ANNUAL MEETING OF SHAREHOLDERS

To Be Held December 11, 2018

PROXY STATEMENT

The Board of Directors of Marathon Patent Group, Inc. (the “Company”) is soliciting proxies from its shareholders to be used at the 2018 annual meeting of shareholders (the “Annual Meeting”) to be held at the Company’s offices at 1180 N. Town Center Drive, Suite 100, Las Vegas, Nevada 89144, on December 11, 2018, beginning at 10:00 AM local time. and at any postponements or adjournments thereof. This proxy statement contains information related to the Annual Meeting. This proxy statement and the accompanying form of proxy are first being sent to shareholders on or about November 9, 2018.

ABOUT THE ANNUAL MEETING

Why am I receiving this proxy statement?

You are receiving this proxy statement because you have been identified as a shareholder of the Company as of the record date which our Board has determined to be November 2, 2018, and thus you are entitled to vote at the Company’s 2018 Annual Meeting. This document serves as a proxy statement used to solicit proxies for the 2018 Annual Meeting. This document and the Appendixes hereto contain important information about the 2018 Annual Meeting and the Company and you should read it carefully.

Who is entitled to vote at the 2018 Annual Meeting?

Only shareholders of record as of the close of business on the record date will be entitled to vote at the 2018 Annual Meeting. As of the close of business on the record date, there were 25,519,940 shares of our common stock issued and outstanding and entitled to vote. Each common stock shareholder is entitled to one vote for each share of our common stock held by such shareholder on the record date on each of the proposals presented in this proxy statement.

May I vote in person?

If you are a shareholder of the Company and your shares are registered directly in your name with the Company's transfer agent, Equity Stock Transfer, you are considered, with respect to those shares, the shareholder of record, and the proxy materials and proxy card, attached hereto as Appendix C, are being sent directly to you by the Company. If you are a shareholder of record, you may attend the 2018 Annual Meeting to be held on December 11, and vote your shares in person, rather than signing and returning your proxy.

If your shares of common stock are held by a bank, broker or other nominee, you are considered the beneficial owner of shares held in "street name," and the proxy materials are being forwarded to you together with a voting instruction card by such bank, broker or other nominee. As the beneficial owner, you are also invited to attend the 2018 Annual Meeting. Since a beneficial owner is not the shareholder of record, you may not vote these shares in person at the 2018 Annual Meeting unless you obtain a proxy from your broker issued in your name giving you the right to vote the shares at the 2018 Annual Meeting.

Photo identification may be required (a valid driver's license, state identification or passport). If a shareholder's shares are registered in the name of a broker, trust, bank or other nominee, the shareholder must bring a proxy or a letter from that broker, trust, bank or other nominee or their most recent brokerage account statement that confirms that the shareholder was a beneficial owner of shares of stock of the Company as of the Record Date. Since seating is limited, admission to the meeting will be on a first-come, first-served basis.

Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the meeting.

If my Company shares are held in “street name” by my broker, will my broker vote my shares for me?

Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be “*routine*,” but not with respect to “*non-routine*” matters, as discussed further below. Your broker will not be able to vote your shares of common stock without specific instructions from you for “non-routine” matters.

If your shares are held by your broker or other agent as your nominee, you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker or other agent to vote your shares.

What are “broker non-votes”?

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” “Broker non-votes” occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. These matters are referred to as “non-routine” matters. Since brokers are permitted to vote on “routine” matters without instructions from the beneficial owner, “broker non-votes” do not occur with respect to “routine” matters.

Proposal 1 to elect two Class I directors, Proposal 2 to elect two Class II directors, Proposal 4, to approve the issuance of securities in one or more non-public offerings where the maximum discount at which securities will be offered will be equivalent to a discount of 20% below the market price of our common stock, as required by and in accordance with Nasdaq Marketplace Rule 5635(d), Proposal 5, to approve any change of control that could result from the potential issuance of securities in the non-public offerings following approval of Proposal No. 4, as required by and in accordance with Nasdaq Marketplace Rule 5635(b), Proposal 6, to approve an amendment to the Company’s 2018 Equity Incentive Plan to eliminate the performance-based compensation exception to the deductibility limitations under Section 162(m) of the Internal Revenue Code and to include any individual who was our then current or former named executive officers as a “covered employee,” such that payments to former employees will be subject to the deduction limitations thereunder and Proposal 8 to transact such other business as may be properly brought before the 2018 Annual Meeting and any adjournments thereof are “non-routine matters.”

Proposal 3 to grant the Board of Directors the discretionary authority to effect a reverse stock split (the “Reverse Split Proposal”) of the Company’s common stock and Proposal 7 to ratify the appointment of RBSM, LLP, as the Company’s independent registered certified public accountant for the fiscal year ended December 31, 2018, are “routine” matters.

The determination of “routine” and “non-routine” matters is determined by brokers and those firms responsible to tabulate votes cast by beneficial owners of shares held in street name and other nominees. Firms casting such votes have generally been guided by rules of the New York Stock Exchange when determining if proposals are considered “routine” or “non-routine”. When a matter to be voted on is the subject of a contested solicitation, banks, brokers and other nominees do not have discretion to vote your shares with respect to any proposal to be voted on.

How do I cast my vote if I am a shareholder of record?

If you are a shareholder with shares registered in your name with the Company's transfer agent, Equity Stock Transfer, on the record date, you may vote in person at the 2018 Annual Meeting or vote by proxy by fax at (646) 201-9006 ATTN: Shareholder Services OR EMAIL: proxy@equitystock.com or internet at proxyvote.equitystock.com or by mail. Whether or not you plan to attend the 2018 Annual Meeting, please vote as soon as possible to ensure your vote is counted. You may still attend the 2018 Annual Meeting and vote in person even if you have already voted by proxy. For more detailed instructions on how to vote using one of these methods, please see the form of proxy card attached to this Schedule 14A and the information below.

To vote in person. You may attend the 2018 Annual Meeting and the Company will give you a ballot when you arrive.

To vote by proxy by fax or internet. If you have fax or internet access, you may submit your proxy by following the instructions provided in this proxy statement, or by following the instructions provided with your proxy materials and on the enclosed proxy card or voting instruction card.

To vote by proxy by mail. You may submit your proxy by mail by completing and signing the enclosed proxy card and mailing it in the enclosed envelope. Your shares will be voted as you have instructed.

How do I cast my vote if I am a beneficial owner of shares registered in the name of any broker or bank?

If you are a beneficial owner of shares registered in the name of your broker, bank, dealer or other similar organization, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from the Company. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the internet as instructed by your broker or other agent. To vote in person at the 2018 Annual Meeting, you must obtain a valid proxy from your broker or other agent. Follow the instructions from your broker or other agent included with these proxy materials or contact your broker or bank to request a proxy form.

What constitutes a quorum for purposes of the 2018 Annual Meeting?

The presence at the meeting, in person or by proxy, of the holders of at least a majority of the issued and outstanding shares entitled to vote are present or represented by proxy at the Annual Meeting permitting the conduct of business at the meeting. On the record date, there were 25,519,940 shares of Common Stock and 0 shares of preferred stock issued and outstanding and entitled to vote. Accordingly, the holders of 12,759,971 shares eligible to vote must be present at the 2018 Annual Meeting to have a quorum. Proxies received but marked as abstentions or broker

non-votes, if any, will be included in the calculation of the number of votes considered to be present at the meeting for purposes of a quorum. Your shares will be counted toward the quorum at the 2018 Annual Meeting only if you vote in person at the meeting, you submit a valid proxy or your broker, bank, dealer or similar organization submits a valid proxy.

Can I change my vote?

Yes. Any shareholder of record voting by proxy has the right to revoke their proxy at any time before the polls close at the 2018 Annual Meeting by sending a written notice stating that they would like to revoke his, her or its proxy to the Corporate Secretary of the Company; by providing a duly executed proxy card bearing a later date than the proxy being revoked; or by attending the 2018 Annual Meeting and voting in person. Attendance alone at the 2018 Annual Meeting will not revoke a proxy. If a shareholder of the Company has instructed a broker to vote its shares of common stock that are held in "street name," the shareholder must follow directions received from its broker to change those instructions.

Who is soliciting this proxy – Who is paying for this proxy solicitation?

We are soliciting this proxy on behalf of our Board of Directors. The Company will bear the costs of and will pay all expenses associated with this solicitation, including the printing, mailing and filing of this proxy statement, the proxy card and any additional information furnished to shareholders. In addition to mailing these proxy materials, certain of our officers and other employees may, without compensation other than their regular compensation, solicit proxies through further mailing or personal conversations, or by telephone, facsimile or other electronic means. We will also, upon request, reimburse banks, brokers, nominees, custodians and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to the beneficial owners of our stock and to obtain proxies.

What vote is required to approve each item?

The following votes are required to approve each proposal:

Proposal 1 - Election of the Class I directors requires a plurality (the two nominees receiving the most “FOR” votes) of the votes cast at the 2018 Annual Meeting.

Proposal 2 - Election of the Class II directors requires a plurality (the two nominees receiving the most “FOR” votes) of the votes cast at the 2018 Annual Meeting.

Proposal 3 – To grant the Board of Directors the discretionary authority to effect a reverse stock split (the “Reverse Split Proposal”) of the Company’s common stock. “FOR” votes from the holders of a majority of the outstanding shares of the Company’s common stock as of the record date for the 2018 Annual Meeting are required to approve this proposal.

Proposal 4 – To approve the issuance of securities in one or more non-public offerings where the maximum discount at which securities will be offered will be equivalent to a discount of 20% below the market price of our common stock, as required by and in accordance with Nasdaq Marketplace Rule 5635(d). “FOR” votes from the holders of a majority of the shares of the Company’s common stock present in person or represented by proxy and entitled to vote on the matter at the 2018 Annual Meeting are required to approve this proposal.

Proposal 5 - To approve any change of control that could result from the potential issuance of securities in the non-public offerings following approval of Proposal No. 4, as required by and in accordance with Nasdaq Marketplace Rule 5635(b). “FOR” votes from the holders of a majority of the shares of the Company’s common stock present in person or represented by proxy and entitled to vote on the matter at the 2018 Annual Meeting are required to approve this proposal.

Proposal 6 - To approve an amendment to the Company’s 2018 Equity Incentive Plan to eliminate the performance-based compensation exception to the deductibility limitations under Section 162(m) of the Internal Revenue Code and to include any individual who was our then current or former named executive officers as a “covered employee,” such that payments to former employees will be subject to the deduction limitations thereunder. “FOR” votes from the holders of a majority of the shares of the Company’s common stock present in person or represented by proxy and entitled to vote on the matter at the 2018 Annual Meeting are required to approve this proposal.

Proposal 7 - The ratification of the appointment of RBSM, LLP, as the Company’s independent registered certified public accountant for the fiscal year ended December 31, 2018. “FOR” votes from the holders of a majority of the shares of the Company’s common stock present in person or represented by proxy and entitled to vote on the matter at the 2018 Annual Meeting are required to approve this proposal.

Proposal 8 - To transact such other business as may be properly brought before the Annual Meeting and any adjournments thereof. “FOR” votes from the holders of a majority of the shares of the Company’s common stock present in person or represented by proxy and entitled to vote on the matter at the 2018 Annual Meeting are required to approve this proposal.

Will My Shares Be Voted If I Do Not Return My Proxy Card?

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not return your proxy card by mail or vote at the Annual Meeting. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter, or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a “broker non-vote.” The New York Stock Exchange (“NYSE”) has rules that govern brokers who have record ownership of listed company stock (including stock such as ours that is listed on The Nasdaq Capital Market) held in brokerage accounts for their clients who beneficially own the shares. Under these rules, brokers who do not receive voting instructions from their clients have the discretion to vote uninstructed shares on certain matters (“routine matters”), but do not have the discretion to vote uninstructed shares as to certain other matters (“non-routine matters”). Under NYSE interpretations, Proposal 3 and 7 are routine matters.

If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares the bank, broker or other nominee has the authority, even if it does not receive instructions from you, to vote your unvoted shares for Proposal 3 and 7 but does not have authority to vote your unvoted shares on any of the other proposals submitted to shareholders for a vote at the Annual Meeting. We encourage you to provide voting instructions. This ensures your shares will be voted at the Annual Meeting in the manner you desire.

Can I access these proxy materials on the Internet?

Yes. The Notice of Annual Meeting, this proxy statement and the Appendixes hereto (including the Company’s Annual Report on Form 10-K for the year ended December 31, 2017, attached as Appendix B hereto) are available for viewing, printing, and downloading at <https://ir.marathonpg.com/sec-filings>. All materials will remain posted on <https://ir.marathonpg.com/sec-filings> at least until the conclusion of the meeting.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a shareholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please vote your shares applicable to each proxy card and voting instruction card that you receive.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Current Report on Form 8-K filed with the Securities and Exchange Commission within four business days of the 2018 Annual Meeting.

What interest do officers and directors have in matters to be acted upon?

No person who has been a director or executive officer of the Company at any time since the beginning of our fiscal year, and no associate of any of the foregoing persons, has any substantial interest, direct or indirect, in any matter to be acted upon, other than Proposal No. 1 and Proposal 2, the election of the nominees as Class I/Class II directors set forth herein.

Who can provide me with additional information and help answer my questions?

If you would like additional copies, without charge, of this proxy statement or if you have questions about the proposals being considered at the 2018 Annual Meeting, including the procedures for voting your shares, you should contact David Lieberman, the Company's Secretary, by telephone at (702) 945-2773.

Householding of Annual Disclosure Documents

The SEC previously adopted a rule concerning the delivery of annual disclosure documents. The rule allows us or brokers holding our shares on your behalf to send a single set of our annual report and proxy statement to any household at which two or more of our shareholders reside, if either we or the brokers believe that the shareholders are members of the same family. This practice, referred to as “householding,” benefits both shareholders and us. It reduces the volume of duplicate information received by you and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once shareholders receive notice from their brokers or from us that communications to their addresses will be “household,” the practice will continue until shareholders are otherwise notified or until they revoke their consent to the practice. Each shareholder will continue to receive a separate proxy card or voting instruction card.

Those shareholders who either (i) do not wish to participate in “householding” and would like to receive their own sets of our annual disclosure documents in future years or (ii) who share an address with another one of our shareholders and who would like to receive only a single set of our annual disclosure documents should follow the instructions described below:

shareholders whose shares are registered in their own name should contact our transfer agent,

shareholders whose shares are registered in their own name should contact our transfer agent, Equity Stock Transfer LLC, and inform them of their request by calling them at (212) 575-5757 or writing them at 237 W. 37th Street, Suite 601, New York, NY 10018.

shareholders whose shares are held by a broker or other nominee should contact such broker or other nominee directly and inform them of their request, shareholders should be sure to include their name, the name of their brokerage firm and their account number.

Corporate Governance Matters

We are committed to maintaining strong corporate governance practices that benefit the long-term interests of our shareholders by providing for effective oversight and management of the Company. Our governance policies, including a Code of Business Conduct and Ethics (“Code”) can be found on our website at www.marathonpg.com by following the link to “Investors” and then to “Governance Docs.”

Our Code of Business Conduct and Ethics, effective December 2017, applies to directors, executive officers and employees of the Company. This Code is intended to focus the directors, executive officers and employees on areas of ethical risk, provide guidance to directors, executive officers and employees to help them recognize and deal with ethical issues, provide mechanisms to report unethical conduct, and help foster a culture of honesty and accountability. Each director, executive officer and employee must comply with the letter and spirit of this Code.

We require that Directors and executive officers must be loyal to the Company and must act at all times in the best interest of the Company and its shareholders and subordinate self-interest to the corporate and shareholder good. Directors and executive officers should never use their position to make a personal profit. Directors and executive officers must perform their duties in good faith, with sound business judgment and with the care of a prudent person.

A “conflict of interest” occurs when the private interest of a director, executive officer or employee interferes in any way, or appears to interfere, with the interests of the Company as a whole. Conflicts of interest also arise when a director, executive officer or employee, or a member of his or her family, receives improper personal benefits as a result of his or her position as a director, executive officer or employee of the Company. Loans to, or guarantees of the obligations of a director, executive officer or employee or of a member of his or her family, may create conflicts of interest. Directors and executive officers must avoid conflicts of interest with the Company. Any situation that involves, or may reasonably be expected to involve, a conflict of interest with the Company must be disclosed immediately to the Chairman of the Board. This Code does not attempt to describe all possible conflicts of interest that could develop. Some of the more common conflicts from which directors and executive offices must refrain, however, are set out below.

Relationship of Company with third-parties. Directors, executive officers and employees may not engage in any conduct or activities that are inconsistent with the Company’s best interests or that disrupt or impair the Company’s relationship with any person or entity with which the Company has or proposes to enter into a business or contractual relationship.

Compensation from non-Company sources. Directors, executive officers and employees may not accept compensation, in any form, for services performed for the Company from any source other than the Company.

Gifts. Directors, executive officers and employees and members of their families may not offer, give or receive gifts from persons or entities who deal with the Company in those cases where any such gift is being made in order to influence the actions of a director as a member of the Board or the actions of an executive officer as an officer of the Company, or where acceptance of the gifts would create the appearance of a conflict of interest

Directors, executive officers and employees must maintain the confidentiality of information entrusted to them by the Company or its customers, and any other confidential information about the Company that comes to them, from whatever source, in their capacity as a director, executive officer or employee, except when disclosure is authorized or required by laws or regulations. Confidential information includes all non-public information that might be of use to competitors, or harmful to the Company or its customers, if disclosed.

No waiver of any provisions of the Code for the benefit of a director or an executive officer (which includes without limitation, for purposes of this Code, the Company’s principal executive, financial and accounting officers) shall be effective unless (i) approved by the Board of Directors, and (ii) if applicable, such a waiver is promptly disclosed to the Company’s shareholders in accordance with applicable United States securities laws and/or the rules and regulations of the exchange or system on which the Company’s shares are traded or quoted, as the case may be.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL NO. 2.

PROPOSAL NO. 3:

APPROVAL OF GRANT TO THE BOARD OF DIRECTORS THE DISCRETIONARY AUTHORITY TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S COMMON STOCK

We are seeking shareholder approval to grant the Board discretionary authority to amend the Company's Articles of Incorporation to effect a reverse stock split of the issued and outstanding shares of our Common Stock, par value \$0.0001 per share, such split to combine a whole number of outstanding shares of our Common Stock in a range of not less than two (2) shares and not more than ten (10) shares, into one (1) share of Common Stock at any time prior to December 31, 2019 (the "Reverse Split Proposal").

The amendments will not change the number of authorized shares of Common Stock, preferred stock, or the relative voting power of our shareholders. Because the number of authorized shares will not be reduced, the number of authorized but unissued shares of our Common Stock will materially increase and will be available for reissuance by the Company. The reverse stock split, if effected, would affect all of our holders of Common Stock uniformly.

The Board unanimously approved, and recommended seeking shareholder approval of this Reverse Split Proposal, on October 12, 2018.

Even if the shareholders approve the Reverse Split Proposal, we reserve the right not to effect any reverse stock split if the Board does not deem it to be in the best interests of our shareholders. The Board believes that granting this discretion provides the Board with maximum flexibility to act in the best interests of our shareholders. If this Reverse Split Proposal is approved by the shareholders, the Board will have the authority, in its sole discretion, without further action by the shareholders, to effect a reverse stock split.

The Board's decision as to whether and when to effect the reverse stock split will be based on a number of factors, including prevailing market conditions, existing and expected trading prices for our Common Stock, actual or forecasted results of operations, and the likely effect of such results on the market price of our Common Stock.

The reverse stock split is not being proposed in response to any effort of which we are aware to accumulate our shares of Common Stock or obtain control of the Company, nor is it a plan by management to recommend a series of similar actions to our Board or our shareholders.

There are certain risks associated with a reverse stock split, and we cannot accurately predict or assure the reverse stock split will produce or maintain the desired results (See “Certain Risks Associated with a Reverse Stock Split”). However, our Board believes that the benefits to the Company and our shareholders outweigh the risks and recommends that you vote in favor of granting the Board the discretionary authority to effect a reverse stock split.

Reasons for the Reverse Stock Split

The primary purpose for effecting the reverse stock split, should the Board of Directors choose to effect one, would be to increase the per share price of our Common Stock. The Board of Directors believes that, should the appropriate circumstances arise, effecting the reverse stock split would, among other things, help us to:

Meet certain continued listing requirements of the NASDAQ Stock Market;

Appeal to a broader range of investors to generate greater investor interest in the Company; and

Improve the perception of our Common Stock as an investment security.

Meet Continued NASDAQ Listing Requirements - Our Common Stock is listed on the NASDAQ Capital Market (MARA). On October __, 2018, the Company's common stock had a closing price of \$____ per share. NASDAQ rules requires the average closing price of a listed company's common stock to be at least \$1.00 per share over a consecutive 30 trading-day period to comply with the NASDAQ continued listing standards. The Company has not yet received a NASDAQ deficiency letter as the stock price has not been below \$1.00 for the requisite period. If the Company's common stock continues to trade below \$1.00, it would expect to receive such a deficiency letter.

Under the NASDAQ's rules, in order to regain compliance with the listing standard, the Company's closing bid share price at any time during a compliance period of 180 calendar days, the closing bid price of the common stock is at least \$1.00 per share for a minimum of ten consecutive business days.

Improve the Perception of Our Common Stock as an Investment Security - We believe that the overall decline in the price of digital assets we generate and volatility of digital asset prices in general in the industry in which we operate, is a significant contributing factor in the decline in the price of our Common Stock. Our Board of Directors unanimously approved the discretionary authority to effect a reverse stock split as one potential means of increasing the share price of our Common Stock to improve the perception of our Common Stock as a viable investment security including in connection with potential acquisition transactions. Lower-priced stocks have a perception in the investment community as being risky and speculative, which may negatively impact not only the price of our Common Stock, but also our market liquidity.

Appeal to a Broader Range of Investors to Generate Greater Investor Interest in the Company - An increase in our stock price may make our Common Stock more attractive to investors. Brokerage firms may be reluctant to recommend lower-priced securities to their clients. Many institutional investors have policies prohibiting them from holding lower-priced stocks in their portfolios, which reduces the number of potential purchasers of our Common Stock. Investment funds may also be reluctant to invest in lower-priced stocks. Investors may also be dissuaded from purchasing lower-priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for such stocks. Moreover, the analysts at many brokerage firms do not monitor the trading activity or otherwise provide coverage of lower-priced stocks. Giving the Board of Directors the ability to effect a reverse stock split, and thereby increase the price of our Common Stock, would give the Board the ability to address these issues if it is deemed necessary.

Certain Risks Associated with a Reverse Stock Split

Even if a reverse stock split is effected, some or all of the expected benefits discussed above may not be realized or maintained. The market price of our Common Stock will continue to be based, in part, on our performance and other factors unrelated to the number of shares outstanding.

The reverse stock split will reduce the number of outstanding shares of our Common Stock without reducing the number of shares of available but unissued Common Stock, which will also have the effect of increasing the number of authorized but unissued shares. The issuance of additional shares of our Common Stock may have a dilutive effect on the ownership of existing shareholders.

Principal Effects of a Reverse Stock Split

If our shareholders approve this Reverse Split Proposal and the Board of Directors elects to effect a reverse stock split, our issued and outstanding shares of Common Stock would decrease at a rate of approximately one share of Common Stock for every two (2) shares to ten (10) shares of Common Stock currently outstanding depending on the amount of the reverse stock split. The reverse stock split would be effected simultaneously for all of our Common Stock, and the exchange ratio would be the same for all shares of Common Stock. The reverse stock split would affect all of our shareholders uniformly and would not affect any shareholder's percentage ownership interests in the Company, except to the extent that it results in a shareholder receiving cash in lieu of fractional shares. The reverse stock split would not affect the relative voting or other rights that accompany the shares of our Common Stock, except to the extent that it results in a shareholder receiving cash in lieu of fractional shares. Common Stock issued pursuant to the reverse stock split would remain fully paid and non-assessable. The reverse stock split would not affect our securities law reporting and disclosure obligations, and we would continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We have no current plans to take the Company private. Accordingly, a reverse stock split is not related to a strategy to do so.

In addition to the change in the number of shares of Common Stock outstanding, a reverse stock split would have the following effects:

Increase the Per Share Price of our Common Stock - By effectively condensing a number of pre-split shares into one share of Common Stock, the per share price of a post-split share is generally greater than the per share price of a pre-split share. The amount of the initial increase in per share price and the duration of such increase, however, is uncertain. If appropriate circumstances exist, the Board may utilize the reverse stock split as part of its plan to maintain the required minimum per share price of the Common Stock under the NASDAQ listing standards noted above.

Increase in the Number of Shares of Common Stock Available for Future Issuance - By reducing the number of shares outstanding without reducing the number of shares of available but unissued Common Stock, a reverse stock split will increase the number of authorized but unissued shares. The Company may also use authorized shares in connection with the financing of future mergers or acquisitions.

The following table contains approximate information relating to our common stock, based on share information as of November 2, 2018:

	Current	After Reverse Split if 1:2 Ratio is Selected	After Reverse Split if 1:10 Ratio is Selected
Authorized Common Stock	200,000,000	200,000,000	200,000,000
Common Stock issued and outstanding	25,519,940	12,759,970	2,551,994
Common Stock issuable upon exercise of outstanding stock options	421,848	210,924	42,185
Common Stock issuable upon exercise of outstanding preferred stock	0	0	0
Common Stock issuable upon exercise of outstanding convertible notes	*	*	*
Common Stock issuable upon exercise of outstanding warrants	*	*	*
Common Stock authorized but unissued and unreserved/unallocated	174,058,212	187,029,106	197,405,821

* See Note 6 "SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT."

Although a reverse stock split would not have any dilutive effect on our shareholders, a reverse stock split without a reduction in the number of shares authorized for issuance would reduce the proportion of shares owned by our shareholders relative to the number of shares authorized for issuance, giving our Board an effective increase in the authorized shares available for issuance, in its discretion. Our Board from time to time may deem it to be in the best interests of the Company and our shareholders to enter into transactions and other ventures that may include the issuance of shares of our Common Stock. If our Board authorizes the issuance of additional shares subsequent to the reverse stock split described above, the dilution to the ownership interest of our existing shareholders may be greater than would occur had the reverse stock split not been effected. Many stock issuances not involving equity compensation do not require shareholder approval, and our Board generally seeks approval of our shareholders in

connection with a proposed issuance only if required at that time.

Required Adjustment to Currently Outstanding Securities Exercisable or Convertible into Shares of our Common Stock - A reverse stock split would effect a reduction in the number of shares of Common Stock issuable upon the exercise or conversion of our outstanding stock options, warrants, preferred stock and convertible notes in proportion to the reverse stock split ratio. Additionally, the exercise price of outstanding options, warrants, preferred stock and conversion price of our convertible notes would increase, likewise in proportion to the reverse stock split ratio.

Require Adjustments to Number of Shares of Common Stock Available for Future Issuance under our Incentive Plan - In connection with any reverse split, our Board would also make a corresponding reduction in the number of shares available with respect to shares available for grant granted under our 2018 Equity Incentive Plan so as to avoid the effect of increasing the value of options and shares previously granted.

In addition, a reverse stock split may result in some shareholders owning “odd lots” of less than 100 shares of Common Stock, which may be more difficult to sell and may cause those holders to incur greater brokerage commissions and other costs upon sale.

Authorized Shares of Common Stock

The Reverse Stock Split Proposal will not change the number of authorized shares of Common Stock but will increase the number of authorized shares available for future issuance for corporate needs such as equity financing, mergers or acquisitions, retirement of outstanding indebtedness, stock splits and stock dividends, employee benefit plans, or other corporate purposes as may be deemed by the Board to be in the best interests of the Company and its shareholders. The Board believes the increase in available shares for future issuance is appropriate to fund the future operations of the Company. It will also provide the Company with greater flexibility to respond quickly to advantageous business opportunities. However, we may from time to time explore opportunities to make acquisitions through the use of stock. As a result, the Company's current number of authorized shares of Common Stock may enable the Company to better meet its future business needs.

We believe that the current amount of authorized Common Stock will make a sufficient number of shares available, should the Company decide to use its shares for one or more of such previously mentioned purposes or otherwise. The current capital will provide the Board with the ability to issue additional shares of stock without further vote of the shareholders of the Company, except as provided under Nevada corporate law or under the rules of any national securities exchange on which shares of stock of the Company are then listed.

Procedure for Effecting Reverse Stock Split and Exchange of Stock Certificates

If the Reverse Split Proposal is approved by our shareholders, our Board, in its sole discretion, will determine whether such an action is in the best interests of the Company and our shareholders, taking into consideration the factors discussed above. If our Board believes that a reverse stock split is in our best interests and the best interest of our shareholders, our Board will then implement the reverse stock split.

We would then file a certificate of amendment to our Articles of Incorporation with the Secretary of the State of Nevada at such time as our Board of Directors had determined as the appropriate effective time for the reverse stock split to effect the reverse split. The certificate of amendment would add a new provision providing that holders of our Common Stock immediately prior to the filing of the amendment will receive one share of Common Stock for each number of shares selected by the Board. A copy of the proposed amendment is attached to this proxy statement as Appendix A and is considered a part of this proxy statement. Upon the filing of the certificate of amendment, and without any further action on the part of the Company or our shareholders, the issued shares of Common Stock held by shareholders of record as of the effective date of the reverse stock split would be converted into a lesser number of shares of Common Stock calculated in accordance with the reverse stock split ratio of not less than one-for-two (1:2) or not more than one-for-ten (1:10), as selected by our Board and set forth in the certificate of amendment.

For example, if a shareholder presently holds 100 shares of our Common Stock, he or she would hold 50 shares of Common Stock following a one-for-two reverse stock split, or 10 shares of Common Stock following a one-for-ten reverse stock split, in each case with an additional amount of cash in lieu of fractional shares as described below under “-Fractional Shares.” Beginning on the effective date of the split, each certificate representing pre-split shares would be deemed for all corporate purposes to evidence ownership of post-split shares.

As soon as practicable after the effective date of the reverse stock split, shareholders would be notified that the reverse stock split had been effected.

Effect on Beneficial Holders (i.e., Shareholders Who Hold in “Street Name”)

Upon the reverse stock split, we intend to treat Common Stock held by shareholders in “street name,” through a bank, broker or other nominee, in the same manner as shareholders whose shares are registered in their own names. Banks, brokers or other nominees will be instructed to effect the reverse stock split for their customers holding Common Stock in “street name.” However, these banks, brokers or other nominees may have different procedures than registered shareholders for processing the reverse stock split. If you hold shares of Common Stock with a bank, broker or other nominee and have any questions in this regard, you are encouraged to contact your bank, broker or other nominee.

Effect on Registered “Book-Entry” Holders (i.e., Shareholders That are Registered on the Transfer Agent’s Books and Records but do not Hold Certificates)

Some of our registered holders of Common Stock may hold some or all of their shares electronically in book-entry form with our transfer agent. These shareholders do not have stock certificates evidencing their ownership of Common Stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts. If a shareholder holds registered shares in book-entry form with our transfer agent, no action needs to be taken to receive post-reverse stock split shares or fractional shares, if applicable. If a shareholder is entitled to post-reverse stock split shares, a transaction statement will automatically be sent to the shareholder’s address of record indicating the number of shares (including fractional shares) of Common Stock held following the reverse stock split.

Effect on Certificated Shares

Upon the reverse stock split our transfer agent will act as our exchange agent and assist holders of Common Stock in implementing the exchange of their certificates.

Commencing on the effective date of a reverse stock split, shareholders holding shares in certificated form will be sent a transmittal letter by our transfer agent. The letter of transmittal will contain instructions on how a shareholder should surrender his or her certificates representing Common Stock (“Old Certificates”) to the transfer agent in exchange for certificates representing the appropriate number of whole post-reverse stock split Common Stock, as applicable (“New Certificates”). No New Certificates will be issued to a shareholder until that shareholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the transfer agent. No shareholder will be required to pay a transfer or other fee to exchange Old Certificates. The letter of transmittal will contain instructions on how you may obtain New Certificates if your Old Certificates have been lost. If you have lost your certificates, you will have to pay any surety premium and the service fee required by our transfer agent.

Until surrendered, we will deem outstanding Old Certificates held by shareholders to be canceled and only to represent the number of whole shares to which these shareholders are entitled.

Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of shares, will automatically be exchanged for New Certificates.

Shareholders should not destroy any stock certificates and should not submit any certificates until requested to do so by the transfer agent. Shortly after the reverse stock split the transfer agent will provide registered

shareholders with instructions and a letter of transmittal for converting Old Certificates into New Certificates. Shareholders are encouraged to promptly surrender Old Certificates to the transfer agent (acting as exchange agent in connection with the reverse stock split) in order to avoid having shares become subject to escheat laws.

Fractional Shares

No fractional shares will be issued in connection with the reverse stock split. Shareholders of record who otherwise would be entitled to receive fractional shares will be entitled to an amount in cash (without interest or deduction) equal to the fraction of one share to which such shareholder would otherwise be entitled multiplied by the product of: (i) the average of the closing prices of our common stock on NASDAQ or other principal market of our common stock, as applicable, for the five consecutive trading days immediately preceding the effective date of the reverse stock split and (ii) the reverse split factor chosen by the Board. Except for the right to receive the cash payment in lieu of fractional shares, shareholders will not have any voting, dividend or other rights with respect to the fractional shares they would otherwise be entitled to receive.

Shareholders should be aware that, under the escheat laws of the various jurisdictions where shareholders may reside, where we are domiciled, and where the funds will be deposited, sums due for fractional interests that are not timely claimed after the effective date of the reverse stock split may be required to be paid to the designated agent for each such jurisdiction, unless correspondence has been received by us or the exchange agent concerning ownership of such funds within the time permitted in such jurisdiction. Thereafter, shareholders otherwise entitled to receive such funds will have to seek to obtain them directly from the state to which they were paid.

Accounting Matters

The par value of our Common Stock would remain unchanged at \$0.0001 per share, if a reverse stock split is effected.

The Company's shareholders' equity in its consolidated balance sheet would not change in total. However, the Company's stated capital (i.e., \$0.0001 par value times the number of shares issued and outstanding), would be proportionately reduced based on the reduction in shares of Common Stock outstanding. Additional paid in capital would be increased by an equal amount, which would result in no overall change to the balance of shareholders' equity.

Additionally, net income or loss per share for all periods would increase proportionately as a result of a reverse stock split since there would be a lower number of shares outstanding. We do not anticipate that any other material accounting consequences would arise as a result of a reverse stock split.

A reduction in stated capital will, under Nevada law, create a corresponding increase in paid-in surplus (i.e., the excess of net assets over stated capital), and the Company may make distributions, such as the payment of dividends, up to the amount of its surplus provided that the distribution does not cause it to become insolvent, and subject to the limitations of its debt financing agreements.

Potential Anti-Takeover Effect

Even though a potential reverse stock split would result in an increased proportion of unissued authorized shares to issued shares, which could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of the Board or contemplating a tender offer or other transaction for the combination of us with another company), the Reverse Split Proposal is not being proposed in response to any effort of which we are aware to accumulate shares of our Common Stock or obtain control of us, nor is it part of a plan by management to recommend a series of similar amendments to our Board and our shareholders.

No Appraisal Rights

Our shareholders are not entitled to appraisal rights with respect to a reverse stock split, and we will not independently provide shareholders with any such right.

Federal Income Tax Consequences of a Reverse Stock Split

The following discussion is a summary of certain U.S. federal income tax consequences of the reverse stock split to the Company and to shareholders that hold shares of Common Stock as capital assets for U.S. federal income tax purposes. This discussion is based upon provisions of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), the Treasury regulations promulgated under the Code, and U.S. administrative rulings and court decisions, all as in effect on the date hereof and all of which are subject to change, possibly with retroactive effect, and differing interpretations. Changes in these authorities may cause the U.S. federal income tax consequences of the reverse stock split to vary substantially from the consequences summarized below.

This summary does not address all aspects of U.S. federal income taxation that may be relevant to shareholders in light of their particular circumstances or to shareholders who may be subject to special tax treatment under the Code, including, without limitation, dealers in securities, commodities or foreign currency, persons who are treated as non-U.S. persons for U.S. federal income tax purposes, certain former citizens or long-term residents of the United States, insurance companies, tax-exempt organizations, banks, financial institutions, small business investment companies, regulated investment companies, real estate investment trusts, retirement plans, persons that are partnerships or other pass-through entities for U.S. federal income tax purposes, persons whose functional currency is not the U.S. dollar, traders that mark-to-market their securities, persons subject to the alternative minimum tax, persons who hold their shares of Common Stock as part of a hedge, straddle, conversion or other risk reduction transaction, or who acquired their shares of Common Stock pursuant to the exercise of compensatory stock options, the vesting of previously restricted shares of stock or otherwise as compensation. If a partnership or other entity classified as a partnership for U.S. federal income tax purposes holds shares of Common Stock, the tax treatment of a partner thereof will generally depend upon the status of the partner and upon the activities of the partnership. If you are a partner in a partnership holding shares of the Company’s common stock, you should consult your tax advisor regarding the tax consequences of the reverse stock split.

The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service (“IRS”) regarding the federal income tax consequences of the reverse stock split. The state and local tax consequences of the reverse split may vary as to each shareholder, depending on the jurisdiction in which such shareholder resides. This discussion should not be considered as tax or investment advice, and the tax consequences of the reverse stock split may not be the same for all shareholders. Shareholders should consult their own tax advisors to know their individual federal, state, local and foreign tax consequences.

Tax Consequences to the Company. We believe that the reverse stock split will constitute a reorganization under Section 368(a)(1)(E) of the Internal Revenue Code. Accordingly, we should not recognize taxable income, gain or loss in connection with the reverse stock split. In addition, we do not expect the reverse stock split to affect our ability to utilize our net operating loss carryforwards.

Tax Consequences to Shareholders. Shareholders should not recognize any gain or loss for U.S. federal income tax purposes as a result of the reverse stock split, except to the extent of any cash received in lieu of a fractional share of Common Stock (which fractional share will be treated as received and then exchanged for cash). Each shareholder’s aggregate tax basis in the Common Stock received in the reverse stock split, including any fractional share treated as received and then exchanged for cash, should equal the shareholder’s aggregate tax basis in the Common Stock exchanged in the reverse stock split. In addition, each shareholder’s holding period for the Common Stock it receives in the reverse stock split should include the shareholder’s holding period for the Common Stock exchanged in the reverse stock split.

In general, a shareholder who receives cash in lieu of a fractional share of Common Stock pursuant to the reverse stock split should be treated for U.S. federal income tax purposes as having received a fractional share pursuant to the reverse stock split and then as having received cash in exchange for the fractional share and should generally recognize capital gain or loss equal to the difference between the amount of cash received and the shareholder’s tax basis allocable to the fractional share. Any capital gain or loss will generally be long term capital gain or loss if the shareholder’s holding period in the fractional share is greater than one year as of the effective date of the reverse stock split. Special rules may apply to cause all or a portion of the cash received in lieu of a fractional share to be treated as dividend income with respect to certain shareholders who own more than a minimal amount of common stock (generally more than 1%) or who exercise some control over the affairs of the Company. Shareholders should consult their own tax advisors regarding the tax effects to them of receiving cash in lieu of fractional shares based on their particular circumstances.

Interests of Directors and Executive Officers

Our directors and executive officers have no substantial interests, directly or indirectly, in the matters set forth in this Reverse Split Proposal except to the extent of their ownership of shares of our Common Stock.

Reservation of Right to Abandon Reverse Stock Split

We reserve the right to abandon a reverse stock split without further action by our shareholders at any time before the effectiveness of the filing with the Secretary of the State of Nevada of the certificate of amendment to our Articles of Incorporation, even if the authority to effect a reverse stock split has been approved by our shareholders at the 2018 Annual Meeting. By voting in favor of a reverse stock split, you are expressly also authorizing the Board to delay, not to proceed with, and abandon, a reverse stock split if it should so decide, in its sole discretion, that such action is in the best interests of the shareholders.

Voting by Proxyholder

Your proxyholder (one of the persons named on your proxy card) will vote your common stock in accordance with your instructions. Unless you give specific instructions to the contrary, your common stock will be voted for Proposal No. 3, the Reverse Split Proposal.

Required Vote; Recommendation of Board of Directors

The affirmative vote of the holders of a majority of the outstanding shares of the Company's common stock as of the record date for the 2018 Annual Meeting is required for approval of the amendments of the Company's articles of incorporation to effect the reverse stock split.

Proposal 3 is considered a "routine" matter. With respect to "routine" matters, a bank, brokerage firm, or other nominee has the authority (but is not required) under the rules governing self-regulatory organizations, or the SRO rules, including NASDAQ, to vote its clients' shares if the clients do not provide instructions. When a bank, brokerage firm, or other nominee votes its clients' shares on routine matters without receiving voting instructions, these shares are counted both for establishing a quorum to conduct business at the meeting and in determining the number of shares voted FOR, AGAINST or ABSTAINING with respect to such routine matters.

With respect to "non-routine" matters, a bank, brokerage firm, or other nominee is not permitted under the SRO rules to vote its clients' shares if the clients do not provide instructions. The bank, brokerage firm, or other nominee will so note on the voting instruction form, and this constitutes a "broker non-vote." "Broker non-votes" will be counted for purposes of establishing a quorum to conduct business at the meeting, but not for determining the number of shares voted FOR, AGAINST, ABSTAINING or WITHHELD FROM with respect to such non-routine matters.

Because Proposal 3, to approve the Reverse Split Proposal is considered a "routine" matter, there will be no broker non-votes with respect to this proposal, and brokers, banks or other nominees may vote uninstructed shares on a discretionary basis.

Supplemental Information Concerning the Company's July 18, 2017 Special Meeting of Shareholders -

In connection with the Company's July 18, 2017 Special Meeting of shareholders (the "Special Meeting"), the definitive proxy statement stated with respect to Proposal 1, to amend the Company's articles of incorporation to implement a reverse stock split, as follows:

The affirmative vote of the holders of Shares representing a majority of all of the Company's Shares entitled to vote as of the Record Date is required to approve the amendment to our restated certificate of incorporation to implement a reverse stock split. Abstentions and broker non-votes will be counted towards the tabulation of votes cast on this proposal and will have the same effect as a negative vote. Brokerage firms do not have authority to vote customers' un-voted Shares held by the firms in street name on this proposal. The approval of Proposal I is not contingent on the

approval of Proposals II or III.

At the Special Meeting, nominees voted on Proposal No. 1 as a routine matter and, therefore, there were no broker non-votes reported to the Company by the nominees on Proposal No. 1. Upon tabulating the votes cast, inasmuch as Proposal No. 1 received votes in favor that exceed a majority of the outstanding shares as of the record date of such meeting, Proposal No. 1 was approved by shareholders. The approval of Proposal No. 3 at the 2018 Annual Meeting will permit the Company to effect a reverse stock split based upon the number of shares outstanding after giving effect to the approved 2017 reverse stock split. In other words, you are being asked to approve an additional reverse stock split beyond that effected in 2017 and thereupon acknowledge the 2017 reverse stock split.

Ramirez Litigation -

On June 20, 2018 a complaint was filed in the United States District Court for the Central District of California, Tony Ramirez v. Marathon Patent Group, Inc., Case no, 18-cv-06309 FMO. Mr. Ramirez, a purported shareholder of the Company, alleges that the disclosures in the definitive proxy statement related to Proposal No. 1 of the July 18, 2017 Special Meeting were inconsistent. The Company is voluntarily making the supplemental information disclosure set forth above. Nothing in this proxy statement shall be deemed an admission of the legal necessity or materiality under applicable laws of any of the supplemental information disclosures set forth herein. After conferring with Mr. Ramirez' counsel we believe that approval of Proposal No. 3 at the 2018 Annual Meeting will address the stated concerns surrounding approval of the 2017 Special Meeting Proposal No. 1.

Additional information concerning Proposal 3 routine matter -

If you are a beneficial owner and do not instruct your broker, bank, or other agent how to vote your shares, the question of whether your broker or nominee will be able to vote your shares depends on whether the New York Stock Exchange (the “NYSE”) deems the particular proposal to be a “routine” matter. Brokers and nominees can use their discretion to vote “uninstructed” shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. Under the rules and interpretations of the NYSE, “non-routine” matters are matters that may substantially affect the rights or privileges of stockholder, such as mergers, shareholder proposals, elections of directors (even if not contested), executive compensation (including any advisory shareholder votes on executive compensation and on the frequency of shareholder votes on executive compensation), and certain corporate governance proposals, even if management-supported. Because the Company has been informed that Proposal No. 3 is a routine item under applicable NYSE rules, brokers are entitled to vote your shares without your instruction on this proposal.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL NO. 3 TO GRANT THE BOARD DISCRETIONARY AUTHORITY TO EFFECT A REVERSE STOCK SPLIT.

PROPOSAL NO. 4

APPROVAL OF ISSUANCE OF SECURITIES IN ONE OR MORE NON-PUBLIC OFFERINGS WHERE THE MAXIMUM DISCOUNT AT WHICH SECURITIES WILL BE OFFERED WILL BE EQUIVALENT TO A DISCOUNT OF 20% BELOW THE MARKET PRICE OF OUR COMMON STOCK, IN ACCORDANCE WITH NASDAQ MARKETPLACE RULE 5635(d)

Our common stock is currently listed on the Nasdaq Capital Market and, as such, we are subject to Nasdaq Marketplace Rules. Nasdaq Marketplace Rule 5635(d) (“Rule 5635(d)”) requires us to obtain shareholder approval prior to the issuance of our common stock in connection with certain non-public offerings, issued below the “minimum price” for the Company’s common stock as defined in NASDAQ Rule 5635(d), involving the sale, issuance or potential issuance by the Company of Common Stock (and/or securities convertible into or exercisable for Common Stock) equal to 20% or more of the Common Stock outstanding before the issuance. Shares of our common stock issuable upon the exercise or conversion of warrants, options, debt instruments, preferred stock or other equity securities issued or granted in such non-public offerings will be considered shares issued in such a transaction in determining whether the 20% limit has been reached, except in certain circumstances such as issuing warrants that are not exercisable for a minimum of six months and have an exercise price that exceeds market value. We may effectuate the approved

offerings or transactions in one or more transactions, subject to the limitations herein.

We may seek to raise additional capital to implement our business strategy and enhance our overall capitalization. We have not determined the particular terms for such prospective offerings. Because we may seek additional capital that triggers the requirements of Rule 5635(d), we are seeking shareholder approval now, so that we will be able to move quickly to take full advantage of any opportunities that may develop in the equity markets.

We hereby submit this Proposal No. 4 to our shareholders for their approval of the potential issuance of shares of our common stock, or securities convertible into our common stock, in one or more non-public capital-raising transactions, or offerings, subject to the following limitations:

The maximum discount at which securities will be offered (which may consist of a share of Common Stock and a warrant for the issuance of up to an additional share of Common Stock) will be equivalent to a discount of 20% below the "Minimum Price" as defined by NASDAQ of our common stock at the time of issuance in recognition of the limited public float of our traded common stock and historical volatility making the pricing discount of our stock required by investors at any particular time difficult, at this time, to predict. NASDAQ defines the "minimum price" as the lower of (1) the closing price (as reflected on Nasdaq.com) immediately preceding the signing of the binding agreement or (2) the average closing price of the common stock (as reflected on Nasdaq.com) for the five trading days immediately preceding the signing of the binding agreement. For example, as reported in our Annual Report on Form 10-K filed with the SEC on April 16, 2018, the range of high and low closing prices for our common stock as reported by the Nasdaq Capital Market, for the period December 31, 2016 through December 31, 2017 was \$9.16 and \$2.52, respectively;

The aggregate number of shares issued in the offerings will not exceed 50,000,000 shares of our common stock, subject to adjustment for any reverse stock split effected prior to the offerings (including pursuant to preferred stock, options, warrants, convertible debt or other securities exercisable for or convertible into Common Stock);

The total aggregate consideration will not exceed \$100,000,000;

Such offerings will occur, if at all, on or before September 30, 2019, unless a shorter time is required by Nasdaq; and

Such other terms as the Board of Directors shall deem to be in the best interests of the Company and its shareholders, not inconsistent with the foregoing.

The issuance of shares of our common stock, or other securities convertible into shares of our common stock, in accordance with any offerings would dilute, and thereby reduce, each existing shareholder's proportionate ownership in our common stock. The shareholders do not have preemptive rights to subscribe to additional shares that may be issued by the Company in order to maintain their proportionate ownership of the Common Stock.

The issuance of shares of Common Stock in one or more non-public offerings could have an anti-takeover effect. Such issuance could dilute the voting power of a person seeking control of the Company, thereby deterring or rendering more difficult a merger, tender offer, proxy contest or an extraordinary corporate transaction opposed by the Company.

The Board has not yet determined the terms and conditions of any offerings. As a result, the level of potential dilution cannot be determined at this time, but as discussed above, we may not issue more than 50,000,000 shares of Common Stock in the aggregate pursuant to the authority requested from shareholders under this proposal (subject to adjustment for any reverse stock split). It is possible that if we conduct a non-public stock offering, some of the shares we sell could be purchased by one or more investors who could acquire a large block of our common stock. This would concentrate voting power in the hands of a few shareholders who could exercise greater influence on our operations or the outcome of matters put to a vote of shareholders in the future.

We cannot determine what the actual net proceeds of the offerings will be until they are completed, but as discussed above, the aggregate dollar amount of the non-public offerings will be no more than \$100,000,000. If all or part of the offerings is completed, the net proceeds will be used for general corporate purposes. We currently have no arrangements or understandings regarding any specific transaction with investors, so we cannot predict whether we will be successful should we seek to raise capital through any offerings.

Vote Required

The affirmative vote of a majority of the votes cast for this proposal is required to approve the issuance of securities in one or more non-public offerings, as required by and in accordance with Nasdaq Marketplace Rule 5635(d).

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL NO. 4.

PROPOSAL NO. 5

APPROVAL OF ANY CHANGE OF CONTROL THAT COULD RESULT FROM THE POTENTIAL ISSUANCE OF SECURITIES IN ONE OR MORE NON-PUBLIC OFFERINGS AS AUTHORIZED BY THE SHAREHOLDERS IN PROPOSAL NO. 4, IN ACCORDANCE WITH NASDAQ MARKETPLACE RULE 5635(b)

Nasdaq Marketplace Rule 5635(b) requires us to obtain shareholder approval prior to certain issuances with respect to Common Stock or securities convertible into Common Stock which will result in a change of control of the Company. This rule does not specifically define when a change in control of a Company may be deemed to occur. However, guidance suggests that a change of control would occur, subject to certain limited exceptions, if after a transaction a person or an entity will hold 20% or more of the Company's then outstanding capital stock. For the purpose of calculating the holdings of such person or entity, the Nasdaq Capital Market would take into account, in addition to the securities received by such person or entity in the transaction, all of the shares owned by such person or entity unrelated to the transaction and would assume the conversion of any convertible securities held by such person or entity. Since the issuance of the Acquisition Shares will significantly increase the amount of shares of Common Stock outstanding, we do not anticipate that the issuance of securities pursuant to Proposal No. 4, if authorized by the shareholders, will result in a change in control; however, we are seeking the shareholders' approval on any change in control in accordance with Nasdaq Marketplace Rule 5635(b) in the event that potential issuance of securities in the offerings proposed in Proposal No. 1 would result in a change in control.

Shareholders should note that a change of control as described under Nasdaq Marketplace Rule 5635(b) applies only with respect to the application of such Nasdaq rule. Neither Nevada law nor our articles of incorporation or bylaws requires us to obtain shareholder approval of such change in control.

Vote Required

The affirmative vote of a majority of the votes cast for this proposal is required to approve any change of control that could result from the potential issuance of securities in the non-public offerings following approval of Proposal No. 4, as required by and in accordance with Nasdaq Marketplace Rule 5635(b).

PROPOSAL NO. 6

APPROVAL OF AMENDMENT TO THE COMPANY'S 2018 EQUITY INCENTIVE PLAN

The Company's 2018 Equity Incentive Plan (the "2018 Plan") was approved by our Board on January 12, 2018 and by our shareholders on March 7, 2018. On October 12, 2018, the Board approved an amendment (the "Amendment") to the 2018 Plan that confirms that the 2018 Plan shall for all purposes comply with and be interpreted in accordance with the Tax Cut and Jobs Act passed in 2017, the principal effect of which is elimination of performance-based compensation exception to the deductibility limitations under Section 162(m) of the Internal Revenue Code (the "Code") and to include any individual who was our then current or former named executive officer as a "covered employee," such that payments to former employees will be subject to the deduction limitations thereunder. The Board is recommending and submitting the Amendment to our shareholders for approval.

Reasons for the Proposed Amendment

Commencing with our fiscal 2018 year, the performance-based compensation exception to the deductibility limitations under Section 162(m) of the Code will no longer apply (other than with respect to certain "grandfathered" performance-based awards, if any, granted prior to November 2, 2017) and the deduction limitation under Section 162(m) of the Code will generally apply to compensation paid to any of our then current or former named executive officers.

Vote Required

The affirmative vote of the holders of a majority of the shares of the Company's common stock having voting power present in person or represented by proxy at the 2018 Annual Meeting is required to approve amending the Company's 2018 Equity Incentive Plan.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" PROPOSAL NO. 6.

PROPOSAL NO. 7

THE RATIFICATION OF THE APPOINTMENT OF RBSM LLP AS THE COMPANY'S INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2018

The Board of Directors has appointed RBSM LLP ("RBSM") as our independent registered certified public accounting firm for the fiscal year 2018 and has further directed that the selection of RBSM be submitted to a vote of shareholders at the Annual Meeting for ratification.

As previously reported in the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on January 17, 2017, on January 11, 2017, the Company notified SingerLewak LLP ("SingerLewak") of its dismissal, effective January 11, 2017, as the Company's independent registered public accounting firm. SingerLewak served as the auditors of the Company's financial statements for the period from April 16, 2014 through the date of dismissal. With approval from the Board on January 5, 2017, the Company appointed BDO USA, LLP ("BDO"), effective January 11, 2017, as the Company's independent registered public accounting firm for the Company's fiscal year ending December 31, 2016. As previously reported in the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on December 1, 2017, on November 27, 2017, the Company received notice from BDO that it resigned as the Company's auditor effective immediately. On November 30, 2017, the Board appointed RBSM as the Company's independent registered public accounting firm for the Company's fiscal year ending December 31, 2017.

As described below, the shareholder vote is not binding on the Board. If the appointment of RBSM is not ratified, the Board will evaluate the basis for the shareholders' vote when determining whether to continue the firm's engagement, but may ultimately determine to continue the engagement of the firm or another audit firm without re-submitting the matter to shareholders. Even if the appointment of RBSM is ratified, the Board may in its sole discretion terminate the engagement of the firm and direct the appointment of another independent auditor at any time during the year if it determines that such an appointment would be in the best interests of our Company and our shareholders.

Representatives of RBSM are expected to attend the Annual Meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

Vote Required

The affirmative vote of the majority of the votes cast at the Annual Meeting is required for the ratification of the appointment of RBSM as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2018.

INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTING FIRM FEES AND SERVICES

During the year ended December 31, 2017 and 2016, we engaged SingerLewak until its dismissal effective January 11, 2017, BDO as our independent auditor for the Company’s fiscal year ending December 31, 2016, until BDO’s resignation effective November 27, 2017, and, on November 30, 2017, RBSM as our independent auditor for the Company’s fiscal year ending December 31, 2017. For the year ended December 31, 2016, we incurred fees, and for the year ended December 31, 2017, we expect to incur fees, as discussed below:

	Fiscal Year Ended	
	December 31, 2017	December 31, 2016
Audit fees	\$155,000	\$155,000
Audit-related fees	0	0
Tax fees	0	0
All other fees	0	0

Audit fees consist of fees related to professional services rendered in connection with the audit of our annual financial statements. All other fees relate to professional services rendered in connection with the review of the quarterly financial statements.

Our policy is to pre-approve all audit and permissible non-audit services performed by the independent accountants. These services may include audit services, audit-related services, tax services and other services. Under our audit committee’s policy, pre-approval is generally provided for particular services or categories of services, including planned services, project based services and routine consultations. In addition, the audit committee may also pre-approve particular services on a case-by-case basis. Our audit committee approved all services that our independent accountants provided to us in the past two fiscal years.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” PROPOSAL NO. 7.

PROPOSAL NO. 8 - OTHER MATTERS

The Board knows of no matter to be brought before the Annual Meeting other than the matters identified in this proxy statement. However, if any other matter properly comes before the Annual Meeting or any adjournment of the meeting, it is the intention of the persons named in the proxy solicited by the Board to vote the shares represented by them in accordance with their best judgment.

SHAREHOLDER PROPOSALS FOR THE 2019 MEETING

Our bylaws provide that, for matters to be properly brought before an annual meeting, business must be either (i) specified in the notice of annual meeting (or any supplement or amendment thereto) given by or at the direction of the Board of Directors, (ii) otherwise brought before the annual meeting by or at the direction of the Board of Directors, or (iii) otherwise properly brought before the annual meeting by a shareholder.

Shareholder proposals intended for inclusion in our proxy statement relating to the next annual meeting in 2019 must be received by us no later than September 1, 2019. If the date of next year's annual meeting is moved by more than 30 days before or after the anniversary date of this year's Annual Meeting, then the deadline for inclusion of a shareholder proposal in our proxy materials is instead a reasonable time before we begin to print and send our proxy materials for that meeting. Any such proposal must comply with Rule 14a-8 of Regulation 14A of the proxy rules of the SEC.

Notice to us of a shareholder proposal submitted otherwise than pursuant to Rule 14a-8 also will be considered untimely if received at our principal executive offices other than during the time period set forth below and will not be placed on the agenda for the meeting. In addition to any other applicable requirements, for business to be properly brought before an annual meeting by a shareholder, the shareholder must have given timely notice thereof in writing to our secretary. To be timely, a shareholder's notice must be delivered to the secretary at our principal executive offices not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is more than thirty (30) days before or more than seventy (70) days after such anniversary date, notice by the shareholder must be so delivered not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the tenth (10th) day following the day on which public announcement of the date of such meeting is first made by us.
