**Table of Contents**

This Post-Effective Amendment No. 6 consists of the following:

1. The Registrant's Prospectus dated December 14, 2007 (the Prospectus).
  2. Supplement No. 1 dated January 4, 2008, Supplement No. 2 dated January 30, 2008 and Supplement No. 3, dated February 12, 2008, each of which was previously filed on the date thereof and is refiled herewith. Supplement No. 1, Supplement No. 2 and Supplement No. 3 will be delivered as unattached documents along with the Prospectus.
  3. Supplement No. 4 dated February 27, 2008, filed herewith, which will be delivered as an unattached document along with the Prospectus.
  4. Part II, included herewith.
  5. Signatures, included herewith.

**PROSPECTUS**

**Maximum Offering of \$2,200,000,000  
Minimum Offering of \$2,000,000**

We are a recently formed company that intends to invest in a diversified portfolio of medical office buildings, healthcare-related facilities and quality commercial office properties. We may also invest up to 15.0% of our total assets in real estate related securities. We are externally managed by Grubb & Ellis Healthcare REIT Advisor, LLC, our advisor, which is an affiliate of ours. We intend to qualify as a real estate investment trust, or REIT, for federal income tax purposes beginning with our taxable year ending December 31, 2007.

We are offering to the public up to \$2,000,000,000 in shares of our common stock in our primary offering for \$10.00 per share and \$200,000,000 in shares of our common stock to be issued pursuant to our distribution reinvestment plan for \$9.50 per share during our primary offering. We reserve the right to reallocate the shares of common stock we are offering between the primary offering and the distribution reinvestment plan.

**This investment involves a high degree of risk. You should purchase these securities only if you can afford the complete loss of your investment. See Risk Factors beginning on page 15 to read about risks you should consider before buying shares in our common stock. These risks include:**

No public market exists for our shares. Our shares cannot be readily sold and there are significant restrictions on the ownership, transferability and redemption of our shares. If you are able to sell your shares, you would likely have to sell them at a substantial discount.

This is considered a blind pool offering because we have acquired a limited number of properties and have not identified most of the properties or securities we plan to acquire with the proceeds from this offering. As a result, you will not be able to evaluate the economic merits of most of our investments prior to purchasing shares.

The amount of distributions we may pay, if any, is uncertain. Due to the risks involved in the ownership of real estate, there is no guarantee of any return on your investment in us and you may lose money.

We may incur debt up to 300% of our net assets, or more if such excess is approved by a majority of our independent directors, which could lead to an inability to pay distributions to our stockholders.

We may be required to borrow money, sell assets or issue new securities for cash to pay our distributions.

Distributions payable to our stockholders may include a return of capital, which will lower your tax basis in our shares.

We rely on our advisor and its affiliates for our day-to-day operations and the selection of our investments. We will pay substantial fees to our advisor and its affiliates for these services and the agreements governing these fees were not negotiated at arm's-length.

Some of our officers and one of our directors are officers of our advisor and our sponsor, which manages our advisor. Some of the owners of our sponsor are owners of our property manager and dealer manager. As a result, our sponsor and its affiliates will face conflicts of interest, including significant conflicts in allocating time among us and similar programs sponsored by our sponsor.

If we fail to qualify as a REIT, it would adversely affect our operations and our ability to make distributions to our stockholders.

**Neither the Securities and Exchange Commission, the Attorney General of the State of New York nor any other state securities regulator has approved or disapproved of these securities, passed on or endorsed the merits of this offering or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense. The use of projections or forecasts in this offering is prohibited. Any representation to the contrary and any predictions, written or oral, as to the cash benefits or tax consequences you will receive from an investment in shares of our common stock is prohibited.**

	<b>Price to Public*</b>	<b>Selling Commissions*</b>	<b>Marketing Support Fee (\$0.25) and Due Diligence Expense Reimbursement (\$0.05)*</b>	<b>Net Proceeds (Before Expenses)</b>
Primary Offering				
Per Share	\$ 10.00	\$ 0.70	\$ 0.30	\$ 9.00
Total Minimum	\$ 2,000,000	\$ 140,000	\$ 60,000	\$ 1,800,000
Total Maximum	\$ 2,000,000,000	\$ 140,000,000	\$ 60,000,000	\$ 1,800,000,000
Distribution Reinvestment Plan				
Per Share	\$ 9.50	\$	\$	\$ 9.50
Total Maximum	\$ 200,000,000	\$	\$	\$ 200,000,000

\* The selling commissions and all or a portion of the marketing support fee will not be charged with regard to shares sold in our primary offering to or for the account of our directors and officers, our affiliates and certain persons affiliated with broker-dealers participating in the primary offering. Selling commissions will not be charged for shares sold in the primary offering to investors that have engaged the services of a financial advisor paid on a fee-for-service basis by the investor. Selling commissions will be reduced in connection with sales of certain minimum numbers of shares. The reduction in these fees will be accompanied by a corresponding reduction in the per share purchase price. See Plan of Distribution.

Our shares will be offered to investors on a best efforts basis through NNN Capital Corp., our affiliate and an affiliate of our advisor and the dealer manager for this offering. The minimum initial investment is \$1,000, except for purchases by (1) our existing stockholders, including purchases made pursuant to our distribution reinvestment plan, and (2) existing investors in other programs sponsored by our sponsor, Grubb & Ellis Company, or any of our sponsor's affiliates, which may be in lesser amounts.

As of January 8, 2007, excluding shares purchased by our executive officers and directors, our dealer manager and our advisor and its affiliates, we had received and accepted subscriptions in our offering for 200,846 shares of common stock, or \$2,004,000, thereby exceeding the minimum offering. Having raised the minimum offering, the offering proceeds were released by the escrow agent to us and are available for the acquisition of properties and the other purposes disclosed in the prospectus. As of December 7, 2007, we had received and accepted subscriptions in our offering for 19,995,950 shares of common stock, or approximately \$199,720,000, excluding shares issued pursuant to our distribution reinvestment plan. We will sell shares until the earlier of September 20, 2009, or the date on which the maximum has been sold.

The date of this prospectus is December 14, 2007.

---

**Table of Contents**

**SUITABILITY STANDARDS**

The shares we are offering are suitable only as a long-term investment for persons of adequate financial means. There currently is no public market for our shares. Therefore, it likely will be difficult for you to sell your shares and, if you are able to sell your shares, it is likely you would sell them at a substantial discount. You should not buy these shares if you need to sell them immediately, will need to sell them quickly in the future or cannot bear the loss of your entire investment.

In consideration of these factors, we have established suitability standards for all stockholders, including subsequent transferees. These suitability standards require that a purchaser of shares have either:

a net worth of at least \$150,000; or

an annual gross income of at least \$45,000 and a net worth of at least \$45,000.

Several states have established suitability standards different from those we have established. Shares will be sold only to investors in these states who meet the special suitability standards set forth below.

**Arizona, California, Michigan, Missouri, North Carolina and Tennessee** Investors must have either (1) a net worth of at least \$225,000, or (2) gross annual income of at least \$60,000 and a net worth of at least \$60,000.

**Kansas** Investors must have either (1) a minimum net worth of at least \$250,000 or (2) a minimum annual gross income of at least \$70,000. In addition, it is recommended by the Office of the Kansas Securities Commissioner that you not invest, in the aggregate, more than 10% of your liquid net worth in this and similar direct participation investments.

**Maine** Investors must have either (1) a net worth of at least \$50,000 and an annual gross income of at least \$50,000, or (2) a net worth of at least \$200,000.

**Massachusetts, Ohio and Pennsylvania** Investors must have either (1) a net worth of at least \$250,000 or (2) a gross annual income of \$70,000 and a net worth of at least \$70,000. In addition, an investor's investment in our common stock and the securities of our affiliates may not exceed 10% of that investor's liquid net worth.

**New Mexico** Investors must have either (1) a net worth of at least \$250,000 or (2) a gross annual income of \$70,000 and a net worth of at least \$70,000.

**Iowa** Investors must have either (1) a net worth of at least \$250,000 or (2) an annual gross income of at least \$70,000 and net worth of at least \$70,000. In addition, investors may not invest more than 10% of their liquid net worth in us.

**Washington** Investors must have either (1) a net worth of at least \$250,000 or (2) an annual gross income of at least \$70,000 and net worth of at least \$70,000.

For purposes of determining suitability of an investor, net worth in all cases should be calculated excluding the value of an investor's home, home furnishings and personal automobiles.

In the case of sales to fiduciary accounts (such as an individual retirement account, or IRA, Keogh Plan, or pension or profit sharing plan), these suitability standards must be met by the beneficiary, the fiduciary account or by the person who directly or indirectly supplied the funds for the purchase of the shares if that person is the fiduciary. In the case of

gifts to minors, the suitability standards must be met by the custodian account or by the donor.

These suitability standards are intended to help ensure that, given the long-term nature of an investment in our shares, our investment objectives and the relative illiquidity of our shares, our shares are an appropriate investment for those of you who become stockholders. Each participating broker-dealer must make every reasonable effort to determine that the purchase of shares is a suitable and appropriate investment for each stockholder based on information provided by the stockholder in the subscription agreement or otherwise. Each participating broker-dealer is required to maintain records of the information used to determine that an investment in shares is suitable and appropriate for each stockholder for a period of six years. Our subscription

**Table of Contents**

agreement requires you to represent that you meet the applicable suitability standards. We will not sell any shares to you unless you are able to make these representations.

The minimum initial investment is 100 shares (\$1,000), except for purchases by (1) our existing stockholders, including purchases made pursuant to our distribution reinvestment plan, and (2) existing investors in other programs sponsored by our sponsor, Grubb & Ellis Company, or any of our sponsor's affiliates, which may be in lesser amounts. In order to satisfy the minimum purchase requirements for retirement plans, unless otherwise prohibited by state law, a husband and wife may jointly contribute funds from their separate IRAs, provided that each such contribution is made in increments of \$100. You should note that an investment in shares of our common stock will not, in itself, create a retirement plan and that, in order to create a retirement plan, you must comply with all applicable provisions of the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code.

<u>Restrictions on Share Ownership</u>	14
<u>About this Prospectus</u>	14
<u>RISK FACTORS</u>	15
<u>Investment Risks</u>	15
<u>There is currently no public market for our common stock. Therefore, it will be difficult for you to sell your shares and, if you are able to sell your shares, you will likely sell them at a substantial discount</u>	15
<u>This is a blind pool offering because we have identified a limited number of the specific investments we intend to make with the net proceeds we will receive from this offering. If we are unable to find suitable investments, we may not be able to achieve our investment objectives</u>	15
<u>You may be unable to sell your shares because your ability to have your shares repurchased pursuant to our share repurchase plan is subject to significant restrictions and limitations</u>	15
<u>This is a best efforts offering and if we are unable to raise substantial funds, we will be limited in the number and type of investments we may make, which will result in a less diversified portfolio</u>	16
<u>This is a fixed price offering and the fixed offering price may not accurately represent the current value of our assets at any particular time. Therefore the purchase price you paid for shares of our common stock may be higher than the value of our assets per share of our common stock at the time of your purchase</u>	16
<u>Payments to our advisor related to its subordinated participation interest in our operating partnership will reduce cash available for distribution to our stockholders</u>	16
<u>The business and financial due diligence investigation of us was conducted by an affiliate. That investigation might not have been as thorough as an investigation conducted by an unaffiliated third party, and might not have uncovered facts that would be important to a potential investor</u>	16

**Table of Contents**

We presently intend to effect a liquidity event by September 20, 2013; however, there can be no assurance that we will effect a liquidity event within such time or at all. If we do not effect a liquidity event, it will be very difficult for you to have liquidity for your investment in shares of our common stock 17

Risks Relating to Our Business 17

We have a limited operating history and there is no assurance that we will be able to successfully achieve our investment objectives; and the prior performance of other NNN programs may not be an accurate predictor of our future results 17

We may suffer from delays in locating suitable investments, which could reduce our ability to make distributions to our stockholders and your return on your investment 17

The availability and timing of cash distributions to our stockholders is uncertain 17

We may not have sufficient cash available from operations to pay distributions, and, therefore, distributions may include a return of capital. 18

We may not have sufficient cash available from operations to pay distributions, and, therefore, distributions may be paid with offering proceeds or borrowed funds 18

We are uncertain of our sources of debt or equity for funding our future capital needs. If we cannot obtain funding on acceptable terms, our ability to make necessary capital improvements to our properties may be impaired or delayed 18

The recent downturn in the credit markets has increased the cost of borrowing and has made financing difficult to obtain, each of which may have a material adverse effect on our results of operations and business 19

We may structure acquisitions of property in exchange for limited partnership units in our operating partnership on terms that could limit our liquidity or our flexibility 19

Our success will be dependent on the performance of our advisor 19

Our results of operations, our ability to pay distributions to our stockholders and our ability to dispose of our investments are subject to general economic and regulatory factors we cannot control or predict 20

Our advisor and its affiliates have no obligation to defer or forgive fees or loans or advance any funds to us, which could reduce our ability to make investments or pay distributions 20

The ongoing SEC investigation of Triple Net Properties could adversely impact our advisor's ability to perform its duties to us 20

Risks Related to Conflicts of Interest 21

We will compete with other NNN programs for investment opportunities. As a result, our advisor may not cause us to invest in favorable investment opportunities which may reduce our returns on our investments 21

The conflicts of interest faced by our officers and our non-independent director may cause us not to be managed solely in the best interests of our stockholders, which may adversely affect our results of operation and the value of your investment 21

If we enter into joint ventures with affiliates, we may face conflicts of interest or disagreements with our joint venture partners that will not be resolved as quickly or on terms as advantageous to us as would be the case if the joint venture had been negotiated at arm's length with an independent joint venture partner 22

Our advisor will face conflicts of interest relating to its compensation structure, which could result in actions that are not necessarily in the long-term best interests of our stockholders 22

The distribution payable to our advisor upon termination of the advisory agreement may influence decisions about terminating our advisor or our acquisition or disposition of investments. 23

We may acquire assets from, or dispose of assets to, affiliates of our advisor, which could result in us entering into transactions on less favorable terms than we would receive from a third party or that negatively affect the public's perception of us 23

**Table of Contents**

<u>The fees we pay our advisor under the advisory agreement and the distributions payable to our advisor under our operating partnership agreement were not determined on an arm’s-length basis and therefore may not be on the same terms as those we could negotiate with an unrelated party</u>	23
<u>Risks Associated with Our Organizational Structure</u>	23
<u>We may issue preferred stock or other classes of common stock, which issuance could adversely affect the holders of our common stock issued pursuant to this offering</u>	23
<u>The limit on the percentage of shares of our common stock that any person may own may discourage a takeover or business combination that may have benefited our stockholders</u>	24
<u>Our board of directors may change our investment objectives without seeking stockholder approval.</u>	24
<u>Maryland law and our organizational documents limit your right to bring claims against our officers and directors</u>	24
<u>Certain provisions of Maryland law could restrict a change in control even if a change in control were in our stockholders’ interests</u>	25
<u>Your investment return may be reduced if we are required to register as an investment company under the Investment Company Act</u>	25
<u>Risks Related to Investments in Real Estate</u>	26
<u>Changes in national, regional or local economic, demographic or real estate market conditions may adversely affect our results of operations and our ability to pay distributions to our stockholders or reduce the value of your investment</u>	26
<u>If we acquire real estate at a time when the real estate market is experiencing substantial influxes of capital investment and competition for income producing properties, the real estate investments we make may not appreciate or may decrease in value</u>	26
<u>Competition with third parties in acquiring properties and other investments may reduce our profitability and the return on your investment</u>	26
<u>Some or all of our properties may incur vacancies, which may result in reduced revenue and resale value, a reduction in cash available for distribution and a diminished return on your investment</u>	27
<u>We are dependent on tenants for our revenue, and lease terminations could reduce our distributions to our stockholders</u>	27
<u>Long-term leases may not result in fair market lease rates over time; therefore, our income and our distributions to our stockholders could be lower than if we did not enter into long-term leases</u>	27
<u>We may be unable to secure funds for future tenant or other capital improvements, which could limit our ability to attract or replace tenants and decrease your return on investment</u>	27
<u>Uninsured losses relating to real estate and lender requirements to obtain insurance may reduce your returns</u>	28
<u>Delays in the acquisition, development and construction of real properties may have adverse effects on our results of operations and returns to our stockholders</u>	28
<u>Uncertain market conditions relating to the future disposition of properties could cause us to sell our properties at a loss in the future</u>	28
<u>We face possible liability for environmental cleanup costs and damages for contamination related to properties we acquire, which could substantially increase our costs and reduce our liquidity and cash distributions to stockholders</u>	28
<u>Our real estate investments may be concentrated in medical office or other healthcare-related facilities, making us more vulnerable economically than if our investments were diversified</u>	29
<u>Certain of our properties may not have efficient alternative uses, so the loss of a tenant may cause us not to be able to find a replacement or cause us to spend considerable capital to adapt the property to an alternative use</u>	29
<u>Our medical office buildings, healthcare-related facilities and tenants may be unable to compete successfully</u>	29

**Table of Contents**

Our costs associated with complying with the Americans with Disabilities Act may reduce our cash available for distributions 30

Our real properties will be subject to property taxes that may increase in the future, which could adversely affect our cash flow 30

Costs of complying with governmental laws and regulations related to environmental protection and human health and safety may be high 30

Risks Relating to the Healthcare Industry 31

Reductions in reimbursement from third party payors, including Medicare and Medicaid, could adversely affect the profitability of our tenants and hinder their ability to make rent payments to us 31

We face increasing competition for the acquisition of medical office buildings and other healthcare-related facilities, which may impede our ability to make future acquisitions or may increase the cost of these acquisitions 31

The healthcare industry is heavily regulated, and new laws or regulations, changes to existing laws or regulations, loss of licensure or failure to obtain licensure could result in the inability of our tenants to make rent payments to us 32

Tenants of our medical office buildings and healthcare-related facilities will be subject to fraud and abuse laws, the violation of which by a tenant may jeopardize the tenant's ability to make rent payments to us 32

Adverse trends in healthcare provider operations may negatively affect our lease revenues and our ability to make distributions to our stockholders 33

Tenants of our medical office buildings and healthcare-related facilities may be subject to significant legal actions that could subject them to increased operating costs and substantial uninsured liabilities, which may affect their ability to pay their rent payments to us 33

Risks Related to Investments in Real Estate Related Securities 34

We do not have substantial experience in acquiring mortgage loans or investing in real estate related securities, which may result in our real estate related securities investments failing to produce returns or incurring losses 34

Real estate related equity securities in which we may invest are subject to specific risks relating to the particular issuer of the securities and may be subject to the general risks of investing in subordinated real estate securities 34

The mortgage loans in which we may invest and the mortgage loans underlying the mortgage-backed securities in which we may invest may be impacted by unfavorable real estate market conditions, which could decrease their value 34

Delays in liquidating defaulted mortgage loan investments could reduce our investment returns 34

The collateralized mortgage backed securities in which we may invest are subject to several types of risks 35

The mezzanine loans in which we may invest would involve greater risks of loss than senior loans secured by income-producing real properties 35

We expect a portion of our real estate related securities investments to be illiquid and we may not be able to adjust our portfolio in response to changes in economic and other conditions 35

Interest rate and related risks may cause the value of our real estate related securities investments to be reduced 35

If we liquidate prior to the maturity of our real estate securities investments, we may be forced to sell those investments on unfavorable terms or at a loss 36

Risks Associated with Debt Financing 36

We will incur mortgage indebtedness and other borrowings, which may increase our business risks, could hinder our ability to make distributions and could decrease the value of your investment 36

Higher mortgage rates may make it more difficult for us to finance or refinance properties, which could reduce the number of properties we can acquire and the amount of cash distributions we can make to our stockholders 37

**Table of Contents**

<u>Increases in interest rates could increase the amount of our debt payments and therefore negatively impact our operating results</u>	37
<u>Lenders may require us to enter into restrictive covenants relating to our operations, which could limit our ability to make distributions to our stockholders</u>	37
<u>If we enter into financing arrangements involving balloon payment obligations, it may adversely affect our ability to refinance or sell properties on favorable terms, and to make distributions to stockholders</u>	37
<u>Risks Associated with Joint Ventures</u>	38
<u>The terms of joint venture agreements or other joint ownership arrangements into which we may enter could impair our operating flexibility and our results of operations</u>	38
<u>We may structure our joint venture relationships in a manner which may limit the amount we participate in the cash flow or appreciation of an investment</u>	38
<u>Federal Income Tax Risks</u>	39
<u>Failure to qualify as a REIT for federal income tax purposes would subject us to federal income tax on our taxable income at regular corporate rates, which would substantially reduce our ability to make distributions to our stockholders</u>	39
<u>To qualify as a REIT and to avoid the payment of federal income and excise taxes and maintain our REIT status, we may be forced to borrow funds, use proceeds from the issuance of securities (including this offering), or sell assets to pay distributions, which may result in our distributing amounts that may otherwise be used for our operations</u>	39
<u>If our operating partnership fails to maintain its status as a partnership for federal income tax purposes, its income would be subject to taxation and our REIT status would be terminated.</u>	40
<u>You may have current tax liability on distributions you elect to reinvest in shares of our common stock</u>	40
<u>Dividends paid by REITs do not qualify for the reduced tax rates that apply to other corporate dividends</u>	40
<u>In certain circumstances, we may be subject to federal and state income taxes as a REIT, which would reduce our cash available for distribution to you</u>	40
<u>Distributions to tax-exempt investors may be classified as unrelated business taxable income</u>	41
<u>Complying with the REIT requirements may cause us to forego otherwise attractive opportunities</u>	41
<u>Changes to federal income tax laws or regulations could adversely affect investors</u>	41
<u>Employee Benefit Plan and IRA Risks</u>	41
<u>If you fail to meet the fiduciary and other standards under ERISA or the Internal Revenue Code as a result of an investment in our common stock, you could be subject to criminal and civil penalties</u>	42
<u>CAUTIONARY NOTE REGARDING FORWARD LOOKING STATEMENTS</u>	42
