Item 1.01 Entry into a Material Definitive Agreement

On April 1, 2005, the Executive Compensation Committee (Compensation Committee) of our Board of Directors, acting by delegation of authority from the full Board, amended our Executive Profit-Sharing Incentive Plan (Plan). Under the Plan, we make annual incentive bonus payments to our executive officers in an aggregate amount equal to a specified percentage of our pre-tax income, subject to the attainment by the Company of a specified performance goal. The Plan previously provided discretion to the Compensation Committee to determine annually the percentage of pre-tax income that potentially would be distributed under the Plan, up to a maximum of ten percent (10%); the performance goal to be attained; the specific executive officers who would be entitled to receive bonuses under the Plan; and the maximum bonus that each participating officer could receive, expressed as a percentage (not to exceed 250%) of such officer's annual base salary. The amendments have reduced the maximum amount of pre-tax income that we can distribute under the Plan, specified that all executive officers shall be participants in the Plan and established a fixed performance goal, thereby eliminating the need for the Compensation Committee to make annual determinations with respect to those matters. The amendments also establish ranges of maximum individual bonuses for specified categories of participants, expressed as percentages of their base salaries.

The Plan, as amended, provides for the award of an amount equal to five percent (5%) of our pre-tax income to be placed into the Executive Profit Sharing Incentive Pool (Incentive Pool) annually for potential distribution pursuant to the Plan to all persons serving as executive officers during each fiscal year. If the conditions set forth in the Plan are met for the fiscal year, then the Incentive Pool will be distributed to participants, pro rata in proportion to their total base salaries for such fiscal year, and subject to the maximum incentive amounts established for each participant by the Compensation Committee within the ranges specified in the Plan.

In order for any payments to be made under the Plan, we must achieve a full-year combined internal operating ratio (O.R.) of 95.0% or less. For this purpose, O.R. is determined by dividing our operating expenses, net of fuel surcharge, by operating revenues, before fuel surcharge. Amounts in the Incentive Pool will be paid to participants only if we achieve this specified performance goal for the fiscal year. If we do not achieve such performance goal, the amounts in the Incentive Pool will remain with us and will not be paid or distributed to participants or carried forward for any purpose under the Plan.

The Plan, as amended, is attached in its entirety as an exhibit to this Report. The Plan is subject to revision at any time at the discretion of the Compensation Committee.
