FORWARD-LOOKING STATEMENTS

This prospectus supplement and the short form base shelf prospectus to which it relates, together with the documents incorporated by reference herein and therein, contain statements about expected future events and financial and operating results of TELUS that are forward looking. By their nature, forward-looking statements require the Company to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions and other forward-looking statements will not prove to be accurate. Readers of this document are cautioned not to place undue reliance on forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the operating targets, expectations, estimates or intentions expressed in the forward-looking statements.

Assumptions underlying these statements about expected future events and financial and operating results include: economic growth consistent with recent provincial and national estimates by the Conference Board of Canada, including 2007 real GDP (gross domestic product) growth of 2.7% in Canada; increased wireline competition in both business and consumer markets, particularly from cable-TV and voice over Internet protocol (VoIP) companies; forbearance for local retail wireline services in major urban incumbent markets by the second half of 2007; no further price cap mandated consumer price reductions; a wireless industry market penetration gain of 4.5 to five percentage points; approximately \$50 million restructuring and workforce reduction expenses; statutory tax rate of 33 to 34%; a discount rate of 5.0% and an expected long-term average return of 7.25% for pension accounting, unchanged from 2006; and average shares outstanding of 330 to 335 million shares. Earnings per share (EPS), cash balances, net debt and common equity may be affected by the potential purchases of up to 24 million TELUS shares over a 12-month period under the normal course issuer bid that commenced December 20, 2006.

Table of Contents

Factors that could cause actual results to differ materially include but are not limited to: competition; economic growth and fluctuations (including pension performance, funding and expenses); capital expenditure levels (including possible spectrum asset purchases); financing and debt requirements (including share repurchases, debt redemptions, potential issuance of commercial paper and changes to credit facilities); tax matters (including acceleration or deferral of required payments of significant amounts of cash taxes); human resource developments (including possible labour disruptions); technology (including reliance on systems and information technology); regulatory developments (including local forbearance, local price cap reductions, wireless number portability and the timing, rules, process and cost of future spectrum auctions); process risks (including internal reorganizations, conversion of legacy systems and billing system integrations); health, safety and environmental developments; litigation and legal matters; business continuity events (including manmade and natural threats); and other risk factors discussed herein, in the short form base shelf prospectus to which it relates and in the documents incorporated by reference herein and therein, and listed from time to time in TELUS reports, public disclosure documents or other filings with securities commissions in Canada (filed on SEDAR at www.sedar.com) and the United States (filed on EDGAR at www.sec.gov).

Table of Contents

TELUS CORPORATION

TELUS was incorporated under the *Company Act* (British Columbia) (the BC Company Act) on October 26, 1998 under the name BCT.TELUS Communications Inc. (BCT). On January 31, 1999, pursuant to a court-approved plan of arrangement under the *Canada Business Corporations Act* among BCT, BC TELECOM Inc. (BC TELECOM) and TELUS Corporation (TC), BCT acquired all of the shares of each of BC TELECOM and TC in exchange for common shares and non-voting shares of BCT, and BC TELECOM was dissolved. On May 3, 2000, BCT changed its name to TELUS Corporation and in February 2005, the Company transitioned under the *Business Corporations Act* (British Columbia), successor to the BC Company Act. TELUS maintains its registered office at Floor 21, 3777 Kingsway, Burnaby, British Columbia, V5H 3Z7 and its executive office at Floor 8, 555 Robson Street, Vancouver, British Columbia, V6B 3K9.

TELUS is the largest incumbent telecommunications company in western Canada and one of the largest telecommunications companies in Canada. It provides a wide range of wireline and wireless telecommunications products and services including data, IP, voice, video and entertainment services.

TELUS is organized into four customer facing business units:

Consumer Solutions, which provides wireline and wireless IP service, voice and entertainment services to households and individuals across Canada;

Business Solutions, which delivers innovative wireline and wireless data, IP, voice and business process in-sourcing solutions to small and medium-sized businesses and entrepreneurs and brings customized wireline, wireless, voice, data, IP, Information Technology and e.business solutions to large multinational, corporate and public sector customers;

TELUS Québec, which focuses on the unique needs of the Québec marketplace by offering targeted businesses and consumers comprehensive and integrated wireless and wireline telecommunications solutions, including data, Internet and voice; and

Partner Solutions, which provides services to wholesale customers, including telecommunications carriers, resellers, Internet service providers, wireless communications companies, competitive local access providers and cable-TV operators.

These customer facing business units receive essential support from the business capabilities units comprised of Network Operations, Business Transformation and Technology Strategy, as well as from the business enabling units comprised of Finance, Corporate Affairs (which includes public policy, law, regulation, government relations and corporate communications) and Human Resources.

Integration of TELUS Mobility and TELUS Communications

On November 24, 2005, TELUS announced the merger of the wireline and wireless segments of its business into a single operating structure (the wireline-wireless merger). This was partly effected by way of a legal entity restructure on March 1, 2006, at which time TELUS combined its wireline and wireless businesses which were formerly located in TELUS Communications Inc. (TCI) and TELE-MOBILE COMPANY (TELE-MOBILE) respectively (the 2006 legal entity restructure) into a new partnership, TELUS Communications Company (TCC). TCC is a partnership organized under the laws of B.C. whose partners are TCI and TELE-MOBILE. Immediately prior to the aforementioned 2006 legal entity restructure, 3817873 Canada Inc., a partner in TELE-MOBILE, was continued into Alberta as 1219723 Alberta ULC. TELUS owns 100 per cent of the partnership interest in TCC indirectly.

By combining its wireline and wireless businesses into a single operation in the wireline-wireless merger, which included the 2006 legal restructure, TELUS expects to be better able to leverage the ongoing convergence between wireline and wireless communications technology, more effectively compete with telecom and cable competition, differentiate the business from its competitors by having TCC provide wireline and wireless services to customers, and provide new services to customers regardless of the physical medium used to deliver the service. The combining of the wireline and wireless businesses in TCC should also improve operating effectiveness and efficiency.

On March 2, 2007, TELUS announced that it entered into a replacement five year \$2 billion unsecured credit facility (the 2007 Credit Facility) with a syndicate of 18 financial institutions, including affiliates of each of the Agents. The 2007 Credit Facility replaces TELUS \$1.6 billion previously existing credit facilities, which consisted of an \$800 million facility, which would have expired in May 2008 and an \$800 million facility, which would have expired in May 2010. The 2007 Credit Facility may be used for general corporate purposes including the backstop of commercial paper. The material terms of the 2007 Credit Facility are substantively the same as under TELUS previous credit facilities other than reduced pricing and an extension of the term to May 2012.

Intercompany Debt Restructuring

On March 2, 2007, TELUS and its subsidiary TELUS Communications Inc. announced that the net senior debt owing from TELUS Communications Inc. to TELUS, which stood at approximately \$2.6 billion as at December 31, 2006 (incorporating right of offset), was increased to approximately \$5 billion on a net basis as a result of a restructuring of the inter-company financing arrangements between the two companies. In addition, TELUS Communications Company has provided a guarantee of this senior inter-company indebtedness to TELUS. This restructuring does not change the amount of debt of TELUS on a consolidated basis.

RISK FACTORS

An investment in the Notes offered hereby involves certain risks. In addition to the other information contained in this prospectus supplement and in Management's Discussion and Analysis of financial results for the year ended December 31, 2006 incorporated herein by reference, prospective investors should carefully consider the following factors in evaluating TELUS and its business before making an investment in the Notes.

Structural Subordination of Notes

The Notes will be obligations exclusively of the Company. The Company's existing operations are currently conducted through its subsidiaries. Its ability to meet its debt service obligations, including payment of principal and interest on the Notes, is dependent upon the cash flow of its subsidiaries and the payment of funds by its subsidiaries to the Company in the form of loans, dividends, fees or otherwise. The Company's subsidiaries are separate and distinct legal entities and will have no obligation, contingent or otherwise, to pay any amounts due pursuant to the Notes or to make any funds available therefor, whether in the form of loans, dividends or otherwise. Because the Company's subsidiaries will not guarantee the payment of principal of or interest on the Notes, any right of the Company to receive assets of the subsidiaries upon their bankruptcy, liquidation or reorganization (and the consequent right of the holders of the Notes to participate in the distribution of proceeds from those assets) will be effectively subordinated to the claims of such subsidiaries' creditors (including tax authorities, trade creditors and lenders).

Bankruptcy and Related Laws

The Company is incorporated under the laws of the Province of British Columbia and its principal operating assets are located in Canada.

The rights of the Trustee (as defined herein) to enforce remedies are likely to be significantly impaired by the restructuring provisions of applicable Canadian federal bankruptcy, insolvency and other restructuring legislation if the benefit of such legislation is sought with respect to the Company. For example, both the *Bankruptcy and Insolvency Act* (Canada) and the *Companies Creditors Arrangement Act* (Canada) contain provisions enabling an insolvent person to obtain a stay of proceedings as against its creditors and others and to prepare and file a proposal for consideration by all or some of its creditors to be voted on by the various classes of its creditors. Such a restructuring proposal, if accepted by the requisite majorities of creditors and if approved by the court, would be binding on persons who might not otherwise be willing to accept it. Moreover, this proposal legislation permits, in certain circumstances, the insolvent debtor to retain possession and administration of its property, even though it may be in default under the applicable debt instrument.

The powers of the court under the *Bankruptcy and Insolvency Act* (Canada) and particularly under the *Companies Creditors Arrangement Act* (Canada) have been exercised broadly to protect a restructuring entity from actions taken by creditors and other parties. Accordingly, it is impossible to predict if payments under the Notes would be made following commencement of or during such a proceeding, whether or when the Trustee could exercise its rights under the Indenture or whether and to what extent holders of the Notes would be compensated for any delay, in payments of principal and interest.

Table of Contents**No Public Market**

There is no established trading market for the Notes. The Company does not intend to have the Notes listed for trading on any securities exchange or quoted on any automated dealer quotation system. The Agents have advised the Company that they presently intend to make a market in the Notes, but the Agents are not obligated to do so and any such market-making may be discontinued at any time at the sole discretion of the Agents. Accordingly, no assurance can be given as to the prices or liquidity of, or trading markets for, the Notes. The liquidity of any market for the Notes will depend upon the number of holders of such securities, the interest of securities dealers in making a market in the securities and other factors. The absence of an active market for the securities offered hereby could adversely affect their market price and liquidity.

Credit Ratings

There can be no assurance that the credit ratings assigned to the Notes will remain in effect for any given period of time or that the ratings will not be withdrawn or revised at any time. Real or anticipated changes in credit ratings on the Notes may affect the market value of the Notes. In addition, real or anticipated changes in credit ratings can affect the cost at which TELUS can access the capital markets. See Credit Ratings .

DETAILS OF THE OFFERING

The following description of the Notes is a brief summary of their material attributes and characteristics, which does not purport to be complete and is qualified in its entirety by reference to the Indenture (as defined herein). The following summary uses words and terms which have been defined in the Indenture. For full particulars, reference is made to the short form base shelf prospectus and to the Indenture.

General

The Notes offered hereby will be issued under the trust indenture dated May 22, 2001 (the Trust Indenture) between the Company and Montreal Trust Company of Canada (now Computershare Trust Company of Canada), as trustee (the Trustee), as supplemented by a series supplement in respect of each Series to be dated the series issuance date in respect of that Series (each a Supplemental Indenture) between the Company and the Trustee providing for, among other things, the creation and issue of the Notes of the relevant Series. The Trust Indenture is described in the short form base shelf prospectus. References herein to the Indenture in respect of any Series refer to the Trust Indenture as supplemented by the Supplemental Indenture in respect of that Series. The Company may, from time to time, without the consent of existing Noteholders, create and issue additional Notes of any Series under the Supplemental Indenture in respect of that Series, having the same terms and conditions as the relevant Series in all respects, except for such variations to such terms and conditions as may be required, in the reasonable opinion of the Company, to reflect the different issue dates of such additional Notes and the then existing Notes and any intention that all such additional Notes and the then existing Notes of the relevant Series be fungible for trading purposes. Additional Notes issued in this manner will be consolidated with and form a single series with the then existing Notes of the relevant Series and, if the Company acting reasonably determines that it is advisable or advantageous to do so, the Company may accept such additional Notes and the then existing Notes of the relevant Series in exchange for consolidated and restated replacement Notes reflecting the terms and conditions of such additional Notes and the then existing Notes of the relevant Series.

Principal, Maturity and Interest

The Series CC Notes will be initially limited to \$300 million aggregate principal amount (provided that the Company may in the future issue additional Notes of that Series up to any additional amount determined by the Company without the consent of existing holders), will be issued on the series issuance date, and will mature on March 15, 2012. The Series CC Notes will bear interest at the rate of 4.50% per annum from the series issuance date, payable in equal semi-annual instalments on March 15 and September 15 of each year to holders of record on the last day of the month immediately preceding the month in which the relevant Interest Payment Date occurs. The first interest payment on the Series CC Notes will be due on September 15, 2007, and will represent accrued interest from, and including, March 13, 2007 to, but excluding, September 15, 2007 and will be in the amount of \$22.74658 per \$1,000 of principal amount of the Series CC Notes.

Table of Contents

The Series CD Notes will be initially limited to \$700 million aggregate principal amount (provided that the Company may in the future issue additional Notes of that Series up to any additional amount determined by the Company without the consent of existing holders), will be issued on the series issuance date, and will mature on March 15, 2017. The Series CD Notes will bear interest at the rate of 4.95% per annum from the series issuance date, payable in equal semi-annual instalments on March 15 and September 15 of each year to holders of record on the last day of the month immediately preceding the month in which the relevant Interest Payment Date occurs. The first interest payment on the Series CD Notes will be due on September 15, 2007, and will represent accrued interest from, and including, March 13, 2007 to, but excluding, September 15, 2007 and will be in the amount of \$25.02123 per \$1,000 of principal amount of the Series CD Notes.

Principal and interest on the Notes will be payable in lawful money of Canada.

The series issuance date for both Series will be March 13, 2007. The closing of the issuance of the Series CC Notes is not conditional on the closing of the issuance of the Series CD Notes, or vice versa.

On maturity, the Company will repay the indebtedness represented by the Notes by paying the Trustee in lawful money of Canada an amount equal to the principal amount of the outstanding Notes plus any accrued and unpaid interest thereon. Interest will be computed on the basis of a 365-day calendar year. The yearly rate of interest that is equivalent to the rate payable under the Notes is the rate payable multiplied by the actual number of days in the year and divided by 365 and is disclosed herein solely for the purpose of providing the disclosure required by the *Interest Act* (Canada).

The Notes will be issued only in fully registered form, without coupons, in denominations of \$1,000 of principal amount and any integral multiple thereof.

Optional Redemption

Each Series may be redeemed at any time at the option of the Company, in whole or from time to time, in part, on not fewer than 30 nor more than 60 days prior notice at a redemption price equal to the greater of (a) the Discounted Value of the relevant Series, or (b) 100 % of the principal amount thereof. In addition, accrued and unpaid interest, if any, will be paid to the date fixed for redemption.

In the case of a redemption for less than all of the Notes of a Series, the Notes to be redeemed will be selected by the Trustee in such manner as the Trustee deems appropriate.

Discounted Value shall mean, in respect of the relevant Series, an amount equal to the sum of the present values of all remaining scheduled payments of principal and interest (not including any portion of the payment of interest accrued as of the redemption date) from the redemption date of the relevant Series to the respective due dates for such payments until maturity of the relevant Series computed on a semi-annual basis by discounting such payments (assuming a 365 day year) to the redemption date of the relevant Series at the Government of Canada Yield plus 15 basis points in the case of the CC Notes and 24 basis points in the case of the Series CD Notes.

Government of Canada Yield shall mean, with respect to any redemption date, the mid market yield to maturity on the third business day (the Determination Date) preceding the redemption date of the relevant Series, compounded semi-annually, which a non-callable Government of Canada Bond would carry if issued, in Canadian Dollars in Canada, at 100 % of its principal amount on such date with a term to maturity which most closely approximates the remaining term to maturity of the relevant Series from such redemption date as quoted by a dealer selected from time to time by the Company and approved by the Trustee at noon (Toronto time) on such Determination Date.

Tax Redemption

Each Series will be subject to redemption in whole, but not in part, at the option of TELUS at any time, on not fewer than 30 nor more than 60 days prior written notice, at 100 % of the principal amount, together with accrued interest thereon to the redemption date, in the event TELUS delivers to the Trustee an opinion of independent Canadian tax counsel experienced in such matters to the effect that TELUS has become or would become obligated to pay, on the next date on which any amount would be payable with respect to the outstanding Series any Additional Amounts as a result of a change in the laws (including any regulations promulgated thereunder) of Canada, or any province or territory thereof or therein or any agency thereof or therein having the power to tax, or any change in any official

Table of Contents

position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the original issuance of the Series; provided that TELUS determines, in its business judgment, that the obligation to pay such Additional Amounts cannot be avoided by the use of reasonable measures available to TELUS (not including substitution of the obligor under the Notes).

Purchase of Notes

The Company may, at any time and from time to time, purchase Notes in the market (which may include purchases from or through an investment dealer or a firm holding membership on a recognized stock exchange) or by tender or private contract, at any price, subject to applicable law.

Defeasance

The provisions described under Description of Debt Securities Defeasance in the short form base shelf prospectus are applicable to the Notes, including the condition that the Company will deliver to the Trustee an opinion of counsel to the effect that the holders of Notes will not recognize income, gain or loss for Canadian or United States federal income tax purposes as a result of such defeasance and will be subject to Canadian and United States federal income tax on the same basis as if such defeasance had not occurred.

Events of Default

Events of Default are described in the short form base shelf prospectus and reference is made to that document for a list of the events which constitute an Event of Default with respect to the Notes.

Negative Pledge

The Indenture contains provisions to the effect that the Company will not, nor will it permit any Restricted Subsidiary (as defined below) to create or assume any Lien (as defined in the short form base shelf prospectus) upon any present or future Principal Property (as defined in the short form base shelf prospectus), or any Property (as defined in the short form base shelf prospectus) which, together with any other Property subject to Liens in the same transaction or a series of related transactions, would in the aggregate constitute a Principal Property, of the Company or any Restricted Subsidiary, to secure Indebtedness (as defined in the short form base shelf prospectus) of the Company or a Restricted Subsidiary unless the Notes (together with, if the Company shall so determine, any other Indebtedness of the Company or any Restricted Subsidiary ranking equally with the Notes then existing or thereafter created), shall be concurrently secured equally and rateably with (or prior to) such other Indebtedness so long as such Lien is outstanding.

The restrictions set forth above shall not apply to certain permitted Liens, including:

- (i) Liens existing on the series issuance date for the Notes (namely March 13, 2007);
- (ii) Liens on any Property of any Person existing at the time such Person becomes a Restricted Subsidiary, or at the time such Person amalgamates or merges with the Company or a Restricted Subsidiary, which Liens are not created in contemplation of such Person becoming a Restricted Subsidiary or effecting such amalgamation or merger;
- (iii) Liens on any Property existing at the time such Property is acquired by the Company or a Restricted Subsidiary, or Liens to secure the payment of all or any part of the purchase price of such Property upon the acquisition of such Property by the Company or a Restricted Subsidiary or to secure any Indebtedness incurred prior to, at the time of, or within 270 days after, the later of the date of acquisition of such Property and the date such Property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Liens to secure any Indebtedness incurred for the purpose of financing the cost to the Company or a Restricted Subsidiary of improvements to such acquired Property or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the Property subject to such Liens;
- (iv) Liens securing any Indebtedness of a Restricted Subsidiary owing to the Company or to another Restricted Subsidiary;

Table of Contents

- (v) Liens on Property of the Company or a Restricted Subsidiary securing indebtedness or other obligations issued by Canada or the United States of America or any state or any department, agency or instrumentality or political subdivision of Canada or the United States of America or any state, or by any other country or any political subdivision of any other country, for the purpose of financing all or any part of the purchase price of, or, in the case of real property, the cost of construction on or improvement of, any property or assets subject to the Liens, including Liens incurred in connection with pollution control, industrial revenue or similar financings;
- (vi) Liens securing any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Indebtedness secured by any permitted Lien, including those referred to in the foregoing clauses (i), (ii), (iii), (iv) and (v); *provided, however*, that such new Lien is limited to the Property which was subject to the prior Lien immediately before such extension, renewal or replacement, and provided, further, that the principal amount of Indebtedness secured by the prior Lien immediately prior to such extension, renewal or replacement is not increased; and
- (vii) any other Liens not otherwise qualifying as a permitted Lien provided that, at the applicable time, the sum of (without duplication) (x) the aggregate principal amount of the Indebtedness secured by all such other Liens, plus (y) the Attributable Debt (as defined in the short form base shelf prospectus) determined at such time of the then outstanding Unrestricted Sale and Lease-Back Transactions (as defined under *Limitation on Sale and Lease- Back Transactions* below) to which the Company or a Restricted Subsidiary is a party, plus (z) the then outstanding principal amount of all other Indebtedness of Restricted Subsidiaries incurred in compliance with *Limitation on Restricted Subsidiary Indebtedness* below (other than any Indebtedness of Restricted Subsidiaries excluded from the calculations of such limitation on Restricted Subsidiary Indebtedness pursuant to the provisos contained therein), does not exceed 15% of the then applicable Consolidated Net Tangible Assets.

Restricted Subsidiary means (a) TELUS Communications Inc., (b) TELUS Communications Company, and (c) at any time any other Subsidiary (as defined in the short form base shelf prospectus) of the Company if, at the end of the most recent fiscal quarter for which the Company has issued its financial statements, the total assets of such Subsidiary exceeds 10% of the consolidated assets of the Company and its Subsidiaries, determined in accordance with Canadian generally accepted accounting principles consistently applied, provided that Restricted Subsidiary shall not include any Subsidiary that is principally engaged in the wireless business or TELUS Communications (Quebec) Inc.

Limitation on Restricted Subsidiary Indebtedness

The Indenture contains provisions to the effect that TELUS shall not permit any Restricted Subsidiary to, directly or indirectly, create, incur or assume any Indebtedness, unless after giving effect to the incurrence of such Indebtedness and the application of the proceeds therefrom, the sum of (without duplication) (x) the aggregate principal amount of Indebtedness of all Restricted Subsidiaries, plus (y) the then outstanding principal amount of Indebtedness of TELUS secured by Liens (other than any Lien constituting a Permitted Lien under any of clauses (a) to (cc) inclusive of the definition of Permitted Liens), plus (z) Attributable Debt relating to then outstanding Unrestricted Sale and Lease-Back Transactions of TELUS, would not exceed 15% of Consolidated Net Tangible Assets. This restriction does not affect the Permitted Indebtedness (as defined in the Supplemental Indenture in respect of the relevant Series) of Restricted Subsidiaries, which is (1) Indebtedness secured by any Lien constituting a Permitted Lien under any of clauses (a) to (cc) inclusive of the definition of Permitted Liens, (2) Indebtedness (excluding Indebtedness outstanding under commercial paper programs) of any Person existing on the series issuance date or at the time such Person becomes a Restricted Subsidiary, (3) Indebtedness owing to TELUS or to another Restricted Subsidiary, (4) commercial paper issued by the Restricted Subsidiaries not to exceed in the aggregate \$1 billion, and (5) any extension, renewal or replacement (including successive extensions, renewals or replacements), in whole or in part, of any Indebtedness of the Restricted Subsidiaries referred to in any of the preceding clauses (1), (2), (3) or (4) (provided that the principal amount of such Indebtedness immediately prior to such extension, renewal

or replacement is not increased).

Limitation on Sale and Lease-Back Transactions

Neither the Company nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction, except for:

- (i) any Sale and Lease-Back Transaction constituting a specified permitted Lien under the Indenture; or
- (ii) any Sale and Lease-Back Transaction that is not otherwise permitted under clauses (i) above or (iii) below and in respect of which the Company or such Restricted Subsidiary would, at the time it enters into such Sale and Lease-Back Transaction, be entitled to create a Lien on the Principal Property (or the properties, as the case may be) subject to such Sale and Lease-Back Transaction to secure Indebtedness at least equal in amount to the Attributable Debt in respect of such Sale and Lease-Back Transaction without being required to equally and rateably secure the Notes pursuant to the negative pledge described above (any Sale and Lease-Back Transaction entered into in compliance with this paragraph being an Unrestricted Sale and Lease-Back Transaction); or
- (iii) any Sale and Lease-Back Transaction if the Company or such Restricted Subsidiary shall apply or cause to be applied, in the case of a sale or transfer for cash, an amount equal to the greater of the fair market value of the Principal Property (or the properties, as the case may be) sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction or the net proceeds of such Sale and Lease-Back Transaction and, in the case of a sale or transfer otherwise than for cash, an amount equal to the fair market value of the Principal Property (or the properties, as the case may be) sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction, to (x) the retirement (other than any mandatory retirement), within 180 days after the effective date of such Sale and Lease-Back Transaction, of Indebtedness of the Company (which may but need not include the Debt Securities (as defined in the short form base shelf prospectus) of any Series) ranking on a parity with, or prior to, the Notes and owing to a Person other than the Company or any Affiliate of the Company, or (y) the purchase, construction or improvement of real property or personal property used by the Company or the Restricted Subsidiaries in the ordinary course of business.

Other Covenants

In addition to the covenants of the Company described above under Limitation on Restricted Subsidiary Indebtedness , under Negative Pledge , which supercedes the provisions described under Description of Debt Securities Negative Pledge in the accompanying short form base shelf prospectus, and under Limitation on Sale and Lease-Back Transactions which supercedes the provisions described under Description of Debt Securities Limitation on Sale and Lease-Back Transactions in the accompanying short form base shelf prospectus, there are certain additional covenants which are applicable to the Notes that are described in the short form base shelf prospectus and reference is made to that document for descriptions of such covenants.

Book-Entry System

Each Series will be issued in the form of one or more fully registered global securities (the Global Notes) to be held by, or on behalf of, CDS Clearing and Depository Services Inc. (CDS), as depositary and registered in the name of CDS 's nominee. Direct and indirect participants in CDS, including The Depository Trust Company (DTC), Euroclear Bank S.A./N.V., as operator of the Euroclear System (Euroclear) and Clearstream Banking, société anonyme (Clearstream, Luxembourg), on behalf of their respective accountholders, will record beneficial ownership of the Notes on behalf of their respective accountholders.

DTC, Euroclear and Clearstream, Luxembourg

Noteholders may hold their Notes through the accounts maintained by DTC, Euroclear or Clearstream, Luxembourg in CDS only if they are participants of those systems, or indirectly through organizations which are participants of those systems.

DTC, Euroclear and Clearstream, Luxembourg will hold omnibus book-entry positions on behalf of their participants through customers ' securities accounts in their respective depositaries which in turn will hold such positions in customers ' securities accounts in the names of the nominees of the depositaries on the books of CDS. Table of Contents

Transfers of notes by persons holding through Euroclear or Clearstream, Luxembourg participants will be effected through CDS, in accordance with CDS rules, on behalf of the relevant European international clearing system by its depositaries; however, such transactions will require delivery of exercise instructions to the relevant European international clearing system by the participant in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the exercise meets its requirements, deliver instructions to its depositaries to take action to effect exercise of the notes on its behalf by delivering notes through CDS and receiving payment in accordance with its normal procedures for next-day funds settlement. Payments with respect to the notes held through Euroclear or Clearstream, Luxembourg will be credited to the cash accounts of Euroclear participants or Clearstream, Luxembourg participants in accordance with the relevant system's rules and procedures, to the extent received by its depositaries.

Although the Company will make all payments of principal and interest on the Notes in Canadian dollars, holders of Notes held through DTC will receive such payments in U.S. dollars, except as set forth below. Canadian dollar payments received by CDS will be exchanged into U.S. dollars and paid directly to DTC in accordance with procedures established from time to time by CDS and DTC. All costs of conversion will be borne by holders of Notes held through DTC who receive payments in U.S. dollars. Holders of Notes held through DTC may elect, through procedures established from time to time by DTC and its participants, to receive Canadian dollar payments, in which case such Canadian dollar amounts will be transferred directly to Canadian dollar accounts designated by such holders to DTC.

All information in this prospectus supplement on Euroclear or Clearstream, Luxembourg is derived from Euroclear or Clearstream, Luxembourg, as the case may be, and reflects the policies of such organizations. These organizations may change these policies without notice.

Payments

Payments of interest and principal on each Global Note will be made to CDS or its nominee, as the case may be, as registered holder of the Global Note. As long as CDS or its nominee is the registered owner of a Global Note, CDS or its nominee, as the case may be, will be considered the sole legal owner of the Global Note for the purposes of receiving payments of interest and principal on the Notes and for all other purposes under the Indenture and the Notes. Interest payments on Global Notes will be made by electronic funds transfer on the day interest is payable and delivered to CDS or its nominee, as the case may be.

The Company understands that CDS or its nominee, upon receipt of any payment of interest or principal in respect of a Global Note, will credit participants' accounts, on the date interest or principal is payable, with payments in amounts proportionate to their respective beneficial interest in the principal amount of such Global Note as shown on the records of CDS or its nominee. The Company also understands that payments of interest and principal by participants to the owners of beneficial interest in such Global Note held through such participants will be governed by standing instructions and customary practices and will be the responsibility of such participants. The responsibility and liability of the Company in respect of payments on Notes represented by Global Notes is limited solely and exclusively, while the Notes are registered in Global Note form, to making payment of any interest and principal due on such Global Note to CDS or its nominee.

If definitive Notes are issued instead of or in place of Global Notes, payments of interest on each definitive Note will be made by electronic funds transfer, if agreed to by the holder, or by cheque dated the relevant Interest Payment Date and mailed to the address of the holder appearing in the register maintained by the registrar for the relevant Series, at the close of business on the last day of the month immediately preceding the month in which the relevant Interest Payment Date occurs.

The Trustee has been appointed under each Supplemental Indenture as the registrar and paying agent. Payment of principal at maturity will be made at the principal office of the Trustee in the City of Calgary, Alberta (or in such other city or cities as may from time to time be designated by the Company) against surrender of the Notes. If the due date for payment of any amount of principal or interest on any Note is not, at the place of payment, a business day (being a day other than a Saturday, Sunday or a day on which financial institutions at the place of payment are authorized or obligated by law or regulation to close) such payment will be made on the next business day and the holder shall not be entitled to any further interest or other payment in respect of such delay.

Additional Amounts

All payments made by TELUS under or with respect to the Notes will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or therein or by any authority or agency thereof or therein having power to tax (hereinafter "Taxes") unless TELUS is required to withhold or deduct Taxes by law or by the interpretation or administration thereof by the relevant government authority or agency. If TELUS is so required to withhold or deduct any amount for or on account of Taxes from any payment made under or with respect to the Notes, TELUS will pay such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each holder or beneficial owner (including Additional Amounts) after such withholding or deduction will not be less than the amount the holder or beneficial owner would have received if such Taxes had not been withheld or deducted; provided that no Additional Amounts will be payable with respect to:

any payment to a holder or beneficial owner who is liable for such Taxes in respect of such Note (1) by reason of such holder or beneficial owner being a person with whom TELUS is not dealing at arm's length for the purposes of the *Income Tax Act* (Canada) or (2) by reason of the existence of any present or former connection between such holder or beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, such holder or beneficial owner, if such holder or beneficial owner is an estate, trust, partnership, limited liability company or corporation) and Canada or any province or territory thereof or therein or agency thereof or therein other than the mere holding, use or ownership or deemed holding, use or ownership, or receiving payments or enforcing any rights in respect of such Note as a non-resident or deemed non-resident of Canada or any province or territory thereof or therein or agency thereof or therein; or

any Note presented for payment more than 30 days after the later of (1) the date on which such payment first becomes due or (2) if the full amount of the monies payable has not been paid to the holders of the Notes on or prior to such date, the date on which the full amount of such monies has been paid to the holders of the Notes, except to the extent that the holder thereof would have been entitled to such Additional Amounts on presenting the same for payment on the last day of such period of 30 days; or

any estate, inheritance, gift, sales, transfer, excise or personal property tax or any similar Tax; or

any Tax imposed as a result of the failure of a holder or beneficial owner of a Note to comply with certification, identification, declaration or similar reporting requirements concerning the nationality, residence, identity or connection with Canada or any province or territory thereof or therein or agency thereof or therein of the holder or beneficial owner of such Note, if such compliance is required by statute or by regulation, as a precondition to reduction of, or exemption, from such Tax; or

any Tax that is imposed or withheld solely by reason of a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after payment becomes due or is duly provided for, whichever occurs later; or

any Tax which is payable otherwise than by withholding or deduction from any payment made under or with respect to the Notes; or

any combination of the above items,

nor will such Additional Amounts be paid with respect to any payment on any Note to a holder or beneficial owner who is a fiduciary or partnership or other than the sole beneficial owner of such Note to the extent that a beneficiary or settlor with respect to such fiduciary, or a member of such partnership or a beneficial owner thereof would not have been entitled to receive a payment of such Additional Amounts had such beneficiary, settlor, member or beneficial

owner received directly its beneficial or distributive share of such payment.

Whenever in the Indenture or in any Note there is mentioned, in any context, the payment of principal of, or premium, interest or any other amount on any Note, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The obligation to pay Additional Amounts will survive any termination or discharge of the Indenture or the redemption, repayment or purchase of the Notes.

Governing Law

Each of the Indenture and the Notes are governed by, and construed in accordance with, the laws of the Province of Ontario.

CREDIT RATINGS

The Notes have been rated BBB+, stable outlook, by Standard & Poor's, a division of McGraw-Hill Companies (S&P), Baa1, stable outlook, by Moody's Investors Service (Moody's), BBB+, stable outlook, by Fitch Ratings (Fitch) and A (low), stable trend, by DBRS Limited (DBRS) (each a Rating Agency). Credit ratings are intended to provide investors with an independent measure of the credit quality of an issue of securities.

Ratings for debt instruments range from AAA to D from S&P, which represents the range from highest to lowest quality of such securities rated. S&P describes debt instruments rated BBB as exhibiting adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation. The addition of a plus (+) or minus (-) designation after a rating indicates the relative standing within a particular rating category.

Ratings for debt instruments range from Aaa to C from Moody's, which represents the range from highest to lowest quality of such securities rated. Moody's describes debt instruments rated Baa as being subject to moderate credit risk and as being considered medium-grade and as such may possess certain speculative characteristics. The addition of a 1, 2 or 3 modifier after a rating indicates the relative standing within a particular rating category. The modifier 1 indicates that the issue ranks in the higher end of its generic rating category, the modifier 2 indicates a mid-range ranking and the modifier 3 indicates that the issue ranks in the lower end of its generic rating category.

Ratings for debt instruments range from AAA to D from Fitch, which represents the range from highest to lowest quality of such securities rated. Fitch describes debt instruments rated BBB as having good credit quality. According to Fitch, BBB ratings indicate that there is currently expectations of low credit risk and that the capacity for payment of financial commitments is considered adequate but adverse changes in circumstances and economic conditions are more likely to impair this capacity. The modifiers + or - may be appended to a rating to denote relative status within major rating categories.

Ratings for debt instruments range from AAA to D from DBRS, which represents the range from highest to lowest quality of such securities rated. DBRS describes debt instruments rated A is of satisfactory credit quality. Protection of interest and principal is still substantial, but the degree of strength is less than that of AA rated entities. While A is a respectable rating, entities in this category are considered to be more susceptible to adverse economic conditions and have greater cyclical tendencies than higher-rated securities. Each DBRS rating category is denoted by the subcategories high and low. The absence of either a high or low designation indicates the rating is in the middle category.

The credit ratings accorded to the Notes by the Rating Agencies are not recommendations to purchase, hold or sell the Notes inasmuch as such ratings do not comment as to market price or suitability for a particular investor. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised entirely by a Rating Agency at any time if in its judgment circumstances so warrant.

ELIGIBILITY FOR INVESTMENT

In the opinion of Bennett Jones LLP and Osler, Hoskin & Harcourt LLP, the Notes, at the date of issue, will be qualified investments under the *Income Tax Act* (Canada) (the Tax Act) and the regulations thereunder (the

Regulations) for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans, other than trusts governed by deferred profit sharing plans for which any of the employers is the Company or an employer which does not deal at arm's length with the Company.

Table of Contents**CERTAIN CANADIAN AND UNITED STATES INCOME TAX CONSIDERATIONS**

The discussion below is intended to be a general description of the Canadian and United States income tax considerations generally applicable to an investment in the Notes. It does not take into account the individual circumstances of any particular investor. Therefore, prospective investors are urged to consult their own tax advisors with respect to the tax consequences of an investment in the Notes.

Certain Canadian Federal Income Tax Considerations

In the opinion of Bennett Jones LLP and Osler, Hoskin & Harcourt LLP, the following is a general summary of the principal Canadian federal income tax considerations generally applicable under the Tax Act to a holder of the Notes acquired as beneficial owner hereunder who, at all relevant times, for the purposes of the Tax Act, holds such Notes as capital property, deals at arm's length with the Company and is not affiliated with the Company (a *Holder*). Notes held by financial institutions (as defined in section 142.2 of the Tax Act) will generally not be capital property to such holders and will generally be subject to special rules contained in the Tax Act. This summary does not take into account these special rules and holders to whom these rules may be relevant should consult their own tax advisors.

This summary is based on the current provisions of the Tax Act, the Regulations, counsel's understanding of the current administrative policies and assessing practices of the Canada Revenue Agency (the *CRA*) publicly available prior to the date hereof, and on a certificate of an officer of the Company as to certain matters of fact.

This summary also takes into account all specific proposals to amend the Tax Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (collectively, the *Proposed Tax Amendments*). No assurances can be given that the Proposed Tax Amendments will be enacted or will be enacted as proposed. Other than the Proposed Tax Amendments, this summary does not take into account or anticipate any changes in law or the administrative policies or assessing practices of the CRA, whether by judicial, legislative, governmental or administrative decision or action, nor does it take into account provincial, territorial or foreign income tax legislation or considerations, which may differ significantly from those discussed herein.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular holder and no representations with respect to the income tax consequences to any particular holder are made. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective investors in Notes should consult their own tax advisors with respect to their own particular circumstances.

Residents of Canada

The following portion of the summary is generally applicable to a Holder who, at all relevant times, for the purposes of the Tax Act, is or is deemed to be resident in Canada (a *Resident Holder*). Certain Resident Holders whose Notes might not otherwise qualify as capital property may be entitled to obtain such qualification in certain circumstances by making the irrevocable election permitted by subsection 39(4) of the Tax Act to deem the Notes and every other *Canadian Security*, as defined in the Tax Act, owned by such Resident Holder in the taxation year in which the election is made, and in all subsequent taxation years, to be capital property. This summary is not applicable to a holder an interest in which is a *tax shelter investment*, as defined in the Tax Act. Such holders should consult their own tax advisors.

Taxation of Interest on the Notes

A Resident Holder that is a corporation, partnership, unit trust or trust of which a corporation or partnership is a beneficiary will be required to include in computing its income for a taxation year all interest on a Note that accrues or is deemed to accrue to the Resident Holder to the end of that taxation year, or becomes receivable or is received by the Resident Holder before the end of that taxation year, except to the extent that such amount was included in the Resident Holder's income for a preceding taxation year.

Any other Resident Holder, including an individual, will be required to include in computing its income for a taxation year any interest on a Note that is received or receivable by such Resident Holder in that year (depending upon the method regularly followed by the Resident Holder in computing income), to the extent that such amount was not otherwise included in the Resident Holder's income for a preceding taxation year.

A Resident Holder that is a Canadian-controlled private corporation (as defined in the Tax Act) may be liable for a refundable tax of $6\frac{2}{3}\%$ on investment income. For this purpose, investment income will generally include interest income.

S-22

Table of Contents

On an assignment or other transfer of a Note, including a redemption, a payment on maturity, or a purchase for cancellation, a Resident Holder will generally also be required to include in income the amount of interest accrued on the Note from the date of the last interest payment to the date of disposition to the extent that such amount has not otherwise been included in the Resident Holder's income for the taxation year or a preceding taxation year.

In addition, any premium paid by the Company to a Resident Holder as a result of the Company's exercise of its optional redemption right will generally be deemed to be interest received by a Resident Holder at the time of the redemption and will be required to be included in computing the Resident Holder's income as described above to the extent that it can reasonably be considered to relate to, and does not exceed the value at the time of the redemption of, the interest that would have been paid or payable by the Company on the Note for a taxation year ending after the redemption.

Disposition of Notes

In general, a disposition or deemed disposition, including a redemption, payment on maturity or purchase for cancellation, will give rise to a capital gain (or capital loss) to the extent that the proceeds of disposition, net of any accrued interest and any amounts included in the Resident Holder's income on such disposition or deemed disposition as interest, exceed (or are less than) the adjusted cost base of the Note to the Resident Holder immediately before the disposition or deemed disposition and any reasonable costs of disposition.

Under the current provisions of the Tax Act, one half of the amount of any capital gain (a taxable capital gain) realized by a Resident Holder in a taxation year generally must be included in the Resident Holder's income in that year, and, subject to and in accordance with the provisions of the Tax Act, one half of the amount of any capital loss (an allowable capital loss) realized by a Resident Holder in a taxation year generally must be deducted from taxable capital gains realized by the Resident Holder in that year. Allowable capital losses in excess of taxable capital gains in any particular year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years to the extent and under the circumstances described in the Tax Act. A capital gain realized by an individual or a trust (other than specified trusts) may give rise to a liability for alternative minimum tax.

As discussed above, a Resident Holder that is a Canadian-controlled private corporation (as defined in the Tax Act) may be liable for an additional refundable tax of $6\frac{2}{3}\%$ on investment income. For this purpose, investment income will generally include taxable capital gains.

Non-Residents of Canada

The following portion of the summary is generally applicable to a Holder who, at all relevant times, for purposes of the Tax Act, is not, and is not deemed to be, a resident of Canada and has not and will not use or hold or be deemed to use or hold the Notes in or in the course of carrying on business in Canada (a Non-Resident). Special rules, which are not discussed below, may apply to a non-resident of Canada that is an insurer which carries on business in Canada and elsewhere.

Amounts which are, or are deemed to be, interest for purposes of the Tax Act paid or credited by the Company on the Notes to a Non-Resident that deals at arm's length with the Company at the time such interest is paid or credited will not be subject to non-resident withholding tax and no non-resident withholding tax will apply to the proceeds received by a Non-Resident on a disposition of a Note. For the purposes of the Tax Act, related persons (as defined in the Tax Act) are deemed not to deal at arm's length and it is a question of fact whether persons not related to each other deal at arm's length.

No other tax on income or gains will be payable by a Non-Resident on interest, principal, or premium or on the proceeds received by a Non-Resident on the disposition of a Note.

Certain United States Federal Income Tax Considerations

The following is a summary of certain U.S. federal income tax consequences of the purchase, ownership, and disposition of a Note by a U.S. holder (as defined below) who purchases such Note pursuant to, and at the price set forth on the cover of, this prospectus supplement and holds the Note as a capital asset (generally, property held for investment) under the Internal Revenue Code of 1986, as amended (the Code). This summary is based upon existing U.S. federal income tax law, which is subject to change or different interpretations, possibly with retroactive effect. This summary does not discuss all aspects of U.S. federal income taxation that may be important to particular

investors

S-23

Table of Contents

in light of their individual investment circumstances, such as investors subject to special tax rules (e.g., financial institutions, insurance companies, broker-dealers, partnerships and their partners, regulated investment companies, and tax-exempt organizations) or to persons that will hold a Note as part of a straddle, hedge, conversion, constructive sale, or other integrated security transaction for U.S. federal income tax purposes or that have a functional currency other than the U.S. dollar, all of whom may be subject to tax rules that differ significantly from those summarized below. In addition, this summary does not address holders who own, actually or constructively, 10% or more of the voting stock of TELUS, nor does the summary discuss U.S. federal estate and gift, U.S. state and local, or non-U.S. tax considerations. **Each prospective investor is urged to consult a tax advisor regarding the U.S. federal, state, local, and non-U.S. income and other tax considerations of an investment in a Note.**

For purposes of this summary, a U.S. holder is a beneficial owner of a Note that is, for U.S. federal income tax purposes, (i) an individual who is a citizen or resident of the U.S., (ii) a corporation created in or organized under the law of the U.S., any state thereof, or the District of Columbia, (iii) an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source, or (iv) a trust (A) the administration of which is subject to the primary supervision of a U.S. court and which has one or more U.S. persons who have the authority to control all substantial decisions of the trust, or (B) that elected to be subject to tax as a U.S. person under the Code.

If a partnership, or other entity or arrangement treated as a partnership for United States federal income tax purposes, owns a Note, the tax treatment of the partner in the partnership will depend upon the status of the partner and the activities of the partnership. Partners in a partnership that own a Note should consult their tax advisors as to the particular United States federal income tax consequences applicable to them.

Payment of Interest

In general, interest paid or payable on a Note to a U.S. holder will be subject to tax as foreign source ordinary interest income at the time it is received or accrued, in accordance with such holder's method of accounting for U.S. federal income tax purposes. A cash method U.S. holder must include in income the U.S. dollar value of each interest payment based on the spot rate in effect on the date such interest payment is received, regardless of whether the payment is converted into U.S. dollars. In the case of an accrual method U.S. holder, the amount of any interest income accrued during any accrual period generally will be determined by translating such accrual interest income into U.S. dollars at the average exchange rate applicable to the accrual period (or, with respect to an accrual period that spans two taxable years, at the average exchange rate for the partial period within the relevant taxable year). Such a holder will recognize exchange gain or loss with respect to any accrued interest income on the date that payment in respect of such interest income is received in an amount equal to the difference between (i) the U.S. dollar value of such payment, based on the spot rate in effect on the date such payment is received, and (ii) the amount of interest income accrued in respect of such payment. Any such exchange gain or loss will generally be treated as U.S. source ordinary income or loss.

Notwithstanding the rule regarding the translation of accrued interest income described above, an accrual method U.S. holder may elect to translate accrued interest income using the spot rate in effect on the last day of the accrual period (or, with respect to an accrual period that spans two taxable years, using the spot rate in effect on the last day of the relevant taxable year) or, if the last day of an accrual period is within five business days of the date of receipt of the accrued interest, translate such interest using the spot rate in effect on the date of such receipt. This election must be applied consistently to all debt instruments from year to year and cannot be changed without consent of the U.S. Internal Revenue Service.

Sale, Exchange, or Other Disposition of a Note

Unless a nonrecognition provision applies, upon the sale, exchange, or other disposition of a Note, a U.S. holder will generally recognize capital gain or loss equal to the difference between (i) the amount of cash received plus the fair market value of any property received on such disposition (other than (a) amounts attributable to accrued interest not previously included in income, which will be subject to tax as foreign source interest income, as discussed above, and (b) exchange gain or loss with respect to the principal amount of the Note, as discussed in the following paragraph) and (ii) such holder's adjusted tax basis in the Note. The U.S. dollar value of any Canadian dollars received by a U.S. holder upon the sale, exchange, or other disposition of a Note will generally be determined using the spot exchange rate in effect on the date of such disposition. A U.S. holder's adjusted tax basis in a Note generally will equal

the cost of the Note to such holder less any principal payments received by such holder with respect thereto. The cost of a Note to a U.S. holder will be the U.S. dollar value of the Canadian dollar purchase price, translated at the spot rate on

S-24

Table of Contents

the date of purchase. The conversion of U.S. dollars into Canadian dollars and the immediate use of those Canadian dollars to purchase a Note will generally not result in a taxable gain or loss to the U.S. holder. A U.S. holder will have a tax basis in any Canadian dollars received on the sale, exchange or other disposition of a Note equal to the U.S. dollar value of the Canadian dollars on the date of receipt. Any such gain or loss attributable to the sale, exchange, or other disposition of a Note (except with respect to exchange gain or loss with respect to the principal amount of the Note, as discussed in the following paragraph) will generally be U.S. source and will be long-term gain or loss if the U.S. holder has held the Note for more than one year. The claim of a deduction in respect of a capital loss is subject to limitations.

U.S. holders are required to recognize any gain or loss attributable to changes in currency exchange rates upon the retirement, sale, exchange, or other disposition of a Note. Such gain or loss will be subject to tax as U.S. source ordinary income or loss. Exchange gain or loss with respect to the principal amount of a Note will generally equal the difference between: (1) the U.S. dollar value of the Canadian dollar purchase price of the Note determined using the spot exchange rate on the date of the retirement, sale, exchange or other disposition, and (2) the U.S. dollar value of the Canadian dollar purchase price of the Note, determined using the spot exchange rate on the date the U.S. holder acquired the Note. Such gain or loss will be recognized only to the extent of the total gain or loss realized by the U.S. holder on a sale, exchange, or other disposition of the Note.

Information Reporting and Backup Withholding

Each U.S. holder of a Note may be subject, under certain circumstances, to information reporting and backup withholding with respect to payments of interest on, and gross proceeds from a sale, exchange or other disposition (including repayment of principal) of a Note. These backup withholding rules apply if such holder, among other things, fails to (i) furnish its correct taxpayer identification number, (ii) certify that it is not subject to backup withholding, or (iii) otherwise comply with applicable backup withholding requirements.

Backup withholding is not an additional tax. Amounts withheld as backup withholding may be credited against a holder's U.S. federal income tax liability. A holder may obtain a refund of any excess amounts withheld under the backup withholding rules by filing the appropriate claim for a refund with the U.S. Internal Revenue Service.

PLAN OF DISTRIBUTION

Under an agreement (the Agency Agreement) dated March 8, 2007 between the Agents and the Company, the Agents have agreed to act as agents of the Company to offer the Notes for sale to the public on a best efforts basis, if, as and when issued by the Company, subject to compliance with all necessary legal requirements and in accordance with the terms and conditions of the Agency Agreement. The offering price of each Series was established by negotiation between the Company and the Agents. The Agents will receive a fee equal to \$3.50 for each \$1,000 principal amount of Series CC Notes sold and a fee equal to \$4.00 for each \$1,000 principal amount of Series CD Notes sold.

The obligations of the Agents under the Agency Agreement may be terminated in their discretion on the basis of their assessment of the state of the financial markets and also upon the occurrence of certain stated events. While the Agents have agreed to use their best efforts to sell the Notes offered under this prospectus supplement, the Agents will not be obligated to purchase any Notes which are not sold. The closing of the issuance of the Series CC Notes is not conditional on the closing of the issuance of the Series CD Notes, nor vice versa.

The Offering is being made concurrently in all the provinces of Canada and in the United States pursuant to a multijurisdictional disclosure system implemented by securities regulatory authorities in Canada and the United States. Subject to applicable law, the Agents may offer the Notes outside the United States and Canada. No sales will be effected in any province of Canada by any Agent not duly registered as a securities dealer under the laws of such province, other than sales effected pursuant to the exemptions from the registration requirements under the laws of such province.

The Notes are offered subject to certain conditions, including the right of the Company to reject orders in whole or in part.

In accordance with a rule of the Ontario Securities Commission and a policy statement of the Autorité des marchés financiers, the Agents may not, throughout the period of distribution, bid for or purchase Notes. The foregoing restriction is subject to exceptions, on the condition that the bid or purchase is not engaged in for the purpose of

creating actual or apparent active trading in, or raising prices of, the Notes. These exceptions include a bid or purchase

S-25

permitted under the Universal Market Integrity Rules for Canadian Marketplaces of Market Regulation Services Inc. relating to market stabilization and passive market-making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. Subject to the foregoing and applicable laws, in connection with the Offering, and subject to the first exception mentioned above, the Agents may engage in over-allotment and stabilizing transactions and purchases to cover short positions created by the Agents in connection with the Offering. Stabilizing transactions consist of certain bids or purchases for the purpose of preventing or retarding a decline in the market price of the Notes and short positions created by the Agents involve the sale by the Agents of a greater number of Notes than may be offered by the Company in the Offering. These activities may stabilize, maintain or otherwise affect the market price of the Notes, which may be higher than the price that might otherwise prevail in the open market; these activities, if commenced, may be discontinued at any time. These transactions may be effected in the over-the-counter market or otherwise.

The Company and the Agents have agreed to indemnify each other against certain liabilities, including liabilities under the United States *Securities Act of 1933*, as amended, and Canadian provincial securities legislation. There is no public market for the Notes and the Company does not intend to list the Notes on any exchange.

Each of the Agents is an affiliate of a bank or a financial institution which is a lender to the Company under the 2007 Credit Facility and each of the Agents, other than HSBC Securities (Canada) Inc. and Desjardins Securities Inc., is an affiliate of a bank that is a counter party to certain cross currency interest rate swap agreements with the Company. The 2007 Credit Facility consists of a \$2 billion five-year revolving credit facility (as of March 2, 2007, approximately \$100 million utilized in the form of letters of credit and approximately \$1.9 billion available). Consequently, the Company may be considered to be a connected issuer of each such Agent for purposes of the securities legislation of certain Canadian provinces.

TELUS is and has been in compliance with the terms of the 2007 Credit Facility and the cross currency interest rate swap agreements. Neither the lenders under the 2007 Credit Facility, the counterparties under the cross currency interest rate swap agreements, nor the Agents were involved in the Company's decision to distribute the Notes offered hereby. The Agents negotiated the terms and conditions of the Offering and will not benefit in any manner from the Offering other than the payment of their commission as described above. The proceeds of the Offering will not be applied for the benefit of the Agents or their affiliates.

LEGAL MATTERS

Certain legal matters in connection with the Offering will be passed upon on behalf of the Company by Bennett Jones LLP, Toronto, Ontario and by Skadden, Arps, Slate, Meagher & Flom LLP, New York, New York, and on behalf of the Agents by Osler, Hoskin & Harcourt LLP, Toronto, Ontario and New York, New York. The partners and associates of each of such law firms as a group each beneficially own, directly or indirectly, less than one percent of the outstanding securities of the Company.

AUDITORS, REGISTRAR AND TRANSFER AGENT

The Auditors for the Company are Deloitte & Touche LLP, Chartered Accountants, 1055 Dunsmuir Street, Suite 2100, Vancouver, British Columbia V7X 1P4. Deloitte & Touche LLP is independent within the meaning of the Rules of Professional Conduct of the Institute of Chartered Accountants of British Columbia.

Registers for the registration and transfer of the Notes issued in registered form will be kept at the principal offices of the Trustee in the City of Calgary, Alberta.

If all of the Telecommunications Regulations, the Radiocommunication Regulations and the Broadcasting Direction (each as defined below) are changed so that there is no restriction on any non-Canadians (as defined in the Telecommunications Regulations or the Broadcasting Direction, as applicable) holding Common Shares in the Company and no requirement that Canadians (as defined in the Radiocommunication Regulations) hold Common Shares in the Company, a holder of one or more Non-Voting Shares shall have the right, at his or her option, at any time after the date of the last to change of the Telecommunications Regulations, the Radiocommunication Regulations and the Broadcasting Direction; and prior to the closing of business 90 days thereafter (the Regulatory Conversion Period) to convert any one or more of such Non-Voting Shares into Common Shares on a one-for-one basis. If all of the Telecommunications Regulations, the Radiocommunication Regulations and the Broadcasting Direction are changed so that there is no restriction on any non-Canadians (as defined in the Telecommunications Regulations and the Broadcasting Direction, as applicable) holding Common Shares in the Company and no requirement that Canadians (as defined in the Radiocommunication Regulations) hold Common Shares in the Company and following the Regulatory Conversion Period there are Non-Voting Shares still outstanding, all holders of Non-Voting Shares shall be deemed to have exercised their right to convert the Non-Voting Shares held by them into Common Shares upon receipt by all of the holders of written notice by the Company stating that the Company is requiring all holders to convert their Non-Voting Shares to Common Shares on the date specified in such notice. Telecommunications Regulations mean the Canadian Telecommunication Common Carrier Ownership and Control Regulations made pursuant to the *Telecommunications Act* (Canada); Radiocommunication Regulations mean the Regulations respecting

Radio-Sensitive Equipment and Interface Causing Equipment, P.C. 1996 1679 5 November, 1996, as amended or replaced from time to time, whether by statute, regulation, direction or by any other form of legislative instrument, and includes any licences under the *Radiocommunication Act* (Canada) held by entities controlled (as defined in the foregoing Regulations) by the Company; and Broadcasting Direction means the Direction to the Canadian Radio-television and Telecommunications Commission (Ineligibility of Non-Canadians) P.C. 1997 486 8 April 1997, as amended from time to time and any replacement direction or regulation under the *Broadcasting Act* (Canada) or any other form of legislative instrument, with respect thereto.

Common Share Conversion Right

The Company shall provide notice to each holder of Common Shares at least 10 days before the record date in respect of each general meeting of shareholders of the Company at which the holders of the Non-Voting Shares will be entitled to vote as a class. In such event and to the extent that, after taking into account the conversion, the class of persons, each of whom is a non-Canadian as defined in the Telecommunications Regulations or the Broadcasting Direction, or is not a Canadian as defined in the Radiocommunication Regulations (the Constrained Class), would continue to hold no more than the maximum number of Common Shares that may be owned and controlled by persons in the Constrained Class in accordance with the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Directions, whichever is the lowest so that, when added to all other voting shares (as defined in the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Direction, as the case may be) owned or controlled by the Constrained Class, the Company will be and will continue to be a qualified corporation as defined in the Telecommunications Regulations, a corporation that is Canadian (as defined in the Radiocommunication Regulations) that controls (as defined in the Radiocommunication Regulations) a person or entity that holds licences under the *Radiocommunication Act* (Canada) and a corporation that is qualified under the Broadcasting Direction to be the parent of a corporation that is a qualified corporation as defined in the Broadcasting Direction, each outstanding Common Share shall be convertible into one Non-Voting Share on a one-for-one basis.

Ownership and Voting Restrictions

Non-Canadian shareholders shall not beneficially own or control, other than by way of security only, more than 33¹/₃% (or such other percentage as may then be prescribed by the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Directions, whichever is the lowest percentage, as the percentage of voting shares that may be beneficially owned or controlled, by non-Canadians, in order for a corporation to be a qualified corporation as defined in the Telecommunications Regulations, a corporation that is Canadian (as defined in the Radiocommunication Regulations) that controls (as defined in the Radiocommunication Regulations) a person or entity that holds licences under the *Radiocommunication Act* (Canada) and a corporation that is qualified under the Broadcasting Direction to be the parent of a corporation that is a qualified corporation as defined in the Broadcasting Direction, provided that if no such percentage is prescribed the relevant percentage shall be deemed to be 100%) (the Restricted Percentage) of the issued and outstanding Common Shares of the Company (the

Non-Canadian Share Constraint). In the event that it appears from the central securities register of the Company that, or in the event of a Directors' determination (as provided for in the articles of the Company) that there is a contravention of the Non-Canadian Share Constraint: (a) the Company may pursuant to a Directors' determination make a public announcement, whether by press release, newspaper advertisements or otherwise, reasonably expected to inform the markets in which voting shares are traded of the contravention; and (b) the Company may refuse to (i) accept any subscription for voting shares from any non-Canadian, (ii) issue any voting shares to any non-Canadian, (iii) register or otherwise recognize the transfer of any voting shares from any Canadian to any non-Canadian, or (iv) purchase or otherwise acquire any voting shares, except as provided in the articles of the Company.

In the event of a Directors' determination that there is a contravention of the Non-Canadian Share Constraint and that to do so would be practicable and would not be unfairly prejudicial to, and would not unfairly disregard the interests of, persons beneficially owning or controlling voting shares who are non-Canadians, the Company shall send a disposition notice to the registered holders of such of those voting shares as shall be chosen on the basis of inverse order of registration of all non-Canadians. The Company may, by Directors' determination, suspend all rights of a shareholder to vote that would otherwise be attached to any voting shares beneficially owned, or controlled, by non-Canadians so that the proportion of the voting shares beneficially owned, or controlled, or considered by the

Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Direction to be beneficially owned, or controlled, by non-Canadians and with respect to which voting rights are not suspended is

reduced to not more than the Restricted Percentage of the total issued and outstanding voting shares of the Company. Any disposition notice required to be sent to a registered holder of shares pursuant to the foregoing shall, among other things: (a) specify a date, which shall not be less than 60 days, after the date of the disposition notice, by which the excess voting shares are to be sold or otherwise disposed of or, if the Directors determine it to be in the interest of the Company to permit a conversion, converted into Non-Voting Shares; and (b) state that unless (i) the registered holder either sells or otherwise disposes of or converts the excess voting shares into Non-Voting Shares by the date specified in the disposition notice on a basis that does not result in any contravention of the Non-Canadian Share Constraint and provides to the Company written evidence satisfactory to the Company of such sale, other disposition or conversion, or (ii) provides written evidence satisfactory to the Company that no such sale, other disposition or conversion of excess voting shares is required, such default shall result in the consequence of suspension of voting rights and may result in a consequence of sale or conversion or repurchase or redemption and the disposition notice shall specify in reasonable detail the nature and timing of those consequences.

TELUS Rights Plan

TELUS adopted the Rights Plan in March 2000 and issued one right (a Series A Right) in respect of each Common Share outstanding as at such date and issued one right (a Series B Right) in respect of each Non-Voting Share outstanding as of such date. Each Series A Right, other than those held by an Acquiring Person (as defined in the Rights Plan) and certain of its related parties, entitles the holder in certain circumstances following the acquisition by an Acquiring Person of more than 20% of the voting shares of TELUS (otherwise than through the Permitted Bid requirements of the Rights Plan) to purchase from TELUS \$320 worth of Common Shares for \$160 (i.e., at a 50% discount). Each Series B Right, other than those held by an Acquiring Person (as defined in the Rights Plan) and certain of its related parties, entitles the holder in certain circumstances following the acquisition by an Acquiring Person of 20% or more of the voting shares of TELUS (otherwise than through the Permitted Bid requirements of the Rights Plan) to purchase from TELUS \$320 worth of Non-Voting Shares for \$160 (i.e., at a 50% discount).

The Company may issue share purchase contracts, including contracts obligating holders to purchase from the Company, and the Company to sell to the holders, a specified number of Equity Securities, at a future date or dates, or similar contracts issued on a prepaid basis (in each case, Share Purchase Contracts). The price per Equity Security and the number of Equity Securities may be fixed at the time the Share Purchase Contracts are issued or may be determined by reference to a specific formula set forth in the Share Purchase Contracts. Purchase Contracts also may require the Company to make periodic payments to the holders of the Share Purchase Contracts or *vice versa*, and such payments may be unsecured or refunded on some basis.

The applicable Prospectus Supplement will describe the terms of the Share Purchase Contracts or Share Purchase or Equity Units. The description in the Prospectus Supplement will not necessarily be complete, and reference will be made to the Share Purchase Contracts, and, if applicable, collateral, depository or custodial arrangements, relating to the Share Purchase Contracts or Share Purchase or Equity Units. Other than in the case of book-entry only securities, Securities may be presented for registration of transfer (with the form of transfer endorsed thereon duly executed) in the city specified for such purpose at the office of the registrar or transfer agent designated by the Company for such purpose with respect to any issue of Securities referred to in the Prospectus Supplement. No service charge will be made for any transfer, conversion or exchange of the Securities but the Company may require payment of a sum to cover any transfer tax or other governmental charge payable in connection therewith. Such transfer, conversion or exchange will be effected upon such registrar or transfer agent being satisfied with the documents of title and the identity of the Person making the request. If a Prospectus Supplement refers to any registrar or transfer agent designated by the Company with respect to any issue of Securities, the Company may at any time rescind the designation of any such registrar or transfer agent and appoint another in its place or approve any change in the location through which such registrar or transfer agent acts.

In the case of book-entry only securities, a global certificate or certificates representing the Securities will be held by a designated depository for its participants.
