REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Plan Administrative Committee:

We have audited the accompanying statements of net assets available for plan benefits of the EMPLOYEES THRIFT PLAN OF OXY USA INC. (the "Plan") as of December 31, 2000 and 1999 (as revised, see Note 1) and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2000. These financial statements and the supplemental schedules referred to below are the responsibility of the Plan's administrator. Our responsibility is to express an opinion on these financial statements and supplemental schedules based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our

Edgar Filing: OCCIDENTAL PETROLEUM CORP /DE/ - Form 11-K

opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2000 and 1999, and the changes in its net assets available for plan benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules included in appendices I and II, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As further discussed in Note 1 to the accompanying financial statements, in May 2000, the Board of Directors of OXY USA, Inc. voted to terminate the Plan effective November 30, 2000. In accordance with accounting principles generally accepted in the United States, the Plan has changed the basis of accounting from the ongoing plan basis used in presenting the 1999 financial statements to the liquidation basis used in presenting the 2000 financial statements.

EMPLOYEES THRIFT PLAN OF OXY USA INC.

Notes To Financial Statements December 31, 2000 and 1999

1. Description of the Plan

The following description of the Employees Thrift Plan of OXY USA Inc. (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Edgar Filing: OCCIDENTAL PETROLEUM CORP /DE/ - Form 11-K

a. General

The Plan is a defined contribution plan sponsored by OXY USA Inc. (the "Company" or "Employer"), an indirect wholly-owned subsidiary of Occidental Petroleum Corporation ("OPC" or "Oxy"), a Delaware corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Prior to November 1999, participation in the Plan was limited to represented hourly employees of the Company. In November 1999, union members voted to decertify the union.

The Plan was amended to provide for full vesting in participants' accounts as of January 1, 2000 and to provide for the termination of the Plan effective November 30, 2000. See Note 1.f. for further information on forfeitures. In addition, the Company provided current and former employees who had accrued benefits in the Plan the option to transfer their account balances into the Occidental Petroleum Corporation Savings Plan ("PSA"). The option was available on or after March 20, 2000 and prior to April 15, 2000. The amount transferred by participants from the Plan to PSA was \$1,136,048 and is reflected in benefits paid to participants in the accompanying statement of changes in net assets available for plan benefits. Additionally, special distribution elections were offered to participants. Any remaining participant account balances will be merged into the PSA by the end of 2001.

b. Plan Administration

The Plan is administered by the Plan Administrative Committee (the "Committee"). The Committee has been given all powers necessary to carry out its duties, including but not limited to, the power to administer and interpret the Plan and to answer all questions affecting eligibility of participants. The Plan assets are held in trust by the Bank of Oklahoma (the "Trustee"). The Company pays all costs and expenses incurred in administering the Plan. The Plan will not reimburse the Company for these costs and expenses. Such costs and expenses were not significant for the year ended December 31, 2000.

c. Contributions

Participants Contributions -- Prior to January 1, 2000, participants were allowed to contribute to the Plan up to a maximum percentage of base earnings on an after-tax basis, subject to certain Internal Revenue Code ("IRC") limitations. Effective January 1, 2000, the Plan was amended and participant contributions were no longer allowed.

5

Employer Contributions -- Prior to January 1, 2000, the Employer contributed 100 percent of a participant's regular allotment (as defined in the Plan document). There were no Employer contributions for special allotments. All Employer contributions were invested in the Occidental Petroleum Corporation Common Stock Fund (the "Oxy Stock Fund"). Effective January 1, 2000, the Plan was amended and participant contributions were no longer permitted thereby ceasing Employer contributions as well.

d. Participant Accounts

Participant accounts are credited with the participant's contribution (through December 31, 1999) and allocations of the Employer's contribution

Edgar Filing: OCCIDENTAL PETROLEUM CORP /DE/ - Form 11-K

(through December 31, 1999) and investment income, and charged with administration expenses and investment losses, if any. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants immediately vest in their participant contributions plus investment income, if any. Prior to the Plan's termination effective November 30, 2000, vesting in the Employer's contribution portion of the account plus the actual earnings thereon was based on years of service. Generally, a participant was fully vested in the Employer contributions after completion of 5 years of service. Effective January 1, 2000, participants were fully vested in the Employer's contribution portion of their account plus the actual earnings thereon.

f. Forfeitures

Prior to the Plan's termination, forfeited nonvested accounts were allocated to eligible participants as an additional Employer contribution. As stated above, due to the decision to terminate the Plan, all forfeited balances as of December 31, 1999 were restored and participants were fully vested as of January 1, 2000.

The Plan's net assets available for plan benefits as of December 31, 1999 have been revised to reflect the addition of the forfeited nonvested accounts held in the Plan. As a result, the Plan's net assets available for plan benefits at December 31, 1999 increased by \$207,512.

g. Distributions

Generally, upon termination of service for any reason other than death or retirement directly from service, participants with an account balance greater than \$5,000 may elect to either defer payment or receive the vested portion of their account in one lump sum payment. If the participant is retiring directly from service, distribution may also be elected in the form of an annuity or periodic payments. Upon termination of service due to death, the participant's beneficiary will receive the vested interests in the form of one lump sum payment, unless the participant died while in employment with an election in force to have the account distributed in the form of a fixed life annuity payable to the participant's surviving spouse or beneficiary. Participants may elect to receive distributions from their account balance in the Oxy Stock Fund in cash or in shares of OPC common stock. Any Series E or EE savings bonds held for the participant in the United States Government Securities Fund also may be requested in cash or in kind.

6

h. Investment Options

Prior to the Plan's termination, the Plan offered both participant and non-participant directed investment options. Upon enrollment in the Plan, participants directed their contributions, in 25 percent increments, in any of four investment options. Participants were able to change their investment options quarterly, subject to certain Plan provisions. Participants should refer to the Plan document for a complete description of the investment options and for the detailed composition of each investment fund.

2. Summary of Significant Accounting Policies

Edgar Filing: OCCIDENTAL PETROLEUM CORP /DE/ - Form 11-K

a. Basis of Accounting

As discussed in Note 1, the Company's Board of Directors voted in May 2000 to terminate the Plan. Therefore the basis of accounting changed from the accrual method used in the 1999 financial statement presentation to the liquidation method for the 2000 financial statements. Such change did not have a significant impact on the accompanying financial statements.

b. Use of Estimates

The preparation of financial statements in conformity with liquidation basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Risks and Uncertainties

The Plan provides for various investment options including mutual funds, common/collective trusts and the Oxy Stock Fund. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

d. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Fair values for Series E and EE savings bonds are at their respective redemption values. U.S. Treasury Notes are valued at the price at which they could be purchased or sold. The OPC common stock is valued at its quoted market price. The unit price of common or commingled trust funds is based on the current market values of the underlying assets of the fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized gains and losses on investments are based on the market value of the asset at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the

7

day the investments are sold during the year. Unrealized gains and losses on investments are based on the market value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value at the end of the year. Net realized and unrealized appreciation/(depreciation) of investments is reflected in the accompanying statement of changes in net assets available for plan benefits as "net appreciation in fair value of investments."

e. Payment of Plan Benefits

Benefits are recorded when paid.

3. Investments

Edgar Filing: OCCIDENTAL PETROLEUM CORP /DE/ - Form 11-K

The following table presents investments that represent 5 percent or more of the Plan's net assets:

Benefits paid to participants per the financial statements	\$ 5,321,052
Add: Amounts allocated to withdrawing Participants at December 31, 2001	4,687
Less: Amounts allocated to withdrawing participants at December 31, 1999	(1,497)

Benefits paid to participants per the Form 5500	\$ 5,324,242
	=====

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit payments that have been processed and approved for payment prior to December 31 but not yet paid as of that date. As of December 31, 2000 there were no benefits payable to participants.

9

6. Related Party Transactions

The Trustee and OPC are parties-in-interest as defined by ERISA. The Trustee invests certain Plan assets in its cash management and treasury fund, and OPC common stock. Such investment transactions qualify as party-in-interest transactions permitted by Department of Labor's regulations.

7. Tax Status

Edgar Filing: OCCIDENTAL PETROLEUM CORP /DE/ - Form 11-K

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated April 16, 1998, that the Plan is designed in accordance with applicable sections of the IRC. The Committee, using its judgment and the advice of its advisors, believes that the Plan, in all material respects, is designed and currently operating in a manner that qualifies it for continued tax-exempt status.

8. Subsequent Event

On March 20, 2001, the IRS determined that the termination of this plan does not adversely affect its qualification for federal tax purposes.
