## PROPOSAL ONE

### APPROVAL OF REVERSE SPLIT OF COMPANY'S SHARES

The Board believes it would be in the best interests of the Company and its shareholders to adopt an amendment to the Company's Amended and Restated Articles of Incorporation that will effect a reverse stock split in which every three shares issued and outstanding of common stock will be converted into one share. The number of authorized shares that the Company may issue will remain the same as will the par value of the common stock, which is \$.01 per share.

The amendment that will effect the reverse split will be, by its terms, effective as of the fifth business day after approval by the Company's shareholders or such later date as the Registrar of Corporations of the Republic of the Marshall Islands shall determine. The language which will amend Section D of the Company's Amended and Restated Articles of Incorporation is attached to this proxy statement as Exhibit A.

#### Purpose and Background of the Reverse Split

The Company's primary objective in proposing the reverse split is to increase the liquidity of its common shares. The Company believes that certain securities firms fail to follow and research companies having lower-priced securities. Those firms also may discourage their registered representatives from recommending the purchase of lower-priced securities. In addition, the policies and practices of some brokerage houses tend to discourage individual brokers within those firms from dealing in lower priced stocks. Some of these policies and practices relate to the payment of brokers' commissions and to time-consuming procedures that tend to make the handling of lower-priced stocks economically unattractive to brokers. Many of these factors relate to stocks that trade for less than \$5.00 per share and the Company believes it is advisable to proceed with the reverse split so as to increase the likelihood that the price of its common stock will exceed \$5.00 per share. In addition, if the per share price of a company listed on Nasdaq drops below \$1.00, that company may be delisted from Nasdaq.

The Company expects that the decrease in the number of its common shares outstanding as a consequence of the reverse split and the anticipated increase in the price per share will encourage greater interest in its common shares by the financial community and the investing public and possibly promote greater liquidity for its stockholders with respect to those common shares presently held by them. However, the possibility also exists that liquidity may be adversely affected by the reduced number of common shares that would be outstanding if the reverse split is effectuated. In any event, the anticipated increase in the price per share will move the per share price of the Company's common stock further away from the minimum per share price below which it could be delisted from Nasdaq.

There can be no assurance that the reverse split will achieve any of the desired results. There also can be no assurance that the price per share of the Company's common stock immediately after the reverse split will increase proportionately with the reverse split, or that any increase will be sustained for any period of time.

#### Procedure for Exchange of Stock Certificates

As soon as practicable after the effective date of the reverse split, the Company's shareholders will be notified that the reverse stock split has been effected. The Company expects that its transfer agent will act as exchange agent for purposes of implementing the exchange of share certificates. Holders of pre-split shares will be asked to surrender to the exchange agent certificates representing pre-split shares in exchange for certificates representing post-split shares or, in the case of non-certificated shares, such proof of ownership as required by the exchange agent, in accordance with the procedures to be set forth in a letter of transmittal the Company will send to its shareholders. No new certificates will be issued to a shareholder until such shareholder has surrendered such shareholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal to the exchange agent. Any pre-split shares submitted for transfer, whether pursuant to a sale or other disposition, or otherwise, will automatically be exchanged for post-split shares. **SHAREHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.**

#### Fractional Shares

No fractional shares will be created or issued in connection with the reverse stock split. Shareholders of record who otherwise would be entitled to receive fractional shares because they hold a number of pre-split shares not evenly divisible by the number of pre-split shares for which each post-split share is to be exchanged, will be entitled, upon surrender to the exchange agent of certificates representing such shares or, in the case of non-certificated shares, such proof of ownership as required by the exchange agent, to a cash payment in lieu thereof at a price equal to the fraction to which the stockholder would otherwise be entitled multiplied by the closing price of the common stock on the NASDAQ Global Select Market on the last trading day prior to the effective date of the split as adjusted for the reverse stock split as appropriate or, if such price is not available, a price determined by the Board. The ownership of a fractional interest will not give the holder thereof any voting, dividend or other rights except to receive payment thereof as described herein.

**Required Vote.** Approval of Proposal One will require the affirmative vote of a majority of all outstanding shares entitled to vote at the Meeting.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE REVERSE SPLIT OF THE COMPANY'S SHARES. UNLESS REVOKED AS PROVIDED ABOVE, PROXIES RECEIVED BY MANAGEMENT WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A CONTRARY VOTE IS SPECIFIED.**

#### SOLICITATION

The cost of preparing and soliciting proxies will be borne by the Company. Solicitation will be made primarily by mail, but shareholders may be solicited by telephone, telegraph, or personal contact.

EFFECT OF ABSTENTIONS

Abstentions will have the effect of a vote against approval of Proposal One.

OTHER MATTERS

No other matters are expected to be presented for action at the Meeting. Should any additional matter come before the Meeting, it is intended that proxies in the accompanying form will be voted in accordance with the judgment of the person or persons named in the proxy.

By Order of the Directors

Eirini Alexandropoulou  
Secretary

EXHIBIT A

If Proposal One is adopted by the affirmative vote of a majority of all shares entitled to vote at the meeting, Section D of the Company's Amended and Restated Articles of Incorporation will be amended to include the following language in order to give effect to a 3 to 1 reverse split of the Company's Common Stock.

“Effective with the commencement of business on March \_\_, 2008 [the fifth business day after approval by the Company's shareholders or such later date as the Registrar of Corporations of the Republic of the Marshall Islands shall determine], the Company has effected a 3 to 1 reverse stock split as to its issued and outstanding Common Stock, pursuant to which the number of issued and outstanding shares of Common Stock shall decrease from 62,116,976 to \_\_\_\_\_ [as adjusted for the cancellation of fractional shares]. The reverse stock split shall not change the number of registered shares of Common Stock the Company is authorized to issue or the par value of the Common Stock. The stated capital of the Company is hereby reduced from \$\_\_\_\_\_ to \$\_\_\_\_\_ [as adjusted for the cancellation of the fractional shares] and the amount of \$\_\_\_\_\_ [as adjusted for the cancellation of fractional shares] is allocated to surplus.”
