December 31, 2003, One Liberty reported revenues of \$19,796,000, and net income applicable to common stockholders of \$7,488,000, or \$1.18 per common share on a diluted basis. Net income for 2003 includes the Company's equity in earnings of unconsolidated joint ventures of \$2,411,000 and deducts cash distributions to preferred stockholders of \$1,037,000. The weighted average number of common shares outstanding on a diluted basis was 9,744,000 and 6,372,000 for the years ended December 31, 2004 and 2003, respectively.

For the quarter ended December 31, 2004, One Liberty reported revenues of \$8,332,000, and net income applicable to common stockholders of \$4,009,000, or \$.41 per common share on a diluted basis. Net income for the quarter ended December 31, 2004 gives effect to the Company's equity in earnings of unconsolidated joint ventures of \$1,231,000. This compares with revenues of \$5,514,000, net income applicable to common stockholders of \$1,906,000 and net income per common share on a diluted basis of \$.23 for the quarter ended December 31, 2003. Net income for the quarter ended December 31, 2003 gives effect to the Company's equity in earnings of unconsolidated joint ventures of \$577,000 and deducts cash distributions to preferred stockholders of \$259,000. The weighted average number of common shares outstanding on a diluted basis was 9,790,000 and 8,325,000 for the three months ended December 31, 2004 and 2003, respectively.

One Liberty also reported funds from operations applicable to common stockholders of \$16,789,000, or \$1.72 per common share on a diluted basis, for the year ended December 31, 2004, as compared to \$11,776,000, or \$1.85 per common share on a diluted basis for the year ended December 31, 2003. Funds from operations applicable to common stockholders for the three months ended December 31, 2004 was \$5,751,000, or \$.59 per common share on a diluted basis, as compared to \$3,235,000, or \$.39 per common share on a diluted basis, for the three months ended December 31, 2003. Funds from operations, calculated in accordance with the NAREIT definition, adds back to net income depreciation of properties, One Liberty's share of depreciation in unconsolidated joint ventures and amortization of deferred leasing costs. The calculation then deducts gains on sale of real estate and cash distributions in the 2003 periods to preferred stockholders. All of One Liberty's preferred shares were redeemed or converted to common stock effective December 30, 2003.

Commenting on the results of operations, Jeffrey Fishman, President and Chief Executive Officer of One Liberty, stated that, "The increase in our revenues year over year and quarter over quarter was primarily due to the increase in rental revenues, principally a result of the acquisition of eleven properties during 2003 and 2004. Our revenues also increased in 2004 and the quarter ended December 31, 2004 due to the receipt of \$767,000 in the December 31, 2004 quarter from the sale by us of a bankruptcy claim and receipt of \$350,000 in the December 31, 2004 quarter from settlement of a claim relating to a property acquisition, both of which are "one time revenue items." On the expense side, Mr. Fishman noted that property acquisitions, financing activities and a general increase in the level of the Company's business caused expenses to increase year over year and quarter over quarter by 35% and 41%, respectively. Specifically, depreciation expense increased due to the acquisition of additional properties and interest on mortgages payable increased as a result of mortgage loans placed on properties, mortgages assumed in connection with property acquisitions and mortgage refinancing. In addition, general and administrative expenses increased year over year and quarter over quarter due to a number of factors, most of which relate to the increase in the level of the Company's business. For the year ended December 31, 2004, the Company incurred a non-recurring fee for the initial listing of its common stock on the New York Stock Exchange and recorded a \$366,000 provision for valuation adjustment relating to a property wholly owned by the Company and leased to a tenant which filed for bankruptcy protection, disaffirmed its lease and vacated the property. There were no comparable expense items in the prior year.

Commenting further, Mr. Fishman noted that positively impacting the Company's results of operations in both the current year and the current quarter was a 19% and 113% increase, respectively, in the Company's equity in earnings of unconsolidated joint ventures. The increase is primarily the result of the organization of two ventures in 2004, each of which acquired one property, and the acquisition of an additional 25% interest in one of the Company's movie theater joint ventures in the fourth quarter of 2003. One of the Company's ventures sold a bankruptcy claim in the quarter ended December 31, 2004, which resulted in an increase in equity in earnings from unconsolidated joint ventures of \$429,000. A number of factors offset this increase, the principal one being direct write offs of unbilled rent receivable.

Mr. Fishman noted that in 2004, the Company completed investing the balance of the net proceeds derived from a public offering completed in the last quarter of 2003. The investment of these funds significantly increased revenues and net income in 2004. However, the investment of these funds over the course of the year, combined with the increase in the average number of shares outstanding for the full year, resulted in a decrease in per share earnings year over year. He further noted that to date in 2005, the Company has invested \$24,700,000 in the purchase of six properties and is involved in negotiations for additional property acquisitions. He commented that, "The rental income which will be generated for the full year of 2005 with respect to six properties acquired by us during 2004, the rental income to be derived from two properties acquired by our unconsolidated joint ventures during 2004, the rental income to be received from six properties acquired to date in 2005, and rental income to be generated from any additional properties acquired in 2005 should result in an increase in our revenues, net income and net income per share year over year."

One Liberty Properties is a real estate investment trust and invests primarily in improved commercial real estate under long term net lease.
