PROXY STATEMENT

2007 ANNUAL MEETING OF SHAREHOLDERS

To Be Held May 21, 2007

This Proxy Statement and accompanying proxy are being furnished to stockholders in connection with the solicitation of proxies by the Board of Directors of Adams Resources & Energy, Inc., a Delaware corporation (the "Company"), for use at the 2007 Annual Meeting of Shareholders to be held at 4400 Post Oak Parkway, Suite 2700, Houston, Texas, on Monday, May 21, 2007 at 11:00 a.m., Houston time, and any and all adjournments thereof, (such meeting or adjournment(s) thereof referred to as the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and the accompanying proxy are being mailed to stockholders on or about April 6, 2007.

The Company will pay the cost of solicitation of the proxies. In addition to solicitation by mail, proxies may be solicited personally or by telephone or telegram by directors, officers and employees of the Company, and arrangements may be made with brokerage houses or other custodians, nominees and fiduciaries to send proxies and proxy material to their principals. Compensation and expenses of any such firms, which are not expected to exceed \$1,000, will be borne by the Company.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

At the close of business on April 2, 2007, the record date of those entitled to receive notice of and to vote at the meeting, the Company had outstanding 4,217,596 shares of common stock, \$0.10 par value per share ("Common Stock"). The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock on the record date is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Each share is entitled to one vote on all issues requiring a stockholder vote at the Annual Meeting. Shareholders may not cumulate their votes for the election of directors. Directors shall be elected by a majority of the votes of the shares present or represented by proxy and entitled to vote at the Annual Meeting. Abstentions will have no effect on the outcome of the vote on Item 1. Broker non-votes will not be counted in the tabulations of the votes cast on Item 1 and will have no effect on the outcome of the vote.

All shares represented by properly executed or submitted proxies, unless previously revoked, will be voted at the Annual Meeting in accordance with the directions on the proxies. If no direction is indicated, the shares will be voted **FOR** the election as directors of the nominees listed herein, and in the discretion of the persons named in the proxy in connection with any other business that may properly come before the Annual Meeting. The enclosed proxy, even though executed and returned, may nevertheless be revoked at any time before it is voted by the subsequent execution and submission of a revised proxy, by written notice of revocation to the Secretary of the Company or by voting in person at the meeting. However, simply attending the Annual Meeting and not voting will not revoke a proxy.

ELECTION OF DIRECTORS

The persons named as proxy holders in the enclosed proxy have been selected by the Board of Directors to serve as Proxies and will vote the shares represented by valid proxies at the Annual Meeting and any adjournments thereof.

They have indicated that, unless otherwise specified in the proxy, they intend to vote for the election as director each of the persons named as a nominee listed below under "Nominees for Director" unless authority to vote in the election of directors is withheld on each proxy. Each nominee is currently a member of the Board of Directors. Each duly elected director will hold office until the 2008 Annual Meeting of Shareholders or until his successor shall have been elected and qualified. Although the Board of Directors of the Company does not contemplate that a nominee will be unable to serve, if such a situation arises prior to the Annual Meeting, the persons named in the enclosed proxy will vote for the election of such other person as may be nominated by the Board of Directors. Proxies cannot be voted in the election of directors for more than five persons, as that is the number of nominees named herein.

Nominees for Director

The Board of Directors unanimously recommends a vote FOR the election of the nominees listed below.

For each of the Company's directors, the following table sets forth their names, ages, principal occupations, other directorships of public companies held by them and length of continuous service as a director.

Webster joined the Company as its President, Chief Operating Officer and Director in May 2004. From July 2003 until May 2004, Mr. Webster was engaged in private investments. From December 2000 through July 2003 he served as Executive Vice President and Managing Director and also as President and Chief Executive Officer of Duke Capital Partners, LLC, a subsidiary of Duke Energy. Upon recommendation by the Nominating Committee, which consists of the Independent Directors, Mr. Bell was appointed to the Board in December 2006 following the resignation of Mr. Edward Wieck (82), for health reasons.

Currently, the Board of Directors also includes members Mr. William B. Wiener III and Mr. Richard B. Abshire. At the request of his employer, Mr. Wiener will not stand for reelection to the Board in 2007. In order to maintain the majority balance of independent directors, Mr. Abshire, the Company's Chief Financial Officer, will not stand for reelection to the Board in 2007.

Meetings and Committees of the Board

In 2006, the Board met four times in person and had two additional telephonic meetings. During 2006, all directors attended at least 75% of the meetings of the Board and the committees on which they served for the period in which they held office. It is the Company's policy that all persons nominated for election to the Board at the time of the annual meeting be present at such meeting. All directors attended the 2006 annual meeting. The Board has three standing committees. Mr. Bell replaced Mr. Wieck on the Board's three standing committees in December 2006. Prior

The responsibilities of the Audit Committee, Compensation Committee and Nominating Committee are described in each of the committees' respective charters, which were adopted by the respective committees and the Board. These committee charters are available on the website at www.adamsresources.com. The Audit Committee charter has also been included as Appendix A to this Proxy Statement. Copies may also be obtained by writing to Investor Relations, Adams Resources & Energy, Inc., 4400 Post Oak Parkway, Suite 2700, Houston TX 77027.

Independence

The Company's Board of Directors is comprised of a majority of independent directors as defined under American Stock Exchange listing standards. There are no family relationships among any of the directors or executive officers of the Company. The directors determined by the Board to be independent are Mr. Reinauer, Mr. Wieck, Mr. Jack Webster, Jr., Mr. Wiener and Mr. Bell. The Board has determined that none of the designated independent directors has any relationship that, under American Stock Exchange rules, would preclude their service on any of the standing committees of the Board. In making its determination, the Board considered transactions and relationships between each director or his immediate family and the Company and its subsidiaries, including those reported under "Compensation Committee Interlocks and Insider Participation" and "Transactions with Related Persons" below. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent. In addition, the Board requires each of its members and each of the director nominees to disclose in an annual questionnaire any relationship he or she or his or her family members have had with the Company, its subsidiaries, its independent accountants, directors and officers within the past five years. The Board considers any such relationship in making its determination.

Nomination Policy

The Nominating Committee of the Board of Directors consists of current members Messrs. Reinauer, Jack Webster, Jr., Bell and Wiener. Each of the members of the Nominating Committee is independent, as defined in Section 121A of the listing standards of the American Stock Exchange.

The Nominating Committee identifies and recommends to the Board nominees for directors to be considered at the annual meeting of shareholders or to serve as replacements in the event of a vacancy on the Board. The Committee also considers nominees submitted by stockholders to the Secretary of the Company in accordance with the procedures set forth in the Company's Bylaws. You may obtain a copy of the Bylaws by writing to Adams Resources & Energy, Inc., 4400 Post Oak Parkway, Suite 2700, Houston TX 77027, Attention: Corporate Secretary, David Hurst. The Company's Bylaws can also be found on the Company's website at www.adamsresources.com.

In identifying and evaluating candidates for nomination to the Board, the Nominating Committee considers several factors, including education, experience, knowledge, expertise, independence and availability to effectively carry out the duties of a Board member. The qualifications and backgrounds of prospective candidates are reviewed in the context of the current composition of the Board to ensure the Board maintains the proper balance of knowledge, experience and diversity to effectively manage our business for the long-term interests of the shareholders. The Nominating Committee initially identifies candidates for nomination through its and management's general industry contacts. It is not the policy of the Nominating Committee to consider for nomination any director candidates recommended by shareholders as no such request has ever occurred. The Nominating Committee will review its policy position if such a request is received. Shareholders may communicate with the Board of Directors as described herein below.

In connection with the Annual Meeting, the Nominating Committee has recommended the Directors listed in this proxy. All first-time candidates for director were recommended to the Nominating Committee by the Company's Chief Executive Officer.

COMPENSATION, DISCLOSURE AND ANALYSIS

The Company's executive compensation policies are designed to provide aggregate compensation opportunities for our executive officers that are competitive in the business marketplace and that are based upon Company and individual performance.

Compensation Philosophy

The Company's compensation philosophy has the following objectives and executive compensation levels are determined in consideration thereof.

- Establish and maintain a level of compensation that is competitive within the Company's industry.
- Provide an incentive mechanism for favorable results.

- Provide a level of executive compensation that is consistent with the level of compensation for non-executive personnel.
 - Maintain a compensation system that is consistent with the objectives of sound corporate governance.

Design of Reward

Together with the need to retain its executive officers, the Company's compensation program is designed to reward and create an incentive for the executive officers provided the Company's overall financial condition and liquidity is sound. Executive compensation as a reward is generally considered as a group rather than an individual achievement. This approach fosters a team approach to management.

It is the policy of the Company to pay all forms of compensation currently and in cash. This is believed to be the simplest, most readily understood approach and does not expose the Company to potential future diminution of corporate value. This policy also removes any issues regarding accounting and the tax deductibility of executive compensation.

Elements of Compensation

The Company's executive compensation program is comprised of the following elements.

- Base salary
- Discretionary bonus
- Benefits

The Company utilizes these three elements of executive compensation because the use of each of these elements is believed to be the minimum required in order to retain its executive officer group. Compensation decisions are made solely by the Company's Compensation Committee without the use of compensation consultants. Base salaries are initially determined based on negotiations occurring at the time of the executive joining the Company. In subsequent years, such levels may be adjusted based on current competitive conditions. Discretionary bonuses are used as an incentive for favorable results. The discretionary bonus may also serve as a supplement to base salary levels, while allowing the Board to avoid such expense during a year when earnings do not meet expectations. A pre-defined formula bonus system is not utilized. This is because the discretionary approach is believed to better align management with the long-term interest of the Company rather than toward a set short-term formula target.

The determination of a discretionary bonus generally originates with a recommendation from executive officers based on the Company's compensation philosophy. An important consideration for the recommended amount is the level of salaries and bonuses paid to the Company's non-executive officer employees. The Company has a diverse group of non-executive employees with levels of compensation consistent with industry practices and varying responsibilities. Recommended bonus amounts are consistent with the bonus amounts and concepts applied to non-executive employees. The Compensation Committee retains final approval authority over such recommended amounts. Discretionary bonus may be awarded intermittently during the year as warranted by current results. Such amounts are expensed as incurred. Discretionary bonuses are anticipated to increase or decrease with the prevailing trend for consolidated net earnings.

The Company also provides employee benefits, primarily consisting of a 401 (k) Plan (discussed below) and an employer sponsored medical plan. The benefits provided the executive officer group are no different than those offered to non-executive employees. The Company does not provide stock options or other common stock incentives. The Company does not offer a defined benefit pension plan.

Perquisites

The Company provides the following :

- Automobile Allowance
- Club Dues Reimbursement
- Life and Disability Insurance Premiums

Automobile allowance and club dues reimbursements are paid to the executive officers consistent with the payment of such amounts to non-executive employees. The requirement to pay such amounts is negotiated with the executive at the time of their initial employment. Life and disability insurance premiums are paid on behalf of the executives consistent with the payment of such insurance premiums for non-executive employees.

Perquisite amounts are not considered annual salary for bonus purposes

401(k) Plan

Consistent with the Company's desire to provide financial security in retirement, the Company offers a 401(k) plan to its employees, including its executive officers. As described in footnote (1) to the Summary Compensation Table, the Company makes a matching contribution to the plan. In 2006, the Company matched 100% of employee contributions up to 3% of compensation and matched 50% of employee contributions from 3% to 5% of compensation, subject to the current annual limit of \$8,800. This policy conforms with the IRS allowed safe harbor rules for matching contributions.

Employment and Severance Agreements

The Company has an employment agreement with Mr. Webster. His agreement expires on May 13, 2010. The agreement contains no automatic extensions. Mr. Webster's employment agreement contains conditions of employment and entitles him to participate in the Company's leave, insurance and other employee benefit plans of the Company that may be in effect time to time for management-level employees of the Company. Mr. Webster's employment agreement also provides for severance payments in certain cases of termination. For additional information concerning Mr. Webster's employment agreement, see "Potential Payments upon Termination or Change in Control — Employment Agreements" above.

Chairman and Chief Executive Officer Compensation

Mr. Adams' base salary, discretionary bonus and benefits for each of the past three years are presented in the table above. The methodology for establishing such levels of compensation is consistent with the methodology utilized for other executive officers. As the major shareholder of the Company, Mr. Adams is acutely aware of the need to balance the goal of reinvesting available cash flow to build the Company's equity base with the need to attract and retain key employees.

Internal Revenue Code 162(m) Considerations

Section 162(m) of the Internal Revenue Code, as amended, limits a company's ability to deduct compensation paid in excess of \$1 million to the Chief Executive Officer and the next four highest paid officers in any year, unless the compensation meets certain performance requirements. The Company has no officers receiving compensation in excess of \$1 million.

REPORT OF COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors consists of Messrs. Reinauer, Jack Webster, Jr., Wiener and Bell. The duties and responsibilities of the Compensation Committee are set forth in a written charter adopted by the Board of Directors and are available on the Company's website at www.adamsresources.com. Each of the members of the Compensation Committee is independent, as defined in Section 121A of the listing standards of the American Stock Exchange.

We have reviewed and discussed with management the Company's above Compensation Discussion and Analysis ("CD&A") and based on our review and discussions with management, we recommended to the Board of Directors that the CD&A be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006.

This committee is the Board's agent in ensuring the integrity of financial reports of the Company and its subsidiaries, and the adequacy of disclosures to stockholders. The Audit Committee is the focal point for communication between other directors, the independent auditors and management as their duties relate to financial accounting, reporting and controls. The Audit Committee is also responsible for reviewing the financial transactions of the Company involving any related parties.

Audit Committee Pre-Approval Policies

The Audit Committee has established a policy intended to clearly define the scope of services performed by the Company's independent registered public accountants for non-audit services. This policy relates to audit services, audit-related services, tax and all other services which may be provided by the Company's independent registered public accountants and is intended to assure that such services do not impair the auditor's independence. The policy requires the pre-approval by the Audit Committee of all services to be provided by the Company's independent registered public accountants. Under the policy, the Audit Committee will annually review and pre-approve the services that may be provided by the independent registered public accountants. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated is

required to report to the Audit Committee at its next meeting any services which such member or members has approved. The policy also provides that the Audit Committee will pre-approve the fee levels for all services to be provided by the independent registered public accountants. Any proposed services exceeding these levels will require pre-approval by the Audit Committee.

All of the services provided by the Company's principal accounting firm described in the table above were approved in accordance with this policy and the Audit Committee has determined that the independent registered public accountants' independence has not been compromised as a result of providing these services and receiving the fees for such services as noted above.

The duties and responsibilities of the Audit Committee are set forth in a written charter adopted by the Board of Directors and available on the Company's website. TRANSACTIONS WITH RELATED PERSONS

Mr. K. S. Adams, Jr., Chairman and Chief Executive Officer, and certain of his family limited partnerships and affiliates have participated as working interest owners with the Company's subsidiary, Adams Resources Exploration Corporation. Mr. Adams and such affiliates participate on terms no better than those afforded the non-affiliated working interest owners. In recent years, such related party transactions generally result after the Company has first identified oil and gas prospects of interest. Typically the available dollar commitment to participate in such transactions is greater than the amount management is comfortable putting at risk. In such event, the Company first determines the percentage of the transaction it wants to obtain, which allows a related party to participate in the investment to the extent there is excess available. In those instances where there was no excess availability there has been no related party participation. Similarly, related parties are not required to participate, nor is the Company obligated to offer any such participation to a related or other party. When such related party transactions occur, they are individually reviewed and approved by the Audit Committee comprised of the independent directors on the Company's Board of Directors. During 2006, such related party investment commitments totaled approximately \$6.9 million in those oil and gas projects where a related party was also participating in such investment. As of December 31, 2006, the Company owed a combined net total of \$146,338 to these related parties. In connection with the

operation of certain oil and gas properties, the Company also charges such related parties for administrative overhead primarily as prescribed by the Council of Petroleum Accountants Society Bulletin 5. Such overhead recoveries totaled \$118,000 in 2006. A synopsis of each proposed transaction that involves a related party is presented to the Audit Committee for their review. Documentation of the Audit Committee's conclusions are noted in the committee minutes.
