Exhibit 99.1

April 11, 2002

Dear Shareholder:

The Company is pleased to announce the resumption of quarterly dividends for the first quarter of year 2002. Your check or statement representing \$0.05 per share is enclosed.

Our accomplishments in 2001 have provided the foundation that is responsible for a continuing rapid, universal turn-around into 2002. Net profits for the first quarter are up and ahead of budget. Management believes that asset quality has improved to a level of risk that is moderate, decreasing, and acceptable. The stabilization of interest rates by the Federal Reserve System over the past few months has had a positive impact on interest margins and the Company's profitability. Management believes that the Company's infrastructure and internal controls now meet or exceed the standards that were adopted in our strategic planning objectives early last year.

A very successful conversion of the Bank's core applications data processing system was completed in February. The upgrade has equipped the Company with the means to provide more efficient, cost effective customer service that will appropriately serve current and future operating requirements. Our employees, at all levels, are the key to our success and they continue to become a stronger, more efficient, and productive team.

The Company continues to progress because we have: (1) the right culture, (2) the right leadership, (3) the right people, (4) the right banking processes, and (5) shareholder support. Please assist us in promoting the Bank by encouraging your family, friends, and business associates to bank with CSB.

Thank you for your ongoing loyalty and support. We look forward to seeing you at the Annual Meeting of Shareholders on April 24th.

Sincerely,

/s/ C. James Bess
