

Exchange Act. o

Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On February 8, 2019, the Audit Committee of the Board of Directors (the “Audit Committee”) of Molson Coors Brewing Company (the “Company”), after discussion with management of the Company and PricewaterhouseCoopers LLP, the Company’s independent registered public accounting firm, concluded that the Company’s previously issued consolidated financial statements as of and for the years ended December 31, 2017 and December 31, 2016 should be restated and no longer be relied upon.

As part of preparing its 2018 financial statements, the Company identified errors in the accounting for income taxes related to the deferred tax liabilities for its partnership in MillerCoors, LLC (“MillerCoors”). Upon the closing of the acquisition of the remaining interest in MillerCoors (the “Acquisition”) in the fourth quarter of 2016 and completion of the related deferred income tax calculations, the Company did not reconcile the outside basis deferred income tax liability for the investment in the partnership to the book-tax differences in the underlying assets and liabilities within the partnership. As a result of completing this reconciliation as part of preparing its 2018 consolidated financial statements, the Company identified a difference related to historical financial statements and concluded that the previously issued 2017 and 2016 consolidated financial statements were misstated. Accordingly, the Company is restating its consolidated financial statements as of and for the year ended December 31, 2016 to increase its deferred tax liabilities and deferred tax expense by \$399.1 million, with a corresponding decrease in net income and earnings per share. The Company’s consolidated financial statements as of and for the year ended December 31, 2017 are also being restated to reflect the revaluation of such deferred liabilities due to the U.S. Tax Cuts and Job Act of 2017 and to correct further insignificant income tax errors resulting in a decrease to deferred tax liabilities and deferred tax expense of \$151.4 million, resulting in corresponding increases to the Company’s net income and earnings per share. These adjustments resulted in an aggregate \$247.7 million increase to the Company’s deferred tax liabilities and corresponding decrease in retained earnings and total equity as of December 31, 2017.

The Company intends to include restated consolidated financial statements as of and for the years ended December 31, 2017 and December 31, 2016 in its Annual Report on Form 10-K for the year ended December 31, 2018 (the “2018 Annual Report”), which it expects to file on February 12, 2019. Management of the Company has concluded that the impact of the errors on the previously issued unaudited interim financial statements included in the Company’s Quarterly Reports on Form 10-Q are not material, but in conjunction with restating its annual financial statements, the Company will include corrected 2018 and 2017 previously issued unaudited interim financial information in the 2018 Annual Report and will revise its unaudited 2018 interim financial statements in connection with the filing of its Quarterly Reports on Form 10-Q for the quarters ending March 31, June 30 and September 30, 2019.

In connection with the restatement, management of the Company has determined that a material weakness existed in the Company’s internal control over financial reporting as of December 31, 2018 relating to the design and maintenance of effective controls over the completeness and accuracy of the accounting for and disclosure of the income tax effects of acquired partnership interests. Specifically, the Company did not design appropriate controls to identify and reconcile deferred income taxes associated with the accounting for acquired partnership interests. As a result, the Company’s Chief Executive Officer and Chief Financial Officer have concluded that the Company’s disclosure controls and procedures were not effective as of December 31, 2018, and the Company’s management has concluded that its internal control over financial reporting was not effective as of December 31, 2018.

The Company’s management and the Audit Committee have discussed the matters disclosed in this Item 4.02 with the Company’s independent registered public accounting firm, PricewaterhouseCoopers LLP.
