- (8) Each Performance Share Unit represents a contingent to receive one share of common stock.
The PSU Award was subject to certain performance-based vesting requirements tied to the growth in the Company's stock price through the three-year period ending December 31, 2018 (the "Performance Period") as calculated by reference to the 20 trading day trailing average closing price of the Company's common stock (the "Stock Price") as of the last day of the Performance Period compared to such Stock Price as of the beginning of the Performance Period. The Stock Price as of the last day of the Performance Period was \$67.25, representing a greater than 760% increase from the \$8.85 Stock Price at the beginning of the Performance Period. At target, the PSU Award covered 202,931 PSUs. Because the Stock Price at the end of the Performance Period well exceeded the maximum target Stock Price, the reporting person earned the maximum number of PSUs to which he was entitled under the PSU Award. The PSUs vested on January 2, 2019 and settled into shares of Common Stock on January 24, 2019.
