Section 3 - Securities and Trading Markets

Item 3.02: Unregistered Sales of Equity Securities

On November 24, 2006, Alexandra Global Master Fund Ltd. (“Alexandra”) exercised its right to convert its remaining \$2.0 million principal amount of the 7% Convertible Senior Subordinated Debentures due 2011 (the “Debentures”) of LSB Industries, Inc. (the “Company”), and Technology Yield Fund (“Technology”) exercised its right to convert \$0.25 million principal amount of the Debentures. On November 27, 2006, Highbridge International, LLC (“Highbridge”) exercised its right to convert its entire \$5.0 million principal amount of the Debentures. Pursuant to the terms of the Indenture governing the Debentures, the conversion rate was 141.25 shares of common stock for each \$1,000 principal amount of converted Debentures. As a result, the Company will issue 706,250 shares of common stock to Highbridge, 282,500 shares of common stock to Alexandra, and 35,312 shares of common stock to Technology.

In connection with these conversions, the Company has agreed to pay \$175,000 to Highbridge, \$70,000 to Alexandra, and \$8,750 to Technology, in each case representing six months of interest that would have been due in March 2007 on these Debentures if not converted. These conversions reduce the Company’s debt by \$7.25 million and correspondingly increase stockholders’ equity by approximately the same amount. Following this conversion, \$4.5 million of the principal amount of the Debentures remains outstanding.

The issuance of the common stock upon conversion of the Debentures will be made in reliance on the exemption from registration provided by Section 3(a)(9) of the Securities Act of 1933, as amended (the “Act”). The conversion was effected without any form of general solicitation or general advertising. No commission or other remuneration was paid directly or indirectly for soliciting this transaction. The shares of common stock issued and issuable upon conversion of the outstanding Debentures are registered for resale under the Company’s Form S-1 Registration Statement, file number 333-134111, declared effective May 26, 2006.

During the period from September 1, 2006 to February 28, 2009, the conversion rate of the Debentures declines every six months, starting at 141.25 shares and ending at 129.23 shares per \$1,000 principal amount of Debentures (representing an approximate conversion price of between \$7.08 and \$7.74 during such period). On and after March 1, 2009, the conversion rate is 125 shares per \$1,000 principal amount of Debentures (representing a conversion price of \$8.00 per share). The conversion rate is subject to certain anti-dilution adjustments.
