FIRST CITIZENS REPORTS EARNINGS FOR FIRST QUARTER 2004

RALEIGH, N.C. - First Citizens BancShares Inc. (Nasdaq: FCNCA) reports earnings for the quarter ending March 31, 2004, of \$17.3 million compared to \$18.3 million for the corresponding period of 2003, a decrease of 5.3 percent, according to Lewis R. Holding, chairman of the board.

Per share income for the first quarter 2004 totaled \$1.66 compared to \$1.75 for the same period a year ago. First Citizens' current quarter results generated an annualized return on average assets of 0.56 percent and an annualized return on average equity of 6.72 percent, compared to respective returns of 0.62 percent and 7.61 percent for the same period of 2003.

The decline in net income for the first quarter resulted from higher noninterest expense and provision for loan losses, partially offset by increases in net interest and noninterest income. Noninterest expense was \$118.9 million during the first quarter of 2004, an increase of \$8.0 million or 7.2 percent. The continued growth and expansion of the IronStone Bank branch network significantly impacted the rate of increase in noninterest expenses. Salary expense increased \$2.9 million or 6.1 percent over the same period of 2003, while occupancy expense grew \$1.1 million or 10.7 percent over 2003. Other expenses increased \$2.1 million or 7.3 percent as compared to the same period of

Edgar Filing: FIRST CITIZENS BANCSHARES INC /DE/ - Form 8-K

2003, due primarily to higher cardholder processing costs.

Net interest income increased \$3.6 million or 4.0 percent from the same period of 2003, due to strong growth in loan demand throughout First Citizens' markets. Gross loans increased \$290.4 million or 3.5 percent during the first quarter of 2004 and \$912.5 million or 11.8 percent since March 31, 2003. Average interest-earning assets increased \$397.7 million or 3.7 percent from the first quarter of 2003 to the first quarter of 2004.

The taxable-equivalent yield on interest earning assets fell from 4.95 percent during the first quarter of 2003 to 4.47 percent during the first quarter of 2004, a 48 basis point reduction. The lower asset yields resulted from continued repricing of loans to current market rates. Offsetting the yield reduction, the rate on total interest-bearing liabilities fell from 1.86 percent during the first quarter of 2003 to 1.36 percent during the same period of 2004, a 50 basis point reduction. The taxable-equivalent net yield stabilized during the past two quarters due to renewed loan growth. Noninterest income was \$61.5 million during the first quarter of 2004, a \$5.5 million or 9.8 percent increase over the same period of 2003. The 2004 increase includes a \$2.8 million increase in gains on securities transactions. Cardholder and merchant services income increased \$1.7 million or 14.1 percent during 2004. Growth was also noted in service-charge and trust income.

The provision for loan losses was \$7.8 million during the first quarter of 2004, an increase of \$2.3 million or 41.1 percent over the same period of 2003. The higher provision for loan losses resulted from reserves established due to growth in the loan portfolio and higher net charge-offs. Net charge-offs during the first quarter of 2004 totaled \$5.2 million compared to \$4.7 million during the first quarter of 2003. Net charge-offs in both periods represent 0.25 percent of average loans. As of March 31, 2004, First Citizens had total assets of \$12.71 billion. Two of BancShares' major subsidiaries are First Citizens Bank with 337 branches in North Carolina, Virginia and West Virginia, and IronStone Bank with 45 branches in Florida, Georgia, Texas, Arizona and California.
