

HELIX ENERGY SOLUTIONS GROUP INC

Form 8-K

September 04, 2007

Item 7.01 Regulation FD Disclosure.

On August 28, 2007, Helix Energy Solutions Group, Inc. (“Helix”) issued a press release announcing that Helix will be making a presentation at the Lehman Brothers CEO Energy Conference in New York, New York on September 5, 2007. A copy of the press release is attached hereto as Exhibit 99.1 and incorporated by reference herein. The presentation materials to be delivered at the conference are attached hereto as Exhibit 99.2 and incorporated by reference herein. The presentation materials will also be posted in the Investor Relations section of Helix’s website, www.helixesg.com.

This information is not deemed to be “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (“Exchange Act”), or otherwise subject to the liabilities of that section, and such information is not incorporated by reference into any registration statements or other document filed under the Securities Act of 1933, as amended (“Securities Act”), or the Exchange Act, regardless of the general incorporation language contained in such filing, except as shall be expressly set forth by specific reference to this filing.

Forward-Looking Statements and Assumptions

This Report on Form 8-K contains certain statements that are, or may be deemed to be, “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). All statements, other than statements of historical facts, included herein or incorporated herein by reference are forward-looking statements. Included among forward-looking statements are, among other things:

- statements related to the volatility in commodity prices for oil and gas and in the supply of and demand for oil and gas or the ability to replace oil and gas reserves;
- statements regarding our anticipated production volumes, results of exploration, exploitation, development, acquisition or operations expenditures and current or prospective reserve levels with respect to any property or well;
- statements regarding any financing transactions or arrangements, or ability to enter into such transactions;
- statements relating to the construction or acquisition of vessels or equipment and our proposed acquisition of any producing property or well prospect, including statements concerning the engagement of any engineering, procurement and construction contractor and any anticipated costs related thereto;
- statements that our proposed vessels, when completed, will have certain characteristics or the effectiveness of such characteristics;
- statements regarding projections of revenues, gross margin, expenses, earnings or losses or other financial items;
- statements regarding our business strategy, our business plans or any other plans, forecasts or objectives, any or all of which are subject to change;

- statements regarding any Securities and Exchange Commission or other governmental or regulatory inquiry or investigation;
- statements regarding anticipated legislative, governmental, regulatory, administrative or other public body actions, requirements, permits or decisions;
- statements regarding anticipated developments, industry trends, performance or industry ranking relating to our services or any statements related to the underlying assumptions related to any projection or forward-looking statement;
- statements related to environmental risks, drilling and operating risks, or exploration and development risks and the ability of the company to retain key members of its senior management and key employees;
- statements regarding general economic or political conditions, whether internationally, nationally or in the regional and local market areas in which we are doing business; and
- any other statements that relate to non- historical or future information.

These forward-looking statements are often identified by the use of terms and phrases such as “achieve,” “anticipate,” “believe,” “estimate,” “expect,” “forecast,” “plan,” “project,” “propose,” “strategy,” “predict,” “envision,” “hoped,” “continue,” “may,” “potential,” “achieve,” “should,” “could” and similar terms and phrases. Although we believe that the expectations reflected in these forward-looking statements are reasonable, they do involve assumptions, risks and uncertainties, and these expectations may prove to be incorrect. You should not place undue reliance on these forward-looking statements.

Our actual results could differ materially from those anticipated in these forward- looking statements as a result of a variety of factors, including those described under the heading “Risk Factors” in our 2006 Form 10-K, as amended. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by these risk factors. Forward-looking statements are only as of the date they are made, and other than as required under the securities laws, we assume no obligation to update or revise these forward-looking statements or provide reasons why actual results may differ.

Reconciliation of Non-GAAP Financial Measures

In addition to net income, we evaluate our financial performance based on other factors, one primary measure of which is earnings before net interest, expenses, taxes, depreciation, amortization and exploration expenses (adjusted EBITDAX). We calculate adjusted EBITDAX as earnings before net interest expense, taxes, depreciation and amortization, exploration expense, non-cash stock compensation expense and our share of depreciation, net interest expense and taxes from our equity investments. Further, we reduce adjusted EBITDAX for the minority interest in Cal Dive that we do not own. Adjusted EBITDAX margin is defined as adjusted EBITDAX divided by net revenues. These non-GAAP measures are useful to investors and other internal and external users of our financial statements in evaluating our operating performance because they are widely used by investors in our industry to measure a company's operating performance without regard to items which can vary substantially from company to company and help investors meaningfully compare our results from period to period. Adjusted EBITDAX should not be considered in isolation or as a substitute for, but instead is supplemental to, income from operations, net income or other income data prepared in accordance with GAAP. Non-GAAP financial measures should be viewed in addition to, and not as an alternative to our reported results prepared in accordance with GAAP. Users of this financial information should consider the types of events and transactions which are excluded.

The Reconciliation of Non-GAAP Measures related to the presentation materials to be delivered at the conference are attached hereto as Exhibit 99.3 and incorporated by reference herein. The Reconciliation of Non-GAAP Measures will also be posted in the Investor Relations section of Helix's website, www.helixesg.com.
