8.01. Other Events.

On May 18, 2012, the Public Utility Commission of Texas (“PUCT”) unanimously approved the settlement of El Paso Electric Company's (the “Company”) 2012 Texas rate case in PUCT Docket No. 40094 (the “Settlement”) for customers in the Company's Texas service areas outside the city limits of El Paso. The Settlement was previously approved by the City Council of El Paso, Texas on April 17, 2012 for customers within the City of El Paso. As previously disclosed in our Report on Form 8-K dated April 17, 2012, the Settlement provides for, among other things, a \$15 million reduction in base rates, and is designed to encourage economic growth, primarily through rate reductions for commercial and industrial customers in Texas. The rates under the Settlement have been in effect for all billings on a temporary basis since May 1, 2012 pending the PUCT's approval of the Settlement. For additional information, see “Notes to Consolidated Financial Statements-Regulation-Texas Regulatory Matters” under Part I, Item 1 of our Quarterly Report on Form 10-Q for the quarter ended March 31, 2012.
