The Company today issued the following press release:

First National Lincoln Corporation Authorizes
New Stock Repurchase Program

DAMARISCOTTA, ME., September 23 -- First National Lincoln Corporation (Nasdaq NM: FNLC), today announced that its Board of Directors has authorized the repurchase of up to 5.0% of the outstanding shares of the Company's common stock or slightly more than 120,000 shares. The Company expects such repurchases to be effected from time to time, in the open market, in private transactions or otherwise, during a period of up to 24 months.

The amount and timing of shares to be purchased will be subject to market conditions and will be based on several factors, including the price of the Company's stock and the level of stock issuances under the Company's employee stock plans. No assurance can be given as to the specific timing of the share repurchases or as to whether and to what extent the share repurchase will be consummated.

"Under the former plan announced nearly three years ago, more than 80,000 shares were repurchased," noted Daniel R. Daigneault, FNLC's President and Chief Executive Officer. "In my opinion, this new repurchase plan is definitely in the best interest of our shareholders, especially given the current price of our shares. It is also an excellent method to make shares available for our employee stock programs without diluting the existing shares outstanding."
