DEAR FELLOW SHAREHOLDERS

Thank you for your investment in Korn Ferry and for the trust you have placed in our Board to help oversee and facilitate Korn Ferry's long-term success.

Fiscal 2017 Accomplishments

Against a backdrop of uncertain macroeconomic and geopolitical factors, Korn Ferry achieved yet another year of strong financial performance and continued to make progress on our strategic objectives. We are proud of these results, which include:

- Generated record fee revenue of \$1.57 billion, representing a 21% increase year over year including organic growth and the Hay Group acquisition;
- Returned \$52.1 million to shareholders (\$28.8 million through share repurchases and \$23.3 million in quarterly dividends in FY 17);
- Named #1 Best Executive Recruitment Firm in North America by Forbes Magazine (2017); and
- Named #1 Recruitment Process Outsourcing Firm by HRO Magazine (2016).

Leading Corporate Governance Practices

Complementing our financial performance is our Company's commitment to corporate governance, including:

- Majority voting for directors in uncontested elections;
- Declassified Board with annual election of directors;
- Independent Chair and independent Board members (except for CEO);
- Regular engagement with shareholders;
- Board diversity; and

- This year's proxy proposals to eliminate the supermajority voting standards in our Restated Certificate of Incorporation.

Commitment to Shareholder Engagement

In the past few years, the Company has stressed the importance of shareholder communication, with the Company increasing its outreach to its shareholders as a result. As part of those efforts, we sought feedback from our shareholders about the issues that mattered most to them. In 2015, we redesigned our proxy statement to address the issues we heard in that outreach, and to provide more meaningful and transparent disclosure regarding our compensation and corporate governance practices, including our Governance Insights section of the proxy statement discussing Board Committee priorities. We have received positive feedback from our shareholders to such enhancements and were even awarded 2016 Proxy of the Year (small to mid-cap) by Corporate Secretary Magazine.

Board Composition: Ongoing Commitment to Board Diversity

Our Board is composed of individuals whose skills and experiences permit them to make significant contributions to the Company and represent the long-term interest of our shareholders. It is critical that our Board include diverse perspectives, and a mix of skills, backgrounds, and industry experiences. To achieve and maintain such diversity, we periodically refresh the composition of our Board by appointing new members. Since 2012, we have elected five new directors to our Board, each with diverse skills, backgrounds and experiences. We are proud of the diversity of our directors and will continue our efforts to assemble an exceptional Board.

The commentary above is only a snap shot of the Company's Fiscal 2017 achievements, but we believe these achievements are representative of our commitment and progress. We strongly encourage each of our shareholders to review this proxy statement, vote promptly and convey their views.

On behalf of our Board, Senior Management and the Company, thank you for being a Korn Ferry shareholder.

Sincerely,

George Shaheen,
Chair of the Board

Compensation Process Highlights (pages 19 and 29 - 31)

•Our Compensation and Personnel Committee receives advice from its independent compensation consultant.

We review total direct compensation and the mix of the compensation components for the named executive officers relative to our peer group as one of the factors in determining if compensation is adequate to attract and retain executive officers with the unique set of skills necessary to manage and motivate our global people and organizational advisory firm.

Elements of Compensation (pages 32 - 40)

Element	Purpose	Determination
Base Salary	Compensate for services rendered during the fiscal year and provide sufficient fixed cash income for retention and recruiting purposes.	Reviewed on an annual basis by the Compensation and Personnel Committee taking into account competitive data from our peer group, input from our compensation consultant and the executive’s individual performance.
Annual Cash Incentives	Motivate and reward named executive officers for achieving financial and strategy execution goals over a one-year period.	Determined by the Compensation and Personnel Committee based upon performance goals, strategic objectives, competitive data and individual performance.
Long-Term Incentives	Align the named executive officers’ interests with those of stockholders, encourage the achievement of the long-term goals of the Company and motivate and retain top talent.	Determined by the Compensation and Personnel Committee based upon a number of factors including competitive data, total overall compensation provided to each named executive officer and historic grants.

Best Practices (page 29)

Our Board has adopted a clawback policy applicable to all cash incentive payments and performance-based equity awards granted to executive officers.

Our named executive officers are not entitled to any “single trigger” equity acceleration in connection with a change in control.

We have adopted policies prohibiting hedging, speculative trading or pledging of Company stock.

All named executive officers are required to own three times their annual base salary in Company common stock.

We do not provide excise tax gross-ups to any of our executive officers.

Proposal No. 1

ELECTION OF DIRECTORS

Our stockholders will be asked to consider eight nominees for election to our Board of Directors to serve for a one-year term until the 2018 Annual Meeting of Stockholders and until their successors have been duly elected and qualified, subject to their earlier death, resignation or removal.

The names of the eight nominees for director and their current position with the Company are set forth below. Detailed biographical information regarding each of these nominees is provided in this Proxy Statement under the heading “The Board of Directors.” All of the nominees, with the exception of Mr. Burnison, have been determined by the Board to be independent under the rules of The New York Stock Exchange (the “NYSE”). Our Nominating and Corporate Governance Committee has reviewed the qualifications of each of the nominees and has recommended to the Board that each nominee be submitted to a vote at the Annual Meeting.

All of the nominees have indicated their willingness to serve, if elected, but if any should be unable or unwilling to serve, proxies may be voted for a substitute nominee designated by the Board. The Company did not receive any stockholder nominations for director. Proxies cannot be voted for more than the number of nominees named in this Proxy Statement.

Name	Position with Korn Ferry
Doyle N. Beneby	Director
Gary D. Burnison	Director and Chief Executive Officer
William R. Floyd	Director
Christina A. Gold	Director
Jerry P. Leamon	Director
Angel R. Martinez	Director
Debra J. Perry	Director
George T. Shaheen	Director and Non-Executive Chair of the Board

REQUIRED VOTE

In uncontested elections, directors are elected by a majority of the votes cast, meaning that each director nominee must receive a greater number of shares voted “for” such nominee than the shares voted “against” such nominee. If an incumbent director does not receive a greater number of shares voted “for” such director than shares voted “against” such director, then such director must tender his or her resignation to the Board. In that situation, the Company’s Nominating and Corporate Governance Committee would make a recommendation to the Board about whether to

accept or reject the resignation, or whether to take other action. Within 90 days from the date the election results were certified, the Board would act on the Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and rationale behind it.

In a contested election—a circumstance we do not anticipate at the Annual Meeting—director are elected by a plurality vote.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends that you vote "FOR" each of the nominees named above for election as a director.

[Back to Contents](#)

THE BOARD OF DIRECTORS

The Company's Restated Certificate of Incorporation provides that the number of directors shall not be fewer than eight nor more than fifteen, with the exact number of directors within such limits to be determined by the Board. Currently, the Board is comprised of eight directors. Upon the recommendation of the Company's Nominating and Corporate Governance Committee, the Board has nominated the following persons to serve as directors until the 2018 Annual Meeting of Stockholders or their earlier resignation or removal:

Doyle N. Beneby Jerry P. Leamon
Gary D. Burnison Angel R. Martinez
William R. Floyd Debra J. Perry
Christina A. Gold George T. Shaheen

Each of the named nominees are independent under the NYSE rules, except for Mr. Burnison. If reelected, Mr. Shaheen will continue to serve as the Company's independent Non-Executive Chair of the Board.

The Board held five meetings during fiscal year 2017. Each of the directors who were on the Board at the time attended at least 75% of the Board meetings and the meetings of committees of which they were members in fiscal 2017. Directors are expected to attend each annual meeting of stockholders. All directors then serving attended the 2016 Annual Meeting of Stockholders in person.

DIRECTOR QUALIFICATIONS

The Board believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee the Company's business. In addition, the Board believes there are certain attributes every director should possess, as reflected in the Board's membership criteria discussed below. Accordingly, the Board and the Nominating and Corporate Governance Committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

The Nominating and Corporate Governance Committee is responsible for developing and recommending Board membership criteria to the full Board for approval. The criteria, which are set forth in the Company's Corporate Governance Guidelines, include:

- a reputation for integrity,

- honesty and adherence to high ethical standards,
- strong management experience,
- current knowledge and contact in the Company's industry or other industries relevant to the Company's business,
- the ability to commit sufficient time and attention to Board and Committee activities, and
- the fit of the individual's skills and personality with those of other directors in building a Board that is effective, collegial, diverse and responsive to the needs of the Company.

The Nominating and Corporate Governance Committee seeks a variety of occupational, educational and personal backgrounds on the Board in order to obtain a range of viewpoints and perspectives and to enhance the diversity of the Board in such areas as professional experience, geography, race, gender, ethnicity and age. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, the Nominating and Corporate Governance Committee does believe it is essential that Board members represent diverse viewpoints and backgrounds. The Nominating and Corporate Governance Committee periodically evaluates the composition of the Board to assess the skills and experience that are currently represented on the Board, as well as the skills and experience that the Board will find valuable in the future, given the Company's current situation and strategic plans. This periodic assessment enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company's needs evolve and change over time and to assess the effectiveness of efforts at pursuing diversity. In identifying director candidates from time to time, the Nominating and Corporate Governance Committee may establish specific skills and experience that it believes the Company should seek in order to constitute a balanced and effective board.

In evaluating director candidates, and considering incumbent directors for renomination to the Board, the Nominating and Corporate Governance Committee takes into account a variety of factors. These include each nominee's independence, financial literacy, personal and professional accomplishments, and experience, each in light of the composition of the Board as a whole and the needs of the Company in general, and for incumbent directors, past performance on the Board.

GOVERNANCE INSIGHTS: BOARD DIVERSITY

Q & A WITH CHRISTINA GOLD, CHAIR OF THE NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

Question: How important is Board diversity to the Company?

Diversity remains a very high priority at Korn Ferry, both at the Board level and throughout the organization. We believe it is essential to our continued success. As our business grows and new and different challenges present themselves it is critical that our Board members possess diverse skills, experiences and backgrounds. Diversity of background includes racial and gender diversity. Having directors with a wide range of perspectives allows the Company to better understand and serve our clients and to continue to adapt our business to a constantly changing world. The diversity of our Board has been particularly instrumental in helping to facilitate the successful integration of Hay Group into our organization and develop and pursue our strategic initiatives. Our focus on diversity has led to a diverse boardroom with half of our Board comprised of women and racially diverse directors. Diversity of experience and background is also key to our Board composition. Our directors have a variety of industry and professional experiences that are fundamental to oversight of our organization, including experience in the service, financial and consumer products industries and roles in marketing, brand and product development. The value we place on diversity is best highlighted by the fact that our two newest Board members are racially diverse.

Question: How does the Company achieve diversity on the Board and its Committees?

One of the key ways the Company achieves diversity on the Board and its committees is through its periodic refreshment of the composition of the Board and its committees. As part of the Board and Committee annual self-evaluations, the Nominating and Corporate Governance Committee considers, among other things, the composition of the Board and each of its committees, including whether the Company's directors possess the right diversity of skills, experiences and backgrounds for the current issues facing the Company. As a result of such evaluations, since 2012, we have elected five new directors to our Board, each with diverse skills, backgrounds and experiences, a new Chairperson, rotated the Chairs of the Compensation and Personnel Committee and Nominating and Corporate Governance Committee, made some changes to the composition of our Board Committees, and expanded the qualifications and diversity represented on the Board.

DIRECTOR INDEPENDENCE

The Board has determined that as of the date hereof a majority of the Board is “independent” under the independence standards of the NYSE. The Board has determined that the following directors are “independent” under the independence standards of the NYSE: Doyle N. Beneby, William R. Floyd, Christina A. Gold, Jerry P. Leamon, Angel R. Martinez, Debra J. Perry, and George T. Shaheen. In addition, during his term of service, former director Harry L. You was determined to be “independent” under the NYSE standards.

For a director to be “independent”, the Board must affirmatively determine that such director does not have any material relationship with the Company. To assist the Board in its determination, the Board reviews director independence in light of the categorical standards set forth in the NYSE’s Listed Company Manual. Under these standards, a director cannot be deemed “independent” if, among other things:

- the director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

- the director has received, or has an immediate family member who received, during any 12-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

- (1) the director or an immediate family member is a current partner of a firm that is the Company’s internal or external auditor, (2) the director is a current employee of such a firm, (3) the director has an immediate family member who is a current employee of such a firm and personally works on the Company’s audit, or (4) the director or an immediate family member was within the last three years a partner or employee of such firm and personally worked on the Company’s audit within that time;

- the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company’s present executive officers at the same time serve or served on that company’s compensation committee; or

- the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of the other company’s consolidated gross revenues.

The independent directors of the Board meet regularly in executive sessions outside the presence of management. Mr. George Shaheen, as Chair of the Board, currently presides at all executive sessions of the independent directors. Subject to his reelection at the Annual Meeting, Mr. Shaheen will continue in this role following the Annual Meeting.

All current members of the Board, with the exception of our CEO, Mr. Burnison, are independent. Further, all members of our Audit Committee, Compensation and Personnel Committee and Nominating and Corporate Governance Committee are independent.

DIRECTOR INDEPENDENCE

BOARD LEADERSHIP STRUCTURE

The Company's Corporate Governance Guidelines provide that the Board is free to select its Chair and CEO in the manner it considers to be in the best interests of the Company and that the role of Chair and CEO may be filled by a single individual or two different persons. This provides the Board with flexibility to decide what leadership structure is in the best interests of the Company at any point in time. Currently, the Board is led by an independent, non-executive Chair, Mr. George Shaheen. Mr. Shaheen will continue to serve as Chair of the Board, subject to his reelection as a director at the Annual Meeting. The Board has determined that having an independent director serve as Chair of the Board is in the best interests of the Company at this time as it allows the Chair to focus on the effectiveness and independence of the Board while the CEO focuses on executing the Company's strategy and managing the Company's business. In the future, the Board may determine that it is in the best interests of the Company to combine the role of Chair and CEO.

BOARD'S OVERSIGHT OF ENTERPRISE RISK AND RISK MANAGEMENT

The Board plays an active role, both as a whole and also at the committee level, in overseeing management of the Company's risks. Management is responsible for the Company's day-to-day risk management activities. The Company has established an enterprise risk framework for identifying, aggregating and evaluating risk across the enterprise. The risk framework is integrated with the Company's annual planning, audit scoping and control evaluation management by its internal auditor. The review of risk management is a dedicated periodic agenda item for the Audit Committee, whose responsibilities include periodically reviewing management's financial and operational risk assessment and risk management policies, the Company's major financial risk exposures, and the steps management has taken to monitor and control such exposures. The Company's other Board committees also consider and address risk during the course of their performance of their committee responsibilities. Specifically, the Compensation and Personnel Committee reviews the risks related to the Company's compensation programs for senior management, discussed in more detail below, and the Nominating and Corporate Governance Committee oversees risks associated with operations of the Board and its governance structure. Further, the General Counsel periodically reports to the Board on litigation and other legal risks that may affect the Company. The full Board monitors risks through regular reports from each of the Committee chairs and the General Counsel, and is apprised of particular risk management matters in connection with its general oversight and approval of corporate matters. We believe the division of risk management responsibilities described above provides an effective framework for evaluating and addressing the risks facing the Company, and that our Board leadership structure supports this approach because it allows our independent directors, through the independent committees and non-executive Chair, to exercise effective oversight of the actions of management.

Assessment of Risk Related to Compensation Programs

During fiscal 2017, the Company completed its annual review of executive and non-executive compensation programs globally, with particular emphasis on incentive compensation plans and programs. Based on this review, the Company evaluated the primary components of its compensation plans and practices to identify whether those components, either alone or in combination, properly balanced compensation opportunities and risk. As part of this inventory, several factors were noted that reduce the likelihood of excessive risk taking. These factors include: balancing performance focus between near-term objectives and strategic initiatives; issuing equity awards that vest over multi-year time horizons (and, in the case of named executive officers, a majority of which are also subject to the achievement of performance goals); and maintaining stock ownership guidelines and a clawback policy applicable to our executive officers. Furthermore, the Compensation and Personnel Committee retains its own independent compensation consultant to provide input on executive pay matters, meets regularly, and approves all performance goals, award vehicles, and pay opportunity levels for named executive officers. As a result of this evaluation, the Company concluded that risks arising from the Company's compensation policies and practices are not reasonably likely to have a material adverse impact on the Company.

BOARD COMMITTEES

Although the full Board considers all major decisions, the Company's Bylaws permit the Board to have the following standing committees to more fully address certain areas of importance: (1) an Audit Committee, (2) a Compensation and Personnel Committee, and (3) a Nominating and Corporate Governance Committee. The members of the standing committees as of the date hereof are set forth in the tables below. Following the Annual Meeting, the Nominating and Corporate Governance Committee intends to evaluate the composition of the standing committees and make recommendations to the Board regarding any appropriate changes to the Committees. The Nominating and Corporate Governance Committee expects, at such time, to recommend to the Board the appointment of Mr. Martinez to a Board Committee or Committees.

Prior to each annual meeting of stockholders, recommends
- to the Board a slate of nominees for election to the Board by the stockholders at the annual meeting;
- Make recommendations to the Board from time to time as to changes the Committee believes to be desirable to the size, structure, composition and functioning of the Board or any committee thereof; and
- Oversee risks associated with operations of the Board and its governance structure.

In evaluating nominations, the Nominating and Corporate Governance Committee considers a variety of criteria, including business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board activities and the absence of potential conflicts with the Company's interests. The Nominating and Corporate Governance Committee, with the assistance of the Company's executive search business, identified and recommended to the Board that Angel R. Martinez be nominated as a director in this Proxy Statement to serve as a director until the 2018 Annual Meeting of Stockholders. Any stockholder recommendations for director are evaluated in the same manner as all other candidates considered by the Nominating and Corporate Governance Committee. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, it also takes into account the diversity of the Board when considering director nominees. The Board has determined that all members of the Nominating and Corporate Governance Committee are "independent directors" under the applicable listing standards of the NYSE. The Nominating and Corporate Governance Committee met five times in fiscal 2017. The Nominating and Corporate Governance Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website and in print to any stockholder that requests it. To access the charter from the Company's website, go to www.kornferry.com, select "Investor Relations" from the drop-down menu, then click on the "Corporate Governance" link located in a list on the right side of the page. Requests for a printed copy should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. Stockholders may recommend director nominees by mailing submissions to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary.

CODE OF BUSINESS CONDUCT AND ETHICS

The Board has adopted a Code of Business Conduct and Ethics that is applicable to all directors, employees and officers (including the Company's Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer). Among other things, the Code of Business Conduct and Ethics requires directors, employees and officers to maintain the confidentiality of all information entrusted to them (except when disclosure is authorized or legally mandated); to deal fairly with the Company's clients, service providers, suppliers, competitors and employees; to protect Company assets; and for those who have a role in the preparation and/or review of information included in the Company's public filings, to report such information accurately and honestly. It also prohibits directors, employees and officers from using or attempting to use their position at the Company to obtain an improper personal benefit. The Code of Business Conduct and Ethics is available on the Company's website and in print to any stockholder that requests it. To access the Code of Business Conduct and Ethics from the Company's website, go to www.kornferry.com, select "Investor Relations" from the drop-down menu, then click on the "Corporate Governance" link located in a list on the right side of the page. Requests for a printed copy should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. We intend to post on the Company's website amendments, if any, to the Code of Business Conduct and Ethics, as well as any waivers thereunder, with respect to our officers and directors as required to be disclosed by the SEC and NYSE rules.

CORPORATE GOVERNANCE GUIDELINES

The Board has adopted Corporate Governance Guidelines, which among other things, impose limits on the number of directorships each member of the Board may hold (the Chief Executive Officer of the Company may not sit on more than two boards of directors of public companies (including the Company), while all other directors may not sit on more than five boards of directors of public companies (including the Company)); specifies the criteria to be considered for director candidates; and requires non-management directors to meet periodically without management. Additionally, the guidelines require that, when a director's principal occupation or business association changes substantially during his or her tenure as a director, that director is required to provide written notice of such change to the chair of the Nominating and Corporate Governance Committee, and agree to resign from the Board if the Board determines to accept such resignation. The Nominating and Corporate Governance Committee must then review and assess the circumstances surrounding such change, and recommend to the Board any appropriate action to be taken. The Corporate Governance Guidelines are available on the Company's website and in print to any stockholder that requests it. To access the Corporate Governance Guidelines from the Company's website, go to www.kornferry.com, select "Investor Relations" from the drop-down menu, then click on the "Corporate Governance" link located in a list on the right side of the page. Requests for a printed copy should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary.

Proposal No. 2

ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

In accordance with the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and more specifically, Section 14A of the Exchange Act which was added under the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are asking stockholders to vote on an advisory resolution to approve the Company’s executive compensation as reported in this Proxy Statement. Our executive compensation program is designed to support the Company’s long-term success. As described below in the “Compensation Discussion and Analysis” section of this Proxy Statement, the Compensation and Personnel Committee has structured our executive compensation program to achieve the following key objectives:

- provide compensation packages to our executives that are competitive with other major employment services firms, a broader group of human capital companies and similarly-sized publicly traded companies;
- closely tie individual annual cash incentive and equity-based awards to the performance of the Company as a whole, or one or more of its divisions or business units as well as to the team and individual performance of the named executive officer; and
- align the interests of senior management with those of our stockholders through direct ownership of Company common stock and by providing a portion of each named executive officer’s direct total compensation in the form of equity-based incentives.

We urge stockholders to read the “Compensation Discussion and Analysis” section below, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative below which provide detailed information on the compensation of our named executive officers. The Compensation and Personnel Committee and the Board believe that the policies and procedures articulated in the “Compensation Discussion and Analysis” section are effective in achieving our goals and that the compensation of our named executive officers reported in this Proxy Statement has supported and contributed to the Company’s success.

We are asking stockholders to approve the following advisory resolution at the 2017 Annual Meeting of Stockholders:

RESOLVED, that the stockholders of Korn/Ferry International (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers set forth in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and narrative in the Proxy Statement for the Company’s 2017 Annual Meeting of Stockholders.

This advisory resolution, commonly referred to as a “say-on-pay” resolution, is non-binding on the Board. Although non-binding, the Board and the Compensation and Personnel Committee will carefully review and consider the voting results when evaluating our executive compensation program. As described in Proposal No. 3, stockholders are being given the opportunity to express their preference for the frequency of future “say-on-pay” votes. The Board’s current policy is to include an advisory resolution to approve the compensation of our named executive officers annually, but will consider the outcome of the advisory vote in Proposal No. 3 on the frequency of “say-on-pay” votes. Unless the Board modifies its policy on the frequency of future “say-on-pay” votes, the next advisory vote to approve our executive compensation will occur at the 2018 Annual Meeting of Stockholders.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends that you vote “FOR” the Company’s advisory resolution to approve executive compensation.

Proposal No. 3

ADVISORY RESOLUTION ON THE FREQUENCY OF FUTURE ADVISORY VOTES TO APPROVE EXECUTIVE COMPENSATION

In accordance with Section 14A of the Exchange Act, we are asking stockholders to vote on whether future advisory votes to approve executive compensation of the nature reflected in Proposal No. 2 should occur every year, every two years or every three years.

After careful consideration, the Board has determined that continuing to hold future advisory votes to approve executive compensation every year is the most appropriate policy for the Company at this time, and recommends that stockholders vote for future advisory votes to approve executive compensation to occur every year. An annual advisory vote to approve executive compensation allows our stockholders to provide us with their direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year and is most useful to the Board and the Compensation and Personnel Committee.

Stockholders will be able to specify one of four choices for this proposal on the proxy card: three years, two years, one year or abstain. Stockholders are not voting to approve or disapprove the Board's recommendation. This advisory vote on the frequency of future advisory votes to approve executive compensation is non-binding on the Board. Notwithstanding the Board's recommendation and the outcome of the stockholder vote, the Board may in the future decide to conduct advisory votes to approve executive compensation on a more or less frequent basis and may vary its practice based on factors such as discussions with stockholders and the adoption of material changes to compensation programs.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends that you vote "ONE YEAR" for the frequency of future advisory votes to approve executive compensation.

Spotlight on CEO Pay Alignment

A primary focus of our compensation program is aligning executive pay with stockholder interests. A key element used to achieve this goal is providing annual incentive compensation opportunities that only result in payouts based on the extent of achievement of pre-established performance criteria. As described in more detail below, our Compensation and Personnel Committee (the “Committee”) sets performance metrics (and associated targets) consisting of financial goals and strategic execution Key Performance Indicators (KPIs). With the exception of certain minimum guaranteed payouts made as part of the negotiations with new hires, executives are not guaranteed payouts under the annual cash incentive plan and payouts from year to year will vary based on achievement of the applicable financial metrics and strategy execution KPIs.

The charts below show the components of Mr. Burnison’s total compensation for fiscal years 2016 (excluding the grant date value of his one-time Synergy RSU award) and 2017 and our corresponding achievement of the applicable KPIs under the annual cash incentive plan for each year. While we exceeded target goals under the annual incentive plan in both fiscal years and in almost all cases fiscal year 2017 results exceeded those of fiscal year 2016 as described in further detail below, in light of the challenging goals and the fact that targets are generally set at higher levels year over year, Mr. Burnison’s fiscal 2017 achievement under the plan resulted in a payout equal to approximately 140% of target as compared to approximately 184% of target in fiscal 2016. The Committee will continue to set challenging performance goals in the future to incentivize superior performance year over year.

Stockholder Engagement and Consideration of Last Year's Say on Pay Vote

Korn Ferry interacts with its stockholders to obtain stockholder views on various topics from our Company strategy to capital allocation and executive compensation. At the 2016 Annual Meeting, approximately 81% of the votes cast were in favor of the advisory vote to approve executive compensation. In fiscal 2017, the Company engaged with stockholders to discuss the Company's compensation programs. In consideration of such discussions and the stockholder vote at the 2016 Annual Meeting, as well as the Company's increased performance, the Committee decided to maintain our executive compensation programs for 2017. The Company will continue to engage our stockholders this year and in future years and consider their input in all facets of our business, including executive compensation.

EXECUTIVE COMPENSATION PHILOSOPHY AND OVERSIGHT

Philosophy

The Company is a premier global provider of talent management solutions including executive recruitment, leadership consulting services and high impact recruitment solutions. The Company is uniquely positioned to help its clients with their human capital needs by assisting our clients to design, build and attract talent. The Company's unique global positioning allows it to maintain enhanced brand visibility and to attract and retain high-caliber consultants. The Company provides its services to a broad range of clients through the expertise of approximately 517 Executive Search, 557 Hay Group (formerly known as LTC and which was combined with HG (Luxembourg) S.à.r.l in December 2015) and 256 Futurestep consultants who are primarily responsible for client services and who are located in 53 countries throughout the world. Accordingly, the Company's executive officers must have the skills and experience to manage and motivate an organization spread over a large number of countries with varying business and regulatory environments. The market for these talented individuals is highly competitive. The Company's compensation philosophy focuses on attracting, retaining and properly rewarding the right candidates for their contributions.

The Committee is diligent about establishing an executive compensation program offering competitive total direct compensation opportunities, which are aligned to stockholder return through established performance criteria grounded in the Company's Strategic Plan and Annual Operating Plan ("AOP").

[Back to Contents](#)

The Committee is guided by the following principles in establishing and assessing compensation programs and policies for the named executive officers:

Individual annual cash incentive and equity-based awards should be closely tied to the performance of the Company as a whole or one or more of its divisions or business units, as well as to the team and individual performance of the named executive officer;

The interests of senior management and the Company's stockholders should be aligned through direct ownership of Company common stock and by providing a portion of each named executive officer's total direct compensation in the form of equity-based incentives; and

Total direct compensation must be competitive with our peer group, a broader group of human capital companies and similarly sized publicly traded companies.

CEO COMPENSATION MIX* OTHER NEO COMPENSATION MIX*

**Equity awards based upon grant date value. Excludes Mr. Kaye, whose employment terminated during the fiscal year and Mr. Arian, who joined the Company in the fourth quarter of fiscal 2017.*

OUR PROCESS: FROM STRATEGY TO COMPENSATION-RELATED METRICS

The process for setting annual compensation-related metrics begins at an annual off-site meeting where the Company reviews with the Board its Strategic Plan (including goals and objectives). As part of the Strategic Plan, the Company establishes a Strategy Execution Framework ("SEF") to drive performance and achievement of its strategic goals. That framework is represented by the five pillars below; each of which is comprised of detailed activities which, when executed, are designed to drive financial performance goals set within the Company's Strategic Plan:

*integrated, solutions-based go-to-market strategy,
extend and elevate the brand,
unparalleled client excellence,
premier career destination, and
non-executive search solutions.*

In setting the financial goals that underlie the Strategic Plan, the Company considers a number of internal and external factors such as:

*• revenue growth in excess of GDP expectations,
• projected macro-economic data such as employment trends,
• forecasted GDP in the countries where the Company has significant operations,
• internal investment activities,
• market expectations for revenue and earnings growth for recruiting and staffing industry public companies,
• recent and expected levels of new business activity,
• increased productivity of fee earners,
• focus on increasing Executive Recruitment, Futurestep and Hay Group collaboration efforts, and
• leveraging the executive search relationships to drive cross line-of-business revenue growth.*

Then, during an end of fiscal year process, the Board approves an AOP for the upcoming fiscal year. For the named executive officers, the Committee establishes annual bonus plan targets with financial and strategic execution KPIs that are derived from the SEF and AOP.

[Back to Contents](#)

Such financial targets and strategic execution KPIs form the basis for each named executive officer's annual cash incentives and are tracked and measured during the course of the year with the year-end results reported to the Committee for determining year-end annual cash bonus awards.

Use of Independent Advisor

The Committee retains compensation consultants to assist it in assessing the competitiveness of the named executive officers' compensation. In fiscal 2017, the Committee retained Pearl Meyer & Partners, LLC ("Pearl Meyer"). Pursuant to the factors set forth in Item 407 of Regulation S-K of the Exchange Act, the Committee has reviewed the independence of Pearl Meyer and conducted a conflicts of interest assessment (taking into consideration factors specified in the NYSE listing standards) and has concluded that Pearl Meyer is independent and their work for the Committee has not raised any conflicts of interest. No other fees were paid to Pearl Meyer except fees related to their services to the Committee.

Use of a Peer Group

The Company does not target or position named executive officer pay levels at a specific percentile level relative to a peer group. Rather, the Company reviews total direct compensation and the mix of the compensation components relative to the peer group as one of the factors in determining if compensation is adequate to attract and retain executive officers with the unique set of skills necessary to manage and motivate our global human capital management firm.

Because a number of the Company's peer organizations are privately-held, precise information regarding executive officer compensation practices among the Company's competitor group is difficult to obtain. In addition, even when such data is available, meaningful differences in size, complexity and organizational structure among the Company's peer group make direct comparisons of compensation practices challenging and require exercise of judgment. In assessing the competitiveness of the Company's named executive officer compensation, the Committee relies on information obtained from the proxy statements of publicly-traded competitors, information derived from data obtained from other public sources with respect to competitor organizations, and the general knowledge of the Committee and its compensation consultant with regard to the market for senior management positions.

During fiscal 2017, the Committee continued to use the following companies as a peer group:

CBIZ, Inc.	Navigant Consulting, Inc.
FTI Consulting, Inc.	Resources Connection, Inc.
Heidrick & Struggles International, Inc.	Robert Half International Inc.

Huron Consulting Group Inc.	The Corporate Executive Board Company*
ICF International, Inc.	The Dun & Bradstreet Corporation
Insperty, Inc.	Willis Towers Watson
Kelly Services, Inc.	TrueBlue, Inc.
Kforce Inc.	

*The Corporate Executive Board Company was part of the peer group at the beginning of fiscal 2017 when compensation decisions were made but has since been removed due to its acquisition in April 2017.

This peer group was primarily selected based upon criteria such as business lines, operating model, customer base, revenue, market capitalization and entities with which the Company competes for stockholder investment. The Committee reviews the peer group on an annual basis. Revenue and market capitalization data for this peer group (excluding The Corporate Executive Board Company) and the Company are as follows:

	Market capitalization (as of July 13, 2017)	Revenues*
Fiscal 2017 Peer Group Median	\$967,222,000	\$1,511,703,000
Korn Ferry**	\$1,960,000,000	\$1,621,669,000

Peer company total revenues computed for 12 months ending as of the applicable company's most recent annual report (as of July 13, 2017). When factoring in the Company, the Company represents the median in terms of total revenues.

***As of the Company's fiscal year ended April 30, 2017.*

While the Committee does not target a particular position relative to its peer group in determining the salary, annual cash incentive and long-term incentive levels for each named executive officer, the Committee does consider the range of salary, annual cash incentive and long-term incentive levels that the peer group provides to similarly situated executives and intends that the levels provided to each named executive officer fall within that range. The salary, annual cash incentive and long-term incentive levels for fiscal 2017 generally fell within this range and are generally intended to be within the 25th to 75th percentile of the range.

ELEMENTS OF COMPENSATION & COMPENSATION DECISIONS AND ACTIONS

Base Salary

Base salary is intended to compensate named executive officers for services rendered during the fiscal year and to provide sufficient fixed cash income for retention and recruiting purposes. Named executive officer base salary levels are reviewed on an annual basis by the Committee. In addition to competitive data from the peer group, data is also obtained from other sources with respect to non-public competitor organizations. The Committee also incorporates its perspective and the market knowledge of its compensation consultant related to senior management positions in assessing base salary levels. Further, the Committee takes into consideration individual performance of each named executive officer and, with respect to the named executive officers other than the Chief Executive Officer, input from the Chief Executive Officer. There were no changes to the base salaries of Messrs. Burnison, Rozek, and Mulrooney. Mr. Kaye and Mr. Arian were employed by the Company for only a portion of fiscal year 2017 and neither participated in the Company's annual cash incentive program or received annual grants under its equity program; rather each received off-cycle compensation in connection with their commencement of employment with the Company. Thus, Mr. Kaye and Mr. Arian's fiscal year 2017 compensation is addressed separately on page 38.

Annual Cash Incentives

Annual cash incentives are intended to motivate and reward named executive officers for achieving financial and strategy execution goals over a one-year period. The Committee determines annual cash incentive amounts based upon a number of factors including financial goals, strategy execution objectives, competitive data, and individual performance, as described in more detail below. While the Committee does primarily base annual cash incentive awards on performance against these objectives for the year, it retains discretion in determining actual bonus payouts. Annual cash incentives are typically paid in cash, but the Committee has discretion to pay a portion of the annual cash incentive in equity or other long-term incentives.

Governance Insights: PAY ALIGNMENT AND RETENTION

Q & A WITH JERRY LEAMON, CHAIR OF THE COMPENSATION AND PERSONNEL COMMITTEE

Question: How do the elements of your compensation program align the interests of executives with those of stockholders?

A majority of executive pay is tied to Company performance metrics. First, our annual incentive plan serves to motivate and reward executives for achieving financial and strategy execution goals over a one-year period. Executives only earn a payout under this program when the Company achieves its goals at a minimum threshold level. Performance below such level would result in no payout with respect to the applicable performance metric but performance above such level results in increased payouts (up to a maximum cap) on a sliding scale correlating with performance results. Our long-term incentive program rewards executives for achievement of longer-term financial goals, including total stockholder return. These short- and long-term compensation elements drive executives to achieve superior performance while simultaneously balancing short- and long-term objectives.

Question: How does the Company's compensation program ensure retention of top-tier talent?

We provide executives with competitive total pay packages as compared to compensation provided by our peers. In addition to providing competitive base salaries and target annual- and long-term incentive opportunities, we provide all employees with fulsome health and welfare benefits as well as retirement benefits through participation in a defined contribution plan. In particular, our performance-based long-term incentives serve to retain top-tiered talent due to their multiple year vesting schedules, which requires continued employment in order to realize a benefit while simultaneously encouraging the achievement of superior performance.

Our Metrics: Measuring Performance

The Committee, using the Company's strategic plan, SEF and AOP as a basis, sets performance metrics and associated targets for our named executive officers. These performance metrics typically are separated into two categories: financial metrics and strategy execution KPIs.

For fiscal year 2017, the Committee selected the following financial performance metrics:

Financial Metric

Adjusted Fee Revenue

Fee revenue as reported in the Company's Annual Report on Form 10-K filed on June 28, 2017 ("Form 10-K") excluding the deferred Revenue write-off related to the Hay Group acquisition and adjusted to eliminate the effect of currency fluctuations by translating fiscal 2017 actual results at a currency rate comparable to the rate used in the Company's Annual Operating Plan for 2017.

Adjusted Diluted EPS

Diluted earnings per share as reported in the Company's Form 10-K excluding the deferred Revenue write-off related to the Hay Group acquisition adjusted to exclude the effect of restructuring charges, management separation charges, integration/acquisition costs and the write-off of debt issuance costs (on an after tax basis) and to eliminate the effect of currency fluctuations by translating fiscal 2017 actual results at a currency rate comparable to the rate used in the Company's Annual Operating Plan for 2017.

Adjusted EBITDA Margin

GAAP net income plus interest, tax, depreciation and amortization expense excluding the deferred Revenue write-off related to the Hay Group acquisition and adjusted to exclude the effects of any restructuring charges, management separation charges, integration/acquisition costs and adjusted to eliminate the effect of currency fluctuations by translating fiscal 2017 actual results at a currency rate comparable to the rate used in the Company's Annual Operating Plan for 2017 divided by Adjusted Fee Revenue.

Adjusted Return on Invested Capital

GAAP net income excluding the deferred Revenue write-off related to the Hay Group acquisition and adjusted to exclude the effects of restructuring charges, management separation charges, integration/acquisition costs and the write-off of debt issuance costs (on an after tax basis) and adjusted to eliminate the effect of currency fluctuations by translating fiscal 2017 actual results at a currency rate comparable to the rate used in the Company's Annual Operating Plan for 2017, divided by average stockholders' equity plus average outstanding debt.

Back to Contents

Strategy execution KPIs constitute the other group of performance metrics. Grounded in the Company's Strategic Plan, SEF and AOP, the inclusion and use of these KPIs are designed with the intent of aligning compensation with the achievement of the Company's strategic long-term goals, namely efforts to expand its service offerings. While these KPIs are strategic in nature, each KPI does have identified metrics and measurements assigned to it; some of which tie back to specific financial metrics.

Strategy Execution KPIs	Purpose	How the Target Was Established
Marquee Account Development (measured by Fee Revenue from clients designated as Marquee Accounts divided by total Fee Revenue)*	Linked to the Company's integrated solutions drive "go-to market" strategy of building deeper, multi-service line relationships with clients.	Target set based upon targeted revenues from an agreed-upon list of clients.
Top Rated Performers Retention (based upon the percentage of highly rated executive search senior client partners and Hay Group senior partners/ managing directors which are retained throughout the fiscal year)	Linked to the Company's strategic goal of being a premier career destination.	Target set by Committee derived from the SEF and AOP.

*Excluding the deferred Revenue write-off related to the Hay Group acquisition and adjusted to eliminate the effect of *currency fluctuations by translating fiscal 2017 actual results at a currency rate comparable to the rate used in the Company's Annual Operating Plan for 2017.*

The Board, Committee and Company believe they have set targets with appropriate rigor. The fiscal year 2017 targets represent an increase from fiscal 2016 target goals and are equal to or greater than actual performance for fiscal year 2016, with the exception of Adjusted ROIC and Marquee Account Development. For Adjusted EBITDA Margin, the fiscal year 2017 target was equal to fiscal year 2016 actual results to account for a full year (as compared to only five months) of consolidated earnings with the Hay Group given its lower margins. For Adjusted ROIC, the fiscal year 2017 metric was set based on our annual operating plan which contemplated faster growth in capital base than in net income for fiscal year 2017, due in part to a higher average debt balance related to the acquisition of Hay Group. It is important to note that fiscal year 2017 target adjusted net income (\$122.3 million) and target total average invested capital (\$1,291.2 million) were set above fiscal year 2016 actual levels (\$113.3 million and \$1,001.3 million, respectively). It is only when expressed as a percentage that the fiscal year 2017 target appears lower than the fiscal year 2016 actual result. With respect to the KPI for Marquee Account Development, the Hay Group acquisition brought with it increased product revenues which tend to be associated with many smaller, unique clients that are outside of our largest accounts which comprise the Marquee Account Development KPI. This had the effect of disproportionately increasing the denominator in the calculation of the KPI. The Committee, however, ensured that there was rigor in this KPI by increasing the target numerator. The actual Marquee Account revenue was \$264.5 million in fiscal year 2016 and the target Marquee Account revenue in the numerator in the fiscal year 2017 target KPI was \$365.1 million, reflecting growth of 38%. The table below discusses target and actual results for fiscal year 2016 and fiscal year 2017.

Determinations and Results:

After the end of the fiscal year the Committee evaluated each named executive officer's achievements against the financial and strategy execution targets. Notwithstanding the structure outlined above, while the Committee primarily bases its determination of annual cash incentives on the metrics discussed herein, the Committee retains discretion in determining actual annual cash incentive awards.

For fiscal year 2017, the weightings and results for our named executive officers were as follows:

** Target not disclosed due to potential competitive harm, but the Committee believes that achievement of the target goal was challenging and would have required substantial performance.

In keeping with our efforts to reflect stockholder feedback, the table above incorporates detailed disclosure with either actual results or relative results to target. For competitive advantage and confidentiality reasons, we do not disclose the target and actual results for our top-rated performance retention strategy execution KPI. However, when the goal was established, the strategy execution KPI was considered challenging to achieve given the continuing uncertain economic environment.

For each of Mr. Burnison and Mr. Rozek, the target bonus is equal to 100% of his base salary and the maximum bonus is equal to 200% of his base salary. Mr. Mulrooney had a target of \$1,150,000 for his annual cash and long-term incentives, in the aggregate, which represents an increase from last year in his target incentive (cash and equity) opportunity given that his prior opportunity placed him below the median of the peer group and for retention purposes given his performance and the increased performance of the Futurestep business.

For Messrs. Burnison and Rozek, the Committee awarded annual cash incentive amounts as follows: Mr. Burnison-\$1,267,630 and Mr. Rozek-\$800,975 (which amounts represent 140% of their respective target bonuses for the year). This amount reflects their performance against the financial metrics and strategy execution KPI targets established at the beginning of the fiscal year.

The Committee reviewed performance against the financial performance goals and strategy execution objectives described above in determining a total dollar value for Mr. Mulrooney's combined annual cash incentive and long-term equity awards. A portion of this value was provided to Mr. Mulrooney in fiscal year 2017 as an annual cash incentive

(\$750,000).

Mr. Kaye and Mr. Arian's fiscal year 2017 compensation is addressed separately on page 38.

Long-Term Equity Incentives

Long-term equity incentives are intended to align the named executive officers' interests with those of stockholders and encourage the achievement of the long-term goals of the Company. Long-term incentives are also designed to motivate and help retain top talent. To accomplish these objectives the Committee has discretion to make grants of options, time-based restricted stock, restricted stock units and/or performance-based awards, as well as contributions to the Company's non-qualified deferred compensation plans (described below) that vest over time.

The Committee determines long-term incentive award amounts based upon a number of factors including competitive data, total overall compensation provided to each named executive officer, Company performance during the fiscal year preceding the year of grant, and historic grants. The various factors are not given specific weights; the Committee retains discretion to consider items as it deems appropriate.

In fiscal year 2017, our Chief Executive Officer received annual equity grants comprised of 40% time-based restricted stock units and 60% performance restricted stock units (discussed in further detail below). The Committee has determined that the grant date value of his award falls within the range of long-term incentives provided by the peer group companies and that this was an appropriate level of equity grant and equity mix to properly align the interests of our Chief Executive Officer with the Company's long-term goals, taking into account his individual performance and market compensation levels. In fiscal 2017 our Chief Financial Officer received annual equity grants comprised of 40% time-based restricted stock units and 60% performance restricted stock units (discussed in further detail below).

As described above, Mr. Mulrooney had an aggregate target of \$1,150,000 for his target annual cash and long-term incentives. When determining the allocation between cash and long-term equity incentives with respect to Mr. Mulrooney, the Committee

[Back to Contents](#)

primarily reviewed historical pay practices, internal equity and what it considered to be an appropriate balance between short-term and long-term pay elements. For retention purposes, however, the Committee granted Mr. Mulrooney equity awards with a grant value larger than compared to prior years but with a longer vesting period, as described in further detail below.

Below we discuss equity grants made during fiscal year 2017, the payout of the performance awards granted in fiscal 2015 for which the three-year performance period ended in fiscal year 2017, and the equity grants made during fiscal year 2018. Mr. Kaye and Mr. Arian's fiscal year 2017 compensation is addressed separately on page 38.

Fiscal Year 2017 Equity Awards

In fiscal year 2017, 60% (based on the number of units/shares granted at target) of the annual equity awards granted to the named executive officers were comprised of performance-based awards tied to three-year relative TSR ("Relative TSR Units"). As in previous years (excluding fiscal year 2014), the named executive officers received a portion of their equity awards in the form of time-based restricted stock awards.

Performance-Based Equity: Relative TSR Units

Mr. Burnison was awarded Relative TSR Units with a target amount of 67,610 units, a maximum amount of 135,220 units, and a minimum amount of zero. These Relative TSR Units have a three-year performance period after which the number of units that vest will depend upon the Company's TSR over the three-year performance period relative to the fiscal 2017 peer group of companies listed above. If the Company's TSR is less than zero, the payouts will be modified to reduce the payout as a percentage of the target.

Relative TSR Units were also granted to Mr. Rozek, with a target amount of 32,390 units (maximum of 64,780 units and minimum of zero); and Mr. Mulrooney with a target amount of 56,340 units (maximum of 112,680 units and minimum of zero).

The table below outlines the potential vesting of the percentages of the Relative TSR Units granted in fiscal year 2017 resulting from the Company's TSR over the three-year performance period relative to the TSR of the fiscal year 2017 peer group.

Time-Based Restricted Stock

Messrs. Burnison and Rozek received a time-based restricted stock award that vests in four equal annual installments beginning on July 8, 2017. Mr. Burnison received 45,070 shares and Mr. Rozek received 21,600 shares.

Mr. Mulrooney also received a time-based restricted stock award but the value was larger than in prior years in light of peer group practices and for retention purposes. Consistent with its retentive purposes, Mr. Mulrooney's time-based award of 37,560 shares vests in five equal annual installments beginning on July 8, 2017 instead of the normal four year vesting period.

Relative TSR Units for the Three-Year Performance Cycle Ending April 30, 2017

April 30, 2017 marked the end of the three-year performance cycle for the performance-based restricted stock units granted to Messrs. Burnison, Rozek and Mulrooney in fiscal year 2015 (and discussed in further detail in the Company's proxy statement for fiscal year 2015). The Company's relative total stockholder return over the three-year performance period resulted in the Company ranking 11 out of a 16 company peer group (including the Company, and provided that The Corporate Executive Board Company was acquired in 2017 and was not factored into the calculation for fiscal year 2017). This 11th place ranking translates into 55% of the award (i.e. 15,530, 5,270 and 4,440 shares, respectively) vesting.

Synergy RSU Awards

On December 23, 2015, the Company adopted a synergy incentive program intended to reward participants, including certain of the NEOs, for capturing annualized cost reductions in connection with the Company's acquisition of the Hay Group and delivering on TSR. The awards to the participating NEOs were in the form of performance-based restricted stock units (the "Synergy RSUs") that are eligible to vest based on achievement of cost reduction goals tested over a performance period, with an interim measurement period, and continued employment through December 1, 2018. The number of Synergy RSUs earned for the performance period and the interim measurement period was subject to adjustment based on the Company's TSR in relation to the Company's 2016 peer group over the applicable period in order to align management's cost reduction actions with long-term stockholder value creation.

The performance period began on September 30, 2015, the last day of the month during which the acquisition was announced, and it ended on April 30, 2017. The interim measurement period began on September 30, 2015 and ended on September 30, 2016. The number of Synergy RSUs earned was tested separately for the performance period and the interim measurement period, but the number of shares earned for the performance period would be reduced by any amount earned for the interim measurement period.

The cost reductions were the annualized ongoing cost savings relating to the acquisition that were achieved during the performance period or interim measurement period, as applicable, including cost savings from restructuring programs, optimization of benefit programs, consolidation of facilities, elimination of redundant marketing and professional expenses, reduced general and administrative expenses from conforming policies and consolidating administrative functions, and consolidation of information technology systems and data centers. In the event expenses associated with the cost saving actions in the performance period or interim measurement period, in the aggregate, exceeded the amount of the annualized ongoing cost savings resulting from the actions in the applicable period, then the cost reductions for the applicable period would have been reduced by such excess. No such adjustments were made.

Mr. Burnison's target number of Synergy RSUs was 60,078 and Mr. Rozek's target number of Synergy RSUs was 30,039. The target number of shares would have been earned if cost reductions for the performance period or the interim measurement period equaled \$25 million and relative TSR performance was 50th percentile for the performance period or the interim measurement period, as applicable. The threshold for earning any shares was cost reductions of at least \$20 million, which would have resulted in from 40% to 60% of target shares being earned, depending on the Company's relative TSR performance ranking. The maximum amount of cost reductions taken into account was \$60 million, which would have resulted in a number of shares being earned equal to target plus from 1.67 to 3 times target, depending on the Company's relative TSR performance ranking. Based on any applicable cost reductions and relative TSR performance, 267% of target shares were earned, resulting in 160,408 shares for Mr. Burnison and 80,204 shares for Mr. Rozek. The shares are subject to a continued time-based vesting requirement of continued employment through December 1, 2018.

As discussed below on page 38, Mr. Kaye also received a grant of Synergy RSUs. Mr. Mulrooney did not receive a grant of Synergy RSUs because he does not have responsibilities related to the business of the Hay Group.

Fiscal Year 2018 Long-Term Incentive Equity Awards

At the beginning of fiscal year 2018 and as will be described in more detail in the proxy statement for fiscal year 2018, the Company granted regular cycle long-term incentive grants in the form of time-based restricted stock and Relative TSR Units to the named executive officers. Similar to the regular cycle long-term incentive awards granted in fiscal year 2017, including with respect to structure, the Company granted 40% in time-based restricted stock and 60% in Relative TSR Units (based on the number of units/shares granted). For the fiscal year 2018 regular cycle grants, each of the NEOs received the following:

NEO*	Time-Based Restricted Stock	Value of Time-Based Restricted Stock (Based Upon Grant Date Closing Stock Price)	Relative TSR Units Target	Value of Relative TSR Units Target (Based Upon Grant Date Closing Stock Price)
Gary D. Burnison	35,030	\$ 1,200,000	52,540	\$ 1,800,000
Robert P. Rozek	16,990	\$ 582,000	25,450	\$ 872,000
Byrne Mulrooney	11,680	\$ 400,000	17,020	\$ 583,000
Mark Arian**	—	—	—	—

* Mr. Kaye separated from the Company effective April 28, 2017.

**In light of his equity grants in April 2017, Mr. Arian did not receive equity grants as a part of the regular grant cycle in July 2017.

Fiscal 2017 Compensation for Mr. Kaye and Mr. Arian

Mr. Kaye and Mr. Arian were employed by the Company for only a portion of fiscal year 2017. Mr. Kaye separated from the Company effective April 28, 2017 and Mr. Arian commenced employment with the Company in April 2017.

Base Salary

On September 25, 2015, the Company entered into an employment letter with Mr. Kaye and on March 17, 2017, the Company entered into an employment letter with Mr. Arian. In connection with the negotiation of these agreements, the annual base salaries for each of Mr. Kaye and Mr. Arian were set at \$450,000. Given his recent commencement of employment, Mr. Kaye's base salary was not increased in fiscal 2017.

Cash Incentives and Bonuses

Mr. Kaye had a target of \$850,000 for his annual cash and long-term incentives, in the aggregate; provided that, for the first twelve months of his employment only, Mr. Kaye was guaranteed a minimum cash payment equal to \$750,000. In light of the Company's performance in fiscal 2016 (as discussed in the Company's proxy statement for fiscal year 2016) and Mr. Kaye's guaranteed bonus amount, Mr. Kaye received a pro-rata payment of the \$750,000 for fiscal year 2016 (\$312,500) and the remaining \$437,500 was paid in fiscal 2017. Mr. Kaye was no longer employed by the Company when determinations were made with respect to annual cash incentive payout amounts for fiscal year 2017 and thus no additional amounts were paid to him in respect of annual incentives for fiscal 2017.

In connection with his hire in fiscal 2016 and the integration of the Hay Group with and into the Company, Mr. Kaye was granted a potential cash award of \$1,000,000 (the "Retention Bonus"), the payment of which was accelerated in connection with his separation from employment as required by his employment letter agreement and Synergy RSU award agreement and as described in further detail below. Mr. Kaye's separation-related payments are discussed below under the section entitled "Potential Payments Upon Termination or Change of Control."

Mr. Arian has a target of \$1,000,000 for his annual cash and long-term incentives, in the aggregate; provided that, Mr. Arian is guaranteed a minimum annual incentive award of \$950,000 for fiscal year 2018 (the "2018 Minimum Incentive"). Because Mr. Arian did not join the Company until the end of fiscal year 2017, he did not receive any annual cash incentive award. Mr. Arian's one-time guaranteed annual incentive award for 2018 was provided in order to attract him to the Company and he does not have any guaranteed annual incentive award beyond 2018.

Long-Term Equity Incentives

Mr. Kaye had an aggregate target of \$850,000 for his target annual cash and long-term incentives, however, in light of the sign-on grants received during fiscal year 2016 (described in the Company's proxy statement for fiscal year 2016), Mr. Kaye did not participate in the ordinary annual grant cycle.

In fiscal 2016, Mr. Kaye also received a grant of Synergy RSUs subject to the same terms and conditions as the Synergy RSUs granted to Messrs. Burnison and Rozek, as described above on page 37. In connection with his termination of employment, he was entitled to prorated vesting of the award in accordance with its terms. Mr. Kaye's separation-related payments, including with respect to the treatment of his sign-on equity awards and Synergy RSUs, are discussed below under the section entitled "Potential Payments Upon Termination or Change of Control."

Mr. Arian did not commence employment until the fourth quarter of fiscal year 2017 and thus did not participate in the Company's ordinary annual grant cycle. He did, however, receive a sign-on grant during fiscal year 2017 (and did not participate in the ordinary annual grant cycle in fiscal 2018). In connection with the negotiation of his offer letter during fiscal year 2017, Mr. Arian received a time-based restricted stock unit award (the "Sign On Equity Award") of 13,200 shares that vests in five equal annual installments beginning on April 3, 2018.

OTHER COMPENSATION ELEMENTS

Benefits and Perquisites

The Company provides named executive officers the same benefits that are provided to all employees, including medical, dental and vision benefits, group term life insurance and participation in the Company's 401(k) plan. In addition, the named executive officers receive the same benefits provided to all employees at the level of vice president and above, including an automobile allowance and participation in the Company's nonqualified deferred compensation plan (described below).

Nonqualified Deferred Compensation Plan

The Company maintains a nonqualified deferred compensation plan, known as the Korn/Ferry International Executive Capital Accumulation Plan ("ECAP"). Pursuant to the ECAP, the named executive officers, along with all other U.S.-based vice presidents, may defer up to 80% of their salary and/or up to 100% of their annual cash incentive award into the ECAP. Participants in the ECAP make elections on how they would like their deemed account "invested" from a set line up of 15 pre-determined mutual funds. At its discretion, the Company may make contributions to the

ECAP on behalf of a participant. All Company matching

2017 Proxy Statement **38**

and performance contributions to the ECAP are approved by the Committee. During fiscal year 2017, no Company contributions were made to the ECAP on behalf of the named executive officers. Participants in the ECAP may elect to receive distributions (in lump sum) while employed by the Company (and after such amounts have become vested) or upon termination of their employment with the Company.

Long-Term Performance Unit Plan

In fiscal year 2017, the Committee approved the Korn/Ferry International Long Term Performance Unit Plan (the “LTPU Plan”). The Company’s named executive officers are eligible to participate in the LTPU Plan; currently Mr. Mulrooney and Mr. Arian are the only named executive officers that participate. The purpose of the LTPU Plan is to promote the success of the Company by providing a select group of management and highly compensated employees with nonqualified supplemental retirement benefits as an additional means to attract, motivate and retain such employees. Pursuant to the LTPU Plan, the Committee may grant cash-based unit awards (the “Unit Awards”). Unless a participant dies or becomes disabled, or makes an election in accordance with the LTPU Plan, each vested Unit Award will pay out an annual benefit of \$25,000 (subject to a potential performance adjustment) for each of five years commencing on the seventh anniversary of the grant date. Subject to the terms of the LTPU Plan, participants may elect to have their annual benefits start on a later date and/or pay out in a lower annual amount over a greater number of years. The Unit Awards granted to Messrs. Mulrooney and Arian vest upon the following circumstances: (i) the fourth anniversary of the grant date, subject to continued service as of such date; (ii) the later of the grantee’s 65th birthday and the second anniversary of the grant date, subject to continued services as of each such date; (iii) death or disability, or (iv) a change of control event (as defined in the LTPU Plan).

Employment Agreements

Each of the Company’s named executive officers is covered by an employment contract or letter agreement that provides for a minimum annual level of salary, target incentives, eligibility for long-term incentives and benefit eligibility. The agreements also provide for a severance benefit in the event of a termination of employment without “cause” or for “good reason,” as such terms are defined in the agreements. It is the Committee’s belief that such agreements are necessary from a competitive perspective and also contribute to the stability of the management team.

Please refer to the sections entitled “Employment Agreements” and “Potential Payments Upon Termination or Change of Control” below for further discussion of these agreements.

OTHER POLICIES

Stock Ownership Guidelines

The Company's amended and restated stock ownership guidelines provide that all named executive officers are required to own three times their annual base salary in Company common stock. In addition, such guidelines require non-employee directors to hold three times their annual cash retainer in Company common stock. Stock ownership includes direct stock ownership but does not include unvested stock awards. Pursuant to the stock ownership guidelines, the stock ownership level will be calculated annually on the day of the Company's annual meeting of stockholders based on the prior thirty-day average closing stock price as reported by the NYSE. Until the stock ownership level is met, each executive officer and non-employee director must retain at least 75% of the net shares received upon vesting of restricted stock awards and 50% of the net shares received upon exercise of stock options. When an executive officer's stock ownership requirement increases as a result of an increase in the officer's annual salary, the officer will become subject to such higher stock ownership level over a five-year proportional phase-in period.

Clawback Policy

Pursuant to the Company's clawback policy, in the event that the Board determines there has been an accounting restatement due to material noncompliance with any financial reporting requirement under the securities laws, the Board will review all applicable incentive payments and if such payments would have been lower had they been calculated based on such restated results, the Board may, to the extent permitted by governing law, seek to recoup for the benefit of the Company such payments to and/or equity awards held by executive officers or the principal accounting officer who are found personally responsible for the material restatement, as determined by the Board.

[Back to Contents](#)

Policies Prohibiting Hedging, Speculative Trading and Pledging

The Company has adopted policies prohibiting officers, directors and employees from engaging in speculative transactions (such as puts, calls, short sales) or in any type of hedging transaction (such as zero cost collars and forward sale contracts) in Company securities. Further, directors and officers are expressly prohibited from margining Company securities or pledging Company securities as collateral for a loan.

Internal Revenue Code Section 162(m)

As one of the factors in the review of compensation matters, the Committee considers the anticipated tax treatment to the Company. The deductibility of some types of compensation for named executive officers (other than the chief financial officer) depends upon the timing of a named executive officer's vesting or exercise of previously granted rights or on whether such plans qualify as "performance-based" plans under the provisions of the tax laws. The Committee usually seeks to satisfy the requirements necessary to allow the compensation of its named executive officers to be deductible under Section 162(m) of the Internal Revenue Code, but may also approve compensation that is not deductible under Section 162(m). For example, for fiscal 2017 no annual bonuses would have been paid, and no equity awards would have been granted in fiscal year 2017, to any of the named executive officers if the Company had not achieved at least 7% ROIC or \$1.50 of adjusted diluted EPS.

COMPENSATION AND PERSONNEL COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Personnel Committee has reviewed and discussed the Compensation Discussion and Analysis (the "CD&A") for the fiscal year ended April 30, 2017 with management. In reliance on the reviews and discussions with management relating to the CD&A, the Compensation and Personnel Committee has recommended to the Board, and the Board has approved, that the CD&A be included in this Proxy Statement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2017, at all times, all members of the Compensation and Personnel Committee were “independent”; none were employees or former employees of the Company and none had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. Represents the aggregate grant date fair value of awards granted during the fiscal year, calculated in accordance with Accounting Standards Codification, 718, Compensation-Stock Compensation. Certain assumptions used to calculate the valuation of the awards are set forth in Note 4 to the notes to consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended April 30, 2017. For the 2017 grants, the value of the maximum number of shares that could be earned as Relative TSR Units granted to each named executive officer is as follows: Mr. Burnison, \$1,655,093, Mr. Rozek, \$792,907 and Mr. Mulrooney, \$1,379,203. For the Relative TSR Units, the grant date fair value is measured using a Monte Carlo simulation valuation model. The simulation (1) model applies a risk-free interest rate and an expected volatility assumption. The risk-free rate is assumed to equal the yield on a three-year Treasury bond on the grant date. Volatility is based on historical volatility for the 36-month period preceding the grant date. For Mr. Burnison, Mr. Rozek and Mr. Mulrooney, the assumed per-share value of Relative TSR Units for the July 8, 2016 annual grant was \$12.24, for the July 8, 2015 annual grant was \$39.35 and for the July 25, 2014 annual grant was \$33.85. During fiscal 2017, both Mr. Kaye's time-based restricted stock award and Synergy RSUs granted in fiscal 2016 were accelerated in connection with his termination of employment. The net incremental cost of \$117,512 associated with the modifications is included above.

The values in the table represent, for each applicable fiscal year, the aggregate change in the actuarial present value of Mr. Burnison's accumulated benefit under the Enhanced Wealth Accumulation Plan (the "EWAP") from the pension plan measurement date used for financial statement reporting purposes with respect to the Company's audited financial statements for the prior completed fiscal year to the pension plan measurement date used for financial reporting purposes with respect to the Company's audited financial statements for the covered fiscal year. As discussed under "Fiscal 2017 Pension Benefits," participants in the EWAP elected to participate in a "deferral unit" that required the participant to contribute a portion of their compensation for an eight year period, or in some cases, make an after tax contribution, in return for defined benefit payments from the Company over a fifteen year period generally at retirement age of 65 or later. Mr. Burnison is the only named executive officer that participates in the EWAP. To date, Mr. Burnison has contributed \$55,200 to the EWAP. In June 2003, the Company amended the EWAP plan, so as not to allow new participants or the purchase of additional deferral units by existing participants.*

EMPLOYMENT AGREEMENTS

Certain elements of compensation set forth in the “Summary Compensation Table” and “Grants of Plan-Based Awards Table” reflect the terms of employment or letter agreements entered into between the Company and each of the named executive officers that were in effect as of April 30, 2017.

Gary D. Burnison. We entered into an amended and restated employment agreement with Mr. Burnison dated July 25, 2014 (the “Burnison Employment Agreement”) pursuant to which Mr. Burnison serves as Chief Executive Officer. In addition, Mr. Mulrooney is eligible to participate in employee benefit plans, arrangements and programs maintained from time to time by the Company for the benefit of senior executives.

Mark Arian. We entered into a letter agreement with Mark Arian dated March 17, 2017 (the “Arian Letter Agreement”) pursuant to which he serves as the Chief Executive Officer of the Hay Group. FISCAL YEAR 2017 PENSION BENEFITS

The following table sets forth the pension benefits of the named executive officers as of April 30, 2017.

Name	Plan Name	Number of Years Credited Service or Number of Units Earned (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
Gary D. Burnison	Executive Wealth Accumulation Plan (“EWAP”)	13	300,625	—

[Back to Contents](#)**Enhanced Wealth Accumulation Plan**

The EWAP was established in fiscal 1994. Certain vice presidents elected to participate in a “deferral unit” that required the participant to contribute a portion of their compensation for an eight year period, or in some cases, make an after-tax contribution, in return for defined benefit payments from the Company over a fifteen year period generally at retirement age of 65 or later. Participants were able to acquire additional “deferral units” every five years.

In June 2003, the Company amended the EWAP so as not to allow new participants or the purchase of additional deferral units by existing participants. The assumptions used to calculate the present value of the accumulated benefit under the EWAP are set forth in Note 6 to the notes to consolidated financial statements in our Annual Report on Form 10-K for the year ended April 30, 2017.

FISCAL YEAR 2017 NONQUALIFIED DEFERRED COMPENSATION

The nonqualified deferred compensation plan earnings and withdrawals of the named executive officers as of April 30, 2017 are set forth in the table below.

Name	Executive Contributions in Last FY	Registrant Contributions in Last FY	Aggregate Earnings/loss in Last FY	Aggregate Withdrawals/ Distributions	Aggregate Balance at Last FYE
	(\$)	(\$)	(\$)	(\$)	(\$)
Gary D. Burnison	—	—	622	—	993,296 ⁽¹⁾
Robert P. Rozek	—	—	—	—	—
Byrne Mulrooney	—	875,000	—	—	875,000 ⁽²⁾
Mark Arian	—	1,000,000	—	—	1,000,000 ⁽²⁾

The “Aggregate Balance at Last FYE” is comprised of contributions made by both Mr. Burnison and the Company of which \$209,000 was reported as contributions in Summary Compensation Tables in prior-year proxy statements (1) beginning with the fiscal 2007 proxy statement. The information in this footnote is provided to clarify the extent to which amounts payable as deferred compensation represent compensation reported in our prior proxy statements, rather than additional currently earned compensation.

(2) On July 8, 2016, the Company established the Long Term Performance Unit Plan (“LTPU Plan”) in order to promote the success of the Company by providing a select group of management and highly compensated employees with nonqualified supplemental retirement benefits as an additional means to attract, motivate and retain such employees. A unit award has a base value of \$50,000 for the purpose of determining the payment that would be made upon early termination for a partially vested unit award. The units vest 25% on each anniversary date with the unit becoming fully vested on the fourth anniversary of the grant date, subject to the participant’s continued service as of each anniversary date. Each vested unit award will pay out an annual benefit of \$25,000 for each of five years commencing on the seventh anniversary of the grant date. Mr. Mulrooney and Mr. Arian

received 7 units and 8 units, respectively, and the value shown in the table represents the maximum benefit pursuant to such units. The value of such units will be reported in the Summary Compensation Table in future years upon the vesting thereof.

Please see the “Other Compensation Elements” section on pages 38 and 39 for further discussion of the Company’s nonqualified deferred compensation plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The tables below reflect the amount of compensation that would become payable to each of the named executive officers (other than Mr. Kaye) under existing plans and arrangements if that named executive officer’s employment had terminated on April 30, 2017 (pursuant to his employment agreement then in effect), given the named executive officer’s compensation and service levels as of such date and, if applicable, based on the Company’s closing stock price on that date. The information presented below with respect to Mr. Kaye, however, reflects actual amounts received in connection with his termination of employment in April of 2017. These benefits are in addition to benefits available prior to the occurrence of any termination of employment, including benefits generally available to salaried employees, such as distributions under the Company’s 401(k) plan and EWAP, and previously accrued and vested benefits under the Company’s nonqualified deferred compensation plan, as described in the tables above. In addition, in connection with any actual termination of employment, the Company may determine to enter into an agreement or to establish an arrangement providing additional benefits or amounts, or altering the terms of benefits described below, as the Committee determines appropriate. The actual amounts that would be paid

upon a named executive officer's termination of employment can be determined only at the time of such named executive officer's separation from the Company. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event, the Company's stock price and the named executive officer's age. References to "performance shares" mean any outstanding Relative TSR Units or Synergy RSUs.

Gary D. Burnison. Under the Burnison Employment Agreement, if Mr. Burnison's employment terminated due to death or disability, then he, or his legal representatives, would receive: (1) all accrued compensation as of the date of termination; (2) full vesting of all outstanding stock options, other equity-type incentives (excluding performance shares) and benefits under the ECAP; (3) a pro rata portion of his target annual cash incentive award for the fiscal year in which his employment terminated; (4) the number of performance shares that would have been earned if he had served the Company for the entire performance period and the target performance had been achieved (provided, however, that with respect to Mr. Burnison's Synergy RSUs, he would receive the number of shares actually earned in the performance period and interim measurement period based on Company performance over the entire performance period and interim measurement period); and (5) reimbursement of COBRA coverage premiums for Mr. Burnison and his dependents for as long as such coverage was available under COBRA.

If we terminated Mr. Burnison's employment for cause or he voluntarily terminated his employment without good reason, then we would pay him accrued compensation through the date of termination.

Under the Burnison Employment Agreement, prior to a change in control or more than 12 months after a change in control, if Mr. Burnison's employment was terminated by us without cause or by Mr. Burnison for good reason, then we would provide him with the following: (1) his accrued compensation; (2) a pro rata portion of his annual cash incentive award, based on actual Company performance, for the year in which his employment terminated; (3) cash payments equal to one and one-half times his then current annual base salary and one and one-half times his target bonus; (4) for up to 18 months after termination, reimbursement of COBRA coverage premiums for him and his dependents for as long as such coverage was available under COBRA; (5) vesting on the date of termination of all outstanding stock options, other equity-type incentives, and all benefits held under the ECAP (excluding performance shares) that would have vested within 12 months of his termination; and (6) for performance shares, a pro rata award of performance shares based on actual performance and the number of days Mr. Burnison was employed during the performance period (and the subsequent time-based vesting period, in the case of the Synergy RSUs) plus an additional year (provided this number of days does not exceed the number of days in the performance period).

The Burnison Employment Agreement provides that if there was a change of control and within 12 months Mr. Burnison's employment was terminated by us without cause or by Mr. Burnison for good reason, then we would provide him with the following: (1) his accrued compensation; (2) a pro rata portion of his target annual cash incentive award; (3) cash payments equal to the sum of two times his current annual base salary and two times his target bonus; (4) for up to 18 months after termination, reimbursement of COBRA coverage premiums for him and his dependents for so long as such coverage is available under COBRA and for six months thereafter, reimbursement of a portion of the cost of healthcare coverage for him and his dependents; (5) vesting on the date of termination of all outstanding stock options, other equity-type incentives, and all benefits under the ECAP (excluding performance shares); (6) a pro

rata award of performance shares (other than Synergy RSUs) based on the greater of the Company's actual performance and target performance and the number of days in the performance period prior to the change in control; (7) a pro rata award of performance shares (other than Synergy RSUs) based on target performance and the number of days remaining in the performance period after a change in control; and (8) for Synergy RSUs, a pro rata award based on actual performance and the number of days Mr. Burnison was employed during the performance period and subsequent time-based vesting period plus an additional year (provided the number of days does not exceed the number of days in the performance period).

For the calculations above, if performance shares would vest based on actual Company performance, to the extent the applicable vesting period was still ongoing as of the end of fiscal 2017, it was assumed that the Company achieved target performance. With respect to Mr. Burnison's grants of performance shares for which the (1) measurement period ended on April 30, 2017 (and vested on July 25, 2017), actual results were used in the calculations. With respect to Mr. Burnison's grant of performance shares for which the measurement period ended on April 30, 2017, the measurement period was assumed to have concluded prior to his termination for purposes of the table.

Where Mr. Burnison or his dependents are entitled to COBRA for as long as COBRA is available, we have (2) assumed entitlement to 36 months of COBRA as that is the maximum length of time for which such benefits may be available.

Robert P. Rozek. Under the Rozek Employment Agreement, if Mr. Rozek's employment terminates due to death or disability, then he, or his legal representatives, would receive: (1) all accrued compensation as of the date of termination; (2) full vesting of all outstanding stock options, other equity-type incentives (excluding performance shares and benefits under the ECAP, if any); (3) a pro rata portion of his target annual cash incentive award for the fiscal year in which his employment is terminated; (4) the number of performance shares that would have been earned if he had served the Company for the entire performance period and the target performance had been achieved (provided, however, that with respect to Mr. Rozek's Synergy RSUs, he would receive the number of shares actually earned in the performance period and interim measurement period based on Company performance over the entire performance period and interim measurement period); and (5) reimbursement of COBRA coverage premiums for him and his dependents for as long as such coverage is available under COBRA.

If we terminate Mr. Rozek's employment for cause or he voluntarily terminates his employment without good reason, then we will pay him accrued compensation through the date of termination.

In the event that Mr. Rozek's employment is terminated by the Company without cause or by Mr. Rozek for good reason prior to a change in control or more than 12 months after a change in control occurs, the Company will pay Mr. Rozek the following severance payments: (1) his accrued compensation; (2) a pro-rata portion of his annual cash incentive award, based on actual Company performance, for the year in which his employment terminated; (3) a cash payment equal to one time his then current annual base salary to be paid over 12 months; (4) reimbursement of COBRA coverage premiums for Mr. Rozek and his covered dependents for up to 18 months; (5) all outstanding equity incentive awards (other than any performance shares) held by Mr. Rozek and benefits under the Company's ECAP (if any) at the time of termination that would have vested in the 12 months following the date of termination will become fully vested as of the date of termination; and (6) a pro rata award of performance shares based on actual performance and the number of days Mr. Rozek was employed during the performance period (and the subsequent time-based vesting period, in the case of the Synergy RSUs) plus an additional year (provided this number of days does not exceed the number of days in the performance period).

In the event that Mr. Rozek's employment is terminated by the Company without cause or by Mr. Rozek for good reason within 12 months following a change in control, the Company will pay Mr. Rozek the following severance payments: (1) his accrued compensation; (2) a pro-rata portion of his target annual cash incentive award; (3) a cash payment equal to the sum of one time his current annual base salary and one time his target bonus to be paid over 12 months; (4) reimbursement of COBRA coverage premiums for Mr. Rozek and his covered dependents for up to 18 months, plus an additional 6 months of health plan premium reimbursement; (5) all outstanding stock options and other equity type incentives held by Mr. Rozek and benefits under the ECAP (if any) at the time of termination, except for performance shares, will become fully vested as of the date of termination; (6) a pro-rata number of performance shares (other than Synergy RSUs) and/or a payout under any long-term performance-based cash incentive program based on actual performance and the number of days in the performance period prior to the change in control; (7) a pro-rata number of performance shares (other than Synergy RSUs) and/or a payout under any long-term performance-based cash incentive program based on target performance and the number of days remaining in the performance period after the change in control; and (8) for Synergy RSUs, a pro rata award based on actual performance and the number of days Mr. Rozek was employed during the performance period and subsequent time-based vesting period plus an additional year (provided the number of days does not exceed the number of days in the performance period).

In the event Mr. Rozek's employment is terminated by the Company without cause upon the expiration of any one-year term of the Rozek Employment Agreement, the Company will pay Mr. Rozek his accrued compensation and, subject to Mr. Rozek's provision of transition services to the Company for a period of three months (during which time Mr. Rozek would be entitled to continued pay at his then current annual base salary rate and participation in the Company's welfare benefit plans, but no additional bonus or equity compensation), (1) a cash payment equal to one time his then current annual base salary to be paid in equal monthly installments over 12 months, (2) reimbursement of COBRA coverage premiums for Mr. Rozek and his covered dependents for up to 18 months following termination, (3) the equity awards initially granted to Mr. Rozek in connection with his employment agreement will become fully vested (assuming the target performance), (4) all outstanding equity incentive awards (the equity awards initially granted to Mr. Rozek in connection with his employment agreement and any other performance shares) held by Mr. Rozek and benefits under the ECAP (if any) at the time of termination that would have vested in the 12 months following the date of termination will become fully vested as of the date of termination, and (5) a pro rata award of performance shares based on actual performance and the number of days Mr. Rozek was employed during the performance period plus an additional year (provided this number of days does not exceed the number of days in the performance period).

The severance benefits described above are conditioned on Mr. Rozek's execution and delivery of a general release and compliance with covenants relating to confidentiality, non-solicitation and non-competition.

Byrne Mulrooney. Under the Mulrooney Letter Agreement, in the event that Mr. Mulrooney's employment is terminated by the Company for any reason other than cause or due to Mr. Mulrooney's death or disability or by Mr. Mulrooney for good reason, and such termination occurs prior to or more than 12 months following the occurrence of a change in control, the Company will pay Mr. Mulrooney the following severance payments subject to his execution and delivery of a general release and compliance with the restrictive covenants set forth in the agreement: (1) his accrued compensation; (2) a pro-rata portion of his annual cash incentive award, based on actual company performance, for the year in which his employment terminated; (3) a cash payment equal to one time his then current annual base salary to be paid in equal monthly installments over 12 months; (4) reimbursement of COBRA coverage premiums for Mr. Mulrooney and his covered dependents for up to 18 months following termination; (5) all outstanding equity incentive awards (other than any performance shares) held by Mr. Mulrooney and benefits under the Company's ECAP (if any) at the time of termination that would have vested in the 12 months following the date of termination will become fully vested as of the date of termination; and (6) a pro rata award of performance shares based on actual performance and the number of days Mr. Mulrooney was employed during the performance period plus an additional year (provided this number of days does not exceed the number of days in the performance period).

In the event that Mr. Mulrooney's employment is terminated by the Company for any reason other than cause or due to Mr. Mulrooney's death or disability or by Mr. Mulrooney for good reason and such termination occurs within 12 months following the occurrence of a change in control, then Mr. Mulrooney will be entitled to receive the same severance benefits as described above (subject to the execution and delivery of a general release and compliance with the restrictive covenants in the agreement) except that the cash payment described in (3) above will equal one time Mr. Mulrooney's then current annual base salary plus his then current target annual incentive award and Mr. Mulrooney will be entitled to full vesting of his outstanding equity awards and benefits under the ECAP (if any); provided, however, that with respect to performance shares, such vesting will be based on actual performance through the date of the change in control.

In addition, pursuant to the terms of the LTPU Plan and Mr. Mulrooney's LTPU award, his unvested LTPU award would become vested upon the occurrence of his death or disability or in the event of a change in control and payout of the award, which generally commences in the calendar year including the seventh anniversary of the grant date and occurs in equal annual installments over five years thereafter (unless elected otherwise), would commence on the 60th day following a termination due to death or during the year of disability. Each unit awarded under the LTPU Plan has a total value of \$125,000. Mr. Mulrooney was

awarded seven units under the LTPU Plan and thus the total value of his vested award is \$875,000. If Mr. Mulrooney terminates employment prior to his death or disability and not for cause, he is entitled to a lump sum payment based on the years of service completed since the grant date to the extent that the termination occurs at least 13 months following the grant date. Because Mr. Mulrooney's LTPU award was made on July 8, 2016, however, he would have forfeited the award in the event of such a termination occurring on the last day of fiscal year 2017.

The vesting of Mr. Mulrooney's LTPU award would accelerate on a change of control or a termination due to death or disability and payout of the award, which generally commences in the calendar year including the seventh anniversary of the grant date and occurs in equal annual installments over five years thereafter (unless elected (2) otherwise) would commence on the 60th day following a termination due to death or on the one-year anniversary of a termination due to disability but would still occur in equal annual installments in accordance with the terms of the LTPU plan.

Mark Arian. Under the Arian Letter Agreement, in the event that Mr. Arian's employment is terminated by the Company for any reason other than cause (and not due to Mr. Arian's death or disability) or by Mr. Arian for good reason, and such termination occurs prior to or more than 12 months following the occurrence of a change in control, Mr. Arian will become entitled to the following payments and benefits subject to his execution and delivery of a general release and compliance with the restrictive covenants set forth in the agreement: (1) his accrued compensation; (2) a pro-rata portion of his annual cash incentive award, based on actual company performance, for the year in which

his employment terminated; (3) a cash payment equal to one time his then current annual base salary to be paid in equal monthly installments over 12 months; (4) any portion of the 2018 Minimum Incentive that has not already been paid as of the date of termination; (5) reimbursement of COBRA coverage premiums for Mr. Arian and his covered dependents for up to 18 months following termination; (6) full vesting of the Sign On Equity Award to the extent then outstanding and unvested; (7) all outstanding equity incentive awards (other than the Sign On Equity Award and any performance shares) held by Mr. Arian and benefits under the Company's ECAP (if any) at the time of termination that would have vested in the 12 months following the date of termination will become fully vested as of the date of termination; (8) outstanding LTPU awards will be treated in accordance with the LTPU Plan (as described in more detail below); and (9) a pro rata award of performance shares and/or long-term performance-based cash incentives based on actual performance and the number of days Mr. Arian was employed during the performance period plus an additional year (provided this number of days does not exceed the number of days in the performance period).

In addition, in the event that Mr. Arian's employment is terminated by the Company for any reason other than cause (and not due to death or disability) or by Mr. Arian for good reason and such termination occurs within 12 months following the occurrence of a change in control, then Mr. Arian will be entitled to receive the same severance benefits as described in (3) through (9) above (subject to the execution and delivery of a general release and compliance with the restrictive covenants in the agreement) except that the cash payment described in (3) above will equal one time Mr. Arian's then current annual base salary plus his then current target annual incentive award and Mr. Arian will be entitled to full vesting of his outstanding equity awards and benefits under the ECAP (if any); provided, however, that with respect to performance shares, such vesting will be based on actual performance through the date of the change in control.

Pursuant to the terms of the LTPU Plan and Mr. Arian's LTPU award, his unvested LTPU award would become vested upon the occurrence of his death or disability or in the event of a change in control and payout of the award, which generally commences in the calendar year including the seventh anniversary of the grant date and occurs in equal annual installments over five years thereafter (unless elected otherwise), would commence on the 60th day following a termination due to death or during the year of disability. Each unit awarded under the LTPU Plan has a total value of \$125,000. Mr. Arian was awarded eight units under the LTPU Plan and thus the total value of his vested award is \$1,000,000. If Mr. Arian terminates employment prior to his death or disability and not for cause, he is entitled to a lump sum payment based on the years of service completed since the grant date to the extent that the termination occurs at least 13 months following the grant date. Because Mr. Arian's LTPU award was made in April 2017, however, he would have forfeited the award in the event of such a termination occurring on the last day of fiscal year 2017.

For purposes of the foregoing employment agreements (as in effect on April 30, 2017), "cause," "change in control," "and "good reason," generally mean the following:

• **"Cause" for purposes of Messrs. Burnison, Rozek, Mulrooney and Arian means:**

— conviction of any felony or other crime involving fraud, dishonesty or acts of moral turpitude or pleading guilty or nolo contendere to such charges; or

— reckless or intentional behavior or conduct that causes or is reasonably likely to cause the Company material harm or injury or exposes or is reasonably likely to expose the Company to any material civil, criminal or administrative liability; or

— any material misrepresentation or false statement made by the executive in any application for employment, employment history, resume or other document submitted to the Company, either before, during or after employment; or

— for Messrs. Mulrooney and Arian, material violation of the Company's material written policies or procedures; or

— for Mr. Arian, certain representations under the agreement are untrue.

•**“Change in Control” means:**

an acquisition by any person of beneficial ownership or a pecuniary interest in more than 30% (50% for Mr. Burnison) of the common stock of the Company or voting securities entitled to then vote generally in the election of directors (“Voting Stock”) of the Company, after giving effect to any new issue in the case of an acquisition from the Company;

the consummation of a merger, consolidation, or reorganization of the Company or of a sale or other disposition of all or substantially all of the Company’s consolidated assets as an entirety (collectively, a “Business Combination”), other than a Business Combination (a) in which all or substantially all of the holders of Voting Stock of the Company hold or receive directly or indirectly 70% (50% for Mr. Burnison and for Messrs. Mulrooney and Arian, more than 50%) or more of the Voting Stock of the entity resulting from the Business Combination (or a parent company), and (b) after which no person (other than certain excluded persons) owns more than 30% (50% for Mr. Burnison) of the Voting Stock of the resulting entity (or a parent company) who did not own directly or indirectly at least that percentage of the Voting Stock of the Company immediately before the Business Combination, and (c) after which one or more excluded persons own an aggregate amount of Voting Stock of the resulting entity at least equal to the aggregate number of shares of Voting Stock owned by any persons who (i) own more than 5% of the Voting Stock of the resulting entity, (ii) are not excluded persons, (iii) did not own directly or indirectly at least the same percentage of the Voting Stock of the Company immediately before the Business Combination, and (iv) in the aggregate own more than 30% (50% for Mr. Burnison) of the Voting Stock of the resulting entity;

approval by the Board of the Company and (if required by law) by stockholders of the Company of a plan to consummate (or, for Mr. Burnison, consummation of) the dissolution or complete liquidation of the Company; or

during any period of two consecutive years, individuals who at the beginning of such period constituted the Board and any new directors whose appointment, election, or nomination for election was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors at the beginning of the period or whose appointment, election or nomination for election was previously so approved (all such directors, “Incumbent Directors”), cease for any reason to constitute a majority of the Board. Notwithstanding the above provisions, no “Change in Control” shall be deemed to have occurred if a Business Combination, as described above, is effected and a majority of the Incumbent Directors, through the adoption of a Board resolution, determine that, in substance, no Change in Control has occurred.

•**“Good Reason” for purposes of Mr. Burnison means, if without Mr. Burnison’s prior written consent:**

the Company materially reduces Mr. Burnison’s duties or responsibilities as Chief Executive Officer or assigns him duties which are materially inconsistent with his duties or which materially impair his ability to function as Chief Executive Officer;

the Company reduces Mr. Burnison’s base salary or target annual incentive award under the Company’s annual cash incentive bonus plan (in each case, other than as part of an across-the-board reduction applicable to all executive officers of the Company);

Directors who are also employees or officers do not receive any additional compensation for their service on the Board. The non-employee director compensation program provides for an annual equity award of restricted stock units with a value of approximately \$120,000 to be awarded on the date of each annual meeting of stockholders. The number of units subject to such award is determined by dividing \$120,000 by the closing price of the Company's common stock on the date of such annual meeting of stockholders (rounded to the nearest ten units). Non-employee directors are permitted to defer settlement of their restricted stock units; during fiscal year 2017, Messrs. Shaheen, Floyd and Beneby elected to defer their restricted stock units. The restricted stock unit awards vest on the day before the following annual meeting of stockholders. Additionally, non-employee directors receive each year \$65,000 (updated to \$75,000 effective for fiscal year 2018) either in cash or in restricted stock units, at their election, on the date of each annual meeting of stockholders. In addition, each member of the Audit Committee receives \$5,000 in cash annually, the Audit Committee Chair receives \$15,000 (\$20,000 effective for fiscal year 2018) in cash annually, the Compensation and Personnel Committee Chair receives \$15,000 (\$20,000 effective for fiscal year 2018) in cash annually, and the Nominating and Corporate Governance Committee Chair receives \$10,000 in cash annually. The Chair of the Board receives \$120,000 in cash annually. All directors are reimbursed for their out-of-pocket expenses incurred in connection with their duties as directors.

The Company's stock ownership guidelines for directors require each non-employee director to own three times their annual cash retainer in Company stock.

Proposal No. 4

RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has approved the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2018. Ernst & Young LLP has served as the Company's independent registered public accounting firm since March 2002. Ernst & Young LLP has unrestricted access to the Audit Committee to discuss audit findings and other financial matters. Neither the Company's Restated Certificate of Incorporation nor its Bylaws requires that the stockholders ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm. However, we are requesting ratification because we believe it is a matter of good corporate practice.

If the Company's stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP, but may, nonetheless, retain Ernst & Young LLP as the Company's independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in their discretion may change the appointment at any time if they determine that such change would be in the best interests of the Company and its stockholders. Representatives of Ernst & Young LLP will attend the Annual Meeting to answer appropriate questions and may also make a statement if they so desire.

REQUIRED VOTE

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm requires the affirmative vote of a majority of those shares present, either in person or by proxy, and entitled to vote at the Annual Meeting.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends that you vote "FOR" the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2018.

(2) Represents fees for tax compliance, planning and advice. These services included tax return compliance and advice.

Fees paid to Ernst & Young LLP in FY 16 were higher than in FY 17 primarily due to additional services performed by Ernst & Young LLP in FY 16 related to the Hay Group acquisition.

RECOMMENDATION TO APPOINT ERNST & YOUNG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

As with previous years, the Audit Committee undertook a review of Ernst & Young LLP in determining whether to select Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2018 and to recommend ratification of its selection to the Company's stockholders. In that review, the Audit Committee utilized a tailored external auditor assessment questionnaire and considered a number of factors including:

- continued independence of Ernst & Young LLP,
- length of time Ernst & Young LLP has been engaged by the Company,
- Senior Management's assessment of Ernst & Young LLP's performance,
- audit and non-audit fees,
- capacity to appropriately staff the audit,
- geographic and subject matter coverage,
- lead Audit Engagement Partner performance,
- overall performance,
- qualifications and quality control procedures, and
- whether retaining Ernst & Young LLP is in the best interests of the Company.

Based upon this review, the Audit Committee believes that Ernst & Young LLP is independent and that it is in the best interests of the Company and our stockholders to retain Ernst & Young LLP to serve as our independent registered public accounting firm for fiscal year 2018.

In accordance with the Sarbanes-Oxley Act and the related SEC rules, the Audit Committee limits the number of consecutive years an individual partner may serve as the lead audit engagement partner to the Company. The maximum number of consecutive years of service in that capacity is five years. The current lead audit engagement partner is in his 2nd year in that role.

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm. Further, the Audit Committee is afforded the funding and resources it determines appropriate for compensating the independent registered public accounting firm and any advisers it may employ. As part of this responsibility, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to help assure that they do not impair the registered public accounting firm's independence from the Company. Services provided by the independent registered public accounting firm must be approved by the Audit Committee on a case by case basis, unless such services fall within a detailed list of services as documented in the Company's pre-approval policy whereby the Audit Committee has provided pre-approval for specific types of audit, audit-related and tax compliance services within certain fee limitations. The Audit Committee believes the combination of these two approaches results in an effective and efficient procedure to manage the approval of services performed by the independent registered public accounting firm. The Audit Committee will also consider whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Company's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. All such factors will be considered as a whole, and no one factor is determinative.

All requests or applications for Ernst & Young LLP services are submitted to the Senior Vice President Finance and Corporate Controller and include a detailed description of services to be rendered. The detailed descriptions are then reviewed against a list of approved services and are provided to the Audit Committee for review and approval. All requests or applications for Ernst & Young LLP services receive approval from the Senior Vice President Finance and Corporate Controller, prior to the Audit Committee's review and approval.

GOVERNANCE INSIGHTS: OVERSIGHT OF ADOPTION OF NEW REVENUE RECOGNITION STANDARD

Q & A WITH DEBRA PERRY, CHAIR OF THE AUDIT COMMITTEE

Question: What role is the Audit Committee playing in Company's implementation of the new revenue recognition standard?

The Audit Committee is playing an active role in overseeing the Company's implementation of the new revenue recognition standard. Under the oversight of the Audit Committee, Company management has developed a project

plan that includes working sessions to review, evaluate and document the arrangements with customers under its various reporting units to identify potential differences that would result from applying the requirements of the new standard. The Audit Committee meets regularly with management to discuss the outcome of such working sessions and the Company's progress toward implementing the new standard.

The Audit Committee is also very much focused on how the new standard will affect the Company's businesses, processes and financial reporting and how the Company's accounting processes and controls will be affected or will need to be changed. Company management is in the process of developing an updated accounting policy (which has been discussed with the Audit Committee). The Company is utilizing a bottoms-up approach by reviewing its current contracts with customers by various revenue streams, evaluating new disclosure requirements and identifying and implementing appropriate changes to business processes, systems and controls to support revenue recognition and disclosure under the new standard. The Company is still evaluating the impact of ASU No. 2014-09 on its financial statements. Based upon its evaluation to date, capitalization of costs associated with obtaining contracts will have an impact upon adoption of the new standard. The Company expects to finalize the evaluation in upcoming quarters and will provide updates on its progress in future filings.

As part of the oversight process, the Audit Committee met nine times during fiscal 2017.  - reviewed new accounting standards applicable to the Company with the Company's Chief Financial Officer, internal audit department and Ernst & Young LLP;
 - consulted with management and Ernst & Young LLP with respect to the Company's processes for risk assessment and risk mitigation;

- reviewed and discussed with management its assessment and report on the effectiveness of the Company's internal control over financial reporting as of April 30, 2017, which it made based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 Framework).

The Audit Committee has reviewed and discussed with the Company's independent registered public accounting firm its review and report on the Company's internal control over financial reporting as of April 30, 2017. Proposal No. 5

APPROVAL OF AMENDMENTS TO RESTATED CERTIFICATE OF INCORPORATION TO REMOVE SUPERMAJORITY VOTING STANDARDS

After careful consideration and upon the recommendation of the Company's Nominating and Corporate Governance Committee, the Board voted to approve, and to recommend to our stockholders that they approve, amendments to our Restated Certificate of Incorporation (the "Certificate") to remove supermajority voting standards required for our common stock currently in our Certificate and replace them with majority voting standards, as described below. These amendments are set forth in Proposal No. 5(a) and Proposal No. 5(b) below (together, the "Proposed Certificate Amendments"). The vote required to approve each of the Proposed Certificate Amendments is discussed below. Approval of either of these Proposals is not conditioned upon approval of the other Proposal.

Our Certificate currently contains the following supermajority voting provisions:

Future Amendments to the Bylaws. The Certificate states that a supermajority vote is necessary for stockholders to amend the Bylaws. Proposal No. 5(a) proposes to amend the Certificate so that future stockholder-approved amendments to the Bylaws require approval of only a majority of the voting power of the then outstanding shares of voting stock.

Action by Written Consent. The Certificate states that a supermajority vote is necessary for stockholders to amend the section of the Certificate that limits when stockholders can act by written consent. Proposal No. 5(b) proposes to amend the Certificate so that amendments to the written consent provision in the Certificate require approval of only a majority of the voting power of the then outstanding shares of voting stock.

REASONS FOR THE PROPOSED CERTIFICATE AMENDMENTS

As a part of our ongoing review of our corporate governance and based on stockholder input, the Board determined that it is in the best interests of the Company and our stockholders to replace supermajority voting standards required for our common stock in our Certificate, as described above, with majority voting standards.

The Board recognizes that supermajority voting standards are intended to protect against self-interested action by large stockholders by requiring broad stockholder support for certain types of governance changes or corporate actions. The Board also recognizes that many investors and others have begun to view supermajority voting provisions as conflicting with principles of good corporate governance. For example, some stockholders and commentators argue that supermajority voting standards should be eliminated due to a perception that they could limit a board's accountability to stockholders or stockholder participation in a company's corporate governance by allowing the holders of a minority of shares to block action deemed desirable by the holders of a majority of the shares.

After considering the advantages and disadvantages of maintaining supermajority voting standards in our Certificate, and upon the recommendation of the Nominating and Corporate Governance Committee, the Board adopted resolutions setting forth the Proposed Certificate Amendments to remove these supermajority voting standards from our Certificate, declared these Proposed Certificate Amendments advisable, and resolved to submit them to the Company's stockholders for consideration. It is important to note that if the Proposed Certificate amendments are approved, they will make it easier for one or more stockholders to effect other corporate governance changes in the future.

PROPOSAL No. 5(a): REMOVE SUPERMAJORITY VOTING STANDARD FOR FUTURE AMENDMENTS TO THE BYLAWS APPROVED BY OUR STOCKHOLDERS

Description of Amendment. Currently, Article VI of the Certificate states that in order for stockholders to adopt, alter, amend or repeal any provision of the Bylaws, such action must be approved by the affirmative vote of at least two-thirds of the voting power of the Company's capital stock entitled to vote thereon.

[Back to Contents](#)

Proposal No. 5(a) requests that stockholders approve an amendment to the supermajority voting standard in Article VI of the Certificate that replaces the reference to “66 and 2/3 percent” with “the majority” and clarifies that the majority voting standard is based on the number of shares then outstanding. As a result, Proposal No. 5(a) proposes to amend the Certificate so that future amendments to the Bylaws can be approved by a majority of the voting power of the then outstanding shares of voting stock.

In addition, the Board has approved a conforming amendment to Article V, Section 7 of the Bylaws, which currently provides that in order for stockholders to alter, amend or repeal the Bylaws, such action must be approved by the affirmative vote of at least two-thirds of the voting power of the Company’s outstanding shares. This amendment to the Bylaws approved by the Board would replace the two-thirds voting standard with the same majority vote standard proposed for Article VI of the Certificate, and will become effective if stockholders approve the Proposed Certificate Amendment set forth in Proposal No. 5(a) following the effectiveness of that amendment.

Vote Required to Approve. Under Delaware law, the affirmative vote of the holders of 66 and 2/3 percent of the voting power of the common stock entitled to vote thereon is required to approve Proposal No. 5(a).

PROPOSAL No. 5(b): REMOVE SUPERMAJORITY VOTING STANDARD TO AMEND ACTION BY WRITTEN CONSENT RIGHT

Description of Amendment. Currently, Article XIV of the Certificate states that stockholder action by written consent can only be taken if the action to be effected by written consent of the stockholders and the taking of such action by such written consent have expressly been approved in advance by the Board of Directors. The last sentence in Article XIV further states that any proposal to amend, repeal or adopt any provision inconsistent with Article XIV requires the affirmative vote of at least 66 and 2/3 percent in voting power of the then outstanding voting stock of the Company. Proposal No. 5(b) requests that stockholders approve an amendment to delete the last sentence under Article XIV. As a result, as set forth in Delaware law, amendments to the written consent provision in Article XIV of the Certificate would require approval of a majority of the voting power of the then outstanding shares of voting stock.

Vote Required to Approve. Under Delaware law, the affirmative vote of at least 66 and 2/3 percent in voting power of the then outstanding voting stock, voting together as a single class, is required to approve Proposal 5(b).

ADDITIONAL INFORMATION

The full text of the Proposed Certificate Amendments, in each case marked to show the proposed deletions and insertions, is set forth in [Appendix A](#) to this Proxy Statement. The general description of provisions of our Certificate and the Proposed Certificate Amendments set forth herein are qualified in their entirety by reference to the text of

Appendix A.

If any Proposed Certificate Amendment is approved by our stockholders, such amendment will become effective upon the filing of a certificate of amendment with respect to such amendment with the Secretary of State of the State of Delaware, which is expected to occur prior to our 2018 Annual Meeting of Stockholders. If any Proposed Certificate Amendment does not receive the required level of stockholder approval, it will not be implemented and the Company's current voting standards relating to such Proposed Certificate Amendment will remain in place.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends that you vote your shares "FOR" the approval of each proposed Certificate amendment to remove supermajority voting standards.

There are three ways to vote by proxy:

- (1) By Telephone—You can vote by telephone by calling **1-800-690-6903** and following the instructions on the Notice or proxy card;
- (2) By Internet—You can vote over the Internet at *www.proxyvote.com* by following the instructions on the Notice or proxy card; or
- (3) By Mail—If you received your proxy materials by mail, you can vote by mail by completing, signing, dating and mailing the enclosed proxy card.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted.

If you vote by proxy, the individuals named on the proxy card (your “proxies”) will vote your shares in the manner you indicate. You may specify whether your shares should be voted for or against all, some or none of the nominees for director and whether your shares should be voted for or against each of the other proposals. If you submit a proxy without indicating your instructions, your shares will be voted as follows:

CAN I REVOKE MY PROXY AFTER I HAVE SUBMITTED IT?

Yes, once you have submitted your proxy, you have the right to revoke your proxy at any time before it is voted by:

- (1) Sending a written revocation to the Corporate Secretary;
- (2) Submitting a later dated proxy; or
- (3) Attending the Annual Meeting and voting in person.

WHO WILL COUNT THE VOTES?

Representatives of Broadridge will count the votes and act as the inspector of election at the Annual Meeting.

WHY DID I RECEIVE A NOTICE IN THE MAIL REGARDING THE INTERNET AVAILABILITY OF PROXY MATERIAL INSTEAD OF A FULL SET OF PRINTED PROXY MATERIALS?

Pursuant to rules adopted by the SEC we are making this Proxy Statement available to our stockholders electronically via the Internet. On or about August 18, 2017, we will mail the Notice of Internet Availability of Proxy Materials (the “Notice”) to stockholders of our common stock at the close of business on the Record Date, other than those stockholders who previously requested electronic or paper delivery of communications from us. The Notice contains instructions on how to access an electronic copy of our proxy materials, including this Proxy Statement and our 2017 Annual Report. The Notice also contains instructions on how to request a paper copy of the Proxy Statement. We believe that this process will allow us to provide you with the information you need in a timely manner, while conserving natural resources and lowering the costs of the Annual Meeting.

CAN I VOTE MY SHARES BY FILLING OUT AND RETURNING THE NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS?

No. The Notice only identifies the items to be voted on at the Annual Meeting. You cannot vote by marking the Notice and returning it. The Notice provides instructions on how to cast your vote.

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS OR MORE THAN ONE SET OF PRINTED PROXY MATERIALS?

If you hold your shares in more than one account, you may receive a separate Notice of Internet Availability of Proxy Materials or a separate set of printed proxy materials, including a separate proxy card or voting instruction card, for each account. To ensure that all of your shares are voted, please vote by telephone or by Internet or sign, date, and return a proxy card or voting card for each account.

WHAT IF I OWN SHARES THROUGH THE COMPANY’S 401(K) PLAN?

If you own shares that are held in our 401(k) plan, the trustees of the 401(k) plan will vote those shares.

WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A “STOCKHOLDER OF RECORD” AND AS A “BENEFICIAL OWNER”?

You are a “beneficial owner” if your shares are held in a brokerage account, including an Individual Retirement Account, by a bank or other nominee. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares. However, because you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting. Your broker, bank or other nominee has provided you with voting instructions.

You are a “stockholder of record” if your shares are registered directly in your name with the Company’s transfer agent.

WHAT IF A BENEFICIAL OWNER DOES NOT PROVIDE THE STOCKHOLDER OF RECORD WITH VOTING INSTRUCTIONS FOR A PARTICULAR PROPOSAL?

If you are a beneficial owner and you do not provide the stockholder of record with voting instructions for a particular proposal, your shares may constitute “broker non-votes” with respect to that proposal. “Broker non-votes” are shares held by a broker, bank or other nominee with respect to which the holder of record does not have discretionary power to vote on a particular proposal and with respect to which instructions were never received from the beneficial owner. Shares that constitute broker non-votes with respect to a particular proposal will not be considered present and entitled to vote on that proposal at the Annual Meeting even though the same shares will be considered present for purposes of establishing a quorum and may be entitled to vote on other proposals. However, in certain circumstances, such as the appointment of the independent registered public accounting firm, the broker, bank or other nominee has discretionary authority and therefore is permitted to vote your shares even if the broker, bank or other nominee does not receive voting instructions from you. Election of directors, the advisory vote to approve the Company’s executive compensation, the advisory vote on the frequency of future advisory votes to approve the Company’s executive compensation, and the amendments to the Company’s Restated Certificate of Incorporation are not considered “routine” matters and as a result, your broker,

bank or other nominee will not have discretion to vote on these matters at the Annual Meeting unless you provide applicable instructions to do so. Therefore, we strongly encourage you to follow the voting instructions on the materials you receive.

WHAT IS THE REQUIREMENT TO CONDUCT BUSINESS AT THE ANNUAL MEETING?

In order to conduct business at the Annual Meeting, a “quorum” must be established. A “quorum” is a majority in voting power of the outstanding shares of common stock. A quorum must be present in person or represented by proxy at the Annual Meeting for business to be conducted. As discussed below, abstentions and broker non-votes will be counted for purposes of determining the presence of a quorum.

HOW ARE VOTES COUNTED?

Shares of common stock that reflect abstentions are treated as present and entitled to vote for the purposes of establishing a quorum. Abstentions will have no effect on director elections, but will have the effect of a vote against all other proposals. Shares of common stock that reflect broker non-votes are treated as present and entitled to vote for the purposes of establishing a quorum. However, for the purposes of determining the outcome of any matter as to which the broker or nominee has indicated on the proxy that it does not have discretionary authority to vote, those shares will be treated as not present and not entitled to vote with respect to that matter, even though those shares are considered present and entitled to vote for the purposes of establishing a quorum and may be entitled to vote on other matters.

WHAT IS THE VOTING REQUIREMENT TO APPROVE EACH PROPOSAL?

For Proposal No. 1, in uncontested elections, directors are elected by a majority of the votes cast, meaning that each nominee must receive a greater number of shares voted “for” such nominee than the shares voted “against” such nominee. If an incumbent director does not receive a greater number of shares voted “for” such director than shares voted “against” such director, then such director must tender his or her resignation to the Board. In that situation, the Company’s Nominating and Corporate Governance Committee would make a recommendation to the Board about whether to accept or reject the resignation, or whether to take other action. Within 90 days from the date the election results were certified, the Board would act on the Nominating and Corporate Governance Committee’s recommendation and publicly disclose its decision and rationale behind it. In a contested election—a circumstance we do not anticipate—director nominees are elected by a plurality vote. Abstentions and broker non-votes will not affect the outcome of the election of directors.

For Proposals No. 2 and 4 to be approved, the proposal must receive the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote on the proposal, whereas in the case of Proposal No. 3, the frequency that receives the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote on the proposal will constitute the advisory recommendation of the Company’s stockholders. In determining the outcome of Proposals No. 2, 3 and 4, abstentions have the effect of a negative vote, but broker non-votes will not affect the outcome.

For Proposal No. 5(a), to amend the Certificate to remove the supermajority voting standard for future amendments to the Bylaws approved by our stockholders, to be approved, under Delaware law the proposal must receive the affirmative vote of the holders of 66 and 2/3 percent of the voting power of the common stock entitled to vote thereon. Abstentions and broker non-votes will have the effect of a negative vote against Proposal No. 5(a).

For Proposal No. 5(b), to amend the Certificate to remove the supermajority voting standard to amend action by written consent right, to be approved, under Delaware law the proposal must receive the affirmative vote of at least 66 and 2/3 percent in voting power of the then outstanding voting stock, voting together as a single class. Abstentions

and broker non-votes will have the effect of a negative vote against Proposal No. 5(b).

WHAT HAPPENS IF ADDITIONAL MATTERS (OTHER THAN THE PROPOSALS DESCRIBED IN THIS PROXY STATEMENT) ARE PRESENTED AT THE ANNUAL MEETING?

The Board is not aware of any additional matters to be presented for a vote at the Annual Meeting; however, if any additional matters are properly presented at the Annual Meeting, your proxy gives Gary D. Burnison and Robert P. Rozek authority to vote on those matters in their discretion.

WHO WILL BEAR THE COST OF THE PROXY SOLICITATION?
