BRT REALTY TRUST
ANNOUNCES RESULTS OF OPERATIONS
FOR THE FIRST QUARTER OF THE FISCAL YEAR

Great Neck, New York, February 7, 2007 -- BRT Realty Trust (NYSE:BRT) today

Edgar Filing: BRT REALTY TRUST - Form 8-K

announced that total revenues for the quarter ended December 31, 2006 (the first quarter of its fiscal year) increased by 72% over the quarter ended December 31, 2005, and net income increased by 76% quarter over quarter. For the three months ended December 31, 2006, BRT reported total revenues of \$12,745,000 and net income of \$8,289,000, or \$.95 per share on a diluted basis. Net income for the three months ended December 31, 2006 includes income from discontinued operations of \$358,000, or \$.04 per share on a diluted basis. For the three months ended December 31, 2005, total revenues, net income and net income per share on a diluted basis were \$7,400,000, \$4,715,000 and \$.60 per share, respectively. Net income for the three months ended December 31, 2005 includes a loss from discontinued operations of \$62,000, or a loss of \$.01 per share on a diluted basis. The weighted average number of common shares outstanding on a diluted basis were 8,698,915 and 7,877,349 for the three months ended December 31, 2006 and December 31, 2005, respectively.

Commenting on the results of operations for the three months ended December 31, 2006, Jeffrey A. Gould, President and Chief Executive Officer of BRT, noted that the primary reason for the increase in revenues quarter over quarter was the 74% increase in the average balance of loans outstanding, from \$173.9 million during the three months ended December 31, 2005, to \$302.2 million during the three months ended December 31, 2006. Revenues in the current period also benefited from an increase in the average interest rate earned on the loan portfolio, an increase in origination fees directly related to the increase in the loan portfolio and an increase in operating income on real estate owned. Mr. Gould commented that a single loan of \$10,250,000 has been categorized as non-earning during the quarter due to a borrower's non-payment of interest on such loan. He further commented that based on BRT's updated analysis of the collateral securing such loan, BRT believes the value of the collateral continues to be sufficient to satisfy the outstanding balance of such loan. Non-performing loans constitute approximately 4% of the loan portfolio at December 31, 2006.

On the expense side, Mr. Gould noted that total expenses increased by 57% for the quarter ended December 31, 2006, as compared to the quarter ended December 31, 2005. Of the increase, 85% was a result of interest expense from the increase in the average balance of borrowings outstanding by BRT and an increase in the overall rate paid by BRT on such borrowings under its revolving credit facility. The borrowings were incurred to fund BRT's increased loan portfolio. Mr. Gould commented that BRT's borrowings were reduced in early December 2006 by 58% when BRT applied \$77,000,000 of the net proceeds it received from a public offering of its common shares to pay off the outstanding balance on a margin account and to reduce the outstanding balance under its credit facility. There was also an increase in certain expense categories during the quarter ended December 31, 2006, as compared to the prior year's comparable period, due to BRT's increased level of business. Among other items, there was an increase in the adviser's fee and in other taxes.

BRT Realty Trust is a mortgage oriented real estate investment trust.
