Information Not "Filed"

The information in Items 2.02 and 8.01 of this Report and the Earnings Release and the Call Release (collectively, the "Release"), and any information that may be conveyed in such conference call, shall, to the greatest extent permitted by applicable law, not be deemed to be "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that Section. Such information, to the extent deemed or determined to have been not "filed" under applicable law, shall not be deemed incorporated by reference in any filing by us under the Securities Act of 1933, as amended (the "Securities Act"), except as shall be expressly set forth by specific reference in such a filing.

Forward Looking Statements

There are "forward-looking statements" contained in this this Report and the attached Release, and any statements that may be made in the conference call referenced above. There also are "forward looking statements" contained in SGRP's Annual Report on Form 10-K for its fiscal year ended December 31, 2013 (the "Annual Report"), as filed on March 31, 2014, with the Securities and Exchange Commission (the "SEC"), in SGRP's definitive Proxy Statement respecting its Annual Meeting of Stockholders currently scheduled to be held on May 15, 2014 (as filed, the "Proxy Statement"), which SGRP plans to file with the SEC pursuant to Regulation 14 A in April of 2014, but not later than 120 days after the end of the Company's 2013 fiscal year, and in the Company's other filings under applicable law with the SEC (including the Annual Report and the Proxy Statement, each a "SEC Report").

"Forward-looking statements" are defined in Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and other applicable federal and state securities laws, rules and regulations, as amended (together with the Securities Act and Exchange Act, collectively, "Securities Laws". The Company's forward-looking statements include, in particular and without limitation, the discussions in the Annual Report under the headings "Business", "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations". You can identify forward-looking statements in such information by the Company's use of terms such as "may", "will", "expect", "intend", "believe", "estimate", "anticipate", "continue" or similar words or variations or negatives of those words.

You should carefully consider all forward-looking statements, risk factors and the other risks, cautions and information noted in this Release, the Annual Report, the Proxy Statement and the other SEC Reports that could cause the Company's actual assets, business, capital, cash flow, credit, expenses, financial condition, income, liabilities, liquidity, locations, marketing, operations, prospects, sales, strategies, taxation or other achievement, results, risks or condition to differ materially from those anticipated by the Company and described in the information in the Company's forward-looking statements, whether express or implied, as the Company's anticipations are based upon the Company's plans, intentions, expectations and estimates and (although the Company believe them to be reasonable) involve known and unknown risks, uncertainties and other factors that could cause them to fail to occur or be realized or to be materially and adversely different from those the Company anticipated.

Although the Company believes that its plans, intentions, expectations and estimates reflected or implied in such forward-looking statements are reasonable, the Company cannot assure you that such plans, intentions, expectations or estimates will be achieved in whole or in part, that the Company has identified all potential risks, or that the Company can successfully avoid or mitigate such risks in whole or in part. You should carefully review the risk factors described below (See Item 1A – Risk Factors - in the Annual Report) and any other risks, cautions or information contained or incorporated by reference into this Release, the Annual Report or other applicable SEC Report. All forward-looking and other statements or information attributable to the Company or persons acting on its behalf are expressly subject to and qualified by all such risk factors and other risks, cautions and information.

You should not place undue reliance on the Company's forward-looking statements and similar information because the matters they describe are subject to known and unknown risks, uncertainties and other unpredictable factors, many of which are beyond its control. The Company's forward-looking statements, risk factors and other risks, cautions and information (whether contained in this Release, the Annual Report, the Proxy Statement or any other applicable SEC Report) are based on the information currently available to the Company and speak only as of the date specifically referenced, or if no date is referenced, then as of December 31, 2013, in the case of the Annual Report or the Proxy Statement or the last day of the period covered by any other applicable SEC Report. New risks and uncertainties arise from time to time, and it is impossible for the Company to predict these matters or how they may arise or affect the Company. Over time, the Company's actual assets, business, capital, cash flow, credit, expenses, financial condition, income, liabilities, liquidity, locations, marketing, operations, prospects, sales, strategies, taxation or other achievements, results, risks or condition will likely differ from those expressed or implied by the Company's forward-looking statements, and such difference could be significant and materially adverse to the Company and the value of your investment in the Company's Common Stock.

The Company does not intend or promise, and the Company expressly disclaims any obligation, to publicly update or revise any forward-looking statements, risk factors or other risks, cautions or information (in whole or in part), whether as a result of new information, risks or uncertainties, future events or recognition or otherwise, except as and to the extent required by applicable law.
