PROXY STATEMENT

Your vote is very important. For this reason, the Board of Directors is requesting that you allow your Common Stock to be represented at the Annual Meeting by the Proxies named in the enclosed proxy card. Share owners also have a choice of voting over the Internet or telephone. Please review your proxy card for the options available to you. This Proxy Statement is being sent to you in connection with this request and has been prepared for the Board by our Management. "We," "our," "Protective" and "the Company" each refers to Protective Life Corporation. The Proxy Statement is first being sent to our share owners on or about March 28, 2002.

GENERAL INFORMATION ABOUT VOTING

Who Can Vote. You are entitled to vote your Common Stock if our records show that you held shares as of March 8, 2002. At the close of business on March 8, 2002, a total of 68,643,043 shares of Common Stock were outstanding and entitled to vote. Each share of Common Stock has one vote. The enclosed proxy card shows the number of shares which you are entitled to vote.

Voting by Proxies. If your Common Stock is held by a broker, bank or other nominee, you will receive instructions from them which you must follow in order to have your shares voted. If you hold your shares in your own name as a holder of record, you may instruct the Proxies how to vote your Common Stock by signing, dating and mailing the proxy card in the postage paid envelope which we have provided to you or by voting over the Internet or by telephone. Of course, you can always come in person to the meeting and vote your shares. If you mail in your proxy card or vote over the Internet or by telephone, the Proxies will vote your shares in accordance with the instructions. If you designate the Proxies without giving specific voting instructions, your shares will be voted as recommended by the Board of Directors. We have not received notice and are not now aware of any other matters to be presented except those described in this Proxy Statement. If any other matters not described in the Proxy Statement are presented at the meeting, the Proxies will use their own judgment to determine how to vote your shares. If the meeting is postponed, your Common Stock may be voted by the Proxies on the new meeting date as well, unless you have revoked your proxy instructions.

How You May Revoke Your Proxy Instructions. If you give a proxy, you may revoke it at any time before it is exercised. To revoke your proxy instructions, you must execute and deliver a later-dated proxy (whether by sending another proxy card or by a subsequent Internet or telephone vote), or notify the Secretary in writing before the Annual Meeting that you have revoked your proxy, or attend the meeting and vote your shares in person.

How Votes are Counted. The Annual Meeting will be held if a quorum (a majority of the outstanding Common Stock entitled to vote) is represented at the meeting. If you have returned valid proxy instructions or if you attend the meeting in person, your Common Stock will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all of the matters introduced at the meeting.

"Broker Non-Votes" Also Count for Quorum Purposes. If you hold your Common Stock through a broker, bank or other nominee, generally the nominee may only vote the Common Stock that it holds for you in accordance with your instructions. However, if it has not received your instructions within ten days of the meeting, the nominee may vote on matters which the New York Stock Exchange determines to be routine. If a nominee cannot vote on a particular matter because it is not routine, there is a "broker non-vote" on that matter. Broker non-votes

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

will count for purposes of determining a quorum. We will not count broker non-votes as votes for or against any proposal.

Cost of This Proxy Solicitation. We will pay the cost of the proxy solicitation. In addition to soliciting proxies by mail, we expect that a number of our employees will solicit share owners for the same type of proxy personally and by telephone. None of these employees will receive any additional or

1

special compensation for doing this. We have retained ADP Investor Communications Services to forward proxy materials to the beneficial owners of stock held of record by brokers, custodians, and other nominees. We will, upon request, reimburse brokers, custodians and other nominees for their expenses in sending proxy material to their principals and obtaining their proxies.

PROPOSAL 1: ELECTION OF DIRECTORS

The entire Board of Directors, which on May 6, 2002 will consist of 12 members, will be elected at this Annual Meeting to hold office until the next Annual Meeting and the election of their successors.

Vote Required. The affirmative vote of the holders of the majority of shares present or represented by proxy at the Annual Meeting and entitled to vote is required to elect directors. This means if you abstain from voting, it has the same effect as if you voted against the proposal.

Voting By the Proxies. The Proxies will vote your Common Stock in accordance with your instructions. If you have not given specific instructions to the contrary, your Common Stock will be voted to approve the election of the nominees named in this Proxy Statement. Although we know of no reason why any of the nominees would not be able to serve, if any nominee is unavailable for election, the Proxies would vote your Common Stock to approve the election of any substitute nominee proposed by the Board of Directors. The Board may also choose to reduce the number of directors to be elected, as permitted by our By-laws.

Information About the Nominees

All of the nominees are currently directors. Each has agreed to be named in this Proxy Statement and to serve if elected. The total number of shares beneficially owned is subdivided, where applicable, into two categories: shares as to which voting/investment power is held solely and shares as to which voting/investment power is shared. The percentage calculation is based on the aggregate number of shares beneficially owned.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Directors and executive officers of the Company are required to file reports with the Securities and Exchange Commission ("SEC") showing changes in their beneficial ownership of Common Stock. We have reviewed copies of these reports and written representations from the individuals who are required to file reports. Based on this review, we believe that each of our directors and executive officers complied with reporting requirements in 2001, with the following exceptions. The Form 5 filed by Mr. Cabaniss included a previously unreported indirect holding in a trust for which he is designated as a co-trustee. A report of a sale of 1,739 shares by Mr. Nabers in connection with his retirement was inadvertently filed late. One Form 4 filed by Mr. Briggs included a previously unreported indirect holding. One Form 4 filed by Mr. Hamer reporting the sale of 6,954 shares and the indirect ownership of shares held by his daughter was inadvertently filed late.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The current members of the Compensation and Management Succession Committee are Messrs. McMahon (Chairman), Dahlberg, and Yellowlees. Mr. Ronald L. Kuehn, Jr. also served on the Committee until his retirement in May of 2001. None of these individuals has ever been an officer or employee of the Company or any of its subsidiaries or has any other relationship with the Company for which the SEC requires disclosure.

In 2001, the Compensation and Management Succession Committee awarded performance shares under the Company's 1997 Long-Term Incentive Plan to the Named Executives as indicated in the table below. These awards are generally payable, if at all, at the time the results of the comparison group of companies for the four-year period ending December 31, 2004 are known.

- (1) In the event of a change in control, payment will be made with respect to all outstanding awards based upon performance at the target level (which, for all outstanding awards, is deemed to be at the seventy-fifth percentile) or, if greater, performance as of the December 31 preceding the change in control.
- (2) Award is earned based on comparison of the Company's average return on average equity or total rate of return for a four-year period to a peer group. Below threshold, which is the median of the comparison group, no portion of award is earned.
- (3) The terms of the 1997 Long-Term Incentive Plan provide that as a result of retirement, the payout for this award shall be determined as if the performance period had ended December 31, 2001.

OTHER PLANS AND ARRANGEMENTS

Retirement Benefits. The table below illustrates the annual pension benefits payable to executive officers under the Protective Life Corporation Pension Plan. The table also reflects the Excess Benefit Plan that we have established to provide retirement benefits over the Internal Revenue Code limitations. Benefits in the table are not reduced by social security or other offset amounts. Since the benefits shown in the table reflect a straight life form of annuity benefit, if the payment is made in the form of a joint and survivor annuity, the annual amounts of benefit could be substantially below those illustrated.

Compensation covered by the Pension Plan (for purposes of pension benefits) excludes commissions and performance share awards and generally corresponds to that shown under the heading "Annual Compensation" in the Summary Compensation Table. Compensation is calculated based on the average of the highest level of compensation paid during a period of 36 consecutive whole months. Only three Annual Incentive Plan bonuses (whether paid or deferred) may be included in obtaining the average compensation.

The Named Executives and their credited years of service as of March 8, 2002 are provided in the following table.

Name	Years of Service
Drayton Nabers, Jr.	23*
John D. Johns	8
R. Stephen Briggs	29
Jim E. Massengale	19
A. S. Williams III	37
Richard J. Bielen	11

In connection with his retirement, Mr. Nabers will receive payments equal to the benefits he would have received under the Pension Plan and Excess Benefit Plan resulting from thirty-six additional months of credited service.

Employment Continuation Agreements. The Company has entered into Employment Continuation Agreements with each of the Named Executives which provide for certain benefits in the event such executive's employment is actually or constructively (by means of a reduction in duties or

compensation) terminated following certain events constituting a "change in control." Such benefits include (i) a payment equal to three times the sum of the annual base salary in effect at the time of the change in control and the average Annual Incentive Plan bonus for the three years preceding the change in control; (ii) continuation (for up to twenty-four months) in the Company's hospital, medical, accident, disability, and life insurance plans as provided to the executive immediately prior to the date of his termination of employment; (iii) delivery of an annuity to equal increased benefits under the Pension Plan and the Excess Benefit Plan resulting from an additional three years of credited service (subject to the Pension Plan's maximum on crediting service); and (iv) an additional payment, if necessary, to reimburse the executive for any additional tax (other than normal Federal, state and local income taxes) incurred as a result of any benefits received in connection with the change in control.

RETIREMENT ARRANGEMENTS

In consideration of his contributions to the Company as its Chief Executive Officer, and in recognition of his planned retirement, in addition to compensation payable under the terms of the Company's plans and programs, the Compensation Committee awarded to Mr. Nabers:

a payment in the amount of \$1,553,483 and 76,251 stock appreciation rights which was the Committee's estimate of payment equal to the difference between what Mr. Nabers receives under the terms of awards outstanding under the 1997 Long-Term Incentive Plan and what Mr. Nabers would receive under the Plan if he had an additional 36 months of service credit during the outstanding award periods with no award to earn out less than target and to be valued at \$33.43 per share;

payments equal to the difference between the benefit payments Mr. Nabers will receive under the Company's Pension and Excess Benefit Plans the Company's Pension and Excess Benefit Plans and what Mr. Nabers would have received if he had an additional 36 months of credited service under such plans and no reduction for early retirement, such payments to be made consistent with the time of payments due under the plans;

continuation of the exercise period for the outstanding Stock Appreciation Rights awarded in 1996 until August 15, 2006, the original termination date of such award; and

Annual Incentive Plan bonus based on performance of the Company in 2001, as though Mr. Nabers were employed through end of 2001.

COMPENSATION AND MANAGEMENT SUCCESSION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION

The Compensation and Management Succession Committee ("Committee"), which consists solely of independent non-employee directors, has oversight and ultimate control of the compensation paid to the Chief Executive Officer and other officers and employees of the Company and its subsidiaries, whether by salary or under the Company's compensation plans. The Committee has furnished the following report on executive compensation for 2001.

Compensation Policy

Under the supervision of the Committee, the Company has developed and implemented compensation policies and programs designed to add share-owner value by aligning the financial interests of the Company's executive officers with those of share owners. The strategy of the compensation program is to relate compensation to measurable business objectives and performance, and provide incentives to executives who contribute to the success of the Company. Growth in earnings per share, return on average equity and total rate of return are principal measures of Company performance employed by the Committee.

The compensation package for the Chief Executive Officer and all other executive officers is comprised of three components: base salary, annual incentive awards and long term equity-based incentives.

The Company has adopted SFAS No. 123. Accordingly, the Company's net income has been reduced by the estimated cost of long-term equity based incentive and other compensation, and the performance criteria under the Annual Incentive Plan and the Long-Term Incentive Plan reflect accruals for estimated compensation to be awarded under the Plans.

Salary

The Company utilizes an independent compensation consultant to provide competitive compensation data for executive officers. Through the consultant, the Company accesses multiple compensation survey sources to review the pay practices of other life insurance companies and to establish salary ranges for executive officers. Some of the companies in the peer group listed on page 19 are included in the compensation surveys.

The Committee's compensation strategy for executive officers has generally been to pay salaries at or near the median which, when supplemented by an Annual Incentive Plan award, will produce total cash compensation commensurate with the Company's performance as compared to a peer group of companies.

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

Individual competence, length of time within a position, and comparisons to salaries for similar positions in other companies (adjusted for size) help determine where an officer's salary falls within the range. For the Chief Executive Officer, Company performance is also considered by the Committee in setting the appropriate base salary level. No specific weights are given to any of the factors considered by the Committee. Based upon the above factors, the Committee established Mr. Nabers' 2001 base salary at \$700,000, effective March 1, 2001. The Committee established Mr. Johns' base salary as President and Chief Operating Officer at \$500,000 effective March 1, 2001, based upon the factors identified above. Mr. Johns assumed the role of Chief Executive Officer upon the retirement of Mr. Nabers on December 27, 2001.

Annual Incentive Awards

The Company has had an annual cash bonus plan since 1973. The Annual Incentive Plan ("AIP") was established for the purpose of rewarding, retaining, and providing incentive for outstanding

14

performance for those employees who contribute most to the operating progress of the Company. The AIP is administered by the Committee. Employees are selected and individual bonuses are allotted to them by the Company's executive officers with the approval of the Chief Executive Officer. The Committee sets the total amount of bonuses payable for each year and reviews the methodology used to determine individual bonuses. The Committee specifically reviews and approves the annual bonus paid to each of the executive officers, including the Chief Executive Officer. Currently, there are 271 employees in the AIP, including the Chief Executive Officer. Each employee is assigned a target bonus percentage which ranges from 4% to 75% of salary. Bonus payments, when made, may range from 33% to 200% of the target. The Committee is authorized to determine the exact percentage of AIP bonuses earned and may direct that no AIP bonuses be paid.

The AIP provides that the Committee may credit annually to an incentive reserve for each fiscal year a provision which may not be more than 5% of the Company's pretax income for that year. In 2001, \$8.0 million, or 3.8% of the Company's 2001 pretax income, was credited to the incentive reserve. In any year the Committee may pay any part or all of the incentive reserve as awards. Any part of the incentive reserve which is not paid in any year may remain in the incentive reserve and be carried forward to the next year.

An individual's AIP bonus is based upon Company performance and, in addition, may also be based upon divisional and/or individual performance criteria specifically related to the officer's responsibilities which are consistent with overall Company objectives. The Chief Executive Officer's AIP bonus is based solely on the Company's achieved earnings per share according to a range fixed for the year at the Committee's March meeting. For the other executive officers, 10% to 100% of their respective AIP bonuses is based upon Company performance, which, for 2001, was measured by the Company's operating earnings per share.

Under the terms fixed by the Committee, Mr. Nabers would earn a target AIP bonus awards of 75% of 2001 base salary if the Company's 2001 operating earnings per share (diluted) were \$2.50. A maximum bonus, 200% of target or 150% of Mr. Nabers' 2001 base salary, would be paid if the Company's operating earnings per share were \$2.60. A threshold bonus, 33% of target or 25% of Mr. Nabers' base salary, would be paid if the Company's operating earnings per share were \$2.40, and no bonus would be paid if the Company's operating earnings per share were below \$2.40. The Company's 2001 operating earnings per share (excluding the effect of one-time non-recurring charges) of \$2.44, representing a 13.1% operating return on average equity, resulted in Mr. Nabers earning an AIP bonus of 45% of his 2001 base salary, or \$315,000.

Under the terms fixed by the Committee, Mr. Johns would earn a target AIP bonus of 50% of 2001 base salary if the Company's 2001 operating earnings per share (excluding the effect of one-time non-recurring charges) were \$2.50. A maximum bonus, 200% of target or 100% of Mr. Johns' 2001 base salary, would be paid if the Company's operating earnings per share were \$2.60. A threshold bonus, 33% of target or 17% of Mr. Johns' base salary, would be paid if the Company's operating earnings per share were \$2.40, and no bonus would be paid if the Company's operating earnings per share were below \$2.40. The Company's 2001 operating earnings per share (diluted) of \$2.44, resulted in Mr. Johns earning an AIP bonus of 30% of his 2001 base salary, or \$150,000.

Stock Incentive Awards

The Company's Long-Term Incentive Plan (formerly, the Performance Share Plan) was initially adopted in 1973 by share owners to motivate officers and key employees, including the Chief Executive Officer, to focus on the Company's long-range earnings performance, to reward them based on long-range results, and to provide a process by which officers and key employees may increase share ownership in the Company. Under the Long-Term Incentive Plan, officers and key employees of the Company and its subsidiaries, who are determined by the Committee to have a substantial opportunity

15

to influence the long-term growth in profitability of the Company, may be awarded stock-based incentive compensation. In 2001, those selected by the Committee were awarded performance shares, each of which has a potential value equal to the market value of one share of Common Stock at the date payment, and/or stock appreciation rights. If an award is earned, based on the award conditions determined by the Committee at the time of the award, unless deferment is elected under the Deferred Compensation Plan for Officers, the employee receives payment (in cash approximately equal to the income tax liability on the award and the balance in Common Stock) of all or part of the award four years after the award date.

With respect to 2001 awards, the number of performance shares awarded was determined by multiplying the employee's award percentage times such employee's base salary plus target AIP bonus, divided by the average share price of Common Stock. Each employee was assigned an award percentage which ranged up to 80% in 2001, to provide long-term compensation which is competitive to that offered to persons performing similar functions at insurance companies of comparable size. Mr. Nabers' 2001 award percentage was 80%. Mr. Johns received 65% of Mr. Nabers award. For 2001, a total of 153,490 performance shares and 102,500 stock appreciation rights were awarded to 51 participants including awards of 30,930 performance shares to Mr. Nabers and 20,110 performance shares to Mr. Johns.

The criterion for payment of awards is based upon a comparison of the Company's average return on average equity and total rate of return for an award period to that of a comparison group of publicly held life insurance companies, multiline insurers and insurance holding companies during the award period. The criterion provides for payment in the event the Company achieves its comparison levels with respect to either average return on average equity or total rate of return. The comparison group of companies is generally comprised of the Company and the 40 largest publicly held stock life and multiline insurance companies as listed in the **National Underwriter**, "Insurance Stock Results," each having net worth in excess of \$100 million, ranked according to net worth, (see page 19). If a company in the comparison group is acquired or exits the insurance industry during the award period, such company is ranked below the Company for comparison purposes. In the event that the Company's four-year results are below the median, or threshold, of the comparison group, no portion of the award is earned. If the Company's four-year results are at the median, 50% of the award is earned. Company results at target, or the top 25% of the comparison group, would result in up to 125% of the award being earned for each executive officer. Company results in the top 10% would result in the maximum of up to 170% of the award being earned. Mr. Nabers' and Mr. Johns' awards earn out at 125% and 170% at target and maximum levels, respectively.

As provided by the Long-Term Incentive Plan, the payout for Mr. Nabers' outstanding awards, other than the award made in the year of his retirement, was determined as if the award period had ended on December 31, 2000. Payout for the award made to Mr. Nabers in 2001 will be determined as if the performance period had ended December 31, 2001. Under the terms of the Long-Term Incentive Plan, the Committee awarded Mr. Nabers \$541,730 and \$719,707 in shares of Common Stock and cash representing 156% of each of his 1998 and 1999 awards, based on the results that place the Company in the top 15% of the comparison group for such award periods. Mr. Nabers also received 76,251 SARs, having an exercise price of \$22.31 per share, representing 127% of his 2000 award, based on results that placed the Company in the top 24% for that award period. The SARs had an in-the-money value of \$504,782 at December 31, 2001. Results for Mr. Nabers' 2001 award will not be known until the 2001 results for the individual companies included in the comparison group are available. Based upon information available as of the date of this Proxy Statement, it is anticipated that the Company's results (excluding the effect of one-time non-recurring charges as provided by the terms of such award) will place the Company in the top 27% of the comparison group with respect to Mr. Nabers' 2001 award, which would entitle Mr. Nabers to approximately \$268,441 in shares of Common Stock and cash as determined by the Committee, representing 120% of his 2001 award.

Results for the four-year award period ending in 2001 are also unavailable at this time. Based upon information available as of the date of this Proxy Statement, it is anticipated that with respect to the 1998 awards, the Company's 2001 results will place the Company in the top 20% of the comparison group which would entitle Mr. Johns to approximately \$302,666 in shares of Common Stock and cash as determined by the Committee, representing 141% of his 1998 award of performance shares.

Retirement Arrangement

In recognition of Mr. Nabers' valuable service to the Company and as an inducement for him to continue his association with the Company as Chairman, the Committee also approved the additional retirement benefits previously described under "Retirement Arrangements."

Limits to Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code provides that Protective may be limited in deducting certain compensation in excess of \$1 million paid to certain executives whose pay must be disclosed separately in the Company's Proxy Statement, unless the payments are made

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

under qualifying performance-based compensation plans which meet certain specific requirements. The Committee has considered the effect of Section 162(m) on the Company's compensation program to develop its policy with respect to the deductibility of executive compensation. The Company's executive compensation plans have previously been approved by share owners and are designed to comply with these specific requirements. To ensure that performance based compensation paid by the Company generally remains deductible, the Company is again seeking shareowner approval of the Annual Incentive Plan at the Annual Meeting as periodically required under Section 162(m). It is the Committee's position that in administering the "performance based" portion of the compensation program for executives, it will attempt to comply with the requirements of Section 162(m). However, the Committee believes that in certain circumstances it may be in the best interests of the Company to retain the flexibility to exercise its judgment in accessing executive performance and setting compensation for executive officers. Should compliance with Section 162(m) conflict with its Compensation Policy or with what the Committee believes to be in the best interests of share owners of the Company, the Committee will act in accordance with its Policy notwithstanding the effect such action may have on deductibility in any given year.

PERFORMANCE COMPARISON

The following graph compares total returns on the Common Stock over the last five fiscal years to the Standard & Poor's 500 Stock Index ("S&P 500") and to a peer comparison group ("Peer Group"). The graph assumes \$100 invested on December 31, 1996 and that all dividends were reinvested. Points on the graph represent performance as of the last business day of each of the years indicated.

Comparison of Five-Year Cumulative Total Return Among Protective Life Corporation, the S&P 500 and a Peer Group

The companies included in the Peer Group index are generally the same as those companies included in the Company's 2001 comparison group of companies for awards under the 1997 Long-Term Incentive Plan. The index is generally comprised of the Company and the 40 largest publicly held stock life and multiline insurance companies as listed in the **National Underwriter**, "*Insurance Stock Results*," each having net worth in excess of \$100 million, ranked according to net worth. The Peer Group excludes Intercontinental Life Corporation that is included in the Company's 2001 comparison group because it was not publicly held on December 31, 2001. The index weights individual company returns

18

for stock market capitalization. The companies included in the Peer Group index are shown in the table at the top of the following page.

Great American Financial Resources, Inc.	United Insurance Companies, Inc.
Hartford Financial Services Group, Inc.	Unitrin Incorporated
Independence Holding Company	Universal American Financial Corporation
	UNUMProvident Corporation

The composition of the Peer Group has changed from that used in the previous year's Proxy Statement. ARM Financial Group, Inc., AXA Financial, Inc., Inter-continental Life Corporation and The Liberty Corporation were deleted because they were either acquired by another company or exited the insurance industry. Allstate Corporation, Great American Financial Resources, Inc., Independence Holding Company and Reinsurance Group of America, Inc. were added to the Peer Group index because they were among the 40 largest companies. As disclosed in the "Compensation and Management Succession Committee's Report on Compensation," the Company's long-term incentive compensation is based upon comparisons of the Company's average return on average equity (in addition to total return) to that of a comparison group of companies. The following table sets forth the return on average equity and average return on average equity for the Company and the median for the applicable comparison group of companies.

Year	Protective Life Corporation		Comparison Group Median (1)	
	ROE (2)	Average ROE (3)	ROE (2)	Average ROE (3)
2001	7.8%	13.8%	6.6%(4)	6.2%(4)

1998	16.8	17.1	12.0	11.6
1997	17.2	17.9	12.6	10.2

- (1) The median is the middle value in a distribution, above and below which lie an equal number of values. Companies in the comparison group that have been acquired or have exited the insurance industry have been ranked below the median.
- (2) Return on average equity for the year shown. Average equity excludes net unrealized gains and losses on investments.
- (3) Average return on average equity for the four-year award period ending with the year shown.
- (4) The 2001 comparison group median is not yet determinable. The percentage shown is the best estimate available as of the date of this Proxy Statement.

PROPOSAL 2: APPROVE THE COMPANY'S ANNUAL INCENTIVE PLAN

Introduction

To further its policy of providing the Company's key employees the opportunity to earn competitive levels of incentive compensation based primarily on the performance of the Company, the Board of Directors had previously adopted and had received share owner approval for the Protective Life Corporation Annual Incentive Plan (the "Incentive Plan").

The Board of Directors adopted the Incentive Plan to assure that bonuses made to the Company's executive officers will continue to qualify as "other performance-based compensation" under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Under Section 162(m) of the Code, no deduction is allowed in any taxable year of the Company for compensation in excess of \$1 million paid to certain executive officers. An exception to this rule applies to certain performance-based compensation that is paid pursuant to a plan or program approved by the Company's share owners and that specifies the performance objectives to be obtained, the class of employees eligible to receive awards and the maximum amount that can be paid to eligible employees under such plan or program. For certain awards, such as cash bonus awards under the Incentive Plan, to qualify for the exception available for performance-based compensation, share owners must approve the performance objectives to which such awards relate.

The Incentive Plan permits the Company to award qualified annual cash bonuses to the Company's executive officers based on a determination by the Compensation and Management Succession Committee (the "Committee") that performance objectives established by the

Committee and based on those criteria set forth in the Incentive Plan have been attained in whole or in part.

As set forth in the following proposal, the Company is currently seeking reapproval of the Incentive Plan, as amended, in order to continue to qualify certain compensation payable thereunder for deductibility by the Company for Federal income tax purposes. Under the applicable federal income tax regulations, share owners must reapprove the performance criteria set forth in the Incentive Plan every five years to have the compensation that is paid under the Incentive Plan continue to be exempted from the limits under Section 162(m). As we have also elected to increase the maximum benefits payable under the Incentive Plan, we are presenting the entire plan for your reapproval.

The principal features of the Incentive Plan are summarized below. The description is subject to the terms of the Incentive Plan, which was filed with the Securities and Exchange Commission as an appendix to this Proxy Statement and may be obtained through the Internet from the "EDGAR Database of Corporation Information" on the Securities and Exchange Commission's World Wide Web site (<http://www.sec.gov>). The existence of the Incentive Plan shall not preclude the Company from making additional payments outside the Incentive Plan to participants therein or to other employees.

Vote Required

To approve the Company's Annual Incentive Plan, the affirmative vote of the holders of a majority of the shares issued, outstanding and entitled to vote is required.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE PROTECTIVE LIFE CORPORATION ANNUAL INCENTIVE PLAN.

Annual Incentive Plan

Eligibility. The Incentive Plan authorizes the Committee to award annual incentive compensation to officers and other key employees of the Company and its subsidiaries, including all of the Company's Named Executives. The number of eligible participants in the Incentive Plan will vary from year to year at the discretion of the Committee. During 2001, approximately 273 employees (including all of the

20

Company's Named Executives) were eligible to receive incentive compensation under the Incentive Plan and it is expected that approximately the same number of employees will be eligible for the Incentive Plan in 2002.

Performance Criteria. On or before April 1 of each year (or such other date as may be required or permitted under Section 162(m)), the Committee will establish performance objectives that must be attained in order for the Company to pay bonuses under the Incentive Plan. The performance objectives will be based upon one or more of the following criteria: (i) the Company's net income; (ii) the Company's operating income; (iii) the Company's income per share; (iv) the Company's economic value added; (v) the Company's return on equity; (vi) total return to the Company's share owners; (vii) division or subsidiary income; (viii) division or subsidiary sales or revenues; (ix) division or subsidiary economic value added; or (x) other reasonable bases, provided that, to the extent required by Section 162(m), all awards made to certain executive officers of the Company will be based upon the criteria in (i) through (ix) above.

Payment of Annual Awards. If any of the performance objectives established by the Committee is satisfied, the Committee may award an annual bonus to an eligible participant in an amount equal to 200% of such participant's base salary up to a maximum of \$2,000,000. This is an increase from the limits previously approved by share owners. These limits establish a share owner approved maximum amount that can be payable under the Incentive Plan to any participant, as is required under Section 162(m), and are established in the alternative because the federal income tax regulations will not permit the Incentive Plan to adopt a limit tied solely to base salary (which can change over time). The Committee has the discretion to pay amounts which are less than the maximum amount payable under the Incentive Plan based on individual performance or such other criteria as the Committee shall deem relevant and may establish annually rules or procedures that will limit the amounts payable to each participant to a level which is below the maximum amount authorized. As is illustrated in the New Plan Benefits table set forth below, actual bonus payments under the Incentive Plan have historically been less than the dollar maximum permitted.

Notwithstanding anything else in the Incentive Plan to the contrary, the Committee shall also have the authority, in its discretion, (i) to pay annual bonuses for any calendar year to eligible participants whose compensation is not subject to the restrictions of Section 162(m) for that calendar year and (ii) to provide for a minimum bonus amount for any calendar year in connection with the hiring of any person who is or becomes subject to the restrictions of Section 162(m).

Administration. The Committee, which shall at all times be comprised of at least two directors each of whom is an "outside director" for purposes of Section 162(m), shall administer and interpret the Incentive Plan in all events. The Incentive Plan shall be interpreted in a manner

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

which is consistent with the requirements to qualify the payments made thereunder as performance-based compensation under Section 162(m). Prior to making any payment to any executive officer pursuant to the Incentive Plan, the Committee shall be required to certify that the performance objectives have been attained and the amount payable to such executive officer.

Amendment and Termination. The Board or the Committee may at any time amend, terminate or suspend the Incentive Plan, except that (i) no such action shall, without the consent of such participant, adversely affect the rights of any participant with respect to any award for any calendar year which has already commenced, and (ii) no such action shall be effective without approval by the share owners of the Company to the extent that such approval is required to continue to qualify the payments under the Incentive Plan for treatment as performance-based compensation under Section 162(m). Notwithstanding anything else in the Incentive Plan to the contrary, the Incentive Plan will not be effective with respect to calendar years ending after December 31, 2011, unless otherwise extended by action of the Board.

21

Federal Income Tax Consequences

Payments made under the Incentive Plan will be taxable to the recipients thereof when paid, and the Company or the subsidiary of the Company which employs or employed the recipient will generally be entitled to a Federal income tax deduction in the calendar year for which the amount is paid.

New Plan Award Table

Because payment of any award will be contingent on the attainment of performance objectives established for such year by the Committee, the amounts payable to eligible participants under the Incentive Plan for any calendar year during which the Incentive Plan is in effect cannot be determined. The table set forth below illustrates the amounts that were payable for 2001 under the Incentive Plan to each of the individuals and each of the groups listed below. Non-employee directors do not participate in the Incentive Plan.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for establishing and maintaining systems of internal controls and for the preparation of the financial statements and other financial information included in the Company's Annual Report. In fulfilling its oversight responsibilities, the Committee reviewed the consolidated financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent accountants the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission. The Committee recommended the selection of PricewaterhouseCoopers LLP as the Company's independent accountants for the fiscal year ending December 31, 2002, and the Board so appointed PricewaterhouseCoopers.

FEES FOR PROFESSIONAL SERVICES OF THE COMPANY'S INDEPENDENT ACCOUNTANTS

During 2001, PricewaterhouseCoopers LLP provided various audit and non-audit services to the Company and its subsidiaries as follows:

Audit Fees: The Company has been billed or expects to be billed approximately \$0.7 million for the audit of the Company's consolidated financial statements for the year ended December 31, 2001, and the review of the consolidated condensed financial statements in the Company's Quarterly Reports on Form 10-Q for fiscal year 2001.

Financial Information Systems Design and Implementation Fees: NONE.

All Other Fees: The Company has been billed or expects to be billed approximately \$0.7 million in audit related fees. Such fees include statutory audits of subsidiaries, benefit plan audits, accounting consultation, assistance with registration statements, comfort letters and consents. The Company has also been billed approximately \$2.2 million in non-audit services, including income tax compliance and related tax services of approximately \$1.5 million and internal audit fees of approximately \$0.6 million.

PROPOSAL 3: RATIFY APPOINTMENT OF THE COMPANY'S INDEPENDENT ACCOUNTANTS

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

Upon recommendation of the Audit Committee, which is composed of non-employee directors, the Board of Directors has appointed PricewaterhouseCoopers LLP, a firm of independent public accountants, as independent accountants for the Company and its subsidiaries for 2002. This firm or its predecessor has served as independent accountants for the Company and its predecessor since 1974. Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting of Share Owners and will have an opportunity to make a statement if they so desire and to respond to appropriate questions by share owners.

In evaluating the selection of PricewaterhouseCoopers LLP as principal independent accountants for the Company and its subsidiaries, the Audit Committee of the Board of Directors has considered whether the provision of the non-audit services described above is compatible with maintaining the independent accountants' independence and has determined that such services have not affected PricewaterhouseCoopers LLP's independence. It has reviewed the non-audit services which were performed in 2001 and determined that they were consistent with Company policy. The Audit Committee also has considered generally the non-audit professional services that PricewaterhouseCoopers LLP will likely be asked to provide for the Company during 2002, and the effect which performing such services might have on audit independence.

Vote Required. The affirmative vote of the holders of a majority of the shares present or represented by proxy at the Annual Meeting and entitled to vote is required to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent accountants.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT ACCOUNTANTS.

APPENDIX A

**PROTECTIVE LIFE CORPORATION
ANNUAL INCENTIVE PLAN**

(Effective as of January 1, 2002)

1. *Purpose.*

The purposes of the Plan are to enable the Company and its Subsidiaries to attract, retain, motivate and reward qualified executive officers and key employees by providing them with the opportunity to earn competitive compensation directly linked to the Company's performance. The Plan is designed to assure that amounts paid to certain executive officers of the Company will not fail to be deductible by the Company for Federal income tax purposes because of the limitations imposed by Section 162(m).

2. *Definitions.*

Unless the context requires otherwise, the following words as used in the Plan shall have the meanings ascribed to each below, it being understood that masculine, feminine and neuter pronouns are used interchangeably and that each comprehends the others.

(a) "Board" shall mean the Board of Directors of the Company.

(b) "Committee" shall mean the Compensation and Management Succession Committee of the Board (or such other committee of the Board that the Board shall designate from time to time) or any subcommittee thereof comprised of two or more directors each of whom is an "outside director" within the meaning of Section 162(m).

(c) "Company" shall mean Protective Life Corporation.

(d) "Covered Employee" shall have the meaning set forth in Section 162(m).

(e) "Participant" shall mean (i) each executive officer of the Company and (ii) each other key employee of the Company or a Subsidiary who the Committee designates as a participant under the Plan.

(f) "Plan" shall mean the Protective Life Corporation Annual Incentive Plan, as set forth herein and as may be amended from time to time.

(g) "Section 162(m)" shall mean Section 162(m) of the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder.

3. *Administration.*

The Committee shall administer and interpret the Plan, *provided that*, in no event, shall the Plan be interpreted in a manner which would cause any amount payable under the Plan to any Covered Employee to fail to qualify as performance-based compensation under Section 162(m). The Committee shall establish the performance objectives for any calendar year in accordance with Section 4 and certify whether such performance objectives have been obtained. Any determination made by the Committee under the Plan shall be final and conclusive. The Committee may employ such legal counsel, consultants and agents (including counsel or agents who are employees of the Company or a Subsidiary) as it may deem desirable for the administration of the Plan and may rely upon any opinion received from any such counsel or consultant or agent and any computation received from such consultant or agent. All expenses incurred in the administration of the Plan, including, without limitation, for the engagement of any counsel, consultant or agent, shall be paid by the Company. No member or former member of the Board or the Committee shall be liable for any act, omission,

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

interpretation, construction or determination made in connection with the Plan other than as a result of such individual's willful misconduct.

4. *Bonuses.*

(a) *Performance Criteria.* On or before April 1 of each year (or such other date as may be required or permitted under Section 162(m)), the Committee shall establish the performance objective or objectives that must be satisfied in order for a Participant to receive a bonus for such year. Any such performance objectives will be based upon the relative or comparative achievement of one or more of the following criteria, as determined by the Committee: (i) net income; (ii) operating income; (iii) income per share; (iv) economic value added; (v) return on equity; (vi) total return; (vii) division or subsidiary income; (viii) division or subsidiary sales or revenues; (ix) division or subsidiary economic value added; or (x) other reasonable bases *provided that* to the extent required to qualify compensation paid to certain executive officers under the Plan the performance criteria shall be based on one or more of the criteria listed in (i) through (ix) above.

(b) *Maximum Amount Payable.* If the Committee certifies that any of the performance objectives established for the relevant year under Section 4(a) has been satisfied, each Participant who is employed by the Company or one of its Subsidiaries on the last day of the calendar year for which the bonus is payable shall be entitled (subject to the provisions of Section 4(c) hereof) to receive an annual bonus equal to 200% of such Participant's base salary up to a maximum of \$2,000,000. Unless the Committee shall otherwise determine, if a Participant's employment terminates for any reason (including, without limitation, his death, disability or retirement under the terms of any retirement plan maintained by the Company or a Subsidiary) prior to the last day of the calendar year for which the bonus is payable, such Participant shall receive an annual bonus equal to the amount the Participant would have received as an annual bonus award if such Participant had remained an employee through the end of the year multiplied by a fraction, the numerator of which is the number of days that elapsed during the calendar year in which the termination occurs prior to and including the date of the Participant's termination of employment and the denominator of which is 365.

(c) *Negative Discretion.* Notwithstanding anything else contained in Section 4(b) to the contrary, the Committee shall have the right, in its absolute discretion, (i) to reduce or eliminate the amount otherwise payable to any Participant under Section 4(b) based on individual performance or any other factors that the Committee, in its discretion, shall deem appropriate and (ii) to establish rules or procedures that have the effect of limiting the amount payable to each Participant to an amount that is less than the maximum amount otherwise authorized under Section 4(b).

(d) *Affirmative Discretion.* Notwithstanding any other provision in the Plan to the contrary, (i) the Committee shall have the right, in its discretion, to pay to any Participant who is not a Covered Employee an annual bonus for such year in an amount up to the maximum bonus payable under Section 4(b), based on individual performance or any other criteria that the Committee deems appropriate and (ii) in connection with the hiring of any person who is or becomes a Covered Employee, the Committee may provide for a minimum bonus amount in any calendar year, regardless of whether performance objectives are attained.

5. *Payment.*

Except as may be determined pursuant to the terms of Section 4(e) or as otherwise provided hereunder, payment of any bonus amount determined under Section 4 shall be made to each Participant as soon as practicable after the Committee certifies that one or more of the applicable performance objectives have been attained (or, in the case of any bonus payable under the provisions of Section 4(d), after the Committee determines the amount of any such bonus).

A-27

6. *General Provisions.*

(a) *Effectiveness of the Plan.* Subject to the approval by the holders of the Common Stock at the 2002 Annual Meeting of Stockholders, the Plan, as amended, shall be effective with respect to calendar years beginning on or after January 1, 2002, and ending on or before December 31, 2011, unless the term hereof is extended by action of the Board.

(b) *Amendment and Termination.* Notwithstanding Section 6(a), the Board or the Committee may at any time amend, suspend, discontinue or terminate the Plan; provided, however, that no such amendment, suspension, discontinuance or termination shall adversely affect the rights of any Participant in respect of any calendar year which has already commenced and no such action shall be effective without approval by the stockholders of the Company to the extent necessary to continue to qualify the amounts payable hereunder to Covered Employees as performance-based compensation under Section 162(m).

(c) *Designation of Beneficiary.* Each Participant may designate a beneficiary or beneficiaries (which beneficiary may be an entity other than a natural person) to receive any payments which may be made following the Participant's death. Such designation may be changed or

Edgar Filing: PROTECTIVE LIFE CORP - Form DEF 14A

canceled at any time without the consent of any such beneficiary. Any such designation, change or cancellation must be made in a form approved by the Committee and shall not be effective until received by the Committee. If no beneficiary has been named, or the designated beneficiary or beneficiaries shall have predeceased the Participant, the beneficiary shall be the Participant's spouse or, if no spouse survives the Participant, the Participant's estate. If a Participant designates more than one beneficiary, the rights of such beneficiaries shall be payable in equal shares, unless the Participant has designated otherwise.

(d) *Delegation.* Except where required by Section 162(m), the Committee may delegate authority for establishing performance goals and for the certification of the achievement of such goals for Participants who are not executive officers of the Company to the Chief Executive Officer or President.

(e) *No Right of Continued Employment.* Nothing in this Plan shall be construed as conferring upon any Participant any right to continue in the employment of the Company or any of its Subsidiaries.

(f) *Interpretation.* Notwithstanding anything else contained in this Plan to the contrary, to the extent required to so qualify any award as other performance based compensation within the meaning of Section 162(m) (4) (C) of the Code, the Committee shall not be entitled to exercise any discretion otherwise authorized under this Plan (such as the right to accelerate vesting without regard to the achievement of the relevant performance objectives) with respect to such award if the ability to exercise such discretion (as opposed to the exercise of such discretion) would cause such award to fail to qualify as other performance based compensation.

(g) *No Limitation to Corporation Action.* Nothing in this Plan shall preclude the Committee or the Board, as each or either shall deem necessary or appropriate, from authorizing the payment to the eligible employees of compensation outside the parameters of the Plan, including, without limitation, base salaries, awards under any other plan of the Company and/or its Subsidiaries (whether or not approved by stockholders), any other bonuses (whether or not based on the attainment of performance objectives) and retention or other special payments, *provided that*, if the stockholders of the Company do not approve the Plan at the first annual meeting of stockholders following the adoption of the Plan, the Plan set forth herein shall not be implemented.

(h) *Nonalienation of Benefits.* Except as expressly provided herein, no Participant or beneficiary shall have the power or right to transfer, anticipate, or otherwise encumber the Participant's interest under the Plan. The Company's obligations under this Plan are not assignable or transferable except to (i) a corporation which acquires all or substantially all of the Company's assets or (ii) any corporation into which the Company may be merged or consolidated. The provisions of the Plan shall inure to the

A-28

benefit of each Participant and the Participant's beneficiaries, heirs, executors, administrators or successors in interest.

(i) *Withholding.* Any amount payable to a Participant or a beneficiary under this Plan shall be subject to any applicable Federal, state and local income and employment taxes and any other amounts that the Company or a Subsidiary is required at law to deduct and withhold from such payment.

(j) *Severability.* If any provision of this Plan is held unenforceable, the remainder of the Plan shall continue in full force and effect without regard to such unenforceable provision and shall be applied as though the unenforceable provision were not contained in the Plan.

(k) *Governing Law.* The Plan shall be construed in accordance with and governed by the laws of the State of Delaware, without reference to the principles of conflict of laws.

(l) *Headings.* Headings are inserted in this Plan for convenience of reference only and are to be ignored in a construction of the provisions of the Plan.
