## Section 2 - Financial Information

### *Item 2.02. Results of Operations and Financial Condition*

Seitel, Inc. (the "Company") hereby incorporates by reference into this Item 2.02 the press release issued by the Company on November 10, 2008 with respect to its financial results for the quarter ended September 30, 2008. The press release is furnished as Exhibit 99.1.

The earnings release includes cash resales and cash EBITDA (which we have previously referred to as cash margin), which are non-GAAP financial measures, and the related reconciliations to total revenue and operating income, respectively, the most directly comparable GAAP measures.

Management uses these non-GAAP financial measures because they provide meaningful information to assist in the evaluation and management of the Company's operations. Volatility in the trend for cash resales over several consecutive quarters could indicate changing market conditions. Cash EBITDA is helpful in determining the level of cash from operations available for debt service and capital expenditures (net of customer underwriting). These non-GAAP financial measures are intended to supplement the Company's presentation of its financial results prepared in accordance with GAAP. Such measures are not prepared in accordance with GAAP and may be different from non-GAAP financial measures used by other companies.

The information in this Form 8-K, including the exhibit, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, and is not incorporated by reference into any filing of the Company, whether made before or after the date hereof, regardless of any general incorporation language in such filing.
