Summary of Significant Accounting Policies

Basis of Presentation

The interim financial statements included in this report have been prepared by Buy It Cheap.com, Inc. (the "Company") without audit in accordance with generally accepted accounting principles and pursuant to the rules and regulations of the Securities and Exchange Commission for interim financial information. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures made are adequate to make the information presented not misleading.

In the opinion of management, the information furnished for the three and nine month periods ended March 31, 2004 and 2003 includes all adjustments, consisting solely of normal recurring accruals, necessary for a fair presentation of the financial results for the respective interim periods. The results of operations for the three and nine month periods ended March 31, 2004 are not necessarily indicative of the results of operations to be expected for the fiscal year ending June 30, 2004. It is suggested that the interim financial statements be read in conjunction with the audited financial statements of the Company for the year ended June 30, 2003, as filed with the Securities and Exchange Commission on Form 10-KSB.

Net Loss Per Common Share

The weighted average number of common shares outstanding used in computing net loss per common share was 9,040,582 for each of the three and nine month periods March 31, 2004 and 2003. The weighted average number of common shares used in computing the net loss per common share does not include any shares issuable upon the assumed conversion of the preferred stock since the effect would be anti-dilutive.

Due to Stockholder

As of March 31, 2004, a stockholder has made \$29,500 of advances to the Company. The Company has characterized these advances as deposits received against the future sale of some of the Company's assets.

Item 2. Management's Discussion and Analysis or Plan of Operation

The Company entered the Internet retailing business through the formation of a separate entity by two of its directors. The new entity was able to raise limited start-up capital for an Internet retailing business. For accounting purposes, the combination of the two companies was treated as an acquisition of the Company by this new entity. Subsequent to the completion of this acquisition the Company changed its name to Buy It Cheap.com, Inc. and planned to commence an Internet retailing operation under the website "Buyitcheap.com." The Company, however, has been unable to arrange settlement of its liabilities and raise substantial new investment capital needed to effectively develop this business. Additionally, the Company has recently had difficulty raising the small amount of capital necessary to remain a viable entity.

Recently, the Company has received several inquiries from companies desiring to merge into (a reverse merger) the Company to take advantage of its publicly held status. In light of its current financial situation the Company has decided that it would be in the best interest of shareholders to seek an acceptable merger partner. After evaluating several inquiries, the Company on April 13, 2004 entered into a Share Exchange Agreement with the shareholders of Cashtech Investment Limited, a British Virgin Islands corporation. Cashtech Investment Limited is a holding company which owns 70% of the outstanding capital stock of Harbin Zhongqiang Power-Tech Co., Inc., a China limited liability company ("ZQ Power-Tech").

ZQ Power-Tech owns a factory near Harbin, China where it designs and manufactures rechargeable polymer lithium-ion batteries. ZQ Power-Tech's batteries are used in consumer products such portable computers, personal digital assistants and cellular telephones. ZQ Power-Tech also manufactures larger batteries for use in motor scooters as well as encased batteries for miners' lamps. ZQ Power-Tech was founded in August 2002 and had only nominal sales during 2003. Currently, however, ZQ Power-Tech has a backlog of orders for delivery in 2004 exceeding U.S. \$4.5 million.

Closing of the acquisition is expected to take place in May, after filings with the Securities and Exchange Commission and the State of Delaware are made, an information statement is mailed to the shareholders of Buy It Cheap.com, and the parties complete their due diligence. At the closing Buy It Cheap.com will acquire all of the outstanding capital stock of Cashtech Investment Limited, and will issue Buy It Cheap.com common stock and preferred stock that will give the current owners of Cashtech Investment Limited ownership of 91% of the equity in Buy It Cheap.com, Inc.

A Current Report on Form 8-K containing information regarding Cashtech Investment Limited and ZQ Power-Tech will be filed promptly after the closing of the acquisition.

Item 3. Controls and Procedures

Anthony J. Consi, our Chief Executive Officer, and Stephen E. Roman, Jr., our Chief Financial Officer, performed an evaluation of the Company's disclosure controls and procedures as of March 31, 2004. Based on their evaluation, they concluded that the controls and procedures in place are sufficient to assure that material information concerning the Company which could affect the disclosures in the Company's quarterly and annual reports is made known to them by the other officers and employees of the Company, and

Edgar Filing: BUY IT CHEAP COM INC /DE - Form 10QSB

that the communications occur with promptness sufficient to assure the inclusion of the information in the then-current report.

There have been no significant changes in the Company's internal controls or in other factors that could significantly affect those controls subsequent to the date on which Messrs. Consi and Roman performed their evaluation.
