**Item 3.03 Material Modifications to Rights of Security Holders.**

On July 11, 2008, National Fuel Gas Company (the "Company") entered into an Amended and Restated Rights Agreement, dated as of July 11, 2008 (the "Rights Agreement"), with The Bank of New York, as rights agent. The Rights Agreement amends and restates that certain Amended and Restated Rights Agreement, dated as of September 1, 2007, between the Company and The Bank of New York, as rights agent. The amendments included in the Rights Agreement modify the rights of holders of the Company's Common Stock Purchase Rights (the "Rights"). Among the amendments are:

- an extension of the expiration date of the Rights Agreement from July 31, 2008 to July 31, 2018;
- an increase in the exercise price of the Rights from \$65 to \$150 per full share of the Company's common stock;
- an expansion of the definition of beneficial ownership to include, among other things, certain derivative or synthetic arrangements having characteristics of a long position in the Company's common stock;
- the addition of a provision stating that the phrase "then outstanding," when used with reference to a person's beneficial ownership of securities of the Company, means the number of securities then issued and outstanding together with the number of such securities not then actually issued and outstanding which such person would be deemed to own beneficially under the Rights Agreement;
- elimination of certain restrictive covenants that would have applied to the Company after the "Distribution Date" of the Rights;
- clarification and updating of the Rights Agreement in various respects; and
- modification of the relationship between the Company and the rights agent in certain respects.

The Company previously reported, in a Current Report on Form 8-K filed on February 26, 2008, the approval by the Company's Board of Directors of these amendments, other than the amendments relating to derivative or synthetic arrangements and modification of the relationship between the Company and the rights agent.

The foregoing description of the Rights Agreement does not purport to be complete and is qualified in its entirety by reference to Rights Agreement, a copy of which has been filed as an exhibit hereto and is expressly incorporated by reference herein.

**Item 8.01 Other Events.**

On July 11, 2008, National Fuel Gas Company ("National" or the "Company") entered into an Amended and Restated Rights Agreement, dated as of July 11, 2008 (the "Rights Agreement"), with The Bank of New York, as rights agent. The Rights Agreement amends and restates that certain Amended and Restated Rights Agreement, dated as of September 1, 2007, between the Company and The Bank of New York, as rights agent. The amendments included in the Rights Agreement modify the rights of holders of the Company's Common Stock Purchase Rights (the "rights").

The detailed description and terms of the rights are set forth in the Rights Agreement. A summary description of the rights follows:

The holders of the common stock have one right for each of their shares. Each right, which will initially be evidenced by the common stock certificates representing the outstanding shares of common stock, entitles the holder to purchase one-half of one share of common stock at a purchase price of \$75.00 per half share, being \$150.00 per full share, subject to adjustment (Purchase Price).

The rights become exercisable upon the occurrence of a distribution date. Subject to redemption or exchange of the rights, at any time following a distribution date, each holder of a right will be entitled to receive, upon exercise of the right, common stock (or, under certain circumstances, other property of National) having a value equal to two times the Purchase Price of the right then in effect. However, the rights are subject to redemption or exchange by National prior to their exercise as described below.

A distribution date would occur upon the earlier of:

- ten days after the public announcement that a person or group has acquired, or obtained the right to acquire, beneficial ownership of National's

## Edgar Filing: NATIONAL FUEL GAS CO - Form 8-K

common stock or other voting stock having 10% or more of the aggregate voting power of National's common stock and other voting stock, except in the circumstances described below; and

· ten business days after the commencement or announcement by a person or group of an intention to make a tender or exchange offer that would result in that person acquiring, or obtaining the right to acquire, beneficial ownership of National's common stock or other voting stock having 10% or more of the total voting power of National's common stock and other voting stock.

Beneficial ownership of National's common stock includes, among other things, certain derivative or synthetic arrangements having characteristics of a long position in National's common stock. In addition, the phrase "then outstanding," when used with reference to a person's beneficial ownership of securities of National, means the number of securities then issued and outstanding together with the number of such securities not then actually issued and outstanding which such person would be deemed to own beneficially under the Rights Agreement.

A distribution date would not occur where the acquisition described in the first bullet point above results from a reduction in the number of National's shares outstanding due to the repurchase of shares by National, unless and until the acquiring person or group, after becoming aware of its 10% stake, acquires an additional one percent of National's shares then outstanding. Similarly, a distribution date would not occur if National's Board of Directors determines that the person or group that acquired the 10% stake did so inadvertently and without any intention of changing or influencing control of National, and if that person or group, after being advised of the Board of Directors' determination, reduces its stake below 10% within a period of time set by the Board of Directors.

In certain situations after a person or group has acquired beneficial ownership of 10% or more of the total voting power of National's stock as described above, each holder of a right will be entitled to receive, upon exercise of the right, common stock of the acquiring company having a value equal to two times the Purchase Price of the right then in effect. These situations would arise if National is acquired in a merger or other business combination or if 50% or more of National's assets or earning power are sold or transferred.

At any time prior to the end of business on the tenth day following the announcement that a person or group has acquired, or obtained the right to acquire, beneficial ownership of 10% or more of the total voting power of National (except in the circumstances described above in which a distribution date would not occur), National may redeem the rights in whole, but not in part, at a price of \$.005 per right, payable in cash, stock or other assets. A decision to redeem the rights requires the vote of 75% of National's full Board of Directors. Also, at any time following the announcement that a person or group has acquired, or obtained the right to acquire, beneficial ownership of 10% or more of the total voting power of National, 75% of National's full Board of Directors may vote to exchange the rights, in whole or in part, at an exchange rate of one share of common stock, or other property deemed to have the same value, per right, subject to certain adjustments. Notwithstanding the foregoing, the Board of Directors may not effect an exchange after a person or group has acquired, or obtained the right to acquire, beneficial ownership of 50% or more of the Common Stock then outstanding.

After a distribution date, rights that are owned by an acquiring person will be null and void. Upon exercise of the rights, National may need additional regulatory approvals to satisfy the requirements of the Rights Agreement. The rights will expire on July 31, 2018, unless they are exchanged or redeemed earlier than that date.

The rights have anti-takeover effects because they will cause substantial dilution of the common stock if a person attempts to acquire National on terms not approved by the Board of Directors.

The foregoing description of the rights does not purport to be complete and is qualified in its entirety by reference to Rights Agreement, a copy of which has been filed as an exhibit hereto and is expressly incorporated by reference herein.
