Item 1.01 Entry into a Material Definitive Agreement

On March 10, 2005, we amended our senior credit facility to increase the maximum borrowing availability by 20 percent from \$75 million to \$90 million including letters of credit not exceeding \$10.0 million. The amendment was effected by the execution and delivery of a Fifth Amendment to Loan Agreement dated March 10, 2005, amending the Loan Agreement dated April 28, 2000, among the Company, Bank of America, N.A., as Administrative Agent, and the other lenders named therein, as previously amended. The amendment was entered into pursuant to our right under the senior credit facility to request an increase in the maximum borrowing amount by up to \$15 million. The lenders named therein, as previously amended, have agreed to provide the additional availability pro rata in proportion to their existing commitments.

The senior credit facility will mature on April 30, 2007. At any time prior to April 30, 2007, subject to certain conditions, we have the option to convert the balance outstanding thereunder to a four-year term loan requiring 48 equal monthly principal payments plus interest. The senior credit facility is collateralized by accounts receivable and otherwise unencumbered tractors.

As of March 9, 2005, we had approximately \$64.7 million outstanding under the senior credit facility, including letters of credit of \$1.7 million, and approximately \$10.3 million remained available for additional borrowings. We use borrowings under the senior credit facility, together with cash flows from operations and other sources of financing, to purchase tractors and trailers and for general working capital purposes, as described more fully in our Annual Report on Form 10-K for the year ended December 31, 2004.

Other than, the relationships established by the senior credit facility and routine commercial banking service, we have no material relationships with any of our affiliates and the agent bank or any participating bank.
