## **New Discovery in Santos Basin Pre-Salt**

Rio de Janeiro, January 25, 2011   Petróleo Brasileiro S.A. Petrobras announces a new discovery of good quality oil in the pre-salt reservoirs of block BM-S-9, in ultra deep waters of Santos Basin.

The discovery was a result of the drilling of well 3-BRSA-861-SPS (3-SPS-74), informally known as Carioca Nordeste, located in a water depth of 2,151m and 275 km off the coast of the state of São Paulo in the evaluation area of Carioca well - 1-BRSA-491-SPS (1-SPS-50).

Preliminary analyses confirm the extent of the accumulation with oil of 26<sup>º</sup> API in 200 meters of good quality reservoir, better than the result of the wildcat well.

Block BM-S-9 has two evaluation areas: well 1-BRSA-594-SPS (1-SPS-55), informally known as *Guará* and the area of well 1-BRSA-491-SPS (1-SPS-50), informally known as Carioca, where the discovery well is located.

Petrobras holds a 45% stake in this concession, and is the operator of the consortium comprised of BG Group with 30% and Repsol with 25%.

The Consortium will give continuity to the investments provided in the Discovery Evaluation Plan, presented to the ANP in 2007, to confirm the dimensions and characteristics of the reservoir, seeking the development of the project and the activities in the Santos Basin pre-salt.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
