunity to reach market median. In recent years, we have been shifting that approach and are increasingly managing base salary at a level commensurate with market median.

In 2013 Mr. Coleal received a 52% base salary increase due to his promotion to Executive Vice President and General Manager for Boeing, Military, Business & Regional Jet Programs & Aftermarket, and Mr. Pilla's base salary increased 13% in connection with the expanded responsibilities of his promotion to Executive Vice President and General Manager for Airbus and A350 xWB Program Management. Ms. Marnick received a base salary increase of 10% in May 2013 to better approximate market amounts.

Mr. Anderson did not receive a pay increase based on his current positioning against market median, nor did Mr. Turner due to his impending retirement.

Mr. Kapoor joined the Company as the new Senior Vice President and Chief Financial Officer in 2013. Mr. Kapoor received a starting salary of \$525,000 consistent with market median for his role.

Short-Term Incentive Awards

We target annual incentive awards at a level that, when combined with base salaries, result in total annual compensation that is above the market median when the Company performs well. As we are elevating the base salary component to market median, we are in the process of reducing the target short-term incentive awards.

Each year the Board establishes company performance objectives, targeted achievement levels and weighting to be used for the annual incentive award determination, based on a recommendation from the Compensation Committee. In assessing our performance against objectives following the close of each year, the Compensation Committee considers actual quantitative results against the specific budgetary objectives,

Edgar Filing: HONEYWELL INTERNATIONAL INC - Form NO ACT

which has been the basis for 75% of the overall STIP award. The Compensation Committee has also considered a qualitative component of up to 25% based upon predetermined

Table of Contents

objectives. The Compensation Committee then determines the percentage of the target award that will be paid to each of our executive officers.

In February 2013, the Compensation Committee recommended performance goals to the Board for 2014 payout in respect of 2013 based on three primary quantitative metrics as well as five qualitative considerations. The quantitative metrics are: (1) earnings before interest and taxes (EBIT), (2) EBIT as a Percentage of Revenues and (3) Free Cash Flow (cash flow from operations less net capital expenditures). The qualitative considerations that the Compensation Committee identified were: (1) results of customer re-pricing, (2) stability of our new programs, (3) improvement of our product quality and processes, 4) productivity maximization and (5) our operating values. After first quarter performance, the qualitative considerations were realigned by the Compensation Committee to focus on the following six qualitative metrics: (1) customer pricing, (2) stability of our new programs, (3) core program capacity expansion and rate increases (4) quality, process and productivity improvement, (5) teamwork and succession, and (6) our operating values.

STIP Performance Results

The table below summarizes our 2013 performance versus the previously-determined STIP goals. We failed to meet the threshold required for payment under the EBIT and EBIT as a Percentage of Revenue measures. Our Total Free Cash Flow results exceeded the target. The board assessed our performance against qualitative objectives at below-target levels. As a result, the Compensation Committee determined a payout of 48% of the target STIP (28% based on quantitative company performance and 20% based on qualitative results).

Measure (\$mm)	Weight	Target	Result	Weighted Payout
EBIT	25%	\$ 543	\$ (331)	0%
EBIT %	25%	9.1%	-5.6%	0%
Total Free Cash Flow	25%	\$ 50	\$ 57	28%
Board's Qualitative Assessment	25%	100%	80%	20%
STIP Total				48%

As shown in the table below, the NEOs earned less than half of their target award, with the exception of Messrs. Lawson and Kapoor, whose awards were guaranteed at target based on their contractual agreements. Mr. Turner's payout reflects a prorated payout of six months, the portion of 2013 prior to his retirement.

Lawson	\$1,150,000	\$1,150,000
Turner	\$767,890	\$368,587
Kapoor	\$525,000	\$525,000
Anderson	\$480,000	\$230,400
Coleal	\$505,282	\$242,535
Pilla	\$403,956	\$193,899
Marnick	\$363,912	\$174,678

In 2014, Mr. Lawson's target will remain 115% of his base salary; however, in connection with the recalibration of base salaries and short-term incentive award to market, all other NEOs targets will be set at or reduced to 100% of base salary.

Table of Contents

Our past practice has been to pay annual awards to our chief executive officer in 50% cash and 50% restricted stock, and we generally have used the same split to pay annual awards to our other executive officers, at the discretion of the Compensation Committee. Starting with 2014 payments in respect of 2013 performance and moving forward, annual awards to our executives are being paid in all cash, commensurate with market best practices.

With respect to the stock portion of the 2012 STIP awards that were paid in 2013, the fair market value was set by the Board to be the average of the opening and closing trading prices of the Class A Common stock on February 24, 2013, which was the third trading day after our quarterly earnings announcement. The "Grants of Plan-Based Awards for Fiscal Year 2012" table below reflects the actual number of STIP stock awards granted in 2013 for 2012 performance and paid in 2013. The 2012 STIP award was confirmed by the Board in executive session on February 5, 2013.

The STIP awards paid in cash in February 2014 for 2013 performance are considered to have been earned in 2012. These cash awards for the Named Executive Officers are reported as 2013 compensation in the "Non-Equity Incentive Plan Compensation" column of the "Summary Compensation Table."

Discretionary

In order to recognize exceptional individual performance and contributions toward achievement of Company goals, executive officers have the opportunity to earn an additional cash award. This bonus has been reserved for the Company's highest performers. The discretionary bonus pool has been equal to 10% of aggregate executive base salaries at target performance; however, the pool allocation and the specific officer recipients have been determined in the sole discretion of the Compensation Committee upon consultation with the CEO. The discretionary bonus pool could have been set as high as 20% of aggregate executive base salaries if target performance was exceeded and could be set under 10% in the event of lower Company performance. The Compensation Committee separately reviews the CEO's performance to determine whether any discretionary award is appropriate for him. In making this determination, the Compensation Committee considers whether it is appropriate to further reward the CEO for exceeding individual performance toward Company objectives and furthering shareholder returns.

To reflect the progress made during this transitional year to strengthen the Company for the future, the Compensation Committee approved the use of the 10% discretionary bonus pool for 2013. This award is included in the bonus column of the "Summary Compensation Table."

In order to align better with our increased focus on accountability for performance results and to align with the market practices, discretionary awards will be discontinued beginning in 2014.

Long-Term Incentive Awards

The LTIP is an important component of compensation, as it is used to provide long-term, equity-based incentive compensation in keeping with our executive compensation philosophy for the entire executive group. As the STIP has provided the at-risk component of the executive package, the LTIP has been a time-based vesting plan used to retain our executive leadership and reward our high potential employees and tie pay to stockholder returns.

For 2013, we granted restricted stock awards with multi-year vesting schedules under the LTIP to our CEO and Named Executive Officers and all of our other executive officers in May 2013. Typically, the shares granted provide for vesting in three equal installments on each of the 2nd, 3rd and 4th anniversaries of the grant date.

Special one-time awards were granted to our newly-hired NEOs Messrs. Lawson and Kapoor, whose grants were in the form of sign-on bonuses. Mr. Turner also received an award in connection

Table of Contents

with his retirement and consulting agreement. In connection with our leadership changes and re-alignment, Messrs. Coleal and Pilla, and Ms. Marnick received retention awards equal in value to their annual LTIP grant. The table below outlines the special one-time LTIP awards made to NEOs in 2013 in addition to their annual target LTIP awards (reflecting fair value as calculated in accordance with applicable accounting rules).

Lawson	\$4,000,006	\$6,000,019
Turner	N/A	\$1,540,004
Kapoor	N/A	\$2,000,051
Anderson	\$800,018	N/A
Coleal	\$994,508	\$994,508
Pilla	\$664,998	\$664,998
Marnick	\$495,004	\$495,004

For 2014, increased emphasis will be on Company performance and shareholder value. The long-term incentive design will change to include a 25% weighting on performance-based shares, the vesting of which will be determined by our total shareholder return compared to our peer group. (See Proxy Peer Group Table, page 36)

Executive Incentive Plan (EIP)

The EIP was introduced when we became a stand-alone company. Under this plan, our executive officers who made an initial investment in the Company were able to earn matching stock awards based on our performance over time. Awards under the plan were subject to a five-year service requirement, and all NEOs who were participants in the EIP have met this service requirement; however, some of the outstanding shares under the plan remain subject to sale restrictions, and participants do not have the unrestricted rights of stockholders with respect to those shares until the earlier of a liquidity event or June 16, 2015. No stock has been purchased or granted under the EIP since July 31, 2006, and no further shares will be granted under the EIP.

Executive Recruitment

Factors Guiding Our Decisions to Support Attraction, Motivation and Retention of Top Talent

In light of our decision to bring in new talent, we have evaluated new measures to help attract such talent.

- ii We seek highly qualified executive talent for our leadership team in a very competitive industry.
- ii We conduct strategic talent reviews of our executives against business needs on a regular and recurring basis.
- ii We balance our internal development and succession planning process with attracting high performing executives, who have proven records of skill and performance, from other companies, including our competitors.
- ii In attracting external, skilled, high-performing talent, the Compensation Committee believes that the initial compensation package provided to an executive officer must be significant enough to attract the talent from his or her current company; therefore, base salaries have been moving from below market median to around the market median.
- ii Generally, we target market median levels in total compensation; over time we've been elevating the portion paid in salary to align with market practices and reducing our above-market incentives to help mitigate any undue risk-taking.

We have structured a variety of compensation arrangements and approved various payments to recruit executive talent. The Compensation Committee has approved LTIP stock and cash payments designed to compensate individual executive officers for compensation that they would forgo by leaving their current employers. More specifically, Mr. Lawson's employment agreement provided for a signing bonus of restricted stock units valued at \$2,000,000 and a buyout bonus of restricted stock units valued at \$4,000,000 to compensate for foregone compensation benefits from Mr. Lawson's previous employer. Mr. Kapoor received a signing bonus of restricted stock units valued at \$2,000,000 under his employment agreement; in addition, in consideration of bonuses foregone from his previous employer, Mr. Kapoor received a cash sign-on bonus of \$250,000, \$100,000 of which is payable on the second anniversary of his employment. These awards are included in the "Bonus" and "Stock Award" columns of the "Summary Compensation Table", as applicable. The Compensation Committee believes that its decision to adopt those compensation arrangements and approve those payments was reasonable and necessary to achieve our overall goals and was consistent with our compensation philosophy.

Perquisites

Perquisites and other benefits represent a small part of the overall compensation package for our executive officers. Beginning with fiscal year 2012, all individual perquisites for the participants were eliminated and replaced with an annual allowance of \$25,000 for our chief executive officer and up to \$13,000 for each other participant, including each of our other Named Executive Officers. Any portion of a participant's annual allowance that is not used by him or her by the end of the applicable calendar year lapses and does not carry over to the following calendar year. Our chief executive officer administers the plan on behalf of the Board and the Compensation Committee, including designating participants and allowance amounts and ensuring that the use of perquisites is in compliance with the plan.

The Company's executive security procedures which prescribe the level of personal security to be provided to the CEO are based on business related security concerns and are an integral part of the

Table of Contents

Company's overall risk management. This has been assessed by an independent security consulting firm and deemed necessary and appropriate for the protection of our CEO. Therefore, it is recommended that our CEO use company aircraft for personal travel for security reasons, and as a result, his use of our aircraft is a substantial portion of his perquisite usage.

The Compensation Committee will periodically review competitive market data to ensure that the Perquisite Allowance Plan is reasonable and within market practice.

Health Benefits/Retirement Plans

We provide our executive officers, including our NEOs, benefits provided to all other salaried, non-union employees, including medical and dental insurance and tax-qualified defined contribution participation and matching (our 401(k) plan). These benefits are important for retaining our executive officers and enhancing their compensation through tax-excluded or tax-deferred vehicles. Our contributions to our 401(k) plan on behalf of the NEOs are included in the "All Other Compensation" column of the "Summary Compensation Table" below. This plan furthers our objectives of attracting and retaining well-qualified employees and executive officers as it is our only active retirement plan.

We adopted a supplemental executive retirement plan (SERP) in connection with the Boeing Acquisition in order to attract certain employees from Boeing. The SERP provides deferred compensation benefits to those of our executive officers and certain other members of management that previously participated in Boeing's Supplemental Executive Retirement Plan for Employees of Boeing prior to the Boeing Acquisition. Also in connection with the Boeing Acquisition, we adopted the Pension Value Plan (PVP) for those former employees of Boeing who did not retire from Boeing by August 1, 2005. Both the SERP and the PVP are frozen plans, so no additional employees are becoming participants in the plans and no current participants are accruing any additional benefits. The PVP allowed the transfer of pension values from Boeing pension plans. The PVP is fully paid for by us, and our employees are vested after reaching five years of service. We list the benefit numbers for the Named Executive Officers in the "Pension Benefits" table and the additional narrative following that table.

Stock Ownership Guidelines

The Company maintains stock ownership guidelines for its Named Executive Officers and other senior executives to further promote alignment of management and stockholder interests. The ownership requirements (measured by value of our stock required to be held) are based on a multiple of base salary tied to pay grade.

The stock ownership guidelines establish the following target levels for Company stock ownership:

Chief Executive Officer	5x
Senior Vice Presidents	3x
Vice Presidents	1x

Non-employee directors are expected to own the greater of \$250,000 worth of stock by market value or 12,500 shares or RSUs, exclusive of Onex-designated Board members who are deemed to be in compliance with this requirement because of existing stock ownership in the Company by Onex and its affiliates. Shares that satisfy the stock ownership guidelines include:

Shares of the Company's Class A and Class B Common stock or restricted stock units (i) owned outright either individually by an officer or as co-owner with spouse, (ii) owned in the name of any of the officer's minor children, either outright or with the officer and/or spouse, or (iii) held in trust for the officer, the officer's spouse and/or minor children;

Table of Contents

Shares of the Company's Class B Common stock granted under the EIP for which the officer has met the service requirements; and

Phantom shares held in the SERP.

The stock ownership guidelines require that the chief executive officer and other senior elected officers accumulate their required positions within five years of the adoption of the guidelines, or for new officers, within five years of being hired or promoted into the officer position. In addition, increases in an officer's target level resulting from salary increases or promotions are required to be achieved within five years of the event requiring the increase. We believe that five years provides a reasonable goal for executives to accumulate shares through earned incentive awards.

During the five-year accumulation period, the chief executive officer and other senior elected officers are expected to continuously accumulate qualifying equity until they meet the minimum stock ownership guideline. The Company will review on an annual basis the ownership position of the chief executive officer and each of the other senior elected officers who is required to adhere to these guidelines. The Company may restrict the officer from liquidating any of his or her then-current holdings in Company stock, except for those shares which are sold to meet Company tax withholding requirements. The Company may modify or waive the requirements of the guidelines, at its discretion, if it determines that compliance would result in severe hardship for an officer.

Compensation in Connection with Termination of Employment

We believe that competitive severance protection is an appropriate incentive in attracting and retaining talent. We have provided for termination compensation through certain individual employment agreements in the form of salary and benefit continuation for a moderate period of time following involuntary termination of an executive officer's employment. We have also agreed to individual severance arrangements at the time of termination of employment, taking into account the specific facts and circumstances surrounding termination, including other compensation available at such time. We also consider the need to protect our business and confidential and proprietary information through non-competition, non-solicitation and similar agreements, and the desire to provide for effective transitions between departing executives and continuing or new management.

You can find additional information regarding our practices in providing compensation in connection with termination of employment and change-in-control under the heading "Potential Payments on Termination or Change-in-Control" below.

Compensation in Connection with Change-In-Control (CIC)

We maintain several programs of broad application that are designed to provide compensation in connection with the termination of employment or a change-in-control of the Company. Specifically, our short-term incentive awards, our long-term incentive awards, and our Perquisite Allowance Plan provide for certain compensation in connection with a change-in-control of the Company as discussed below under "Potential Payments Upon Termination or Change-in-Control Change-in-Control."

Short-Term Incentive Awards

Upon the occurrence of a change-in-control of the Company (i) each short-term incentive award participant who is employed by the Company on the date of the change-in-control or who was terminated without cause within 90 days prior to the change-in-control will be entitled to receive an award of cash in an amount equal to the full-year short-term incentive award that such participant would have been entitled to receive for such year had the target performance metrics established for such year been met and (ii) any outstanding unvested short-term incentive award shares previously granted to each such participant will vest immediately. In addition, under the current STIP, a

Table of Contents

"Qualifying Retirement" by a STIP participant will entitle the participant to (i) receive a prorated STIP award (based on the portion of the year in which services were performed), paid in cash, based on the full-year STIP performance metrics actually achieved for such year and (ii) acceleration in full of the vesting requirement of any outstanding unvested STIP shares previously granted to such participant.

Long-Term Incentive Awards

Upon the occurrence of a change-in-control of the Company (i) each long-term incentive award participant who is employed by the Company on the date of the change-in-control or who was terminated without cause within 90 days prior to the change-in-control will be entitled to receive an award of cash in an amount equal to the value of the full-year long-term incentive award that would have been made to such participant within the 12-month period following the change-in-control if not for the occurrence of the change-in-control and (ii) any outstanding unvested long-term incentive award shares previously granted to each such participant will vest immediately.

Perquisite Allowance Plan

The Perquisite Allowance Plan provides that, in the event of a change-in-control of the Company, each participant will receive a cash award equal to any remaining unused portion of his or her allowance for the year in which the change-in-control occurs, plus an amount equal to the participant's full allowance for the calendar year in which the change-in-control occurs, which is intended to enable the employee to transition to self-funding.

EIP

All shares that have been issued under the EIP have vested for tax purposes. However, restrictions on the sale of some of those shares remain in effect until the earlier of a liquidity event (including a change in control) or June 16, 2015.

Accounting and Tax Treatment of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to a company's chief executive officer or any of a company's three other most highly compensated executive officers (other than its chief financial officer) who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by stockholders).

We believe that it is important to preserve flexibility in administering compensation programs in a manner designed to promote varying corporate goals. Accordingly, we have not adopted a policy that all compensation must qualify as deductible under Section 162(m). Amounts currently paid under our compensation programs do not qualify as performance-based compensation that is excluded from the limitation on deductibility. The 2014 Omnibus Plan which we are asking stockholders to approve in connection with this proxy statement will permit us, if the plan is approved, to make short-term and long-term incentive awards in the future that meet the performance-based criteria.

We have adopted FASB's authoritative guidance on stock-based compensation accounting, which generally requires companies to measure the cost of employee and non-employee services received in exchange for an award of equity instruments based on the grant-date fair value and to recognize this cost over the requisite service period or immediately if there is no service and there are no other vesting requirements. The notes to our consolidated financial statements, included in our Annual

Table of Contents

Report on Form 10-K for fiscal year 2013 filed with the SEC, contain further information concerning our policies with respect to FASB's authoritative guidance on stock-based compensation accounting.

- (21) "Personal airplane usage", as referenced in footnote 22, is included in All Other Compensation as a perquisite, and consists of the incremental cost to the Company of personal usage of its corporate airplane. The incremental cost to the Company for personal airplane usage is calculated based on a methodology that includes the weighted average cost of fuel, maintenance expenses, parts and supplies, landing fees, ground services, catering and

Edgar Filing: HONEYWELL INTERNATIONAL INC - Form NO ACT

crew expenses associated with such use, including those associated with "deadhead" flights related to such use. Because the corporate airplane is used primarily for business travel, the methodology excludes fixed costs that do not change based on usage. Fixed costs include pilot salaries, the purchase or lease costs of the airplane and the cost of maintenance not related to personal travel. Executives, their families and invited guests occasionally fly on the corporate airplane as additional passengers on business flights. In those cases, the aggregate incremental cost to the Company is a de minimis amount, and as a result, no amount is reflected in the Summary Compensation Table. Executives, directors, their families and invited guests also occasionally fly on the corporate airplane as additional passengers on personal flights that are attributed to another executive, in which case the entire incremental cost is allocated to the executive who arranged for the personal flight. We do not grant bonuses to cover, reimburse or otherwise "gross-up" any income tax owed for personal travel on the corporate airplane.

- (1) 2013 STIP cash awards, paid in February 2014, were granted and earned in 2013. The actual cash awards for the Named Executive Officers for 2013 are reported in the "Non-Equity Incentive Plan Compensation" column of the "Summary Compensation Table." Starting with 2014 payments in respect of 2013 performance, short term incentive awards to STIP participants will be paid fully in cash (rather than 50% cash and 50% stock, as previously awarded). The threshold, target, and max amounts have been adjusted (to twice the amount they would have been had cash represented 50% of the STIP award) in connection with this shift.
- (2) The STIP restricted stock awards are denominated in dollars and then converted and paid in shares of Class A Common stock. Mr. Turner was granted 10,962 shares, Mr. Anderson was granted 3,316 shares, Mr. Coleal was granted 2,429 shares, Mr. Pilla was granted 2,553 shares, and Ms. Marnick was granted 2,104 shares under the STIP in February 2013 for 2012 performance.

The LTIP restricted stock awards will vest annually at a rate of 33% beginning May 8, 2015 if such Named Executive Officer remains employed by the Company or any of its subsidiaries on each annual vesting date (other than Mr. Turner's awards, the vesting of which is not dependent on continued employment).

- (1) As reported by Boeing under a Boeing Prior Plan (as defined below), and includes service with Boeing. See narrative below.

Effective June 17, 2005, pension assets and liabilities were spun-off from three of Boeing's qualified plans (each, a "Prior Plan") into four Spirit qualified plans for each Spirit employee who did not retire from Boeing by August 1, 2005. Each Prior Plan was frozen as of June 16, 2005, for future service credits and pay increases. Effective December 31, 2005, all four qualified plans were merged together into the Spirit AeroSystems Holdings, Inc. Pension Value Plan ("PVP").

Table of Contents

Two of our Named Executive Officers, Messrs. Turner and Pilla, are participants in the PVP. Our other five Named Executive Officers were not employees of Boeing who joined the Company at the time of the Boeing Acquisition. Benefits under the PVP applicable to Mr. Turner and Mr. Pilla are based upon a Prior Plan benefit plus a Cash Balance benefit. An actuarial determination of the Prior Plan benefit was completed by Boeing based on service and final average pay through December 31, 1998, and indexed for changes in base pay through June 16, 2005. The Prior Plan amounts are payable as a life annuity beginning at normal retirement (age 65), with the full benefit payable upon retirement on or after age 60. Under the Cash Balance benefit formula, employees received Benefit Credits based on their age at the end of each plan year through June 16, 2005. The annual Benefit Credit was a specified percentage of eligible pay, ranging from 3% at ages younger than 30 to 11% upon reaching age 50. Eligible pay included base pay and executive incentive pay, limited to Code Section 401(a)(17) limits. The Benefit Credits ceased upon freezing of the Prior Plan; however, employees continue to receive Interest Credits each year. The Interest Credits for each year are based on the 30-year Treasury Rate as of November of the prior year, with a minimum of 5.25% and maximum of 10%. The Cash Balance account is converted to a life annuity upon an active employee's retirement using a factor of 11.

The PVP is fully paid for by the Company and employees are vested after reaching three years of service. Vesting service continues to accumulate after June 16, 2005, for continued employment. Mr. Pilla is fully vested in his benefits, and Mr. Turner was fully vested in his benefits at the time of his retirement on June 30, 2013.

The normal retirement age under the PVP is 65. There are various early retirement ages allowed under the plan for the various benefits provided to employees. A portion of the Prior Plan benefit is reduced by 2% for each year that benefits commence prior to age 60. At the time of his retirement on June 30, 2013, Mr. Turner was 62 years of age, and the annual retirement benefits payable under the plan as a result of Mr. Turner's retirement are \$40,273. Mr. Pilla is currently 54 years of age. Projected annual benefits payable upon retirement at age 60 are \$47,148 for Mr. Pilla. If he retires at age 65, the annual benefit amount is \$51,636.

For purposes of the calculations shown in the "Pension Benefits" table, we assume that the Named Executive Officer elects a single life annuity form of payment. The present value determination is based on the RP2000 Sex Distinct Mortality Table projected to 2018 with white collar adjustment and a 4.89% discount rate. The Interest Crediting Rate used in the calculations is 5.25% for each future year. The present values were calculated assuming the Named Executive Officer retires and commences receipt of benefits at age 60, or December 31, 2013, if later.

We also maintain the SERP, which provides supplemental, nonqualified retirement benefits to executives who (1) had their benefits transferred from a Boeing nonqualified plan to the SERP and (2) did not elect to convert their SERP benefit into phantom shares as of June 17, 2005. Benefits under this plan were also frozen as of the date of the Boeing Acquisition. There are no SERP annuity benefits presently payable to the Named Executive Officers.

Other Retirement Benefits

We sponsor the Spirit AeroSystems Holdings, Inc. Retirement & Savings Plan ("RSP"), a qualified plan covering certain eligible employees. Under the RSP, we make a matching contribution of 75% of the employee's contributions to a maximum 6% of compensation match based on employee contributions of 8% of compensation. Compensation for this plan is base pay, subject to compensation limits prescribed by the IRS. The matching contributions are immediately 100% vested.

Non-matching contributions, based on an employee's age and vesting service, are made at the end of each calendar year for certain employee groups. Each Named Executive Officer is eligible for these contributions for each year that he (1) is employed by us as of December 31 and (2) receives a year of

Table of Contents

vesting service. If age plus vesting service totals less than 60, employees receive 1.5% of base salary as a non-matching Company contribution; if age plus vesting service totals at least 60 but less than 80, employees receive 3% of base salary; and if age plus vesting service totals at least 80, employees receive a 4.5% of base salary contribution. These contributions are 25% vested at two years, 50% vested at three years, 75% vested at four years, and 100% vested at five years of vesting service, which includes prior service with Boeing.

In addition, we contribute amounts for certain employees eligible for transition contributions. In general, employees who became our employees on June 17, 2005, did not retire from Boeing, and had at least five years of vesting service as of that date are eligible for such transition contributions. Mr. Pilla is our only Named Executive Officer entitled to such transition contributions. Transition contributions are paid at the end of each calendar year for a number of years equal to the employee's vesting service as of June 17, 2005, up to a maximum of 15 years. For vesting service from 5-9 years, such transition contribution is 1.5% of base salary per year; for 10-14 years, it is 2.5% of base salary per year; and for at least 15 years, it is 3.5% of base salary per year. These contributions become vested after three years of vesting service with us or upon reaching age 60, if earlier.

RSP matching contributions, non-matching contributions, and transition contributions are included in the "Summary Compensation Table" above as a component of "All Other Compensation" for the eligible Named Executive Officer.

We make post-retirement medical and dental coverage available to all employees who retire from the Company at age 55 or later, provided they have at least 10 years of service and participated in our medical and dental plans prior to retirement. Employees pay the full cost of coverage for this benefit we do not pay any subsidy. For employees previously employed by Boeing whom we hired as of June 17, 2005, we provide subsidized post-retirement medical coverage upon early retirement after attaining age 62 with 10 years of service. Subject to paying the same employee premiums as an active employee, early retirees may maintain their medical coverage until attainment of age 65 or Medicare eligibility due to disability prior to age 65. The subsidized medical coverage is available to Mr. Turner now that he has retired, and will be available to Mr. Pilla, provided he retires from the Company at or after age 62.

Nonqualified Deferred Compensation

The following table presents information concerning each of our defined contribution or other plans that provides for the deferral of compensation of our Named Executive Officers on a basis that is not tax qualified.

We also sponsor the Spirit AeroSystems Holdings Deferred Compensation Plan ("DCP"). This nonqualified plan allows eligible employees to defer receipt of a portion of their base salary or short-term incentive compensation. In addition, the DCP allows for discretionary contributions by the Company into a separate account in the DCP. Deferred amounts and amounts which we contribute to our employees' accounts in the DCP are credited with a rate of return equal to 120% of the applicable federal long-term rate for October of the prior fiscal year. For 2013, the interest crediting rate was 2.84%. Accumulated amounts are payable to the participant in either a lump sum or installments upon separation from employment with the Company, or at the end of the deferral period selected by the participant upon enrollment in the DCP.

Contributions to the DCP labeled as "Registrant Contributions" (if any) are included as part of "All Other Compensation" in the "Summary Compensation Table". There were no "above-market" earnings (defined by SEC rule as that portion of interest that exceeds 120% of the applicable federal long-term rate) under the plan during fiscal year 2013, as we used 120% of the applicable federal long-term rate to determine the amounts to be contributed.

Potential Payments Upon Termination or Change-in-Control

Termination of Employment

Spirit maintains employment agreements with the Named Executive Officers who are currently officers, pursuant to which certain payments may be made, or benefits provided, in the event the executive's employment is terminated; however, the provisions in the employment agreements of Messrs. Anderson and Coleal and Ms. Marnick pursuant to which such payments would be made upon termination are no longer applicable. Mr. Pilla's employment agreement contains no such provisions providing for payments or benefits in such circumstances. In addition, upon termination of employment, amounts may become payable to the Named Executive Officers pursuant to the SERP, the DCP and/or the STIP. We note, however, that in the event of approval of the 2014 Omnibus Plan at the 2014 Annual Meeting of Stockholders, following such adoption amounts may become payable (if payable) under the 2014 Omnibus Plan (rather than the DCP and STIP) upon termination of employment, with respect to grants occurring after such adoption.

Employment Agreements

Employment agreements entered into by Spirit with Messrs. Lawson and Kapoor provide for varying types and amounts of payments and additional benefits upon termination of employment, depending on the circumstances of the termination.

Voluntary Termination by the Executive. In the event of voluntary termination by the executive, salary and benefits are continued only through the date of termination.

Involuntary Termination by Spirit for Cause. In the event of involuntary termination by Spirit for cause, no amounts are payable by reason of termination, other than salary and benefits payable through the date of termination. Generally, Messrs. Lawson's and Kapoor's employment agreements define termination for "cause" to mean (1) the executive committing a material breach of his employment agreement or acts involving fraud, dishonesty, disclosure of confidential information, or the commission of a felony, or direct and deliberate acts constituting a material breach of his duty of loyalty to Spirit; (2) the executive willfully or continuously refusing to or willfully failing to perform the material duties reasonably assigned to him by the Board or the Company, as applicable, where the refusal or failure does not result from a disability (as discussed below); (3) material underperformance, as reflected in two consecutive performance reviews provided no less than six months apart; or (4) the inability of the executive to obtain and maintain appropriate United States security clearances. In the case of Mr. Kapoor's employment agreement, crimes of moral turpitude are also grounds for

Table of Contents

termination for "cause." Each of Mr. Lawson's and Mr. Kapoor's employment agreements states that his termination is not deemed to be for cause unless and until there shall have been delivered to the executive a copy of a resolution to that effect, duly adopted by the Board.

Involuntary Termination by Spirit without Cause or Termination by Executive for Good Reason. In the event Mr. Lawson's employment terminates due to involuntary termination by Spirit without cause or termination by Mr. Lawson for good reason, Spirit will (i) continue to pay Mr. Lawson an amount equal to his base salary in effect immediately before termination of his employment for a period of 12 months, or if such termination is during Mr. Lawson's initial three-year employment term (which commenced on April 6, 2013), the longer of the remainder of the employment period and 12 months, (ii) pay the costs of COBRA medical and dental benefits coverage after termination for a period of 12 months, (iii) cause any unvested STIP shares held by Mr. Lawson to become immediately vested, and (iv) cause the following LTIP shares to be vested, to the extent not previously vested: (A) 100% of shares awarded in Mr. Lawson's 2013 LTIP grant, (B) 66²/₃% of shares awarded in Mr. Lawson's 2014 LTIP grant (or long-term incentive award under the 2014 Omnibus Plan, if adopted) and (C) 33¹/₃% of shares awarded in Mr. Lawson's 2015 grant (or long-term incentive award under the 2014 Omnibus Plan, if adopted). Also in the event of such a termination, Mr. Lawson will be entitled to accelerated vesting of all then-unvested shares of restricted stock granted to him under his employment agreement as a sign-on bonus, and Spirit will credit Mr. Lawson's DCP account with all remaining amounts that he would have been credited pursuant to his employment agreement as if he had remained employed until the fifth anniversary of the effective date of his employment agreement (with Mr. Lawson's employment agreement providing for crediting of \$1,000,000 on each of the first five anniversaries of the effective date of his employment).

In the event Mr. Kapoor's employment terminates due to involuntary termination by Spirit without cause or termination by Mr. Kapoor for good reason, he will be entitled to termination benefits, pursuant to which Spirit will (i) continue to pay Mr. Kapoor an amount equal to his base salary in effect immediately before termination of his employment for a period of 12 months, or if such termination is during Mr. Kapoor's initial three-year employment term (which commenced on September 23, 2013), the longer of the remainder of the employment period (but not to exceed 24 months) and 12 months, (ii) pay the costs of COBRA medical and dental benefits coverage after termination for a period of 12 months, (iii) cause any unvested STIP shares held by Mr. Kapoor to become immediately vested, (iv) if such termination is during Mr. Kapoor's initial three-year employment term, cause the following LTIP shares to be vested, to the extent not previously vested: (A) 66²/₃% of shares awarded in Mr. Kapoor's 2014 LTIP grant (or long-term incentive award under the 2014 Omnibus Plan, if adopted) and (B) 33¹/₃% of shares awarded in Mr. Kapoor's 2015 grant (or long-term incentive award under the 2014 Omnibus Plan, if adopted), and (v) pay any unpaid portion of Mr. Kapoor's cash sign-on bonuses awarded pursuant to his employment agreement. Also in the event of such a termination, any of the signing bonus shares that were awarded to Mr. Kapoor under the LTIP pursuant to his employment agreement that are not fully vested at the time of such termination will automatically vest in full at such time.

Generally, any termination of the employment agreements with Messrs. Lawson and Kapoor by Spirit other than for cause, death or disability constitutes a termination without cause. Termination due to expiration of the applicable employment period without renewal also constitutes a termination without cause.

Under Messrs. Lawson and Kapoor's employment agreements, termination by the executive for "good reason" is defined to mean voluntary termination of employment by the executive within 90 days after the following conditions (provided that notice is given to Spirit and the conditions remain uncured after a specified amount of time thereafter): (i) within three years after

Table of Contents

commencement of employment, the executive is assigned to a position that is a "diminished position"; or (ii) upon a change of control of Spirit or within twelve months thereafter, the executive is not offered continued employment with Spirit or a successor in a position other than a "diminished position." A position is defined to be a "diminished position" if it reflects: (i) a material diminution in base compensation; (ii) a material diminution in authority, duties or responsibilities; (iii) a change in reporting requirements; (iv) relocation of our principal office to a location greater than 50 miles from Wichita, Kansas; or (v) any action or inaction with respect to the terms and conditions of the applicable Named Executive Officer's employment that constitutes a material breach by Spirit of the employment agreement.

None of the Named Executive Officers' employment agreements attempt to define circumstances constituting constructive termination by Spirit. However, each of the Named Executive Officers' employment agreements are governed by Kansas law, which recognizes the concept that a resignation by the employee may constitute a constructive termination by the employer under certain circumstances.

Disability or Death. In the event Mr. Lawson's or Mr. Kapoor's employment terminates due to disability or death, payment of base salary continues only through the date of termination, any unvested STIP shares held by the executive on the date of termination will be immediately fully vested, and if the termination occurs within the first three years of the executive's employment, the executive would be credited with one additional year of vesting service with respect to any unvested LTIP shares he holds on the date of termination. In addition, any unvested shares of restricted stock that were awarded to Mr. Lawson or Mr. Kapoor as a signing bonus under their respective employment agreements will be immediately fully vested upon such executive's termination due to death or disability. For purposes of Mr. Lawson's employment agreement, disability means the inability to render the services required under the employment agreement for a period of 180 days during any 12-month period, and for purposes of Mr. Kapoor's employment agreement, disability means total disability as evidenced by commencement of benefits under our long-term disability plan (or, if the executive is not a participant in our long-term disability plan, when he would have been eligible for benefits using the standards set forth in that plan).

The continued receipt of payments and benefits by either Mr. Lawson or Mr. Kapoor upon termination of his employment due to involuntary termination without cause is conditioned upon satisfaction, for a period of the longer of 12 months after termination of employment or the period in which Spirit is continuing to pay such executive his base salary, of a covenant not to compete and a covenant not to solicit customers or employees of Spirit. Such period extends to 24 months in the event of a termination of employment for any reason other than involuntary termination without cause.

Spirit's employment agreements with Mr. Anderson, Mr. Coleal and Ms. Marnick provide for certain benefits upon termination of such executives' employment by Spirit without cause within two years after the effective date of their respective agreements, which has since passed for these executives. Mr. Pilla's employment agreement does not provide for any payments or benefits upon termination. Accordingly, upon termination of their employment, salary and benefits continue only through the date of termination, except as provided under the SERP and/or DCP, as described below.

Supplemental Executive Retirement Plan

Pursuant to the SERP, Mr. Pilla holds 16,023 phantom stock units. Upon a "Change-in-Control" or "Separation from Service" following a "Liquidity Event" (each as defined in the SERP), Mr. Pilla is entitled to receive payment with respect to each of those phantom stock units in an amount equal to (i) the market value of one share of Class B Common stock in the Company (determined as of the business day immediately preceding the date of payment), plus (ii) the amount of all dividends (other

Table of Contents

than stock dividends), if any, actually paid on one share of Class B Common stock in the Company during the period from June 16, 2005 through the date payment is made. A "Change-in-Control" under the SERP is a transaction pursuant to which a person, or more than one person acting as a group (in either case, however, excluding Onex), acquires (i) more than 50% of the total voting power of the stock of the Company (including, but not limited to, acquisition by merger, consolidation, recapitalization, reorganization, or sale or transfer of the Company's equity interests), or (ii) all or substantially all of the assets of the Company or Spirit and all or substantially all of the proceeds from such transaction are distributed to the stockholders of the Company. A "Separation from Service" under the SERP is defined as the applicable employee's termination of employment, for any reason, including death, disability, retirement, discharge (with or without cause) or voluntary termination. A "Liquidity Event" under the SERP includes the initial public offering consummated by the Company on November 27, 2006. Thus, Mr. Pilla will be entitled to payment under the SERP with respect to his phantom stock units upon any future "Change-in-Control" or "Separation from Service." Payment under the SERP will be made in a single lump sum in cash or stock as soon as administratively practicable following the change-in-control or separation from service.

Deferred Compensation Plan

Pursuant to the DCP, the Named Executive Officers participating in the DCP are entitled to receive payment of amounts credited to their deferred compensation accounts under the DCP upon a separation from service with Spirit and its affiliates. Amounts are payable in a lump sum or in up to 15 annual installment payments, as elected by each participant (subject to the terms and conditions set forth in the DCP).

Payment to a participant of any employer matching or discretionary contributions made under the DCP is subject to satisfaction by the participant of noncompetition and nonsolicitation requirements during the term of the participant's employment and for so long as the participant receives payments under the DCP and confidentiality requirements. In addition, the participant must not have been terminated for cause.

For purposes of the DCP, a termination for cause means a separation from service involving (i) gross negligence or willful misconduct in the exercise of the executive's responsibilities; (ii) breach of fiduciary duty with respect to Spirit; (iii) material breach of any provision of an employment contract; (iv) the commission of a felony crime or crime involving moral turpitude; (v) theft, fraud, misappropriation or embezzlement (or suspicion of the same); (vi) willful violation of any federal, state or local law (except traffic violations and other similar matters not involving moral turpitude); or (vii) refusal to obey any resolution or direction of the executive's supervisor or the Board. The Compensation Committee determines, in its sole discretion, whether an executive has incurred a separation from service that is a termination for cause under the DCP.

Summary Tables and Information

The following summarizes the amounts potentially payable upon termination of employment for Messrs. Lawson, Kapoor and Pilla, assuming termination occurred on December 31, 2013. For purposes of presenting amounts payable over a period of time (e.g., salary continuation), the amounts are shown as a single total but not as a present value (i.e., the single sum does not reflect any discount). Messrs. Anderson and Coleal and Ms. Marnick would not be entitled to any payments upon termination other than salary and benefits through the date of termination.

Retirement and Consulting Agreement Jeffrey L. Turner

On May 2, 2013, the Company and Spirit entered into a Retirement and Consulting Agreement and General Release with Jeffrey L. Turner (the "Retirement and Consulting Agreement") in connection with the termination of his employment. Mr. Turner had previously resigned from the position of President and Chief Executive Officer of the Company and Spirit, effective April 6, 2013, and Mr. Turner retired from the Company and Spirit, effective June 30, 2013 (the "Retirement Date"), although he has continued to serve on the Board since that time.

Pursuant to the Retirement and Consulting Agreement, for a period of two years starting on the Retirement Date, which may be renewed or extended by the Company's Chief Executive Officer (the "Consulting Term"), Mr. Turner will provide consulting and transition services to the Company and its Chief Executive Officer. Mr. Turner will receive annual compensation of \$335,000 for the provision of such services ("Consulting Fees"). The Retirement and Consulting Agreement also provides that, if Mr. Turner is compensated for his services on the Board in an amount less than \$165,000 per year, whether in the form of cash or equity, his annual Consulting Fees will be increased to an amount such that the total annual Consulting Fees and director fees will not be less than \$500,000 in the aggregate.

Pursuant to the Retirement and Consulting Agreement, Mr. Turner received an annual award under the LTIP of \$1,540,000 of restricted stock for 2013, which award was granted at the same time and on the same terms as the LTIP awards granted for 2013 to the Company's other executives. Grants previously received by Mr. Turner under the LTIP will continue to vest during his two-year consulting term and the two-year period thereafter. The Retirement and Consulting Agreement also provides that Mr. Turner would receive an annual award for 2013 under the STIP, paid fully in cash, in an amount equal to 50% of the STIP award that he would have received had he remained employed by the Company through December 31, 2013. This amounted to \$184,800, which was paid in cash to Mr. Turner on February 21, 2014. Mr. Turner's STIP award of 10,962 shares of restricted stock in respect of 2012, which was granted on February 22, 2013, became fully vested on the Retirement Date (representing an aggregate value of \$239,300, calculated by multiplying 10,962 shares by \$21.83 (the NYSE closing price for our Class A Common stock on July 1, 2013, the first trading day after the Retirement Date, which fell on a Sunday)).

In addition, in accordance with the terms of the SERP, Mr. Turner became entitled to his account balance thereunder following the Retirement Date. On the Retirement Date, Mr. Turner had a balance of 228,675 phantom stock units under the SERP, entitling him to payment in the amount of \$7,740,649 (calculated by multiplying the amount of phantom stock units by \$33.85 (the NYSE closing price for our Class A Common stock on December 30, 2013, the day prior to the date upon which payment was made)). The payment in respect of Mr. Turner's SERP balance was made in cash, per the Retirement and Consulting Agreement. Mr. Turner also became entitled to his account balances and accrued benefits under the RSP and PVP, as applicable, following the Retirement Date.

Table of Contents

Under the Retirement and Consulting Agreement, Mr. Turner is entitled to continue his health insurance coverage, as mandated by COBRA, to the extent required by applicable law, and is entitled to participate in the Company's retiree medical insurance plan. The estimated cost to the Company of the benefit, assuming a 5% increase in premium per year, is \$30,377 for medical (for coverage for Mr. Turner through May 2016 and for his spouse through May 2017).

The Retirement and Consulting Agreement contains covenants for the benefit of the Company and Spirit relating to non-competition during and for an additional two years following the Consulting Term, non-solicitation of Company and Spirit employees during and for two years following the Consulting Term and protection of the Company's and Spirit's confidential information.

Change-in-Control

Neither the Company nor Spirit maintains a change-in-control agreement or any other similar plan or arrangement intended specifically to provide income protection for executive officers upon a change-in-control. However, several of the Company's plans provide certain benefits to executive officers in the event of a change-in-control.

Under the SERP, a change-in-control may result in payment of amounts with respect to phantom stock granted under the SERP, as further described above under "Termination of Employment Supplemental Executive Retirement Plan". Under the EIP, a change-in-control may provide participants the opportunity to acquire an interest in restricted shares granted under the EIP and/or may increase the opportunity to acquire an interest in restricted shares upon a future liquidity event.

Under the STIP and LTIP, a change-in-control of the Company will entitle the participants in those plans (which includes all of the Named Executive Officers) to accelerated vesting in full of any outstanding unvested shares held pursuant to the STIP and LTIP. In addition, under the STIP, upon the occurrence of a change-in-control of the Company, each Qualifying STIP Participant will be entitled to receive an award of cash in an amount equal to the full-year STIP award that such participant would have been entitled to receive for such year had the target performance metrics established for such year been met. Under the LTIP, upon the occurrence of a change-in-control of the Company, each Qualifying LTIP Participant will be entitled to receive an award of cash in an amount equal to the value of the full-year LTIP award that would have been made to such participant if not for the occurrence of the change-in-control. For both the STIP and LTIP, a change-in-control is (i) a transaction pursuant to which a person, or more than one person acting as a group (in either case, however, excluding Onex), acquires more than 50% of the total voting power of the stock of the Company (including, but not limited to, acquisition by merger, consolidation, recapitalization, reorganization, or sale or transfer of the Company's equity interests), (ii) a merger or consolidation involving the Company in which the Company is not the surviving entity, or (iii) a transaction that is a sale of all or substantially all of the assets of the Company or Spirit to a person other than Onex if all or substantially all of the proceeds from such transaction are distributed to the stockholders of the Company. If the 2014 Omnibus Plan is approved at the 2014 Annual Meeting of Stockholders, grants made under that plan will be subject to vesting in the event of a change-in-control as set forth therein.

Under the Perquisite Allowance Plan, any of the Named Executive Officers who are employed by the Company on the date of closing of a change-in-control transaction or who were involuntarily terminated by the Company without cause during the 90-day period ending on the date of the change-in-control transaction are entitled to receive a cash award equal to (i) any remaining unused portion of the Named Executive Officer's allowance for the calendar year in which the change-in-control transaction occurs, plus (ii) an amount equal to 100% of the Named Executive Officer's allowance for the calendar year in which the change-in-control transaction occurs. The annual allowance amount for Mr. Turner is \$25,000 and will be determined by the Company for the other Named Executive Officers (not exceeding an annual amount of \$13,000 per participant). Under the Perquisite Allowance Plan, a change-in-control is defined as defined in the LTIP (as described above).

Table of ContentsExecutive Incentive Plan

Pursuant to the EIP, participants have the opportunity to acquire an interest in restricted shares granted under the EIP upon the occurrence of a "Liquidity Event." A "Liquidity Event" is defined under the EIP to include a "Change-in-Control." A "Change-in-Control" is defined under the EIP as a transaction pursuant to which a person, or more than one person acting as a group (in either case, however, excluding Onex), acquires (i) more than 50% of the total voting power of the stock of the Company (including, but not limited to, acquisition by merger, consolidation, recapitalization, reorganization, or sale or transfer of the Company's equity interests), or (ii) all or substantially all of the assets of the Company or Spirit and all or substantially all of the proceeds from such transaction are distributed to the stockholders of the Company. Thus, upon a "Change-in-Control" under the EIP, participants may have the opportunity to acquire an interest in restricted shares granted under the EIP. On October 20, 2008, the Board amended the EIP to remove the change-in-control requirement from the EIP. Thus, to the extent EIP participants have been granted restricted stock under the EIP in which they have not yet acquired an interest as of June 16, 2015, they may acquire an interest in that stock on that date, regardless of whether a change-in-control has occurred.

Summary Table

The following table summarizes the compensation that may become payable to the Company's current Named Executive Officers upon a change-in-control, assuming the change-of-control occurred on December 31, 2013.

**PROPOSAL 2: APPROVAL OF THE SPIRIT AEROSYSTEMS HOLDINGS, INC.
2014 OMNIBUS INCENTIVE PLAN**

Proposal

Our Board of Directors has adopted, subject to stockholder approval, the Spirit AeroSystems Holdings, Inc. 2014 Omnibus Incentive Plan (the "2014 Omnibus Plan"), which is attached to this proxy statement as Appendix A. The 2014 Omnibus Plan is a long-term incentive plan that permits the grant of long-term equity, equity-based and cash awards. Our Board believes the use of stock-based long-term incentive compensation has been integral to our success in the past and will continue to be important to our ability to continue to achieve strong performance in the future. The Board recommends that stockholders vote for approval of the 2014 Omnibus Plan.

If the 2014 Omnibus Plan is approved by our stockholders, it will replace the Spirit AeroSystems Holdings, Inc. Executive Incentive Plan, as amended, the Spirit AeroSystems Holdings, Inc. Long-Term Incentive Plan, as amended, the Spirit AeroSystems Holdings, Inc. Short-Term Incentive Plan, as amended, and the Spirit AeroSystems Holdings, Inc. Director Plan, as amended (collectively, the foregoing plans to be referred to as the "Prior Plans"), and no new awards will be granted under such Prior Plans. Outstanding awards under the Prior Plans will continue to be governed by the terms of such plans until exercised, expired, or otherwise terminated or cancelled. If the 2014 Omnibus Plan is not approved by the stockholders, the Prior Plans will continue in effect. As of March 7, 2014, the Prior Plans had 8,992,019 shares of Common stock available for issuance and 3,243,031 shares of Common stock subject to outstanding awards. The closing price of a share of our Common stock as reported on the New York Stock Exchange on March 20, 2014 was \$28.01 per share.

We are seeking approval for 8,500,000 shares to be made available for issuance under the 2014 Omnibus Plan. As this is 492,019 shares less than the aggregate number of shares currently available for issuance under the Prior Plans (which shares will cease to be available for subsequent grants if the 2014 Omnibus Plan is approved), the adoption of the 2014 Omnibus Plan will be non-dilutive to our stockholders. Shares under the 2014 Omnibus Plan which are subject to awards which expire, are terminated, forfeited or cancelled, will again be available for issuance under the 2014 Omnibus Plan. The amount of shares will be subject to adjustment in the event of stock splits, stock dividends, spin-offs, mergers, reorganizations, recapitalizations or similar events or other changes in our capitalization.

Our Board is also seeking the approval of the 2014 Omnibus Plan by our stockholders to ensure compliance with Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). In general, Section 162(m) of the Code denies us a deduction for federal income tax purposes for compensation in excess of \$1 million per year paid to our "covered employees". "Covered employees" for this purpose are defined as the principal executive officer and the three other most highly compensated officers (excluding the principal financial officer). Compensation that qualifies as "performance based" is excluded for purposes of calculating the amounts of compensation subject to the \$1 million limit. In general, one of the requirements that must be satisfied to qualify as "performance-based" compensation under Section 162(m) of the Code is that the material terms of the performance goals under which compensation may be paid must be disclosed to and approved by our stockholders. Thus, stockholder approval of the 2014 Omnibus Plan will provide flexibility to grant awards under the 2014 Omnibus Plan that qualify as "performance-based" compensation under Section 162(m) of the Code. Notwithstanding the foregoing, we retain the ability to grant awards under the 2014 Omnibus Plan that do not qualify as "performance-based" compensation under Section 162(m) of the Code.

Table of Contents

The following description of the 2014 Omnibus Plan is a summary, does not purport to be a complete description of the 2014 Omnibus Plan and is qualified in its entirety by the full text of the 2014 Omnibus Plan.

Description of the 2014 Omnibus Plan

Purpose

The purpose for adopting the 2014 Omnibus Plan is to provide an equity incentive plan to assist us in continuing to attract and retain key employees, independent contractors, consultants and directors and to give such persons a greater proprietary interest in and closer identity with us and our financial successes.

General

The 2014 Omnibus Plan authorizes us to make grants ("awards") of incentive stock options (within the meaning of Section 422 of the Code), non-qualified (or non-statutory) stock options (the incentive and non-qualified stock options issued under the 2014 Omnibus Plan are referred to collectively as "options"), restricted stock, stock appreciation rights ("SARs"), restricted stock units ("RSUs"), dividend equivalents, other stock-based awards and cash-based awards, any of which may be designated as performance compensation awards. Awards under the 2014 Omnibus Plan may consist of any combination of one or more of the foregoing types of awards, on a stand alone, combination or tandem basis. The Committee (as defined below) may specify that awards will be paid in cash, shares of Common stock, or a combination of cash and Common stock.

Administration of the 2014 Omnibus Plan

The 2014 Omnibus Plan will be administered by our Board or our Compensation Committee which shall be composed of two or more directors (such administering body being referenced herein as the "Committee"). With respect to awards intended to comply with Rule 16b-3 under the Securities Exchange Act of 1934, as amended, each member of the Committee will be a "non-employee director" within the meaning of Rule 16b-3(b)(3). For any awards intended to comply with Section 162(m) of the Code as performance-based compensation, each member of the Committee (or any subcommittee) will be an "outside director" within the meaning of Section 162(m) of the Code. The Committee has complete discretion to determine who will be recipients of awards under the 2014 Omnibus Plan and to establish the terms, conditions and limitations of each award (subject to the terms of the 2014 Omnibus Plan and the applicable provisions of the Code), including the type and amount of the award, the number of shares of Common stock to be subject to an award, or the amount of cash to be included in the award, the exercise price of any options or SARs and the date or dates upon which the awards become exercisable or upon which any restrictions applicable to any Common stock included in the award lapse. The foregoing notwithstanding, no option or SAR may be granted at an exercise price which is less than the fair market value of a share of our Common stock on the date of grant. The Committee also has full power to construe and interpret the 2014 Omnibus Plan and the awards granted under the 2014 Omnibus Plan, and to establish rules and regulations necessary or advisable for its administration. The determination of the Committee with respect to any matter under the 2014 Omnibus Plan to be acted upon by the Committee is final and binding.

Awards under the 2014 Omnibus Plan may be granted only to our (or our subsidiaries') employees and non-employee directors, independent contractors or other consultants. The Committee will determine whether a particular employee or non-employee is eligible to receive an award under the 2014 Omnibus Plan. Awards may be granted to prospective employees, directors or consultants, conditioned upon such person becoming an employee or other service provider to the Company.

Table of Contents

Unless earlier terminated by the Board, the 2014 Omnibus Plan will terminate, and no further awards may be granted, ten years after the date on which it is approved by our stockholders. Our Board may amend the 2014 Omnibus Plan in any respect, except that amendments will be subject to the approval of our stockholders if such stockholder approval is necessary to comply with any regulatory requirement applicable to the 2014 Omnibus Plan (including, without limitation, as necessary to comply with the rules of any securities exchange or automated quotation system on which our shares may be listed or quoted), the Code, any federal or state law or regulation, changes in GAAP to new accounting standards, or if our Board, in its discretion, determines to submit such changes to our stockholders for approval. Further, no change shall be made to the 2014 Omnibus Plan that would permit the Board to take any action that would constitute a repricing of awards under the rules of any securities exchange or inter-dealer quotation system without the approval of our stockholders.

If so provided under a participant's award agreement, the Committee is permitted to cancel any awards if a participant breaches any restrictive covenants or engages in any activity, including fraud, contributing to financial restatement or accounting irregularities. The Committee may also provide that a participant that engages in any of the foregoing activities will forfeit any gain realized with respect to an award.

Upon any change in the nature or number of our outstanding shares of Common stock due to a stock split, stock dividend, spin-off, merger, reorganization, recapitalization or similar event, the Committee may make adjustments as it may deem equitable to the numbers of shares and the applicable exercise and base prices under outstanding awards to prevent dilution or enlargement of the awards previously granted.

Types of awards

Stock Options. Both incentive and non-qualified options may be granted pursuant to the 2014 Omnibus Plan. Options must have an exercise price per share equal to at least the fair market value of a share at the time the award is granted (excluding stock options granted in connection with assuming or substituting stock options in acquisition transactions). As required by the Code, if an incentive option is granted to any participant who owns more than ten percent of the voting power of our stock (a "Significant Stockholder"), then the exercise price per share to such participant will be not less than one hundred ten percent (110%) of fair market value on the date of grant. Fair market value equals the closing sales price of the Class A Common stock on the date of grant. The maximum term of all options granted under the 2014 Omnibus Plan is ten years. (Incentive options granted to a Significant Stockholder have a maximum term of five years.) The aggregate number of shares as to which incentive options may be granted from time to time under the 2014 Omnibus Plan shall not exceed 8,500,000.

At the time an option is granted, the Committee will specify the date or dates upon which the option, or portion of the option, becomes exercisable. The permissible manner of payment for the purchase price upon exercise of the option (such as cash, check, the transfer of previously owned, fully paid shares, or through a "cashless" exercise) will be set by the Committee in the particular award agreement or by general rules.

Except as otherwise determined by the Committee, a participant who ceases to be our employee, consultant or director for any reason other than death, disability or termination for "cause" will be permitted to exercise any option, to the extent it was exercisable on the date of such cessation, but only within ninety (90) days of such cessation. A participant who is terminated for "cause," as defined in the 2014 Omnibus Plan, will immediately lose all rights to exercise any options. If a participant's employment or other engagement with us terminates as the result of death, his or her estate or personal representative may exercise the option, to the extent it was exercisable on the date of death. If a participant's employment or engagement terminates as the result of his or her disability, the participant may exercise an option to the extent it was exercisable at the time his or her services terminate. In the case of either death or disability, the option may be exercised within one (1) year

Table of Contents

after the termination of the participant's services due to death or disability, and prior to the original expiration date of the option. Except as the Committee may otherwise determine, all options which are unvested at the time a participant's employment or other engagement with us terminates will immediately expire on the date of such termination.

Restricted Stock and Restricted Stock Units. The Committee may award shares of Common stock or grant an award denominated in units of Common stock on a restricted basis. The terms of a restricted stock award or RSUs, including the consideration, if any, to be paid by the participant to acquire the stock, will be determined by the Committee at the time the award is made and will be described in the award agreement. The restrictions will lapse over such period of time, or pursuant to such performance criteria, as the Committee may determine at the time of the award. After the restricted stock is awarded, the participant will be a stockholder with respect to such stock, and will generally have rights to vote and receive dividends with respect to such stock, except that such dividends will be held by us and delivered to the participant following the date on which the restrictions on the stock lapse. Shares of restricted stock may not be transferred, assigned or pledged prior to the lapse of the applicable restrictions. The Committee, in its discretion, may accelerate the date on which the restrictions lapse. The Committee will determine the treatment of any unvested shares of restricted stock or RSUs in the event of the termination of a participant's employment or other engagement with us. RSUs may be paid in stock or cash or a combination of stock or cash, as determined by the Committee.

Stock Appreciation Rights. The Committee may award SARs either alone, in tandem or in combination with an option. An SAR will permit the participant to receive, upon exercise, cash or shares of Common stock equal in value to the excess of the fair market value of a share of Common stock as of the exercise date over the base price set by the Committee at the time the SAR is granted, multiplied by the number of shares of Common stock then being exercised under the SAR. The base price will be at least the fair market value of a share of Common stock on the date of grant (except in the case of SARs granted in connection with assuming or substituting such awards in acquisition transactions). SARs will become exercisable upon the date or dates, or the occurrence of the events, set by the Committee at the time of grant. An SAR may only be exercised by the participant or, if applicable, by the participant's personal representative.

Except as otherwise determined by the Committee, a participant who ceases to be our employee, consultant or director for any reason other than death, disability or termination for "cause" will be permitted to exercise any SAR, to the extent it was exercisable on the date of such cessation, but only within ninety (90) days of such cessation. A participant who is terminated for "cause," as defined in the 2014 Omnibus Plan, will immediately lose all rights to exercise any SARs. If a participant dies, his or her estate or personal representative may exercise the SAR, to the extent it was exercisable on the date of death. If a participant's employment or engagement terminates as the result of his or her disability, the participant may exercise any SAR to the extent it was exercisable at the time his or her services terminate. In the case of either death or disability, the SAR must be exercised within one (1) year after the termination of the participant's services due to death or disability, and prior to the original expiration date of the SAR. Except as the Committee may otherwise determine, all SARs which are unvested at the time a participant's employment or other engagement with us terminates will immediately expire on the date of such termination.

Cash and Other Stock-Based Awards. The Committee may award cash-based and other stock-based awards under the 2014 Omnibus Plan, subject to restrictions and conditions and other terms as determined by the Committee at the time of the award. Payment of such awards may be made in cash or shares of our Common stock, as determined by the Committee. The Committee will determine the extent to which any cash or other stock-based awards will be forfeited if a participant's employment or other engagement as a service provider is terminated. Except as otherwise specified in a participant's

Table of Contents

award agreement or determined by the Committee, any unvested cash or other stock-based awards will be forfeited upon termination of a participant's service with us.

Change in Control

Except as otherwise determined in a participant's award agreement, the unvested awards of a participant who is employed by us on the date of a change in control, or whose employment was involuntarily terminated by us (other than for cause) within the ninety (90) days preceding a change in control, shall be fully vested upon a change in control. The foregoing notwithstanding, if the vesting of such award is subject to performance conditions, the vested portion will, at the discretion of the Committee, be determined based upon performance through the change in control or achievement of target performance.

Performance-Based Compensation under Section 162(m)

Performance Goals and Criteria. Under Section 162(m) of the Code, we are generally prohibited from deducting compensation paid to our principal executive officer and our three other most highly compensated executive officers (other than our principal financial officer) in excess of \$1 million per person in any year. However, compensation that qualifies as "performance-based" is excluded for purposes of calculating the amount of compensation subject to the \$1 million limit.

For awards intended to qualify as "performance-based" compensation under Section 162(m) of the Code, performance goals may be based on the attainment of specified levels of one or any combination of the following performance criteria, determined for the Company as a whole or any one or more affiliates, divisions, operational and/or business units, product lines, business segments, administrative departments, as reported or calculated by the Company: cash flow measures (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, cash flow return on capital and cash flow return on investment); working capital; basic or diluted earnings per share (before or after taxes); cost of capital, debt leverage year-end cash position, or book value; net operating profit or income (before or after taxes); gross profit or gross profit growth; operating margins; return measures (including, but not limited to, return on assets, investment, equity, capital, invested capital, sales or revenue); earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; productivity ratios; share price (including, but not limited to, growth measures and total stockholder return); cost control; margins (including, but not limited to, gross or operating margins); operating efficiency; market share; objective measures of customer satisfaction or employee satisfaction; working capital targets; economic value added or EVA (net operating profit after tax minus the sum of capital multiplied by the cost of capital); inventory control; enterprise value; sales or revenue (whether gross or net and including, but not limited to, growth in sales); timely completion of new product rollout; timely opening of new facilities; objective measures of personal targets, goals, or completion of projects (including, but not limited to, succession and hiring projects, completion of specific acquisitions, dispositions, reorganizations, or other corporate transactions or capital-raising transactions, expansions of specific business operations, and meeting divisional or project budgets); strategic objectives, development of new product lines and related revenue, sales, and margin targets; financial controls; information technology; business development; financial structure; capital expenditures; depreciation and amortization; or any combination of the foregoing.

Any one or more performance measures also may be stated as a percentage of another performance measure, or used on an absolute or relative basis. The performance measures may also be compared to a selected group of comparison companies or various indices that the Committee deems appropriate.

The Committee may, to the extent the exercise of its authority does not cause a performance-based award to fail to qualify as performance-based compensation under Section 162(m) of the Code, specify adjustments or modifications to be made to the calculation of a performance measure to

Table of Contents

appropriately reflect any of the following events that occur during a performance period: asset write-downs, litigation or claim judgments or settlements, the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results, any reorganization and restructuring programs, extraordinary or nonrecurring items as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year, acquisitions or divestitures, discontinued operations, foreign exchange gains and losses, gains and losses on asset sales, change in the Company's fiscal years, or any other specific, unusual, or nonrecurring events, or objectively determinable category thereof.

Adjustments. Awards that are intended to qualify as "performance-based" compensation under Section 162(m) of the Code may be adjusted downwards but not upwards. The Committee has the authority to provide for accelerated vesting of any award based on the achievement of performance goals, but only to the extent the acceleration will not cause the award to cease to qualify as performance-based compensation that is exempt from Section 162(m) of the Code. Section 162(m) of the Code requires that a qualifying committee certify that performance goals were achieved before the payment of the "performance-based" compensation. Following the completion of the applicable performance period, the Committee will review and certify in writing whether the participant's performance goals have been achieved.

Limitations. Subject to certain adjustments for changes in our corporate or capital structure, participants (other than our non-employee directors, for whom different limits apply) who are granted awards in the form of restricted stock and RSUs may not be granted awards for more than 750,000 (40,000 for non-employee directors) shares of Common stock in any calendar year. The maximum number of shares subject to options and SARs granted to any one participant in any plan year will be 1,500,000 (80,000 for our non-employee directors) and the maximum amount awarded or credited with respect to other stock-based awards to any one participant in any one plan year will not exceed 750,000 shares (40,000 with respect to our non-employee directors). The maximum dollar value payable to any participant with respect to performance units or any other awards payable in cash that are intended to qualify as "performance-based" compensation cannot exceed \$20,000,000 in any calendar year. The maximum amount of any cash-based award made to any non-employee director will not exceed \$500,000 in any calendar year.

Federal Income Tax Consequences

The following is a brief summary of the U.S. Federal income tax consequences of the 2014 Omnibus Plan generally applicable to us and to participants in the 2014 Omnibus Plan who are subject to U.S. Federal taxes. This summary is based on the Code, applicable Treasury Regulations and administrative and judicial interpretations thereof, each as in effect on the date of this proxy statement and is, therefore, subject to future changes in the law. This summary is general in nature and does not purport to be legal or tax advice. Furthermore, the summary does not address issues relating to any U.S. gift or estate tax consequences or the consequences of any state, local or federal tax laws.

Under the Code, as presently in effect, the grant of an option or SAR at fair market value will not generate federal income to a participant or a deduction to the Company.

Upon exercise of a non-qualified option or an SAR, the participant will normally be deemed to have received ordinary income in an amount equal to the difference between the exercise price for the option and the fair market value of our Common stock on the exercise date or, in the case of an SAR, equal to the amount of payment received from us (less any exercise price, if applicable). We will be entitled to a tax deduction in the same amount as is recognized by the participant and at the same time, provided we include and report such amounts on a timely filed Form W-2 or Form 1099-MISC (or similar such IRS form filing). Upon a disposition of shares acquired upon exercise of a non-qualified option, any amount received in excess of the fair market value of the shares at the time

Table of Contents

of exercise of the option generally will be treated as long-term or short-term capital gain, depending on the holding period of the shares. We will not be entitled to any tax deduction upon such subsequent disposition.

In the case of incentive options, the participant typically recognizes no ordinary income on the date of grant or exercise. If the participant holds the stock acquired through exercise of an incentive option for one year from the date of exercise and two years from the date of grant, the participant will thereafter recognize long-term capital gain or loss upon a subsequent sale of the stock, based on the difference between the incentive option's exercise price and the sale price. If the stock is sold before the requisite holding period, the participant will recognize ordinary income based upon the difference between the exercise price and the lesser of the sales price or the fair market value upon the date of exercise. We generally will be allowed a business expense deduction only if, and to the extent, the participant recognizes ordinary income.

For awards of restricted stock, the fair market value of the stock is not taxable to the participant as ordinary income until the year the participant's interest is freely transferable or no longer subject to a substantial risk of forfeiture. Section 83 of the Code, however, permits a participant to elect to have the fair market value of the stock taxed as ordinary income in the year the award is received. Dividends on restricted stock are treated as ordinary income at the time paid. We generally will be entitled to a deduction equal to the amount of ordinary income recognized by the participant.

A participant generally will not recognize income at the time a restricted stock unit is granted. When any part of a stock unit is issued or paid, the participant generally will recognize compensation taxable as ordinary income at the time of such issuance or payment in an amount equal to the then fair market value of any shares the participant receives.

Upon the grant of a cash award, the participant will recognize ordinary income equal to the amount of the award, which amount will be includable in the participant's taxable income in the year such award is paid. We will be entitled to a deduction in the same year equal to the amount of the award.

We intend that awards granted under the 2014 Omnibus Plan comply with, or otherwise be exempt from Section 409A of the Code, but make no representation or warranty to that effect.

New Plan Benefits

A new plan benefits table for the 2014 Omnibus Plan and the benefits or amounts that would have been received by or allocated to participants for the last completed fiscal year under the 2014 Omnibus Plan if the 2014 Omnibus Plan was then in effect, as described in the federal proxy rules, are not provided because all awards made under the 2014 Omnibus Plan will be made at the Committee's discretion, subject to the terms of the 2014 Omnibus Plan. Therefore, the benefits and amounts that will be received or allocated under the 2014 Omnibus Plan are not determinable at this time. However, please refer to the Summary Compensation Table for Fiscal 2013 in this proxy statement which sets forth certain information regarding award granted to our NEOs during fiscal 2013. Equity grants to our non-employee directors are described under the Director Compensation section in this proxy statement.

Vote Required

The 2014 Omnibus Plan becomes effective on its approval by our stockholders. Approval of the 2014 Omnibus Plan requires the affirmative vote of the holders of a majority of the shares of Common stock outstanding as of the Record Date and present in person or by proxy at our annual meeting.

PROPOSAL 3: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Overview

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and Schedule 14A of the Exchange Act require us to provide our stockholders with the opportunity to vote to approve, on an advisory (non-binding) basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement, in accordance with the applicable SEC rules (the "Say-On-Pay" vote).

In May 2011, in consideration of the results of the advisory vote of the Company's stockholders at the 2011 Annual Meeting of Stockholders regarding the frequency of "Say-On-Pay" votes (the "Say-When-On-Pay" vote), the Compensation Committee and the Board determined to include an advisory vote on executive compensation in our proxy statement every three years until the next required stockholder advisory Say-When-On-Pay vote. Accordingly, the Company's next Say-On-Pay stockholder advisory vote will be at our 2017 Annual Meeting of Stockholders.

As described in detail under the heading "Executive Compensation Compensation Discussion and Analysis", our executive officer compensation program is designed to:

Attract, retain, and motivate highly qualified executive officers by providing compensation that is market competitive and ensuring a substantial portion of total compensation is variable, delivering awards based upon company and individual success;

Differentiate compensation levels to reflect differing performance levels, experience, potential and responsibilities among our executive officers; and

Align the interests of our executive officers with those of our stockholders.

Additional details about our executive compensation programs, including information about the fiscal year 2013 compensation of our Named Executive Officers, are described under the section entitled "Executive Compensation Compensation Discussion and Analysis".

The Compensation Committee regularly reviews best practices related to executive compensation to ensure that our executive officer compensation program achieves the desired goals stated above.

We are asking the Company's stockholders to indicate their support for our Named Executive Officer compensation as described in this Proxy Statement. The "Say-On-Pay" Proposal gives the Company's stockholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. We believe that the executive compensation as disclosed in our Compensation Discussion and Analysis, tabular disclosures and other narrative executive compensation disclosure in this Proxy Statement aligns with our peer group pay practices and coincides with our compensation philosophy.

Accordingly, we ask our stockholders to vote **"FOR"** the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed by the Company pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure."

The Say-On-Pay vote is advisory, and therefore not binding on the Company, our Compensation Committee or our Board, but the Compensation Committee and Board value the opinions expressed by our stockholders in their vote and will review the voting results when making future compensation decisions.

Under the rules of the NYSE, brokers are prohibited from giving proxies to vote on executive compensation matters unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to Proposal 4 if you want your broker to vote your shares on the matter.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DESCRIBED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.

PROPOSAL 4: STOCKHOLDER PROPOSAL

Overview

Mr. John Chevedden of 2215 Nelson Ave., No. 205, Redondo Beach, California 90278, who has indicated that he owns no less than 250 shares of the Company's Common Stock, has informed the Company that he plans to present the following proposal at the meeting:

Give Each Share an Equal Vote

RESOLVED: Shareholders request that our Board take steps to ensure that all of our company's outstanding stock has one-vote per share in each voting situation. This would encompass all practicable steps including encouragement and negotiation with shareholders, who have more than one vote per share, to request that they relinquish, for the common good of all shareholders, any preexisting rights, if necessary.

This proposal is not intended to unnecessarily limit our Board's judgment in crafting the requested change in accordance with applicable laws and existing contracts.

GMI Ratings, an independent investment research firm rated our company D in ownership and control. GMI said Spirit AeroSystems shareholders' rights are limited by the dual-class structure and voting power of the controlling shareholder. Spirit has two classes of common stock Class A Common Stock and Class B Common Stock. Holders of Class A Common Stock are entitled to one vote per share and holders of Class B Common Stock are entitled to ten votes per share. Onex holds 96% of the Class B Common Stock, which gives the company 73% of the total voting power. Onex's control of the voting power eliminates the possibility of a change in corporate control without its approval.

With Spirit AeroSystems dual-class structure our company takes our shareholder money but does not let us have an equal voice in our company's management. Without a voice, shareholders cannot hold management accountable. This is particularly important because GMI negatively flagged a number of issues with our corporate governance. In regard to our Board GMI said there were issues such as too many executives also serving as directors, board attendance failure, related party transactions, directors with too many outside commitments and a lack of risk management expertise.

In regard to accounting there was a pre-tax charge of \$448 million primarily on Gulfstream programs. In regard to executive pay there were golden hellos, a lack of a clawback policy to recoup unearned executive pay based on fraud or error and a lack of peer performance measures.

GMI said Spirit AeroSystems environmental impact disclosure practices were significantly worse than its sector peers. Spirit had not adopted alternative energy practices that would lower its future environmental impacts. Spirit had not incorporated links to environmental or social performance in its incentive pay policies.

Please vote to protect shareholder value: **Give Each Share An Equal Vote Proposal 4**

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "AGAINST" THE SHAREHOLDER PROPOSAL REQUESTING THAT THE BOARD TAKE STEPS TO ENSURE THAT ALL OF THE COMPANY'S OUTSTANDING STOCK HAS ONE VOTE PER SHARE IN EACH VOTING SITUATION.

Independent Registered Public Accounting Firm

PricewaterhouseCoopers LLP has served as the Company's independent registered public accounting firm for fiscal years 2005 through 2013. The Audit Committee has not selected an independent registered public accounting firm for fiscal year 2014 because it is currently conducting a competitive proposal process to make such selection and therefore does not propose that any independent registered public accounting firm be ratified for such year at the 2014 Annual Meeting of Stockholders. The Audit Committee is conducting this process for good corporate governance reasons and not as a result of a disagreement with PricewaterhouseCoopers LLP on any matter related to their audit of the Company, PricewaterhouseCoopers LLP declining to stand for re-election or there being reportable events as defined in item 304(a)(1)(v) of Regulation S-K. PricewaterhouseCoopers LLP has been invited to participate in the proposal process. The Audit Committee intends to propose in future years the ratification of its independent registered public accounting firm in the Company's proxy statement. It is expected that representatives of PricewaterhouseCoopers LLP will be present at the 2014 Annual Meeting of Stockholders to respond to appropriate questions and, if they so desire, to make a statement.

Report of the Audit Committee

The Board has a separately-designated standing Audit Committee, established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee assists the Board in fulfilling its oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to any governmental body or the public, the Company's systems of internal controls regarding finance, accounting, legal and regulatory compliance, and ethics that the Board and the Company's management have established, and the Company's auditing, accounting, and financial reporting processes generally. The Audit Committee annually selects the Company's independent registered public accounting firm and evaluates the independence, qualifications, and performance of the Company's internal auditors and the independent registered public accounting firm. The Audit Committee establishes procedures for and oversees receipt, retention, and treatment of complaints received by the Company regarding accounting, internal control, or auditing matters and the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters.

The Audit Committee has reviewed and discussed with management and the independent registered public accounting firm the Company's audited financial statements as of and for the year ended December 31, 2013, as well as the representations of management regarding the Company's internal control over financial reporting. The Audit Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee met with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluation of the Company's internal controls, management's representations regarding internal control over financial reporting, and the overall quality of the Company's financial reporting.

The Audit Committee has discussed with the independent registered public accounting firm all items required by the standards of the Public Company Accounting Oversight Board, including the Statement on Auditing Standards, No. 61, as amended by AICPA, Professional Standards, Vol. 1, AU section 380, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, *Communication with Audit Committees*. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and the Audit Committee has

discussed with the independent registered public accounting firm its independence from the Company and its management.

The Audit Committee has relied on management representations that the financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America and on the opinion of the independent registered public accounting firm included in their report to the Company's audited financial statements.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013, for filing with the SEC.

Proxies may be solicited by officers, directors, and regular supervisory and executive employees of the Company, none of whom will receive any additional compensation for their services. All of the costs of solicitation of proxies will be paid by the Company.

Decisions and Actions are Final. Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations, and other decisions and actions under or with respect to the Plan or any Award or any documents evidencing Awards granted pursuant to the Plan will be within the sole discretion of the Committee, may be made at any time, and will be final, conclusive, and binding on all Persons or entities, including, without limitation, the Company, any Affiliate, any Participant, any holder or beneficiary of any Award, and any stockholder of the Company.

Each Indemnifiable Person will be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense (including attorneys' fees) that may be imposed upon or incurred by such Indemnifiable Person in connection with or resulting from any action, suit, or proceeding to which such Indemnifiable Person may be a party or in which such Indemnifiable Person may be involved by reason of any action taken or omitted to be taken or determination made under the Plan or any Award Agreement and against and from any and all amounts paid by such Indemnifiable Person with the Company's approval, in settlement thereof, or paid by such Indemnifiable Person in satisfaction of any judgment in any such action, suit, or proceeding against such Indemnifiable Person, and the Company will advance to such Indemnifiable Person any such expenses promptly upon written request, which request must include an undertaking by the Indemnifiable Person to repay the amount of such advance if it is ultimately determined, as provided below, that the Indemnifiable Person is not entitled to be indemnified. The Company will have the right, at its own expense, to assume and defend any such action, suit, or proceeding, and once the Company gives notice of its intent to assume the defense, the Company will have sole control over such defense with counsel of the Company's choice. The foregoing right of indemnification will not be available to an Indemnifiable Person to the extent that a final judgment or other final adjudication (in either case not subject to further appeal) binding upon such Indemnifiable Person determines that the acts or omissions or determinations of such Indemnifiable Person giving rise to the indemnification claim resulted from such Indemnifiable Person's fraud or willful criminal act or omission or that such right of indemnification is otherwise prohibited by law or by the Company's Certificate of Incorporation or Bylaws. The foregoing right of indemnification will not be exclusive of or otherwise supersede any other rights of indemnification to which such Indemnifiable Persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, individual indemnification agreement or contract, or otherwise or any other power that the Company may have to indemnify such Indemnifiable Persons or hold them harmless.

3.6

Action by the Board. Notwithstanding anything to the contrary contained in the Plan, the Board may, in its sole discretion, at any time and from time to time, grant Awards and administer the Plan with respect to such Awards. In any such case, the Board will have and may exercise all the authority granted to the Committee under the Plan. However, any such actions by the Board will be subject to the applicable rules of the NYSE or any other securities exchange or inter-dealer quotation system on which the Common Stock is listed or quoted.

Article 4 Shares Subject to the Plan

4.1

Number of Shares Authorized and Available for Awards. The number of Shares authorized and available for Awards under this Plan will be determined in accordance with the following provisions:

- (a) Subject to Section 4.5 of the Plan, the maximum number of Shares available for issuance under the Plan will be 8,500,000 Shares.
- (b) Subject to Section 4.5 of the Plan, the maximum number of Shares that may be issued pursuant to ISOs under the Plan will be 8,500,000 Shares.

4.2

Share Usage. Shares covered by an Award will be counted as used, with limited exceptions. Other than with respect to Substitute Awards, undelivered Shares covered by an Award will again be available for grant only under, and to the extent of, the following circumstances: (i) an Award is cancelled; (ii) an Award expires or remains unexercised after the latest date on which exercise may occur; (iii) an Award is forfeited; (iv) an Award is terminated; or (v) an Award is not settled (e.g., because Performance Goals are not achieved or the Award otherwise fails to be earned). The following Shares will count against the maximum number of Shares available for issuance under the Plan, notwithstanding that the Shares may not be issued or delivered to a Participant: (a) Shares not issued or delivered as a result of the net settlement of an Option or SAR; (b) Shares used to pay the exercise price of an Option or SAR; (c) Shares withheld in satisfaction of a tax withholding obligation related to an Award; and (d) Shares purchased with the proceeds of an Option exercise price. Shares delivered by the Company in settlement of Awards may be authorized and unissued Shares, Shares held in the treasury of the Company, Shares purchased on the open market or by private purchase, or any combination of the foregoing.

4.3

Substitute Awards. Awards may, in the sole discretion of the Committee, be granted under the Plan in assumption of, or in substitution for, outstanding awards previously granted by an entity directly or indirectly acquired by the Company or with which the Company combines ("Substitute Awards"). Substitute Awards will not count against the maximum number of Shares available for issuance under the Plan, except that Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding options intended to qualify as "incentive stock options" within the meaning of Code Section 422 will count against the aggregate number of Shares available for Awards of Incentive Stock Options under the Plan. Subject to applicable stock exchange requirements, available shares under a stockholder approved plan of an entity directly or indirectly acquired by the Company or with which the Company combines (as appropriately adjusted to reflect the acquisition or combination transaction) may be used for Awards under the Plan and will not reduce the number of Shares available for delivery under the Plan.

4.4

Annual Award Limits. The following limits (each an "Annual Award Limit" and, collectively, "Annual Award Limits"), as adjusted pursuant to Sections 4.5, will apply to grants of such Awards under this Plan:

- (a) **Options and SARs.** The maximum aggregate number of Shares subject to Options and SARs granted to any one Participant in any one Plan Year will be 1,500,000.
- (b) **Restricted Stock and Restricted Stock Units.** The maximum aggregate number of Shares subject to Restricted Stock and Restricted Stock Units granted to any one Participant in any one Plan Year will be 750,000.
- (c) **Cash-Based Awards.** The maximum aggregate amount awarded or credited with respect to Cash-Based Awards to any one Participant in any one Plan Year may not exceed \$20,000,000, determined as of the Grant Date.

Table of Contents

(d) **Other Stock-Based Awards.** The maximum aggregate amount awarded or credited with respect to Other Stock-Based Awards to any one Participant in any one Plan Year may not exceed 750,000 Shares, determined as of the Grant Date.

(e) **Nonemployee Director Awards.** Notwithstanding the foregoing, with respect to Nonemployee Director Awards, the following Annual Award Limits will apply: (i) the maximum aggregate number of Shares subject to Options and SARs granted to any one Nonemployee Director in any one Plan Year will be 80,000; (ii) the maximum aggregate number of Shares subject to Restricted Stock and Restricted Stock Units granted to any one Nonemployee Director in any on Plan Year will be 40,000; (iii) the maximum aggregate amount awarded or credited with respect to Cash-Based Awards to any one Nonemployee Director in any one Plan Year will not exceed \$500,000, determined as of the Grant Date; and (iv) the maximum aggregate amount awarded or credited with respect to Other Stock-Based Awards to any one Nonemployee Director in any one Plan Year will not exceed 40,000 Shares, determined as of the Grant Date.

4.5

Changes in Capital Structure and Similar Events. In the event of (i) any dividend (other than regular cash dividends) or other distribution (whether in the form of cash, shares of Common Stock, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, split-off, spin-off, combination, repurchase or exchange of shares of Common Stock or other securities of the Company, issuance of warrants or other rights to acquire shares of Common Stock or other securities of the Company, or other similar corporate transaction or event (including, without limitation, a Change in Control) that affects the shares of Common Stock, or (ii) unusual or nonrecurring events (including, without limitation, a Change in Control) affecting the Company or any Affiliate or changes in applicable rules, rulings, regulations, or other requirements of any governmental body or securities exchange or inter-dealer quotation system, accounting principles, or law, such that in either case an adjustment is determined by the Committee in its sole discretion to be necessary or appropriate (e.g., in order to prevent dilution or enlargement of Participants' rights under this Plan), then the Committee will make any such adjustments in such manner as it may deem equitable, including without limitation, any or all of the following:

(a) Adjusting any or all of (1) the maximum number of shares available for issuance under the Plan, or any other limit applicable under the Plan with respect to the number of Awards which may be granted hereunder, (2) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or other property) that may be delivered in respect of Awards or with respect to which Awards may be granted under the Plan (including, without limitation, adjusting any or all of the limitations under this Article 4), and (3) the terms of any outstanding Award, including, without limitation, (A) the number of Shares or other securities of the Company (or number and kind of other securities or other property) subject to outstanding Awards or to which outstanding Awards relate, (B) the Exercise Price or Strike Price with respect to any Award, or (C) any applicable performance measures (including, without limitation, Performance Measures and Performance Goals).

(b) Providing for a substitution or assumption of Awards (or awards of an acquiring company), accelerating the exercisability of, lapse of restrictions on, or termination of, Awards or providing for a period of time (which will not be required to be more than 10 days) for Participants to exercise outstanding Awards prior to the occurrence of such event (and any such Award not so exercised will terminate upon the occurrence of such event).

(c) Cancelling any one or more outstanding Awards and causing to be paid to the holders holding vested Awards (including any Awards that would vest as a result of the occurrence

Table of Contents

of such event but for such cancellation) the value of such Awards, if any, as determined by the Committee (which if applicable may be based upon the price per share of Common Stock received or to be received by other stockholders of the Company in such event), including without limitation, in the case of an outstanding Option or SAR, a cash payment in an amount equal to the excess, if any, of the Fair Market Value (as of a date specified by the Committee) of the shares of Common Stock subject to such Option or SAR over the aggregate Exercise Price or Strike Price of such Option or SAR, respectively (it being understood that, in such event, any Option or SAR having a per share Exercise Price or Strike Price equal to, or in excess of, the Fair Market Value of a share of Common Stock subject thereto may be canceled and terminated without any payment or consideration therefor).

Any adjustment in ISOs under this Section 4.5 (other than any cancellation of ISOs) will be made only to the extent not constituting a "modification" within the meaning of Code Section 424(h)(3). Further, any adjustments under this Section 4.5 will be made in a manner that does not (i) adversely affect the exemption provided pursuant to Rule 16b-3 under the Exchange Act, or (ii) result in a prohibited acceleration or otherwise cause adverse tax consequences under Code Section 409A. Any such adjustment will be conclusive and binding for all purposes.

Payments to holders pursuant to clause (c) above will be made in cash or, in the sole discretion of the Committee, in the form of such other consideration necessary for a Participant to receive property, cash, or securities (or combination thereof) as such Participant would have been entitled to receive upon the occurrence of the transaction if the Participant had been, immediately prior to such transaction, the holder of the number of Shares covered by the Award at such time (less any applicable Exercise Price or Strike Price).

Prior to any payment or adjustment contemplated under this Section 4.5, the Committee may require a Participant to (i) represent and warrant as to the unencumbered title to the Participant's Awards, (ii) bear such Participant's pro rata share of any post-closing indemnity obligations and be subject to the same post-closing purchase price adjustments, escrow terms, offset rights, holdback terms, and similar conditions as the other holders of Stock, (iii) deliver customary transfer documentation as reasonably determined by the Committee, and (iv) satisfy any applicable tax withholding obligations.

By accepting an Award under this Plan, a Participant agrees to any adjustment to the Award made pursuant to this Section 4.5 without further consideration or action.

Article 5 Eligibility and Participation

5.1

Eligibility. Individuals eligible to participate in this Plan include all Eligible Persons.

5.2

Participation. Subject to the provisions of this Plan, the Committee may, from time to time, select from all Eligible Persons those individuals to whom Awards will be granted and will determine, in its sole discretion, the nature of any and all terms permissible by law and the amount of each Award.

Article 6 Stock Options

6.1

Grants of Options. Each Option granted under the Plan will be evidenced by an Award Agreement. Each Option so granted will be subject to the conditions set forth in this Article 6, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement. All Options granted under the Plan will be Nonqualified Stock Options unless the applicable Award Agreement expressly states that the Option is intended to be an ISO. ISOs will be granted only to Eligible Persons who are employees of the Company and its

Table of Contents

Affiliates, and no ISO will be granted to any Eligible Person who is ineligible to receive an ISO under the Code. No Option will be treated as an ISO unless the Plan has been approved by the stockholders of the Company in a manner intended to comply with the stockholder approval requirements of Code Section 422(b)(1). Any Option intended to be an ISO will not fail to be effective solely on account of a failure to obtain such approval, but rather such Option will be treated as a Nonqualified Stock Option unless and until such approval is obtained. In the case of an ISO, the terms and conditions of such grant will be subject to and comply with such rules as may be prescribed by Code Section 422. If for any reason an Option intended to be an ISO (or any portion thereof) does not qualify as an ISO, then, to the extent of such nonqualification, such Option or portion thereof will be regarded as a Nonqualified Stock Option appropriately granted under the Plan.

6.2

Exercise Price. Except as otherwise provided by the Committee in the case of Substitute Awards, the exercise price ("Exercise Price") per Share for each Option will not be less than 100% of the Fair Market Value of such Share (determined as of the Grant Date), except that in the case of an Incentive Stock Option granted to an employee who, at the time of the grant of such Option, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Affiliate, the Exercise Price per Share will be no less than 110% of the Fair Market Value per share on the Grant Date.

6.3

Vesting and Expiration.

(a)

Options will vest and become exercisable in such manner and on such date or dates or upon such events determined by the Committee and will expire after such period, not to exceed 10 years, as may be determined by the Committee (the "Option Period"), except that if the Option Period (other than in the case of an Incentive Stock Option) would expire at a time when trading in the shares of Common Stock is prohibited by the Company's insider trading policy (or Company-imposed "blackout period"), the Option Period will be automatically extended until the 30th day following the expiration of such prohibition. In no event will the Option Period exceed five years from the Grant Date in the case of an Incentive Stock Option granted to a Participant who on the Grant Date owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Affiliate.

(b)

Unless otherwise provided by the Committee, in the event of (i) a Participant's Termination by the Company for Cause, all outstanding Options granted to such Participant will immediately terminate and expire; (ii) a Participant's Termination due to death or Disability, after taking into account any accelerated vesting under the terms of the Plan or the Award Agreement, each outstanding unvested Option granted to such Participant will immediately terminate and expire, and each outstanding vested Option will remain exercisable for one year thereafter (but in no event beyond the expiration of the Option Period); and (iii) a Participant's Termination for any other reason, after taking into account any accelerated vesting under the terms of the Plan or the Award Agreement, each outstanding unvested Option granted to such Participant will immediately terminate and expire, and each outstanding vested Option will remain exercisable for 90 days thereafter (but in no event beyond the expiration of the Option Period).

6.4

Method of Exercise and Form of Payment. No Shares will be delivered pursuant to any exercise of an Option until payment in full of the Exercise Price therefor is received by the Company and the Participant has paid to the Company an amount equal to any Federal, state, local, and non-U.S. income and employment taxes required to be withheld. Options which have become exercisable may be exercised by delivery of written or electronic notice of exercise to the Company (or telephonic instructions to the extent provided by the Committee) in accordance with the terms of the Option accompanied by payment of the Exercise Price. The Exercise Price

Table of Contents

will be payable (i) in cash, check, cash equivalent, and/or Shares valued at the Fair Market Value at the time the Option is exercised (including, pursuant to procedures approved by the Committee, by means of attestation of ownership of a sufficient number of Shares in lieu of actual delivery of such shares to the Company), so long as such Shares are not subject to any pledge or other security interest; (ii) if there is a public market for the Shares at such time, by means of a broker-assisted "cashless exercise" pursuant to which the Company is delivered (including telephonically to the extent permitted by the Committee) a copy of irrevocable instructions to a stockbroker to sell the Shares otherwise deliverable upon the exercise of the Option and to deliver promptly to the Company an amount equal to the Exercise Price; or (iii) by such other method as the Committee may permit in its sole discretion, including without limitation: (A) in other property having a fair market value on the date of exercise equal to the Exercise Price, or (B) a "net exercise" procedure effected by withholding the minimum number of Shares otherwise deliverable in respect of an Option that are needed to pay the Exercise Price and the minimum amount of statutorily required withholding taxes. Any fractional Shares will be settled in cash.

6.5

Compliance with Laws, etc. Notwithstanding the foregoing, in no event will a Participant be permitted to exercise an Option in a manner which the Committee determines would violate the Sarbanes-Oxley Act of 2002, or any other applicable law or the applicable rules and regulations of the Securities and Exchange Commission or the applicable rules and regulations of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or traded.

6.6

Additional Rules for Incentive Stock Options.

(a)

An Incentive Stock Option may only be granted to an Eligible Person who is considered an employee for purposes of Treasury Regulation § 1.421-1(h) with respect to the Company or any Affiliate that qualifies as a "parent corporation" with respect to the Company within the meaning of Code Section 424(e) or a "subsidiary corporation" with respect to the Company within the meaning of Code Section 424(f).

(b)

To the extent that the aggregate Fair Market Value of: (i) the Shares with respect to which Options designated as Incentive Stock Options, plus (ii) the Shares of common stock of the Company and any parent corporation or subsidiary corporation with respect to which other Incentive Stock Options are exercisable for the first time by a holder of an ISO during any calendar year under all plans of the Company and such parent and subsidiary corporations exceeds \$100,000, such Options shall be treated as Nonqualified Stock Options. For purposes of the preceding sentence, Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the time the Option or other Incentive Stock Option is granted.

(c)

No Incentive Stock Options may be granted more than ten years after the earlier of: (i) adoption of this Plan by the Board, or (ii) the Effective Date.

(d)

Each Participant awarded an Incentive Stock Option under the Plan will notify the Company in writing immediately after the date he or she makes a disqualifying disposition of any Common Stock acquired pursuant to the exercise of such Incentive Stock Option. A disqualifying disposition is any disposition (including, without limitation, any sale) of such Common Stock before the later of (A) two years after the Grant Date of the Incentive Stock Option, or (B) one year after the date of exercise of the Incentive Stock Option. The Company may, if determined by the Committee and in accordance with procedures established by the Committee, retain possession, as agent for the applicable Participant, of any Common Stock acquired pursuant to the exercise of an Incentive Stock Option until the

Table of Contents

end of the period described in the preceding sentence, subject to complying with any instructions from such Participant as to the sale of such Common Stock.

- (e) No ISO granted under this Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution, except that, at the discretion of the Committee, an ISO may be transferred to a grantor trust under which the Participant making the transfer is the sole beneficiary.

Article 7 Stock Appreciation Rights

7.1

Grants of SARs. Each SAR granted under the Plan will be evidenced by an Award Agreement. Each SAR so granted will be subject to the conditions set forth in this Article 7, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement. Any Option granted under the Plan may include tandem SARs. The Committee also may award SARs to Eligible Persons independent of any Option.

7.2

Strike Price. Except as otherwise provided by the Committee in the case of Substitute Awards, the strike price ("Strike Price") per Share for each SAR will not be less than 100% of the Fair Market Value of such Share (determined as of the Grant Date). Notwithstanding the foregoing, a SAR granted in tandem with (or in substitution for) an Option previously granted will have a Strike Price equal to the Exercise Price of the corresponding Option.

7.3

Vesting and Expiration.

- (a) A SAR granted in connection with an Option will become exercisable and will expire according to the same vesting schedule and expiration provisions as the corresponding Option. A SAR granted independent of an Option will vest and become exercisable and will expire in such manner and on such date or dates or upon such events determined by the Committee and will expire after such period, not to exceed ten years, as may be determined by the Committee (the "SAR Period"). If the SAR Period would expire at a time when trading in the shares of Common Stock is prohibited by the Company's insider trading policy or a Company-imposed "blackout period," the SAR Period will be automatically extended until the 30th day following the expiration of such prohibition.
- (b) Unless otherwise provided by the Committee, in the event of (i) a Participant's Termination by the Company for Cause, all outstanding SARs granted to such Participant will immediately terminate and expire; (ii) a Participant's Termination due to death or Disability, after taking into account any accelerated vesting under the terms of the Plan or the Award Agreement, each outstanding unvested SAR granted to such Participant will immediately terminate and expire, and each outstanding vested SAR will remain exercisable for one year thereafter (but in no event beyond the expiration of the SAR Period); and (iii) a Participant's Termination for any other reason, after taking into account any accelerated vesting under the terms of the Plan or the Award Agreement, each outstanding unvested SAR granted to such Participant will immediately terminate and expire, and each outstanding vested SAR will remain exercisable for 90 days thereafter (but in no event beyond the expiration of the SAR Period).

7.4

Method of Exercise. SARs which have become exercisable may be exercised by delivery of written or electronic notice of exercise to the Company in accordance with the terms of the Award, specifying the number of SARs to be exercised and the date on which such SARs were awarded.

7.5

Payment. Upon the exercise of a SAR, the Company will pay to the Participant an amount equal to the number of shares subject to the SAR that are being exercised multiplied by the excess, if any, of the Fair Market Value of one share of Common Stock on the exercise date over the Strike Price, less an amount equal to the minimum amount of Federal, state, local, and non-U.S.

Table of Contents

statutory income and employment taxes withholding liability. The Company will pay such amount in cash, in Shares valued at Fair Market Value, or any combination thereof, as determined by the Committee. Any fractional Shares will be settled in cash.

7.6

Substitution of SARs for Nonqualified Stock Options. The Committee will have the authority in its sole discretion to substitute, without the consent of the affected Participant or any holder or beneficiary of SARs, SARs settled in Shares (or settled in shares or cash in the sole discretion of the Committee) for outstanding Nonqualified Stock Options, provided that (i) the substitution will not otherwise result in a modification of the terms of any such Nonqualified Stock Option, (ii) the number of Shares underlying the substituted SARs will be the same as the number of Shares underlying such Nonqualified Stock Options, and (iii) the Strike Price of the substituted SARs will be equal to the Exercise Price of such Nonqualified Stock Options. If, in the opinion of the Company's independent public auditors, the foregoing provision creates adverse accounting consequences for the Company, such provision will be considered null and void.

Article 8 Restricted Stock and Restricted Stock Units

8.1

Grants of Restricted Stock and RSUs. Each grant of Restricted Stock and Restricted Stock Units will be made pursuant to the terms of an Award Agreement (which Award Agreement need not be the same for each Participant). Each Restricted Stock and Restricted Stock Unit grant will be subject to the conditions set forth in the Plan and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement.

8.2

Stockholder Rights. Subject to the restrictions set forth in this Article 8 and any Award Agreement, a Participant generally will have the rights and privileges of a stockholder as to Restricted Stock, including without limitation the right to vote such Restricted Stock and to receive any dividends payable on such shares of Restricted Stock, except that any dividends payable on such shares of Restricted Stock will be held by the Company and delivered (without interest) to the Participant within 15 days following the date on which the restrictions on such Restricted Stock lapse (including, but not limited to, restrictions related to the passage of time and/or restrictions related to performance conditions), and the right to any such accumulated dividends will be forfeited upon any forfeiture, or termination or other failure to earn the Award, of the Restricted Stock to which such dividends relate. To the extent shares of Restricted Stock are forfeited, any stock certificates issued to the Participant evidencing such shares will be returned to the Company, and all rights of the Participant to such shares and as a stockholder with respect thereto will terminate without further obligation on the part of the Company.

8.3

Vesting; Acceleration of Lapse of Restrictions. The Restricted Period with respect to Restricted Stock and Restricted Stock Units will lapse in such manner and on such date or dates or upon such events as are set forth in the Plan or, to the extent not inconsistent therewith, as determined by the Committee, and the Committee will determine the treatment of the unvested portion of Restricted Stock and Restricted Stock Units upon Termination of the Participant granted the applicable Award, which may include accelerating vesting or removing restrictions with respect to Restricted Stock or Restricted Stock Units granted under the Plan, if the Committee determines, in its sole discretion, it is in the best interests of the Company or other Service Recipient to do so.

8.4

Delivery of Restricted Stock and Settlement of Restricted Stock Units.

(a)

Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock, the restrictions set forth in this Plan or the applicable Award Agreement will be of no further force or effect with respect to such shares, except as set forth in this Plan or the applicable Award Agreement. If an escrow arrangement is used, upon such expiration, the Company will deliver to the Participant, or his or her beneficiary, without charge, the stock

Table of Contents

certificate (or, if applicable, a notice evidencing a book entry notation) evidencing the shares of Restricted Stock which have not then been forfeited and with respect to which the Restricted Period has expired (rounded down to the nearest full share). Dividends, if any, that may have been withheld by the Committee and attributable to any particular share of Restricted Stock will be distributed to the Participant in cash or, at the sole discretion of the Committee, in Shares having a Fair Market Value (on the date of distribution) equal to the amount of such dividends, upon the release of restrictions on such share and, if such share is forfeited, the Participant will have no right to such dividends.

(b)

Unless otherwise provided in this Plan or by the Committee in an Award Agreement, upon the expiration of the Restricted Period with respect to any outstanding Restricted Stock Units, the Company will deliver to the Participant, or his or her beneficiary, without charge, one share of Common Stock (or other securities or other property, as applicable) for each such outstanding Restricted Stock Unit granted pursuant to the applicable Award Agreement, except that the Committee may, in its sole discretion, elect to (i) pay cash or part cash and part Common Stock in lieu of delivering only Shares in respect of such Restricted Stock Units, or (ii) defer the delivery of Common Stock (or cash or part Common Stock and part cash, as the case may be) beyond the expiration of the Restricted Period if such extension would not cause adverse tax consequences under Code Section 409A. If a cash payment is made in lieu of delivering Shares, the amount of such payment will be equal to the Fair Market Value of the Common Stock as of the date on which the Restricted Period lapsed with respect to such Restricted Stock Units. To the extent provided in this Plan or in an Award Agreement, the holder of outstanding Restricted Stock Units will be entitled to be credited with dividend equivalent payments (upon the payment by the Company of dividends on Shares) either in cash or, at the sole discretion of the Committee, in Shares having a Fair Market Value equal to the amount of such dividends (and interest may, at the sole discretion of the Committee, be credited on the amount of cash Dividend Equivalents at a rate and subject to such terms as determined by the Committee), which accumulated Dividend Equivalents (and interest thereon, if applicable) will be payable at the same time as the underlying Restricted Stock Units are settled following the release of restrictions on such Restricted Stock Units, and, if such Restricted Stock Units are forfeited, the Participant will have no right to such dividend equivalent payments.

8.5

Legends on Restricted Stock. The Company may, but will not be required to, issue certificates with respect to Restricted Stock granted under the Plan. Each certificate representing Restricted Stock awarded under the Plan, if any, will bear a legend substantially in the form of the following, in addition to any other information the Company deems appropriate, until the lapse of all restrictions with respect to such Common Stock:

TRANSFER OF THIS CERTIFICATE AND THE SHARES REPRESENTED HEREBY IS RESTRICTED PURSUANT TO THE TERMS OF THE SPIRIT AEROSYSTEMS HOLDINGS, INC. 2014 OMNIBUS INCENTIVE PLAN. A COPY OF SUCH PLAN IS ON FILE AT THE PRINCIPAL EXECUTIVE OFFICES OF SPIRIT AEROSYSTEMS HOLDINGS, INC.

Article 9 Cash-Based Awards and Other Stock-Based Awards

9.1

Grant of Cash-Based Awards. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Cash-Based Awards to Participants in such amounts and upon such terms as the Committee may determine, including, without limitation, designating Cash-Based Awards as Performance Compensation Awards.

Table of Contents

9.2

Other Stock-Based Awards. The Committee may grant other types of equity-based or equity-related Awards not otherwise described by the terms of this Plan in such amounts and subject to such terms and conditions as the Committee will determine. Such Awards may involve the transfer of actual Shares to Participants, or payment in cash or otherwise of amounts based on the value of Shares, and may include, without limitation, Awards designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States.

9.3

Value of Cash-Based and Other Stock-Based Awards. Each Cash-Based Award will specify a payment amount or payment range as determined by the Committee. Each Other Stock-Based Award will be expressed in terms of Shares or units based on Shares, as determined by the Committee. The Committee may establish Performance Goals in its discretion. If the Committee exercises its discretion to establish Performance Goals, the number and/or value of Cash-Based Awards or Other Stock-Based Awards that will be paid out to the Participant will depend on the extent to which the Performance Goals are met.

9.4

Payment of Cash-Based Awards and Other Stock-Based Awards. Payment, if any, with respect to a Cash-Based Award or an Other Stock-Based Award will be made in accordance with the terms of the Award, in cash or Shares as the Committee determines.

9.5

Termination of Service. The Committee will determine the extent to which the Participant will have the right to receive Cash-Based Awards or Other Stock-Based Awards following Termination. Such provisions will be determined in the sole discretion of the Committee, and such provisions may be included in an agreement entered into with each Participant, but they need not be uniform among all Awards of Cash-Based Awards or Other Stock-Based Awards issued pursuant to the Plan, and may reflect distinctions based on the reasons for Termination. In the absence of a specific provision in this Plan or in a Participant's Award Agreement, in the event of a Participant's Termination for any reason, any unvested Cash-Based Awards or Other Stock-Based Awards granted to such Participant under this Plan will be forfeited upon such Termination.

Article 10 Performance Compensation Awards

10.1

General. The Committee will have the authority, at or before the time of grant of any Award, to designate such Award as a Performance Compensation Award intended to qualify as Performance-Based Compensation. The Committee will also have the authority to make an award of a cash bonus to any Participant and designate such Award as a Performance Compensation Award intended to qualify as Performance-Based Compensation. Notwithstanding anything in the Plan to the contrary, if the Company determines that a Participant who has been granted an Award designated as a Performance Compensation Award is not (or is no longer) a Covered Employee, the terms and conditions of such Award may be modified without regard to any restrictions or limitations set forth in this Article 10 (but subject otherwise to the provisions of Article 14 of the Plan).

10.2

Discretion of Committee with Respect to Performance Compensation Awards. With regard to a particular Performance Period, the Committee will have sole discretion to select the length of such Performance Period, the type(s) of Performance Compensation Awards to be issued, the Performance Measures that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goals(s) that is (are) to apply, and the Performance Formula. Within the first 90 days of a Performance Period (or within any other maximum period allowed under Code Section 162(m)), the Committee will, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence and record the same in writing.

Table of Contents

10.3

Performance Measures. The Performance Measures that will be used to establish the Performance Goal(s) will be limited to the following, which may be determined in accordance with Generally Accepted Accounting Principles (GAAP) or on a non-GAAP basis:

- (a) Net earnings or net income (before or after taxes);
- (b) Basic or diluted earnings per share (before or after taxes);
- (c) Net operating profit or income (before or after taxes);
- (d) Gross profit or gross profit growth;
- (e) Return measures (including, but not limited to, return on investment, assets, capital, invested capital, equity, sales, or revenue);
- (f) Cash flow measures (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, cash flow return on capital, and cash flow return on investment), which may, but are not required to be, measured on a per share basis;
- (g) Earnings before interest and taxes (EBIT);
- (h) Earnings before, interest, taxes, depreciation, and amortization (EBITDA);
- (i) Productivity ratios;

The Performance Measures may be based on the performance of the Company and/or one or more Affiliates, divisions, operational, and/or business units, product lines, business segments, administrative departments, or any combination of the foregoing.

Any one or more of the Performance Measures may be stated as a percentage of another Performance Measure, or used on an absolute or relative basis, as the Committee may deem appropriate, or any of the Performance Measures may be compared to the performance of a selected group of comparison companies, or a published or special index that the Committee, in its sole discretion, deems appropriate. The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of Performance Goals pursuant to the Performance Measures specified in this Article 10, but solely to the extent such acceleration will not cause the Award to cease to qualify as Performance-Based Compensation.

To the extent required under Code Section 162(m), the Committee will, within the first 90 days of a Performance Period (or, within any other maximum period allowed under Code Section 162(m)), define in an objective fashion the manner of calculating the Performance Measure(s) it selects to use for such Performance Period.

10.4

Modification of Performance Goals. In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Measure(s) without obtaining stockholder approval of such alterations, the Committee will have sole discretion to make such alterations without obtaining stockholder approval. Unless otherwise determined by the Committee at the time a Performance Compensation Award is granted, the Committee will, during the first 90 days of a Performance Period (or, within any other maximum period allowed under Code Section 162(m)), or at any time thereafter to the extent the exercise of such authority at such time would not cause the Performance Compensation Awards granted to any Participant for such Performance Period to fail to qualify as Performance-Based Compensation, specify adjustments or modifications to be made to the calculation of a Performance Goal for such Performance Period, based on and in order to appropriately reflect the following events:

- (a) Asset write-downs;
- (b) Litigations, claims, judgments, or settlements;
- (c) Changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results;
- (d) Any reorganization and restructuring programs;

10.5

Payment of Performance Compensation Awards.

- (a) Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period.
- (b) Unless otherwise provided in the Plan or applicable Award Agreement, a Participant will be eligible to receive payment in respect of a Performance Compensation Award only to the extent that: (1) the Performance Goals for such period are achieved; and (2) all or some of the portion of such Participant's Performance Compensation Award has been earned for the Performance Period based on the application of the Performance Formula to such achieved Performance Goals.
- (c) Following the completion of a Performance Period, the Committee will review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and certify in writing that amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee will then determine the amount of each Participant's Performance Compensation Award actually payable for the Performance Period and, in so doing, may apply Negative Discretion.
- (d) In determining the actual amount of an individual Participant's Performance Compensation Award for a Performance Period, the Committee may reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period through the use of Negative Discretion. Unless otherwise provided in the applicable Award Agreement, the Committee will not have the discretion to (1) grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained; or (2) increase a Performance Compensation Award above the applicable limitations set forth in Article 4 of the Plan.

10.6

Timing of Award Payments. Unless otherwise provided in the applicable Award Agreement, Performance Compensation Awards granted for a Performance Period will be paid to Participants as soon as administratively practicable following completion of the certifications required by this Article 10. Any Performance Compensation Award that has been deferred will not (between the date as of which the Award is deferred and the payment date) increase (i) with respect to a Performance Compensation Award that is payable in cash, by a measuring factor for each fiscal year greater than a reasonable rate of interest set by the Committee, or (ii) with respect to a Performance Compensation Award that is payable in Shares, by an amount greater than the appreciation of a share of Common Stock from the date such Award is deferred to the payment date. Any Performance Compensation Award that is deferred and is otherwise payable in Shares will be credited (during the period between the date as of which the Award is deferred and the

payment date) with Dividend Equivalents (in a manner consistent with the methodology set forth in the last sentence of Section 8.4(b)).

Article 11 Nonemployee Director Awards

The Board or Committee will determine and approve all Awards to Nonemployee Directors. The terms and conditions of any grant of Nonemployee Director Award will be set forth in an Award Agreement.

Article 12 Transferability of Awards and Shares

12.1

Transfer and Exercise of Awards. Each Award will be exercisable only by a Participant during the Participant's lifetime, or, if permissible under applicable law, by the Participant's legal guardian or representative. No Award may be assigned, alienated, pledged, attached, sold, or otherwise transferred or encumbered by a Participant other than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer, or encumbrance will be void and unenforceable against the Company or an Affiliate, except that the designation of a beneficiary will not constitute an assignment, alienation, pledge, attachment, sale, transfer, or encumbrance.

12.2

Permitted Transferees. Notwithstanding the foregoing, the Committee may, in its sole discretion, permit Awards (other than Incentive Stock Options) to be transferred by a Participant, without consideration, subject to such rules as the Committee may adopt consistent with any applicable Award Agreement to preserve the purposes of the Plan, to: (A) any person who is a "family member" of the Participant, as such term is used in the instructions to Form S-8 under the Securities Act or any successor form of registration statement promulgated by the Securities and Exchange Commission (collectively the "Immediate Family Members"); (B) a trust solely for the benefit of the Participant and his or her Immediate Family Members; (C) a partnership or limited liability company whose only partners or stockholders are the Participant and his or her Immediate Family Members; or (D) a beneficiary to whom donations are eligible to be treated as "charitable contributions" for federal income tax purposes (each transferee described in clauses (A), (B), (C), and (D) above is hereinafter referred to as a "Permitted Transferee"), so long as the Participant gives the Committee advance written notice describing the terms and conditions of the proposed transfer and the Committee notifies the Participant in writing that such a transfer would comply with the requirements of the Plan. The Committee's exercise of discretion in permitting the transfer of an Award or Awards under this Section 12.2 and setting the terms, conditions, and restrictions upon which any such transfer may occur may differ among Participants and among Awards, there being no duty of consistency in the exercise of such discretion or the setting of such terms, conditions, or restrictions, and no Participant for whom the Committee has permitted a transfer of an Award will have any right or expectation that any transfer will be permitted with respect to any other Award.

12.3

Terms Applicable to Permitted Transferees. The terms of any Award transferred in accordance with Section 12.2 will apply to the Permitted Transferee and any reference in the Plan, or in any applicable Award Agreement, to a Participant will be deemed to refer to the Permitted Transferee, except that (A) Permitted Transferees will not be entitled to transfer any Award, other than by will or the laws of descent and distribution; (B) Permitted Transferees will not be entitled to exercise any transferred Option unless there is in effect a registration statement on an appropriate form covering the Shares to be acquired pursuant to the exercise of such Option, if the Committee determines, consistent with any applicable Award Agreement, that such a registration statement is necessary or appropriate; (C) the Committee or the Company will not be required to provide any notice to a Permitted Transferee, whether or not such notice is or would otherwise have been required to be given to the Participant under the Plan or otherwise; and (D) the consequences of the Termination of the Participant from the Company or an

Table of Contents

Affiliate under the terms of the Plan and the applicable Award Agreement will continue to be applied with respect to the Participant, including, without limitation, that an Option will be exercisable by the Permitted Transferee only to the extent, and for the periods, specified in the Plan and the applicable Award Agreement.

12.4

Restrictions on Share Transferability. Shares acquired by a Participant under the Plan will be subject to such conditions and restrictions on transfer (if any) as are set forth in the Company's certificate of incorporation and bylaws, as well as any stockholders agreement and any other agreement entered into with respect to such Shares. The Committee may impose such additional restrictions on any Shares acquired by a Participant under the Plan as it may deem advisable, including, without limitation, minimum holding period requirements, restrictions under applicable federal securities laws, restrictions under the requirements of any stock exchange or market upon which such Shares are then listed or traded, or restrictions under any blue sky or state securities laws applicable to such Shares. Any voluntary or involuntary sale, assignment, transfer, or exchange of Shares acquired under the Plan that fails to satisfy or comply with any applicable condition or restriction on such sale, assignment, transfer, or exchange will be void and of no effect and will not bind or be recognized by the Company.

Article 13 Effect of Change in Control

13.1

Change in Control. Unless otherwise provided in an Award Agreement or under the terms of this Plan, in the event of a Change in Control, each Participant who is employed on the date of the closing of the Change in Control or who was involuntarily terminated without Cause during the 90-day period ending on the date of the closing of the Change in Control will be treated as follows: (i) any unvested Awards granted to the Participant will immediately vest, except that if the vesting or exercisability of any Award would otherwise be subject to the achievement of performance conditions, the portion that will become fully vested and/or immediately exercisable will be based on (x) actual performance through the date of the Change in Control, as determined by the Committee, or (y) if the Committee determines that measurement of actual performance cannot be reasonably assessed, the assumed achievement of target performance as determined by the Committee; and (ii) such Participant will have the unqualified right to exercise any Options or SARs that are outstanding as of the date of such Change in Control for a period of three years after such Change in Control, except that in no instance may the term of the Awards, as so extended, extend beyond the end of the original term of the Award Agreement. The accelerated vesting of any Award will not affect the distribution date of any Award subject to Code Section 409A.

Article 14 Amendment and Termination

14.1

Amendment and Termination of the Plan. The Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time, except that no such amendment, alteration, suspension, discontinuation, or termination will be made without stockholder approval if (i) such approval is necessary to comply with any regulatory requirement applicable to the Plan (including, without limitation, as necessary to comply with any rules or regulations of any securities exchange or inter-dealer quotation system on which the securities of the Company may be listed or quoted) or for changes in GAAP to new accounting standards, or (ii) it would materially modify the requirements for participation in the Plan. Except as provided in Sections 4.5, 14.3, 15.9, or 15.19, any amendment, alteration, modification, suspension, discontinuance, or termination that would materially and adversely affect the rights of any Participant or any holder or beneficiary of any Award theretofore granted will not, to that extent, be effective without the consent of the affected Participant, holder, or beneficiary.

Table of Contents

Notwithstanding the foregoing, no amendment will be made to the last sentence of Section 14.2 (relating to "repricing") without stockholder approval.

14.2

Amendment of Award Agreements. The Committee may, to the extent consistent with the terms of any applicable Award Agreement, waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel, or terminate, any Award theretofore granted or the associated Award Agreement, prospectively or retroactively (including after a Participant's Termination from the Company), except that any such waiver, amendment, alteration, suspension, discontinuance, cancellation, or termination that would materially and adversely affect the rights of any Participant with respect to any Award theretofore granted will not, to that extent, be effective without the consent of the affected Participant. Without stockholder approval, except as otherwise permitted under Section 4.5 of the Plan, (i) no amendment or modification may reduce the Exercise Price of any Option or the Strike Price of any SAR, (ii) the Committee may not cancel any outstanding Option or SAR and replace it with a new Option or SAR (with a lower Exercise Price or Strike Price, as the case may be) or other Award or cash payment that is greater than the value of the cancelled Option or SAR, and (iii) the Committee may not take any other action which is considered a "repricing" for purposes of the stockholder approval rules of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or quoted.

14.3

Amendment to Conform to Law. Notwithstanding any other provision of this Plan to the contrary, the Board or Committee may amend the Plan or an Award Agreement to take effect as deemed necessary or advisable for the purpose of conforming the Plan or an Award Agreement to any present or future law relating to plans of this or similar nature and to the administrative regulations and rulings promulgated thereunder. By accepting an Award under this Plan, a Participant agrees to any amendment made pursuant to this Section 14.3 to any Award granted under the Plan without further consideration or action.

Article 15 General Provisions

15.1

Award Agreements. An Award under the Plan may be evidenced by an Award Agreement delivered to the Participant and specifying the terms and conditions of the Award and any rules applicable thereto, including without limitation, the effect on such Award of the death, Disability, or Termination of the Participant, or of such other events as may be determined by the Committee. For purposes of the Plan, an Award Agreement may be in any such form (written or electronic) as determined by the Committee (including, without limitation, a Board or Committee resolution, an employment agreement, a notice, a certificate or a letter) evidencing the Award. An Award Agreement need not be signed by the Participant or a duly authorized representative of the Company.

15.2

Dividends and Dividend Equivalents. The Committee in its sole discretion may provide a Participant as part of an Award with dividends or Dividend Equivalents, payable in cash, Shares, other securities, other Awards or other property, on a current or deferred basis, on such terms and conditions as may be determined by the Committee in its sole discretion, including without limitation, payment directly to the Participant, withholding of such amounts by the Company subject to vesting of the Award or reinvestment in additional Shares, Restricted Stock, or other Awards, except that no dividends or Dividend Equivalents will be payable in respect of outstanding (i) Options or SARs, or (ii) unearned Performance Compensation Awards or other unearned Awards subject to performance conditions (other than or in addition to the passage of time), although dividends and Dividend Equivalents may be accumulated in respect of unearned Awards and paid within 15 days after such Awards are earned and become payable or distributable.

15.3

Tax Withholding. A Participant will be required to pay to the Company or any Affiliate, and the Company or any Affiliate will have the right and is hereby authorized to withhold, from any cash, Shares, other securities or other property deliverable under any Award or from any compensation or other amounts owing to a Participant, the amount (in cash, Common Stock, other securities, or other property) of any required withholding taxes in respect of an Award, its exercise, or any payment or transfer under an Award or under the Plan and to take such other action as may be necessary in the opinion of the Committee or the Company to satisfy all obligations for the payment of such withholding and taxes.

Without limiting the generality of the foregoing, the Committee may, in its sole discretion, permit or require a Participant to satisfy, in whole or in part, the foregoing withholding liability by any of the following methods (or any combination of the following methods): (A) delivering Shares (which are not subject to any pledge or other security interest) owned by the Participant having a Fair Market Value equal to such withholding liability; (B) having the Company withhold from the number of Shares otherwise issuable or deliverable pursuant to the exercise or settlement of the Award a number of shares with a Fair Market Value equal to such withholding liability, except that with respect to shares withheld pursuant to this clause (B), the number of such shares may not have a Fair Market Value greater than the minimum required statutory withholding liability; (C) requiring the Participant, as a condition precedent to transfer or release of the Shares, to make a payment to the Employer in an amount equal to the amount of the withholdings or reductions; or (D) such other method or combination of methods as the Committee deems appropriate, in its sole discretion.

The Committee will have the right, in its sole discretion, to require, as a condition precedent to the transfer or release of any Shares awarded under this Plan, that the transferee execute a power of attorney or such other agreement or document as the Committee deems necessary or appropriate to facilitate, directly or indirectly, the withholding of taxes with respect to an Award under this Plan.

15.4

No Claim to Awards; No Rights to Continued Employment; Waiver. No employee of the Company or an Affiliate, or other person, will have any claim or right to be granted an Award under the Plan or, having been selected for the grant of an Award, to be selected for a grant of any other Award. There is no obligation for uniformity of treatment of Participants or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant and may be made selectively among Participants, whether or not such Participants are similarly situated. Neither the Plan nor any action taken hereunder will be construed as giving any Participant any right to be retained in the employ or service of the Company or an Affiliate, nor will it be construed as giving any Participant any rights to continued service on the Board. The Company or any of its Affiliates may at any time dismiss a Participant from employment or discontinue any consulting relationship, free from any liability or any claim under the Plan, unless otherwise expressly provided in the Plan or any Award Agreement. By accepting an Award under the Plan, a Participant will thereby be deemed to have waived any claim to continued exercise or vesting of an Award or to damages or severance entitlement related to non-continuation of the Award beyond the period provided under the Plan or any Award Agreement, except to the extent of any provision to the contrary in any written employment contract or other agreement between the Company and its Affiliates and the Participant, whether any such agreement is executed before, on, or after the Grant Date.

15.5

International Participants. With respect to Participants who reside or work outside of the United States of America and who are not (and who are not expected to be) Covered Employees, the Committee may in its sole discretion amend the terms of the Plan or Sub-Plans or outstanding Awards with respect to such Participants in order to conform such terms with the requirements

Table of Contents

of local law or to obtain more favorable tax or other treatment for a Participant, the Company, or its Affiliates.

15.6

Designation and Change of Beneficiary. Each Participant may file with the Committee a written designation of one or more persons as the beneficiary(ies) who will be entitled to receive the amounts payable with respect to an Award, if any, due under the Plan upon his or her death. A Participant may, from time to time, revoke or change his or her beneficiary designation without the consent of any prior beneficiary by filing a new designation with the Committee. The last such designation received by the Committee will be controlling, except that no designation, or change or revocation thereof, will be effective unless received by the Committee prior to the Participant's death and in no event will it be effective as of a date prior to such receipt. If no beneficiary designation is filed by a Participant, or if a beneficiary designation previously filed is invalid or no longer effective, the beneficiary will be deemed to be the Participant's surviving spouse to whom the Participant was lawfully married under the laws of any state or jurisdiction at the time of the Participant's death or, if the Participant is unmarried at the time of death, the Participant's estate.

15.7

Termination. Except as otherwise provided in an Award Agreement, unless determined otherwise by the Committee at any point following such event: (i) neither a temporary absence from employment or service due to illness, vacation, or leave of absence (including, without limitation, a call to active duty for military service through a Reserve or National Guard unit) nor a transfer from employment or service with one Service Recipient to employment or service with another Service recipient (or vice-versa) will be considered a Termination; and (ii) if a Participant undergoes a Termination of employment, but such Participant continues to provide services to the Company and its Affiliates in a non-employee capacity, such change in status will not be considered a Termination for purposes of the Plan. Further, unless otherwise determined by the Committee, in the event that any Service Recipient ceases to be an Affiliate of the Company (by reason of sale, divestiture, spin-off, or other similar transaction), unless a Participant's employment or service is transferred to another entity that would constitute a Service Recipient immediately following such transaction, such Participant will be deemed to have suffered a Termination hereunder as of the date of the consummation of such transaction.

15.8

No Rights as a Stockholder. Except as otherwise specifically provided in the Plan or any Award Agreement, no person will be entitled to the privileges of ownership in respect of Shares which are subject to Awards hereunder until such shares have been issued or delivered to that person.

15.9

Government and Other Regulations. The obligation of the Company to settle Awards in Shares or other consideration will be subject to all applicable laws, rules, and regulations and to such approvals by governmental agencies as may be required. Notwithstanding any terms or conditions of any Award to the contrary, the Company will be under no obligation to offer to sell or to sell, and will be prohibited from offering to sell or selling, any Shares pursuant to an Award unless such Shares have been properly registered for sale pursuant to the Securities Act with the Securities and Exchange Commission or unless the Company has received an opinion of counsel (if the Company has requested such an opinion), satisfactory to the Company, that such Shares may be offered or sold without such registration pursuant to an available exemption therefrom and the terms and conditions of such exemption have been fully complied with. The Company will be under no obligation to register for sale under the Securities Act any of the Shares to be offered or sold under the Plan. The Committee will have the authority to provide that all Shares or other securities of the Company or any Affiliate delivered under the Plan will be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan, the applicable Award Agreement, the Federal securities laws, or the rules, regulations, and other requirements of the Securities and Exchange Commission, any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or quoted, and any

Table of Contents

other applicable Federal, state, local, or non-U.S. laws, rules, regulations, and other requirements, and, without limiting the generality of Article 8 of the Plan, the Committee may cause a legend or legends to be put on certificates representing Shares or other securities of the Company or any Affiliate delivered under the Plan to make appropriate reference to such restrictions or may cause such Shares or other securities of the Company or any Affiliate delivered under the Plan in book-entry form to be held subject to the Company's instructions or subject to appropriate stop-transfer orders. Notwithstanding any provision in the Plan to the contrary, the Committee reserves the right to add any additional terms or provisions to any Award granted under the Plan that it, in its sole discretion, deems necessary or advisable in order that such Award complies with the legal requirements of any governmental entity to whose jurisdiction the Award is subject.

The Committee may cancel an Award or any portion thereof if it determines, in its sole discretion, that legal or contractual restrictions and/or blockage and/or other market considerations would make the Company's acquisition of Shares from the public markets, the Company's issuance of Shares to the Participant, the Participant's acquisition of Shares from the Company, and/or the Participant's sale of Shares to the public markets, illegal, impracticable, or inadvisable. If the Committee determines to cancel all or any portion of an Award in accordance with the foregoing, the Company will pay to the Participant an amount in cash equal to the excess of (A) the aggregate Fair Market Value of the Shares subject to such Award or portion thereof canceled (determined as of the applicable exercise date or the date that the Shares would have been vested or delivered, as applicable), over (B) the aggregate Exercise Price or Strike Price (in the case of an Option or SAR, respectively) or any amount payable as a condition of delivery of Shares (in the case of any other Award). Such amount will be delivered to the Participant as soon as practicable following the cancellation of such Award or portion thereof.

15.10

Section 83(b) Elections. If a Participant, in connection with the acquisition of Shares under the Plan or otherwise, makes an election under Code Section 83(b), the Participant will notify the Company of such election within ten days of filing notice of the election with the Internal Revenue Service or other governmental authority, in addition to any filing and notification required pursuant to Code Section 83(b) or other applicable provision. The making of any such election will be in the sole discretion of any such Participant, except that the Committee may provide in an Award Agreement that an Award is conditioned upon the Participant making or refraining from making an election with respect to the Award under Code Section 83(b). Neither the Company nor any Subsidiary or Affiliate will have any liability or responsibility relating to or arising out of the filing or failure to file of any Section 83(b) election.

15.11

Payments to Persons Other Than Participants. If the Committee determines that any person to whom any amount is payable under the Plan is unable to care for his or her affairs because of illness or accident, or is a minor, or has died, then any payment due to such person or his or her estate (unless a prior claim therefor has been made by a duly appointed legal representative) may, if the Committee so directs the Company, be paid to his or her spouse, child, relative, an institution maintaining or having custody of such person, or any other person deemed by the Committee to be a proper recipient on behalf of such person otherwise entitled to payment. Any such payment will be a complete discharge of the liability of the Committee and the Company therefor.

15.12

Nonexclusivity of the Plan. Neither the adoption of this Plan by the Board nor the submission of this Plan to the stockholders of the Company for approval will be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, and such arrangements may be either applicable generally or only in specific cases.

Table of Contents

- 15.13** **No Trust or Fund Created.** Neither the Plan nor any Award will create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate, on the one hand, and a Participant or other person or entity, on the other hand. No provision of the Plan or any Award will require the Company, for the purpose of satisfying any obligations under the Plan, to purchase assets or place any assets in a trust or other entity to which contributions are made or otherwise to segregate any assets, nor will the Company maintain separate bank accounts, books, records, or other evidence of the existence of a segregated or separately maintained or administered fund for such purposes. Participants will have no rights under the Plan other than as unsecured general creditors of the Company, except that insofar as they may have become entitled to payment of additional compensation by performance of services, they will have the same rights as other employees under general law.
- 15.14** **Reliance on Reports.** Each member of the Committee and each member of the Board will be fully justified in acting or failing to act, as the case may be, and will not be liable for having so acted or failed to act in good faith, in reliance upon any report made by the independent public accountant of the Company and its Affiliates and/or any other information furnished in connection with the Plan by any agent of the Company or the Committee or the Board, other than himself.
- 15.15** **Relationship to Other Benefits.** No payment under the Plan will be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance, or other benefit plan of the Company except as otherwise specifically provided in such other plan.
- 15.16** **Governing Law.** The Plan will be governed by and construed in accordance with the internal laws of the State of Delaware applicable to contracts made and performed wholly within the State of Delaware, without giving effect to the conflict of laws provisions thereof.
- 15.17** **Severability.** If any provision of the Plan or any Award or Award Agreement is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any person or entity or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision will be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision will be construed or deemed stricken as to such jurisdiction, person or entity or Award and the remainder of the Plan and any such Award will remain in full force and effect.
- 15.18** **Obligations Binding on Successors.** The obligations of the Company under the Plan will be binding upon any successor corporation or organization resulting from the merger, consolidation, or other reorganization of the Company or upon any successor corporation or organization succeeding to substantially all of the assets and business of the Company.
- 15.19** **Code Section 409A.** Notwithstanding any provision of the Plan to the contrary, it is intended that the provisions of this Plan comply with Code Section 409A, and all provisions of this Plan will be construed and interpreted in a manner consistent with the requirements for avoiding taxes or penalties under Code Section 409A. Each Participant is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on or in respect of such Participant in connection with this Plan or any other plan maintained by the Company (including any taxes and penalties under Code Section 409A), and neither the Company nor any Affiliate will have any obligation to indemnify or otherwise hold such Participant (or any beneficiary) harmless from any or all of such taxes or penalties. With respect to any Award that is considered "deferred compensation" subject to Code Section 409A, references in the Plan to Termination (and substantially similar phrases) will mean "separation from service" within the meaning of Code Section 409A. For purposes of Code Section 409A, each of the payments that may be made in

Table of Contents

respect of any Award granted under the Plan is designated as separate payments, unless otherwise expressly provided in an Award Agreement.

Notwithstanding anything in the Plan to the contrary, if a Participant is a "specified employee" within the meaning of Code Section 409A(a)(2)(B)(i), no payments in respect of any Awards that are "deferred compensation" subject to Code Section 409A and which would otherwise be payable upon the Participant's "separation from service" (as defined in Code Section 409A) will be made to such Participant prior to the date that is six months after the date of such Participant's "separation from service" or, if earlier, the Participant's date of death. Following any applicable six month delay, all such delayed payments will be paid in a single lump sum on the earliest date permitted under Code Section 409A that is also a business day.

Unless otherwise provided by the Committee, in the event that the timing of payments in respect of any Award (that would otherwise be considered "deferred compensation" subject to Code Section 409A) would be accelerated upon the occurrence of (A) a Change in Control, no such acceleration will be permitted unless the event giving rise to the Change in Control satisfies the definition of a change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation pursuant to Code Section 409A and any Treasury Regulations promulgated thereunder, or (B) a Disability, no such acceleration will be permitted unless the Disability also satisfies the definition of "Disability" pursuant to Code Section 409A and any Treasury Regulations promulgated thereunder.

Notwithstanding any provision of the Plan or any Award Agreement to the contrary, if one or more of the payments or benefits to be received by a Participant pursuant to an Award would constitute deferred compensation subject to Code Section 409A and would cause the Participant to incur any penalty tax or interest under Code Section 409A, the Committee may reform the Plan and/or Award Agreement to comply with the requirements of Code Section 409A and to the extent practicable maintain the original intent of the Plan and/or Award Agreement. By accepting an Award under this Plan, a Participant agrees to any amendments to the Award made pursuant to this Section 15.19 without further consideration or action.

Clawback or Forfeiture. Notwithstanding anything to the contrary contained herein, an Award Agreement may provide that the Committee may in its sole discretion cancel such Award if the Participant, without the consent of the Company, while employed by or providing services to the Company or any Affiliate or after Termination, has engaged in or engages in any Detrimental Activity. The Committee may also provide that if the Participant otherwise has engaged in or engages in any Detrimental Activity, the Participant will forfeit any gain realized on the vesting or exercise of such Award and must repay the gain to the Company. The Committee may also provide that if the Participant receives any amount in excess of what the Participant should have received under the terms of the Award for any reason (including without limitation by reason of a financial restatement, mistake in calculations or other administrative error), then the Participant will be required to repay any such excess amount to the Company. Without limiting the foregoing, all Awards will be subject to reduction, cancellation, forfeiture, or recoupment to the extent necessary to comply with applicable law or any Company policy on the recovery of compensation, as it exists now or as later adopted and as amended and in effect from time to time.

15.21

Expenses; Gender; Titles and Headings. The expenses of administering the Plan will be borne by the Company and its Affiliates. Masculine pronouns and other words of masculine gender will refer to both men and women. The titles and headings of the sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings will control.
