INTERNET
AVAILABILITY
OF PROXY
MATERIALS

In accordance with U.S. Securities and Exchange Commission rules, we are using the Internet as our primary means of furnishing proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send these stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our proxy statement and annual report, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose. We believe this will make the proxy distribution process more efficient, less

costly and help in conserving natural resources. If you previously elected to receive our proxy materials electronically, these materials will continue to be sent via email unless you change your election.

PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

The accompanying Proxy is solicited by and on behalf of the Board of Directors of the Company, for use only at the Annual Meeting to be held at the Company's offices at 70 Corporate Center, 11000 Broken Land Parkway, Suite 200, Columbia, Maryland on the 22nd day of June 2016, at 10:30 a.m., local time, and at any adjournments or postponement thereof. The approximate date on which this Proxy Statement and the accompanying Proxy were first given or sent to security holders was April 29, 2016.

Properly delivered Proxies will be voted in accordance with the specifications made and where no specifications are given, such Proxies will be voted FOR the proposal to elect eight persons to the Board of Directors of the Company to serve until their respective successors are elected and qualified, FOR the proposal to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016, FOR the compensation of our named executive officers and FOR the approval of the amendment to the 2011 Stock Incentive Plan and re-approval of the material terms of the payment of performance-based compensation under the 2011 Stock Incentive Plan. In the discretion of the proxy holders, the Proxies will also be voted FOR or AGAINST such other matters as may properly come before the Annual Meeting. The management of the Company is not aware of any other matters that are to be presented for action at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in your proxies will vote in accordance with their best judgment. Although it is intended that the Proxies will be voted for the nominees named herein, the holders of the Proxies reserve discretion to cast votes for individuals other than such nominees in the event of the unavailability of any such nominee. The Company has no reason to believe that any of the nominees will become unavailable for election. The Proxies may not be voted for a greater number of persons than the number of nominees named.

Quorum; Required Votes

In order to conduct business at the Annual Meeting a quorum must be present. A quorum is the presence, in person or by proxy, of holders of record of shares of GP Strategies Common Stock (the "Common Stock") representing a majority of the number of votes entitled to be cast at the Annual Meeting. Proxies marked as abstaining on any matter to be acted upon by stockholders and "broker non-votes", described below, will be treated as present for purposes of determining if a quorum is present.

The election of directors (Proposal 1) requires that each nominee receive more votes cast "for" than "against" the nominee at the Annual Meeting in order for the nominee to be elected. Shares not present and shares present but not voted (whether as an abstention, broker non-vote or otherwise) will have no effect on the election of directors.

The ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016 (Proposal 2) requires the affirmative vote of a majority of the votes cast on the matter. Abstentions and broker non-votes have no effect on this proposal.

The advisory vote on compensation of our named executive officers (Proposal 3) requires the affirmative vote of a majority of the votes cast on the matter. Abstentions and broker non-votes have no effect on this proposal. Although the advisory vote on the compensation of our named executive officers is non-binding, the Board of Directors will review the results of the vote and will take them into account when making decisions concerning executive compensation of our named executive officers.

The approval of amendment to the 2011 Stock Incentive Plan and re-approval of the material terms of payment of performance-based compensation under the 2011 Stock Incentive Plan (Proposal 4) requires the affirmative vote of a majority of the votes cast on the matter, assuming a quorum is present and the total votes cast on the proposal represents over 50% in interest of the outstanding shares of Common Stock. Abstentions and broker non-votes will be counted as having been present for purposes of determining the presence of a quorum and will have the effect of negative votes on this proposal, unless holders of more than 50% in interest of the outstanding shares of stock cast votes on the proposal, in which case they will have no effect on this proposal.

If you hold your shares in “street name” (that is through a broker or other nominee), your broker may be able to vote your shares for certain “routine” matters even if you do not provide the broker with voting instructions. If you do not give your broker instructions on how to vote your shares the broker will return the proxy card without voting on proposals not considered “routine.” This is a broker non-vote. Proposals 1, 3 and 4 are considered “non-routine” matters. The broker may not vote on these matters without instructions from you.

Record Date

The Board of Directors has fixed the close of business on April 25, 2016 as the record date for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. The issued and outstanding capital stock of the Company on April 25, 2016 consisted of 16,748,900 shares of Common Stock, each entitled to one vote per share.

Voting via the Internet, by Telephone or by Mail; Revoking Earlier Vote

Stockholders whose shares are registered in their own names may vote in person at the Annual Meeting, via the Internet, by telephone or, if they receive a paper proxy card in the mail, by mailing a completed proxy card. The Notice of Internet Availability of Proxy Materials provides instructions on how to access your proxy card, which contains instructions on how to vote via the Internet or by telephone. If you receive a paper proxy card, instructions for voting via the Internet or by telephone are set forth on the proxy card. If you receive a paper proxy card and voting instructions by mail and elect to vote by mail, you should sign and return the mailed proxy card in the prepaid and addressed envelope that was enclosed with the proxy materials, and your shares will be voted at the Annual Meeting in the manner you direct.

If your shares are registered in the name of a bank or brokerage firm (your record holder), you will receive instructions from your record holder that you must follow to specify how your record holder will vote your shares. If you hold shares through a bank or brokerage firm and wish to be able to vote in person at the Annual Meeting, you must obtain a legal proxy from your brokerage firm, bank or other holder of record and present it to the inspector of elections with your ballot.

You may revoke or change a previously delivered proxy at any time before the Annual Meeting by delivering another proxy with a later date, by voting again via the Internet or by telephone, by delivering written notice of revocation of your proxy to the Company’s Secretary at its principal executive offices before the beginning of the Annual Meeting, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, in and of itself, revoke a valid proxy that was previously delivered. If you hold shares through a bank or brokerage firm, you must contact that bank or brokerage firm to revoke any prior voting instructions. You may also vote in person at the Annual Meeting if you obtain a legal proxy as described in the preceding paragraph.

The election of directors requires that each nominee receives more votes cast "for" than "against" the nominee in order for the nominee to be elected. Shares not present and shares present but not voted (whether as an abstention, broker non-vote or otherwise) will have no effect on the election of directors.

The Board of Directors recommends that you vote FOR the election of each of the eight nominees.

Corporate Governance

The Board of Directors has the responsibility for establishing broad corporate policies and for the overall performance of the Company, although it is not involved in day-to-day operating details. Members of the Board of Directors are kept informed of the Company's business by various reports and documents sent to them as well as by operating and financial reports made at Board and Committee meetings. The Board of Directors held nine meetings in 2015. All of the Directors attended at least 75% of the total number of meetings of the Board of Directors and of Committees of the Board on which they served. We do not have an official policy with regard to Board members' attendance at annual meetings of stockholders. However, we encourage all Directors to attend and typically schedule a meeting of the Board of Directors on the same day as our meeting of stockholders.

Corporate Governance Guidelines

Our Board of Directors, on the recommendation of the Nominating/Corporate Governance Committee, adopted a set of corporate governance guidelines, a copy of which is available on our website at www.gpstrategies.com under the "Corporate Governance" page of the "Investors" section (<http://investors.gpstrategies.com/common/pdf/investors/guidelines.pdf>). We will provide a copy of such guidelines to any stockholder who requests one by contacting our Secretary, 70 Corporate Center, 11000 Broken Land Parkway, Suite 200, Columbia, MD 21044. We continue to monitor our corporate governance guidelines to comply with rules adopted by the SEC, the NYSE and industry practice.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics for our directors, officers and employees, including, but not limited to, the Chief Executive Officer and the Chief Financial Officer and other senior managers in our accounting and finance departments. A copy of this Code of Business Conduct and Ethics can be found on our website at www.gpstrategies.com under the "Corporate Governance" page of the "Investors" section (<http://investors.gpstrategies.com/common/pdf/investors/gpxCodeOfEthics.pdf>). We will provide a copy of such code to any stockholder who requests one by contacting our Secretary, 70 Corporate Center, 11000 Broken Land Parkway, Suite 200, Columbia, MD 21044. If we make any substantive amendments to the Code of Ethics for our executive officers or directors or grant any waiver from a provision of the Code of Ethics for our executive officers or directors, we will within four (4) business days disclose the nature of such amendment or waiver in a Report on Form 8-K or on our website at www.gpstrategies.com.

Director Independence

The Board of Directors reviews the independence of its members on an annual basis. No Director will be deemed to be independent unless the Board affirmatively determines that the Director in question has no material relationship with the Company, directly or as an officer, stockholder, member or partner of an organization that has a material relationship with the Company. The Board has not adopted any categorical standards of Director independence, however, the Board of Directors employs the standards of independence of the New York Stock Exchange ("NYSE") rules currently in effect in making its determination that a Director qualifies as independent. In its annual review of Director independence, the Board considers all commercial, banking, consulting, legal, accounting, charitable or other business relationships any Director may have with the Company. As a result of its annual review, the Board of Directors has determined that Jennifer E. Brown, Harvey P. Eisen, Daniel M. Friedberg, Marshall S. Geller, Laura L. Gurski, Steven E. Koonin, Richard C. Pfenniger, Jr. and A. Marvin Strait are independent and that Scott N. Greenberg is not independent. The Company has Nominating/Corporate Governance, Compensation and Audit Committees and based on these standards, all current members of such Committees are independent. The Company also has an

Executive Committee, of which Mr. Greenberg is a member.

Stock Ownership Guidelines

On March 30, 2015, the Company revised its stock ownership guidelines for its directors and adopted stock ownership guidelines for certain of its officers, including the Chief Executive Officer and the Named Executive Officers.

All directors (other than the Chief Executive Officer) are expected to accumulate and hold shares of Common Stock with a value of at least five times their annual cash base fees. Previously, directors were expected to accumulate and hold at least 15,000 shares of Common Stock. As of April 25, 2016 and throughout 2015 each director held shares of the Company's common stock sufficient to satisfy the guideline other than Ms. Gurski who became a director in April 2015.

The Chief Executive Officer is expected to accumulate and hold shares of Common Stock with a value of at least six times his annual cash base salary and the other Named Executive Officers are expected to accumulate and hold shares of Common Stock with a value of at least three times their respective annual cash base salaries. Until the ownership guideline is satisfied, the Chief Executive Officer and Named Executive Officers are required to retain at least 50% of net profit shares delivered through the GP Strategies 2011 Stock Incentive Plan. Net profit shares refer to those that remain after payment of any exercise price and taxes owed at the exercise of stock options, vesting of restricted stock, restricted stock units, or earn out of performance shares.

Board Leadership Structure

We have separated the roles of the Chairman of the Board of Directors and Chief Executive Officer (the “CEO”) in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board of Directors provides guidance to the CEO, consults with the CEO about the agenda for Board of Directors meetings, and presides over meetings of the full Board of Directors. At present, our Board believes that this structure is appropriate and that it facilitates independent oversight of management.

Executive Sessions of Non-Management Directors

The non-management Directors meet periodically in executive session. The executive sessions of non-management Directors are presided over by the Director who is the Chairman of the Committee responsible for the issue being discussed. Executive sessions are also routinely held as a part of meetings of the Audit Committee. The Board intends to schedule at least two executive sessions of non-management Directors each year. However, any Director may request additional executive sessions of non-management Directors to discuss any matter of concern.

Risk Oversight

Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks the Company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. Management is responsible for establishing our business strategy, identifying and assessing the related risks and establishing appropriate risk management practices. Our Board receives reports on various areas of risk, reviews our business strategy and management’s assessment of the related risk, and discusses with management the appropriate level of risk for the Company.

Our Board administers its risk oversight function with respect to our operating risk as a whole, and meets with management at least quarterly to receive updates with respect to our operations, business strategies and the monitoring of related risks. The Board also delegates oversight of certain risks to the Audit, Compensation and Nominating/Corporate Governance Committees.

Our Audit Committee oversees financial risk exposures, including monitoring the integrity of the financial statements, internal controls over financial reporting, and the independence of the independent auditor of the Company. The Audit Committee also monitors our whistleblower hot lines with respect to financial reporting matters, alleged violations of our codes of conduct and business ethics, and cybersecurity and information technology risks. Individuals who supervise day-to-day risk in these areas have direct access to the Board of Directors through the Audit Committee.

Our Nominating/Corporate Governance Committee oversees governance related risks by working with management to establish corporate governance guidelines applicable to the Company, including recommendations regarding

director nominees, the determination of director independence, Board leadership structure and membership on Board Committees. The Company's Nominating/Corporate Governance Committee also oversees risk by working with management to adopt corporate governance policies and procedures designed to support the highest standards of business ethics.

Our Compensation Committee oversees risk management by participating in the creation of compensation structures that create incentives that support an appropriate level of risk-taking behavior consistent with the Company's business strategy.

Nominating/Corporate Governance Committee

The members of the Nominating/Corporate Governance Committee are Daniel M. Friedberg, Marshall S. Geller and Richard C. Pfenniger, who is the Chairman of the Nominating/Corporate Governance Committee. All members of such committee satisfy the independence requirements of the NYSE rules currently in effect. The Nominating/Corporate Governance Committee met twice in 2015. The principal functions of the Nominating/Corporate Governance Committee are to:

- (i) develop policies on the size and composition of the Board of Directors;
- (ii) identify individuals qualified to become members of the Board of Directors;
- (iii) recommend a slate of nominees to the Board of Directors annually;
- (iv) ensure that the Audit, Compensation and Nominating/Corporate Governance Committees of the Board of Directors have the benefit of qualified and experienced independent Directors;
- (v) review and reassess the adequacy of the Board of Directors' corporate governance principles (which principles may be viewed online on the Company's website at www.gpstrategies.com under the "Corporate Governance" page of the "Investors" section); and
- (vi) advise the full Board of Directors on corporate governance matters.

Our Nominating/Corporate Governance Committee identifies individuals qualified to be Board members, evaluates any stockholder recommendations for Board membership, and develops and recommends corporate governance policies and procedures. We did not implement any changes to our process for stockholder recommendations of director nominees during 2015.

Criteria and Diversity

When the Board of Directors decides to recruit a new member, it seeks strong candidates who possess qualifications and expertise that will enhance the composition of the Board of Directors. The criteria for selecting new Directors can be viewed online on the Company's website at www.gpstrategies.com under the "Corporate Governance" page of the "Investors" section. The Board of Directors will consider any such strong candidate provided he or she possesses integrity and ethical character. The Company may engage an executive search firm to assist it in finding qualified candidates. If the Board of Directors does not believe that a candidate possesses the above personal characteristics, that candidate will not be considered.

In evaluating potential board members, the Nominating/Corporate Governance Committee will apply the criteria set forth in our Corporate Governance Guidelines including:

- A candidate's background, achievements, and experience;
- Demonstrated leadership ability;
- The intelligence and ability to make independent analytical inquiries;
- The ability to exercise sound business judgment; and
- Due consideration to the Board's overall balance of diversity of perspectives, backgrounds and experiences, as well as age, gender and ethnicity.

Accordingly, in consideration with many other factors, the Nominating/Corporate Governance Committee selects nominees with a broad diversity of abilities, experience, professions, skills and backgrounds. The Nominating/Corporate

Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of members of our Board of Directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

The Nominating/Corporate Governance Committee uses the same criteria to evaluate all candidates regardless of whether the person was recommended by directors, officers, employees, stockholders or others. Upon selection of a qualified candidate, the Nominating/Corporate Governance Committee would recommend the candidate for consideration by the full Board of Directors.

Stockholder Recommendations for Board Nominees

To recommend a prospective nominee for the Nominating/Corporate Governance Committee's consideration, stockholders should submit the candidate's name and qualification to our Secretary in writing at 70 Corporate Center, 11000 Broken Land Parkway, Suite 200, Columbia, MD 21044. When submitting candidates for nomination to be elected at our annual meeting of stockholders, stockholders must also follow the notice procedures and provide the information required by our By-laws. Our By-laws provide that any stockholder wishing to nominate a candidate for Director or to propose other business at an annual meeting of stockholders must give written notice that is received by our Secretary not less than 90 days prior to the anniversary date of the proxy statement relating to the immediately preceding annual meeting of stockholders (no later than January 30, 2017 with respect to the 2017 Annual Meeting of Stockholders); provided that in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, such notice must be received not less than 90 days prior to the date of the meeting or, if the first public announcement of the meeting date is less than 100 days before such meeting date, not later than the close of business on the tenth day following the day on which public disclosure of the date of the annual meeting was first made. Such notice must provide certain information specified in our By-laws. Copies of our By-laws are available to stockholders without charge upon request to our Secretary at the address set forth above.

- Produce an annual report on executive compensation for inclusion in our proxy statement, in accordance with applicable rules and regulations;

The Compensation Committee is also involved in making compensation decisions regarding certain key non-executive officer employees.

None of the members of the Compensation Committee is a current or former officer or employee of ours.

Compensation Discussion & Analysis

Overview

This Compensation Discussion and Analysis explains our compensation philosophy, policies and practices with respect to our Chief Executive Officer, Chief Financial Officer, and the other three Named Executive Officers. This discussion focuses on the information contained in the following tables and related footnotes and narrative discussions for primarily the last completed fiscal year, but we also describe compensation actions taken before or after the last completed fiscal year to the extent they enhance the understanding of our executive compensation disclosure.

Results of 2015 Stockholder Say on Pay Vote

At our 2015 annual meeting of stockholders our stockholders overwhelmingly approved the compensation of our Named Executive Officers, with 14,386,080 shares voting in favor (representing over 90% of shares voted and approximately 84% of shares outstanding), 183,153 shares voting against, 10,323 shares abstaining and 984,925 shares held by brokers not voting. These results are similar to the stockholder votes on executive compensation at our 2014 annual meeting of stockholders, so we believe that our stockholders are generally supportive of the amounts and the manner in which Named Executive Officers have been compensated. The past results of the stockholder advisory vote on executive compensation, particularly the strong support expressed by the stockholders, were among the many

factors considered by the Compensation Committee in making its decisions regarding executive compensation in 2015.

2015 Executive Compensation Actions

In 2015, the Compensation Committee engaged Frederic W. Cook & Co., Inc. (the “Compensation Consultant”), who the Compensation Committee determined to be independent, to assess the competitiveness of compensation levels for certain of our officers, including our Named Executive Officers, relative to survey market data. In March 2015, the Compensation Committee made certain decisions discussed below regarding Named Executive Officer salaries, determining target long-term equity incentive amounts for the Named Executive Officers, and the mix between time-based and performance-based long-term incentives after considering the input of the Compensation Consultant, survey market data, our 2014 performance, and other relevant factors.

Compensation Philosophy and Objectives

The Compensation Committee seeks to provide compensation programs designed to:

- Attract and retain talented and dedicated executives;
- Motivate and reward executives whose knowledge, skills, potential and performance are critical to our success; and
- Align the interests of our executive officers and stockholders by motivating executive officers to increase stockholder value and rewarding executive officers when stockholder value increases.

The Compensation Committee believes that the most effective compensation program is one that provides competitive base pay, rewards the achievement of goals and objectives, and provides an incentive for retention. The principal elements of our executive compensation program are base salary, annual cash incentives, long-term equity incentives (the vesting of which may accelerate upon termination of employment and/or a change in control), other benefits and perquisites and post-termination severance compensation. Base salary, benefits, and limited perquisites are designed to attract and retain highly qualified individuals. Also, in order to avoid excessive risk taking, it is important that not all cash compensation be variable. Annual cash incentive compensation awards are designed to focus the entire senior executive team, including the Named Executive Officers, toward achieving our goals while recognizing their individual contributions. Long-term equity incentives are designed to align the interests of our Named Executive Officers with our stockholders, reward overall enterprise performance, and encourage the retention of the Named Executive Officers by providing additional opportunities for them to participate in the ownership of the Company and its future growth.

Setting Executive Compensation

We typically evaluate annually whether the elements of our executive compensation program are aligned with our compensation philosophy and objectives, while also promoting the interests of our stockholders. As part of this evaluation, we subscribe annually to a number of compensation data resources to evaluate the compensation of our executive officers compared to similar positions in the marketplace, including resources published by Kenexa, Mercer and Western Management Group which provide base salary and bonus compensation data. In general, our objective is to compensate our executive officers at levels between the 50th and 75th percentiles for executives in similar positions at similarly sized companies, which we believe usually allows us to satisfy the objectives described above. The Compensation Committee has sometimes deemed it appropriate to compensate certain executives at levels outside the 50th to 75th percentile for executives in similar positions due to the executives' experience and the market for executives with similar experience, scope of responsibility, accountability and impact on our operations, and the impact their departure could potentially have on our performance.

In addition, to assist management and the Compensation Committee in assessing and determining competitive compensation packages, at times we have engaged an independent compensation consultant to evaluate the compensation of certain executive officers and other key employees. In 2015, the Compensation Consultant analyzed the long-term incentive compensation of our Named Executive Officers compared to corresponding data in the 25th percentile, 50th percentile and 75th percentile for executives in similar positions from the survey market data. Based on the Compensation Committee's evaluation of the information provided by the Compensation Consultant and the performance of the Company and the Named Executive Officers, on March 30, 2015 the Compensation Committee approved an incentive program under which a target level of equity compensation and the mix between time and performance-based equity compensation was set for each officer and is described in more detail below under Long-Term Equity Incentive Compensation.

Elements of Compensation

Base Salary

General

The Compensation Committee, with input from the Chief Executive Officer, considers competitive, individual and company performance data in order to make or recommend compensation decisions that will incentivize, retain and maintain a competitive standing for each executive officer. The Compensation Committee considers several factors when adjusting an executive's salary, including individual and Company performance, the executive's market value and prospective value to us, the knowledge, experience and accomplishments of the executive, the executive's level of responsibility, the recommendation of the Chief Executive Officer as to officers other than the Chief Executive Officer, and the compensation levels for individuals with similar credentials. On March 30, 2015, the Compensation Committee approved salary increases for the Named Executive Officers which became effective on April 1, 2015. The salary increases were based on survey market data and resulted in the executives' salaries being at levels between the 50th and 75th percentiles for executives in similar positions at similarly sized

companies. The Board of Directors approved the following increases in the annual base salaries for the following Named Executive Officers, which had been last increased October 1, 2012:

Name	Prior Salary	New Salary
Scott N. Greenberg	\$472,000	\$560,000
Sharon Esposito-Mayer	\$310,000	\$360,000
Douglas E. Sharp	\$425,000	\$520,000
Donald R. Duquette	\$300,000	\$350,000
Karl Baer	\$300,000	\$325,000

Cash-Based Incentive Compensation (Bonus)

Bonuses to our Chief Executive Officer and President

The employment agreements with our Chief Executive Officer and our President contain formulas for determining their annual cash bonuses. The formula ties the bonus payable to them to increases in our earnings before income taxes, depreciation and amortization (“EBITDA”) compared to the prior year, as adjusted for acquisitions and dispositions and other extraordinary or unusual nonrecurring items as defined in their employment agreements. EBITDA is a widely used non-GAAP financial measure of operating performance. EBITDA is calculated from our audited financial statements by adding back interest expense, income tax expense, depreciation and amortization to net income, and adjusting for certain non-recurring items such as gains or losses on the change in fair value of contingent consideration. Under their employment agreements, the Chief Executive Officer’s and President’s bonuses are (a) 1% of base salary for each 1% increase in EBITDA, up to a 10% increase; (b) then 2% of base salary for each 1% increase in EBITDA, up to a 15% increase; (c) then 3% of base salary for each 1% increase in EBITDA, up to a 25% increase; subject to a maximum bonus for any calendar year of 50% of his base salary for that year. In calculating the bonus for Mr. Greenberg and Mr. Sharp, for any year in which we acquire any business, the formula set forth in their employment agreements requires that EBITDA for the prior year be adjusted to reflect the budgeted EBITDA of the acquired business (as set forth in the budget numbers on which the acquisition was based) for the period from the date of the acquisition to the end of the calendar year in which the acquisition takes place.

For 2015, our EBITDA, as adjusted for acquisitions and other unusual nonrecurring items in 2015 and 2014, decreased 20%. As a result, no bonuses were paid to Mr. Greenberg or Mr. Sharp with respect to the year ended December 31, 2015 pursuant to their employment agreements or otherwise.

Bonuses to our other Named Executive Officers

Our Cash Bonus Plan (the “Bonus Plan”) that was in effect during 2015 provides for the payment of cash bonuses to eligible employees and executive officers, including the Named Executive Officers except for Mr. Greenberg and Mr. Sharp whose bonuses fall under their individual employment agreements, as described above.

The Bonus Plan contains separate formulas and incentives for the executive team, business unit leaders and all other employees. Each part of the plan sets forth, among other things, (1) which levels of executives or employees are eligible to participate in that part of the plan, (2) the method of determining the amount of bonuses available for distribution under that part of the plan, and (3) performance criteria to be used in determining the amount, if any, of each participant’s bonus. For purposes of the Bonus Plan, our executive team includes the aforementioned Named Executive Officers and certain other executive and senior vice presidents. The total bonus pool that may be allocated among the executive team will not exceed 50% of the executive team’s total base salaries and is determined by using a formula based on our revenue growth and pre-tax income growth over the prior year’s results. Once the bonus pool is established, the amount of each executive team member’s potential cash bonus, if any, is determined using a score (up to 100 points) given to each executive team member based upon the attainment of the performance objectives

recommended by the Chief Executive Officer and approved by the Compensation Committee of the Board of Directors. Performance objectives include specific corporate level, group level (or for executive team members who are not group leaders, additional corporate level) and individual objectives. Corporate level and group level objectives are based on revenue and pre-tax income growth of the Company and the operating group within the Company for which the executive is responsible, compared to the prior fiscal year results, adjusted for acquisitions during the year and other non-recurring items when deemed appropriate.

Except for the Chief Financial Officer and any executive who does not manage an operating group, executive team members could achieve maximum scores of 15 points under the Bonus Plan for corporate revenue growth of 10% or more and 15 additional points for corporate pre-tax income growth of 20% or more, and maximum scores of 25 points under the Bonus Plan for group revenue growth of 15% or more and 25 additional points for group gross profit growth of 30% or more. Achievement of individual goals may add up to 20 more points to each executive team member's score.

For the year ended December 31, 2015, the total bonus pool for the executive team was zero due to the decline in our consolidated revenue and pre-tax income. Therefore, no bonuses were awarded to any of the executives for the year ended December 31, 2015. In contrast, the total bonus pool for the executive team for the year ended December 31, 2014, was \$325,500.

New Bonus Plan in 2016

On March 29, 2016, our Board of Directors approved a Short-Term Incentive Program (the "STIP") based on the recommendation of the Compensation Committee of the Board of Directors. The STIP provides for the payment of cash bonuses to eligible employees of the Company and its subsidiaries, including Named Executive Officers Sharon Esposito-Mayer, Karl Baer, and Donald Duquette. Scott Greenberg and Douglas Sharp, the Company's Chief Executive Officer and President, respectively, are not eligible to participate in the STIP as their cash bonuses will continue to be determined under their individual employment agreements as described above. The STIP replaces our previous cash bonus plan and participating employees' cash bonuses for fiscal year 2016 will be determined under the STIP.

We believe that the STIP provides greater incentives than the previous cash bonus plan for group and business unit leaders to drive achievement of Company level objectives (for example, cross-selling between business units) over those efforts that may more directly affect group and business unit objectives by linking a larger percentage of each employee's bonus opportunity to the achievement of Company level objectives. Adoption of the STIP is also part of the Company's plan to move to a compensation structure that places more emphasis on performance-based incentives than salary in rewarding performance.

The STIP divides eligible employees into categories based on their levels of responsibility and also establishes a general pool for paying cash bonuses to all other eligible employees of the Company. For each category of participants (other than those in the general pool), the STIP establishes the amount of cash bonus opportunity, types of performance objectives, and allocation of bonus among those types of performance objectives. The specific performance objectives to be used and the thresholds for earning part or all of the bonus opportunity allocated to each of those objectives are established each year in accordance with the terms of the plan applicable for the category. The STIP also provides for bonus payments to be made to participants in addition to the bonus opportunity applicable for each category if the Company's performance exceeds an aggressive goal established annually, but the total amount paid to any employee under the STIP may not exceed 100% of the employee's annual base salary. In addition to giving more weight to company performance objectives than the previous cash bonus plan, the STIP provides for the establishment of minimum thresholds for group or business unit performance that must be achieved for an employee in a group or business unit to earn the part of the bonus attributable to Company performance objectives in order to assure an acceptable minimum level of group and business unit performance.

Employees in the executive category (which includes the participating Named Executive Officers) have a cash bonus opportunity of 50% of annual base salary which is earned based on achievement against a mix of Company, group, and individual objectives. 70% of the cash bonus opportunity is allocated to achievement of Company performance objectives, 20% is allocated to achievement of group performance objectives, and 10% is allocated to achievement of individual performance objectives. The Company and group performance objectives are each further divided into an

income before tax growth objective and a revenue growth objective.

The bonus opportunities in the other categories of the STIP range from 10%-30% depending on the level of responsibility of participants in the category.

There is also a general pool to fund discretionary cash bonuses to eligible employees not assigned to one of the other categories. The method for determining the amount of the general pool available for such discretionary cash bonuses is to be established annually.

Long-term Equity Incentive Compensation

Our Compensation Committee also grants to the Named Executive Officers equity compensation under our incentive stock plan. Equity compensation for the Named Executive Officers, which has historically taken the form of stock options and restricted stock units, is designed to align the interests of our executives with our stockholders as well as to retain the executives. Equity grants are also intended to drive long term performance, in that the value ultimately realized is linked to stock price appreciation. Option grants have no value without stock price appreciation, and restricted stock has value at grant that can increase with stock price appreciation and decrease with stock price declines. Thus, the Compensation Committee believes that equity grants should motivate management to enhance the value of our common stock.

The Compensation Committee awards equity compensation to supplement our executive officers' compensation to ensure that total compensation is competitive in the marketplace and to align compensation with our long term goals and objectives. We have not historically had a formal policy for issuing equity compensation and did not always grant equity awards on an annual or other regular basis. However, during the last several years we have typically made annual grants of restricted stock.

In March 2015, the Compensation Committee approved an incentive program providing for the issuance to certain key executives performance-vesting and time-vesting restricted stock units under the Company's 2011 Stock Incentive Plan (the "2011 Plan"). In connection with developing the program, the Compensation Committee considered information provided by the Compensation Consultant regarding competitive levels of target long-term incentive compensation, the mix of performance-vesting and time-vesting long-term incentive compensation, and appropriate performance measures to link the executive's compensation to creation of value for the stockholders.

Under the program, a target level of equity compensation is set for each officer. The target level is determined by multiplying the officer's annual base salary by a number, which for Mr. Greenberg is 1.4, for Mr. Sharp is 1.0, for Ms. Esposito-Mayer is 0.9, and for Messrs. Baer and Duquette is 0.75. The total equity compensation is divided into performance-vesting and time-vesting restricted stock units. 75% of Mr. Greenberg's target equity compensation is in the form of performance-vesting restricted stock units and 25% is in the form of time-vesting restricted stock units. For all other participants, 60% of his or her target equity compensation is in the form of performance-vesting restricted stock units and 40% is in the form of time-vesting restricted stock units. Under the program, the Compensation Committee sets the performance-vesting goal or goals within the first 90 days of each year.

Pursuant to the authority granted to it under the 2011 Plan, on March 30, 2015 the Compensation Committee granted performance-vesting restricted stock units to certain officers, including Messrs. Greenberg, Sharp, Baer and Duquette and Ms. Esposito-Mayer, and established the performance-vesting measures and targets for the performance period applicable to the grants. Employees will not be entitled to the performance-based restricted stock units unless they are an employee through the end of a three-year performance period running through December 31, 2017, except in case of the recipient's death or disability, retirement, or upon a change in control, which will result in pro rata vesting to the extent that the Compensation Committee determines that the targets it established have been achieved. For the 2015-2017 performance period, the Compensation Committee authorized 50% of each grant to vest based on a target level of average annual return on capital ("ROIC") and 50% of each grant to vest based on average annual growth in EBITDA (adjusted to exclude the effect of acquisitions, dispositions, and certain other nonrecurring or extraordinary items) ("Adjusted EBITDA"). The Compensation Committee believes that ROIC and Adjusted EBITDA are appropriate performance measures for aligning executive compensation with creation of stockholder value. There is no vesting with regard to the ROIC goal until approximately 77% of the goal is satisfied. Between approximately 77% and 100% of the ROIC goal, vesting of the units associated with that goal is interpolated. There is no vesting with regard to the Adjusted EBITDA goal until approximately 71% of the goal is satisfied. Between approximately 71% and 100% of the Adjusted EBITDA goal, vesting of the units associated with that goal is interpolated. If 100% or more of either

goal is satisfied, there is full vesting of the units associated with that goal. Up to 52,476 shares of our common stock could be issued in respect of the performance-vesting restricted stock units granted if the target performance levels established by the Compensation Committee for both corporate objectives are achieved or exceeded.

Also on March 30, 2015, pursuant to the authority granted to it under the 2011 Plan, the Compensation Committee granted time-vesting restricted stock units to the same officers. The time-vesting restricted stock units will vest if the employee is still employed by us on December 31, 2017. After taking into account target compensation, the performance-vesting versus time-vesting mix under the program, and the closing stock price of the Company's common stock on March 30, 2015, the Compensation Committee granted to each of the Named Executive Officers the following time-vesting and performance-vesting restricted stock units:

20

Name	Performance-Based Restricted Stock Units	Time-Based Restricted Stock Units	Total Restricted Stock Units
Scott N. Greenberg	16,017	5,339	21,356
Sharon Esposito-Mayer	5,296	3,530	8,826
Douglas E. Sharp	8,499	5,666	14,165
Donald R. Duquette	4,290	2,860	7,150
Karl Baer	3,984	2,656	6,640

Other Benefits

We also provide our Named Executive Officers with the following other benefits as part of our overall compensation program and which we believe are consistent with the types of benefits offered by competitors:

Retirement Savings Plan: We maintain a defined contribution 401(k) plan in which all eligible employees may participate. The company may make matching contributions under the 401(k) Plan at its discretion equal to a uniform percentage of the first 7% of base compensation for eligible employees.

Health and Welfare Benefits: All full-time employees, including our Named Executive Officers, may participate in our health and welfare benefit programs, including medical, dental and vision care coverage, disability insurance and life insurance.

Life Insurance Premiums: Life insurance policies, in excess of the standard life insurance plans offered to full-time employees, are offered to the Named Executive Officers. During 2015, the executive life insurance policies provided coverage up to five times the executive's annual base salary. The premiums are fully paid by us. A policy may, at the executive's election, be transferred to the executive upon termination of employment.

Automobile Allowances: During 2015, each of the Named Executive Officers either used a vehicle leased or owned by us for both business and personal use or received a monthly car allowance in lieu of using a vehicle leased or owned by us.

Employment Agreements, Severance Benefits and Change in Control Provisions

All of our Named Executive Officers have written employment agreements which provide for separation payments and benefits upon termination of employment under certain circumstances. Post-termination payments with respect to these executives are set forth in their respective employment agreements. The termination provisions for these executives are summarized in the "Potential Payments upon Termination or Change in Control" section later in this report.

Tax Deductibility of Executive Compensation

Limitations on deductibility of compensation may occur under Section 162(m) of the Internal Revenue Code, which generally limits the tax deductibility of compensation paid by a public company to its chief executive officer and certain other highly compensated executive officers to \$1 million in the year the compensation becomes taxable to the executive officer. There is an exception to the limit on deductibility for performance-based compensation that meets certain requirements. We intend that compensation paid under our incentive plans be generally fully deductible for federal income tax purposes. However, the Compensation Committee may approve compensation that exceeds the \$1 million limitation in order to ensure competitive levels of total compensation for our executive officers.

(1) Discretionary bonus paid for the respective years.

Reflects the grant date fair value for financial statement reporting for awards of restricted stock units in the year they were granted. For assumptions used in computing the fair value of stock-based compensation awards, see Note 10 to the Consolidated Financial Statements in Item 8 of our Annual Report on Form 10-K filed with the SEC on February 25, 2016. No bonuses were earned by the Named Executive Officers in respect of the year ended December 31, 2015 pursuant to the terms of the Bonus Plan or employment agreements, as applicable (see Compensation Discussion & Analysis). For Mr. Greenberg and Mr. Sharp, the maximum potential bonus is capped at 50% of his base salary.

(1) For the other three Named Executive Officers, there is not a specified maximum bonus amount for any individual executive team member due to the calculation being dependent on the individual's score as a percentage of the total executive team's score which is then applied to the calculated bonus pool. Total bonus payments to the executive team under the Bonus Plan are capped at 50% of the executive team's total base salaries.

The amounts reported in these columns show the threshold, target and maximum award opportunities for the performance-based restricted stock units granted to the Named Executive Officers. These restricted stock units vest on December 31, 2017, subject to the executive's continued employment with the Company, if and only to the

(2) extent that specific performance goals with respect to the Company's EBITDA and ROIC are met during a three-year performance period. The threshold amounts represent the minimum number of shares payable for a certain level of performance, and the target and maximum amounts represent the maximum payout possible under the plan (as the plan does not specify targets that are in between the minimum and maximum amounts).

The amounts reported in this column represent the time-based restricted stock units granted to the Named Executive Officers. These restricted stock units vest 100% on December 31, 2017 subject to the executive's continued employment with the Company.

(4) The amounts reported in this column represent the grant date fair value of each equity award computed for financial statement reporting, excluding the effect of estimated forfeitures. In the case of the performance-based restricted stock units, the amounts reported are based upon the probable outcome of the applicable performance-based vesting conditions at the time of grant. Assumptions made in computing the grant date fair value of these awards are described in Note 10 to the Consolidated Financial Statements in Item 8 of our Annual Report on Form 10-K filed with the SEC on February 25, 2016.

Potential Payments Upon Termination or Change in Control

Description of Termination Provisions in Employment Agreements

We have employment agreements with all five of the Named Executive Officers. These agreements provide for various payments and benefits to be made to them if their employment with us is terminated for certain reasons. The circumstances in which payments may be made and the potential amounts of those payments are described in this section. We believe that the payments provided for in these agreements are reasonable and appropriate as part of the total compensation packages available for our Named Executive Officers. The following description of certain terms of the employment agreements with our Named Executive Officers is a summary and is subject to, and qualified in its entirety by, the agreements, which have been filed as exhibits to our filings with the SEC. The employment agreements between us and each of Messrs. Greenberg and Sharp provide for termination by either party on two years' notice, unless sooner terminated:

- by the executive's death or disability;
- by the executive for "good reason," as defined below;
- by us for "cause," as defined below; or
- by mutual agreement between us and the executive.

The employment agreements between us and each of Ms. Esposito-Mayer, Mr. Duquette and Mr. Baer will continue in effect until terminated:

- by the executive's death or disability;
- by the executive for "just cause," as defined below;
- by us for "cause," as defined below;
- by us or the executive by giving the other a period of "required notice," as defined below; or
- by mutual agreement between us and the executive.

The "required notice" period is fifteen months for Ms. Esposito-Mayer, Mr. Duquette and Mr. Baer.

The discussion and tables below reflect the estimated termination benefits that would be paid or accrue to each of the Named Executive Officers in the event of the following termination scenarios:

Termination for Cause – If we terminate the employment of one of the named executives for "cause," as defined below, such executive would be entitled to unpaid base salary and continuation of benefits through the date of termination only.

"Cause" is defined under the employment agreements of Messrs. Greenberg and Sharp as follows:

- Willful and continued failure to substantially perform his duties or obligations under the employment agreement (after notice and failure to cure); or
- Willful engaging in misconduct which is materially monetarily injurious to us.

"Cause" as defined under the employment agreements of Ms. Esposito-Mayer, Mr. Duquette and Mr. Baer exists if such executive shall:

- Be convicted, plead guilty, or enter a plea of nolo contendere to a felony or a crime involving moral turpitude; or
- Commit any act or omit to take any action in bad faith and to our detriment; or
-

Willfully and continually fail to perform his or her duties or obligations under any provision of the employment agreement in any material respect, and shall not correct such failure within ten days after receipt of written notice thereof; or

Fail to perform his or her duties or obligations pursuant to the non-compete and confidential information provisions of his or her employment agreement in any material respect.

Termination upon disability – We may terminate the employment of a Named Executive Officer in the event of such executive’s incapacity due to extended physical or mental illness. In the case of disability, the affected executive would be entitled to his or her unpaid base salary and continuation of benefits through the date of termination only. If Mr. Greenberg or Mr. Sharp has been absent from his duties on a full-time basis for the entire period of six consecutive months due to physical or mental illness, we may terminate his employment thirty days after giving him notice of termination if he has not returned to the performance of his duties on a full-time basis within those thirty days. If Ms. Esposito-Mayer, Mr. Duquette or Mr. Baer is unable to fully discharge his or her duties for a period of ninety consecutive days due to a

serious health condition (as defined in the Family and Medical Leave Act of 1993) and after giving effect to any reasonable accommodation required by law, we may terminate his or her employment as of a date specified in a notice of termination given to such employee.

Termination upon death – In the event of death, each of the Named Executive Officers is entitled to his or her full salary through the date of death and we are required to pay his or her spouse or estate the following: for Messrs. Greenberg and Sharp – an amount equal to his full salary for one year after the date of death; and for Ms. Esposito-Mayer, Mr. Duquette or Mr. Baer – his or her full salary through the end of the calendar month within which termination occurred plus his or her full salary for the following two calendar months, and for purposes of the vesting of any stock units outstanding and unvested as of the date of termination of his or her employment, he or she shall be deemed to have been employed through the remaining period under the employment agreement.

Termination without cause, or for “good reason” or “just cause” – If we terminate a Named Executive Officer’s employment without cause or a Named Executive Officer terminates his or her employment for “good reason” or “just cause,” as defined below, then the Named Executive Officer would be entitled to certain compensation discussed in detail below.

“Good reason” is defined under the employment agreements of Messrs. Greenberg and Sharp as follows:

- A change in control as defined in his employment agreement; or
- A management change in control as defined in his employment agreement; or
- A failure by us to comply with any material provision of the employment agreement which has not been cured within ten days after notice of such noncompliance has been given to us by the executive; or
- Any purported termination of the executive’s employment by us which is not effected pursuant to a notice of termination satisfying the requirements of the employment agreement.

Ms. Esposito-Mayer, Mr. Duquette and Mr. Baer shall be deemed to have resigned for “just cause,” under the terms of their employment agreement, in the event that he or she resigns within sixty days following either:

- Our imposition, without express written consent of the executive, of any significant change in his or her function, duties, or responsibilities that is not consistent with him or her being an executive, unless we rescind or modify such change within ten business days after receipt of written notice from the executive; or
- Our failure to make any material payment, or provide any material benefit to the executive pursuant to the employment agreement, unless we correct any such deficiency within ten business days after receipt of written notice from the executive; or
- Our breach of any other term of the employment agreement, unless we correct such failure or breach within thirty days after written notice from the executive.

Termination Payments under Mr. Greenberg’s Employment Agreement

If we terminate Mr. Greenberg’s employment without cause, or if he terminates his employment for “good reason” other than as a result of a management change in control, we are obligated to pay him his full salary and provide his benefits through the date of termination, pay his full bonus for the calendar year in which the date of termination occurs, and pay as severance an amount equal to his average annual cash compensation received from us during the three full calendar years immediately preceding the termination date, multiplied by the greater of (i) the number of years that would have been remaining in the employment period if his employment had not been terminated and (ii) three. In addition, all options to purchase Common Stock granted to him shall become fully vested and we must provide him with continued benefits for three years under all employee benefit plans and programs in which he was entitled to participate prior to the termination.

If Mr. Greenberg terminates his employment as a result of a management change in control, we are obligated to pay him his full salary and provide his benefits through the date of termination, pay his full bonus for the calendar year in which the date of termination occurs, and pay as severance an amount equal to his average annual cash compensation received from us during the three full calendar years immediately preceding the termination date, multiplied by two. In addition, all options to purchase Common Stock granted to him shall become fully vested and we must provide him with continued benefits for two years under all employee benefit plans and programs in which he was entitled to participate prior to the termination.

Termination Payments under Mr. Sharp's Employment Agreement

If we terminate Mr. Sharp's employment without cause, or if he terminates his employment for "good reason" other than as a result of a management change in control, we are obligated to pay him his full salary and provide his benefits through the date of termination, pay his full bonus for the calendar year in which the date of termination occurs, and pay as severance an amount equal to his average annual cash compensation received from us during the three full calendar years immediately preceding the termination date, multiplied by the greater of (i) the number of years that would have been remaining in the employment period if his employment had not been terminated and (ii) three. In addition, all options to purchase Common Stock granted to him shall become fully vested and we must provide him with continued benefits for three years under all employee benefit plans and programs in which he was entitled to participate prior to the termination.

If Mr. Sharp terminates his employment as a result of a management change in control, we are obligated to pay him his full salary and provide his benefits through the date of termination, pay his full bonus for the calendar year in which the date of termination occurs, and pay as severance an amount equal to his average annual cash compensation received from us during the three full calendar years immediately preceding the termination date, multiplied by two. In addition, all options to purchase Common Stock granted to him shall become fully vested and we must provide him with continued benefits for one year under all employee benefit plans and programs in which he was entitled to participate prior to the termination.

Termination Provisions of Employments Agreement with Ms. Esposito-Mayer, Mr. Duquette and Mr. Baer

If during the term of either Ms. Esposito-Mayer's, Mr. Duquette's or Mr. Baer's employment agreement we terminate his or her employment without "cause" or any of them terminates his or her employment for just cause and he or she is in full compliance with his or her obligations under the employment agreement, we are obligated to pay the executive his or her base annual salary at the rate in effect on the date of such termination, and the executive will continue to be eligible to receive such benefits as he or she would have been entitled to had his or her employment not terminated, for a period of time after termination equal to the length of the required notice. In addition, upon the occurrence of a "Change in Control" or "Sale of the Company," as defined in each of their employment agreements, all stock options to purchase Common Stock granted to him or her shall immediately become fully vested and exercisable, and certain stock units granted to him or her must immediately be paid in unrestricted shares of Common Stock.

The amounts shown in the table below assume that the noted triggering events occurred on December 31, 2015 with respect to the five Named Executive Officers. Other relevant assumptions and explanations are provided in the footnotes following the table. The amounts shown reflect only the additional payments or benefits that a Named Executive Officer would have received upon the occurrence of the respective triggering events listed below; they do not include the value of payments or benefits that would have been earned, or any amounts associated with equity awards that would have vested absent the triggering event. As discussed above, none of the Named Executive Officers receive additional compensation in the event of voluntary or involuntary termination for "cause" or in the event of disability.

Vesting of Restricted Stock Units

The performance-vesting and time-vesting restricted stock units granted to the Named Executive Officers under the long-term incentive program adopted in March 2015 contain certain additional provisions relating to the effect of a change in control. If there is a change of control as defined in the 2011 Plan, performance-vesting restricted stock units will at the effective time of the change of control vest pro rata to the extent that the Compensation Committee determines that the targets it established for such units have been achieved. If there is a change of control as defined in the 2011 Plan and a Named Executive Officer's employment is terminated other than for cause, retirement, death, or

disability within twelve months after the change of control, time-vesting restricted stock units will fully vest.

PROPOSAL 3. ADVISORY VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

At our 2011 Annual Meeting, our stockholders approved the Company's recommendation that the advisory vote on compensation of Named Executive Officers be held annually. We are required to submit the frequency of stockholder advisory votes on compensation to an advisory vote of stockholders at least every six years. We expect that our next advisory vote on frequency will be at our 2017 annual meeting. We are requesting stockholders to approve the following non-binding, advisory resolution at the 2016 annual meeting of stockholders:

RESOLVED, that the stockholders of GP Strategies Corporation provide their advisory approval of the compensation of GP Strategies Corporation's Named Executive Officers disclosed in the Compensation Discussion and Analysis, the compensation tables and related notes and narrative contained in the Proxy Statement for GP Strategies Corporation's 2016 Annual Meeting of Stockholders.

Approval of this advisory proposal requires the affirmative vote of a majority of the votes cast on the matter.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Named Executive Officers as described in this Proxy Statement. This vote is advisory and therefore not binding on the Company. The Compensation Committee, however, will review the outcome of this vote and will take it into account in making determinations concerning the compensation of our executive officers in the future.

Executive Compensation Philosophy

The Compensation Committee seeks to provide compensation programs designed to:

- Attract and retain talented and dedicated executives;
- Motivate and reward executives whose knowledge, skills, potential and performance are critical to our success; and
- Align the interests of our executive officers and stockholders by motivating executive officers to increase stockholder value and rewarding executive officers when stockholder value increases.

The Compensation Committee believes that the most effective compensation program is one that provides competitive base pay, rewards the achievement of goals and objectives, and provides an incentive for retention.

We believe that the 2015 compensation of the Company's Named Executive Officers was appropriate and aligned with the Company's 2015 strategic objectives and performance. We encourage you to read the Compensation Discussion and Analysis section of this Proxy Statement beginning on page 16, which describes in more detail the Company's compensation philosophy and the policies and procedures that have been designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables, notes and narrative, beginning on page 22 of this Proxy Statement, which provide detailed information on the compensation of the Company's Named Executive Officers.

The Board of Directors recommends a vote FOR approval of this proposal. If not otherwise specified, proxies will be voted FOR approval of this proposal.

PROPOSAL 4. APPROVAL OF AMENDMENT TO THE 2011 STOCK INCENTIVE PLAN AND RE-APPROVAL OF THE MATERIAL TERMS OF PAYMENT OF PERFORMANCE-BASED COMPENSATION UNDER THE 2011 STOCK INCENTIVE PLAN

We are asking our stockholders to consider and vote upon a proposal to approve an amendment to the GP Strategies Corporation 2011 Stock Incentive Plan (the “Plan”) and to re-approve the material terms for payment of performance-based compensation under the Plan, as required by Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”).

Amendment to the Plan

On April 27, 2016, the Board adopted an amendment to the Plan that, contingent on and subject to approval of our stockholders at the Annual Meeting, adds a 20,000 share annual limit on the value of the Common Stock that may be subject to awards under the Plan granted to a non-employee director. Stockholder approval of the amendment to the Plan is intended to indicate our stockholders’ ratification of this limit on the maximum value of Common Stock that may be granted to a non-employee director in a fiscal year. For the avoidance of doubt, approval of this amendment will not in any way impact or increase the number of shares available for awards under the Plan, will not expand the types of awards available under or the types of individuals eligible to participate in the Plan, and will not extend the term of the Plan.

In addition, the Board also included additional provisions in the amendment which are not contingent on or subject to stockholder approval but which the Board thinks are in our best interest and the best interest of our stockholders, including (i) adding a best after-tax Code Section 280G provision, (ii) adding a mandatory repayment of compensation or “clawback” provision, and (iii) revising certain language to account for technical changes to applicable accounting guidance.

Code Section 162(m)

Code Section 162(m) limits publicly-held companies, such as the Company, to an annual deduction for federal income tax purposes of \$1 million for compensation paid to each covered employee. For this purpose, “covered employees” include the chief executive officer and the other three highest compensated executive officers (other than the chief financial officer). However, “qualified performance-based compensation” is excluded from the \$1 million limitation. For compensation to constitute qualified performance-based compensation under Code Section 162(m), in addition to certain other requirements, our stockholders must approve the material terms under which the performance-based compensation will be paid.

Stockholder re-approval of the material terms for payment of performance-based compensation under the Plan is intended to permit the awards paid to the Company’s covered employees under the Plan to constitute “qualified performance-based compensation” for purposes of Code Section 162(m) and to enable the Company to deduct such compensation for federal income tax purposes if the requirements of Code Section 162(m), in addition to stockholder approval, are satisfied. The material terms and conditions of performance-based compensation are (i) eligibility for awards (see the Eligibility and Participation discussion below), (ii) the maximum amount of performance-based compensation that may be paid under the Plan during a specified period to any eligible person (see the Shares Available under the Plan discussion below), and (iii) the performance measures that may be used under the Plan to establish performance goals as a condition to the payment of the performance-based awards (see the Performance-Based Awards discussion below) (together, the “Performance Terms”).

Code Section 162(m) requires stockholder approval of the Performance Terms every five years. Our stockholders last approved the Performance Terms at the annual meeting of stockholders in 2011. If the stockholders re-approve the

Performance Terms, compensation paid to the Company's covered employees upon achievement of performance goals based on one or more of the performance measures set forth in the Plan, subject to the Company's satisfaction of the other requirements of Code Section 162(m), may continue to be fully deductible by the Company under Code Section 162(m) until such time as the Company is required to obtain stockholder re-approval of such terms and conditions at our annual meeting of stockholders in 2021. If the stockholders fail to re-approve the Performance Terms, compensation paid to the Company's covered employees upon achievement of performance goals under the Plan will not constitute "qualified performance-based compensation" for purposes of Code Section 162(m) and may not be deductible by the Company.

Even if the stockholders re-approve the Performance Terms, the Company may exercise its discretion to award compensation under the Plan that would not qualify as "qualified performance-based compensation" under Code Section 162(m).

Summary of the Material Terms of the Plan, As Amended

A summary of the material terms of the Plan, as amended by the amendment, is set forth below. This summary is qualified in its entirety by the detailed provisions of the Plan, as amended, a copy of which is attached as Appendix A to this Proxy Statement and which is incorporated by reference into this proposal. We encourage stockholders to read and refer to the complete plan document in Appendix A for a more complete description of the Plan, as amended.

Background and Purpose

The Plan is intended to promote long-term growth and profitability by providing key people with incentives to improve the value of the Company and contribute to our growth and financial success and by enabling us to attract, retain and reward the best-available employees, officers, directors, and other service providers.

Eligibility and Participation

Participation in the Plan is open to all of our employees, officers, directors and other individuals who provide services to us or any of our affiliates, as the administrator of the Plan may select from time to time. Our Compensation Committee serves as the administrator. The administrator may also grant awards to individuals in connection with their hiring, recruitment or other related circumstance before the date that the relevant individual first performs those services for us or any of our affiliates; however, no awards may vest or become exercisable, and no shares may be issued, before the individual commences performance of those services. As of the date of this Proxy Statement, six non-employee directors and approximately 3,000 employees are eligible to participate in the Plan.

Types of Awards

The Plan provides for the grant of stock options, stock appreciation rights, and other stock-based awards (including performance awards), as each is described more fully below, which may be granted separately or in tandem with other awards. The administrator is responsible for determining the prices, expiration dates, and other material conditions governing the exercise of the awards granted under the Plan. We may make or guarantee loans to assist award holders in the exercise of awards or to satisfy any withholding tax obligations arising from awards granted under the Plan, to the extent permitted by law. Securities laws, however, preclude us from making or guaranteeing any such loans to our executive officers. Types of awards that may be granted under the Plan include:

Stock Options. The administrator may grant tax-qualified incentive stock options, within the meaning of Code Section 422, or nonqualified stock options. However, only employees of the Company or its subsidiaries may receive tax-qualified incentive stock options. All stock options must have an exercise price equal to or above the fair market value of our shares on the date of grant and a term of no longer than ten years. As of April 28, 2016, the fair market value of a share of our Common Stock was \$23.78. An option holder may pay the exercise price in cash or by broker-assisted cashless exercise or, to the extent permitted by the administrator, by tendering shares or by net share settlement, or by any other means that the administrator approves or any combination of the foregoing.

Stock Appreciation Rights. The administrator may grant stock appreciation rights that entitle the holder to receive a payment in cash, shares or a combination of the foregoing, having an aggregate value that is equal to the excess (if any) on the date of exercise of the fair market value of the underlying shares on that date over the base price of the shares specified in the grant agreement. The base price per share specified in the grant agreement cannot be less than the lower of the fair market value of shares on the grant date or the exercise price of any tandem stock option award to which the stock appreciation right is related. No stock appreciation right may have a term longer than ten years' duration.

Stock-Based Awards. The administrator may grant stock-based awards in such amounts, on such terms and conditions and for such consideration (including no consideration or such minimum consideration as may be required by law), as the administrator determines. A stock award may be restricted or unrestricted and may be denominated and paid in cash, shares or other securities, stock-equivalent units, securities or debentures convertible into shares, or any combination of these.

Performance-Based Awards. The administrator may grant stock-based awards that are “qualified performance-based compensation” within the meaning of Code Section 162(m). The administrator may determine that the grant of, or lapse of restrictions with respect to, performance-based stock awards may be based upon one or more performance measures or objective performance targets to be attained relative to those performance measures. Performance targets may include minimum, maximum, intermediate and target levels of performance, with the size of the performance-based stock award or the lapse of restrictions based on the level of performance attained. The administrator is authorized to make adjustments to the

method of calculating the attainment of performance measures or targets in recognition of extraordinary or non-recurring items and items that are either of an unusual nature or of a type that indicates infrequency of occurrence as a separate component of income from continuing operations, changes in tax laws, changes in generally accepted accounting principles or accounting policies, changes related to restructured or discontinued operations, the restatement of prior period financial results, or any other unusual, non-recurring gain or loss that is separately identified and quantified in our financial statements.

For this purpose, “performance measures” mean the criteria established by the administrator in either absolute terms or relative to the performance of one or more comparable companies or an index covering multiple companies and that relate to any of the following, as it may apply to an individual, one or more business unit(s), divisions or subsidiaries or the whole of the Company:

Earnings or Profitability Metrics: earnings/loss (gross, operating, net, or adjusted); earnings/loss before interest and taxes (“EBIT”); earnings/loss before interest, taxes, depreciation and amortization (“EBITDA”); profit margins; expense levels or ratios; in each case adjusted to eliminate the effect of any one or more of the following: interest expense, asset impairments, early extinguishment of debt or stock-based compensation expense;

Return Metrics: return on investment, assets, equity or capital (total or invested);

Cash Flow Metrics: operating cash flow; cash flow sufficient to achieve financial ratios or a specified cash balance; free cash flow; cash flow return on capital; net cash provided by operating activities; cash flow per share; working capital;

Liquidity Metrics: capital raising; debt reduction; extension of maturity dates of outstanding debt; debt leverage (debt to capital, net debt-to-capital, debt-to-EBITDA or other liquidity ratios) or access to capital; debt ratings; total or net debt; other similar measures approved by the administrator;

Stock Price and Equity Metrics: return on stockholders’ equity; total stockholder return; stock price; stock price appreciation; market capitalization; earnings/loss per share (basic or diluted) (before or after taxes); price-to-earnings ratio; and

Strategic and Operating Metrics: geographic footprint; revenue (gross, operating or net); new business or customer wins; market share; market penetration; growth in assets; key hires; management of employment practices and employee benefits; effective income tax rates; business expansion; acquisitions, divestitures, collaborations, licensing or joint ventures; financing; resolution of significant litigation; and legal compliance or risk reduction.

Shares Available Under the Plan

The initial number of shares of our Common Stock that may be issued with respect to awards granted under the Plan is 1,355,764 shares. If any award, or portion of an award, under the Plan or the “Prior Plans” (including the 1973 Non-qualified Stock Option Plan and the 2003 Incentive Stock Plan) expires or terminates unexercised, becomes unexercisable, is forfeited or otherwise terminated, surrendered or canceled as to any shares, or is settled in cash without delivery of shares, the shares subject to the award will thereafter be available for awards under the Plan; provided, however, that the withholding, surrender or tender of shares for payment of the exercise price of an award or satisfaction of tax withholding obligations in connection with an award will not make any such withheld, surrendered or tendered shares available for issuance under the Plan.

Notwithstanding the above, of the total shares that are authorized for issuance under the Plan, not more than 1,355,764 shares are available for issue pursuant to tax-qualified incentive stock options intended to qualify under Code

Section 422. In addition, the maximum number of shares subject to awards of any combination that may be granted during any one calendar year to any one individual (if the amendment to the Plan is approved by our stockholders at the Annual Meeting, other than a non-employee director) under the Plan is 200,000 shares, except that such maximum number is 200,000 shares with respect to any individual during the first fiscal year that the individual is employed with the Company or any affiliate. If the amendment to the Plan is approved by our stockholders at the Annual Meeting, the maximum number of shares subject to awards of any combination that may be granted during any one calendar year to any non-employee director under the Plan is 20,000.

Each of the limits described above is adjusted to reflect any stock dividends, stock splits, split-ups, recapitalizations, mergers, consolidations, business combinations, exchanges of stock or anything similar. The shares to be issued under the Plan are shares of authorized but unissued or reacquired shares or treasury shares, including shares we repurchase on the open market.

Adjustments to Awards

In the event of a stock dividend, stock split or reverse stock split affecting shares, the maximum number of shares for which awards may be granted under the Plan and the maximum number of shares with respect to which awards may be granted during any one fiscal year to any individual, and the number of shares covered by and the exercise price and other terms of outstanding awards, are adjusted to reflect such event.

Except as stated above, in the event of any change affecting shares, the Company or its capitalization, by reason of a spin-off, split-up, dividend, recapitalization, merger, consolidation, or share exchange (other than any such change that is part of a transaction resulting in a “Change in Control” of the Company (as defined in the Plan)), the administrator, in its discretion and without the consent of the holders of the awards, may make appropriate adjustments to the maximum number and type of shares reserved for issue or with respect to which awards may be granted under the Plan (in the aggregate, with respect to any individual during any one calendar year and with respect to which awards that are intended to be tax-qualified as incentive stock options under the Code); and any adjustments in outstanding awards, including, but not limited to, modifying the number, kind and price of securities subject to awards.

In the event of any transaction resulting in a “Change in Control” of the Company (as defined in the Plan), outstanding stock options and other awards that are payable or convertible into shares terminate on the effective time of the “Change in Control,” unless provision is made for the continuation, assumption, or substitution of the awards by the surviving or successor entity or its parent. In the event of such a termination, the holders of stock options and other awards under the Plan are permitted, immediately before the “Change in Control,” to exercise or convert all portions of the awards that are then exercisable or convertible.

Further, in the event that a “Change in Control” of the Company (as defined in the Plan) occurs after a performance-based stock award has been granted but before completion of the applicable performance period, a pro rata portion of such award becomes payable (or a pro rata portion of the lapse restrictions lapses, as applicable) as of the date of the “Change in Control” to the extent otherwise earned on the basis of achievement of the pro rata portion of the performance measures and performance targets relating to the portion of the performance period completed as of the date of the “Change in Control.”

Without the consent of award holders, the administrator may make adjustments to the terms and conditions of, and the criteria included in, awards in recognition of unusual or non-recurring events affecting the Company, the financial statements of the Company or any affiliate, changes in applicable laws, regulations, or accounting principles, whenever the administrator determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

Amendment and Termination

The Board may terminate, amend or modify the Plan or any portion of it at any time without stockholder approval, subject to such restrictions on amendments and modifications as may apply under applicable laws or listing rules.

Compliance with Listing Rules

While shares are listed for trading on any stock exchange or market, the Board and the administrator agree that they will not make any amendments, issue any awards or take any action under the Plan unless such action complies with the relevant listing rules.

Summary of Certain Material U.S. Federal Income Tax Consequences

The U.S. federal income tax consequences of awards under the Plan for participants and the Company will depend on the type of award granted. The following summary description of certain material U.S. federal income tax consequences is intended only for the general information of our stockholders. This summary is not intended to be exhaustive, and the exact tax consequences to any participant depend upon his or her particular circumstances and other facts. Plan participants should consult their tax advisor with respect to any state, local and non-U.S. tax considerations or relevant federal tax implications of awards granted under the Plan.

Incentive Stock Options. An option holder recognizes no U.S. federal taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option that qualifies under Code Section 422. Option holders who neither dispose of their shares within two years of the date that the option was granted or within one year following the exercise of the option, normally recognize a capital gain or loss on the sale of the shares equal to the difference, if any, between the sale price and the purchase price of the shares. If an option holder satisfies these holding periods, on the sale of the shares, we are not entitled to any deduction for federal income tax purposes. Where an option holder disposes of shares within two years after the date of grant of those options or within one year after the date of exercise (a “disqualifying disposition”), the difference between the fair market value of the shares on the exercise date and the option exercise price (which is not to exceed the gain realized on the sale, if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) is taxed as ordinary income at the time of disposition. Any gain in excess of that amount is a capital gain. If a loss is recognized, there is no ordinary income, and such loss is a capital loss. We will be allowed a business expense deduction to the extent the option holder recognizes ordinary income, subject to our compliance with Code Section 162(m) and to certain reporting requirements.

Nonqualified Stock Options. Options not designated or qualifying as incentive stock options are nonqualified stock options having no special tax status. An option holder generally recognizes no U.S. federal taxable income as a result of the grant of the option. On the exercise of a nonqualified stock option, the option holder normally recognizes ordinary income in the amount equal to the difference between the option exercise price and the fair market value of the shares of Common Stock on the exercise date. Where the option holder is an employee, such ordinary income generally is subject to withholding of income and employment taxes. On the sale of shares acquired by the exercise of a nonqualified stock option, any gain or loss (based on the difference between the sale price and the fair market value on the exercise date), is taxed as a capital gain or loss. If we comply with applicable reporting requirements and with the restrictions of Code Section 162(m), we will be entitled to a business expense deduction in the same amount and generally at the same time as the option holder recognizes ordinary income.

Stock Appreciation Rights. A holder of stock appreciation rights generally recognizes no U.S. federal taxable income as a result of the grant of the stock appreciation rights. On the exercise of a stock appreciation right, the holder normally recognizes ordinary income in the amount equal to the difference between the exercise price and the fair market value of the shares of Common Stock on the exercise date. If we comply with applicable reporting requirements and with the restrictions of Code Section 162(m), we will be entitled to a business expense deduction in the same amount and generally at the same time as the holder recognizes ordinary income.

Stock-Based Awards. The tax consequences of stock awards depend on the type of award. A holder of restricted stock will not recognize any taxable income for U.S. federal income tax purposes in the year of the award, provided that the shares of Common Stock are subject to restrictions (that is, the shares of restricted stock are nontransferable and subject to a substantial risk of forfeiture). However, the holder may elect under Code Section 83(b) to recognize compensation income in the year of the award in an amount equal to the fair market value of the Common Stock on the date of the award (less the purchase price, if any), determined without regard to the restrictions. If the holder does not make such Section 83(b) election, the fair market value of the Common Stock on the date the restrictions lapse (less the purchase price, if any) will be treated as ordinary income to the holder and will be taxable in the year the restrictions lapse, and dividends paid while the Common Stock is subject to restrictions will be subject to withholding taxes. If we comply with applicable reporting requirements and with the restrictions of Code Section 162(m), we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

A holder of restricted stock units generally recognizes no U.S. federal taxable income as a result of the grant of the restricted stock units. A holder of restricted stock units will be required to recognize ordinary income in an amount

equal to the fair market value of shares issued, or in the case of a cash-settled award, the amount of the cash payment made, to such holder at the end of the restriction period or, if later, the payment date. If we comply with applicable reporting requirements and with the restrictions of Code Section 162(m), we will be entitled to a business expense deduction in the same amount and generally at the same time as the holder recognizes ordinary income.

Code Section 280G. To the extent payments which are contingent on a change in control are determined to exceed certain limitations, such payments may be subject to a 20% nondeductible excise tax, and the Company's deduction with respect to the associated compensation expense may be disallowed in whole or in part. The Plan, as amended, includes a Code Section 280G "best after-tax" provision, meaning, if any of the payments under the Plan or otherwise to an individual would constitute parachute payments within the meaning of Code Section 280G and be subject to the excise tax imposed under Code Section 4999, the payments will be reduced by the amount required to avoid the excise tax if such a reduction would give the individual a better after-tax result than if the individual received the payments in full.

New Plan Benefits

The benefits or amounts that are to be allocated to any participant or group of participants are indeterminable as of the date of this Proxy Statement because participation and the types of awards (including options) available under the Plan are subject to the discretion of the administrator. Therefore, no new plan benefits table can be provided at this time.

Required Vote and Board Recommendation

Approval of the amendment to the Plan and re-approval of the Performance Terms requires the affirmative vote of a majority of the votes cast by holders of shares of Common Stock on the matter, assuming a quorum is present and the total votes cast on the proposal represents over 50% in interest of the outstanding shares of Common Stock.

Abstentions and broker non-votes will be counted as having been present for purposes of determining the presence of a quorum and will have the effect of negative votes on this proposal, unless holders of more than 50% in interest of the outstanding shares of stock cast votes on the proposal, in which case they will have no effect on this proposal.

The Board recommends a vote FOR approval of this proposal. If not otherwise specified, proxies will be voted FOR approval of this proposal.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review & Approval Process for Related Person Transactions

Our Corporate Governance Guidelines require each director to avoid any action, position or interest that conflicts with an interest of the Company or gives the appearance of a conflict. Although there is no formal written procedure in those Guidelines for handling such situations when they arise, in practice our Board of Directors, or a committee thereof, is responsible for reviewing and approving, all related person transactions. A related person transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company and any "related person" are participants. A related person is an executive officer, director, or more than 5% stockholder of the Company, including any of their immediate family members, and any entity owned or controlled by such persons.

Our Conduct of Business Policy governs related person transactions involving executive officers and the Company. It prohibits activities or relationships which are incompatible with employment by the Company or which places the executive in a position where there is a conflict between the executive's private interests and the interests of the Company, its subsidiaries or affiliates. Executives are required to immediately disclose such situations to their supervisor, the Company's Ethics Program Compliance Officer, or the Company's General Counsel for a determination of appropriate action. The Company maintains a hotline for employees to confidentially report questionable activities or seek advice in handling ethics-related issues.

ADDITIONAL INFORMATION

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than 10% of a registered class of our securities, to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange, and to furnish us with such reports. Based solely on a review of copies of such reports for 2015, we believe that during 2015 all reports applicable to our officers, directors and greater than 10% beneficial owners were filed on a timely basis.

Stockholder Proposals and Director Nominations

Proposals for Inclusion in Proxy Materials

Stockholders may present proposals for inclusion in the Company's proxy statement for the 2017 Annual Meeting of Stockholders provided they are received by the Company no later than December 31, 2016 and are otherwise in compliance with applicable SEC regulations. If we change the date of the 2017 Annual Meeting by more than 30 days from the date of this year's Annual Meeting, a stockholder's written proposal must be received by our Secretary at our principal executive offices a reasonable time before we begin to print and mail our proxy materials for our 2017 Annual Meeting.

Proposals and Director Nominations Not Intended for Inclusion in Proxy Materials

In addition to the above requirements, the Company's By-laws provide that any stockholder wishing to nominate a candidate for Director or to propose other business at an annual meeting of stockholders of the Company must give written notice that is received by the Secretary of the Company not less than 90 days prior to the anniversary date of the proxy statement relating to the immediately preceding annual meeting of stockholders (no later than January 30, 2017 with respect to the 2017 Annual Meeting of Stockholders); provided that in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, such notice must be received not less than 90 days prior to the date of the meeting or, if the first public announcement of the meeting date is less than 100 days before such meeting date, not later than the close of business on the tenth day following the day on which public disclosure of the date of the annual meeting was first made. Such notice must provide certain information specified in the Company's By-laws. Copies of the Company's By-laws are available to stockholders without charge upon request to the Company's Secretary at the Company's address set forth above.

Annual Report

The Company's Annual Report for the fiscal year ended December 31, 2015, which is not a part of the proxy soliciting materials, was made available to the Company's stockholders on approximately April 20, 2016.

General

So far as is now known, there is no business other than that described above to be presented for action by the stockholders at the Annual Meeting, but it is intended that the Proxies will be voted upon any other matters and proposals that may legally come before the meeting and any adjournments thereof in accordance with the discretion of the persons named therein.

Cost of Solicitation

The cost of solicitation of proxies will be borne by the Company. It is expected that the solicitations will be made primarily by mail and e-mail, but employees or representatives of the Company may also solicit proxies by telephone and in person, and arrange for brokerage houses and other custodians, nominees and fiduciaries to send proxy material to their principals at the expense of the Company.

By Order of the Board of Directors,

APPENDIX A

GP STRATEGIES CORPORATION
2011 STOCK INCENTIVE PLAN
(As Amended)

1. Establishment, Purpose and Types of Awards

GP STRATEGIES CORPORATION, a Delaware corporation (the “Company”), hereby establishes the GP STRATEGIES 2011 STOCK INCENTIVE PLAN (the “Plan”). The purpose of the Plan is to promote the long-term growth and profitability of the Company by (i) providing key people with incentives to improve stockholder value and to contribute to the growth and financial success of the Company through their future services, and (ii) enabling the Company to attract, retain and reward the best-available personnel.

The Plan permits the granting of stock options (including incentive stock options qualifying under Code section 422 and nonqualified stock options), stock appreciation rights, restricted or unrestricted stock awards, restricted stock units, performance awards, other stock-based awards, or any combination of the foregoing.

This Plan replaces the Company’s 1973 Non-qualified Stock Option Plan (the “1973 Plan”) and 2003 Incentive Stock Plan (the “2003 Plan”). Upon approval of this Plan by the Company’s Board (the “Effective Date”), no further awards will be made under the 1973 Plan and the 2003 Plan.

The Plan has been amended as of April 27, 2016 (the “Amendment Date”) to reflect certain changes in applicable laws, rules, and regulations and to make certain additional changes.

For purposes of this Section 2(e), a “Person” means any individual, entity or group within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended, other than: employee benefit plans sponsored or maintained by the Company and by entities controlled by the Company or an

3. Administration

(a) Administration of the Plan. The Plan shall be administered by the Board or by such committee or committees as may be appointed by the Board from time to time.

(b) Powers of the Administrator. The Administrator shall have all the powers vested in it by the terms of the Plan, such powers to include authority, in its sole and absolute discretion, to grant Awards under the Plan, prescribe Grant Agreements evidencing such Awards and establish programs for granting Awards.

The Administrator shall have full power and authority to take all other actions necessary to carry out the purpose and intent of the Plan, including, but not limited to, the authority to: (i) determine the eligible persons to whom, and the time or

A-2

times at which Awards shall be granted; (ii) determine the types of Awards to be granted; (iii) determine the number of shares to be covered by or used for reference purposes for each Award; (iv) impose such terms, limitations, restrictions and conditions upon any such Award as the Administrator shall deem appropriate; (v) modify, amend, extend or renew outstanding Awards, or accept the surrender of outstanding Awards and substitute new Awards (provided, however, that, except as provided in Section 6 or 7(d) of the Plan, any modification that would materially adversely affect any outstanding Award shall not be made without the consent of the holder and no such modification, amendment or substitution that results in repricing the Award shall be made without prior stockholder approval); (vi) accelerate or otherwise change the time in which an Award may be exercised or becomes payable and to waive or accelerate the lapse, in whole or in part, of any restriction or condition with respect to such Award, including, but not limited to, any restriction or condition with respect to the vesting or exercisability of an Award following termination of any grantee's employment or other relationship with the Company; provided, however, that no such waiver or acceleration of lapse restrictions shall be made with respect to a performance-based stock award granted to an executive officer of the Company if such waiver or acceleration is inconsistent with Code section 162(m); (vii) establish objectives and conditions, if any, for earning Awards and determining whether Awards will be paid with respect to a performance period; and (viii) for any purpose, including but not limited to, qualifying for preferred tax treatment under foreign tax laws or otherwise complying with the regulatory requirements of local or foreign jurisdictions, to establish, amend, modify, administer or terminate sub-plans, and prescribe, amend and rescind rules and regulations relating to such sub-plans.

The Administrator shall have full power and authority, in its sole and absolute discretion, to administer, construe and interpret the Plan, Grant Agreements and all other documents relevant to the Plan and Awards issued thereunder, to establish, amend, rescind and interpret such rules, regulations, agreements, guidelines and instruments for the administration of the Plan and for the conduct of its business as the Administrator deems necessary or advisable, and to correct any defect, supply any omission or reconcile any inconsistency in the Plan or in any Award in the manner and to the extent the Administrator shall deem it desirable to carry it into effect.

(c)Non-Uniform Determinations. The Administrator's determinations under the Plan (including without limitation, determinations of the persons to receive Awards, the form, amount and timing of such Awards, the terms and provisions of such Awards and the Grant Agreements evidencing such Awards, and the ramifications of a Change in Control upon outstanding Awards) need not be uniform and may be made by the Administrator selectively among Awards or persons who receive, or are eligible to receive, Awards under the Plan, whether or not such persons are similarly situated.

(d)Limited Liability. To the maximum extent permitted by law, no member of the Administrator shall be liable for any action taken or decision made in good faith relating to the Plan or any Award thereunder.

(e)Indemnification. To the maximum extent permitted by law and by the Company's charter and by-laws, the members of the Administrator shall be indemnified by the Company in respect of all their activities under the Plan.

(f)Effect of Administrator's Decision. All actions taken and decisions and determinations made by the Administrator on all matters relating to the Plan pursuant to the powers vested in it hereunder shall be in the Administrator's sole and absolute discretion and shall be conclusive and binding on all parties concerned, including the Company, its stockholders, any participants in the Plan and any other employee, consultant, or director of the Company, and their respective successors in interest.

4. Shares Available for the Plan; Maximum Awards

Subject to adjustments as provided in Section 7(d) of the Plan, the maximum number of shares of Common Stock that may be issued with respect to Awards granted under the Plan shall be 1,355,764. No more than an aggregate of 1,355,764 shares of Common Stock may be issued pursuant to incentive stock options intended to qualify under Code section 422. The Company shall reserve such number of shares for Awards under the Plan, subject to adjustments as provided in Section 7(d) of the Plan.

If any Award, or portion of an Award, under the Plan or Prior Plans expires or terminates unexercised, becomes unexercisable, is forfeited or otherwise terminated, surrendered or canceled as to any shares, or is settled in cash without delivery of shares of Common Stock, the shares subject to such Award shall thereafter be available for Awards under the Plan; provided, however, that the withholding, surrender or tender of shares of Common Stock for payment of the exercise price of an Award or satisfaction of tax withholding obligations in connection with an Award shall not make any such withheld, surrendered or tendered shares available for issuance under the Plan.

Subject to adjustments as provided in Section 7(d) of the Plan, the maximum number of shares of Common Stock subject to Awards of any combination that may be granted during any one fiscal year of the Company to any one individual (other than, as of the Amendment Date, a non-employee director) under this Plan shall be limited to 200,000 shares; provided, however, that such maximum number shall be 200,000 shares with respect to any individual during the first fiscal year that the individual is

A-3

employed with the Company or an Affiliate. Such per-individual limit shall not be adjusted to effect a restoration of shares of Common Stock with respect to which the related Award is terminated, surrendered or canceled.

As of the Amendment Date and subject to and contingent upon approval by the Company's stockholders, and subject to adjustments as provided in Section 7(d) of the Plan, the maximum number of shares of Common Stock subject to Awards of any combination that may be granted during any one fiscal year of the Company to any one individual who is a non-employee director under this Plan shall be limited to 20,000. Such per-individual non-employee director limit shall not be adjusted to effect a restoration of shares of Common Stock with respect to which the related Award is terminated, surrendered or canceled.

5. Participation

Participation in the Plan shall be open to all employees, officers, and directors of, and other individuals providing bona fide services to or for, the Company, or of any Affiliate of the Company, as may be selected by the Administrator from time to time. The Administrator may also grant Awards to individuals in connection with hiring, retention or otherwise, prior to the date the individual first performs services for the Company or an Affiliate, provided that such Awards shall not become vested or exercisable, and no shares shall be issued to such individual, prior to the date the individual first commences performance of such services.

6. Awards

The Administrator, in its sole discretion, establishes the terms of all Awards granted under the Plan. Awards may be granted individually or in tandem with other types of Awards, concurrently with or with respect to outstanding Awards. All Awards are subject to the terms and conditions provided in the Grant Agreement.

(a) Stock Options. The Administrator may from time to time grant to eligible participants Awards of incentive stock options as that term is defined in Code section 422 or nonqualified stock options; provided, however, that Awards of incentive stock options shall be limited to employees of the Company or of any current or hereafter existing "parent corporation" or "subsidiary corporation," as defined in Code sections 424(e) and (f), respectively, of the Company and any other individuals who are eligible to receive incentive stock options under the provisions of Code section 422. Options must have an exercise price at least equal to Fair Market Value as of the date of grant and may not have a term in excess of ten years' duration. No stock option shall be an incentive stock option unless so designated by the Administrator at the time of grant or in the Grant Agreement evidencing such stock option.

(b) Stock Appreciation Rights. The Administrator may from time to time grant to eligible participants Awards of Stock Appreciation Rights ("SAR"). An SAR entitles the grantee to receive, subject to the provisions of the Plan and the Grant Agreement, a payment having an aggregate value equal to the product of (i) the excess of (A) the Fair Market Value on the exercise date of one share of Common Stock over (B) the base price per share specified in the Grant Agreement, times (ii) the number of shares specified by the SAR, or portion thereof, which is exercised. The base price per share specified in the Grant Agreement shall not be less than the lower of the Fair Market Value on the grant date or the exercise price of any tandem stock option Award to which the SAR is related. No SAR shall have a term longer than ten years' duration. Payment by the Company of the amount receivable upon any exercise of an SAR may be made by the delivery of Common Stock or cash, or any combination of Common Stock and cash, as determined in the sole discretion of the Administrator. If upon settlement of the exercise of an SAR a grantee is to receive a portion of such payment in shares of Common Stock, the number of shares shall be determined by dividing such portion by the Fair Market Value of a share of Common Stock on the exercise date. No fractional shares shall be used for such payment and the Administrator shall determine whether cash shall be given in lieu of such fractional shares or whether such fractional shares shall be eliminated.

(c) Stock Awards.

(i) The Administrator may from time to time grant stock awards to eligible participants in such amounts, on such terms and conditions, and for such consideration, including no consideration or such minimum consideration as may be required by law, as it shall determine. A stock award may be denominated in Common Stock or other securities, stock-equivalent units or restricted stock units, securities or debentures convertible into Common Stock, or any combination of the foregoing and may be paid in Common Stock or other securities, in cash, or in a combination of Common Stock or other securities and cash, all as determined in the sole discretion of the Administrator.

(ii)The Administrator may grant stock awards in a manner constituting “qualified performance-based compensation” within the meaning of Code section 162(m). The grant of, or lapse of restrictions with respect to, such performance-based stock awards shall be based upon one or more Performance Measures and objective performance targets to be attained relative to those Performance Measures, all as determined by the Administrator. Performance targets may include minimum, maximum, intermediate and target levels of performance, with the size of the performance-based stock award or the lapse of restrictions with respect thereto based on the level attained. A performance target may be stated as an absolute value or as a value

A-4

determined relative to prior performance, one or more indices, budget, one or more peer group companies, any other standard selected by the Administrator, or any combination thereof. The Administrator shall be authorized to make adjustments in the method of calculating attainment of Performance Measures and performance targets in recognition of: (A) extraordinary or non-recurring items and items that are either of an unusual nature or of a type that indicates infrequency of occurrence as a separate component of income from continuing operations; (B) changes in tax laws; (C) changes in generally accepted accounting principles or changes in accounting policies; (D) charges related to restructured or discontinued operations; (E) restatement of prior period financial results; and (F) any other unusual, non-recurring gain or loss that is separately identified and quantified in the Company's financial statements; provided, that the Administrator's decision as to whether such adjustments will be made with respect to any Covered Employee, within the meaning of Code section 162(m), is determined when the performance targets are established for the applicable performance period. Notwithstanding the foregoing, the Administrator may, at its sole discretion, modify the performance results upon which Awards are based under the Plan to offset any unintended results arising from events not anticipated when the Performance Measures and performance targets were established; provided, that such modifications may be made with respect to an Award granted to any Covered Employee, within the meaning of Code section 162(m), only to the extent permitted by Code section 162(m) if the Award was intended to constitute "qualified performance-based compensation" within the meaning of Code section 162(m). Notwithstanding anything in the Plan to the contrary, the Administrator is not authorized to waive or accelerate the lapse of restrictions on a performance-based stock award granted to any Covered Employee, within the meaning of Code section 162(m) except upon death, disability or a change of ownership or control of the Company. In the event that a Change in Control occurs after a performance-based stock award has been granted but before completion of the applicable performance period, a pro rata portion of such Award shall become payable (or a pro rata portion of the lapse restrictions shall lapse, as applicable) as of the date of the Change in Control to the extent otherwise earned on the basis of achievement of the pro rata portion of the Performance Measures and performance targets relating to the portion of the performance period completed as of the date of the Change in Control.

7. Miscellaneous

(a)Withholding of Taxes. Grantees and holders of Awards shall pay to the Company or its Affiliate, or make provision satisfactory to the Administrator for payment of, any taxes required to be withheld in respect of Awards under the Plan no later than the date by which such action is required to be taken under the Code. The Company or its Affiliate may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the grantee or holder of an Award. In the event that payment to the Company or its Affiliate of such tax obligations is made in shares of Common Stock, such shares shall be valued at Fair Market Value on the applicable date for such purposes and shall not exceed in amount the minimum statutory tax withholding obligation.

(b)Loans. To the extent otherwise permitted by law, the Company or its Affiliate may make or guarantee loans to grantees to assist grantees in exercising Awards and satisfying any withholding tax obligations.

(c)Transferability. Except as otherwise determined by the Administrator, and in any event in the case of an incentive stock option or a stock appreciation right granted with respect to an incentive stock option, no Award granted under the Plan shall be transferable by a grantee otherwise than by will or the laws of descent and distribution. Unless otherwise determined by the Administrator in accord with the provisions of the immediately preceding sentence, an Award may be exercised during the lifetime of the grantee, only by the grantee or, during the period the grantee is under a legal disability, by the grantee's guardian or legal representative.

(d)Adjustments for Corporate Transactions and Other Events.

(i)Stock Dividend, Stock Split and Reverse Stock Split. In the event of a stock dividend of, or stock split or reverse stock split affecting, the Common Stock, (A) the maximum number of shares of such Common Stock as to which Awards may be granted under this Plan and the maximum number of shares with respect to which Awards may be granted during any one fiscal year of the Company to any individual, as provided in Section 4 of the Plan, and (B) the

number of shares covered by and the exercise price and other terms of outstanding Awards, shall, without further action of the Board, be adjusted to reflect such event. The Administrator may make adjustments, in its discretion, to address the treatment of fractional shares and fractional cents that arise with respect to outstanding Awards as a result of the stock dividend, stock split or reverse stock split.

(ii) Non-Change in Control Transactions. Except with respect to the transactions set forth in Section 7(d)(i), in the event of any change affecting the Common Stock, the Company or its capitalization, by reason of a spin-off, split-up, dividend, recapitalization, merger, consolidation or share exchange, other than any such change that is part of a transaction resulting in a Change in Control of the Company, the Administrator, in its discretion and without the consent of the holders of the Awards, shall make (A) appropriate adjustments to the maximum number and kind of shares reserved for issuance or with respect to which Awards may be granted under the Plan, in the aggregate and with respect to any individual during any one fiscal year of the

A-5

Company, as provided in Section 4 of the Plan; and (B) any adjustments in outstanding Awards, including but not limited to reducing the number, kind and price of securities subject to Awards as the Administrator determines to be appropriate and equitable.

(iii)Change in Control Transactions. In the event of any transaction resulting in a Change in Control of the Company, outstanding stock options and other Awards that are payable in or convertible into Common Stock under this Plan will terminate upon the effective time of such Change in Control unless provision is made in connection with the transaction for the continuation or assumption of such Awards by, or for the substitution of the equivalent awards, as determined in the sole discretion of the Administrator, of, the surviving or successor entity or a parent thereof. In the event of such termination, the holders of stock options and other Awards under the Plan will be permitted, immediately before the Change in Control, to exercise or convert all portions of such stock options or other Awards under the Plan that are then exercisable or convertible or which become exercisable or convertible upon or prior to the effective time of the Change in Control.

(iv)Unusual or Nonrecurring Events. The Administrator is authorized to make, in its discretion and without the consent of holders of Awards, adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events affecting the Company, or the financial statements of the Company or any Affiliate, or of changes in applicable laws, regulations, or accounting principles, whenever the Administrator determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

(e)Substitution of Awards in Mergers and Acquisitions. Awards may be granted under the Plan from time to time in substitution for awards held by employees, officers, consultants or directors of entities who become or are about to become employees, officers, consultants or directors of the Company or an Affiliate as the result of a merger or consolidation of the employing entity with the Company or an Affiliate, or the acquisition by the Company or an Affiliate of the assets or stock of the employing entity. The terms and conditions of any substitute Awards so granted may vary from the terms and conditions set forth herein to the extent that the Administrator deems appropriate at the time of grant to conform the substitute Awards to the provisions of the awards for which they are substituted.

(f)Termination, Amendment and Modification of the Plan. The Board may terminate, amend or modify the Plan or any portion thereof at any time. Except as otherwise determined by the Board, termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

(g)Non-Guarantee of Employment or Service. Nothing in the Plan or in any Grant Agreement thereunder shall confer any right on an individual to continue in the service of the Company or shall interfere in any way with the right of the Company to terminate such service at any time with or without cause or notice and whether or not such termination results in (i) the failure of any Award to vest; (ii) the forfeiture of any unvested or vested portion of any Award; and/or (iii) any other adverse effect on the individual's interests under the Plan.

(h)Compliance with Securities Laws; Listing and Registration. If at any time the Administrator determines that the delivery of Common Stock under the Plan is or may be unlawful under the laws of any applicable jurisdiction, or Federal, state or foreign securities laws, the right to exercise an Award or receive shares of Common Stock pursuant to an Award shall be suspended until the Administrator determines that such delivery is lawful. If at any time the Administrator determines that the delivery of Common Stock under the Plan is or may violate the rules of the national exchange on which the shares are then listed for trade, the right to exercise an Award or receive shares of Common Stock pursuant to an Award shall be suspended until the Administrator determines that such delivery would not violate such rules. The Company shall have no obligation to effect any registration or qualification of the Common Stock under Federal, state or foreign laws.

The Company may require that a grantee, as a condition to exercise of an Award, and as a condition to the delivery of any share certificate, make such written representations (including representations to the effect that such person will not dispose of the Common Stock so acquired in violation of Federal, state or foreign securities laws) and furnish such information as may, in the opinion of counsel for the Company, be appropriate to permit the Company to issue the Common Stock in compliance with applicable Federal, state or foreign securities laws. The stock certificates for any shares of Common Stock issued pursuant to this Plan may bear a legend restricting transferability of the shares of Common Stock unless such shares are registered or an exemption from registration is available under the Securities Act of 1933, as amended, and applicable state or foreign securities laws.

(i)No Trust or Fund Created. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company and a grantee or any other person. To the

A-6

extent that any grantee or other person acquires a right to receive payments from the Company pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company.

(j)Governing Law. The validity, construction and effect of the Plan, of Grant Agreements entered into pursuant to the Plan, and of any rules, regulations, determinations or decisions made by the Administrator relating to the Plan or such Grant Agreements, and the rights of any and all persons having or claiming to have any interest therein or thereunder, shall be determined exclusively in accordance with applicable federal laws and the laws of the State of Delaware, without regard to its conflict of laws principles.

(k)409A Savings Clause. The Plan and all Awards granted hereunder are intended to comply with, or otherwise be exempt from, Code section 409A. The Plan and all Awards granted under the Plan shall be administered, interpreted, and construed in a manner consistent with Code section 409A to the extent necessary to avoid the imposition of additional taxes under Code section 409A(a)(1)(B). Should any provision of the Plan, any Award Agreement, or any other agreement or arrangement contemplated by the Plan be found not to comply with, or otherwise be exempt from, the provisions of Code section 409A, such provision shall be modified and given effect (retroactively if necessary), in the sole discretion of the Administrator, and without the consent of the holder of the Award, in such manner as the Administrator determines to be necessary or appropriate to comply with, or to effectuate an exemption from, Code section 409A. Notwithstanding anything in the Plan to the contrary, in no event shall the Administrator exercise its discretion to accelerate the payment or settlement of an Award where such payment or settlement constitutes deferred compensation within the meaning of Code section 409A unless, and solely to the extent that, such accelerated payment or settlement is permissible under Treasury Regulation section 1.409A-3(j)(4) or any successor provision.

(l)280G Best After-Tax Provision. If any grantee under the Plan is a “disqualified individual” (as defined in Code section 280G(c)), then, notwithstanding any other provision of the Plan or of any agreement, contract, or understanding heretofore or hereafter entered into by a grantee with the Company or its Affiliate, except an agreement, contract, or understanding that expressly addresses Code section 280G and/or Code section 4999 (an “Other Agreement”) to the contrary and notwithstanding any formal or informal plan or other arrangement for the direct or indirect provision of compensation to a participant (including groups or classes of grantees or beneficiaries of which the grantee is a member), whether or not such compensation is deferred, is in cash, or is in the form of a benefit to or for the participant (a “Benefit Arrangement”), any right of the grantee to any exercise, vesting, payment, or benefit under the Plan shall be reduced or eliminated:

(i)to the extent that such right to exercise, vesting, payment, or benefit, taking into account all other rights, payments, or benefits to or for the grantee under the Plan, all Other Agreements, and all Benefit Arrangements, would cause any exercise, vesting, payment, or benefit to the participant under the Plan to be considered a “parachute payment” (as defined in Code section 280G(b)(2)); and

(ii)if, as a result of receiving such parachute payment, the aggregate after-tax amounts received by the participant from the Company under the Plan, all Other Agreements, and all Benefit Arrangements would be less than the maximum after-tax amount that could be received by the participant without causing any such payment or benefit to be considered a parachute payment.

Except as required by Code section 409A or to the extent that Code section 409A permits discretion, the Administrator shall have the right, in the Administrator’s sole discretion, to designate those rights, payments, or benefits under the Plan, all Other Agreements, and all Benefit Arrangements that should be reduced or eliminated so as to avoid having such rights, payments, or benefits be considered a parachute payment; provided, however, to the extent any payment or benefit constitutes deferred compensation under Code section 409A, in order to comply with Code section 409A, the Company shall instead accomplish such reduction by first reducing or eliminating any cash payments (with the payments to be made furthest in the future being reduced first), then by reducing or eliminating any accelerated vesting of performance awards, then by reducing or eliminating any accelerated vesting of stock options or stock appreciation rights, then by reducing or eliminating any accelerated vesting of stock awards,

restricted stock unit awards, or other stock-based awards, then by reducing or eliminating any other remaining parachute payments.

(m) Clawback. As of the Amendment Date, each Award granted pursuant to the Plan (whether prior to, on, or following the Amendment Date) shall be subject to mandatory repayment by the grantee to the Company (i) to the extent set forth in this Plan or a Grant Agreement or (ii) to the extent the grantee is, or in the future becomes, subject to (1) any Company or Affiliate “clawback” or recoupment policy, or (2) any applicable laws, rules, or regulations which impose mandatory recoupment, under circumstances set forth in such applicable laws, rules, or regulations. Receipt of an Award under the Plan following the Amendment Date shall be subject to the grantee’s acknowledgment and agreement that such grantee’s previously-granted Awards, if any, shall be deemed amended to incorporate this requirement.

A-7

(n)Effective Date; Termination Date. The Plan is effective as of the date on which the Plan is adopted by the Board, subject to approval of the stockholders within twelve months before or after such date. No Award shall be granted under the Plan after the close of business on the tenth anniversary of the Effective Date. Subject to other applicable provisions of the Plan, all Awards made under the Plan prior to such termination of the Plan shall remain in effect until such Awards have been satisfied or terminated in accordance with the Plan and the terms of such Awards.
