Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of

The Medtronic Puerto Rico Employees' Savings and Investment Plan:

In our opinion, the accompanying statements of assets available for benefits and the related statements of changes in assets available for benefits present fairly, in all material respects, the assets available for benefits of The Medtronic Puerto Rico Employees' Savings and Investment Plan (the Plan) at April 30, 2006 and 2005, and the changes in assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Assets (Held at End of Year) as of April 30, 2006 and of Nonexempt Transactions for the year ended April 30, 2006 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Medtronic Puerto Rico Employees Savings and Investment Plan

Notes to Financial Statements

1. Description of the Plan

The following description of The Medtronic Puerto Rico Employees Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General and Eligibility

Edgar Filing: MEDTRONIC INC - Form 11-K

The Plan is a contributory defined contribution plan created by Medtronic, Inc. (the Parent Company). Generally, the Plan covers all regular employees of Medtronic Puerto Rico Operations Company Puerto Rico Branch (the Company). Prior to January 1, 2006, employees with at least three months of service were eligible to participate in the Plan. Employees hired on or after January 1, 2006 are eligible upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

As discussed in Note 7, on June 1, 2006, the Medtronic Puerto Rico, Inc. Retirement Plan was merged with the Plan.

Administration of Plan Assets

The Qualified Plan Committee (the Committee) of the Parent Company oversees the administration of the Plan. The Committee appointed Banco Popular de Puerto Rico (hereinafter referred to as the Trustee) as Trustee of the Plan assets. Transactions are executed by the Trustee of the Plan, as directed by the Parent Company in its capacity as Plan Administrator. Vanguard Fiduciary Trust Company (hereinafter referred to as Vanguard Trust) has been appointed as Recordkeeper for the Plan and to provide participant services, education and communication services. Vanguard Trust maintains a separate account in the name of each participant in the Plan to record the assets allocated to the participant and the earnings and losses thereon, and expenses credited thereto.

Contributions

The Plan provides a regular savings program for the employees of the Company under which participants may contribute up to 10% of their qualified compensation through payroll deductions. Participants direct their contributions into eleven various investment options offered by the Plan. The participants may change their investment decisions at any time prior to May 1, 2005, and thereafter once a month, by contacting Vanguard Trust. However, any funds exchanged out of the Medtronic Interest Income Fund must remain invested in another investment alternative for a period of at least three months before being moved to the Vanguard Total Bond Market Index Fund. Participants are also limited to two transfers a month in or out of the Medtronic Common Stock Fund. In addition, effective September 30, 2005, participants who exchange any amount out of a Vanguard mutual fund must wait 60 calendar days before exchanging back into the same fund. As discussed in Note 3, the Medtronic Interest Income Fund and Medtronic Common Stock Fund became part of the Medtronic, Inc. Master Trust Fund effective May 1, 2004. Participants receive Company matching contributions based on each participant's contributions up to 6% of eligible compensation. Company matching contributions range from 50% to 75% of participant contributions, depending upon the achievement of certain Company performance goals. Participants direct the investment of their Company matching contributions into the same eleven investment options available for their elective contributions.

Subject to prior discretionary approval of the Plan Administrator and subject to Plan provisions, a participant may contribute amounts to the Plan from another qualified plan (rollover contributions).

During the fiscal year ended April 30, 2006, a prohibited transaction occurred between the Plan and the Company in the form of a late deposit for \$72,767 related to participant contributions under Section 1165 (a) of the Puerto Rico Internal Revenue Code. The deposit and lost interest income were subsequently contributed to the Plan during the fiscal year ended April 30, 2006.

Participant Accounts

Each participant account is credited with the participant's contributions and the Company's matching contributions, as well as earnings and losses thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

7

Vesting and Forfeitures

Participants are 100% vested in their contributions, including earnings and losses thereon, at all times. Active participants vest in the Company contributions, including earnings and losses thereon, at a rate of 20% per year and become fully vested in all Company contributions after five years of service. Participants also become fully vested on normal retirement date, death, total disability, termination of the Plan or complete discontinuance of employer contributions. Participant forfeitures of nonvested amounts may be used

Edgar Filing: MEDTRONIC INC - Form 11-K

at the Plan Administrator's election to reduce any reasonable administrative expenses of the Plan, reduce employer contributions, or make an additional matching contribution to active participants' accounts. The balance of unallocated forfeited nonvested accounts for the years ended April 30, 2006 and 2005 amounted to \$17,000 and \$37,000, respectively. Administrative expenses of \$29,000 and \$4,000, during fiscal years 2006 and 2005, respectively, were funded by forfeitures.

Distributions

Active participants can request a partial or total withdrawal of their after-tax contributions account, rollover contributions account and the vested portion of their employer matching contributions account by giving prior notice to the Plan Administrator, with the exception that vested employer contributions are only distributed for a demonstrated financial need related to health, education, or welfare of the Participant or the Participant's dependents.

Active participants may also take hardship withdrawals from their pre-tax contributions account if they incur immediate and severe financial needs that cannot be met through other available sources in the Plan, including available loan provisions. The amount of hardship withdrawal cannot exceed the amount of financial need.

Upon termination, retirement or upon incurring total disability, participants may receive distribution of their account in a lump sum payment, or, prior to January 1, 2006, an immediate annuity purchase from an insurance company or a combination of such methods of payment at the discretion of the participant.

Participant Loans

Participants are limited to one outstanding loan and can borrow up to 50% of their vested account balance, not to exceed the maximum loan amount of \$50,000. The minimum loan amount is \$1,000. Loans are repaid through payroll deductions in equal amounts, typically over one to five years. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. As of April 30, 2006, loans receivable were due at various dates through 2011, with interest rates ranging from 4.0% to 7.75%.

Plan Termination

The Plan provides that the Board of Directors of Medtronic, Inc. can terminate the Plan. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event the Plan is terminated and there is not a successor plan, participants would become fully vested in their accounts. Benefits would be distributed at that time in accordance with the Plan provisions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments Valuation and Investment Income

The Plan's investments are stated at fair value, except for investment contracts held by the Medtronic Interest Income Fund, which are valued at contract value. Shares of mutual funds (registered investment companies) are valued at quoted market prices, which represent the net asset value of shares held by the Plan. The Plan's interest in the Medtronic, Inc. Master Trust Fund is valued at its unit closing price (comprised of the aggregate fair value of their respective underlying investments, except for investment contracts which are valued at contract value, plus any uninvested cash position). The common shares of Medtronic, Inc. held by the Medtronic Common Stock Fund are valued at their quoted market price. Participant loans receivable are valued at estimated fair value, consisting of outstanding principal

and related unpaid interest.

8

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is accrued on the ex-dividend date. Capital gain distributions are included in dividend income. The Plan presents in the Statements of Changes in Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Administrative Expenses

Plan expenses, excluding participant loan fees, are paid for by the Plan. Forfeitures may be used to pay such expenses. Plan expenses may also be paid for by the Company. Participants with loans pay an origination and annual loan fee for loan administration and maintenance from their respective Plan accounts.

Payment of Benefits

Benefit payments are recorded upon distribution.

Risks and Uncertainties

The Plan provides for various investment options representing varied combinations of stocks, including Medtronic, Inc. common stock, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty, it is reasonably possible that changes in risks could materially affect participants' account balances and the amounts reported in the Statements of Assets Available for Benefits and the Statements of Changes in Assets Available for Benefits.

Concentration of Market Risk

As of April 30, 2006 and 2005, approximately 12% and 14%, respectively, of the Plan's assets were invested in the common stock of Medtronic, Inc. The underlying value of the Medtronic Common Stock Fund, which is part of the Medtronic, Inc. Master Trust Fund, is entirely dependent on the performance of Medtronic, Inc. and the market's evaluation of such performance. It is reasonably possible that changes in the fair value of Medtronic, Inc. common stock could materially affect participants' account balances and the amounts reported in the Statement of Assets Available for Benefits and the Statement of Changes in Assets Available for Benefits.

3. Plan's Interest in Master Trust

Effective May 1, 2004, Plan assets previously invested in the Medtronic Interest Income Fund and Medtronic Common Stock Fund were transferred into the Medtronic, Inc. Master Trust Fund which also includes certain assets of the Medtronic, Inc. Savings and Investment Plan. Vanguard Trust is the Trustee and Recordkeeper for the assets held in the Medtronic, Inc. Master Trust Fund and maintains a separate account for the associated Plan assets and liabilities. As of April 30, 2006 and 2005, the Plan assets within the Medtronic, Inc. Master Trust Fund included Medtronic, Inc. common stock. At April 30, 2006 and 2005, the Plan's interest in the net assets of the Medtronic, Inc. Master Trust was 0.6% and 0.5%, respectively.

The Medtronic, Inc. Master Trust Fund is invested in four funds—the Medtronic Interest Income Fund, Medtronic Common Stock Fund, Medtronic Dividend Stock Fund, and the Medtronic ESOP Fund. The Plan does not have investments in the Medtronic Dividend Stock Fund or Medtronic ESOP Fund. The Medtronic Common Stock Fund and Medtronic ESOP Fund are both fully invested in Medtronic, Inc. common stock. The Medtronic Dividend Stock Fund consists of amounts accumulated from cash dividends received from the Medtronic ESOP Fund and are temporarily invested in money market securities. These funds will later be reinvested, into participant

Edgar Filing: MEDTRONIC INC - Form 11-K

accounts, within the Medtronic ESOP Fund in the form of Medtronic, Inc. common stock. The investments in the Medtronic Interest Income Fund consist of guaranteed investment contracts issued by financial institutions, synthetic guaranteed investment contracts issued by financial institutions which are backed by investment-grade, fixed-income securities and bond mutual funds, and money market securities. These investment contracts are valued at their contract values as these investments have fully benefit-responsive features. Interfund transfers within the master trust generally relate to transfers initiated by participants of their account balances either into Plan investment options which are part of the master trust or into other Plan investment options which are not part of the master trust.

All investment transactions are managed by the Trustee and qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules. In addition, as noted previously, the Medtronic, Inc. Master Trust Fund invests in the common stock of the Parent Company.

During the years ended April 30, 2006 and April 30, 2005, the Plan had transactions with Vanguard Trust, the Plan's Recordkeeper, which are allowed by the Plan and the Internal Revenue Code. The Puerto Rico Treasury Department has determined that the Plan and the related trust are designed in accordance with Section 1165 (a) of the Puerto Rico Internal Revenue Code of 1994 and are, therefore, exempt from Puerto Rico income taxes. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Puerto Rico Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
