To Be Held May 22, 2006

This Proxy Statement and accompanying proxy are being furnished to stockholders in connection with the solicitation of proxies by the Board of Directors of Adams Resources & Energy, Inc., a Delaware corporation (the "Company"), for use at the 2006 Annual Meeting of Shareholders to be held at 4400 Post Oak Parkway, Suite 2700, Houston, Texas, on Monday, May 22, 2006 at 11:00 a.m., Houston time, and any and all adjournments thereof, (such meeting or adjournment(s) thereof referred to as the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement and the accompanying proxy are being mailed to stockholders on or about April 7, 2006.

The Company will pay the cost of solicitation of the proxies. In addition to solicitation by mail, proxies may be solicited personally or by telephone or telegram by directors, officers and employees of the Company, and arrangements may be made with brokerage houses or other custodians, nominees and fiduciaries to send proxies and proxy material to their principals. Compensation and expenses of any such firms, which are not expected to exceed \$1,000, will be borne by the Company.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

At the close of business on April 3, 2006, the record date of those entitled to receive notice of and to vote at the meeting, the Company had outstanding 4,217,596 shares of common stock, \$0.10 par value per share ("Common Stock"). The presences, in person or by proxy, of a majority of the outstanding shares of Common Stock on the record date is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Each share is entitled to one vote on all issues requiring a stockholder vote at the Annual Meeting. Shareholders may not cumulate their votes for the election of directors. Directors shall be elected by a majority of the votes of the shares present or represented by proxy and entitled to vote at the Annual Meeting. Abstentions will have no effect on the outcome of the vote on Item 1. Broker non-votes will not be counted in the tabulations of the votes cast on Item 1 and will have no effect on the outcome of the vote.

All shares represented by properly executed or submitted proxies, unless previously revoked, will be voted at the Annual Meeting in accordance with the directions on the proxies. If no direction is indicated, the shares will be voted **FOR** the election as directors of the nominees listed herein, and in the discretion of the persons named in the proxy in connection with any other business that may properly come before the Annual Meeting. The enclosed proxy, even though executed and returned, may nevertheless be revoked at any time before it is voted by the subsequent execution and submission of a revised proxy, by written notice of revocation to the Secretary of the Company or by voting in person at the meeting. However, simply attending the Annual Meeting and not voting will not revoke a proxy.

ELECTION OF DIRECTORS

The persons named as proxyholders in the enclosed proxy have been selected by the Board of Directors to serve as Proxies and will vote the shares represented by valid proxies at the Annual Meeting and any adjournments thereof. They have indicated that, unless otherwise specified in the proxy, they intend to vote for the election as director each of the persons named as a nominee listed below under "Nominees for Director" unless authority to vote in the election of directors is withheld on each proxy. Each nominee is currently a member of the Board of Directors. Each duly elected director will hold office until the 2007 Annual Meeting of Shareholders or until his successor shall have been elected and qualified. Although the Board of Directors of the Company does not contemplate that a nominee will be unable to serve, if such a situation arises prior to the Annual Meeting, the persons named in the enclosed proxy will vote for the election of such other person as may be nominated by the Board of Directors. Proxies cannot be voted in the election of directors for more than seven persons, as that is the number of nominees named herein.

The resignation of Mr. Stevens was prompted by his no longer being an independent director under American Stock Exchange guidelines. In connection with Mr. Stevens' resignation, Mr. Buckley also resigned as a Director in order to maintain the makeup of the Board to include a majority of outside independent directors.

Meetings and Committees of the Board

In 2005, the Board met four times in person and had two additional telephonic meetings. During 2005, all directors attended at least 75% of the meetings of the Board and the committees on which they served for the period in which they held office. It is the Company's policy that all persons nominated for election to the Board at the time of the annual meeting be present at such meeting. All directors attended the 2005 annual meeting except Mr. E. Jack Webster was unable to attend due to an injury. The Board has three standing committees. Independence

The Company's Board of Directors is comprised of a majority of independent directors as defined under American Stock Exchange listing standards. There are no family relationships among any of the directors or executive officers of the Company. The directors determined by the Board to be independent are Mr. Reinauer, Mr. Wieck, Mr. Jack Webster, Jr. and Mr. Wiener. The Board has determined that none of the designated independent directors has any relationship that, under American Stock Exchange rules, would preclude their service on any of the standing

committees of the Board. In addition, the Board requires each of its members and each of the director nominees to disclose in an annual questionnaire any relationship he or she or his or her family members have had with the Company, its subsidiaries, its independent accountants, directors and officers within the past five years. The Board considers any such relationship in making its determination.

The Committee also considers nominees submitted by stockholders to the Secretary of the Company in accordance with the procedures set forth in the Company's Bylaws. You may obtain a copy of the Bylaws by writing to Adams Resources & Energy, Inc., 4400 Post Oak Parkway, Suite 2700, Houston TX 77027, Attention: Corporate Secretary, David Hurst. The Company's Bylaws can also be found on the Company's website at www.adamsresources.com.

In identifying and evaluating candidates for nomination to the Board, the Nominating Committee considers several factors, including education, experience, knowledge, expertise, independence and availability to effectively carry out the duties of a Board member. The qualifications and backgrounds of prospective candidates are reviewed in the context of the current composition of the Board to ensure the Board maintains the proper balance of knowledge, experience and diversity to effectively manage our business for the long-term interests of the shareholders.

In connection with the Annual Meeting, the Nominating Committee has recommended the Directors listed in this proxy.

REPORT OF COMPENSATION COMMITTEE**Compensation Philosophy**

The Company's compensation philosophy has the following objectives and executive compensation levels are determined in consideration thereof.

- Establish and maintain a level of compensation that is competitive within the Company's industry.
- Provide an incentive mechanism for favorable results.
- Provide a level of executive compensation that is consistent with the level of compensation for non-executive personnel.
- Maintain a compensation system that is consistent with the objectives of sound corporate governance.

Elements of Compensation

The Company's executive compensation program is comprised of the following elements.

- Base salary
- Discretionary bonus
- Benefits

Base salaries are initially determined based on negotiations occurring at the time of the executive joining the Company. In subsequent years, such levels may be adjusted based on current competitive conditions. Discretionary bonuses are used as an incentive for favorable results. The discretionary bonus may also serve as a supplement to base salary levels, while allowing the Board to avoid such expense during a year when earnings do not meet expectation. A

pre-defined formula bonus system is not utilized. This is because the discretionary approach is believed to better align management with the long-term interest of the Company rather than toward a set short-term formula target.

The determination of a discretionary bonus generally originates with a recommendation from executive officers based on the Company's compensation philosophy. An important consideration for the recommended amount is the level of salaries and bonuses paid to the Company's non-executive officer employees. The Company has a diverse group of non-executive employees with levels of compensation consistent with industry practices and varying responsibilities. Recommended bonus amounts are consistent with the bonus amounts and concepts applied to non-executive employees. The Compensation Committee retains final approval authority over such recommended amounts.

The Company also provides employee benefits, which primarily consist of a 401 (k) Plan and an employer sponsored medical plan. The benefits provided the executive officer group are no different than those offered to non-executive employees. The Company does not provide stock options or other common stock incentives. The Company does not offer a defined benefit pension plan.

Chairman and Chief Executive Officer Compensation

Mr. Adams' base salary, discretionary bonus and benefits for each of the past three years is presented in the table above. The methodology for establishing such levels of compensation is consistent with the methodology utilized for other executive officers. As the major shareholder of the Company, Mr. Adams is acutely aware of the need to balance the goal of reinvesting available cash flow to build the Company's equity base with the need to attract and retain key employees.

Internal Revenue Code 162(m) Considerations

Section 162(m) of the Internal Revenue Code, as amended, limits a company's ability to deduct compensation paid in excess of \$1 million to the Chief Executive Officer and the next four highest paid officers in any year, unless the compensation meets certain performance requirements. The Company has no officers receiving compensation in excess of \$1 million.

Conclusion

We strive to maintain an executive compensation program that aligns executive awards with the long-term goals of the Company and financial returns to shareholders. We believe our compensation methodology and levels of compensation are consistent with these objectives.

Audit Committee Pre-Approval Policies

The Audit Committee has established a policy intended to clearly define the scope of services performed by the Company's independent registered public accountants for non-audit services. This policy relates to audit services, audit-related services, tax and all other services which may be provided by the Company's independent registered public accountants and is intended to assure that such services do not impair the auditor's independence. The policy requires the pre-approval by the Audit Committee of all services to be provided by the Company's independent registered public accountants. Under the policy, the Audit Committee will annually review and pre-approve the services that may be provided by the independent registered public accountants. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated is required to report to the Audit Committee at its next meeting any services which such member or members has approved. The policy also provides that the Audit Committee will pre-approve the fee levels for all services to be provided by the independent registered public accountants. Any proposed services exceeding these levels will require pre-approval by the Audit Committee.

All of the services provided by the Company's principal accounting firm described in the table above were approved in accordance with this policy and the Audit Committee has determined that the independent registered public accountants' independence has not been compromised as a result of providing these services and receiving the fees for such services as noted above.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to the Company during its most recent fiscal year and Forms 5 and amendments thereto furnished to the Company with respect to its most recent fiscal year, and written representations from reporting persons that no Form 5 was required, the Company believes that all required Form 3, 4 and 5 reports for transactions occurring in 2005 were timely filed.

TRANSACTIONS WITH RELATED PARTIES

Mr. K. S. Adams, Jr., Chairman and Chief Executive Officer, and certain of his family partnerships and affiliates have participated as working interest owners with the Company's subsidiary, Adams Resources Exploration Corporation. Mr. Adams and such affiliates participate on terms no better than those afforded the non-affiliated working interest owners. In recent years, such related party transactions tend to result after the Company has first identified oil and gas prospects of interest. Due to capital budgeting constraints, typically the available dollar commitment to participate in such transactions is greater than the amount management is comfortable putting at risk. In such event, the Company first determines the percentage of the transaction it wants to obtain, which allows a related party to participate in the investment to the extent there is excess available. Such related party transactions are individually reviewed and approved by the Audit Committee comprised of the independent directors on the Company's Board of Directors. As of December 31, 2005, the Company owed a combined net total of \$112,800 to these related parties. In connection with the operation of certain oil and gas properties, the Company also charges such related parties for administrative overhead primarily as prescribed by the Council of Petroleum Accountants Society Bulletin 5. Such overhead recoveries totaled \$147,000 in 2005.

In August 2000, the Company was approached by a third party to join in an acquisition of certain producing oil and gas reserves in Escambia County, Alabama. The Company's share of the acquisition would have been approximately \$12 million. Due to capital constraints at the time, the Company decided against direct participation, but rather promoted Mr. Adams for a 15 percent back-in interest after payout. In October 2005, Mr. Adams elected to sell his purchased interest causing the property to achieve payout status. The Company's resulting share of the gain was \$942,000, which Mr. Adams paid in cash to the Company.

David B. Hurst, Secretary of the Company, is a partner in the law firm of Chaffin & Hurst. The Company has been represented by Chaffin & Hurst since 1974 and plans to use the services of that firm in the future. Chaffin & Hurst currently leases office space from the Company. Transactions with Chaffin & Hurst are on the same terms as those prevailing at the time for comparable transactions with unrelated entities.

The Company also enters into certain transactions in the normal course of business with other affiliated entities. These transactions with affiliated companies are on the same terms as those prevailing at the time for comparable transactions with unrelated entities.
