FOR IMMEDIATE RELEASE

GE INDUSTRIAL SYSTEMS ANNOUNCES ANTICIPATED EXCHANGE RATIO
FOR SHARES OF INTERLOGIX, INC.

FEBRUARY 15, 2002--PLAINVILLE, CT--General Electric Company (NYSE: GE) announced today the exchange ratio to be used in connection with its pending offer to acquire all of the outstanding shares of common stock of Interlogix, Inc (NASDAQ: ILXI). Assuming the offer expires as currently scheduled at 6:00 p.m., New York City time, on February 19, 2002, Interlogix stockholders will receive \$19.43 in cash and 0.5174 of a share of GE common stock for each share of common stock of Interlogix tendered pursuant to the offer, plus cash in lieu of any fractional shares of GE common stock that may be issuable in the exchange. The exchange ratio for shares of GE common stock was calculated by dividing \$19.43 by \$37.5553, the average of the daily volume weighted sales prices per share of GE common stock on the NYSE for each of the 5 consecutive trading days ending with February 14, 2002.

If the offer is extended beyond Tuesday, February 19, 2002, the exchange ratio will be reset. GE will announce any new exchange ratio by press release on the morning of the second day prior to the then scheduled expiration date of the offer and will file that press release pursuant to Rule 425 with the Securities and Exchange Commission.

Following completion of the transaction, it is expected that Interlogix will become part of GE Industrial Systems.
