NEONODE INC. — PROXY STATEMENT

Proxy Statement for the 2016 Annual Meeting

This proxy statement is furnished by and on behalf of the Board of Directors of Neonode Inc., a Delaware corporation (“we”, “us”, “our”, “company,” or “Neonode”), in connection with the Annual Meeting of Stockholders of Neonode to be held on June 8, 2016 at 3:00 p.m. local time at Neonode’s principal executive office located at Storgatan 23C, 11455 Stockholm, Sweden.

This proxy statement and accompanying materials are first being sent or given to stockholders on approximately April 25, 2016.

Questions and Answers About the 2016 Annual Meeting

What is the purpose of the 2016 Annual Meeting? At the 2016 Annual Meeting, stockholders will be asked to:

- elect one Class II director to Neonode’s Board of Directors for a term of three years;
- hold an advisory vote on the compensation of Neonode’s named executive officers (the “say-on-pay” vote); and
- ratify the appointment of KMJ Corbin and Company LLP as Neonode’s independent registered public accounting firm for the fiscal year ending December 31, 2016.

Stockholders also may be asked to act on any other business that may properly come before the meeting. Members of our company’s management team will be present at the meeting to respond to appropriate questions from stockholders.

Who is entitled to vote? The record date for the 2016 Annual Meeting is April 11, 2016. Only stockholders of record at the close of business on that date are entitled to vote at the meeting. Each share of common stock and Series B Preferred Stock entitles the holder thereof to one vote on each matter properly brought before the meeting. As of the record date, 43,817,151 shares of our common stock were issued and outstanding and 83 shares of Series B Preferred Stock were issued and outstanding.

What is the difference between being a “record holder” and holding shares in “street name”? A record holder is listed as a stockholder on the share register of our company. Shares held in “street name” are held of record in the name of a brokerage firm or bank for the benefit of another person.

Am I entitled to vote if my shares are held in “street name”? If your shares are held by a broker or bank, you are considered the beneficial owner of shares held in “street name”. If your shares are held in street name, proxy materials should be forwarded to you by the record holder if it is a broker or bank along with a voting instruction card. As the beneficial owner, you may direct your broker or bank record holder how to vote your shares, and your broker or bank is required to vote your shares in accordance with your instructions.

What is the quorum requirement? A quorum is necessary to hold a valid meeting. A quorum will be present if a majority of the outstanding shares eligible to vote are represented in person or by proxy at the meeting. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker or bank, or other nominee record holder) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement.

Who can attend the 2016 Annual Meeting? All of our stockholders of record as of the close of business on April 11, 2016 may attend the 2016 Annual Meeting. “Street name” holders also are invited to attend the meeting; however, if you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain

a valid proxy from your broker or bank.

What if a quorum is not present at the meeting? If a quorum is not present at the scheduled time of the meeting, either the chairman of the meeting or a majority of the outstanding shares entitled to vote represented at the meeting may adjourn the meeting.

1

Edgar Filing: Neonode, Inc - Form DEF 14A

How many votes do I have? On each matter to be voted upon, you have one vote for each share of common stock and/or preferred stock you own as of the record date.

Can I change my vote after I submit my proxy? If you are a record holder of shares, you may revoke your proxy and change your vote at any time before your proxy is actually voted:

- by signing and delivering another proxy with a later date;
- by giving written notice of such revocation to the Corporate Secretary of our company prior to or at the meeting; or
- by voting in person at the meeting.

What if I do not specify how my shares are to be voted? If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors.

How are votes counted? Votes will be counted by the inspector of election appointed for the 2016 Annual Meeting, who will separately count “for” and “against” votes, abstentions, and broker non-votes.

What is an abstention? An “abstention” represents a stockholder’s affirmative choice to decline to vote on a proposal, other than the election of directors (the choices for election of directors are limited to “For” or “Withhold”).

How will abstentions be treated? Under the Bylaws of our company, abstained shares are excluded from the votes cast, so they will have no practical effect for or against a proposal.

What is a broker non-vote? If you are a “street name” beneficial owner but do not provide voting instructions to your broker record holder, then under applicable rules your broker may only exercise discretionary authority to vote on routine matters. Of the items described in this proxy statement, routine matters consist only of Proposal 3. A broker may not exercise discretionary authority to vote on non-routine matters. This lack of discretionary authority is called a “broker non-vote.” Of the items described in this proxy statement, non-routine matters consist of Proposal 1 and Proposal 2.

How will broker non-votes be treated? Broker non-votes will be treated as shares present for quorum purposes, but not considered entitled to vote on that matter. Therefore, broker non-votes do not count as votes for or against any proposal.

What are the recommendations of the Board of Directors? The Board recommends that you vote:

- FOR the election of the Class II nominee named in this proxy statement to the Board of Directors;
- FOR the approval, on an advisory basis, of the compensation of the named executive officers; and
- FOR the ratification of KMJ Corbin and Company LLP as independent registered public accounting firm for the fiscal year ending December 31, 2016.

How many votes are required to elect the director nominee? The affirmative vote of a plurality of the shares cast at the 2016 Annual Meeting is required to elect the Class II director. This means that the nominee that receives more affirmative votes than any other person will be elected director.

Edgar Filing: Neonode, Inc - Form DEF 14A

How many votes are required to approve the remaining proposals? The affirmative vote of a majority of the shares cast at the 2016 Annual Meeting is required to approve each remaining proposal.

Will any other business be conducted at the 2016 Annual Meeting? We know of no other matter that will be presented at the meeting. However, if any other matter properly comes before the stockholders for a vote at the meeting, the proxy holder(s) will vote your shares in accordance with the recommendations of the Board of Directors or otherwise at the discretion of the proxy holder(s).

Where can I find the voting results of the 2016 Annual Meeting? We intend to announce preliminary voting results at the 2016 Annual Meeting and file final results in a Current Report on Form 8-K with the Securities and Exchange Commission (the "SEC") within four days of the meeting.

Proxy Solicitation

We will bear the entire cost of this proxy solicitation. Our directors, officers and regularly engaged employees may solicit proxies personally or by mail, telephone, facsimile, internet or other electronic means, for which solicitation they will not receive any additional compensation. We will reimburse brokerage firms, bank, custodians, and other fiduciaries for their out-of-pocket expenses in forwarding solicitation materials to beneficial owners upon our request.

Notice and Access

We are using the “Notice and Access” method of posting the proxy materials online instead of mailing printed copies. We believe that this process will provide you with a convenient and quick way to access the proxy materials, including this proxy statement and our annual report, and authorize a proxy to vote your shares, while allowing us to conserve natural resources and reduce the costs of printing and distributing the proxy materials.

Most stockholders will not receive paper copies of the proxy materials unless they request them. Instead, a Notice and Access card, which has been mailed to our stockholders of record, provides instructions regarding how you may access or request all of the proxy materials by telephone, e-mail, or online. The Notice and Access card also instructs you how to submit your proxy via the mail or online. If you prefer to receive a paper or e-mail copy of the proxy materials, you should follow the instructions for requesting such materials printed on the Notice and Access card.

If your shares are held by a brokerage firm or bank on your behalf in “street name”, you as beneficial owner should receive a Notice and Access card that instructs you how to provide your broker or bank with voting instructions for your shares. Most brokers and banks enable beneficial owners to provide voting instructions via the mail, online, or other means.

It is important that your shares be represented at the 2016 Annual Meeting

and voted in accordance with your wishes. Whether or not you plan to attend the meeting,

please complete a proxy as promptly as possible so that your shares will be voted at the 2016 Annual Meeting.

This will not limit your right to vote in person or to attend the meeting.

PROPOSAL 1 — ELECTION OF CLASS II DIRECTOR

Class II Nominee

One person will be elected at the 2016 Annual Meeting of Stockholders to serve as Class II director of the Board of Directors of our company. The elected Class II director is expected to serve until the 2019 Annual Meeting of Stockholders of Neonode or until a successor is duly elected and qualified, or until earlier death, resignation, or removal.

The Board of Directors has nominated John Reardon for reelection as Class II director of the Board of Directors. Mr. Reardon has expressed his willingness to be reelected as a member of the Board. If Mr. Reardon becomes unavailable to serve as a director for any reason (which event is not anticipated), the shares represented by proxy may (unless such proxy contains instructions to the contrary) be voted for such other person as may be determined by the proxy holder(s).

Biographical information about Mr. Reardon, and the continuing members of the Board of Directors, is provided under “Composition of the Board of Directors” in the Board Matters and Corporate Governance section below.

Required Vote and Recommendation

Directors are elected by a plurality of the votes of the holders of common stock and Series B Preferred Stock present in person or by proxy and entitled to vote at the meeting. Provided a quorum is present, the nominees receiving the highest number of affirmative votes will be elected as Class II director. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will count towards the presence of a quorum. Properly executed and unrevoked proxies will be voted “FOR” the nominee of the Board of Directors unless contrary instructions are indicated in the proxy.

The Board of Directors recommends that you vote “FOR” the election of
the Board of Directors’ nominee for Class II director.

BOARD MATTERS AND CORPORATE GOVERNANCE

Composition of the Board of Directors

In accordance with our Certificate of Incorporation, the Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors. Each class has a three-year term.

Vacancies on the Board of Directors may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class shall serve for the remainder of the full term of that class, and until the director's successor is elected and qualified. This includes vacancies created by an increase in the number of directors.

The identities and biographies of each member of the three classes of the Board of Directors serving staggered, three-year terms are as follows:

Class I Directors Continuing in Office with a Term Expiring at the 2018 Annual Meeting:

Per Bystedt, age 50, has served as Chairman of the Board of Directors of Neonode since August 2007, including as Executive Chairman between January 2011 and June 2015. From May 2008 to January 2011, Mr. Bystedt served as Chief Executive Officer of Neonode, and he served as the interim Chief Executive Officer of Neonode from October 2005 to July 2006. From 1997 to 2008, Mr. Bystedt served as Chief Executive Officer and President of Spray AB, an internet investment company. From 2000 to 2010, Mr. Bystedt served as a member of the Board of Directors of Axel Johnson AB. From 2000 to 2008, Mr. Bystedt served as a member of the Board of Directors of Eniro AB, and from 2005 to 2008 he served as a member of the Board of Directors of Servera AB. From 2005 to 2010, Mr. Bystedt was Chairman of the Board of Directors of AIK Fotboll AB. From 1997 to 2005, Mr. Bystedt served as a member of the Board of Directors of Ahlens AB, and from 1998 to 2000 he was Chairman of the Board of Directors of Razorfish, Inc.

The Board of Directors has concluded that Mr. Bystedt should serve as director because of his past experience as Chief Executive Officer of our company, his understanding of finance and technology, and his more than twenty years of management and business oversight experience as a chief executive officer and member of the boards of directors of various companies.

Thomas Eriksson, age 46, has served as President of Neonode since June 2015, as Chief Executive Officer of Neonode since January 2011, and as director of Neonode since December 2009. Mr. Eriksson also has served as Chief Executive Officer of Neonode Technologies AB, a wholly-owned subsidiary of Neonode, since January 1, 2009. Mr. Eriksson was one of the founders of our company in 2001 and he served as Chief Technical Officer of Neonode from February 2006 to December 31, 2008. Prior to joining Neonode, Mr. Eriksson founded several companies with products ranging from car electronics test systems and tools to GSM/GPRS/GPS-based fleet management systems including M2M applications and wireless modems.

The Board of Directors has concluded that Mr. Eriksson should serve as director because of his current role as President and Chief Executive Officer of our company, his experience as one of the founders of our company, and his understanding of our technology.

Class II Director Continuing in Office with a Term Expiring at the 2016 Annual Meeting:

John Reardon, age 56, has served as a director of Neonode and its predecessors since February 2004. Mr. Reardon has served as President and member of the Board of Directors of The RTC Group, a technical publishing company, since 1990. Mr. Reardon also serves on the Board of Directors of One Stop Systems, Inc., a computing systems and manufacturing company, and Middle Canyon, Inc., a private distribution and integration company representing major

industrial computing lines.

The Board of Directors has concluded that Mr. Reardon should serve as director because of his institutional knowledge of our company and his twenty-five years of experience in management, finance, and business development.

Class III Directors Continuing in Office with a Term Expiring at the 2017 Annual Meeting:

Mats Dahlin, age 61, has served as a director of Neonode since November 2011. He served as President of Ericsson Enterprises AB from January 2004 to May 2005, and was responsible for its global operations, including

development and implementation of worldwide enterprise strategy. From October 1998 to December 2003, Mr. Dahlin held various positions in Ericsson, including serving as Group Executive Vice President, President of Ericsson Radio Systems AB, Head of Segment Network Operators, Head of Ericsson's Mobile Systems Division, and Head of Market Area EMEA. Since June 2005, Mr. Dahlin has pursued independent investments and has served as a board member and advisor to the companies in which he invests.

The Board of Directors has concluded that Mr. Dahlin should serve as director because of his investment background, his understanding of the communications and technology industry, and his thirty years of experience in management and marketing.

Per Löfgren, age 52, has served as Vice President Global Sales and Chief Financial Officer for Segment Global Services of Ericsson AB since January 2015. He also has served as President of Ericsson AB since January 2015. From 2011 to 2014, he served as Executive Vice President and Chief Financial Officer of Ericsson North America. From 2008 until 2011, Mr. Löfgren served as President of Ericsson Sweden AB. Prior to 2008, he served in various Ericsson business units globally as a division chief financial officer, controller, marketing and other management positions

The Board of Directors has concluded that Mr. Löfgren should serve as director because of his qualification as an audit committee financial expert, his general financial and business knowledge, and his thirty years of experience in the communications and technology industry.

Leadership of the Board of Directors

The business of our company is managed under the direction of the Board of Directors, which is elected by our stockholders. The basic responsibility of the Board is to lead our company by exercising business judgment to act in what each director reasonably believes to be the best interests of our company and its stockholders. Leadership is important to facilitate the ability of the Board to act effectively as a working group so that our company and its performance may benefit. The Board does not have a lead independent director. The Board has chosen to separate the positions of chief executive officer and chairman. The Board believes that it is appropriate to have one individual responsible for our company's operational aspects and a second individual responsible for our company's strategic aspects. As prior Chief Executive Officer of our company with knowledge of our challenges and opportunities, Mr. Bystedt's role as Chairman includes providing feedback on the direction, performance, and strategy of our company.

Committees of the Board of Directors

The Board of Directors has established three committees: an Audit Committee, a Compensation Committee, and a Nominating and Governance Committee. Messrs. Reardon, Dahlin and Löfgren are the current members of each committee.

In 2015, the Audit Committee met four times, the Compensation Committee met twice, and the Nominating and Governance Committee met once. All of the directors attended at least 75% of the meetings of each committee on which he was then serving. In addition, the independent directors of the Board of Directors regularly meet in executive sessions.

The Board of Directors has adopted written charters for each of the Audit Committee, Compensation Committee, and Nominating and Governance Committee. Copies of the Audit Committee Charter, Compensation Committee Charter, and Nominating and Governance Committee Charter are available on our website at <http://www.neonode.com/investor-relations/corporate-governance/>. The information contained on our website is not part of and is not incorporated by reference into this proxy statement. Each of the committees has the authority under its respective charter to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities.

Edgar Filing: Neonode, Inc - Form DEF 14A

The Board of Directors has determined that Messrs. Reardon, Dahlin, and Löfgren meet applicable SEC and NASDAQ Stock Market rules and regulations regarding “independence” and are able to exercise independent judgment with respect to our company. Messrs. Reardon, Dahlin, and Löfgren also meet the independence requirements of each charter of the Audit Committee, Compensation Committee, and Nominating and Governance Committee.

Edgar Filing: Neonode, Inc - Form DEF 14A

Audit Committee. The members of the Audit Committee are Messrs. Löfgren, Dahlin, and Reardon. Mr. Löfgren is Chairman of the Audit Committee. The Board of Directors has determined that Mr. Löfgren qualifies as an “audit committee financial expert”, as defined in SEC rules. The Audit Committee, which was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), oversees our company’s corporate accounting and financial reporting process, the audits of our company’s financial statements, and the integrity of financial reports and other financial information provided by our company to the government and the public. The Audit Committee’s authority and responsibilities are specified in its charter and include the following:

- determining whether to retain or terminate the existing independent registered public accounting firm or to appoint and engage a new independent registered public accounting firm;
- reviewing and approving the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services;
- discussing with management and with the independent registered public accounting firm the results of the annual audit and the results of the quarterly financial statements;
- reviewing the financial statements to be included in the Annual Report on Form 10-K;
- conferring with management and the independent registered public accounting firm regarding the effectiveness of internal controls over financial reporting; and
- establishing procedures for the receipt, retention, and treatment of complaints received regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

Compensation Committee. The members of the Compensation Committee are Messrs. Dahlin, Löfgren, and Reardon. Mr. Dahlin is Chairman of the Compensation Committee. The Compensation Committee reviews all components of executive officer and director compensation. The Compensation Committee’s authority and responsibilities are specified in its charter and include the following:

- reviewing and approving the compensation and other terms of employment of the chief executive officer;
- reviewing and approving corporate performance objectives and goals relevant to the compensation of the chief executive officer;
- reviewing and approving the compensation and other terms of employment of the other executive officers; and
- administering and reviewing incentive-based or equity compensation plans of the executive officers and other employees.

In addition, the Compensation Committee considers matters related to individual compensation, such as compensation for new executive hires, as well as various compensation policy issues throughout the year. For executives other than the chief executive officer, the Compensation Committee receives and considers performance evaluations and compensation recommendations submitted to the Compensation Committee by the chief executive officer. In the case of the chief executive officer, the evaluation of his performance is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as awards to be granted. The agenda for meetings of the Compensation Committee typically is determined by its chairman, with the assistance of the chief executive officer and chief financial officer. For equity grants, the Compensation Committee selects an exercise price that is not less than the closing price of shares of our common stock on the NASDAQ Stock Market on the grant date.

To perform its duties, the Compensation Committee has the authority to retain or terminate any consulting firm used to evaluate director or executive compensation, and to determine and approve the terms, costs and fees for such engagements. The Compensation Committee did not retain such a consultant in 2015 and has not engaged such a consultant for 2016.

Nominating and Governance Committee. The members of the Nominating and Governance Committee are Messrs. Reardon, Dahlin, and Löfgren. Mr. Reardon is Chairman of the Nominating and Governance Committee. The Nominating and Governance Committee's authority and responsibilities are specified in its charter and include the following:

- developing and recommending to the Board of Directors criteria for selecting qualified director candidates;
- identifying individuals qualified to become members of the Board of Directors;
- evaluating and selecting, or recommending to the Board of Directors, director nominees for each election of directors;
- considering committee member qualifications, appointment, and removal;
- recommending codes of conduct and codes of ethics applicable to our company; and
- providing oversight in the evaluation of the Board of Directors and each committee.

The Nominating and Governance Committee believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, being over 21 years of age and possessing personal integrity and ethics. The Nominating and Governance Committee also considers factors as whether a candidate possesses relevant expertise upon which to be able to offer advice and guidance to management, has sufficient time to devote to the affairs of our company, has demonstrated excellence in his or her field, has the ability to exercise sound business judgment, and has the commitment to rigorously represent the long-term interests of our stockholders. The Nominating and Governance Committee retains the right to modify these qualifications from time to time.

The Nominating and Governance Committee does not have a specific policy with respect to the consideration of diversity in identifying director nominees. Candidates are reviewed in the context of the current composition of the Board of Directors and whether it reflects the appropriate balance of independence, sound judgment, business specialization, technical skills, diversity, and other desired qualities. The Nominating and Governance Committee seeks to have a Board with a diversity of background and experience.

In the case of an incumbent director whose terms of office are set to expire, the Nominating and Governance Committee reviews the director's overall service to our company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair the director's independence or judgment. In the case of new director candidates, the Nominating and Governance Committee determines whether the candidate will be independent pursuant to applicable SEC and NASDAQ Stock Market rules and regulations. The Nominating and Governance Committee may conduct appropriate and necessary inquiries into the backgrounds and qualifications of current or possible nominees. To date, the Nominating and Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates.

The Nominating and Governance Committee will consider director candidates recommended by stockholders. The Nominating and Governance Committee does not intend to alter the manner in which it evaluates a candidate as described above for nominees based on whether the candidate was recommended by a stockholder. Since the beginning of 2015, there have been no material changes to the procedures by which stockholders may recommend director candidates.

Stockholders may directly nominate a person for director only by complying with the procedure set forth in the Bylaws of our company, which in summary requires that the stockholder submit the name of the nominee in writing to

the Corporate Secretary of our company not less than 60 days nor more than 90 days prior to the first anniversary of the date of the preceding year's annual meeting. Nominations may be mailed or delivered to Corporate Secretary, Neonode Inc., Storgatan 23C, 11455, Stockholm, Sweden, at least six months prior to any meeting at which directors are to be elected. As described in more detail in the Bylaws of our company, nominations must include the full name of the nominee, complete biographical information of the nominee including a description of business experience for at least the previous five years, a description of the nominee's qualifications for director, and a representation that the nominating stockholder is a beneficial owner or record holder of shares of our stock. Any such submission

must be accompanied by the written consent of the nominee to be named as a nominee and to serve as a director if elected. To date, the Nominating and Governance Committee has not received any director nominations from our stockholders.

Meetings of the Board of Directors

The Board of Directors met five times during 2015. Each director attended 75% or more of the meetings of the Board.

Although our company does not have a policy requiring their attendance, members of the Board of Directors are encouraged to attend the annual meeting of stockholders. Five of the six members of the Board attended, in person or telephonically, last year's 2015 Annual Meeting of Stockholders. Each member of the Board intends to attend, either in person or telephonically, this year's 2016 Annual Meeting.

Director Compensation

In 2015, Messrs. Bystedt, Reardon, Dahlin, and Löfgren received fees for serving as a member of the Board of Directors. The annual retainer for Mr. Bystedt for serving as Chairman of the Board is 624,000 Swedish Kronor ("SEK") (approximately \$96,000 in 2011 when his annual chairmanship fee was established). The annual retainer for the other non-employee directors is \$48,000. Directors do not receive per-meeting fees. The members of the Board also are eligible for reimbursement for their expenses incurred in attending Board meetings.

On March 3, 2015, Messrs. Erikson, Bystedt, Dahlin, Löfgren, and Reardon were granted stock options to purchase, respectively, 40,000, 20,000, 20,000, 30,000, and 20,000 shares of our common stock. Mr. Eriksson received a higher number of stock options due to his role as Chief Executive Officer and Mr. Löfgren received a higher number of stock options due to his newer status as a director relative to the other members of the Board. None of our current directors received stock option awards the prior year in 2014. To reflect differences in the regulatory requirements and the taxation of stock options granted to Swedish residents, the awards for Messrs. Bystedt, Eriksson, and Löfgren have a shorter term and higher exercise price than the awards for Mr. Dahlin and Mr. Reardon (both of whom are not Swedish residents).

The following table lists the compensation paid to non-employee directors for their services as members of the Board for the fiscal year ended December 31, 2015. Compensation paid to Mr. Bystedt and Mr. Eriksson is presented as part of the "Summary Compensation Table" in the Executive Compensation section below.

Name	Fees Earned or Paid in Cash	Option Awards⁽¹⁾⁽²⁾	Total
Mats Dahlin	\$ 48,000	\$ 33,181	\$ 81,181
Per Löfgren	\$ 48,259 (3)	\$ 22,530	\$ 70,789
John Reardon	\$ 48,000	\$ 33,181	\$ 81,181

(1) Amounts presented are calculated as of the grant date of the option award in accordance with the provisions of US generally accepted accounting standards. Refer to "Stock-Based Compensation" in Note 9 to the consolidated financial statements of our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for the valuation assumptions made in the Black-Scholes option pricing model used to calculate the fair value of the option awards.

(2) Represents a fully vested seven-year stock option to purchase 20,000 shares for Mr. Dahlin and Mr. Reardon at an exercise price equal to \$3.04 per share, which was the closing price of shares of our common stock on the NASDAQ Stock Market on the grant date, and represents a fully vested three-year stock option to purchase 30,000 shares for Mr. Löfgren at an exercise price equal to \$4.15 per share.

(3) The slightly higher amount reflected for Mr. Löfgren is due to exchange rates between US Dollar and SEK, our local currency in which he is paid.

Communication with the Board of Directors

Stockholders, or anyone else wishing to contact the Board of Directors directly, may send a written communication to Corporate Secretary, Neonode Inc., Storgatan 23C, 11455, Stockholm, Sweden. The Corporate Secretary will forward such correspondence only to the intended recipients, whether the entire Board or only an individual member of the Board. However, prior to forwarding any correspondence, the Corporate Secretary of our company may review such correspondence and, at his discretion, may not forward certain items if deemed to be of a commercial nature or in bad faith.

Risk Oversight

Management continually monitors the material risks facing our company. The Board of Directors is responsible for exercising oversight of management's identification of, planning for, and managing these risks, which include financial, technological, competitive, and operational risks. The Board periodically reviews and considers the relevant risks faced by our company. Further, particularly as a prior Chief Executive Officer of our company, the Chairman is well-positioned to lead Board discussions on risk due to his knowledge of our company and industry.

Code of Ethics

The Board of Directors has adopted the Code of Business Conduct applicable to our officers, directors, and employees. The Code of Business Conduct contains a separate Code of Ethics that applies specifically to our company's chief executive officer and senior financial officers. The Code of Business Conduct, including the Code of Ethics, is available on our website at <http://www.neonode.com/investor-relations/corporate-governance/>. If we amend or waive the Code of Business Conduct or Code of Ethics with respect to our directors, principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, we will post the amendment or waiver on our website. The information contained on our website is not part of and is not incorporated by reference into this proxy statement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. Based solely upon a review of the copies of such reports and written representations that no other reports were required, we believe that for the fiscal year ended December 31, 2015 all of our directors, executive officers, and greater than ten percent beneficial owners have complied with the reporting requirements of Section 16(a); except that reports due by March 5, 2015, each covering an option award, for Messrs. Bystedt, Eriksson, Dahlin, Löfgren, Reardon, and Lindqvist were filed one-day late on March 6, 2015 prior to the open of NASDAQ Stock Market regular trading market hours.

PROPOSAL 2 — ADVISORY VOTE ON
NAMED EXECUTIVE OFFICERS COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) requires that we provide our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of the named executive officers as disclosed in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, provides stockholders the opportunity to express their views on the compensation of the named executive officers, which for 2015 consisted of Messrs. Eriksson, Lindqvist, and Bystedt. The Board of Directors has determined that our company will hold a nonbinding, advisory “say-on-pay” vote every year until the next required advisory vote on the frequency of such vote, which will occur no later than the 2018 Annual Meeting of Stockholders.

As described in the Compensation Discussion and Analysis section below, our compensation programs are designed to attract and retain key executives responsible for the success of our company and are administered in the long-term interests of our company and our stockholders. The Board of Directors believes that the compensation paid to the named executive officers for 2015 was reasonable and appropriate.

Accordingly, stockholders are being asked to vote on the following resolution at the 2016 Annual Meeting:

“RESOLVED, that the stockholders of Neonode Inc. approve, on an advisory basis, the compensation of the named executive officers, as disclosed in Neonode Inc.’s Proxy Statement for the 2016 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the summary compensation table and the other related tables and disclosure.”

Required Vote and Recommendation

Approval of the compensation of the named executive officers requires the affirmative vote of a majority of the votes of the holders of shares of our common stock and Series B Preferred Stock present in person or by proxy and entitled to vote at the meeting. This vote is advisory and therefore is not binding. However, the Board of Directors and the Compensation Committee will review the voting results and take them into account in making decisions regarding future compensation of the named executive officers. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will count towards the presence of a quorum. Properly executed and unrevoked proxies will be voted “FOR” Proposal 2 unless contrary instructions are indicated in the proxy.

The Board of Directors recommends that you vote “FOR” the approval, on an advisory basis,
of the compensation of the named executive officers as disclosed in this proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

Our executive compensation programs seek to balance the interests of stockholders and executives while supporting our need to attract and retain competent executive management. Toward this end, the Board of Directors and the Compensation Committee seek to emphasize the enhancement of stockholder value and deliver a total executive compensation package in a cost-effective manner.

2015 Summary:

For 2015, the Compensation Committee acted in a conservative manner with respect to executive compensation by not awarding a bonus to the Chief Executive Officer or the Chief Financial Officer. In addition, no perquisites were paid to the named executive officers in 2015.

Say-on-Pay:

At our 2015 Annual Meeting of Stockholders, approximately 98% of the votes cast in the advisory “say-on-pay” vote were voted for approval of the compensation of the named executive officers as disclosed in our 2015 proxy statement. The Board of Directors and Compensation Committee have considered the results of the 2015 “say-on-pay” vote and believe that the substantial support by our stockholders indicates they generally are supportive of our approach to executive compensation. The Board of Directors and Compensation Committee will continue to consider “say-on-pay” votes in formulating future executive compensation policies and decisions.

Governance:

These additional factors are important attributes of our company’s overall program with respect to executive compensation:

Edgar Filing: Neonode, Inc - Form DEF 14A

- Our employees, including executives, are prohibited from pledging or hedging, or selling short, their shares of our common stock.
- Incentive compensation paid to executive officers is subject to a Clawback Policy adopted by the Board of Directors.

12

- Outstanding stock options are not subject to automatic vesting upon a change in control of our company.
- Our company annually holds an advisory vote on named executive officer compensation.

Compensation Committee

The Compensation Committee of the Board of Directors oversees our executive compensation program. The Compensation Committee, which is composed solely of independent directors, reviews executive officer performance and reviews and approves executive officer compensation.

In addition, the Compensation Committee administers the 2001 Non-Employee Director Stock Option Plan, 2006 Equity Incentive Plan, and the 2015 Stock Incentive Plan of our company. In that capacity, the Compensation Committee selects the employees, including executives, and non-employee directors of our company who will receive awards, determines the number of shares covered thereby, and establishes the terms, conditions, and other provisions of the grants.

Under its charter, the Compensation Committee has the authority to retain or terminate any consulting firm used to evaluate director or executive compensation, and to determine and approve the terms, costs and fees for such engagements. The Compensation Committee did not retain a compensation consultant in 2015 and has not engaged a compensation consultant for 2016.

Role of Chief Executive Officer

The Compensation Committee establishes compensation policies and practices for the chief executive officer. The chief executive officer recommends compensation packages for the remaining executive officers based on his review of our company's performance and the executive's contribution to this performance, and salary levels for our employees in general. After reviewing these recommendations and after discussion with the chief executive officer, the Compensation Committee makes whatever modifications it believes are appropriate.

Compensation Philosophy

The Board of Directors believe that executive compensation should vary with our performance in achieving our financial and non-financial objectives, should be tied to individual performance, and should be structured to align the interests of our executive officers with the interests of our stockholders. The Compensation Committee seeks to provide a total compensation package that is adequate and competitive in relation to the compensation practices of comparable companies of our size and type of business. Accordingly, the Compensation Committee provides salaries based upon individual performance together, where appropriate, with periodic cash bonuses and stock options based on our overall performance relative to our corporate objectives and the executive's individual contributions.

The Compensation Committee has not adopted formal guidelines for allocating total compensation between long-term and current compensation or equity compensation and cash compensation but rather allocates on a case-by-case basis as appears appropriate in achieving objectives of our compensation philosophy.

In reviewing the competitiveness of our executive compensation, the Compensation Committee takes into account information from sources such as independent members of the Board of Directors and publicly available data relating to the compensation practices and policies of other companies in our industry. However, the Compensation Committee has not developed any specific list of peer group companies to inform its compensation decisions. Consistent with this view, the Compensation Committee has not targeted a predetermined percentile of any peer group companies in determining compensation. While benchmarking may not necessarily be appropriate for a company of our size or as a sole tool for setting compensation because some aspects of our business and objectives are unique to us, the Compensation Committee may in the future gather and review peer group information if the Compensation

Committee determines it be important to its decision-making process.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a federal income tax deduction to public companies for certain compensation over \$1,000,000 paid to a chief executive officer and the three other most highly compensated executive officers other than the chief financial officer. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The Compensation Committee does not believe that Section 162(m) or other accounting and tax treatment of particular

13

forms of compensation materially affect compensation decisions. However, the Compensation Committee will evaluate the effect of such accounting and tax treatment on an ongoing basis and will make appropriate modifications to compensation policies where appropriate.

Components of Compensation

The primary elements of total compensation we historically pay to our executive officers, including the chief executive officer and the other executive officers identified under the “Summary Compensation Table” below, include the following:

- base salary;
- cash bonus;
- awards under our equity incentive plans;
- benefits under our defined contribution plans; and
- benefits under our health and welfare benefits plans.

Base Salaries:

Base salaries for executives are reviewed annually and adjustments are determined, where appropriate, to maintain salaries at competitive levels, taking into account each executive’s experience and individual performance, to maintain an equitable relationship between executive salaries and overall salaries for other employees, and to reflect the executive’s annual performance evaluation.

For 2015, the base salary of Mr. Eriksson and Mr. Lindqvist were maintained at the same level as 2014. In 2014, the base salary of Mr. Lindqvist upon his appointment as Chief Financial Officer was established at a rate comparable to that of the prior Chief Financial Officer. For 2015, Mr. Bystedt received his annual chairmanship fee but did not receive any additional salary for his services as an executive officer.

Cash Bonuses:

The Compensation Committee determines whether executives should receive cash bonuses based on our financial position, achievement of major corporate objectives, and the contribution of the executive, above normal expectations, to our overall success and achievements in creating stockholder value. The Compensation Committee may award bonuses at its discretion based upon subjective factors it determines after the conclusion of the year.

To date, the Compensation Committee has established a non-discretionary bonus structure solely for Mr. Eriksson as Chief Executive Officer tied to the performance of the share price of our common stock (NEON) relative to the price of the NASDAQ-100 Technology Sector Index (NDXT) based upon a maximum payout to Mr. Eriksson of 1,000,000 Swedish Kronor (“SEK”) (approximately \$119,000 in 2015). If the price of shares of our common stock increases during the year by more than 25% of the increase in the price of the NASDAQ-100 Technology Sector Index, then Mr. Eriksson is entitled to the maximum payout. If the price of shares of our common stock increases during the year at approximately the same percentage as the NASDAQ-100 Technology Sector Index, then Mr. Eriksson is entitled to 50% of the maximum. The price of shares of our common stock in 2015 did not increase relative to the NASDAQ-100 Technology Sector Index. As a result, the Compensation Committee did not award a non-discretionary cash bonus to Mr. Eriksson for the fiscal year ended 2015.

As described under “Employment Agreements” in the Executive Compensation section below, Mr. Lindqvist’s employment agreements provides him with a bonus opportunity of up to 50% of his total yearly salary at the discretion of the chief executive officer. No bonus was awarded to Mr. Lindqvist for the fiscal year ended 2015.

Equity Incentive Plan Awards:

We use the grant of options and other equity awards under our equity incentive plans, particularly the 2015 Stock Incentive Plan, as the primary vehicle for providing long-term incentive compensation opportunities to our employees, including executives. The options we have granted have a per share exercise price which is not less than

the closing price of a share of our common stock on the NASDAQ Stock Market on the grant date. Accordingly, options granted under our equity incentive plans have no value unless the market price of our common stock increases after the grant date. Our equity incentive awards are designed to provide at-risk compensation that aligns management's financial interests with those of our stockholders, encourages management ownership of our common stock, supports the achievement of corporate financial objectives, and provides competitive equity reward opportunities. When determining whether to grant equity awards, the Compensation Committee considers the executive's responsibilities and anticipated contributions to achieving our performance goals, and its judgment about whether the complete compensation package provided to the executive is sufficient to retain, motivate and adequately reward him. For 2015, the Compensation Committee awarded stock options with a three year term to Messrs. Eriksson, Lindqvist, and Bystedt to purchase, respectively, 40,000, 20,000, and 20,000 shares of our common stock.

Defined Contribution Plans:

In accordance with Swedish practice, we contribute an amount equal to fifteen percent of the salary of our executives to Swedish pension organizations through an arrangement akin to a 401(k) plan.

Health and Welfare Benefits Plans:

We provide employee benefits programs to our executives in Sweden, including healthcare, disability, and life insurance. Our employee benefits plans are provided on a non-discriminatory basis to all employees.

Severance and Change in Control Arrangements

Certain of the named executive officers will receive compensation if, under certain circumstances, their employment is terminated by our company or in connection with a change in control of our company. See "Payments Upon Termination or Change in Control" below for a description of these provisions. We believe that change in control arrangements should represent a fair allocation of the risks of termination between us and the executive, preserving a measure of economic security for the executive while making it possible for employment to be terminated without additional liability to our company in the event of changes in our condition and affairs.

Clawback Policy

The Board of Directors has adopted a policy giving it authority to retroactively recoup any cash bonus or incentive compensation paid to any executive officer, including the named executive officers, where it is subsequently determined following a significant or material restatement of our financial statements that the award would not have been paid if performance had been measured in accordance with the restated financials for a period covering any of the three fiscal years preceding the restatement. We intend to amend this policy as needed to comply with any additional requirements of the Dodd-Frank Act with respect to clawbacks after the SEC adopts regulations implementing the requirements.

Insider Trading Policy

Pursuant to our company's Policy Against Insider Trading and Securities Fraud, we prohibit our executive officers and directors from pledging their shares of our common stock or hedging the economic risk of ownership of their shares. To our knowledge, all of our executive officers and directors are in compliance with these anti-pledging and anti-hedging provisions. In addition, pursuant to the Policy Against Insider Trading and Securities Fraud and in accordance with applicable law, our executive officers and directors are prohibited from entering into short sale transactions of shares of our common stock.

Stock Ownership Guidelines

The Board of Directors believes that the interests of our executive officers and our stockholders should be aligned and for this reason supports our executive officers acquiring or maintaining a significant equity ownership position in our company so as to have a meaningful personal financial stake in our success. Mr. Eriksson and Mr. Bystedt each beneficially own at least five percent of our common stock. However, we have not adopted formal stock ownership guidelines.

Option Exercises

No options were exercised by the named executive officers during the fiscal year ended December 31, 2015.

Potential Payments Upon Termination or Change of Control

Payments Upon Termination:

Mr. Eriksson and Mr. Lindqvist are not entitled to any severance or other additional benefits upon termination of their employment with our company.

In addition, the terms of the outstanding option award agreements held by the named executive officers do not contain a provision that would accelerate the option if the employment of the executive officer is terminated for any reason.

Severance and Other Benefits Upon Change of Control:

The Board of Directors has an unwritten understanding with Mr. Eriksson that if his employment terminates due to a Change in Control Termination, he would be entitled to receive an amount equal to six months of base salary paid in equal monthly installments over the six months following the Change in Control Termination. The understanding of the Board is that "Change in Control" and "Change in Control Termination" as applied to Mr. Eriksson shall be determined in the same manner as in executive severance agreements entered into with executives who have since separated from our company, including David Brunton who served as Chief Financial Officer prior to Mr. Lindqvist. Consistent with those past executive severance agreements, the understanding of the Board is that a "Change in Control" generally means the sale of more than 50% of our company's assets or stock to a purchaser or group of purchasers, or a merger in which our stockholders receive less than 50% of the voting shares of the surviving entity, and a "Change in Control Termination" generally means an involuntary termination without cause or a voluntary termination with good reason, either of which occurs within six months of a Change in Control.

Mr. Lindqvist is not contractually entitled, nor is there any unwritten understanding with the Board of Directors regarding, any severance or other additional benefits upon termination of his employment in connection with the change in control of our company.

In addition, the terms of the outstanding option award agreements held by the named executive officers do not contain provisions that would accelerate their options if their employment is terminated in connection with a change in control of our company.

Based on the review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in such proxy statement.

THE COMPENSATION COMMITTEE

Mats Dahlin, Chairman

Per Löfgren

John Reardon

The foregoing Report of the Compensation Committee is not soliciting material, shall not be deemed filed with the Securities and Exchange Commission and shall not be incorporated by reference in any filing of Neonode under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Compensation Committee Interlocks and Insider Participation

In 2015, none of the members of the Compensation Committee were current or former officers or employees of our company at the time they were serving on the Compensation Committee. As a result, there were no “interlocks” (as defined by the rules of the SEC) with respect to any member of the Compensation Committee during 2015.

**PROPOSAL 3 — RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has selected KMJ Corbin and Company LLP as our company's independent registered public accounting firm for the fiscal year ending December 31, 2016, and the Board is asking stockholders to ratify that selection. A representative of KMJ Corbin and Company LLP is not expected to be present at the 2016 Annual Meeting.

If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee at its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of our company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS,
AND DIRECTOR INDEPENDENCE

Review, Approval or Ratification of Transactions with Related Persons

The Board of Directors has adopted a written policy that addresses related person transactions requiring disclosure under Item 404 of Regulation S-K as promulgated by the SEC. A related person of our company includes a director, a director nominee, an executive officer, a stockholder beneficially owning a more than five percent voting interest in our company, or an immediate family member of any of the foregoing. Under the policy, any transaction in which a related person has a direct or indirect material interest and where the amount exceeds \$120,000 must be approved by disinterested members of the Board of Directors.

In determining whether to approve or ratify a related person transaction, the Board of Directors will take into account, whether (i) the terms are fair to our company and on the same basis generally available to an unrelated person, (ii) there are business reasons for our company to enter into the transaction, (iii) it would impair independence of an outside director, and (iv) it would present an improper conflict of interest, taking into account factors that the Board of Directors deems relevant.

Since the beginning of 2015 and including any currently proposed, there have been no related person transactions in respect of our company within the scope of Item 404(a) of Regulation S-K as promulgated by the SEC.

Director Independence

The Board of Directors has determined that each of Messrs. Dahlin, Löfgren, and Reardon is an independent director within the meaning of the applicable NASDAQ Stock Market rules. The Board is composed of a majority of independent directors and, as described under “Committees of the Board of Directors” in the Board Matters and Corporate Governance section above, each established committee of the Board — the Audit Committee, the Compensation Committee, and the Nominating and Governance Committee — is comprised solely of independent directors.

Stockholder Proposals

From time to time, stockholders present proposals that may be proper subjects for inclusion in a proxy statement and for consideration at an annual meeting of stockholders. To be included in the proxy statement for our 2016 Annual Meeting of Stockholders, proposals must be received by us no later than December 26, 2016 and otherwise must comply with SEC rules governing inclusion of such proposals. Any proposal received after December 26, 2016 will be untimely, in accordance with SEC rules and regulations.

Matters (other than nominations of candidates for election as directors) may be brought before the meeting by stockholders only by complying with the procedure set forth in the Bylaws of our company, which in summary requires notice in writing to the Corporate Secretary of our company be delivered or mailed to, and received at, our principal executive office not less than 60 days nor more than 90 days prior to the anniversary of the prior year's annual meeting. Each such stockholder notice shall set forth as to each matter the stockholder proposes to bring before the annual meeting: (1) a brief description of the matter desired to be brought before the annual meeting and the reasons for bringing such matter before the annual meeting; (2) the name and address, as they appear on our company's books, of the stockholder proposing such business; (3) the class and number of shares of our company which are beneficially owned by the stockholder; (4) any material interest of the stockholder in such business; and (5) any other information that is required to be provided by the stockholder pursuant to applicable SEC rules. Householding

Under rules adopted by the SEC, we are permitted to deliver a single set of proxy materials to any household at which two or more stockholders reside if we believe the stockholders are members of the same family. This process, called householding, allows us to reduce the number of copies of these materials we must print and mail. Even if householding is used, each stockholder will continue to be entitled to submit a separate proxy or voting instruction.

If you share the same last name and address with another of our stockholders who also holds his or her shares directly, and you each wish to start householding for our annual reports and proxy statements, please contact us at our principal executive offices at Storgatan 23C, 11455, Stockholm, Sweden, or by calling us at 46 (0) 8 667 17 17.

Edgar Filing: Neonode, Inc - Form DEF 14A

If you consent to householding, your election will remain in effect until you revoke it. Should you later revoke your consent, you will be sent separate copies of those documents that are mailed at least 30 days or more after receipt of your revocation.

In addition, some broker and bank record holders who hold shares of our common stock for beneficial owner street name holders may be participating in the practice of householding proxy statements and annual reports. If your household receives a single set of proxy materials for this year, but you prefer to receive your own copy, contact us as stated above, and we will promptly send you a copy. If a broker or bank holds shares of our common stock for your benefit and you share the same last name and address with another stockholder for whom a broker or bank

holds shares of our common stock, and together both of you prefer to receive only a single set of our disclosure documents, contact your broker or bank as described in the voter instruction card or other information you received from your broker or bank.

Direction to Annual Meeting Location

All of our stockholders of record as of the close of business on April 11, 2016 may attend the 2016 Annual Meeting. “Street name” holders also are invited to attend the meeting; however, if you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or bank.

If you do attend the 2016 Annual Meeting at our office in Stockholm, most people will find it easiest to take the train or a taxi from the Stockholm Arlanda Airport. The train (the Arlanda express) takes approximately twenty minutes to the central station, and from there take a taxi to our office. If you want to take the subway, the nearest station is Östermalmstorg. The address of our office where the 2016 Annual Meeting will be held is Storgatan 23C (Östermalmstorg).

Other Matters

The Board of Directors of our company knows of no matters to be presented for stockholder action at the 2016 Annual Meeting other than as set forth in this proxy statement.
