APPLICATION-DECLARATION
UNDER
THE PUBLIC UTILITY HOLDING COMPANY ACT OF 1935
FOR
AMENDMENT AND RESTATEMENT
OF FINANCING AUTHORIZATION

ITEM 1. DESCRIPTION OF PROPOSED TRANSACTION

A. Introduction

In this Application-Declaration (this "Application"), Dominion Resources, Inc. ("DRI"), a Virginia corporation and a registered public holding company under the Public Utility Holding Company Act of 1935, as amended (the "Act"), Consolidated Natural Gas Company ("CNG"), a direct subsidiary of DRI and a registered public holding company under the Act, the Utility Subsidiaries, the Non-Utility Subsidiaries (as defined below) and the additional companies listed on Exhibit J-1 (collectively the "Applicants") seek approval pursuant to Sections 6, 7, 9, 10 and 12 of the Act and any other applicable provision of the Act or Commission rule to engage in the transactions set forth herein from the effective date of an order issued in this proceeding through the period ending December 31, 2007 ("Authorization Period").

DRI's principal utility subsidiaries are: (1) Virginia Electric and Power Company ("Virginia Power"), a regulated public utility engaged in the generation, transmission and distribution of electric energy in Virginia and northeastern North Carolina, (2) The Peoples Natural Gas Company ("Peoples"), a regulated public utility engaged in the distribution of natural gas in Pennsylvania, (3) The East Ohio Gas Company ("East Ohio"), a regulated public utility engaged in the distribution of natural gas in Ohio, and (4) Hope Gas, Inc., a regulated public utility engaged in the distribution of natural gas in West Virginia ("Hope" and with Virginia Power, Peoples and East Ohio, the "Utility Subsidiaries"). Virginia Power is a direct subsidiary of DRI. Peoples, East Ohio and Hope are each direct subsidiaries of CNG.

DRI's non-utility activities are conducted through its non-utility subsidiaries (the "Non-Utility Subsidiaries"): (1) Dominion Energy, Inc. ("DEI") which, through its direct and indirect subsidiaries (together with DEI, the "DEI Companies"), is active in the competitive electric power generation business and in the development, exploration and operation of natural gas and oil reserves¹; (2) direct and indirect subsidiaries of Virginia Power, which are engaged in fuel

DEI also owns Dominion Wholesale, Inc., which provides inventory services to the DEI Companies and other subsidiaries of DRI. *Dominion Resources, Inc.*, HCAR 27772 (December 12, 2003).

procurement for Virginia Power and other DEI subsidiaries, energy marketing and nuclear consulting services; and (3) direct and indirect subsidiaries of CNG which are engaged in all phases of the natural gas business other than retail distribution including transmission, storage and exploration and production. DRI and all of its subsidiaries are herein referred to as the "DRI System".

As of the date of this Application, DRI has another non-utility subsidiary, Dominion Capital, Inc. ("DCI" and, together with its subsidiaries, the "DCI Companies") which, in the past, operated as a diversified financial services company with several operating subsidiaries in the commercial lending, merchant banking and residential lending businesses. Pursuant to the Merger Order (as defined below), DRI is obligated to dispose of its interest in the DCI Companies (other than certain interests in specified independent power projects) and is in the process of disposing of such interests.

B. Background

By order dated December 15, 1999, HCAR No. 27113 (the "Merger Order"), the Commission authorized and approved the transactions contemplated by the Amended and Restated Agreement and Plan of Merger dated as of May 11, 1999, pursuant to which, as of January 28, 2000, (i) a wholly-owned subsidiary of DRI was merged with and into DRI with DRI being the surviving corporation and (ii) Consolidated Natural Gas Company ("Old CNG"), a registered holding company under the Act, was merged (the "Merger") into a wholly owned subsidiary of DRI at the time called "New DRI Sub II" which, as a result of the Merger succeeded to all of the assets, liabilities and equity of Old CNG by operation of law. New DRI Sub II, the surviving corporation in the Merger, was renamed "Consolidated Natural Gas Company" and is the entity which is herein referred to as "CNG". DRI and CNG (as the successor corporation to Old CNG) were registered as holding companies under the Act following the Merger.

In connection with the Merger, the Commission issued an order dated December 15, 1999, HCAR No. 27112 (the "Initial Financing Order") authorizing DRI, CNG and their subsidiaries to engage in, among other things, the following activities through December 31, 2002 (unless otherwise noted below):

Page 4

(1) the maintenance, renewal, extension or replacement by DRI of certain financings entered into prior to the Merger and the entering by DRI into similar additional financing arrangements up to \$250 million;²

(2) the issuance by DRI of equity, preferred and/or debt securities up to \$1.5 billion;

(3) the issuance by DRI of 45.5 million shares of stock for certain direct stock purchase and dividend reinvestment plans, incentive compensation plans and other employee benefit plans from time to time during a five-year period ending December 15, 2004;

(4) the maintenance by DRI of certain guarantee and credit support arrangements for the DEI Companies and the entering by DRI into additional guarantees or credit support for the DEI Companies up to \$1.5 billion;

(5) the maintenance by DRI of certain guarantee and credit support arrangements for the DCI Companies and the entering by DRI into additional guarantees or credit support for the DCI Companies up to \$1.6 billion;

(6) the maintenance by DRI of certain guarantee and credit support arrangements for Virginia Power Energy Marketing, Inc. not to exceed \$300 million;

(7) the maintenance, renewal, extension or replacement by CNG of common stock, preferred stock, short-term debt, long-term debt and other securities issued by CNG prior to the Merger not to exceed the aggregate amount of \$10 billion³;

(8) the maintenance by CNG of guarantees and credit support given by CNG to its subsidiaries not to exceed \$3 billion;

(9) the ability of CNG to extend guarantees and credit support to any of its direct or indirect subsidiaries as needed to support its subsidiaries' normal course of business; and

2

As of the date of the Merger, DRI had in effect a number of credit and financing facilities under which DRI could issue "Other Securities" (as defined in the Initial Financing Order) of approximately \$955.31 million in addition to the approximately \$4.5 billion in securities that DRI proposed to issue to finance the cash consideration payable with the Merger.

(10) the ability of CNG to continue to operate the CNG Money Pool.

Furthermore, the Commission issued an order dated May 24, 2001, HCAR No. 27406 (the "Second Financing Order") authorizing, subject to certain limitations, DRI and its subsidiaries to engage in, among other things, the following activities through December 31, 2004:

(1) the extension of DRI's authorization from the Initial Financing Order to amend, renew, extend, replace and otherwise refinance or modify ("Refinance") any securities, credit facilities, financing arrangements, indebtedness and similar obligations existing at the time of the Second Financing Order ("Existing Obligations");

(2) the extension of the authorization provided to subsidiaries of DRI by the Initial Financing Order to Refinance Existing Obligations;

(3) the increase of capitalization of DRI through the issuance by DRI of equity, preferred and/or debt securities (including stock purchase contracts, preferred securities, short-term notes, long-term notes and commercial paper) in the aggregate amount not to exceed \$6 billion;

(4) the entering into by DRI of transactions to manage interest rate risk with regard to the issuance of short-term and long-term debt securities;

(5) the use by DRI of special purpose financing subsidiaries to issue or sell debt or equity securities on DRI's behalf either by DRI owning such subsidiaries or guaranteeing the obligations of such subsidiaries;

(6) the continued extension of CNG's financing authority to issue debt, preferred and equity securities in an aggregate principal amount not to exceed \$10 billion during the period beginning March 28, 1996; and

(7) the increasing of the amount of guarantees and credit support provided by DRI for all of DRI's subsidiaries in an aggregate amount not to exceed \$9.6 billion.

The Second Financing Order also permitted DRI to use financing proceeds to make investments in electric wholesale generators ("EWGs") and foreign utility companies ("FUCOs") in an aggregate amount not to exceed 100% of DRI's consolidated retained earnings plus \$2 billion (and the Commission reserved jurisdiction over an additional \$6 billion for such investments). The Commission also reserved jurisdiction over whether the permitted aggregate amount would exclude generation assets owned by Virginia Power that would become owned by a DRI subsidiary that is qualified as an EWG. In an order dated December 28, 2001, HCAR No. 27485 (the "Supplemental Order"), the Commission further released jurisdiction over the use of financing proceeds to make investments in EWGs and FUCOs of 100% of consolidated retained

Page 6

earnings plus \$4.5 billion (but further reserved jurisdiction over an additional \$3.5 billion for such investments).

By order dated March 15, 2004, HCAR No. 27814 (the "Third Financing Order") and together with the Merger Order, the Initial Financing Order and the Second Financing Order, (the "Prior Orders"), the Commission authorized the issuance by each of DRI and CNG of additional short term debt, including but not limited to, the issuance of commercial paper, in the aggregate of \$4.0 billion principal amount outstanding at any one time (\$2.0 billion for DRI and \$2.0 billion for CNG).

By order dated January 3, 2003, HCAR No. 27634 (the "Money Pool Order"), the Commission authorized the termination of the CNG Money Pool and the establishment and operation of a DRI Money Pool, wherein DRI and certain of its subsidiaries (as approved by the Commission) may participate subject to certain terms and conditions as stated in the Money Pool Order. DRI and CNG cannot borrow from the DRI Money Pool, but may be the ultimate providers of funds to the DRI Money Pool as needed. DRI and/or CNG may obtain the funds to invest in the DRI Money Pool from (i) internally generated funds, (ii) externally raised funds under the financing authorizations noted above, and/or (iii) any other financing authorizations or exemptions that may be available to DRI or CNG throughout the period ending December 31, 2005.

By order dated May 13, 2004, HCAR No. 27845 (the "Tax Allocation Order"), the Commission authorized the entering into and performance of a "Tax Allocation Agreement" among DRI and certain associated companies with regard to the allocation of income tax to appropriate entities.

C. Requested Authority

Upon the effective date of an order issued in this proceeding, the Applicants seek to revise, restate, replace and substitute all of their current authorization under the Prior Orders with respect to financing activities, and under the Money Pool Order and the Tax Allocation Order, by substituting in lieu thereof the following authority during the

Authorization Period:

(1) for DRI to increase its capitalization in the aggregate amount of \$8.0 billion over and above its capitalization as of June 30, 2004, other than for refunding or replacing securities where capitalization either is not increased as a result thereof (or is increased solely by operation of call premiums, make whole premiums, or other offering expenses, collectively, "Offering Expenses") from that in place at June 30, 2004, through the issuance and/or sale by

Page 7

DRI of common stock (including forward sales), preferred stock, preferred securities, equity-linked securities, long-term debt and short-term debt, whether directly or through one or more financing conduits;⁴

(2) for DRI to issue additional short term debt, including, but not limited to, the issuance of commercial paper or letters of credit in an aggregate amount up to \$4.5 billion principal amount outstanding at any one time, over and above the financing authority requested in subparagraph (1) above. This additional \$4.5 billion short-term debt authorization will enable DRI to support the DRI Money Pool and other short-term financing needs, which vary significantly during a calendar period and are not permanent capital increases;

(3) for DRI to provide guarantees, intra-system advances and other credit support for all of its subsidiaries, as described in paragraph D(2)(e) below, in an aggregate amount not to exceed \$10 billion at any time outstanding;⁵

(4) for DRI to issue 50 million shares of stock for its direct stock purchase and dividend reinvestment plan, incentive compensation plans and other employee benefit plans as described in paragraph G below (such issuance to be excluded from the increase to DRI's capitalization described in paragraph C(1) above);

(5) for DRI to continue to operate the DRI Money Pool as described under paragraph E below;

4

For the purpose of calculating the amount of the \$8.0 billion authorization used at any one time, DRI will calculate capitalization on a non-consolidated basis and will exclude retained earnings and accumulated other comprehensive income, as well as the amount of securities issued for purposes of refunding or replacing other outstanding securities where DRI's capitalization is not increased as a result and also excluding the value of any new shares issued under paragraph G of this Item 1.

5

Pursuant to the Initial Financing Order and the Second Financing Order, DRI continues to maintain guarantee and credit support arrangements for the DCI Companies. However, DRI is disposing of its interest in the DCI Companies and these arrangements will diminish and terminate when the disposition process is completed.

Page 8

(6) for CNG to increase its capitalization in the aggregate amount of \$6.0 billion over and above its capitalization as of June 30, 2004, other than through refunding or replacing securities where capitalization is either not increased (or is increased solely by Offering Expenses) through the issuance and/or sale of common stock (including forward sales), preferred stock, preferred securities, equity-linked securities, long-term debt and short-term debt, whether directly or through one or more financing conduits;⁶

(7) for CNG to issue additional short-term debt, including, but not limited to, the issuance of commercial paper or letters of credit, in an aggregate amount of up to \$3.25 billion principal amount outstanding at any one time over and above the increase authorized in subparagraph (6) above. This additional \$3.25 billion short-term debt authorization will enable CNG to support its short-term financing needs which vary significantly during a calendar year and are not permanent capital increases;

(8) for CNG to provide guarantees, intra-system advances and other credit support for all of its subsidiaries (similar to that as described with respect to DRI in paragraph D(2)(e) below) in an aggregate amount not to exceed \$5.0 billion at any time outstanding.

(9) for DRI and CNG to use financing conduits or subsidiaries to issue or sell debt or equity securities on DRI's or CNG's behalf either by DRI or CNG owning such conduits or subsidiaries or guaranteeing the obligations of such conduits or subsidiaries as described in paragraph D(2)(c) below;

(10) for DRI and CNG to enter into transactions to manage interest rate credit and equity price risk with regard to the issuance of securities as described in paragraph D(2)(d) below;

(11) for DRI and CNG to use up to \$300 million of the financing for development costs related to investments in Exempt Subsidiaries and Non-Exempt Subsidiaries as defined and described in paragraph F below;

(12) for the Utility Subsidiaries to issue short-term debt securities (including commercial paper) not to exceed the following amounts outstanding at any one time:

6

For the purpose of calculating the amount of the \$6.0 billion authorization used at any one time, CNG will calculate capitalization on a non-consolidated basis and will exclude retained earnings and accumulated other comprehensive income, as well as the amount of securities issued for purposes of refunding or replacing other outstanding securities where CNG's capitalization is not increased as a result.

Page 9

<u>Utility Subsidiary</u>	<u>Short-Term Debt Amount</u>
Virginia Power	\$2.25 billion
Peoples	\$100 million
East Ohio	\$100 million
Hope	\$100 million

(13) for the Utility Subsidiaries, to the extent not exempt under Rule 42, to enter into transactions to manage interest rate, credit and equity price risk with regard to the issuance of securities as described in paragraph D(2)(d) below.

(14) for the Non-Utility Subsidiaries to pay dividends out of capital or unearned surplus as described in paragraph H below;

(15) for the Applicants to change the capital stock of subsidiaries as described in paragraph I below;

(16) for the Applicants to refund or replace existing securities where capitalization is not increased as a result thereof (or is increased solely by Offering Expenses) from that in place at June 30, 2004;

(17) for DRI to manage and develop DRI system non-utility real estate as described under paragraph J below;

(18) for DRI and its subsidiaries to continue to operate under the terms of the Tax Allocation Agreement as described under paragraph K below;

(19) for the Commission to release jurisdiction with respect to the final \$3.5 billion portion of the EWG/FUCO Investment Limit under the Supplemental Order as described under paragraph L below; and

(20) for the issuance of intra-system advances and guarantees to the extent not exempt pursuant to Rules 45(b) and 52, by DRI and/or CNG to or on behalf of its subsidiaries, by the Non-Utility Subsidiaries to or on behalf of other Non-Utility Subsidiaries and by the Utility Subsidiaries to or on behalf of such Utility Subsidiary's direct or indirect subsidiaries and others.

The approval by the Commission of this Application will give the Applicants the flexibility to respond quickly and efficiently to their respective financing needs and to changes in market conditions, allowing them to efficiently and effectively carry on business activities designed to provide benefits to customers and shareholders.

D. Parameters for Financing Authorization

(1) Financing Authorization Terms and Conditions

Authorization is requested herein to engage in certain financing transactions during the Authorization Period. The following general terms will be applicable where appropriate to the financing transactions requested to be authorized hereby:

(a) Common Equity Ratio. DRI and CNG will maintain common equity of at least 30% of its consolidated capitalization and each public utility company subsidiary of DRI and CNG will maintain common equity of at least 30% of its consolidated capitalization.

(b) Investment Grade Ratings. Except for securities issued for the purpose of funding intra-system financings (or to refund principal amounts of maturing securities), neither DRI nor CNG will issue any securities pursuant to this

Application other than equity securities, unless upon original issuance thereof: (i) such securities, if rated, are rated at least investment grade, and (ii) all outstanding securities of the issuer that are rated, are rated investment grade. For purposes of this provision, a security will be deemed to be rated investment grade if it is rated investment grade by at least one nationally recognized statistical rating organization, as defined in rule 15c3-1(c) (2) (vi) (F) under the Securities Exchange Act of 1934. DRI and CNG further request that the Commission reserve jurisdiction over the issuance of any such securities at any time that the conditions set forth above are not satisfied.

(c) Effective Cost of Money on Financings. The effective cost of capital for short-term debt will not exceed competitive market rates available at the time of issuance for securities having the same or reasonably similar terms and conditions issued by similar companies of reasonably comparable credit quality; provided that in no event will the effective cost of capital on such short-term debt securities exceed 700 basis points over the comparable term London Interbank Offered Rate ("LIBOR").

(d) Maturity. The final maturity of any long-term debt securities will not exceed 50 years.

(e) Issuance Expenses. The underwriting fees and commissions paid in connection with the issue, sale or distribution of securities pursuant to this Application will not exceed 700 basis points of the principal or face amount of the securities being issued or gross proceeds of the financing.

Page 11

(f) Use of Proceeds. The proceeds from the sale of securities issued by DRI pursuant to this Application will be used for any lawful purposes, including but not limited to (i) the financing of the capital expenditures of the DRI system, (ii) the financing of working capital requirements of the DRI system, (iii) direct or indirect investment in companies or assets the acquisition of which are either exempt under the Act or by Commission Rule or have been authorized by the Commission and (iv) general corporate purposes. The proceeds from the sale of securities issued by CNG pursuant to this Application will be used for any lawful purposes including but not limited to (i) the financing of the capital expenditures of CNG and its subsidiaries, (ii) the financing of working capital requirements of CNG and its subsidiaries, (iii) direct or indirect investment in companies or assets, the acquisition of which are either exempt under the Act or by Commission Rule, or have been authorized by the Commission, and (iv) general corporate purposes.

(2) Description of Specific Types of Financing

DRI requests authorization to obtain funds externally through sales (including forward sales) of equity, equity linked, preferred and/or debt securities. With respect to common stock, and consistent with current authority, DRI also requests authority to issue common stock to third parties in consideration for the acquisition of equity or debt securities of a company being acquired pursuant to an exemption under the Act, or pursuant to a Commission rule or specific authorization by another Commission order. CNG requests authorization to obtain funds externally through sales of preferred, equity linked and/or debt securities. With respect to common stock, CNG also requests authority to issue common stock to DRI in connection with its financing. In addition, each of the Applicants seeks the flexibility to enter into certain hedging transactions to manage interest rate, credit and equity price risk.

(a) Equity Securities

(i) Common Stock (including Equity- Linked Securities)

From time to time during the Authorization Period, subject to the limits and conditions specified in this Application, DRI seeks authority to issue and sell additional shares of its common stock (i) through solicitations of proposals from underwriters or dealers, (ii) through negotiated transactions with underwriters or dealers, (iii) directly

to a limited number of purchasers or to a single purchaser, and/or (iv) through agents. The price applicable to additional shares sold in any such transaction will be based on several factors, including the current market price of the common stock and prevailing capital market conditions. Additionally, DRI may seek to enter into derivative transactions (including the writing of options) to sell securities to third parties who may use securities borrowed from DRI to settle short positions. These transactions could occur in connection with forward sales of DRI's common stock.

Page 12

DRI also seeks authority to issue and sell from time to time equity linked securities, including but not limited to contracts obligating holders to purchase from DRI and/or DRI to sell to the holders, a number of shares specified directly or by formula at an aggregate offering price either fixed at the time the Stock Purchase Contracts ("Stock Purchase Contracts") are issued or determined by reference to a specific formula set forth in the Stock Purchase Contracts. The Stock Purchase Contracts may be issued separately or as part of units ("Stock Purchase Units") consisting of a stock purchase contract and debt and/or preferred securities of DRI and/or debt obligations of non-affiliates, including U.S. Treasury securities, securing holders' obligations to purchase the common stock of DRI under the Stock Purchase Contracts. The Stock Purchase Contracts may require holders to secure their obligations thereunder in a specified manner.

DRI may also issue common stock as consideration, in whole or in part, for acquisitions of securities of businesses or the assets of such businesses, the acquisition of which (a) is exempt under the Act or by Commission rule or (b) has been authorized by prior Commission order issued to DRI, subject in either case to applicable limitations on total investments in any such businesses. All common stock sales will be with terms and conditions, at rates or prices and under conditions negotiated or based upon, or otherwise determined by, prevailing capital markets.

From time to time during the Authorization Period, subject to the limits and conditions specified in this application, CNG seeks authority to issue additional shares of its common stock to DRI. The consideration for such stock would be based on the book value of such stock determined as of the quarter end immediately preceding the issuance.

(ii) Preferred Securities

Subject to the limits and conditions specified in this Application, each of DRI and CNG also seeks authority to issue and sell preferred securities in one or more series.

Preferred securities of any series (a) will have a specified par or stated value or liquidation value per security, (b) will carry a right to periodic cash dividends and/or other distributions, subject among other things, to funds being legally available therefor, (c) may be subject to optional and/or mandatory redemption, in whole or in part, at par or at various premiums above the par or stated liquidation value thereof, (d) may be convertible or exchangeable into common stock of DRI, (e) and may bear such further rights, including voting, preemptive or other rights, and other terms and conditions, as set forth in the applicable certificate of designation, purchase agreement and/or similar instruments governing the issuance and sale of such series of preferred securities.

Preferred securities may be issued in private or public transactions. With respect to private transactions, preferred securities of any series may be issued and sold directly to one or more purchasers in privately negotiated transactions or to one or more investment banking or underwriting firms or other entities who would resell the preferred securities without registration under the Securities Act in reliance upon one or more applicable exemptions from

Page 13

registration thereunder. From time to time each of DRI and CNG may also issue and sell preferred securities of one or more series to the public either (i) through underwriters selected by negotiation or competitive bidding or (ii) through selling agents acting either as agent or as principal for resale to the public either directly or through dealers.

The liquidation preference, dividend or distribution rates, redemption provisions, voting rights, conversion or exchange rights, and other terms and conditions of a particular series of preferred securities, as well as any associated placement, underwriting, structuring or selling agent fees, commissions and discounts, if any, will be established by negotiation or competitive bidding and reflected in the applicable certificate of designation, purchase agreement or underwriting agreement, and other relevant instruments setting forth such terms.

(b) Debt Securities

(i) Short-Term Notes

Subject to the limits and conditions in this Application, each of the Applicants seeks a continuation of its authority to make short-term borrowings from banks or other financial institutions. Such borrowings will be evidenced by (1) "transactional" promissory notes to be dated the date of such borrowings and to mature not more than one year after the date thereof or (2) "grid" promissory notes evidencing all outstanding borrowings from the respective lender, to be dated as of the date of the first borrowing evidenced thereby, with each such borrowing maturing not more than one year thereafter. Any such note may or may not be prepayable, in whole or in part, with or without a premium in the event of prepayment. Each of the Applicants notes that, at any given time, some or all of its outstanding short-term notes will be issuable in connection with the establishment of back-up credit facilities to support such Applicant's commercial paper program but that such credit facilities will not be drawn upon and no borrowings will occur thereunder except in certain limited circumstances at which time obligations under the related commercial paper will be paid. Thus, short-term notes issued in connection with the establishment of commercial paper back-up facilities backstop and duplicate commercial paper issuances and should not be deemed to be borrowings under such Applicant's financing authorization unless and until an actual borrowing occurs under the related credit facility. Any other result would "double count" the Applicant's actual financial obligation. Additionally, with respect to any "grid" notes issued by Applicants, only the amount actually outstanding thereunder at any given time shall be considered a borrowing.

(ii) Commercial Paper

Subject to the limits and conditions in this Application, each of the Applicants also seeks authority to issue and sell commercial paper through one or more dealers or agents or directly to purchasers.

Each of the Applicants proposes to issue and sell the commercial paper at market rates with varying maturities not to exceed 270 days. The commercial paper will be in the form of book-entry unsecured promissory notes with varying denominations of not less than

Page 14

\$1,000 each. In commercial paper sales effected on a discount basis, no commission or fee will be payable in connection therewith; however, the purchasing dealer will re-offer the commercial paper at a rate less than the rate offered to such Applicant. The discount rate to dealers will not exceed the maximum market clearing discount rate per annum prevailing at the date of issuance for commercial paper of comparable quality and the same maturity. The purchasing dealer will re-offer the commercial paper in such a manner as not to constitute a public offering within the meaning of the Securities Act of 1933, as amended (the "Securities Act").

(iii) Long-Term Notes

Subject to the limits and conditions in this Application, each of the Applicants also seeks authority to issue and sell long-term debt securities ("Notes") in one or more series.

Notes of any series may be either senior or subordinated obligations of the Applicants. Notes of any series (a) will have maturities of at least 9 months, (b) may be subject to optional and/or mandatory redemption, in whole or in part, at par or at various premiums above the principal amount thereof, (c) may be entitled to mandatory or optional sinking fund provisions, and (d) may be convertible or exchangeable into common stock of DRI. Interest accruing on Notes of any series may be fixed or floating or "multi-modal" (where the interest is periodically reset, alternating between fixed and floating interest rates for each reset period, with all accrued and unpaid interest together with interest thereon becoming due and payable at the end of each such reset period, or at maturity). Notes may be issued under one or more indentures to be entered into between Applicants and financial institutions acting as trustee(s); supplemental indentures may be executed in respect of separate offerings of one or more series of Notes.

Notes may be issued in private or public transactions. With respect to the former, Notes of any series may be issued and sold directly to one or more purchasers in privately negotiated transactions or to one or more investment banking or underwriting firms or other entities who would resell the Notes without registration under the Securities Act in reliance upon one or more applicable exemptions from registration thereunder. From time to time each of the Applicants may also issue and sell Notes of one or more series to the public either (i) through underwriters selected by negotiation or competitive bidding or (ii) through selling agents acting either as agent or as principal for resale to the public either directly or through dealers.

The maturity dates, interest rates, redemption and sinking fund provisions, and conversion features, if any, with respect to the Notes of a particular series, as well as any associated placement, underwriting, structuring or selling agent fees, commissions and discounts, if any, will be established by negotiation or competitive bidding and reflected in the applicable purchase agreement or underwriting agreement setting forth such terms.

(c) Financing Conduits

In addition to issuing any of the foregoing debt or equity securities directly, DRI and CNG request approval (to the extent such approval may be required under the Act) to form one or more entities for the primary purpose of issuing and selling any of the

Page 15

foregoing securities, lending, dividending or otherwise transferring the proceeds thereof to the applicable Applicant or an entity designated by such Applicant, and engaging in transactions incidental thereto, subject to the limits and conditions of this Application.

The proposed entities will comprise one or more financing entities (each, a "Financing Entity") and one or more special-purpose entities (each, a "Special-Purpose Entity," and together with Financing Entities, "Financing Conduits"). In either case the entities' businesses may include issuing and selling securities on behalf of, or to benefit, DRI or CNG. Any securities issued by the Financing Conduits may be guaranteed by DRI and/or CNG, either directly or ultimately.

DRI or CNG would acquire a portion of the outstanding shares of common stock or other equity, membership or controlling interests of the Financing Entity for an amount not less than the minimum required by applicable law. A primary function of the Financing Entity will be effecting financing transactions with third parties for the benefit of DRI or CNG and their respective subsidiaries. As an alternative in a particular instance to DRI or CNG directly issuing debt or equity securities, or through a Special-Purpose Entity, DRI or CNG may determine to use a Financing

Entity as the nominal issuer of the particular debt or equity security. In that circumstance, the participating Applicant may provide a guarantee or other credit support with respect to the securities issued by the Financing Entity, the proceeds of which would be lent, divided or otherwise transferred to the applicable Applicant or an entity designated by such Applicant.

One of the primary strategic reasons behind the use of a Financing Entity would be to segregate financings for the different businesses conducted by DRI or CNG, distinguishing between securities issued by such Applicants to finance their investments in non-utility businesses from those issued to finance their investments in the core utility business. A separate Financing Entity may be used by DRI or CNG with respect to different types of non-utility businesses. DRI or CNG would use Special-Purpose Entities in connection with certain financing structures for issuing debt, preferred, equity-linked or equity securities, in order to achieve a lower cost of capital, or incrementally greater financial flexibility or other benefits, than would otherwise be the case.

(d) Interest Rate, Credit and Equity Price Risk Management

In connection with the issuance and sale of securities, each of the Applicants requests authority to manage equity price, credit and interest rate risk through the entering into, purchasing and selling of various risk management instruments commonly used in today's capital markets, such as interest rate, credit and equity swaps, caps, collars, floors, options, forwards, futures, forward issuance agreements, call spread options, the sale and/or purchase of various call or put options or warrants and similar products designed to manage market, price, rate or credit risks (collectively "Hedging Instrument").

Page 16

The Applicants will enter into Hedging Instruments (either directly or indirectly through subsidiaries) pursuant to agreements with counterparties that, if rated, are rated at least investment grade, i.e., who, at the date of execution of the agreement with an Applicant, are rated at least "BBB"- by S&P or Fitch or "Baa3" by Moody's ("Authorized Counterparties"). The derivative transactions will be for fixed periods and the notional principal amount will not exceed the principal amount of the underlying security except to the extent necessary to adjust for differing price movements between the underlying and hedged securities or to allow for the fees related to the transaction. None of the Applicants will engage in "leveraged" or "speculative" derivative transactions pursuant to the authority granted hereunder.

In addition, the Applicants request authorization to enter into interest rate and credit hedging transactions with respect to anticipated debt offerings (the "Anticipatory Hedges"), subject to certain limitations and restrictions. Such Anticipatory Hedges would only be entered into with Authorized Counterparties, and would be utilized to fix and/or limit the interest rate risk associated with any new issuance through (i) a forward sale of exchange-traded Hedge Instruments (a "Forward Sale"), (ii) the purchase of put options on Hedge Instruments (a "Put Options Purchase"), (iii) a Put Options Purchase in combination with the sale of call options Hedge Instruments (a "Zero Cost Collar"), (iv) transactions involving the purchase or sale, including short sales, of Hedge Instruments, or (v) some combination of a Forward Sale, Put Options Purchase, Zero Cost Collar and/or other derivative or cash transactions, including, but not limited to, structured notes, caps and collars, appropriate for the Anticipatory Hedges. Anticipatory Hedges may be executed on-exchange ("On-Exchange Trades") with brokers through the opening of futures and/or options positions traded on the Chicago Board of Trade or New York Mercantile Exchange, the opening of over-the-counter positions with one or more counterparties ("Off-Exchange Trades"), or a combination of On-Exchange Trades and Off-Exchange Trades. DRI, CNG, or the appropriate subsidiary will determine the optimal structure of each Anticipatory Hedge transaction at the time of execution. DRI, CNG or appropriate subsidiary may decide to lock in interest rates and/or limit its exposure to interest rate increases.

Fees and commissions charged or required in connection with any interest rate, credit or equity price risk management agreements will not exceed the then current market level.

The Applicants represent that each Hedging Instrument and Anticipatory Hedge will be treated for accounting purposes under generally accepted U.S. accounting principals.

(e) Guarantees

From time to time through the Authorization Period, DRI requests authority to guarantee, obtain letters of credit, enter into financing arrangements and otherwise provide credit support (each, a "Guarantee") in respect of the debt or other securities or obligations of any or all of DRI's subsidiary or associate companies (including any thereof

Page 17

formed or acquired at any time during the Authorization Period), and otherwise to further the business of DRI, provided that the total amount of Guarantees at any time outstanding does not exceed \$10 billion (the "DRI Guarantee Limit"), and provided further, that (i) any Guarantees of EWGs and FUCOs shall also be subject to DRI's limitation on investment in EWGs and FUCOs hereto; and (ii) any Guarantees of energy-related companies within the meaning of Rule 58 ("Rule 58 Companies") shall also be subject to the aggregate investment limit of Rule 58. The terms and conditions of any Guarantees, and the underlying liabilities covered thereby, would be established at arm's-length based upon market conditions.

DRI may charge a fee to its subsidiaries for each Guarantee provided on their behalf that is not greater than cost, if any, of obtaining the liquidity necessary to perform the guarantee for the period of time the Guarantee remains outstanding.

In the event that DRI issues any debt or equity securities authorized hereunder by means of any financing conduits or subsidiaries, DRI may provide a Guarantee in respect of the payment and other obligations of the financing conduit or subsidiary under the securities issued by it. Given that any securities nominally issued by any such financing conduit or subsidiary are in substance securities issued by DRI itself, any securities issued by a financing conduit or subsidiary would count dollar-for-dollar against DRI's financing authority. However, DRI submits that any Guarantees of securities of financing conduits or subsidiaries should be excluded entirely from the DRI Guarantee Limit, since inclusion thereof would amount to "double counting," in effect penalizing DRI for using financing conduits or subsidiaries.

From time to time through the Authorization Period, CNG requests authority to guarantee, obtain letters of credit, enter into financing arrangements and otherwise provide credit support (each, a "Guarantee") in respect of the debt or other securities or obligations of any or all of CNG's subsidiary or associate companies (including any thereof formed or acquired at any time during the Authorization Period), and otherwise to further the business of CNG, provided that the total amount of Guarantees at any time outstanding does not exceed \$5.0 billion (the "CNG Guarantee Limit"), and provided further, that (i) any Guarantees of EWGs and FUCOs shall also be subject to CNG's limitation on investment in EWGs and FUCOs hereto; and (ii) any Guarantees of energy-related companies within the meaning of Rule 58 ("Rule 58 Companies") shall also be subject to the aggregate investment limit of Rule 58. The terms and conditions of any Guarantees, and the underlying liabilities covered thereby, would be established at arm's-length based upon market conditions.

CNG may charge a fee to its subsidiaries for each Guarantee provided on their behalf that is not greater than cost, if any, of obtaining the liquidity necessary to perform the guarantee for the period of time the Guarantee remains outstanding.

In the event that CNG issues any debt or equity securities authorized hereunder by means of any financing conduits or subsidiaries, CNG may provide a Guarantee in respect of the payment and other obligations of the financing conduit or subsidiary under the

Page 18

securities issued by it. Given that any securities nominally issued by any such financing conduit or subsidiary are in substance securities issued by CNG itself, any securities issued by a financing conduit or subsidiary would count dollar-for-dollar against CNG's financing authority. However, CNG submits that any Guarantees of securities of financing conduits or subsidiaries should be excluded entirely from the CNG Guarantee Limit, since inclusion thereof would amount to "double counting," in effect penalizing CNG for using financing conduits or subsidiaries.

E. DRI Money Pool

DRI and certain of the subsidiaries listed on Exhibit B-2 hereto (the "Participants") request authorization to operate in a system money pool (the "DRI Money Pool") as previously authorized by the Commission in the Money Pool Order.

DRI, CNG and the Participants will invest their surplus funds in the DRI Money Pool, and the Participants will borrow funds from the DRI Money Pool, provided that, with respect to each of the CNG utility companies (The East Ohio Gas Company, Hope Gas, Inc. and The Peoples Natural Gas Company), outstanding borrowings from the DRI Money Pool shall not exceed \$750 million at any one time. DRI Money Pool borrowings by the other Participants are generally exempt transactions under Rule 52 promulgated under the Act.

DRI and CNG will not borrow from the DRI Money Pool, but may be the ultimate providers of funds to the DRI Money Pool as needed. DRI and/or CNG will obtain the funds to invest in the DRI Money Pool (i) from internally generated funds, (ii) under the Prior Orders, and/or (iii) any other current financing authorizations or exemptions that may be available to DRI or CNG. Dominion Resources Services, Inc. ("DRI Services") will administer the DRI Money Pool on an "at cost" basis. In providing funds to DRI Money Pool Participants, DRI and CNG will give preference to the needs of the Utility Subsidiaries that are Participants. DRI will report any default under any such external loan agreement within ten (10) days of the occurrence thereof in a filing with the Commission. The filing will describe how the default under the loan agreement will affect preceding representations of preference to the needs of the Utility Subsidiary Participants.

Funds in the DRI Money Pool will be held in two separate accounts - one for public utility company participants ("Account A") and another for the Participants which are not public utility companies ("Account B"). Account A funds will not be loaned to non-public utility company Participants. Account B funds may be loaned to public utility company Participants provided that the interest charged is not greater than the cost of borrowing such funds to DRI or CNG, as applicable. A list of the Account A and Account B participants is filed herewith as Exhibit B-2.

For each of Account A and Account B Participants, respectively, DRI Services will maintain a record reflecting such Participant's daily balance. The record will

Page 19

indicate the amount of the Participant's lending, investment or borrowing balance, as the case may be, as well as the Participant's share of interest and investment income and interest owed, if any.

The purpose of the DRI Money Pool is to provide the Participants with internal and external funds and to invest surplus funds of DRI and the Participants in short-term money market instruments. The DRI Money Pool will offer the Participants lower short-term borrowing costs due to the elimination of banking fees, a mechanism to earn a higher return on interest from surplus funds that are loaned to other Participants, and decreased reliance on external funding sources.

Proceeds of any short-term borrowings from the DRI Money Pool by the Participants may be used (i) for the interim financing of construction and capital expenditure programs, (ii) for working capital needs, (iii) for the repayment or refinancing of debt, (iv) to meet unexpected contingencies, payment and timing differences and cash requirements, (v) to otherwise finance the borrower's own business, and (vi) for other lawful general purposes.

The daily interest rate on loans from the DRI Money Pool and on all deposits of cash in the DRI Money Pool will equal the effective weighted average rate of interest on DRI's outstanding commercial paper and/or revolving credit borrowings. If no such DRI borrowings are outstanding on the date of any outstanding loan, then the interest rate will be the Federal Funds' effective rate of interest as quoted daily by the Federal Reserve Bank of New York. The rate to be used for weekends and holidays will be the rate on the prior business day. Funds not required by the DRI Money Pool to make loans to Participants or to repay borrowings incurred to provide funds to Participants would ordinarily be invested in one or more short-term investments including: (i) obligations issued or guaranteed by the U.S. government and/or its agencies and instrumentalities; (ii) commercial paper; (iii) certificates of deposit; (iv) bankers' acceptances; (v) repurchase agreements; (vi) tax exempt notes; and (vii) other investments that are permitted by Section 9(c) of the Act and Rule 40 promulgated under the Act. The interest income and investment income earned on loans and investments of surplus funds would be allocated among the Participants in the DRI Money Pool in accordance with the proportion each Participant's contribution of funds bears to the total amount of funds in the DRI Money Pool.

Each Participant receiving a loan through the DRI Money Pool would be required to repay the principal amount of the loan, together with all interest accrued thereon, on demand. Interest on outstanding loans would be paid to the DRI Money Pool monthly. All loans made through the DRI Money Pool could be repaid by the borrower without premium or penalty.

All terms and conditions governing the operations of, and the participation by DRI, CNG and the Participants in, the DRI Money Pool are contained in a written agreement dated as of January 3, 2003, as provided under Exhibit B-1 hereto.

Page 20

F. Investments in Non-Utility Subsidiaries

DRI and CNG request authority to engage in certain activities described below relating to EWGs, FUCOs, ETCs (collectively, "Exempt Subsidiaries"), Rule 58 Subsidiaries and Energy Related Companies and make additional investments in other non-utility subsidiaries approved by the Commission (collectively, "Non-Exempt Subsidiaries"). To the extent any of these activities described in this Application constitute the providing of goods, services or construction from one associate company to another in the DRI system which would be subject to section 13 of the Act, these goods, services or construction will be provided at cost as defined in rules 90 and 91 unless an exemption from the at cost requirement is available under the Act or otherwise approved in the Commission's order in this proceeding.

In the future, DRI and CNG request authority to make additional investments in Exempt Subsidiaries and Non-Exempt Subsidiaries in the form of purchases of common stock and other securities, capital contributions, loans

or open account advances, guarantees, or any combination of the foregoing. It is also contemplated that Exempt Subsidiaries and Non-Exempt Subsidiaries may issue securities from time to time under the exemption provided in Rule 52 to investors other than DRI and CNG for the purpose of financing their operations. Direct or indirect investments by DRI and CNG in Exempt Subsidiaries and Non-Exempt Subsidiaries would be subject to the limitations applicable to investments for such subsidiaries.

In connection with existing and future non-utility businesses, DRI and CNG will engage directly or through subsidiaries in preliminary development activities ("Development Activities") and administrative and management activities ("Administrative Activities") associated with such investments. Development Activities will be limited to: due diligence and design review; market studies; preliminary engineering; site inspection; preparation of bid proposals, including, in connection therewith, posting of bid bonds; application for required permits and/or regulatory approvals; acquisition of site options and options on other necessary rights; negotiation and execution of contractual commitments with owners of existing facilities, equipment vendors, construction firms, power purchasers, thermal "hosts," fuel suppliers and other project contractors; negotiation of financing commitments with lenders and other third-party investors; and such other preliminary activities as may be required in connection with the purchase, acquisition or construction of facilities or the securities of other companies. DRI and CNG propose to expend directly or through Exempt Subsidiaries or Non-Exempt Subsidiaries up to \$300 million in the aggregate outstanding at any time during the Authorization Period on all such Development Activities. Amounts expended in the development of projects that result in an investment in an Exempt Subsidiary or a Non-Exempt Subsidiary will not count against the limitation on expenditures for Development Activities. Administrative Activities will include ongoing personnel, accounting, engineering, legal, financial and other support activities necessary to manage Development Activities and investments in subsidiaries.

Page 21

DRI and CNG request authority to acquire directly or indirectly the securities of one or more corporations, trusts, partnerships, limited liability companies or other entities (collectively, "Intermediate Subsidiaries"), which would be organized exclusively for the purpose of acquiring, holding and/or financing the acquisition of the securities of or other interest in one or more Exempt Subsidiaries or Non-Exempt Subsidiaries, provided that Intermediate Subsidiaries may also engage in Development Activities and Administrative Activities. To the extent such transactions are not exempt from the Act or otherwise authorized or permitted by rule, regulation or order of the Commission, DRI and CNG request authority for Intermediate Subsidiaries to engage in the Activities described above. To the extent that DRI and CNG provide funds directly or indirectly to an Intermediate Subsidiary which are used for the purpose of making an investment in any Exempt Subsidiary or Non-Exempt Subsidiary, the amount of such funds will be included in DRI's "aggregate investment" in these entities, as calculated in accordance with rule 53 or rule 58, as applicable.

G. Direct Investment, Incentive Compensation Plans and other Employee Benefit Plans

DRI requests authority, from time to time during the Authorization Period, to issue and/or acquire in open market transactions or by some other method which complies with applicable law and Commission interpretations then in effect up to 50 million shares of DRI common stock under DRI's direct stock purchase and dividend reinvestment plan, certain incentive compensation plans and certain other employee benefit plans described below.

1. Dominion Direct Investment

DRI maintains Dominion Direct Investment ("Dominion Direct"), a direct stock purchase plan with a dividend reinvestment feature. The purpose of Dominion Direct is to provide eligible participants with a convenient and economical way to purchase DRI common stock and to increase ownership in DRI by reinvesting dividends and/or

making optional monthly investments. Current shareholders of DRI and new investors residing in the U.S. who would like to become DRI shareholders are eligible to participate. Foreign citizens are eligible to participate as long as their participation would not violate any laws in their home countries.

At DRI's discretion, shares of DRI common stock purchased under Dominion Direct will be either newly issued or purchased on the open market by an independent agent selected by the Dominion Direct administrator. The decision whether shares are to be purchased directly from DRI or in the open market will be based on DRI's need for common equity and other factors considered relevant by DRI. Any determination by DRI to change the manner in which shares will be purchased for Dominion Direct, and the implementation of any such change, will comply with applicable law and Commission interpretations then in effect.

Page 22

Net proceeds from the sale of newly issued shares of DRI common stock will be added to the general corporate funds of DRI and will be used to meet its capital requirements and the capital requirements of its subsidiaries. DRI will not receive any proceeds from shares acquired in the open market.

2. Incentive Compensation Plans

DRI currently maintains the DRI Incentive Compensation Plan (the "DRI Incentive Compensation Plan") in which employees of DRI's subsidiaries and employees and certain outside directors of DRI participate.

The DRI Incentive Compensation Plan is administered by a committee comprised of DRI outside directors. All employees of DRI and its subsidiaries are eligible to receive incentive awards under the DRI Incentive Compensation Plan if the committee determines that the employee has contributed, or can be expected to contribute, significantly to his or her employer. The committee has the power and complete discretion to select eligible employees and outside directors to receive awards, the type of awards granted and the terms and conditions of such awards.

As of June 30, 2004 there were 7,953,009 shares available under the DRI Incentive Compensation Plan and the annual limit of awards to any one individual is 1.5 million shares.

The following types of awards may be granted under the DRI Incentive Compensation Plan: performance grants, restricted stock, goal-based stock, stock options and stock appreciation rights.

Performance Grants. Performance Grants are subject to the achievement of pre-established performance goals comprised of objective and quantifiable performance criteria. The committee sets target and maximum amounts payable under each performance grant. The employee receives appropriate payments at the end of the performance period if the performance goals (and other terms and conditions of the award) were met. The actual payments under a performance grant can be cash, DRI common stock, or both. Performance grants are administered to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

The aggregate maximum cash amount payable pursuant to a performance grant to any employee in any year cannot exceed 0.5% of DRI's consolidated operating income, before taxes and interest. The committee must make performance grants prior to the 90th day of the period for which the performance grant relates or the completion of 25% of such period.

Page 23

Restricted Stock Awards. Restricted stock awards consist of shares of DRI common stock which are subject to certain terms and conditions. Recipients are not able to sell or transfer restricted stock until the restrictions stated in the award agreement have been met. The restricted stock is forfeited if the applicable terms and conditions are not met.

Goal-Based Stock Awards. Goal-based stock is DRI common stock subject to performance goals. The stock is not issued to the employee until the committee certifies that the performance goals (and any other terms and conditions) have been met.

Stock Options and Stock Appreciation Rights. Stock options may be granted to eligible employees subject to terms and conditions established by the committee. The exercise price of an option must be at least 100% of the fair market value of DRI common stock on the date that the option is granted. Options may be either incentive stock options or nonqualified stock options. Stock appreciation rights may be granted on all or any part of an option, and are subject to the terms and conditions established by the committee. Stock appreciation rights also may be granted separately. A stock appreciation right entitles the employee to receive an amount equal to the excess of (i) the fair market value on the date of exercise of stock covered by the surrendered stock appreciation right over (ii) the exercise price of the stock on the date the stock appreciation right was granted. The award can be paid in stock or cash, or both.

When granting incentive awards, the committee can allow the awards to become fully exercisable upon a change in control. Employees cannot sell, transfer or pledge their interest in performance grants and goal-based stock awards. Employees cannot sell, transfer or pledge shares of restricted stock until such stock becomes unrestricted. Options and stock appreciation rights may be transferred by a participant according to the terms and conditions for such awards.

The DRI board of directors can amend or terminate the plan; however, shareholder approval is required of amendments that would (i) increase the number of shares of DRI common stock that is reserved and available for issuance under the plan; (ii) materially change or impact which employees are eligible to participate in the plan; or (iii) materially change the benefits that eligible employees may receive under the plan. Notwithstanding the foregoing, the DRI board can amend the plan as necessary and without shareholder approval to ensure that the plan continues to comply with Section 162(m) of the Code and Rule 16b-3. The Incentive Plan will terminate at the close of business on December 31, 2006 unless the DRI board of directors terminates the plan prior to that date.

K. Other Benefit Plans

In addition to the plans described above, DRI has plans that provide for the issuance of shares of common stock. For example, DRI maintains the DRI Hourly Employee Savings Plan, the Dominion Salaried Savings Plan and certain CNG employee savings plans (the "DRI 401(k) Plans"). The DRI 401(k) Plans allow participating employees to elect to defer a

Page 24

portion of their compensation and have such funds invested in designated investment media selected by participants, including a common stock fund of the sponsoring company.

H. Payment of Dividends Out of Capital or Unearned Surplus by Non-Utility Subsidiaries

The Applicants seek authority, on behalf of every direct or indirect Non-Utility Subsidiary, that such companies be permitted to pay dividends with respect to the securities of such companies and/or acquire, retire or redeem any securities of such companies that are held by an associated company or affiliate, from time to time, through the Authorization Period, out of capital or unearned surplus, to the extent permitted under applicable corporate law. The

approval sought by this paragraph will not expire at the end of the Authorization Period.

I. Changes in Capital Stock of Subsidiaries

The portion of an individual subsidiary's aggregate financing to be effected through the sale of stock to DRI or other immediate parent company during the Authorization Period pursuant to Rule 52 and/or pursuant to an order issued in this proceeding cannot be ascertained at this time. It may happen that the proposed sale of capital securities may in some cases exceed the then-authorized capital stock of such subsidiary. In addition, the subsidiary may choose to use capital stock with no par value or receive a capital contribution without issuing capital stock. Also, a wholly-owned subsidiary may wish to engage in a reverse stock split to reduce franchise taxes. As needed to accommodate such proposed transactions and to provide for future issues, request is made for authority to change the terms of any such wholly-owned subsidiary's authorized capital stock capitalization by an amount deemed appropriate by DRI or other intermediate parent company in the instant case. A subsidiary would be able to change the par value, or change between par value and no-par stock, without additional Commission approval. Any such action by a utility subsidiary would be subject to and would only be taken upon the receipt of any necessary approvals by the state commission(s) in the state or states in which such utility subsidiary is incorporated and doing business.

J. Investment and Development of Non-Utility Real Property

DRI, on behalf of itself and its subsidiaries, requests authorization to lease, sell or otherwise grant third persons access to or rights in excess or unwanted real estate and to permit the extraction or harvesting of mineral or other resources contained on or in that real estate.

DRI also requests authority to either designate an already existing non-utility subsidiary or form one or more new non-utility subsidiaries in which the real-estate activities of the DRI System will be centralized, so that it could act as agent for DRI System companies for these activities, manage the real estate portfolio of DRI and its associate companies, market excess or unwanted real estate and facilitate the development of non-utility property on or in DRI System real estate. The net proceeds realized from any sale or from development of non-utility

Page 25

property thereon will be credited to the company that owns the subject asset. Services performed for associate companies will be provided at cost in compliance with Rules 90 and 91. No DRI company will acquire any real estate in connection with its activities pursuant to this authorization.

K. Tax Allocation Agreement

DRI also requests approval to continue to operate under an agreement for the allocation of consolidated income tax among DRI and its subsidiaries ("Tax Allocation Agreement"). DRI requires the continuation of the Tax Allocation Agreement for the retention by DRI of certain payments for tax losses incurred from time to time, rather than the allocation of those losses to subsidiaries without payment as would otherwise be required by Rule 45(c)(5). As a result of its financing, DRI will be creating tax credits that are non-recourse to the subsidiaries. The Tax Allocation Agreement is dated as of May 13, 2004, as provided on Exhibit B-1.

L. EWG/FUCO Investment Limit

Under the Supplemental Order, the Commission released jurisdiction over DRI's ability to make investments in EWGs and FUCOs up to an aggregate investment (as defined in Rule 53 promulgated under the Act) of 100% of consolidated retained earnings plus \$4.5 billion ("Previous EWG/FUCO Investment Limit"). DRI now requests that the Commission release jurisdiction over an additional \$3.5 billion to allow DRI to make investments in EWGs and FUCOs up to an aggregate investment of 100% of consolidated retained earnings plus \$8 billion (the "new EWG/FUCO Investment Limit").

Rule 53 provides that in determining whether to approve certain financing transactions for the purpose of investments in EWGs, the Commission will not make certain adverse findings if the conditions of Rule 53(a) and (b) are met. Rule 53(c) provides that, in connection with a proposal by a registered holding company to issue and sell securities to finance an investment in an EWG, or to guarantee the securities of an EWG, an applicant unable to satisfy the conditions of Rule 53(a) and (b) must affirmatively demonstrate that the proposal (i) will not have a substantial adverse impact upon the financial integrity of the registered holding company system; and (ii) will not have an adverse impact on any utility subsidiary of the registered holding company or its customers, or on the ability of state commissions to protect those subsidiaries or customers.

The record in this matter demonstrates that the requested authority "will not have a substantial adverse impact upon the financial integrity of the holding company system" and "will not have an adverse impact on any utility subsidiary of the registered company, or its customers, or on the ability of state commissions to protect such subsidiary or customers, as is required by subparts (1) and (2) of Rule 53(c).

Page 26

DRI represents that it is in compliance with all of the conditions established by subparts (a) and (b) of Rule 53 except 53(a)(1).

Particularly with respect to demonstrating the absence of any substantial adverse impact prohibited by Rule 53(c)(1) upon the financial integrity of the registered holding company system, DRI establishes such absence as provided on Exhibit K-1.

M. Filing of Certificates of Notification

It is proposed that, with respect to DRI, the reporting systems of the Securities Exchange Act of 1934, as amended (the "1934 Act") and the Securities Act of 1933, as amended (the 1933 Act) be integrated with the reporting system under the Act consistent with the authority granted in the Prior Orders. This will continue to eliminate duplication of filings with the Commission that cover essentially the same subject matters, resulting in a reduction of expense for both the Commission and the Applicants. The portion of the 1933 Act and 1934 Act reports containing or reflecting disclosures of transactions occurring pursuant to the authorizations granted in this proceeding will be incorporated by reference into this proceeding through Rule 24 certificates of notification. The certificates will also contain all other information required by Rule 24, including the certification that each transaction being reported on had been carried out in accordance with the terms and conditions of and for the purposes represented in this Application. Such certificates of notification will be filed within 60 days after the end of the last calendar quarter in which transactions occur, except 90 days after the end of the end of year calendar quarter.

ITEM 2. FEES, COMMISSIONS AND EXPENSES.

The fees, commissions and expenses paid or incurred or to be incurred in connection with this Application are estimated at \$25,000.

ITEM 3. APPLICABLE STATUTORY PROVISIONS.

A. Applicable Provisions

Sections 6(a), 7, 9, 10 and 12 of the Act and Rules 53 and 54 thereunder are considered applicable to the proposed transactions.

To the extent that the proposed transactions are considered by the Commission to require authorizations, exemption or approval under any section of the Act or the rules and regulations thereunder other than those set forth above, request for such authorization, exemption or approval is hereby made.

Page 27

B. Rule 53 and 54 Analysis.

DRI currently meets all of the conditions of Rule 53(a), except for clause (1). At March 31, 2004, DRI's "aggregate investment", as defined in Rule 53(a)(1), in EWG's and FUCO's, was approximately \$3,650.0 million (of which approximately \$3,641.8 million was in EWGs). With respect to Rule 53 (a) (1), however, the Commission has determined that DRI's financing of its investment in EWGs and FUCOs in an amount not to exceed 100% of its "average consolidated retained earnings" plus \$4.5 billion would not have either of the adverse effects set forth in Rule 53 (c).⁷ At March 31, 2004, DRI's "average consolidated retained earnings" were \$1,418.7 million and, therefore, DRI's investment in EWG's and FUCO's continues to be within the authorized limit.

In addition, DRI and its subsidiaries are in compliance and will continue to comply with the other provisions of Rule 53 (a) and (b), as demonstrated by the following determinations:

(i) The DRI System maintains books and records, and prepares financial statements, in accordance with Rule 53 (a) (2). Furthermore, DRI has undertaken to provide the Commission access to such books and records and financial statements as it may request;

(ii) No more than 2% of the employees of DRI's domestic public utility companies render services at any one time, to its EWGs or FUCOs;

(iii) DRI has submitted (a) a copy of each Form U-1 and Rule 24 certificate that has been filed with the Commission under Rule 53 and (b) a copy of Item 9 of the Form U5S and Exhibits G and H thereof to each state regulator having jurisdiction over the retail rates of DRI's public utility subsidiaries;

(iv) Neither DRI nor any direct subsidiary has been the subject of a bankruptcy or similar proceeding (unless a plan of reorganization has been confirmed in such proceeding);

(v) DRI's "average consolidated retained earnings" for the four most recent quarterly periods have not decreased by 10% or more from the average for the previous four quarterly periods; and

(vi) In the previous fiscal year, DRI did not report operating losses attributable to its investment in EWGs/FUCOs exceeding 3% of DRI's consolidated retained earnings.

See Dominion Resources, Inc. Holding Company Act Release No. 35-27485, dated December 28, 2001 (the "Rule 53 (c) Order"). DRI continues to assert that its investment in EWGs and FUCOs will not adversely affect the DRI System.

Page 28

The proposed transactions, considered in conjunction with the effect of the capitalization and earnings of DRI's EWGs and FUCOs, would not have a material adverse effect on the financial integrity of the DRI System, or an adverse impact on DRI's public-utility subsidiaries, their customers, or the ability of State commissions to protect such public-utility customers. The Rule 53 (c) Order was predicated, in part, upon an assessment of DRI's overall financial condition which took into account, among other factors, DRI's consolidated capitalization ratio and its retained earnings, both of which have improved since the date of the order. In the aggregate DRI's EWG and FUCO investments have been profitable for the period March 31, 2000 through March 31, 2004. DRI's EWG and FUCO investments also were profitable, in the aggregate, for the period from December 31, 2001 through March 31, 2004. As of September 30, 2001, the most recent period for which financial statement information was evaluated in the Rule 53 (c) Order, DRI's consolidated capitalization consisted of 33.4% common equity, 6.4% preferred stock and 60.2% debt (including long and short-term debt and preferred stock). As of March 31, 2004, the consolidated capitalization ratios of DRI, with consolidated debt including all short-term debt and non-recourse debt of its EWGs and FUCOs, were as follows:

As of
March 31, 2004

	%
Common shareholders' equity	36
Preferred stock	1
Long-term and short-term debt	63

DRI's consolidated retained earnings increased from \$1,199 million as of March 31, 2000 to \$1,281 million as of March 31, 2004 and grew from \$922 million as of December 31, 2001 to \$1,281 million as of March 31, 2004. DRI's EWGs and FUCOs have made a positive contribution to earnings by contributing approximately \$2,839.9 million in revenues from March 31, 2000 through March 31, 2004, and net income of \$624.6 million for the same period. DRI's EWG and FUCO contributions to revenues and net earnings from December 31, 2001 to March 31, 2004 were \$1,933.2 million and \$340.8 million, respectively. Accordingly, since the date of the Rule 53(c) Order, the capitalization and earnings attributable to DRI's investments in EWGs and FUCOs has not had an adverse impact on DRI's financial integrity.

ITEM 4. REGULATORY APPROVAL.

No other regulatory commission has jurisdiction over the transactions for which authority is sought herewith.

ITEM 5. PROCEDURE.

The Commission is respectfully requested to publish the requisite notice under Rule 23 with respect to this Application as soon as possible, such notice to specify a date by which comments must be entered and such date being the date when an order of the Commission granting and permitting this Application to become effective may be entered by the Commission. The Applicants request that the Commission's order be issued as soon as the rules allow, and that there should not be a 30-day waiting period between issuance of the Commission's order and the date on which the order is to become effective. The Applicants hereby waive a recommended decision by a hearing officer or any other responsible officer of the Commission and consent that the Division of Investment Management may assist in the preparation of the Commission's decision and/or order, unless the Division opposes the matters proposed herein.

CONSOLIDATED FEDERAL INCOME TAX
ALLOCATION AGREEMENT AMONG MEMBERS OF THE
DOMINION RESOURCES, INC. AFFILIATED GROUP

WHEREAS, Dominion Resources Inc., a corporation organized under the laws of the State of Virginia ("DRI") and a registered holding company under the Public Utility Holding Company Act of 1935 ("Act"), together with its subsidiary companies, direct and indirect, listed in Appendix A, comprise the members of the DRI consolidated group which will join annually in the filing of a consolidated Federal income tax return, and it is now the intention of DRI and its subsidiaries, direct and indirect, (hereinafter collectively referred to as the "DRI Group"), to enter into an agreement for the allocation of current federal income taxes; and

WHEREAS, certain members of the DRI Group will join annually in the filing of certain consolidated state income tax returns (to the extent permitted or required under applicable state income tax laws), and it is now the intention of the DRI Group to enter into an agreement for the allocation of current state income taxes; and

WHEREAS, by order dated May 13, 2004, the Securities and Exchange Commission has authorized DRI and its subsidiaries to enter into this agreement as of January 28, 2000 and to allocate consolidated income taxes in the manner herein provided; and

NOW, THEREFORE, each member ("Member") of the DRI Group does hereby covenant and agree with one another that the current consolidated income tax liabilities of the DRI Group shall be allocated as follows:

ARTICLE I.

DEFINITIONS AND INTERPRETATION

Section 1.1 Definitions. For all purposes of this Agreement, except as otherwise expressly provided, the following terms shall have the following respective meanings:

"Acquisition Indebtedness" means indebtedness incurred by Dominion Resources, Inc. to finance the acquisition (including related costs) by Dominion Resources, Inc. of all of the issued and outstanding stock of Consolidated Natural Gas Company and any renewals or extensions thereof. Acquisition Indebtedness also includes indebtedness incurred by Dominion Resources, Inc. for the purpose of refinancing the indebtedness relating to the acquisition (including related costs) of all of the issued and outstanding stock of Consolidated Natural Gas Company.

"Code" means the Internal Revenue Code of 1986, as amended.

"Consolidated Group" means Dominion Resources, Inc. and all of its subsidiaries which, from time to time, may be included in any (i) federal income tax return filed by Dominion Resources, Inc. in accordance with sections 1501 and 1502 of the Code or(ii) Other Return.

"Consolidated Return" means any consolidated federal income tax return or Other Return filed by DRI whether before or after the date hereof, which includes one or more Members of the DRI Group in a consolidated, combined or unitary group of which DRI is the common parent.

"Consolidated Return Year" means any period during which DRI files a consolidated federal income tax return or Other Return that includes one or more Members of the DRI Group in a consolidated, combined or unitary group of which DRI is a common parent.

"Consolidated Taxable Income" is the taxable income of the DRI Group as computed for federal or state income tax purposes.

"Consolidated Tax Liability" means, with reference to any taxable period, the consolidated, combined or unitary tax liability (including any interest, additions to tax and penalties) of the Consolidated Group for such taxable period (including the consolidated federal income tax liability and other consolidated, combined or unitary liability for Other Taxes).

"Corporate Taxable Income" means the income or loss of an associate company for a tax year computed as though such company had filed a separate return on the same basis as used in the Consolidated Return, except that dividend income from associate companies shall be disregarded, and other intercompany transactions eliminated in the Consolidated Return shall be given appropriate effect.

"Designated Official" means the Vice President, Tax of DRI or such other official assigned the responsibilities of Vice President, Tax of Dominion Resources, Inc.

"Other Return" means any consolidated, combined or unitary return of Other Taxes filed by DRI or another Member of the Dominion Resources, Inc. Group, whether before or after the date hereof, which covers the operations of one or more Members of the DRI Group.

"Other Taxes" means any taxes (including any interest and penalties) payable by DRI or another Member of the DRI Group to the government of any state, municipal or other political subdivision, including all agencies and instrumentalities of such government.

"Person" means any individual, partnership, firm, corporation, limited liability company, joint stock company, unincorporated association, joint venture, trust or other entity or enterprise, or any government or political subdivision or agency, department or instrumentality thereof.

"Regulations" means the Treasury Regulations promulgated under the Code.

"Separate Return Tax" means the tax on the Corporate Taxable Income of a corporation which is a Member computed for purposes of this Agreement as though such company were not a Member of a consolidated group.

Section 1.2 References, Etc. The words "hereof", "herein" and "hereunder" and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision of this Agreement. All terms defined herein in the singular shall have the same meanings in the plural and vice versa. All References herein to any Person includes such Person's successors and assigns. All references herein to Articles and Sections shall, unless the context requires a different construction, be deemed to be references to the Articles and Sections of this Agreement. For purposes of this Agreement, Finance will not be treated as a Member of the Dominion Resources, Inc. Group and all items of income, deduction, loss, credit or any other tax attribute of Finance shall be treated as an item of income, deduction, loss, credit or tax attribute of Dominion Resources, Inc. In this Agreement, unless a clear contrary intention appears the word "including" (and with correlative meaning "include") means "including but not Limited to".

ARTICLE II.

Preparation and Filing of Tax Returns; Allocation of Taxes

Section 2.1 Federal Returns.

(a) A U.S. consolidated federal income tax return shall be prepared and filed by DRI for each taxable year in respect of which this Agreement is in effect and for which the Consolidated Group is required or permitted to file a

consolidated federal income tax return. DRI and all its subsidiaries shall execute and file such consents, elections and other documents that may be required or appropriate for the proper filing of such returns.

(b) (i) The Consolidated Group will elect, on a timely basis, in accordance with Code Section 1552(b) and Section 1.1552-1(c)(2) of the Regulations to allocate its consolidated tax liability (other than alternative minimum tax ("AMT") and its related credits) among its Members under the method described in Sections 1.1502-33(d)(3) and 1.1552-1(a)(2) commencing with the consolidated taxable year ended December 31, 2000. The fixed percentage to be used for purposes of Regulations section 1.1502-33(d)(3)(i) is 100%. The general effect of such method is to first allocate the consolidated tax liability among the Members of the Consolidated Group on the basis of the percentage of the total consolidated tax which the tax of such Member (other than AMT and its related credits) if computed on a separate return basis would bear to the total amount of the taxes (other than AMT and its related credits) for all Members of the group so computed. Then such method allocates an additional amount (the "Tax Benefit Amount") to each Member up to, but not greater than, the excess, if any, of its Separate Return Tax liability (other than AMT and its related credits) over the amount allocated to such Member in the previous sentence. The total of the Tax Benefit Amounts allocated to Members shall result in payments to, and an increase in the earnings and profits of, the Members who had items of deduction, loss or credits to which such Tax Benefit Amount is attributable. This election is intended to comply with Rule 45(c)(5) under the Act, as modified by Section 2(d) below.

(ii) The allocation of the alternative minimum tax liability incurred by the DRI Group and the resulting minimum tax credit shall be allocated in the manner set forth in Proposed and Temporary Treasury Regulation Sections 1.1502-55. This method generally allocates (i) any AMT paid by the Dominion Resources, Inc. Group based on the relative separate adjusted AMT of each Member and (ii) the minimum tax credit (AMTC) on the basis of the AMT previously assigned to such Member and assuming that AMTC is utilized on a "first in/first out" methodology, and that to the extent that AMTC arising in one year is not fully utilized, such AMTC is utilized proportionately by the Members previously assigned AMT for that year.

(c) Each Member's allocable share of the consolidated income tax liability as determined in Section 2.1(b) hereby shall be used in both (i) the determination of each Member's earnings and profits and (ii) determining the amounts to be paid (as provided in Section 3.4 of this Agreement) by Members to DRI with respect to each Member's share of the Consolidated Group's Tax liability and payments from DRI to Members with respect to the use of a Member's tax attributes.

(d) (i) The aggregate of all amounts paid by Members of the Consolidated Group (the "Paying Members") as a result of the excess of each Members' Separate Return Tax liability (as determined under Section 1.1552-1(a)(2)(ii) of the Regulations) over the amount allocated to such Member as its share of the Consolidated Tax Liability under Code Section 1552 (i.e., the Tax Benefit Amount) shall be paid by Dominion Resources, Inc. to the other Members (the "Loss Members") which had tax deductions, losses and credits to which such payments by the Paying Members are attributable. The apportionment of such payments among Loss Members shall be in a manner that reflects the Consolidated Group's absorption of such tax attributes in the manner described in Section 2.1(e) below. The payments to the Loss Members for their tax attributes shall be pursuant to a consistent method which reasonably reflects such items of loss or credit (such consistency and reasonableness to be determined by the Designated Official).

(ii) Notwithstanding the provisions of section 2.1(d)(i), the Tax Benefit Amount allocated to DRI and paid to DRI as a result of its being a Loss Member shall be limited to the lesser of the tax benefit of it's interest deduction attributable to Acquisition Indebtedness or the tax benefit of it's separate tax loss. The portion of DRI's tax benefits which cannot be allocated and paid to DRI due to the operation of this Section shall be reallocated to Paying Members of the Consolidated Group other than DRI in accordance with the principles contained in section 2.1(b)(i).

(e) In apportioning the payments to Loss Members for the Tax Benefit Amount pursuant to Section 2.1(d) hereof:

(i) any consolidated net operating loss ("NOL") shall be allocated among the group Members pursuant to Regulations Section 1.1502-21(b). To the extent the consolidated NOL is carried back, any Member's individually allocable NOL shall be deemed carried back and utilized in proportion to the amount that the Member's NOL bears to the consolidated NOL. Analogous principles shall apply in the case of NOL carryforwards;

(ii) with respect to each type of credit used to offset all or a portion of the Consolidated Tax Liability otherwise payable, such credit shall be allocated among the Members by crediting to each Member an amount of credit which that Member would have available to utilize on a separate return basis in a manner consistent with the method set forth in Section 2.1(e)(i) above.

(iii) the cost of any credit recapture which results in the payment of tax shall be specifically allocated to the Member whose credit is recaptured determined in a manner consistent with the provisions of Section 2.1(e)(i) above.

(f) The allocation of tax shall be subject to further adjustment from time to time on account of the payment of additional tax or the receipt of a refund attributable to either the filing of an amended return or on account of the results of an audit conducted by the Internal Revenue Service or other relevant taxing authority.

Section 2.2 Other Taxes. (a) DRI will prepare and file (or cause to be prepared and filed) all returns of Other Taxes which are required to be filed with respect to the operations of DRI and its subsidiaries. In the event any taxing authority requires or permits that a combined, consolidated or unitary return be filed for Other Taxes, which return includes both DRI and a subsidiary, DRI may elect to file such return and shall have the right to require any Member to be included in such return. DRI will advise each of its subsidiaries included in each Other Return and each governmental office in which any Other Return is filed. Other Taxes shall be allocated among the DRI Group in a manner that is consistent with the method set forth in Article 2 hereof. Furthermore, amounts due to or from DRI with respect to Other Taxes, shall be determined in a manner consistent with Sections 2.1(b) and 2.1(d).

(b) Each Member of the DRI Group that does not file an Other Return together with any other Member of the DRI Group shall be solely responsible and obligated to pay the tax liability with respect to such return from its own funds. Such returns shall be prepared and filed by DRI or the Member filing the Other Return.

(c) If any Member of the DRI Group is required to file a combined, consolidated or unitary return for Other Taxes with another Member of the DRI Group, but not with DRI (an "Other Taxes Subgroup"), then DRI shall have the rights, powers and obligations to file such tax returns and apportion among and, collect and remit from, the applicable Members such Other Taxes as the rights, powers and obligations given to DRI under this Agreement with respect to the Consolidated Tax Liability. Such returns shall be prepared and filed by DRI. If the right to file a combined, consolidated or unitary return for Other Taxes is optional, then DRI shall decide which of its subsidiaries should, to the extent permitted by law, join in filing of such return.

Section 2.3 Member Tax Information. The Members of the Consolidated Group shall submit the tax information requested by the Designated Official of DRI in the manner and by the date requested, in order to enable the Designated Official to calculate the amounts payable by the Members pursuant to Article 3 hereof.

ARTICLE III.

RESPONSIBILITY FOR TAX; INTERCOMPANY PAYMENTS

Section 3.1 Responsibility. Assuming the Members of the Consolidated Group have fulfilled their obligations pursuant to this Article III, then DRI will be solely responsible for, and will indemnify and hold each Member of the Consolidated Group harmless with respect to, the payment of: (a) the Consolidated Tax Liability for each taxable period for which, as determined under Section 2.1 hereof, DRI filed a Consolidated Return or should have been filed; and (b) any and all Other Taxes due or payable with respect to any Other Return which is filed by DRI or should have been filed.

Section 3.2 Federal Tax Payments. (a) With respect to each Consolidated Return Year, the Designated Official of Dominion Resources, Inc. shall estimate and assess or pay to Members of the Consolidated Group their share of estimated tax payments to be made on a projected consolidated federal income tax return for each year. In making this determination, DRI shall elect a method for determining estimated tax and each Member shall follow that method. Such Members will pay, to DRI or be paid by DRI, such estimates not later than the 15th day of the 4th, 6th, 9th and 12th months of such Consolidated Return Year. With respect to any extension payment, the Designated Official of Dominion Resources, Inc. shall estimate and assess or pay to Members of the Consolidated Group their share of such extension payment. The difference between (1) a Member's estimated tax payments used for computation of the quarterly estimated payments plus their extension payments and (2) such Member's actual Tax Liability for any Consolidated Return Year as determined under Section 2.1(b) hereof, shall be paid to DRI or by DRI within sixty (60) days after the filing of the consolidated federal income tax return.

(b) DRI shall have sole authority, to the exclusion of all other Members of the Consolidated Group, to agree to any adjustment proposed by the Internal Revenue Service or any other taxing authority with respect to items of income, deductions or credits, as well as interest or penalties, attributable to any Member of the Consolidated Group during any Consolidated Return Year in which such Member was a Member of the Consolidated Group notwithstanding that such adjustment may increase the amounts payable by Members of the Consolidated Group under this Section 3.2 or Section 3.3 hereof. In the event of any adjustment to the Consolidated Tax Liability relating to items of income, deductions or credit, as well as interest or penalties, attributable to any Member of the Consolidated Group by reason of an amended return, claim for refund or audit by the Internal Revenue Service or any other taxing authority, the liability of all other Members of the Consolidated Group under paragraphs (a) of this Section 3.2 or Section 3.3 hereof shall be redetermined to give effect to such adjustment as if such adjustment had been made as a part of the original computation of such liability, and payment from a Member to DRI or by DRI to a Member, as the case may be, shall be promptly made after any payments are made to the Internal Revenue Service or any other taxing authority, refunds received or final determination of the matter in the case of contested proceedings. In such event, any payments between the parties shall bear interest at the then prevailing rate or rates on deficiencies assessed by the Internal Revenue Service or any other relevant taxing authority, during the period from the due date of the Consolidated Return (determined without regard to extensions of time for the filing thereof) for the Consolidated Return Year to which the adjustments were made to the date of payment.

Section 3.3 Other Tax Payments. Payments by a Member with respect to Other Taxes and required estimates thereof for which any other Member has joint and several liability shall be calculated and made by or to such Member in the same manner as that provided in Section 3.2. The principles set forth in Section 3.2 governing the determination and adjustment of payments as well as the method of payment to or from such Member with respect to federal income taxes shall be equally applicable in determining and adjusting the amount of and due date of payments to be made to or from such subsidiary with respect to Other Taxes and estimates thereof. Each Member shall pay, directly to the appropriate taxing authority, all taxes for which such Member is liable and for which no other Member has joint or several liability.

Section 3.4 Payment Mechanics. (a) Any payments to be made by a subsidiary of DRI pursuant to Section 2.1, 2.2, 3.2 or 3.3 hereof shall be made by such subsidiary to DRI by either promptly crediting as an offset against amounts owed to such Member by DRI or to the extent no amounts are owed to such Member by DRI, by cash payments to DRI. To the extent any payments are to be made to a subsidiary with respect to the use of such subsidiary's tax attributes by the Consolidated Group pursuant to Section 2.1, 2.2, 3.2 or 3.3 hereof, DRI shall make such payment to

such subsidiary by either promptly crediting as an offset against amounts owned by such Member to DRI, or to the extent no amounts are owed to DRI by such Member, by cash payments to the Member.

(b) Tax payments by DRI with respect to any Consolidated Tax Liability shall be paid by DRI and shall be debited to the Member of the Consolidated Group for their respective shares of such Consolidated Tax Liability as determined pursuant to Article II hereof. Tax Refunds received by DRI with respect to any Consolidated Tax Liability, shall be paid by DRI to the Member of the Consolidated Group entitled to such Tax Refund, as determined.

(c) DRI shall be responsible for maintaining the books and records reflecting the inter-company accounts reflecting the amounts owned, collected and paid with respect to Taxes pursuant to this Agreement.

(d) DRI may delegate to other Members of the Consolidated Group responsibilities for the collection and disbursement of monies as required under this Agreement as well as responsibilities for maintaining books and records as required under this Agreement.

Section 3.5 Administration. The provisions of this Agreement shall be administered by the Designated Official of DRI. The interpretations of this Agreement by the Designated Official of DRI shall be conclusive.

ARTICLE IV.

Miscellaneous Provisions

Section 4.1 Effect. The provisions hereof shall fix the rights and obligations of the parties as to the matters covered hereby whether or not such are followed for federal income tax or other purposes by the Consolidated Group, including the computation of earnings and profits for federal income tax purposes.

Section 4.2 Effective Date and Termination of Affiliation. This Agreement shall be effective with respect to all taxable years ending on or after January 28, 2000, in which any subsidiary of DRI is a Member of the Consolidated Group for any portion of the tax year. In the event that a party to this Agreement ceases to be a Member of the Consolidated Group, the rights and obligations of such party and each other party to this Agreement shall survive, but only with respect to taxable years including or ending before the date such party ceases to be a Member of the Consolidated Group.

Section 4.3 Notices. Any and all notices, requests or other communications hereunder shall be given in writing (a) if to DRI to Attention: Vice President, Tax, Facsimile Number: 804-771-4066 and (b) if to any other person, at such other address as shall be furnished by such person by like notice to the other parties.

Section 4.4 Expenses. Each party hereto shall pay its own expenses incident to this Agreement and the transactions contemplated hereby, including all legal and accounting fees and disbursements.

Section 4.5 Benefit and Burden. This Agreement shall inure to the benefit of, and shall be binding upon, the parties hereto and their respective successors.

Section 4.6 Amendments and Waiver. No amendment, modification, change or cancellation of this Agreement shall be valid unless the same is in writing and signed by the parties hereto. No waiver of any provision of this Agreement shall be valid unless in writing and signed by the person against whom that waiver is sought to be enforced. The failure of any party at any time to insist upon strict performance of any condition, promise, agreement or understanding set forth herein shall not be construed as a waiver or relinquishment of the right to insist upon strict

performance of the same or any other condition, promise, agreement or understanding at a future time.

Section 4.7 Assignments. Neither this Agreement nor any right, interest or obligation hereunder may be assigned by any party hereto and any attempt to do so shall be null and void.

Section 4.8 Severability. The invalidity or unenforceability of any particular provision of this Agreement shall not affect the other provisions hereof, and this Agreement shall be construed in all respects as if such invalid or unenforceable provision were omitted.

Section 4.9 Entire Agreement. THIS AGREEMENT SETS FORTH ALL OF THE PROMISES, AGREEMENTS, CONDITIONS, UNDERSTANDINGS, WARRANTIES AND REPRESENTATIONS AMONG THE PARTIES WITH RESPECT TO THE TRANSACTIONS CONTEMPLATED HEREBY, AND SUPERSEDES ALL PRIOR AGREEMENTS, ARRANGEMENTS AND UNDERSTANDINGS BETWEEN THE PARTIES HERETO, WHETHER WRITTEN, ORAL OR OTHERWISE. THERE ARE NO PROMISES, AGREEMENTS, CONDITIONS, UNDERSTANDINGS, WARRANTIES OR REPRESENTATIONS, ORAL OR WRITTEN, EXPRESS OR IMPLIED, AMONG THE PARTIES EXCEPT AS SET FORTH HEREIN.

Section 4.10 Applicable Law. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF Virginia.

Section 4.11 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall constitute an original and together which shall constitute one instrument. The parties hereto specifically recognize that from time to time other corporations may become Members of the Consolidated Group and hereby agree that such new Members may become Members to this Agreement by executing a copy of this Agreement and it will be effective as if all the Members had re-signed.

Section 4.12 Attorneys' Fees. If any Member or former Member hereto commences an action against another party to enforce any of the terms, covenants, conditions or provisions of this Agreement, or because of a default by a party under this Agreement, the prevailing party in any such action shall be entitled to recover its costs, expenses and losses, including attorneys' fees, incurred in connection with the prosecution or defense of such action from the losing party.

Section 4.13 No Third Party Rights. Nothing in this Agreement shall be deemed to create any right in any creditor or other person or entity not a party hereto and this Agreement shall not be construed in any respect to be a contract in whole or in part for the benefit of any third party.

Section 4.14 Further Documents. The parties agree to execute any and all documents, and to perform any and all other acts, reasonably necessary to accomplish the purposes of this Agreement.

Section 4.15 Headings and Captions. The headings and captions contained in this Agreement are inserted and included solely for convenience and shall not be considered or given any effect in construing the provisions hereof if any question of intent should arise.

Section 4.16 Departing Members

(a) In the event that any Member of the DRI Group at any time leaves the DRI Group and, under any applicable statutory provision or regulation, that Member is assigned and deemed to take with it all or a portion of any of the tax attributes of the DRI Group (including but not limited to NOL, credit carry forwards, and AMTC carry forwards), then to the extent that the amount of tax attributes so assigned differs from the amount of such attributes previously allocated to such Member under this agreement, the departing Member shall appropriately settle with the DRI Group. Such settlement shall consist of payment (1) on a dollar for dollar basis for all differences in credits, and, (2) in the case of NOL differences (or other differences related to other deductions), in a dollar amount computed by reference

to the amount of NOL multiplied by the applicable tax rate relating to such NOL. The settlement payment shall be paid to DRI within sixty days after the Member leaves the DRI Group. The settlement amounts shall be allocated among the remaining Members of the DRI Group in proportion to the relative level of attributes possessed by each Member and the attributes of each Member shall be adjusted accordingly.

(b) Upon the departure of any Member from the DRI Group, such Member shall allocate its items of income, deduction, loss and credit between the period that it was a Member of the DRI Group and the period thereafter based upon a closing of the books methodology allowed under Treasury Regulation Section 1.1502-76(b)(2). The difference between (1) its prior estimated taxes or payments of Tax Benefit and (2) the amount of taxes due or payments of Tax Benefit due to that Member, shall be appropriately settled on the day such Member leaves the Dominion Resources, Inc. Group or on an alternative date mutually agreeable in writing to the Dominion Resources, Inc. Group and the departing Member.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed in its name and on its behalf by one of its officers duly authorized.

DOMINION RESOURCES, INC.
AND PARTICIPATING SUBSIDIARIES

AGREEMENT REGARDING THE
OPERATION OF, AND PARTICIPATION IN,

THE DOMINION SYSTEM MONEY POOL

WHEREAS, Dominion Resources, Inc. ("DRI") has provided and/or arranged for the short-term financing needs of itself and its subsidiary companies ("DRI System" or "System") from time to time;

WHEREAS, the Securities and Exchange Commission ("Commission"), in its order dated January 3, 2003, Release No. 35-27634, has authorized DRI to arrange for, and coordinate, the short-term cash borrowing needs and investment of excess short-term cash reserves of itself and certain of its subsidiary companies on an intercompany pooled basis through the DRI System Money Pool ("DRI Money Pool");

WHEREAS, Consolidated Natural Gas Company ("CNG"), a registered holding company subsidiary of DRI, may be a lender to, but not a borrower from, the DRI Money Pool, and

WHEREAS, the DRI Money Pool will be administered by Dominion Resources Services, Inc. ("DRI Services");

NOW, THEREFORE, DRI, each of the undersigned DRI subsidiaries, CNG and DRI Services, have signed this Agreement to set forth the terms of the operation of the DRI Money Pool, and the participation therein of DRI and CNG (as lenders to the DRI Money Pool), the administration thereof by DRI Services, and the participation therein of each of the undersigned DRI subsidiaries other than CNG (as lenders to and/or borrowers from the DRI Money Pool, each a "Participant") and those subsidiaries that shall subsequently become Participants therein by signing this Agreement or an amendment hereto.

ARTICLE I
GENERAL

1. Only subsidiaries of DRI, except CNG, can be Participants in the DRI Money Pool.
 2. DRI Services hereby undertakes to operate the DRI Money Pool on behalf of the Participants. DRI Services undertakes to maintain a list of each Participant in the DRI Money Pool. Exhibit A is a list of the Participants as of the date of this Agreement.
-

3. This Agreement shall be subject to the provisions of the Public Utility Holding Company Act of 1935, as it may be amended from time to time (the "Act"), any Rules promulgated under the Act, and any Orders issued from time to time under the Act.
4. Upon payment of all outstanding loans from or deposits of Surplus Cash to the DRI Money Pool, accrued interest, and its allocable share of fees to DRI Services, any Participant may terminate its participation in the DRI Money Pool pursuant to this Agreement at any time.
5. All references herein to a public utility company mean a "public-utility company" as defined in Section 2(a)(5) of the Act.
6. Funds in the DRI Money Pool will be held in two separate accounts - one for public utility company Participants ("Account A") and another for the Participants which are not public utility companies ("Account B"). Account A funds will not be loaned to non-public utility company Participants. A list of the Account A and Account Participants is attached as Exhibit A.
7. This Agreement sets forth the procedures regarding the operation of the Money Pool and the methods for each Participant to receive loans from the Money Pool or to deposit excess cash reserves ("Surplus Cash") in the Money Pool for the use by other Participants.

ARTICLE II
BORROWINGS, DEPOSITS

1. Subject to any individual maximum borrowing limit that may be imposed by DRI, in its sole discretion, from time-to-time, and further subject to any limits that may be imposed on a consolidated System basis and have an effect on an individual Participant's borrowing limit, and further subject to any Orders issued from time to time by the Commission under the Act, each Participant shall be entitled, on request, to borrow from the Money Pool various amounts in \$1,000 increments ("Loans"), and for such period as determined by the Participant.

2. Loans from the DRI Money Pool shall be made in the form of open account advances. Open account advances are repayable not more than one year from the date of the first advance.

3. Loans are payable on demand, may be prepaid without premium or penalty, and bear interest, payable monthly.
4. All Loans by a Participant from the DRI Money Pool shall be evidenced by book entries.
5. If any Participant has Surplus Cash in excess of its immediate needs, it may deposit such Surplus Cash in the DRI Money Pool under the appropriate Account A or Account B. DRI Services, as agent for the Participants, shall pool such Surplus Cash with all other funds available when determining the amount that must be borrowed from DRI or CNG from day to day.
6. Any Participant may withdraw funds contributed to the DRI Money Pool at any time.
7. All deposits of cash in the DRI Money Pool by DRI, CNG or deposits of Surplus Cash by a Participant shall be evidenced by book entries in the appropriate Account A and Account B and within the appropriate individual record for each Participant.
8. Each Participant agrees to keep DRI Services advised of its borrowing needs and/or Surplus Cash position. DRI Services shall utilize such information to determine the net borrowing needs or Surplus Cash position of the consolidated DRI System and coordinate borrowings from DRI or CNG to meet the net borrowing needs or arrange for the investment of Surplus Cash on behalf of the Participants.

ARTICLE III DETERMINATION OF BORROWING RATES

1. DRI Services will calculate, on a daily basis, the interest rate ("Daily Rate") applicable to all Loans by Participants from the DRI Money Pool.
 2. The Daily Rate on Loans from the DRI Money Pool shall equal the effective weighted average rate of interest on DRI's outstanding commercial paper and/or revolving credit borrowings. If no such DRI borrowings are outstanding on the date of any outstanding Loan, then the interest rate shall be the Federal Funds' effective rate of interest as quoted daily by the Federal Reserve Bank of New York. The rate to be used for weekends and holidays will be the rate on the prior business day.
-
3. The Daily Rate shall be applied to the aggregate principal amount of any Loan of a Participant that remains outstanding at the end of any day.

ARTICLE IV

DETERMINATION OF DEPOSIT RATES

1. Subject to paragraph 3 below, all deposits of cash in the DRI Money Pool by DRI and CNG or deposits of Surplus Cash deposited in the DRI Money Pool by a Participant, shall earn interest at the Daily Rate as calculated by DRI Services pursuant to Article III.
2. The Daily Rate shall be applied to the aggregate principal amount of any deposit of Surplus Cash that remains in the DRI Money Pool at the end of any day.
3. If, at any time, there is more Surplus Cash deposited by Participants in the DRI Money Pool than is needed by other Participants (such increment of Surplus Cash to be referred to as "Excess Surplus Cash"), DRI Services, as Agent for the Participants that deposited such Excess Surplus Cash, shall invest such Excess Surplus Cash in instruments which are authorized temporary cash investments under the Investment Policy of DRI as set forth in Exhibit B hereto. All interest accrued on such investments shall be allocable to the Participants that deposited such Excess Surplus Cash in the DRI Money Pool.

ARTICLE V RECORD OF CURRENT ACCOUNTS

1. DRI Services shall maintain a current daily accounting of all Loans from, or deposits of Surplus Cash in, the DRI Money Pool by each Account A Participant and each Account B Participant. Such accounting shall be maintained in electronic format and shall indicate the Daily Rate in effect from time to time.
2. Upon request, DRI Services shall provide any Participant copies of such current accounting.

ARTICLE VI INTEREST PAYMENTS

1. All accrued and unpaid interest on all Loans from the DRI Money Pool shall be payable monthly by each Participant until the principal amount of the Loan has been fully repaid.
2. Accrued interest on all deposits in the DRI Money Pool by DRI, CNG or a Participant shall be disbursed to the appropriate party on a monthly basis. DRI Services shall be entitled to apply any such interest payable against any outstanding interest receivable that may be due for Loans that may have been outstanding by a Participant at other times during that month.

ARTICLE VII AVAILABILITY OF FUNDS TO PARTICIPANTS

1. Based on the individual funding requirements communicated by each Participant to DRI Services from time to time, DRI Services shall endeavor to arrange borrowings from DRI so that the funding requirements of each Participant may be fully satisfied.

2. DRI and CNG may not borrow any funds from the DRI Money Pool. DRI and CNG, however, shall have the right to withdraw funds it has deposited in the DRI Money Pool to the extent such funds are no longer needed to cover the borrowing needs of subsidiary Participants.
3. In providing funds to DRI Money Pool Participants, DRI and CNG will give preference to the needs of Account A Participants.

ARTICLE VIII
REPAYMENT OF LOANS

1. All Loans are payable upon demand by DRI Services.
2. Each Participant shall have the right at any time to fully repay to the Money Pool any outstanding Loan.

ARTICLE IX
TERM, GOVERNING LAW

1. Subject to any Participant's individual right to terminate participation under this Agreement as set out in Article I, 5, this Agreement shall remain in effect until such date as may be approved by DRI, DRI Services and each Participant.
2. Notwithstanding the termination of participation in the Money Pool by any Participant, this Agreement shall remain in effect with respect to all other Participants.
3. This Agreement may be amended or superseded at any time, by a written instrument signed by DRI, CNG, DRI Services and each Participant.
4. This Agreement shall be governed by, and construed in accordance with, the laws of the Commonwealth of Virginia.

IN WITNESS WHEREOF, the parties have hereunto executed this Agreement as of January 3, 2003.

EXHIBIT K-1

EWG/FUCO Investment Limit Justification

With respect to demonstrating the absence of any substantial adverse impact upon the financial integrity of the registered holding company system, DRI states the following:

1. Current EWG/FUCO Investment. DRI's consolidated aggregate investment in EWGs and FUCOs as of March 31, 2004, was approximately \$3.7 billion, of which EWG investment constituted approximately 99.8%. DRI's consolidated retained earnings as of March 31, 2004 were approximately

1.1 billion.

2. Reasonable Relative Size of the Proposed Investment. DRI states that the requested authority of 100% of consolidated retained earnings plus \$8.0 billion represents 31% of DRI's consolidated capitalization, 20% of consolidated assets, and 43% of the market value of its common stock as of March 31, 2004.
3. Equity to Total Capitalization. DRI commits that common equity will comprise at least 30% of its consolidated capitalization throughout the period of time the requested authorization is in effect. As of March 31, 2004, its common equity comprised 36% of DRI's consolidated capitalization.
4. Credit Ratings. The senior debt of DRI carries an investment grade rating and DRI's corporate credit rating is investment grade as determined by Moody's Investors Service ("Moody's") and Standard & Poor's Corporation ("S&P"). DRI commits that during the authorization period it will maintain at least an investment grade corporate senior unsecured debt rating from at least one nationally recognized statistical rating agency as defined in Rule 5c3-1(c)(2)(vi)(F) under the Securities Exchange Act of 1934.
5. Financial Performance. DRI states that its existing investments in EWGs and FUCOs make a positive contribution to revenues and earnings. Dominion Energy, Inc. ("DEI") is the entity which acquires virtually all of DRI's non-utility generation operations; for the fiscal period ended December 31, 2003, DRI's domestic power generation unit, which houses these EWG investments, recognized revenues of \$1,157 million, net income of \$184 million, and retained earnings of \$267 million. For the fiscal period ended December 31, 2003, DEI's domestic power generation unit recognized revenues of \$1,335 million, net income of \$205 million, and retained earnings of \$383 million. DRI states that it has suffered none of the adverse conditions specified by Rule 53(b), including no bankruptcy of a direct subsidiary, no decrease by more than 10% in average consolidated retained earnings for the last four quarters compared to the prior four quarters, and no operating losses in EWGs or FUCOs in excess of 5% of consolidated retained earnings. DRI states that it will notify the Commission by post-effective amendment in this matter should any of those circumstances occur.
6. Risk Management and Project Review Process. DRI state that every potential investment in EWGs and FUCOs undergoes a series of reviews by project managers responsible for identifying business opportunities, and in some cases senior management and the Board of Directors of DEI and/or senior management and the Board of Directors of DRI. The Board of Directors of DRI reviews investments in excess of \$50 million.

Potential investments are evaluated against a number of investment criteria including (i) economic viability of the project, (ii) political and regulatory risk, (iii) availability of non-recourse financing on reasonable terms and (iv) strategic fit within the DRI System.

Analysis of the economic viability of the project includes an analysis of the overall industry environment (e.g. progress towards restructuring) in which the project will operate; the ability of the project to produce electricity at or below long-run marginal costs in the competitive region and the credit worthiness of potential power purchasers and other project counterparties.

Analysis of political and regulatory risks involves careful review of changing political and regulatory regimes as well as long-term economic stability in the competitive region. The analysis also includes review of permitting and environmental risks as well as legal risk associated with the ability to enforce contracts relating to the project and its financing.

DRI states that its risk mitigation measures include structural separation of project investments, and maintenance of a diverse project mix, including, e.g. both greenfield projects and acquisitions of existing plants, geographic diversity, risk sharing with joint venturers, and fuel diversity. DRI asserts that its principal investments under its business plan are in well-established, growing, and fundamentally stable energy markets.

DRI states that its business strategy and the requested authorization reflect the evolution of the energy market in the United States and particularly the Eastern Interconnected region of the United States. DRI is predominantly seeking domestic EWG investment opportunities that complement its integrated holding company system assets, and help serve the energy requirements of the region served by those assets. DRI anticipates that FUCO or foreign EWG acquisitions would be merely an incidental component of its project development and investment program, perhaps resulting from an acquisition driven by domestic EWG growth opportunities, while the vast majority of the requested authority will be directed to domestic power generation projects in established domestic wholesale energy markets.

DRI states that it is particularly sensitive to ensuring that its independent energy investments contribute to its overall strategic growth plan building upon DRI's strengths and resources to achieve broad corporate objectives within budgeting and expenditure guidelines. Thus, each potential investment must be reviewed and approved by a number of managers within the DRI system who will focus their review not only on the questions of whether a particular project satisfies DRI's investment criteria and is reasonably anticipated to generate earnings commensurate with risk, but also on the question of whether the project is likely to aid in achieving DRI's long-term overall strategic objectives.

Particularly with respect to demonstrating the absence of any adverse impact upon public utility subsidiaries, their customers or the ability of State commissions to protect those subsidiaries and their customers, DRI states that:

1. All EWG and FUCO projects will be structurally separate from public utility company operations in that they are permanently owned by corporations, limited liability companies, or partnerships that are held in corporate chains of ownership independent of DRI's public utility company subsidiaries.
2. No public utility company subsidiary of DRI will indemnify or guarantee the obligations of EWG or FUCO projects.
3. Each of its public utility subsidiaries maintains investment grade corporate credit ratings and debt ratings as determined by at least one nationally recognized statistical rating agency as defined in Rule 5c 3-1(c)(2)(vi)(F) under the Securities Exchange Act of 1934, that each is able to finance its operations principally from internally generated funds, and the proposed investment authority will not restrict the availability of capital for their operations. Each commits that the common equity will constitute at least 30% of its respective consolidated capitalization.
4. The public utility company subsidiaries of DRI operate in states with state public service commissions that exercise general supervision authority, including authority over rate and public utility cost of service matters. These commissions have the authority to establish rates for regulated public utility company service based upon a rate of return determined to be fair by the state commission.
5. The public utility company subsidiaries of DRI will not seek recovery in rates to their regulated customers to compensate for any losses or inadequate returns that may be sustained on DRI's investments in EWGs or FUCOs.
