**FOR IMMEDIATE RELEASE**

FOR IMMEDIATE RELEASE

**LOGIC Devices Board of Directors**

**Approves Share Repurchase**

SUNNYVALE, Calif. (October 9, 2002) - LOGIC Devices Incorporated (Nasdaq: LOGC), today announced that its Board of Directors authorized the repurchase of up to \$500,000 of its common stock. The Company has approximately 6.85 million shares of common stock outstanding as of October 9, 2002.

"While this is a difficult time for the stock market and the semiconductor industry, LOGIC has conservatively managed itself to build a very strong balance sheet with great liquidity," stated Bill Volz, president of LOGIC. At the current prices, we believe LOGIC stock represents an attractive investment for the Company. This repurchase program also affords us an opportunity to enhance shareholder value."

According to the repurchase plan (the Plan), the Company may make purchases from time-to-time, in the open market or through privately negotiated transactions, at prices considered attractive by management. The Plan does not include a time limit for completion, and the Company will use existing cash holdings to finance the purchases.

Established in 1983, LOGIC Devices is a fabless semiconductor manufacturer providing high-performance, function-specific integrated circuits that are utilized in smart weapons systems and in broadcast studio, medical imaging, and digital telecommunications equipment.
