Six directors, constituting our entire board of directors, are to be elected at the 2019 annual meeting to serve until the next annual meeting of shareholders and until their respective successors have been duly elected and qualified. All of the nominees are currently directors and have been recommended for re-election by the nominating and corporate governance committee of the board and nominated by the board. If any nominee should become unavailable for election for any presently unforeseen reason, the persons designated to serve as proxies will have full discretion to vote for another person nominated by the board.

Directors are elected by a plurality of the votes cast by the holders of shares entitled to vote in the election of directors at the annual meeting. Our Restated Articles of Incorporation prohibit cumulative voting for the election of directors.

Our board of directors and nominating and corporate governance committee unanimously recommend that all shareholders vote FOR the election of all our director nominees. All duly submitted and unrevoked proxies will be voted FOR all our nominees, except where authorization to so vote is withheld. Votes withheld and broker non-votes are not counted in the election of directors.

NOMINEES FOR DIRECTOR

The six nominees for director are named below. Each has consented to serve as a director if elected. Set forth below is pertinent information with respect to each nominee:

Timothy W. Byrne

Mr. Byrne, age 61, rejoined us on December 8, 2000 as our President and Chief Executive Officer, positions he previously held during 1997 and 1998. Mr. Byrne has served as a director since 1991, and served in various positions, including Senior Vice President and Chief Financial Officer and Vice President of Finance and Administration, from 1990 to 1998. Prior to rejoining us in 2000, Mr. Byrne was president of an Internet services and communications company focused on strategy, marketing and technology. The board selected Mr. Byrne to serve as a director because he is our Chief Executive Officer and has been with the company for more than 25 years in various operational and financial positions. Mr. Byrne is also a past president of the National Lime Association. He has extensive knowledge of the lime industry and our operations, markets and finances and is the only officer of the company to sit on the board.

Richard W. Cardin

Mr. Cardin, age 83, has served as a director since 1998. He retired as a partner of Arthur Andersen LLP in 1995, having spent 37 years with that firm. He was a member of the board of directors of Atmos Energy Corporation, a natural gas utility company, through February 2011, and was, until the corporation was sold in November 2006, a member of the board of directors of Intergraph Corporation, a global provider of spatial information management software and services. The board selected Mr. Cardin, a certified public accountant (inactive) and an audit committee financial expert, to serve as a director because of his accounting, finance and risk management background, his board and audit committee experience at other public companies, as well as his operational and leadership skills gained as an office managing partner of a major accounting firm.

Antoine M. Doumet

Mr. Doumet, age 58, has served as a director since 1993 and as Chairman of the board since 2005, and served as Vice Chairman from 1993 until 2005. He is a private businessman and investor. From 1989 to 1995, he served as a director of MELEC, a French electrical engineering and contracting company. From 1988 to 1992, Mr. Doumet served as vice president and a director of Lebanon Chemicals Company. Mr. Doumet is the brother of Mr. George M. Doumet, who indirectly owns all of the outstanding shares of Inberdon. The board selected

3

Mr. Doumet to serve as a director because of his brother's majority control of the company and his extensive management, operational and engineering background as a result of his educational training and oversight of a variety of private business units, some with operations similar to ours.

Ray M. Harlin

Mr. Harlin, age 69, has served as a director since March 8, 2018. Since February 2016, he has been a consultant for Santek Development, LLC, an integrated waste management company. He retired as president and chief financial officer of US Xpress Enterprises, Inc., a national transportation company, in 2015, where he also held the position of executive vice president and chief financial officer from 1997 until 2011. He is a member of the board of directors of Smith Transport, Inc., a provider of comprehensive transportation solutions to clients nationwide. Mr. Harlin was a certified public accountant and held various positions with Arthur Andersen LLP from 1973 to 1997, including managing partner of the firm's Chattanooga, Tennessee office. The board selected Mr. Harlin, an audit committee financial expert, to serve as a director because of his transportation, accounting, finance and risk management background, his board and audit committee experience at other companies and his operational and leadership skills gained as president and CFO of a large transportation company and as an office managing partner of a major accounting firm.

Billy R. Hughes

Mr. Hughes, age 80, has served as a director since 2010. He began his career with us in 1973 as a salesperson for the Arkansas Lime plant and served as our Senior Vice President – Sales & Marketing from 1998 to January 2008 and Senior Vice President – Development from February 2008 until his retirement in February 2009. He has more than 35 years of experience in the lime and limestone industry serving in various sales and marketing positions for the company and its subsidiaries. The board selected Mr. Hughes to serve as a director because of his extensive knowledge of our operations, customers and history, particularly the markets for the company's lime and limestone products.

Edward A. Odishaw

Mr. Odishaw, age 83, has served as a director since 1993 and as Vice Chairman of the board since 2005, and served as Chairman from 1993 until 2005. Mr. Odishaw is chairman of Austpro Energy Corporation, a public Canadian corporation. Between 1964 and 1999, he practiced law in Saskatchewan and British Columbia, Canada, with emphasis on commercial law, corporate mergers and acquisitions and finance. Between 1992 and 1999, Mr. Odishaw was a barrister and solicitor with the law firm of Boughton Peterson Yang Anderson, located in Vancouver, Canada. From 1972 to 1992, Mr. Odishaw was a barrister and solicitor with the law firm of Swinton & Company, Vancouver, Canada. Mr. Odishaw holds directorships in numerous companies and associations in Canada. Mr.

Odishaw, as of January 1, 2018, became a non-practicing member of the Law Society of British Columbia and is also a non-practicing member of the Law Society of Saskatchewan. The board selected Mr. Odishaw to serve as a director because of his many years of legal experience in financial and transactional matters and his management and leadership experience as a director of various companies and associations.

EXECUTIVE OFFICERS

WHO ARE NOT DIRECTORS

Mr. Wiedemer, age 50, joined us in September 2017 as our Vice President and Chief Financial Officer. He has over 20 years of financial and accounting experience. Mr. Wiedemer is a certified public accountant and served as corporate controller for TearLab Corp., an in vitro diagnostic medical device company, from 2015 to 2017. From 2009 to 2015, Mr. Wiedemer held various positions, including corporate controller and chief accountant, at Peerless Manufacturing Company (“PMFG”), a provider of separation and filtration equipment primarily serving the oil and gas and power generation industries. Prior to joining PMFG, Mr. Wiedemer was an audit manager with Grant Thornton LLP.

CORPORATE GOVERNANCE

We have adopted corporate governance practices in accordance with the listing standards of the Nasdaq Global Market and commensurate with our size.

Upon the recommendation of the nominating and corporate governance committee, the board has determined that Messrs. Cardin, Doumet, Harlin, Hughes and Odishaw are independent within the meaning of Nasdaq rules. In making the determination that Mr. Doumet is independent, the committee and the board considered the fact that Mr. Doumet is the brother of Mr. George M. Doumet, who indirectly owns all of the outstanding shares of Inberdon. Mr. Byrne, our president and chief executive officer, is not independent within the meaning of the Nasdaq rules.

Our board of directors meets at least four times each year, and more frequently as required, and is responsible for overseeing the management of the business and affairs of the company, including the development of our major policy and strategy. The board has a standing nominating and corporate governance committee, audit committee, compensation committee and executive committee.

Our practice is to separate the roles of chairman of our board and our president and chief executive officer. We believe that this leadership structure has served us well and may be expected to continue.

Our board of directors as a whole has overall responsibility for risk oversight. The board is involved in major operational and financial decisions, looking to the appropriate board committees for decisions and recommendations in their areas of specific responsibilities. As discussed below, our audit committee oversees our financial reporting, internal control, accounting, disclosure, related-party transaction and “whistleblower” processes and procedures, while our compensation committee considers the impact of our executive compensation policies and practices on the risk profile of our company in making its compensation decisions. Our executive committee is chaired by our independent

chairman, and three-fourths of the committee consists of independent directors.

During the year ended December 31, 2018, our board of directors held six meetings, the nominating and corporate governance committee held two meetings, the audit committee held six meetings and the compensation committee held one meeting. The executive committee did not meet during 2018. During 2018, each director then in office attended at least 75% of the aggregate of (a) the total number of meetings held by the board and (b) the total number of meetings held by all committees on which he served. The board has a policy encouraging each director to attend our annual meeting of shareholders, and all of our directors then in office attended the 2018 annual meeting. The board also has a policy that, in conjunction with each regularly scheduled meeting of the board, the independent directors will meet in executive session.

Governance responsibilities are undertaken by our board of directors as a whole, with certain specific responsibilities delegated to the four committees as described below:

- Our nominating and corporate governance committee (the “nominating committee”) is currently composed of Messrs. Doumet (chairman), Cardin, Harlin, Hughes and Odishaw, each of whom is an independent director. The primary purposes of the nominating committee are to identify and recommend individuals to serve as members of our board, to recommend to the board the duties, responsibilities and members of each committee, and to assist the board with other matters to ensure effective corporate governance, including making independence and other determinations related to director qualifications. The nominating

committee is responsible for administering the board's procedures for consideration of director nominees recommended by shareholders and the board's process for shareholder communications with directors. The nominating committee will consider qualified candidates for nomination for election to the board recommended by our directors, officers and shareholders. In considering all such candidates, the nominating committee will take into account the candidate's experience, qualifications, attributes and skills, in light of the size, structure, composition, diversity and needs of the board, in the following areas: our industries; accounting and finance; business judgment; management; leadership; business strategy; risk management; and corporate governance. All candidates should have a reputation for integrity, have experience in positions with a high degree of responsibility, be leaders in the companies, institutions or professions with which they have been affiliated, and be capable of making a sound contribution to the company. Shareholders wishing to recommend a director candidate for consideration by the nominating committee should send all relevant information with respect to the individual to the chairman of the committee in care of our secretary. Shareholders and other interested persons who wish to contact our directors on other matters should contact our secretary. Our secretary, who may be contacted by mail at our corporate address or by e-mail at uslime@uslm.com, forwards communications to the director(s) as addressed in such communication. The nominating committee has adopted a written charter, which is available on our website located at <http://investors.uslm.com>. The nominating committee reviews and assesses the adequacy of its charter on an annual basis.

· Our audit committee is currently composed of Messrs. Cardin (chairman), Harlin, Hughes and Odishaw. Upon recommendation of the nominating committee, our board has determined that each member of the audit committee is independent and meets the other qualification standards set by law, regulation and applicable Nasdaq listing standards. Based on their past education, employment experience and professional certification in public accounting, the board has determined that Messrs. Cardin and Harlin qualify as audit committee financial experts as defined by the Securities and Exchange Commission (the "SEC"). The audit committee oversees the company's financial reporting, internal control, accounting and disclosure processes on behalf of our board, is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm ("independent auditors") and may, in its discretion, engage independent counsel or other advisers as the committee may determine to assist it in the performance of its duties and responsibilities. The audit committee is also responsible for overseeing the administration of our Code of Business Conduct and Ethics, which is available on our website located at <http://investors.uslm.com>; reviewing and approving all related-party transactions; and administering our procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting control and auditing matters and for the confidential anonymous submission by our employees of concerns regarding questionable accounting or auditing matters, including our "whistleblower" procedures. Under our Code of Business Conduct and Ethics and our audit committee charter, we have written policies and procedures for the review and approval of related-party transactions. Proposed transactions with related persons and other transactions, arrangements or relationships involving a director or executive officer that may involve potential conflicts of interest are to be submitted in advance to the audit committee for its review and approval, with any involved director or executive officer playing no role in the investigation and consideration of the matter. In considering whether to approve any such related-party transactions, including with Inberdon, the audit committee would consider whether the transaction was in the best interests of the company and all of its shareholders; whether the same or a similar transaction were available to the company from unrelated third parties on equal or better terms; and whether the terms of the related-party transaction were negotiated at arms'-length and were at least as favorable to the company as any other reasonably available transaction with another party. Advice from independent advisers, including formal fairness opinions, would be sought where appropriate. The audit committee has adopted a written charter, which is available on our website located at <http://investors.uslm.com>. The audit committee reviews and assesses the adequacy of the charter on an annual basis. The Report of the Audit Committee is set forth below.

- Our compensation committee is currently composed of four independent directors, Messrs. Odishaw (chairman), Cardin, Doumet and Harlin. The compensation committee is responsible for the evaluation, approval and administration of salary, incentive compensation, bonuses, benefit plans and other forms of compensation for our officers and certain other management employees, including how our compensation

policies and practices relate to our risk management processes and procedures and risk-taking incentives consistent with our overall risk profile. The compensation committee is responsible for administering our 2001 Plan. The compensation committee may, in its discretion, engage any compensation consultants, legal counsel or other advisers as the committee may determine to assist it in the performance of its duties and responsibilities. The compensation committee has adopted a written charter, which is available on our website located at <http://investors.uslm.com>. The compensation committee reviews and assesses the adequacy of the charter on an annual basis. The Report of the Compensation Committee is set forth below.

- Our executive committee is currently composed of Messrs. Doumet (chairman), Byrne, Hughes and Odishaw. Within the policy and strategic direction provided by our board, the executive committee may exercise all of the powers of the board, except those required by law, regulation or Nasdaq listing standards to be exercised by the full board or another committee of the board, and is required to report to the board on all matters considered and actions taken since the last meeting of the full board.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of four independent directors as defined under the applicable rules of the Nasdaq Global Market, Section 10A(m)(3) of the Securities Exchange Act of 1934, and the rules and regulations of the Securities and Exchange Commission (the "SEC"). The Committee oversees the company's financial reporting, internal control, accounting and disclosure processes on behalf of the board of directors. The Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the company's independent registered public accounting firm ("independent auditors"). Management has primary responsibility for the company's financial statements and reporting processes, including the company's systems of internal control. Grant Thornton LLP, the company's independent auditors, is responsible for performing independent audits of the company's financial statements and its internal control over financial reporting, in accordance with standards established by the Public Company Accounting Oversight Board (United States) (the "PCAOB"), and expressing opinions, based on its audits, as to the conformity of such financial statements with accounting principles generally accepted in the United States of America and as to the effectiveness of such internal control over financial reporting.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the company's audited financial statements and internal control over financial reporting with management and the independent auditors. The Committee has also discussed with the independent auditors the other matters required to be discussed under PCAOB standards. In addition, the Committee has received from the independent auditors the written disclosures and the letter concerning independence required by the PCAOB and discussed with them their independence from the company and its management. The Committee has considered whether the independent auditors' provision of non-audit services to the company is compatible with the auditors' independence.

The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluation of the company's internal control over financial reporting and the overall quality of the company's financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended, and the board of directors approved, the inclusion of the company's audited financial statements in the company's Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the SEC.

Respectfully submitted by the members of the Audit Committee of the Board of Directors,

Richard W. Cardin, Chairman

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The compensation committee of our board has the responsibility for administering our executive compensation program. The committee reviews and, as appropriate, makes recommendations to the full board regarding the base salaries and annual cash bonuses for executive officers, and administers our 2001 Plan, including the grant of stock options and shares of restricted stock and cash awards. Where appropriate, we may enter into employment agreements with certain executive officers.

Compensation Philosophy and Objectives. Our principal executive compensation policy, which is endorsed by the committee, is to provide a compensation program for executive officers that will attract, motivate and retain persons of high quality and will support a long-standing internal culture of loyalty and dedication to the interests of the company and our shareholders in order to assist us in creating long-term shareholder value. In administering the executive compensation program, the committee is mindful of the following principles and guidelines, which are supported by the full board:

- Base salaries for executive officers should be competitive.
- A sufficient portion of annual compensation should be at risk in order to align the interests of executive officers with those of our shareholders.
- The variable part of annual compensation should reflect both individual and corporate performance.
- As a person's level of responsibility increases, a greater portion of total compensation should be at risk and include more stock-based compensation to provide executive officers long-term incentives and help to align further the interests of such executives and shareholders in the enhancement of shareholder value.

Our executive compensation program currently has three primary components: base salary, annual cash bonuses and stock-based awards granted pursuant to our 2001 Plan. In addition, an executive officer may receive certain benefits that are specifically provided for in his employment agreement or are generally available to all salaried employees. We do not have any defined benefit pension plans, non-qualified deferred compensation arrangements or supplemental retirement plans for our executive officers.

For each executive officer, the committee determines the appropriate level for each compensation component based in part on its view of competitive market factors, internal equity and consistency and other considerations deemed relevant, such as rewarding extraordinary performance. The committee has not adopted any formal or informal policies or guidelines for allocating compensation among different forms of cash compensation, between cash and non-cash compensation or between currently paid and long-term compensation. The committee also considers the potential risk incentive each compensation component may have on an executive officer and believes that the compensation packages for our executive officers achieve the appropriate balance of cash and non-cash, discretionary and performance-based and short-term and long-term incentives and do not encourage undue or inappropriate risk-taking. Our president and chief executive officer provides the committee with recommendations for executive officers other than himself, which the committee reviews and approves as submitted or with revisions, if any.

The committee has not engaged an outside compensation consultant. Although the committee does not formally benchmark any component of our executive officer compensation to a particular target percentile of any other company's compensation, the committee does, as it believes appropriate, consider data that allows a general comparison of the overall compensation for our executive officers with that of other comparable size non-durable manufacturing companies. In addition, in considering our executive compensation for 2018, the committee took into account the favorable outcome of the shareholder advisory vote on executive compensation in connection with the company's 2018 annual meeting of shareholders and, therefore, did not feel that any major changes were required to our executive compensation program.

Base Salaries. The committee determines levels of our executive officers' base salaries so as to be competitive with amounts paid to executives performing similar functions in comparable size non-durable manufacturing companies. The amount of each executive officer's annual increase in base salary, if any, is based on a number of largely subjective factors, including changes in the individual's duties and responsibilities, the personal performance of such executive officer, the performance of the company, cost-of-living increases, and such other factors as the committee deems appropriate, including the individual's overall mix between fixed and variable compensation and between cash and stock-based compensation. In the case of Mr. Byrne, his employment agreement provides for a minimum base salary.

Mr. Byrne's base salary is reviewed annually for adjustment effective January 1. The base salaries of our other executive officers are also reviewed annually for adjustment. In determining salary increases in 2018, the primary factors considered were the executive officers' individual performances, the performance of the company and the cost-of-living. Salary rate increases for Messrs. Byrne, Riggs and Wiedemer in 2018 were 2.3%, 2.7%, and 1.5%, respectively. The 2019 salary rate increase for Mr. Byrne was 2.3%, effective January 1, 2019. The salary rate increases for the remaining executive officers, other than Mr. Byrne, for 2019 have not yet been determined.

Annual Cash Bonuses. Each of our executive officers is eligible to receive annual cash bonuses based on discretionary determinations made by the committee. Except in the case of Mr. Byrne, we have not adopted a formal or informal annual bonus arrangement with pre-set performance goals. Rather, the committee's determination to pay a cash bonus, if any, is made in December each year based on the committee's subjective judgment with respect to the past performance of the individual and the company or on the attainment of non-quantified performance goals during the year. In either such case, the discretionary bonus may be based on the specific accomplishments of the individual and/or on the overall performance of the company. Discretionary bonuses are normally paid after our earnings for the applicable year are released. The amounts of the discretionary bonuses for 2018 paid in 2019 were based on each executive officer's individual performance and accomplishments, including contributions made to our modernization and expansion and development projects, during 2018 and are reflected in the Summary Compensation Table.

In the case of Mr. Byrne, in addition to the possibility of a discretionary cash bonus in the subjective judgment of the committee, Mr. Byrne's employment agreement provides that he was entitled for 2018 to an objective annual cash bonus opportunity under our 2001 Plan based on our 2018 EBITDA (earnings before interest, taxes, depreciation, and amortization, computed without regard to the effects of any awards granted under our 2001 Plan) of \$100,000 if EBITDA was \$30,000,000; \$175,000 if EBITDA was \$32,000,000; \$250,000 if EBITDA was \$34,000,000; \$325,000 if EBITDA was \$36,000,000; and the greater of \$410,000 or his base salary at the start of the performance year if EBITDA was equal to or greater than \$38,000,000. Any such EBITDA cash bonus for 2018 would be prorated between breakpoints, if required. In 2018, our EBITDA as calculated under this agreement exceeded \$38,000,000. As a result, we paid Mr. Byrne in 2019 an EBITDA cash bonus for 2018 of \$440,000, equal to the amount of his base salary for 2018. For 2019, Mr. Byrne's maximum EBITDA cash bonus is \$450,000, equal to the amount of his base salary for 2019.

Stock-Based Awards. The committee also administers our 2001 Plan to provide stock-based incentives to our key employees, including our executive officers. Grants of stock options, shares of restricted stock and other possible

stock-based awards are based on each individual's position within the company, level of responsibility, past performance and expectation of future performance. In determining the number of stock-based awards to be granted to each executive officer, the committee also considers the number of stock-based awards made in prior years to the executive officer, as well as the company's performance and the market price of our common stock.

Grants of stock-based awards to Mr. Byrne are made on the last business day of the calendar year as set forth in his employment agreement. Grants to other executive officers are made on or soon after the date that our earnings for the preceding calendar year are released. The committee also may make grants to executive officers at other times during the year in connection with new hires or promotions. The exercise price for stock options is set at the closing per share market price of our common stock on the date of grant.

The stock-based component of our executive compensation program is weighted more heavily toward the granting of shares of time-vested restricted stock than stock options. This is because the committee believes that the amount required to be expensed for stock options by accounting standards is significantly greater than the amount of benefit optionees perceive they receive, as well as the fact that restricted stock is comparatively less dilutive to earnings than stock

options. In the case of restricted stock to be granted to Mr. Byrne under his employment agreement, the vesting of such restricted stock will also be subject to the achievement of a performance condition based on the gross profit of our lime and limestone operations, as discussed below.

Under his employment agreement, on the last business day of the fiscal year Mr. Byrne was entitled to be granted at least (1) 7,500 stock options and (2) 12,000 shares of restricted stock in 2018. Mr. Byrne's options vest immediately. His shares of restricted stock vest in two semi-annual installments, provided that the gross profit of our lime and limestone operations for the rolling four quarters ending with the quarter preceding the given restricted stock vesting date exceeds \$10,000,000.

In February 2019 and 2018, the compensation committee granted shares of restricted stock that vest in three annual installments, and no options, to the other executive officers as follows:

Name	Shares of Restricted Stock	
	2019	2018
Russell W. Riggs	552	552
Michael L. Wiedemer	210	45

In granting these executive officers shares of restricted stock in February 2019, the committee took into account the executive officers' past and expected performance, the decrease in gross profit of our lime and limestone operations during 2018 and the change in the market price of our common stock since February 2018 in deciding on the number of shares of restricted stock to be granted in order to provide the executives with meaningful stock-based compensation and incentive for future performance. Additionally, the committee considered that 2018 was Mr. Wiedemer's first full year with the company when granting his shares of restricted stock in February 2019.

Tax Implications. Section 162(m) of the Internal Revenue Code (the "Code") generally limits the corporate income tax deduction for compensation paid to certain named executive officers to \$1 million per year, except, to the extent applicable, for certain qualified performance-based compensation. As a result of the Tax Cuts and Jobs Act of 2017 (the "2017 Tax Act"), for tax years beginning after December 31, 2017, Section 162(m)'s performance-based exception is limited to written binding contracts in effect before November 2, 2017 and not materially modified after that date. We have not materially modified our employment agreement with Mr. Byrne, which was effective as of January 1, 2015. Therefore, to the extent applicable, options granted under our 2001 Plan constitute performance-based compensation not subject to the Section 162(m) limitation, and grants of time-vested restricted stock also may be considered performance-based for Section 162(m) purposes if, as in the case of the restricted stock granted to Mr. Byrne on December 31, 2018, their vesting is also subject to a performance condition. Our 2001 Plan also provides for dollar-denominated cash bonuses, including Mr. Byrnes's annual EBITDA cash bonus opportunities, that, to the extent applicable, may qualify as performance-based compensation under Section 162(m), but our discretionary cash bonuses will not. See "Proposal 3: Approval of the United States Lime & Minerals, Inc. Amended and Restated 2001 Long-Term Incentive Plan."

Employment Agreement

Mr. Byrne's employment agreement became effective as of January 1, 2015. The agreement continues in effect until December 31, 2019 and for successive one-year periods thereafter unless the Company or Mr. Byrne gives at least one-year's prior written notice of intent not to renew.

Mr. Byrne's employment agreement provides for a base salary of at least \$410,000, which is to be reviewed annually. It also provides for a discretionary cash bonus to be determined by the compensation committee. In addition to the possibility of a discretionary cash bonus, Mr. Byrne is eligible to receive an annual objective cash bonus based on our EBITDA compared to certain target levels set forth in his employment agreement as discussed above. The employment agreement also provides for annual grants of options and of shares of restricted stock on the last business day of each year during the term of the employment agreement, as follows: (1) 7,500 options each year; and (2) 12,500 shares of restricted stock in each year commencing with 2019 through the final year of the employment term. The options will be granted at the closing per share market price of our common stock on the date of grant and will vest on the date of grant; and the shares of restricted stock will vest in two semi-annual installments, provided that the gross profit of our lime and limestone operations for the rolling four quarters ending with the quarter preceding the given restricted stock vesting date exceeds \$10,000,000. Under Mr. Byrne's employment agreement, he is also entitled to an annual \$50,000 payment in lieu of our obligation to fund a life insurance, retirement or savings arrangement, a country club membership, the use of a company-provided automobile, reimbursement of business expenses and participation in our 401(k) plan and other benefit programs on the same basis as our other salaried employees.

As set forth in the table below, in the event of a change in control of the company (as defined), Mr. Byrne is entitled to severance payments equal to three times his reported taxable income for the last full year immediately preceding his termination if he voluntarily terminates his employment within nine months following the change in control or we terminate his employment without cause within two years following the change in control. Mr. Byrne is entitled to severance payments equal to two times such reported taxable income if he is terminated without cause prior to or after two years following a change in control. Unless he provides us with three months' notice, Mr. Byrne is not entitled to any severance payments upon his voluntary termination (other than within nine months following a change in control); if he does provide us with such notice, he is entitled to severance equal to two months' base salary. All post-termination payments to Mr. Byrne are subject to the limitations of Sections 409A and 280G of the Code. Mr. Byrne is entitled to no additional base salary or severance payment if his employment terminates as a result of cause (as defined), or because of his death or disability. Mr. Byrne's employment agreement also contains certain post-termination covenants not to compete, confidentiality agreements and prohibitions against soliciting our customers and raiding our employees.

Potential Payments Upon Termination or Change in Control

Regardless of the manner in which a named executive officer's employment terminates, including upon death, disability or termination for cause, he is entitled to receive amounts earned during his term of employment. Such amounts include:

- salary through the date of termination;
- stock-based compensation in which he has vested; and
- unused vacation pay.

In addition, Mr. Byrne may be entitled to a proportional EBITDA cash bonus for the year of termination if termination occurs in the second half of the year.

The following table summarizes the estimated severance payments to be made under each employment agreement, plan or arrangement which provides for payments to a named executive officer at, following or in connection with a termination of employment due to voluntary resignation, involuntary termination without cause, death or disability or change in control as of December 31, 2018:

Employee	Voluntary Termination Without Change in Control (\$)	Involuntary Termination Without Change in Control (\$)	Death or Disability (\$)	Termination with Change in Control (\$)
Timothy W. Byrne Severance (1)	—	(2) 4,112,308	(3) —	6,168,468 (4)(5)
Accelerated Vesting of Stock-Based Awards(6)	—	—	852,000	852,000 (5)
Russell W. Riggs Severance	—	—	—	—
Accelerated Vesting of Stock-Based Awards(6)	—	—	74,692	74,692
Michael L. Wiedemer Severance	—	—	—	—
Accelerated Vesting of Stock-Based Awards(6)	—	—	3,195	3,195

- (1) The estimated severance payments are based on Mr. Byrne's reportable taxable income for 2018. Does not include any proportional EBITDA cash bonus to which he may be entitled for the year of termination if termination occurs in the second half of the year.
- (2) Does not include severance payment of two months' base salary to which Mr. Byrne would be entitled if he gave us three months' notice.
- (3) This severance payment is payable upon involuntary termination without cause prior to or after two years following a change in control.
- (4) This severance payment is payable upon voluntary termination within nine months following a change in control or involuntary termination without cause within two years following a change in control.
- (5) This payment is subject to being reduced to stay within the limits of Section 280G of the Code.
- (6) The estimated value of accelerated vesting of stock-based awards is based on the unvested shares of restricted stock held by each executive officer as of December 31, 2018 and the closing per share market price of our common stock on December 31, 2018.

PAY RATIO

In accordance with Item 402(u) of Regulation S-K, promulgated pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we determined the ratio of the annual total compensation of Mr. Byrne, our CEO, relative to the annual total compensation of our median employee for 2018. For purposes of reporting annual total compensation and the ratio of annual total compensation of the CEO to the median employee for 2018, both the CEO's and the median employee's annual total compensation were calculated by taking the sum of annual total compensation according to the SEC's instructions for preparing the Summary Compensation Table and the employer health and life insurance contributions.

For 2018, we used the same median employee that we identified for 2017 since there was no change in our employee population or employee compensation arrangements that we believe would significantly impact our 2018 pay ratio disclosure. In determining the median employee, we had collected information regarding annual gross pay for all of our employees, excluding our CEO, who were employed by us as of December 31, 2017. Gross pay generally included an employee's actual income, including wages, overtime, bonuses, equity compensation and employer health and life insurance contributions. We included all of our full-time, part-time, temporary and seasonal employees.

For 2018, the annual total compensation of our CEO was \$2,166,758, and the median employee annual total compensation was \$76,561, resulting in a pay ratio of 28:1.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the proxy statement.

COMPENSATION OF DIRECTORS

We use a combination of cash and stock-based awards to attract and retain qualified directors to serve on our board of directors. In setting director compensation, we consider the significant amount of time that our directors expend in fulfilling their duties, as well as the skill level required by us for members of our board.

The following table sets forth the current compensation schedule for our directors who are not also employees:

Annual Retainer	\$ 15,000
Daily Meeting or Per Diem Fee	\$ 1,500
Telephonic Meeting Fee	\$ 500
Additional Annual Retainers:	
Audit Committee Chairman	\$ 17,000
Compensation Committee Chairman	\$ 5,000

Our non-employee directors are also granted annually, at their option, either 2,400 stock options or 800 shares of restricted stock under our 2001 Plan upon their election or re-election by the shareholders as a director. The options are granted at the closing per share market price of our common stock on the date of grant and vest immediately. The shares of restricted stock vest six months following the date of grant.

The following table summarizes the compensation paid to our non-employee directors during 2018:

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (1) (\$)	Option Awards (1) (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Non-qualified Deferred Compensation Earnings (\$)	All Other Compensation (\$)	Total (\$)
Richard W. Cardin	53,000	58,808	—	—	—	—	111,808
Antoine M. Doumet	36,000	—	45,312	—	—	—	81,312

Ray M. Harlin	27,250	58,808					86,058
Billy W. Hughes	36,000	58,808	—	—	—	—	94,808
Edward A. Odishaw	41,000	58,808	—	—	—	—	99,808

⁽¹⁾ Reflects the aggregate grant date fair value with respect to restricted stock and stock options determined in accordance with US GAAP. The method and assumptions used to determine fair value for restricted stock and stock options are set forth in Note 7 to our consolidated financial statements. As of December 31, 2018, non-employee directors had the following number of stock options outstanding: Mr. Doumet, 22,800.

PROPOSAL 2: NON-BINDING ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that we provide our shareholders with the opportunity to vote to approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC. The non-binding advisory vote is not intended to address any specific element of executive compensation; rather, the vote relates to the overall compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. At our 2017 annual meeting of shareholders, our shareholders voted, on an advisory basis, to hold the non-binding advisory vote on executive compensation annually. Based on the recommendation of our board of directors and compensation committee to hold annual advisory votes on executive compensation and the advisory vote of the shareholders, the board decided to include a shareholder advisory vote to approve the Company's executive compensation annually.

The shareholder vote to approve our executive compensation is advisory, which means that the vote is not binding on the company, our board of directors or the compensation committee. However, the compensation committee will take into account the results of the vote in considering future executive compensation decisions.

As described in detail under the heading "Compensation Discussion and Analysis," our executive compensation program is designed to attract, motivate and retain highly qualified executive officers who are able to achieve our corporate objectives and create long-term shareholder value. We seek to closely align the interests of our executive officers with the interests of our shareholders. Our executive compensation program is designed to reward our named executive officers for the achievement of short-term and long-term operational and strategic goals and the achievement of increased total shareholder value, while at the same time avoiding the encouragement of undue or inappropriate risk-taking.

Our compensation committee and board of directors believe that the company's executive compensation program reflects a strong pay-for-performance philosophy and is well aligned with our shareholders' long-term interests. For example, 30% of the compensation paid to Mr. Byrne for 2018 was based on performance, as measured using both subjective and objective factors, and 46% was stock-based compensation. In addition, for Messrs. Riggs and Wiedemer 32% and 11% of their 2018 compensation was based on performance, respectively, including 13% and 2%, respectively, that was stock-based compensation.

Moreover, our compensation committee and board of directors believe that our executive compensation program has been effective at compensating our executive officers and incentivizing them to help us achieve our 2018 financial results in the face of uncertain economic and regulatory conditions and increased competition in the lime and limestone industry. At the same time, in addition to individual performance, the committee considered the contributions of our executive officers to our modernization and expansion and development projects during 2018. Additionally, the committee considered that 2018 was Mr. Wiedemer's first full year with the company when granting his shares of restricted stock in February 2019.

Accordingly, we will ask our shareholders to vote on the following resolution at the 2019 annual meeting:

“RESOLVED, that the compensation paid to the company’s named executive officers, as disclosed pursuant to SEC rules, including in our Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

The affirmative vote of a majority of the shares of our common stock entitled to vote and present, either in person or represented by proxy, is required to approve this proposal. Abstentions have the same effect as a vote against the proposal, but broker non-votes are not counted.

Our board of directors and compensation committee unanimously recommend that all shareholders vote FOR approval of this proposal. All duly submitted and unrevoked proxies will be voted FOR the proposal, except where there is a vote against or an abstention from the vote.

PROPOSAL 3: APPROVAL OF THE UNITED STATES LIME & MINERALS, INC. AMENDED AND RESTATED 2001 LONG-TERM INCENTIVE PLAN

Background

The compensation committee of our board of directors has recommended, and the board on March 1, 2019 approved, the amendment and restatement of the United States Lime & Minerals, Inc. Amended and Restated 2001 Long-Term Incentive Plan (the “2001 Plan” and, as proposed to be further amended and restated, the “amended and restated plan”), subject to shareholder approval at the 2019 annual meeting. The committee and our board unanimously recommend that our shareholders approve the amended and restated plan.

Shareholder approval of the amended and restated plan will enable us to continue to use stock options, restricted stock and dollar-denominated cash awards, including performance-based awards conditioned upon the attainment of stated performance goals over a stated performance period that are intended to qualify for the performance-based compensation exception to the deductibility limits set forth in Section 162(m) of the Code, subject to certain restrictions added by the 2017 Tax Act. We will continue to use awards granted under the amended and restated plan as a means to attract, retain, and motivate the company’s directors, officers, employees and consultants. In addition to stock options, restricted stock and dollar-denominated cash awards, the amended and restated plan also continues to provide for the grant to directors, officers, employees and consultants of stock appreciation rights (“SARs”), deferred stock, bonus stock, dividend equivalents and other stock-based awards.

As of March 25, 2019, stock-based awards for a total of 699,589 shares of our common stock have been granted pursuant to the 2001 plan since its inception in 2001, including awards for 60,300 shares of stock that were still subject to options and 18,103 shares of restricted stock still outstanding under the 2001 Plan. As of March 25, 2019, only 41,824 shares remained for the grant of new awards under the 2001 Plan. As described below, in the absence of significant forfeitures of outstanding options, the number of shares remaining for new grants under the 2001 Plan is not sufficient to provide appropriate future awards to plan participants over the next five years.

We estimate that approximately 50 persons will be eligible to participate in the amended and restated plan. On March 25, 2019, the closing price of our stock on the Nasdaq Global Market was \$74.30.

The affirmative vote of a majority of the shares of our common stock entitled to vote and present either in person or represented by proxy is required to approve the amended and restated plan. Abstentions have the same effect as a vote against the plan, but broker non-votes are not counted.

Our board of directors and compensation committee unanimously recommend that all shareholders vote FOR approval of our amended and restated plan. All duly submitted and unrevoked proxies will be voted FOR the plan, except where there is a vote against or an abstention from the vote.

Summary of Proposed Amendments

This is the third time that we have amended and restated the 2001 plan since it was adopted and approved by our shareholders in April 2001. In May 2009, our shareholders approved an amendment and restatement of the 2001 plan to add 175,000 shares of our common stock to the shares reserved for stock-based awards under the plan, to provide for dollar-denominated cash awards under the plan and to revise the business criteria that may be used under the plan in designating performance goals for performance-based equity and cash awards for purposes of Code Section 162(m). In May 2014, our shareholders approved an amendment and restatement of the 2001 plan to add 91,413 shares of our common stock to the number of shares reserved for stock-based awards under the plan, thus increasing from 650,000 to 741,413 the total number of shares reserved for issuance under the plan from its inception, and to continue to qualify as performance-based equity and cash awards conditioned on the business criteria set forth in the plan for purposes of Section 162(m).

Our principal reasons for seeking shareholder approval of the third amendment and restatement of the 2001 plan at this time are: to add 133,176 shares of our common stock to the number of shares reserved for stock-based awards under

the plan, thus increasing from 741,413 to 874,589 the total number of shares reserved for issuance under the plan from its inception in 2001 and increasing the number of shares remaining available for new awards under the plan from 41,824 to 175,000 (plus forfeitures of outstanding options); and to continue to qualify as performance-based equity and cash awards conditioned on the business criteria set forth in the plan for purposes of Section 162(m), to the extent applicable, subject to restrictions added by the 2017 Tax Act. The amended and restated plan requires approval by our shareholders under Nasdaq listing standards and Code Sections 162(m) and 422.

In the event our shareholders do not approve the amended and restated plan, the 133,176 additional shares will not be added to the plan and performance-based awards conditioned on the business criteria set forth in the plan will not qualify for the performance-based compensation exception to the deductibility limits set forth in Section 162(m) of the Code.

Description of the Amended and Restated Plan

The amended and restated plan is set forth as Exhibit A to this proxy statement and the description of the amended and restated plan set forth below is qualified in its entirety by reference to the full text of the plan. We describe below the plan as proposed to be amended and restated.

The purpose of the amended and restated plan is to provide a means to attract, retain, motivate and reward selected directors, officers, employees and consultants of the company and its subsidiaries by enabling such persons to acquire or increase their proprietary interest in the company, thereby promoting a closer identify of interest between such persons and our shareholders. The plan also enables the compensation committee to provide dollar-denominated cash bonuses to such persons for the creation of company value for the benefit of our shareholders, including performance-based cash bonuses provided for by Mr. Byrne's employment agreement that may qualify as performance-based compensation under Section 162(m) of the Code.

Under the amended and restated plan, directors, officers and employees of the company and its subsidiaries, and persons who provide consulting services to the company deemed by the compensation committee to be of substantial value to the company, are eligible to be granted awards. In addition, persons who have been offered employment by the company or its subsidiaries and persons employed by an entity that the committee reasonably expects to become a subsidiary of the company are eligible to be granted awards, effective upon such persons' becoming employees of the company or its subsidiaries.

The compensation committee, which will continue to administer the amended and restated plan, will have the authority, among other things: (i) to select the directors, officers, employees and consultants to receive awards under the plan; (ii) to determine the type of awards granted; (iii) to determine the number of shares of our common stock or dollars to which an award relates; (iv) to determine the other terms and conditions of awards granted under the plan,

including, with respect to the awards and shares issued or cash paid, any restrictions of limitations on transfer, any performance conditions, any vesting schedules, any forfeiture provisions and any provisions relating to the acceleration or waiver of such provisions; and (v) to interpret and otherwise administer the plan and award agreements under the plan. The exercise price at which shares of our stock may be purchased pursuant to the grant of stock options and the grant price of SARs must be equal to at least 100% of the closing price of our stock on the date of grant.

As under the current 2001 plan, the compensation committee may grant the following types of awards under the amended and restated plan: (i) stock options to purchase shares of our common stock, including incentive stock options (“ISOs”), non-qualified stock options, or both; (ii) SARs, representing the right to the appreciation in the market price of our stock over the grant price of the SAR (whether granted in conjunction with a grant of stock options or independent of such grant, including SARs that are only exercisable in the event of a change in control of the company or upon other events); (iii) restricted stock, consisting of shares of our stock that are subject to forfeiture based upon the failure of the participant to satisfy employment-related restrictions and/or performance conditions; (iv) deferred stock, such as restricted stock units, representing the right to receive shares of our stock in the future based upon the participant satisfying employment-related restrictions and/or performance conditions; (v) bonus stock and awards in lieu of cash compensation under other company awards or compensatory arrangements; (vi) dividend equivalents, consisting of a right to receive cash, other awards, or other property equal in value to dividends paid with respect to a specified number of shares of our

stock; (vii) other stock-based awards not otherwise provided for that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to our stock or factors that may influence the value of our stock; and (viii) dollar-denominated cash awards that may be paid in the form of cash, other awards under the plan, or other property. Awards granted under the plan will generally not be assignable or transferable by participants except by the laws of descent and distribution or as permitted by the committee.

Under the terms of the amended and restated plan, the compensation committee is authorized to impose performance conditions with respect to any awards, whether stock-based or dollar-denominated, requiring forfeiture of all or part of the award if performance conditions are not met, or linking the grant, exercisability, settlement or payment of an award to the achievement of performance conditions. For awards intended to qualify as performance-based compensation under Section 162(m) of the Code, such performance conditions will relate to business criteria based solely upon one or more of the following: (i) return on capital, (ii) earnings, (iii) cash flow (including EBITDA), (iv) stock price or book value, (v) revenues, and/or (vi) strategic business criteria, consisting of one or more objectives based upon meeting specified market penetration or geographic business expansion goals, cost targets, and/or goals relating to acquisitions or divestitures. The targeted levels of performance required with respect to awards with performance conditions (which will be determined without regard to any accrual, payment, or other effect of any grants or payments made or to be made with respect to awards under the plan) may be expressed in absolute or relative terms, including changes in performance relative to past performance, internal budgets or plans, or comparison to peer companies, indices or other industry performance measures; on an absolute or per share basis; and/or relative to the entire company or to one or more segments, subsidiaries, divisions or other operating units. Performance conditions may differ for awards to different participants. The committee will specify the weighting to be given to each performance condition for purposes of determining the final benefit earned with respect to any such award. Unless restricted by the terms of the award, the committee may, in its discretion, reduce the amount of the benefit otherwise earned in connection with a performance-based award, but may not exercise discretion to increase such benefit, if such award is intended to qualify as performance-based compensation under Section 162(m), and the committee may consider other performance conditions and factors in exercising such negative discretion.

The aggregate number of shares of our common stock that may be issued pursuant to awards granted under the amended and restated plan, measured from the inception of the plan in 2001, is being increased by 133,176 from 741,413 to 874,589 shares, all of which may relate to ISOs, subject to adjustment as described below. No participant may receive stock-based awards, including stock options and SARs, in any one calendar year relating to more than 100,000 shares of our stock, subject to adjustment. In addition, with respect to awards that may be settled in cash (in whole or in part), including cash awards, no participant may be paid during any calendar year cash amounts relating to such awards that exceed the greater of the fair market value (determined by reference to the closing market price of our stock) of the number of shares set forth in the preceding sentence at the date of grant or the date of settlement of the award. This provision sets forth two separate limitations, so that awards that may be settled solely by delivery of shares will not operate to reduce the amount of cash-only awards, and vice versa; nevertheless, awards that may be settled in either shares or cash must not exceed either limitation.

In the event that the compensation committee determines that any recapitalization, forward or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase or exchange of stock or other securities, stock dividend or other special, large and nonrecurring dividend or distribution (whether in the form of cash, securities

or other property), liquidation, dissolution or other similar corporate transaction or event affects our common stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of participants under the amended and restated plan or any award, then the committee shall, in such manner as it deems equitable, adjust any or all of (i) the number and kind of shares reserved and available for awards under the plan, including shares reserved for ISOs; (ii) the number and kind of shares specified in the annual per-participant limitations; (iii) the number and kind of shares of outstanding restricted stock or other outstanding awards in connection with which shares have been issued; (iv) the number and kind of shares that may be issued in respect of other outstanding awards; and (v) the exercise price, grant price or purchase price relating to any award (or, if deemed appropriate, make provision for a cash payment, including one based on the intrinsic (i.e., "in-the-money") value, if any, with respect to any outstanding award). In addition, the committee shall make appropriate adjustments in the terms and conditions of, and the performance criteria and targets included in, awards in recognition of extraordinary, unusual or nonrecurring events (including events described in the preceding sentence and events constituting a change in control) affecting the company or any subsidiary or the financial statements

of the company or any subsidiary, or in response to changes in applicable laws, regulations, rules of any stock exchange on which our stock is then listed, or accounting principles.

Under the amended and restated plan, the compensation committee may not, without prior shareholder approval to the extent required under applicable law, regulation, or rules of any stock exchange on which our stock is then listed, subsequently reduce the exercise or grant price relating to stock options or SARs, or take any other action which may be considered a repricing under such provisions. The amended and restated plan provides that, upon a change in control of the company (as defined in the plan), all restrictions and/or conditions relating to the continued performance of services and/or the achievement of performance conditions with respect to the exercisability, settlement or payment of an award shall accelerate or lapse immediately prior to the change in control, except as provided by the committee in the award agreement.

The board may amend, alter, suspend, discontinue, or terminate the amended and restated plan or the compensation committee's authority to grant awards under the plan without the consent of shareholders or participants, except that any such action will be subject to the approval of our shareholders at or before the next annual meeting of shareholders for which the record date is after such board action if such shareholder approval is required by any federal or state law or regulation or the rules of any stock exchange on which our stock is then listed. In addition, the board may determine to submit other changes to the plan to shareholders for approval. However, without the consent of an affected participant, no such board action may materially impair the rights of any participant under any outstanding award granted to him or her. The compensation committee may waive any conditions or rights under, or amend, modify, alter, suspend, discontinue or terminate, any outstanding award, but, without the consent of an affected participant, no such committee action may materially impair the rights of such participant under his or her award. Notwithstanding the foregoing, the board or the committee may take any action (including actions materially impairing or terminating outstanding awards) (i) permitted by the plan or the applicable award agreement, (ii) to comply with the requirements of Section 162(m), 280G or 409A of the Code or Rule 16b-3 under the Securities Exchange Act of 1934 (the "Exchange Act"), or (iii) to prevent a participant who is then subject to Section 16(b) of the Exchange Act from incurring liability under that section.

New Awards Under the Plan

Mr. Byrne's employment agreement provides for the grant to him, on the last business day of each year while he continues to be employed with us under the agreement, of at least 7,500 stock options and 12,500 shares of restricted stock. Including Mr. Byrne's awards, over the past five years, on average, approximately 27,000 new stock-based awards have been granted annually. Absent significant forfeitures of outstanding options, the 41,824 shares of our common stock currently remaining available for the grant of new stock-based awards under the 2001 plan would not be sufficient to fund the grant of a similar number of such awards annually over the next five years. Thus, we need to add additional shares to the plan to meet our stock-based award obligations to Mr. Byrne under his employment agreement and to continue our current practices with respect to grants to our other employees and our independent directors.

Mr. Byrne's employment agreement also provides for the grant to him, each year while he is employed with us under the agreement, of an annual Section 162(m) EBITDA cash bonus opportunity as set forth in an exhibit to his employment agreement. The terms and conditions of Mr. Byrne's Section 162(m) EBITDA cash bonus opportunities, which have been approved by the compensation committee under the 2001 plan, are for each calendar year while he is employed under his employment agreement. The full-year EBITDA performance targets/bonus opportunities (prorated between breakpoints) are:

EBITDA Targets	EBITDA Bonus Opportunities
\$30,000,000	\$100,000
\$32,000,000	\$175,000
\$34,000,000	\$250,000
\$36,000,000	\$325,000
\$38,000,000 and above	Greater of \$410,000 or base salary at start of performance year

If Mr. Byrne's employment terminates on or before June 30 of a performance year, he will have no bonus opportunity for that year. If his employment terminates after June 30 of the performance year, he will have a proportional bonus opportunity based on the proportional-year attainment of performance targets in the event termination is due to death or disability, or based on the full-year attainment of performance targets for other terminations. There is no acceleration or waiver of performance targets in the event of a change in control.

Except for Mr. Byrne's awards, and for stock options and shares of restricted stock to be granted to our independent directors under our current director compensation policy described under "Compensation of Directors" above, it is not possible to determine who may be granted awards under the amended and restated plan if it is approved by our shareholders, or the terms and conditions of any such future awards that may be granted.

Federal Income Tax Consequences

The following is a brief description of the federal income tax consequences generally arising with respect to awards that may be granted under the amended and restated plan. This discussion is intended for the information of shareholders considering how to vote at the annual meeting and not as tax guidance to individuals who participate in the plan.

The grant of an option or SAR (including a stock-based award in the nature of a purchase right) will create no tax consequences for the participant or the company. A participant will not have taxable income upon exercising an ISO (except that the alternative minimum tax may apply), and the company will receive no tax deduction at that time. Upon exercising an option other than an ISO (including a stock-based award in the nature of a purchase right), the participant must generally recognize ordinary income equal to the difference between the exercise price and the fair market value of the freely transferable and nonforfeitable shares received. In each case, the company will generally be entitled to a tax deduction equal to the amount recognized as ordinary income by the participant.

A participant's disposition of shares of our common stock acquired upon the exercise of an option or SAR (including a stock-based award in the nature of a purchase right) generally will result in capital gain or loss measured by the difference between the sale price and the participant's tax basis in such shares (or the exercise price of the option in the case of shares acquired by exercise of an ISO and held for the applicable ISO holding periods). Generally, there will be no tax consequences to the company in connection with a disposition of shares acquired upon exercise of an option or SAR (including a stock-based award in the nature of a purchase right), except that the company will generally be entitled to a tax deduction (and the participant will recognize ordinary taxable income equal to the difference between the exercise price of the ISO and the fair market value of shares acquired upon exercise of the ISO) if shares acquired upon exercise of an ISO are disposed of before the applicable ISO holding periods have been satisfied.

With respect to awards granted under the amended and restated plan that may be settled in cash, stock, or other property that is either not restricted as to transferability or not subject to a substantial risk of forfeiture, the participant must generally recognize ordinary income equal to the cash or the fair market value of the stock or other property received. The company will generally be entitled to a tax deduction for the same amount. With respect to awards involving stock or other property that is restricted as to transferability and subject to a substantial risk of forfeiture, the participant must generally recognize ordinary income equal to the fair market value of the stock or other property received at the first time the stock or other property becomes transferable or not subject to a substantial risk of forfeiture, whichever occurs earlier. The company will generally be entitled to a tax deduction in an amount equal to the ordinary income recognized by the participant. A participant may elect to be taxed at the time of receipt of stock or other property rather than upon lapse of restrictions on transferability or substantial risk of forfeiture, but if the participant subsequently forfeits such stock or other property he or she would not be entitled to any tax deduction, including a capital loss, for the value of the stock or other property on which he or she previously paid tax. Such election must be made and filed with the Internal Revenue Service within 30 days after the receipt of such stock or other property.

Section 162(m) of the Code, as amended by the 2017 Tax Act, generally disallows a public company's annual income tax deduction for compensation in excess of \$1 million paid to the chief executive officer, chief financial officer and certain other highly compensated executive officers. Subject to restrictions contained in the 2017 Tax Act, compensation that qualifies as "performance-based compensation" is excluded from the \$1 million deductibility cap, and

therefore is fully deductible by the company that pays it. Assuming the amended and restated plan is approved by our shareholders at the annual meeting, subject to the restrictions added by the 2017 Tax Act, options granted with an exercise price at least equal to 100% of the fair market value of the underlying stock at the date of grant, and other awards, including restricted stock and cash awards, the grant, exercisability, settlement or payment of which is conditioned upon achievement of performance goals (based on the business criteria described above) provided for under the terms of Mr. Byrne’s employment agreement, may continue to qualify as such “performance-based compensation,” although other awards under the plan may not so qualify.

INDEPENDENT AUDITORS

Fees for professional services provided by our independent auditors, Grant Thornton LLP, for 2018 and 2017, in each of the following categories, were as follows:

	2018	2017
Audit	\$ 393,884	\$ 376,103
Audit-Related	17,408	16,669
Tax Fees	16,908	50,880
Total	\$ 428,200	\$ 443,652

Audit Fees. Fees for audit services include fees associated with our annual audits and the reviews of our quarterly reports on Form 10-Q. Audit fees include the audit of our internal control over financial reporting.

Audit-Related Fees. Audit-related fees were for audits of an employee benefit plan.

Tax Fees. Grant Thornton provided federal tax compliance services in 2018 and 2017.

Representatives of Grant Thornton are expected to be present at the 2019 annual meeting and will have an opportunity to make a statement if they so desire and be available to respond to appropriate questions.

The audit committee has adopted a pre-approval policy relating to the providing of services by our independent auditors. Under the committee’s pre-approval procedures, all services to be provided by the auditors must be approved in advance by the committee. The committee has delegated to the chairman of the committee the authority to approve such services up to \$25,000 each in the case of either a change in the scope or cost of previously approved services, or

an additional type of services that was not covered by a prior committee approval. The committee does not delegate any of its approval authority to management.

SHAREHOLDER PROPOSALS

We must receive notice of other matters, including non-Rule 14a-8 proposals, that shareholders may wish to raise at the 2020 annual meeting of shareholders by February 12, 2020. If we do not receive timely notice of such other matters, the persons designated as proxies for such meeting will retain general discretionary authority to vote on such matters under SEC rules. Such notices should also be addressed to Mr. Byrne at our corporate office.

We may specifically engage a firm to aid in our solicitation of proxies, for which services we would anticipate paying a standard reasonable fee plus out-of-pocket expenses. We will bear the reasonable expenses incurred by banks, brokerage firms, and other custodians, nominees, and fiduciaries in forwarding proxy materials to our beneficial owners.

UNITED STATES LIME & MINERALS, INC.

AMENDED AND RESTATED 2001 LONG-TERM INCENTIVE PLAN

(Effective as of May 3, 2019)

1. Purpose. The purpose of this Amended and Restated 2001 Long-Term Incentive Plan (the “Plan”) of United States Lime & Minerals, Inc., a Texas corporation (the “Company”), is to advance the interests of the Company and its shareholders by providing a means to attract, retain, motivate and reward directors, officers, employees and consultants of the Company and its subsidiaries; to link compensation to measures of the Company’s performance in order to provide additional incentives, including stock-based and dollar-denominated incentives, to such persons for the creation of Company value for the benefit of its shareholders; and to enable such persons to acquire or increase a proprietary interest in the Company, thereby promoting a closer identity of interests between such persons and the Company’s shareholders.

2. Definitions. The definitions of awards under the Plan, including Options, SARs (including Limited SARs), Restricted Stock, Deferred Stock, Stock granted as a bonus or in lieu of cash obligations under other Awards or compensatory obligations, Dividend Equivalents, Other Stock-Based Awards and Cash Awards, are set forth in Section 6 of the Plan. Such awards, together with any other right or interest granted to a Participant under the Plan, are termed “Awards.” For purposes of the Plan, the following additional terms shall be defined as set forth below:

(a) “Award Agreement” means any written resolution, agreement, contract, notice or other instrument or document evidencing an Award.

(b) “Beneficiary” means the person or trust which has been designated by a Participant in his or her most recent written beneficiary designation filed with the Committee to receive the benefits specified under the Plan upon such Participant’s death or, if there is no designated Beneficiary or surviving designated Beneficiary, then the Participant’s personal representatives or, if none, the person or trust entitled by will or the laws of descent and distribution to receive such benefits.

(c) “Board” means the Board of Directors of the Company.

(d) A “Change in Control” shall be deemed to have occurred on:

(i) the date of the acquisition by any “person” (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act), excluding the Company or any of its subsidiaries or affiliates or any employee benefit plan sponsored by any of the foregoing, of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of 30% or more of either (x) the then-outstanding shares of Stock, or (y) the then-outstanding voting securities of the Company entitled to vote generally in the election of directors;

(ii) the date the individuals who constitute the Board as of the effective date of the most-recent approval by the Company’s shareholders of the amendment and restatement of the Plan (the “Incumbent Board”) cease for any reason to constitute at least a majority of the members of the Board; provided, however, that any individual becoming a director subsequent to the effective date of such approval whose election, or nomination for election by the Company’s shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board (other than any individual whose nomination for election to Board membership was not endorsed by the Company’s management prior to, or at the time of, such individual’s initial nomination for election) shall be, for purposes of the Plan, considered as though such person were a member of the Incumbent Board; or

(iii) the consummation of a merger, consolidation, recapitalization, reorganization, sale or disposition of all or substantially all of the Company’s assets, a reverse stock split of outstanding voting securities or the issuance of shares of Stock in connection with the acquisition of the stock or assets of another entity; provided, however, that a Change in Control shall not occur under this clause (iii) if consummation of the transaction would result in at least 70% of the total voting power represented by the voting securities of the

A-1

Company (or, if not the Company, the entity that succeeds to all or substantially all of the Company's business) outstanding immediately after such transaction being beneficially owned (within the meaning of Rule 13d-3 under the Exchange Act) by at least 75% of the holders of outstanding voting securities of the Company immediately prior to the transaction, with the voting power of each such continuing holder relative to other such continuing holders not substantially altered in the transaction.

(e) "Code" means the Internal Revenue Code of 1986, as amended from time to time. References to any provision of the Code shall be deemed to include regulations thereunder and successor provisions and regulations thereto.

(f) "Committee" means the Compensation Committee of the Board or such other committee appointed by the Board to administer the Plan or, if there is no such committee, the Board.

(g) "Exchange Act" means the Securities Exchange Act of 1934, as amended from time to time. References to any provision of the Exchange Act shall be deemed to include regulations thereunder and successor provisions and regulations thereto.

(h) "ISO" means any Option intended to be and designated as an incentive stock option within the meaning of Section 422 of the Code.

(i) "Participant" means a person who, at a time when eligible under Section 5 hereof, has been granted an Award.

(j) "Rule 16b-3" means Rule 16b-3, as from time to time in effect and applicable to the Plan and Participants, promulgated by the Securities and Exchange Commission under Section 16(b) of the Exchange Act and successor provisions thereto.

(k) "Stock" means the Common Stock, par value \$0.10, of the Company and such other securities as may be substituted for Stock or such other securities pursuant to Section 4(c).

3. Administration.

(a) Authority of the Committee. Except as otherwise provided below, the Plan shall be administered by the Committee. The Committee shall have full and final power and authority to take the following actions, in each case subject to and consistent with the provisions of the Plan:

(i) to select persons to whom Awards shall be granted;

(ii) to determine the types of Awards to be granted to each such person;

(iii) to determine the number of Awards to be granted, the number of shares of Stock and/or dollars to which an Award relates, the terms and conditions of Awards (including without limitation any exercise price, grant price or purchase price, any conditions or schedules for lapse of restrictions relating to transferability, forfeiture, exercisability, settlement or payment, and waivers, accelerations and modifications thereof (including without limitation performance conditions relating to Awards not intended to be governed by Section 7(f)), based in each case upon such considerations as the Committee shall determine), and all other matters to be determined in connection with an Award;

(iv) to determine whether, to what extent and under what circumstances an Award may be exercised, settled or paid, the exercise price of an Award may be paid in cash, Stock, other Awards, awards under any other Company plan or other property, or an Award may be modified, canceled, or surrendered;

(v) to determine whether, to what extent and under what circumstances, consistent with Section 409A of the Code, if applicable, cash, Stock, other Awards, awards under any other Company plan or other property payable with respect to an Award will be deferred automatically, at the election of the Committee or at the election of the Participant;

(vi) to determine the restrictions, if any, to which shares of Stock or any other payment received upon exercise, settlement or payment of an Award shall be subject (including without limitation forfeitures, lock-ups and other restrictions), and whether to condition the delivery of such shares or other payment upon the execution by the Participant of any agreement providing for such restrictions;

(vii) to prescribe the form of each Award Agreement, which need not be identical for each Participant;

(viii) to adopt, amend, suspend, waive and rescind such rules and regulations and appoint such agents as the Committee shall deem necessary or advisable to administer the Plan;

(ix) to correct any defect or supply any omission or reconcile any inconsistency in the Plan and to construe and interpret the Plan and any rules and regulations, Award, Award Agreement or other instrument hereunder; and

(x) to make all other decisions and determinations as may be required under the terms of the Plan or as the Committee shall deem necessary or advisable for the administration of the Plan.

Other provisions of the Plan notwithstanding, the Board shall perform the functions of the Committee for purposes of granting Awards to independent directors, and the Board may perform any function of the Committee under the Plan for any other purpose, including without limitation for the purposes of ensuring that transactions under the Plan by Participants who are then subject to Section 16(b) of the Exchange Act in respect of the Company are exempt under Rule 16b-3. In any case in which the Board is performing a function of the Committee under the Plan, each reference to the Committee herein shall be deemed to refer to the Board, except where the context otherwise requires.

(b) Manner of Exercise of Committee Authority. Any action of the Committee with respect to the Plan shall be final, conclusive and binding on all persons, including without limitation the Company, subsidiaries of the Company, Participants, any person claiming any rights under the Plan from or through any Participant, and shareholders, except to the extent that the Committee shall subsequently modify, or take further action not consistent with, its prior action. If not specified in the Plan, the time at which the Committee must or may make any determination shall be determined by the Committee, and any such determination may thereafter be modified by the Committee (subject to Section 8(e)). The express grant of any specific power or authority to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. Except as provided under Section 7(f), the Committee may delegate to officers or managers of the Company or any subsidiary of the Company the power and authority, subject to such terms as the Committee shall determine, to perform such functions as the Committee shall determine, to the extent permitted under applicable law, regulations and rules of any stock exchange on which the Stock is then listed.

(c) Limitation of Liability. Each member of the Committee and any officer or employee of the Company acting on its behalf shall be entitled to, in good faith, rely and act upon any report or other information furnished to him or her by any officer or other employee of the Company or any subsidiary, the Company's independent registered public accounting firm or any executive compensation consultant, legal counsel or other professional retained by the Company or the Committee to assist in the administration of the Plan. No member of the Committee or any officer or employee of the Company acting on its behalf shall be personally liable for any action, determination or interpretation taken or made in good faith with respect to the Plan, and all members of the Committee and any officer or employee of the Company acting on its behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action, determination or interpretation.

4. Plan and Award Limits.

(a) Number of Shares of Stock Reserved. Subject to adjustment as provided in Section 4(c), the total number of shares of Stock that may be issued pursuant to Awards granted from the inception of the Plan shall not exceed Eight Hundred, Seventy-Four Thousand, Five-Hundred and Eighty Nine (874,589) shares of Stock, all of which may be subject to ISOs. If an Award valued by reference to Stock may only be settled in cash, the number of shares to which such Award

A-3

relates shall be deemed to be Stock subject to such Award for purposes of this Section 4(a). Any shares of Stock delivered pursuant to an Award may consist, in whole or in part, of authorized and unissued shares, treasury shares or shares acquired in the market for a Participant's account.

(b) Annual Per-Participant Limitations. During any calendar year, no Participant may be granted any Awards, including Options and SARs, that may be settled by delivery of more than One-Hundred Thousand (100,000) shares of Stock, subject to adjustment as provided in Section 4(c). In addition, with respect to Awards that may be settled in cash (in whole or in part), including without limitation Cash Awards, no Participant may be paid during any calendar year cash amounts relating to such Awards that exceed the greater of the fair market value (determined by reference to the closing market price of the Stock) of the number of shares of Stock set forth in the preceding sentence at the date of grant or the date of settlement of the Award. This provision sets forth two separate limitations, so that Awards that may be settled solely by delivery of Stock will not operate to reduce the amount of cash-only Awards, and vice versa; nevertheless, Awards that may be settled in Stock or cash must not exceed either limitation.

(c) Adjustments. In the event that the Committee shall determine that any recapitalization, forward or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase or exchange of Stock or other securities, Stock dividend or other special, large and nonrecurring dividend or distribution (whether in the form of cash, securities or other property), liquidation, dissolution or other similar corporate transaction or event affects the Stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of Participants under the Plan, any Award or any Award Agreement, then the Committee shall, in such manner as it deems equitable, adjust any or all of (i) the number and kind of shares of Stock reserved and available for Awards under Section 4(a), including without limitation shares reserved for ISOs, (ii) the number and kind of shares of Stock specified in the Annual Per-Participant Limitations under Section 4(b), (iii) the number and kind of shares of outstanding Restricted Stock or other outstanding Awards in connection with which shares have been issued, (iv) the number and kind of shares of Stock that may be issued in respect of other outstanding Awards, and (v) the exercise price, grant price, or purchase price relating to any Award (or, if deemed appropriate, make provision for a cash payment, including without limitation one based on the intrinsic (i.e., "in-the-money") value, if any, with respect to any outstanding Award). In addition, the Committee shall make appropriate adjustments in the terms and conditions of, and the performance criteria and targets included in, Awards (including without limitation cancellation of unexercised or outstanding Awards, or substitution of Awards using stock of a successor or other entity) in recognition of extraordinary, unusual or nonrecurring events (including without limitation events described in the preceding sentence and events constituting a Change in Control) affecting the Company or any subsidiary or the financial statements of the Company or any subsidiary, or in response to changes in applicable laws, regulations, rules of any stock exchange on which the Stock is then listed, or accounting principles.

(d) Repricing. As to any outstanding Award granted as an Option or SAR, the Committee may not, without prior shareholder approval to the extent required under applicable law, regulation, or rules of any stock exchange on which the Stock is then listed, subsequently reduce the exercise or grant price relating to such Option or SAR, or take any other action which may be considered a repricing under such provisions.

5. Eligibility. Directors, officers and employees of the Company and its subsidiaries, and persons who provide consulting services to the Company deemed by the Committee to be of substantial value to the Company, are eligible to be granted Awards. In addition, persons who have been offered employment by the Company or its subsidiaries, and persons employed by an entity that the Committee reasonably expects to become a subsidiary of the Company, are eligible to be granted Awards, effective upon such persons' becoming employees of the Company or its subsidiaries.

6. Specific Terms of Awards.

(a) General. Awards may be granted on the terms and conditions set forth in this Section 6. In addition, the Committee may impose on any Award or the exercise, settlement or payment thereof such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine, including without limitation terms requiring modification, cancellation, or surrender of Awards. Except as provided by the Committee, no consideration other than services shall be required as consideration for the grant (but not the exercise) of any Award.

A-4

(b) Options. The Committee is authorized to grant options to purchase Stock on the following terms and conditions (“Options”):

(i) Exercise Price. The exercise price per share of Stock purchasable under an Option shall be determined by the Committee; provided, however, that, except as provided in Section 7(a), the exercise price shall be not less than 100% of the closing market price of the Stock on the date of grant.

(ii) Time and Method of Exercise. The Committee shall determine the time or times at which an Option may be exercised in whole or in part, the methods by which such exercise price may be paid or deemed to be paid, the form of such payment, including without limitation cash, Stock, other Awards or awards granted under other Company plans or other property (including without limitation through “net issuance” and broker-assisted “cashless exercise” arrangements, to the extent permitted by applicable law, regulations and rules of any stock exchange on which the Stock is then listed), and the methods by which shares of Stock will be delivered or deemed to be delivered to Participants.

(iii) Termination of Employment, Directorship or Service. The Committee shall determine the period, if any, during which Options shall be exercisable following a Participant’s termination of an employment, directorship or service relationship with the Company and its subsidiaries. For this purpose, any sale of a subsidiary of the Company pursuant to which it ceases to be a subsidiary of the Company shall be deemed to be a termination of employment, directorship or service by any Participant whose only relationship was with such subsidiary. Unless otherwise determined by the Committee, (A) during any period that an Option is exercisable following termination of employment, directorship or service, it shall be exercisable only to the extent that it was exercisable upon such termination, and (B) if such termination is for cause, as determined in the discretion of the Committee (or, if so specified, by the standard set forth in an employment agreement with the Participant), all Options held by the Participant shall immediately terminate.

(iv) Sale of the Company. All Options outstanding under the Plan shall terminate upon the consummation of any transaction whereby the Company (or any successor to the Company or substantially all of its business) becomes or is merged with and into another corporation, or a wholly-owned subsidiary of another corporation, whether or not such termination is in exchange for a cash payment, including without limitation one based on the intrinsic (i.e., “in-the-money”) value, if any, of the Options as determined by the Committee pursuant to Section 4(c), unless such other corporation shall continue or assume the Plan as it relates to Options then outstanding (in which case such other corporation shall be treated as the Company for all purposes hereunder, and pursuant to Section 4(c) the Committee shall make appropriate adjustment in the number and kind of shares of Stock subject thereto and the exercise price per share thereof to reflect consummation of such transaction). If the Plan is not to be so assumed, the Company shall notify the Participant of the intended date of the consummation of such transaction, and whether the exercisability of outstanding Options are accelerated in connection therewith pursuant to Section 7(g), at least ten days in advance thereof.

(v) ISOs. The Committee shall have the authority to grant ISOs under the Plan to employees of the Company or a related corporation within the meaning of Section 1.421-1(h) of the Treasury Regulations (as may be amended from time to time). If shares of Stock acquired by exercise of an ISO are sold or otherwise disposed of within two years after the date of grant of the ISO or within one year after the transfer of such shares to the Participant, the holder of the shares immediately prior to the disposition shall promptly notify the Company in writing of the date and terms of the disposition and shall provide such other information regarding the disposition as the Company may reasonably require in order to secure any deduction then available against the Company's or any other corporation's taxable income. The Company may impose such procedures as it determines may be necessary or advisable to ensure that such notification is made. Each Option granted as an ISO shall be designated as such in the Award Agreement relating to such Option.

A-5

(c) Stock Appreciation Rights. The Committee is authorized to grant stock appreciation rights on the following terms and conditions (“SARs”):

(i) Right to Payment. An SAR shall confer on the Participant to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the fair market value (as determined by the closing market price of the Stock) of one share of Stock on the date of exercise (or, if the Committee shall so determine in the case of any such right other than one related to an ISO, such fair market value of one share at any time during a specified period before or after the date of exercise), over (B) the grant price of the SAR as determined by the Committee as of the date of grant of the SAR, which, except as provided in Section 7(a), shall be not less than 100% of the closing market price of the Stock on the date of grant.

(ii) Other Terms. The Committee shall determine the time or times at which an SAR may be exercised in whole or in part, the method of exercise, method of settlement, form of payment, method by which Stock will be delivered or deemed to be delivered to Participants, whether or not an SAR will be in tandem with any other Award and any other terms and conditions of the SAR. Limited SARs that may only be exercised upon the occurrence of a Change in Control or other events may be granted on such terms and conditions, not inconsistent with this Section 6(c), as the Committee shall determine. Limited SARs may be either freestanding or in tandem with other Awards.

(d) Restricted Stock. The Committee is authorized to grant shares of Stock that are subject to restrictions on the following terms and conditions (“Restricted Stock”):

(i) Grant and Restrictions. Shares of Restricted Stock shall be subject to such restrictions on transferability and other conditions, if any, as the Committee shall impose, which restrictions and other conditions may lapse separately or in combination at such times, under such circumstances, in such installments or otherwise, as the Committee shall determine. Except to the extent provided under the terms of the Plan and any Award Agreement relating to the Restricted Stock, a Participant granted shares of Restricted Stock shall have all of the rights of a shareholder, including without limitation the right to vote such shares and the right to receive dividends thereon.

(ii) Forfeiture. Except as otherwise determined by the Committee, upon termination of employment, directorship or service (as determined under criteria established by the Committee) or failure to meet other conditions during the applicable restriction period, Restricted Stock that is at that time subject to restrictions shall be forfeited and reacquired by the Company; provided, however, that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or other conditions relating to Restricted Stock shall be waived in whole or in part.

(iii) Certificates for Shares of Restricted Stock. Shares of Restricted Stock may be evidenced in such manner as the Committee shall determine. If certificates representing shares of Restricted Stock are registered in the name of the

Participant, such certificates may bear an appropriate legend referring to the restrictions and other conditions applicable to such Restricted Stock, or the Company may retain physical possession of the certificate, and in either case the Participant may be required to deliver a stock power to the Company, endorsed in blank, relating to the shares of Restricted Stock.

(iv) Dividends. Dividends paid on shares of Restricted Stock shall be paid at the dividend payment date, the payment of such dividends shall be deferred, consistent with the provisions of Section 409A of the Code, if applicable, and/or the amount or value thereof automatically reinvested in additional Restricted Stock, other Awards or other investment vehicles, as the Committee shall determine or permit the Participant to elect. Shares of Stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock in respect of which such Stock or other property has been distributed, unless otherwise determined by the Committee.

A-6

(e) Deferred Stock. The Committee is authorized to grant units representing the right to receive shares of Stock at a future date subject to the following terms and conditions (“Deferred Stock”):

(i) Grant and Restrictions. Delivery of shares of Stock shall occur upon expiration of the deferral period specified for an Award of Deferred Stock by the Committee or, if permitted by the Committee, as elected by the Participant. In addition, Deferred Stock shall be subject to such restrictions, if any, as the Committee shall impose, which restrictions may lapse at the expiration of the deferral period or at earlier specified times, separately or in combination, in installments or otherwise, as the Committee shall determine.

(ii) Forfeiture. Except as otherwise determined by the Committee, upon termination of employment, directorship or service (as determined under criteria established by the Committee) or failure to meet other conditions during the applicable deferral period, all Deferred Stock that is at that time subject to restrictions shall be forfeited; provided, however, that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or other conditions relating to Deferred Stock shall be waived in whole or in part.

(f) Bonus Stock and Awards in Lieu of Cash Obligations. The Committee is authorized to grant shares of Stock as a bonus, or to grant such shares in lieu of Company obligations to pay cash under other Awards or compensatory arrangements.

(g) Dividend Equivalents. The Committee is authorized to grant Awards entitling the Participant to receive cash, Stock, other Awards, awards under any other Company plan or other property equal in value to dividends paid with respect to a specified number of shares of Stock (“Dividend Equivalents”). Dividend Equivalents may be awarded on a free-standing basis or in connection with another Award. The Committee may provide that Dividend Equivalents shall be paid or distributed when accrued, deferred, consistent with the provisions of Section 409A of the Code, if applicable, or reinvested in additional Stock, Awards, awards under other Company plans or other property, in each case subject to such restrictions on transferability and risks of forfeiture as the Committee shall determine.

(h) Other Stock-Based Awards. The Committee is authorized, subject to limitations under applicable law, regulations and rules of any stock exchange on which the Stock is then listed, to grant such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to Stock or factors that may influence the value of Stock, as deemed by the Committee to be consistent with the purposes of the Plan, including without limitation convertible or exchangeable debt securities, other rights convertible or exchangeable into Stock, purchase rights for Stock, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Committee, and Awards valued by reference to the book value of Stock or the value of securities of or the performance of specified subsidiaries (“Other Stock-Based Awards”). The Committee shall determine the terms and conditions of such Awards. Stock issued pursuant to an Award in the nature of a purchase right granted under this Section 6(h) shall be purchased for such consideration, paid for at such times, by such methods and in such forms, including without limitation cash, Stock, other Awards or awards under any other Company plan or other property, as the Committee shall determine.

(i) Cash Awards. The Committee is authorized to grant dollar-denominated Awards entitling the Participant to receive a specified dollar amount (which may be specified by a formula) based upon the achievement of specified performance conditions over a specified performance period, or on such other terms and conditions as the Committee shall determine (“Cash Awards”). Cash Awards may also be granted as an element of or supplement to any other Award. Cash Awards shall comply, to the extent applicable, with the requirements of Section 409A of the Code.

7. Certain Provisions Applicable to Awards.

(a) Stand-Alone, Additional, Tandem and Substitute Awards. Awards may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with or in substitution for any other Award or any award granted under any other plan of the Company, any subsidiary or any business entity to be acquired by the Company or a subsidiary, or any other right of a Participant to receive payment from the Company or any subsidiary. Awards granted in addition to or

A-7

in tandem with other Awards or awards may be granted either as of the same time as or a different time from the grant of such other Awards or awards.

(b) Term of Awards. The term of each Award shall be for such period as may be determined by the Committee; provided, however, that in no event shall the term of any ISO or any SAR granted in tandem therewith exceed a period of ten years from the date of its grant (or such shorter period as may be applicable under Section 422 of the Code).

(c) Form of Payment Under Awards. Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or a subsidiary upon the grant, exercise, settlement or payment of an Award may be made in such forms as the Committee shall determine, including without limitation cash, Stock, other Awards, awards under any other Company plan or other property, and may be made in a single payment, in installments or on a deferred basis, in each case consistent with the requirements of Section 409A of the Code, if applicable, and such payments may include without limitation provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents in respect of installment or deferred payments denominated in Stock.

(d) Rule 16b-3 Compliance. With respect to a Participant who is then subject to Section 16(b) of the Exchange Act in respect of the Company, the Committee shall implement transactions under the Plan and administer the Plan in a manner that shall ensure that each transaction by such a Participant with the Company is exempt from Section 16(b) liability pursuant to Rule 16b-3, except that such a Participant may be permitted to engage in a non-exempt transaction under the Plan if written notice has been given to the Participant regarding the non-exempt nature of such transaction. The Committee may authorize the Company to modify or repurchase, cancel or otherwise reverse or invalidate any Award or shares of Stock or other payment resulting from any Award in order to prevent a Participant who is then subject to Section 16(b) from incurring liability under such Section.

(e) Loans. The Company may not extend, maintain, renew or guarantee any credit, or arrange for the same, in the form of a personal loan to any Participant in connection with any Award.

(f) Performance-Based Awards Under Section 162(m) of the Code. The Committee may, in its discretion, designate any Award, including without limitation Restricted Stock, Deferred Stock and Cash Awards, the grant, exercisability, settlement or payment of which is subject to the achievement of performance conditions, as a performance-based Award subject to this Section 7(f) in order to qualify such Award as “qualified performance-based compensation” within the meaning of Section 1.162-27(e)(2) of the Treasury Regulations (as may be amended from time to time), subject to restrictions added by the Tax Cuts and Jobs Act of 2017 (the “2017 Tax Act”). The performance conditions for an Award subject to this Section 7(f) shall consist of one or more business criteria and a targeted level or levels of performance with respect to such criteria, as specified by the Committee subject to this Section 7(f). Performance conditions shall be objective and shall otherwise meet the requirements of Section 1.162-27(e)(2) of the Treasury Regulations (as may be amended from time to time). Business criteria used by the Committee in establishing performance conditions for Awards subject to this Section 7(f) shall be selected from among the following:

- (i) Return on capital;

- (ii) Earnings;

- (iii) Cash flow, including without limitation EBITDA (earnings before interest, taxes, depreciation and amortization);

- (iv) Stock price or book value;

- (v) Revenues; and/or

- (vi) Strategic business criteria, consisting of one or more objectives based upon meeting specified market penetration or geographic business expansion goals, cost targets, and/or goals relating to acquisitions or divestitures.

A-8

The targeted levels of performance required with respect to such business criteria may be expressed in absolute or relative terms, including without limitation changes in performance relative to past performance, internal budgets or plans, or comparison to peer companies, indices or other industry performance measures; on an absolute or per share basis; and/or relative to the entire Company or to one or more segments, subsidiaries, divisions or other operating units thereof. Performance conditions may differ for Awards to different Participants. The Committee shall specify the weighting to be given to each performance condition for purposes of determining the final benefit earned with respect to any such Award. Unless restricted by the terms of the Award, the Committee may, in its discretion, reduce the amount of any benefit otherwise earned in connection with an Award subject to this Section 7(f), but may not exercise discretion to increase such benefit, and the Committee may consider other performance conditions in exercising such negative discretion. All determinations by the Committee as to the achievement of performance conditions shall be in writing. To the extent applicable, the measures used in setting performance targets for any given performance period shall be determined (without regard to any accrual, payment, or other effect of any Award granted under the Plan) by reference to or in accordance with generally accepted accounting principles (“GAAP”) in a manner consistent with the methods used in the Company’s audited financial statements for the applicable fiscal year, without regard to (A) extraordinary items as determined by the Company’s independent registered public accounting firm in accordance with GAAP, (B) unusual or nonrecurring items, or (C) changes in accounting, unless in each such case the Committee decides otherwise within the period described in Section 1.162-27(e)(2) of the Treasury Regulations (as may be amended from time to time). Notwithstanding the foregoing, in calculating such measures (including without limitation on a per-share basis), the Committee may, within the period described in Section 1.162-27(e)(2) (as may be amended from time to time) for a given performance period, provide that such calculation shall be made on the same basis as reflected in any report or release of the Company for a previously completed fiscal period as specified by the Committee. The Committee may not delegate any responsibility with respect to an Award subject to this Section 7(f). If grants have been made under this Section 7(f), additional grants intended to qualify as performance-based compensation under Section 162(m) of the Code, subject to the restrictions added by the 2017 Tax Act, are to be made hereunder, and shareholder approval is then required by Section 162(m), the Plan must be reapproved by the Company’s shareholders no later than the first shareholders meeting that occurs in the fifth year following the year in which the shareholders most recently approved the provisions of this Section 7(f).

(g) Acceleration Upon a Change in Control. Notwithstanding anything contained herein to the contrary, except as provided by the Committee in an Award Agreement all restrictions and/or conditions relating to the continued performance of services and/or the achievement of performance conditions with respect to the exercisability, settlement or payment of an Award shall accelerate or lapse immediately prior to a Change in Control.

8. General Provisions.

(a) Compliance with Laws and Obligations. The Company shall not be obligated to issue or deliver shares of Stock in connection with any Award or take any other action under the Plan in a transaction subject to the requirements of any applicable securities law or regulation, the rules of any national securities exchange on which the Stock is then listed, or any other law, regulation or contractual obligation of the Company until the Company is satisfied that such laws, regulations, rules and other obligations have been complied with in full. Certificates representing shares of Stock issued under the Plan shall be subject to such stop-transfer orders and other restrictions as may be applicable under such laws, regulations, rules and other obligations, including without limitation any requirement that a legend or legends be placed thereon.

(b) Limitations on Transferability. Awards and other rights under the Plan shall not be transferable by a Participant except by will or the laws of descent and distribution or to a Beneficiary in the event of the Participant's death, shall not be pledged, mortgaged, hypothecated or otherwise encumbered or otherwise subject to the claims of creditors, and, in the case of ISOs and SARs in tandem therewith, shall be exercisable during the lifetime of a Participant only by such Participant or his guardian or legal representative; provided, however, that such Awards and other rights (other than ISOs and SARs in tandem therewith) may be transferred to one or more transferees during the lifetime of the Participant to the extent and on such terms and conditions as then shall be permitted by the Committee.

(c) No Right to Continued Employment, Directorship or Service. Neither the Plan nor any action taken hereunder shall be construed as giving any employee, director or other person the right to be retained in the employ or service of the Company or any of its subsidiaries, nor shall it interfere in any way with the right of the Company or any of

A-9

its subsidiaries to terminate any employee's employment or other person's service at any time or with the right of the Board or shareholders not to renominate or re-elect or to remove any director.

(d) Taxes. The Company and any subsidiary is authorized to withhold from any Award granted or to be exercised, settled or paid, from any delivery of shares of Stock or cash in connection with an Award, from any other payment relating to an Award or from any payroll or other payment to a Participant, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee shall deem necessary or desirable to enable the Company and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive shares of Stock or other property and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations.

(e) Changes to the Plan and Awards. The Board may amend, alter, suspend, discontinue or terminate the Plan or the Committee's authority to grant Awards without the consent of shareholders or Participants, except that any such action shall be subject to the approval of the Company's shareholders at or before the next annual meeting of shareholders for which the record date is after such Board action if such shareholder approval is required by any federal or state law or regulation or the rules of any stock exchange on which the Stock is then listed, and the Board may otherwise, in its discretion, determine to submit other such changes to the Plan to shareholders for approval; provided, however, that, without the consent of an affected Participant, no such action may materially impair the rights of such Participant under any outstanding Award theretofore granted to the Participant (as such rights are set forth in the Plan and the Award Agreement). The Committee may waive any conditions or rights under, or amend, modify, alter, suspend, discontinue or terminate, any outstanding Award theretofore granted and any Award Agreement relating thereto; provided, however, that, without the consent of an affected Participant, no such action may materially impair the rights of such Participant under such Award (as such rights are set forth in the Plan and the Award Agreement). Notwithstanding the foregoing, the Board or the Committee may take any action (including without limitation actions materially impairing or terminating outstanding Awards) (i) permitted by Section 4(c) or 6, (ii) to comply with the requirements of Section 162(m), 280G or 409A of the Code or Rule 16b-3, or (iii) to prevent a Participant who is then subject to Section 16(b) of the Exchange Act from incurring liability under that Section.

(f) No Rights to Awards; No Shareholder Rights. No person shall have any claim to be granted any Award, and there is no obligation for uniformity of treatment of Participants. No Award shall confer on any Participant any of the rights of a shareholder of the Company unless and until shares of Stock are duly issued or transferred and delivered to the Participant in accordance with the terms of the Award or, in the case of an Option, the Option is duly exercised.

(g) Unfunded Status of Awards; Creation of Trusts. The Plan is intended to constitute an "unfunded" plan for incentive compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan, any Award or any Award Agreement shall give any Participant any rights that are greater than those of a general creditor of the Company; provided, however, that the Committee may authorize the creation of trusts or make other arrangements to meet the Company's obligations under the Plan to deliver cash, Stock, other Awards, awards under any other Company plan or other property pursuant to any Award, which trusts or other arrangements shall be consistent with the "unfunded" status of the Plan unless the Committee shall otherwise determine with the consent of

each affected Participant.

(h) Nonexclusivity of the Plan. Neither the adoption or amendment of the Plan by the Board nor any approval of the Plan or amendments thereto by the shareholders of the Company shall be construed as creating any limitations on the power of the Board or the Committee to adopt such other compensatory arrangements as it shall deem necessary or desirable, including without limitation the granting of stock options or cash bonuses otherwise than under the Plan, and such arrangements may be either applicable generally or only in specified cases.

(i) No Fractional Shares. No fractional shares of Stock shall be issued or transferred pursuant to the Plan or any Award. The Committee shall determine whether cash, other Awards, awards under any other Company plan or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

A-10

(j) Compliance with Sections 162(m), 280G and 409A of the Code. It is the intent of the Company that employee Options, SARs and other Awards designated as Awards subject to Section 7(f), including without limitation designated Restricted Stock, Deferred Stock and Cash Awards, shall constitute “qualified performance-based compensation” within the meaning of Section 1.162-27(e) of the Treasury Regulations (as may be amended from time to time), subject to the restrictions added by the 2017 Tax Act, and that all such Awards comply also, to the extent applicable, with the requirements of Section 280G and 409A of the Code. Accordingly, if any provision of the Plan or any Award Agreement relating to such an Award does not comply or is inconsistent with the requirements of Section 162(m), 280G or 409A, such provision shall be construed or deemed modified to the extent necessary to conform to such requirements.

(k) Governing Law. The validity, construction and effect of the Plan, any rules and regulations relating to the Plan, any Award and any Award Agreement shall be determined in accordance with the laws of the State of Texas, without giving effect to principles of conflicts of laws, and applicable federal law.

(l) Effective Date; Plan Termination. The Plan shall become effective as of the date of its adoption by the Board, and shall continue in effect until terminated by the Board.
