### FOOTNOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The accompanying statements, which should be read in conjunction with the Consolidated Financial Statements included in the November 30, 2002 fiscal year end Annual Report filed on Form 10-KSB, are unaudited but have been prepared in the ordinary course of business for the purpose of providing information with respect to the interim periods, and are subject to audit at the close of the year. However, it is the opinion of the management of the Company that all adjustments (none of which were other than normal recurring accruals) necessary for a fair presentation of such periods have been included.

The Consolidated Financial Statements prepared for fiscal years 2002, 2001, 2000, 1999, 1998, 1997, 1996, 1995, 1994, 1993, 1992 and 1991 were unaudited because the Company elected to not incur the expense of an audit and to conserve its cash for other corporate requirements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

#### Results of Operations

Second quarter ended May 31, 2003 compared to the second quarter ended May 31, 2002

For the second quarter ended May 31, 2003, the Registrant had revenues of \$982,908, which resulted in a net loss of \$23,487 or \$0.01 per share. For the second quarter ended May 31, 2002, the Registrant had revenues of \$655,172, which resulted in a net loss of \$304,699 or \$0.11 per share.

The revenues in the second quarter of 2003 increased from 2002 as a result of an increase in sales from \$608,025 to \$932,450. The sales at the Registrant's silica sand operation increased as a result an increase in demand for the Registrant's low iron glass sand and bunker sand. The increased demand will continue through most of the third quarter.

The costs and expenses were \$1,006,395 and \$959,871 in the second quarter of 2003 and 2002, respectively. The cost of sales increased by \$249,000 from 2002 to 2003 due primarily to the increased demand for glass sand. The G&A decreased slightly from 2002 to 2003. Some of the expenses contained in the general and administrative costs pertaining to salaries of the officers and deferred compensation have been accrued but not paid, as the

Company is conserving its cash. The Registrant's loss on investment from its affiliated venture Rossborough-Remacor LLC (R-R) decreased by \$189,854 as the losses exceeded the Registrant's investment and obligations. R-R was not able to reach an agreement with its suppliers and filed for bankruptcy on June 18, 2003. R-R continued its program of trying to reduce costs and improve both sales and product margins and has shutdown its steel side and magnesium recycling operations. R-R will concentrate on its desulfurization operations.

Six months ended May 31, 2003 compared  
to the six months ended May 31, 2002

For the six months ended May 31, 2003, the Registrant had revenues of \$1,757,633, which resulted in a net loss of \$119,516 or \$0.04 per share. For the six months ended May 31, 2002, the Registrant had revenues of \$1,118,640, which resulted in a net loss of \$724,037 or \$0.26 per share.

The revenues in the six months ended May 31, 2003 increased over 2002 as a result of an increase in sales of \$616,712 and an increase in royalty income of \$16,131.

The costs and expenses were \$1,877,149 and \$1,842,677 for the six months ended May 31, 2003 and 2002, respectively. For the current six month period, the cost of sales increased by \$458,334 from 2002 to 2003 as a result of the increase amount of low iron sand produced and sold. The Registrant's loss on investment from its affiliated venture Rossborough-Remacor LLC (R-R) decreased by \$413,055 as the losses exceeded the Registrant's investment and obligations. The G&A decreased slightly in 2003. Some of the expenses contained in the general and administrative costs pertaining to salaries of the officers have been accrued but not paid, as the Company is conserving its cash.

### Liquidity and Capital Resources

Period from December 1, 2002 to May 31, 2003

The Company's net cash provided by operating activities was \$226,698 and \$32,973 for the six months ended May 31, 2003 and 2002, respectively. The net cash used by investing activities was \$61,289 and \$3,199 for the same six months in 2003 and 2002, respectively. For 2003, the capital expenditures were for capital improvements to the sand project. The Company decreased its long-term debt by \$118,376 and \$49,949 for the six months ended May 31, 2003 and 2002, respectively. The Company's cash and cash equivalents increased (decreased) by \$47,033 and \$(20,175) for the six months ended May 31, 2003 and 2002, respectively.

The Company had working capital deficits of approximately \$6.7 million and \$6.5 million for the six months ended May 31, 2003 and the year ended November 30, 2002, respectively. The working capital deficit increased as a result of the operating losses. As part of the Company's program to conserve cash in order to operate the company, part of the salaries due to the officers of the Company, all of the deferred compensation due to the deceased chairman's spouse, and part of the interest due on certain loans were accrued but not paid for the six months ended May 31, 2003. As of May 31, 2003, these accruals (salaries

deferred compensation and deferred interest) exceeded \$5.8 million.

For the current year, the Company plans to continue to accrue part of the obligations described in the preceding paragraph and expects to continue to generate sufficient cash flow to operate.
