Franklin Templeton Investments

GAIN FROM OUR PERSPECTIVE(R)

Franklin Templeton's distinct multi-manager
structure combines the specialized expertise of

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

three world-class investment management groups--Franklin, Templeton and Mutual Series.

SPECIALIZED EXPERTISE

Each of our portfolio management groups operates autonomously, relying on its own research and staying true to the unique investment disciplines that underlie its success.

FRANKLIN. Founded in 1947, Franklin is a recognized leader in fixed income investing and also brings expertise in growth- and value-style U.S. equity investing.

TEMPLETON. Founded in 1940, Templeton pioneered international investing and, in 1954, launched what has become the industry's oldest global fund. Today, with offices in over 25 countries, Templeton offers investors a truly global perspective.

MUTUAL SERIES. Founded in 1949, Mutual Series is dedicated to a unique style of value investing, searching aggressively for opportunity among what it believes are undervalued stocks, as well as arbitrage situations and distressed securities.

TRUE DIVERSIFICATION

Because our management groups work independently and adhere to different investment approaches, Franklin, Templeton and Mutual Series funds typically have distinct portfolios. That's why our funds can be used to build truly diversified allocation plans covering every major asset class.

RELIABILITY YOU CAN TRUST

At Franklin Templeton Investments, we seek to consistently provide investors with exceptional risk-adjusted returns over the long term, as well as the reliable, accurate and personal service that has helped us become one of the most trusted names in financial services.

Annual Report

Templeton Emerging Markets Fund

YOUR FUND'S GOAL AND MAIN INVESTMENTS: Templeton Emerging Markets Fund seeks long-term capital appreciation by investing, under normal market conditions, at least 80% of its net assets in emerging country equity securities.

GEOGRAPHIC BREAKDOWN

Based on Total Net Assets as of 8/31/09

Asia	54.4%
Latin America & Caribbean	23.1%
Europe	21.1%
Middle East & Africa	0.2%
Short-Term Investments & Other Net Assets	1.2%

Dear Shareholder:

This annual report for Templeton Emerging Markets Fund covers the fiscal year ended August 31, 2009.

PERFORMANCE OVERVIEW

Templeton Emerging Markets Fund had cumulative total returns of -1.27% based on market price and -5.54% based on net asset value for the 12 months under review.

ECONOMIC AND MARKET OVERVIEW

The 2008 financial crisis drove significant corrections in global stock markets as extreme risk aversion led investors to shy away from most forms of investments including equities. Emerging markets were no exception, as the Morgan Stanley Capital International (MSCI) Emerging Markets (EM) Index declined more than 50% in U.S. dollar terms from the beginning of 2008 to reach a year-low

THE DOLLAR VALUE, NUMBER OF SHARES OR PRINCIPAL AMOUNT, AND NAMES OF ALL PORTFOLIO HOLDINGS ARE LISTED IN THE FUND'S STATEMENT OF INVESTMENTS (SOI). THE SOI BEGINS ON PAGE 9.

in October 2008.(1) Markets subsequently traded sideways for about four months as governments globally implemented fiscal stimuli and loosened monetary policies to support their domestic economies and ease liquidity conditions. Partly as a result of these efforts, emerging markets stocks, which recovered much of their 2008 decline, returned +71.13% in the last six months of the reporting period and -9.96% for the 12 months.(1) Part of this decline was due to weakness in emerging markets currencies as the U.S. dollar benefited from funds seeking a safe haven during the earlier part of the period.

Stock markets in Eastern Europe were the weakest emerging market performers during the 12-month reporting period due to concerns about the financial state of European banks and current account deficits in several European countries, including the Baltic states. Eastern European markets, however, outperformed their emerging market counterparts in the latter half of the reporting period with a +91.41% six-month total return as investors returned in search of oversold stocks.(1) Turkey's stock market delivered +19.72% total return in local currency terms for the year, but a weak lira reversed the gains and the market had a -5.40% return in U.S. dollar terms.(1)

Asian stock markets, on the other hand, outperformed their emerging market peers as signs of economic recovery and improved investor confidence led to significant inflows. Chinese equities were among top performers during the period. China remained one of the world's fastest growing major economies, as 2009 second quarter gross domestic product growth accelerated to 8% from 6% in the first quarter, year-over-year.(2)

In Latin America, Brazil and Mexico were adversely affected by weaker domestic currencies and a correction in commodity prices. Close economic ties with the U.S. further impacted the recession-burdened Mexican economy.

INVESTMENT STRATEGY

Our investment strategy employs a bottom-up, value-oriented, long-term approach. We focus on the market price of a company's securities relative to our evaluation of the company's long-term earnings, asset value and cash flow

2 | Annual Report

potential. As we look for investments, we focus on specific companies and undertake in-depth research to construct an action list from which we make our buy decisions. Before we make a purchase, we look at the company's potential for earnings and growth over a five-year horizon. During our analysis, we also consider the company's position in its sector, the economic framework and political environment.

MANAGER'S DISCUSSION

For the 12 months under review, among the most significant detractors from the Fund's absolute performance were CNOOC, China's largest offshore oil and natural gas exploration and production company, Victory City International Holdings, a Hong Kong textile maker with production facilities in China, and Oriflame Cosmetics, a Swedish cosmetics company that sells natural skin care and makeup products through an independent sales force. We continued to hold our position in Victory City because we considered its valuations attractive. Based on our research, we believed Victory City could benefit for the longer term from possible consolidations in China's textile industry. On the other hand, we divested the Fund's holdings in CNOOC and Oriflame Cosmetics due to availability of what we considered attractively valued stocks elsewhere in our investment universe.

On a positive note, the most significant contributors to the Fund's absolute performance during this review period included China's Denway Motors, Brazil's Itau Unibanco Holding and Chalco (Aluminum Corp. of China). Denway Motors has a joint venture with Honda Motor for the production and sales of Honda Accord, Fit and Odyssey models in the country. The company also manufactures automobile audio equipment and trades motor vehicles. We increased the Fund's holdings in Denway Motors during the reporting period, and based on our analysis, we maintained a positive long-term view on China's automobile sector, where low market penetration rates and government efforts supporting the sector could point to considerable growth potential. Itau Unibanco Holding is one of Brazil's largest financial conglomerates that provides a full range of banking and financial services. The merger between Itau and Unibanco in 2008 allowed the joint company to unlock hidden value, which had a positive impact on stock prices. We believe the continued liberalization of Brazil's financial sector and growing financial needs of the region's consumers could further benefit Itau Unibanco Holding. Chalco is China's leading producer of alumina and primary aluminum products. The company recorded significant price declines in the earlier part of the year due to commodity price correction and demand concerns amid slowing global growth. Since then, Chalco's share price regained some ground

Annual Report | 3

along with commodity prices. Although commodity prices came down from their 2008 peaks, we believe they could trend upward in the long term and further benefit companies such as Chalco.

It is important to recognize the effect of currency movements on the Fund's performance. In general, if the value of the U.S. dollar goes up compared with a foreign currency, an investment traded in that foreign currency will go down in value because it will be worth fewer U.S. dollars. This can have a negative effect on Fund performance. Conversely, when the U.S. dollar weakens in relation to a foreign currency, an investment traded in that foreign currency will increase in value, which can contribute to Fund performance. For the 12 months ended August 31, 2009, the U.S. dollar rose in value relative to most currencies. As a result, the Fund's performance was negatively affected by the portfolio's investment predominantly in securities with non-U.S. currency exposure.

We sold a number of holdings during this review period as stocks reached sale price targets or were no longer attractively valued in our investment universe. As we raised funds for income and capital gains distributions, we reduced the Fund's investments in semiconductors, oil and gas, and telecommunication services companies and the Fund's exposure to Taiwan, Poland and Turkey. Major sales included TSMC (Taiwan Semiconductor Manufacturing Co.), the world's largest independent integrated circuit foundry, Turkcell (Turkcell Iletisim Hizmetleri), Turkey's leading mobile communication services provider, and PKN Orlen (Polski Koncern Naftowy Orlen), Poland's major oil and gas company.

During the reporting period, we made select purchases in diversified metals and mining, food retail, and IT consulting companies as price corrections made valuations more attractive in our view. We also increased the Fund's investments in India, South Africa and Brazil. Key additions included U.K.'s Anglo American, an international natural resources group, Walmex (Wal-Mart de Mexico), the largest retailer in Latin America, and India's Tata Consultancy Services, a major IT consulting company.

Annual Report | 5

Performance Summary as of 8/31/09

Your dividend income will vary depending on dividends or interest paid by securities in the Fund's portfolio, adjusted for operating expenses. Capital gain distributions are net profits realized from the sale of portfolio securities. Total return reflects reinvestment of the Fund's dividends and capital gain distributions, if any, and any unrealized gains or losses. Total returns do not reflect any sales charges paid at inception or brokerage commissions paid on secondary market purchases. The performance table does not reflect any taxes that a shareholder would pay on Fund dividends, capital gain distributions, if any, or any realized gains on the sale of Fund shares.

Templeton Emerging Markets Fund

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Templeton Emerging Markets Fund (Fund) is registered under the Investment Company Act of 1940, as amended, (1940 Act) as a closed-end investment company.

The following summarizes the Fund's significant accounting policies.

A. SECURITY VALUATION

Equity and other securities listed on a securities exchange or on the NASDAQ National Market System are valued at the last quoted sale price or the official closing price of the day, respectively. Over-the-counter securities and listed securities for which there is no reported sale are valued within the range of the most recent quoted bid and ask prices. Securities that trade in multiple markets or on multiple exchanges are valued according to the broadest and most representative market. Certain equity securities are valued based upon fundamental characteristics or relationships to similar securities. Investments in open-end mutual funds are valued at the closing net asset value.

Foreign equity securities are valued as of the close of trading on the foreign stock exchange on which the security is primarily traded, or the NYSE, whichever is earlier. If no sale is reported at that time, the foreign equity security will be valued within the range of the most recent quoted bid and ask prices. The value is then converted into its U.S. dollar equivalent at the foreign exchange rate in effect at the close of the NYSE on the day that the value of the security is determined.

The Fund has procedures to determine the fair value of individual securities and other assets for which market prices are not readily available or which may not be reliably priced. Methods for valuing these securities may include: fundamental analysis based upon the underlying investment book value, anticipated future cash flows, market changes in comparable or similar securities, matrix pricing, discounts from market prices of similar securities, or discounts applied due to the nature and duration of restrictions on the disposition of the securities. Due to the inherent uncertainty of valuations of such securities, the fair values may differ significantly from the values that

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

would have been used had a ready market for such investments existed. Occasionally, events occur between the time at which trading in a security is completed and the close of the NYSE that might call into question the availability (including the reliability) of the value of a portfolio security held by the Fund. The investment manager monitors price movements following the close of trading in foreign stock markets through a series of country specific market proxies (such as baskets of American Depository Receipts, futures contracts and exchange traded funds). These price movements are measured against established trigger thresholds for each specific market proxy to assist in determining if an event has occurred. If such an event occurs, the securities may be valued using fair value procedures, which may include the use of independent pricing services. All security valuation procedures are approved by the Fund's Board of Trustees.

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. FOREIGN CURRENCY TRANSLATION

Portfolio securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollars based on the exchange rate of such currencies against U.S. dollars on the date of valuation. Purchases and sales of securities, income and expense items denominated in foreign currencies are translated into U.S. dollars at the exchange rate in effect on the transaction date. Occasionally, events may impact the availability or reliability of foreign exchange rates used to convert the U.S. dollar equivalent value. If such an event occurs, the foreign exchange rate will be valued at fair value using procedures established and approved by the Fund's Board of Trustees.

The Fund does not separately report the effect of changes in foreign exchange rates from changes in market prices on securities held. Such changes are included in net realized and unrealized gain or loss from investments on the Statement of Operations.

Realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions and the difference between the recorded amounts of dividends, interest, and foreign withholding taxes and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in foreign exchange rates on foreign denominated assets and liabilities other than investments in securities held at the end of the reporting period.

C. INCOME AND DEFERRED TAXES

No provision has been made for U.S. income taxes because it is the Fund's policy to qualify as a regulated investment company under the Internal Revenue Code and to distribute to shareholders substantially all of its taxable income and net realized gains.

The Fund has reviewed the tax positions, taken on federal income tax returns, for each of the three open tax years and as of August 31, 2009, and has determined that no provision for income tax is required in the Fund's financial statements.

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

Foreign securities held by the Fund may be subject to foreign taxation on dividend income received. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Fund invests.

The Fund may be subject to a tax imposed on net realized gains on securities of certain foreign countries. The Fund records an estimated deferred tax liability for net unrealized gains on these securities in an amount that would be payable if the securities were disposed of on the valuation date.

Templeton Emerging Markets Fund

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. SECURITY TRANSACTIONS, INVESTMENT INCOME, EXPENSES AND DISTRIBUTIONS

Security transactions are accounted for on trade date. Realized gains and losses on security transactions are determined on a specific identification basis. Estimated expenses are accrued daily. Dividend income is recorded on the ex-dividend date except that certain dividends from foreign securities are recognized as soon as the Fund is notified of the ex-dividend date. Distributions to shareholders are recorded on the ex-dividend date and are determined according to income tax regulations (tax basis). Distributable earnings determined on a tax basis may differ from earnings recorded in accordance with accounting principles generally accepted in the United States of America. These differences may be permanent or temporary. Permanent differences are reclassified among capital accounts to reflect their tax character. These reclassifications have no impact on net assets or the results of operations. Temporary differences are not reclassified, as they may reverse in subsequent periods.

E. ACCOUNTING ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

F. GUARANTEES AND INDEMNIFICATIONS

Under the Fund's organizational documents, its officers and trustees are indemnified by the Fund against certain liabilities arising out of the performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. Currently, the Fund expects the risk of loss to be remote.

2. SHARES OF BENEFICIAL INTEREST

At August 31, 2009, there were an unlimited number of shares authorized (without

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

par value). During the years ended August 31, 2009 and August 31, 2008, there were no shares issued; all reinvested distributions were satisfied with previously issued shares purchased in the open market.

The Fund's Board of Trustees previously authorized an open-market share repurchase program pursuant to which the Fund may purchase, from time to time, Fund shares in open-market transactions, at the discretion of management. This authorization remains in effect. During the years ended August 31, 2009 and August 31, 2008, there were no shares repurchased.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. TRANSACTIONS WITH AFFILIATES

Franklin Resources, Inc. is the holding company for various subsidiaries that together are referred to as Franklin Templeton Investments. Certain officers and trustees of the Fund are also officers and/or directors of the following subsidiaries:

SUBSIDIARY -----	AFFILIATION -----
Templeton Asset Management Ltd. (TAML)	Investment manager
Franklin Templeton Services, LLC (FT Services)	Administrative manager

A. MANAGEMENT FEES

The Funds pays an investment management fee to TAML based on the average daily net assets of the Fund as follows:

ANNUALIZED FEE RATE -----	NET ASSETS -----
1.250%	Up to and including \$1 billion
1.200%	Over \$1 billion, up to and including \$5 billion
1.150%	Over \$5 billion, up to and including \$10 billion
1.100%	Over \$10 billion, up to and including \$15 billion
1.050%	Over \$15 billion, up to and including \$20 billion
1.000%	In excess of \$20 billion

B. ADMINISTRATIVE FEES

The Fund pays an administrative fee to FT Services of 0.15% per year of the average daily net assets of the Fund.

4. EXPENSE OFFSET ARRANGEMENT

The Fund has entered into an arrangement with its custodian whereby credits realized as a result of uninvested cash balances are used to reduce a portion of

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

the Fund's custodian expenses. During the year ended August 31, 2009, the custodian fees were reduced as noted in the Statement of Operations.

5. INCOME TAXES

For tax purposes, capital losses may be carried over to offset future capital gains, if any. At August 31, 2009, the Fund had tax basis capital losses of \$1,375,872 expiring in 2017.

For tax purposes, realized capital losses occurring subsequent to October 31, may be deferred and treated as occurring on the first day of the following fiscal year. At August 31, 2009, the Fund deferred realized capital losses of \$3,998,148.

18 | Annual Report

Templeton Emerging Markets Fund

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. INCOME TAXES (CONTINUED)

The tax character of distributions paid during the years ended August 31, 2009 and 2008, was as follows:

	2009	2008
	-----	-----
Distributions paid from:		
Ordinary income	\$ 5,514,083	\$ 12,549,914
Long term capital gain	20,576,007	26,614,348
	-----	-----
	\$26,090,090	\$ 39,164,262
	=====	=====

At August 31, 2009, the cost of investments, net unrealized appreciation (depreciation) and undistributed ordinary income for income tax purposes were as follows:

Cost of investments		\$208,861,678
		=====
Unrealized appreciation		\$ 96,905,994
Unrealized depreciation		(22,425,389)

Net unrealized appreciation (depreciation)		\$ 74,480,605
		=====
Distributable earnings - undistributed ordinary income		\$ 2,542,876
		=====

Net investment income differs for financial statement and tax purposes primarily due to differing treatment of foreign currency transactions.

Net realized gains (losses) differ for financial statement and tax purposes

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

primarily due to differing treatment of wash sales and foreign currency transactions.

6. INVESTMENT TRANSACTIONS

Purchases and sales of investments (excluding short term securities) for the year ended August 31, 2009, aggregated \$29,107,439 and \$39,828,419, respectively.

7. INVESTMENTS IN INSTITUTIONAL FIDUCIARY TRUST MONEY MARKET PORTFOLIO

The Fund may invest in the Institutional Fiduciary Trust Money Market Portfolio (Sweep Money Fund), an open-end investment company managed by Franklin Advisers, Inc. (an affiliate of the investment manager). Management fees paid by the Fund are reduced on assets invested in the Sweep Money Fund, in an amount not to exceed the management and administrative fees paid by the Sweep Money Fund.

Annual Report | 19

Templeton Emerging Markets Fund

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

8. CONCENTRATION OF RISK

Investing in foreign securities may include certain risks and considerations not typically associated with investing in U.S. securities, such as fluctuating currency values and changing local and regional economic, political and social conditions, which may result in greater market volatility. In addition, certain foreign securities may not be as liquid as U.S. securities.

9. FAIR VALUE MEASUREMENTS

The Fund adopted Financial Accounting Standards Board (FASB) Statement No. 157, "Fair Value Measurement" (SFAS 157), on September 1, 2008. SFAS 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The Fund has determined that the implementation of SFAS 157 did not have a material impact on the Fund's financial statements.

SFAS 157 establishes a fair value hierarchy that distinguishes between market data obtained from independent sources (observable inputs) and the Fund's own market assumptions (unobservable inputs). These inputs are used in determining the value of the Fund's investments and are summarized in the following fair value hierarchy:

- Level 1 - quoted prices in active markets for identical securities
- Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speed, credit risk, etc.)
- Level 3 - significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

At August 31, 2009, all the Fund's investments in securities carried at fair value were in Level 1 inputs. For detailed country descriptions, see the

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

accompanying Statement of Investments.

10. SUBSEQUENT EVENTS

The Fund has evaluated subsequent events through October 20, 2009, the issuance date of the financial statements, and determined that no events have occurred that require disclosure.

Templeton Emerging Markets Fund

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

TO THE BOARD OF TRUSTEES AND SHAREHOLDERS OF TEMPLETON EMERGING MARKETS FUND

In our opinion, the accompanying statement of assets and liabilities, including the statement of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of Templeton Emerging Markets Fund (the "Fund") at August 31, 2009, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at August 31, 2009 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

Annual Report | 21

Templeton Emerging Markets Fund

TAX DESIGNATION (UNAUDITED)

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

Under Section 852(b)(3)(C) of the Internal Revenue Code (Code), the Fund designates the maximum amount allowable but no less than \$20,576,007 as a long term capital gain dividend for the fiscal year ended August 31, 2009.

Under Section 871(k)(2)(C) of the Code, the Fund designates the maximum amount allowable but no less than \$10,408 as a short term capital gain dividend for purposes of the tax imposed under Section 871(a)(1)(A) of the Code for the fiscal year ended August 31, 2009.

Under Section 854(b)(2) of the Code, the Fund designates the maximum amount allowable but no less than \$4,474,561 as qualified dividends for purposes of the maximum rate under Section 1(h)(11) of the Code for the fiscal year ended August 31, 2009. Distributions, including qualified dividend income, paid during calendar year 2009 will be reported to shareholders on Form 1099-DIV in January 2010. Shareholders are advised to check with their tax advisors for information on the treatment of these amounts on their individual income tax returns.

Under Section 871(k)(1)(C) of the Code, the Fund designates the maximum amount allowable but no less than \$41,414 as interest related dividends for purposes of the tax imposed under Section 871(a)(1)(A) of the Code for the fiscal year ended August 31, 2009.

At August 31, 2008, more than 50% of the Fund's total assets were invested in securities of foreign issuers. In most instances, foreign taxes were withheld from income paid to the Fund on these investments. As shown in the table below, the Fund designates to shareholders the foreign source income and foreign taxes paid, pursuant to Section 853 of the Code. This designation will allow shareholders of record on December 16, 2008, to treat their proportionate share of foreign taxes paid by the Funds as having been paid directly by them. The shareholder shall consider these amounts as foreign taxes paid in the tax year in which they receive the Fund distribution.

The following table provides a detailed analysis of foreign tax paid, foreign source income, and foreign qualified dividends as designated by the Fund to shareholders of record.

RECORD DATE: 12/16/2008

CLASS	FOREIGN TAX PAID PER SHARE	FOREIGN SOURCE INCOME PER SHARE	FOREIGN QUALIFIED DIVIDENDS PER SHARE
-----	-----	-----	-----
Class A	\$0.0589	\$0.3585	\$0.2508

Foreign Tax Paid Per Share (Column 1) is the amount per share available to you, as a tax credit (assuming you held your shares in the Fund for a minimum of 16 days during the 31-day period beginning 15 days before the ex-dividend date of the Fund's distribution to which the foreign taxes relate), or, as a tax deduction.

Foreign Source Income Per Share (Column 2) is the amount per share of income dividends paid to you that is attributable to foreign securities held by the Fund, plus any foreign taxes withheld on these dividends. The amounts reported include foreign source qualified dividends that have not been adjusted for the rate differential applicable to such dividend income.(1)

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

Templeton Emerging Markets Fund

TAX DESIGNATION (UNAUDITED) (CONTINUED)

Foreign Qualified Dividends Per Share (Column 3) is the amount per share of foreign source qualified dividends the Fund paid to you, plus any foreign taxes withheld on these dividends. These amounts represent the portion of the Foreign Source Income reported to you in column 2 that were derived from qualified foreign securities held by the Fund.(1)

In January 2009, shareholders received Form 1099-DIV which included their share of taxes paid and foreign source income distributed during the calendar year 2008. The Foreign Source Income reported on Form 1099-DIV has not been adjusted for the rate differential on foreign source qualified dividend income. Shareholders are advised to check with their tax advisors for information on the treatment of these amounts on their 2008 individual income tax returns.

- (1) Qualified dividends are taxed at a maximum rate of 15% (5% for those in the 10% and 15% income tax bracket). In determining the amount of foreign tax credit that may be applied against the U.S. tax liability of individuals receiving foreign source qualified dividends, adjustments may be required to the foreign tax credit limitation calculation to reflect the rate differential applicable to such dividend income. The rules however permit certain individuals to elect not to apply the rate differential adjustments for capital gains and/or dividends for any taxable year. Please consult your tax advisor and the instructions to Form 1116 for more information.

Templeton Emerging Markets Fund

ANNUAL MEETING OF SHAREHOLDERS, FEBRUARY 20, 2009

The Annual Meeting of Shareholders of the Fund was held at the Fund's offices, 500 E. Broward Boulevard, Fort Lauderdale, Florida, on February 20, 2009. The purpose of the meeting was to elect four Trustees of the Fund. At the meeting, the following persons were elected by the shareholders to serve as Trustees of the Fund: Ann Torre Bates, David W. Niemiec, Larry D. Thompson and Robert E. Wade.* No other business was transacted at the meeting.

The results of the voting at the Annual Meeting are as follows:

The election of four Trustees:

TERM EXPIRING 2012 -----	FOR -----	% OF OUTSTANDING SHARES -----	% OF PRESENT AND VOTING -----	WITHHELD -----	% OF OUTSTANDING SHARES -----	% OF PRESENT AND VOTING -----
Ann Torre Bates	14,146,699	78.28%	93.98%	905,556	5.01%	6.02%
David W. Niemiec	14,162,041	78.36%	94.09%	890,214	4.93%	5.91%
Larry D. Thompson	14,135,519	78.21%	93.91%	916,736	5.07%	6.09%
Robert E. Wade	14,149,904	78.29%	94.01%	902,351	4.99%	5.99%

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

- * Charles B. Johnson, Gregory E. Johnson, Harris J. Ashton, Frank J. Crothers, Edith E. Holiday, Frank A. Olson, and Constantine D. Tseretopoulos are Trustees of the Fund who are currently serving and whose terms of office continued after the Annual Meeting of Shareholders.

24 | Annual Report

Templeton Emerging Markets Fund

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN

The Fund offers a Dividend Reinvestment and Cash Purchase Plan (the "Plan") with the following features:

Shareholders must affirmatively elect to participate in the Plan. If you decide to use this service, share dividends and capital gains distributions will be reinvested automatically in shares of the Fund for your account. BNY Mellon Shareowner Services, P.O. Box 358035, Pittsburgh, PA 15252-8035, will provide additional Plan information upon request.

Whenever the Fund declares dividends in either cash or shares of the Fund, if the market price is equal to or exceeds net asset value at the valuation date, the participant will receive the dividends entirely in new shares at a price equal to the net asset value, but not less than 95% of the then current market price of the Fund's shares. If the market price is lower than net asset value or if dividends and/or capital gains distributions are payable only in cash, the participant will receive shares purchased on the New York Stock Exchange or otherwise on the open market.

A participant has the option of submitting additional cash payments to the Plan Administrator, in any amounts of at least \$100, up to a maximum of \$5,000 per month, for the purchase of Fund shares for his or her account. These payments can be made by check or money order payable to The Bank of New York Mellon (the "Plan Administrator") and sent to BNY Mellon Shareowner Services, P.O. Box 382009, Pittsburgh, PA 15250-8009, Attention: Templeton Emerging Markets Fund. The Plan Administrator will apply such payments (less a \$5.00 service charge and less a pro rata share of trading fees) to purchases of Fund shares on the open market.

The automatic reinvestment of dividends and/or capital gains does not relieve the participant of any income tax that may be payable on dividends or distributions.

Whenever shares are purchased on the New York Stock Exchange or otherwise on the open market, each participant will pay a pro rata portion of trading fees. Trading fees will be deducted from amounts to be invested. The Plan Administrator's fee for a sale of shares through the Plan is \$15.00 per transaction plus a \$0.12 per share trading fee.

A participant may withdraw from the Plan without penalty at any time by written notice to the Plan Administrator sent to BNY Mellon Shareowner Services, P.O. Box 358035, Pittsburgh, PA 15252-8035. Upon withdrawal, the participant will receive, without charge, share certificates issued in the participant's name for all full shares held by the Plan Administrator; or, if the participant wishes, the Plan Administrator will sell the shares and send the proceeds to the participant, less a service charge of \$15.00 and less trading fees of \$0.12 per share. The Plan Administrator will convert any fractional shares you hold at the

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

time of your withdrawal to cash at the current market value and send you a check for the net proceeds.

BOARD REVIEW OF INVESTMENT MANAGEMENT AGREEMENT

At a meeting held May 19, 2009, the Board of Trustees (Board), including a majority of non-interested or independent Trustees, approved renewal of the investment management agreement for the Fund. In reaching this decision, the Board took into account information furnished throughout the year at regular Board meetings, as well as information prepared specifically in connection with the annual renewal review process. Information furnished and discussed throughout the year included investment performance reports on the Fund, information on its share price discount to net asset value, and other related financial information, as well as periodic reports on legal, compliance, pricing, brokerage commissions and execution and other services provided by the Investment Manager (Manager) and its affiliates. Information furnished specifically in connection with the renewal process included a report prepared by Lipper, Inc. (Lipper), an independent organization, as well as additional material, including a Fund profitability analysis report prepared by management. The Lipper reports compared the Fund's investment performance and expenses with those of other funds deemed comparable to the Fund as selected by Lipper. The Fund profitability analysis report discussed the profitability to Franklin Templeton Investments from its overall U.S. fund operations, as well as on an individual fund-by-fund basis. Included with such profitability analysis report was information on a fund-by-fund basis listing portfolio managers and other accounts they manage, as well as information on management fees charged by the Manager and its affiliates including management's explanation of differences where relevant, and a three-year expense analysis with an explanation for any increase in expense ratios. Additional material accompanying such report was a memorandum prepared by management describing project initiatives and capital investments relating to the services provided to the Fund by the Franklin Templeton Investments organization, as well as a memorandum relating to economies of scale. Such material also discussed some of the actions taken by management in coping with problems arising out of the past year's financial upheaval.

In considering such materials, the independent Trustees received assistance and advice from and met separately with independent counsel. In approving continuance of the investment management agreement for the Fund, the Board, including a majority of independent Trustees, determined that the existing management fee structure was fair and reasonable and that continuance of the investment management agreement was in the best interests of the Fund and its shareholders. While attention was given to all information furnished, the following discusses some primary factors relevant to the Board's decision.

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

NATURE, EXTENT AND QUALITY OF SERVICE. The Board was satisfied with the nature and quality of the overall services provided by the Manager and its affiliates to the Fund and its shareholders. In addition to investment performance and expenses discussed later, the Board's opinion was based, in part, upon periodic reports furnished it showing that the investment policies and restrictions for the Fund were consistently complied with as well as other reports periodically furnished the Board covering matters such as the compliance of portfolio managers and other management personnel with the code of ethics adopted throughout the Franklin Templeton fund

Annual Report | 33

Templeton Emerging Markets Fund

SHAREHOLDER INFORMATION (CONTINUED)

BOARD REVIEW OF INVESTMENT MANAGEMENT AGREEMENT (CONTINUED)

complex, the adherence to fair value pricing procedures established by the Board, and the accuracy of net asset value calculations. Favorable consideration was given to management's continuous efforts and expenditures in establishing back-up systems and recovery procedures to function in the event of a natural disaster, it being noted that such systems and procedures had functioned smoothly during the Florida hurricanes and blackouts experienced in recent years. Among other factors taken into account by the Board were the Manager's best execution trading policies, including a favorable report by an independent portfolio trading analytical firm. Consideration was also given to the experience of the Fund's portfolio management team, the number of accounts managed and general method of compensation. In this latter respect, the Board noted that a primary factor in management's determination of the level of a portfolio manager's bonus compensation was the relative investment performance of the funds he or she managed and that a portion of such bonus was required to be invested in a predesignated list of funds within such person's fund management area so as to be aligned with the interests of Fund shareholders. Particular attention was given to the overall performance and actions taken by the Manager and its affiliates in response to problems arising out of the market turmoil and financial crisis experienced during the past year. In this respect, the Board noted that management's independent credit analysis and diligent risk management procedures had prevented any structured investment products or other volatile instruments from being held in the portfolios of any of the money market funds within the Franklin Templeton complex, including the sweep money fund utilized by many of the funds as part of their cash management. The Board also took into account, among other things, the strong financial position of the Manager's parent company and its commitment to the fund business. The Board also noted that during the past year Franklin Templeton Investments, like many other fund managers, had announced a hiring freeze and implemented employee reductions, and the Board discussed with management the nature of such reductions and steps being taken to minimize any negative impact on the nature and quality of services being provided the Fund.

INVESTMENT PERFORMANCE. The Board placed significant emphasis on the investment performance of the Fund in view of its importance to shareholders. While consideration was given to performance reports and discussions with portfolio managers at Board meetings during the year, particular attention in assessing performance was given to the Lipper reports furnished for the agreement renewal. The Lipper report for the Fund showed its investment performance for the one-year period ended February 28, 2009, as well as the previous 10 years ended that date in comparison to a performance universe consisting of the Fund and all other closed-end nonleveraged emerging markets funds as selected by Lipper. Such

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

report considers total return on a fund net asset value basis without regard to market discounts or premiums to accurately reflect investment performance. Consistent with the market sell-off that occurred in 2008, the Fund and all other funds within such performance universe experienced losses for the one-year period. On a comparative basis, the Lipper report showed the Fund's total return for the one-year period to be in the middle quintile of the performance universe, and on an annualized basis to also be in the middle quintile of such universe for each of the previous three- and five-year periods, and to be in the second-lowest

34 | Annual Report

Templeton Emerging Markets Fund

SHAREHOLDER INFORMATION (CONTINUED)

BOARD REVIEW OF INVESTMENT MANAGEMENT AGREEMENT (CONTINUED)

quintile of such universe for the previous 10-year period. The Board found such comparative performance to be acceptable noting that the Fund's total return had exceeded the median of its Lipper performance universe for the one-year period and for the previous year was in the highest quintile of such universe as shown in the Lipper report.

COMPARATIVE EXPENSES. Consideration was given to a comparative analysis of the management fees and total expense ratios of the Fund compared with those of a group of other funds selected by Lipper as its appropriate Lipper expense group. Lipper expense data is based upon historical information taken from each fund's most recent annual report and, as a result of the severe decline in fund industry assets during the last quarter of 2008, is based on asset levels that are higher than the level currently existing for most funds. While recognizing the limitations inherent in Lipper's methodology and recognizing that current expense ratios may increase as assets decline, the Board believed that the independent analysis conducted by Lipper remained an appropriate measure of comparative expenses. In reviewing comparative costs, Lipper provides information on the Fund's investment contractual management fee rate in comparison with the investment contractual management fee rate that would have been charged by the other funds within the Lipper expense group assuming they were similar in size to the Fund, as well as the actual total expense rate of the Fund in comparison with those of such other funds. The Lipper contractual investment management fee analysis considers administrative fees to be part of management fees. The Lipper expense group was composed of eight funds, and the results of such expense comparison showed the Fund's contractual investment management fee rate to be the highest of such expense group, and its actual total expense rate to be the second highest of such group, but within eight basis points of the group median. The Board found the Fund's contractual investment management fee and expenses in comparison to those of the expense group to be acceptable in view of factors relating to the Fund's operation, such as the background and experience of its portfolio managers and research staff and their physical presence and coverage in the geographical areas in which the Fund invests.

MANAGEMENT PROFITABILITY. The Board also considered the level of profits realized by the Manager and its affiliates in connection with the operation of the Fund. In this respect, the Board reviewed the Fund profitability analysis that addresses the overall profitability of Franklin Templeton's U.S. fund business, as well as its profits in providing management and other services to the Fund during the 12-month period ended September 30, 2008, being the most recent fiscal year end for Franklin Resources, Inc., the Manager's parent.

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

During such period, the assets of the Franklin Templeton U.S. fund business were significantly higher than currently existing, and to such extent the profitability analysis does not reflect current fund operations. While taking this into account in assessing the significance of the Fund profitability analysis, the Board recognized such analysis was made at a given point in time and that the decline in assets and effect on profitability would be reflected in the profitability analysis covering Franklin Resources' 2009 fiscal year period. In reviewing the analysis, attention was given to the methodology followed in allocating costs to the Fund, it being recognized that allocation methodologies are inherently

Annual Report | 35

Templeton Emerging Markets Fund

SHAREHOLDER INFORMATION (CONTINUED)

BOARD REVIEW OF INVESTMENT MANAGEMENT AGREEMENT (CONTINUED)

subjective and various allocation methodologies may each be reasonable while producing different results. In this respect, the Board noted that, while being continuously refined and reflecting changes in the Manager's own cost accounting, the allocation methodology was consistent with that followed in profitability report presentations made in prior years and that the Fund's independent registered public accounting firm had been engaged by the Manager to perform certain procedures on a biennial basis, specified and approved by the Manager and the Fund's Board solely for their purposes and use in reference to the profitability analysis. In reviewing and discussing such analysis, management discussed with the Board its belief that costs incurred in establishing the infrastructure necessary for the type of fund operations conducted by the Manager and its affiliates may not be fully reflected in the expenses allocated to the Fund in determining its profitability, as well as the fact that the level of profits, to a certain extent, reflected operational cost savings and efficiencies initiated by management. In addition, the Board considered a third-party study comparing the profitability of the Manager's parent on an overall basis as compared to other publicly held managers broken down to show profitability from management operations exclusive of distribution expenses, as well as profitability including distribution expenses. The Board also considered the extent to which the Manager and its affiliates might derive ancillary benefits from fund operations, as well as potential benefits resulting from allocation of fund brokerage and the use of commission dollars to pay for research. Based upon its consideration of all these factors, the Board determined that the level of profits realized by the Manager and its affiliates from providing services to the Fund was not excessive in view of the nature, quality and extent of services provided.

ECONOMIES OF SCALE. The Board also considered whether the Manager realizes economies of scale as the Fund grows larger and the extent to which any such benefit is shared with the Fund and its shareholders. The Board believed that a manager's ability to realize economies of scale and the sharing of such benefit is a more relevant consideration in the case of an open-end fund whose size increases as a result of the continuous sale of its shares. A closed-end investment company such as the Fund does not continuously offer shares, and growth following its initial public offering will primarily result from market appreciation, which benefits its shareholders. While believing economies of scale to be less of a factor in the context of a closed-end fund, the Board believes at some point an increase in size may lead to economies of scale that should be shared with the Fund and its shareholders and intends to monitor future growth of the Fund accordingly. The Board also noted that it had

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

previously added a breakpoint to the Fund's investment management fee at the \$1 billion level.

PROXY VOTING POLICIES AND PROCEDURES

The Fund's investment manager has established Proxy Voting Policies and Procedures (Policies) that the Fund uses to determine how to vote proxies relating to portfolio securities. Shareholders may view the Fund's complete Policies online at franklintempleton.com. Alternatively, shareholders may request copies of the Policies free of charge by calling the Proxy Group collect at (954) 527-7678 or by sending a written request to: Franklin Templeton Companies, LLC, 500 East Broward Boulevard, Suite 1500, Fort Lauderdale, FL 33394, Attention: Proxy Group. Copies of the Fund's proxy voting records are also made available online at franklintempleton.com and posted on the U.S. Securities and Exchange Commission's website at sec.gov and reflect the most recent 12-month period ended June 30.

QUARTERLY STATEMENT OF INVESTMENTS

The Fund files a complete statement of investments with the U.S. Securities and Exchange Commission for the first and third quarters for each fiscal year on Form N-Q. Shareholders may view the filed Form N-Q by visiting the Commission's website at sec.gov. The filed form may also be viewed and copied at the Commission's Public Reference Room in Washington, D.C. Information regarding the operations of the Public Reference Room may be obtained by calling (800) SEC-0330.

CERTIFICATIONS

The Fund's Chief Executive Officer - Finance and Administration is required by the New York Stock Exchange's Listing Standards to file annually with the Exchange a certification that she is not aware of any violation by the Fund of the Exchange's Corporate Governance Standards applicable to the Fund. The Fund has filed such certification.

In addition, the Fund's Chief Executive Officer - Finance and Administration and Chief Financial Officer and Chief Accounting Officer are required by the rules of the U.S. Securities and Exchange Commission to provide certain certifications with respect to the Fund's Form N-CSR and Form N-CSRS (which include the Fund's annual and semiannual reports to shareholders) that are filed semiannually with the Commission. The Fund has filed such certifications with its Form N-CSRS for the six months ended February 28, 2009. Additionally, the Fund expects to file, on or about October 30, 2009, such certifications with its Form N-CSR for the year ended August 31, 2009.

INSURANCE FUNDS

Franklin Templeton Variable Insurance Products Trust (8)

- (1.) The fund is closed to new investors. Existing shareholders and select retirement plans can continue adding to their accounts.
- (2.) The fund is a continuously offered, closed-end fund. Shares may be purchased daily; there is no daily redemption. However, each quarter, pending board approval, the fund will authorize the repurchase of 5%-25% of the outstanding number of shares. Investors may tender all or a portion of their shares during the tender period.
- (3.) An investment in the fund is neither insured nor guaranteed by the U.S. government or by any other entity or institution.
- (4.) For investors subject to the alternative minimum tax, a small portion of fund dividends may be taxable. Distributions of capital gains are generally taxable.
- (5.) The fund invests primarily in insured municipal securities.
- (6.) These funds are available in four or more variations, including long-term portfolios, intermediate-term portfolios, portfolios of insured securities, a high-yield portfolio (CA only) and money market portfolios.
- (7.) The Board of Trustees approved the elimination of the non-fundamental policy requiring the fund to invest at least 80% of net assets in insured municipal securities and the removal of the word "Insured" from the fund name. The changes became effective 2/17/09.
- (8.) The funds of the Franklin Templeton Variable Insurance Products Trust are generally available only through insurance company variable contracts.

ITEM 2. CODE OF ETHICS.

- (a) The Registrant has adopted a code of ethics that applies to its principal executive officers and principal financial and accounting officer.
- (c) N/A
- (d) N/A
- (f) Pursuant to Item 12(a)(1), the Registrant is attaching as an exhibit a copy of its code of ethics that applies to its principal executive officers and principal financial and accounting officer.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

(a)(1) The Registrant has an audit committee financial expert serving on its audit committee.

- (2) The audit committee financial expert is David W. Niemiec and he is "independent" as defined under the relevant Securities and Exchange Commission Rules and Releases.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

- (a) Audit Fees

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

The aggregate fees paid to the principal accountant for professional services rendered by the principal accountant for the audit of the registrant's annual financial statements or for services that are normally provided by the principal accountant in connection with statutory and regulatory filings or engagements were \$30,838 for the fiscal year ended August 31, 2009 and \$31,842 for the fiscal year ended August 31, 2008.

(b) Audit-Related Fees

There were no fees paid to the principal accountant for assurance and related services rendered by the principal accountant to the registrant that are reasonably related to the performance of the audit of the registrant's financial statements and are not reported under paragraph (a) of Item 4.

There were no fees paid to the principal accountant for assurance and related services rendered by the principal accountant to the registrant's investment adviser and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the registrant that are reasonably related to the performance of the audit of their financial statements.

(c) Tax Fees

The aggregate fees paid to the principal accountant for professional services rendered by the principal accountant to the registrant for tax compliance, tax advice and tax planning were \$1,290 for the fiscal year ended August 31, 2009 and \$0 for the fiscal year ended August 31, 2008. The services for which these fees were paid included tax compliance and advice.

The aggregate fees paid to the principal accountant for professional services rendered by the principal accountant to the registrant's investment adviser and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the registrant for tax compliance, tax advice and tax planning were \$6,000 for the fiscal year ended August 31, 2009 and \$0 for the fiscal year ended August 31, 2008. The services for which these fees were paid included tax compliance and advice.

(d) All Other Fees

The aggregate fees paid to the principal accountant for products and services rendered by the principal accountant to the registrant not reported in paragraphs (a)-(c) of Item 4 were \$0 for the fiscal year ended August 31, 2009 and \$324 for the fiscal year ended August 31, 2008. The services for which these fees were paid include review of materials provided to the fund Board in connection with the investment management contract renewal process.

The aggregate fees paid to the principal accountant for products and services rendered by the principal accountant to the registrant's investment adviser and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the registrant not reported in paragraphs (a)-(c) of Item 4 were \$0 for the fiscal year ended August 31, 2009 and \$283,753 for the fiscal year ended August 31, 2008. The services for which these fees were paid include review of materials provided to the fund Board in connection with the investment management contract renewal process.

(e) (1) The registrant's audit committee is directly responsible for approving the services to be provided by the auditors, including:

(i) pre-approval of all audit and audit related services;

(ii) pre-approval of all non-audit related services to be provided to

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

the Fund by the auditors;

(iii) pre-approval of all non-audit related services to be provided to the registrant by the auditors to the registrant's investment adviser or to any entity that controls, is controlled by or is under common control with the registrant's investment adviser and that provides ongoing services to the registrant where the non-audit services relate directly to the operations or financial reporting of the registrant; and

(iv) establishment by the audit committee, if deemed necessary or appropriate, as an alternative to committee pre-approval of services to be provided by the auditors, as required by paragraphs (ii) and (iii) above, of policies and procedures to permit such services to be pre-approved by other means, such as through establishment of guidelines or by action of a designated member or members of the committee; provided the policies and procedures are detailed as to the particular service and the committee is informed of each service and such policies and procedures do not include delegation of audit committee responsibilities, as contemplated under the Securities Exchange Act of 1934, to management; subject, in the case of (ii) through (iv), to any waivers, exceptions or exemptions that may be available under applicable law or rules.

(e) (2) None of the services provided to the registrant described in paragraphs (b)-(d) of Item 4 were approved by the audit committee pursuant to paragraph (c) (7) (i) (C) of Rule 2-01 of regulation S-X.

(f) No disclosures are required by this Item 4(f).

(g) The aggregate non-audit fees paid to the principal accountant for services rendered by the principal accountant to the registrant and the registrant's investment adviser and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the registrant were \$7,290 for the fiscal year ended August 31, 2009 and \$284,077 for the fiscal year ended August 31, 2008.

(h) The registrant's audit committee of the board has considered whether the provision of non-audit services that were rendered to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were not pre-approved pursuant to paragraph (c) (7) (ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant's independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

Members of the Audit Committee are: David W. Niemiec, Frank J. Crothers, Ann Torre Bates and Constantine D. Tseretopoulos.

ITEM 6. SCHEDULE OF INVESTMENTS. N/A

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The board of trustees of the Fund has delegated the authority to vote proxies related to the portfolio securities held by the Fund to the Fund's manager Templeton Asset Management Limited in accordance with the Proxy Voting Policies and Procedures (Policies) adopted by the manager.

The manager has delegated its administrative duties with respect to the voting of proxies to the Proxy Group within Franklin Templeton Companies, LLC (Proxy Group), an affiliate and wholly owned subsidiary of Franklin Resources, Inc. All

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

proxies received by the Proxy Group will be voted based upon the manager's instructions and/or policies.

To assist it in analyzing proxies, the manager subscribes to RiskMetrics Group (RiskMetrics), an unaffiliated third-party corporate governance research service that provides in-depth analyses of shareholder meeting agendas, vote recommendations, recordkeeping and vote disclosure services. In addition, the manager subscribes to Glass, Lewis & Co., LLC (Glass Lewis), an unaffiliated third-party analytical research firm, to receive analyses and vote recommendations on the shareholder meetings of publicly held U.S. companies. Although RiskMetrics' and/or Glass Lewis' analyses are thoroughly reviewed and considered in making a final voting decision, the manager does not consider recommendations from RiskMetrics, Glass Lewis or any other third party to be determinative of the manager's ultimate decision. As a matter of policy, the officers, directors/trustees and employees of the manager and the Proxy Group will not be influenced by outside sources whose interests conflict with the interests of the Fund and its shareholders. Efforts are made to resolve all conflicts in the interests of the manager's clients. Material conflicts of interest are identified by the Proxy Group based upon analyses of client, distributor, broker dealer and vendor lists, information periodically gathered from directors and officers, and information derived from other sources, including public filings. In situations where a material conflict of interest is identified, the Proxy Group may defer to the voting recommendation of RiskMetrics, Glass Lewis or those of another independent third-party provider of proxy services; or send the proxy directly to the Fund with the manager's recommendation regarding the vote for approval. If the conflict is not resolved by the Fund, the Proxy Group may refer the matter, along with the recommended course of action by the manager, if any, to an interdepartmental Proxy Review Committee (which may include portfolio managers and/or research analysts employed by the manager), for evaluation and voting instructions. The Proxy Review Committee may defer to the voting recommendation of RiskMetrics, Glass Lewis or those of another independent third-party provider of proxy services; or send the proxy directly to the Fund. Where the Proxy Group or the Proxy Review Committee refers a matter to the Fund, it may rely upon the instructions of a representative of the Fund, such as the board or a committee of the board.

Where a material conflict of interest has been identified, but the items on which the manager's vote recommendations differ from Glass Lewis, RiskMetrics, or another independent third-party provider of proxy services relate specifically to (1) shareholder proposals regarding social or environmental issues or political contributions, (2) "Other Business" without describing the matters that might be considered, or (3) items the manager wishes to vote in opposition to the recommendations of an issuer's management, the Proxy Group may defer to the vote recommendations of the manager rather than sending the proxy directly to the Fund for approval.

To avoid certain potential conflicts of interest, the manager will employ echo voting, if possible, in the following instances: (1) when the Fund invests in an underlying fund in reliance on any one of Sections 12(d)(1)(E), (F), or (G) of the 1940 Act, or pursuant to an SEC exemptive order; (2) when the Fund invests uninvested cash in affiliated money market funds pursuant to an SEC exemptive order ("cash sweep arrangement"); or (3) when required pursuant to the Fund's governing documents or applicable law. Echo voting means that the investment manager will vote the shares in the same proportion as the vote of all of the other holders of the Fund's shares.

The recommendation of management on any issue is a factor that the manager considers in determining how proxies should be voted. However, the manager does not consider recommendations from management to be determinative of the manager's ultimate decision. As a matter of practice, the votes with respect to most issues are cast in accordance with the position of the company's management. Each issue, however, is considered on its own merits, and the

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

manager will not support the position of the company's management in any situation where it deems that the ratification of management's position would adversely affect the investment merits of owning that company's shares.

MANAGER'S PROXY VOTING POLICIES AND PRINCIPLES The manager has adopted general proxy voting guidelines, which are summarized below. These guidelines are not an exhaustive list of all the issues that may arise and the manager cannot anticipate all future situations. In all cases, each proxy will be considered based on the relevant facts and circumstances.

BOARD OF DIRECTORS. The manager supports an independent board of directors, and prefers that key committees such as audit, nominating, and compensation committees be comprised of independent directors. The manager will generally vote against management efforts to classify a board and will generally support proposals to declassify the board of directors. The manager may withhold votes from directors who have attended less than 75% of meetings without a valid reason. While generally in favor of separating Chairman and CEO positions, the manager will review this issue as well as proposals to restore or provide for cumulative voting on a case-by-case basis, taking into consideration factors such as the company's corporate governance guidelines or provisions and performance.

RATIFICATION OF AUDITORS OF PORTFOLIO COMPANIES. The manager will closely scrutinize the role and performance of auditors. On a case-by-case basis, the manager will examine proposals relating to non-audit relationships and non-audit fees. The manager will also consider, on a case-by-case basis, proposals to rotate auditors, and will vote against the ratification of auditors when there is clear and compelling evidence of accounting irregularities or negligence.

MANAGEMENT AND DIRECTOR COMPENSATION. A company's equity-based compensation plan should be in alignment with the shareholders' long-term interests. The manager believes that executive compensation should be directly linked to the performance of the company. The manager evaluates plans on a case-by-case basis by considering several factors to determine whether the plan is fair and reasonable, including the RiskMetrics quantitative model utilized to assess such plans and/or the Glass Lewis evaluation of the plans. The manager will generally oppose plans that have the potential to be excessively dilutive, and will almost always oppose plans that are structured to allow the repricing of underwater options, or plans that have an automatic share replenishment "evergreen" feature. The manager will generally support employee stock option plans in which the purchase price is at least 85% of fair market value, and when potential dilution is 10% or less.

Severance compensation arrangements will be reviewed on a case-by-case basis, although the manager will generally oppose "golden parachutes" that are considered to be excessive. The manager will normally support proposals that require a percentage of directors' compensation to be in the form of common stock, as it aligns their interests with those of shareholders.

ANTI-TAKEOVER MECHANISMS AND RELATED ISSUES. The manager generally opposes anti-takeover measures since they tend to reduce shareholder rights. However, as with all proxy issues, the manager conducts an independent review of each anti-takeover proposal. On occasion, the manager may vote with management when the research analyst has concluded that the proposal is not onerous and would not harm the Fund or its shareholders' interests. The manager generally supports proposals that require shareholder rights' plans ("poison pills") to be subject to a shareholder vote and will closely evaluate such plans on a case-by-case basis to determine whether or not they warrant support. In addition, the manager will generally vote against any proposal to issue stock that has unequal or subordinate voting rights. The manager generally opposes any supermajority voting requirements as well as the payment of "greenmail." The manager generally supports "fair price" provisions and confidential voting.

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

CHANGES TO CAPITAL STRUCTURE. The manager realizes that a company's financing decisions have a significant impact on its shareholders, particularly when they involve the issuance of additional shares of common or preferred stock or the assumption of additional debt. The manager will review, on a case-by-case basis, proposals by companies to increase authorized shares and the purpose for the increase. The manager will generally not vote in favor of dual-class capital structures to increase the number of authorized shares where that class of stock would have superior voting rights. The manager will generally vote in favor of the issuance of preferred stock in cases where the company specifies the voting, dividend, conversion and other rights of such stock and the terms of the preferred stock issuance are deemed reasonable.

MERGERS AND CORPORATE RESTRUCTURING. Mergers and acquisitions will be subject to careful review by the research analyst to determine whether they would be beneficial to shareholders. The manager will analyze various economic and strategic factors in making the final decision on a merger or acquisition. Corporate restructuring proposals are also subject to a thorough examination on a case-by-case basis.

SOCIAL AND CORPORATE POLICY ISSUES. The manager will generally give management discretion with regard to social, environmental and ethical issues, although the manager may vote in favor of those that are believed to have significant economic benefits or implications for the Fund and its shareholders.

GLOBAL CORPORATE GOVERNANCE. Many of the tenets discussed above are applied to the manager's proxy voting decisions for international investments. However, the manager must be flexible in these instances and must be mindful of the varied market practices of each region.

The manager will attempt to process every proxy it receives for all domestic and foreign issuers. However, there may be situations in which the manager cannot process proxies, for example, where a meeting notice was received too late, or sell orders preclude the ability to vote. If a security is on loan, the manager may determine that it is not in the best interests of the Fund to recall the security for voting purposes. Also, the manager may abstain from voting under certain circumstances or vote against items such as "Other Business" when the manager is not given adequate information from the company.

Shareholders may view the complete Policies online at franklintempleton.com. Alternatively, shareholders may request copies of the Policies free of charge by calling the Proxy Group collect at (954)527-7678 or by sending a written request to: Franklin Templeton Companies, LLC, 500 East Broward Boulevard, Suite 1500, Fort Lauderdale, FL 33394, Attention: Proxy Group. Copies of the Fund's proxy voting records are available online at franklintempleton.com and posted on the SEC website at WWW.SEC.GOV. The proxy voting records are updated each year by August 31 to reflect the most recent 12-month period ended June 30.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

(a)(1) As of October 30, 2009, the portfolio managers of the Fund are as follows:

MARK MOBIUS, PH.D, EXECUTIVE CHAIRMAN OF TEMPLETON ASSET MANAGEMENT LTD.

Dr. Mobius has been a portfolio manager of the Fund since its inception. He has primary responsibility for the investments of the Fund. He has final authority over all aspects of the Fund's investment portfolio, including but not limited to, purchases and sales of individual securities, portfolio risk assessment, and the management of daily cash balances in accordance with anticipated management requirements. The degree to which he may perform these functions, and the nature

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

of these functions, may change from time to time. He joined Franklin Templeton Investments in 1987.

DENNIS LIM, CO-CHIEF EXECUTIVE OFFICER AND DIRECTOR OF TEMPLETON ASSET MANAGEMENT LTD.

Based in Hong Kong, Mr. Lim has been a portfolio manager of the Fund since 2000, providing research and advice on the purchases and sales of individual securities, and portfolio risk assessment. He joined Franklin Templeton Investments in 1990.

TOM WU, DIRECTOR OF TEMPLETON ASSET MANAGEMENT LTD.

Based in Hong Kong, Mr. Wu has been a portfolio manager of the Fund since its inception, providing research and advice on the purchases and sales of individual securities, and portfolio risk assessment. He joined Franklin Templeton Investments in 1987.

(a) (2) This section reflects information about the portfolio managers as of the fiscal year ended August 31, 2009.

The following table shows the number of other accounts managed by each portfolio manager and the total assets in the accounts managed within each category:

NAME	NUMBER OF OTHER REGISTERED INVESTMENT COMPANIES MANAGED	ASSETS OF OTHER REGISTERED INVESTMENT COMPANIES MANAGED (X \$1 MILLION)	NUMBER OF OTHER POOLED INVESTMENT VEHICLES MANAGED/1	ASSETS OF OTHER POOLED INVESTMENT VEHICLES MANAGED (X \$1 MILLION) /1	NUMBER OF OTHER ACCOUNTS MANAGED/1	ASSETS OF OTHER ACCOUNTS MANAGED (X \$1 MILLION) /1
Mark Mobius	9	7,489.2	33	15,178.2	10	1,719.0
Dennis Lim	5	5,581.6	4	1,242.2	1	197.9
Tom Wu	5	5,581.6	4	2,047.1	1	197.9

1. The various pooled investment vehicles and accounts listed are managed by a team of investment professionals. Accordingly, the individual managers listed would not be solely responsible for managing such listed amounts.

Portfolio managers that provide investment services to the Fund may also provide services to a variety of other investment products, including other funds, institutional accounts and private accounts. The advisory fees for some of such other products and accounts may be different than that charged to the Fund and may include performance based compensation. This may result in fees that are higher (or lower) than the advisory fees paid by the Fund. As a matter of policy, each fund or account is managed solely for the benefit of the beneficial owners thereof. As discussed below, the separation of the trading execution function from the portfolio management function and the application of objectively based trade allocation procedures helps to mitigate potential conflicts of interest that may arise as a result of the portfolio managers managing accounts with different advisory fees.

CONFLICTS. The management of multiple funds, including the Fund, and accounts may also give rise to potential conflicts of interest if the funds and other accounts have different objectives, benchmarks, time horizons, and fees as the portfolio manager must allocate his or her time and investment ideas across multiple funds and accounts. The manager seeks to manage such competing

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

interests for the time and attention of portfolio managers by having portfolio managers focus on a particular investment discipline. Most other accounts managed by a portfolio manager are managed using the same investment strategies that are used in connection with the management of the Fund. Accordingly, portfolio holdings, position sizes, and industry and sector exposures tend to be similar across similar portfolios, which may minimize the potential for conflicts of interest. As noted above, the separate management of the trade execution and valuation functions from the portfolio management process also helps to reduce potential conflicts of interest. However, securities selected for funds or accounts other than the Fund may outperform the securities selected for the Fund. Moreover, if a portfolio manager identifies a limited investment opportunity that may be suitable for more than one fund or other account, the Fund may not be able to take full advantage of that opportunity due to an allocation of that opportunity across all eligible funds and other accounts. The manager seeks to manage such potential conflicts by using procedures intended to provide a fair allocation of buy and sell opportunities among funds and other accounts.

The structure of a portfolio manager's compensation may give rise to potential conflicts of interest. A portfolio manager's base pay and bonus tend to increase with additional and more complex responsibilities that include increased assets under management. As such, there may be a relationship between a portfolio manager's marketing or sales efforts and his or her bonus.

Finally, the management of personal accounts by a portfolio manager may give rise to potential conflicts of interest. While the funds and the manager have adopted a code of ethics which they believe contains provisions reasonably necessary to prevent a wide range of prohibited activities by portfolio managers and others with respect to their personal trading activities, there can be no assurance that the code of ethics addresses all individual conduct that could result in conflicts of interest.

The manager and the Fund have adopted certain compliance procedures that are designed to address these, and other, types of conflicts. However, there is no guarantee that such procedures will detect each and every situation where a conflict arises.

COMPENSATION. The manager seeks to maintain a compensation program that is competitively positioned to attract, retain and motivate top-quality investment professionals. Portfolio managers receive a base salary, a cash incentive bonus opportunity, an equity compensation opportunity, and a benefits package. Portfolio manager compensation is reviewed annually and the level of compensation is based on individual performance, the salary range for a portfolio manager's level of responsibility and Franklin Templeton guidelines. Portfolio managers are provided no financial incentive to favor one fund or account over another. Each portfolio manager's compensation consists of the following three elements:

BASE SALARY Each portfolio manager is paid a base salary.

ANNUAL BONUS Annual bonuses are structured to align the interests of the portfolio manager with those of the Fund's shareholders. Each portfolio manager is eligible to receive an annual bonus. Bonuses generally are split between cash (50% to 65%) and restricted shares of a Franklin Templeton fund which vest over a three-year period (17.5% to 25%) and other mutual fund shares (17.5% to 25%). The deferred equity-based compensation is intended to build a vested interest of the portfolio manager in the financial performance of both Franklin Resources and mutual funds advised by the manager. The bonus plan is intended to provide a competitive level of annual bonus compensation that is tied to the portfolio manager achieving consistently strong investment performance, which aligns the financial incentives of the

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

portfolio manager and Fund shareholders. The Chief Investment Officer of the manager and/or other officers of the manager, with responsibility for the Fund, have discretion in the granting of annual bonuses to portfolio managers in accordance with Franklin Templeton guidelines. The following factors are generally used in determining bonuses under the plan:

- |X| INVESTMENT PERFORMANCE. Primary consideration is given to the historic investment performance over the 1, 3 and 5 preceding years of all accounts managed by the portfolio manager. The pre-tax performance of each fund managed is measured relative to a relevant peer group and/or applicable benchmark as appropriate.
- |X| NON-INVESTMENT PERFORMANCE. The more qualitative contributions of a portfolio manager to the manager's business and the investment management team, including business knowledge, contribution to team efforts, mentoring of junior staff, and contribution to the marketing of the Fund, are evaluated in determining the amount of any bonus award.
- |X| RESEARCH. Where the portfolio management team also has research responsibilities, each portfolio manager is evaluated on the number and performance of recommendations over time.
- |X| RESPONSIBILITIES. The characteristics and complexity of funds managed by the portfolio manager are factored in the manager's appraisal.

ADDITIONAL LONG-TERM EQUITY-BASED COMPENSATION Portfolio managers may also be awarded restricted shares or units of one or more mutual funds, and options to purchase common shares of a Franklin Templeton fund. Awards of such deferred equity-based compensation typically vest over time, so as to create incentives to retain key talent.

Portfolio managers also participate in benefit plans and programs available generally to all employees of the manager.

OWNERSHIP OF FUND SHARES. The manager has a policy of encouraging portfolio managers to invest in the funds they manage. Exceptions arise when, for example, a fund is closed to new investors or when tax considerations or jurisdictional constraints cause such an investment to be inappropriate for the portfolio manager. The following is the dollar range of Fund shares beneficially owned by each portfolio manager (such amounts may change from time to time):

Portfolio Manager	Dollar Range of Fund Shares Beneficially Owned
Mark Mobius	None
Dennis Lim	None
Tom Wu	None

Note: Because the portfolio managers are all foreign nationals, they do not hold shares in this U.S. registered fund, however they own shares in other similar Franklin Templeton funds managed by them, registered offshore and appropriate for foreign nationals.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS. N/A

Edgar Filing: TEMPLETON EMERGING MARKETS FUND - Form N-CSR

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There have been no changes to the procedures by which shareholders may recommend nominees to the Registrant's Board of Trustees that would require disclosure herein.

ITEM 11. CONTROLS AND PROCEDURES.

(A) EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES. The Registrant maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Registrant's filings under the Securities Exchange Act of 1934 and the Investment Company Act of 1940 is recorded, processed, summarized and reported within the periods specified in the rules and forms of the Securities and Exchange Commission. Such information is accumulated and communicated to the Registrant's management, including its principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. The Registrant's management, including the principal executive officer and the principal financial officer, recognizes that any set of controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

Within 90 days prior to the filing date of this Shareholder Report on Form N-CSR, the Registrant had carried out an evaluation, under the supervision and with the participation of the Registrant's management, including the Registrant's principal executive officer and the Registrant's principal financial officer, of the effectiveness of the design and operation of the Registrant's disclosure controls and procedures. Based on such evaluation, the Registrant's principal executive officer and principal financial officer concluded that the Registrant's disclosure controls and procedures are effective.

(B) CHANGES IN INTERNAL CONTROLS. There have been no significant changes in the Registrant's internal controls or in other factors that could significantly affect the internal controls subsequent to the date of their evaluation in connection with the preparation of this Shareholder Report on Form N-CSR.

ITEM 12. EXHIBITS.

(A) (1) Code of Ethics

(A) (2) Certifications pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 of Laura F. Ferguson, Chief Executive Officer - Finance and Administration, and Mark H. Otani, Chief Financial Officer and Chief Accounting Officer

(B) Certifications pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 of Laura F. Ferguson, Chief Executive Officer - Finance and Administration, and Mark H. Otani, Chief Financial Officer and Chief Accounting Officer

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
