Item 8.01. Other Events.

This Current Report on Form 8-K is being filed principally to reflect certain retrospective revisions that have been made to the consolidated financial statements of Churchill Downs Incorporated (the "Company") that were previously filed with the Securities and Exchange Commission by the Company on February 27, 2013 in its Annual Report on Form 10-K for the year ended December 31, 2012 (the "2012 Form 10-K") to reflect a change in the key performance measure used by the Company to evaluate the performance of the Company's operating segments. The Company began reporting comparative results using Adjusted EBITDA (defined as earnings before interest, taxes, depreciation, amortization, insurance recoveries net of losses, Horse Racing Equity Trust Fund proceeds, share based compensation expenses, pre-opening expenses, including those of its equity investments, the impairment of assets and other charges or recoveries) segment presentation effective with the filing of its Quarterly Report on Form 10-Q for the period ended June 30, 2013.

The Company operates in the following four segments: (1) Racing Operations, which includes Churchill Downs Racetrack, Arlington International Race Course and its eleven off-track betting facilities ("OTBs"), Calder Race Course and Fair Grounds Race Course and the pari-mutuel activity generated at its twelve OTBs; (2) Gaming, which includes video poker and gaming operations at Calder Casino, Fair Grounds Slots, Harlow's Casino Resort & Spa, Riverwalk Casino Hotel, Oxford Casino and Video Services, LLC; (3) Online Business, which includes TwinSpires, our Advance Deposit Wagering business, Fair Grounds Account Wagering, Bloodstock Research Information Services, Velocity, a business focused on high wagering volume international customers and Luckity, an ADW business that offers real-money bingo with outcomes based on and determined by pari-mutuel wagers on live horseraces, as well as the Company's equity investment in HRTV, LLC; and (4) Other Investments, which includes United Tote Company and United Tote Canada, Miami Valley Gaming & Racing, LLC, Bluff Media and the Company's other minor investments. Eliminations include the elimination of intersegment transactions.

In order to evaluate the performance of these operating segments internally, the Company uses Adjusted EBITDA as a key performance measure of our results of operations. During the three months ended June 30, 2013, the Company implemented the Adjusted EBITDA metric because it believes the inclusion or exclusion of certain recurring and non-recurring items is necessary to provide a more accurate measure of its core operating results and enables management and investors to evaluate and compare from period to period our operating performance in a meaningful and consistent manner. Adjusted EBITDA should not be considered as an alternative to operating income as an indicator of performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure provided in accordance with Generally Accepted Accounting Principle ("GAAP"). The Company's calculation of Adjusted EBITDA may be different from the calculation used by other companies and, therefore, comparability may be limited.

As a result, we revised our segment presentation beginning in the second quarter of 2013. The 2012, 2011 and 2010 financial information has been retrospectively revised to reflect the change in the reporting measure.

Item 9.01 of this Current Report on Form 8-K revises certain information contained in the Company's 2012 Form 10-K to reflect these changes in our segment reporting measure. In particular, Exhibit 99.1 contains revised Management's Discussion and Analysis of Financial Condition and Results of Operations and Exhibit 99.2 contains revised financial statements.
