PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS TO BE HELD
ON MAY 17, 2002

The accompanying proxy is solicited on behalf of the Board of Directors of CyberOptics Corporation (the "Company") for use at the Annual Meeting of Shareholders to be held May 17, 2002, at 3:30 p.m. at the offices of Dorsey & Whitney, 50 South Sixth Street, Suite 1500, Minneapolis, Minnesota 55402, and at any adjournments thereof. The cost of solicitation, including the cost of preparing and mailing the Notice of Annual Meeting of Shareholders and this Proxy Statement, will be paid by the Company. Representatives of the Company may, without cost to the Company, solicit proxies for the management of the Company by means of mail, telephone or personal calls.

The only matters the Board of Directors knows will be presented are those stated in Proposals 1 and 2 of this Proxy Statement. THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE IN FAVOR OF PROPOSALS 1 AND 2. Should any other matter properly come before the meeting, it is intended that the persons named in the enclosed proxy will have authority to vote such proxy in accordance with their judgment on such matter.

VOTING RIGHTS AND PROCEDURES

Shares of the Company's common stock, no par value (the "Common Stock"), represented by proxies in the form solicited will be voted in the manner directed by a shareholder. If no direction is made, the proxy will be voted for the election of the nominees for director named in this Proxy Statement and in the discretion of the proxies with respect to any other matters properly brought before the meeting. Shares voted as a "withhold vote for" one or more directors will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting and as unvoted, although present and entitled to vote, for purposes of the election of the directors with respect to which the shareholder has abstained. If a broker submits a proxy that indicates the broker does not have discretionary authority to vote certain shares, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting, but will not be considered as present and entitled to vote with respect to the matters voted on at the meeting.

Proxies may be revoked at any time before being exercised by delivery to the Secretary of the Company of a written notice of termination of the

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

proxies' authority or a duly executed proxy bearing a later date. Only holders of record of Common Stock at the close of business on April 1, 2002, will be entitled to receive notice of and to vote at the meeting. On April 1, 2002, the Company had 8,134,826 shares of Common Stock outstanding. Each outstanding share is entitled to one vote on all matters presented at the meeting.

A copy of the Company's Annual Report to Shareholders for the year ended December 31, 2001, is being furnished to each shareholder with this Proxy Statement. This Proxy Statement is being mailed to shareholders on or about April 10, 2002.

COMPENSATION OF DIRECTORS

Directors who are not also employees receive directors' fees of \$1,000 per meeting attended, and \$500 per meeting held by conference call. Until 1999, directors who were not also employees also received an option to purchase 18,000 shares vesting over a period of four years upon their initial election to the Board of Directors, or upon shareholder approval of the Stock Option Plan for Nonemployee Directors in 1993 and 1997, if they were directors on the dates of approval. Mr. Cimochoowski and Mr. Quist received options in 1993 and 1997, Mr. Kelen received options in 1995 and 1997, and Ms. Iverson received options in 1998 under this arrangement.

In 1999, the Stock Option Plan for Nonemployee Directors was amended to provide for the grant to each nonemployee director of an option to purchase 4,500 shares, which are exercisable from the date of grant, at each annual meeting at which they are elected or reelected, commencing with the annual meeting at which previous options are fully vested. Ms. Qualters and Mr. Selzer received an option to purchase 4,500 shares under the amended plan in each of 1999, 2000 and 2001.

COMMITTEES/MEETINGS

Except for its Compensation Committee and Audit Committee, the Company does not have any standing committees, including any nominating committee, of

the Board of Directors. The Audit Committee, which consists of Ms. Qualters, Mr. Cimochoowski and Mr. Selzer, assists the Board of Directors in monitoring the financial statements of the Company, the Company's internal controls and the Company's independent accountants. The Compensation Committee, which consists of Mr. Kelen and Mr. Selzer, administers the Company's stock benefit plans and determines compensation policy and levels for the Company's executive officers. During the fiscal year ended December 31, 2001, the Board of Directors of the Company met seven times and acted twice by writing in lieu of meeting, the Compensation Committee met four times, and the Audit Committee met five times and acted once by writing in lieu of meeting. Every nominee for director attended at least 75 percent of the meetings of the Board and the Board Committees for which such nominee was a member.

THE AFFIRMATIVE VOTE OF THE HOLDERS OF A MAJORITY OF THE COMMON STOCK REPRESENTED AT THE MEETING IS REQUIRED FOR THE ELECTION OF EACH DIRECTOR. THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH NOMINEE.

EXECUTIVE OFFICERS

In addition to Dr. Case, Mr. Quist and Ms. Iverson, the current executive officers of the Company include:

Scott G. Larson, 41, who started as Controller with the Company in October 1995, was promoted to Director of Financial Reporting in February 2000, and was promoted to Vice President--Finance and Chief Financial Officer in August 2000. Mr. Larson was Controller of Medisys, Inc., a publicly traded medical device company, from 1991 until joining the Company.

PROPOSAL II--APPROVAL OF THE AMENDMENT TO THE COMPANY'S STOCK OPTION PLAN

INTRODUCTION

On February 15, 2000, the Company's Board of Directors approved, subject to shareholder approval, an amendment to the Company's 1998 Stock Incentive Plan (the "1998 Plan") that will increase the number of shares reserved for issuance under awards granted thereunder by 375,000 shares. The 1998 Plan is intended to assist in attracting, retaining and providing an incentive to employees, management personnel and other personnel capable of assuring the future success of the Company.

Although the 1998 Plan reserves a total of 750,000 shares for issuance under awards (including options) granted under the 1998 Plan, at March 31, 2002, there remained only 129,208 shares available under the 1998 Plan and Restated Stock Option Plan for future grant. Stock options have increasingly become an essential ingredient in the compensation packages for executive, technical and other personnel. Without the ability to grant additional options, the Board of Directors of the Company does not believe that it would have the appropriate tools to attract and retain these personnel. The Board of Directors is recommending the amendment to the 1998 Plan to provide enough authorization to cover anticipated option grants for the next few years.

SUMMARY OF THE 1998 PLAN

The 1998 Plan is administered by the Compensation Committee of the Board (the "Committee"). The Committee has the authority to select the

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

individuals to whom awards are granted, to determine the types of awards to be granted and the number of shares of Common Stock covered by such awards, to set the terms and conditions of such awards, to determine whether the payment of any amounts received under any award shall or may be deferred, and to establish rules for the administration of the 1998 Plan.

Although the 1998 Plan permits the granting of a variety of different types of awards, including stock appreciation rights (SARs), restricted stock and restricted stock units, performance awards, and dividend equivalents, all of the awards granted under the 1998 Plan have been stock options. The Committee may grant incentive stock options meeting the requirements of Section 422 of the Code, and stock options that do not meet such requirements (non-qualified stock options). Awards may be granted for no cash consideration or for such minimal cash consideration as may be required by applicable law. Awards may provide that upon the grant or exercise thereof the holder will receive cash, shares of Common Stock or other securities, awards or property, or any combination thereof, as the Committee shall determine.

The exercise price per share under any stock option, and the grant price of other awards under the 1998 Plan, may not be less than 100% of the fair market value of the Common Stock on the date of the grant of such option or other award. Determinations of fair market value under the 1998 Plan are made in accordance with methods and procedures established by the Committee.

Any employee, officer, consultant or independent contractor of the Company and its affiliates selected by the Committee is eligible to receive an award under the 1998 Plan. During the past two years, the Company has granted options to virtually all full-time employees. No person who is an employee of the Company at the time of grant may be granted any award or awards under the 1998 Plan, the value of which awards are based solely on an increase in the value of the shares after the date of grant of such awards, of more than 100,000 shares in the aggregate in any calendar year. The foregoing annual limitation specifically includes the grant of any "performance-based awards" within the meaning of Section 162(m) of the Code.

No award granted under the 1998 Plan may be assigned, transferred, pledged or otherwise encumbered by the individual to whom it is granted, otherwise than by will or the laws of descent and distribution, except that the Committee may permit the designation of a beneficiary. Each award is exercisable, during such individual's lifetime, only by such individual or, if permissible under applicable law, by such individual's guardian or legal representative.

The Board of Directors may amend, alter or discontinue the 1998 Plan at any time, provided that shareholder approval must be obtained for any such action that would (1) cause Rule 16b-3 under the Exchange Act to become unavailable with respect to the 1998 Plan; (2) violate the rules or regulations of the Nasdaq National Market, any other securities exchange or the National Association of Securities Dealers, Inc. applicable to the Company; or (3) cause the Company to be unable, under the Code, to grant incentive stock options under the 1998 Plan. The Committee may correct any defect, supply any omission, or reconcile any inconsistency in the 1998 Plan or any award agreement in the manner and to the extent it shall deem desirable to carry the 1998 Plan into effect. The Committee may waive any condition of, or rights of the Company under any outstanding award, prospectively or retroactively, but the Committee may not amend or terminate any outstanding award, prospectively or retroactively, without the consent of the holder or beneficiary of the award.

The grant of an option or SAR is not expected to result in any taxable income to the recipient. The holder of an incentive stock option generally will have no taxable income upon exercising the incentive stock option (except that a liability may arise pursuant to the alternative minimum tax), and the Company

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

will not be entitled to a tax deduction when an incentive stock option is exercised. Upon exercising a non-qualified stock option, the optionee must recognize ordinary income equal to the excess of the fair market value of the shares of Common Stock acquired on the date of exercise over the exercise price, and the Company will be entitled at that time to a tax deduction in the same amount. Upon exercising a SAR, the amount of any cash received and the fair market value on the exercise date of any shares of Company Common Stock received are taxable to the recipient as ordinary income and deductible by the Company. The tax consequence to an optionee upon a disposition of shares acquired through the exercise of an option or SAR will depend on how long the shares have been held and upon whether such

4

shares were acquired by exercising an incentive stock option or by exercising a non-qualified stock option or SAR. Generally, there will be no tax consequence to the Company in connection with disposition of shares acquired under an option, except that the Company may be entitled to a tax deduction in the case of a disposition of shares acquired under an incentive stock option before the applicable incentive stock option holding periods set forth in the Code have been satisfied.

Under the 1998 Plan, the Committee may permit participants (other than Non-Employee Directors) receiving or exercising awards, subject to the discretion of the Committee and upon such terms and conditions as it may impose, to surrender shares of the Company's Common Stock (either shares received upon the receipt or exercise of the award or shares previously owned by the optionee) or other property to the Company to satisfy federal and state tax obligations. In addition, the Committee may grant, subject to its discretion and such rules as it may adopt, a bonus to a participant in order to provide funds to pay all or a portion of federal and state taxes due as a result of the receipt or exercise of (or lapse of restrictions relating to) an award. The amount of any such bonus will be taxable to the participant as ordinary income, and the Company will have a corresponding deduction equal to such amount (subject to the usual rules concerning reasonable compensation).

THE AFFIRMATIVE VOTE OF THE HOLDERS OF A MAJORITY OF THE SHARES OF THE COMMON STOCK REPRESENTED AT THE ANNUAL MEETING AND ENTITLED TO VOTE IS NECESSARY FOR APPROVAL OF THE AMENDMENT TO THE OPTION PLAN DESCRIBED ABOVE. PROXIES WILL BE VOTED IN FAVOR OF SUCH PROPOSAL UNLESS OTHERWISE INDICATED. THE BOARD RECOMMENDS THAT THE COMPANY'S SHAREHOLDERS VOTE FOR THE PROPOSAL TO AMEND THE STOCK OPTION PLAN AS DESCRIBED ABOVE.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT OF THE BOARD OF DIRECTORS

The Company's executive compensation policies are recommended and administered by the Compensation Committee of the Board of Directors. The Compensation Committee is currently composed of two independent, outside directors.

The principal objective of the Company's compensation policy is to increase shareholder value by providing an incentive to officers and employees to maximize the Company's performance. The Committee annually reviews compensation surveys for officer positions in the electronics industry to provide a basis for comparison of the compensation levels of the Company's management. Although the Committee has discretion to set executive compensation

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

at levels warranted by external, internal and individual circumstances, it has traditionally set the salaries of executive officers at or slightly below industry averages and provided for significant variable compensation through stock options and cash bonuses. The form of compensation provided to members of management varies based on their position and their ability to influence performance.

The Company's executive officer compensation program can be separated into several elements: base salary, annual cash incentive compensation, long-term incentive compensation in the form of stock options, and various benefits, including medical and retirement savings plans generally available to employees.

Base Salary

The Company's policy is to set the base salaries of its executives at or slightly below industry average. Mr. Quist's base salary during 2001 was set by the Committee at the beginning of the fiscal year at \$230,000, which the Committee believes continues to place his salary slightly below the median of salaries for chief executive officers in the electronics industry at similarly sized companies. Such salary represented a \$15,000, or 7%, increase over Mr. Quist's base salary for 2000. Nevertheless, as part of efforts to reduce expense, all executive officers of the Company agreed to a 10% decrease in salary commencing in May 2001. The net effect was a reduction in Mr. Quist's salary from the 2000 to 2001 years.

Cash Incentive Compensation

The Compensation Committee establishes an executive bonus plan annually. The bonus plan assigns to each executive, based upon the Committee's determination of the size of bonus appropriate for the position held by the executive, a target dollar amount bonus objective and the proportions of the bonus objective that may be

5

received by achievement of company financial goals and individual performance goals. The Committee creates a matrix of multipliers for the portion of the bonus based on Company financial performance as a function of increase in net income before interest and income taxes ("NIBIT") and revenue. For any given increase in NIBIT and revenue, the matrix will dictate a multiplier (which is equal to 1 at 25% growth in revenue and 16% NIBIT) that is applied to the Company financial performance portion of base dollar amount bonus objective to determine the bonus awarded. No bonus based on financial performance is payable for less than a combined 5% revenue increase and less than a 6% NIBIT. For executives, the Committee, with input from the executive, also assigns specific individual performance goals that will result in payment of a bonus if achieved.

Seventy percent of Mr. Quist's bonus was based on achievement of the financial performance objectives and thirty percent upon individual performance objectives, with a targeted bonus of \$100,000. Because the Company's revenues declined and it recorded a loss during 2001, no bonuses were paid to Mr. Quist, or other executives, based on financial performance and the executives, including Mr. Quist, agreed to forgo any bonuses based on individual performance goals.

Stock Incentive Compensation

The Company provides long-term incentive to its executive officers

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

primarily through its Restated Stock Option Plan and its 1998 Stock Incentive Plan (collectively, the "Option Plans"). Under the Option Plans, the Compensation Committee may make discretionary awards of stock options to executive officers based on the number of options and shares currently held by the executive and also on performance factors similar to those used to determine salaries and annual cash incentives. The Compensation Committee has not fixed, or predetermined, the amount of shares to be available for option grants in any year. The Committee has, however, reviewed industry statistics regarding the appropriate size of the Option Plan in terms of outstanding shares and the appropriate size of grants to executive officers and to employees as a whole. The Company's options generally vest over a period of four years and expire five to ten years after the date of grant. All options are granted with an exercise price equal to fair market value on the date of grant.

Mr. Quist received options to purchase 13,500 shares of common stock in 2001. These options were granted for retention purposes and to provide additional incentive during periods when officers were receiving reduced cash compensation and while the market price for the Company's common stock was depressed.

Benefits

The Company provides medical and retirement savings benefits to executive officers on terms generally available to employees. No executive officer received perquisites in excess of 10% of salary during 2001.

SUMMARY

The Compensation Committee believes that the compensation program for executive officers during the 2001 year achieved the principal objectives for which it was designed.

Erwin A. Kelen
Michael M. Selzer, Jr.

AVANTI OPTICS CORPORATION. On August 7, 2000, the Company entered into an organization agreement with Avanti Optics Corporation ("Avanti"), a newly formed entity for which Steven K. Case, the Chairman of the Company, serves as Chairman and Chief Executive Officer and for which Erwin A. Kelen, a director of the Company, serves as a director. Avanti was formed to pursue the development of products for the photonics markets. Steven K. Case and his family members acquired 13,500,000 shares, or approximately 65% of the outstanding shares, of Avanti for \$1,350,000 cash. Since July 2000, Dr. Case has devoted approximately half his work time to the affairs of Avanti and half to the Company, and his compensation from the Company has been reduced to half his compensation prior to the formation of Avanti.

Pursuant to the organization agreement, the Company received 3,800,000 shares of the common stock of Avanti in exchange for \$190,000 of cash, the right to hire certain Company employees, title to equipment the Company had used in photonics research, a potential business agreement with a telecommunications company for a photonics inspection system, and a license to use certain intellectual property the Company had developed for the electronics markets. The Company also agreed to partially fund development of a photonics inspection system that Avanti was pursuing in return for rights to the technology that was developed. The Company provided Avanti with a total of \$224,516 of funding under this arrangement in 2000, but terminated funding when the development effort was terminated. The Company also entered into a facilities agreement under which Avanti occupied office space at the Company's facilities in Minneapolis, Minnesota until February 2001 and paid the Company a total of \$17,500 for use of those facilities. Pursuant to a related Stockholders' Agreement, the Company has rights of first refusal and co-sale rights with respect to shares of Avanti held by Dr. Case, Mr. Kelen, and another Avanti shareholder.

The Organization Agreement provides the Company with a right of first refusal to purchase its pro rata portion of any private sale of Avanti securities and registration rights relating to the Avanti common stock that the Company holds. The Company exercised its right of first refusal with respect to the sale of an additional 200,000 shares by Avanti in September 2000, purchasing an additional 33,250 shares. In March 2001, Avanti raised additional equity capital, but the Company declined to participate and accordingly its ownership interest in Avanti declined to 14%. In December 2001, the Company declined a proposal from Avanti whereby the Company would provide a loan to Avanti with repayment terms and/or conversion rights based on certain future events. In February 2002, Avanti raised a third round of equity capital in which CyberOptics again declined to participate and accordingly its ownership interest in Avanti was further diluted to 13%. Avanti continues to provide the Company with funding proposals, and while there is no commitment to provide funding, the Company considers each proposal based upon its merits.

The Company believes that the agreements with Avanti are in the best interest of the Company and its shareholders and are on terms at least as favorable as could have been obtained from unaffiliated parties.

LOAN. In 1999, the Company advanced a total of \$150,000 to Michael D. Wetle, an officer of the Company, in connection with his relocation from Minneapolis to San Francisco. So long as Mr. Wetle remains an employee, \$30,000 of the loan is forgiven in each calendar year as compensation to Mr. Wetle for relocation costs, interest payable on the loan, and taxes associated with forgiveness of the loan

by the independent accountants during the last fiscal year were compatible with maintaining the independent accountants' independence.

Based upon the Audit Committee's discussion with management and the independent accountants and the Audit Committee's review of the representation of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual report on Form 10-K for the fiscal year ended December 31, 2001 filed with the Securities and Exchange Commission.
