Kronos(R) REPORTS RESULTS FOR SECOND QUARTER OF FISCAL 2003

CHELMSFORD, Mass., April 24, 2003 - Kronos(R) Incorporated (Nasdaq: KRON), today reported that net income for the second quarter of Fiscal 2003 rose 26 percent to \$7.3 million, or \$.35 per diluted share, as compared to \$5.8 million, or \$.28 per diluted share, for the same period a year ago. Revenue for the second quarter rose 21 percent to \$96.5 million as compared to \$79.9 million for the same period a year ago.

For the six-month period, net income rose 20 percent to \$14.3 million, as compared to \$12.0 million for the same period last year. For the six-month period, revenue rose 19 percent to \$186.2 million as compared to \$156.1 million for the first six months of the prior year.

"We are thrilled to report very strong second quarter profits and revenue growth," said Mark S. Ain, Kronos' chief executive officer. "Despite the weak economy, leaders across a broad spectrum of industries continue to look to Kronos' Employee Relationship Management solutions to reduce costs and boost productivity. We experienced strength across the board as organizations realize that we can help them better address their employee-centric business challenges."

This marks Kronos' 93rd consecutive quarter of revenue growth compared to the same period in the previous year, and 64th consecutive quarter of profitability (Note 1). Kronos' balance sheet remains strong, with \$94.0 million in cash and investments and no debt. Total deferred maintenance, professional services and product revenue at the end of the quarter was \$118.4 million. Cash flow from operations was \$26.4 million for the quarter compared to \$22.4 million for the same period last year. For the six-month period, cash flow from operations was \$40.1 million compared to \$34.5 million for the same period last year. Days sales outstanding (DSO) for accounts receivable was 62 days at the end of the quarter.

With regard to Kronos' financial results, Ain remarked, "Kronos is still growing while others have seen their revenues decline. Of our 21 percent top line growth, 19 percentage points represented organic growth while two percentage points came from acquisitions. We recorded an impressive 30 percent growth in product revenue and 14 percent growth in service revenue despite the challenging economic environment."

"Kronos' year-ago decision to broaden our capabilities beyond time and labor to include HR and payroll applications has enabled us to leverage our brand and established market position," continued Ain. "Contracts for our HR and payroll solutions are ramping up. We're pleased to announce that 19 more companies purchased our HR and payroll applications during the quarter. Our HRMS prospect base has been growing each quarter, and we believe we now have sufficient accounts in our pipeline to realize our HRMS target for the fiscal year. We never doubted that our solutions would take hold in the market."

Customer Wins

"We have done much more than retain our title as the leader in time and labor solutions," continued Ain. "By offering a more comprehensive suite of Employee Relationship Management solutions, we are rewriting the notions of how

Edgar Filing: KRONOS INC - Form 8-K

organizations gain control of their employee-centric business challenges."

New customers that turned to Kronos during the quarter included Bally's Total Fitness, Beringer Blass Wine Estates, DHL Worldwide Express, Fairview Health Services, Inn of the Mountain Gods Resort and Casino, Orange County Corrections, Riverside Medical Center, See's Candies, Varco-Pruden Buildings Inc., Wild Oats Markets, and others.

Existing customers that purchased upgrades or continued to invest in their product rollout during the quarter included Alegent Health, Dean Foods, DST Systems, Elmhurst Memorial Hospital, Ergon Incorporated, Foster Farms, Goodyear Tire & Rubber, Greater Lafayette Health Services Inc., Landis Plastics, Shaw Industries, State of Colorado, Unisys - the Transportation Security Administration's prime contractor for information technology, Walgreens, Wishard Health Services, and others.

Outlook

"We are thrilled with our performance during the first half of the year and confident that we are on track to achieve our goals for Fiscal 2003," Ain added, "Assuming that the economic malaise continues but does not worsen, we expect to report third quarter revenue in the range of \$97-100 million and earnings in the range of \$.36-.42 per share. We expect to report Fiscal 2003 revenue in the range of \$381-387 million and earnings in the range of \$1.60-1.66 per share."
