<b>Report of Independent Auditors</b>	

Board of Directors and Stockholders  
Chelsea Property Group, Inc.

We have audited the accompanying combined statements of revenues and certain expenses of the properties known as Las Vegas Outlet World and Memphis Outlet World, (collectively, the Properties ), as described in Note 1, for the year

ended December 31, 2002. The financial statement is the responsibility of the Properties management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying combined statement of revenues and certain expenses was prepared for the purposes of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in Form 8K/A of Chelsea Property Group, Inc. and is not intended to be a complete presentation of the Properties revenues and expenses.

In our opinion, the combined statement of revenues and certain expenses referred to above presents fairly, in all material respects, the revenues and certain expenses of Las Vegas Outlet World and Memphis Outlet World, as described in Note 1, for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States.

### **Notes to Combined Statements of Revenues and Certain Expenses**

*(Amounts in thousands)*

#### **1. Organization and Basis of Presentation**

Presented herein are the combined statements of revenues and certain expenses related to the operations of two factory outlets center properties which are known as Las Vegas Outlet World ( Las Vegas ) and Memphis Outlet World ( Lakeland ) (collectively, the Properties ). The Properties are managed by Belz Enterprises and are under common ownership. The Properties are not legal entities but rather two individual operating retail centers that are under contract to be purchased by Chelsea Property Group, Inc.

Las Vegas has approximately 477,000 square feet of gross leasable area and is located in Las Vegas, Nevada. Lakeland has approximately 319,000 square feet of gross leasable area and is located in Lakeland, Tennessee.

The accompanying combined statements of revenues and certain expenses have been prepared in accordance with the applicable rules and regulations of the Securities and Exchange Commission for the acquisition of real estate properties. Accordingly, the combined statements of revenues and certain expenses exclude certain expenses that may not be comparable to those expected to be incurred in the future operations of the aforementioned Properties. Items excluded consist of guaranteed rental income, interest, depreciation, amortization, and management fees.

#### **2. Use of Estimates**

The preparation of the combined statements of revenues and certain expenses in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the combined statement of revenues and certain expenses and accompanying notes. Actual results could differ from those estimates.

#### **3. Revenue Recognition**

Leases with tenants are accounted for as operating leases. Base rent is recognized on a straight-line basis over the lease term according to the provisions of the lease. The excess amounts contractually due over rents recognized was \$13 for the year ended December 31, 2002 and \$32 for the six months ended June 30, 2003 (unaudited). Certain lease agreements contain provisions for rents, which are calculated on a percentage of sales and recorded on the accrual basis. These rents are accrued monthly once the required thresholds per the lease agreement are exceeded. Virtually all lease agreements contain provisions for additional rents representing reimbursement of real estate taxes, insurance, advertising and common area maintenance costs.

#### **4. Risks and Uncertainties**

The Properties results of operations are significantly dependent on the overall health of the retail industry. The Properties tenants are comprised almost exclusively of merchants in the retail industry. The retail industry is subject to external factors such as inflation, consumer confidence, unemployment rates and consumer tastes and preferences. A decline in the retail industry could reduce merchant sales, which could adversely affect the operating results of the Properties. A number of merchants occupied space in the Properties; however, no single merchant accounts for more than 10% of the combined base rents for both the year ended December 31, 2002 and the six months ended June 30, 2003 (unaudited). One tenant occupies approximately 11% of the combined gross leasable area for both the year ended December 31, 2002 and the six months ended June 30, 2003 (unaudited).

(continued)

**5. Lease Agreements**

The Properties lease retail stores under operating leases with term expiration dates ranging from 2003 to 2013. Most leases are renewable for five to seven years after expiration of the initial term at the lessee's option. Future minimum lease receipts under non-cancelable operating leases as of December 31, 2002, exclusive of renewal option periods, were as follows:

2003.....	\$10,252
2004.....	6,809
2005.....	6,155
2006.....	4,939
2007.....	2,860
Thereafter.....	5,299
	-----
	\$36,314
	=====

**6. Commitments and Contingencies**

The Properties are not presently involved in any material litigation nor, to management's knowledge, are any material litigation threatened against the Properties, other than routine legal matter arising in the ordinary course of business. Management believes the costs, if any, incurred by the Properties related to any of this litigation will not materially affect the operating results of the Properties.

**7. Interim Unaudited Financial Information**

The combined financial statement for the six months ended June 30, 2003 is unaudited, however, in the opinion of management, all adjustments (consisting solely of normal, recurring adjustments) necessary for the fair presentation of the combined financial statement for the interim period have been included. The results of the interim period are not necessarily indicative of the results to be obtained for a full fiscal year.

**Notes to Statements of Revenues and Certain Expenses**

*(Amounts in thousands)*

**1. Organization and Basis of Presentation**

Presented herein are the statements of revenues and certain expenses related to the operations of a factory outlet center which is known as The Crossings Factory Stores (the Property). The Property is owned and managed by the privately held Outletter Associates, LP. The Property has approximately 390,000 square feet of gross leasable area and is located in Tannersville, Pennsylvania.

The accompanying statements of revenues and certain expenses have been prepared in accordance with the applicable rules and regulations of the Securities and Exchange Commission for the acquisition of real estate properties. Accordingly, the statements of revenues and certain expenses exclude certain expenses that may not be comparable to those expected to be incurred in the future operations of the aforementioned Property. Items excluded consist of interest, depreciation, amortization, and management fees.

**2. Use of Estimates**

The preparation of the statements of revenues and certain expenses in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the statement of revenues and certain expenses and accompanying notes. Actual results could differ from those estimates.

**3. Revenue Recognition**

Leases with tenants are accounted for as operating leases. Base rent is recognized on a straight-line basis over the lease term according to the provisions of the lease. The excess of rents recognized over amounts contractually due was \$157 for the year ended December 31, 2002 and \$49 for the five months ended May 31, 2003 (unaudited). Certain

lease agreements contain provisions for rents, which are calculated on a percentage of sales and recorded on the accrual basis. These rents are accrued monthly once the required thresholds per the lease agreement are exceeded. Virtually all lease agreements contain provisions for additional rents representing reimbursement of real estate taxes, insurance, advertising and common area maintenance costs.

#### 4. Ground Lease

The Property leases a parking lot adjacent to the Property. The ground lease commenced in 1994 and terminates in 2009 and allows for renewal terms of up to 85 years. The Property is required to pay an annual rent of \$18,000 under such lease.

#### 5. Risks and Uncertainties

The Property's results of operations are significantly dependent on the overall health of the retail industry. The Property's tenants are comprised almost exclusively of merchants in the retail industry. The retail industry is subject to external factors such as inflation, consumer confidence, unemployment rates and consumer tastes and preferences. A decline in the retail industry could reduce merchant sales, which could adversely affect the operating results of the Property. A number of merchants occupied space in the

#### 7. Commitments and Contingencies

The Property is not presently involved in any material litigation nor, to its knowledge, is any material litigation threatened against the Property, other than routine legal matters arising in the ordinary course of business. Management believes the costs, if any, incurred by the Property related to any of this litigation will not materially affect the operating results of the Property.

## **8. Interim Unaudited Financial Information**

The financial statement for the five months ended May 31, 2003 is unaudited, however, in the opinion of management, all adjustments (consisting solely of normal, recurring adjustments) necessary for the fair presentation of the financial statement for the interim period have been included. The results of the interim period are not necessarily indicative of the results to be obtained for a full fiscal year.

### **Chelsea Property Group, Inc. Pro forma Consolidating Financial Statements (Unaudited)**

The unaudited pro forma consolidating balance sheet of Chelsea Property Group, Inc. (the Company) as of June 30, 2003 has been prepared as if the Company purchased two factory outlet centers, Belz Factory Outlet World - Las Vegas (Las Vegas) and Belz Factory Outlet World - Lakeland (Lakeland) (collectively, the Belz Properties) on June 30, 2003. The pro forma consolidating income statements for the six months ended June 30, 2003 and for the year ended December 31, 2002 are presented as if the purchases of The Crossings Factory Stores (The Crossings) (acquired June 12, 2003) and the Belz Properties (acquired August 1, 2003) and the \$50.0 million common stock issuance, occurred on January 1, 2002 and the effect thereof was carried forward.

The Company acquired The Crossings, a 390,000 square-foot outlet center located in Tannersville, Pennsylvania for approximately \$111.3 million, including closing costs, and the assumption of \$60.7 million of non-recourse mortgage debt, using net equity proceeds of \$49.4 million and borrowings on the senior bank credit facility of approximately \$1.2 million. The Company acquired the Belz Properties for a total purchase price of \$107.8 million, including closing costs, and the assumption of approximately \$24.4 million non-recourse mortgage debt using borrowings from a \$100.0 million one-year bridge loan facility. The Las Vegas and Lakeland properties contain approximately 477,000 square feet and 319,000 square feet of gross leasable area, respectively. The Lakeland property is expected to be marketed for sale shortly after closing.

The pro forma consolidating financial statements do not purport to represent what the Company's financial position or results of operations would have been assuming the purchase of the properties had occurred at the beginning of the period indicated, nor do they purport to project the Company's financial position or results of operations at any future date or for any future period. The pro forma consolidating financial statements should be read in conjunction with the Company's consolidated financial statements for the year ended December 31, 2002 included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.
