Exhibit 99.1

[CSB BANCORP, INC. LETTERHEAD]

January 10, 2003

Dear Shareholder:

The Company experienced a successful fourth quarter with earnings of \$406,000. This compares to 2001 earnings for the same period of \$253,000; a 60% increase. Unaudited earnings totaled \$1,923,000 for 2002, compared to 2001 earnings of \$1,059,000; an 82% increase. As a result of our dramatically improved earnings, the Company has declared a fourth quarter dividend of \$0.10 per share. Please find your check or statement enclosed.

Preparations for continuing to improve the Company's operating performance in 2003 are well underway. The Board and Management are currently evaluating various strategic options to build the Company, improve efficiency and enhance franchise and shareholder value.

Although we cannot predict the future, and in spite of uncertain Federal Reserve monetary policy as well as pending national and international economic and security issues, we currently expect 2003 earnings to outperform 2002.

Earnings growth in 2003 is expected to stem from continuing improvement in the Bank's net interest margin and bank-wide operating efficiencies.

Thank you for your continuing confidence and support.

/s/ C. James Bess
